STRIKERS AND GOVERNMENT BREAK EVEN IN FRANCE

Settlement is a Matter of a Very Few Hours—Changes to be Made in the System of Administration—Many Have Returned to Work.

PARIS, Mar. 22.—In spite of minor delays, the adjustment of the strike of the French telegraphers and postmen that has disrupted the business life of France for a week or more, is considered virtually in sight. Fully 1,000 employees returned to work this morning. A meeting attended by 5,000 strikers was held this morning and it was decided that the recommendations of the strike committee in the matter of a settlement constituted a surrender to the government because the resignation of M. Simpan, under secretary to the government, has not been secured. Consequently another committee was appointed to see Premier Clemenceau this afternoon. It is the general opinion that the strikers will emerge victorious and that the government have yielded its dignity in refusing to oust M. Simpan. This official however, has already been practically eliminated. He had no share in the recent negotiations and in the future Minister of Public Works Barthelemy will treat directly with deputations from the Employees Association.

WHERE IS PEARL? ASKS A CHICAGO CITIZEN. Starts, Through the Newspapers, a Search for Girl Abducted Eighteen Years Ago.

LOS ANGELES, Cal., March 22.—Mystery surrounds the motive for the following personal advertisement in a newspaper: "Would like to communicate with people who had girl by the name of Pearl stolen in Chicago 18 years ago. Address P. O. Box 441." Gilbert Woodell of this city admits that he inserted the advertisement but he refused to give any information concerning the secret he has mentioned, saying he is bound by a solemn pledge to maintain silence concerning the matter.

TRYING TO BREAK UP THE HARRIMAN MERGER. ST. LOUIS, March 22.—Hearings began this morning in the Federal Court here before a Federal Examiner in the Government's suit to declare the merger of the Union and Southern Pacific lines by E. H. Harriman, a violation of the Sherman Anti-Trust Law. The Harriman interests are being looked after by J. C. Stubbs, Chicago traffic director of the Union and Southern Pacific Lines, Judge Lovett, of New York, counsel for both roads and H. H. Loomis, of Omaha, special counsel.

SACKVILLE NEWS. SACKVILLE, N. B., March 22.—Rev. Clarence Quinn, of Mount Whately, has been elected rector of Waddington Parish, in the diocese of Albany, and will leave his present parish in April. Mr. Quinn returned last week from a trip to Waddington. It is not known of course who will succeed him at Mount Whately, where he has been for about eight years, this being his first parish. Waddington parish lies on the shore of St. Lawrence near the Thousand Isles, nearly opposite Kingston.

PERSONAL. J. W. Godard came in on the Boston express this morning. Mrs. J. H. McCallum and children returned from a visit to Fredericton this morning.

WHITLA READY TO PAY THE RANSOM

Abductors Need Not Fear Prosecution. Outlook is That the Missing Lad Will Very Shortly be Returned to His Friends.

SHARON, Pa., arch 22.—What today will bring forth the White kidnaping case is not known, but from the many conferences between the detectives and the White family throughout yesterday and last night, and from the fact that all interested in the case are very active, developments are likely today. It is admitted today that the abductors have taken preliminary steps to give the boy back for the ransom of \$10,000. The affair at Ashabul, Ohio, Saturday night and early Sunday morning is believed to have been directed by the kidnapers, for the only reason of discovering whether Mr. White is sincere in his intention to pay the money, it is the general opinion now that the abductors had no thought of surrendering the lad at Ashabul, but were endeavoring to satisfy themselves whether Mr. White will actually pay the money for the return of the boy.

STUDENT KILLED BY BRUTAL HAZING. Collocation of Misconduct of Urruly Pupils—Strung Up by the Ankles.

INDIANAPOLIS, Ind., Mar. 21.—Officers today began an investigation of the death, by beating, of Charles Stinson, a pupil at the White School, in White county, Brinton, it is alleged, was strung up by the ankles within 48 hours. It is said another letter has been received directing in what manner the money shall be paid. All details of the negotiations are being carefully guarded however.

METHODIST MEETING. The Methodist preachers' meeting was held in Centenary church this morning. Rev. Chas. Goodale presided. Rev. S. Howard reported special services in Exmouth street church. Rev. Henry Brown who assisted in the services addressed the meeting. Mr. Howard also reported progress in the matter of the arrangement of an evangelistic campaign in connection with the annual conference. Rev. Dr. Plummer read a letter received from Sir Robert Forke, a prominent Methodist layman of England, who expects to visit this city in May. A committee was appointed to arrange a reception on the part of Methodism of the city.

POLICE COURT. There were three prisoners on the police bench this morning. Four of these were drunks. The other three were charged with fighting. Two drunks were fined \$8 each and one was let go. Albert Griffiths was found drunk on Mill street yesterday and was remanded to jail while an endeavor will be made to find out where he procured the liquor. He informed the police that he procured two bottles on Saturday afternoon in a Union street wholesale house. Wallace Stevens, Norman McDonald and Wm. Wallace pleaded not guilty to the charge on Water street. Constable Hoffer gave evidence of seeing Wallace and Stevens sparring and McDonald striking Wallace. Sgt. Scott told of aiding Sgt. Baxter in making the arrests, they having been summoned to the ferry building by the ferry alarm. The three were remanded until ten o'clock tomorrow morning when other witnesses for the prosecution will be summoned. Harry McLeod, one of three boys reported by the police for being disorderly, said he was only playing about the building. He was told that boys, according to law, should not be on the streets after seven o'clock and he was allowed to go.

ACCIDENT TO IMMIGRANT TRAIN AT MEGANTIC. Two Cars Derailed Last Night—Blockade Keeps the Atlantic Express Eight Hours Late.

The Montreal express from Montreal is reported eight hours late today owing to an accident near Megantic. The last two cars of a special train conveying immigrants from the steamer Curacao which left St. John at one p. m. yesterday left the track about midnight, at a point three miles west of Megantic. The report states that no one was injured but owing to the rails being badly torn up some time was needed for repairs. A repair train with an auxiliary crew was sent out from Megantic and the work on removing the blockades proceeded as rapidly as possible. The Atlantic express which was west of the scene of the accident was held up until the repairs were completed.

HARBOR COMMITTEE TO TAKE UP ENGINEER'S REPORT. Busy Week for the Aldermen—Many Meetings on the Schedule.

The aldermen will have an unusually busy time this week. There are the regular board meetings which are scheduled for the following evenings: Tonight, Safety Board; Tuesday, Public Works; Wednesday, Water and Sewerage; and Thursday, Treasury Board.

FUNERALS. HENRY D. WARLOCK. The funeral of the late Henry D. Warlock took place from his late residence 11 Peters street, this afternoon, at three o'clock, in the cathedral where the service was read by Rev. Fr. O'Brien, and thence to the new Catholic cemetery.

MOSES CUNNINGHAM. The funeral of Moses Cunningham took place at 2:30 this afternoon from the residence of his son-in-law David Higgins, on the Hickey Road. The service in the church of St. Joachim was conducted by Rev. Fr. A. O'Neill and the interment was made in the new Catholic cemetery.

HARRY LEMBAN. The funeral of Harry Lemban took place from his father's residence, Queen street, West End, at 2:30 this afternoon in the church of the Assumption where Fr. Donovan read the service and thence to Sand Cove cemetery for interment.

MRS. JOHN GRAB. The funeral services of Mrs. John Grab was held at her residence 28 Duke street, W. E., at 2:30 this afternoon. Rev. J. Heaney officiating. The remains will be sent to Nerepis station this evening for interment.

A DICKENS MANUSCRIPT. H. F. Dickson, K. C., tells an interesting story concerning the original manuscript of his father's famous "Carol." The novelist presented the MS. to Thomas Milton, an old school-fellow. In 1875 Mr. Milton sold it to Francis Harvey, a bookseller, for \$20. Then it passed into the hands of George Churchill, an enthusiastic collector. Mr. Churchill treasured it until 1882, when circumstances compelled him to part with it. After photographing every page of it, it was sold to Mr. Bennett, a Birmingham bookseller and curio dealer, who eventually found a purchaser, who readily signed a check for \$200 for it. Finally it was bought by Stuart M. Samuel of Kensington Palace Gardens for \$300, who is said to still retain the precious document—London Tit-Bits.

THEY WERE TALKING about the servant question "there are plenty of servants and plenty of people who want servants," said the High Brow, "but the difficulty is that there is no common ground upon which a servant and her mistress can meet." "Oh, yes there is," chimed in the Little Woman. "It's the small want ad." She knew about calling main 25 on the telephone.

BRIEF DESPATCHES. BERLIN, March 22.—Rodolf Von Reuvers, one of the most eminent physicians of Germany, died in this city today after an operation for gall stones. He was physician to the late Empress Frederick, and to Chancellor Von Bismarck. He often accompanied Emperor William on his travels and four years ago His Majesty conferred upon him a hereditary title of nobility.

NEW YORK, March 21.—Believed to be the victim of the accident by turning on of a gas jet in his room, Louis A. Levy, of Albany, N. Y., was found dead today in the apartment of his friends on West 117th street where he was visiting. The open jet had filled the room with gas, inhalation of which had caused the man's death about an hour before he was discovered.

COVINGTON, Ky., March 22.—Judge Harbison, in Kenton County Circuit Court today rendered his decision in the noted case of the Latonia Jockey Club against the Kentucky racing commission, holding the law establishing the commission as unconstitutional. The effect of the decision is to place Latonia racing on its former basis.

AT Cumberland Bay, on March 16th, Deacon George E. M. McLean, died in his eighty-second year, loved and respected by his many friends and the neighbors among whom he lived for over half a century. He left a widow, two sons, Wallace at home, and Milton of Chipman, and three daughters, Mrs. W. B. Graville of Cumberland Bay, and Margery and Eliza of St. John. There are nine grandchildren. Two brothers survive of a family of fifteen. Enoch of Cumberland Bay and Charles of Cumberland Point.

OFFERS STEEL COMPANY \$2,500,000 ON ACCOUNT

Donminion Coal Wants Balance of Damages to Stand Till Accounts are Adjusted.

MONTREAL, March 21--It now transpires that the coal company has offered to pay the steel company \$2,500,000 on account of damages and allow the balance to stand until the accounts are adjusted between the two companies.

It now remains to be seen whether the steel company will insist on appropriating this amount to the payment of special items of its claims. The coal company is ready to pay over the cash, but it insists upon reserving the right to dispute any items of the steel company's claim which may on examination discover to be invalid.

DECAPITATED BODY OF HUGH SIMPSON FOUND NEAR TRACK

Late Saturday afternoon Driver Griffiths, in charge of locomotive 1911, was backing in from Carleton to the Union Depot, preparatory to coupling up with the C. P. R. outgoing freight. Between Sheriff and Portland streets, North End, he noticed a man's cap rolling down the embankment. He brought the engine to a standstill and upon investigating the incident discovered the decapitated body of a middle aged man which was subsequently identified as being that of Hugh Simpson, living at Fredericton Junction. The shunt in was resumed and upon the station being reached, the matter was reported to Agent Ross, who immediately instituted an inspection of the locomotive. The missing head was found wedged in among the bars beneath the cowcatcher. The accident occurred at 5.40 o'clock. Driver Griffiths stated that he saw nothing on the track immediately preceding its happening and the supposition is that Simpson was standing on the crossing and fell beneath the wheels of the oncoming locomotive. It is known that he was returning to Fairville from the city and it is believed that he became mixed at the crossing and boarded the rear platform of the engine, proceeding as he thought, to the Carleton side of the harbor. Upon his person when searched by the coroner were found a watch bearing the name of Hugh Simpson, a razor similarly inscribed, the unused half of a return ticket from Fredericton Junction to Fairville, and two street railway transfers, one good for the Douglas avenue division and punched at 5.10 and one impossible of being deciphered. Baggage Master Michael Barnes of Fredericton Junction was notified of the occurrence and he came to the city. The body was placed together and taken to Chamberlain's undertaking rooms, Main street, where it will remain pending the decision of Coroner Berryman in the matter of an inquest. Simpson arrived in the city on Saturday morning's Boston express. He was single and about thirty-seven years of age. He is survived by two brothers, William and John, both of Fredericton Junction, and by three sisters, Mrs. John Buller of Enfield, and Mrs. McQueen and Mrs. Simon Barnes, also of the Junction. It is generally believed that an inquest will be thought unnecessary and that the body will be sent back for burial today.

FIVE MEN KILLED IN COAL MINE EXPLOSION

EVANSVILLE, Ind., March 20--Five men were killed and a score were injured in an explosion at the Sunnyside Coal Mines near here today. The explosion was caused by a windy shot due to an overcharge of powder said to have been placed by John Pettit. Pettit is burned over his entire body and will die. The dead were all killed by sulphuric fumes which followed the shot. The mine was swept as if by a whirlwind.

A GREAT SUCCESS

Saturday's opening of the Ladies' Costume Department in connection with the Dunlop Cooke Co. Ltd. proved a greater success than even the firm expected. All day and through the evening their building was crowded with interested ladies from St. John, Sussex, Fredericton and points even farther afield. The magnificent array of new costumes was under display all day by an increased force of attendants and a record number of orders were booked. The appearance of the store attracted many congratulations and general surprise were expressed at the large extent and splendid quality of the stock. The opening will continue Monday and throughout the present week and all who attend from outside points and who leave orders for costumes will be allowed their railway fare from points within 75 miles of St. John. Parties of ten ordering suits in St. Stephen, Woodstock, St. Andrews, Fredericton, Sussex and intervening points may have special designs and models submitted and fittings made by the firm's special designer and fitter at their homes.

FOUND LEAK IN FIRE BOX

Fireman Gives His Evidence To Install Long Distance Wireless on Victorian and Virginian
MONTREAL, March 21--That the St. Lawrence is taking its proper place in the commence of the Atlantic is shown by the decision of the Allan line to install long distance Marconi wireless on the bodies of the wreck victims. This means the passengers on these two boats will never be out of touch with their friends on the continent. The same is the case in the case of the palatial liners running from New York, such as the Mauretania and the Laurentia. Both ships have Marconi apparatus at present, but in the steamers of the Allan line, which carries about 300 miles. This makes it possible to have a daily paper on board, and friends of the passengers may send messages to them any time after they embark up to the time they arrive at their destination. This decision is a great tribute to the importance of the St. Lawrence route. Fireman Louis Craig gave startling evidence in the resumed inquest today on the bodies of the wreck victims. He said that at Highlands the engineer and himself had discovered a leak in the boiler into the fire box. It was under his seat where the explosion afterwards took place. They had investigated it and thought that it would be all right till they reached Montreal. There was no possibility of fixing it, as the only way to fix it would be to draw the fire, drain the boiler and bring the engine in dead to the shops. At Montreal Junction they did not leave their cabs. Between there and the Glen the explosion took place and he jumped. From the way the body of the engineer was found on the track and the distance the train had gone he thought the engineer had rolled or fallen from the cab on his own about a minute after he had jumped.

GERMANY WILL HAVE THIRTEEN DREADNAUGHTS

BERLIN, March 21--In view of the assertions made in the British House of Commons that Germany in the spring of 1912 would have seventeen warships, all of them of the big gun type, the navy department authorities the statement that in the autumn of 1912 Germany will have thirteen such vessels.

WHAT COUNTS IN A STORY.

As I heard a famous raconteur telling a story I had heard in one form or another for many years I could not but recall the statement of some one to the effect that there are but five stories extant and that all we have are mere variations from the original five. As General Taylor, who is something of a story teller himself, puts it: "The story doesn't amount to anything. It's the edition that counts."

THE THREE GAMBOLIERS.

By HULBERT FOOTNER.

Edna, Countess of Yetholme, spending the night in the Wigwam, a little hotel in Blackfoot supported by the English set, was awakened by a low, persistent knocking on her bedroom door; it was Parrot, her maid, clad in a kimono and very untidy about the head.

"There's a lady asking for you, my lady!" exclaimed Parrot, breathless with amazement.

"What time is it?" murmured the Countess, none too pleasantly; for she was of a comfortable habit and resented excitement in the middle of the night.

"Three o'clock, my lady," said Parrot, in her usual manner.

"Good patience!" cried the Countess plaintively. "Who is it?"

"Never saw her before, my lady. Very well dressed and quiet-mannered, my lady. Has a person with her I think is her name."

"What on earth does she want?" "Didn't tell me, my lady. Says she, 'Please tell the Countess I must see her for a moment on the matter of the most urgent importance—something that cannot wait until morning.'"

Well, about her entering the room and come back and help me," said the Countess, curiosity getting the better of her love of ease.

With an ample juncture and no responsibilities the Countess Edna found it as a diversion of forty-two very agreeable. After twenty years of experience as the dutiful wife of a trying peer and the anxious mother of the death of the former and the marriage of the latter lately found herself free to follow her own sweet will; and like other suddenly liberated persons, had immediately experienced the desire to see life to the Countess "seeing life" meant a trip to Canada to visit her husband's brother on his great horse ranch in London, not to say Blackfoot. In her perplexity the Countess shot a glance at the other woman. From her plain black dress she looked to be, as Parrot had said, a maid; yet she had uncommonly fine eyes. Lady Edna observed. They were honest, clear, and wide apart in her head; just now the lids were swollen as if from weeping. If the mistress was at ease, the maid was plainly suppressing some strong emotion.

Lady Edna wondered fleetingly why she should feel so drawn to a stranger of such a humble station.

As soon as the lady in green perceived the Countess she said in a pleasant but non-committal voice, "You won't ask me to apologise for disturbing you when you learn my errand. It's about your nephew."

Lady Edna felt a decided misgiving. "Lord Algy and his two friends," said the lady in green deprecatingly, "are in jail."

"Bless my soul!" exclaimed the Countess, with a round-eyed display of astonishment. It was a characteristic of her ample style of utterance to pronounce the "y" sound short, like "ay."

"And as I understand he was to have met his father in an hour," continued the lady in green.

"Why, the boy's whole future depends on this meeting!" said the Countess in distress. As the dreadful consequences forced themselves fully on her, her eyes became wide and wild. "Good heavens—the Marquis! to find his son in jail—his name bandied about town—had never got over that! Something must be done at once!"

"That's why I came to you," said the lady in green.

(To be continued.)

AMUSEMENTS.

LAUDER'S "DOUBLE" AT NICKEL.
TODAY.

There will be abundant merriment today for those who attend the Nickel. Harry Bennett, the great Lauder imitator, makes his bow at two o'clock—provided the train is on time and throughout the afternoon and evening he will keep the fun going with Lauder's famous songs, "I Love a Lassie" and the "Weddin' of Sandy McNab." The latter having one of the funniest monologues imaginable attached to it. Mr. Bennett has already been fairly well introduced to Nickel-goers, all necessary now is to see him trip gallantly onto the stage in Scotch garb, a la Lauder, and start his comedy mill 'rounding. It would be well to attend early. The Nickel's leading vaudeville feature will be a historical story entitled "An Irish Hero," and in addition there will be two comedies, a croquet game and some comic travel views of Europe. Mr. Courtnay is singing, "We're Searing Home," and the orchestra which has been augmented will discourse a brand new programme.

TWO ACTS OF VAUDEVILLE AT THE PRINCESS.
THE PRINCESS.

The opening programme at the Princess this week is the biggest ever offered at any picture house in St. John. There are two high class vaudeville acts, five new motion pictures and an up-to-date illustrated song. Leading the vaudeville section of the programme is Miss Jennie Andrietta, a dainty little miss who will sing her own original songs in her own original way. Kramer and Massey are next in the vaudeville line. They will appear in one of the funniest sketches ever written. This afternoon Miss Andrietta will appear at four o'clock. Owing to the inability of Kramer and Massey to make train connections their first appearance will be this evening at eight o'clock. But for the balance of the week both acts will appear both afternoon and evening. Owing to the extra expense the management are under in bringing these acts here, the price of admission will be afternoon five cents, the evening ten cents. The pictures for today are all high class subjects. First on the programme is "The Prince and the Pauper," a high class Italian drama over one thousand feet in length. Bernard Barry, the life story of a famous painter and a very interesting picture. Rivarly, one of the most exciting dramas ever produced. There are two good comedy subjects, Mr. T. A. B. Waterall, the new soloist, will be heard in a new illustrated ballad. Owing to the crowded programme it will be present at night we would suggest that all who can attend the matinee. The entire programme will be given as in the evening. Afternoon 5 cents; evening 10 cents.

AN EXCELLENT PICTURE AND SONG PROGRAMME AT THE UNIQUE.

The numerous picture triumphs of last week at the Unique added hundreds of new friends and patrons for the popular Charlotte Street picture house. The best picture and the best singing is what these same hundreds are claiming for the Unique. For today and tomorrow there are several splendid features in store, which will at least retain the good will gained last week.

The headliner is Love's Sweet Melody, a sweet love story. Molly McKeown, an Indian story of adventure, and a rip-roaring comedy, entitled "The Cat Came Back." Mr. Killop, one of the best singing acts, will be heard today in one of his most attractive selections, "The Rolling Gales."

THE "STARS" BEST SHOW YET.

Regular patrons of the new clean theatre in North End will undoubtedly say that tonight's show is the best they have ever seen in this house. It includes a trip to Tunis, Africa—a feature of the Unique. A pair to enjoy—and also one of those exciting western dramas so very popular, entitled "In Old Arizona." They followed the show by a comedy, "The Cat Came Back," and two comedies. Miss Von Beavers will sing "Naughty Eyes," and there will be lots of bright new music. The Star is attracting larger crowds of pleased people every week.

SEVERAL KILLED IN AN EXPLOSION.

EVANSVILLE, Ind., Mar. 20.—Five men were killed and a score were injured in an explosion at the Sunnyside Coal Mines here today.

The explosion was caused by a wind shot due to an overcharge of powder said to have been placed by John Pettit. Pettit is burned over his entire body and will die. The dead were all killed by sulphuric fumes which followed the shot. The dead were swept as if by a whirlwind.

Twenty-nine men were in the west shaft of the mine when the explosion occurred. Within an hour after the explosion the mine was cleared, although the first rescuers were almost suffocated on going into the mine. The dead, injured and suffering miners were found prostrate over all portions of the west shaft. Many recovered sufficiently to crawl to the shaft unaided. The men in the north shaft who were not seriously affected by the explosion were the most active in the work of rescue.

As the news of the disaster spread, a large crowd gathered in which were scores of persons who had relatives in the mine.

IT HAD BEEN HEARD.

That old tightwad uncle of mine is dead.

VERY DIFFERENT.

It is never embarrassing in a novel for a rich man to find a lot of poor skin. There is always a vacancy in a bank, where the rich man finds a good position for the oldest son, who soon becomes the bank's president. Another child above a genius for painting, and the rich man sends him to Italy to study. In a month or two the child returns a great artist. But how different in real life. Ah, how vastly different.

"Tommy," said the lecturer, "can you tell me what obscenity is?"

"Fanny!" replied Tommy. "It's a place where a good many people go after the elections."

Floorglaze

THIS is the floor finish that makes housework so much easier because it doesn't gather dust—because it can be washed with soap and water like a window-pane—because it is so easy to keep clean and fresh. Floorglaze finishes a floor with a lustrous coating of most durable enamel that will stand the hardest wear and not show scratches. Comes in thin charming shades. Send for color-card and free booklet. Easy to apply—dries hard in a few hours; a gallon covers 500 square feet. Perfect for outdoor service, too—porches, steps, etc. From all first-rate dealers in tins; sizes from a pint to a gallon. See that the label says: Imperial Varnish & Color Co., Limited, Toronto, 104

THE DOWNING CASE.

The case, concluded on Saturday, wherein W. Herbert Downing, who had been charged with the murder of a young man, was found guilty of manslaughter. The jury returned a verdict of manslaughter, and the judge sentenced Downing to a term of imprisonment in the penitentiary for a period of three years. The case was one of the most sensational in the history of the province, and attracted a large number of spectators to the trial.

THE LOST POET.

He was born to stir the spirit of his race to tears and laughter; He was born to be the writer and singer of his age. His gift of dream and wonder, his gift of clear vision, through the old pretence and fashion to the heart of hidden things; his people stood before him, and they heard the gift's fruition.

BUTTER AND CHEESE.

As indicated by bulletins Nos. 170 and 171 issued from the laboratory of the Inland Revenue Department, the people of Canada are advised to be on their guard against the sale of adulterated butter and cheese. The laboratory has found that a large number of samples of butter and cheese are being sold in the market which do not meet the standard of purity required by law.

HAD A BUSY YEAR AT THE PROVINCIAL HOSPITAL

Annual Report Shows More Persons Than Usual Admitted

Medical Superintendent Tells of the Work Done

Interesting Statistics.

The following information is taken from the annual report of the Provincial Hospital, prepared by Dr. J. V. Anglin and the late secretary George Boyne. The year began with an enrollment of 223 patients; the admissions since then numbered 153, making a total of 376 patients who received medical treatment during the year. The greatest number of patients was treated during the month of October, when 45 patients were admitted. During the year 78 patients were discharged, 146 were discharged, and 152 were discharged. The total number of patients who were treated during the year was 376.

NORTH ATLANTIC DEATH TOLL FOR 1908 IS 221

BOSTON, Mass., March 21.—Two hundred and twenty-one persons perished by shipwreck and 49 vessels met with disaster off the New England and British North American coasts, or while engaged in the New England or Canadian trade during the fall and winter season of 1908, which ended tonight. Of the 49 vessels cast ashore or lost at sea, 16 were of the type of the Republic, 12 of the type of the Republic, 12 of the type of the Republic, 12 of the type of the Republic.

Series of Storms
In the series of storms which prevailed from November 17 to December 15 one hundred and sixty-five persons were drowned. During this period four steamers and thirty-five sailing craft were lost. The greatest disaster, so far as public interest was concerned, was the destruction of the American steamer So City, which foundered off the southwest coast of Newfoundland with all on board—38 men. The So City was bound from Chicago for Texas via New York. She left Chicago November 5 and Quebec November 14. It is supposed the steamer went down in one of the fierce storms which swept over the Gulf of St. Lawrence during the latter part of November. The hull was never located, but much wreckage marked "So City" came ashore near Cape Ray, Nfld.

PROVINCIAL SCHOOL SYSTEM SHOWS GREAT IMPROVEMENT

Increase in the Number of Buildings, Teachers and Pupils, and in Equipment—Superintendent's Report Gives Much Interesting Information

The annual report of the schools of New Brunswick for the year 1907-8, presented by J. Inch, superintendent of education, shows marked progress throughout the province. New buildings have been erected, and others have been renovated, enlarged and better equipped. Owing to the prevalence of epidemics many of the schools were closed for varying periods, but the average attendance has been good and the inspector's report shows substantial improvement in almost every respect. The following figures give a glance of the number of schools, teachers and pupils:

Table with 2 columns: Term (1st term, 2nd term) and various categories (No. of schools, No. of teachers, Total number of pupils, etc.)

It will be seen that of the total number of teachers employed, only 14 per cent. are men, less than 35 per cent. hold home based Class II, about 43 per cent. hold licenses of Class II, and about 37 per cent. hold licenses of Class I, since 1900 the number of untrained teachers employed has increased from 15 to 22 per cent. of the total number of teachers employed in 1906-7 was less by 22 for the first term, and 99 for the second term, than for the corresponding year.

During the school year under review there were 13 Grammar and 47 Superior Schools in operation with a total enrollment of pupils above Grade VIII of 1,811 for the first term, and 2,068 for the second term, of those numbers 1,112 and 1,011 for the respective terms belonged to the Grammar Schools and 729 and 944 to the Superior Schools. 1,059 pupils took the High School entrance examinations, of whom 72 failed to pass.

AGED MAN KILLED BY AN AUTOMOBILE

Chauffeur Held for Homicide—Two Disastrous Fires—Philanthropist Dead.

NEW YORK, March 20.—Chas. S. Dedrick, 73 years old, a well-to-do retired commission broker, was run over and killed today by an automobile. Mr. Dedrick was attempting to cross Eighth avenue at 41st street when the machine struck him. The chauffeur, Louis T. Trouse, was held in \$10,000 bail charged with homicide.

TILTON, N. H., March 21.—Fire and smoke caused a damage of about \$15,000 early today to the Thompson block and its contents. The building is a three story frame structure and was occupied by stores on the street floor, while the second floor is used by the owner of the building, Mrs. C. R. Thompson, as a dwelling, and the offices of two doctors.

SCRANTON, Pa., March 21.—Former Congressman William Connell, 64, died today, the result of a paralytic stroke, sustained on Thursday of last week.

The Harmony of Home Does Not Mingle With or Emanate from the Table of Dyspepsia

In the home, most time should awaken in all the inhabitants a peculiar harmony of joy which will make the hour the abiding place of interest and happiness. If one member at the dinner table is nervous, his influence is felt and the harmony is lacking. Conversation and mirth are absent. Devouring guests assail the diners and silence prevails.

NAVAL DISCLOSURES GIVE BRITISHERS A BAD SCARE

LONDON, Mar. 20.—The dramatic confession of the cabinet ministers in the recent debate on the navy in the House of Commons that Germany caught the British admiralty napping and has stolen a march on this country by so expediting the construction of Dreadnoughts that Great Britain will have little if any margin in the number of new capital ships in 1912, has been followed by something like a panic throughout the United Kingdom. Even the so-called "black weeks" during the Boer war when all the British columns found themselves checked by the Transvaal farmers hardly furnished a parallel to the present scare, and there is no doubt were Premier Asquith at this time to give the nation a chance to voice its opinion at the polls of the situation, whereby the supremacy of the British navy is threatened, there would be little left of the present radical party in the commons.

The direct vote of censure which A. J. Balfour, leader of the opposition will move against the government on Monday, will bring the issue as to whether four or eight Dreadnoughts should be definitely included in this year's naval programme, squarely before parliament, although there is still a chance that the national outcry will cause Premier Asquith to yield and give definite assurances that the four "phantom" Dreadnoughts will be laid down this year, in addition to the four provided for in the estimate.

This promise all the adherents of a big navy want, and they have started a campaign the length and breadth of the country in support of it. The Navy League, which represents no particular party, is in the forefront of this movement. At an "emergency" meeting today, at which Lord Eliche presided, the league decided to enter immediately upon a great campaign to arouse the people to the urgency and seriousness of the problem confronting the nation.

TEMPERANCE WAVE SWEEPS COUNTRY

Bishop Casey on the Liquor Question

Pays a High Tribute to Father Mathew Association

At the 9 o'clock service in the cathedral yesterday morning his lordship Bishop Casey made reference to the temperance wave now sweeping over St. John.

His lordship stated that he desired to endorse the public meeting under the auspices of the Father Mathew Association of this city.

"Temperance is a cardinal as well as a social virtue in the Catholic church," said Bishop Casey. "A great wave is sweeping over the country from the South and everywhere the sentiment is strong for prohibition."

Bishop Casey remarked that the drink habit was a great evil. Those Catholics who were behind prison bars were not real Catholics, but a disgrace to the church and their religion. Soldiers had they attended church and rarely performed their duties.

Through it was not customary to recommend from the pulpit a temperance meeting, his lordship felt that the future in the evening was one that should not be missed. He had perfect confidence in the speaker, the Rev. Dr. O'Reilly.

At the conclusion of his remarks his lordship spoke of the Father Mathew Association in years gone by. Their strength was enormous. He considered the association to be one of the best of the Catholic organizations and approved that efforts should be made to have it reach its former strength.

COSTE APPROVES OF HOLT'S BRIDGE PLANS

Meeting of Bridge Committee Will be Held This Week

A meeting of the bridge committee will be called for Tuesday or Wednesday of next week. This was decided upon by Aid. Scully on Saturday afternoon. The plans of Engineer Holt, endorsed by several consulting engineers, are now completed and awaiting the approval of the council. The meeting of the committee is being called for the purpose of moving in this matter. The location of the approaches to the bridge on both sides of the harbor will also be finally decided upon.

Louis Coste, consulting engineer for the public works department, inspected the ground when visiting the city some few days ago. He expressed his entire approval of the practicability of the project. In consequence of this it is thought that the plans will meet with little difficulty in being passed by the public works department.

HENRY D. WARLOCK HAS PASSED AWAY

Well-Known Jeweller Had Been Ill Only Two Weeks

St. John loses a prominent and respected citizen by the death of Henry D. Warlock, who passed away at his residence, 11 Peters street, at 10 o'clock on Saturday evening. Deceased had been ill for only two weeks.

Mr. Warlock enjoyed a widespread acquaintance and was extremely popular. Deceased was a son of the late D. O. L. Warlock and grandson of John G. Campbell, Q. C. Many of the older residents of the city will doubtless remember Mr. Warlock's father, who erected Trinity block at the corner of King and Charlotte streets. He conducted a jewelry establishment there, and his son Henry was associated with him in the business.

On the death of his father eight years ago, Henry Warlock succeeded to the business. Of late years his place of business was 31 Germain street. Mr. Warlock was generally well known as an athlete years ago. At one time he played third base for the Athletics' ball team.

Deceased is survived by two sisters, Misses Emily and Alice Warlock, at home. Both will have the sympathy of a large circle of friends.

The funeral will be held from his late residence, 11 Peters street, this afternoon at 3 o'clock.

PART OF PLANT AT GRAND FALLS

Two carloads of plant, consisting of engines, boilers, steam cranes, derricks and other machinery, have arrived at Grand Falls, and are now being set up for the beginning of operations of the Grand Falls Power Company.

William Askin (formerly of Nova Scotia) and afterwards of Boston) and Clarence A. Conrad (formerly of St. John), representing the Frank B. Gilbreth organization, have already arrived and taken charge of the preliminary work.

Arrangements are being made to the preference to the local labor for all positions where it can be used, and as Grand Falls has only 800 inhabitants all told, a large portion of the labor will have to be brought in from other towns.

W. B. Laine, general manager for the Frank B. Gilbreth organization, has already placed large orders for supplies in St. John and is expected to make another trip to St. John in relation to ordering further plant and supplies during the first week in April.

Air compressors and much of the electrical machinery for the temporary power plant will have to be made to order, as such large machinery is not carried in stock and is almost impossible to secure second hand.

WATER PIPE BURSTS; SOME DAMAGE DONE

MONCTON, N. B., March 21.—A burst in an eight-inch water main at the corner of St. George and Broadman streets this morning caused a flood which kept the street department busy all day pumping water from the millage of G. H. Cochrane, which was flooded. The trouble was first observed by a citizen who noticed the water running from Cochrane's cellar window about half-past eight. The cellar was found to be full, having between five and six feet of water, and everything of a destructible nature, such as vegetables, was destroyed.

HAS A BROTHER IN THE ASYLUM

Suicide Predisposed to Insanity

Had Threatened to End His Life on Several Occasions

That Ernest McElman, the Gibson man who shot himself through the heart at the Ferris Hotel after attempting to kill his wife, was predisposed to insanity is the latest discovery in the clearing up of the sensational tragedy of Saturday afternoon. McElman is known to have been dependent on times and frequently ending his life. His brother Harry has been an inmate of the Provincial Hospital for seven years and there have been other evidences disclosed of an unbalanced mind.

The suicide was at one time connected with the militia at Fredericton, and it was stated by one of his comrades at that time, now living in the city, that he carried a revolver continuously and was always fearful of meeting with foul play. He was of an extremely shiftless disposition and was never able to stick to one job long enough to ensure his making his way in the world. His married life was consequently not a happy one, and he found an excuse for deserting his wife and children some four years ago in an accusation of the former of infidelity. He came to this city where he remained a few months, proceeding subsequently to Lawrence, Mass., where he established himself again the unfortunate factor in the wedded life of a former sweetheart. Meanwhile he was corresponding with the woman he tried to kill Saturday and vowing to return to her as soon as the opportunity offered. His presence in the city Friday returned from a conference with Secretary Meyer, and the decision to hide in another room of the Ferris Hotel came as the result of her catching him in a falsehood as to his whereabouts.

The scene in the little bedroom off the kitchen of the Ferris Hotel just previous to the tragedy is said to have borne out strongly the theory of an unbalanced mind. The wife was repelling and pulling at the neck of the man, and he came violently enraged and pulling a gun from his pocket, by the narrow escape of margins escaped assuming the add of a murderer.

Saturday afternoon, Mrs. McElman, accompanied the body of her dead husband back to Gibson, where it is to be interred.

PLANNING BIG TIME FOR CHAMPLAIN CELEBRATION

United States Will Have Flotilla of Torpedo Boats on Lake Champlain.

NEW YORK, N. Y., Mar. 21.—Walter C. Witherbee, of Port Henry, N. Y., a member of the New York Ter-Centenary Champlain Commission, has just returned from a conference with Secretary of the Navy Meyer, at Washington, in regard to a naval display on the celebration of the discovery of that body of water next July.

"As a result of my talk with Secretary Meyer," said Mr. Witherbee, "I expect that quite a flotilla of torpedo boats will be sent to Lake Champlain, including, possibly, a submarine torpedo boat."

"President Taft," Vice-President Sherman and Speaker Cannon have each formally accepted invitations to be present. Senator Root will make the principal address on the New York side and it is expected that Premier Laurier of Canada, will make the principal address on the Vermont side.

Congress has authorized the secretary of state to invite the governments of France and Great Britain to cooperate.

Captain John McManus, for some time chief officer on the C. P. R. line, and since June, 1904, of the training ship indefatigable, has been appointed to a responsible post and representative of the training ship Warapita, of London, under control of the Marine Society. Captain McManus has relatives in St. John.

Harry Forbes, a young colored boy, was in the police court this morning to give an explanation why he left the home of James H. Graves, a Union Alley whitewasher, and took lodgings with a woman on Duke street. The boy said that his father was George Forbes now residing in Boston, that he was left in charge of Graves and was supposed to go to school, but Graves kept him home from school and made him go round peddling claims and orders. He produced a letter from his father and a ticket for Boston. He was allowed to go.

TUNISIAN LANDED PASSENGERS TODAY

All But Two Hundred Went Ashore at Halifax—Passed an Iceberg and Met Heavy Weather.

Tossed about by heavy gales and battered by mountainous seas which swept over her decks, the Allan Line steamer, Capt. J. A. Fairhall, from Liverpool via Halifax, arrived in port last night at 11 o'clock and docked at No. 1 berth. The steamer left Liverpool March 11, carrying eight hundred and ninety-nine passengers and a general cargo. The steamer passed a big iceberg in latitude 48 N. longitude 53 W. The steamer reached Halifax Saturday morning and landed six hundred and ninety-nine passengers. She also discharged one thousand tons of package goods. The steamer left Halifax on Saturday night, bringing around two hundred passengers and one thousand four hundred tons of cargo for local firms and for the west. Coming up the bay the steamer encountered strong winds with high seas. The passengers are mostly British and Scandinavians. One hundred and forty are bound for the United States and the remainder for the west. The passengers were forwarded west by special trains this morning. The following were saloon passengers: E. POLICE ARE ON THE WATCH FOR A SCOTCH MURDERER

Alexander Edmondstone is Wanted for Killing and Robbing a Young Clerk.

On the arrival of steamers from the old country officials are closely watching all young men, as the arrest of a Scotchman, named Alexander Edmondstone, will mean to his captor a reward of three hundred pounds.

Young Edmondstone, who is 23 years of age, is wanted at East Wemyss, County of Fife, Scotland, and charged with the robbery and murder.

On the 19th of February last he was waylaid, murdered and robbed Michael Swinton Brown, a 16 year old clerk.

Edmondstone after feebly killing the young clerk, managed to get away with twenty-five one pound notes, forty half sovereigns and 140 in silver. The money was put up in three small canvas bags fastened at the top with brass rings.

The police all over the country were notified of the murder, and it was not until the 5th of this month that the reward of £100 was offered for the capture of the murderer.

Edmondstone is described as being five feet nine in height, slender build, copper or red hair, dark eyes, full ruddy face, three teeth out of the front upper jaw, has A. E. tattooed on his right forearm, and speaks with a Scotch accent.

P. W. SNIDER DIED THIS MORNING

Superintendent of Atlantic Division of C.P.R. Telegraph Co.—Prominent Mason and Active Church Member.

The death of Peter Wellington Snider, divisional superintendent of the C. P. R. Telegraph Company, took place at an early hour this morning. Mr. Snider has been suffering from Bright's disease for over a year, and as his condition has been considered hopeless for some time, his decease did not come as a surprise to his relatives.

Mr. Snider is survived by his wife, formerly Miss Edith Thorne, of this city, two brothers, Rev. David W. Snider, of Mount Forest, Ont., and Geo. A. Snider, of Toronto, also two sisters, Mrs. H. E. Eids, of Ottawa, and Mrs. Thomas Flisette, of Brantford, Ont.

His father was Samuel Snider, for many years assessment commissioner of Brantford. The deceased was in his 58th year.

Mr. Snider learned telegraphy at St. Catharines when a young man, and then returned to his home city of Brantford to take the position of local manager for the Dominion Telegraph Co.

Afterward he was stationed at London, Ont., and then acted as special operator at Ottawa during the sessions of Parliament, during the rest of the year serving as chief operator at Toronto. From Toronto he came to St. John in 1873 to act as local manager for the same company. After it discontinued business he was with the Western Union Telegraph Co. as cashier. When the C. P. R. Telegraph Co. opened here in 1885 he became local manager of their office and afterwards circuit manager. Of late years he has held the position of superintendent of the Atlantic Division extending from Magnetic eastward and including the Maritime Provinces.

Mr. Snider was one of the best known men in St. John and was highly esteemed and greatly respected by all who knew him. He was prominent in the civic and social life and occupied important offices in that order. He was an active member of Centenary Church and had acted as trustee, steward and member of the financial committee.

The funeral has been arranged for Wednesday afternoon at three o'clock from his late residence, 92 Leinster street.

D. W. Sider, who was summoned to the city last week, will remain until after the funeral.
