CANADA'S OLDEST PRINTER DEAD.

Robert Graham Passes Away in His 82nd Year.

Probably the oldest printer in Canada passed away yesterday afternoon, in the person of Robert Graham of 83 Seaton street.

He came to Toronto sixty-five years ago from Belfast, and was one of the original members of the Typographical Union over sixty years ago. He conducted a printing business on King street, where the Manning Arcade now is, and also on Yonge street, where Webb's restaurant stands. Deceased, who was in his 82nd year, was only ill since Saturday, and death was unexpected.

He is survived by a widow, two sons, Robert and John, and a daughter. The funeral will take place this afternoon at St. James' Cemetery.

KICKED BY A HORSE.

Glencoe, June 13.—While attempting to hitch a team of horses to a post on the street here this morning Mrs. R. C. Twiss met with a very painful accident. The horses, frightened by a passing train, broke away from Mrs. Twiss, who, in attempting to regain the lost bridle reins, was kicked in the back of the head by one of the frightened animals, and in a moment lay unconscious on the road. She was picked up and carried into J. N. Currie's store, and then to the American House, near by, where her wounds were dressed by Drs. Walker, McLachlan and Mr. Intyre. Mrs. Twiss regained consciousness after some little time, and after seriously hurt, it is now thought that she will recover.

ARRESTED IN HAVANA.

Montreal, June 13.—(Special.)—D. A. Hamel, formerly city policeman, who forged a cheque for \$99.36 on the Bank of Montreal and absconded with the money, has been arrested in Havana. A private wire was received in the city to that effect this morning. It is understood that the arrest was made by Chief Carpenter, at the instance of the Bank of Montreal, and Hamel will be detained, awaiting extradition proceedings, if such a course is possible.

GERMAN DENIES.

Ottawa, June 13.—(Special.)—W. M. German, rising to a question of privilege in the house to-day, denied the charge made in the house by Col. Sam Hughes, that he, Mr. German, had interfered with the extension of the command of Col. Gregory of the St. Catharines Field Battery. He denied also having said that Lord Dufferin could not grant the extension and characterized Col. Hughes' statement as the "product of a vivid imagination."

C.O.F. CONVENTION.

Nearly 40 out-of-town delegates to the convention of the High Court of if of Canadian Order of Foresters, which opens to-day, are at the Rosin.

To-night the city and hotel courts are tendering the visitors a moonlight excursion on the Chippewa.

TO GROUP OR NOT TO GROUP A PROBLEM IN EDUCATION

Management Committee Receives Report of Principals' Committee.

The report of the principals of the High and Technical Schools regarding reorganization was received at the meeting of the management committee of the board of education last night. In spirit the report shows strong disapproval for the concentration of work, by using one collegiate institute for matriculation work and the other two for those pupils who desire merely a "higher" education. It approves of the suggestion that commercial students be removed to one school. In regard to concentrating a portion of the work where the classes are small the report says that the only subject where the change might be used would be Greek, and that even there it would have a tendency to draw away the best pupils from the other two schools and thus remove the chief incentive of the teachers, and the ultimate result would be to kill the study of Greek altogether. In grouping all the pupils who intend taking matriculation or teachers' certificate examinations there are even more difficulties. The school thus set apart would soon become the only school. It had been suggested that the pupils in the two highest grades be put into one school. The result of this would be that a certain degradation would fall on the two schools to which the lower grades of work were assigned.

The report concluded with this paragraph: "The principals desire also to remind the committee that the education department is at present preparing a new curriculum to come into force in September next. In the practical working out of this curriculum conditions may be developed which might require many modifications, and perhaps a classification of the collegiate institutes on one of the lines suggested. It would seem wise to defer making any changes at the present time further than those already recommended and approved of."

Trustee Parkinson insisted that there should be one school where examinations counted and two where they did not. The examination system controlled and dominated the teaching. Principal Empey said that examinations were a help rather than a hindrance. They taught a pupil to concentrate his thoughts and were an incentive to acquiring order in knowledge.

A letter from the education department stated that in a like city Toronto principals had a right to pass pupils into the high schools without examination, but that they were responsible to the department for each pupil's fitness.

The committee recommended the Union Jack charts to supply the schools.

Inspector Hughes has issued a letter that is to be sent to the parents of the pupils showing them the courses of study which may be pursued on leaving the public schools.

The matter of a monthly paper for the schools came up again. Principal Ritchie of Palmerston avenue school submitted some copies of the paper published in his school. Trustee Walker was not pleased with some of the news contained in the paper. They were too much of the "On Dit" style of literature, and bred an unhealthy desire for newspaper publicity. The matter was left over.

The schools will close on June 30 and will be re-opened on Sept. 6.

The committee will recommend the following schedule of fees for the high schools: Form I, \$6; Form II, \$3; Form III, \$15; Form IV, \$21; Form V, \$27.

It was decided that the teachers of the Model School should receive extra money. Principals Groves will get \$100, and each of the 11 teachers will receive \$25. The money is that received by the board for the expenses of the model school, and is made up of \$150 from the government, \$150 from the city and \$85 from the students of the Model School.

The following transfers were recommended: Miss B. Bruce, from Lansdowne to Grace street school; Miss M. L. Bannerman, from Ryerson to Lansdowne school; Miss K. M. Knowles, from Grace street to Ryerson school; Miss A. L. Cheer, from Dufferin to Givins street school; Miss L. C. Harrington, from Dufferin to Kew Beach school; Miss I. R. Swaim, from Kew Beach to Dufferin school; Miss S. Noble, from Dufferin to Kew Beach school; Miss K. L. Steiner, from Kew Beach to Dufferin school; Miss C. M. Cronk, from Dovercourt to Brock avenue school.

RECOVERED BODY FROM THE BAY.

Remains of Harold Douglass Will Be Sent Home To-day.

Ex-Constable Williams yesterday afternoon recovered the body of Harold Douglass in the bay very near the spot where the young man was drowned. The remains were taken to Millard's undertaking establishment, and will be sent to Owen Sound to-day.

Arthur Rust of the city engineer's department makes a complaint which emphasizes the lamentable lack of facilities available in cases of emergency along the water front. He telephoned police headquarters immediately after the accident to get the services of some one with grappling irons, and the first question he was asked by the police was "Are you going to pay?" If not, the victim's friends would arrange in the ordinary course.

At present when a drowning occurs it is left to relatives and friends to secure the services of Mr. Williams, who receives nothing from the city. It is also said that there is a deficient supply of emergency life preservers and poles distributed along the wharves.

SPECIAL SERMONS.

JOHN CATTO & SON
King Street—opposite the Post-Office.
TORONTO.
ESTABLISHED 1864.

FROM ALL PARTS OF THE EARTH
Do Visitors Come and Register at the Parliament Buildings.

The seventh volume of a series of visitors' registers, in the parliament buildings, Toronto, has just been commenced. The last volume was begun on Sept. 3, 1902, and the last entry was made on the 4th inst. The first volume of the series was begun on Sept. 8, 1895, and completed on July 16, 1897.

During the last six months there have been visitors from all parts of the States and Canada, including Dawson City, Yukon, England is represented by the leading cities—London, Liverpool, Manchester, Birmingham, Newcastle—while the Counties of York, Surrey, Stafford, Lancashire, Lincolnshire and others are frequent. Gallant Irish and Scotch have an address in Hamilton, Scotland has Leith, Portobello, Dundee, Kilmarnock and Kilwinning, Dublin and Belfast stand for Ireland, but Tipperary is not omitted, a patriot from Goughford enrolling himself.

Another sort of Jordan is suggested by the inscription Isaac Jordan, Jew, Salem, which appears on Jan. 19, but this scarcely sounds authentic. Of similar dubiety is "Billy Buzzard, New York, N.Y." An interesting autograph is "Rocco de Villiers, Paris, South Africa. Cape Colony and another page Australia has Melbourne and Ballarat. New Zealand sent a friend from Taranaki. India has a lieutenant from Delhi, and Shanghai and Tongkai are China towns. Barbados is another British entry, and of the foreigners Germany has Berlin, Stuttgart, Kohn and Mannheim; Austria has Vienna and Cuba has Havana. Most of the United States visitors appear to come from Pennsylvania.

Librarian Pardo, who keeps the old register in the library annex, told The World that a year ago a lawyer spent several days inspecting the register, in expectation of finding the signature of a man who had disappeared, and of whom he was in search. He settled finally on one John Jones, who was in the writing of his man, but he proved to be mistaken. He thought that this search was a place the man he was searching for would be sure to visit, as he knew he had come to Toronto and had plenty of money and leisure.

Such are the visitors to Ontario's legislature.

Until the return of Hon. John Dwyer from England some time in August, Deputy Minister C. C. James will be the acting minister.

OPPOSE H. G. & B. TRANSFER SALTFLUET COUNCIL AGTS

Resolution Expected to Be Passed To-Day—Municipalities Must Give Their Consent.

Hamilton, June 13.—(Special).—Owing to a difference of opinion about finances, both the wardens of St. Matthew's Church have resigned. A meeting of the vestry was held this evening. James B. Cuttiss was elected people's warden, and the rector, Rev. Father Whitcombe, will announce his choice for warden next Sunday.

The first golf tournament held by the ladies of the Hamilton Golf Club opened this afternoon. There were twenty-two entries for the medal play. Miss Law, Lambert, was the only one who failed to qualify. The first round will be played to-morrow and the final Friday. Those from out-of-town who have entered are, Miss Cox, Miss Myer, and Mrs. Strickman, Rosedale; Miss Creighton, Miss Gibson, and Miss Willis, Trafalton; Miss MacDougall, Toronto; Miss Law, Lambert.

Thru some misunderstanding an indignation meeting was announced for this evening at St. Mary's Church. The meeting was held at 8 o'clock. There was no meeting, but it is likely a resolution will be passed by the Saltfleet Township Council to-morrow evening. J. Rykert, solicitor for Lincoln County, has given an opinion that the H. G. & B. Company had no power to hand the road over to the G.T.R. without the consent of the municipalities thru which it runs, since the municipalities were shareholders in the company.

Nona Park was opened for the season this evening. About 1000 attended the opening.

Dr. Gordon, pastor of the Bond-street Church, Toronto, lectured in Erieview Church this evening on "A Family of First-class Poets."

The Diamond Glass Company of Montreal and Toronto, and the Mansfield Glass Company, Lockport, were both talking of starting factories here, have amalgamated and will have one factory in Hamilton.

Withdrawal.

J. G. Cline has withdrawn his application for the position of public librarian. The salary has been fixed at \$1000 a year, and that has been enough to tempt him. That leaves the race between Ald. MacLeod, Adam Hunter, Grant Henderson and J. Anderson, who had set machines in their clear stores, will not know for a few days yet whether they violated the law or not. Judge Sinder heard the evidence against them this morning, and reserved his decision.

The H. G. & B. Railway bill, as it passed the commons, expressly provides that steam cannot be used for operating the road.

Public School Inspector Smith received word this morning that his son, Arthur Ross, had died suddenly in Muskoka.

The plans submitted by the government architect, Mr. C. H. Wilson, for the new drill hall, call for a three-story brick and stone building, 225 feet long by over 100 feet wide. The basement will be used as a bowling alley and shooting gallery, and the building will have a gallery around the whole interior. The second floor will be used as mess rooms and the top floor will contain a big assembly hall and practice rooms for the bands.

Chancellor Martin has given it as his opinion that Rev. Father Geoghegan, who is suing in the secular courts for \$400 a year, has no claim against the clergy trust fund of the Niagara synod. The synod will open to-morrow the Pomeroy has given notice of motion providing that clergymen may make one annual appointment of all missionary and diocesan work, and providing that rectors may make the collections as may be most effective and convenient to themselves. Another notice of motion has been given stipulating that no lay delegate shall be allowed to take his seat in the synod, and that all assessments and obligations upon the congregation for the general purpose fund are paid.

Rev. J. M. Cornwall has accepted the call extended to him by the Victoria-avenue Baptists, and he will take charge of the church on June 13.

A CONFERENCE EVANGELIST.

Suggested for the Methodists, But No Action Taken.

The feature of yesterday morning's session of the Toronto Methodist conference in Carlton-street Church was an address by Rev. Dr. Carman, general superintendent of the church. The address was brief, and for the most part devoted to urging the desirability of church union.

The districts of Toronto centre and Toronto west made suggestions that there be a conference evangelist, and it was endorsed by the evangelistic committee, who recommended that a student or minister be engaged for the purpose and that the work be superintended by this committee. Rev. J. A. Rankin, Rev. A. E. Henderson, Rev. W. H. Hines, Rev. C. D. Massey and C. R. Parsons with E. R. Wood as treasurer. No action was taken.

These committees were appointed: Evangelistic Work—Rev. G. R. Turk (convener), M. J. Pearson, Geo. Walker, T. Dunlop, C. W. Watch, Joseph J. Ferguson, F. C. Keane, Deacons: Rev. R. E. Dwyer (chairman), Dr. Sparling, T. E. E. Moore, John Locks, Messrs. Ambrose Kent, G. H. Clarke (Orillia), and Wm. Frier (Collingwood). The committee to prepare a program of Bible study for next conference—Recs. Prof. McLaughlin (chairman), V. I. Hart and C. W. Watch.

In the afternoon a memorial service was held in which the members paid loving tribute to those of their brother ministers who have been taken away by death during the past year, namely, Rev. E. H. Dewar, D.D., Rev. J. E. Gardner of Newmarket, and Rev. Richard Large.

In the evening there was a public meeting at which addresses were delivered by Mr. Keough on Epworth League work; Dr. Mackenzie on Sunday school work; and Alfred Briggs on work among the young men.

DIED AT HAMILTON.

George Moore, Aged 83, Passes Away After Active Career.

There died at Hamilton on Monday George Moore, who for over fifty years has been a prominent figure in the business life of the city. He had reached the age of 83 years and up to the time of his death was in possession of a vigorous intellect. His illness was of short duration. He was born in Ireland, but in 1840 came out to Canada and took up his abode in Hamilton. For a great number of years he was identified with the G.T.R. restaurant at Hamilton, which he controlled. He was also interested in general business in Hamilton. Mrs. Moore survives him, as do also three sons and two daughters. The sons are John and George in Hamilton, Fred in Cleveland, William in Hamilton, and Alexander in Woodstock. Two daughters, Mary and Eleanor, reside with Mrs. Moore at Hamilton. The funeral will take place on Wednesday at 2.30 from his late residence in Hamilton.

SAYS AUTO WENT DOUBLE SPEED.

John Macdonald is an Oakville merchant whose horse recently ran away, scared by an auto.

On Saturday he timed the speed of his horse, and he expressed great satisfaction at the result. He was then told to St. Catharines, and threatened to prosecute some, who he says went double the legal speed.

Club members say that, in view of recent events, their run was purposefully slow, and that no just accusation of immoderate driving can be made.

SUICIDE CLUB.

Twelfth Member to Take His Own Life.

New York, June 13.—George Wagner, a wealthy and prosperous German and proprietor of an hotel in Bridgeport, Conn., committed suicide in the Morton House last night by shooting. He was 60 years of age.

Bridgeport, Conn., June 13.—Mr. Wagner was a member of the "Suicide Club," a well-known German secret society, first organized as a "13" club. Later on one of the members, who was a German, after another of the congenial spirits began to die by suicide. That gave rise to the report that there was a suicide club in Bridgeport. Practically all of the men who were formerly identified with that organization have died by their own act. There is said to be one member left, who is a jeweler here.

UNDER GOVERNMENT CONTROL.

Austin Cary, a well-known European forester, in a recent article in Forestry and Irrigation, makes mention of some interesting features of the methods of the Swiss forestry. He tells us that Switzerland has a forest area of 116,000 acres, of which 53 1/2 per cent. is owned by the state, and the balance by towns and various quasi-public associations. The canton has a case of forester, who acts as a case of dispute, appeal, etc., and four assistant foresters, each of whom is responsible for all woods within a certain area. The forester, who is a public officer, is provided for all forest officers, and in the cost of this the government bears a third.

Don't hesitate to write to Mrs. Pinkham if you are suffering from any of the troubles mentioned in this advertisement.

Spencer destroyed by fire. Superior, Wis., June 13.—The business portion of Superior, Wis., was destroyed by fire to-day.

TO GET THE DIFFERENCE BETWEEN TWO PENSIONS

But the Difference is Only a Trifle in Excess of the Imperial Government Pension.

Ottawa, June 13.—(Special).—Information supplied to the house to-day by Sir Frederick Borden shows that the government proposed to grant to Canadians who suffered in the South African war the difference between the Imperial and the Canadian pension. At present Canadians have no pension except from the Imperial government. What the government will grant as a supplement to this is hardly worth speaking of, as the Canadian pension is only a trifle in excess of the British pension.

Mr. Broder of Dundas introduced the subject by calling the government's attention to the case of Trooper Mulloy, who, now totally blind, is trying to sue the government for a pension of 65 cents a day from the British government, and he has benefited from the patriotic fund to the extent of \$2000. Mr. Broder urged the government to do something for the blind trooper, even if no general measures are taken to help those Canadians who suffered in South Africa.

Sir Frederick Borden, while showing marked sympathy with Mr. Broder's appeal in behalf of the blind trooper, said it was not desirable to deal with individual cases except on rare occasions. The work of determining the list of pensioners had, he said, been going on for two years. At present 90 Canadians are receiving provisional pensions from the British government, while twenty are on the permanent list. Sir Frederick expects that the final list will include thirty permanent pensioners and slightly over 100 provisional pensioners. The minister argued that it would not be advisable to treat the men who served in South Africa differently from those who served in the "Boer" war in the North-west rebellion.

He thought if the British pension rate was raised, the Canadian pension rate would be made equal to that of the British Canadian pensioners, which is a country paid to Canadian troops serving in South Africa. Sir Frederick said that he admitted that there is no material difference between the two pension rates, and that in the case of Trooper Mulloy the difference would be practically nothing.

"I hope," said Sir Frederick in conclusion, "to be able to make an explicit statement before the end of the session."

TO MR. BORDEN.

Banquets on June 16 and Also June 15 at Montreal.

Montreal, June 13.—Ald. H. B. Ames is to be the guest of the Sir John A. Macdonald Club at a banquet at the Corona Hotel on Thursday evening, June 16. After Mr. Ames delivers his speech, C. A. McDowell will propose the health of the leader of the party, and Mr. Borden. It is understood, will deliver an important address in reply. J. G. H. Patterson, ex-M.P., and others will speak to the toast of "Our Country and Our Party."

The demonstration to come off at the Jacques Cartier Club on Saturday, June 18, will also take the form of a banquet to Mr. Borden upon the occasion of his fiftieth birthday, and several prominent parliamentarians from the sister provinces will be present. The health of Mr. Borden will be proposed by E. D. Monk and Rufus H. Pope. E. F. Clarke and many other English-speaking members of the commons will be present to honor their leader, as well as their French-Canadian friends of the Jacques Cartier Club.

WILL BRING IT DOWN.

Correspondence to the Dundonald Episode Promised House.

Ottawa, June 13.—(Special).—To-day in the house R. L. Borden asked if the government would place on the table of the house the correspondence referred to by Mr. Fisher on Friday last, and also, smart and Whitley, and any of the departmental correspondence on the same subject, and any other documents referred to in the debate. The house has agreed to do so, and the correspondence will be brought down to the table of the house.

Chronic Liver and Stomach Troubles Thoroughly Cured by using Dr. Chase's Kidney-Liver Pills

In every home there is more or less suffering as a result of constipation and derangement of the digestive system. Because Dr. Chase's Kidney-Liver Pills cure ailments so promptly and thoroughly than other preparations they have come to be considered almost indispensable as a family medicine.

Mr. C. F. Immel, shoemaker, Western Hill, St. Catharines, Ont., states: "I have used Dr. Chase's Kidney-Liver Pills regularly for some time and consider that they are unsurpassed for torpid liver, defective circulation, indigestion, headache and constipation, as these were my troubles. I used many remedies, but got no relief until I tried Dr. Chase's Kidney-Liver Pills, and a few boxes of his preparation have entirely cured me. I am not in the habit of endorsing any medicine, but in this case I cannot speak too highly in praise of Dr. Chase's Pills for what they have done for me."

Mr. D. C. Holmes, Justice of the Peace for Lincoln County, states: "I am acquainted with Mr. C. F. Immel, and consider him a reliable citizen in every sense of the word, in fact, I have known him from boyhood up and can say I believe him to be truthful and honest."

CIGARET LICENSE TOO HEAVY.

Owen Sound must lessen its fee of \$250 a year.

Owen Sound was yesterday held to have exceeded its powers in imposing a \$250 license fee upon cigarette dealers.

As passed the bylaw affected the wholesale as well as the retail trade, and this rendered it invalid in the judgment of Justice Street.

Owen Sound is not damaged, and will amend the order in accordance with the decision, but in all probability the fee will be reduced to \$75 or \$100. H. G. Tucker supported the order, and Col. N. F. Paterson appeared in opposition.

DAVITT FOR THE RUSSIAN.

St. Petersburg, June 13.—Michael Davitt, who is here, says: "The only sentiment among the people is full faith that Russia ultimately will win. The stories published abroad that 600 persons were executed at Moscow recently, that wholesale sentences have been imposed at Moscow, and that the Russian revolutionaries have occurred at Odessa are all, so far as my enquiries show, pure inventions, deliberately set afloat for the purpose of injuring the Russian cause abroad."

His Last and Latest Trip.

Winston, June 13.—Ballif John English, who is to become deputy governor of the York County Jail, and who in the past thirty years has escorted 19, 24 prisoners from all parts of Ontario to Toronto, and has never lost a man, last evening took seven men from Windsor. This will be his last trip.

Mission is en Route.

Washington, June 13.—Rear-Admiral Chadwick, in a cablegram to the department from Tangier, says the mission to the bandit Raisuli left on June 12.

Safe-Blowers in Boston.

Boston, Mass., June 13.—The safe at the office of the Worcester County Creamery Company was blown open during the night by burglars, who escaped with \$2000 in cash.
