REAL MOVIE STAR HERE WEDNESDAY

The personal appearance on the Opera House stage on Wednesday of this week of the popular movie star, Margery Wilson will be a new touch to Newcastle people in this line of entertainment. Miss Wilson was for years the opposite player to Wm. S. Hart, particularly noted for his "good bad man" impersonations. In Western stories, Miss Wilson was at one time Douglas Fairbanks' co-star before Mr. Fairbanks married Mary Pickford. She is a delightful little personality of fine literary attainments and will appear in person and chat with the audience at the Opera House following the showing of her own seven reel rural play "Insultation." The moving picture in which Miss Wilson appears is a story of deep heart interest dealing with village life in New England and very much of the type of "The Old Homestead" and "Way Down East" as to characters, settings, etc. The whole picture is perfectly true to country life and from a scenic standpoint is very pretty. Therefore his double attraction of play on the screen and player in the flesh should prove an attraction quite unique to the Opera House and its many patrons.

Examination For Scalers On Sept. 12.

A large number of applicants are expected to write the scalers' examinations to be held in the Crown Land Office Wednesday, Sept. 12th. An act to go into effect on October 1st requires all scalers of logs whether on Crown Lands or by license to qualify before a board of examiners before they shall be permitted to scale. Already twenty five have announced their intention of writing the examinations and applications are still coming in. Hitherto any scaler with a license was permitted to scale on any land without passing examinations but on account of inaccuracies of some of the scalers they must qualify before a board of examiners.

The applicants will not only have to write and pass examinations but must also actually scale under officers of the Crown Land Department.

FALL MILLINERY OPENING

Mrs. A.H. Cole will hold her Fall Millinery opening on Wednesday, 19th inst. A special display of the beautiful wood shades, Amber, Noisette and Goblin will be shown.

Mrs. J.H. Troy will show a special display of Fall and Winter Millinery at the Specialty Shop on Thursday, 13th inst.

THE JAPANESE DISASTER AT A GLANCE

The situation in Japan resulting from one of the greatest disasters in history as disclosed in dispatches from all sources is as follows:

Tokio—It is estimated that as many as 150,000 persons were killed and eight wards of the city's fifteen virtually wiped out, including business and financial district; much damage elsewhere in city; water supply failed, fires caused explosion in government arsenal, killing several thousand; estimated 200,000 houses burned or shaken down. Food and water lacking for thousands of refugees.

Yokohama—Foreign sections and business section wiped out, largely by fire; casualties, reported as high as 100,000; tens of thousands of guests, including many foreigners at resorts in mountains nearby. Estimated 1,400 houses burned. Officer of one steamer who landed reported bodies scattered every where.

Yokosuka—Tidal wave wrecked many government vessels; much damage done in town, which is of 70,000 population; fire reported broken out; naval station engulfed by tidal wave, naval buildings and ships destroyed.

Nagoya—Population 620,000 reported virtually destroyed.

Sasako—Six hundred reported perished in collapse of railway tunnel.

Osaka—Railroad for 100 miles north torn up; many trains wrecked with many casualties.

Ito—More than 500 houses wiped away by tidal wave.

Hakone—At this famous mountain resort it is said to be easier to count living than dead. Foreigners frequented this district.

Kamakura—Aviator flying over reported he could not see one house remaining upright.

Onoshima—"Picture Island" reported submerged.

Oshima—Volcano emitting smoke.

Odawara—Swept by tidal wave.

Awaguchi—Fresh earthquake destroys 50 houses and damages 1,500 more.

Chojamachi—Telephone exchange destroyed and forty operators killed.

THE HUNTING SEASON

The display of guns, rifles and ammunition in the local hardware stores is an indication of the early approach of the hunting season. The open season for deer and duck begins on Saturday next, but moose cannot be legally killed before October 1st. Woodcock and English snipe are migratory birds and come under control of the Federal authorities. Recently the open season for these birds was changed from September 15th until October 1st.

COUNTY COUNCIL ELECTION TODAY

The bi-annual election for county councillors is being held to-day, but in most parishes the present councillors have been returned by acclamation. Nominations recorded are: Blissfield, Akerley Holmes, James C. Weaver, acclamation; Ludlow, John S. Pond, Arthur O'Donnell, acclamation; Newcastle Town, D.P. Doyle, Burton Somers A.H. MacKay, acclamation; Newcastle parish, Lawrence Doyle, Joseph McKnight, acclamation; Rogersville, H. Savoie, P. Chaisson, Frank T. Lavoie; Nelson, R. J. Gill, M. Fletcher, M. Walsh, William Appleby, James Shanahan; Alnwick, D. V. Allain, William Anderson, H.P. Legere; North Esk, D. S. Gordon; Kiah Copp, Frank Menzies; Chatham Parish, W.H. Baldwin, A.S. Harman, acclamation; Derby, E. J. Parker, Albert Bryenton, acclamation; Glenelg, J.W. McNaughton, Roger Quinn, A.D. Watling; Blackville, D.G. Schofield, M. P. Tucker and George Hayes.

GOVERNOR GENERAL CONVEYS THANKS

The following letter has been received by His Honor, the Lieutenant Governor, from His Excellency, the Governor General, on His Excellency's departure from New Brunswick, in which His Excellency conveys, through the Lieutenant Governor, a message of thanks to the people of New Brunswick.

Governor General's Train,
Sept. 3rd, 1923.

My dear Lieutenant Governor,
On the conclusion of my tour in your Province, I cannot let the opportunity pass without telling you how I have been struck with the loyalty and enthusiasm of the citizens of all ages and professions. The tour has been a sequence of demonstrations of devotion to our King and Commonwealth.

No less conspicuous has been the hearty welcome which has been accorded to my wife and myself. Town and countryside have vied with each other in hospitality and warmth of welcome; and I leave New Brunswick with a feeling of lasting friendship for its people.

May all prosperity attend their endeavors and may happiness and good health cherish their lives and homes.

With best wishes to Mrs. Todd and yourself,

I remain,
Yours sincerely,
(Sgd) Byng of Vimy

A FERRY NOW RUNNING

A ferry between Newcastle and Chatham Head has been put into service by the Provincial Department of Public Works. The service commenced on Saturday and is in charge of Lawrence McDonald and Wm. McCallum. A large scow has been fitted up for the purpose and is drawn by the Steamer "Irene." This ferry service will be a great convenience to both sides of the river, during the period of repairing the Morrissey Bridge and the patronage so far received by it is very noticeable. The men in charge are most obliging and will do all they possibly can to please the travelling public. Mr. Chas. McCallum, Provincial Engineer, is in charge of the service.

A Screen Favorite

Kathlyn Williams Has Strong Role in "The World's Applause"

There are few better known or more popular players of the screen than Kathlyn Williams. For many years a star in her own right, Miss Williams is a prominent member of the Paramount Stock Company of players and by her own careful and conscientious work in recent Paramount pictures, she has proven herself to be as great a favorite with picture fans as ever. Miss Williams is admirably cast in William de Mille's latest production "The World's Applause," which comes to the Opera House Theatre next Wednesday and Thursday, and in which she has the role of a jealous wife who accidentally kills her husband and thereby involves many in serious trouble. The story of "The World's Applause" deals with publicity and its consequences. Kathlyn Williams has the featured role.

Millinery Opening
Our Collection of Modes for Autumn 1923
WILL BE ON DISPLAY
Wednesday, September 19th.

A. A. MORRIS

DECLARES NOBODY OUGHT TO DIE FROM PNEUMONIA NOW

James Douglas, editor of the London Sunday Express writes as follows in the Daily Express: Sir Charles Hawtry has died of pneumonia after catching a cold. President Harding has died of pneumonia after eating crabs which produced ptomaine poisoning. There is no connection between colds and crabs. Why then, should Hawtry and Harding both die of pneumonia? I ask the question as a layman who has had extensive and expensive dealings with doctors.

Let me tell you all I know about pneumonia. Some years ago I grew weary of being laid up for weeks with influenza. I was inoculated against it by a Harley street bacteriologist, and I have never had it seriously since. He talked to me about serums and antitoxins. Among other things, he told me that nobody ought to die of pneumonia.

"Pneumonia" he said, is not itself a disease. It is the sequel of any shock to the system, whether that shock be a disease, or concussion of the brain, or an accidental fracture of a limb, or a great grief or any sudden mental stress or strain. The pneumonia bacillus is present in every human being; but it becomes dangerous only when the defending garrison is so gravely weakened that it becomes unable to resist its ravages. Anything that weakens the garrison permits the pneumonia bacilli to multiply and storm the citadel, namely the heart unless a culture is made from the patient's own bacilli and injected without delay.

My bacteriologist then related the following anecdote. A man of seventy broke his thigh by falling down the steps of his house during a frost. His doctor did not believe in inoculation. He met the bacteriologist and told him that the old man would die of pneumonia in a week. "Let me take a swab from his throat" said the bacteriologist "and I guarantee that he will not die of pneumonia." "He is an old man. He will die anyhow. I don't believe in your anti-toxin."

Next day the bacteriologist met the doctor in the street. "A queer thing has happened," said the doctor. "The old man's wife, aged 80 has fallen down the same steps. She will also die of pneumonia. They will both be dead in a week." "Well," said the bacteriologist, "let me have one of them. Give me the old lady, as she is ten years older. Or, if you like, we'll toss for one of them." The doctor agreed to toss. They tossed, and the bacteriologist got the old lady. He took a swab from her throat made a culture, inoculated her and she recovered. Her husband died in seven days.

Some time afterwards a relative of mine sustained a grievous mental shock. My doctor treated her for that and for that only. I noticed that her lungs were affected. I told the doctor that I feared pneumonia and I persuaded him to

LIMBS AND BODY ALL SWOLLEN

"Fruit-a-tives" Relieved Both Dropsy and Sick Kidneys

The Wonder of Fruit Medicine

Those who know they have Kidney Trouble—who suffer with pain in the back—who are up frequently at night—will welcome the news that "Fruit-a-tives", the wonderful medicine made from fruit juices and tonics, will positively relieve Kidney and Bladder Troubles—as proven by this letter.

"Our little girl had Kidney Trouble and Dropsy—her limbs and body were all swollen. We decided to try 'Fruit-a-tives'. In a short time, the swelling went down. Now, she is the healthiest one of the family!"

WM. WARREN,
Port Robinson, Ont.
50c. a box, 6 for \$2.50, trial size 25c.
At dealers or from Fruit-a-tives Limited, Ottawa, Ont.

examine her lungs. He then diagnosed pneumonia. I urged him to take a swab from her throat and allow me to have a culture made. Very reluctantly he did so, and I got a culture made in 24 hours. But the doctor would not use the anti-toxin. The patient developed double pneumonia and nearly died.

Now I do not know whether anti-toxin was used in the case of Sir Charles Hawtry or of President Harding. The cables about the President's illness mention oxygen cylinders, but they do not refer to anti-toxin. As a layman I want to know whether there is a conflict of view between the orthodox physician and the bacteriologist. I found it impossible to persuade the physician to use the anti-toxin which was at the bedside. For the lay public the problem is one of life and death. My own belief is that anti-toxin employed in the early stage of pneumonia is the remedy for the appalling scourge. Am I right or am I wrong? Are the physicians at loggerheads with the bacteriologists?

GOOD home-made bread has always been the chief food of the earth's sturdiest races. None of the breakfast foods or health foods can equal bread in nourishment. Good bread is the most digestible food as well as the cheapest.

Here and There

Over a thousand million fish eggs of various species were collected by the hatcheries branch of the Department of Marine and Fisheries during 1921.

Inbound ships from the United Kingdom are averaging 4,500 tons of freight for discharge at Vancouver. Outbound they take about 4,000 tons per vessel. Last year the average outward tonnage was practically the same while the inbound was only about one tenth of what it now is.

Announcement has been made that a Government wireless station is to be erected on St. Paul's Island, which stands in the entrance to the Gulf of St. Lawrence, off the most north-easterly point of Nova Scotia. Two Government wireless engineers have arrived there and are making arrangements for the erection of the station.

One hundred and forty thousand Canadian school boys have been banded into an army of guards to watch for and prevent forest fires in the Dominion this year, according to an announcement made by the Canadian Forestry Association. The new organization, which is known as the Young Canadians' Forest League, will, it is expected, save several million dollars' worth of timber from fire ravages.

That "prospects for increased immigration into Canada are excellent" was one of the most important statements made by E. W. Beatty, K.C., upon his return from an extended tour of England and European capitals. The president of the Canadian Pacific Railway believes Canada is progressing in the matter of immigration, but intensified efforts are essential, he considers, to offset erroneous impressions abroad that Canada does not require new settlers.

A record run between Winnipeg and Quebec was recently made by a special Canadian Pacific train when passengers from the Orient were, through delay caused by landslide, in danger of missing their connection with the C.P.S.S. "Empress of Scotland" at the eastern port. The train covered the 1,579 miles in a little over 36 hours, whereas the schedule time for trains between these two cities is 53 hours. The passengers had crossed the Pacific on the C.P.S.S. "Empress of Russia" and were taking advantage of the 21 day Orient-to-Europe service of the Company.

The United States has invested in Canada \$2,500,000,000, according to the Bankers' Trust Company of New York, which has just completed a survey of Canadian industry and the amount of United States capital invested. Of the total sum invested, \$1,200,000,000 is in bonds, and the remainder in farms, mortgages, small businesses, industrial enterprises, banking and private loans. It is computed that more than 200 branch factories were opened in Canada by United States concerns in 1919, and a great number in 1920 and 1921, and that late in 1922 the number of these came to 700.

A collie dog is reported to have saved the life of a London West girl, while accompanying the child to a nearby store. On the way she stopped on the C.P.R. railroad tracks in the path of a westbound flier. Realizing the child's peril, the dog threw himself against her with sufficient impact to knock her clear of danger, and was cut to pieces by the train before he could regain safety.

The girl's mother tried to discourage the dog from going when the daughter started for the store, but he went, and was the means of saving the child's life, and died heroically as a result.

PILES

Do not wait another day with itching, bleeding, or protruding Piles. No surgical operation required.

Dr. Chase's Ointment will relieve you at once and afford lasting benefit. 60c a box; at dealers, or Edmanson, Bates & Co., Limited, Toronto. Sample box free, if a return order and envelope to pay postage.

Prizes Awarded In Military Drill

Major F.A. Good of Fredericton announced the award or the prizes for physical training and military drill in the graded, semi-graded and rural schools under the Strathcona Trust of New Brunswick. The following awards were made in district No. 1: Inspectoral district No. 1. P.G. McFarlane: Graded—Newcastle, 1. J.H. Barnett, 95; 2nd Miss Gray Newcastle, 90. Rural—1, George Gregg, Hayesville, 95; 2, Miss Anna Taylor, Wiltsbrook, 90. Semi-Rural—1, Miss Lena Carten, Jacquet River, 95; 2, Miss Ida M. Bartha, Atholville, 95.

Bill Sharen May Not Race Again

"It's just possible that Bill Sharen 204 1/2 will not race again," says the American Horse Breeder. The Fredericton bred trotter now owned by Joseph J. Roberts of Worcester Mass., who refused \$9,000 for him a few days ago is reported to have gone "very lame behind" in his recent races at Goshen, N.Y.

W.G. Gocher, secretary of the National Trotting Association, in one of his most recent articles on racing says that Capt. O'Neill 219 1/4 the trotter by Captain Aubrey 207 1/4 being raced for Hugh O'Neill of this city by John Willard the Piquette Isle, Me., reinsman is "rated as another Bill Sharen."

Nerves So Bad That She Would Sit and Cry

Mrs. Mary Hocking, Madoc, Ont., writes—
"Dr. Chase's Nerve Food has done me a wonderful lot of good. I suffered from general weakness and was so run down and my heart and nerves were in such bad shape that I would sit down and cry and not know what I was crying about. I also used to have weak spells. Thanks to Dr. Chase's Nerve Food, however, I am real well now. I shall always keep a box of the Nerve Food in the house, and recommend them to my friends; they are a wonderful medicine."
(Mr. J. W. Vince, Druggist, of Madoc, Ont., says: "I have sold Mrs. Hocking your Nerve Food, and the medicine has done her much good.")

DR. CHASE'S NERVE FOOD
50 Cents a box, all dealers, or Edmanson, Bates & Co., Ltd., Toronto

A WISE PROVISION

PROPERLY farmed, almost any agricultural district in Canada should produce a good living for the farmer in all but exceptionally bad seasons.

The lean year is bound to come—the wise farmer who has put money in the bank during good seasons can face a crop failure when the man who hasn't saved would go under.

Your interests and ours are mutual and the Manager will always be ready to discuss with you, in confidence, any of your financial problems.

Games For Girls

Women, as well as men, should be permitted to develop skill in that which they undertake, but they should never forget that what is undertaken by them should not necessarily be in emulation of man's physical activities that is, the development of large muscle or the ability to stand long protracted physical strain. These are not necessary either for the function of motherhood or recreation. Therefore those activities which lead to this purely masculine development should be barred at least to the adolescent girl.

Hiking, dancing, golf, tennis, swimming, basketball, baseball with an indoor ball, soccer, hockey, fencing and modified track and field sports are all valuable. Modern girls do these things and do them well; but wrestling, boxing, putting the shot, pole vaulting, tugs of war and the like were never meant for women. It is a ridiculous thing for a track and field committee, promoting a women's field day to bar the high jump, the low hurdles or the discus throw from their meet but it is a vicious thing for them to permit running three or four heats in the fifty yard dash, two or three heats in the one hundred yard dash, and relay racing all in one afternoon. Yet this occurred in a big meet in the Metropolitan district only last fall.

If women would learn to control these matters in a sane, moderate way, not permitting themselves to be led to extremes in either direction by the twaddle of the faddist and the publicity seekers on one hand and the ultra conservatives on the other, they would have to continue to have before them the gifts that God can give, the ability to recreate and to live healthfully, by the two achieving the purpose for which they were made, and appreciating to the full the joy of healthful living.

APPOINTMENTS TO PUBLIC SERVICE

Further appointments to fill vacancies in the Public Service Department are not expected to be made by the Government for some time.

There are several appointments still to be made, among the most important being a Lieutenant Governor of Quebec, a Chief Justice for Ontario and the filling of his seat on the Board of Railway Commissioners.

It is believed that Hon. Frank Oliver of Edmonton, a former Minister of the Interior in the Laurier Government is scheduled for the Railway Commission post and that his elevation will be announced early this fall.

The appointment of Hon. A. K. MacLean of Halifax, to the Exchequer Court and the elevation of E. J. McMurray of Winnipeg to the Solicitor Generalship are still pending but the probability is that both these will be announced at the same time and two more by election days set.

Another appointment held in abeyance is that of Auditor-General, although it is believed that this will be one of the next to be cleared up. Other appointments still pending include the Soldiers' and Sailors' Appeal Board and a judge to the Bench of Manitoba.

The two Senatorial vacancies, one in Quebec and the other in New Brunswick, will not be filled until early in 1924. In the latter province it is understood that a merry fight is in progress among the faithful for the privilege of sacrifice upon the altar of public service.

Meantime the Capital is practically deserted by the leaders of the nation. The industrial situation in Cape Breton where annual fights are proving highly injurious to capital and labor alike is under discussion, with the Premier of Nova Scotia in Ottawa to deal with his troubles on the broad shoulders of the Federal authorities.

The Cape Breton saying "no law east of the Gut of Canso" may, after a Federal investigation, need something in the way of an investigating commission and endeavor to finally clean the situation up.

The other cause for worry on the part of the Government is found in the financial situation with special reference to banks. Although the aid here is thick with rumors of further amalgamations and even grouping some of the smaller institutions the Finance Department maintains a strict silence. However it is understood that there will be no more failures and that there is no cause for worry on the part of shareholders or depositors.

WILSON'S FLY PADS

Kill them all, and the germs too. 10c a packet at Druggists, Grocers and General Stores.

Here and There

Vancouver as a grain port has gone over the top and is assured of achieving the 15,000,000 bushel objective set for the 1922-1923 crop year, according to statistics issued at the Vancouver Merchants Exchange.

A Canadian Pacific Railway train, over half a mile long, left Oshawa for New York recently. The train was composed of 52 flat cars, each carrying from four to six automobiles, and was the first solid train to leave Oshawa for New York.

Making the heaviest loading since the big crop year of 1915, grain loaded on the western lines of the Canadian Pacific Railway from September 1st, 1922, to March 7th, 1923, inclusive, totalled 118,565 cars. This is 16,000 more cars than were loaded during the corresponding season of last year.

While in mid Pacific, the wireless operator of the Canadian Pacific Steamship "Empress of Russia" was in touch with the Leaflet wireless station in England, and received a number of news items. "The ether waves were evidently carried across the North Pole, as we were on the other side of the world," said Captain A. J. Hosken, commander of the liner.

An Owen Sound deputation which recently interviewed Canadian Pacific Railway officials in Toronto, urged the building of a line from Owen Sound, through Meaford and on to Collingwood and then on to a point on the Sudbury line near Coldwater. The officials are reported to have been interested by the suggestions made by the delegation.

Captain A. J. Hosken, R.N.R., of the Canadian Pacific Steamer "Empress of Russia," has been awarded the Medaille d'Honneur de Sauvetage de premiere classe by the French Government, for the part taken by him as commander of the liner "Monteagle" in saving the crew of the French steamer "Hain Tien," off the China coast.

There is a gold rush on to Rouyn township, in northern Quebec, to Labrador and now to the Seo district. In fact, the whole northern district has immense areas of rock bearing more or less gold, and the question is whether the quantity is large enough to make a real mine. Gold mining will be one of Canada's greatest industries twenty-five years from now—"Mail & Empire."

Still another case of children travelling alone. Elmer Lann, five years old, and Roland Callwell, seven years old, both living on St. Denis street, Montreal, were missed by their parents who did not hear of them after their disappearance until notified by Canadian Pacific Railway officials that the children were in Quebec city, to which place they had begged a ride.

The initial shipment of cattle since the Embargo removal was recently inspected by the Hon. W. P. Metherell, Minister of Agriculture, in the C. F. R. stock yards, Montreal. They were stall-fed Ontario cattle from along the Canadian Pacific west of Toronto, with the exception of one car load of Western cattle, the latter being in the best condition despite the fact that they had had a 28 hours run from North Bay. The minister expressed the opinion that the cattle being shipped were of the first quality.

It has remained for the Canadian Pacific experimental farm at Strathmore to demonstrate beyond the possible shadow of doubt that the inexpensive trench silo system of providing winter fodder for cattle is, under favorable conditions, quite equal to the costly structures which have in the past been utilized and that the silage is in every sense excellent. This was proved to the satisfaction of a large party of agricultural and business men, who recently visited Strathmore as the guests of the Canadian Pacific Department of Natural Resources in

Newcastle Fears For Girl in Tokio

Much anxiety is felt locally for the safety of Miss Elsie Whitney of Newcastle who is employed by the United Steel Company of Japan at Tokio. The last word from Miss Whitney was received by her sister Miss Lillian Whitney, about a month ago, when she said that if she were able to get leave of absence she would leave Japan for California about August 23. Her friends here are hoping that she was able to get away.

LIGHTNING ROD INSTALLED...

Mr. Wm. Sullivan has had a lightning rod system installed on all his buildings in Redbank. Mr. W. E. Russell, agent for one of the largest manufacturers of lightning systems in the world, received the contract and completed the work on Friday. Residents are now realizing the value of the lightning rod, correctly applied and many are having them placed on their buildings.

STRICKEN JAPAN

Earthquake, Tidal Wave and Typhoon, create scenes of destruction and death

Those who through the Daily Press have learned the news of "Stricken Japan" have been furnished with the terrible story to a fuller extent than a local weekly can possibly find space for, still even through the weekly, a general view can be given.

The entire world was startled with the news which flashed over land and sea on that terrible September the first, about the ruined cities, and their hundreds of thousands of dead. The principal island of the Japanese Empire had suffered terribly, the catastrophe the worst earthquake shock in the history of the Christian era, or modern times.

The Japanese have dwelt in that far off land on the east of Asia, since centuries before the Christian era, yet it is only in our own days that Japan has won the position of a world power. Largely Pagan, she has been wise enough to live in many ways after European fashion; to learn manufacture, industry and commercial enterprise, even reaching heights in education and science, profiting by the arts of peace, while at the same time she has learned deeply of the arts of war and has already shown her power as a nation whose voice cannot be ignored.

Her territory is thickly peopled and her cities are commercially known all over the earth and visited by peoples of every land, and traded with by our own Dominion, as well as others. When we remember that Tokio boasts of five million inhabitants; Osaka of one million, two hundred and fifty thousand and Yokohama of nearly half a million, it is little wonder that an earthquake, accompanied by tidal waves and typhoons striking such centres of population, should add to the world's history, scenes so terrible and horrible, as to overreach the wildest imagination and baffle anything like full description. Millions are homeless and hundreds of thousands have found graves, by the disaster. Ruin mad ruin, stamps the scene. The earth uplifted and rent asunder, shrieks of terror and groans of agony fill the air. The bamboo cottages of the poor, the grander

Always bears the signature of Dr. J. C. Watson

homes of the wealthy, massive structures of office and state, and the palaces of the ruler, have all felt the power and waste of the shock. Death, no respecter of persons, has stalked amidst them a Prince and peasant, the high and the noble of the land, and lowly dwellers in the humblest homes, have been pushed into the ranks of "Equality", mingled together in the ranks of the dead, sending forth from out the ruins, to poison the air, a stench worse than "fire and brimstone", the awful sickening stench of decaying mortality, strong enough to bring in its wake, plague and more death. Little wonder that some in writing of it, can find only one word to express the horror of the scene and that word "Hell" yet we are told, that the people will rebuild on such a foundation; Japan has unfortunately ever been "the land of earthquakes". More than any other portion of the world, it is subject to them. Quakes for the most part, doing hardly any damage, are of almost daily occurrence, in some portion or other of the Empire. During the Centuries of our Era, several severe shocks have occurred in Japan, doing immense damage, and yet bad as they were, this last terrible visitation overtops them all, in fact; the entire world furnishes no equal, awful as some previous disasters have been. Today, the nations of the World, are rushing to Japan, with sympathy relief and support. It is well, it is the voice of Christianity, the tones of brotherhood. Japan with all her paganism or Shintoolism has not shut her doors to the Christian Churches, and their missionaries are working nobly in the midst of her people, and many noble conquests have been made. The voice of Christ has been heard in the land, and not only among the common people has that voice won a following, but among the great ones of the Country; her ministers and statesmen has it gained converts. Amid the gloom, the news is cheering, that on the whole, the disaster which has overtaken so many, has spared the mission work, and that many who were thought to have perished are still alive to lend a helping hand among the hosts of injured with "words of comfort and touch of love."

NEWCASTLE METHODISTS

One who has closely observed and knows, finds that the Methodists are as busy as bees. They are making money and honey both, by the look of things. Nice meetings and functions that promote sweetness, and enterprises undertaken that bring in revenue are the order of the day. There seems to be something doing all the time is the only inference one can make from the activities of the last ten days. The Ladies' Aid have held a good home-made cooking sale and a meeting for planning bigger ventures. They are the women to work. The Young People's Club have had their usual meeting, balanced up their accounts, and said, "We must get down to business and go to it to render farther help to our Church." And they mean what they say. The Pastor and Sunday School leaders are anxious to start a strong and enthusiastic interest in a Sunday afternoon meeting for young men and women at the Sunday school hour, a valuable auxiliary to the Sunday School life and plans are being made accordingly. Certain very valuable young ladies to the Church are being claimed by the matrimonial bureau and consequently there will be vacancies in choir seats and other important places in the Church so the choir leader will be casting around for other available material and there will be a challenge in other departments for volunteers to fill up the ranks so that efficiency

can be maintained. The W.M.S. have had their meeting and this fine, worthwhile group of women, with the Kingdom vision of Jesus, gathering in Mrs. Leard's home, as of yore, again felt the influence and benediction of the late Mrs. T.A. Clarke's life and ministry as they listened to a wonderful report she wrote out, a few weeks before her death, of her observations at the Branch Convention. Eva Allison, a bride-to-be was very much surprised when quite a number of the Methodist young folk gathered at her home Friday evening, bringing in a large decorated clothes basket piled high with handsome presents that their affection and esteem bade them bring. My! wasn't she happy and grateful; and didn't she and her beau laugh over the unique rolling pin and other funny little things hidden away among the fine gifts!

Baby's Own Tablets Of Great Value

Mrs. Hermadis Chagnon, Ste. Theodosie, Que., writes: "Baby's Own Tablets have been of great value to me in keeping my little one well and I would not be without them." Thousands of other mothers say the same thing. They have learned by actual experience the value of the Tablets in regulating the bowels and stomach; banishing constipation and in digestion; breaking up colds and simple ailments of childhood. They are sold by medicine dealers or by mail at 25c a box from the Dr. Williams' Medicine Co., Brockville, Ont.

MALNUTRITION
In a nursing child often means that if the mother would take Scott's Emulsion regularly, the cause would disappear.

The Chatham District meeting under the chairmanship of the Rev. H.C. Rice was held on Wednesday last in the Church. That popular urbane chairman made all the visiting ministers and laymen feel good, and together a pile of business was got through in the afternoon. In the evening the President of the N.B. and P.E.I. Methodist Conference gave a strong and forceful address to a much enjoyed public meeting. The visitors were entertained at the homes of the Methodist people. Now all this within seven or eight days, besides the regular services. Something doing? Don't you forget it. It's the only way to keep alive and helpful. Lastly, as the preacher sometimes says, the minister is being kept busy, getting up early to perform a wedding ceremony, staying up late at night to give his presence and help at meetings and social functions and to prepare the sermons that must keep pace with this up-to-date serviceable Church. He told the folk last Sunday morning that a fancy and crosswise religion that smacked of lavender water and velvet upholstery, bloodless and inane was not for Methodists or anyone else. In the evening he stressed the need of the Sunday services and their ennobling healing ministry to offset the ragtime, soil and profanity of daily occurrence through the week. Next Sunday he is going to do in the morning what Ian MacLaren's young preacher at Drumtochty was urged by his aunt to do: "speak a good word for Jesus Christ" and in the evening he is going to ask particularly of men, young and old: How do you see? Red, blue or white? The man who sees red will likely feel ashamed.

Last Symbol of Frontier Passes Into History
The old-time stagecoaches, used for years over the historic Caribou Trail in British Columbia, were recently replaced by Studebaker cars. These cars now make the 220-mile trip north, from Ashcroft to Quesnel, in about a quarter of the time required by the horse-drawn coaches, and the fare is only one-fourth of what it was when the passengers depended upon old Dobbin.

The Real Reason for A Pretty Skin

Why is it that one girl has a fresh smooth complexion and another a skin which is lifeless, dull and sallow? Is it a gift of nature or some guarded beauty secret?

It is a secret, but an open one in which every woman may share. It consists in knowledge of the care which keeps the skin free from clogging, poisonous accumulations. In the removal every day of all dirt, oil secretions, excess cold cream, powder and rouge.

To do this, use mild soap, massage it thoroughly into your skin and remove with many rinsings. The mildest soap you can choose for this purpose is Palmolive. It contains Palm and Olive oils. These rare oils are the mildest cleansers nature ever produced. They are the oils used by Cleopatra thousands of years ago.

Their combination in Palmolive produces a profuse, creamy lather which penetrates every tiny pore, removes every trace of dirt, oil, rouge and powder and leaves the skin smooth and fresh as a rose.

You can buy Palmolive Soap at all first-class dealers.

Palm and olive oils nothing else—give nature's green color to Palmolive Soap.

Volume and Efficiency Produce 25-cent Quality for 10c

Mr. and Mrs. James Stables registered at the Dufferin Hotel, St. John last week.

Miss Florence Cassidy entertained a number of her young friends at her home last Tuesday evening.

Miss Grace McTavish left today for Providence, Rhode Island where she will study the nursing profession. Huxley White left this morning for Woodstock, N.B. and Maine cities for a two week's vacation.

Mr. and Mrs. A.H. MacKay attended the St. John Exhibition last week and were registered at the Victoria.

Mr. and Mr. C.M. Dickson and son, Albert left by motor yesterday morning for Newburyport, Mass. where they will be the guests of Mr. and Mrs. D.P. Guptil.

Mr. Edward McGrath was a visitor to Chatham on Saturday.

Mr. and Mrs. Alex. Corbett and daughter of Waverly, Mass. are visiting Mr. Corbett's parents, Mr. and Mrs. Wm. Corbett, Sr.

Rev. Donald and Mrs. Forrester left last week for New York, where they will reside. Mrs. Forrester's mother, Mrs. W.A. Hickson accompanied them as far as Montreal where she will spend the winter.

Mr. Wm. F. Smallwood, ex-Royal House Foreman at Newcastle, who recently retired on the Provident Fund was a visitor to Moncton Thursday and was warmly greeted by many friends there. Mr. Smallwood was en route to Halifax to visit his son, who is located there.

Ottawa Citizen: Mr. and Mrs. Hubert Sinclair of Newcastle, N.B. spent the week end at Meach Lake where they were the guests of Mr. and Mrs. F.F. Holden. Before returning to their home they will spend several days in Toronto where their two sons attend St. Andrew's College.

Miss Edith Henderson of New York is visiting her cousins, the Misses Parker. Miss Henderson is the only daughter of the late George Henderson, who was a native of Chatham, but was for many years a resident of New York, at which city he died about thirteen years ago.

WEDDINGS

BELL-MACLEAN

A quiet wedding was solemnized at the Methodist Parsonage here at 8 o'clock Wednesday morning, 5th inst, when Miss Edith MacLean, daughter of Mr. and Mrs. W.H. MacLean, and Theodore Bell of Chatham were united in marriage. The ceremony was performed by Rev. A.W. Brown. The happy couple left by car on a honeymoon trip to Houlton and other Maine cities and on their return will reside in Chatham.

NEW STAMPS AVAILABLE

The new excise stamps to be used for cheques and bills of exchange after October 1st are available. They are of a bright shade of blue with the figure "2" or "4" or other denomination in bold lettering.

The post office will not handle these stamps which are obtainable at the offices of the department of inland revenue in the various cities throughout the country. The banks, however, will probably be the source of supply for individuals and business firms.

END OF RUHR OCCUPATION?

A Berlin despatch says the end of the Ruhr occupation problem is in sight. It is reported that negotiations are under way which will probably clear up the German-French difficulties within eight days. Optimism is expressed but it is declared that should negotiations fall the result will be a crash of the Stresemann cabinet and probably the worst revolution since the war.

Miss Katherine Maltby left yesterday for Sackville, where she will attend Mount Allison Ladies' College.

HAD THE LAUGH ON JAILER

Prisoner in Tower of London Escaped and Literally Left His "Host" in Embarrassment. During that period in English history when it was "quite the thing" to be shut up in the Tower of London the prisoner, says a writer in Chambers' Journal, could live comfortably. He could order what furniture he pleased—and even plate and tapestries—but there was one condition: he could take nothing out of the tower or again, if he went out by way of the scaffold it did not matter much; but if he was acquitted or escaped his expenditure was a total loss. All the furnishings became the perquisites of the lieutenant—a circumstance from which we may confidently infer that he encouraged his prisoners to make themselves as comfortable as possible, regardless of expense.

Sometimes, however, the lieutenant met a stone as hard as himself—in other words, Greek met Greek. Such a one was Sir William Seymour, afterwards duke of Somerset. Though not at all blessed with wealth, the knight ordered expensive tapestries, silver plate and the best of furniture while the lieutenant stood by and rubbed his hands in anticipation of his future inheritance.

Sir William Seymour, however, noticing that a cart came almost daily to deliver hay and fagots at the entrance under the Bloody tower exactly opposite his prison, conceived the idea of escaping. A friend smuggled a slouch hat, a false beard and a snock in to him, and one day while the cart was inside delivering his goods Sir William strolled out, mounted the driver's seat, turned the horse round and calmly drove out of the Iron gate. There horses awaited him; he took boat opposite Greenwich and reached a ship that he had chartered to carry him to France.

The matter naturally made trouble for the lieutenant, but he consoled himself with the thought of the rich perquisites that Sir William had left. What, then, was his indignation to find that the fugitive had paid for none of the things, and that he himself was sued by the tradesman who had supplied them! Even so, he might have recovered at least some of his money by the sale of the goods, but so his desire to find the fugitive knight had set up the most valuable tapestries in the tower.

LOCALS

PUBLIC SCHOOL HOLIDAY

The teachers and pupils of Harkins Academy are enjoying a holiday to-day, granted them by His Excellency, the Governor General, during his visit to Newcastle on August 28th.

PUGILISTIC BATTLE

Luis Angel Firpo, the Argentine is to fight Jack Dempsey for the world's heavyweight title at the Polo Grounds, New York, on Friday September 14th.

ITALY ACCEPTS TERMS

Italy has accepted the terms of the council of Ambassadors and has agreed to evacuate Corfu and adjacent islands when Greece has satisfied all of Italy's demands for reparations.

RUMORED MERGER

It is rumored that a merger was pending between Molson's Bank and the Royal Bank of Canada. When asked concerning it, W.S. Fielding, Minister of Finance said that he knew nothing of any such merger. The Minister declined to make any further comment.

ONE OF THE WINNERS

One of the five winners this year of the Lord Beaverbrook scholarships is Miss Mary Cox, daughter of Professor Phillip Cox of the U.N.B. Faculty. Professor Cox is well known here as at one time he was principal of Harkins Academy.

YOUR SUBSCRIPTION

The date of the expiration of your subscription appears on the colored label on your paper. For instance Aug. 22, means that subscription terminated August, 1922. Look at your label and see if you are in arrears. If you are, we would appreciate your remittance.

DISASTER AT SEA

Seven United States Navy destroyers and the Pacific Mail liner Cuba were wrecked Saturday morning. The Navy vessels crashed on the rocks in a dense fog off Arzuolo light, 75 miles north of Santa Barbara, California, and the passenger steamer, on a reef off the southwest of San Miguel Island, 35 miles off this port.

CONTRACT AWARDED

The New Brunswick Government has awarded the contract for the construction of the Underhill Concrete Arch and Roadway Embankments, near Blackville, Northumberland County to Bruce L. Simmonds of Fredericton. The work is to be completed before November 5th. The contract price is in the vicinity of \$5000. Six tenders were received.

Symptoms Of Debility

How to Tell Whether Your Blood Needs Revitalizing

The symptoms of general debility vary according to the cause, but weakness is always present, a tendency to perspire and fatigue easily, ringing in the ears, sometimes black spots passing before the eyes, weak back, vertigo, wakefulness caused by inability to stop thinking and unrefreshing sleep. The cause of the trouble may be some drain on the system or it may be mental or physical overwork, sometimes insufficient nutrition due to digestive disturbance.

If you have any or all of these symptoms try building up the blood with Dr. Williams' Pink Pills, and as the new blood courses through your veins there should be an increase in your appetite, a better digestion and soon a renewal of strength and vigor.

You can get these pills from any dealer in medicine or by mail postpaid, at 50c a box, from the Dr. Williams Medicine Co., Brockville, Ont.

Here and There

The total elevator capacity of Port Arthur and Fort William will reach 65,000,000 bushels by September of this year. By the end of 1924 the elevator capacity is expected to reach seventy millions.

Immigration returns of the Canadian Government for the first five months of the present year show a one hundred per cent increase in immigration from the British Isles over the figures for the same period of last year.

The 1923 apple crop of the Okanagan Valley will amount to 4,820 cars according to the estimate of W. T. Hunter, district horticulturist. This is an increase of 20 per cent over last year and a record for the district. The apple crop for Kootenay and boundary districts will approximate 380,000 boxes.

A new high record of production was established by Canadian newspaper mills during May with 110,252 tons, an increase of nearly 10,000 tons over the month of April and 15,750 over May of last year. The daily production in May was 4,084 tons, the highest in the history of the Canadian industry.

Following the opening of the Banff-Windermere Motor Highway, Lieutenant Governor Nichol of British Columbia and Randolph Bruce were honored by the Kootenay Indians who made them an honorary chief and full chieftain of their tribe respectively. The Indian celebrations were held at Invermere in the beautiful Windermere Valley.

Several new air stations are to be opened in Ontario and Quebec in the near future for the purpose of extending the forest area to be patrolled by airplanes. A base is to be established at Ramsay Lake near Sudbury, and from this point all Ontario work will radiate; operations being carried on at Orient Bay, Remi Lake and at least two other substations not yet announced.

If the Canadian pre-war exports of flour are considered as 100, the Dominion's average export total between 1921 and 1923 can be considered as 207. Comparatively, pre-war exports of the United States being rated at 100, its present export is at the rate of 147. This indicates that Canada has more than doubled her export trade in flour while the United States has increased her trade by 47 per cent. Before the war Canada exported 2,832,000 barrels, while at present her exports average 7,285,000 barrels a year.—*Journal of Commerce.*

Mr. Georges Delrue, one of the most important personages of France arrived in Montreal by the S.S. "Minotaur" to take up residence at St. Johns, Que. Georges is two and a half years old and has spent most of his life with his grand parents in Tourcois, a small town on the border line of Belgium and France. The journey from the old homestead, via Antwerp, Georges made alone but never out of sight of the watchful eyes of the officials and servants of the company.

Major General Lord Lovett, a passenger on the Canadian Pacific liner "Montcalm," and delegate to the British Empire Forestry Conference, Ottawa, said in connection with his investigations into Canadian forestry methods and applied science, "England has but a small forest area in comparison to Canada, nevertheless, her forests were depleted two-thirds to meet the emergencies of the War, and now we are determined to recover this loss by practical reforestation. We have been working at this for the last three years and expect to make a completion of our work in another year."

ST. ROSES OF ST. JOHN DEFEAT CHATHAM

Playing steady baseball throughout St. Rose's senior amateur champions of St. John, made a clean sweep of their provincial amateur title series with Chatham, winners of the Miramichi Baseball League taking both ends of a double-header at Chatham on Labor Day, before large crowds. The visitors won the morning game with "Bunker" Murphy on the mound, 6 to 3. In the evening game "Tack" Dalton duplicated his excellent performance against Chatham in St. John by holding the locals down to few scattered hits and winning out 9 to 0. The youngster was in great form and played a fine game throughout.

St. Rose's secured the lead early in the game and things looked interesting when the locals tied the score in the second. In the third Briggs made an overthrow to Keoughan at first and Conlon stole home. In the seventh, Sherwood scored on Conlon's sacrifice and Campbell on O'Toole's sacrifice. The locals tightened up but were unable to get up but one man past first, good fielding on the part of the visitors accounted for the rest.

In the afternoon game the veteran "Tom" Mays was in the box for Chatham and though he showed up well he received poor support. Dalton held the locals to a few scattered hits, not one man reaching the home plate. As in the morning game, St. Rose's got away to an early lead. Conlon, Murphy, O'Connell and Fitzgerald making the circuit in the first inning. Campbell came in on Conlon's bunt in the second and Conlon also reached home on Murphy's sacrifice. In the third Frank Campbell slammed out a double bringing McMurray home. In the sixth Dalton hit a Texas leaguer and O'Toole came in from third. Joyce made the ninth tally in the seventh inning when he came in on Sherwood's hit.

In the second inning, "Joe" Currie, when sliding to third had the misfortune to injure his leg. He was taken to the Hotel Dieu Hospital where he was put under the X-ray. One of the bones of his right leg was found broken. Moar replaced him behind the bat.

The Workmen's Compensation Act

The workmen's compensation Recognition of the New Brunswick Lumbermen's Association as an association of employers within the meaning of the New Brunswick Workmen's Compensation Act was promised by Premier Veniot at his conference with members of the association at Fredericton.

The final report of the expert accountant examining the books and system of the act will be laid before a round table conference to be held at Fredericton in October when representatives of the employers as well as the employees are to be invited to discuss the whole situation affecting the Workmen's Compensation Act.

What Will You Put in the Pot?

When you drink tea every cup should be a delicious refreshment—a distinct pleasure. But this demands good tea in the pot. You cannot possibly get satisfactory results from inferior tea.

Now consider the small cost of a cup of King Cole Tea—a mere fraction of a cent. Surprising isn't it? But its secret is in the rich liquoring King Cole blend which yields so generously in the number of cups to the pound. It makes King Cole the truly cheap tea. From whichever point you view it—economy—quality—or the wise combination of both, King Cole Tea claims your preference.

You'll Like the Flavor.

PEOPLE ARE ALIKE EVERYWHERE

Some ruralities were talking of the strange sights to be seen in a great city and one paid tribute to New York. 'I don't believe any one of you could think of any combination of circumstances that hasn't at some time occurred on the streets there,' he said. 'I reckon I know of one that's never occurred there,' said Si Wilson. 'What's that?' asked the other curiously. 'I guess,' said Si slowly, 'that you've never seen, nor ever will see a brass band that's going in one direction and the rest of the folks going in the other.'

MRS. DAVIS NERVOUS WRECK

Tell Women How She Was Restored to Perfect Health by Lydia E. Pinkham's Vegetable Compound

Winnipeg, Man.—'I cannot speak too highly of what Lydia E. Pinkham's Vegetable Compound has done for me. I was a nervous wreck and I just had to force myself to do my work. Even the sound of my own children playing made me feel as if I must scream if they did not get away from me. I could not even speak right to my husband. The doctor said he could do nothing for me. My husband's mother advised me to take the Vegetable Compound and I started it at once. I was able to do my work once more and it was a pleasure, not a burden. Now I have a fine bouncing baby and am able to nurse her and enjoy doing my work. I cannot help recommending such a medicine, and any one seeing me before I took it, and seeing me now, can see what it does for me. I am only too pleased for you to use my testimonial.'—Mrs. EMILY DAVIS, 721 McGee Street, Winnipeg, Man. Lydia E. Pinkham's Private Text-Book upon 'Ailments Peculiar to Women' will be sent you free upon request. Write to the Lydia E. Pinkham Medicine Co., Cobourg, Ont. This book contains valuable information.

'BUY AT HOME'

NOTICE OF SALE OF Real Estate for Taxes

Notice is hereby given that there will be sold at Public Auction in front of the Town Hall in the Town of Newcastle in the County of Northumberland in the Province of New Brunswick on Tuesday the Eighteenth day of September next at Twelve o'clock noon the several pieces of land and premises mentioned and described in the Schedule hereunder. The said sales will be made under and by virtue of warrants issued by The Town Treasurer and Collector and Receiver of Town Taxes of and for the said Town of Newcastle, delivered to me for execution under and by virtue of Chapter 166 of the Consolidated Statutes of New Brunswick, 1903 for the purpose of realizing the amounts assessed as in the said Schedule stated against the persons also therein stated for ordinary Town Taxes in the said Town of Newcastle.

SCHEDULE

Estate of the Late John Jardine: Assessments for years 1918 to 1923 both inclusive amounting to \$60.40; the lands and premises following, premises situate in the Town of Newcastle aforesaid bounded Northerly by Canadian National Railway Lands and the Branch therefrom leading towards French Fort Cove, on the lower or Easterly side by the Lawlor Lane so-called Southerly or in front by lands of James R. Lawlor and by lands formerly owned by the Late Thomas Herbert and on the upper or westerly side by the Homestead property of the Late Allan Ritchie; Ernest Mullin; Assessments for years 1913 to 1923 both inclusive amounting to \$332.95; the lands and premises following, namely: All that lot of land and premises situate in the Town of Newcastle aforesaid bounded Southerly by the King's Highway, on the upper or Westerly side by the property of Frederick E. Locke, on the lower or Easterly side, by the property of Joseph Jardine and Northerly or in the rear by lands of John Hachez. DATED this Thirteenth day of August, A. D. 1922. JOHN H. ASHFORD, Constable of the said Town of Newcastle.

Here and There

Protection of migratory birds has been added to the duties of the Canadian Pacific Railway's consular agents.

Airplanes attached to the Ontario Forestry Department are now equipped with radio sending apparatus so that they can keep in constant touch with the chief and other rangers.

There was an increase of sixty-three per cent in the number of immigrants to Canada during the last three months as compared with the corresponding period of last year.

Canadian Pacific agents in Britain recruited nearly five thousand men for work in the harvest fields of Western Canada and, through lack of steamship accommodation closed their doors on as many more who, attracted by the special harvest rate, sought to enter Canada.

The branch lines program of the Canadian Pacific Railway carried out this year will bring into operation on the prairies a larger mileage than any one year since 1914. Of the 431 miles of line under construction, 281 miles will be ready for handling grain in the Fall, and of the balance, 150 miles will be ready for steel by the winter freeze-up.

A building has been acquired by the University of Toronto to be entirely devoted to the manufacture of insulin. This will be the only factory in Canada to manufacture the curative fluid in commercial quantities and, although it is manufactured in the United States, Great Britain and Denmark, the Canadian product will be sold throughout the world.

Dawson City recently celebrated the twenty-seventh anniversary of the discovery of the Klondyke. In an exhibition of Yukon products cabbages 16 inches in diameter and weighing thirty pounds, potatoes as big as a man's head, pumpkins as big as watermelons, wheat, oats and barley bore witness to the fertility of the Yukon soil. Side by side with these ranged gold nuggets, gold dust and silver bars.

Dr. James Inches, Commissioner of Police, Detroit, and a guest at the Canadian Pacific Bungalow Camp at Nipigon, holds the record for the biggest speckled trout caught in the Nipigon River this season, having captured a fish weighing 7 1/2 pounds. This catch was above the average, but a large number of six pounders have been taken from the Nipigon this season. Several years ago, and from practically the same place, Dr. J. W. Cook, of Fort William, caught the world's record speckled trout, which weighed fourteen and one-half pounds, and was more than two and a half feet long.

A record was established recently when one of the latest type of Canadian Pacific locomotives drew a train of 42 cars of newsprint, weighing more than 1,100 tons, from the plant of the Abitibi Pulp and Paper Company, North Bay, to Toronto, without mishap. Ordinarily, it would have taken two passenger engines to haul such a load for the 320 miles. After proving its worth by this feat the huge engine, together with an all steel train consisting of the latest model tourist, dining and sleeping cars, and a baggage and compartment car, formed part of the Canadian Pacific exhibit at the National Exhibition at Toronto.

Keep Your Shoes Neat 2 IN 1 WHITE Shoe Dressing CAKE OR LIQUID

Whatever You Bake WHETHER you are making bread or pastry, cakes, or cookies, the best flour for all your baking is Beaver Flour. 'Beaver' is a blend of the two finest wheats grown—Ontario winter wheat and Manitoba hard. It makes whiter, more appetizing bread, lighter, more delicious cakes, flakier and better pastry. Uniform blending guarantees baking results. Taxes less than ordinary.

FIVE STUDENTS GET BEAVERBROOK SCHOLARSHIPS

The names of the five students who have been awarded the Beaverbrook scholarships this year were announced last week after a meeting of the scholarship committee held at the office of Dr. Wm. Pugsley, St. John, with Mr. Justice Crockett the chairman, presiding. The successful applicants are: Miss Mary Cox of Fredericton, daughter of Prof. Cox of the U.N.B. faculty; Miss Margaret Steeves of St. John; Charles R. Atherton of Sussex; Cecil Byron Steeves of Bridgetown, Albert County and Chas. H. Henderson of St. Stephen. With the exception of Chas. R. Atherton who will take a course in economics at Dalhousie University or McGill University, all of the candidates will take an arts course at U.N.B. The scholarships which are the gifts of Lord Beaverbrook, a native of New Brunswick, are for \$425 a year for four years for each student and are to enable them to take a course of study at a Canadian University. The largest number of students that can be receiving the scholarship at one time is twenty, as five are awarded each year and each scholarship runs for four years.

With the above awards the number of those receiving the scholarship runs for four years and the number of those receiving the scholarships was brought to its largest total, twenty.

Expects Record Crop If Frost Keeps Off

'If the frost keeps off another week the West will have the greatest crop in its history. Don't be surprised if it reaches 400,000,000 bushels. It will go a long way in putting that great part of Canada back on its feet.'

This was the opinion expressed by Hon. W.R. Motherwell, Federal Minister of Agriculture. Hon. Mr. Motherwell remarked that the meaning of so great a crop was almost beyond the imagination in its effect on the general welfare of the country.

THE CENT IN CHURCH

The silver dollar and a one cent piece once started an argument which deteriorated as many disputes do, into the purely personal. At this stage the big coin thought it would squelch its opponent beyond resurrection by declaring: 'I am one hundred times as good as you are.' But the insignificant cent came back at him with: 'You are not! I go to church every Sunday.'

Never fails

You cannot go wrong in making jams and jellies with Certo, because it is the natural element of fruits that makes jolly 'jell'.

Mother Nature's year-round jell maker

How to Make Delicious Grape Jelly Stem and crush thoroughly about 3 lbs. grapes. Add 1/2 cup water, stir until boiling and simmer 10 minutes in closely-covered saucepan. Place cooked fruit in cheese-cloth bag, and squeeze out juice. Measure 8 level cups (3 1/2 lbs.) sugar and 4 cups of the juice into large saucepan, stir and bring to a boil. At once add 1 bottle (scant cup) Certo, stirring constantly, and bring again to a full boil for 1/2 minute. Remove from fire, let stand 1 minute, skim and pour quickly.

For staterooms, rates and additional information, apply to A. C. CURRIE, Agent ST. JOHN, N. B.

Sportsmen Organize to Block Forest Fires

'Kill the Forest and You Kill All' is the warning being sent to sportsmen in many parts of Canada this month by the Canadian Forestry Association, of Ottawa, a voluntary society of 13,000 forest engineers, sportsmen, editors, farmers, lumbermen, pulp and paper executives, clergymen and other classes. Last year Canada experienced 5,000 forest fires, nearly all caused by persons who receive the maximum benefits from the use of the forest. So severe has been the national loss from careless humans that Quebec has closed her forest areas to all travellers throughout the entire outing season unless they first obtain a permit from a public official such as a fire ranger. This provision places no hardship on the careful traveller but at the same time keeps a record that will be valuable in case prosecution for carelessness with fire becomes necessary. One of the finest camping and fishing districts in the Dominion last year presented a fearful showing of 500,000 acres of forest destroyed as the consequence of 113 fires let loose by campers, fishermen and others on holiday trips. The experienced sportsman has long since learned that a camp fire, or cooking fire, is never safe in a forest unless placed on rocks or gravel and built as small as possible. He also knows that to extinguish the fire completely requires two or three pans or pails of water and a shovel or two of earth, and that no fire should be abandoned while there is the sign of smoke or fire. The driving out of game birds and animals and the wholesale destruction of the haunts of game fish has proceeded at such a rate that all the sportsmen's organizations from coast to coast are making special provision this year to enlist every outdoorsman in a fire preventive campaign. The lighted cigarette requires particular attention for it carries a long time after being thrown away and has destroyed many hundreds of miles of forest that cannot be replaced for a century or more. Some Canadian forest owners prohibit the use of cigarettes by their woodsmen. Cigars, not so commonly used, are equally a forest foe when strict precautions are not taken. Lighted matches thrown into brush or on pine needles or on dry moss have a large share of blame. So potent are these apparently trifling sources of conflagration that many experienced fire rangers and forest engineers and woodsmen never smoke while on the trail and reserve their 'pipe' for after luncheon or supper. Speaking to the sportsmen of Canada, James Oliver Curwood, said: 'We are and have been a breed of destroyers and monumental egoists. In the blindness of self-conceit we have reaped but we have not sown. In the United States and Canada we are feeling the effects of an appalling devastation. The story of our outraged forests and wild life is a tragedy of dimensions of many last, of which we are just beginning to realize the magnitude. And so the sportsmen of Canada are endeavoring to put the onus of vandalism from the head of the user of the forest.'

THE FALLING FORESTS The logger's axe accounts for just one-tenth of the logs that fall in our Canadian forests each year. Nine-tenths of the slaughter of forests is due to the Fire Fiend. And eight out of every ten forest fires are set by human hands. The common causes are unextinguished camp fires, lighted tobacco and matches, prospector's fires and those due to land clearing. One of the finest camping and fishing districts in the Dominion last year presented a fearful showing of 500,000 acres of forest destroyed as the consequence of 113 fires let loose by campers, fishermen and others on holiday trips. The experienced sportsman has long since learned that a camp fire, or cooking fire, is never safe in a forest unless placed on rocks or gravel and built as small as possible. He also knows that to extinguish the fire completely requires two or three pans or pails of water and a shovel or two of earth, and that no fire should be abandoned while there is the sign of smoke or fire. The driving out of game birds and animals and the wholesale destruction of the haunts of game fish has proceeded at such a rate that all the sportsmen's organizations from coast to coast are making special provision this year to enlist every outdoorsman in a fire preventive campaign. The lighted cigarette requires particular attention for it carries a long time after being thrown away and has destroyed many hundreds of miles of forest that cannot be replaced for a century or more. Some Canadian forest owners prohibit the use of cigarettes by their woodsmen. Cigars, not so commonly used, are equally a forest foe when strict precautions are not taken. Lighted matches thrown into brush or on pine needles or on dry moss have a large share of blame. So potent are these apparently trifling sources of conflagration that many experienced fire rangers and forest engineers and woodsmen never smoke while on the trail and reserve their 'pipe' for after luncheon or supper. Speaking to the sportsmen of Canada, James Oliver Curwood, said: 'We are and have been a breed of destroyers and monumental egoists. In the blindness of self-conceit we have reaped but we have not sown. In the United States and Canada we are feeling the effects of an appalling devastation. The story of our outraged forests and wild life is a tragedy of dimensions of many last, of which we are just beginning to realize the magnitude. And so the sportsmen of Canada are endeavoring to put the onus of vandalism from the head of the user of the forest.'

Local and General News.

SPECIAL MASS FOR NEW YEAR
 Rev. P.W. Dixon celebrated a special Mass for the opening of the school year, in St. Mary's Church Friday morning at 7:45. The teachers and pupils of St. Mary's Academy were in attendance.

ANNUAL BOAT INSPECTION
 Mr. Chas. E. Dalton and Captain Bennett of St. John will be in Chatham on the 11th and 12th and in Newcastle on the 13th and 14th for the purpose of making their annual inspection of the boats on the river.

SALE OF SCRAP IRON
 Contracts for the removal of the scrap iron from the Morrissy Highway Bridge, Northumberland County; the Becagueme River Foot bridge, Hartland, Carleton County and the Marysville bridge, York county have been awarded by the Department of Public Works to Mr. Sam Campbell of Fredericton.

25 YEARS AGO, SEPT 1ST
 Mr. George Henderson and Miss Henderson of New York left yesterday for Toronto. Miss Henderson had the honor of raising the American flag yesterday over the American consul's office. The consul, Mr. Call, says it is the first time in thirty years the flag has been raised by a lady.

FIRE UNDER CONTROL
 The fire which started on Friday on lands belonging to the Fraser, Cos. Ltd. at Black River is now under control after a hard fight. Fortunately, the fire did not get into any valuable timber although some second growth belonging to private parties was burned over.

LIGHTNING ROD INSTALLED
 Mr. Wm. Sullivan has had a lightning rod system installed on all his buildings in Redbank. Mr. W.E. Russell, agent for one of the largest manufacturers of lightning rod systems in the world received the contract and completed the work on Friday. Residents are now realizing the value of the lightning rod, correctly applied and many are having them placed on their buildings.

Mr. John Sullivan of Redbank has also contracted with Mr. W.E. Russell to place the rod system on all of his buildings in Redbank and the work will be commenced this week.

CUSTOMS AND EXCISE CHANGES
 In the Department of Customs and Excise the inspection of the Province of New Brunswick has been divided into two divisions. Division No. 2 A, under the jurisdiction of Inspector A.L. Hoyt comprises the ports of St. John, St. Andrew's, St. Stephen, McAdam and Woodstock with all outports and preventative stations. Division No. 3 A, under the jurisdiction of John McDonald Jr., comprises the ports of Campbellton, Bathurst, Newcastle, Chatham Moncton, Sackville and Fredericton with outports and preventative stations. The changes went into effect September 1.

SERVICE IN CELEBRATION OF THE JEWISH NEW YEAR
 Service in celebration of the Jewish New Year began yesterday at 6 p.m., and the observance will continue until Wednesday, at 6 p.m.

DAMAGE FROM FROST
 Quite a heavy frost is reported along the Miramichi district on Wednesday night, playing havoc with tender varieties of garden vegetables.

A LADIES' MEETING
 Mrs. Hattie D. N. Flinders, Grand Mistress of the Ladies Orange Benevolent Association, will address a meeting in the Orange Lodge Room on Friday evening, September 14th at 8 o'clock in the interest of the work. All ladies are cordially invited.

Why is it that in some places you never get a good cup of tea—that is not as good as it should be? The answer is, careless making. MORSE'S SELECTED OKANGE PEKOE is the best tea in the world, but unless it is brewed properly it will not give the best results. Be careful when using it to follow brewing directions which are plainly printed on the wrapper.

RENOUS VISITED
 A number of Newcastle and Chatham members of the Catholic Women's League visited Renous Sunday in the interest of their organization. In the party there were: Mesdames: R.D. Walsh, W.A. Skidd, W.F. Cassidy of Chatham and Mesdames Morrissy, Desmond, Beynon of Newcastle. Mrs. John E. Owens of St. John, 1st Vice-President of the Dominion Executive accompanied the party. Another visit will be made later when it is expected steps will be taken to organize a sub-division.

LETTER OF APPRECIATION
 To the Members of the Hospital Aid, Newcastle and various auxiliaries.
 Kindly accept my thanks and appreciation for the wonderful support given the hospital, while I was with you.
 It was always a source of pleasure to show our reserve supply to visitors, as your work, and hard days were many times made lighter knowing that faithful workers were always willing to help.
 Wishing you every success,
 Very sincerely yours,
 (Sgd.) ELIZA KEYS, R.N.

Pany?
 If your baby is not gaining, he needs this nourishing, digestible milk.
Borden's EAGLE BRAND
 CONDENSED MILK

APPEAL FOR JAPANESE AID
 The local Salvation Army officers are collecting for the Japanese relief fund. The usual method of "keeping the pot boiling" is being used in front of the Post Office building for the appeal.

MIRAMICHI HOSPITAL EXTENSION AND NURSES' HOME DRIVE
 David R.C. Brown, Aspen, Colorado, \$500.00
 B. Waldo Hobart, Boston, Mass. 109.00

Total subscriptions to Sept. 10th\$22687.11

INSTALLING NEW BOILERS
 Mr. B.F. Maltby has secured the contract from the Federal Department of Public Works for the installation of new boilers in the Post Office building. Workmen are now employed taking out the old boilers which have been in use for over twenty years.

STREET IMPROVEMENT
 The employees of the Town Public Works Committee are engaged in building a new cinder road on King's Highway. Between the Court House and Mr. David Ritchie's residence the road, has been completed and work is now being done between the junction of George Street and the Court House. This section has been poor for some time and the new road will be a decided improvement. The laying of the new sewer on Jane Street has also been completed.

ATTENDED DIVINE SERVICE
 The Orangemen of the Miramichi District attended Divine Service at Millerton on Sunday afternoon. Rev. W. McN. Matthews delivered an eloquent and forceful address to the attending fraternity. The Newcastle Concert Band preceded the various lodges in the parade and discoursed music for the march to and from the church.
 The service was conducted by Rev. H. Scott, pastor of the Methodist Church, Millerton who was assisted by Rev. M. McN. Matthews. Brethren of the Chelmsford, Blackville, Newcastle and Chatham L.O. Lodges were in attendance and the service was greatly appreciated by all.

MANY DISAPPOINTED
 Yesterday afternoon many residents were all prepared to get a glimpse (if possible) at the eclipse of the sun. Many were equipped with smoked and colored glasses, but they were keenly disappointed. During the morning, it was thought that the low hanging clouds would pass away about noon and leave the sky clear and bright, but instead, the clouds became thicker, when at 3 o'clock they broke with thunder and lightning accompanied with heavy rain and hail. The rain was badly needed and will do an immense amount of good. The rain storm was of short duration but nevertheless, many were disappointed in not being able to witness the eclipse, because of the heavy clouds which obscured the sun. However, the eclipse, if noticeable at all, was only partial and according to a Washington dispatch the moon first intruded upon the sun at 3:37 p.m. E.S.T. The greatest magnitude of the eclipse was observed at 4:05 p.m. and the sun was completely obscured at 4:25 p.m. and lasted for 1:15 minutes.

PRESBYTERY QUARTERLY MEETING
 The Presbytery of Miramichi will hold its regular quarterly meeting at St. James Hall, Newcastle today, opening at 11 a.m. Included in the items of business for consideration is a proposal to divide the presbytery into two parts, the one consisting of congregations along and adjacent to the Miramichi River and the other those congregations along the Restigouche and Chaleur Bay including several congregations in Bonaventure County in the province of Quebec.

Ship From Chatham Develops Bad Leak

The Lithuanian schooner, Sinams came into North Sydney Saturday leaking badly and a survey will be made of the damage by Lloyds. The Sinams is a three-master of about 260 tons and is owned in Riga. She is loaded with deals from Chatham, N.B. for Tralee, Ireland. She encountered heavy weather in the Gulf of St. Lawrence and it is believed her hull is badly strained.

REGAL FLOUR

The woman who is not satisfied with her bread making should try a baking with Regal Flour, the best flour for bread making sold in any market.

Something to Consider

Who makes the RANGES sold here and did you ever try to find out the REPUTATION of the foundries back of the ranges on sale? Then did you ever consider the KNOWLEDGE the salesman has of a stove or range while he TALKS to you and you are looking over a range? There is nothing so VOID of SENSE as a person talking RANGE who has not grown up in the business.

When you want a RANGE call and let us REASON a bit with you. We have the finest line of RANGES produced in CANADA. Our prices cannot be trimmed—we know the Business and have no substitute for QUALITY. This is the REASON we have the RANGE business of the entire country.
