HUN RECEIVES HONOR

Berlin, Oct. 18, via London, Oct. 19.—The Order Pour le Merite has been awarded Lieut. Commander Arnold De La Perriere, commander of the submarine U-35, for his achievements in sinking 128 vessels, totalling 270,000 tons. Among the vessels destroyed by the U-35 were one French and one English small cruiser. While assigned to the Mediterranean Commander Perriere sank a number of loaded transports, munition supply ships and 11 armed merchantmen.

HERE IT IS: THE GREAT ARMORED "TANK" OR CATERPILLAR

An authentic picture of the famous British "tank" which crosses streams, climbs hills, leaps trenches and spits out death from rifles, machine guns and small cannon. With their increasing activity on the battlefield the world has been baffled by the greatest mystery of the war, and everyone has asked, "What do they look like?" On the Somme the steel monsters have proved their worth, fairly demoralizing the Germans. The Canadians' first great offensive in Picardy was successful with the aid of the "tanks." According to the Germans five "tanks" have been destroyed on the west front.

EX-CRIMINAL NOW A SOLDIER

Notorious French Swindler Serves Well in French Cyclist Corps.

A SENSATIONAL CASE. Figured in a Gigantic Swindle Eight Years Ago.

By Courier Leased Wire. Paris, Oct. 18.—The disappearance of the notorious Henri Rochette, who was sentenced to three years imprisonment in 1912 in connection with the vast bucket shop swindles, has been cleared up by his arrest at Granville to-day.

Georges Bienaimé, Rochette enlisted in Paris as a motor cyclist in the first month of the war and was stationed at Amiens.

The Rochette case was one of the most sensational in the history of the French courts. Rochette was arrested in 1908 charged with swindling on an enormous scale.

Rochette disappeared while out on bail, and succeeded in reaching Mexico, where, it was said, he was welcomed by Francisco Madero, then president, to whom he was reported to have rendered valuable services.

The Rochette case was revived in 1914 when Gaston Calmette, editor of the Figaro, was shot to death by the wife of M. Caillaux.

The Duke of Orleans wants divorce. Italian Potentate Wedded to Austrian Archduchess.

By Courier Leased Wire. Paris, Oct. 18.—The Duke of Orleans is about to apply to the court of Rome for the annulment of his marriage to the Archduchess Marie Dorothea of Austria, according to The Figaro.

The Duchess of Orleans won a suit for separation in January, 1914. It was reported that she charged the Duke with neglect.

The Twenty-Second Annual Convention of the Brantford District Epworth Leagues was held in the Methodist Church yesterday.

The pastor, Rev. J. H. Wells, B.A. opened the meeting with devotional exercises, and then extended to all the delegates a hearty welcome.

After the closing exercises, the meeting adjourned until 7.30. The evening session being opened with a bright song service, then Rev. J. H. Peters, and Miss Butler of Brantford, rendered very feelingly, a solo, "Building a Temple."

The speaker of the evening was Rev. A. J. Elson, who gave a most eloquent address on China. Rev. Mr. Elson, who is supported by the members of Brant District Epworth League, is home on a furlough, and consequently his able remarks were made far more interesting by his personal experiences.

The committee suggest that the Convention tender a hearty vote of thanks to the Trustees of the church for the use of the building, the ladies for their beautiful repast, the choir and organist, and Rev. Mr. Draper, Rev. Elson and Rev. Farrill for their splendid help in making this convention the success it has been.

The following officers were nominated: Hon. Pres., Rev. G. W. Henderson.

Without Forcing Action by United States, Thinks Russia.

Petrograd, via London, Oct. 19.—The Novos Vremya reviewing the German submarine situation and voicing the general view here, concludes: "A submarine renewal of war cannot be regarded by the United States otherwise than sufficient cause for a rupture of diplomatic relations with Germany."

The Bourse Gazette says: "The Bourse renewal cannot now form the object of diplomatic action by the United States of the same nature as before because the notes exchanged with Germany after sinking of the Sussex created a position which does not permit the German Government to make any fresh attempt as justification. Germany gave the United States absolute assurances that cases like that of the Sussex would not be repeated. In other words that has happened regarding which the United States Government categorically declared that it would not be left unpunished."

FOREST FIRE PLAY

In Creating Scarer—Need for Precaution

Ottawa, Oct. 19.—Other causes operating the price of paper to the fishers, the constant spruce and balsam forest fires has played a role. Without question abundance of woods to mands of paper mills, and accessibility are very different things.

Up to the present the lack of modern machinery for which the government is chiefly responsible, has near-at-hand bodies of more than the act. The Northern Ontario summer are an illustration. In the 1200 square vastated were substantial of paper making material same fire, Ontario to lost 400,000 cords of piled in the mill yard, fires also cleared out ties of spruce and balsam white pine. The forest in Ontario and Quebec past ten years accounts more forest wealth than into lumber and pulp.

GREEK CHURCH NEEDS MONEY

Is In Serious Financial Difficulties, and Compelled to Borrow Money.

By Courier Leased Wire. Berlin, Oct. 19.—(By wireless to Sayville)—The Overseas News Agency to-day made public the following: "Constantinople reports received here say that the Greek newspapers have printed a letter written by Demanoc, Greek patriarch of Jerusalem, dated August 21. In his letter, the patriarch says the Greek church which, owing to the war, had fallen into a precarious financial state, addressed an appeal for aid to Djemal Pasha, commander of the Fourth Turkish army."

PRICE OF BREAD MAY RISE AGAIN

Chicago, Oct. 19.—The public is confronted with another increase in the price of bread if wheat continues to advance, according to predictions to-day of leading bakers. The 10 cent jump in the price of wheat in the last two days sent flour up 75 cents a barrel, which caused the bakers to announce that in addition to the recent increases in the price of bread, they would have to make further advances unless something unforeseen lowers the price of flour. Bakers paid \$9.50 a barrel for flour yesterday, the highest price in Chicago in 20 years.

NOTICE

The Court of Revision for the Municipality of the City of Brantford will hold its first sitting for hearing appeals against the assessment for 1917, at the Council Chamber, on Friday, at the Third day of November, 1916, at 10 o'clock in the forenoon.

SUM OF \$20,000

(Continued from Page One) too large an amount in view of numerous other calls. After much discussion it was finally agreed to fix on \$20,000, the council to be asked to vote \$10,000.

The next requisite to the successful prosecution of the appeal to the citizens was considered to be a publicity committee. Following a motion made by Mr. J. H. Spence, and seconded by Mr. Gamble, Mr. P. D. Reville, Mr. T. H. Preston and Mr. E. L. Gould were appointed.

Inspector Kilmer was asked to cooperate with the principals of the different schools for the purpose of securing the aid of the school children, an important element of the population.

An executive committee composed of Mr. P. Cocks, Mr. J. H. Spence, Mr. Powell, and the regular officers was appointed.

\$7000 GIVEN TO THE RED CROSS

(Continued from page 1) The event of the adoption of the plan.

Some of the townships have assumed an attitude of opposition to the immediate scheme, preferring to delay the matter until the conclusion of the war. However, if the scheme were taken hold of the following reasons were suggested as recipients of the proposed improvements: Township of Brantford.

The high way known as the Hamilton-Burford road, extending from Wentworth County on the east, to Oxford County on the west, nine miles of which would be in Brantford township; the Norwich road, extending from the city to the Oakland line, and the St. George road from the city to South Dumfries.

South Dumfries designated (by miles of the road leading from Paris on the west side of the river, north to the Galt road, also from Paris on the east side of the third concession, then easterly to St. George, continuing in that direction to Beverly Township, ending up with the Wentworth system and thus completing the highway from Brantford to the above mentioned road.

Burford suggested that part of the above mentioned stone road, running through the middle of the township, the Norwich road, leading south to the westward from there to New Dunham and the balance of the township allotment to be taken up by lateral roads running to the above two high ways.

Onondaga named the river road east from Middeport to the town line; and the Onondaga to the Brantford township boundary.

Oakland wanted improvements between that village and Scotland and the north to concession two and three east to the Mt. Pleasant road.

In some cases greater mileage was involved than was allotted to a particular township and when Mr. H. G. Smith was consulted in this regard he stated that one hundred miles was the maximum that the government report as the proper proportion of Brant.

By-laws to provide for the paving of Port street, from Huron street to Superior and Bridge from Dalhousie to Darling, will be introduced at the next session of the council, on Oct. 30th next.

SOLDIER'S WIDOW

Chief Slemis is in receipt of a letter from the Department of Militia and Defense, Ottawa, asking for information as to the whereabouts of the widow of Pte. J. Bolton, 4th Battalion, last heard of in Brantford, with her son, four years of age. She is wanted to clear up his estate, and is entitled to a pension.

A NARROW ESCAPE

A miraculous escape from serious injuries was experienced on Tuesday shortly after 12 o'clock, by Mr. William Smith, an employee of the G. N. W. Telegraph Company. Proceeding on his bicycle over Victoria bridge in the direction of Eagle Place, he collided at the junction of South Market and Greenwich Sts. with a large automobile turning the corner. The chauffeur neglected to sound the horn, and thus no warning was given to the bicyclist, who was hurled completely over the forepart of the car and escaped with only a bad shaking up as a result. His wheel was thrown under the car and was evidently damaged so badly as to be beyond repair.

NEW SECRETARY

A meeting of the executive of the Terrace Hill Ratepayers Association was held last evening. Mr. W. D. Reeves was appointed secretary, vice Mr. J. Laing, resigned. Several new names were added to the executive, and at the next meeting a week hence, arrangements will be made for a public meeting at which all committees will report and a general discussion of public questions held.

POLICE COURT

Three men for drunkenness were each fined \$10 and costs. Two of them, John Spittal and W. Mitchell are now in jail on remand until they tell where they got the liquor. The limit, until they tell, is three months.

LETTER OF THANKS.

Chief Slemis is in receipt of a warm letter of thanks from Sheriff Westbrook, in which he says: "I do not hesitate to say that had it not been for the assistance and co-operation rendered by yourself and staff we would have been unable to track and finally re-capture one of the prisoners."

THE LATE MR. WESTAWAY

The funeral of the late Mr. Westaway of Regina took place this morning at Farrington cemetery on arrival of the 11.22 T.H. and B. train. Rev. Wright officiated, and there were many friends in attendance. Many floral tributes testified to the esteem in which he was held. The pallbearers were Messrs Anderson, D. T. Williamson, R. M. Roddick, H. Huttm, B. Terryberry and Ald. Dowling. Deceased was out hunting with four companions, and in getting out of the auto his gun went off, the charge hitting him in the back of the head.

NOTES OF 215th

With the return of the battalion some slight indication of the expected increase in recruiting was experienced this morning when two young men offered their services. The results were fifty-fifty, one being successful while the other was rejected. Orders were issued this morning to the effect that the recruiting office on George St. would remain open until further orders. An offer was received this morning from a generous friend of the battalion of fifty warm pumpkin pies, which will certainly be heartily welcomed by the hungry troopers.

FALL ASSIZES.

The fall assizes for the County of Brant will be held on Oct. 24 in the court house at 10 o'clock, with Hon. Mr. Justice Sutherland presiding. Three cases in all are slated to appear. They are Robinson vs. Berry; A. L. Baird for plaintiff, E. R. Read for the defendant, in which a breach of contract is the point at issue. Hughes vs. Ruddy also arises out of alleged refusal of latter to carry out his agreement to take over the former's share in the Crown Electric Company, in consideration of Hughes offering his resignation as manager. Bruce, Bruce and Counsel for the plaintiff and Harley and Sweet for defendant.

Another case of failure to comply with a written agreement in which the transfer of land is involved is that of Atkinson vs. Wilson. Harley and Sweet are representing the plaintiff and M. W. McEwen the defendant.

TOWNSHIP BOARD OF HEALTH. A meeting of the Township Board of Health was held this morning in the clerk's office in the court house at 9 o'clock.

Those in attendance were: Thos. Hargreaves, chairman; M. E. Harris, reeve; James Reed, inspector, and J. A. Smith, secretary. Only one item was before the board for consideration, that being the question of accepting the tender of R. W. Hirst for the collection of night soil.

Following a motion by Reeve Harris, seconded by Thos. Hargreaves, the contract was granted to the applicant, provided that the necessary arrangements for collection and disposal be made by him.

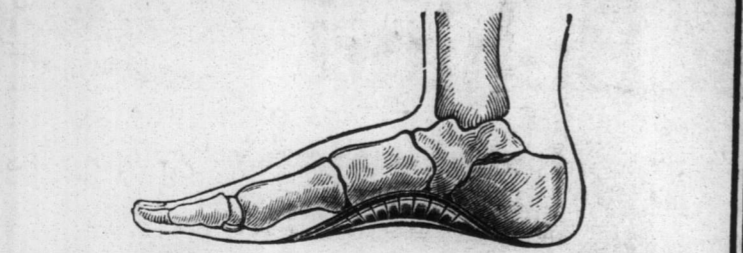

Instead of "Ducking" your head forward and scowling, you'll throw your head back and laugh for joy when you wear our new double vision lenses.

WET WEATHER FOUR SOLDIERS COMING HOME

And Plenty of Mud for the Members of the 125th The Sight Presented by a Zepp as It Came Down.

Corpl. V. Cutmore during the course of an interesting letter says: "The last week or so we have certainly been having a lively time, what with Zepp raids, the weather and the condition of our camp. We are away from Bramshott, taking our final course of musketry. It's rained every day since we've been here and where the ground is not covered with water there is 6 to 8 inches of mud. Some life. You'd be surprised though, how cheerily the boys stand it, or maybe I'd better say some of them. The rest of us however seem to enjoy our misfortunes and when its pouring with rain just sing and joke with a light heart. If I do say it myself, the bunch of boys I'm chummed up with are the liveliest and merriest crowd of the whole battalion and believe me it goes a long way to making this life easy. Our food too; I see no room for complaint at all and look at our pay compared with the Imperial soldier! Of course a soldier's life is no cinch. It's a real man's job all right, but who can prove himself a man in a better way?"

Recruiting in Brantford.

Are they still recruiting in Brantford? I'm sure if all those young fellows could realize the war as it is realized here, they'd join right away and no doubt we shall be going further shortly and our places will need to be filled because I'm afraid that the war will last a long time yet. As I've said before though, most of us are all right. Just a bunch of happy go lucky school boys and proud to be able to do our bit. Nuf sed.

Saw Zepp Fall.

The excitement caused by the Zepps has all else skinned a mile. One came uncomfortably close to my hut about a week ago—about 500 yards. Aerial torpedoes right along the main roads. Damage was large, but loss of life very small. I musn't say much about these affairs, but I was glad to witness the sight of a Zepp falling the night before last. It dropped through the clouds, a glowing red color. Then burst into flame and when about half way down, all buckled up, and take it from me, it was some sight all right. It really is surprising how everybody here seems to have settled down to the one great business—war.

A few of our boys have got the measles. The letter is dated from Aldershot.

DEPOSITS POOR

Havana, Oct. 19.—The potash deposits reported to have been found in Santa Clara province have proved of little value, according to Ey Mundo. The paper says Eduardo Montoulin, the mining engineer appointed by President Menocal to investigate the beds has reported that fifty samples show no more potash than is normally found in Limestone mixed

Returned Heroes Will be Welcomed Back to the City.

Word received by the Courier this morning from the superintendent of the Military Hospital Commission of Toronto, announced that four invalided soldiers would leave that city for Brantford this week, in the persons of the following:
Pte. Ernest Harrington.
Pte. W. Clawsey.
Pte. Fred. Jeffries.
Pte. Ed. Weeks.
Pte. Harrington is a first contingent man, whose home is at 116 Walnut street. Pte. Clawsey left with an active service quota of the Brant Dragoons to the second contingent, joining the C. M. R. His home is at 23 Drummond street. Pte. Fred Jeffries is another first contingent man, residing at 45 High street. Pte. Weeks lives at 226 Park Ave.

Jellicoe Loses His Mother Commander of British Fleet Has Lost Both Parents During the War.

London, Oct. 19.—Mrs. Jellicoe, mother of Admiral Sir John Jellicoe, the commander of the British Grand fleet, died last night at the age of 82. The Admiral also has lost his father since the outbreak of the war, while his father-in-law, Sir Charles Cayzer, died last September.

Pte. William Findley of the 186th Battalion was remanded in police court at Chatham for trial on a charge of breaking and entering a store at Angus, near Camp Borden. Didsbury constituency is going to "do it." Do it, in this case, means the raising of the \$12,000 asked from that constituency for the South Alberta Patriotic Fund for 1916-17—and then some more if the enthusiasm shown by the Didsbury people is any indication.

MET DEATH IN LEADING CHARGE

Lieut.-Col. Genet Tells of Death of Young Toronto Officer.

Toronto, Oct. 19.—Mr. Fred W. Walker has received a letter from Lt.-Col. H. A. Genet regarding his third son, Lt. Joseph T. Walker, who went overseas a year ago, and who has been reported missing since the night of Sept. 20. Col. Genet writes that Lt. Walker fell while leading a party of bombers right into a German trench, from which very few of them returned, and it was impossible, in the face of the fire, to recover any of the fallen, but states that there is a remote chance that Lt. Walker was not killed, but badly wounded and taken prisoner. Lt. Walker is a Methodist, and his name is on the honor roll of the Central Methodist Church. He is an architect by profession, and was for some time with Messrs. Darling and Pearson, and for a short time before enlistment was in the educational department at the city hall. He is well known in rowing circles as connected with the Argonaut Rowing Club for four years, he having been a member of the Canadian championship lightweight crews of 1914 and 1915, and the 1913 lightweight four.

A meeting of the executive is called for Friday night for the purpose of adopting a schedule and rules to govern the league.

To The Grave

William Rutherford. The funeral of the late William Rutherford took place yesterday afternoon from the undertaking parlors of Mr. H. B. Beckett to Greenwood Cemetery. A large number of Oddfellows marched to the graveside and participated in the service conducted there by Rev. W. E. Bowyer of Calvary Baptist Church. The pall-bearers, Messrs. Art Lock Thomas Dowling, Jess Kaufman, Hartley Burns, Eddie Bowes and William McLaughlin, were all old friends of the deceased and members of the Klondyke Club.

The floral tributes were numerous and beautiful and were as follows: Wreath: Brother Norwich, Mr. and Mrs. Fairly, Harmony Lodge, I. O. O. F., cross from the Brantford junior championship lacross team of 1914-15; sprays, Mr. and Mrs. W. H. Shapley, Verity tool makers, Mr. and Mrs. J. W. Proper Mr. and Mrs. A. C. 2,000,000.

Majority of Those Held by Germany Are Russians.

London, Oct. 19.—(New York Sun cable).—D. Thomas Curtin, of Boston, continuing his description of conditions in Germany, writes in the Times this morning that the British captures of German prisoners is bettering the lot of British prisoners in Germany, the Germans being anxious less the ill-treatment bring on reprisals. This applies to officers as well as to men.

Mr. Curtin emphasizes the value to Germany of its 2,000,000 "prisoner slaves" who are now reclaiming swamps, tilling the soil, building roads and railways and working in factories.

"Some of your military writers," he says, "leave these prisoners out of their calculations when estimating Germany's man power. If you had 2,000,000 prisoners you probably would be able to release 2,000,000 of your own people for military service. Most of the prisoners in Germany are Russians. They are seen everywhere and have greater freedom than any others. They sometimes travel unguarded to and from work. They are docile, physically strong and accustomed to lower grade food than any other prisoners with the exception of the Serbs. "Of course the English form much the smallest number of prisoners, but they are most highly prized for hate propaganda purposes. They are more difficult to manage," said an "unter officer" to me, "than the whole rest of our 2,000,000."

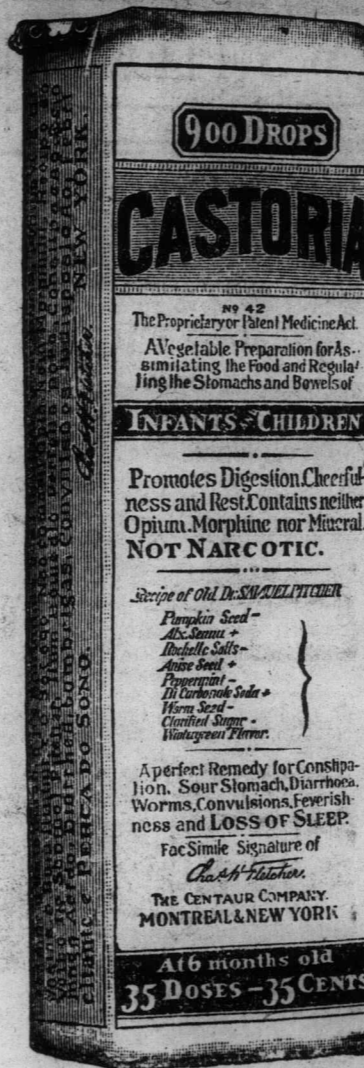

"It is indeed a fact that your 30,000 prisoners, although the worst treated, are the gayest and most outspoken and most rebellious against tyranny."

UNIFORM CONTRACTS.

Pittsburgh, Pa., Oct. 19.—Uniform contracts in the sheet and tin plate industry in which there shall be no guarantees of prices against market declines are contemplated by the National Association of Sheet and Tin Plate Manufacturers, which includes in its membership many iron, steel and tin plate corporations in the United States.

Thousands of letters have already been sent out to sheet buyers in the United States and Canada, calling attention to a resolution recently passed prohibiting guaranteeing prices.

The new contract contemplates an irrevocable sale and purchase not subject to cancellation, postponement of delivery or price revision because of market conditions. Freight is to be paid in cash and not subject to discounts.

CARRIER PIGEONS NOW OBSOLETE Invention of Wireless Tele- graph Supersedes Their Usefulness.

The general notion that all that has to be done in forwarding a spatch by pigeon is to catch the bird, tie a letter to its leg, and then liberate it, is utterly fallacious, as the method of attaching the message is of great importance.

Prior to the siege of Paris the method of fixing the message to the bird had not received that attention which it demanded, and consequen- tly many despatches were lost in transit.

At first the message was merely rolled up tightly, waxed over to protect it from weather, and then attached to a feather in the bird's tail. But it was soon found that the twine which kept the message in its place cut or damaged the paper and therefore in order to prevent it from being pecked by the pigeon and from being injured by wet the despatch was inserted in a small goose quill two inches in length.

The quill was then pierced close to each end with a red hot bodkin so as not to split it, and in the holes waxed silk threads were inserted to affix it to the strongest tail feather.

Majority of Those Held by Germany Are Russians.

By Courier Leased Wire. London, Oct. 19.—(New York Sun cable).—D. Thomas Curtin, of Boston, continuing his description of conditions in Germany, writes in the Times this morning that the British captures of German prisoners is bet- ter than that of British prisoners in Germany, the Germans being anx- ious less the ill-treatment bring on reprisals. This applies to officers as well as to men.

Mr. Curtin emphasizes the value to Germany of its 2,000,000 "prisoner slaves" who are now reclaiming swamps, tilling the soil, building roads and railways and working in factories. "Some of your military writers," he says, "leave these prisoners out of their calculations when estimat- ing Germany's man power. If you had 2,000,000 prisoners you probab- ly would be able to release 2,000,000 of your own people for military ser- vice. Most of the prisoners in Ger- many are Russians. They are seen everywhere and have greater free- dom than any others. They some- times travel unarmed and from strong and accustomed to lower grade food than any other pris- oners with the exception of the Serbs."

"Of course the English force much the smallest number of prisoners, but they are most highly prized for hate propaganda purposes. They are more difficult to manage," said an "inter officer" to me, "than the whole rest of our 2,000,000."

"It is indeed a fact that your 30,000 prisoners, although the worst treated, are the gayest and most outspoken and most rebellious against tyranny."

Successful Bar by the South

Combined With Business Sesss Armories at Burford— Hospta

The Semi-Annual business meeting of the South Brant Women's Insti- tute was held in the armories, Bur- ford, Oct. 12th, the President, Mrs. J. E. Brethour in the chair. All the District and Branch officers and re- presentatives were present, over fifty in all.

With a few kind words the Presi- dent welcomed the ladies, remarking how proud she was to see such a splendid turnout at a business meet- ing which proved how very much they earnest they all were.

After the general business had been taken up, the work for the Brantford hospital was discussed. A full statement of which is given below.

Then the Red Cross work— which was the main feature of the meet- ing, was freely discussed. Reports were given of how much had already been done for Red Cross since the annual meeting in June.

It was decided to send more in- dividual parcels to our Brant County men, and prisoners of war as this way of helping seemed to be more beneficial to the personal needs of the soldiers.

After the business session ad- journed, the ladies assembled in the dining hall, where a dainty lunch was served, the tables looked very pretty decorated in green, and Au- tumn leaves.

The first being The King, proposed by all singing. "The National An- them" and responded to by Mr. D. McPherson, of Mt. Pleasant. Then followed "Our Institute" proposed by Mrs. Kelly, Cathcart.

Our Guest, Mrs. Brethour, Burford, responded to by Mrs. J. E. Brethour, Burford. Brethour, responded to by Mrs. R. Schell, Brantford.

The War, proposed by Mrs. C. Wright, Tanley, responded to by Mrs. A. Apps, Valley Mills.

Fallen Heroes, proposed by Mrs. H. Jennings, Oak Hill, responded to by Mrs. P. Vivian, Oakland.

The Boys in the Fighting Line, proposed by Mrs. A. D. Merritt, Burford, responded to by Mrs. Jas. Eadie, Oakland.

The Motherland, proposed by Miss B. Roelfson, Mt. Pleasant, responded to by Mrs. J. Y. Brown, Brantford. Canada, proposed by Mrs. W. Parnall, Falkland.

A pleasing feature of the occasion was the presence of representatives from all the Women's Organizations in the City of Brantford, each of the work in which she is engaged.

It was decided to send more individual parcels to our Brant County men, and prisoners of war as this way of helping seemed to be more beneficial to the personal needs of the soldiers. Burford Branch has undertaken to be responsible for over one hundred Xmas stockings for the Brantford Township boys. Novel ideas were exchanged for ways of raising money for Red Cross purposes.

After the business session adjourned, the ladies assembled in the dining hall, where a dainty lunch was served, the tables looked very pretty decorated in green, and Autumn leaves.

After lunch a toast list followed. The first being The King, proposed by Mrs. J. E. Brethour, Burford, then "The National Anthem," and responded to by Mr. D. McPherson, of Mt. Pleasant. World's Series of 60 Games Is Planned by Arthur Irwin of Toronto.

FOR ALL THE TEAMS. Every Club in Each League Would Meet the Others.

Toronto, Oct. 19.—Ban Johnson having admitted that the world series in 1916 was not so healthy as he would wish, a number of baseball doctors are stepping forward to prescribe for the patient. There is Arthur Irwin, business manager of the Toronto club, for instance. Arthur has been actively associated with the game as player, manager, and in every other capacity for a longer time than any living man, with the possible exception of Frank Bancroft, business manager of the Cincinnati Reds. Irwin is a native of this city, having been born on Front street, near the point at which St. Lawrence market now stands.

Says Irwin: "I gave the National Commission what I considered a bright idea several years ago. Those in control, while they thought the scheme a very good one, were afraid it might prove too radical to spring at once."

"My idea was to make the world championship series a real test of superiority, one that would place a premium on class and minimize the element of luck. It was a plan that would give every contender an opportunity to fight for the prize money after the major league schedule had been completed. It had the further virtue of giving the fans of every major league city an opportunity to see part of the world series."

"Curtailing League Series." The major league seasons should be contracted from 154 games to 98 games. This would be done by each of the major league playing two series of four and three games, respectively, with at home and abroad with each rival. At present three series (home and abroad) of four, four and three games, respectively, are contested. This gives each major league club 11 games at home and 11 games abroad, with each and every rival making the 154-game schedule.

"By eliminating one four-game series for the two rivals in each city the season series would be pared down from 22 to 14 games. Fourteen games I believe sufficient for the purpose of establishing the question of field among clubs of either major league.

"The clubs which headed the rival procession at the end of the 98 game schedule should be declared pennant winners of their respective companies. Then the world series in the broader sense should begin."

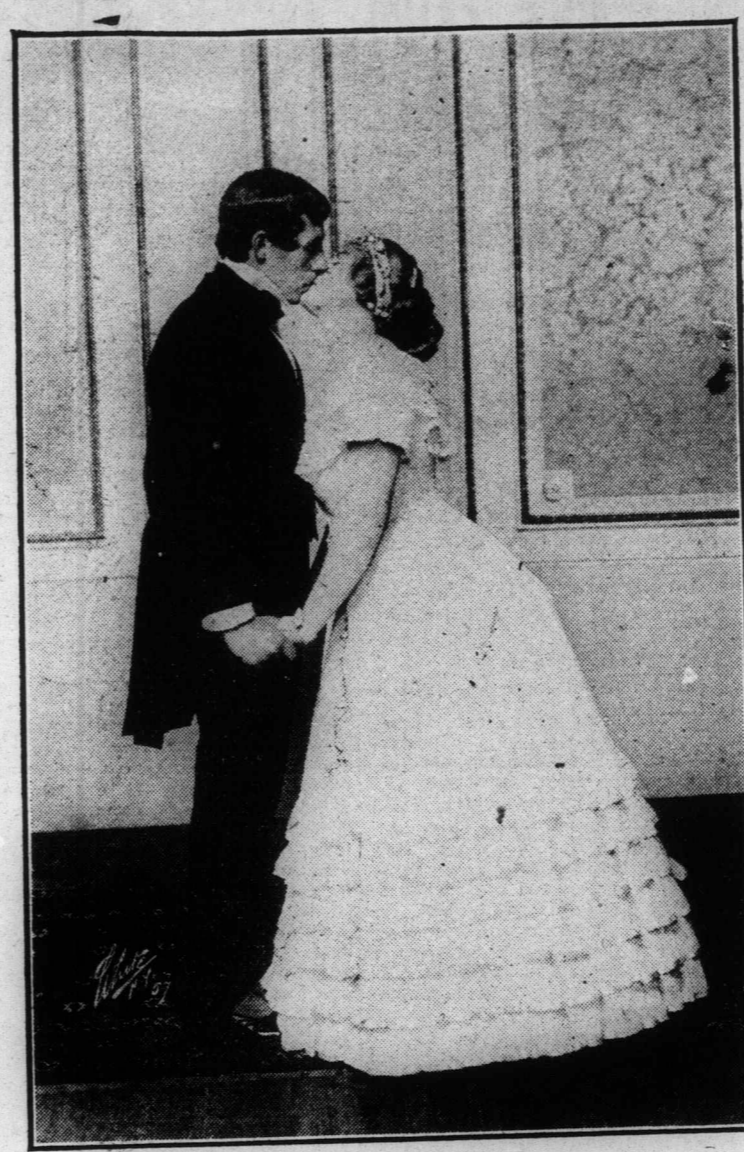

"All sixteen clubs should figure in this world series. Every major league city should see every other major league team lined up against its favorite at home. The world series in short should be a free-for-all in which all sixteen major league clubs would take part."

"This would easily be accomplished in a general scramble of sixty games. Each American League club would meet each National League club as well as each rival of its own circuit in two games series at home and abroad. Travelling expenses would be minimized because of the short jumps. Public interest would be much more keen, I believe than in the case through the last months of the pennant struggles as contested at present."

"Real World's Champions." "The major league club that won the most games in this general scramble of sixty would have a far better claim to world championship honors than is the case after the fashion in which the blue ribbon is now played. In this long world series championship schedule the commission could make provision for a players' pool too. The prize money might be graded down from the lion's share to a slight consolation for the tailender," said Irwin.

"Some years ago the world series was the greatest sporting event of the whole year," Irwin continued. "It was noticed a year ago it had lost some of its lustre. This season while the crowds in Boston were stupendous, the same old enthusiasm was not there. The crowd seemed uninterested."

"The reason for this, I think, is plain. Not since 1910 has the west seen any part of a world's championship series. The middle west, a real hot bed of interest and enthusiasm in the days of the Cubs, Tigers and Pirates, has grown cold through starvation. The east has been surfeited. There are major league cities in the middle west that have never

M'Graw Brought Wilbert Back

Robinson Had Retired from Baseball, But Returned.

Wilbert Robinson's career in baseball has been an unusual one. Following his long service with the celebrated Baltimore Orioles, he dropped out of the game and went into business in Baltimore, operating a place known as "The Diamond." For a while McGraw was his partner, but after a number of years, when the name of Robinson was almost forgotten, McGraw persuaded him to leave his Baltimore business and join him in the spring and assist in coaching the Giants. That, incidentally, was the origin of the present general custom of having a veteran chatcher handle young pitchers.

Robbie was so successful as an aid to McGraw in the spring that he eventually sold out his business and became the regular coach all year round. Two years ago he withdrew from the Giants to become the manager of the Dodgers.

PLACE A BAN ON TAXI-CABS

Forbid Use of Such Vehicles For Theatre Going in Berlin.

Berlin, Oct. 18.—via London—Berliners will in the near future have to endeavour to arrive at the theatres in time for the play without the use of automobile taxicabs to speed their trip. It is planned to forbid the use of these vehicles for trips to and from theatres, concert halls and other places of amusement. The taxicabs thus freed, it is hoped, will be available to serve a more important purpose.

At the beginning of the war there were 2,600 automobile taxicabs running in Berlin. This number has been reduced to 800 and during the time between the opening and closing of the theatres there has hardly ever been a taxicab to be had. Even the taxicab stands at the railway stations were quite empty of automobiles. The new restrictions are expected in some measure to help solve the distressing question of the messenger boy scarcity.

OUT OF BUSINESS

Toledo, O., Oct. 18.—The Warner Manufacturing Company's plant, a branch of the Willys-Overland Company will go out of existence to-day having been absorbed by the Chevrolet Motor Company. The transfer was arranged some time ago. The plant will be used for the manufacture of transmissions for the six Chevrolet factories. The new company will employ about 1,000 men.

Thomas W. Warner, president of the old concern, will continue as general manager under the new ownership.

LUMBER PLANT DESTROYED

St. John, N.B., Oct. 19.—The St. Stephen Lumber Company's plant at St. Stephen has been destroyed by fire. The loss will be about \$100,000.

TORONTO TOO

Toronto, Oct. 19.—A deputation from the city council, headed by Mayor Church leaves for Ottawa Thursday night to meet the government on Friday to ask for an investigation into the high cost of living. A deputation from the local trades and labor congress and deputations from other cities will also be there.

DEVONSHIRE IS POPULAR

New Governor-General of Canada Large Land-owner in England.

Although Canada is losing a royal duke and duchess in consequence of the resignation of King George's distinguished uncle from the position of Governor-General and commander-in-chief, the Dominion is gaining, in the Duke of Devonshire and his consort, a pair who are greater and most powerful families in this realm, says a London correspondent.

The history of the house of Cavendish, whose dual head is master of nearly 200,000 acres, goes back to 1381, its founder being that Chief Justice Sir John Cavendish who was beheaded by Jack Straw's followers.

Even more venerable is the Irish family of Fitzmaurice, to which the Duchess of Devonshire, as a daughter of the present Marquis of Lansdowne, belongs, its history stretching back to Strongbow himself, of whom the first Earl of Kerry, whose title is now borne by the Dukes of Devonshire's brother was a grandson.

Thus far in his career—he is 49—it can hardly be said that the Duke of Devonshire looks like shaping into either a statesman or a power in the political world comparable with his late uncle, the third of a great triumvirate of whom the others were the late Lord Salisbury and the late Joseph Chamberlain.

But the new Governor-General's career has been an honorable and useful, if not a distinguished, one, and he is beloved in all parts of his vast estate. He is the ninth holder of the dukedom, and is Lord Lieutenant of Derbyshire and chancellor of Leeds University.

For the last two years, he has been a Civil Lord of the Admiralty, and he has had a wide experience of both office and politics. For seven years, as Victor Cavendish, he represented West Derbyshire, and he has been Treasurer of the Household and financial secretary to the Treasury. He was also chief Unionist whip in the House of Lords.

NO COMPULSION

Ottawa, Ont., Oct. 18.—The statement in Winnipeg by E. R. Chapman, one of the divisional directors of national service, that the government would pass an order-in-council for compulsory registration in Canada is denied here. It is said he had no authority for making any such statement.

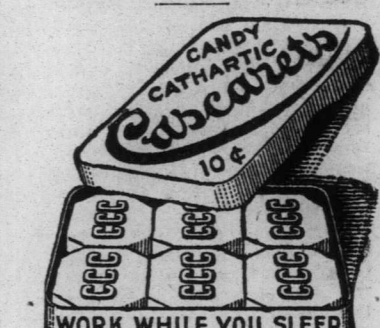

ALL RECORDS BROKEN.

Chicago, Oct. 18.—Sidney Hatch, of Chicago, winner of a score of "marathon" races, shattered all records for long distance running today, when he finished a run from Milwaukee to Chicago, 95.7 miles, in 14 hours, 50 minutes and 30 seconds, beating the record for the course by four hours and 17 minutes.

PUBLIC SCHOOLS CLOSED.

Montreal, Oct. 19.—All the public schools in Westmount were closed in an attempt to check the progress of infantile paralysis, which has already caused three deaths among children within the past few days. The schools in Verdun, an adjoining municipality, have been fumigated.

DON'T BE BILIOUS, HEADACHY, SICK OR CONSTIPATED

WORK WHILE YOU SLEEP. Take one or two Casarets tonight and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. Wake up feeling grand, your head will be clear, your tongue clean, breath sweet, stomach regulated and your liver and thirty feet of bowels active. Get a box at any drug store now and get straightened up by morning. Stop the headache, biliousness, bad colds and bad days. Feel fit and ready for work or play. Casarets do not gripe, sicken or inconvenience you the next day like salts, pills or calomel. They're fine. Mother's should give a whole Casaret any time to cross, sick, bilious or feverish children, because it will act thoroughly and cannot injure.

FOUL PLAY?

Quebec, Oct. 18.—Tenerede Gagne, of Chicoutimi, belonging to the 167th battalion, stationed at the Levis armoury, was found dead to-day at the foot of a 200 ft. cliff at Levis. Gagne yesterday had quarrelled with a companion. The police are investigating the affair, as foul play is suspected.

Toronto May Join American

New York, Oct. 19.—The World yesterday says:—"Ban Johnson says that the Philadelphia club was the only one to lose money in its circuit this year. But others insist that the Washington Senators also lost a considerable amount, and that the franchise will be removed to Toronto next season."

"Toronto is a great baseball town, and no doubt would welcome the Washington franchise and players if it were not for the war. The attendance at Washington dwindled to almost nothing at times, and the stockholders will have to make up a deficit."

PERFECT PATROL.
By Courier Leased Wire.
New York, Oct. 18.—A cable from London to The World says the drop in Lloyd's transatlantic insurance rates is believed in London to be due to the perfecting of the allied patrol in the waters visited by the U-33.
