PREPARE FOR AN ELECTION

Globe's Editorial May Be More Than
An Advance Notice of Politicians' Tour.

WHAT LOCAL CONSERVATIVES THINK.

Whether it Comes This Year or Not
It Behoves Everyone to Get Ready.

The Globe yesterday, in its leading editorial, discussed Ontario politics at great length and conveyed the impression in some quarters that the Ross Government were getting ready for an appeal to the people at an early date. "Within a few weeks," said the Globe, "Ontario Ministers will appear before the electors to present an account of the state of the province, and to discuss what is being done to meet the new conditions which we are entering." The mouthpiece of the Government then goes on to state that the benefits that have accrued to Ontario thus far have a capable lot of new makers as Mr. Ross and his colleagues.

CITIZEN SMALLPOX VICTIM IS AN ALLICATED ONE'S DOCTOR

Dr. Thomas H. Little Dies Under Peculiarly Distressing Circumstances.

The circumstances attending the death of the late Dr. Thomas H. Little, who died yesterday morning at the Smallpox Hospital, were peculiarly sad. As published in The World, Dr. Little contracted the disease thru attending Colonel Griffin, who caught it at Quebec. When Dr. Seward learned of Dr. Little's condition on April 13, he immediately ordered his removal to the Smallpox Hospital. That was the last seen of the unfortunate physician by his wife and relatives. The interment was in charge of the Mount Pleasant Cemetery, and the burial service was conducted by Rev. A. Williams of St. John's Church.

RUSSIA IS TO HELP CHINA OUT AND FRANCE IS TO AID RUSSIA

The settlement of the Chinese situation is a matter of finance—Russia advances money supplied by France and holds Manchuria as security for the loan.

Paris, April 25.—The Courrier du Soir, which is often well informed on ministerial intentions, says tonight that the settlement of the Chinese situation is a question of finance. The newspaper says that Russia, repeating that operation which has had the greatest success, will advance China the sum required to pay the indemnities, and that French savings will provide the Russian Government with the requisite funds. The European troops, except the legionnaires, will then leave Peking, and a fresh period will begin, during which Chinese patience will strive to tire on the British and German governments in their claims regarding the opening of the ports and the customs. Russia, however, will retain Manchuria as a pledge for the loan.

JEWELS OF A WINDSOR MAN

Banker John Curry Searched by New York Customs Inspector and Relieved.

His explanation was lucid and it is probable he will be allowed to go on his way.

New York, April 25.—(Special.)—Jewels valued at \$4000 were taken from John Curry, a saloon passenger on the Teutonic at the White Star Line pier this evening. Customs Inspector Donohue found them in five boxes, concealed in Curry's clothing. They were taken to the apartment where Curry resided, and a search was made and they are all of the finest make. Three bracelets are set in sapphires and diamonds, one ring has a large diamond, another a cluster of ten diamonds, another is set with sapphires and a fourth has a large diamond surrounded by diamonds. The brooch contains a large opal surrounded by diamonds.

A MILLION DOLLARS FOR RIFLES TO ARM THE CANADIAN MILITIA

And Another Million to Go in the Same Way—This Was Developed in Discussing Militia Estimates—Labor Estimates Called Up Much Criticism in the House Committee.

Ottawa, April 25.—(Special.)—In reply to a question by Col. Price in the House to-night, Mr. Stinson said that no director of the Geological Survey had been appointed, but Dr. Bell, as senior assistant director, was acting director at present. After the session the matter would be taken up.

A million for rifles. While the militia estimates were under discussion, Dr. Borden said that the 40,000 rifles purchased for the Canadian Militia had cost a million dollars, and as more would have to be spent for the same purpose. When the rifle associations were formed 10 rifles would be given to each association.

MONTREAL'S NEW CITY LOAN

Tenders Opened Yesterday at the Bank of Montreal, Which is Floating the Bonds.

Applications from old country. Prices show considerable variation, but on the whole the figures are good.

Montreal, April 25.—(Special.)—It having been decided that the Bank of Montreal should float the new city loan, the tenders were opened in the bank this morning, in the absence of A. L. Laporte, chairman of the Finance Committee. Ad. Sadler opened the tenders. The offers received for the million and a half bonds were as follows:

James Stewart, Portsea, Somerset, Eng., 10 for \$2000 worth of bonds.
Gobett Sons & Co., London, 93 for the entire loan.
Walter H. Horlase, Penance, Cornwall, Eng., 90 for \$400,000 worth of bonds.
Edna Mackenzie, Toronto, 90 for \$200,000 worth of bonds.
James Scrimgeour, London, 90 for \$100,000 worth of bonds.
McIntosh & Hyde, Montreal, 103 for \$50,000 worth of bonds.
John Worthington, Brooklyn, 98 for \$200,000 worth of bonds.
E. H. Gay & Co., Montreal, 95.77 for the entire loan.
Standard Life Insurance Company, Montreal, 94.80 for \$500,000 worth of bonds.
The following were the offers for the \$300,000 bonds:

SPIED ON CITY TOBACCONISTS AND WITNESSED AGAINST THEM

ASTOUNDING CHARGE MADE BY CHARLES HAMILTON THAT SCHOOL BOYS WERE USED BY MORALITY DEPARTMENT AS SNEAK-DETECTIVES—PUBLIC SCHOOL BOARD COMMITTEE INTERESTED.

The Management Committee of the Public School Board yesterday afternoon was astounded by a letter from the solicitors of Mr. Charles Hamilton that school boys were used by the Morality Department as sneak-detectives.

It seems that Mr. Hamilton's son, who attends York Street school, and two other boys, had been taken from their studies during school hours by a representative of the Morality Department to assist in the investigation of a public school. The boys were used as witnesses against the proprietors of cigar stores who were suspected of selling to minors.

DR. McCULLOUGH "CHOKED OFF" AT PROVINCIAL BOARD OF HEALTH

Made His Complaint at Yesterday's Sitting and Asked for Parliamentary Procedure—Smallpox Breaks Out at Lakefield and Several Persons Exposed to It.

One member of the Provincial Board of Health has ideas of his own regarding the procedure laid down by the chairman, Dr. Vaux. The dissatisfied member is Dr. McCullough. Yesterday afternoon, when the board was in session, he went out into the corridor and spent some time pondering over matters. On returning to the board room he declared that when he attempted to address the board he was "always choked off" and he asked that hereafter the proceedings should be conducted according to parliamentary procedure.

MR. MARKHAM IS A FIGHTER

English M.P. Notifies South African Millionaires That He is Prepared to Back Up His Statements

London, April 25.—(Special.)—Mr. Arthur R. Markham, M.P., has notified the lawyers representing Werneke, Beit & Co., that he is prepared to justify publicly the statements which he made last month in the House of Commons to the effect that the Transvaal Concessions Commission was made up of persons affiliated with several of the great South African companies, and characterized Mr. Beit's firm as "nothing more or less than thieves and swindlers."

GOVERNMENT'S GEOLOGISTS

Extensive Program Marked Out for Explorers and Specimen Hunters This Year

Ottawa, April 25.—(Special.)—Mr. Stinson explained in the House this afternoon the following distribution of the members of the geological survey for field work this summer. "On a great scale," he said, "the survey is to be carried out in the Yukon Territory. Mr. G. M. McConnell, with Mr. Joseph Keel, will survey the gold district of Sixty-Mile, Thibet Creek and south forks of Big Salmon River, also possibly the coast west of the White Pass Railway and south of White Horse."

WAR ON THE BRITISH BUDGET

Irish Members Wanted Tea Duty Reduced and Tobacco Duty

London, April 25.—The House of Commons had a full sitting last evening devoted to the discussion and formal passing of the budget reduction from 6d to 4d of the tea duty reduced from 6d to 4d. The proposal was rejected by a vote of 221 to 160. A similar vote was recorded for the attempt of Mr. William Reimond to have the duty on tobacco reduced to 10s. It is now asserted that an attempt will be made to reduce the duty on the Exchequer to modify the duty by threats of a general strike. The Finance Bill has been postponed until the 10th of May. The Liberal Party will utilize the day in the utmost in working up an agitation against the budget.

DECEASED WIFE'S SISTER BILL

Lord Strathcona Has Taken Particular Interest in the Measure's Promotion.

Montreal, April 25.—A Star special cable from London says that the Decedent's Wife's Sister Bill received its Lord Strathcona's first Parliamentary triumph, having been carried by a large majority in the House of Commons. The measure is expected to receive the Royal assent in the near future.

"ABSOLUTE ROT."

An Old and Stupid Story of Duke of York's Alleged Transgressive Wife Again Exploded.

London, April 25.—The story of the Philadelphia Record, recalled to London, that Mr. Hartman in the morgue was told a very old story told in certain quarters years ago.

To begin with, Mrs. Hartman is too old to be the daughter of Sir C. B. Seymour. His only daughter, who must have been only some 11 or 12 years old when the Duke of York was in Malta, is married to Commander Napier of the Royal Navy. The morgue marriage story was exploded years ago and is "absolute rot."

THE DISHONEST STEWARDS.

The Globe announces that the Ontario Ministers are about to tender an account of their stewardship to the people. There seems to be no special reason why the Government should appeal to the country at this particular juncture when the elections are still a year off. The Ministers have apparently become panic-stricken at the thought of the people's verdict on their proposed heart-to-heart talk with the people in an attempt to inspire themselves with Dutch courage. According to the Globe, the only charge brought against the Liberal party in this province which can be established is that it has been a long time in office. The Globe has only half stated the charge. The charge really is that the Liberal party has been so long in office and has entrenched itself so in the minds of the voters that it has become a self-perpetuating machine of office-holders, the free and independent electors of the province have lost control of their own affairs. The charge is that the Government has used dishonest means to keep itself in power, that its chief object has been not to give the people good government, but to use the machinery of government to entrench itself in office. The charge against the Ontario Government is that it is dishonestly in possession of the treasury. The Liberal party has had and continues to have the public purse for more than a quarter of a century. It has had and still has control of the thousands of officials engaged in the service of the province. Under such circumstances it is not wonderful that it is so difficult to dislodge the enemy? It is safe to say that from one-quarter to one-third of the electors of Ontario are not free agents in any electoral contest. They are under the direct or indirect influence of the Government and its tools. It is a well-understood part of their official duties to help in the work of maintaining the Government in power. Length of time in office is in itself no crime, but when the Government loses its sense of responsibility and ceases to be a responsible body, it becomes a very serious crime. And this is one of the principal charges the Government will have to answer when the Ministers have their account to render to the people. It has been said that the free and independent electors of Ontario can regain their freedom only through rebellion and shot guns. In view of the unscrupulous administration of the public affairs during the past few years, it is justifiable, and if the Government proceeds much further in its shameless iniquity it may yet come to rebellion and shot guns. The Government must take drastic measures of ejectment from the benefit of the people. The corporations get everything. The Ministers themselves share in the plunder. They have formed an unholy alliance with the corporations to rob the people of their own wealth, while acting as trustees for the people, public power, timber limits, electric franchises and other valuable possessions. The Ministers are, nearly all of them, connected with the public affairs of the province. Some of the corporations which have obtained profitable concessions from themselves as trustees of the people's estate. Entrenchment in office by bribing and terrorizing the electors is the chief crime of the Government. These form the general indictment upon which the Government will be arraigned when it gets up courage to appeal to the people. The indictment is replete with charges in detail, but it will be enough to say that the Government's unfaithful stewardship of the people's heritage and its criminal manipulation of the machinery of Government to retain itself in office, has been the chief crime of the Government. The Government's army of paid retainers and henchmen on the one side and the free and independent electors on the other. The latter can win only by making a superhuman effort to break through the Government's army of paid retainers and henchmen on the one side and the free and independent electors on the other. The Government's unfaithful stewardship of the people's heritage and its criminal manipulation of the machinery of Government to retain itself in office, has been the chief crime of the Government.

RALPH SMITH AS A LIBERAL

Independent Labor Member From Vancouver is Fast Becoming a Helper of the Government.

WAS PUT UP TO HECKLE MR. MONK

And Faithfully Did the Unavowed Work Assigned—Valleyfield Strike the Topic.

Ottawa, April 25.—(Special.)—Mr. Ralph Smith, labor member for Vancouver, is rapidly coming to the front as one of Sir Wilfrid Laurier's most useful political sides in the House of Commons. He is not only a member of the labor unions of Canada, the Premier's Allen Labor Club, which has been hung up for the past three weeks, having been found cumbersome if not entirely useless in its most essential feature, namely, the institution of effective proceedings against Canadian employers of contract alien labor.

The preferential tariff has admittedly struck a staggering blow at Canada's woolen industry. As a result of the proceedings of the House on Friday last, Mr. Smith was assigned the task of discrediting Mr. Kenney's statements, and for this he was ready to do. He read in the House a telegram from the reputed head of a labor organization in Peterboro, containing statements of direct contradiction of those made by Mr. Kenney, as to the proceedings of the woolen industry. The Premier's Allen Labor Club, which has been hung up for the past three weeks, having been found cumbersome if not entirely useless in its most essential feature, namely, the institution of effective proceedings against Canadian employers of contract alien labor.

THE PROVINCE OF MONTREAL.

The Montreal Star is advocating the separation of the Island of Montreal into a separate province, independent in every respect from the Province of Quebec. Why should the Star not advocate the independence of Montreal coming into the Province of Ontario? The geographers tell us that the island is in the valley of the Ottawa rather than in the valley of the St. Lawrence, and it is more properly identified with this province geographically than with the Province of Quebec. We are sure the people of Montreal would be delighted to be included in the Province of Ontario. The people of the Island of Montreal have found the Government and the execution put upon them by the Province of Quebec intolerable, and, therefore, they are seeking relief by advocating separation. What is true of the Island and city of Montreal is to a considerable extent true of the city of Toronto, as regards its treatment by the Province of Ontario. This city is taxed very unjustly by the province, very much in the same way that the city of Montreal is taxed by the Province of Quebec, only the grievance is much greater, we imagine, in the latter city than it is here. But the Premier, Sir Wilfrid Laurier, has not yet taken any steps to relieve the city of Montreal from the unjust taxation imposed by the Province of Quebec. The city has only six seats out of 74, or about 12 per cent. while the city of Montreal is entitled to 18 seats, or 24 per cent. of the seats, while we have only four seats out of 98, or about 4 per cent. of the seats, while the city of Toronto is entitled to 10 seats, or 10 per cent. of the seats, while the Province of Ontario is resident within the limits of the Province of Ontario. This is one of the questions the people think ought to be settled in the forthcoming election in this province. In the meantime, we direct the attention of our readers in Montreal, and especially La Patrie and La Presse, to the desirability of carrying on a campaign in their city and in their province for the incorporation of the Island of Montreal with the Province of Ontario. The World would like to know what is the influence at Ottawa that seems to be delaying the erection of one or more new provinces in the Northwest.

Indigestion

Is about the first symptom of dyspepsia and other stomach troubles which lead to ill health and numerous other diseases. The want of space will not allow us to give all the symptoms and causes of indigestion. One of the most prominent is gas in the stomach after eating, causing colic, belching of wind and other stomach troubles. BURDOCK BLOOD PURIFIER corrects the acidity and wrong action of the stomach. Here is testimony to prove what we say:

Here is what John Fisher of Douglas, Man., has to say of B.B.B.:

"Some time ago I was suffering from indigestion. A young man stopping at our place advised me to try BURDOCK BLOOD PURIFIER. Before long I was cured and numerous remedies, but had found no relief from them. After taking a few doses of B.B.B. relief came as by magic, and I can now eat three square meals a day without any bad after effects, and although sixty-seven years of age can do an ordinary man's work every day—thanks to B.B.B."

March, 1900.
MRS. JOHN RILEY, Westcomb, N.S.
"Have been using B.B.B. for indigestion and it works like a charm. Before starting to take it I was unable to eat and health and could get little strength from my food; two bottles completely cured me."

"Tiger Brand" Clothing

Equipment for the Hunt

Correct Coat and Riding Breeches

The weather has taken the proper turn at last. Throwing aside overcoats and coming out in new suits is the correct thing—especially when one can get such stylish suits—light overcoats—that will add to a person's appearance, and at the same time not cost too much money in doing so.

We would again draw your attention to the good value we give in our special suits at

\$10.00 \$12.00 \$15.00

Serges, tweeds and the gentlemanly Oxford grey chevots for quiet dressers.

We have a large assortment of other fabrics—that will please the most exacting. Men tailors to alter garments to fit if necessary.

Men's Suits, \$5.00 to \$28.00

We also make a specialty of riding-breeches—long and short—golf and bicycle as well—in very handsome patterns.

Boys' Suits

We would draw the attention of mothers to a special school suit for boys, in 7 to 13 years of age, made in Norfolk and 3-piece suits, with single or double-breasted vests—these we strongly recommend—the colorings are well selected with a view of keeping its appearance until worn out, and at the same time solve the problem that has worried so many—i.e., a suit that will look and wear well. We have it now—at moderate cost—

Boys' Two-Piece Suits, \$1.50 to \$9.00
Boys' 3-Piece Suits, \$2.50 to \$12.00

Men's and Boys' Furnishings

The high band "Barker" collar still leads. We have had difficulty in keeping up our sizes, the sale being so rapid. We can assure ladies from now—they will not be disappointed in getting all sizes and widths in this collar from now on.

Ladies' sizes, 12 to 14
Men's sizes, 12 to 18

Ties, bows, both "King Edward" and "Duke of York," just opened to-day—made expressly to go with the high band collars—25c to 1.00.

A \$5-DOLLAR SPRING SUIT for 2.98

Strictly All-Wool Tweed Suits in two natty patterns of broken plaids and pin-head checks, fresh from our factory—a suit for any size of man—carefully and honestly made—Italian body linings and Silesia sleeve linings—single breasted high-cut vests to match the short roll and high gorge on coat. \$2.98 would not buy the cloth, or pay for the making! But \$2.98 buys a well-fitting suit Saturday, if you're here on time.

Ten-Dollar Suits for 7.50.
Special lines of our best sellers. You know that they are the best sorts that go quickest. That leaves broken sizes. Rather than accumulate them we serve notice of adjustment on them in the shape of a small price. Fine Scotch Tweeds in brown pinhead checks and herringbone stripes; also a rich line of navy blue serge, strictly all wool and fast color, single-breasted saque coats and double-breasted vests. 7.50 We consider this suit a triumph of value, at ten dollars—while they last, Saturday.

12.50 and 15.00 BLACK SUITS for 10.00.
Black Suits have come in for a lot of favor among dressy young men as a spring outfit. Of course you must have one black suit anyhow. We place on sale Saturday all of our 12.50 and 15.00 Gents' Black Clay Worsted Suits for 10.00 each. Your pick of single and double-breasted coats and vests, best Italian linings, satin-piped edges, deep French facings, cut in the very latest custom-made way. We will alter this suit to please your slightest fancy. Saturday.

10.00 SPRING TOPCOATS for 6.75.
Short and medium lengths of the favored fawn covert cloths and English whipcoats, grey diagonals and soft Oxford mixtures, good Italian linings and pure satin sleeve linings, wide shoulders and graceful sweep over hips. The premier 10.00 coat and the greatest value in Canada at 6.75.

Stunning Values for Boys.

With all the advantages we enjoy you have a right to expect the most value for the least money here. Every stitch of clothing we sell is made by us—and we aim to be lowest for the best. Here's proof extraordinary that we are:

YOUTHS' 4.50 THREE-PIECE SUITS for 2.98.
Made from Imported All-Wool Scotch Tweeds—in all the new up-to-date spring patterns, hardly two suits alike in a great assortment, single and double-breasted coats, short pants with double cloth seats and knees. A snap for quick buyers. Saturday.

CHILDREN'S VESTEE SUITS 2.50—Regular values 3.00 to 4.50.
Made from Imported Fancy Tweeds and Worsted that will stand all kinds of wear, trimmed with five rows of narrow braid, deep sailor collar, plain or fancy; also plain or fancy. See these fifty suit novelties. Surpassing value, Saturday at 2.50.

YOUTHS' THREE-PIECE SHORT PANT SUITS 5.00—Well worth 6.50.
Imported Clay Worsted, blue and black, single and double-breasted coats, pants have double cloth seats and knees, silk finished, Italian cloth linings, narrow silk-stitched edges. The cheapest and dressiest boys' suits in Toronto, Saturday.

BOYS' 50c TWEED KNICKERS—Saturday 29c.

WE'VE A STRING ON SHOE BARGAINS.

Had the Matter Stood Where it Did in March, No Case Was Made Out, But—

COMMITTEE CAN JUDGE THEMSELVES

Mr. Ritchie, K. C., is in Doubt in Regard to the Cook Charges.

Ottawa, April 22.—On the resumption of the Cook Investigation Committee, this morning Sir Mackenzie Bowell called on Mr. Ritchie to speak.

Hon. Raoul Dandurand complained not of Mr. Ritchie, but of those members of the committee who had had to do with Mr. Ritchie before the committee met. The chairman and some members of the committee had communicated with Mr. Ritchie before the commencement of the proceedings, and up to a certain point Mr. Ritchie thought that he was representing the prosecution.

Indecent Suggestion.
Sir Mackenzie Bowell wanted Mr. Dandurand to speak out. All his communications with Mr. Ritchie had been as chairman of the committee. Senator Kirchhoff thought the suggestion most indecent.

After some further sparring, Mr. Ritchie was called on. Mr. Ritchie felt much embarrassed in his position. If the matter had stood as it did when the investigation suspended in March he should have said that there was ample evidence of an offer being made Mr. Cook, yet there was not enough to convict. Sir Richard Cartwright with it. He was not now in that position. Since then the matter had been re-opened, and important evidence being produced. That evidence was in writing—their joint judgment of it themselves. Now he could not say that any person or persons of whose names he did not know, had written the letter to Mr. Cook. Mr. Ritchie spent considerable time in explaining his position in regard to Messrs. Preston and Biggs as witnesses and reasons for not delecting to call them.

Date of Preston's Letter.
Touching on the charge by Mr. Preston that the date had been obliterated on his letter, after his appointment, he pointed out that when the letter was produced there were on it partially rubbed out figures. Mr. Binks had noticed this, and he read from the evidence showing that it was explained at the time. Those pencil figures now seemed to have disappeared. Mr. Preston swore that he saw that letter, afterwards, that he saw the letters "17" on it. These letters now seem to have disappeared. Mr. Ritchie renewed his statement that had the matter stood where it did in March, he must have said that there was nothing to show that Sir Richard was aware of the negotiations between Cameron and Cook. Now the matter had materially altered, and he expressed no opinion. The committee must judge for themselves. As regards Sir Wilfrid Laurier, he has not changed his mind. There was nothing to connect him, with, or show that he was aware of these negotiations.

The committee then adjourned.

NAVIGATION NOTES.

Traffic to Hanlan's Point and Island Park Increases Daily.
Traffic to Hanlan's Point and Island Park increases daily. The Island Queen, John Hanlan and the Ada Alice are doing a big business between the city and the island. Many families have moved over their effects, and are getting their summer cottages in shape for occupancy.

General Manager Davis of the Oakville Navigation Company was in the city yesterday completing arrangements for the regular trips to the Empire State Express. The return trips were taken advantage of by a like number.

The steamer Hamilton will open the season for the Richelieu and Ontario Navigation Company out of Toronto on April 20. On that date she will leave Toronto for Montreal at 7 p.m.

The Billing staff of the Grand Trunk local freight office have purchased the yacht Moose. They will name the yacht after the engine on the Empire State Express. Shipper Wadsworth of the Queen City Yacht Club will command the vessel.

Mr. S. J. Murphy, traveling passenger agent of the Niagara River Line, left for Buffalo yesterday on a business trip.

Mr. W. N. Waterton, general freight agent of the Niagara St. Catharines and Toronto Navigation Company, visited the city yesterday.

The steamer India has already made three trips to Toronto from Kingston. Yesterday she came in and will load timber at the Northern Dock for Kingston.

THE EARTRONQUE IN ITALY.
Rome, April 22.—The centre of yesterday's earthquake shocks was in the neighborhood of Palombara Sabina. The walls of houses were fissured and rendered uninhabitable and the people were panic-stricken and spent the night in the open air.

Fruit Steamer Ashore.
Contrecoeur, Que., April 22.—The S.S. Tiverton, from the Mediterranean, with fruit consigned to John Barry & Sons, is aground opposite here. She has sustained no damage. Her position is to the south of the regular channel.

Suddenly Dead.
Kingston, April 22.—Michael Sheehan, aged 86, dropped dead on the street this morning. He was a prosperous farmer of Westport.

"Some time ago I was weak, nervous and run down, and seeing Millburn's Pills advertised I procured two boxes, and after taking them I was cured."

EDWARD J. JORDAN.

Nile, Ont., Dec. 2nd, 1899.
"When I first started taking Millburn's Heart and Nerve Pills I was very weak and nervous, and would often wake up with fright, and it would be impossible for me to go to sleep again for some time."
"I also had dizzy spells, and shortness of breath. After using the Pills, I cannot say enough for them, as they have done me so much good."

MRS. SAMUEL KERR.

Blanche, N.S., Oct. 9th, 1900.
"I was very nervous and easily excited by the least little thing. I took one box of your Millburn's Pills, and found them just what they are recommended to be for nervousness."

FRIGHTFUL LOSS OF LIFE

Boilers of Large Chemical Works Exploded in German Village Yesterday.

ESTIMATE OF 50 PEOPLE KILLED.

The Wounded Believed to Number 100—Fire Followed the Awful Explosion.

Frankfort, April 22.—The boilers of the Grisehalm Electro-Chemical Works, near Grisehalm, exploded this afternoon and killed 50 persons. The explosion was audible here. The Frankfort fire engines, fire escapes and ambulances have gone to the scene of the disaster.

Estimated Dead 150.
The number of dead and injured is estimated at one hundred and fifty, but cannot be determined until the list of employees of the chemical works can be compared with the survivors.

The fire continues to burn, although the greater part of the Frankfort fire department and troops are trying to prevent its spread to the buildings outside of the factory zone. Hospitals have been improvised in the vicinity.

The flames apparently originated by the blowing up of vats of chemicals in the explosive departments of the works at 3 o'clock in the afternoon. They spread with frightful speed to the adjacent buildings, and then over the river Main to Schwabheim. When a second explosion took place the fumes and masses of burning chemicals made it impossible to stay in the vicinity. The inhabitants of Grisehalm were ordered to leave their villages, which they did, fleeing to Frankfort.

Picture of Tolstol Banned.
London, April 22.—A despatch from St. Petersburg says the Russian Government has forbidden the exhibition at Moscow to the picture and surrounded it with a Repine's life-size portrait of Count Leo Tolstol, representing him in the costume of a peasant and barefooted. When the portrait was recently exhibited at St. Petersburg the public paid unusual tributes to the picture and surrounded it with flowers.

CONTROLLERS HARD AT WORK

The Revision of the Estimates Proceeding Slowly, Altho Board Sits All Day Long.

ALD. LAMB AND FRAME FALL OUT.

Have Little Fight Over Appointment of Watchman-Fire Hall for Cowan-Ave. Recommended. All day yesterday the Board of Control sat with the estimates.

The estimated cost of filling in the Shaw-street ravine to replace the bridge over the street and adjoining four houses that are in the way is \$4000.

A cut of \$1000 was made on the sum asked for to pave the approaches to the York-street bridge. The amount asked for was \$4500.

In the Waterworks Department an estimate of \$25,000 was inserted for maintenance of distribution, but the board struck \$2000.

Considerable feeling was exhibited with the item of \$35,000 for wages at the main pumping station was being considered.

A reduction of \$2700 was made on the item of \$7700 for the Roswell Reservoir and grounds, and \$250 on the \$2250 for island water works' maintenance.

Several items, aggregating \$4000, for the equipment of the Cowan-avenue fire hall were left out.

The chief of the brigade asked for \$1000 for two spare two-horse horse wagons, but the board gave him \$500 to purchase one.

The Property Committee's estimates were put placed on the block. The controllers didn't get vote before they got the simple knife out and the item that interfered was the City Commissioner's estimate that it would require 400 tons of coal for the Eastern Crematory.

Patrick is charged with the murder of William Marsh Rice. There are ten counts in the indictment.

Patrick is charged directly with the murder, Charles F. Jones, the ringleader, being ignored altogether.

His first count charges Patrick with administering chloroform to Rice, making him drowsy, sick, and causing death.

Patrick is indicted also for the charge of forging four cheques. On the Patrick will, so called, executed June 30, 1900, all three men, Short, Patrick and Meyers, are charged with forging in the first degree.

COAL DUTY MUST STAND. Deputation waited on Sir Michael Hicks-Beach, President, of the Little Encouragement.

London, April 25.—Replying to a numerous and influential deputation representing coal owners, miners, shippers and merchants, today assembled to protest against the export duty on coal, the Chancellor of the Exchequer, Sir Michael Hicks-Beach, declared he had no intention of dropping the coal tax.

IT IS THE "KRIB-DIS." Toronto people are making unnecessary facial contortions and twisting their tongues in an effort to pronounce the name of the cruiser from which the jacks come to take part in the Military Tournament. It is "Krib-dis," the second syllable being as short as you can make it. Simple, isn't it?

Exhibition Matters. At the meeting of the Poultry Committee to revise the price list for the forthcoming exhibition, there was a very large attendance. Few changes were made, but there was much discussion on technical points.

At a meeting of the Dairy Committee, presided over by Mr. A. MacIntyre, M.P., a suggestion was made that challenge cups should be offered for cheese-making and butter-making, the same to be won three times for actual possession. The directors subsequently decided that the challenge cup should not be given, as the idea was thought an excellent one for the stimulation of emulation.

The Athletic Society of the University of Pennsylvania, at the invitation of G. W. Orton, have written for a photograph and description of the grand stand on the Exhibition grounds. They also want to know the name of the architect.

West Durham Election. Ottawa, April 25.—The following appears have been invited for hearing at the session of the Supreme Court of Canada, beginning Tuesday, May 7.

The English Haglan. The "raglan" is, without doubt, one of the smartest and most desirable top-coats that a gentleman can wear.

At a meeting of the Board of Control, presided over by Mr. A. MacIntyre, M.P., a suggestion was made that challenge cups should be offered for cheese-making and butter-making, the same to be won three times for actual possession.

were appointed a committee to look into the question. The committee endorsed the expenditure of the following sums for the purpose named: Judge MacDonnell's chambers, \$1000; Judge Morgan and Wilson's chambers, \$1000; Maritime Court Registrar's chambers, \$300; City Sheriff's office, \$875; County Sheriff's office, \$100; Clerk of Assize and baristers' room, \$200; County Crown Attorney's office, \$100; Clerk of the Peace's room, \$50. Total, \$4000.

Ald. Cox took up the estimate on behalf of the Board-avenue fire hall and moved that \$400 be appropriated in order to furnish a room for the men. He also drew attention to what he claimed was the urgent necessity of renovating and improving the entire building. His motion carried.

The committee recommended that a site be built on Cowan-avenue, at a cost of \$7000.

Engineer's Report. In his fortnightly report to the Committee on Works, Engineer Rust states he referred the Waste Paper Receiptable Company's application for permission to erect boxes along the streets in which to place waste paper to the City Solicitor, and that he advised the committee that he would not grant it without special legislation.

Regarding the Bell Telephone's application for extension of service to the corner of Bernard-avenue, Mr. Rust says the company informed him that the "cut-in" was the means by which they could, under the arrangement with the city, they are entitled to \$100.

The Engineer is of the opinion that the traffic at the corner of Queen and Dundas streets is so heavy that the construction of a footway tunnel, which would cost about \$300,000.

The large employers' request for increased pay is not recommended by the Engineer. He thinks it would be better to put out for tender the work of cleaning up the street by the collectors should be extended to the footway.

The Engineer is in favor of extending the 12-inch water main along Dundas-street.

The local improvements are recommended: Macdonald road-way, River, Queen to Gerrard, \$5400; George-street, Queen to Gerrard, \$10,500.

NO MORE CHEQUE-RAISING. How G. A. Winton Might Have Been Bankrupted in a Recent Preventive Discovers.

If the recent success this cheque-raising forger of G. A. Winton in this city have been of no other public benefit, it would have been to show that a remarkable little machine, appropriately named the Proteograph, had this machine been in use in either of the swindled banks, all Mr. Winton's trouble and suffering would have been a thing of the past.

Many banks and mercantile houses have for some time past been employing a system of perforating a limit on a cheque or draft with a pen-like instrument, which has been called the Proteograph.

Provincial Detective Bruce Told What Was Found at House in Hamilton Last June.

The preliminary investigation into the case of the missing money, which was reported by the authorities against Frank Rutledge, Fred Rice and Thomas Jones was concluded yesterday afternoon before Magistrate Ellis at the old Court House, the prisoners being committed to trial at the General Sessions which open at the City Hall on Tuesday, May 14.

It was charged that the three men, on the night of May 22, or early on May 23, 1900, broke into the post-office at Aurora and stole stamps, \$2000.

The Crown Life Insurance Company has been formed to carry on the business of Life Insurance in all its branches. The amount of the stock has already been subscribed by many of the most prominent residents of Canada, and the Company is now in a position to begin business at a very early date. The balance of the stock is now offered for subscription.

Investors are reminded that the shares in any well managed Canadian, English or American Life Insurance Company, which has been established for a few years, can now be had only by paying a very large premium on the original amount paid in. The Crown Life Insurance Company offers the most favorable annuities. There is ample room for the development of the business of life insurance in Canada, especially by any progressive Canadian Company. In due course the operations of the Company will be extended to other parts of the Dominion. During the last twenty-five years the amount of life insurance in force in Canada has increased from \$5,000,000 to over \$40,000,000. There has been, however, a very much greater development of the business in the United States, as for every dollar of life insurance in force in Canada there are over five dollars in force in the United States. During the last ten years Canadians have paid to American Companies over \$60,000,000 in premium.

Further information or stock application forms may be obtained from any of the Directors, from L. J. Forget & Co., Montreal, or from Geo. H. Roberts, Crown Life Insurance Company, Mail Building, Toronto.

12,000 BROKERS LOST. The Fortuna, a Mexico Mine, Swallowed Up—\$6,000,000—An Action Entered.

Boston, Mass., April 25.—The Post says: Neale McKee, senior member of the firm of McKee & Co., stock brokers, late yesterday afternoon brought an action for conspiracy against Randolph Stridger, a prominent Boston attorney, and Isaac L. Win, a mining operator at San Diego, Cal., in the sum of \$2,000,000. Behind this action, it is a story which it is said that about \$6,000,000 of the public's money has been swindled away in a gold mine that did not "pan out."

The Post further says the mine is "Fortuna," twelve thousand stockholders are said to have lost all they put in. C. B. Boynton, a wealthy paper manufacturer of New York, is reported to have sunk \$50,000. The mining properties of the mine are the Fortuna, the La Republica, the Fortuna Republica and the Consolidated Fortuna. The mine is situated in Esmeraldas, Mexico (Lower California).

CITY NEWS.

Toronto Mission Union. The annual meeting of the Toronto Mission Union was held last evening in the Central Hall on Mission-street, with Mr. Henry O'Brien, K.C., in the chair. Rev. J. G. Gorman read a synopsis of the year's work, which was most satisfactory. It showed that the work, including the maintenance of the two mission halls, a Bible woman, seven nurses and a dispensary, which cost over \$2800, so paid that it was possible for \$1000 to be paid off the heavy building debt. The Union was particularly grateful for the energetic help of the students of Wycliffe and Victoria Colleges during the year. Large, General and Executive Committees were elected. Mr. A. Sampson will be treasurer and Agnes L. Good secretary.

Queer Hospitality. James Welch, who lives at 11 Clifton-street, is under arrest at the Agnes-street station, charged with theft by James Armstrong of 129 Clifton-street. The complainant asserts he went into Welch's home yesterday afternoon and while sleeping there the sum of \$4 was stolen from him. He further says that he was awakened from his slumbers while Welch was attempting to steal his watch. Armstrong reported the case to P. C. Egan, who made the arrest.

Patrol Sergeants. A new order of things went into effect in connection with the police force yesterday, which is of particular interest to patrol sergeants, who have been complaining of late that their duties are too arduous. A deputation of the men met on Chief Grasset some weeks ago and laid their grievances before him, with the result that yesterday the force was reorganized. It is said, the patrol sergeants will have no further ground for complaint. At present there are two vacancies for sergeants at Nos. 6 and 7 divisions, which Chief Grasset has decided will be filled, but, instead, the patrol sergeants will in turn be given this duty to perform, thus relieving them of considerable night work in each year.

Policemen Had a Pitt. Just after the adjournment of the Police Court yesterday, Constable Chapman of Staff Inspector Armstrong's office was seized with a violent fit, which caused a sensation. He was carried into Crown Attorney Curry's office, where he recovered, thus relieving them of considerable night work in each year.

Camera Club Exhibition. The annual entertainment of the Toronto Camera Club is always a huge success, and last night was no exception to the rule. Pictures grave, gay, instructive and sentimental were flashed upon the screen. Interposed with music furnished by Miss Lora Roman and the Sherlock Quartet. Association Hall was jammed to the doors with the audience, which included only a portion of the horde of amateur photographers with which the city swarms. Mr. John J. Woolhouse, the genial and witty secretary-treasurer of the club, occupied the chair most acceptably.

Inspection of Sweat Shops. The factories inspectors are about to make an inspection of the sweat shops where ready-made clothing is manufactured. The wholesalers are required by law to keep the names and addresses of all persons doing work for them at their own homes. These residences will be inspected, and, if infectious disease exists, the clothing made there will be either destroyed or fumigated.

Trinity Literary Institute. About 350 guests attended the annual conversation of Trinity College Literary Institute in the Convocation Hall last night. The guests were received by Dean and Mrs. Rigby, and the members of the Institute Council. President W. H. Spencer, First Vice-President Dr. T. Owen, Second Vice-President H. J. Johnson, Secretary W. E. Mochler, Treasurer J. Dunlop, Librarian E. D. Woodcock, Curator W. E. Kidd, Councilors A. C. Lancelotti and W. C. White, Rev. Prof. and Mrs. Clark and Prof. Smith also received in their rooms. The function included a program of 22 dances, commencing at 8 o'clock and concluding at 2 this morning. The affair was a brilliant social event.

TORONTO SINNERS IN LONDON. John Carroll, who claimed this city as his home, one living on Kensington-avenue and the other on Bellwoods-avenue. The lady will be sentenced next Wednesday for stealing a till and contents from a grocery store kept by Mrs. Pugh on Ontario-street, London. The stealing was accomplished by Malone going into the store and buying candy. Carroll accompanied him and hid himself while Mrs. Pugh waited upon Malone. Mrs. Pugh left the store, and then Malone set the till and contents, put the money in his pockets and the till under his coat and ran. Carroll was in waiting outside, and together they made off.
