HYDRO-ELECTRIC POWER CUTS COSTS AND LIGHT COSTS IN TWO

New Schedule Announces Big Savings for Household and Manufacturers — Residence Lighting Reduced 40 to 50 Per Cent.—Commercial Power Rates Cut at Least 30 Per Cent.

The new era of cheap power and lighting has at last dawned for thousands of householders and manufacturers of Toronto. Hitherto there has been a certain amount of speculation attached to the question of distributing Niagara power in this city. Yesterday the hydro-electric issued its schedule of rates for the supply of power for all purposes, and the figures are almost incredibly low.

HOW ELECTRIC POWER RATES COMPARE.

The following comparisons are compiled by the civic electrical department from actual power consumers and show how much the citizens gain from the rates set by the Hydro-Electric Commission:

Purpose	Average City Rate.	Aver. T. E. L. Co. Rate.
1. Residence lighting, alternating current.	4 1/2 cents per kilowatt hour.	8 cents per kilowatt hour.
2. Commercial lighting, alternating current.	4 cents per kilowatt hour.	8 cents per kilowatt hour.
3. Commercial power, alternating current.	2 cents per kilowatt hour.	4 cents per kilowatt hour.
4. Commercial lighting, direct current.	5 cents per kilowatt hour (with storage batteries).	8 cents per kilowatt hour (without storage batteries).
5. Commercial power, direct current.	2 1/2 cents per kilowatt hour (with storage batteries).	4 cents per kilowatt hour (without storage batteries).

A few concrete instances will illustrate the fact that the people's system will effect a saving of thousands of dollars per annum for the citizens of Toronto. Here are some of the figures that talk more loudly and to the point than whole seasons of platform oratory:

Hydro-electric rates reduce the cost of residence lighting 40-50 per cent. Hydro-electric estimates on commercial power are 30-50 per cent. lower than the rates now available in Toronto.

STRONG SYNDICATE TO DEVELOP PORCUPINE TO PERMIT DOMINION TO WITHDRAW FROM TREATY

English Capitalists and Financiers Group Control Large Area of Gold Fields.

A strong organization has been formed to undertake mining on a large scale in the Porcupine field. The scope of the work, the capital provided to carry it forward and the men who have the directing voice in the enterprise are such that there is no doubt that a great impetus will be given to mining in the Porcupine field as a whole.

TO PERMIT DOMINION TO WITHDRAW FROM TREATY

Sir Wilfrid Laurier Gives Notice of Motion at Imperial Conference — Uniform Navigation Laws.

LONDON, June 5.—According to the delayed report of the conclusion of Friday's proceedings at the imperial conference Premier Fisher moved that it was advisable in the interest of the United Kingdom and the dominions that efforts in favor of British manufacturers' goods and shipping be supported as far as practicable. He pointed out that other countries assisted their shipping in its competition with other shipping, both by subventions and contributions from the national exchequer.

A LONG PORTAGE

GUIDE PUGSLEY: It's an awful load, that wounded man and his water-logged punt.

ARE ONLY EAGER FOR CHEAPER PAPER

Representatives of American Publishers' Association and Associated Press Testify Regarding Reciprocity—Admit Amendments Would Result in Killing Agreement.

WASHINGTON, June 5.—Public hearings on the Canadian reciprocity bill were concluded by the senate finance committee to-day. Representatives of the American Newspaper Publishers' Association and the Associated Press being the last to appear before the committee.

Secretary of State Knox, at the request of Senator Bailey, had been asked to explain to the committee tomorrow whether the Root amendment to the paper section of the bill providing that it shall not be in force until the president is satisfied and has issued a proclamation to that effect, that paper and wood pulp are being admitted free into all the provinces of Canada, is in full accord with the agreement, as understood by the commissioners from both countries, who prepared the treaty. On Wednesday the committee will take up the question of the committee's session to discuss committee action.

Both Herman Ridder, until recently president of the American Newspaper Publishers' Association, and Melville E. Stone, general manager of the Associated Press, testified to-day, in answer to queries from various senators, that in their opinion no effort had been made by the newspapers of the country to present only one side of the reciprocity question, or to suppress any facts which were of news value. Bruce Haldeman, president of the Publishers' Association, and Frank E. Noyes, president of the Associated Press, also appeared.

Want Cheaper Paper. The chief interest which the newspapers of the country have had in the matter, Mr. Ridder told the committee, is their desire to free themselves from the paper manufacturers' trust, which now, he added, has the publishers at its mercy. The readers of the country would benefit as the publishers are declared, because the money saved on paper could be used to furnish a larger and better news service.

LOOKS LIKE AN ELECTION. Sir Alan Aylesworth is protesting too much. His speech and nomination Saturday looks like an election, that parliament will never reassemble, that it will be dissolved before the end of July, with an election in September. Hon. Mr. Fielding is off for a rest and a redistribution before the fight. If it is held now it is not because the opposition may hold them up, but because the government is bound to get it over at the earliest moment.

OVERWORKED LAWYERS. One sign of the great activity in real estate and business is that nearly all the lawyers and law offices in the city are overworked, and that, owing to the crowd of people doing business in the registry offices, it takes some time to examine and pass on titles. And yet the controllers of Toronto propose to quit doing business while the mayor is away.

GREAT TORONTO. The way to make Toronto grow proportionately is to annex North Toronto. Then there will be east and west extension along St. Clair-avenue and Eglington-avenue, as there was along Queen, along Bloor, and Danforth. Every day's delay makes more difficult the board of control should take up the consideration of the proposal of North Toronto. This question is even prior of the suggestion to annex the Humber and district. It is true that it costs to grow, but that is natural. But it pays.

TROOPS ARE TENTING ON OLD CAMP GROUND

Niagara Common Scene of Busy Preparation for Drilling Days to Come.

NIAGARA-ON-THE-LAKE, June 5.—(Special).—The annual military camp opened to-day and within a day or so will once again be in full swing on the historic common, after the manner of many years past.

FRENCH AVIATOR MAY HAVE BEEN DROWNED

Started on Flight from Nice to Corsica and Has Not Been Located.

NICE, June 5.—It appears more and more probable to-night that Lt. Baque, the French aviator, has met the fate of Cecil Grace, the Englishman who lost his life in the North Sea last December. Lt. Baque, who holds the national flight record, left Nice on his overseas flight morning for a trip to Corsica. The distance between the two points is a little more than 100 miles, and when nothing was heard from the daring aviator, torpedo boat destroyers were sent out to search for him.

MANY HAPPY RETURNS OF THE DAY

Duncan Macdonald, vice-president John Macdonald & Co., Limited, born at "Oaklands," Toronto, June 5, 1873.

KILLED ON RAILWAY WHILE LOADING COAL

Austrian Workman Fell Between Cars and Was Terribly Injured, Dying in Hospital.

While loading coal into a G. T. R. car from a chute on a siding at Mimico yesterday afternoon, John Kovtalya, an Austrian workman, living in a construction car at that place, was jolted from his position and fell between two cars. He was hurled to the foot of Spadina-ave and driven thence in the police ambulance to Grace Hospital, where he arrived at 7:40 o'clock. He died two hours later.

LOOKS LIKE AN ELECTION

Sir Alan Aylesworth is protesting too much. His speech and nomination Saturday looks like an election, that parliament will never reassemble, that it will be dissolved before the end of July, with an election in September. Hon. Mr. Fielding is off for a rest and a redistribution before the fight. If it is held now it is not because the opposition may hold them up, but because the government is bound to get it over at the earliest moment.

OVERWORKED LAWYERS

One sign of the great activity in real estate and business is that nearly all the lawyers and law offices in the city are overworked, and that, owing to the crowd of people doing business in the registry offices, it takes some time to examine and pass on titles. And yet the controllers of Toronto propose to quit doing business while the mayor is away.

PASSION'S FLAME FIRES MOVING PICTURE FILM

Sizzling Love Scene Raises Blazes 140 Miles of Picture Drama and Cooks 140 Fowl — Hungry Actors Flee From Food.

NEW YORK, June 5.—(Special).—It was not the ghost of Halley's comet which was seen in the Bronx to-day. No, it was not that. It was just 140 miles of moving picture film which caught fire from the burning words in a wordless love scene played by moving picture actors and actresses, who were rehearsing a picture drama in the two-story building of the Powers Company, film manufacturers.

Just as the hero got a regulation grizzly struggle hold on his picture dress and was pouring molten hot sizzling love words into her hair, the picture film began to sizzle. The hero and heroine, the picture makers and

NO BUNCO GAMES AT FAIRS

Ontario Government Determined to Suppress Gambling Devices.

J. Lockie Wilson is hot on the trail of gambling machines, wheels of fortune, and all that sort of amusement. He has got a fully equipped roulette wheel up at his place in the park. Even this rate has been found quite satisfactory. Being materially lower.

MAY BUY RUSSELL FARM

Civic Property Committee Inspect Proposed New Jail Farm.

The members of the civic property committee visited the Russell farm up Yonge-st., yesterday. The city looks a option on this property for \$80,000, and may buy it at this price for a new jail farm.

TWENTY YEARS AGO

This is a day ever green in the hearts of all Conservatives. Twenty years ago to-day, on June 6, 1891, Sir John A. Macdonald, prime minister of Canada, passed away. Canada has progressed wonderfully since then, and public sentiment has travelled far.

FIRE DID \$4600 DAMAGE

Fire, believed to have been caused by lightning during yesterday afternoon's storm, damaged the four-story carpenter shop and storehouse in the rear of the John Taylor Soap Works, 531 East Beaver-st., to the extent of \$4600. Of this, \$4000 was to the stock of advertising materials and stoves, while the balance was to the building, upon the top floor of which it broke out at 5:55 o'clock.

EATON'S DAILY STORE NEWS

THE EATON a High Grade Piano. Price \$185.00.

Extra Good Values from the Men's Clothing Section

EATON BRAND Suits are out of the ordinary ready-to-wear class. Suits that are the products of experts, who do by hand the shaping and sewing that's necessary to give a suit style and permanency. We're showing some **EATON BRAND** suits in all-wool imported fabrics, Scotch tweed effects, soft feeling and of great wearing quality. In the lot is a light grey pin check, a striped pattern in a fancy weave and a mid-grey with a colored thread stripe, single-breasted coats that have snug fitting collars and naturally shaped shoulders and the fronts are reinforced with hair cloth right down to the bottom. Fashioned in the popular plain tailored style, in the medium length and semi-form fitting; trousers are medium width with a nice taper to the bottom; suits guaranteed to give satisfaction. **15.00**

There's a Navy Blue Suit

A serge of fine twill and a nice finish; the material was woven from good Botany yarn, colored in fast dye; material woven specially for us in a large English mill; the coats are made in both single and double-breasted models, in the three-button length, lined with a nice quality material; they are shaped to be stylish and reinforced to hold their shape, and well finished; the trousers are made in the popular medium width and cut to good style; sizes 36 to 44; a suit that is excellent quality for the price. **12.50**

Odd Trousers for Vacation Wear

Made from cool, soft flannel effect tweeds and lightweight worsteds, in many shades of greys and fawn, with self or colored thread stripes; tailored smartly and cut in the fashionable semi-peg-top style, with belt loops at waist and cuffs at the bottom; 32 to 42 waist; all good trousers. **2.25, 3.00, 3.50 and 4.00**
—Main Floor—Queen Street

What Size Suit Does Your Boy Wear?

If it's in a size from 29 to 33, we will show you an elegant suit on Wednesday. We have suits for all sizes of boys, of course, but on Wednesday we're making specialties of suits for big boys. They're tailored to fit well, and you'll like their appearance, but, best of all, you'll like them for the service they'll give. Suits made of stout wearing imported tweeds, in pretty patterns, lined with strong wearing materials, and nicely finished. Bloomer Suits, the kind boys whose parents dress them stylishly are wearing.

Here's a Bloomer Suit, with a two-button double-breasted coat, that has long roll lapels, patch pockets, and side vents; made from an imported pure-wool fabric, in a handsome shade of silver grey, in a zig-zag weave; the coat is only half-lined with lustre lining, to be cool for summer; bloomers are made full, and have belt loops, a watch pocket, and straps and buckles at knees; sizes 29 to 33. Price. **6.00**

FUND FROM CHURCH SALE TO AID DOWN-TOWN WORK

Provided Carlton Street Methodist Transfer Is Authorized by Conference this Week.

In the event of the sale of Carlton Methodist Church to the William Davies Company, who have made an offer for the building, the money derived will be devoted to the advancement of Christian work in the downtown district. This was the decision of the board of trustees and the quarterly board, which met in the school room of the church last evening to discuss the question of what should become of the money should the sale be sanctioned by the Toronto Conference on Thursday or Friday. The board of trustees for some months past have been negotiating with the William Davies Company, and a short time ago received an offer from them, which they considered a very fair one, and of which they advocated acceptance. The congregation, however, disapproved, believing that the church should be held together, and that the edifice will advance in value during the next year or so. The city council have considered the advisability of extending Victoria street thru to Carlton, and should this be done, the Carlton street Church will be situated on the corner of Carlton and Victoria streets, and the value would immediately advance, and some of the congregation think that the sale should at least be postponed until this matter is settled. If the sale goes thru no attempt will be made to keep the congregation together, further than that the active workers will be urged to find work in the downtown district, which the board of trustees realize will be almost as good as an account of the several churches moving north. It is to be desired that the money to be derived from the matter be in the hands of J. W. Foster, R. N. Davis and Alfred W. Briggs to draft a resolution embodying the above decision and forward the same to the Toronto Conference, which will give final decision before Sunday of this week.

W. F. NICKLE WEBS TO-DAY.
KINGSTON, June 5.—(Special)—W. F. Nickle, M.L.A., will to-morrow wed Miss Katie Gordon, daughter of Principal Gordon of Queen's University. The wedding will be of a very quiet nature and will be performed in the forenoon by the bride's father, before the immediate friends of the bride and groom.

FELL TWO STOREYS, UNHURT.
George Couler, 10 years, 31 Saultier street, at work upon the steel construction of a building in Victoria street, fell two storeys to the ground yesterday morning. He was taken to St. Michael's Hospital, where it was found that most of the breath had been knocked out of him, but that he was otherwise unhurt. He went out later in the day.

Caspar Ran Aground.
KINGSTON, June 5.—(Special)—The steamer Caspar of the Lake Ontario and Bay of Quinte Navigation Co. ran aground on Presque Isle Point, two miles south of Brighton, this morning. The Caspar Company had a wrecker at the scene and succeeded in pulling the steamer off.

In Token of Gratitude.
WINNIPEG, June 5.—Archbishop Langevin has issued an enthusiastic call to the Diocese of St. Boniface, directing that the anthem "God Save the King" be sung in Latin at all services on coronation day. This in recognition of the leading part his majesty has taken in abolishing the clause from the coronation declaration reflecting on the Roman Catholic creed.

Public School Exams.
The promotion examinations will be held in all the public schools of the city on June 21 and 22. The entrance examinations will be held on June 24 and 25. It is probable that the papers will be easier this year than they were last year.

ONE YEAR FOR BIGAMY

First Wife Tracked Leach Up and Located Him in Dunkirk, N.Y.

NIAGARA FALLS, Ont., June 5.—(Special)—James Leach, Toronto, but more recently of Buffalo and Dunkirk, was this noon sentenced by Magistrate Fraser to one year in the Central Prison, on charges of bigamy and perjury. Leach came here last November, met Miss Mary Warren, daughter of Thomas Warren of Victoria-avenue, and married her on Jan. 20. They remained here a short time and then went to Buffalo. When Leach left Toronto he left behind a wife. She learned of his second marriage here, followed him from place to place, and located him in Dunkirk. He was arrested and brought back to Canada. He pleaded guilty.

WANT MORE PAY.

Men who are working on the city sewers have asked for an increase in pay of three cents per hour, and also a 50-hour week during June, July and August. The men are at present receiving 22 2/3 cents per hour. They threaten to strike if their demands are not accepted.

Coyotes for the Zoo.

Recently a dozen monkeys, five coyotes and a baby elk were installed at the Riverdale Zoo. Another batch of monkeys is expected to arrive very shortly and preparations are also being made for the housing of two grizzly bears, the gift of the United States Government.

Tired in Body And in Mind

Worn Out by the Monotonous Indoor Life of Winter.

Spring Finds the Blood Weak and the System Run Down—Vigor is Restored by

Dr. Chase's Nerve Food

Just at the time when the buds are bursting and the birds are chirping merrily in the treetops, many people feel most keenly the debilitating and enervating effects of indoor winter life.

The blood is so thin and watery that it fails to supply nutrition to the nervous system and to the vital organs. You feel tired, weak and discouraged, appetite fails, digestion is impaired, energy and ambition are lacking, and strange depressing feelings come over you.

But nature has provided certain restoratives to be used at this time of year to form new, rich blood and create new nerve force. These elements are found in condensed and easily assimilated form in Dr. Chase's Nerve Food.

Thousands of men and women have learned to escape this spring depression and weakness and discouragement by using this great restorative. Vitality is increased, strength and confidence return, buoyancy is felt in every movement of the body, pallor and weakness and disease give place to the glow of health and vigor of mind and body.

Dr. Chase's Nerve Food, the great spring tonic and restorative, 50c a box, for \$2.50, at all dealers or Edman-son, Bates & Co., Limited, Toronto.

SHORT CUT THRU CEMETERY

Proposal is Intended to Accommodate Earlscourt School Pupils.

No proposal from the board of education to open a public road across Prospect cemetery has yet been received by the Toronto General Burying Grounds trustees. The idea is to accommodate children attending the Earlscourt School on Dufferin-street. At present the pupils living west of the cemetery are put to considerable inconvenience in going to school. They have to go south to St. Clair-avenue and north again to the school. "Even a road would be too many," he said, "and I can't see how the cemetery at present inconveniences many, for there are few residents living on the other side."

The legislature would have to decide the matter in case of a deadlock between the board of education and the burial trustees.

ANOTHER INTAKE BREAK

This Time It's East Toronto's—Temporary Main is Laid.

Of the discovery of intake breaks there is no end. The latest has been located in the old East Toronto intake pipe, about 15 feet from the outer end. The East Toronto pumping outfit has been in use for the last week, owing to the 16-inch main over the Don at Queen-street having been disconnected. The old intake is only a 12-inch pipe and had been out of use for some months by order of the medical health officer. The break, which is in 15 feet of pipe, will probably be repaired with a couple of half sleeves. If this be found impossible, the short end will be removed and the intake replaced further in and at the end of the longer section.

Meanwhile a temporary 12-inch main has been laid across the Don, making three pipes of this size now used to supply East Toronto with water. Special despatch is also being made with the chlorination outfit wherewith to treat such water as is taken in thru the old intake pipe.

Meanwhile boil the water.

IMPROVE UNIVERSITY AVE.

The plans for the improvement of University-avenue provide for a single roadway up the west side. On the east the roadway is to be filled in, sodded and planted with trees and shrubs. This work will be undertaken partly as a local improvement, and partly as a service to the city, which is expected to pay 40 per cent. of the costs. The city will assume the other 60 per cent.

WILL OPEN ST. MARGARETS.

The Lord Bishop of Toronto will open the new Church of St. Margaret's at 8 o'clock to-morrow evening. St. Margaret's is the latest edition to the Anglican churches of the city, and has been completed at a large cost. Special music will be rendered at the dedication service to-morrow evening.

Ordination at St. Alban's.

The Lord Bishop of Toronto officiates at a service in St. Alban's Cathedral this evening at 8 o'clock, when three deaconesses will be received and set apart for special work in the Anglican Church.

Accidental Shooting.
KINGSTON, June 5.—(Special)—Percy Willets, a young man, was accidentally shot in the leg by a companion named John Ford, who was shooting at rats in a stable. The bullet was located by x-rays. Willets is doing well.

T. & D. Arrange Exhibition Game Coronation Day

A general meeting of the T. & D. was held in the S.O.E. Hall last night, when it was arranged to play an exhibition game on Coronation Day, June 22, on the Eaton Athletic Field, Bathers-street. The "team" consisted of the following: president and vice-president, and the star players of the league will be pitted against another league thought to prove an interesting game. Robinson of the Royal Hearts was proposed to the senior ranks and will be in the Thistle line-up on Thursday night against Eaton. The Eaton v. Scott game, scheduled for Wednesday evening, has been postponed to a later date.

Pigeon Races 200 Miles.

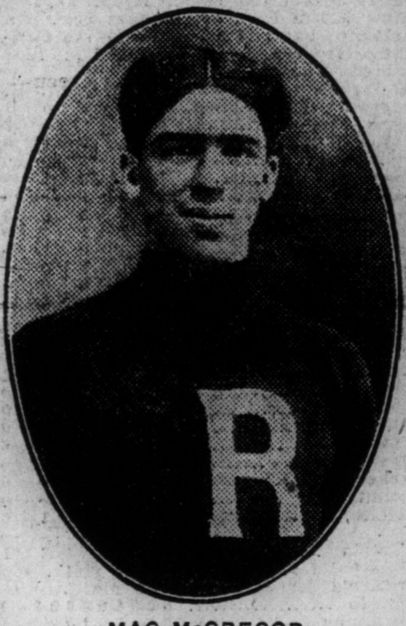

The Maple Leaf Homing Pigeon Association 200-mile race, from Inlay City to Toronto, on Saturday, proved a disastrous affair. Although there has always been trouble from this station, it is some years since such a smash has been encountered as at present. The pigeons were liberated by Mr. G. A. Titus of Inlay City at 8:45 a.m., Toronto time. Jay Brown Maroon, the only about twelve or fifteen finished in the day out of a total of 150 birds. Following are the results:

J. Naulie's Ball Tossor 8:22.30
G. Skeat's Model 8:25.45
St. Clerie's Open UP 8:28.15
North & Forrest's The Boss 8:32.15
Ed. Newberry's Pride of Wainfleet 9:28.32
Jay Brown Maroon 10:04.17
Tom Newberry's Jacko 10:20.00

St. Clements Beat Bedford Park.
The college grounds, Eglington, on Saturday in their C.G.M. game, St. Clements winning a very interesting game, 10 to 45. For the winners R. J. Wacey, and W. Wacey played good cricket, scoring 30 and 18 respectively, whilst L. Mantou took 4 wickets for 4. Bedford Park's first score 29 not out, also taking 7 wickets for 29 runs. The analysis is as follows:

St. Clements
G. Mantou, bowled Hirst 2
A. Baek, Jr., run out 14
W. Wacey, not out 18
R. J. Wacey, c. Gunn, b Hirst 29

Western Horse Notes.
The string of A. C. Lewis of Port Arthur, now in training in Winnipeg, includes Minnie W. (2124), Bob Manager, Charlie Simon (2234), and Hal Reflect. The latter is entered in the 210 race. Hal B. Jr., 2104, is being worked at Brandon for the meet in Winnipeg. Darkey Hal, 2093, who is owned by John Schwartz of Winnipeg, Ont., and is entered in the free-for-all, will arrive next week.

They are having real wrestling at the festival sports in London, with professional participants Almond Bux, of the Indian, had an easy victory over Maurice De Riaz, the Swiss, on May 25. Bux threw his opponent in 1 min. 6 secs. in the first bout, and in 2 mins. 19 secs. in the second bout, thus fulfilling the conditions of the match by winning two out of three pin falls. Bux is described as a marvel on the mat. Is there a man in England or anywhere else who can stand up against Bux in a straight match with any chance of success? Sporting Life is convinced there is not and mentions Hackenschmidt and Gotch are engaged to meet.

The 100 lb. caused one critic to exclaim: "Wrestling is a sport due to the liking of the British public just now. They have become tired of obvious 'fakes', but last night's affair at the Festival of the Empire should do much to bring the pastime again into popular favor. This at least was a straight match; it compelled a very fair attendance, but it is even now doubtful whether wrestling will come back to the position it occupied a few years ago. It takes a good deal to drive a spicule from people's minds, but more matches of last night's calibre should be welcomed. Bux was the cruelest thing seen for a long time, and he had his opponent in an impossible position in less than a minute. In three minutes knockout records the show was all over. Bux was an absurdly easy winner, but this affair only served to demonstrate what a quick affair a real wrestling match can be.

Stars and Stripes Barred.
The provincial authorities have promulgated new rules and regulations for Algonquin Park, one of which is as follows: "If any flag is at any time flown or displayed in the park it shall be the British flag."
American tourists, who of late years have become increasingly flamboyant in their display of the Stars and Stripes, will in future have to keep their flags more under cover when on Canadian soil.

The Toronto World

THIS CERTIFICATE, with 25 others of consecutive dates, (Sundays excepted) if presented at the business office of THE WORLD, 40 Richmond St. West, will entitle the bearer to one WORLD COOK BOOK absolutely free. If the Cook Book is to be sent by mail, send the necessary certificates in an envelope, also inclosing 14c in stamps, to the Cook Book Editor, care of Toronto World.

Not more than one Cook Book will be given to one person.

This is an opportunity for every good housekeeper to become possessed of the very best Cook Book on the market. The size is 8 1/2 x 6 1/2 x 2. It is substantially bound in oiled muslin and is designed for utility.

Caution—Not more than one coupon bearing the same date will be accepted.

Prescott Bowlers Win.
PRESCOTT, June 5.—Two rinks of the Eastern Hospital Bowling Club competed here in the first match of the season for the Higgins Cup and suffered defeat by five points. Score: Prescott, 15; Eastern Hospital, 12. Halpin, sk 13
Neeley, sk 15
Total 28

Baseball Montreal 6 Toronto 5

Lacrosse News Gossip

Turf Second Day Blue Bonnets

Note and Comment

If this thing goes along the Montreal baseball team will no more be the Peasopps, but the Giant Killers. They are the only team in the Eastern League yet unbeaten by Rochester, and are now tied with Keller's coming champions with three games won and three lost, and the Leafs have two more days to stay in Montreal on this occasion.

The Guelph Maple Leafs are the fighting team of the Canadian Baseball League, with Johnson playing second base and Jeffries in the outfield.

It has been suggested that the meagre attendance at the first N. L. U. game in Toronto was owing to the fact that the lacrosse populace are holding off for the grand opening of the O. L. A.

Regret is felt in Victoria and Vancouver tennis circles at the sudden death of Mr. William McCombe Hutchinson on the 13th inst. That excited the Englishman was noted swordsman, and at the time of his death held the medal for the foil championship of British Columbia.

It is said that all Englishmen love water sports and take naturally to anything in the rowing or aquatic line. One by the name of Ernest Hartill must have been from very far inland. Ernest, it will be remembered, was to have had the backing of a local sporting club, and was to finish lengths ahead of our own Eddie Durman in a sculling match. Now, to go further into the matter, a well-known local sculler, after being asked on several occasions, agreed to lend the new champion his shell, and those who have a warm place in their hearts for the great pastime turned out to see the old records surpassed by this wonder from across the briny.

But Hartill must have done his former feats in a shell of the flat-bottom variety, for when he attempted to put his foot down on the bottom of the bottom of the shell to take his place at the oars it was only the quick action of the owner of the shell that saved the Englishman from getting his shins scraped and wet feet. Hartill, however, got seated and was shoved off from shore, and everybody got ready for the big doings, but the phantom either found the back of his neck or got in the road, or that a shell is a hard craft to balance, and finally ended up the afternoon's performance with his swimming instead of a sculling exhibition. Mr. Eddie Durman is still champion of Toronto Bay.

The last five battles in which Bill Squares, heavyweight pugilist, engaged resulted in knockouts for him, two of them being administered by Tommy Burns. Bill then decided that farming would suit him better, and he took up land at a place called Geonoo Geonoo. That he has found his right vocation is suggested by the report of the Royal Agricultural Show at Sydney last month, where he appears as winning a prize for a bag of wheat.

The well-known race horse, Little Joe, at one time holder of the Canadian half mile record, 1:24, to read Kingston, dropped head at the exhibition track in Portage la Prairie, Man., last Friday. He was 18 years old and had just finished first in the Farmers' Trot, winning two heats of the unfinished race. He stepped his last half mile in 1:28. He was owned by Ed. Westgate.

"TIFCO" BOWLING BALL

This ball is the best on the market, because it never slips, never loses its shape, always rolls true, hooks and curves easily, does not become greasy, is absolutely guaranteed, is cheaper than any other reputable patent ball, and complies with the rules and regulations of the A. B. C. All first-class alleys are putting these balls on. Try one on the alley where you roll, and you will never roll any other ball.

National League Scores.

At Pittsburgh—The first extra innings game of the season in Pittsburgh was played yesterday, Philadelphia winning in the tenth by a score of 5 to 4. After two were out in the tenth inning Luders hit a fly to centerfield, which, caught by the sun, the hit being good for three bases. Welchone's grounder was fumbled by Wagner and the winning run came over the plate. A strange feature was the calling of two balks, each of the pitchers being guilty. It was the first time here this season that a balk was pitched.

Baseball Gossip.

Davy Drohan, an old Toronto boy, said one time a pitcher of the Nonpareils, a fast young organization, is playing first base for the St. Louis Americans under the name of Rowan. He recently had six hits in three games.

Guelph Win in the Tenth.

BERLIN, Ont., June 5.—Cooling in the sixth, allowing Guelph three runs, cost Berlin the game at what looked like cost Berlin the game, which looked at the outset like a walkover for the Green Sox. Nevertheless it took ten innings to decide. Score: Guelph 3, Berlin 0.

National Sporting Club Bouts.

Two of the three bouts have been arranged for the next show of the National Sporting Club. Jimmy Walsh, the Boston bantam, will meet Fred Lansdowne of this city, ten rounds, at 116 pounds, and Peevew Adams tackles Young McCracken, eight rounds, also at 116 pounds. The entertainment will be held in the open air at the Island stadium on the night of June 14. Matchmaker Flanagan wired from New York last night that he had closed with a recently arrived Irish bantam, Dobbinson Lindsay, to meet some good boy in Toronto during the summer. Lindsay arrived a week ago in New York.

ROYALS WIN SECOND BY TENTH INNINGS RALLY

Errors in First Allowed Peasopps To Tally Five—Jordan Gets Three Hits.

MONTREAL, June 5.—Montreal won the second game of the Toronto series in the tenth innings to-day, by a score of 5 to 5, successive hits by Miller, Hanford and Demmitt bringing in the winning run. Lush pitched well until then, but three errors in the first innngs practically gave the Royals the game, allowing them to score five times. Score:

880 yards run—Roy Holden, G. H. McCulloch, L. A. Wright, West End Y.; W. H. Waring, J. B. Humphries, John G. Near, Geo. A. Lister, Jack Treasurer, Central Y.; W. E. Hanne, British United A.C.; Harry Giesing, New York, unattached.

LACROSSE GOSSIP.

The Montreal Gazette had the following to say about Tecumseh's victory over Shamrocks: On the whole the visitors played slightly better lacrosse, especially in the way their home waited for openings, while on the other hand the younger members of the Shamrocks got rid of the ball too easily, when by holding it a bit longer better uses might have been made of it. They were all inclined to shoot from too far out, the too often urged by the spectators to get in and score. It was the big defence that Shamrocks were able to bring out that saved them. Kavanagh, after being out of the game a year, showed that he could come back, and while not in form, yet his reaches and experiences availed much. It was one of the interesting points of the game to watch Kavanagh and little McGregor trying to get the better of each other. McGregor is credited with having done most execution against the Nationals last week, and his trick of getting be-

hind the goals, waiting for a chance of delivering a pass just in front, requires watching. The fast outside home man scored once, but after that he could do little but hold the ball, Kavanagh forcing him to pass it, and in that way it generally fell into a Shamrock stick. The disparity between the sizes of the men and the way they followed each other, gave zest to the jockeying all thru.

Tecumseh played a good game, and their defence was good enough to prevent the Shamrock home, with three senior players and two intermediates, who played off and on last year, from getting into dangerous positions. Felker at centre field, was a handy man, and Kinsman, in goal, caught nearly everything that Hogan could shoot at him. The visitors' field were active, and kept the home well fed with the ball. Querrie was not as prominent as usual, and neither was Marston, as Rochford and McIlwaine kept after them too closely. When, however, there was opportunity to break away from their covers the Indians were always

Knock Out Fight in Montreal.

MONTREAL, June 5.—Joe Borrelli, the Italian fighter from New Jersey, out-fought Louis Beane, the local pugilist, at the Redscope Opera House to-night, and put him to sleep in the tenth round, after flooring him four times. The fight was said to be for the middleweight championship of Canada.

Shamrock juniors are requested to turn out in full force each Tuesday and Thursday night of each week. The following members are requested to catch the 6:45 car for Lambton on Tuesday and Thursday nights: Harry Crawford, McLean, Smith, Walker, Taylor, Greenfields, Winnipeg, Currie, Uprose, McQuarrie Bros., Todd, Washora and any others whose names are not mentioned.

The Athletics of St. Simon's will hold two important practices this week on Tuesday and Thursday evenings, in preparation for their game with St. Simon's next Saturday. Full turnouts are requested.

What's the Answer?

Can Larner beat Geo. Goulding?
Can Kiviat beat Mel. Sheppard?
Can Billy Paull beat Kiviat?
Can Mel. Sheppard beat Bonhag?

TUESDAY MORNING

LONG SHOT WINS MAIDEN RACE AT BLUE BONNETS

Bwana Tumbo, at 40 to 1, Gallops Home a Winner—Whist at 2—The Results.

MONTREAL, June 5.—Bwana Tumbo, a 2-year-old shot, featured to-day's racing at Blue Bonnets, galloping home a winner in the first race, four and a half furlongs, for maiden two-year-olds, against a large field. Senex, the favorite, in the betting, took second. There was another crowd at the track, despite threatening weather. Summary:

FIRST RACE—Two-year-old maidens, six furlongs: 1. Bwana Tumbo, 14 (Goldstein), 40 to 1; 2. Senex, 11 (Archibald), 9 to 5; 7 to 10 and 1 to 2.

SECOND RACE—Three-year-olds and up, selling, six furlongs: 1. Casque, 10 (Sweeney), 8 to 5; 1 to 2 and out.

THIRD RACE—Three-year-olds and up, one mile: 1. Whist, 55 (Garner), 2 to 1; 4 to 5, out; 7 to 10 and out.

FOURTH RACE—Three-year-olds and up, six furlongs: 1. Prichard, 125 (Garner), 3 to 5, out; 2. Naushon, 11 (Shilling), 6 to 5, out; 3. Spellbound, 11 (S. Page), 2 to 1; 3 to 5 and out.

FIFTH RACE—Three-year-olds and up, six furlongs: 1. Octopus, 169 (Pendings), 13 to 5; 9 to 10 and out.

SIXTH RACE—Three-year-olds and up, selling, six furlongs: 1. Baby, 102 (Byrne), 8 to 1; 1 and even.

SEVENTH RACE—Three-year-olds and up, selling, six furlongs: 1. Woodcraft, 109 (Shilling), 6 to 5; 1 to 2 and out.

EIGHTH RACE—Three-year-olds and up, selling, six furlongs: 1. Hazel Burke, 35 (McCabe), straight \$10; 2. Delaney, 57 (McCabe), show \$4.

NINTH RACE—Three-year-olds and up, selling, six furlongs: 1. Hazel Burke, 35 (McCabe), straight \$10; 2. Delaney, 57 (McCabe), show \$4.

TENTH RACE—Three-year-olds and up, selling, six furlongs: 1. Hazel Burke, 35 (McCabe), straight \$10; 2. Delaney, 57 (McCabe), show \$4.

Eleventh race, three-year-olds and up, selling, six furlongs: 1. Hazel Burke, 35 (McCabe), straight \$10; 2. Delaney, 57 (McCabe), show \$4.

Twelfth race, three-year-olds and up, selling, six furlongs: 1. Hazel Burke, 35 (McCabe), straight \$10; 2. Delaney, 57 (McCabe), show \$4.

Thirteenth race, three-year-olds and up, selling, six furlongs: 1. Hazel Burke, 35 (McCabe), straight \$10; 2. Delaney, 57 (McCabe), show \$4.

Fourteenth race, three-year-olds and up, selling, six furlongs: 1. Hazel Burke, 35 (McCabe), straight \$10; 2. Delaney, 57 (McCabe), show \$4.

Fifteenth race, three-year-olds and up, selling, six furlongs: 1. Hazel Burke, 35 (McCabe), straight \$10; 2. Delaney, 57 (McCabe), show \$4.

Sixteenth race, three-year-olds and up, selling, six furlongs: 1. Hazel Burke, 35 (McCabe), straight \$10; 2. Delaney, 57 (McCabe), show \$4.

Seventeenth race, three-year-olds and up, selling, six furlongs: 1. Hazel Burke, 35 (McCabe), straight \$10; 2. Delaney, 57 (McCabe), show \$4.

Eighteenth race, three-year-olds and up, selling, six furlongs: 1. Hazel Burke, 35 (McCabe), straight \$10; 2. Delaney, 57 (McCabe), show \$4.

Nineteenth race, three-year-olds and up, selling, six furlongs: 1. Hazel Burke, 35 (McCabe), straight \$10; 2. Delaney, 57 (McCabe), show \$4.

Twentieth race, three-year-olds and up, selling, six furlongs: 1. Hazel Burke, 35 (McCabe), straight \$10; 2. Delaney, 57 (McCabe), show \$4.

Twenty-first race, three-year-olds and up, selling, six furlongs: 1. Hazel Burke, 35 (McCabe), straight \$10; 2. Delaney, 57 (McCabe), show \$4.

Twenty-second race, three-year-olds and up, selling, six furlongs: 1. Hazel Burke, 35 (McCabe), straight \$10; 2. Delaney, 57 (McCabe), show \$4.

Twenty-third race, three-year-olds and up, selling, six furlongs: 1. Hazel Burke, 35 (McCabe), straight \$10; 2. Delaney, 57 (McCabe), show \$4.

Twenty-fourth race, three-year-olds and up, selling, six furlongs: 1. Hazel Burke, 35 (McCabe), straight \$10; 2. Delaney, 57 (McCabe), show \$4.

Twenty-fifth race, three-year-olds and up, selling, six furlongs: 1. Hazel Burke, 35 (McCabe), straight \$10; 2. Delaney, 57 (McCabe), show \$4.

Fashion-Craft Clothes Reasoning

Who? Hires Labor Without a Recommendation?

Men's Clothes should be purchased where good reputation for make is established—which is the best class of recommendation.—Bad Clothes like bad labor can be purchased cheap,—and is ever forcing its self upon your notice.—

FASHION-CRAFT Clothes are shown and represented as just what they are—up-to-date men's clothing—correct in style, fit and workmanship—Price \$15.00 and upwards to meet the requirements of all.

To-day's Entries

Louisville Entries. MONTREAL, June 5.—The entries for Tuesday's races are as follows: FIRST RACE—One mile, selling: Henry Munro, 108; Henry Hutchin, 108; Howay Howay, 112; The Pippin, 110; Mike Jordan, 112; Meadowcroft, 112; Peter Pender, 112; Harcourt, 112; Camel, 112; Silver Knight, 112; Wandler, 112.

Blue Bonnets Card. MONTREAL, June 5.—The Bonnets entries for Tuesday are as follows: FIRST RACE—Two-year-olds fillies, selling, 4 1/2 furlongs: Leathly Lady, 104; Reine Margot, 99; Dipper, 104; Yankee Lotus, 104; Lady Rose, 109; Pippin's Beauty, 109; Ojam'D Buckle, 109; St. Agathe, 99; Aunt Alice, 104; Miss Joe, 99.

O'KEEFE'S Special Ale For A Special Purpose. O'KEEFE'S Special Extra Mild Ale is a distinct and special brew. It is more than a light ale. It is Special Extra Mild—so light that it agrees with the most delicate stomach and will not cause Bilioussness or Headaches.

Extra Good Day's Business at Maher's Monday Horse Sale

The auction sale of horses at Maher's yesterday was marked by an unusually large number of offerings, and the bidding was rather slow, and the sale pretty well dragged out, a very large percentage of those passing under the hammer were disposed of. A large number of private sales were also put thru, making an extra good day's business for the firm. Prices were only fair, as the majority of the buyers were looking for stock to suit the city trade.

DR. SOPER DR. WHITE. In the following Diseases of Men: Piles, Gonorrhoea, Syphilis, Rheumatism, Asthma, Syphilis, Lost Vitality, Catarrh, Stricture, Skin Diseases, Diabetes, Emissions, Kidney Affections.

ANOTHER POLO POSTPONEMENT

International Teams Hope to Cross Mallets in Second Game To-Day. NEW YORK, June 5.—Interest in the International Polo Cup series has been attached over at least 24 hours because of rain. The rain which delayed the first match from Wednesday to Thursday last week, came even heavier during the forenoon to-day, and caused postponement of the second and final match from Wednesday to Thursday.

The World's Selections

BLUE BONNETS. FIRST RACE—Florida's Beauty, Diamond Buckle, Miss Joe. SECOND RACE—Waterfall, Nanticoke, Grover Hughes, Rafeleh. THIRD RACE—Waterfall, Bonnie Kelson, Chief. FOURTH RACE—Little Pal, Yorkshire Boy, Wilson entry. FIFTH RACE—Roebuck, Duke of Distinction, Col. Calkhurst, Rye Straw, Planettes. SIXTH RACE—Ragon, Rye Straw, Planettes. SEVENTH RACE—Blackford, Leah, The Gardener.

Lambton Wins 56 Points

Lambton Golf Club scored a decisive win over Hamilton at Lambton Saturday, as follows: Lambton—Hamilton: G. S. Lyon, 0; F. R. Martin, 1; H. J. Martin, 1; W. Griffith, 1; F. E. Ross, 1; F. C. H. Patterson, 1; A. Watson, 1; F. A. Sutherland, 0; C. E. Robb, 1; Dr. Mallock, 0; A. Wright, 1; Dr. Macdonald, 0; F. G. Fitzgerald, 1; W. Galushan, 0; A. E. Webster, 1; Dr. Mallock, 0; F. C. Thompson, 1; S. Glass, 0; W. A. Littlejohn, 1; C. Ferris, 0; John H. Ezer, 1; A. Fraser, 0; H. Wright, 1; T. A. Mallock, 0; J. T. Richardson, 1; F. M. Yeates, 0; R. H. Greene, 1; W. J. Southam, 0; J. S. Wallace, 1; G. Parson, 0; C. W. Lennox, 1; H. S. Thorne, 0; R. Y. Cory, 0; J. S. Barnum, 1; R. W. Hart, 0; E. F. Laizer, 1; F. R. Mallory, 1; H. J. Petrie, 0; F. A. Reid, 1; H. B. Daw, 0; C. S. Pettit, 0; C. Curtis, 1; W. Lloyd Wood, 1; F. J. Howell, 0.

Pigeons Fly 168 Miles

The Dominion Messenger Pigeon Association flew their fourth old-bird race from Trout Creek on Saturday last, an air-line distance of 168 miles, 200 birds competing from 17 lofts. The birds made fair time. Following are the results: Magee Bros., Old Tomorrow, 4:17.12; Davey's Ever Ready, 4:18.22; Williams' Lanky Boy, 4:20.15; Custrone's Arton Girl, 4:20.15; Newton's Victor Boy, 4:20.23; Macklen's Ormond, 4:20.23; J. LEGG'S Old Ted, 4:21.14; Koutavak's Perc, 4:21.14; C. Legg's House Top, 4:21.14; Jacques & Gamble's Silverbird, 4:20.27; Hiscox's Liverpool, 4:21.14; Westbery's Lady Dupont, 4:20.27; Jones' Hamilton, 4:21.14; Bowles' Sooner, 4:21.14; Shelly & Plum's Mutt, 4:21.14; Jones had no report in the time limit. Rice's timing machine stopped.

Western Homing Pigeons

The Western Homing Pigeon Association flew their third race from Scotia Junction on Saturday, an air line distance of 122 miles. The result: H. M. S. A. Stark's Rosbud, 3:15.47; H. Gray's White Storm, 3:15.47; E. Holt's Palmerston Dandy, 2:22.41; O'Hearn and Brown's Valore, 2:22.41; E. Goodell's America Girl, 3:40.42; F. Jones' Christmas Day, 3:45.27; A. Chater's Lady S., 3:45.27; Guy Bros., Sir Hector, 3:45.27; E. Cox's Borneo, 3:45.27; M. Cox had no report in the time limit.

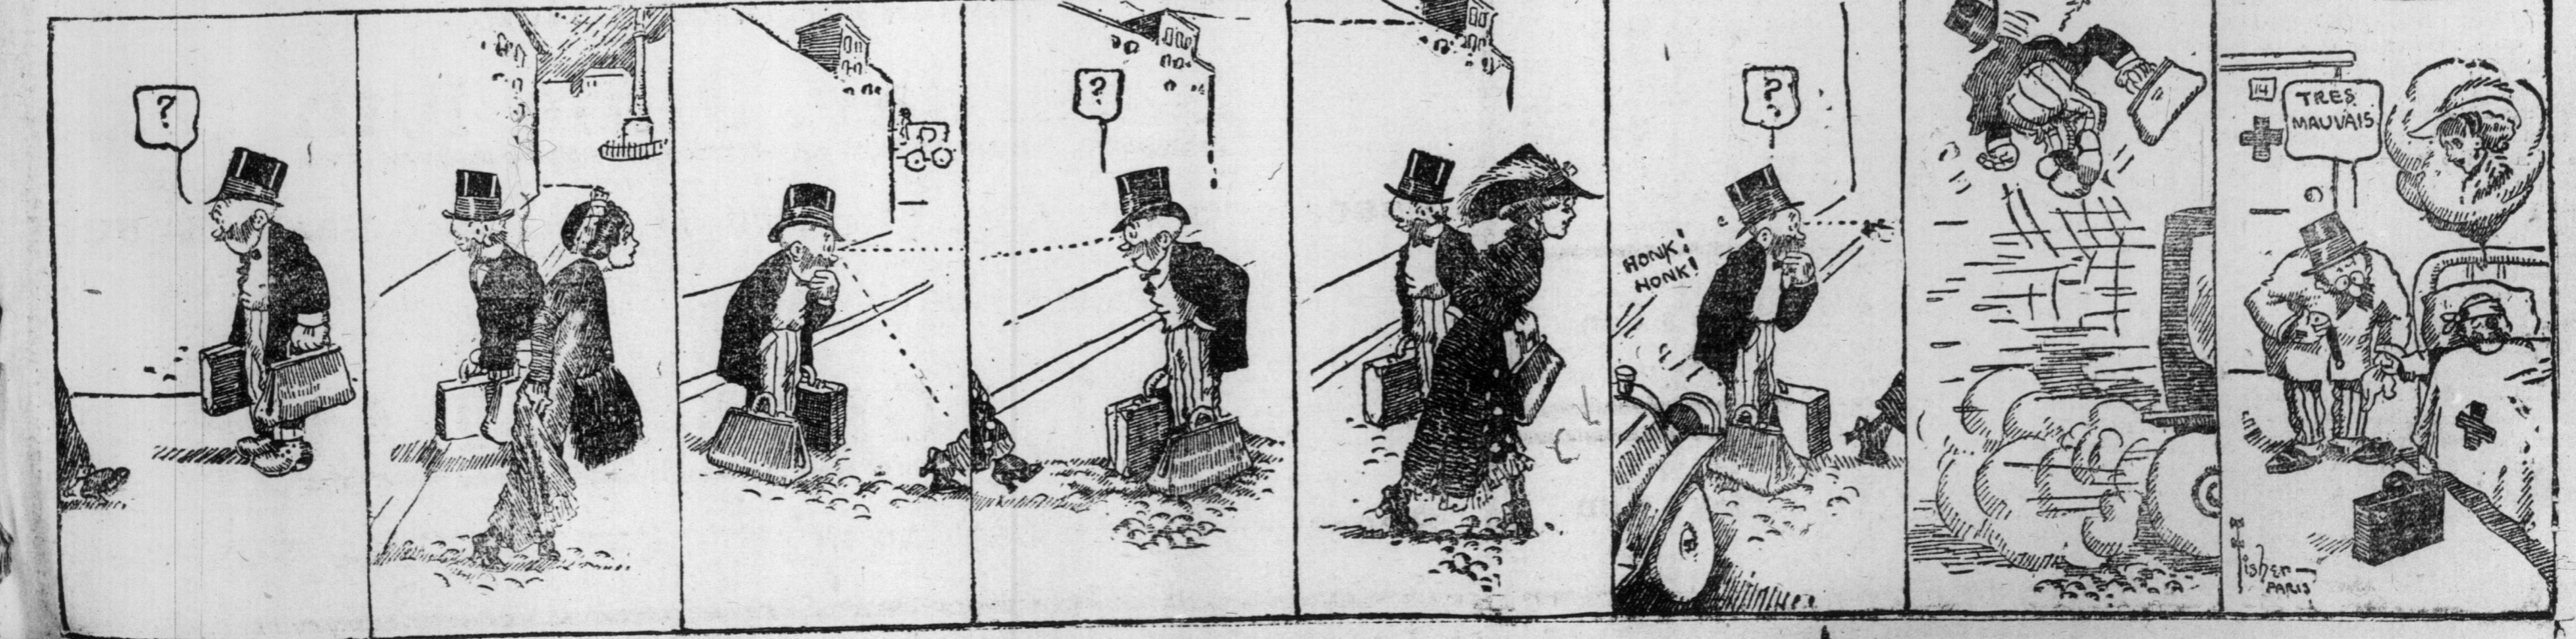

Kelly's Phone Number Now Adelaide 445

Owing to the great number of telephone orders sent in to the popular liquor store of W. J. Kelly, 749 Queen-street West, the Bell Telephone Company have been forced to open a new exchange, and customers when phoning for their supply of wines and liquors should remember that the number is now Adelaide 445.

Granite Lawn Bowling Tourney

The secretaries of the city clubs are urged to get in the entries from their clubs for the Granite tournament as early as possible. Entries to be forwarded to A. E. Huestis at Granite Club before Thursday evening next, June 8, when the draw will be made. A very large entry is expected and the greens are promised to be in excellent condition. Hotel Kraussmann, King and Church Sts., Ladies and gentlemen. German grill with music, open till 12 p.m. Imported German Beers on draught. edr

TUESDAY MORNING, JUNE 6, 1911

CITY LIGHT AND POWER RATES.

Those who have had the patience to put up with the delay and inconvenience of waiting for the city hydro-electric rates for power and light will now have their reward. The schedule issued yesterday is more satisfactory to the consumer than even the most enthusiastic "hydro" advocate dared to hope. A cut of 20 per cent. on rates would have been welcome. Thirty per cent. was supposed to be the probable limit of reductions. The figures published mean a reduction for residential lighting of from 40 to 50 per cent., and even more. In a schedule of comparisons, for example, we find that Mr. A. E. Ames' monthly bill would be cut from \$13.34 under the Toronto Electric Light Co.'s schedule, to \$6.96 under the city rates. Commercial power rates undergo a similar transformation, merchants having the opportunity of saving from 30 to 50 per cent. on the dollar for such services.

Nor is this all. The present schedule is drawn up on a basis of the probable consumption of power within the next year or two. As business grows, prices will not be maintained, as it is the practice of corporations to maintain them under such circumstances; but the cheaper operation made possible by larger business will be used to benefit the consumer by a further lowering of rates. And this will be done from time to time, as occasion warrants. A statement has been made by an official of the Toronto Electric Light Co. that it is impossible to draw any comparison between the city rates and the company rates, owing to the entirely different basis upon which the rates are calculated. Nobody need be misled by this. The basis of calculation does not matter in the least, except to the clerks who do the calculating. It is enough for the consumer to be assured that the figures are arranged to give him the fairest and most equitable distribution of his share of the charges. Beyond this, he has only to reflect that instead of paying \$1.50 to a company he has only to pay 50 or 60 cents to the city plant, of which he is himself a joint owner. When the citizens appreciate this they will undoubtedly patronize their own system, and buy their light and power at actual cost.

This is all the city asks—that the citizens will support their own service. Those who have made contracts with the Electric Light Co. should take steps to close them as soon as possible. Inducements will, no doubt, be offered to secure their extinction; but even the offer to meet the city rates should not be accepted. Every customer added to the city list means a future proportionate reduction in the city rates. No such guarantee of reduction can be had from the company.

Electric light will be no dearer than gas at the rates now offered, and every citizen who can see his way to use electricity should do so. Toronto ought to be able to use 20,000 horsepower from the hydro-electric commission in a comparatively short time. This means lower rates for all concerned. And at the same time the other towns and cities in the hydro circuit will be "increasing their consumption, all of which will react for the benefit of Toronto.

It looks, however, as though the citizens will not need much prompting. First came will be first served, and those who wish cheap light should hurry in their orders at once, and not wait till the evenings close down earlier. There are the best days to get the connections made.

Owners of small houses will find that the rates are not out of the way. A four-roomed house is figured, according to size, at from 10 to 15 cents a week for lighting; a six-roomed house from \$1.25 to \$1.50 a month; a ten-roomed house from \$1.50 to \$2.14 a month. Of course, the cost depends upon the amount used, and these are ordinary bills.

What is true of the lighting charges is equally true of the power charges, but power customers should apply direct to the city hydro-electric department for information about their needs. We have every confidence that the citizens will support the great system they have called into being. Its success, after that, depends upon the skill and attention of the officials who are to direct it. It is the greatest achievement in public ownership yet undertaken in Canada. There can be no doubt of the result, and it will justify the hard work of the past seven years during which Hon. Adam Beck and those who have supported him have

done so much to establish a great principle of public relief.

"FORWARD" THE SECOND CITY'S MOTTO.

Some days ago The World noticed the important additions made to the City of Birmingham, England, by the incorporation of five neighboring municipalities. A special supplement to The Birmingham Daily Post, just received, gives many interesting details of the new city and its various municipal enterprises. A hundred years ago Birmingham was a small town with but 73,000 inhabitants; to-day it ranks next to London in the United Kingdom, and its citizens number nearly 900,000. Prior to the extension now authorized by parliament, the population was estimated at about 845,000; the districts incorporated will add another 330,000, or considerably in excess of one-half more. This unification of administrative authority has already been anticipated by the preparation of town planning schemes and the discussion of future possibilities in the shape of a "ring road" and ample radial communication.

Birmingham's motto is "Forward," and to Mr. Joseph Chamberlain, threefold mayor, in the early seventies, is due in large measure the advanced civic policy which has caused it to be called "the best governed city in the world." Like the great majority of British cities, it has steadily followed the principle of public ownership and operation of its civic franchises. Its water supply is impounded in Wales at the head of the watershed of the Wye, and brought to Birmingham by an aqueduct seventy miles in length, carried thru hills and across valleys, into the receiving reservoirs. There, says The Post's article, it undergoes further filtration and is available for distribution from a clear water pool 564 feet above sea level. Birmingham acquired its gas undertaking from the two companies to whom it belonged in 1875. Mr. Chamberlain then supporting that action on the ground that "all monopolies which are sustained in any way by the state ought to be in the hands of the representatives of the people, by whom they should be administered, and to whom the profit should go." Under municipal management the price has been steadily reduced from an average of about 84 cents to 48 cents for 1000 cubic feet. In 1890 the gas undertaking contributed \$360,000 in relief of rates.

In January, 1907, Birmingham took over its street railway system, and in three years not only paid all working expenses, interest on loan capital and sinking fund charges, and allowed a liberal sum for depreciation, but handed over \$485,000 towards rate relief. The city council's policy from the beginning was to construct all lines and keep them in repair, while leasing the lines to operating companies. The result of this was that at the expiration of the various leases the street railways of Birmingham passed into the hands of the council without costing a penny. The city, therefore, had nothing to scrap in the way of equipment, when, on Jan. 1, 1907, it started its system of electric street railways. At midnight of Dec. 31, 1906, the leases expired, and at 5.30 the following morning the city electric service began. Within the city the average fare paid is less than two cents. Another successful trading enterprise is that of electric supply, acquired in 1900. Here also there has been continuous and increasing profit, altho the average price received per unit has fallen from a little over eight cents to three cents. The working cost per unit has been reduced from four and a half cents to slightly over one cent, and the surplus profit for the year 1909-10 amounted to \$108,000, of which \$50,000 went in relief of municipal rates. Very large expansions of this business have been made, and still greater additions are in progress. Birmingham evidently lives up to its motto, "Forward."

JEWIS AND PROSELYTES.

Rabbi Jacobs uttered a scathing indictment of Christianity in his sermon, voicing the objection of the Jewish community to be subjected to proselytizing influences.

"The Jews of the ward look upon the missionary as a pest. They resent his efforts to convert them," said the rabbi. "They object to his methods of enticing little children to attend his classes unknown to their parents, and offering them buns and rewards; visiting the sick in the hospitals in spite of the protests of the patients and the nurses."

The Jews, he stated, thought the money which was spent without result in efforts to convert them to Christianity might be "better applied for the improvement of the sick, the lame, and the blind, morally and physically, of the Christian community. If it were used to reclaim drunkards, wife-beaters, fallen women, idle loafers, street ruffians, and the Godless client who walk about the city using vile and blasphemous language, and who are themselves led and lead others into temptation," the Rabbi thinks it would serve a more useful purpose.

Of course Christians would resent very bitterly any attempt on the part of the Jews to proselytize either children or adults of the Christian community. Two Jewish missionaries engaged in such work in Toronto would stir a revolution. The recognition of this fact indicates how far we are yet from the reality of religious freedom

and toleration, when Christian sects insist upon a course of conduct towards others which they would not permit for a moment if the situation were reversed.

If true Christianity consists in doing unto others as one would be done by, true Christians had better let the Jews alone. Otherwise the golden rule should be dropped from the Christian code.

In ethics and morals, in industry, intelligence and integrity, our Jewish fellow citizens maintain a standard which compares very favorably with our average citizenship. Rabbi Jacobs would be less than human did he not recall the text about casting his beam out of one's own eye before going after the mote in one's neighbor's.

The Evening Star is comparing Sir Wilfrid Laurier with Lloyd-George, and reciprocity with the people's budget. Lloyd-George was not afraid to refer his measures to the people.

Brantford has been investigated by the Methodists and given a good reputation. Is Brantford really good, or are the Methodists lenient?

CAPT. LESSLIE'S RECORD.

Contract Record, May 31: The City of Toronto has again distinguished itself. After showing some intelligence in engaging Capt. Leslie to raise the broken section of the intake and bring it to shore, and when this arduous work, beset with many peculiar difficulties, had been practically completed after eleven weeks' persistent toil, the council decided that Capt. Leslie was not equal to the job and ignominiously fired him. A few days later Capt. Leslie brought the intake to shore and received the congratulations of everybody—except the council.

Capt. Leslie has an excellent record extending over 20 years. During this time he has been entrusted with a great deal of salvage work for Lloyds of London, Eng., and other well known corporations. He it was, it will be remembered, who raised the Allan liner, Bavarian, which sunk in the St. Lawrence River a few years ago, and which had practically been abandoned by everybody else, and it was Capt. Leslie who, in 1898, raised the wrecked Cornwall bridge for the New York and Ontario Railway Company. But it would take too long to give his record. The point is that he has been eminently successful in his undertakings, and is a man of less experience in really difficult problems, and in appreciating a good man when they get one.

Daily Pullman Tourist Car Service to and From Chicago.

The Grand Trunk Railway System have inaugurated a daily pullman tourist sleeping car service between Chicago and Buffalo, leaving Chicago 4.25 p.m., passing Hamilton 6.25 a.m. (where connection is made with train arriving at Toronto 8.25 a.m.), arriving Buffalo 9.25 a.m. Westbound—Car leaves Buffalo 12.50 p.m. and is attached to "The International Limited" (leaving Toronto 4.40 p.m. daily) at London, arriving Chicago 8 o'clock following morning. This service should be of special interest to Toronto people who desire sleeping car accommodations at moderate cost when going to Chicago or points west. Cars are most modern design, fully equipped with bedding, etc., and have porter in charge. Reservations and full particulars at Grand Trunk City Ticket Office, northwest corner King and Yonge-sts., Phone Main 4209.

PRISONER JUMPED FROM TRAIN.

BROCKVILLE, June 5.—(Special.)—Robert Dowell of Metcalfe, in charge of a man named William Blanchard, who had reported reports to the police that his charge escaped from his custody near Brockville to-day, by jumping from a train.

Autos in Manitoba.

WINNIPEG, June 5.—Registrations of automobiles in Manitoba so far this year are 1,000, and 1,000 are in Winnipeg. Several others have not yet registered. It is estimated that investments in automobiles in the province amount to about \$5,000,000.

HAD KIDNEY TROUBLE.

COULD NOT CROSS THE FLOOR PAIN WAS SO GREAT.

Miss Hazel Hess, Winchester Springs, Ont., writes: "I was troubled with my kidneys for five years. They were so bad, at times, I could not cross the floor for the pain. The doctor could not do any good and a friend advised me to use Doan's Kidney Pills. I bought six boxes and now I have been cured for over four years. I will recommend them to every sufferer."

No woman can be strong and healthy unless the kidneys are well. When the kidneys are ill, the whole body is ill, for the poisons which the kidneys ought to filter out of the blood are left in the system. Then how important it must be to see to it that this system of sewerage be not clogged up.

Doan's Kidney Pills are a purely vegetable medicine, realizing quick, permanent relief, without any after ill effects. A medicine that will absolutely cure backache and all forms of kidney and bladder trouble.

AT OSGOODE HALL.

ANNOUNCEMENTS.

June 5, 1911. Judges' Chambers will be held on Tuesday, 6th Inst., at 11 a.m.

Peremptory trial for divisional court for Tuesday, 6th Inst., at 11 a.m.: 1. Penny v. G. T. R. Co. and C. P. R. Co. 2. Cohen v. Webber. 3. Howell v. Bronside. 4. Grigsby v. Toronto Railway Co. 5. Re Angus and Widdifield. 6. Gilmore v. La Rose Mines.

Master's Chambers.

Before Cartwright, K.C. Master. Thompson v. McGivern—J.H. Spence, for defendant; E. C. Cattanach, for plaintiffs. Motion by defendant requiring plaintiffs to amend their statement of claim by adding the personal representative of the estate of their deceased father, and judgment on the delivery of statement of defence meantime. Judgment: At present the motion seems to be premature and should be postponed until judgment on the motion by plaintiffs, without prejudice to its renewal hereafter. The statement of defence should be delivered in a week. Clarke v. Bartram—Plaintiff in person; F. L. Bastedo, for defendant. Motion by plaintiff for an order adding Thomas Crawford as a party plaintiff. Motion enlarged sine die.

White v. Wilson—J. N. Black, for defendant; M. Macdonald, for plaintiff. Motion by defendant for an order setting aside judgment on motion restored. Costs to plaintiff in any event. Trial to be had before vacation. Judgment and execution to stand as secured by means of a writ.

Imperial Bank v. Bowden Machine and Tool Co.—Higgins (McWhinney & Co.), for plaintiffs; G. H. Sedgwick, for defendant. Motion by plaintiff for judgment under R. 60. Motion enlarged until 8th inst., at 10 a.m., peremptorily.

Re Manitoba Assurance Co. and A. Davis—H. J. Sims (Berlin), for assignee; Motion by D. N. Jeremy, assignee, on consent, for an order for payment out to him of moneys in court. Order made, with costs fixed at \$15. Bruce v. Baker—G. H. Sedgwick, for plaintiff; Motion by plaintiff, on consent, for an order appointing W. H. Gordon a special examiner for the examination of all parties for discovery of H. H. H. Order made. Costs in the cause.

Sovereign Bank v. Clarkson—R. B. Henderson, for defendant; W. J. Bond, for plaintiffs. Motion by defendant for a further order for judgment on production. Affidavit having been made, motion dismissed. Costs in the cause.

Single Court.

Before Teetzel, J. Ross v. Flanagan—R. A. Pringle, K.C., for plaintiffs; C. H. Cline (Cornwall) for defendant. An appeal by plaintiff from the report of the local grand jury on the complaint of the Ontario Railway Co. that he erred in finding plaintiff's claim barred by the statute of limitations except as to \$375, and \$100, which was not included on account of the barred items. Judgment: At whatever date the \$100 was paid, I think the evidence establishes, as the master found, that the time the plaintiff's claim consisted of over \$500, which was clearly barred by the statute, and \$100.75 which was not included in the report of the grand jury, and the evidence to warrant a finding that the \$100 was paid on account of the statute barred debt. The plaintiffs were not mistaken in their mode of keeping and rendering accounts, and in the result they have been defeated in a just claim by reason of the statute. Their misfortune is chargeable to their own carelessness. The burden is on the plaintiffs to show that the \$100 was paid by Bergin was expressly or by necessary implication made with reference to the earlier item of the account, and in the absence of any such proof it must be treated as having been made with reference only to the item not then barred. Appeal dismissed with costs.

Before Riddell, J.

Mr. John Tyler presented his patent as a King's counsel and was called with a bar. Burtane v. Spain—F. L. Bastedo for plaintiff; W. H. Irving for defendant. Motion by plaintiff for an injunction. By arrangement between counsel, either party may pending the negotiations for settlement, with liberty to either party to restore to list if settlement does not go thru.

Re City of Toronto and Birenkrantz—G. A. Urquhart for the city; M. A. Brown for Birenkrantz. A motion by the city for a mandatory injunction. By consent of counsel, motion enlarged one week to permit Birenkrantz to make building conform to city bylaw.

Re Curran Estate—W. D. McPherson, K.C., for Alfred Curran; L. F. Heyd, K.C., for Walter Curran; R. B. Urquhart for Albert E. Curran. R. B. Henderson for remaindermen, children of Albert E. Curran; F. W. Harcourt, K.C., for Mrs. Spicard. Motion by executor under C. R. 938 for the opinion of the court on certain questions arising under a will. Order made directing the executor to bring in a report making all the other parties defendants to determine the question of boundaries of the different parcels.

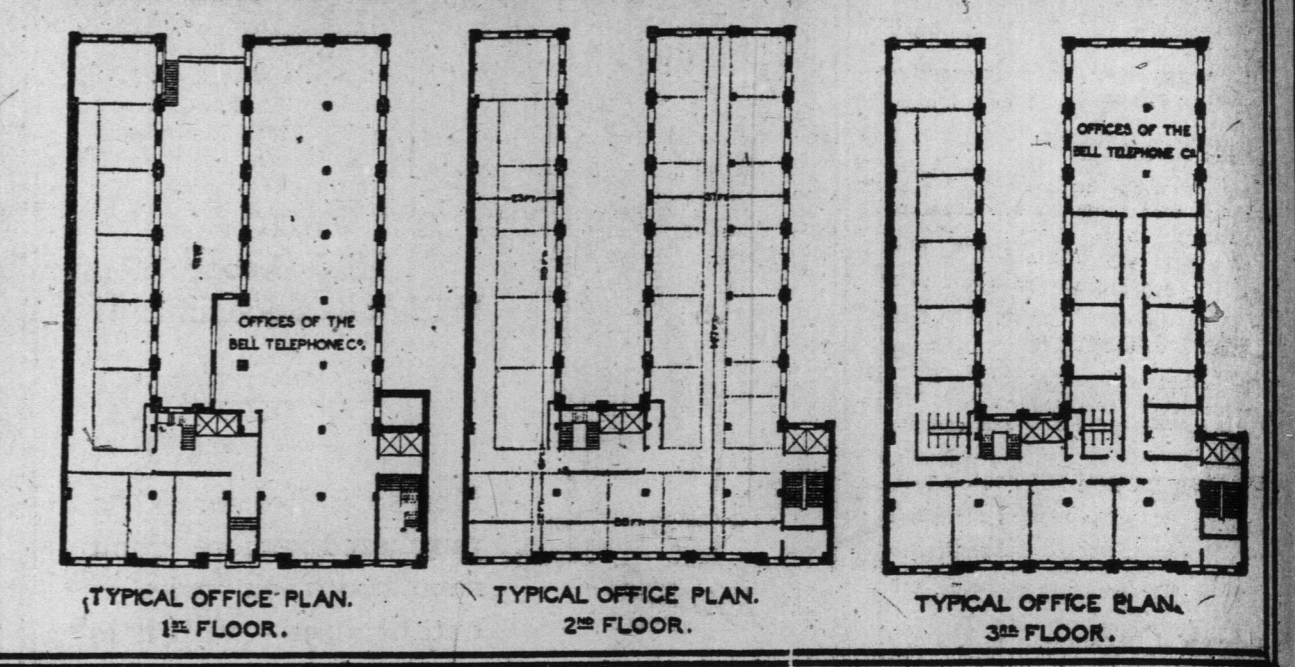

Re Haskings and Imperial Chemical Co., for petitioners. A petition by Ann Haskings to close certain questions as to closing the estate. As parties have not had sufficient notice, motion enlarged until 8th inst.

Lund v. Worthington—J. Mitchell for plaintiff; E. G. Long for three defendants; Birkbeck Loan Co.—Plaintiff in person; F. Aylesworth for defendants. Motion by plaintiff for judgment on consent, for an order for payment out to him of moneys in court. Order made, with costs fixed at \$15. Appeal allowed with costs. The plaintiffs may have these costs and their own between solicitor and client out of their estate.

Court of Appeal.

—Chambers— Before Meza, C.J.O. The genuine Birkbeck Loan Co.—Plaintiff in person; F. Aylesworth for defendants. Motion by plaintiff for judgment on consent, for an order for payment out to him of moneys in court. Order made, with costs fixed at \$15. Appeal allowed with costs. The plaintiffs may have these costs and their own between solicitor and client out of their estate.

Choice Office Space IN THE TELEPHONE BUILDING 76 Adelaide Street West

No office building in Toronto is so well known or so easily found. Centrally located, just off Bay, the coming office street of the city. High-class, modern fireproof building with maximum of convenience, light and ventilation. The above plans show the unequalled possibilities for large general offices, suitable for insurance, loan, or other large companies. Subdivisions made to suit tenants' requirements. Entire floor or any portion for single or suites of offices as desired.

ROCKED THE BOAT

Double Drowning Narrowly Averted at Brockville.

BROCKVILLE, June 5.—(Special.)—The old story of rocking the boat almost resulted in a double drowning at Brockville. Three young men named Halsey, McMahon and Burns, under the influence of liquor, capsize by the reckless act of the last mentioned. Halsey immediately struck out for shore, one hundred yards distant, and being an excellent swimmer, had no difficulty in reaching it. His companions were too intoxicated to aid themselves further than to cling to the craft. Wm. Foster put out in a skiff to their aid. Burns managed to crawl into it at the risk of making a second upset. McMahon was well sighted, but Foster managed to hold his head above water until Customs Officer Burns, in another boat, appeared on the scene, and between them McMahon's rescue was effected by Foster holding him up by the wrists and Burns towing them ashore.

Nothing Romantic.

A WEAK STOMACH BRINGS MISERY

Dr. Williams' Pink Pills Restore Despondent Sufferers to Health.

Nothing is so distressing as a weak stomach—the victims of this trouble suffer from indigestion, dizziness, and frequent headaches. No food agrees with them—meal time is a time of misery; not a morsel of pleasure. Relief from this suffering can be found through the use of Dr. Williams' Pink Pills—they never fail to make the weak stomach strong; to banish the distressing headaches, dizziness and dizziness. Mrs. C. S. Steeves of Hillsboro, N.B., is one of the many who have been cured through the use of these pills. She says: "I suffered very much from stomach trouble and would often leave the table without tasting food. I got no relief from speaking of till I began the use of Dr. Williams' Pink Pills. They gradually restored my health and strength and now I am as well as ever. I would earnestly recommend them to all those who suffer as I did."

It is the blood—bad blood—that is the cause of nine-tenths of the ailments from which both men and women suffer. The blood is the life-giving fluid of the body. When the blood is bad it is bound to poison some part of the human system and thus it is that rheumatism, kidney trouble, indigestion, headaches and backaches and a host of other troubles make their appearance. Dr. Williams' Pink Pills cure all these troubles—and they cure them thoroughly—simply because they fill the veins with rich red blood. The genuine Birkbeck Loan Co.—Plaintiff in person; F. Aylesworth for defendants. Motion by plaintiff for judgment on consent, for an order for payment out to him of moneys in court. Order made, with costs fixed at \$15. Appeal allowed with costs. The plaintiffs may have these costs and their own between solicitor and client out of their estate.

IT COST MONEY

Montreal Auto-Club Unwilling to Finance Another Aviation Meet.

MONTREAL, June 5.—That the Automobile Club would not undertake to finance another aviation meet was the statement made this morning by A. George McNamee, secretary of the club. The Automobile Club has received a communication from the Curtis Aeroplane Co. of New York, "which contemplates the extension of their aeroplane and business, as well as exhibition flights, to this country."

Mr. McNamee went on to explain that the losses came thru the big fees paid to attend the aviators. "They were worth it," he said, "and I do not mean that we were not perfectly satisfied, but \$12,000 to one man; \$10,000 to another, and \$4000, \$5000, etc., to others represented a lot of money."

ALONG IMPERIAL LINES

Unification of Universities of the Empire to Be Discussed.

MONTREAL, June 5.—Dr. R. D. Roberts, secretary of the Congress of Universities of the Empire, to be held in London, who arrived on the Megantic to attend the preliminary congress of Canadian universities, convened by Dr. Falconer (Toronto), and Dr. Peterson (McGill), stated this morning that the main idea of the London conference was a sort of unification, on imperial lines, of all the universities of the empire with the intention of formulating some universal educational training scheme other than that at present existing.

The Hungry Boy.

Mercy on us, hungry boy, what a blessing you enjoy with your sturdy little tum always eager for a crumb. What a privilege is yours, taking care of apple cores, carbohydrates, starches, anything a fire can fry, any protein you joy! I was once a hungry boy. Consequently, little man, no your feeding while you can. Eat your fill and sleep your sleep while your apparatus keeps smooth and working and your dreams, continues The Bell Post-Despatch, are not frustrated at the seams. Not for long is that great joy, so go to it, hungry boy.

Logic.

"You want more money? Why, my boy, I worked three years for \$11 month right in the establishment, and now I'm owner of it."

"Well, you see what happened to your boss. No man who treats his employees that way can hang onto his business."—Chicago-Record Herald.

ANOTHER BIG PULP AND PAPER PLANT IN QUEBEC

Montreal Capitalists Acquire Eleven Hundred Square Miles of Limits.

MONTREAL, June 5.—(Special.)—The most important development that has occurred up to the present time in connection with the pulp and paper industry of Canada was brought to a successful conclusion here to-day, when a group of leading Montreal capitalists headed by Rodolphe Forget, M.P.; J. N. Greenshield, K.C., and Clarence J. McCuaig, concluded arrangements to purchase over eleven hundred square miles of timber limits in the St. Maurice River district, in the Province of Quebec.

Porcupines Start Off Well, But Lose Their Early Gain

Porcupine Gold Camp Cobalt Stocks Move to the Front Porcupines Decidedly Dull

Silver Issues Show More Buoyancy Than for Some Time—Porcupines Inclined to Drag Late in Day.

World Office Monday Evening, June 5. The week opened rapidly on the mining markets, prices for the big Porcupine issues showing increases of from ten to fifteen points over the closing notations last Friday. A portion of this gain, of course, was put down to the raising of prices to accord to the advance on the New York curb on Saturday, but there was in addition a general buoyant feeling which pervaded the whole market during the early business.

Traders had evidently counted on an accumulation of orders auspiciously on the mining markets, and while this was realized to a certain extent, it was not sufficiently marked to hold up the market, and in the late trading prices showed a tendency to ease off, so that the early rise was not maintained.

Both Hollinger and Rea, supported by the reaction which followed carried prices back to around last Friday's levels. The former opened at \$12.70 and sold back to \$12.55, closing at \$12.50. This was 32 points below last Friday's high price. Rea dropped 15 points from its opening quotations, the stock selling down to \$5.50.

There was not much doing in the cheaper Porcupines and no material change in values was registered. Swastika was the only weak spot, these shares touching 50, and closing at that point.

The Cobalts were the real features of the session, the silver mining issues showing more real buoyancy than they have displayed for many weeks. Rochester was the leader, these shares advancing a couple of points to 9 1/2, and closing strong. Beaver was also higher, touching 49 1/2, and closing bid at that figure.

Crown Reserve was in strong demand, and there was little stock to offer. The shares gained 35 points at the close and closed at \$20 bid, the demand having been pretty well satisfied at the higher figures.

MINING ON RED STONE RIVER

Drilling Operations Will Be Conducted on Claims in Shaw Township.

C. L. Sherrill of Buffalo recently returned from Toronto, where he was to the properties in Porcupine and cleared another Terry shot core drill, which will be put in operation on his claims on the Red Stone River in Shaw Township of the Burns property. This drill will be put to work on a blue quartz vein 4 feet wide. Samples from this party have given the most satisfactory assays and the results of the drilling operations will be watched with much interest.

Two new finds of importance have been made during the past month on Sherrill's properties in Carmen, three-quarters of a mile southeast of Terry River Rapids. Many finds have been made through this section and dykes as wide as 200 feet have been found which give reasonable promise and justify prospecting and development. Mr. Sherrill has had from 12 to 20 men working on his properties under the supervision of J. E. Warren, stripping and doing assessment work.

COPPER CO. CUTS ITS DIVIDEND.

BOSTON, June 5.—Copper Range Consolidated declared a quarterly dividend of 75 cents a share to-day, a rate down from previous rate of one dollar a share quarterly.

TRADERS' BANK EXTENSION

Portion of Nordheimer Building Purchased for \$80,000.

The rear half of the six-story Nordheimer building adjoining the Traders' Bank skyscraper, has been purchased by the latter concern for the use of their stationery department, and also to prevent a tall building being erected, which would shut off all light from the rooms on the east side of the present office building.

DEATH OF OLD RESIDENT.

HESPELER, June 5.—An old and highly respected citizen, in the person of John Warren, died to-day in his 80th year. Warren was born in Bramshott, Hampshire, Eng., Jan. 24, 1832. He came to Canada with his parents in the fall of 1852, and settled in Georgetown, where he followed the trade of paper making. He married in 1857, Rachel Unsworth, who, with ten children and thirty grand children, survives him. Mr. Warren has lived retired in Hespler since 1887.

CAN'T SPEED TO PATIENTS.

When Dr. H. Glendenning was held to the police court yesterday for speeding his automobile on Simpson-ave., he entered the plea that he was running fast to reach a patient supposed to be suffering from appendicitis. He admitted the speeding, but asked Magistrate Ellis what he should do in such a case.

No Sunday Selling Prosecutions.

So far no action has been taken against the proprietors of ice cream parlors and drug stores for breaking the Lord's Day Act by selling a confection or a cigar on Sunday. Inspector Kennedy stated that his men were supposed to be on the look-out, but that no offenders had been reported.

GOLDEN CITY HAS A REAL GRIEVANCE

Citizens Hold Hot Meeting of Protest to Ask Better Postoffice Facilities.

PORCUPINE, May 30.—The property owners of Golden City held an indignation meeting to-night at the Murphy Hotel, and made vigorous protest against the delay on the part of the government in extending an adequate postal service in this city. The following resolution was passed:

Resolved, that we, the citizens of Porcupine (Golden City) feel that we are not receiving the service from the postoffice department to which we are entitled; that our petition for the establishment of a postoffice are not being accorded recognition; that it is the sense of this meeting that the government is entitled to severance from this town respecting our needs, and that we vote such severance shall be passed upon by this body. That the secretary be instructed to communicate this resolution to the proper authorities.

The grievances of the people of Golden City, briefly recited, are these:

First.—That the so-called "Porcupine" postoffice is really located in Pottsville a half mile across the lake from Golden City; that it can only be reached during one-half of the year by boat, round trip, and that the location was chosen despite the fact that more than two-thirds of the entire population served live on the Golden City side of the lake.

Second.—That while Golden City will soon be a railroad station upon the Porcupine branch of the T. and N. O. Railway, the mail will ever, as at present, necessarily have to pass thru Golden City in order to reach Pottsville, the railroad passing around the opposite shore of the lake; that Golden City is in consequence the logical location for a postoffice.

Flery speeches during the meeting alleged that this neglect was due to the influence of pull by Acting Postmaster Lloyd, either political or friendly, upon or with the deputy minister. It was also alleged that inspectors sent into the territory to investigate the situation had recommended that a postoffice be established in Golden City, and that such recommendations had been unavailing; that even the statement of Chief Superintendent Ross, that he believed Golden City had a just grievance, had elicited no responsive action. The spleen of criticism, however, reached its most scathing denouement when the deputy minister had said "Golden City will probably get her postoffice sooner or later, but it will never be with my consent."

BIG VEIN ON DOME EXT. RUNS 36 FT. N. WIDTH

Property is Showing Up in Even Better Shape—Big Ore Body Indicated.

PORCUPINE, June 2.—(Special.)—The camp is gradually coming to realize that Dome Extension is one of the great properties of the Porcupine. The big vein uncovered about three weeks ago is a far greater discovery than was at first thought. The vein parallel to it are four lateral veins of from 1 to 3 feet wide. Between these lateral veins the schist partings are from 1 to 2 feet wide, and the thirty-six feet of the vein proper is undoubtedly one of excellent milling quality. It pans gold, freshly and sanely on the surface. The whole ore body, over the entire vein has run \$22 per ton. After a rain the gold particles in the vein proper can be plainly seen on the surface. The smaller lateral veins are very rich, the ore in them running from the hundreds to the thousands. It is believed that a good deal of this ore is being taken and sacked and shipped as soon as the railway comes in.

The machine drills are now running night and day, driving the main shaft down about 30 feet off from the vein. It is now down 75 feet, and where it reaches the vein a station will be cut and a cross cut run to the vein. If the values continue at this level, as they are, the Dome Extension will rank as one of the foremost mines of Porcupine.

Entire confidence is felt that the values will be found continuing in the level as the line on the Dome property diamond drilling has proved that values are continuing below the 400 foot level.

The Jeff and Mutt comic feature appears in every issue of The Daily World.

To enjoy it properly you should see the entire series. The Morning World is delivered by carrier to any address in the city or suburbs for twenty-five cents per month.

Electric Grand Trunk Trains.

The Grand Trunk Montreal train, leaving Toronto 10.30 p.m. daily, carries electric lighted Pullman sleeping cars, with individual berth lighted sleeping cars as soon as they are equipped and placed in service. Patrons of the Grand Trunk will find this service a great convenience. Ticket reservations, etc., at City Ticket Office, north-west corner King and Yonge streets. Phone Main 4298.

Bonifaces Slow to Pay.

Only a few of the hotel-keepers have yet responded to the new act imposing a tax on their earnings. No money has yet been sent in by the bigger hotels, but the time limit does not elapse till June 10.

NEW SECRETARY OF LABOR.

Robert Edgar has been appointed secretary of the Ontario Bureau of Labor, at a salary of \$1500 per year. His position became vacant by the death of John Armstrong several months ago. Mr. Edgar is a prominent member of the Clear Makers' Union, and has for several years taken a prominent part in municipal and political affairs.

Robbed Him of \$15.

Hattie Jantz is a pained ex-tractor, but she is not strong. She lifted \$15 from Henry Gibbs' pocket and it didn't hurt Henry a bit until afterwards. It didn't hurt Hattie either, she was arrested, and when she was sent away for six months from police court yesterday morning.

PERSISTENT WORK NOW BRINGS IN RESULTS

Detroit-New Ontario Mines in Munro Township Have Excellent Promise.

MATHESON, Ont., June 2.—(From Our Man Up North)—Located in a promising spot in the acidic belt of rock, which cuts thru the southwest part of the Township of Munro, ten miles to the east of this place, the Detroit-New Ontario Mines, Limited, is the bright star in the Munro mining firmament that throws a lustre of activity over the entire belt.

The company's holdings are composed of five claims, staked four years ago by Fernando Fromm, a western mining man, who now acts in the capacity of the company's mining engineer. With the finishing of the assessment work two years ago, active development started, to be continued up to the present time with the aid of a first-class mine prospecting outfit.

Shaft Down 100 Feet.

The only claim in which the company have done extensive surface and underground development work is the "Chance," and this work has progressed rapidly since the installation of the prospecting plant.

The shaft where the power house and shaft are located, a shaft 100 feet deep, with an 11-foot sump, was driven down horizontally. The showing of the main vein on the surface was three feet. At 25 feet the vein had widened to 6 feet and at 40 feet to 8 feet.

At the 40-foot depth four feet of the vein dipped to the south out of the shaft, while on the north side of the shaft a blind vein three feet in width came in, a thin wall rock separating the two veins. At the 60-foot depth this blind vein had widened eight inches, all the time dipping more into the shaft to the south, the original lead on which the shaft was started gradually sliding to the south side of the shaft.

At 90 feet another stringer 14 inches in width appeared on the north side of the shaft, following the course taken by the first blind vein at the 40-foot depth, with a thin layer of talc separating the two veins.

The 100-foot depth showed the three veins as follows: Original three-foot vein on the surface, now eight feet in width, with the north side of the vein touching the hanging wall; three-foot blind vein, crowding the original vein to the south side of the shaft, with the 14-inch stringer following on the north side of the blind vein.

Drifting and Cross Cutting.

At the 100-foot level a drift was run along the north edge of the main vein and the original surface to the three-foot blind vein and the 14-inch stringer followed their courses, parallel to the main drift.

A cross-cut of the 65-foot drift across-cut was driven in to the north, where 12 feet of the rock has been cut. This cross-cut is to catch up No. 2 and is intended on the surface to be about 30 feet to the north of No. 4 vein. Another week's work will be required to reach vein No. 3, unless the dip to the south on about the same angle as No. 4.

With the cutting of No. 3 vein at the 100-ft. depth, and the body of the drift being in the position, definite ideas may then be had as to what sized ore body may be figured on in the two leads. Stringers of quartz continually show in the drift, to the extent of 100 feet, but the drift is only another peculiar mixture of vein matter values sufficient to make the milling of the same profitable.

The quartz coming from the drift at the 100-foot level is of a vitreous character, mixed in the country for 200 feet, with a tendency towards the dark colors. Pyrites show up freely. The quartz looks healthier with depth.

The company has taken assays of the rock from \$12 up to several hundred dollars. No general assay of the entire shaft and drift work was made, but values from the dump yielded high values.

It is the opinion of engineers that the rock will make a good mill, and on account of the body of the veins carrying a good mixture of the formation, the starting of the mill stamp to test out the ore is of great interest.

The ore zone is sufficiently defined on the surface to encourage the deeper prospecting, and while the shaft reaches to the level of the upper bodies, as shown on the surface in outcroppings, a core drill may be purchased and set to work as soon as the Extension is made to the mine.

There is everything to encourage greater depth in the work in Munro. The rich surface values warrant it, the level as the line on the Dome property diamond drilling has proved that values are continuing below the 400 foot level.

Remarkable Strong Men.

The Four Regals, who opened a week's engagement at the Grand Opera, are exceedingly promising and the character of the belt indicates that results can be obtained.

Predatory Wealth.

Callio Carohart went to bed without his trousers, leaving them the sole custodian of as much as \$20. Toucha Belaski, feeling the influence of his given name, abstracted the twenty. He will not be at liberty for as much as 90 days by the decree of the magistrate issued yesterday morning.

John McMaster will be absent for a like period because he helped himself to all of \$26 which was owned by Hendrie & Co., who had thoughtlessly employed him.

ELDORADO

The claims owned by this company in Whitney Township have already been endorsed by two well-known engineers, and A. P. Seymour, M.E., a gold-mining expert of wide experience, has taken charge of the properties to rush development work.

We are still offering a small portion of the original allotment of Eldorado at ten cents per share, and, in our opinion, this stock offers the best speculative chance in the whole Porcupine Camp. Orders should be sent at once to insure filling at this price.

DETROIT-NEW ONTARIO MINES, Ltd.

CAPITALIZATION, \$1,000,000 1,000,000 SHARES PAR \$1.00
ONLY 80,000 SHARES TO BE SOLD

Property comprises 200 acres in Munro Township, just east of Matheson, and has been worked for nearly a year. They have a good plant and buildings, and the stock now offered is for the purpose of enlarging and improving their present plant.

This is not a prospect, but has been proven to a depth of over 100 feet, and considerable drifting and cross-cutting has been done. Between 1000 and 3000 tons are now on the dump, which averages \$100.00 per ton from assays.

All mill to treat the ore is now on the ground, and is expected to begin operations in a few days.

There is no underwriters' stock, and you have the same chance as anyone to get in at the first price.

WE RECOMMEND THE PURCHASE OF THIS STOCK AT ONCE. Samples of ore are on exhibition at our office. Prospectus and full information on application.

London Still Buying the Tropical Traction Issues

Market Runs Into Profit-taking And Undertone Turns Spotty

New York Stocks Appear To Be Pressed for Sale and Prices Are Hard To Hold—Toronto Market Buoyant.

World Office.
Monday Evening, June 5.
The local market continued in a buoyant frame of mind to-day, although the demand was still largely the result of buying from distant sources. London was closed to-day, but the orders for Rio and Sao Paulo, which carried the stocks to new high prices, were from that centre. Rio rose a full point to 114 1/2, and Sao Paulo two points, the last sale and high figure being 182.

Local traders, who are taking part in the advances in these issues, are simply following the market, believing that there is something substantial at the back of the demand.

Purely local business was again small. Maple Leaf common and preferred were in excellent enquiry during the afternoon. The preferred advanced about two points, the last transaction being at 101. The common shares were less active, but this was due to a paucity of offerings rather than to a scarcity of buying orders.

Montreal Power and Duluth Superior also sold at higher prices, but elsewhere the issues dealt in showed no mentionable changes.

Canadian General Electric was the only really weak issue, with transactions as low as 102. No explanation was forthcoming, otherwise than that a small block of the stock was unexpectedly placed on the board for liquidation.

The market is still supplied with a fair amount of small investment orders, and this is accepted as the surest sign of a gradually improving situation.

MAPLE LEAF MILLING.

Maple Leaf shares were among the most active issues on the Toronto Exchange yesterday, the preferred making a new record at 101. The common shares were inactive, but an order put in for 50 shares was reported back with no stock offered. The annual meeting of the company will be held on Friday next. No financial statement has been announced, but it is understood that for the year the earnings on the common stock will be small. This statement is now, however, the governing factor in the market for the shares. The new 6000 barrel mill at Port Colborne will be running in a few weeks and from this mill the dividend on the common stock is promised. Street gossip is that the preferred shares will sell at 110, and the common will over 75, at no very distant date, and much of the present buying is based on these figures.

Exchange leading. The crop situation will hereafter be the ruling factor in the ups and downs of prices for some time ahead. If the crops turn out as now indicated, I see nothing ahead that will prevent a return of business activity and good times.—Henry Clews.

BIG DROP IN EARNINGS.

NEW YORK, June 5.—St. Paul earnings for April were distinctly disappointing to Wall-street, as it had not been expected that the losses in gross and net would come anywhere near approximating the totals recorded. The loss in gross of the entire system was in excess of \$500,000, and that in net about \$600,000, as compared with April a year ago.

ANNUAL COPPER DIRECTORATE.
NEW YORK, June 5.—At the annual meeting of the stockholders of the Amalgamated Copper Co., held in Jersey City, John G. Maroney of Montana was elected a director to fill the vacancy caused by the death of James Jourdan. Other retiring directors were re-elected. President John D. Ryan presided at the meeting. Reports for fiscal year ended April 30 last showed net income \$5,145,596, increase \$55,000.

DISCOUNTING A BRIGHT FUTURE

There is no general acceleration in business. The weekly Steel journals are optimistic and while orders do not show large increases, they indicate some betterment. Money shows some relaxation from extreme ease, which, of course, is a good sign. It remains, however, in abundant supply. The crop situation remains exceedingly favorable. The rain map is now the indicator of more or less prosperity and will be most anxiously watched from this time on. The stock market is discounting a brighter future, in which underlying conditions are nearly all favorable, and in which the crop promise is fulfilled, the country's business will show most satisfactory results. The bond market is broad and strong. Good stocks are purchased for permanent investment.—J. S. Bache & Co.

ON WALL-STREET.

Erickson Perkins & Co. had a very "spotty" stock market to-day, with a preponderance of industrial movements. This usually indicates the final stages of a particular swing. The big stock had advanced 3 to 7 points during the last seven days and in order that the cliques in them could take profits other issues were run up. But Union Pacific, Reading and Steel were heavy, and the rest of all of them were pressed for sale. We would sell stocks on the bulges and wait for sharp advances before buying back. Stripped of adornments the business situation is not promising. People are still ordering very sparingly. Even the electrical business, which we were led to think by advance in these stocks, to be improving, is exceedingly backward, and copper metal is in light demand. The steel trade languishes and coke is bought in small amounts. Coke is one of the first industries to improve when prosperity is returning. It is almost lifeless. The weather in the great grain growing states warrants caution. This is perhaps the key to the near future.

Charles Head & Co. to R. R. Bondard: Opening prices were strong and advances of 1-3 to 3-8 were frequent. Especially strong features were Consolidated Gas, with 2 point rise to 148 1/2, and General Electric 5 points up to 166. One representative broker expressed the opinion that the bear side was not profitable; as he expressed it, you may sell all the stocks you want, but when you try to cover they are beyond your reach. In the afternoon the market grew very dull, the remaining firm, with general losses of small fractions. You still believe in buying on all reactions.

WALL STREET POINTERS.

Holiday in London.
Steel hearings may be transferred to New York.
Public offering is made of \$10,000,000 Louisville and Nashville 4 per cent. gold bonds.
Senate Sugar investigating committee will begin work this week.
Tariff board hurries forward investigation of woolen schedule.
Jacob H. Schiff, in Berlin interview, takes optimistic view of business situation.
Subway committee said to be unanimous on report to board of estimate; another conference will be held.
Forty-three railroads reporting gross for third week in May show net decrease of \$507,720, equal to 2.83 per cent.

Postmaster-general has decided to establish 150 postal savings bank depositories each week; one planned for New York.
E. H. Gary, chairman of U. S. Steel, confirms purchase of coal lands from Pittsburg Coal Co. and Monongahela River Consolidated Coal and Coke Co.
Judge Gary makes public recent speech to steel manufacturers, in which he urged that government should be aided in its efforts in insuring legal and proper conduct of business.
Announcement was made on the Consolidated Stock Exchange of the suspension of F. D. Bush, a trader who had failed to meet his clearing house balance. The amount involved is small.

MONTREAL STOCK MARKET

MONTREAL, June 5.—Trading on the Montreal stock market to-day was fairly active, with some strong features. Richelleu, Rio, Montreal Power and Lake of the Woods being conspicuous. Richelleu displayed marked strength, opening at 115 1/2 and advancing to 117 1/2, with 117 3/8 bid at the close. Rio had a sharp advance, selling up to 114 3/4, with the last sale at 114 1/2. Montreal Power had a further gain, selling up to 155 3/8. A feature of the late trading was a sharp advance in Lake of the Woods, which sold up to 141, compared with 138 at the opening. Sao Paulo was strong, advancing to 182 1/2, with 182 bid at the close. There was further good buying of Cement common, which, after selling at 23 7/8, closed off to 23 1/2, with that figure bid and 23 5/8 asked at the close.

ROCK ISLAND DIVIDENDS.

Chicago, Rock Island and Pacific Railway Co. declared a quarterly dividend of 1 1/2 per cent. on its stock. This compares with 1 1/2 per cent. paid in March, 1 per cent. in January, and 1 1/4 per cent. in October, making a total of 5 1/4 per cent. for the year.

CROPS THE RULING FACTOR

The immediate outlook suggests a continued favorable market for alert traders, with frequent opportunities to be taken advantage of for good-sized profits, now that the supreme court decisions are out of the way. The outlook is for higher prices and increased activity in the security markets of the world, the New York Stock

STOCK MARKET HAS COMPETITORS.

World Office
Monday Evening, June 5
Sao Paulo and Rio were the only buoyant issues on the Toronto market to-day. The exchange is still dependent on foreign buying for its support, as local operators either are without the money or the inclination to purchase. Sentiment in financial circles is decidedly bullish, but the following lacks breadth. Securities have many competitors for the investment of funds in Canada, and no big, broad speculation can occur here until a wider interest is taken in stocks. In the meantime, London is absorbing sufficient shares to give the market strength.

CATTLE TRADE STRONG TO 10 CENTS HIGHER

Western Demand Caused Active Trade—All Sold at 10 a.m., Hogs Higher at \$6.70 Per Cwt.

Receipts of live stock at the Union Stock Yards were 76 carloads, consisting of 1435 cattle, 401 hogs, 333 sheep, 27 calves and 15 horses.

Quality of cattle was good, much the same as has been coming for several weeks past.

Trade was active, so much so that all offerings were practically bought up before 10 a.m.

The feature of the market was the demand for finished cattle to go to Winnipeg, fifteen loads having been bought for that point by different firms.

This western demand for finished cattle caused prices to be at least 10c per cwt. higher, and in some instances 15c higher, especially in the butcher classes.

The export cattle bought for the Liverpool market last week averaged \$5.95, while those bought today for that market cost \$6.05, or 10c per cwt. more than last week.

Out of the 1435 cattle, only 345 were taken for export. The rest were for the demand for the western trade.

Women's Lisle Thread Gloves, the lot consists of long, in black only, and wrist lengths in black, white, tan, mode, grey; all perfect goods; all sizes. Regular 35c. Wednesday19

Get Rid of Your Handicap!

Just as the Englishmen in the recent international polo matches were handicapped by a dearth of ponies, so many a man goes through life handicapped by a dearth of clothes. He hasn't enough "changes"; and in most cases, it's not because he can't afford them, but rather because he doesn't think people notice.

Let us nail this error here and now; people do notice how you dress and draw conclusions, superficial though they may be. But why not have them always draw good superficial conclusions? It costs very little nowadays, if you get into touch with such a store as this, and watch the daily offerings. Here, for example, is an attractive list for the out-door man:

The Man's Summer Hat

Straw Sailor Hats, straight brim, medium high crowns, black silk bands. Wednesday, special29

Men's Linen Hats, cool and light in weight; color slate, tan and white. Wednesday25

Men's Serviceable Suits

English Fancy Worsteds and Tweeds, in grey, brown and greenish grounds, with self and faint colored thread stripes; three-button single-breasted sack style; extra well tailored in every way, and finished with best quality linings and trimmings; fronts reinforced with thoroughly shrunk canvas and haircloth; sizes 35 to 44. Regular \$10.00, \$11.00 and \$12.50. To clear Wednesday at 7.95

Hammocks

Hammocks, made from cotton yarn; closely woven, in yellow, red and green stripe effects, tufted head rest, foot spreader and deep fringed valance; size 36x74; a \$3.00 hammock. Wednesday 2.39

Visitors and Summer Tourists

When you arrive in Toronto for a day, and don't want to go to an Hotel, why not make the Simpson Store your headquarters? It's the hub of Toronto, reached from railway stations or wharves by the Yonge street cars. It occupies the block bounded by Yonge, Queen, James and Richmond streets. The store building is one of the sights of the city. You have to go to New York or Chicago to match it. Take time to inspect its solid construction and elegant equipment. You may have Breakfast, Luncheon, Dinner or Afternoon Tea in the Restaurant, Sixth Floor. Use the rest room, check your parcels and do your shopping in comfort with an easy mind.

Summer Necessities in Men's Wear

2700 Men's Leather Belts, imported and Canadian makes, patent clip buckle; several widths; all sizes 32 to 44; colors are tan, black and grey. Regular 75c and \$1.00. Wednesday59
