IMPROVING ROADS IN NEW BRUNSWICK

Fredericton, N. B.—Five contracts for the construction of Federal aided Provincial Highways, amounting approximately to \$132,000 have been awarded. These contracts are for the construction of improved gravel roads which will practically complete the linking up of the improved highways from St. John to St. Stephen, Fredericton to St. John and Andover to Grand Falls, upon completion, with the exception of ten miles on the St. John and St. Stephen highway.

The prices at which these contracts have been awarded are approximately twenty-five per cent. lower than those of last year, and somewhat below the estimate cost, which will effect a very considerable saving to the department on the amounts allotted for these contracts. The contracts have been awarded to contractors experienced in road work and their prompt completion looked for early in the fall. Work will commence immediately.

WINDSOR SPORTSMEN CATCH BIG FISH

Dr. O. B. Keddy, T. B. Akin, Dr. Murphy and Dr. Shankel, motored to Lawrencetown the first of the week, armed with "hook, line and sinker" to try their luck for salmon. Dr. Keddy and Mr. Akin were the two members of the party favored by the big fish. Two fairly raced each other to grab Dr. Keddy's bait and another became too friendly with Mr. Akin's hook and soon found himself in the net. The others, the skillful woos, could not persuade the shyness to come forth and meet the May fly. The party reached home Wednesday night much refreshed by their trip.

On Wednesday R. H. Seaton and C. A. Ryan motored to the same waters to try their luck.

The parties of the first part sent their salmon to their wives in advance of their home coming so that the old fishing story of the "big as a whale" getting away was not required.—Windsor Tribune.

BERWICK WILL PLACE STRONG TEAM IN VALLEY LEAGUE

At a meeting of the Berwick Amateur Athletic Association Mr. Hiram Thomas was chosen manager of the Berwick team for the season of 1922. Mr. C. F. Nickerson was appointed Secretary of the Association in place of Mr. Wadley who has moved to Halifax.

Arrangements were made to purchase equipment such as bats, balls, etc. The new uniforms are about completed and from all reports the boys will make a classy showing when togged up in their new suits. Great credit is due the ladies who have taken such an interest in the ball team as to make up the different uniforms, and the executive and players appreciate very much indeed this interest and assistance.

Prospects look good for Berwick having a winning team in the Valley League this season. "Wiggy's" arm has not lost any of its pep and strategy and he will sure make some of the hard hitters sit up and take notice before the season is over.—Register.

SMOKING HABIT BY LADIES

(Dr. Wm. Brady.)

Such wholesome prejudice as still exists against the tango, the shimmy, jazz music and offensively immodest dressing rests upon the fact that these are weaknesses picked out of the gutter and adopted by young women who lack brains and old-fashioned home training.

Fifteen or twenty years ago we learned to recognize as a type the woman who wore bobbed hair and smoked cigarettes. She was the advance model for the present fashion. We found her in jail or in the charity ward of the hospital. She wasn't there because she had bobbed her hair or contracted the cigarette habit, but jail and the free surgical wards were just the natural places for her to complete her education.

This was fifteen or twenty years ago.

When a college woman, the dean or head martinet or main squeeze or noble grand exemplar of a school for young women, comes out boldly—yes, boldly is the word for it—in favor of cigarette smoking for college girls, that ought to give some parents pause.

SHE IS UNTRUSTWORTHY

As a health expert and adviser I have received the confidences of thousands of young women. And whatever charity I may have had at one time for the cigarette as affected by the feminine sex, I say now that the girl or woman who cultivates the cigarette habit is untrustworthy. Not because she smokes; not because of any terrible degenerative effect of tobacco; because some inherent defect in her education or character leads her along this road.

Can anyone imagine a thoroughly wholesome, admirable, womanly woman with the cigarette habit?

PALE, WEAK GIRLS AND DELICATE WOMEN

Nature intended every girl and every woman to be happy, active and healthy. Yet too many of them find their lives saddened by suffering—nearly always because their blood is to blame. All those unhappy girls and women with colorless cheeks, dull skins, and sunken lusterless eyes, are in this condition because they have not enough red blood in their veins to keep them well and in the charm of health. They suffer from depressing weariness and periodical headaches. Dark lines form under their eyes, their heart palpitates violently after the slightest exertion, and they are often attacked with fainting spells. These are only a few of the miseries of bloodlessness. When the blood becomes thin and watery it can be enriched through the use of Dr. Williams' Pink Pills and the troubles that come from poor blood disappear. In almost every neighborhood you will find some formerly ailing woman, or pale breathless girl who has a good word to say for this medicine. Among them there is Miss Laura Monaghan, Campbellton, P.E.I., who says: "Before using Dr. Williams' Pink Pills I was in a badly run down condition. I was pale, thin and scarcely able to go about. The least exertion made my heart palpitate so violently that I actually was afraid of one of those spells might carry me off. Often my nights were sleepless, and as the treatment I was taking did not help me I was almost in despair. Finally a friend advised the use of Dr. Williams' Pink Pills, and in the course of a few weeks after beginning this improvement in my condition. I continued using the pills, and am now enjoying good health. I am glad to give you my experience in the hope that some other sufferer may find the way to better health."

These pills are sold by all medical dealers or may be had by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

JUST THIS MINUTE

If we're thoughtful, just this minute, in whatever we say and do, if we put a purpose in it, that is honest thro' and thro', we shall gladden life and give it Grace to make it all sublime; For though life is long, we live it just a minute at a time.

Just this minute we are going toward the right or toward the wrong;

Just this minute we are sowing Seeds of sorrow or of song;

Just this minute we are thinking On the ways that lead to God, Or in idle dreams are sinking To the level of the clod.

Yesterday is gone; to-morrow Never comes within our grasp; Just this minute's joy or sorrow, That is all our hands may clasp. As a pearl of precious price, And with high endeavor make it fit to shine in Paradise.

4,961,355 WORDS WIRED FROM GENOA

Up to last Friday 4,961,355 words were telegraphed from the Genoa conference by diplomats and journalists. The number of three minute telephone calls—European journalists generally use the telephone—represented a continuous conversation of two months and twelve days; during which it is estimated more than ten million words were transmitted by trained telephonists.

The biggest patrons of the Genoa post office in tolls were the Japanese delegation whose bill was 965,000 lire.

Before the conference, Italy proposed to pay the expenses of the delegations of the five inviting powers. It is learned that in order to keep the conference together Italy agreed later to pay a week's pay and expenses for at least four other delegations.

The Italian appropriation for the expenses of the conference has been largely exceeded.

AVIATION OF THE WHITE PLAGUE

Ottawa.—Deaths from tuberculosis in Canada (exclusive of Quebec) for the year 1921, totalled 4,773, according to figures issued by the Dominion Bureau of Statistics.

Of this total tuberculosis of the lungs was responsible for 3,897 or 82 per cent.

By Provinces, Ontario stands first with 2,083 deaths of which 1,731 were pulmonary.

Nova Scotia had a total of 702 with 579 pulmonary.

The other Provinces with their number of pulmonary deaths were: Manitoba 305 pulmonary death out of 420. British Columbia 323 out of 409. New Brunswick 336 out of 403. Saskatchewan, 256 out of 323. Alberta, 256 out of 306. Prince Edward Island 111 out of 127.

The heaviest monthly mortality levied by tuberculosis was in March with 480 deaths of which 386 were pulmonary.

May holds second place with 468 deaths, January and February both had 444 deaths while September was lowest in the year with 327.

LEPROSY DECREASES RAPIDLY IN CANADA

Leprosy has decreased rapidly in Canada in recent years, Hon. Dr. Beland, Minister of Health, Ottawa, told the House of Commons recently. There are now only two leprosy patients in Canada, at Tracadie, N.B., and D'Arcy Island, B.C.

At the former there are now 14 cases and at the latter eight. In 1897 Tracadie had 32 patients and in 1910 it had 22. Most of the cases, Dr. Beland stated, are found among the Scandinavians. One case had recently come from Toronto, and one each from Regina and Swift Current.

VIEWS ON WOMEN IN PUBLIC LIFE

Lady Astor Thinks Better Politics and Better Homes Are The Result of Their Entrance

Montreal.—Saturday's Gazette has the following:—
Descending upon the metropolis for the space of an hour and a half last night on route from Ottawa to New York, Lady Astor, the first woman to be elected to the British House of Commons, delivered a speech before a large mixed audience, in which she made a powerful apology for the entrance of women into public life. "Not to usurp, but to help" was a phrase that fairly well summed up her attitude. Beyond a reference to Montreal as a one-horse town, there was no bitterness or vindictiveness in the arguments used, simply an appeal to the best instincts of the human race and a reminder that male government has, so far, not produced satisfactory results either in world politics or in ordinary human problems.
In view of the short notice that had been given, the arrangements passed off admirably, and although the Windsor Hall did not fill up rapidly at the early hour of 7.45 p.m., for the public meeting, it was well filled by the time the speaker got under way. It was a few minutes after 8 o'clock when the guests of the evening, Lord and Lady Astor, came on the platform, accompanied by Mrs. Walter Lyman, President of the Quebec Provincial Women's Suffrage Committee, and delegates representing various women's organizations. Bonquets were presented by Miss Idolia St. Jean, Mrs. T. de Grey Stewart and Mrs. John Scott, after which the President briefly introduced the guests of the occasion.
A ONE-HORSE TOWN
After an expression of thanks for the warmth of her reception and an appreciation of the beautiful bouquets presented to her, Lady Astor proceeded: "Now I think there is something strange in the weather which Montreal has given me for this visit, because so far as I can make out Montreal is very, very far behind the times; in fact, Montreal looks like becoming a one-horse town, and I will tell you why, because most two-horse towns have already given women the vote, and it is the one-horse town that has not yet awakened to this new spirit. I am not yet lecturing Montreal; it is not my job to lecture anyone."
Lady Astor pointed out that she had come to this continent at the request of the League of Women Voters for the Baltimore conference, and that although she had intended after that to take a holiday down south in Virginia, she had been inundated with invitations to speak. That task she had accepted, first, because she was willing to speak out for the League of Nations, and also to put a new view of the subject of women's suffrage. There were people who were not abreast of the times who were terrified of this change.
The eastern mind, said the speaker, had kept women in subjection. "All you have to do is to go and look at the east, look at all countries where women do not play their rightful part. Look at Germany; there was no place in the world where there was to be seen the sight of these husky Germans followed by wives carrying their clothes and goods. I have watched them many a time until my blood boiled. That is impossible here in Canada or America or in France; I have never seen it happen anywhere but in Germany. There is no better housewife in the world than the German wife; no woman can do her business better or take better care of her children; but look at the result of the German mentality when women confine themselves to their homes. You had better have them anywhere else in the world out of their homes if that is the result.
"Then we have the French women struggling for the vote, and can assure you that the women in France who are struggling for the vote are those who are struggling for what is right; they are not the women who are content with the world as it is, but are longing for the world as it should be.
"I would like to urge upon the men that while women want the vote, it is not that we want to break up our homes and neglect our duty; it is something much deeper and bigger. It is because we have deep down in our hearts a feeling that homes will

TIRED AND RUN DOWN

Lydia E. Pinkham's Vegetable Compound Helped Where Other Medicines Failed

Vancouver, B. C.—"I took Lydia E. Pinkham's Vegetable Compound because I was tired and run down. I had headaches and no appetite and was troubled for two years with sleeplessness. I tried many medicines but nothing did me any real good. While I was living in Washington I was recommended by a friend to take the 'Vegetable Compound.' I am stronger and feel fine since then and am able to do my household work. I am willing for you to use these facts as a testimonial."
Mrs. J. C. GARVEY, 771 Horby St., Vancouver, British Columbia.
Many women keep about their work when it is a great effort because the work must be done. Lydia E. Pinkham's Vegetable Compound has brought relief to thousands of tired housewives by removing the troubles which cause annoying symptoms.
If you are suffering from nervousness, headache and backache, pains in right or left side, tired and run-down feelings, take Lydia E. Pinkham's Vegetable Compound.
This medicine has been used by women for nearly fifty years. That is a long record of service, and stands upon the foundation of merit.

be a little better and cleaner, and perhaps a little kinder, if women go into public life and take their share in making the laws. We do not want to usurp your jobs; what we want to do is to help you, and heaven knows you need it in public life (laughter). Everywhere I go I hear complaints about politics, politicians and politicians that. Well, I am a politician myself, and I may say that the only difference about a politician and a private person is that the politician is always in the limelight and his faults can be seen; whereas the people who vote for him sit in the dark and you cannot tell what they are doing. What we want is better laws and stricter administration and to have public life a little more like private life. The man who lives by himself is a lamentable object. It is the same with public life.
"When I entered the House of Commons I went there as a prohibitionist, elected by the prohibition party, who a that time thought the best thing we could do was to back Lloyd George, who had done his best to win the war, and was doing his best to establish peace. But when I got into the House I was told there was a certain feminine aspect of the question, which was entirely different from that of the man's viewpoint, and which was just as vital to the question as the man's view."

MORALITY STANDARDS

Lady Astor touched upon one such point, namely, the single standard of morality. "We know the world will never be any better for the daughters of men until we have the single standard of morality. Men are very particular about their own daughters and very anxious as long as they are in jeopardy. But we put up with a double standard of morality for men and a single standard for women. Every man wants to look after his own daughter; but have we not a duty for the girls who are less protected than ours? Is it protection for our own children that is wanted only? Is that the highest ideal for civilization? No, I can never join any group which is only thinking of itself, and I can assure you men that when we fight we begin to see the problems of the world, and surely in Canada and all over the world we are weary of war and are longing for peace."
"Do you believe that if women were represented at Genoa, the women of France, if they could really speak, would have wrecked that conference? Of course they would not have done so. They have not had the vote, for Lady Astor referred to starving children in Europe, in Russia, Austria and underfed children in Germany, and added that if women had had a vote they would have reached the point at Genoa, instead of bringing old Europe back to its former jealousies, rivalries and corruptions. She also expressed the opinion that if the people of America had their way their country would come into the League of Nations. She had spoken to thousands through various organizations, and had found that with one voice women believed in the League.

NATURAL PEACE MAKERS

Women are desirous of preventing war, and if they could only play their part in public life, they would bring to bear upon it a spiritual influence that is in them because they are mothers and bore children. They had to learn to make peace with men and with children, and have to use their spiritual qualities from the time of birth to the grave.
Lady Astor told of her experiences in committee with the amendments to the Criminal Code, and argued that although it was a delicate task, there was no embarrassment, because the minds of those who were engaged on

it were pure. She contended that there is need for those with high ideals to go into public life, and that they should not shrink that duty. "Old parties are breaking up," declared the speaker; "old party politicians are getting frightened and the new politicians do not know what to do. It is an extraordinary thing the political world to-day, and that is the reason people are groping for something they do not quite know or understand. The women here cannot grope, but the men are groping."
Lady Astor pulled herself up, looking at Lord Astor and remarking: "You have got to speak."
In conclusion Lady Astor recalled the Cliveden hospital at Taplow, England, and told some very touching stories of Canadian soldiers, and she also referred to her husband as one who had put aside certain political prospects in order to support Lloyd George's social legislation for tuberculosis. "That is the kind of man who wants women in politics," she said: "he is the man who wants to get things done. The men in politics are those who want to get things done, those who want to do you. Make no mistake about that. I bet you have them here in Montreal, for they are in all towns and places. You are ready to die for your country, but are you ready to live for it? Dying does not take long, but living—oh well, it's a long way to Tipperary."

LORD ASTOR'S VIEWS

Lord Astor suggested that he had been afraid to come to Montreal because he was likely to be regarded as a horrible example of the man who approved of giving women not only the vote but of admitting them into public life. He stated that he had met at Ottawa certain leading federal politicians from Montreal, and it occurred to him that they must owe their presence there largely to the women's vote in this city.
Addressing himself not so much to those who were present, as to "those hesitating and doubting husbands, fathers, brothers, and bachelors who are outside," Lord Astor put forward a few arguments for the admission of women into public life. He pointed out that family lawyers could show that unhappiness in marital matters arose less in the homes of public women than in the homes where cars, amusements and clothes were the only thought. He spoke of his wife's popularity in Plymouth and Devonport, where the soldiers and sailors were her most ardent supporters. He had had some experience of parliamentary life. "I knew both parties," added Lord Astor, "and in my opinion all parties have elevated their political programmes since women had votes. If you really want to improve the conditions of your women folk, of those who are employed in industry, to protect your daughters in the next generation, see to it that you have the direct influence of women, and don't merely look for it in an indirect way through husbands and fathers."
Lord Astor spoke of how he intended to rear both sons and daughters with the idea of service to the community, and he would probably have continued, but the inexorable reminder of the President that the New York train would not wait, brought the meeting to a sudden close.
Thereafter Lord and Lady Astor stood at the entrance to the Windsor Hotel on Dorchester Street for picture men, and then motored down to Bonaventure station, where they boarded the eight o'clock, standard time, train for New York.

UNEMPLOYED RELIEF

Ottawa—The Dominion is now in debt to the Provinces to approximately \$1,200,000 for unemployment relief. This sum includes unemployment accounts generally but is chiefly on account of the higher cost of carrying on public works in winter. A supplementary estimate will be presented for this amount.
Hon. James Murdock, Minister of Labor, gave these figures in the House of Commons last night. He added that already \$500,000 had been voted for relief during the past fiscal year.
The statement was made in connection with a vote of \$100,000 for unemployment during the current year, and William Irvine, Labor, Calgary East, asked how the Minister expected to get along with that small amount in view of the large expenditures this last winter.

PREPARE FOR TOURISTS

With the approach of the tourist season various bodies are wrestling with the problem of how to attract more and more visitors to Nova Scotia during our period of "brief but glorious summer". Talk has been had. We have a beautiful country with splendid attraction provided by nature on every hand. Frequent reference is made in the press to the prosperity created throughout the New England States, particularly in Maine and in the White Mountain district through judicious advertising and acquainting summer visitors with the attractions of the country. This is all good but there is behind it something more substantial than talk and scenery. There are dozens of places which would be visited by hundreds of people from the United States every year if reasonable hotel accommodation were provided. This is notably the case in portions of Cape Breton along the Bras Dor Lakes and in other parts of the Island where the scenic and climatic summer conditions are unequalled in any part of Canada. The same, however, might be said of other parts of our Province as well. Though our summer season is not of the longest, our early autumn weather is delightful, but we cannot expect to receive even a meality of what we should receive from tourist traffic till adequate provision is made for visitors in all the different parts of this county where visitors would go if proper provision was made for their comfort. Hotel charges while an important issue are not by any means the whole thing. It has been demonstrated time and again that there is a large proportion of the travelling public that does not object seriously to rates charged provided the requisite service goes with them. In very few points in all Nova Scotia is there adequate provision made for the receiving and entertaining of many more people than come in the ordinary course of advertising, but it is the truth, and a truth that cannot be winked out of sight. If Nova Scotia wishes to cater effectively to summer travel the Province in its attractive centres must be equipped to handle it adequately. If this were done the result, we believe, would, in a short time, surprise and delight. Judicious advertising is a prime essential, but to ensure results the Province must be able to deliver the good more extensively than at present.

PROPER DIET

Unfortunately, very few people realize the importance of a proper diet. Mothers as a rule allow their children far too many sweets and are surprised that they should not be strong and robust. People do not realize the harm that an over amount of sugar can do to the body. Most of them think that a few plumples on the face are all the damage that is done, but this is only a minor part of the damage and if the indulgence is continued some day, not so very far distant, the doctor will be prescribing for a well-developed case of what he calls Bright's Disease and the patient will be eating manufactured food that tastes like sawdust and costs like diamonds. It has always seemed one of the vagaries of human nature that men will be careful and spare no pains in the food they give their livestock, but when it comes to the matter of their own stomachs, they will not stop at eating any and every sort of rubbish. If they only knew some of the horrible concoctions they succeed in mixing up for themselves! But no, they think they have been eating all sorts of trash for the past twenty-five, thirty, forty, maybe fifty years if they have a particularly strong constitution, and nothing has happened to them yet, so why worry.

AMERICANS FEAR LOSS OF TRADE

Increase of British Preference by Canada Will Drive Business Away From U. S. A.

Washington.—The fact that the budget brought into Parliament at Ottawa increases the British Preference on a large number of articles ostensibly imported into Canada has not escaped the notice of members of Congress and officials in Washington, who are following tariff bill developments in Congress closely. Opponents of the high rates in the pending United States tariff declare increase of British preference is the inevitable effect of the tariff policy which is being shaped by the higher protectionists of the United States, and that it is in fulfillment of their predictions that the proposed tariff law here will drive trade away from the United States and hurt United States industry, instead of helping it. Furthermore, they regard this as merely a forerunner of other retaliatory moves not alone in Canada, but in other countries. Latin American countries, for instance, are already aroused. The Canadian budget proposals will evidently not have sufficient effect here to force finance committee leaders to reduce their rates and liberalize the tariff bill. The proposals will, however, materially enhance opposition to the bill and enforce the adverse reaction which many public men, including many Republicans, believe will follow enactment of the proposed tariff law.

WHO SHOULD DRIVE CARS

Many automobile accidents are caused by people driving cars who should never be allowed to. There are always two possibilities of accidents when an unqualified person is driving: One is that of wrecking the car being driven and the other is that of causing a well-qualified person to wreck his because of carelessness or ignorance of traffic rules on the part of the first party. In answering the question "Who should drive autos?" it is easier to tell who should not drive them. The following is the list to which anyone is privileged to add if more are thought of:

- Children.
- Persons whose height does not permit easy reach of the controlling pedals.
- Persons who do not have sufficient strength to operate levers easily and positively.
- Persons under the influence of liquor, whether bought or home-made.
- Epileptics or others subject to fits or fainting spells.
- Persons who do not know and understand the traffic laws, ordinary rules of the road and other points concerning safe and efficient automobile operation.
- Persons with dangerously defective hearing or eyesight.
- Cripples or persons minus arm or leg, whose defect interferes with their safe control of an automobile.
- Women who become easily excited and "lose their head" in case of an emergency.

Will subscribers and advertisers kindly make cheques, postal notes and money orders generally, payable to the "Weekly Monitor" instead of to the late O. S. Dunham? This applies to old accounts as well as to new ones.

ONCE IN A WHILE

- Once in a while the sun shines out. And the arching skies are a perfect blue;
- Once in a while, 'mid clouds of doubt, Hope's fairest stars come peeping through
- Our paths lead down to the meadows fair, Where the sweetest blossoms nod and smile, And we lay aside our cross of care.
- Once in a while,
- Once in a while as we sit alone, We clasp the hand of a steadfast friend;
- Once in a while we hear a tone, Of love, with the heart's own voice to blend; And the dearest of all our dreams come true
- And on life's way in a golden mile, Each thirsting flower is kissed with dew,
- Once in a while.
- Once in a while in the desert sand, We find a spot of the fairest green;
- Once in a while from where we stand The hills of Paradise are seen; And a perfect joy in our hearts we hold,
- A joy that the world cannot defile; We trade earth's dross for the purest gold,
- Once in a while,

—Nixon Waterman.

APPRECIATE STEPS FOR CENTENNIAL

Letter From Prominent Boston Man With Valuable Suggestions. Much Interest Shown

The letter extracts, of which are given below, show that the Bridgetown Centennial Celebration planned for September is exciting interest in many other places than this immediate locality. Mr. Thos. F. Anderson, Secretary of the New England Shoe and Leather Association, and a man always interested in the Maritime Provinces and questions of tourists and travel writes as follows to Mr. O. C. Jones, proprietor of the Riverside Inn. It is so good and encouraging that we reproduce it in the columns of THE MONITOR as illustrative of an interest in the coming local celebration.

Dear Mr. Jones:— I have been reading, with much interest, in THE MONITOR, of the plans for Bridgetown's coming Centennial celebration. Inasmuch as one of my innumerable activities had to do with the Old Home Week in Massachusetts, several years ago, I thought I would send you, for the use of the local committee, the enclosed circular containing a long list of possible celebration features which I personally compiled at that time. No doubt you are on the committee if not you certainly ought to be, and in any event, perhaps you would be willing to hand this circular to the person who would be most interested in it. I would dearly like to spend a day with you during apple-blossom week but my plans always are so uncertain that I hardly dare look forward to that pleasure with any degree of certainty.

Our recent Canadian reunion here, under the auspices of the Dominion Atlantic Railway and the Canadian Club was, as you probably know, a big success and I hope that some real good will come from it. With kind regards to you and Mrs. Jones, and to any other friends of mine in Bridgetown you may meet, I am

Yours sincerely,
THOS. F. ANDERSON.

PRES. BOARD OF MANAGERS W. M. S. METHODIST CHURCH OF CANADA VISITS BRIDGETOWN

The ladies of the Missionary Society of the "Gordon-Providence United Church" were favored on Friday evening by a visit from Mrs. H. A. Lavell, B.A., President of the Board of Managers of the Women's Missionary Society of the Methodist Church of Canada.

The meeting was held in the vestry of the church, and was attended by a large number—especially of the ladies and young people of the church. Mrs. Lavell's address emphasized strongly the necessity of the work of the Society among the woman and girls of China and Japan, and was replete with incidents showing very clearly that the labors of the agents of the Society are not in vain in the Lord.

The meeting was presided over by the Rev. Dr. Jost, and a very cordial vote of thanks was given to Mrs. Lavell. A social hour under the auspices of the young people closed a very pleasant and profitable evening. While in Bridgetown Mrs. Lavell was the guest of Mrs. Dr. Jost.

HOW IT HIT THE FARMERS

Financial Post: A very definite idea of the effect on Canadian farmers of the fall in the prices of farm products during the past eighteen to twenty months can be had from a study of estimates made of the agricultural revenue and wealth of Canada.

Canada's total agricultural revenue in 1921 is estimated at \$1,396,223,000, a decline of 23 per cent. from the 1919 high figure of \$2,096,914,000, and of 28 per cent. from the 1920 figure of \$1,873,037,000. The largest decline came about in the value of field crops which dropped from \$455,244,000 in 1920 to \$31,805,000 in 1921. The revenue from the animals on the farm fell from \$143,854,000 to \$98,424,000. In only one line of agricultural activity was there a nipmprovement in income. Poultry and eggs brought the farmer \$55,000,000.

NO CONTRACT WILL BE MADE

Secretary U. M. W. Declares That \$3.05 Will Not Be Accepted For Data Men

Sydney, N. S.—"If that is the case there will be no contract made," This was the brief but significant comment of **Jas. B. MacLachlan**, Secretary of the U. M. W., District 26, Friday afternoon, when shown the story carried by the Sydney Record forecasting a minimum data rate of \$3.05 as the probable award of the Scott Conciliation Board majority report in the wage dispute between the British Empire Steel Corporation and its mining employees.

MacLachlan's comment means that he does not believe the miners of the district will accept such an award and will probably prefer to work on the present day to day basis rather than make a formal agreement covering any specific length of time at the new rate, which is practically the same as that negotiated between the U. M. W. officials and the Besco people at Montreal six months ago and also unanimously rejected by the 12,000 miners of Nova Scotia in referendum held at the time.

According to the "Record" story, the majority report also recommends the improvement of housing conditions in the colliery districts by the building of a certain number of new houses yearly, by the elimination of the practice of building several dwellings in blocks or rows, and by the installation of modern sewerage facilities. The majority report also makes recommendations for improvements in the present company store system of feeding and supplying the miners of the district.

Concerning I. D. McDougall's minority report, the "Record" says that the dissenters from the majority finding on the question of a minimum data rate and goes much further than Messrs. Scott and Moore in recommendations for the improvement of housing, sewerage and company store grievances.

NEW BALL FIELD FOR DIGBY
The splendid new ball field, which has been laid out this season by the Digby Amateur Athletic Association is now almost ready for use. This field is situated on Warwick street, the main thoroughfare leading into the town from the surrounding country. A few weeks ago it was part of the town "park" laid out some years ago but which has been allowed to revert to the wild. The clearing of this field was a big job. Trees of a considerable size had grown up as well as a great deal of small vegetation. **Aubrey Brown**, proprietor of **Lour Lodge**, volunteered to superintend the work of clearing it and getting it ready for the boys, and to his untiring efforts is due this splendid field. Axes, dynamite and plows have been used and the field has been levelled and graded. All that it now requires is a little more raking to make it fit for play. It will be seeded to grass a little later.

COLORED MEN COMMITTED TO SUPREME COURT

Two colored gentlemen, **Alex. Martin** and **Laurence Jackson** were conveyed to Digby jail on Monday afternoon by Chief of Police **Boyd Bishop** and unless they elect to be tried under the Speedy Trials Act, will face next session of Supreme Court, on the charge of breaking and entering on Saturday evening, one of them ages earlier in the day, decided in the night to raid the sources of his refreshment and in company with his friend, broke into the cellar of a local citizen. The two retreated themselves effectively. One went quietly over to the Bay Shore to cool his fevered brow but the other went out on the street and made night hideous with his roarings and howlings. Chief Bishop collared the offender and jaded him. The second man returned Monday and was also arrested. Crown Prosecutor **John Irvin** took the case in hand with results mentioned above. Martin is well known in police circles, is a Kentville man. Jackson belongs here.

25,000 POUNDS MACKEREL ESCAPE

Misfortune befell **Captain Walter Brown** and his crew of the **Herring Cove** sloop D. C. Mullhall the other morning when they were in the act of pursuing a fine haul of twenty-five thousand pounds of mackerel near Prospect. The weight of the fish was too much for the seine and it burst, allowing all the fish to escape.—**Herald.**

DOMINION IRON AND STEEL CO. DIGBY SCHOONER STOCKS \$25,000 TO GET \$1,500,000.

Montreal.—Judgment was rendered by Mr. Justice Audette in the Exchequer Court of Canada confirming a settlement for \$4,500,000 of the action instituted against the Crown by the Dominion Iron and Steel Company, Limited, for \$10,947,000.

The company's claim arose out of the huge war contract which the government gave the company in 1919 for 250,000 tons of ship plates. The company erected and equipped a modern plate mill and accessories at an outlay of over \$5,500,000 but after the armistice and when less than 50,000 tons of the plates had been rolled, the government had to cancel the balance of the contract owing to the cessation of the war, acknowledging its obligation to pay the loss and damages suffered by the company as a result of the cancellation.

A year ago the company's claim for about \$11,000,000 was referred by the Minister of Justice to the Exchequer Court of Canada and the action was on May 22 for trial before Mr. Justice Audette of that court.

The government had paid \$2,000,000 on account of the claim some time ago, and an order-in-council of the 20th instant authorized a complete settlement of the whole matter upon a further payment of \$1,500,000. This was done on the advice of the Crown's legal counsel and experts after they had conducted very exhaustive investigations.

The Crown was represented in this litigation by F. E. Meredith, K.C., and A. R. Holden, K.C., with Alme Geoffrion, K.C., as counsel and the company by Hector McInnes, K.C., and W. N. Tilley, K.C.

The Digby schooner, Clárke L. Corcum, Capt. Ansel Snow, previously reported, stocked \$5,119 and her crew shared \$114.54 per man. This magnificent stock places this vessel very prominently for this season as high-liner of the Nova Scotia fleet and places her total stock since March 24th, at \$25,566.83, while her crew in that time have made a total share of \$575.62 which we do not believe has been equalled by any vessel in the same period of time, fresh fishing this season either out of Provincial or New England ports.

The Yarmouth schooner Cupola, Capt. Peter LeBlanc, previously reported, stocked \$2,246 for her two weeks' fishing and the crew shared \$22.00 per man. The Roseway, Capt. Benjamin Cunningham, also of the same fleet, stocked \$1,440 and the crew shared \$37.71 each. The share of the Cupola was greatly reduced owing to heavy loss in gear which occurred during heavy weather on the banks.

INTOXICATED COW REVEALS BOOZE STILL NEAR PICTOU

Pictou.—A cow that became separated from the herd of a farmer in the Central Carribo district last night wandering off and when she failed to return with the rest of the herd was found later inebriated and crazed with moonshine. The condition of the cow led to an investigation this morning by farmers of the district with the result that a complete moonshine outfit, still and all, was discovered in the woods hidden by the thicket and located close by a stream.

Chief of Police Morrison, Pictou, motored to Central Carribo. He was given the location of the illicit plant and succeeded in capturing the owner and the complete plant, mash and several bottles of manufactured liquor.

The outfit was confiscated and taken to the custom house and the owner locked up pending a preliminary hearing. The owner of the plant blamed his downfall on the inebriation of the farmer's wandering cow, stating that the cow had practically cleaned him out of a part barrel of mash which resulted in her acquiring her "jag" and the discovery of his plant.

The alleged owner of the plant is now a resident of the district and has only been in the district, Chief Morrison says, a few months.

CHILDHOOD INDIGESTION

Nothing is more common in childhood than indigestion. Nothing is more dangerous to proper growth or more likely to pave the way to dangerous disease. Fully nine-tenths of all the minor ills of childhood have their root in indigestion. There is no medicine for little ones to equal Baby's Own Tablets in relieving this trouble. They have proved of benefit in thousands of homes. Concerning them Mrs. Jos. Lanette, Immaculate Conception, Que., writes: "My baby was a great sufferer from indigestion but the Tablets soon set her right and now I would not be without them." Baby's Own Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

WORLD SHORTAGE IN TEA RESULTS IN HIGHER PRICES

During 1919 and 1920 the greatly increased production and unlimited shipping facilities resulted in enormous quantities of tea reaching every market of the world. A consequent drop in price was the result. To stabilize the situation, the tea growers of Ceylon and India agreed to curtail production 20% in 1921. Since that time the demand has been constantly increasing and the price rising. The recent reduction of duty on tea entering England has further increased the demand, and the price is expected to rise accordingly.

UNABLE TO WALK FOR A YEAR

Paralysis Entirely Relieved by "Fruit-a-tives"

The Wonderful Fruit Medicine

Paralysis is a break-down of the Nervous System and affects the victim in various ways. Sometimes, nervousness makes itself known by hysteria, insomnia, constant headaches, or it may be so bad that one is partially or completely helpless in some part of the body, just as Mrs. Heacock was.

SAUL STE MARIE, ONT.

"When I was twenty-eight years of age, my doctor advised me to have an operation, which I did and it proved very serious, leaving me weak and unable to walk for a year. Seeing your 'Fruit-a-tives' advertised in the papers, I decided to try them. I continued to use them regularly, and today I am able to go about my home duties and care for my family."

MRS. J. W. HEACOCK.

Any form of Nervousness is often caused by, and is always aggravated by, Constipation, which poisons the blood, irritates the kidneys and inflames the nerves. "Fruit-a-tives" stimulates the action of liver and bowels, kidneys and skin—tones and sweetens the stomach—keeps the blood pure, and builds up the entire nervous system.

In a word, "Fruit-a-tives" has proved that it is the most scientific and effective remedy in the world for Nervousness or a disordered condition of the nervous system.

See a box, 6 for \$2.50, trial size, 25c. At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

THE REID N'D. CO'S STEAMERS AND TRAINS RUNNING

St. John's, Newfld.—Railway and steamship service of the Reid-Newfoundland Company was resumed last Tuesday after a week's interruption of traffic. The cessation was due to a dispute between the company and the Colonial Government as to the terms of a contract under which the Government guaranteed certain reimbursements for operating losses, the company claiming that the amount received was insufficient to pay wages.

An agreement was reached that normal operations should be resumed May 23rd and continue until June 12th.

By that time the Government hopes to work out a permanent settlement of the difficulty. The Government will advance the company \$75,000 and the company will return this loan by paying various items of revenue into a special account with the Bank of Montreal.

At a recent business meeting of the Gordon-Providence United Church

plans were made to commence the work of remodeling the front of the church. It is proposed to eliminate the two entrances and have just the one large entrance as all modern churches have, and to put in concrete steps which will be rounded and extend across the whole front of the building. Numerous other improvements are being considered, and if the funds hold out will be put into effect in the near future. The concrete steps will be the donation of one of the church members, Mr. Landsdale Pigzott.

The funeral service of the late Miss A. James

was held in the St. James' Church Tuesday afternoon at 3 p.m. Among the out of town people to attend were Mrs. Ralph Elliott, of Dartmouth; Mrs. James Primrose, of Round Hill, and Mrs. Boake, of Annapolis.

JAMAICA FRUIT TO REACH ST. JOHN QUICKER

The Secretary of the St. John Board of Trade is in receipt of a letter from the Canadian Trade Commissioner at Kingston in connection with the recent trial shipment of bananas from Jamaica through St. John. He says that while the matter did not altogether meet with success the first time, he thinks the project will come to a better conclusion. He says he has been in touch with the C. P. R. and the growers and shippers, and they all know better what to do next time.

The chief objection to the last shipment, he writes, was the time consumed in getting them north, with the result that they became over-ripe and had to be disposed of in the St. John market, instead of the majority of them being shipped to other points in the Dominion. In this connection it is probable that the northern trip from Jamaica, the Sicilian will not stop at Cuba, but proceed to St. John via Boston. This will cut down the trip considerably. The Sicilian will still stop at Havana on her south bound voyage.

WILL BUILD NEW RACING CONTENDER

Shelburne, N. S.—A fishing schooner which it is hoped, will figure in the international fishing races next year, will be built at the yards of the McGill Shipbuilding Co. here, to the order of Rafuse Brothers, of La Have. She will be constructed from designs prepared by W. J. Bone, of Halifax, designer of the Bluenose, present holder of the blue ribbon of the fishing fleets of the North Atlantic. She will show finer lines than the Bluenose and will be slightly smaller.

Mrs. Owen A. Price entertained a few of her friends for afternoon tea on Tuesday afternoon at her home, "Brook Farm".

ROD AND GUN

A number of notable features are contained in the June number of Rod and Gun in Canada. George L. Catton, a Canadian short story writer of prominence, contributes "Flapjacks," a short story masterpiece. There is an article entitled "Shore-bird Migration Along N. S." by that famous naturalist, Bonnycastle Dale, while Robert Page Lincoln contributes "Random Casts," in addition to his usual Fishing Notes department. The Guns and Ammunition department in this issue is perhaps the big feature. It is an unusually liberal one, containing a wealth of material which will be relished by all who read it. The Kennel Department resumes with this issue, under the editorship of Frank H. Walker, of Windsor, an authority on dogs, and one of Canada's leaders in kennel circles. A Bryan Williams contributes his usual hunting notes in E. C., and there are other features which go to make up a well-balanced, attractive magazine, which will be found particularly interesting to all.

Rod and Gun in Canada is published monthly at Woodstock, Ontario, by W. J. Taylor, Limited.

There are evidences of a building boom in Aylesford.

Among the several new buildings now in course of construction, is a theatre which Messrs. Clarence Elliott and Carl Smith are erecting on a site east of F. E. Harris & Co.'s store; Roy Meister has completed excavation for a large business building north of the Bank of Nova Scotia building; and work has commenced on a large new warehouse which is being erected by a new organization of fruit growers on the corner site north of L. H. Davidson's store.

Mr. and Mrs. Gordon Beeler have closed up their house in town and are spending the summer months in their new bungalow at Dalhousie West.

CANADA CAPTURING CUBAN HAY TRADE

It will be of interest to New Brunswick farmers whose hay crop was short last year to learn that United States hay shippers and producers are complaining that they are losing the Cuban market to Canada because of the enterprise of Canadian commercial agents, excellent steamship service to the island from Dominion ports and high freight rates in the republic. As in the case of the potato trade, Canada is likely to be the dominant country shipping hay to the gem of the Antilles. Congressman Newton—he comes from Missouri—in a recent speech in congress advocating development of interior waterways, said that transportation conditions in the United States were such that hay men here were fast losing the trade with Cuba.—Telegraph.

BUSIEST RAILWAY STATION

Twenty years ago Londoners, proud of the size of the city and the dimensions of its traffic, used to point to the fact that Clapham Junction was the busiest railway station in the world—on an average a train a minute passed through it. Now that record is doubted at the Underground station at Earl's Court, where 120 trains an hour pass through during the rush hours, and at Charing Cross, with its three underground stations in one, there are often four and on an average three trains a minute. Twenty years ago, again, there were no motor omnibuses, and there were no motor omnibuses, but a fraction of their number. During the busiest hours to-day 640 omnibuses pass Charing Cross in the hour, 556 pass the bank, 542 pass Oxford Circus, and 515 pass Piccadilly Circus. Omnibuses and underground trains carry 4,000,000 passengers a day. The 20 per cent. since the beginning of the century, but for every journey in bus, tram, train, or cab, we made then, we make between 30 and 40 to-day.

BANQUET AT THE I. O. O. F. HALL

Over 200 at Supper Tendered by Philathea Class. Toast List and Musical Program

The banquet tendered on Monday evening in the Oddfellows Hall by the Ladies' Philathea Class of the United Baptist Church to the Men's Brotherhood and to Mr. Brown's Class was a complete success in every particular and the biggest affair of its kind ever put on in Bridgetown.

Within the spacious Lodge room were five tables, and over two hundred persons sat down to the sumptuous repast provided by the ladies, bountiful in quantity, choice in quality, and with service and appointments unexcelled. Besides the repast there was a short toast list with some excellent and witty speeches, readings, and also a fine musical programme under direction of Mr. Brinton Hall. Proceedings lasted from seven o'clock till ten-thirty, and every moment was fully occupied and thoroughly enjoyed by the large gathering which completely filled the hall.

Rev. C. W. Robbins, pastor of the Baptist Church and teacher of the Brotherhood Class, presided as toast master and after a few brief remarks the banquet proceeded. A short song with appropriate selections such as "Brighten the Corner Where You Are", were rendered with good effect.

The first toast "The King" was proposed by Mr. M. C. Foster, Inspector of schools, who gave, in an excellent speech, a resume of what the King stood for, and his influence in our far flung empire. This was followed by the National Anthem.

The ladies, was the toast proposed by Mr. O. S. Miller, barrister, who discoursed in a most entertaining manner on the "heaviest subject he had ever tackled." His remarks were characterized with much humor and with a wholly sympathetic bearing on women's entrance into the fields of government and of public affairs. Their presence was necessary to retrieve the failures of men in dealing with world affairs. It goes without saying that his remarks were very favorably received by the ladies. Women understand how to live for others—the only true way to live.

Mrs. Eugene Saunders responded in a witty and happy vein with story and she certainly showed where men were waking up to the importance of ladies in the world. Mr. Stanley Marshall proposed toast to Mr. Brown's class in well chosen words, and response was made by Deacon Chute in the unavoidable absence of Mr. Brown, to whose high skill as a teacher he made a notable tribute. He also traced the history briefly of the class for many years back from his distant deacon, Chipman, naming his different successors in the work, the deacon's son, William Chipman, the late Inspector of schools, Mr. L. S. Morse, Deacon Craig, now all passed away.

The work went on and was carried forward in a splendid manner by Mr. Brown.

The press was proposed by Mrs. (Rev.) C. W. Robbins who, in the course of a brief but most interesting speech in which she paid a high tribute to the work done by the 15,000 publications of Canada in promoting all movements for the public good. She accorded praise to THE MONITOR for its assistance in this regard. She also quoted the famous saying of Napoleon in his tribute to the power and influence of the press. The toast was responded to by Messrs. Beattie and Stratton, lessees of THE MONITOR, both of whom referred with pleasure to the action and friendly co-operation of business men and of the public generally in their efforts to produce a creditable weekly, and assured the gathering that the columns of THE MONITOR would always be open to advance the public good and that constructive criticism would be always welcomed.

"Why we failed" was the subject of an interesting and witty speech by Mrs. H. Abbott. "How we won" was treated by Mr. J. W. Peters in an equally illuminating way. Mr. Peters traced briefly the history of the Brotherhood organized with 18 members. Then fifty became the objective. till the number had now reached one hundred and eighty. The effect of personal effort was dwelt upon, and great credit given Rev. C. W. Robbins. Mr. Peters on behalf of the Brotherhood, accepted the challenge issued for an endurance test for the next three months with the Philathea Class for best attendance.

Mrs. Peters spoke to good effect in giving the challenge referred to above and gave several excellent hints of ways to increase membership and add to effectiveness of the work.

Rev. C. W. Robbins, as well as others, expressed great regret that Hon. O. T. Daniels, who was to have given an address, had been obliged to leave for Halifax. Mr. Robbins

OTTAWA BUDGET BY FORMER RESIDENT

Unique Event In Masonic Circles—Looking Forward to the Visit of Lady Astor

Our Parliament is carrying on, but not doing much, and probably the Budget will not be down till next week, so it don't look as if the House will wind up much before the first of July, if it does then. We are all looking for the arrival of Lord and Lady Astor, who left Chicago for Ottawa yesterday. We are all pleased that such distinguished people are to be the guests of our fair city. She is to speak in our largest theatre, and a right royal welcome will be given them both.

Much regret is expressed at the failure of the Genoa Conference to achieve the object for which it was called together. One thing is certain, the great British statesman, David Lloyd George, was surely a whole conference by himself, and it is to be hoped when they again meet in June at the Hague some better results may follow.

A unique meeting took place last Tuesday evening in Dalhousie Masonic Lodge (my Lodge by affiliation) when all the officers were filled by clergymen of the city. The Grand Master of Ontario, and Deputy Grand Master were present, sufficient to say, the gentlemen of the cloth carried out the work very efficiently, and put through one candidate for the first degree in perfect condition, and received the praise not only of the Grand Master and other officials, but the entire satisfaction of all present. There were over six hundred members present.

Masonry has a fast hold upon the city of Ottawa. Ten Blue Lodges and others higher up. They are all growing very rapidly. In our own Lodge we take in about thirty new members each year.

disclaimed merit for work in increasing the membership of the Brotherhood and praised the members who exerted themselves to bring in new adherents to the class. He appealed for the same loyal support for the future with this it was possible to build a church second to none in the Province.

President J. W. Peters had sent a card to Mr. M. W. Graves, now with Mrs. Graves, visiting his daughter, Mrs. O. E. Underwood, in Detroit, apprising them of this pleasant occasion and expressed regret that they were not here to participate. A very nice musical programme under the direction of Mr. Brinton Hall was given. Miss Gladys Newcombe accompanist. The numbers were:—

Piano duets—Ojos Criollos, Mr. Hall and Miss Newcombe, and as an encore, Hungary Rhapsodie.

This was followed by selection by the male quartette composed of Messrs. V. Saunders, A. C. Charlton, E. C. Hall, Judson Munro, "Come Where the Bright Waters Flow" as an encore, "When Your Note Falls Due".

These selections were much appreciated. Mrs. W. A. Warren rendered in splendid style the popular poem of Robert Service, "The Cremation of Sam Magee", and as an encore the amusing little song "Billy Do", a play on words.

Miss Irene Harding rendered very pleasantly the song "Love, the Pedlar" and was costumed suitably to the part, and as an encore, "Little Georgia Rosebud".

The next number was a piano solo by Mr. Brinton Hall, "Convent Bells" and as an encore "Robin's Return".

The male quartette rendered "Hush a By" and as an encore "The Cobblers and the Crow". Mrs. John Hutchins gave an amusing reading parody on "Cafes" must not Ring Tonight", entitled Towner must be tied tonight, encore "Father will be up before night".

Duet—the Misses, Irene and Ethel Harding, "Voices of the Woods". Mixed Quartette—The Misses Harding and Messrs. Saunders and Charlton, "Men of Harlech", encore "Carry Me Back to Old Virginia".

A hearty vote of thanks was passed to the ladies for the splendid banquet furnished and to Crescent Lodge I. O. O. F. for their kindness in offering the use of their hall. This was moved by Mr. M. C. Foster and seconded by Mr. O. S. Miller, after which a pleasant and memorable evening came to a close by the rendering of the National Anthem.

Alexander Fowler, of the Bank of Nova Scotia, Kentville, spent the holiday with his parents, Mr. and Mrs. Frank Fowler. He was accompanied by his friend, Mr. William Metzler.

MARGARETVILLE

Mr. Clarence Cook, of Halifax, spent the week-end with his mother, Mrs. Sarah Cook, who is very ill.

Mrs. Robert Magratham and Mrs. Sarah Parks are suffering with heart trouble.

Mr. Neil Coulstan, of Port Williams, visited at his home in this place on May 24th.

Mr. and Mrs. Ivan Lantz and a party of friends motored from Port Williams and spent a day with Mrs. Lantz's brother, Mr. Lehan Cleveland, recently.

Rev. and Mrs. Whitman, Capt. and Mrs. S. O. Baker, Mr. and Mrs. J. T. Roy, Mrs. A. B. Dorman, Mrs. I. T. Coulstan, Mr. and Mrs. J. A. Balcom, and Mrs. George, of this place, attended the church supper at Victoria-ville Baptist Church on Thursday evening.

Miss Woodbury, of the Memorial Hospital, Middleton, with a party, called at the home of Mrs. C. E. Balcom on Wednesday evening.

Mr. Glenwood McLean, of the S. S. Volunteer, is spending a few days at his home.

Rev. and Mrs. M. B. Whitman, Ronald and Miss. George Balcom are

attending the closing exercises at Wolfville. Mr. Whitman's daughter, Miss Ardis, graduates from Acadia Seminary.

Our community was shocked and saddened by the news of the death of Mrs. John McMurtrey which occurred at her home Thursday morning, May 4th. She had been in her usual health until early Thursday morning, when she passed away very suddenly. The family which consisted of Mrs. H. E. DeWolfe, of Hantsport, and six sons, were all able to be present for the funeral which took place at the home on Saturday. The services, which were largely attended, were conducted by Rev. Mr. McNeil, assisted by Rev. M. B. Whitman. "My Heavenly Father Knows" was sung by Mr. C. E. Balcom. The floral tributes were beautiful, coming from a large circle of relatives and friends. Mrs. McMurtrey was a woman with a very quiet and lovable disposition, and will be greatly missed in her home and by her many friends.

As June 3rd falls on Saturday a number of the Bridgetown stores will be open all day.

SUFFERED SO MUCH HER HAIR TURNED GRAY

Winnipeg Woman Became as Weak as a Child From Stomach Trouble. Is Now Picture of Health and Has Gained 15 Pounds.

"I never would have believed any medicine could bring about such a change as Taniac has done in my wife," said Harry Gray, of 125 Bruce St., Winnipeg, Manitoba.

"For many years my wife suffered from stomach trouble and bilious attacks which, of late, were so violent that she had to go to bed for two or three days at a time. She could hardly eat anything and got to be very thin and as weak as a child. She had such terrible headaches and suffered so dreadfully that though still a young woman, her hair had turned gray.

"But the way Taniac has helped her is remarkable. Why she is like a new woman. She has a splendid appetite and has no trouble with indigestion, bilious attacks or headaches. She has gained fifteen pounds in weight and is the picture of health. We both think Taniac is the finest medicine in the world."

Taniac is sold by all good druggists.

CENTRAL CLARENCE

Inspector Foster called on our school on Friday last.

Mrs. Eva Bruce visited last week at the home of Mr. and Mrs. Everett Sprawl.

Robert Leonard has purchased a "Baby Grand" car from Wilfred Bishop.

Miss Susie Starratt left on Tuesday last for Boston after spending the winter with her parents.

Mrs. Potter and nephew spent Tuesday last at the home of Mrs. Clyde Bishop, Lawrencetown.

Clarence Bishop and family have taken possession of the property purchased from Miss Chambers.

Miss Carrie Nelly and Miss Kinman, of Brooklyn, were the week-end guests of Mr. and Mrs. J. W. Sprawl.

Edward Davies arrived from Halifax Tuesday of this week and expects to remain the summer with his parents.

Mr. and Mrs. M. C. Marshall are visiting relatives in Deep Brook. Mrs. Rupert Chesley was a guest at their home last week.

Miss Florence Griffin, of Bridgetown, has a music class in this place. She meets her pupils at the home of Mrs. V. B. Leonard.

Pearl and Aubrey Sprawl went to Brooklyne Sunday, May 14th, and also attended the funeral of Miss Ora D. Elliott at Mt. Hawley.

Grant Messenger and a party of friends motored to Princeton on May 14th to visit Miss Belle Marshall who is teaching at that place.

Mr. and Mrs. Henry Messenger spent Sunday in Middleton, the guests of Dr. S. N. Miller, also Mrs. T. Reagh and daughter, Blanche, of Milton, P. E. I., who are spending the summer with the doctor.

Quite a number took advantage of the holiday on Wednesday, some attending the ball game at Bridgetown, some going to Berwick, and a number of the young folk went to Rumsey's Lake for a day's outing.

Floyd Smith has accepted the office of Lieutenant in the battalion (No. 112) which is being re-organized in Annapolis County. We are pleased to note the advance of any of our young folks and we congratulate Floyd on being chosen for this office.

PORT WADE

Mr. James Delap was in the village Saturday on business.

Planting is about done in this vicinity and grass looking fairly well.

The rafting of timber is on now and Capt. Casey is kept busy towing large rafts over to T. Warren's mill.

Lloyd McGrath, wife and child, of Bridgewater, have been visiting his mother here the past few days.

Capt. W. Byden, son Gordon, and J. Archie Kendall, of the Winchester War, were at their respective homes over Sunday.

Mrs. Edmund Bain went to Wolfville Saturday for a short visit, while awaiting notice to attend the Kentville Sanatorium, where Mr. Bain is also taking treatment. We wish them speedy recovery.

The ladies and friends of the Baptist Church held a sumptuous supper at the H. and S. W. station (by kindness of Mr. and Mrs. W. McGrath) on Saturday evening, 27th, when the handsome sum of \$82.00 was realized. Seafoods and fish chowders were the feature of the supper.

Miss Elizabeth Ruggles gave a most interesting talk on Friday night on "Egypt" to the Junior C.G.I.T.'s of Gordon-Provident United Church. The lecture was illustrated and vivified by splendid pictures illustrating scenes and conditions in the land of the Pharaohs and was greatly enjoyed and appreciated by the girls.

LOCAL HAPPENINGS

Kentville and Wolfville will play their first match game of cricket on June 10th.

The boys of the Anglican Trail Rangers group were the guests of the United Church C.G.I.T. girls on a fishing trip out to the Lodges on Thursday last.

Karl Freeman, Bridgetown, motored to Wolfville Sunday and was a guest of his sister, Mrs. W. L. Archibald. His daughter, Miss Hazel, graduates from Acadia this year.

Hilton Belyea, the famous St. John oarsman, who has made such a splendid name for himself in various contests of National importance and who will row at Henley this year, is a nephew of Mr. J. W. Peters, of this town.

E. N. Clements, K.C., Grand High Priest of the Royal Arch Masons, returned on Saturday afternoon from Prince Edward Island, and points on the northern section of Nova Scotia, where he officially visited several Chapters.—Yarmouth Herald.

Miss Jean Archibald, the Nova Scotia authoress, has completed her new play, which will be called "Shore Leave". It is now in the hands of David Belasco, the noted theatrical producer, and Frances Starr, the famed actress, may appear therein.

Mrs. H. P. Newcombe, of Carleton, was one of the speakers at a large Prohibition meeting in New York last week. Mrs. Newcombe was formerly State Lecturer and organizer for the W.C.T.U. of New York, and was invited to go there to speak and give an account of Prohibition work in Canada.

E. J. Davies, son of Mr. and Mrs. J. M. Davies, of Clarence, returned from Halifax on Tuesday, where he has been spending the past year studying Mechanical Engineering at the Technical College in that city. This completes a three year course. He expects to spend his vacation on the farm.

Outside of the ball game between Middleton and Bridgetown in which the two teams ended with a tie, the 24th was very quietly spent by the citizens of Bridgetown. Quite a number of fishing parties spent the day out of town, but the fish do not seem to bite very well this year, and the catches have been very small.

The Digby tennis grounds were open for play on Saturday the 26th and a number of members of the Club have already availed themselves of the beautiful weather and the excellent condition of the courts. Playing has commenced fully two weeks earlier than last year and everything promises well for an interesting season.

Miss Gladys Newcombe, of the Kindergarten Department of the Bridgetown Academy, has resigned her position, the resignation to take effect at the close of this term. Miss Newcombe has given excellent and appreciated service here and her departure is much regretted. She will spend the next school year at her home, Port Williams.

The many friends of Rev. R. W. Anglin, Windsor, N. S., will be glad to learn that he is progressing favorably after his recent operation in the Toronto General Hospital. Mr. Anglin, who is now in the Private Patient's Pavilion, hopes to be sufficiently well to proceed to the General Assembly, which opens in Winnipeg on June 7th.

Some readers of THE MONITOR will perhaps be surprised that there was no extended obituary notice of a lady so highly esteemed as Miss Angelina C. James, whose funeral took place on Monday. A very great deal might be truthfully said concerning the many excellent qualities of the deceased and is only omitted at her own special request given several times to her pastor, Rev. E. Underwood, and to others.

"Drink Me"

Blue Bird

Minard's Liniment for sale everywhere.

Ruggles & Benson have added "Sunset Dyes" to their well stocked list of supplies.

The baseball match to have taken place here today between Berwick and Bridgetown is off for the present, but will be played later.

The Womens' Aid Society of the Baptist Church meet on Tuesday afternoon (June 3th) at the home of Mrs. William Miller, Clarence, at 2.30. Tea will be served.

Those Canadians who take no interest in what is going on in Europe, says the Manitoba Free Press, "do not realize that there is an intimate relation between business conditions in Canada and political conditions in Europe. A peaceful and industrial Europe will supply a market for most of the things we have to sell."

Monday's Halifax Herald contains a cut of Jimmy Scriver, the Halifax all round athlete who is tetter at the Royal Bank here and played on the third sack in last week's famous match with Middleton. Reports from the Valley, the Herald states, say Jimmy is playing good ball. (Reports are quite correct. Jimmy is playing good ball).

The Sea Breeze Hotel at Deep Brook will open for the season June 1st. This popular summer resort is already well booked and from present appearance will probably have the largest season in its history. During the spring two more large bungalows have been added to the number as well as extra dining room space. Motorists desiring good substantial meals when travelling thru Deep Brook could receive same at the Sea Breeze Hotel after June 1st.

Mr. and Mrs. G. A. Bernasconi and daughter, of North Sydney, are expected in Granville Ferry in the near future to take up their residence in the home which they have bought recently from the heirs of the late Mrs. Samuel McCormick. Mr. Bernasconi was for years Chief Engineer in the Public Works Department, Cape Breton Division, resident at North Sydney and in office till the consolidation of all Provincial work in Halifax with consequent closing of outside offices.

An official bulletin issued a little time ago by the Boston and Marine Railroad contains the following announcement: Mr. Jacob V. Gesner heretofore Assistant Master Mechanic, White Mountains Division, is appointed Master Mechanic of said Division. Mr. Jacob V. Gesner, mentioned above, is a native of Belleisle and a brother of Arthur W. Gesner, of that place, and of Mrs. Lansdale Hall, of Belleisle. His many friends in this county will join with THE MONITOR in congratulating him upon his promotion to the above mentioned responsible position.

A very quiet but pretty wedding was solemnized at the Church of Transfiguration, better known as the "Little Church Around the Corner", New York City, on Saturday morning, May 27th, at 11.20, when Mr. Frank Millson Ruggles, youngest son of Mr. Edwin Ruggles of Bridgetown, was united in marriage to Miss Ella Rose Cunningham, only daughter of Mr. and Mrs. Boyd Cunningham, of Middleton. The couple were united and immediately after the ceremony left for Atlantic City where they will spend a part of their honeymoon. They have the best wishes of hosts of friends in Bridgetown and vicinity.

TUXIS SPORTS AT MIDDLETON

Bridgetown Boys Win Silver Cup Leading on Points. Rain Prevents Ballgame

The opening of the splendid new athletic grounds at Middleton took place on Saturday afternoon with an attendance of over five hundred people with a very fair sprinkling from Bridgetown in the gathering. The athletic sports were given entirely over to the Taxis boys on this most auspicious occasion the opening of one of the very finest athletic grounds in the whole Province.

Proceedings commenced at 2 p.m. with a nice programme by the Middleton band, followed by a speech from Mayor Parsons, in the course of which he congratulated the Athletic-Association on the results which had crowned their efforts in their securing and putting in shape of such fine grounds for sports.

Then the contests of the afternoon commenced, in which Taxis boys from Bridgetown, Middleton and Lawrencetown, contended for a perpetual trophy, a handsome silver cup, put up by the Bridgetown Boys' Work Board. This is up for annual competition and was on Saturday won for the year by our Bridgetown boys with 20½ points. Middleton coming a close second with 18½. Lawrencetown boys securing 6.

The events were as follows: Hundred yard dash, Middleton here had the honors, taking all prizes: 1st Parsons, 2nd Shaffer, 3rd Perkins.

In the shot put it was all by Bridgetown, the winners being: 1st Warren, 2nd Lantz, 3rd McLaughlin. High Jump—1st Lantz, 2nd Lantz, 3rd Lantz. Broad Jump—1st Beals, Lawrencetown; 2nd, Orlando, Bridgetown; 3rd Perkins, Middleton.

The prizes were presented by Mayor Parsons. The next annual competition will be held at Lawrencetown. On account of rain the baseball match between Annapolis and Middleton Juniors had to be called off.

BASEBALL

Everything is now set for the baseball match this afternoon on the Bridgetown athletic grounds between Berwick and Bridgetown teams. The battery for Bridgetown will be Malcolm and Austin, for Berwick, W. Moore and Hartt. A corking game is expected and each team entertained good hopes of a win.

The wind may be tempered to the storm lamb without blowing out.
