

ELDERLY MAN'S
PIRATES ON TRIP
OVER ATLANTIC

Family of 33rd Sergeant
Braved Terrors of Deep in
Order to Reach London—
Gramplan Conveyed By
British Cruisers—Had Col-
lision While En Route.

After a 14-day trip across the Atlantic Ocean aboard the ill-fated ship Gramplan, during which they were rammed by another steamer and had to put back to Liverpool for four days for repairs, and were twice chased by German submarines, Mrs. Charles Cooney, with her son and daughter, arrived here today to visit her husband, Sgt. Charles Cooney, of the 33rd Battalion.

"It was a trip full of excitement from start to finish," said the son as they stood on the Grand Trunk depot platform. "We had just got nicely out to sea when during a fog we were rammed by some other steamer. Quite a hole was stove in the side of our boat, so the captain decided to turn to Liverpool. Here we were detained four days while the necessary repairs were made."

Sailor Drowned.
"Our trip seemed to have some sort of hoodoo attached to it, for on our second start we were only several days out when in some manner one of our sailors fell overboard and was drowned."

"Then when we were on two different occasions chased by German submarines. They did not fire on us, but members of the ship's staff stated that it was only the crowding on of full steam that eluded them, and probably saved all those aboard."

Escorting Ships.
According to Mrs. Cooney the British Government since the sinking of the Lusitania are now escorting all the passenger boats through the dangerous waters.

"During most of our trip we seemed to be between British cruisers, and were continually in sight of them," said Mrs. Cooney. "Around the Irish coast extra caution was taken, and we had to pass many miles away from the usual route taken by the boats," stated Cooney.

Mrs. Cooney, with her son and daughter, expect to stay in this city for some time before they depart for the home-land again.

STEAMER ETHIOPE
SUNK BY TORPEDO

Part of Crew Saved; Others
Believed To Be in
Boats.

[Canadian Press.]
Liverpool, May 29.—1:04 p.m.—The Elder-Dempster Line steamer Ethiopie has been torpedoed and sunk.

The chief officer and sixteen men of the Ethiopie have been picked up. The rest of the crew is supposed to be in boats.

The Ethiopie was bound from Hull to Liverpool, whence she was to have sailed for East Africa.

The vessel was sunk by the German submarine U-24.

FIVE MINUTES TO LEAVE.
Falmouth, May 29.—The steamer Saxanion brought into this port late last night, Capt. McDonald and 16 members of the crew of the Ethiopie. They were picked up while drifting about in a small boat. Sixteen other members of the crew, in another boat, have not been reported as yet.

The Ethiopie was proceeding down the channel at 3:30 o'clock last night, when the report of a gun was heard and a shot crossed her bows. A submarine, which appeared to be about 500 feet long, came into sight. The Ethiopie stopped, and two more shots were fired, and the vessel was stopped.

The commander of the submarine gave the men on the Ethiopie five minutes in which to take to the boats, and then torpedoed the steamer. She sank in five minutes.

The Ethiopie, of 2,475 tons net, was built in 1906, and was owned in Liverpool. She was 340 feet long. She was last reported as arriving at Hull, England, on April 22, from Lagoa.

GERMAN DEPUTY DECLARES
INVASION OF BELGIUM WRONG

[Canadian Press.]
Bern, Switzerland, May 29.—An international conference of the world's union for the future interests of mankind met today at the headquarters of the International Peace Bureau. Resolutions were adopted opposing the annexation of territory against the will of its inhabitants and the violation of neutrality in time of war. Other resolutions favored measures to prevent the waging of wars for revenge, and to secure the sacredness of treaties.

The chief promoter of the conference was an Austrian professor, Dr. Broda, who is now living in Lausanne, Britain, Germany, Italy and the United States

also were represented, the last-named country by Dr. Broda.

When the delegates discussed violation of neutrality, a German deputy, Herr Vogler, who is president of the German Peace Society, expressed the opinion that Germany should not have invaded Belgium.

In the Old Country, eighteen of the fifth-year men were gassed last night by the British army. He is now in Shorncliffe, England.

HEARS FROM DR. WILSON.—The biggest battle of the war was in progress on May 12, according to a letter received by Mrs. J. D. Wilson from her son, Capt. Wilson, who is at present stationed at No. 4 Casualty Station. In part the letter says: "The guns are making a fine racket these days in a battle which the military authorities believe is the greatest yet. I am at present too busy to write a lengthy letter."

Germany Now Peads
Mistakes in Attacks

In Warning American Vessels To Display Nationality Signs
Clearly, She Says Lack of These Has Caused the
Sinking of Neutral Vessels.

[Canadian Press.]
Washington, May 29.—An urgent warning to American shipping against traversing the naval zone incautiously, and to have all warning markings displayed as conspicuously as possible, including illumination at night, was communicated to the State Department today by the German Government through the American embassy at Berlin.

The German warning was announced in the following statement made public by the State Department:

"The American ambassador at Berlin has been informed by the German foreign office that, in view of the fact that during the past few weeks it has repeatedly occurred that neutral ships have been sunk in the waters designated as an area of maritime war by the German admiralty on February 4, 1915, and especially in one case where it was established that the sinking was traceable to an attack by a German submarine, which took the neutral ship for a British vessel, in the darkness, on account of the inadequate illumination of its neutral distinctive markings, it recommended that American shipping circles again be warned against traversing the area of maritime war incautiously, and, also, be urged to make the neutral markings as plain as possible, and especially to have them illuminated promptly and sufficiently at night."

FIVE GIRLS GIVEN
DELIGHTFUL TRIP

Consolation Prize Is Journey
Down St. Lawrence To
Old Quebec.

ALL EXPENSES ARE PAID
Fair Candidates Pleased With
Prospect of Eight Days
of Travel.

Winners of the consolation trip in The Advertiser's grand continental Panama-Pacific contest are looking forward with quite as much pleasurable anticipation to their summer outing as even the lucky four who are going to San Francisco. The very night the results were announced five candidates congratulated themselves that their efforts extending over seven or eight weeks were to bring such enjoyable fruits. "Those who knew one another in the quintette immediately began to plan some means of becoming well acquainted with the other members of their party before starting."

A little uncertainty still existed in regard to the direction to be taken, but The Advertiser has at last perfected arrangements, and the following will be the itinerary:

First Day—Leave London on the Q. T. R. at 9:00 a.m., and at 8:00 a.m. the boat will leave for Quebec. The Q. T. R. will leave by R. and O. steamer at 3:00 p.m. for Montreal.

Second Day—Arrive early in the morning at Kingston, the principal fortified point west of Quebec. This day will be one of ever-changing beauty and delight, as the steamer progresses through the Thousand Islands, along the splendid scenic route of the St. Lawrence. Montreal will be reached at 6:30 p.m., and only a stop of half an hour will be made.

Third Day—Quebec will be reached at 6:30 a.m., and at 8:00 a.m. the trip will leave for Chicoutimi down the St. Lawrence, the steamer touching at the quaint ports, Bale St. Paul, St. Irene, Murray Bay, St. Simons, Tadoussac.

Fourth Day—Up the Grand Saguenay River, where the grandeur of the scenery baffles description. The trip will be a most interesting one, with the majestic peaks tower to the tremendous height of 1,800 feet; through Ha Ha Bay, where the mountains throw back the echo four or five times, and on to Chicoutimi.

Fifth Day—Arrive at Quebec at 6:00 a.m. Breakfast at the Chateau Frontenac, then for a carriage drive through the quaintest city of Canada, after which side trips will be made to the famous shrine of St. Anne de Beaupre, then to Montmorency Falls and the historic Kent House, where King George of England stayed when he was Duke of York. Leave Quebec at 6:00 p.m. for Montreal.

Sixth Day—Arrive Montreal at 7:00 p.m. Breakfast at C. P. R. Hotel Place Viger. Carriage and automobile trips, including the mountain drive and all points of interest. Leave Montreal and proceed through the Lachine Canal en route for Toronto.

Seventh Day—On steamer en route for Toronto.

Eighth Day—Arrive Toronto 7:00 a.m., where time will be permitted for visiting as well as sightseeing. Leave Toronto at 2:00 p.m., and arrive in London at 8:00 p.m.

As on the Panama-Pacific trip, absolutely every expense will be met by The Advertiser, and the consolation trip winners will enjoy the very best in the way of accommodation facilities for sightseeing and entertainment as guests of the newspaper. Purves will be carried by the trip winners from force of habit or to buy picture postcards, stamps or souvenirs.

It is probable the trip will start the latter part of June, definite announcement in regard to the date to be made shortly.

COMMISSION IN ROYAL
MEDICAL CORPS FOR
LIEUT. (DR.) W. R. HODGE

Son of Late Dr. Hodge Went to England—In Casualty Clearing Station.

Cable advices from England announce the appointment of Dr. W. R. Hodge, of this city, as a lieutenant in the Royal Army Medical Corps of the British army. Lieut. Hodge, who is a son of the late Dr. George Hodge, of Queen's avenue, this city, was born and brought up here. His mother, Mrs. Agnes Hodge, lives at 304 Wolfe street. He was a fifth-year student in medicine at the Toronto University, and left, after receiving his degree and his Ontario council, with No. 2 Casualty Clearing Station.

In the Old Country, eighteen of the fifth-year men were gassed last night by the British army. He is now in Shorncliffe, England.

OFFICER'S LIFE
SAVED BY MEN
HOLDING ARTERY

[Canadian Press.]
London, May 29.—Lieut. Hellyer, of the 4th East York Territorials, who is now in a hospital at Boulogne, owes his life to the devotion of his men in the ranks, who kept him from bleeding to death by making turns in holding an artery.

The officer's left arm was blown off by a shell and his right arm badly injured. The main artery of the severed arm was exposed. But one of his men pinched it with his fingers. When the man's hand slipped, another took his place in holding the artery. No surgical aid was available, and for three days Lieut. Hellyer lay in the bottom of the trench with only this primitive aid from his soldiers between him and death.

THREATEN GERMAN REAR
Enemy's Left Flank Is Forced
Back Between Vistula
and Carpathians.

[Canadian Press.]
Petrograd, May 29.—Russian army officers assert that the victory of Emperor Nicholas' troops at Sieniawa, on the San, in Central Galicia, has offset the successes of the Austro-German forces at Radymno and Goussow.

At Radymno the Germans occupied territory on the right bank of the San, extending five miles east, and an equal distance south of this village. East of Goussow they advanced a short distance in the direction of Lemberg.

Pressing Enemy Back.
According to military opinion, however, the advance of separate and isolated groups of German forces cannot result in material progress toward Lemberg, while the whole left flank of the German army operating between the Vistula and the Carpathians is being pressed back by the Russians along the line from Sieniawa to the mouth of the San.

Rear Threatened.
In this region the Russian forces threaten the German rear. Every move toward the rear weakens their communications with the rear and increases their danger of being cut off from their base.

Both north and south of the Vistula the Austro-German assaults are being prosecuted with unusual vigor, but as yet no direct assault has been made upon Lemberg.

The aim of the Germans apparently is to encircle Przemyśl, and attempt to work into a position from which it will be possible to proceed directly toward Lemberg.

Will Bulgaria Be
Next New Ally?

Changes in Diplomatic Service Considered Highly Significant.

[Canadian Press.]
Paris, May 29.—Important changes in the Bulgarian diplomatic service, just announced, are considered here to be highly significant. The Matin sees in them an indication that Bulgaria will be the second neutral to join the Allies.

The Matin, minister to Italy, and a firm supporter of the Triple Alliance, has been replaced at Rome by M. Stanchoff, diplomatic agent in Paris, who was succeeded by a son of Fracov, confidential secretary to King Ferdinand.

Geneva, Switzerland, May 29.—The Italians, after a severe fight along the frontier north of Lake Iseo, have captured the town of Storo and are now bombarding Riva.

On the eastern front, north of the Gulf of Trieste, bayonet fighting is in progress south of Gorizia. The Austrians are retreating slowly. Italian forces have arrived before Gradisca, about sixteen miles from Trieste.

The Italian authorities issued an order last night prohibiting Austrians and Germans from leaving the country.

ADVANCE ON MOUNTAINS.
[Canadian Press.]
Brescia, via Paris, May 29.—After crossing the frontier over the bridge at Caffaro, Italian troops moved against the mountains on both sides of the Chiasso River, aiming for the town of Riva and Arco to the east. The last two places also were threatened from the opposite bank of Lake Garda by Italian troops posted on Monte Altissimo.

PREPARING HOSPITALS.
[Canadian Press.]
Rome, via Paris, May 29.—Great preparations are being made all over Rome for the reception of wounded soldiers from the front. Both Queen Helena and the Dowager Queen Margherita have given rooms in the Quirinal Palace, where the monarchs live, aiming for the town of Riva and Arco to the east. The last two places also were threatened from the opposite bank of Lake Garda by Italian troops posted on Monte Altissimo.

Queen To Supervise.
The Queen will personally supervise these hospitals. That she is an admirable nurse was proved by her ministrations to the people during the days that followed the Messina earthquake. Dowager Queen Margherita has given for a hospital a house which stands in the grounds of her own palace domain. The queen also will install hospitals in the royal palaces at Verona, Caserta and other places.

JOURNALISTS TABOO.

Italian Frontiers, May 29, via Paris, May 29.—Italy thus far has been more rigorous than any other country at war concerning provisions for newspapers obtaining news of the progress of the war. No permission has been given journalists to proceed to the front, and a strict prohibition, carrying with it severe penalties in case of infringement, has been issued.

INDEPENDENT PHONE
CONVENTION COMES
TO LONDON IN JUNE

Members of the Independent Telephone Association have accepted an invitation from Mayor Stevenson to hold their annual convention here in June. There will be about 100 delegates. The mayor has been in touch with the association for some time. Just what he has learned he will not state at the present time, but in view of the conference to be held on Monday afternoon with the Bell Telephone officials, there may be some interesting developments.

Manager Dunstan, of Toronto, and Manager Beard, of the local office, will meet the local control at 2 o'clock, and will endeavor to arrange a basis for an agreement. Whether the company will want to pay the city \$2,000 a year for a franchise remains to be seen, but it is stated that this has not been Manager Dunstan's attitude in dealing with Toronto.

GLABITZ OUTS POSITION WITH UTILITIES BOARD

General Manager Formally Retires at Meeting of Commissioners.

WILL FIGHT FOR HIS PAY

May Take Legal Steps To Collect \$1,500 Claimed Due.

H. J. Glabitz formally retired from the position of general manager at the meeting of the utilities board yesterday afternoon. It was at one moved by Commissioner F. G. Mitchell, seconded by Commissioner McFarland, that E. V. Buchanan be appointed in his place at a salary of \$2,500 per annum for the rest of his year.

After Back Money. Mr. Glabitz wrote the commission that he proposed to take whatever legal steps are necessary to collect the \$1,500 with interest which he claims is due him for his services and which he has not received because Mayor Stevenson will not sign the checks. Chairman Pocock said City Solicitor Meredith gave it as his opinion that the late general manager would have no difficulty in collecting. Some of the commissioners believe that in view of some recent decisions in British and Canadian courts, Mr. Glabitz will have a very great deal of difficulty.

Mr. Glabitz in a little farewell speech said he planned to take a couple of months rest and then start in business in Canada, as he had great hopes for this country's future. He said he regretted having to leave under unfortunate circumstances, when many citizens unjustly felt him in sympathy with a government which he abhorred and had abhorred for many years before the British Empire had learned what his policy was.

Eulogies For G. M. Chairman Pocock eulogized the work Mr. Glabitz has done for London and said that while at times he might have appeared to be autocratic, all departments under him had more liberty than ever before. He hoped Mr. Glabitz would come back to London.

The commissioners awarded the contract for a new transformer to the Packard Company, of St. Catharines, and will take steps to install new logs to be operated by electric motors at the Springbank dam.

Estimates on the cost of repairing the waterworks pumps at Springbank varied from \$7,500 to \$10,000, according to a report submitted by Mr. Glabitz. No action was taken.

Doctor Said Sciatica--Rheumatism--Lumbago

But He Could Not Help Me, and Indorsed the Use of Dr. Chase's Kidney-Liver Pills.

Mr. William Parker, 105 Cayuga street, Bradford, Ont., tells in the following letter of his remarkable experience with Dr. Chase's Kidney-Liver Pills: "My doctor treated me for some time for Sciatica, Rheumatism, Lumbago, but to no purpose, for I had to lay off work. The visiting officer of Sick Benefit called to see me and advised the use of Dr. Chase's Kidney-Liver Pills, stating that he had been cured of the same trouble by them. I bought a box of the pills, and he recommended them. Not being satisfied with this, I went back to my doctor, and when he said I was cured, I began their use. The promptness with which they relieved the action of the kidneys and bowels was wonderful, and it was not long before I was rid of all my trouble.

"I was so bad that I could only walk by hanging on to a chair or the wall. My wife had to carry me about, and those who have had this ailment can realize the way I suffered. I am writing

ing this letter to let people who have my trouble know of these pills. You are at liberty to use this letter, and if anyone interested will call or write to me I will give every detail."

Write to Mr. Parker, inclosing stamp for reply, and he will verify this statement. He will do this out of the gratitude he feels for his cure and because he realizes how difficult it is to obtain the cure of these dreadfully painful ailments.

There are so many treatments recommended for rheumatism that you naturally doubt them all. Here is an opportunity for you to verify the cure and put this great medicine to the test. It will only cost you a quarter to try Dr. Chase's Kidney-Liver Pills. They get at the very foundation of rheumatism, and by removing the poisons from the system take away the cause of pain and aches.

WESTERN GRADUATES RECEIVE DEGREES AMID VAST THROGG

The convocation exercises of Western University were held last night, when the Y. M. C. A. Auditorium was filled to capacity to confer degrees upon 22 graduates in arts and medicine. The degree of M. A. was given to three arts graduates, the Arts Bachelor degree to seventeen men and women, and the Degree of Medicine to twelve men. Many undergraduates received special awards in the form of medals, scholarships and prizes for work exceptionally well done. Addresses from men of learning were listened to with the respect their words called forth. And when President Braithwaite told of the splendid projects in view for the further advancement of the school, the large audience heartily cheered and acclaimed these words caused that they were all heart and soul ready to do their utmost to further anything that would make for a bigger and better school. Dr. Braithwaite did not spend many moments in acquainting his hearers with the vast plans the Board of Governors had in view. He stated merely facts, but these were of such import as to bring forth round after round of applause lasting some time. During the year 1914 all the pecuniary aid the arts department of the university received was \$5,500. With this small sum the governors were compelled to run this department.

During 1915, the past year, the sum of \$19,000 had been at their disposal, and with this added revenue it was possible to obtain the services of three more professors and otherwise make necessary changes. For next year a splendid sum of \$30,000 is promised. Four more professors will be added to the strength of the teaching staff and needed additions of another kind will be possible.

New Building Needed. "For the past few years," said Dr. Braithwaite, "greater stress has been laid on the medical department of the university than on the arts. This was due so that the medical school could be put into a condition second to none in the Dominion, in a limited way. A splendid laboratory has been fitted out and now the only thing needed is a new building. The students coming here increased with the years, and it is necessary that larger quarters be prepared for them. A campaign has been started to raise the necessary funds, and appeal to all in this audience to further the efforts of those connected with this work, and to enlist the aid of all others who now or may come into contact with it.

"The further development of the arts department has now been started with. Our one great goal in view is the securing of the same recognition as arts departments of other universities receive. We are not willing to occupy subordinate place in this country as a seat of learning. We must be at the very forefront and have reasonable justification for the belief that soon this dream of ours is to see realization. We are situated in the best part of Ontario. There is no place in Canada, really, where there are more students looking forward to a university education. The numerous high schools and collegiate institutions in and around our city are yearly graduating young men and women whose steps naturally turn towards a higher education. It is our duty to get these youth among us. The tide may not turn in our direction at once, but in a few very short years the flood will set in, and we must be in a state of preparation to meet it. For this fall term a record freshman year is assured already. What the further years have in store is greater and will be increasingly greater as time goes by.

At the conclusion of the beautiful prayer spoken by Rev. Mr. Waller, principal of Huron College, at the commencement of the program, Mr. R. E. Charles delivered the valedictory address. Mr. Charles has had an especially brilliant career at Western, and his valedictory spoke him a man of parts and learning. He did not tire his hearers with a long, senseless jumble of words, but

in clear, concise English told of the pleasure and pain four years as a student had brought him and his fellows, and his opinion on the other graduates, hoping to see them filled. The fact that the class of '15 was the largest Western had yet produced was in itself a signal honor. The university, he declared, was on the threshold of great things. The 15 graduating class had had distinctiveness of other kinds, too. It neither had a dinner nor yell, and only within the last few weeks had it had a class picnic. Rather unique he thought. He hoped and prayed the seventeen graduates would prove trustworthy guides and sympathetic advisers in life from tonight onwards. Although they were severing intimate relationship with their beloved Western still the relationship existed, for they would carry the memory of the years spent within it to the grave, and through life would always be eagerly willing to do anything that might further its high aims and endowments.

Conferred Arts Degrees. Dr. N. C. James conferred the arts degrees, and the president instituted an innovation when instead of uttering Latin phrases he uttered a general address to the graduates. He spoke himself in English. Dr. Hugh McCallum, dean of the medical faculty, conferred the degrees of medicine. Dr. Eccles administered the oath. But four of the twelve graduates were present to receive their degrees. These were George Duncan, McTaggart, Gerald Hamilton, Mary Pearson, Emerson Clark McFarlane and William Glenn Siddall. Three of the graduates who received their degrees in absentia, are at the front in France fighting for their country, and when the dean made mention of this fact the audience cheered madly, clearly attesting to the high regard in which the men are held and their action. Their names are Beattie Martin, David Emerson Scott and William Lauder Laurie. The others to receive their diplomas, although not present, were Herbert Russell Baines, Louis David McCann, Rupert Gilpin Doupe and Clifford M. Kellor.

The special award of the governor-general's medal won by Miss Lily M. Bell and the Canadian history research scholarship, also won by Miss Bell, were presented by Bishop Williams. The fourth year general proficiency scholarship, awarded to R. E. Charles, the third year scholarship in English and history, awarded to Katharine J. Wardrope, the third year general proficiency scholarship, awarded to Harold Payne, the Alumnae Scholarship, awarded to Miss Martha F. I. Weir, the Second Year Scholarship in Honor of English and History, awarded to Miss Dorothy Turville and the Second Year Scholarship in Honor of Political Science, awarded to Frank H. Curran, were presented by C. R. Somerville, chairman of the board of governors. The Second Year General Proficiency Scholarship, also presented by the chairman, was awarded to Miss Lulu O. Galsner.

Major T. G. Murphy presented Miss Caroline L. Vrooman with the U. A. Buchner Gold Medal in Mathematics. A. G. Jacques in absentia, with the First Year General Proficiency Scholarship. The prize in Fourth Year Constitutional History was won by Miss Bertha M. Fraser, the prize in Third Year English by W. C. Martin and the prize in Third Year Philosophy by J. H. Wheeler. Dr. Fraser made the presentations.

Rev. Dr. Silcox presented Miss Edith M. Appleyard with the prize in Second Year Latin, W. R. Matthews with the prize in Second Year French, and Bert Hannah with the prize for Public Speaking, and took the occasion to utter some very nice words of congratulation to the recipients.

Addresses Graduates. The address to the graduating class made by Rev. D. C. Macgregor, the laid great stress on the part mothers play in the shaping and moulding of a son's or daughter's character, and insisted that up until the threshold of graduation the students exercised this benign influence. The men and women who had just received their diplomas in arts had had special opportunities, and now must face special responsibilities.

"You have been storing your minds with the wisdom of the ages," he said, "and you should live on the mountain tops of privilege. But now the demons are to be met with and vanquished. There are demons of lust, greed, selfishness, hate and waiting for you. The best energies of your hearts and minds are now demanded. You owe it to the state to do well. Your education has cost nine or ten hundred times the sum of money it costs to educate a public school child and much more than is required for the education of a high school graduate. The state has done this for you because it realizes that the country has need of leaders and you are fitted for these offices. You should make a contribution to the world as citizens. Dispel ignorance. Make your presence felt in the world, and for good. Show true courage always and always live lives in service. Unlike the German idea of culture which teaches that unholy philosophy of the survival of the fittest, believe and live the philosophy of Britain, which gives herself for the life of the world, and in service.

"One of the burning questions of the day is whether or not university education properly fits a man for life's battle. Only by the personnel of the graduates is this decided. The finest education is that which puts a man in closest touch with his fellow-men. All other education is false. A serious reflection on the culture of our day is found in the fact that when workmen wish a man to fill a public office they choose one from among their own number. They are distrustful of the cultured class. This is not good, for in the reconstruction of civilization the university man must take a part. He must arrest the tendencies which would make of the world a wreck."

Dr. McCann took occasion during the evening to make the statement that Dr. Hill was coming back to London to refill the position of director of the public health department of the university. His return meant for greater things for the university, stated the dean.

INSPECTOR FINDS FAULT WITH PIPES OF THE SCHOOL

Says Walls for School Not Up To The Required Thickness.

ISSUES SPECIAL PERMIT

Work on New Victoria Street Structure Will Be Rushed.

A special permit will be issued for the erection of the new one-story school on Victoria street, although the building inspector reported to the board of control yesterday that the construction shown in the plans did not conform to the existing bylaws. The walls, he pointed out, were nine inches thick only, whereas the bylaw called for twelve inch construction for all public buildings.

John M. Watt, of the firm of Watt & Blackwell, declared that the proposed construction was a perfectly safe one in his opinion, and School Trustee A. E. Silverwood pointed out that McTaggart had constructed schools in the United States had been standing for four years.

The mayor was of opinion that the permit should be issued and the board decided on a special bylaw to provide for the case.

Formal permission was given to Fred Mitchell to install the drinking fountain which he has offered to give to the city and which is to be placed in front of his store on Dundas street.

A representative of the insurance company which is underwriting the lives of the London soldiers reported that 54 had been insured. These were members of the detachments for overseas duty. The names of the men of the 53rd and other units who live in the city will be considered later.

Engineer McGregor reported that he had been in telephonic communication with his principals, Chipman and Powers, and that the latter suggested going ahead with the contracts for the main storm and sanitary sewers for which bylaws had been passed. He said that, although the provincial board of health had refused to issue the necessary permission for the work until detailed plans of the disposal plant had been submitted, Mr. Chipman thought this was a matter of form only. The matter was laid over until next week and in the meantime Mr. McGregor will submit a report on the appointment of the cost of the storm and sanitary sewers respectively in order that the latter may be installed as a local improvement.

A recommendation from the engineer that the sidewalk on King street between William and Adelaide streets be repaired was submitted to No. 2 committee.

A petition was received asking for a new sidewalk on Dundas street between Ridout and Talbot streets. Some time ago when this work was proposed the tenants of the properties fronting on that section of the street protested that it was not necessary.

FAST POWER BOAT AND DIVING SUIT MIGHT RESCUE

Fire Chief Discusses the Frequency of Drownings in River Thames.

POLICE COULD GIVE HELP

Mr. Aitken Believes Duty Is Bluecoats—Boat Asked For Never Secured.

The fact that drowning accidents in London have been of rather more frequent occurrence than one would expect to be the case in a city where the only open water is a gently flowing river which the greater part of its length is quite shallow is due, according to Fire Chief Aitken, who has assisted at the rescue of more persons and at the recovery of more bodies from the river than probably any other single individual in London, to the treacherous "holes" which are to be found here and there in the bed of the Thames and which cannot be charted because of the fact that their location is continually changing.

He makes the claim that never has a drowning occurred in the river since the fire department was charged with the duty of "life saving," as a result of inefficiency or lack of promptness in responding to a call for assistance.

Work for Police.

The chief does not think that the police department should look after drowning accidents, because, as he points out, the firemen are called out to a fire in full force much more often than a large body of the police is called out. On the other hand he considers that his own department is more efficient, and he declares that he is always willing to do everything in his power to save life or property.

One of the chief objections which he raises to the life-saving department being taken on by the police is that instead of that of the police is that while the latter have an ambulance and a patrol wagon always in commission, the fire department has nothing of the kind, and when a drowned body has been recovered from the river has to keep it lying on the bank until someone sends an undertaker's wagon or other conveyance to take it away.

Diving Suit Would Help.

He suggests that if a diving suit too much a diving suit might be a good thing to have on hand for drowning accidents. He has some excellent examples of his own and divers among the men of his force, but he declares that one person sinks in a hole and is carried under the bank of the river, where the current has undermined it, and it is very difficult for a swimmer to reach it.

Some two years ago it was decided to acquire a boat to carry the fire department's emergency truck, and which could be transported to the scene of an accident and launched from the river bank at a spot where a person had sunk. It has not materialized yet, however.

Asked if he thought a power boat stationed somewhere on the river would help in locating a body in case of an accident, the chief replied that his suggestion was not a feasible one, as the mucky shallow places in the river would prevent the passage of such a boat. He thought a small powerboat with a detachable motor might be of use, although it is not a very good one, capable of any great speed.

COMPANY HAS TITLE

Weekly Court Confirms Report of Local Master.

Two cases came before Mr. Justice Sutherland in the case of the Wardle infant's case, on behalf of the mother and father, who live in Otterville, for the custody of the children's child, who was born at Woodstock. The case was only partly argued, and the motion was enlarged for one week so that further material regarding the case may be obtained. W. C. Brown, of Tillamook, for the mother; J. E. McKillop, for the father; and J. E. McKillop, for the children's child. Company was made confirming the report of the local master at London, and that the company has a good title of possession to part of lot 22, Dundas street, north side, F. E. Perrin for the motion.

STREET RAILWAY JITNEYS

Possibility That Company May Start Line of Its Own.

Three of the new regulation jitney cars appeared in London streets this morning. They will seat 16 or 20 people. They were taken with the innovation. It is rumored that the Street Railway Company is considering the idea of putting on a jitney service of its own in competition with the one now in business. If the idea becomes a fact, the company will charter the same cars as on the street cars. Yellow and green tickets will be issued, and a straight five-cent fare will be the price. This idea has been inaugurated in several American cities where the jitney has begun business.

Some citizens are of the opinion that the city of London should go into the jitney business of its own accord, and think it could be made a paying proposition.

MR. HODGE PROMOTED

Former C. P. R. Superintendent Here Assistant to General Manager.

On the first of June, Mr. George Hodge, general superintendent of the C. P. R. eastern division, and formerly superintendent in this city, who resided at 745 Colborne street, will be promoted to the position of assistant to Mr. A. D. MacTier, general manager of the eastern lines, and will be replaced by Mr. A. E. Stevens, who has been general superintendent of the Calgary division of the C. P. R. Mr. Hodge has grown up with the C. P. R. system almost since boyhood. He was assistant to Mr. MacTier, chief clerk and secretary to Mr. David McNicol, vice-president, superintendent of terminals at Montreal, and general superintendent at London, and was advanced to his present position, which was one of much responsibility. He is a general favorite, both in and out of the general office, and all along the line, for his genial and kindly nature, coupled with thorough knowledge of his duties and eagerness and ability to carry them out. He is assistant to Mr. MacTier, he will have charge of large material affecting the eastern lines as a whole.

MORE TRENCHES LOST
BY GERMANS TO FRENCH

All Counter-Attacks by Enemy Easily Repulsed, Says Paris.

[Canadian Press.]

Paris, May 29.—The French war office this afternoon gave a report on the progress of hostilities as follows:

"In the region to the north of Arras there occurred last night a very violent artillery engagement. The enemy bombarded particularly our positions on the heights of Lorette. A night attack made it possible for the use of the road between Aix Noullette and Souchez. At about midnight a German counter-attack on our trenches at Abbeville-St. Nazaire was easily repulsed.

"In the Argonne, in the vicinity of Fontaine Madame, we yesterday took possession of a section of the enemy's trenches."

BELGIANS HOLD BRIDGE.

[Canadian Press.]

Brussels, May 29.—The following communication was issued today at the Belgian war office:

"An infantry attack last night against a bridgehead held by our troops was repulsed."

[Continued From Page One]

FIGHTING SINCE

to go on," he writes. When he wrote the letter, he said, "I have been through the hottest corner of my life. I am a lucky man to be sitting and writing this letter to you."

It is pitiful to see the gasping for breath when they have been shelled with German gas bombs. I am stuck in a trench, cooped up in a little hole like a jackrabbit, and I put my head up and I am liable to get it blown off. Huntley has relatives in Ireland, and he tells his wife to write to them, stating that the Irish have been "very good to the soldiers at the front, having sent them socks and warm things, and supplies of all kinds."

A Contrast in Conditions.

The writer is impressed with the contrast in conditions within a small territory in France; the farmers have stuck to their homes and to their land, and their homes had been ruined even when they were within a half-mile of the trenches. The country, seven or eight miles behind the trenches, is under cultivation; the land is plowed and sown, and there is nothing to give the impression of the world's greatest battle being fought at so short a distance from the distant booming of the big guns.

"In Belgium the roofs have been blown off the homes above the heads of the people in their houses, but a few seem to mind it a bit. Some of them have families of little children. Poor mites. What a tale they will have to tell when they grow up. There will be great misery after this war."

Homes Are All Gone.

"People will come back to find their homes shelled to pieces, and in some cases not stone is left standing. It would make your heart bleed to see the dirty work that the Germans have done, the writer says, who has seen little children homeless, and their homes blown to pieces by the big guns of the Germans. However," he concludes, "this kind of thing can't last forever."

GERMANS IN BRAZIL
GETTING INTO TROUBLE

Paper Denounces Them for Intention to Proclaim Independent State.

[Canadian Press.]

Rio Janeiro, Brazil, May 28.—The Gazette De Noticias, in its issue of today, denounces what it describes as "German manoeuvres" in Southern Brazil, where the Germans have established an important colony.

This paper declares that the German colonists assembled a depot of munitions of war, and that it was their intention to proclaim the independence of the state of Santa Catharina. The outbreak of the war in Europe caused them to postpone carrying this project into effect. It seems that the Brazilian Government has been informed of this intention by the German minister, who promised to make an investigation.

Continuing, the Gazette De Noticias states that the German minister in Brazil admitted that he had spoken to the German minister on the subject.

COURT PHYSICIAN.—Dr. Thompson has been appointed court physician of Court Orient, No. 331, C. O. F., in place of late Dr. James McArthur.

INFANT SON DIED.—Many London friends of the parents heartily sorrow of the death in Detroit this week of James Campbell Gleason, infant son of Mrs. Mrs. Campbell Gleason, Drury avenue.

DONATION ACKNOWLEDGED.—The Women's Christian Association gratefully acknowledges the donation of 100 loaves of bread from the Neal London Bread Company to the Infants' Home, St. James street.

DANCES.—The dancing season will close at the Palace Academy next week. The club "hops" will finish on Monday evening, and the final advanced class sociable will be held on Wednesday evening. Messrs. Dayton & McCormick report a very successful season.

NEW LOGS AT DAM.—The utilities board plans to install a new system of logs to be operated by electricity at the Springbank dam. The old logs and supports have been worn, and the system was a difficult and dangerous one, the commissioners will change it. Work will start shortly.

SPECIAL SERIES.—At the Hamilton Road Presbyterian Church on Sunday evening, Dr. McCrae will begin a short series of sermons on spiritual subjects. Sunday evening the subject will be "The Signs of the Times," or "Signs and Wonders from Heaven." The Sunday school meets before the morning service.

GOES TO ATHABASKA.—Harry Metcalf, who has just passed with honor, and received the degree of M. A. at the Western University, will be ordained at the forthcoming ordination for the Diocese of Athabaska, where he will commence his ministry. Mr. Metcalf is announced to preach at St. Luke's Church, Broughdale, on Sunday evening.

APPEAL FOR INVALID CHAIRS.—Invalid chairs are badly needed at military hospitals for wounded Canadian soldiers. The Red Cross committee in this city is desirous of securing as many as possible to be forwarded next month to England, and will gratefully receive either donations of chairs or subscriptions towards their purchase. One chair has already been received from Mrs. Charles Leonard.

DOWN IN KENTUCKY.—A Kentucky statute provided that any person who should unlawfully and without the consent of the owner take and operate a motor vehicle should be confined in the penitentiary for not less than two nor more than five years. The Kentucky board of appeals has ruled in the case of Singleton vs. Commonwealth, that the statute did not impose a cruel punishment within the meaning of the constitution.

VISITS MASONIC LODGE.—Rt. Ex. Comp. Dr. G. T. Kennedy, of St. Thomas, officially visited St. George's Masonic Hall last night. A number of visitors were present for the occasion from Aylmer. Addresses were made by Rt. Ex. Comp. Dr. Kennedy, of Aylmer, Thomas Rowe, of this city, and others. During the evening, St. George's Chapter presented the Aylmer delegation with a Masonic book.

MR. CAIRNS NOMINATED.—J. F. Cairns, formerly manager of the Grand Opera House, now a moving picture theatre, was nominated as Liberal candidate for Saskatoon, where he is the owner of a large department store. Mr. Cairns, a resident of London, was born in Chatham and was one of the most popular theatre managers who ever came to London. He was manager of the Grand Opera House when it was in the theatre business, and has been a successful western merchant for some years.

MEANS DON'T LIVE.—The Grand Trunk system in London are not well pleased with the new schedule, which goes into effect tomorrow. The new time table will be put on different runs and that they will not be enabled to make this city their headquarters as in the past. According to the new time table the men will have three changed runs weekly. This will mean little time at home.

OPENED WRONG DOOR.—Following his appearance in police court, a citizen is seriously considering asking the police commission to have the patrolman who arrested him removed from duty. According to the citizen he was feeling in pretty good spirits and as he arrived at his house a patrolman was standing in the doorway, he handed his latch key to the member of London's finest and asked him to open the door. The officer marched the man to police headquarters.

ABUSED HIS WIFE.—Alfred Pugh, found guilty by Police Magistrate J. C. Judd of assaulting his wife and striking John Gallagher, a soldier, because the latter would not give him a quarter, was fined \$15.00 and costs. Pugh was fully charged with assaulting the soldier, but admitted abusing his wife. When Pugh heard his sentence, he shouted, "That's all the justice I ever got in this country. I think you got off pretty easy, but if you talk like that I'll send you down for a term."

YOUNG MAN FROM THE FRONT.—The subject of conversation farmers do not try of these days is the havoc wrought by the recent frost. The potato crop has been ruined, and the farmers are suffering. The same is true of strawberries, beans, tomatoes, and cherries. Even the cherry blossoms, which had set, were frozen black, and the yield will not be entirely killed, it will be small and of a low variety. The grape vines suffered serious injury, and the fruit, at least, will not yield even a small part of what was promised.

GERMAN IN SCHOOLS.—The Toronto Board of Education will discuss the matter of teaching German in the collegiate institutes next week, and several local educators and education board members were called in an endeavor to learn their views in this matter. Principal Rogers, of the L. C. I., taught in the schools, and the modern German ideal were entirely antithetical, as it was the former which formed the matter out of which students were taught. He did not see how the subject could be discontinued. Members of the board of education were of a like mind.

RECEIVED BY ELOCUTION PUPILS.—Heintzman Hall was crowded last evening by those who came to hear the elocution recital by the clever pupils of Miss Jean Walker, assisted by the pupils of Miss Isabel Jackson. Among the pupils who took part were: Emily Jane Walker, Florence Fortin, and Elva Vance, Gladys Udy, Gladys Tuley, Elva Haskett, Lillian Carr, Mrs. Eckhart, Betsy Mills, Luella Sharpe, Ina Murray, Florence Fortin, and Elva Vance. From the class of program rendered it was demonstrated that they were well trained by their teacher. The Jackson's pupils, Marie Dextre, Gladys Loughrey, Elva McDermid, showed cleverness in the rendition of their selections on the piano. J. C. Pink also sang two or three songs, which were well received.

BACK TO THE FRONT.—Mrs. Watson, wife of Capt. George B. Watson, of the 1st Battalion, Canadian Overseas Contingent, has received a cablegram from her husband, which states that he has finally recovered of the severe attack of rheumatism which took him from the front in France, and into a hospital in Shorncliffe, England, where he has been for the past two months. The message stated that he has been passed by the medical board of examiners in England and declared once more to be fit. He will leave for the front again immediately.

AS TO MILITARY FUNERALS.—The idea seems to be prevalent among civilians that any volunteer or soldier who dies while a member of a company is entitled to military burial. This idea is erroneous. The officers in this matter read as follows: "Orders: non-commissioned officers and men of the active militia, except those who die on service, are not entitled to be interred with military honors. With the consent of militia authorities, and where no expense is involved to the community military honors may be accorded."

BITES HAND THAT FED HIM.—Samuel Albert, a Syrian, taken into custody by the detective department last night, was sentenced to three months in the county jail today by Police Magistrate J. C. Judd, when he pleaded guilty to the theft of a watch and \$17.50 from fellow countryman, Albert came to this city a year ago and being out of funds he was given employment by other Syrians. Some months ago, while they were all absent from the house, he returned and stole a \$50 gold watch, owned by William Abraham. He then rifled the trunks of the men who lived in the house and stole the watch and money part of Canada. Recently he returned here and was discovered by one of the Syrians, who reported him to the police. CONCERT AT COLBORNE STREET.—An enjoyable concert was given on Colborne Street Methodist Church on Thursday evening. The assisting artists were Mr. and Mrs. J. B. Richards, who rendered pleasing solos, but also delighted the audience with their duet, "The Crook's Banquet." Miss Gladys Butcher, of this city, rendered a contralto voice of unusual strength and beauty; Mrs. W. B. Wortman, so favorably known in musical circles of London, played a beautiful solo in a song, and contributed two very excellent solos. Entertaining readings were given by Miss Fortner, Miss Billington and Miss E. born. Mr. Guymer rendered pleasing violin solos, while Mr. Williamson added a guitar to the pleasure of the evening. The program was well planned and harmonious accompaniment. Misses Powell and Foster contributed an instrumental duet, and a song. The concert was given under the auspices of the Epworth League, was much enjoyed by those present, the only regret being that so many of our audience grooved those who gave their help so generously.

DR. MILLER, OF THE MEDICAL COLLEGE, will address the Royal College of Physicians on "The Functions of the Nervous System" on Sunday, May 30, at 4 p.m., in Sherwood Hall, Market Lane. Everybody welcome.

DEATHS AND FUNERALS

Funeral of Mrs. Doe. The funeral of Mrs. Doe, who died at her home, 295 Bethune street, Detroit, on Thursday night, will be held Sunday afternoon at 2:30 o'clock from John Ferguson & Sons, undertakers, 174 King street to Woodland Cemetery.

Mrs. Doe was the wife of William H. Doe, formerly a silversmith of this city. Besides her husband, Mrs. Doe is survived by a son and two daughters, all of Detroit. Services will be conducted at 2 o'clock by Rev. A. A. Bice, pastor of St. Vincent's Church.

News of Men In Training For Great War

FIELD AMBULANCE NOW UNDER CANVAS AT CAMP

Nearly 50 Strong, "C" Section Is Getting Down To Business.

Although the men have not yet received their issue of clothing, "C" section of No. 2 Field Ambulance, A. M. C., is already under canvas at the Carling's Heights camp. Late yesterday afternoon the "small bits" were issued to the men, who have a camp of their own at the southern end of the military property immediately to the east of the ordnance stores building on Elizabeth street.

Captain David Smith, of the 28th Perth Regiment, Stratford, with his second-in-command, Lieut. Towers, took command of the advance section that went into camp on Thursday. The main body went under canvas yesterday, although there are still some men to come in.

The Sergeant-Major, J. C. Leicester, 14 Rosewood avenue, East London, late sergeant-major of the Royal Garrison Artillery of the Imperial service, is the sergeant-major of the new unit. He is the only non-com. who has yet been appointed, but it is expected that provisional non-commissioned officers will be appointed early next week.

Sergeant-Major Leicester is a veteran of 21 years' service and is, of course, in receipt of a pension from the Imperial Government for that length of service. He fought through South Africa and wears both Queen's and King's ribbons. He took his discharge from the British army on the completion of his 21 years of service, some seven years ago. In spite of the length of time he has put in as a soldier he is still a young-looking man and it is expected that he will whip his section into shape within a short time.

Lieut. Towers, second in command of the section, was, until its formation, sergeant of the stretcher bearers' section of the 24th Battalion. He held a commission in the A. M. C., but when

he failed to get an appointment in that corps he enlisted as a private in the 24th and was made sergeant of the stretcher bearers.

A nominal roll of those who had reported for duty up till yesterday afternoon follows:

J. BAGLEY.

VETERAN OF R. C. R. HAS PASSED AWAY

WRIST WATCH AND CASH GIVEN MAJOR H. N. ABEL

Injured Officer of 7th C. M. R. Remembered by Regimental Messmates.

Major H. N. Abel, commander of A Squadron, 7th C. M. R., who was injured some months ago when his horse fell with him at Queen's Park, and who has since been on sick leave, was today presented with a wrist watch and cash by his fellow officers of the 7th C. M. R. The presentation was made through ex-Mayor W. M. Spencer, father of Lieut. A. C. Spencer, adjutant of the divisional cavalry.

Today was the major's first day down town since his accident, and he was called into Mr. Spencer's office, where the presentation was made. Accompanying the gift was a note signed by the following officers of the 7th C. M. R. and divisional cavalry, which was read from the ranks of the first-named unit:

LIEUT.-COL. E. I. LEONARD.

NO VISITORS ALLOWED UNTIL 2 P.M. SUNDAY

Civilians Will Be Barred From Camp During Divine Service.

Sunday is "quiet day" at the tented city on Carling's Heights, but no civilians will be allowed within the grounds until 2 p.m. tomorrow. The day's orders of the 33rd and 34th are that civilians are to prevent their breaking the regimental lines during the service.

There is divine service at the camp grounds tomorrow morning. Capt. H. Dobson Peacock, chaplain of the 33rd, and the restrictions on civilians is to prevent their breaking the regimental lines during the service.

The orders announce that the church parade for Roman Catholics will be held at 9:15 a.m., and that under command of the senior officer on parade, the Catholics will be marched down town to the cathedral.

The Protestant service will be taken as before mentioned by Capt. Peacock, and will be conducted on the parade grounds at 9:30.

VETERAN SOLDIER DIES

Michael O'Connell Saw Active Service in Boer War.

A veteran of the Boer war and a soldier for many years, Michael O'Connell, residing at 404 Adelaide street, died yesterday at his home in his 74th year. The late Mr. O'Connell was a member of the R. C. R. for 24 years. He was stationed at Wolsley Barracks here for eighteen years and previously had served nine years at the military post at Halifax. Besides seeing active service in South Africa he went west with his regiment at the time of the Northwest rebellion. He was a member of King Solomon Masonic Lodge and Forest City Lodge, Ancient Order of Foresters.

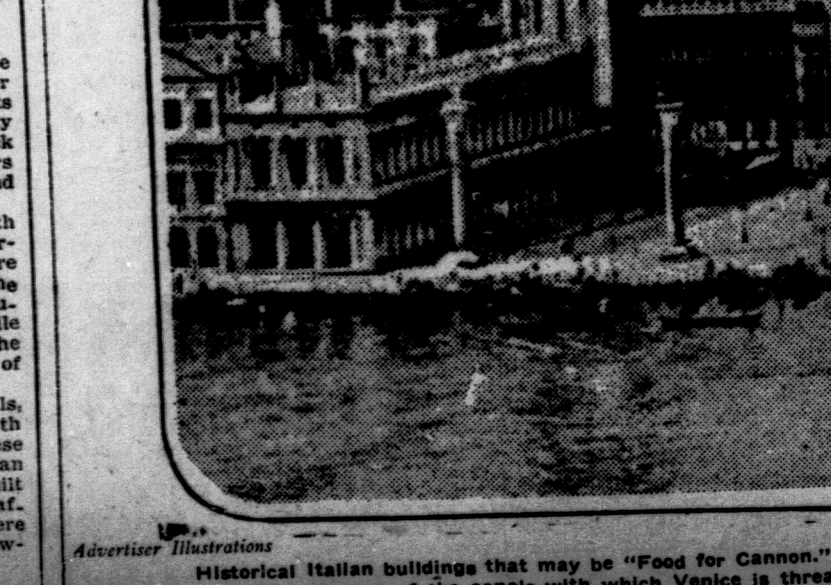

Surviving are his wife and two sons, Charles with the 18th Battalion at the front and Louis with the 33rd Battalion unscathed here.

He will be buried with military honors on Sunday, when members of "D" company, 7th Regiment, will act as a firing squad. Rev. E. Appleyard will conduct the services. Interment will be made at Woodland Cemetery.

NEW HAMBURG, STABLE BURNED.

NEW HAMBURG, May 23.—The stable of Dr. R. W. Anderson, situated on Wilcox street, was destroyed by fire last evening. It originated from a bonfire spark, and spread with such rapidity that by the time the firemen arrived, the whole building was a mass of flames, and nothing could be done to save it. There were three horses in the barn at the time, but these were saved. A buggy, cutter and a racing cart, as well as all harness and blankets were destroyed. The loss will be about \$1,000, and is partly covered by insurance.

THE DIARY OF MARS

Armies of Italy are drawing nearer Trent and Trieste, the principal cities of the territory over which Italy went to war. Little news of the campaign is received from Italy, on account of a rigid censorship, but despatches from Geneva state that the Italians are still advancing. Near Gorizia, the Austrians offered determined resistance, leading to fierce bayonet fighting. In Trieste, anti-Italian disorders are reported, and the municipal authorities are said to have fled.

Why Did You Enlist?

The Advertiser is offering three prizes of \$5, \$2 and \$2 for the best essay, of 250 words or less, written by enlisted men in London on the subject: "WHY I ENLISTED."

The competition closes on Monday, May 31, and a large number of manuscripts are expected.

OFFICERS ON LEAVE

Leave of absence has been granted by the camp commandant as follows:

Lieut. H. W. Scrutcher, 34th Battalion, from 8:00 a.m., 29; 5; 1915, until 11:00 a.m., 31; 5; 1915.
Capt. E. Frenlin, 34th Battalion, from 8:00 p.m., 29; 5; 1915, until 11:00 a.m., 31; 5; 1915.
Capt. J. N. McRae, 34th Battalion, from noon, 29; 5; 1915, until 12 noon, 31; 5; 1915.
Capt. W. W. Muir, 33rd Battalion, from 6:00 p.m., 29; 5; 1915, until 12 midnight, 30; 5; 1915.
Capt. F. Cowell, 33rd Battalion, from 7:00 p.m., 29; 5; 1915, until 7 p.m., 31; 5; 1915.
Lieut. G. E. Scroggie, 33rd Battalion, from 12 noon, 29; 5; 1915, until 5:30 a.m., 31; 5; 1915.
Lieut. G. de C. O'Grady, 34th Battalion, from 12:30 p.m., 29; 5; 1915, to 12 midnight, 31; 5; 1915.
Lieut. W. N. Cooke, 33rd Battalion, from 2:00 p.m., 29; 5; 1915, until 12 midnight, 30; 5; 1915.
Lieut. H. D. Robertson, 34th Battalion, from 5:30 p.m., until 12 noon, 1; 6; 1915.

MAY BECOME CHAPLAIN OF INFANTRY BRIGADE

Captain Peacock, of the 33rd, May Also Become Chaplain of the 34th.

There is a possibility that Capt. H. D. Peacock, chaplain of the 33rd Battalion, may be appointed chaplain of the 34th as well. Under present conditions it is only possible for a chaplain to get to the front when he is appointed to two battalions or in other words the Government ratio is one chaplain to every 2,500 men. As the 34th has no chaplain, and as Capt. Peacock has been officially designated as the camp chaplain, it is not unlikely that he will be appointed to the 34th as well.

COLLEGIATE CADETS TO ATTEND SERVICE

The London Collegiate Institute Cadets will attend divine service at Dundas Centre Methodist Church on Sunday morning, when Rev. A. J. Thomas, pastor, will preach an appropriate sermon, taking as his subject, "The Courage of Christ." In the evening the pastor's theme will be "Loyalty."

DEATH OF CHAS. A. PAUL

STRATHROY, May 23.—Word was received here today of the death of Charles A. Paul, in Sault Ste. Marie, Ont. Mr. Paul was well-known here, his sister, Mrs. N. Smith resides on Head street. The body will arrive here today afternoon. Headed by the unit's bugle band, the pious soldiers, wearing long in true military style, calling forth many favorable comments from citizens who witnessed the march.

MIDDLESEX MILLS PUT LONDON INTO TEXTILE INDUSTRY

Organization of Important Industry Is Proceeding—Conditions Favorable To Entry Into Manufacture of Fine Woollens.

Continued improvement in the Dominion textile manufacturing trade over that of a year ago is reported in the financial journals, and it is perhaps the most striking feature of the industrial situation during the past week. The elimination of British, German and Austrian goods, and the protection afforded by the war tax, on manufactured articles, are largely responsible for this state of affairs.

Canadian Cottons, Limited, has made a splendid showing over last year in spite of adverse conditions. The Dominion Textile stock on the Montreal Exchange has remained firm, and indeed gained half a point last week, despite the dull state of the market.

MILITARY MEAT PROBE MOST SEARCHING ONE

GOSSIP OF CARLING'S HEIGHTS

Friday afternoon was an "off day" in camp. Parades were cancelled, and the men of the infantry battalions took advantage of the holiday to snatch "forty winks" to make up for the loss of sleep the night before, when the men were bivouacking in connection with the tactical manoeuvres.

With the location of the Field Ambulance camp near the Ordnance Buildings, it will be necessary to strengthen the guard. All the fences surrounding the ordnance stores and the stores themselves are "out of bounds" to the troops. The only official entrance and exit from the camp is the Oxford street gate.

There is some talk of flooring all tents at the camp. The officers' tents are already floored for the most part, and it is expected that the men will have floors in theirs as well.

The iron garage, formerly in the rear of the divisional headquarters on Richmond street, has been moved to the northeast of the barracks to accommodate the divisional car.

More of the married officers' quarters in the Wolsley Barracks are being prepared for the use of married members of the headquarters staff.

Some of the additional recruits of the 33rd, and the companies to which they have been posted are:

George Quinton to A.
John Clarkson to A.
Carl Zeigler to D.
Harry Woodcock to C.
Fred O'Dell to A.
W. A. Barnes to C.
Charles Leyden to C.
Andrew McAlpine to C.
Andrew McAlpine to C.
George B. Josby to A.
E. Gancotte to A.
George Andue to A.
George Coates to C.
Robert Mullen to D.
Murray Head to C.
Cornelius Cronin to C.
Thomas Dwyer to B.

Recruits enlisted in the 34th since the last list was published are:

A. Cowan to Sand.
H. J. Carey to Band.
W. McKeegan to C.
O. Oelmann to C.
G. Copeland to C.
J. Burns to C.
J. Mallory to C.
R. O. Williams to D.
W. E. Peor to D.

All company books and records will be inspected on Tuesday and Wednesday of next week.

Major D. Fletcher, of the 34th, is field officer of the day today, having taken over the duties of Major W. J. Douglas. Major G. H. Wilson, of the 7th C. M. R., is the medical officer of the day.

A big combination recreation, reading-room and canteen tent for the use of the 24th Battalion has been erected to the south of the Y. M. C. A. tent east of the battalion's lines.

Extemporized barber chairs are the order of the day for the camp. One of the regimental barbers has been using a wheelbarrow as his "throne" while he scrapes his customers.

According to members of the 34th, recruiting has been much brisker for that battalion since it came to London than it was while enroute in the Winter Fair Buildings, at Guelph.

The military police of the 33rd Battalion will enter a tug-of-war team in the Manufacturers' Sports to be held here on June 12.

Recruits taken on the strength of the 33rd during the past week total 27.

There was a muster and inspection of the 33rd this afternoon at 2 o'clock.

The officers commanding the 33rd and 34th have been ordered to detail a battalion electrician in connection with the new telephone service that has been installed, in order that the headquarters' staff may be in touch with each other of the battalion headquarters and officers.

Many of the officers attending the "special captains" and first officers' course, the next leave of absence to leave the city over Sunday.

Monday will be pay and settlement day for the 24th Battalion.

Reg. Sergt-Major A. Cant, of the 24th, returns to Guelph, his home, for a week-end visit today.

Rev. Mr. Bowen, of the Bible Society, was the speaker last night at the Y. M. C. A. tent service. More than 80 soldiers joined the Pocket Testament League, and were presented with Testaments.

Class No. 2 of the subalterns taking the lieutenants' course yesterday presented Sergt-Instructor Prouse with a purse of gold.

Although the weather can hardly be termed summery, there are countless scented notes and faces where the sun has burned its way in. The infantrymen and cavalry are all tanned up, and are fast becoming weather beaten.

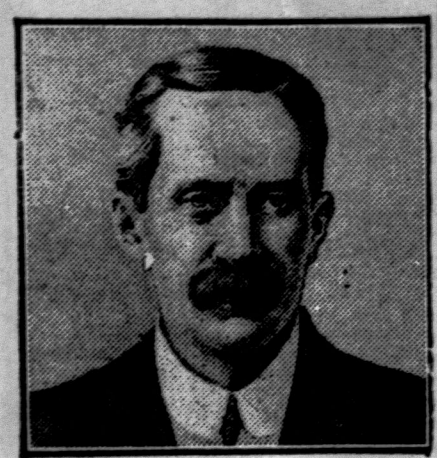

One of the recruits of the new field ambulance is some strong man. Today in tent peep he drew the peg clear up through the head of his mallet.

HAMILTON CONFERENCE W.M.S. ENDS SOON

WOODSTOCK, May 23.—Closing its three-day convention here Friday evening, the Women's Missionary Society of the Methodist Church of Hamilton conference elected the following officers, to serve until the next convention: President, Mrs. J. E. Baker; Brantford; first vice-president, Mrs. James Harrison, Hamilton; second vice-president, Mrs. Charles Hardy, Hamilton; third vice-president, Mrs. C. E. McLachlan, Hamilton; recording secretary, Mrs. A. E. Lavell, Brantford; corresponding secretary, Mrs. E. J. Moore, Burlington; treasurer, Mrs. A. Detweiler, Brantford; mission circle and band corresponding secretary, Mrs. Andrew Ross, Hamilton; superintendent of Christian stewardship, Mrs. William C. Morton, Hamilton.

WHILE FAIRLY USES THEM

"Fruit-a-tives" Keeps Young and Old in Splendid Health.

J. W. HAMMOND, ESQ.

"Scotland, Ont., August 25, 1913.
"Fruit-a-tives" are the only pills manufactured, in my way of thinking. They work completely, no gripping whatever, and one is plenty for any ordinary person at a dose. My wife was a martyr to Constipation. We tried everything on the calendar without satisfaction, and spent large sums of money until we happened on "Fruit-a-tives." I cannot say too much in their favor.
"We have used them in the family for about two years, and we would not use anything else as long as we can get "Fruit-a-tives."
"Their action is mild, and no distress at all. I have recommended them to many other people, and our whole family uses them."
"J. W. HAMMOND."

Those who have been cured by "Fruit-a-tives" are proud and happy to tell a sick or ailing friend about these wonderful tablets made from fruit juices. Fifty cents a box, 6 for \$2.50, trial size 25 cents. At all dealers, or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

THE CHARM OF MOTHERHOOD

Enhanced by Perfect Physical Health.

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at such times, but many approach the experience with an organism unfitted for the trial of strength, and when it is over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child and a distinct change in the mother results.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or vitality. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, and with ample time in which to prepare, women will persist in going blindly to the trial.

Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound made them women normal, healthy and strong.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Defy Dyspepsia!

Among the symptoms of Dyspepsia or Indigestion may be mentioned a heavy, cutting pain soon after eating; a distended, full feeling of the stomach and bowels; belching of wind and gas; flatulence; a burning sensation in the stomach, which indicates acidity; heartburn; palpitation of the heart; oppression of the chest; pain under the ribs and shoulder-blades; headache through the temples and eyes; dizziness, coated tongue and constipation; sometimes nausea or vomiting.

Abbey's Effervescent Salt is the natural specific for all these conditions. Being an antacid, it immediately relieves the acidity of the stomach and stops the fermentation. It stimulates the secretion and muscular action of the stomach and bowels, and overcomes the constipation. When its use is kept up the normal action of all the organs of digestion is re-established.

TO REDUCE YOUR WEIGHT EASILY AND QUICKLY.

If you are overweight the cause of your overweight is lack of oxygen-carrying power in the blood and faulty assimilation of food. Too little is being made into the harder tissues of fat, and too much into little globules of fat. Therefore you should correct the mal-assimilation by increasing the oxygen-carrying power of the blood. To do this, go to any good druggist and get oil of orris, only sold in original capsules and in capsule form, and take one capsule after each meal and one at bedtime. Your weight will be reduced to what it should be on all parts of the body. The effect of oil of orris in capsule form is remarkable as a weight reducer and it is perfectly safe.—E. J. T.
Any druggist can supply you or a large size box will be sent on receipt of \$1.00. Address D. J. Little Drug Company, Box 1240, Montreal, Can.

RECORD OF GRAPE AND HAY IN THIS DISTRICT

Bradstreet's Report Says the Trade in City Continues Active.

BUYING POWER NORMAL
Live Stock Farmers Have Done Well in Western Ontario.

Bradstreet's Weekly Trade Review says today:

Toronto reports to Bradstreet's say that an atmosphere of optimism prevails. This is due to the fact every day has added to the prospect of record grain, hay, and fruit crops throughout the Dominion. If the prospects are realized it will mean an increased tangible asset of between \$200,000,000 and \$300,000,000. Interviews with Toronto business men at present all show a more optimistic view of the outlook, and it is no wonder. Railways that have been showing decrease in the last report of sales for months will reverse their position as a result of the great carrying trade that will accrue, and buying power of the market is moving better. The nearer assurance of a great yield has already helped trade. Wholesale dry goods houses have improved the volume of sales since the last report, and reports from travellers show fair orders. Boot and shoe firms are operating quite up to expectations.

Grocery Trade Normal.
The grocery trade is about normal. While the aggregate volume of sales in hardware firms is under last year, summer articles are moving better. Butter declined one to two cents this week, while eggs were steady and cheese firm. Cheese sells nearly seven cents a pound, and splits. The hide and wool markets are unsettled and slow at the moment, the quality of hides being off. Iron and steel plants are filling with increased capacity, filling war orders. Cattle and hog prices are steady to firm in a strong market. War orders for canned meats and hog products are filling.

Montreal reports to Bradstreet's say that business conditions show definite improvement. Dry goods merchants report that the anticipated increase in summer sorting orders is taking place. The retail trade, following their principle of withholding placing orders, are buying more freely than the immediate basis now. Cottons and woollens are especially light fabrics are moving better and at firm prices. Grocery firms have done more business lately, and hardware firms report that the volume of sales has increased during the past ten days. Shoes concerns which may suffer more than average from slowness of trade, speak of the placing of fall orders as larger than for some weeks past. Prices have a tendency to be harder, few price concessions being heard of. Collections and remittances have improved and on the whole a more optimistic feeling prevails. There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or vitality. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, and with ample time in which to prepare, women will persist in going blindly to the trial.

Vancouver reports to Bradstreet's say that business conditions have improved slightly. This is needed. Dry goods firms have orders for up-country account, and the movement of groceries to this source continues liberal. Hamilton reports to Bradstreet's say that there is very little new in the business situation. Foundries are busy, and this has given stimulus to retail and wholesale trade. Business with the country vicinity has been a little quiet of late, but prospects are generally bright.

Business Active.
London reports to Bradstreet's say that business continues fairly active in Western Ontario's commercial centre. Buying power of the trade continues nearly normal. Manufacturers are some of them working to nearly capacity, and wholesalers report orders of the summer sorting class satisfactory. Crop conditions in Western Ontario continue good, although cold weather has retarded growth a little. The outlook is for a record crop of grain and hay. Live stock farmers have done well with their herds and with their hogs.

PAY TRIBUTE TO BELOVED PHYSICIAN

Court Orient, Canadian Order of Foresters, passed the following resolution last night as a tribute to the late Dr. James MacArthur. The resolution was moved by C. G. Moorhead and seconded by G. A. Shaw:
"It is with deep sorrow and regret that we are called upon to express our grief at the severe loss this country has sustained in the death of our beloved brother and court physician, Dr. James MacArthur. A position he had so ably filled for nearly a quarter of a century. During these years, no doubt many of the brothers had occasion to need his attention and oversight in illness. By his kind disposition and interest he won the love and respect of the members of the court. We will miss him, and his place will be hard to fill, not only as a capable physician, but one of his interest and energy has done much to advance the interests of Canadian Order of Foresters; and that a copy of this resolution be placed upon our minutes."

DEATH OF W. J. TUPHOLME IS SHOWN TO HAVE BEEN PURELY ACCIDENTAL.

Commissioner Mitchell Thinks Public Utilities and City Works Should Unite.

LAUNCH WAS AGROUND
After Lurch Sent Victim Into Water Companions Could Not Reach Him.

That a sudden lurch of the launch Takitis was responsible for the death of W. J. Topholme, of Chelsea Green, drowned in the Thames, opposite Woodland Cemetery Monday at noon, when he fell from the cabin roof, was the substance of a verdict brought in by Coroner Dr. Robert Ferguson's jury sitting at the court house, last night. The jury expressed itself as being at a loss to understand the frequency of drownings in the river. The jurors agreed that death was purely accidental.

Launch Went Aground.
William Mills, who was a passenger on the craft and along with William Lyons made desperate efforts to save the drowning man, stated in his evidence that had another boat been near Topholme might have been saved. The launch ran aground a moment after the unfortunate man fell from the "deck," and it was due to this that the boat was not turned back to the rescue.

Mr. Lyons in his testimony said that Mr. Topholme was riding on the roof of the cabin. Near the cemetery the boat was swung out toward deep water. This, according to the witness, jolted Mr. Topholme off into the water and before he could be saved by the other passengers he sank and his body was not recovered until some eight hours later.

Not Overcrowded.
Roy Shopland, in reply to a query from the coroner, stated that there had been absolutely no overcrowding on the boat when the accident occurred, and that the launch would have had many more were aboard.

Other witnesses who told similar stories were Lloyd Shopland, Christie Wilson, James Lewis, William Mills, D. J. Atkinson, and Chief John Atkinson. George Atkinson, a member of the fire department, who dragged for the body and was successful in finding it, also gave evidence.

PRESBYTERIANS TO MEET IN KINGSTON

General Assembly Will Again Consider Question of Church Union.

RECEIPTS FALLING OFF
Many Aspirants Named As Possibilities For Moderatorship.

Toronto, May 29.—Kingston is to be the meeting place of the Presbyterian General Assembly on Wednesday night, June 2. The opening sermon will be preached by the retiring moderator, Rev. Dr. W. T. Herdridge, in Grant Memorial Hall, Queen's University, on Wednesday evening, where the assembly meetings are to be held. The first business after the sermon will be the election of the new moderator. Among those mentioned for this, the highest office of the church, are Rev. Malcolm Macgillivray, D. D., of Kingston; Rev. Dr. John Neil, Toronto; Rev. D. MacLeod, Barrie; Rev. Dr. C. W. Gordon, Winnipeg; Professor A. B. Baird, Winnipeg; and Principal Scrimgeour, Montreal. The very best crop reports are coming in from Alberta Province. A concentration camp of 8,000 men two miles from the city will help to stimulate trade.

Vancouver reports to Bradstreet's say that business conditions have improved slightly. This is needed. Dry goods firms have orders for up-country account, and the movement of groceries to this source continues liberal. SECURE "BIG" MAN AS HEAD OF ALL CITY ENGINEERING

Commissioner Mitchell Thinks Public Utilities and City Works Should Unite.

THAT THREAT TO SUE

Glaubit's Opponent Doubts If Former Manager Can Collect Salary.

A really "big" man at the head of both the city engineering department and the public utilities is an arrangement which Utilities Commissioner Fred G. Mitchell believes would be most satisfactory to the city. He probably will suggest this later on.

In the meantime, Mr. Mitchell thinks that E. V. Buchanan, who yesterday was appointed to succeed H. J. Glaubit as general manager of the utilities board, is as good a choice as could have been made to take over the commission's work.

"However," he said, "my idea is that the two departments should be under the control of a man with wide experience and proved ability as an executive as well as an engineer. Mr. Buchanan is a very good man in his own line, and a first-class electrician, but he knows nothing about sewer work and that kind of thing which is the case of the city."

Cheap Advice Expensive.
Mr. Brazer, the city engineer, too, while he has proved capable, has not the experience which would qualify him as an adviser on all public engineering works. The kind of man who would satisfy him would not prove very expensive, in fact the suggestion of such a man would be a real economy, because cheap advice is always the most expensive kind and the converse is equally true.

Mr. Mitchell went on to say that, although the arrangement he was suggesting had been tried out in the city and had been discontinued when Mr. Glaubit was appointed to the general manager of the utilities board, the conditions were different now. At that time there was a great deal of construction work in hand in connection with the hydro system and a great deal of the time of the engineer was taken up with this work. Now, however, that work was completed and an engineer would have more time to devote to general city work.

May Have Trouble.
Speaking of Mr. Glaubit's threat to sue for the salary which he has failed to receive for several months past, he said that he was not sure that Mr. Glaubit's threat to sue for his salary was a real one. He said that he was not sure that Mr. Glaubit would have the money to sue for his salary, and that he was not sure that he would have the time to sue for his salary. He said that he was not sure that Mr. Glaubit would have the money to sue for his salary, and that he was not sure that he would have the time to sue for his salary.

BLACK-LETHBRIDGE RECITAL PLEASING

Large Audience Shows Appreciation of Organist and Reader.
The First Presbyterian Church was filled to capacity last night when a joint recital was given by George Lethbridge, organist of the church, and Mrs. Agnes Knox-Black, the well-known pianist. Mr. Lethbridge came recently from Galt, and although his work had been known in this city, last night's recital was the first time he had been heard in a solo program in this city. He is regarded as one of the most finished organists in the country, having received a thorough tuition under leading masters in France. Mrs. Black has appeared in London many times before, and her audience last night had lost none of its appreciation of her excellent work. Each number in the varied program received full applause.

Included in the program was a trio, "My God, My Father, While I Stray," by P. A. Schuchman, in excellent harmony by Miss Edith McBride, Miss Cullis and Mr. Crawford.

Following an organ selection by Mr. Lethbridge, the choir sang "First Sonata, Op. 42, in which he introduced various movements in a pleasing combination. The choir sang several readings, which she prefaced by a short description, explaining the merits of each reading regarding elocutionary effect.

ORANGEMEN ARRANGE FOR BIG CELEBRATION

Local Brethren Expect 15,000 Delegates on "Glorious Twelfth."
The East Middlesex County Orange Lodge is meeting here this afternoon to complete arrangements for the celebration of the Twelfth of July. It will easily exceed any demonstration that has been held in Western Ontario, local brethren told The Advertiser today.
Between 15,000 and 20,000 Orangemen from Huron, Bruce, Middlesex, Elgin, Oxford, Waterloo, Lambton, Kent and other districts have sent in acceptance. Scores of members from Waterloo County are at present in training on Carling's Heights with the 34th Battalion. Hundreds of their relatives and friends will take part in the big day to celebrate with the Orangemen and also pay a friendly visit.
The big celebration that was contemplated for the Twelfth of July has been called off, so as not to interfere with the local demonstration.
Following the regular business this afternoon, members of the Black Chapter will meet to arrange for a delegation to go to Hamilton on August 12. This celebration was held here last year.

THE REPORT

The Directors beg to submit to the Shareholders the Fortieth Annual Report and Balance Sheet of the Bank as on 30th April, 1915, together with a Statement of Profit and Loss Account, giving the result of the operations of the Bank for the year ended on that day.

The net profits of the Bank, after making provision for bad and doubtful debts, for interest on unmatured bills under discount, and for payment of all Provincial and Municipal taxes, amounted to \$1,031,959.08 being at the rate of 7.566% upon the paid-up Capital and Reserve Fund.

There was brought forward from last year the balance of Profit and Loss Account \$1,031,959.08 making a total Profit and Loss Account to be applied of \$2,297,278.20. This amount has been distributed as follows:

(a) Dividends at the rate of 19% per annum, amounting to	\$840,000.00
(b) Annual contribution to Officers' Pension and Guarantee Funds	7,500.00
(c) Provision for depreciation in securities and for contingencies	400,000.00
(d) Special contributions:	
Patriotic Fund subscription, \$25,000 (40% paid)	\$10,000.00
Red Cross Fund	2,000.00
Belgian Relief Fund	1,000.00
(e) Dominion Government War Tax on Bank Circulation from 1st January to 30th April, 1915	17,783.97
(f) Balance of Account carried forward	1,012,983.23
	\$2,297,278.20

New Branches of the Bank have been opened during the year:

In Ontario—Toronto, Yonge and Ann Streets; Sault Ste. Marie, James Street; Niagara Falls, Queen and Ontario Streets, and at Welland, West Side. British Columbia—Victoria, Douglas Street and Atholmer. Branches at Vancouver, B. C.; Malvern, P. Q., and Portage Avenue Branch, Winnipeg, have been closed.

It is with profound regret that your Directors have to report the death of the late President and General Manager, Mr. D. R. Wilkie, who was stricken suddenly by apoplexy on 17th November, 1914, of the Hon. Robert J. Hay, President at the time of his death, 18th December, 1914; and of Mr. E. W. Cox, on 27th June, 1914, a Director only since the previous annual meeting. Mr. Peleg Howland has been elected President, and Mr. Elias Rogers Vice-President. Hon. W. J. Hanna, Mr. John Northway and Lieut.-Col. J. F. Michie have been added to the Board to fill the vacancies.

The position of General Manager has been filled by the appointment of the Assistant General Manager, Mr. Edward Hay.

The Head Office and Branches of the Bank, now numbering 125, have been carefully inspected during the year. The Head Office and the principal Branches have also been examined by the special auditors appointed at the last annual meeting, whose report will be found attached to the statement now presented.

The Directors have much pleasure in testifying to the faithfulness and efficiency of the staff.

The whole respectfully submitted, PELEG HOWLAND, President.

AUDITORS' REPORT TO SHAREHOLDERS.

We have compared the above Balance Sheet with the books and accounts at the Chief Office of the Imperial Bank of Canada, and with the certified returns received from its Branches, and after checking the cash and verifying the securities at the Chief Office and three of the principal Branches on 30th April, 1915, we certify that in our opinion such Balance Sheet exhibits a true and correct view of the Bank's affairs according to the best of our information, the explanations given to us, and as shown by the books of the Bank.

In addition to the examinations mentioned, the cash and securities at the Chief Office and five of the principal Branches were checked and verified by us during the year and found to be in accord with the books of the Bank.

All information and explanations required have been given to us, and all transactions of the Bank, which have come under our notice have in our opinion been within the powers of the Bank.

of Clarkson, Gordon & Dilworth, C. A. of Macintosh & Hyde, C. A.

The customary motions were made and carried unanimously. Mr. R. J. Dilworth, C. A., Toronto, and Mr. George Hyde, C. A., Montreal, were re-appointed Auditors of the Bank for the ensuing year.

The scrutineers appointed at the meeting reported the following shareholders duly elected Directors for the ensuing year: Messrs. Peleg Howland, Elias Rogers, Wm. Ramsay (of Bowland, Stow, Scotland), J. Korr Osborne, Carville Mulock, Hon. Richard Turner (Quebec), Wm. Hamilton Merritt, M. D., (St. Catharines), W. J. Gage, Sir James A. M. Aikins, K. C., M. P. (Winnipeg), Hon. W. J. Hanna, M. P. P., John Northway, J. F. Michie.

At a subsequent meeting of the Directors, Mr. Peleg Howland was re-elected President and Mr. Elias Rogers Vice-President for the ensuing year.

LEAFS WIN SECOND GAME FROM LONDON IN NINTH

**Costly Errors in Reising's Infield Help Guelph To Get
on Even Terms—Schaffer Hit a Home Run
—Myers Back in Game.**

(Special to The Advertiser.)
GUELPH, May 28.—Guelph put the
Indian sign on the Tecumsehs again this
afternoon, winning out in the last per-
iod after London had tied up the score
in the eighth by six to five.

The game was a see-saw affair, the
visitors registering two in the opener.
Myers reached first when Isaac dropped
an easy one and threw short to Greaves.
Whitcraft advanced him a stage.
Schaffer and Lamy were passed, and
Myers and Schaffer scored when Reising
singled, Hoch and Eckstein were easy
outs.

Guelph got the two back, and one
more in the third, London failed to
score in that inning. For the Leafs,
Schaffer reached first on Whitcraft's
error, Hartings sacrificed. Evans passed
error, and Schaffer scored on Mur-
phy's double. O'Brien drove Greaves
through Schaffer's legs and Kirley
and Murphy romped in. Isaac and Hunt
walked, out Greaves and Killian were
easily disposed of.

Jack Schaffer, evened up in the
sixth, when he drove one of Kirley's
benders to the race-track for a homer.
The Leafs registered two more in their
half.

In the seventh London garnered an-
other, when Eckstein singled and scored
on Evans' safe single. Guelph went out
one, two, three.

The Tecumsehs tied the score in the
eighth. Whitcraft singled. Schaffer
was out to the infield, Lamy drove a
hard one at Greaves, who failed to
handle it, and Whitcraft crossed the
plate. Reising, who was passed, failed
to handle it, when O'Brien, who was passed,
scored on Hunt's safe drive to left.

Both Kirley and Evans, the oppos-
ing twirlers, were a little off-color, and
a little too generous with their passes.

Practice has been called for the local
lacrosse team this afternoon at Tecum-
seh Park. The players are requested
to be there at 2 o'clock. The local
club weather the past couple of days
has kept up the attendance at the
practices down, but most of the boys
should turn out this afternoon.

There is abundance of material in the
city for a good lacrosse team, and all
that is necessary is to get it whipped
into shape. Many of the older play-
ers are turning out, and taking a deep
interest in the club. Several of the
old-timers still show flashes of their
old-time form, and with practice will
make the youngsters step some to make
the team. What all the boys need, how-
ever, is practice, and next week will
likely see workouts announced for every
night in the week. Only a couple of
weeks remain before the schedule
starts, and it is the intention of the
local club to get the team into as good
condition as possible for the opening
game. Every convenience for the play-
ers is being provided at Tecumseh
Park in the dressing room occupied by
the club. The shower bath has been
put in and other details attended to.

**PRESTON'S BASEBALL
SEASON OPENS TODAY**

PRESTON, May 28.—The local team
of the Waterloo Amateur Baseball
League will appear before the local
fans tomorrow afternoon at Speed
Park, and no doubt they will be greeted
by a large turnout. The Preston Silver
Band has been engaged to furnish
music throughout the afternoon. The
band will parade to the park, starting
at the postoffice corner at 2 o'clock
sharp. The game is billed to com-
mence at 3:30. A win for the locals
tomorrow, and if Elmira can trim
halt, the four teams will be for
first place.

**BAD PLAYS BY INFIELD
COST BRANTFORD A GAME**

BRANTFORD, May 28.—In two ter-
rible innings filled with errors, pulled by
lost to the Saints today by the score of
8 to 7. Taking a nice lead of three tal-
less until the fourth, when poor infield
work let four runs across on a single
for two more. In the fifth, Higgins was
replaced by Warner, who could not pre-
vent a further two coming home. There-
after he was alright and held the
Saints down.

The Brants rallied in the eighth, and
got to Reilly for three hits and three
runs, and later to Howick, who re-
lieved, for a tally. They finished like
a whirlwind, but could not catch up.

**CITY CARPETBALL LEAGUE
PRIZES ARE PRESENTED**

The presentation of prizes to the
winners of 1st, 2nd and 3rd prizes in the
City Carpetball League was made
last night before a large gathering of
enthusiastic carpetballers in the Im-
perial Bank chambers. The Graham
trophy was won by the Canadian Or-
der Chosen Friends, London Council
captained by Mr. J. Pierson. The
individual prizes were gold lockets.
Second prize was gold cuff links, went
to Iron Molders' Union, captained by
J. Burke. Third prize, fountain pen,
was won by Sons of Scotland, cap-
tained by Geo. Tagg. Mr. A. E. Rob-
inson, the secretary of the league was
presented with an initialed lock of
a mark of appreciation for the work
he has done in making the league a
success.

A good program was given during
the evening. The readings by Miss
Brazier were very much appreciated
as was the musical selection given by
the Musical Club. During the even-
ing, Mr. Pierson showed how his team
defeated the Sarnia team, by out-
pointing a picked team, captained by
Mr. T. Cook. Score 11-2.

In the absence of ex-Mayor Graham,
Mr. H. Clement, vice-president, acted
as chairman. Refreshments were
served by the ladies at the close.

The speaker was Mr. D. A. Brotherton, a well-known citizen of this place. Continued Mr. Brotherton said:

"For several years I was troubled with Rheumatism in my left hand, which would at my elbow and then to my left shoulder. It was very annoying and painful at times. "I had of Dodd's Kidney Pills helping out so I quit the liniment I had been using and took six boxes of them. Rheumatism disappeared. "I know Dodd's Kidney Pills are the good Kidney trouble both in my own case and through others. "Rheumatism is caused by uric acid in the blood. If the kidneys are healthy they excrete all the uric acid out of the blood. The natural way to cure the Rheumatism is to cure the kidneys. Dodd's Kidney Pills cure sick kidneys."

GAMBLING GOING ON AT BELMONT PARK

Inquiry Is Being Conducted by Authorities Today.

SEVERAL SUBPOENAED
Three Men Arrested on Thursday Were Let Out on \$800 Bail.

HEMPSTEAD, N.Y., May 28.—An inquiry into alleged gambling at the Belmont Park race track will be begun tomorrow by Supreme Court Justice Shuler. It was announced today. Armed with a big sheet of subpoenas, representatives of the district attorney, went to Belmont Park today with instructions to serve them at the track. Many persons, it became known, have already been ordered to appear.

The district attorney has placed before Justice Shuler a charge that before information and belief the Westchester Racing Association, its officers and employees, and various so-called John Does and Richard Roes have permitted gambling on their premises at Belmont Park. The district attorney's information is that there has been gambling and bookmaking at the track on May 28 and subsequent days. Three men arrested yesterday were arraigned today before a Justice of the peace on charges of having violated the penal code by gambling at the track. Each of the defendants pleaded not guilty and gave \$800 bail to appear for a hearing tonight. It is understood that their cases will be laid over until Thursday, by which time it is expected that the team gets some good pitching, watch out for it.

BELMONT PARK OFFICIALS APPEAR BEFORE JUSTICE

Must Testify as to Gambling at Race-track Contrary to Anti-Betting Law.

SPORTS—PROOF TO PERRY A.: covey. Miweola, N. Y., May 28.—Officials of the Westchester Racing Association, and of the Belmont Park racetrack, where that association is holding a race meeting, appeared before Supreme Court Justice Shuler here today in an investigation instituted by the district attorney to determine if the law of the state is being violated at the track. More than fifty witnesses had been summoned to testify. They included detectives, newspaper reporters and regular attendants at the track. The district attorney's agents have been in daily attendance at the races since Governor Whitman sent telegraphic warning that he would hold the officials in Nassau County responsible for the enforcement of the anti-betting statute at Belmont Park. Through this inquiry he hoped to ascertain definitely whether the betting at the track is public gambling in violation of the law of a private nature permitted by statute.

MILAN VIRTUALLY IN STATE OF SIEGE

Troops Ready to Prevent Excesses Against Enemy Families.

[Canadian Press.] Milan, May 28.—Via Paris, May 28.—Milan tonight is in a virtual state of siege. The entire garrison is being kept in readiness, and troops are posted in various points of the town to prevent excesses against the Germans and Austrians. It is believed that no further trouble will occur. The population of Milan, respectively of classes or parties, condemn the outbreaks against the Austro-Germans and their property during the past few days. Further arrests of the disturbers of the peace were made today.

HIS NATIONALITY HAS DRIVEN HIM OUT

German Hotelkeeper Leaves Queenstown for New York.

[Canadian Press.] London, May 28.—Otto Humbert, owner of the Queen's Hotel, Queenstown, a naturalized British subject of German birth, sailed from Liverpool today for New York. A number of the Lusitania survivors were taken to Mr. Humbert's hotel upon their arrival at Queenstown. His origin aroused antagonism, and he became the target of bitter criticism on the part of some of the survivors and their friends. His behavior has been above suspicion, but his presence in the hotel, where military and naval officers make their headquarters, caused protests. Consequently Mr. Humbert decided to leave.

BENJAMIN HOGARTH BURIED.
Henshall, May 28.—The funeral of Benjamin Hogarth, who died in Victoria Hospital, London, took place from his father's residence yesterday morning. The service was conducted by Rev. M. L. Smith. Beautiful wreaths from classmates at the Western Medical College, the Bible Class to which he belonged in London, and many friends, covered the casket. The interment took place in Kensal Union Cemetery. He was in his 20th year.

GLEANINGS FROM YESTERDAY'S GAMES

OTTAWA IS NOW ON TOP and from the pace the Senators seem to be travelling at, it will take some time to remove them.

FRANKIE FULLER, THE OTTAWA shortstop, has failed to get a hit in the two games at Hamilton, although his fielding has been sensational. Had Fuller been able to hit, he never would have got away from the Tigers.

HARRY MEYERS CELEBRATED his return to the game yesterday at Guelph by getting a couple of hits and accepting five chances in the field.

RAY WHITCRAFT'S BAD FINGER has not kept him out of the game yet, but Whitley may have to lay up for a couple of days if it doesn't soon get better. He is playing under difficulties with it.

WITH HOCH IN THE LINEUP, Eckstein has been moved down in the batting order. As at present constituted, the London team looks like the best hitting aggregation in the league. When the team gets some good pitching, watch out for it.

FRANK SHAUGHNESSY BROKE into the game yesterday after several days absence with a bad knee.

PETIE POWERS IS DOING some of the catching for the Senators. Lago is out of the game with injuries.

EDDIE LINNEBORN IS PLAYING third base for the Hamilton Club and is doing well. With Linneborn and Harris, Hamilton has the two leading base stealers in the Canadian League last season.

JOE DUNN, THE EX-LONDON player, is playing first base for the Brantford. He is hitting like a fiend also.

MANAGER STEWART, OF ST. THOMAS, is apparently sore on Canadian Nevitt, his Indian catcher. Nevitt has not figured in a game since he threw away a run on Wednesday when London beat the Saints in ten innings.

MCCORMICKS BEAT ST. PETERS IN COMMERCIAL CONTEST

Richardson's Triple and Base Running of Flint Were Big Features.

MCCORMICKS defeated St. Peter's 6 to 4 in a Commercial League game played in Toronto last night. Richardson's triple and base-running of Flint were the big features. Flint scored three runs in the second game, which Boston won 5 to 4, only by a narrow margin. The line-up was changed by the introduction of pinch-hitters. An almost general readjustment was necessary when the team took the field in the eighth inning.

First game— R. H. E.
Philadelphia 0 0 0 0 1 1 0 0 2 3 2
Boston 0 0 0 0 0 1 2 2 5 6 0

RUSSIA MAY RETURN ITALIAN PRISONERS

Proposal Not Accepted Before Likely to Be Acted On Now.

[Canadian Press.] Rome, May 28.—Via Paris, May 28.—Negotiations have been reopened with Petrograd, according to the Tribune, in the event of a long duration of the war, a deputy war minister made this precise statement:

"Even a new winter campaign would find us prepared in every way. All the raw materials are at hand in sufficient quantities for it. It must be the object of the question, therefore, that the efficiency of our army could be improved owing to some deficiency."

GERMANY PREPARED FOR LONG CAMPAIGN

Deputy War Minister Says Plenty of Raw Materials at Hand.

[Canadian Press.] Berlin, May 28.—Via London, May 28.—Replying to a question at a sitting of the budget committee of the Reichstag today, as to whether the army administration had taken measures to insure a supply of raw materials, the deputy war minister made the following statement:

"The army administration has taken measures to insure a supply of raw materials in the event of a long duration of the war, a deputy war minister made this precise statement:

"Even a new winter campaign would find us prepared in every way. All the raw materials are at hand in sufficient quantities for it. It must be the object of the question, therefore, that the efficiency of our army could be improved owing to some deficiency."

HEAVY TRACK LIKELY FOR KENTUCKY HANDICAP

Louisville, Ky., May 29.—At best a heavy track is promised today for the third annual running of the Kentucky Handicap here at Douglas Park. Thirteen all-aged horses probably will start in the race, which is over a mile-and-a-quarter course. The stake this year is said to be the richest for which all-aged thoroughbreds will contest. Ten thousand dollars has been added to the purse, making the race worth approximately \$15,000.

Romero, Andrew Miller's crack east 4-year-old, is accorded the impost of honor with 127 pounds. Harry Payne Whitney's Borrow, now running in the Colors of L. S. Thompson, will carry 126 pounds, giving weight to all the other horses representing the west. As the Kentucky Derby, the handicap has resolved itself into a contest between the east and west. Fifty-seven entries originally were made.

UMPIRE CHASED GIANTS OFF BENCH

McGraw and His Players Had Run In With Easson.

BRAVES WON TWO GAMES

Pirates Beat Brooklyn in Pitchers' Battle—Hans Wagner Hurt.

NEW YORK, May 28.—The Giants batted Perdue, the St. Louis pitcher, hard today, and won an easy victory from St. Louis in the last game of the series, 11 to 4. In five times up, Fletcher hit a home run and had three singles, and drew a base on balls.

In the first inning, Umpire Eason ordered Manager McGraw, of the Giants, off the field, and Snodgrass followed his chief in the fourth inning when he was ejected. Eason cleared the New York bench of all the players excepting those actively engaged in the game. Score: St. Louis .. 1 0 0 0 1 0 0 2 4 11 19
New York .. 3 0 0 1 0 2 5 2 11 19
Perdue and Snyder; Marquard and Smith.

COOMBS AND MAMAUX HAVE PITCHERS' BATTLE

BROOKLYN, May 28.—Pittsburgh beat Brooklyn 3 to 1 in a pitchers' battle between Mamaux and Coombs today. Wagner was hurt in a collision with Miller and retired. Miller was put off the field by Umpire Byron for protesting a decision. Score: R. H. E.
Pittsburgh .. 0 0 0 0 2 0 1 0 3 5 0
Brooklyn .. 0 0 0 0 0 0 0 0 1 4 3

BRAVES CELEBRATED BY WINNING BOTH GAMES

BOSTON, May 28.—The Boston Braves today raised the world's championship pennant, captured from the Philadelphia Athletics last night, by winning both games of a double-header from Philadelphia and moving into the first division.

The first game was won 5 to 2, notwithstanding "Tiger's" wildness. The lead changed three times in the second game, which Boston won 5 to 4, only by a narrow margin. The line-up was changed by the introduction of pinch-hitters. An almost general readjustment was necessary when the team took the field in the eighth inning.

EIGHTH INNING RALLY WON FOR OTTAWA AT HAMILTON

Hams. Were Ahead Until Ottawa Scored Five Runs.

HAMILTON, May 28.—Ottawa got revenge today for yesterday's defeat when they won from Hamilton, 6 to 3. The locals had a two run lead until the eighth and looked as though they had the game on ice when Ottawa scored five runs. Score: R. H. E.

PANZARETA SCORES WIN IN PRINCE OF WALES' HANDICAP

Humility Won Tallyho Steeplechase Easily, Centering Home With Big Margin.

TORONTO, May 28.—The card provided for the second to the last day of the spring meeting here today had a feature of Wales' handicapping, the fourth race, at six furlongs and the Tallyho steeplechase, the fifth number at two miles. In the former Panzareta scored her second victory. The new mare raced back Bay into submission into the first half and had enough in reserve to stall off the last closing Kewassa to win by a length. Humility was much the best in the steeplechase, outrunning his field practically from start to finish and winning by a sixteenth of a mile.

First race, maiden three-year-olds, 6 furlongs— Candler, 103 (Clavary), \$6.50, \$2.50, \$1.20, won; Sir L. Joe, 110 (Shilling), \$27.40, \$8.50, second; Kewassa, \$4.75, \$1.75, third. Larkin, \$4 third, Time—56.2. Larkin, \$4 third, Time—56.2. Larkin, \$4 third, Time—56.2.

Second race, maiden three-year-olds, 4 furlongs— Candler, 103 (Clavary), \$6.50, \$2.50, \$1.20, won; Sir L. Joe, 110 (Shilling), \$27.40, \$8.50, second; Kewassa, \$4.75, \$1.75, third. Larkin, \$4 third, Time—56.2. Larkin, \$4 third, Time—56.2.

Third race, three-year-olds and up, 1 mile and 20 yards— Star of Love, \$6 (Forehand), \$6.70, \$4.70, \$2.20, won; S. S. No. 4, Adelaide, on June 1.

STRATHROY CLERKS HAVE GOOD LEAD

[Special to The Advertiser.] STRATHROY, May 28.—The standing in the Town League to date is as follows:

Clerks .. Won. Lost. P.C.
Progress .. 2 0 1 1000
White Oaks .. 1 2 333
G Company .. 0 0 0 000
Much interest is being taken in the league this year. The teams are playing good hits and are working hard.

The Progred baseball team will play a game at the patriotic picnic to be held at S. S. No. 4, Adelaide, on June 1.

TY. COBB INCREASES HIS LEAD IN LEAGUE

By Batting .427 Now, and Is Also Leading in Stolen Bases and Runs Scored.

Chicago, Ill., May 29.—Every team in the National League except St. Louis has a representative among the ten leading hitters, according to averages published here today, including the games of last Wednesday. Fred Luderus, Philadelphia, continues to set the pace with a percentage of .390.

Ty Cobb ran his average up from .400 to .427 in the past week, and has accumulated 19 stolen bases, leading his rivals of the American League as well in runs scored—a total of 41.

Bennie Kauff, of Brooklyn, hitting .407, still tops the Federal Leaguers. Russell, of Richmond, leads in the International League, with .400. Then come F. Smith, Rochester, .357; Shean, Providence, .350; Kelly, Toronto, .345; Barney, Jersey City, .323; Hoffman, Richmond, .330; Roch, Toronto, .329; Gilhooly, Buffalo, .328; Smith, Montreal, .325; Yelle, Jersey City, .325. Richmond leads in team hitting, with .279, and Toronto is next with .263; Gilhooly has most stolen bases (15), and Bates, Richmond, most runs (21).

Leading pitchers are Comstock, Providence, with 3 and 0; Andrews, Richmond, 2 and 0; Erickson, Rochester, 2 and 0; Bader, Buffalo, 6 and 1; Palmero, Rochester, 5 and 1; Hoff, Rochester, 3 and 1; Dowd, Montreal, 3 and 1.

ARCHDUKE LEADS AGAINST ITALANS.

[Canadian Press.] Copenhagen, via London, May 29.—A dispatch from Berlin states that Archduke Eugene of Austria has been appointed commander-in-chief of the Austrian forces operating against Italy. He has been chief of staff of the army engaged against Serbia, and is highly popular with the rank and file.

Extravagance in Bread is a Sure Sign of Economy

"Since ordering Wrapped Aloafa we consume a great deal more bread. It simply makes the bread bill run almost double to what it used to be."

This comment came to the ears of one of our salesmen and we were interested enough to investigate to see how the Meat Bill and other commodities compared with the bills that ran when other bread was delivered to the house. Our investigation proved

THE LARGE DOUBLE 10c LOAF A WINNER

FROM THE STANDPOINT OF ECONOMY.

The Natural Flavor, Nutritious Energy-producing Qualities which are so securely protected in the Wrapped Aloafa awakens the appetite of the entire household and the demand for Aloafa is so extraordinary that other commodities which cost several times more are not desired.

THE RESULT IS, MORE HEALTH, MORE ENERGY AT LESS COST. Just make this little test in your home and see the result.

VATICAN'S POSITION RENDERED DIFFICULT

Departure of German and Austrian Representatives Arouses Discussion.

[Canadian Press.]

Rome, via Paris, May 28.—Discussing the vexed question of the departure from Rome of representatives of belligerent countries accredited to the Holy See, the Observatore Romano, the Vatican organ, says:

"Admitting that the Italian Government is under responsibility to the Holy See, such a position did not correspond with the dignity of the office. Their departure from Rome must be attributed merely to a new situation created by the participation of Italy in the war. The position of the Holy See is rendered most difficult, as it cannot confer directly with representatives of the belligerents, thus restricting the internationality which is so necessary for the Pope to carry out his mission to Christian society."

AUSTRIANS LOSE SUBMARINE CRAFT

Destroyers and Torpedo Boat Also Damaged By Italian Guns.

ITALY LOSES DESTROYER

Commander Sinks Turbine When Ammunition Gives Out.

[Canadian Press.]

ROME, via Paris, May 28.—It is officially announced that an Austrian submarine boat was sunk by Italian torpedo boats in an engagement yesterday.

A communication issued by the Italian ministry of marine gives the details of the naval losses by Austria and Italy up to the present as follows:

"On May 24 the Austrian torpedo boat, S-20 having approached the canal at Porto Corsini, was so seriously damaged by the fire from our masked batteries that she was forced to be conveyed to Pola. The torpedo boat destroyer Schrafschutz, which was operating with the S-20 was damaged, suffering the loss of many of her crew. She called the scout-ship, Novara for her assistance, which also was struck several times and also had several of her crew killed, including an officer.

"The destroyer Ozepe, which is of the same type as the Tatra, also suffered severe losses due to the arrival of the naval squadron during the action commenced against the destroyers.

"The above news had been confirmed by enemy communications which were intercepted by us. We believe, although no confirmation of it has yet been received, that the Austrian cruiser Helgoland suffered severely in the action against one of our ships, as she was seen lying heavily and was conveyed from the zone of action by another destroyer.

"After the preceding brilliant action we regret exceedingly to announce the loss of our destroyer called 'Turbine.' She was built in 1901 and was of approximately 330 tons. The latter, during the morning of May 24, while on a tour of reconnaissance, sighted an enemy destroyer and gave chase. The chase lasted half an hour, when four other enemy war vessels appeared, including the light cruiser Helgoland. The Turbine immediately turned about to return to her base, but was struck twice in her boilers, thus reducing her speed.

"She continued the battle for about half an hour, although her fire had broken out abroad and there was a lack of munitions. Then the commander ordered the water intake valves opened in order to avoid capture. The Turbine commenced to sink, with all her men gathered at the stern, the enemy keeping up their fire all the while. The commander, who had been wounded at the beginning of the action, ordered his men to jump overboard. As soon as the Austrians saw the manoeuvre they launched small boats in order to save the commander, as he was possible. Meanwhile the squadron to which the Turbine belonged was seen approaching on the horizon and the enemy left the zone of action, the cruiser Helgoland appeared to have been struck.

"Nine men of the Turbine were saved by our fleet. From Austrian communications we learn that thirty-five more were picked up by the Austrians, including the commander."

"The port commander, Venie gives further details concerning the operations of the Italian torpedo-boat destroyer, Zeffiro, at Porto Buso. He confirms that the entered the port by surprise and bombarded the barracks, destroyed the wharves and auto-boats. A first lieutenant of Hungarian infantry named Volkmar, after hoisting the white flag, boarded the Zeffiro with his men and handed his sword to the commander of the destroyer.

"Two of our torpedo boats yesterday engaged an Austrian torpedo boat and two submarines. One of the latter was hit several times. Thick black smoke poured out of the submarine, a column of water shot up and she disappeared with a loud humming sound, leaving patches of oil on the surface. Our torpedo boats were not damaged."

"Navy dirigible M-2 flew over Sebenico (Dalmatia) yesterday and threw bombs which hit several torpedo boat destroyers, causing a great deal of damage at the mouth of the river. The dirigible was violently bombarded but was not hit and returned undamaged."

Fruit-growers will find John Sharn, representative of B. D. Smith, nursery station, at 2400 Yonge street, Toronto, Seed Company, Market entrance, Thursdays and Saturdays. ywt

TURKS THREATEN SUB WARFARE IN THE SUEZ CANAL

Say Britain Has Violated Agreement By Which Canal Was To Be Kept Open.

[Canadian Press.]

LONDON, May 28.—The inference that the German-Turkish alliance proposes to begin a submarine warfare against vessels leaving the Suez Canal has been drawn from a note recently issued by the Turkish Government.

In view of the successes of German submarines against British ships in the Dardanelles, such a policy, it is felt, might seriously menace marine communication between Europe and the Far East.

A message to the Reuter Telegram Company from Constantinople, by way of Amsterdam, says the note in question, which is addressed to friendly neutral powers, reads as follows:

"The Ottoman Government considering that the British Government has not fulfilled its obligations, undertaken towards neutral powers by the coasting of 1908 to keep the ships in the Suez Canal, but is even now fortifying this canal, and that the French Government, with hostile intent against the Ottoman Empire, has landed troops in Egypt, has by these facts, been placed under the necessity of taking military measures for the protection of its imperial territory, of which Egypt forms part, and to tend hostilities to the Suez Canal."

To the foregoing the note adds that if these measures prejudice neutral ships or goods, it is clear that the responsibility will rest with the British and the French Governments.

ITALIANS CAPTURE HIGH MOUNTAIN

Climb 6,790 Feet To Rout Out the Enemy From Position.

PART OF BIG MOVEMENT

[Canadian Press.]

ROME, May 28.—The official reports from the front show that Lieut.-Gen. Cadorna, Italian chief of staff, is attempting to carry out a well-defined movement for the occupation of the important points in the Alps, along the Giudicarie chain of the Lessini Mountains, the Sugana Valley and the Carnic Alps. This manoeuvre, if accomplished, would place the Italians in an advantageous position to meet the Austrians if they should undertake any serious attack for the purpose of invading Italy.

It would also permit the Italians to choose their own time and place for making an attempt to force the mountain passes and penetrate further into Austria. The occupation of the reports of rapid penetration of Austrian territory, point out that the initial swift advance cannot be kept up indefinitely. They say that the Austrians are well prepared to offer resistance behind carefully-constructed defences, long since erected. The Giornale D'Italia says: "Our soldiers attacked the enemy successfully with bayonets. The enemy's firing, as we advance to the Isorno, must be weak, for on most of the front he has retired without a struggle."

The Italian advance, says the Italian advance, has been a brilliant feat. The Austrians, who had fortified the summit of Altissimo, a position of strategic value, were compelled to retire hastily, abandoning their munitions.

ITALY IS READY FOR AIRSHIP RAIDS.

ROME, via Paris, May 28.—It being believed that the Austrian aeroplanes may pass over Rome, special measures of protection have been adopted. In the first place a very close watch is to be kept along the Adriatic coast. Equally vigilance will be exercised on the crest of the Apennines, while nearer Rome observation posts are to be established at points of vantage. Stations for Italian aeroplanes have been established at Centocelle, on the Appian Way, and at Lake Bracciano, about 25 miles from the capital. From these points aeroplanes are ready to start at a moment's notice to engage airships from Austria.

From military missions, Commander Charles P. Train, the naval attaché, have applied for permission to go to the front.

TO BESIEGE PALA BY LAND AND SEA.

UDINE, via Chiasso, to Paris, May 28.—It is believed that the taking of Grado by the Italians means the practical possession of the mouth of the Isorno River, which leads as the next step to the possession of the Panzano group from which point it will be easier to master the railroad between Manfredonia and Tarentum, after occupying Porto Buzo. Italian troops entered Grado, a fishing town of about 5,000 inhabitants, important from a strategic point of view because the lagoons which surround it are only twelve miles from Trieste and 60 miles from Pola. The waters can be used as a safe shelter for submarines, torpedo boats and destroyers. It is believed that it will aid materially in making effective the blockade of Pola.

The interruption of railway traffic on the line between Trieste and Nabresina by the bombardment of an Italian air squadron with the object of isolating Trieste and the Istrian peninsula, undoubtedly is a step in the operations preparatory to a siege of Pola both by

ONTARIO TO MAINTAIN BEDS FOR CANADIANS

Will Establish Hospital For 1,000 in England.

TORONTO, May 28.—To establish and maintain in England a hospital of 1,000 beds for the treatment of Canadian soldiers who have been wounded or otherwise incapacitated is the main feature of the Ontario Government's latest war contribution, according to an announcement made today by Hon. Dr. Fyfe.

It is understood that the idea is to have two cottages with 500 beds in each and that the cost will reach somewhere in the region of \$100,000. This is to be added to the outlay on maintenance. The hospital provision will not be confined to troops of Ontario but the cottages, it is believed, will bear the name of the province from which the contribution comes. In addition to this offer to the war office the Government is arranging to provide immediately six motor ambulances, which will be sent to France. Further aid to the men at the front is under consideration.

GENERAL CHANGE OF TIME.

On Sunday, May 30th, the Canadian Pacific Railway summer train schedule will go into effect. While the general change does not affect the London division to any great extent, the difference in train time is of sufficient importance to be noted. Eastward, the "Canadian," leaving at 5:15 a.m., the 8:00 a.m., and the 1:20 p.m. trains, remain the same, with the exception that the running time of 8:00 a.m. train is cut down ten minutes, making the arriving time in Toronto 12:10 noon. Train 632 will now leave at 5:10 p.m., arriving in Toronto at 9:05 p.m., and the "Volvine," now leaving at 8:05 p.m., will arrive in Toronto at 12:20 p.m. Westbound train No. 671, leaving London at 8:10 a.m., will now run through to Windsor, arriving there at 11:20 a.m.; train No. 21, leaving London at 11:20 a.m., remains the same. Trains 633 and 19 have been changed, and under the new schedule will leave London at 7:30 p.m., and 10:00 p.m., respectively. Handy pocket time cards have been prepared, and may be had on application at the City Ticket Office, corner Dundas and Richmond streets. 56c

Swedish bark, M. Roosvaal, were landed here today by a Dutch fishing vessel. The men report that while off Malmo a German submarine stopped the Roosvaal and examined her papers and then permitted her to proceed. Subsequently a violent explosion occurred which killed two men on board the bark. The crew are of the belief that the explosion was caused by a torpedo fired by the submarine. The Roosvaal was timber laden and bound for Sunderland.
