## NERVE-RACKED CHILDREN

Made Bright and Well by Dr. Cassell's Tablets.

Used to Scream Terribly for no reason whatever. Just a bundle of Nerves.

Weak, Wasting away, and Digestive Troubles. Thought she could never recover.

Now cured and happy through DR. CASSELL'S TABLETS

Canadian mothers of little weak or nervous children should read this testimony to Dr. Cassell's Tablets, given out of gratitude by Mrs. Worrall, 22 All-

street, Liverpool, England. They will then see what a valuable health-builder they have in this great remedy.

Mrs. Worrall says: "Dr. Cassell's Tablets have quite cured my little girl, Gladys, of extreme nervousness and digestive troubles, and I think it only right you should publish the story for the benefit of other mothers whose children may be delicate."

Gladys began to ill when she was only two years old, and steadily grew worse, though we did all we could think of to get her well. She was very peevish, and cried dreadfully. Sometimes she would scream for no reason at all that we could discover, and nothing would pacify her. She was just a little bundle of nerves. Her appetite was very poor, and naturally she got thin and weak, and her little cheeks fell in dreadfully. Indeed, she hardly ate anything, and seemed just wasting away. We tried a lot of different things that did no good at all. Then we had advice and treatment for Gladys, and she got well in very little time. We were told she was suffering from nervous breakdown and enlarged liver. After that we had her in an institution, where for nine months she was treated as an out-patient. Perhaps she was a little better for a time, but was soon as ill as ever. Next we took her to Ireland for three months, and that seemed to help her. But almost at once she relapsed into the old weak state.

For four years this had gone on, and which caused the poor little thing terrible pain. He cried a lot, and his sleep was very disturbed. He would wake up suddenly with violent attacks of sickness, and evidently in great pain, and I was at my wit's end to know what to do. The diarrhoea and sickness ceased, and from that time my child never looked back. Now at thirteen months, he is a fine, big healthy baby. He has cut five teeth, and is just a picture of health."

LARGEST SALE IN BRITAIN. Popularity Now World-wide.

Merit, and real merit only, has placed Dr. Cassell's Tablets in the forefront of the world's really reliable medicines, and the cures lately published prove their merit up to the hilt. Guaranteed free from all noxious drugs and suitable for young and old alike. Dr. Cassell's Tablets are a reliable remedy for Nervous Break-down, Nerve Failure, Infantile Weakness, Neuritis, Stomachic, Sleeplessness, Anemia, Kidney Trouble, Dyspepsia, Stomach Dis-

order, Wasting, Emaciation; and they are especially valuable for nursing mothers and girls approaching womanhood. All druggists and storekeepers throughout the Dominion sell Dr. Cassell's Tablets at 50 cents. People in outlying districts should keep Dr. Cassell's Tablets by them in case of emergency. A free sample will be sent on receipt of 5 cents for mailing and packing, by the sole agents, Cassell, H. F. Ritchie and Co., Ltd., 19 McCaul street, Toronto, Ont.

The child was as far from health as ever. In fact, she was so ill that we thought she could never recover. One day, however, I was advised to give her Dr. Cassell's Tablets, and then, what an improvement! The child became stronger and not nearly so nervous. Her appetite returned, she brightened up wonderfully and readily put on flesh. Now, in her seventh year, she is completely cured, she goes to school, and is just as well and happy as any child could be.

CHILDREN WILL BE PLEASED WITH SILVER GUARANTEED.

### REVIEW OF STOCK INTERESTED MANY

Fine Specimens Which Have Won Prizes Seen in Parade.

A SPLENDID SHOWING

Horses and Cattle Have Been Bred Up to High Standard.

The showing of the live stock winners in the various classes before the grand stand yesterday was the crowning point of the efforts of the live stock exhibitors. When the finest cattle raised in Canada were lined up before the directors' box, and when the best horses which the country has produced were shown, it was a time of triumph for the men who have spared no efforts in bringing their breeds to the highest possible degree of excellence. Every animal shown before the grand stand was a prize winner with the ribbon attached showing the award that had been made.

Each breed of horses and cattle was preceded by a banner showing the name of the class, followed by the prize winners.

The horses were shown first, with the splendid specimens of Clydesdales in the lead. These were followed by hackneys, thoroughbreds, ponies, carriage and saddle horses, hunters, jumpers, delivery horses of all kinds, and heavy draught horses.

Touching on the effect of the war upon societies, Dr. Edwards said the large casualty lists have meant new obligations upon the friendly societies but the societies will not shirk their duty. There are more than 400 members of the Order of Chosen Friends in the battlefields of France today. In proportion to the Canadian membership the other orders have shown a similar devotion to King and country, the speaker said. There was never a time when brotherhood was needed more.

The Anglo-Saxon race more than any other has insisted on the principles of freedom and liberty. Because of the principles of freedom and liberty the race has been able to accomplish what it has in the history of Europe today. The Dominion of Canada a short time ago had not more than a colonial status. It did not take any of the duties of imperial citizenship. But that day has passed.

Canadians are now prepared to take their part in the affairs of the empire. They have thrown aside boyhood clothes and assumed those of a man.

In speaking of the courage of the Canadians now doing their bit in the trenches the doctor said it was the same spirit of British liberty which actuated the men of the "Light Brigade" at Balaklava that permeated the boys at Langemarck. Germany today is taking for her motto the principle of force, that only thru force a country can gain excellency.

We must not only crush the German armies but we must also annihilate the German people. He said he adored that it rested with Britain, the greatest upholder of democracy on the face of the globe, to lead the world.

James L. Hughes spoke briefly on the work of the York Pioneers. His was in his house, who had wantonly destroyed what he could not appropriate; had murdered, in cold blood, members of the family who were helpless, and was doing his best to complete the destruction and butchery, when he happened to find himself in a tight place and in danger of arrest?

Should such an act at such a juncture suggest giving up the fight on condition of peace upon honorable terms, what kind of an answer would he receive, I wonder from Mr. Copeland?

This would not begin to be a parallel to the devilish outrages perpetrated by the Germans and their allies in this unprovoked war, and I think we are not wrong in believing that what has happened in Belgium is small in comparison with what Germany had intended, had her plans not miscarried.

Germany undoubtedly hopes and is working for a peace (he behind a curtain), which shall give her an opportunity to prove to the past, and prepare for another try.

Does Mr. Copeland think that Great Britain and France and Russia and Belgium and Italy desire other and a greater struggle? Whatever he thinks, I cannot believe that those nations have shown they are governed by the Anti-Peace Cant.

### DOING GREAT WORK FOR BROTHERHOOD

Dr. J. W. Edwards, M.P., Gives Outline of Accomplishments in Past Year.

A SPIRIT OF LIBERTY

German Ideals of Military Power Must Be Crushed, Said Speaker.

"Fraternal orders are doing a great work in expanding the ties of brotherhood," said the speaker at the directors' luncheon yesterday, Dr. J. W. Edwards, M.P., of Frontenac, and the executive head of the Order of Chosen Friends.

In giving a brief summary of the work and extent of the friendly order, he said they had a Canadian membership of over 500,000 at the first of the year.

The society had paid out up to the end of the year in Canada about \$5,000,000 in death and disability claims. They had assets of \$4,581,000 greater at the end of the year 1914 than the year previous, and the authority for this was the registrar of Ontario.

Dr. Edwards said the societies are not doing their work from any standpoint of profit but the men and women are co-operating for the benefit of humanity. If one takes into consideration the membership of over half a million and the number of people who are interested in the members, a great proportion of the population of Canada is concerned with the work of the order.

In view of the work of the society and the important place friendly societies play in Canada, he thought that a more conspicuous place should be allotted to the tents of the societies at the Exhibition.

New Obligations. Touching on the effect of the war upon societies, Dr. Edwards said the large casualty lists have meant new obligations upon the friendly societies but the societies will not shirk their duty.

There are more than 400 members of the Order of Chosen Friends in the battlefields of France today. In proportion to the Canadian membership the other orders have shown a similar devotion to King and country, the speaker said. There was never a time when brotherhood was needed more.

BRITISH PRESS WANTS REPRISALS ON ENEMY

Aircraft Raids Rouse Anger of London—Cause Big Rush of Recruits.

LONDON, Sept. 10.—"The answer of the people of London and in the London district to these exercises in frightfulness may be given in an episode mentioned in The Manchester Guardian," says The Spectator, in commenting upon the Zeppelin raids of Tuesday and Wednesday nights. A recruiting sergeant has been addressing crowds from a platform made of debris of ruined houses, and the results have been excellent.

The Daily Mirror says the reply of London was a great army of recruits. A large number of volunteers presenting themselves at Trafalgar Square, this newspaper says, and in every part of the country men flocked to the colours.

The Evening Standard expresses the hope that the British Government will announce its determination to hold the head of the German aircraft service personally responsible for the deaths occasioned by the Zeppelin raids. The Globe and other newspapers take the view that every air raid on London or other English cities should be followed immediately by attacks on such German cities as Cologne, Strassburg,

Karlsruhe and Dusseldorf, which are within easy reach of Belfort, France. "It is time this super-sneakishness was gone," says The Globe.

PUSLINCH TOWNSHIP MAN KILLED THRU ACCIDENT

Archibald McMillan Sustained Fatal Internal Injuries When Building Fell.

Special to The Toronto World. GALT, Ont., Sept. 10.—Archibald McMillan, 32, a Puslinch Township man, was killed when the flooring of an off-shoot to the barn of Alex McPhatter, near Clyde, collapsed. A cutting box fell on him, causing internal injuries, which resulted in his death half an hour later. W. Laur, a threatener and his employer, also figured in the accident, but was only bruised. McMillan was married a few months ago.

The funeral will take place on Sunday to Killeen cemetery.

Children Again as Exhibition Guests

SOCIETY AND REVIEW DAY WAS SUTABLY CELEBRATED BY REPRESENTATIVE CROWD

Brotherhood Means Great Deal in Canada Today Because of Conflict—Grand Parade of Prize Stock Chief Attraction for Many at Exhibition.

The attendance at the Exhibition yesterday was 53,000, an increase of 9,000 over the same day last year.

Interest was divided yesterday between the societies and the review of excellent animals which have been on exhibit. There was a large following in each case.

In the celebration of the former, brotherhood was the key note. The work of the friendly societies in Canada during the past year was referred to in high terms.

On no former occasion in the history of the world has there been greater scope for the spirit of comradeship and brotherhood than at the present time because of the bond which exists between those who have suffered and those for whom they are fighting.

Has a Deeper Meaning: The anxiety to do right and not wrong by one's fellow man has resulted in a union of thought along this line.

Many stories have been told of valor and many more will never be told because the participants as well as the witnesses have laid down their lives.

Two speakers were heard on the subject at the directors' luncheon. Dr. Edwards, M. P., and Mr. J. H. Hughes, the first directed his remarks towards friendly societies in general and the latter took up the cause and objects of the Y. K. Flowers.

Stock in Parade: Review Day presented itself later with a grand parade and a bathing parade. Prize winning horses and cattle took part.

Probably the most valuable stock was never so valuable in Canada as it is today due to the fact that, because of the war, sires are not being imported as usual.

The picturesque line of tents that stretch out along the lake front, familiarly known as the Y. K. Flowers, are fresh and inviting in the rays of the bright September sun.

Neighbors in looking its best and the result was comfort and adornment to the point of luxury in not a few. Every tent had its flag streaming aloft and the boulevard that lines the front was a regular horticultural exhibit of color.

With their coats finely brushed and looking quite in the pink of condition, the stock looked excellent and great credit was reflected in the fact that they taken an active part in raising such high grades.

Highlanders' Popular: A signal for an outbreak of patriotic enthusiasm is given each night when the pipers march down the walk towards the grand stand.

METALLIC FLOWERS GRACE FALL HATS

New Velvet Models Depart From Prevailing Black and White Effects.

THE POPULAR TRIMMING

Paradise Mounts Combined With Silver Ornaments Rival All Other Embellishments.

Metallic ornaments for hat trimming are featured by all the smartest millinery establishments and are destined to claim first place for a while at least, wresting the honors from the ever-popular black and white combination effects which have been extensively featured for the past two seasons. The new narrow brimmed and high-crowned hats, especially feature metallic or gold and silver effects, which give a most chic touch to the petite chapeau. Trimming sparingly used, but very carefully chosen makes the smartest models—a very narrow band and an antique medallion often being featured on exclusive designs in exquisite black or dark hued velvet. One chic little dull blue velvet hat with a deep crown and closely rolling brim exploited two narrow bands of dull silver gumpie and a solid dull silver ornament at the base of a feathery mount in dull blue slightly paler than the velvet.

The larger hats vary in use of the metallic ornament feathers and flowers, showing the same popular effect. Equite large single roses or lovers wreaths of miniature buds, with prettily-turned foliage encircle the broad, low crown of sweeping brimmed or "sailor" hats—imitation fruits and leaves also being featured on black models. Novel brim bindings are a new craze, one handsome imported tea hat illustrating the slashed effect with marked success. Silk velvet in black was used for this model, displaying an extremely wide brim uniform all around. The slashed and slightly scalloped edges were bound with narrow silver braid. Long paradise in wavy white was caught irregularly about the brim and centered with tiny rosebuds of the silver. The hat was worn at a fairly extreme angle, sweeping low over the brow and tipping up at the centre back, where three small roses nestled against the faultlessly dressed coil.

BE WELL DRESSED

No matter in what line of business, the expert is always in command of the situation. He who devotes his attention to any one line always commands a following, and in the case of the public it can only be gained by close attention to public interest. That is one of the main reasons why Hickey's 87 Yonge street maintains its great reputation. People, thru the valuable teaching of experience, have learned that Hickey's suits at \$15 not only hold the value, but have the style and character that appeals to the well-dressed man.

BISHOPS WILL PREACH

Notes of Women's World

The Girls' Auxiliary of St. Clement's Church, Riverdale, under the leadership of Miss Margaret Shea, has met weekly during the summer months doing Red Cross work. As a result of a very successful garden party they have raised \$123, and contributed \$25 for hospital supplies, \$10 to prisoners' comforts in Germany, 400 bandages, 18 bed jackets, 72 pillow-cases, 2 feather pillows, 9 small pillows, 3 pairs knitted socks, 10 dozen dressings, 100 wash cloths and one gross of safety pins.

Miss McNab announces that no meetings of the Women's Home Guards, except those announced from headquarters will be recognized. Arrangements are now being made for local drill in various parts of the city, and the complete arrangements made known in a few days.

The Toronto Women's Patriotic League Fund for the immediate relief of the Belgians: Received to date \$13,229.98 Billy, Belgian Baby Fund 25 Per Mrs. Pepler 7.75 Total \$13,237.96 Mrs. H. C. Rae, hon. treasurer.

Thru the courtesy of the Y.M.C.A. the local Council of Women will hold the first monthly meeting of the season in the Assembly Hall, 40 College street, on Wednesday, September 15, at 8.30 o'clock. Important business in connection with the national annual meeting which meets here in October will be discussed. A large attendance is requested.

Mrs. Pimiro was the speaker at an organization meeting held at Fort Credit when a new branch of the Red Cross was formed.

The sum of \$2,257 has been contributed by the Women's Canadian Clubs in response to an appeal recently sent out by the Duchess of Connaught for the Prisoners of War Fund.

Three elderly women residents of Mitchell have sent in their donations for the Red Cross. One, Miss Stuart, aged 84 years, has sent in 87 pairs of socks knitted by herself. Mrs. Brook, aged 87, has knitted 82 pairs and Mrs. Bartlett, aged 80, 71 pairs.

The Franceville and Cognashere Cottagers' Association have paid over to the Penetanguishene branch of the Red Cross movement \$71.05. This handsome sum was the result of collections taken at the religious services held at the above places during July and August.

WILL ASK GOVERNMENT TO CLOSE BARS EARLY

Big Church Deputation Will Urge Importance of Step.

Arrangements are being made for a deputation to wait on the Ontario Government of representatives of the various churches in support of the movement for early closing of the bars during the winter camp in Toronto of the overseas battalions. Some of the leaders in the movement advocate absolute prohibition of the sale of liquors and citizens and soldiers in uniform alike after seven o'clock in the evening.

REGISTRAR WAS FINED FOR AUTO SPEEDING

J. D. Mackay Raced Banbury of Aurora Thru Thornhill.

For exceeding the speed limit and racing up Yonge street, J. D. Mackay, registrar of North York, was fined \$1 and costs and Mr. Banbury of Aurora, with whom the registrar was racing, escaped without a fine. All night have gone well but for the fact that going thru Thornhill the right hub of the registrar's auto struck a farmer's wagon, throwing the farmer out and causing the team to run away. No serious damage occurred to either the farmer or the auto and Police Magistrate Brunton of Newmarket imposed the nominal penalty.

Ontario Board Warns License-holders Against Serving Men From Camp.

WARNING NOW ISSUED

Military Order Also Places All Drinking Places "Out of Bounds."

To back up the military regulation recently put in force in Dundas, placing all hotels out of bounds except for three hours of the day, the Ontario License Commission yesterday on motion of W. S. Dingman, seconded by Commissioner Azeart, passed a resolution to the effect that an infraction of such regulation would cost the hotelkeeper disobeying it his license, or at least a suspension of license. The following is the resolution as moved and adopted: "That whereas it appears from information in the hands of this board that an order has been issued by the military authorities placing all hotels in the Town of Dundas out of bounds except between 5 p.m. and 8 p.m. of the evening every day, during the period said order remains in force. "And whereas in the opinion of this board it is desirable to supplement said order with a view to rendering it more effective.

"Therefore be it resolved that if any holder of a tavern license in the said Town of Dundas shall except between the hours aforesaid supply any soldier with liquor or permit same to be supplied the license held by him under the License Act shall be subject to cancellation or suspension for such a period as this board may determine having regard to the circumstances of the case. "And it is further resolved that if any holder of a shop license in the said Town of Dundas shall except between the hours of 5 and 7 o'clock in the evening supply liquor to any soldier or permit same to be supplied the license held by him shall be subject to cancellation or suspension as this board may determine."

TO POSTPONE SESSION OF MANITOBA HOUSE

Hugh John Macdonald's Bill on Prohibition Will Therefore Be Delayed.

WINNIPEG, Sept. 10.—Delegates from the social service council who interviewed members of the government today in regard to the proposed prohibition plebiscite gathered the impression that the government would prefer to postpone calling a session of the legislature until January. At that session it was suggested the Hugh John Macdonald Bill could be submitted and passed on for the elections in April. No definite decision was arrived at.

It was stated that woman suffrage might be enacted at that session, but to prepare necessary lists so that women might vote on a prohibition measure would, it was declared, entail more delay for that measure than either the social service council or government desired. The delegates believed the government would put a prohibition bill into force almost immediately upon the approval by the voters.

SATURDAY MORNING, SEPT. 11

A Sample Handful

Such favorable weather has not attended the Canadian National Exhibition in many years as for the past two weeks, and should the showers predicted for today prove no worse than on Thursday the weather conditions for this year may be regarded as a record.

The result is to be seen in the attendance. The million of two years ago is really not such a tribute to the Toronto Fair as the approach to that figure which we believe tonight's returns will show.

There has never been a better show than that which has drawn the crowds of the present year. We have already referred to this fact. Only in the art gallery is there any falling off, and the exhibition in the applied arts building will make up to any art lover what he may miss in the more ambitious galleries.

In every other department the fair surpasses itself. The live stock section is an astonishing collection of splendid animals. The manufacturers in every line have outdone all their previous efforts.

A prominent American visitor, fresh from the San Francisco show, admits the superiority of the Toronto one. Undoubtedly if the people of the eastern United States had known the unrivaled attraction of the Toronto Fair and the ease with which it might have been visited, they would have thronged over in crowds.

Nothing has ever been seen here like the grand stand performance of the evening. It is scarcely respectful to call it a performance. The enthusiasm and the passionate cheers of welcome to the men of the 25th Battalion as they marched on the stage lifted the whole spectacle far above the level of a mere show.

These splendid men, ranked in their trim khaki, moving as a unit in their exercises, were but a handful of some grain from the three or four millions who are ready to be sown on the field of liberty.

Canada would have been greatly at a loss not to have had this incentive to practical patriotism. We cannot believe that young men can see their countrymen engaged in this way without feeling that they too should take their places in the ranks.

A Slow Sage

Former President Taft is gradually becoming a sage, and from time to time addresses his fellow-citizens in a judicial manner upon some topic of public interest. True, he has had little to say about the war, except to urge the country to stand as a unit behind the president.

The demand for female suffrage he thinks rests mainly for support upon a chivalrous spirit which has recently entered into the political life of the United States. That country, he declares, in its mad race for wealth after the Civil War came to the brink of ruin.

to regain possession of their own country. As a result of the struggle there was a generous impulse to raise up the oppressed and to enforce the square deal. Hence when the women with some show of reason declared that they were entitled to vote as a matter of justice many states at once yielded to their demands...

Mr. Taft believes that a majority of the women do not desire to vote. He says the ballot should neither be forced upon them nor withheld from them arbitrarily. The mere right to vote he does not regard as an inalienable right or as a necessary incident of citizenship.

A righteous and honorable peace is now possible, says Mr. Copeland. Nothing could be farther from the fact. Germany insists not only on retaining Belgium, but part of France, and the blotters that are being circulated show that Germany aims at including Holland, Denmark and the Balkan states in her grasp.

Any American or Briton who imagines that these things are compatible with a righteous and honorable peace is merely silly. Germany will not surrender any territory she has over-run, and it is sufficient to read Count Ju-

MAYOR THREATENED COPS ON ALDERMEN

Confusion is Result of Conference on Fire Department Appointment.

NO DECISION IS MADE

City Seeks Buyer for Local Improvement Debentures in New York.

A conference between the special committee appointed by the city council and the board of control took place yesterday morning, and still there is no solution to the fire department middle. The meeting was nothing more or less than a farce, and the difference of opinion expressed by the aldermen composing the committee only helped to lift from the board of control a portion at least of the responsibility for the ludicrous muddle that has been made in connection with the appointment of a fire commissioner.

There was no agreement whatever between the aldermen, each favoring a different applicant, so that the controllers were more confused than ever. At one stage the meeting became so tumultuous that the mayor threatened to leave the chair if the wrangling did not cease, and a call in the police to quell the noise of those who were witnessing the confusion.

Motions and Objections. That Captain Duncan McLean be made chief, but Ald. McBride objected to a chief and wanted a commissioner, when the chairman began to report new investigations and their results, Ald. Cameron interrupted by saying that the conference was being held to find a solution, and not to review conditions in the department.

Ald. Dunn wanted promotion. Ald. McLean wanted to see the property commissioner Chisholm in the position, and again took up considerable time eulogizing his man. The mayor thought this would be organizing one department at the expense of another, and Controller O'Neill thought that the property commissioner should stay where he was.

Ald. Roden wanted to bring Clement DeLoe of New York here for three months, and Ald. McBride, who came with plenty of ammunition, mentioned chief Danforth of the street cleaning department. Ald. Ryding did not favor Mr. Chisholm, and Controller Thompson said that bringing any one from the United States.

In the event of Property Commissioner Chisholm being appointed, it would appear that the controllers will have as much, if not more trouble to fill the position, than they are having at present. The head of the fire department. The property commissioner has not even been formally nominated as fire commissioner.

Await Vienna's Reply. It is quite probable that until the Vienna foreign office replies to the request for the withdrawal of Dr. Dumba nothing further will be done in the case, nor in the case of Von Papan or Nuber.

The fact that Von Papan's letter was a personal one would not alter the situation. Secretary of State Lansing said that while the department had no official information on Von Papan's case, it regarded the use of an American passport for carrying any sort of communication thru the lines of belligerents as an abuse of that document.

The copy of the German note on the Arabic as received at the state department varied from the copy cabled to The Associated Press from Germany only in that the former said the submarine stopped the English steamer Dunstey about 60 nautical miles south of Kinsale instead of 16. Otherwise the two copies were pronounced by state department officials as identical.

EX-PREMIER OF QUEBEC IS DEAD AT MONTREAL

Sir Charles de Boucherville Attained Age of Ninety-Three Years.

MONTREAL, Sept. 10.—The Hon. Sir Charles Eugene Boucherville, ex-premier of the Province of Quebec, died here tonight at the age of 93 years.

Until recently Sir Charles took an active part in legislative work and the last sessions of the senate at Ottawa, and the legislative council at Quebec were the first he failed to attend since he was a member.

From an authoritative source it was learned tonight that not only had Great Britain and France consented to a reduction in their purchases here—but every line of necessities which they cannot buy elsewhere—but that it had been decided the reduction would be the only alternative left them should the commission fail in its mission to the United States.

Five hundred million dollars is the smallest sum which the commission hopes to have. They would much rather have found billions, but view, however, of the many difficulties which lie in the way of floating a credit loan itself more firmly in America, it was thought that the commission's task would be almost of herculean proportions in borrowing the smaller sum.

Chief of the obstacles which the commission faces is the nature of the collateral. It is regarded as almost imperative that American securities be offered as collateral if the loan is to be advanced largely by the central banks, as it would have to be if the proportions indicated. So far, it was said, the holders of American securities abroad have evinced a strong tendency to cling to their holdings as the best investment in the world today.

Nothing approaching half a billion dollars of American securities is at the command of the British and French governments, but it is said that citizens of these countries have eight or ten times that amount of such securities in their vaults.

PROMINENT LUMBERMAN DIES OF HEART TROUBLE

MINNEAPOLIS, Sept. 10.—Samuel H. Bowman, head of the lumber trade interests that extend from western Canada to the Gulf of Mexico, died of heart trouble at his country home in Wayzata, near here last night.

SOCIETY

Conducted by Mrs. Edmund Phillips. Parkdale Chapter, I.O.E.F., regular monthly meeting will be held Monday, Sept. 13, at 2:30 o'clock, in Parkdale Assembly Hall, 4 Lansdowne avenue.

Lady Evelyn Ward, who spent the summer in England, has returned to Toronto.

Mr. and Mrs. Alex D. Fraser, Miss Fraser and Miss Gladys Fraser of Montreal are spending a few days in Toronto, at the King Edward.

Sir Henry Egan, Ottawa, is in Toronto on a brief visit.

Mr. and Mrs. C. E. Abbs, Toronto, are at the Chateau Frontenac.

Dr. and Mrs. Holford Walker have returned to town from their summer residence on the Georgian Bay.

The neighboring towns of Mr. Segsworth and Mr. Price, at Clandeboye House, Ontario, were gay with flags and bunting on Thursday afternoon.

A pretty wedding was solemnized at the home of the bride's parents, Mr. and Mrs. J. Ostertog, Garden avenue, when Miss Miora Pearl Ostertog was united in marriage to Mr. Herbert James Warner, Rev. Mr. Reid of Alhambra Presbyterian Church officiating.

The Queen's Royal, Niagara-on-the-Lake, closes for the season on Monday next.

The honorary governors who will visit the Toronto General Hospital during the week commencing on Sept. 13th are Messrs. James Scott and John Flett.

CONSTABLE HOLDS UP SIR ROBERT BORDEN

Burly Dominion Policeman Barred Premier's Exit From Office Building.

By a Staff Reporter. OTTAWA, Ont., Sept. 10.—Sir Robert Borden was a victim of a hold-up in the east block tonight. The prime minister was leaving the building in which his office is situated, with Hon. Dr. Reid, and at the door a burly Dominion policeman let the minister of customs pass with a nod, but said to the prime minister:

"What's your name?" "R. L. Borden," replied the premier. The minister of the law seemed disinclined to take the word of the premier and Dr. Reid had to come to the aid of his chief and vouch that he was neither a German spy nor a secreteur of bombs. Sir Robert employed the incident immensely and complimented the policeman on his watchfulness.

DEMAND WAS LIGHT ON FRUIT MARKET

Slow Selling Due to Waste and Poor Condition on Arrival.

NO PRICE STANDARD

Plums Almost Unsaleable and Peaches Sold According to Quality.

The wholesale fruit market was again crowded yesterday, and there was hardly any demand, large quantities of every kind of fruit showing waste when they arrived on the market, making their sale extremely difficult, and, of course, in many instances, at such low prices it would not pay expenses, let alone give any profit.

Peaches sold all the way from 20c to 75c per 11-quart basket, only the very fine qualities bringing 60c to 75c, the bulk of the good ones selling at 40c to 50c per 11-quart basket, and the poor ones at 20c to 30c, the six-quart baskets selling at 15c to 20c.

Plums are almost unsaleable, a number of the firms not receiving any orders and refusals when they offered them, the few 11-quart baskets which were sold going at 15c to 20c, and the six at 12 1/2c to 20c.

Apples also showed a weaker tendency, the current selling at \$3.00 to \$3.75, and the 11-quart baskets at from 25c to 30c; a few extra choice bringing slightly more.

Tomatoes were also almost impossible to dispose of, the best market today being 10c to 15c, and the 11-quart at 12 1/2c to 15c, a few bringing 20c.

Potatoes are in demand, also the New Brunswick Delawares and Ontarios, both selling at 75c per bag.

Corn in some instances was practically given away, as there was absolutely no demand for anything but the very choice, some evergreen bringing 12c per dozen, the other going at 8c per dozen, and in one instance one lot of 23 sticks was sold for \$2.

Lawson continue to be exceedingly poor quality. Cauliflower is coming on the market in small quantities, but the quality is not so choice, and a large quantity of it is decayed when it arrives.

WINNIPEG GRAIN MARKET. WINNIPEG, Sept. 10.—There was quite a reaction in grain today. Wheat opened 1/4c up to 5/16 down and made later gains.

MONTREAL GRAIN AND PRODUCE. MONTREAL, Sept. 10.—The higher prices on the wheat market today drew bids sent over from abroad out of line.

C.P.R. TRAFFIC. MONTREAL, Sept. 10.—The weekly C.P.R. statement is as follows: Traffic week ended Sept. 7, \$3,002,000; same week last year, \$2,100,000.

CHEESE MARKETS. CORNWALL, Ont., Sept. 10.—On the Cornwall Cheese Board today there were 1868 wheels offered and sold at 14 1/2c.

VANKLEEK HILL, Ont., Sept. 10.—There were 125 colored and 150 white cheese boards offered and sold at 14 1/2c.

PICHTON, Ont., Sept. 10.—At the cheese board meeting today, 1555 boxes of cheese were offered and sold at 14 1/2c.

ALEXANDRIA, Ont., Sept. 10.—At last night's meeting of the Alexandria Cheese Board 525 (all white) were sold at 14 1/2c.

POTATOES, NEW BRUNSWICK, 75c per bag; Ontarios, 75c per bag; Tomatoes—New Brunswick, 60c per 11-quart basket; 10c to 20c per 11-quart basket.

TEUTONS BOMBARD ARGONNE RAVINE

Launch Also Many Terrific Attacks on French Positions in Vosges.

MOUNTAINS ATTACKED Belgians Also Had Lively Time Replying to German Artillery.

(Continued from Page 1).

fire on Rainesville, Pervyse, Oud-stuyvenkerke, Oudepale, Renhighe, Pysgatte and other advanced posts. The Belgian reply was a heavy bombardment of the German trenches along the bank of the Yser Canal, dispersing several detachments of the enemy.

Fighting last night was confined to heavy attacks in the Vosges by the bombs, heavy artillery and other infernal instruments of war, and this business kept the French troops actively engaged. The French positions between the Lingelshoff and the barren were attacked with the aid of oxyhydrogen gas shells. A forward trench at Stratzmelle had to be evacuated by the French troops through the throwing of flaming liquids by the enemy. The greater portion of the lost ground was recaptured in a counter-attack and ground taken within thirty yards of the section of trench which they could not recapture. The Germans renched on the summit of Hartmannswillerkopf from which they were driven out in counter-attack.

The Berlin official statement received here claims that trenches at the places mentioned above were carried by storm, but it makes no mention of the capture of any of these positions by the French.

EVIDENCE COMPLETED IN FITCH HEARING G. F. Henderson, K.C., acting for prosecutor D. C. McKenzie, yesterday completed his argument on the evidence taken by the royal commissioner, Mr. Justice Hodgins, into the accounts of Judge Fitch of Rainy River disbursement of the money.

Mr. Henderson stated that the charges date back some years, and in explanation, he declared that the investigation was delayed for three years by difference of opinion between the department at Ottawa and the department at Toronto as to who was responsible for taking the matter up. The last charge taken up was the allegation that Judge Fitch had interfered in municipal affairs to such an extent that he had created discord among the people. Complaint of this nature had been made to Mr. Aylesworth, minister of justice.
