Records

Flies Ten Miles Over Measured Course With Passenger in Fifteen Minutes, Winning U. S. Prize of \$30,000.

WASHINGTON, July 30.—Orville Wright's evening attained the zenith of hard-earned success. In a ten-mile cross country flight in the aeroplane built by him and his brother, Wilbur, and accompanied by Lieut. Benj. D. Foulers, an officer of the army signal corps, he not only surpassed the speed requirements of his contract with the United States government, but accomplished the most difficult and daring flight ever planned for a heavier than air flying machine.

Incidentally, he broke all speed records over a measured course. Wright's speed was more than 42 miles an hour. He made the ten mile flight in 14 minutes and 42 seconds, including more than twenty perfects required for the turn beyond the line at Shulerhill, the southern end of the course. He attained a height in crossing the valley of "Four Mile Run" of nearly 300 feet, and the average altitude of his practical level course was about 200 feet.

President Taft arrived upon the parade ground at Fort Meyer just in time to see the aeroplane take to the air. He sent Col. Treat, commanding officer of the artillery at Fort Meyer, to hear his congratulations to the victors.

Following a terrific wind and rain storm early in the afternoon, the atmosphere became clear and quiet. Dejected the failure of the army field telegraph line to Shulerhill, depended upon for communication between the two ends of the course, Orville Wright seized the moment of the best weather conditions he had yet had for the speed tests. The engine of the aeroplane, Lieut. Foulers climbed into the passenger seat beside the motor. Wilbur took his place at the right tip of the plane, and Orville clambered into the seat behind Foulers. He gripped the levers, and nodding to his brother, slipped the cable, which released the starting switch. The aeroplane shot down the track.

Some Even Wept. As it drew up by invisible hands, the white wings moving, higher and higher, hats and handkerchiefs were waving, automobile horns were tooting, some overwrought spectators even wept.

Orville brought the machine at great speed twice around the field, then with a short turn he started straight forward over the centre of the drill field. Soon the aerial navigator was being again over the drill grounds, flying very low. Orville steered straight across the field and at a height of about twenty feet. He turned around again to the southward, and landed easily far down the field. The task was done, and in triumph, cheer upon cheer welcomed the making no secret of his elation, began calculations to determine the probable speed of the trip. After he had counted with Lieut. Foulers, he figured it at 42 1/2 miles an hour.

"We were making 80 miles an hour when we were broken in," he said. "It's good enough for me." Orville said, "It's easier to fly across country than around a field." "We were forced out of our course by several counter-currents," he added, "and in turning at the lower end a down-trend of air took me lower than I meant to go. I was forced to climb higher in starting back. As we crossed the valley of Four Mile Run on the way back a down-trend made it necessary to climb like you to get up in the air above the hill."

To-morrow the official board will determine the speed made to-day. It is expected that it exceeded 42 miles per hour. The Wrights will therefore receive \$30,000, including a bonus of \$5000 for their aeroplane.

REPROOF FOR REYES

Columbian House May Hold Him to Account For Quitting Country.

LONDON, July 30.—A private telegram received here from Bogota, Colombia, says the chamber of deputies has invited the senate to hold a joint session to consider what action can be taken to hold Gen. Rafael Reyes, who recently resigned the presidency, responsible for leaving the country without permission or notification to congress.

Trebbling the Business.

In a year the business of the Union Stock Yards has trebled itself. A year ago 83 cars were handled, this year the number is 219. For five weeks the corresponding figures are respectively: sheep, 3787, 1293; hogs, 494, 197; cattle, 1511, 1347; calves, 219, 79, and horses 120 and 85.

I.C.R. Freight Derailed.

QUEBEC, July 30.—News reached Quebec about midnight that fast freight train No. 75 westbound on the Intercolonial had left the track about one mile west of Laurier station.

Senator Cox Returning.

Senator Cox and his wife are expected back on either Monday or Tuesday from their honeymoon. They have been absent for the past three months.

IT'S NO DREAM!

AVIATORS' NEW MOTOR HAS ENORMOUS POWER

Successful Test of Machine That Will Drive Baldwin's Silver Dart.

PETAUAWA CAMP, July 30.—(Special.)—Any doubts as to practicability of the principles embodied in the Silver Dart may be dispelled. To the World to-day, "Casey" Baldwin said: "As a flying proposition the Silver Dart is unquestionably beyond the experimental stage. As a result of the performance of the Silver Dart, Baddeck No. 1 and another machine have been constructed upon similar principles with a slightly modified design."

The new motor under test to-day developed enormous power and started the propeller with two four feet spruce flanges whirling at 1200 revolutions in the second, drawing up dust, grass and chips from a space of fifty feet around the motor. It is expected to drive the aeroplane in an hour thru the air. Owing to the delicate adjustments this work takes time and after it has been tried out it must be done over again in Baddeck No. 1.

Baldwin and McCurdy have only one assistant from the Engineers' Corps. The shed is built in a quiet part of the camp where there is an open undulating plain with occasional graves of jack pine to be avoided which affords facilities for tests.

That an exhibition of aeronautics will probably be one of the features of the field day at Petawawa next year, where all the regiments are encamped here, was the statement of a prominent officer of No. 4 military district, to the "World" reporter.

Artillery Practice.

A detachment of eight gunners from each of the 23rd and 2nd field batteries from Ottawa will reach Petawawa next Tuesday for practice in gun laying. The main detachments of about thirty men from each will come a week later for practice in shooting and will remain at the camp for four days. The Ottawa battery men may be witnesses of the aerodrome experiments. It is not thought that they will play any part in the trials to it is said the 3rd battery of Montreal may.

WHO MORRIS WAS!

Man Found Dead in Woods Was An Ancient Clergyman.

ST. JOHN, N.B., July 30.—(Special.)—From information obtained to-day there is every indication that the man whose body was found in the woods some miles from the city in May last, and whose identification as Sydney Morris of Wales was established by papers found in his pockets, was a Church of England clergyman. Mr. Morris had held curacies in South Wales. He was wearing very old clothes and seemed to give away and he was broken in health. He spent some months at his home, where he was well cared for by his family, but apparently he longed to be at work again, and the next heard of him he had sailed for Canada. Letters were received yesterday from Morris' father asking details of his son's death.

Big Mortgage Discharged.

OTTAWA, July 30.—(Special.)—A discharge of the mortgage for \$3,450,000, dated Jan. 2, 1889, by the Canada Atlantic Railway Company to the Farmers' Loan and Trust Company, trustees for the bondholders and a reconveyance of the property to the company, has been deposited in the office of the Secretary of State.

Sues for Divorce.

OTTAWA, July 30.—(Special.)—Mrs. Jessie M. M. Maxwell of Port Arthur is suing her husband, Robert W. Maxwell, for divorce on the usual grounds.

CEMENT MERCHANTS DISCUSS BIG MERGER

Eleven Plants Represented at Meeting Held in Toronto—Rock and Marl Mills in Competition Cut Prices.

International Cement Co. of Hull, Point St. Anne Cement Co. at Belleville, Lehigh Cement Co. at Belleville, Fort Colborne Cement Co., St. Mary's Cement Co., National Cement Co. of Durham, The Kibborne Cement interests, including Shallow Lake, Lakefield, Vancouver Co., Calgary plant and the Montreal plant.

The above seven cement companies are those said to be included in the big cement merger just announced, and of which The World gave notice many months ago. Representatives of these companies met last night in the city, among them being the most prominent being W. Thorn, vice-president of the Lakefield, J. M. Kilborn, president of the Shallow Lake, and President McNabb of the Point St. Anne Co.

The fact that Mr. Kilborn, whose interests are among the largest in Canada, and the representative of the Lakefield, is not only a director of the Shallow Lake, but also a director of the Montreal plant, is evidence that the big merger has been accomplished.

Altho it is impossible to say that anything of the sort has taken place, but the reports are such that it is owing to the enormous production in Canada there are plants enough now to make two barrels for every one of cement until there is a merger. As it is, cement is selling 60c a barrel less than it did a year ago. I think the cement manufacturers all over the country will be glad to welcome a merger.

Discussed Capitalization. The meeting last night, it is understood, resulted in the adjusting of the capitalization of the consolidated company, and the most important item was the reduction of the interest on the debt.

The first five companies mentioned in the above list are the leading plants in Canada, and the merger of these interests, the latter controlling five different plants. The sum of \$28,000,000 has been mentioned for the proposed merger.

"I returned last night from a motor trip from Lisbon, thru Settling County, and did not see a poor piece of wheat on the whole trip. From Manhattan south and west to both lines of State, wheat mostly blue stem and looks elegant. Nothing east of river in this part of the State is as good as that. I saw only one black rust on trip, and none at Lisbon."

The Chicago Inter-Ocean says: "Messages from north-west mostly told of fine conditions, and one Minneapolis man declared that the three states will have 260 million bushels. This beats the figure made in last year's report by nearly 20 million bushels. The three states last year had 175 million bushels."

FIVE YEAR CONTRACTS TO HEAD OFF CITY POWER

Toronto Electric Light Co. Tries to Forestall Hydro-Electric Commission Delivery in December.

Emulating the farmers who make hay while the sun shines good and hot and other people are holidaying, the Toronto Electric Light Company with the aid of a force of expert canvassers have corralled fact contracts to supply light to a number of institutions for the next five years. The company is installing equipment on the premises of some of its customers which cannot be utilized by the city when the latter gets its lighting department running. Attempts to encroach on the company's preserves are thus effectively barred.

The situation was made public yesterday by City Engineer Rust in a letter to the board of control. "Mr. Aitken, engineer in charge of the electrical department," he wrote, "informs me that the Toronto Electric Light Company have engaged experts from the States who are endeavoring to obtain five year contracts for power, using as a means the argument that the city would not be ready to distribute power for two years, and that the rates offered by the city when the latter gets its lighting department running are lower than the rates the city will give."

HORRIGAN IS SAFE

Made Way to Thunder Cape and Hailed Tug.

Better than cold lemonade and ice cream sodas these sultry days are fixed resolves and tireless ambitions. There is nothing that will so defy heat and languor as a desire that works overtime to accomplish something worth while. When you have an objective point ahead of you, forget about the meanness of the weather man and forge right along till you reach the goal.

MEXICAN CITIES RAZED BY VIOLENT EARTHQUAKE

Chilpancingo Completely and Acapulco Partly Destroyed by Shocks, Which Extended Over Area of 1000 Miles—Many Lives Lost.

MEXICO CITY, July 30.—With Chilpancingo destroyed and Acapulco partly razed and the loss of life phenomenal, Central Mexico from the Atlantic to the Pacific and from Querato on the north to Oaxaca on the south, an area of more than 1000 square miles, was shaken at an early hour to-day by a series of the most severe earth shocks felt in the region for the last quarter of a century.

The quake was severe in Mexico City, but not prolific in destruction. Reports telling of the loss of life being meagre, but the official figures thus far given show 13 killed and more than a score mortally injured. While word comes from G. Peyros, an American commercial traveler at Chilpancingo, Guerrero, that that city was destroyed and the inhabitants are living in the open, suffering from the elements, the loss of life is not definitely known.

The shocks continue at Chilpancingo to-night with subterranean rumblings, flashes of lightning and hail. According to the observatory records, the first shock of the series was felt at 4:15 this morning. It was severe causing the bells of the many cathedrals of Mexico City to toll, breaking crockery and in some instances jangling walls. The inhabitants of the capital had hardly recovered from fright when a second and more severe shock caused an outpouring of nearly all the residents. This movement was of a terrifying character and lasted with marked severity 30 seconds. The tall buildings of the capital swayed and in some instances cracked, the pavement opened in places and in the poorer quarters, a number of houses collapsed.

So far as can be learned from police records, six persons lost their lives in Mexico City and its environs as a result of the second shock. Four were men of the lower classes. The others were a woman and a child. The American colony escaped unscathed. They, with the entire native population, remained in the places until daylight. The first message received here from Chilpancingo was that the earthquake had been destroyed. There have been reports from the cities of Puebla, Jalapa and Toluca say that the shock was the heaviest in years. There was a loss of life at those places. Many cities are yet to be heard from.

The Federal Telegraph Company has just established communication with Acapulco, a seaport on the Pacific in the State of Guerrero, with a population of about 5000 persons, by roundabout way of the isthmus of Tehuacan. The first message received read as follows: "The entire lower half of this city has been destroyed. There have been many casualties. The branch here of the National Bank is in ruins. The cashier is mortally injured. Communication was then interrupted. All direct communication between Acapulco and Mexico City is interrupted. Immense damage has been wrought on the west coast of Mexico. Communication with the cities of Chilata and Chilpancingo is cut off and it is feared they both have suffered severely. A heavy death list is feared in the State of Guerrero. It is rumored that fifteen persons were killed in Santa Julia, a suburb of this city, making a total of deaths in the federal district of twenty and the number of persons badly injured, fifty-five. These figures are not official. The new postoffice building and one cathedral have been badly damaged."

ITALIAN SLASHES TWO ONE CHINAMAN IS DEAD

Dispute Over Payment for Meal in Halleybury Restaurant Leads to Murder.

HALLEYBURY, July 30.—(Special.)—One Chinaman was murdered and another badly wounded in the King Edward restaurant here to-night by an Italian, who stabbed the victim, following a dispute regarding the payment for a meal.

The Italian entered the eating house in an intoxicated condition, and after concluding his meal started to leave without paying the full amount demanded by the Chinaman, who were employed in the restaurant. The men remonstrated with the Italian, who drew a knife and stabbed them.

LAURENTIC'S FAST RUN

Creates New Record for the Belle Isle Route.

H. G. Thorley, agent of the White Star-Dominion Line, last night received the following telegram from the head office of the company at Montreal: "Laurentic reported off Tory Island 4:45 to-day. Due at Liverpool 6 o'clock Saturday morning. This is a new record by the Belle Isle route."

TO WIN OR NOT TO WIN THAT IS THE QUESTION.

These days that keeps people interested because it is the greatest race of all the races held this summer. This is the last day of the club offer. At midnight the votes secured by the liberality of this chance will be all in, and Monday morning may be justly expected to bring some surprises in the standing. Meanwhile the Contest Department in The World office is hustling from morning till night counting the ballots that are pouring in from all over Ontario. No wonder the poor candidate in the above picture, who has allowed others to get ahead of him, bears a look of anxiety in the standing. Meanwhile the fellow who hustles is the one who will get the \$4000 home or one of the other valuable capital prizes.

ORDER RESTORED TO ALFONSO SNERVOUS

Troops Still Being Rushed to Catalonia, Where There Has Been Great Slaughter—Fears of Carlist Rising.

MADRID, July 30.—The government's report from Catalonia indicates that the situation continues to improve. Both King Alfonso and Premier Maura seem satisfied that the worst is over, that the rebellion in Barcelona has been quelled, and that order soon will be restored in the remainder of the captaincy-general.

Nevertheless, to be on the safe side, large bodies of troops of all arms continue to be hurried to the scene. No figures, not even estimates, of the loss of property and life in Catalonia are vouchsafed by the authorities, but private despatches leaking out thru the frontier indicate that there has been a great slaughter at Barcelona. Reports continue to filter in of the destruction of property, especially churches, monasteries and convents, against which the fury of the mob was vented.

The only other regions creating particular anxiety are the Basque provinces. There is some apprehension that the followers of Don Jaime, the pretender, may attempt to raise the white flag of the Carlists. Bodies Mutilated. MELILLA, July 30.—The Moors have withdrawn from the outskirts of the city. It is believed they are concentrating for a new effort. They burned hundreds of their dead whom they were unable to carry off. The ground was covered with heaps of corpses. The bodies had been stripped of their arms and many of them mutilated after death. Moor Forces Augmented. CEUTA, Morocco, July 30.—The natives in the region surrounding this seaport are preparing to attack the fighting brethren on the heights before Melilla. A holy war is being preached from Ceuta to Moulmouza, and the whole country is aflame with fanaticism. The position of the Moors on Mount Moulmouza, where 30,000 warriors are congregated, is considered here to be impregnable.

WANT MCBRIDE TO STAY IN PROVINCIAL POLITICS

Attorney-General Bewsor Says His Removal Would Be Distinct Loss to Party.

MONTREAL, July 30.—(Special.)—The Hon. H. J. Bowsor, attorney-general of British Columbia, arrived here to-day from England and left at once for the coast. He was representing his province in London in the case of the province versus the Dominion Government, each claiming the water ways twenty miles each side of the C.P.R. thru the province.

Judge Cassels of the exchequer court decided in favor of the Dominion and British Columbia appealed, or rather asked the privy council to grant an appeal direct to that body. The noble lords, however, expressed a wish to have the opinion of the supreme court of the Dominion consequently an arrangement was reached whereby the case will be argued at Ottawa in October next.

Mr. Bowsor expressed himself as being opposed to Premier McBride leaving local politics, saying that it would be a loss to the party and province.

FIRE AT CAMPBELLTON

Champeaux Lumber Mills Burn With Loss of \$50,000.

ST. JOHN, N.B., July 30.—(Special.)—A telephone message from Dalhousie to-night state that the Champeaux lumber mills on the Quebec shore, opposite Campbellton, were destroyed by fire. Eight vessels in danger were worked out into the bay and escaped the fire. The mill was a very fine one, valued at over \$125,000. The loss at midnight was estimated at \$50,000, and great effort was being made to save the lumber on the wharves. Campbellton sent five engines across the bay to assist.

Yonge Street Sky Scraper.

A permit has been issued by the city architect to the Cummings-Lumden estate to erect a ten-story and basement office building at the northeast corner of Yonge and Adelaide streets. The building will be constructed of steel and brick and will cost \$100,000. It is expected that a permit will shortly be issued by the city architect for the proposed Masonic building in West Toronto.

Injury Proves Fatal.

GALT, July 30.—(Special.)—The four-year-old daughter of A. Forbush, Barrie-street, while playing about the premises slipped on a round stone and fell. At first no grave consequences were noticed, but subsequently the child showed signs of internal injuries, from which she died to-day. Something Exclusive. A straw hat may be exclusive in style as any other thing a man wears, but still not cost any more than the other kind. Dineen's hats are absolutely exclusive—they are by the best makers in the world and such as Dunlop's and Heath's cannot be purchased elsewhere than Dineen's in Canada. Store open Saturday night.

Day's Doings in YORK COUNTY

West Toronto, North Toronto, East Toronto.

NORTH TORONTO BYLAWS MAY BE PROTESTED

Rumor to This Effect Current in Town—West Toronto—Big Grist of County News.

NORTH TORONTO, July 30.—(Special.)—At a late hour to-night the condition of Councilor Wm. Parke was such as to greatly reassure the members of his family.

Mr. Parke is resting comfortably and is appreciably stronger. A preliminary dip into the early county legislation dealing with the Metropolitan Railway brings to light many present-day failures on the part of the company to live up to the agreement.

The first franchise privileges granted to the Metropolitan Street Railroad Co. were embodied in an agreement dated June 25, 1884. The contents of this agreement show clearly that the 1884 county councilors possessed a high appreciation of their responsibilities.

In Great Britain it is a privilege for a railroad to be allowed to construct and operate their lines thru the country. In Canada it is the other way about. They are not only made welcome but bonused.

Clause No. 3 is of special interest to the traveling public at the present time. It reads: "Roadway to be maintained in all space between rails and at least one foot six inches from the outside of and up to and adjoining the rail next adjoining the macadam gravel or roadway and the macadam shall be flush with the rails."

It is? People driving on Yonge-street to-day alongside the big sewer now being constructed will see to what extent the city council is making this company live up to the terms of its agreement. The dangerous condition created by the sewer, along with the dangerous condition of the roadway between the rails and the height, the rails stoutly above the roadway, constitutes criminal neglect. It was not so when the road was operated by the Warren Syndicate.

Clause 11 is one which also should

NEWMARKET. Neway Notes From the Northern Canal Town.

NEWMARKET, July 30.—(Special.)—Work on the new Pickering College goes on apace and the managers are hopeful that everything will be in ship shape for the regular opening.

Mayor Pearson has a continuing school on Sept. 1 and have engaged the services of A. Gilmore to take charge.

EAST TORONTO. Corner Stone of St. Aidan's Will Be Laid To-day. EAST TORONTO, July 30.—C. J. Beil.

SHOOTING PAINS IN Side, Arms, Back Prove the Presence of Rheumatic Virus, which is Cured Quickly by Nerviline—Rub It In.

Pains in the muscles, in the sides, the back, the neck or the chest—they always carry with them great discomfort. If the inflammation is severe, the pain will be intense. If allowed to continue, they are dangerous. Nothing so quickly cures local inflammation and drives away pain as Nerviline. Nerviline does this because it penetrates so deeply. Nerviline is not only powerful but soothing. By relieving congestion it cures pain. It does this always. It cannot fail, because it is a true antidote for pain. You can scarcely find anybody that will not tell you wonderful things about the pain-curing power of Nerviline. Remember that there is not an ache or pain that Nerviline will not cure immediately. Nerviline is an anchor of health in every household.

Refuse anything that may be offered you instead of Nerviline, which is guaranteed. Rheumatism, neuralgia, sciatica, lumbago and all muscular aches and pains. Large 25c bottles, or five for \$1.00, at all dealers, or The Cattarhazone Company, Kingston, Ont.

Markham High School, has sent in his resignation. Unionville police commissioners have put down about 7000 square feet of cement sidewalk this summer.

York township council meets on Tuesday afternoon. James Carruthers whose death took place at Weston yesterday was well-known in York Township at one time, retiring about two years ago.

He leaves a widow, two sons and two daughters. Deceased was 72 years of age. The funeral which took place yesterday at Riverside Cemetery was largely attended.

A Bad Man. Thomas Nelson Page was talking in the smokeroom of the America about the old-fashioned bad men of the west.

"They are extinct now," said Mr. Page, "and I am sorry. They were, you know, so picturesque. I remember a western trip I made some years ago. I would be turned into a human pin-cushion or worse."

"We were all seated in the bar-room of Tin Can or Dead Cur—some such town. I was the only tenderfoot present. Every man about me was bristled with guns and knives like an enraged porcupine. If I refused to drink, I was given to understand I would be turned into a human pin-cushion or worse."

"What ye from, stranger?" "Richmond," said I. "Not good old Richmond, Virginia?" he exclaimed.

"Yes," said I; "do you know it?" "Know it?" he shouted. "Know it? Best jail I ever was in!"

Oakwoods Park. "Oakwoods Park" is the name of Goulding and Hamilton's new sub-division, formerly the Bull estate, which is located between Davenport-road and St. Clair-avenue, and west of Ossington-avenue.

Mr. and Mrs. Married Bliss were both growing very plump, and every effort to reduce weight had proved fruitless, and their discontent with their failure was pathetic.

"It is too bad," said a mutual friend to a sympathetic physician. "The Blisses are so fond of each other, and used to be so graceful and slender when they were first married."

"Ah, well!" replied the physician. "Think how much more they are each other now."—Life.

TONY BONERO EASILY WINS EMPIRE HANDICAP

Juggler is Second and Stanley Fay Third—Windsor Opening To-Day.

EMPIRE CITY, N.Y., July 30.—An ordinary card was run off at Yonkers today, all the events being greatly reduced by withdrawals. Chief interest centered in the handicap at one mile and a sixteenth, fourth on the card, which resulted in an easy victory for Tony Bonero. He went to the front at the start and, making the pace, won easily by three lengths. Summary: **FIRST RACE**, 3-year-olds and up, selling, 4 furlongs, \$500 added: 1. Chert, 115 (Powers), 2 to 1, 4 to 5 and 2 to 5. 2. Queen Marguerite, 113 (Austin), 6 to 1, 2 to 1 and even. Time 1:15 1/2. Earls Court, Black Mary, John Florio, Uncle Oliver and E. M. Frye also ran. **SECOND RACE**, 3-year-olds and up, 1 mile, \$500 added: 1. Ethel, 104 (Creery), 2 to 7, and out. 2. Sasque, 101 (Page), 4 to 1, 2 to 5 and out. 3. High Range, 96 (McCahey), 12 to 1, 6 to 5 and out. Time 1:56 1/2. Only three started. **THIRD RACE**, maiden 3-year-olds, 5/8 furlongs, \$400 added: 1. Blon, 108 (Scott), 7 to 10 and out. 2. Cutbert, 106 (Page), 9 to 2, even and 1 to 4. 3. Shamrock, 105 (McCahey), 6 to 1, 7 to 5 and 1 to 2. Time 1:07 3/4. M. Cambon, Oxar, Glouper and Young Belle also ran. **FOURTH RACE**, handicap, 3-year-olds and up, 1 1/4 miles, \$500 added: 1. Tony Bonero, 102 (Page), 9 to 5, 2 to 3 and out. 2. Juggler, 112 (Dugan), 12 to 5, 2 to 5 and out. 3. Stanley Fay, 127 (Powers), 6 to 5, 1 to 4 and out. Time 1:45 2/5. Only three starters. **FIFTH RACE**, 2-year-olds, selling, 5/8 furlongs, \$400 added: 1. Madeline L., 109 (McCahey), 4 to 1, 4 to 5 and out. 2. Matchfield, 109 (Dugan), 8 to 1, 8 to 5 and out. 3. Lord Clinton, 112 (Austin), 3 to 1, 3 to 5 and out. Time 1:09. Responsible also ran. **SIXTH RACE**, 3-year-olds and up, selling, 1 1/4 miles, \$500 added: 1. Shapdale, 101 (Page), 8 to 1, 3 to 1 and 1 to 5. 2. Hans, 107 (Taplin), 9 to 5, 4 to 5 and 2 to 5. 3. Echnau, 109 (McCahey), 7 to 1, 5 to 2 and 6 to 5. Time 1:49. Check, J. H. Reed, Gill, Aunt Julia and Danger also ran.

To-Day's Entries

Empire City Entries. **EMPIRE CITY, July 30.—Entries for Saturday:** **FIRST RACE**—Selling, 2-year-olds, 5/8 furlongs: 1. Henderson, 110. 2. Dicton, 108. 3. Zaccatecas, 104. 4. Love Watches, 98. 5. Baseball Toronto 7 Providence 4 Bowling East 358 West 340 First Day At Henley

Note and Comment

There they go at Delorimer Park—the outlaws, running under new names and conditions, but also against the Canada Racing Association...

Too bad Mahling did not pull off that play against Newark just to see Mr. Ginnity and Wolterston see with the better leg the trade. Swap back the kid for Schafy and Gettman! Not much, and we can keep Mullen to operate the bench.

The police games today at Scarborough are the twenty-seventh renewal of the same and should prove bigger and better than ever, even if John H. Gilles, the Vancouver cop, does romp off with another championship. However, the Toronto force will furnish a fine lot of athletes and the westerner will have his work cut out for him in the spring and runs. Duncan Gilles is also here to pick up some jewelry himself.

Mrs. Hannam Wins Canadian Tennis Final 6-0, 6-1

MONTREAL, July 30.—(Special)—Mrs. Hannam of Toronto practically won the title of champion lady tennis player of Canada this afternoon at the tournament of the Canadian Lawn Tennis Association here by defeating Miss Clay of Montreal in two straight sets by the scores of 6-0 and 6-1.

With Mahling gone, McDonald and Frick singled and Newton hit to left-center for three bases and two runs, scoring himself and Newton. McDonald's sacrifice hit yielded one in the next round with two down. Then they steadied down till the sixth. With Mahling gone, McDonald and Frick singled and Newton hit to left-center for three bases and two runs, scoring himself and Newton. McDonald's sacrifice hit yielded one in the next round with two down.

City Championships. Today at 2 p.m. the city mixed double championship will be decided on the Rusholme courts. Mrs. Cooper and Baird meet Miss Moyes and Henderson in the contest for the title, and this event will complete a series in which ladies have entered.

Men's handicap, 2 1/2—Dunlop v. Fawcett. Winner, Dunlop. 4-6, 6-3, 6-2. Langstaff, Rumble v. Paxton, Vandusen v. Riley. 4-Baird v. Newlands. Mixed doubles, final round at 2 p.m.—Miss Moyes and Henderson v. Mrs. Cooper and Baird.

Polo in Full Swing. Polo is in full swing now with the local players, and, judging from the last few practices, Toronto should be able to hold its own with any of the teams they are scheduled to play next month.

Marvelous Stop By Mahling Two Triples By Doc Newton

Opening Contest With the Grays Furnished Unusually Interesting Features—Blackburn Not in the Game.

Shortstop Blackburn, the \$600 beauty traveling with the Providence Grays, was unable to play yesterday owing to a sore leg. The Grays started to amble yesterday at Hanlan's Point fixed up fireworks good and plenty for the position. The kid pulled off the stellar trick in the fourth round, with men on second and third, two out and three and two on Wilson, Hugh Duffy's promising college catcher. The hit was a low liner past the pitcher, and the runners started to amble home. But Mahling tore over behind the bag and caught the ball fairly on the ground in his outstretched gloved hand, and the hit was so speedy that Wilson was only about one-third way towards first when the shortstop lobbed him out and killed two runs. It was the reigning feat of the year.

At this stage Toronto was ahead, 3 to 1, and the hit looked like tying the score. Newton's pair of triples were a fair second feature. Owing to Blackburn's injury the Grays were shifted around in the field, Moran going to short, Anderson to left field and Peterson to first base.

Another For Rochester. ROCHESTER, July 30.—(Special)—Rochester scored his sixth straight victory this afternoon, when Jersey City was beaten by 3 to 1 in the opening of the series. Butler's double and Anderson's triple were bunched with singles by Patten and Maloney. Calhoun, lb., sacrificed to score. Anderson, lf., scored on a sacrifice. Maloney, cf., scored on a sacrifice. Patten, 2b., scored on a sacrifice. Butler, 3b., scored on a sacrifice. Barger, p., scored on a sacrifice.

National League Scores. At Chicago—Mazze and Doolin were the main factors in defeating Chicago, 5 to 2, by making starting catches of four hits that would have been sticky for extra bases. Overall was the only local player to hit Moore with any success. Chicago's errors were costly, the visitors following up the misplays by timely hitting.

Montreal Wins a Game. MONTREAL, July 30.—Montreal defeated Baltimore today by a score of 4 to 1. The home team did the better hitting and a couple of errors on the part of the visitors contributed to their defeat. Score: Montreal, 4; Baltimore, 1.

Newark Beat Buffalo. BUFFALO, July 30.—Newark defeated Buffalo in the opening game of the series today by a score of 4 to 1. It was a long drawn-out slugline match and Newark had the better luck. Score: Newark, 4; Buffalo, 1.

O'Brien Beats Flynn. DENVER, Col., July 30.—Philadelphia Jack O'Brien had the better of Jimmy Flynn, the Pueblo fireman, in a six-round go at the Auditorium to-night.

Buffalo's Results. BUFFALO, July 30.—Buffalo defeated Newark in the opening game of the series today by a score of 4 to 1. It was a long drawn-out slugline match and Newark had the better luck. Score: Buffalo, 4; Newark, 1.

Buffalo's Results. BUFFALO, July 30.—Buffalo defeated Newark in the opening game of the series today by a score of 4 to 1. It was a long drawn-out slugline match and Newark had the better luck. Score: Buffalo, 4; Newark, 1.

Mr. Henry will meet the public and give demonstrations and organize societies. He will commence his work at Quebec, and will travel via Toronto thru to the coast.

O'Brien Beats Flynn. DENVER, Col., July 30.—Philadelphia Jack O'Brien had the better of Jimmy Flynn, the Pueblo fireman, in a six-round go at the Auditorium to-night.

Buffalo's Results. BUFFALO, July 30.—Buffalo defeated Newark in the opening game of the series today by a score of 4 to 1. It was a long drawn-out slugline match and Newark had the better luck. Score: Buffalo, 4; Newark, 1.

The best hitters in the League MAPLE LEAF CIGARS make hits with everybody. The best hotel in Brockville, Ont. is "The Strathcona"; 100 modern rooms (50 with baths); furnishings and cuisine complete in every detail. Special rates to commercial men. W. H. BROWN, Prop.

Ottawa Eight Beat Wyandottes By Four Feet in Great Finish

THE HENLEY DRAW Great Program For This Afternoon at Port Dalhousie.

ST. CATHARINES, July 30.—(Special)—The following is the draw for the Canadian Henley Saturday: 1. Lachine R.C., B. Crombie stroke, C. Fulton 3, P. Whitehead 2, B. Watson bow, 2. Argonaut R.C., D. Kerrigan stroke, J. F. Dixon 3, P. Fulton 2, M. Parsons bow.

The twenty-ninth regatta of the Canadian Henley was commencing yesterday at Port Dalhousie in perfect weather, both from the rowers' and spectators' standpoint, not a ripple being on the water. Some remarkably close finishes were witnessed, especially in the second heat of the junior eights, when Ottawa nosed out the Wyandottes of Detroit in a hair-raising battle, in which Ottawa won by a close four feet. The result being that nearly \$100 left their hands.

Junior fours—First heat—1. Ottawa R.C. (J. M. McCuaig stroke, F. L. Joffie, M. K. Hill, T. M. Snowden, J. W. Downey, R. C. (Frank Hill) stroke, H. W. Brown, J. C. Colson, R. G. Porter, J. Lachline, B. O. Turner stroke, R. Gregory, W. H. Green, L. B. Lally), 2. St. Kitts R.C. (A. R. Grace, A. Greenwood, E. Corbett, A. Kirkwood), 3. St. Catharines R.C. (A. R. Grace stroke, G. H. Sloan 3, N. S. Kelly 2), 4. Hamilton R.C. (J. C. Maloney stroke, G. H. Sloan, E. Skelly, C. O. Pilgrim), 5. Argonaut R.C. (A. C. Turner stroke, W. G. Scully, R. H. Green, L. B. Lally), 6. St. Kitts R.C. (A. R. Grace, A. Greenwood, E. Corbett, A. Kirkwood), 7. St. Catharines R.C. (A. R. Grace stroke, G. H. Sloan 3, N. S. Kelly 2), 8. Hamilton R.C. (J. C. Maloney stroke, G. H. Sloan, E. Skelly, C. O. Pilgrim), 9. Argonaut R.C. (A. C. Turner stroke, W. G. Scully, R. H. Green, L. B. Lally), 10. St. Kitts R.C. (A. R. Grace, A. Greenwood, E. Corbett, A. Kirkwood).

Junior singles—Second heat—1. E. B. Butler, Argos; 2. Frill Brill, Lighthouse R.C.; 3. J. S. MacDonald, Ottawa R.C. Time 10.0. Butler, who won by ten lengths, had to be much the best, as he steered a wretched course by firing with the buoy.

Junior singles—Third heat—1. Fred Lepp, Don R.C.; 2. W. J. Downey, Mutual R.C.; 3. Buffalo, Time 10.37. Lepper won as he played by five lengths. Junior singles—Fourth heat—1. J. F. Cosgrave, Argo R.C.; 2. C. W. Wilby, Detroit R.C. Time 10.24. This race was just a warm-up for Cosgrave.

Senior singles—Second heat—1. S. F. Gordon, Yepper B.C., Philadelphia; 2. H. Jacob, Don R.C.; 3. J. C. Colson, Toronto R.C. Time 20.02. Jacob was the first to turn the buoy, but Gordon wore him down and finished a length to the good in an exhausted state.

Senior singles—Third heat—1. J. F. Cosgrave, Detroit; 2. C. G. Laing, Vancouver R.C., the latter rowing over the course alone in 30.55. Junior double-sculls—Final—1. S. G. Jackson and E. B. Butler, Argos; 2. H. Fox and A. O. Donohue, Brockville R.C. Time 6.45. The Argonaut pair were more seasoned scullers and won easily by 15 lengths.

Hine & Co. are the holders of the oldest vintage brandies in Cognac. D. Q. ROBLIN, of Toronto, Sole Canadian Agent. For Sale by All Wine Merchants.

The Toronto World

THE RULES OF THE ROAD. New rules of the road are now being made for the City of Toronto.

Here is one suggestion from the automobilist's point of view that would go a long way toward facilitating traffic.

It is saying these things The World must not be taken to mean that the motorist is never in mistake himself.

Now to revert to those who handle horses on the road. There is this difference between the motor driver and the horse driver.

The World finds that a great cause of blocking of travel is the tendency of teamsters to gossip.

When the police are at it they should stop once and for all any person using wagons in the busy portions of the city for advertising purposes.

The World will be glad to have suggestions regarding this matter of street traffic and the rule of the road.

IN JUNE

The Great-West Life Assurance Company wrote over \$1,000,000 of business—the best June total in the Company's history.

The half-year shows an advance in business written—in premium receipts—in renewal payments—in interest earnings—and, indeed, in every direction.

That is to say, the public see fit to give increasing proof of their approval of the Company's methods and policies.

The reason? Because The Great-West is known as the Company giving RESULTS—results in higher profit returns—in lower premiums—and, consequently, results in constantly increasing business.

Those contemplating protection will do well to request personal rates from

Improvement. One great thing each individual can do is to try and keep his temper in awkward situations.

THE SPANISH UNREST. Among the Latin countries of Europe Spain certainly is the most backward.

Catalonia, the scene of the worst of the recent revolutionary outbreaks, is the storm centre of Spain.

The World finds that a great cause of blocking of travel is the tendency of teamsters to gossip.

OLD GOLD CIGARETTES. Give my last quarter to the poor. It could only get a higher.

BAND SURELY COMING

Squabble Between Chicago and New York Benefits Toronto.

PITTSBURG, July 30.—The squabble over the Juvenile Band is going on with considerable vigor between the New York and Chicago booking agents.

When shown the foregoing despatch, a representative of Hanlan's Point said: "Yes, we knew about the trouble over the band."

For that reason Ciricello decided to come to Canada for a week and give the other fellows a chance to cool off.

HERE'S A HOW D'YE DO Mayor and Aldermen at Sixes Over Band Concert.

ST. CATHARINES, July 30.—There's a fine old row in the city council over the weekly band concert.

Several selections were rendered under a solitary arc light until the arrival of Mayor Campbell.

BRONCHITIS; ASTHMA. "For ten years," states Capt. McDonald of Kingston, Ont., "I have been a terrible sufferer from bronchitic asthma and often it was so bad that for nights at a time I couldn't sleep. I spent hundreds of dollars on doctors and medicines, but to no purpose. Catarrhstone cured me. I have no other from any old troubles." The reason Catarrhstone is so successful in curing this disease is because it acts directly on the diseased membranes and always does cure asthma, bronchitis, or catarrh. The dollar outfit of Catarrhstone contains two months' treatment and invariably cures; small trial size, all dealers, or The Catarrhstone Co., Kingston, Ont.

INDIAN BECAME WENDIGO

TRIBE NEARLY STARVED

Would Not Hunt and Fish With a Violent Lunatic in Their Midst.

OTTAWA, July 30.—(Special).—Because one of their number became a "wendigo," which in plain English means a violent lunatic, a tribe of Cree Indians, who make their headquarters at Moose Factory on Hudson's Bay, came near starving during the spring just passed. Word of the condition of affairs has reached the Department of Indian Affairs, and Constable Giroux of the Dominion Police force has been dispatched to bring the insane Indian to the Hamilton asylum. So superstitious are the Indians regarding an insane person, that instead of continuing their usual fishing and hunting occupations they took to Moose Factory. Having very little provisions their state soon became serious, and the officials of the post at Moose Factory decided to notify the authorities here.

CITY HALL NOTES

Solicitor Will Pronounce on Regulation of Weight of Bread. It was decided by the board of control yesterday not to attempt to patrol Humber Bay, as a protection for the canoeists who are not accustomed to the use of the canoe. The property commissioner reported that it would cost \$27 a month to do so, or until Sept. 31, \$100 for equipment. The appropriation for such a move is only \$500, and as the mayor could not see any need for protection at the Humber, the matter was dropped, with Regie Cleary the only protester.

A Chinese laundry permit was refused to Heat York, who had applied to establish a laundry at 2154 East Queen-street on account of three other Chinese having set up ahead of him in the neighborhood. Permission was granted to the Canadian Independent Telephone Association to hold their convention on Sept. 8 in one of the city hall committee rooms.

A number of advertising sign boards, which might ordinarily meet with the city architect's approval were ordered to be taken down by the mayor and controllers yesterday. The chief objection was that they had been put up without permission from the city architect's department. Therefore, the Connor-Ruddy Co. must remove signs at Broadview and Danforth-avenues, at St. Lawrence Market, at Duchess-street, Berkeley, at Gerrard-street, at Carlaw-avenue, and at 375 Parliament-street.

The sale of 375 feet of land, 125 feet deep, on the west side of the street, was approved Messrs. Mickle, Dymond & Son, lumber dealers, Barrie, Ont., as the purchasers at \$750 cash. The city solicitor was instructed to get ready with advice as to whether the council has power to regulate the weight and price of bread.

Struck by Lightning. GALT, July 30.—(Special).—During the severe electric storm last night lightning struck a Wellington-street house occupied by William Wilford and badly wrecked it. The 10 o'clock car on the G. P. & H. was hit and the motor burned out. Motorman Homuth had a narrow escape. At A. DeWeller's farm, Hespeler Road, a bolt set fire in a huge stack of wheat, which was completely burned up.

New High Records Made On New York Stock Exchange

Wall Street is Decidedly Strong—Some Improvement in Local Market—Mackay and Shredded Wheat Higher.

World Office, Friday Evening, July 30. As a rule improvements were made in the usually active specialties at the Toronto Stock Exchange to-day. Trading was somewhat broader than during the last few days and transactions well distributed through the list.

Several of the speculative issues exhibited considerable buoyancy to-day and especially so in the case of Mackay common, which made a new record price for the year at 87-7/8.

On Wall Street, Mackay & Glasco had the following at the close: That stocks held their own so well this afternoon, in spite of the fact that the crop reports for the whole of this continent are very optimistic.

Finley, Bartell & Co. wired J. P. Bickell, High records in N. Y. Central, Steel, Southern Pacific and Union Pacific, with buoyancy in the general list.

Wall Street Pointers. U. S. Steel Corporation arranging to put more furnace in blast.

NEW YORK, July 30.—Despatches to R. G. Dun & Co. indicate that the market for Ontario is steadily gaining strength, although there is a seasonal slackening of demand in some lines.

For fiscal year ended June 30 last Southern Pacific earned approximately 10 1/2 per cent. on its total outstanding common stock.

Money Markets. Bank of England discount rate, 3 1/2 per cent. Short bills, 1 1/2 per cent.

Foreign Exchange. Glasgow, London, New York, etc. rates as follows: Buy-sell. Counter.

Toronto Stocks, July 30. B. C. Packers, A. 100 100.

London Stocks, July 30. Anglo-Saxon, 100 100.

Edwards Cronyn & Co. 90 Bay-street, in a circular dated July 30, say: "The leading features of the situation which will tend to the improvement of prices are: First—and this has been a very important one for a long time past—second important feature is, the material, although until recently slow, improvement in trade."

NEW YORK Metal Market. Northern, 116.25 to 117.50; southern, 117 to 118.25.

Capital Subscribed \$2,000,000.00. Established 1897. James Warren, Managing Director.

FARMING AND LIVE STOCK PAGE

HIS WORKS DO LIVE.

When the late Hon. John Dryden took hold of the work of agriculture in the province in 1890, conditions on our farms and in our farmers' minds were decidedly different from those of today. Now we find almost the whole farming population looking towards Guelph for the latest secret of nature and science. They have become a scientific class of men, working with machinery and methods that were unknown or scoffed at in those straggling days of those of the "book" farmer.

To say that the lamented minister had not a giant's part in that work, is to be thoroughly misunderstood agricultural evolution in Ontario. Enthused with the work of a higher usefulness to the farmer by means of careful methods in soil culture and animal breeding the farmer of "Maple Shade" forged ahead in his not always popular work and the results of to-day attest how well he saw into the realms of the future. The story of his life from the time when he persuaded his father, pioneer James Dryden, of Whitby Township, to buy a model pure-bred Crutchebank cow to model his own herd, down to the time when he sent his son to study at the University of Guelph, is a story of a man who has been a farmer and a statesman, and whose life has been a romance that will be read like a romance in the days to come.

The boys of the farm to-day, and in fact all Ontario will look with considerable pride to the work of this illustrious son of Ontario. He brought a dignity to agriculture in his short lifetime that is possible only to a few men. The nobility of his work and the importance of the scientific side of it, are impressed upon us as the remains of the man lie to-day in that unpretentious yet comfortable brick farmhouse on the acres he loved to call his own. Many a tear will fall and many a heart will heave for one who has been a farmer and a statesman, and whose life has been a romance that will be read like a romance in the days to come.

HON. JOHN DRYDEN'S LIFE WAS BEST SEEN AT HOME

Maple Shade Farm is a Beautiful Beach of 400 Acres of Fertile Land in Ontario County.

The Hon. John Dryden is dead. Few knew he was sick, although he has been nursed from public life for a few months. The news of his demise will come as a shock to hundreds of farmers of Ontario from Bruce to Glengarry. His long tenure of the office of minister of agriculture brought him into prominence all over the continent. But his best hours were spent upon the farm. He loved to steal away from the busy cares of the executive and spend a happy week-end on the old farm of his fathers, so happily situated on the seventh concession of Whitby Township. Situated on both sides of the maple-lined road, the farm consists of some 400 acres of choice land. The soil is a rich clay loam, rolling in character and well adapted for general agriculture and animal husbandry. Here his unpretentious yet commodious and comfortable brick residence, with its well kept lawn, was a most inviting place of retirement from the carking cares of office.

There is no better farming country to be found in Ontario. The soil is richly fertile. The view is magnificent, commanding the blue water of Lake Ontario, about ten miles to the south, and an expanse of country that is reached from Bowmanville on the east, where Senator Bell's Waverley farm has become famous in another direction, and the Scarborough Heights on the west, in all as goodly a farming reach of land as lies out of doors.

Mr. Dryden was distinctively a home man. Society offered him no inducements great enough to draw him away from Maple Shade. Often he was to be seen on a Sunday evening with his estimable wife, who, during his absence, enjoyed a drive over the good roads of his home township. Here he reared his fine family of five girls and one son. The red brick school-house that has the cognomen of Dryden's school was their first school-room.

Being in earnest in life, his attentions on the Sabbath were directed regularly to the work of the church and Sabbath school at Brooklin. Here his Bible class claimed him for years, and while he was immersed in great questions and pressing needs of agriculture during the week.

Those who did not know him intimately were often impressed wrongly, judging him to be a cold and unsocial person. But to know him was to read him differently, and to recognize that the heart that could enter into the splendid problems of agricultural life was just as true in its estimate of his friends. Just as his greatest glory was the success of the Agricultural College, so his only son's education was not complete without a course there. He has shown his good sense by taking hold of the work at Maple Shade, and his father has had no reason to drop, and the old family acre are producing better than ever, and her animals are improved with his added knowledge of the time.

PREPARING FOR FALL WHEAT.

The land in Old Ontario to produce good yields of fall wheat must be plowed deeply and well top-worked. Too much work upon the field is impossible. Present yields are averaging high.

BIG PEACH CROP IN NIAGARA "GARDEN"

This Year's Production of Peaches Promises Above the Average Returns to Our Fruit Growers.

STAMFORD, July 30.—(Special.)—Peaches promise a full crop in most of the Niagara townships. A trip thru the St. David's district reveals a remarkable vigor to the trees as well as a record peach crop. The freedom from insects and fungus pests so far this year is promising to the fruit growers. This absence of disease is due largely to the increased attention that has of late years been given to spraying. Where the peach orchards have been, thoroughly sprayed not much trouble is experienced in securing a good return.

Mr. Dalton of Niagara Falls South reports that all over the district the outlook is bright. Magnificent well cultivated fields of fruit are to be seen on every side. Mr. Munro has a hundred-acre farm entirely devoted to peach and apple raising. He believes in the thorough use of implements and disc and spade harrows, scufflers, plows and cultivating machinery are all made proper use of. The ten-acre peach orchards are just coming into bearing, and they form one of the prettiest views along the road to St. David's. Their vivid dense green foliage, above a weedless plot of reddish clay soil almost invites the passerby to trespass under their cooling shade.

The majority of farms here are small in extent. Although they may be only ten acres in extent, yet the magnificent residences and outbuildings, all of the latest style of architecture and design, attest forcibly to the productiveness of this fruit-bearing land.

It is an example of what intensive cultivation will do. These small farms return more gross revenue than do the big 100-acre farms of the grain and stock farmers of other parts of Ontario. Of course the returns are in small amounts, but careful attention to the soil and the use of implements and disc and spade harrows, scufflers, plows and cultivating machinery are all made proper use of. The ten-acre peach orchards are just coming into bearing, and they form one of the prettiest views along the road to St. David's. Their vivid dense green foliage, above a weedless plot of reddish clay soil almost invites the passerby to trespass under their cooling shade.

DIP THE HENS.

How many have tried dipping their fowls to kill body lice? If they do not end the lice question for a long time. Any good sheep or stock dip will do. Select a bright, sunny day, have the liquid slightly warm, take the fowls by both wings in the left hand, immerse all but the head, and with the right hand work the liquid into the plumage under the hackle and furry portions of the body so as to thoroughly soak every feather. Simply dipping the fowl is useless, as an examination will show that the underfluff is still dry—in fact, on account of the oily nature of the feathers, it must be well worked into the plumage to be effective. This treatment may stop egg production for a few days, but the red comb and increased egg production in a short time will indicate how they feel to be free from lice. The cost is about one-half cent per hen. At present prices one egg will pay the cost of dipping three hens. Try it, and, like the patent medicine advertisements read, "you will never be without it."—Exchange.

Dropped Dead at Work.

PRESCOTT, July 30.—(Eric Ericson, aged 50 years, dropped dead yesterday while he was at work. He was employed at the Dominion Lighthouse department as coopersmith.

He is survived by a widow and two daughters, at home, and one son, living in Ottawa.

Episcopal Movements.

The Bishop of Toronto will preach in St. Alban's cathedral, Toronto, both morning and evening. He leaves on Wednesday for the seaside, and will return at the end of August. Bishop Rowe returns to the diocese on Tuesday next and will attend to episcopal matters requiring attention during the bishop's absence.

THE DANE IMPORTS FEED FOR HIS LIVE STOCK

Immense Amount of Grain and Oil Cake Meals Are Bought by Danish Farmers.

In the Danish annual review of Animal husbandry for 1908, we can gather some idea of how the Danes do things. Owing to the very satisfactory prices obtained as well as a considerable increase in the production of the export of Danish butter brought home \$49,410,000, as against \$45,657,000 of the previous year. The pastures were good and the market for oil cakes and grain was high the relation between cost of production and price obtained for the butter was on the whole satisfactory.

The hog production exported amounted to \$27,685,670.00 against \$28,933,670.00 of the previous year, but the price has been low while the feed was high so the profit has not been as satisfactory as it ought to have been.

Beef and live cattle have also been low and scrub animals have been the bane of the trade. The total net value of beef amounted to \$3,991,000.00 (287,960,000 lbs) and 149,893 head of cattle valued at \$7,371,000.00.

The poultry export was less than the previous year and amounted only to 1,718,000 lbs., and 25,250,000 doz. eggs, valued at \$7,371,000.00.

Imports Over Million Tons.

This makes in all an export of \$100,605,670.00 worth of animal products, but the net import of feed stuffs amounted to 1,091,550,000 lbs. oil cakes, 104,830,000 lbs. bran, 575,520,000 lbs. corn, and 559,440,000 lbs. of other grain, in all 2,232,340,000 lbs.

The corn importation was 232,700,000 lbs. less than the previous year. Of oil cakes, the cotton seed and sunflower predominate as usual. There are some complaints as to there being too many bulls and cotton in the New Orleans cakes. Some of the sunflower cakes had also been adulterated with salt and sand.

The milk yield was fair wherever the cows had calved in the right season (fall) and where the supply of roots did not give out. The pastures were "very good" and there was some improvement in eking it out with concentrates. "The reason of the rather common general average yield of 550 lbs. of milk per cow," says the author "must partly be charged to the many farms where the summer feed is restricted to pasturage only, regardless of whether there is enough grass or not, but it is also due to the many poor individuals, the old saying that 'the cow milks thru her teeth' holds good.

"Better pastures eked out with soiling crops and concentrates should be the slogan.

Need Performance Pedigrees.

There are now 1216 breeding or "bull" associations with 1534 bulls, but the author complains that in too many of them they go it blind as regards the selection of the bulls, and he urges on the buyers to insist on information (authenticated) as regards the yield of the mothers of the bulls.

It may be of interest to note that the average price paid for 47 bulls of the Julund race was \$142.56 cash, varying from \$81.00 to \$226.75 and with guarantee and credit, while the average price for 23 bulls of the Red Danish race was \$174.00 cash, without guarantee, the average of these being \$48 with 1154 members, and 191,000 cows under control.

Grants to Fairs.

Ottawa Society Would Have Restriction Removed.

OTTAWA, July 30.—(Special.)—The executive of the Ottawa Horticultural Society is communicating with other societies in the province, with a view to ascertaining the sentiment towards the reduction of the provincial grants to a maximum of \$800 per annum to any single organization. It is found that the sentiment of other societies is against the restricting legislation representation will be made to the provincial government.

While the Ottawa Society is the only one in the province that will lose by the new restriction, it is thought that the other bodies of horticultural workers are also opposed to the measure, which was passed at the last session of the legislature.

Judge Roger Sworn In.

COBourg, July 30.—(Special.)—At Port Hope, before His Honor Judge Benson, G. M. Roger was sworn in as Junior Judge of the county court of Northumberland and Durham.

GROWTH OF GLYDE CONFORMATION OF TO-DAY

A Noted American Breeder Talks Comparatively of His Visits to the Highland Show.

Alex. Galbraith of Illinois, well-known to our Canadian Clydesdale breeders, has been over to the Highland and Agricultural Society's show at Stirling, and in an American exchange gives his surprises. He says: "The Highland and Agricultural Society again pays its periodical visit to the historical town of Stirling, from whose castle on the rock may be obtained on a clear day a panoramic view of surpassing beauty. No fewer than seven battlements are in sight, including the famous field of Bannockburn. The rich farming career of Stirling, like to the west, the eastward fine links of Forth stretch eastward towards the German Ocean, the Ochil hills rise immediately to the north, while in the background the giant Grampian Mountains like 'sleeping kings' complete a panorama that for beauty, variety and historical interest probably not excelled in the wide world.

The Show of 1864.

My first visit to Stirling and to a Highland show was in July, 1864. At that occasion several noteworthy Clydesdales were exhibited which it was my great privilege to see. The famous stallion Sir Walter Scott, fine links of the more celebrated Prince of Wales, was present, not for competition, but as extra stock. He was awarded the gold medal virtue of his having won first prize at the previous show of the Highland Society. This was a practice for many years in the stallion and bull classes, but was finally discontinued. What impressed my youthful mind principally about Sir Walter Scott was his phenomenal action, his regular temper and the fact that he was the only animal on the ground that was honored with a box stall. A medium-sized horse of excellent quality, he had no equal as a mover, but his temper was far from being amiable.

The Great Festival of 1880.

For Civic Holiday, what more delightful trip could be made than one to Lady Evelyn Hotel? Round trip ticket will cost \$10.25, and take you from Toronto via Temagami Inn and Bear Island to the end of the lakes. Fishing is good, and black bass from 2 to 5 lbs. are biting freely. Freshen lake trout was caught Thursday close to Bear Island and a 9-lb. pickerel a few days ago.

Numbers of prominent people are up here, including General Manager Muller of the Lehigh Valley; President of the Ontario Agricultural Society, Hon. E. J. Paine of Niagara Falls, Supt. O'Neill of Buffalo, and all are enthusiastic over the beautiful country.

Best trains leave Toronto 10.30 p.m. and 2.05 a.m.

GAS COMPANY LOSES

Must Pay Widow \$3000 For Death of Husband.

LONDON, July 30.—(C. A. P.)—The judicial committee of the privy council to-day dismissed with costs the appeal of the Dominion Natural Gas Co. v. Perkins.

About three years ago last February George Perkins was burned to death and J. H. Collins fearfully burned in an explosion of natural gas in the roundhouse of the T. H. & B. yards at Hamilton. Action was taken against the Dominion Natural Gas Co. and the railway company, and a jury awarded Collins \$7000 for his burns and Mrs. Perkins \$3000 for the death of her husband.

TO ABOLISH TOLL GATES.

COBourg, July 30.—(Special.)—At a meeting of about twenty representatives of the municipalities of Hamilton, Halton and Hope Townships and of the Town of Cobourg the question of applying for special legislation to render the removal of the tollgates more feasible on roads east and west of Cobourg and on the Baltimore toll road was discussed.

A committee was appointed to negotiate with the companies owning the roads and also to seek any necessary legislation.

The Lake Route to Western Canada.

The most attractive route is via the Grand Trunk Railway System, Northern Navigation Co. across Lakes Huron and Superior and Canadian Northern Railway Port Arthur to Winnipeg and the west, offering the best possible railway service and a "fresh water sea voyage" beyond comparison. Full information at city office, northwest corner King and Yonge-streets. Phone Main 4209.

REPORTS ALL INDICATE BUMPER GRAIN CROP

Vice-President of Canadian Northern Railway Receives Report For Period Ending July 24.

Let the weather be on its good behavior for three weeks more and the west will commence to garner one of the greatest wheat crops in its history.

D. D. Mann, vice-president of the Canadian Northern Railway, has just received the crop report, for the period ending July 24. It is one of the most universally hopeful ever sent from the prairie provinces. From a hundred or more reports a few reports may be quoted as indicating their general tone.

White Plains—Crops in fair condition. Harvest should commence second week in August.

Ochre River—Crops are doing well. Flumes—Wheat making good progress.

Dauphin—Wheat all headed out and filling well. Expect as good crop as ever was harvested.

Manitowish—If present conditions continue we will have a record breaking yield.

Kamsack—Present outlook for an enormous crop.

Alton—Wheat all headed out and filling well. Expect as good crop as ever was harvested.

Gilbert Plains—Crops of all kinds doing first class.

Dans—Grain doing fine. The same report from Vondoc and Aberdeen.

Warman—Every prospect of a heavy crop.

Dalmey—Farmers say crops never looked better.

Radison—Outlook good for heavy yield. Conditions never looked better.

Marshall—Crops in excellent condition.

Infreesee—Prospects good for a big crop.

Edmonton—Crop prospects could not be better.

Lethbridge—Every prospect of a big yield.

Underhill—All grains favorable.

Winnipegosis—All crops continue to do well.

The reports are gathered from the main line, Ridgeville, Emerson, Hartney, Miami, Carleton Place, Brandon, Winnipeg, Prince Albert, Regina, Saskatoon, and a dozen other sections, and there is not a discouraging one in the lot. In some cases old timers state that they are looking for a crop to exceed anything on record.

The fruit season is here, and with it the demand for SUGAR. When purchasing, insist upon having

DRINK MILLION GERMS

OMAHA, Neb., July 30.—The list of the series of typhoid tests have been applied to Sergeant Fuller and Privates Schmidt and Goodman of Fort Omaha, and they have been pronounced immune.

In June they were vaccinated with typhoid serum, and developed the disease in a mild form. Later they were vaccinated, but the serum did not work. Ten days ago they underwent the supreme test, that of drinking freely of a gallon of stagnant water into which one million fever germs had been added. The men were placed in the hospital and closely watched. They should have developed symptoms within five or six days. As none have appeared, they are now declared immune.

Free Receipt For Weak Men

Gentleman Will Send It Confidentially, Free and Sealed, Every Weak and Unable Man Who Writes for It.

I have in my possession a prescription for nervous debility, lack of vigor, weakened manhood, falling memory and lack of back, brought on by excesses, irregular habits, or the follies of youth, that has cured many a man who was in a state of nervous debility, and who was unable to do his right in their own homes—without any additional help or medicine—that I think every man who writes to request a copy of this prescription should have. I have determined to send a copy of the prescription, free of charge, in a plain, ordinary sealed envelope, to any man who will write me for it.

This prescription comes from a physician who has made a special study of men, and I am convinced it is the surest acting combination for the cure of deficient manhood and vigor-failure ever put together. I think it owes it to no fellow man to send them a copy in confidence, so that any man, anywhere, who is weak and discouraged with repeated failures, may stop drugging himself with harmful patent medicines, secure what I believe to be the quickest acting, restorative, uplifting, SPOT-TOUCHING remedy ever devised by man, and I will send you a copy of this: Dr. A. E. Robinson, 233 West 12th St., Chicago, Ill. I will send you a copy of this splendid receipt, in a plain, ordinary sealed envelope, free of charge.

EXAGGERATED EGO TO KEEP THAW IN ASYLUM

Justice Mills Ruffles Assurance of Slayer of Stanford White.

WHITE PLAINS, N.S., July 30.—It was the judge, not the prosecutor, who ruffled the assurance of Harry K. Thaw on the witness stand to-day.

When District Attorney Jerome finished his cross-examination during the morning session to-day, Justice Isaac Mills, at whose term of the supreme court the slayer of Stanford White is being tried, asked the witness a series of questions that in the judgment of many were more pertinent than any he had during the twelve hours Thaw had been on the stand.

Taking up the lead suggested by the court, Mr. Jerome dwelt further on the "exaggerated ego" at the afternoon session, quoting from opinions of alienists, and from the evidence of the witnesses, that the slayer of Stanford White was a man of a "delusional" mind.

Mr. Jerome's examination lasted all morning, but on the whole Thaw matched his questioner promptly.

Adjournment was taken to-day until Monday.

Evenly Thaw was in White Plains to-day, but did not appear in the court room.

Nothing tangible has developed in the report that she will bring suit for divorce.

COMMITTED FOR PERJURY

Rockport Men Charged With Making False Affidavits.

BROCKVILLE, July 30.—(Special.)—Newell Service, Fred Howarth, Rockport residents, charged with perjury in making affidavits to the effect that one Alexander Kirkwood illegally instructed in a polling booth in the Township of Escott Front on Jan. 4 last a voter named Cornelius McEwen to mark his ballot for local option, appeared for their preliminary hearing here to-day.

They were sent for trial, bail being accepted in \$200.

Rev. Thos. Leech took a hand in the game before the court adjourned by swearing out a warrant for the arrest of R. H. Service, father of Newell Service, on a charge of perjury. The evidence was in the court room, being one of the bondsmen for his son, and he was promptly taken into custody and arraigned before the justice.

Mr. Leech charged the jurors with making a false affidavit in swearing that he (Leech) at the poll where all the trouble occurred canvassed voters, advised for the passage of the by-law and showed voters how to mark their ballots. Service was acquitted to bail in \$150, and his preliminary hearing was fixed for next Friday.

Cheap Excursions to L.C.R. Seaside

Through special excursion tickets to St. John, N. B., Halifax, N. S., the Sydney, Prince Edward Island and intermediate points, also to St. John's, Nfld., on sale at Intercolonial Railway office, No. 51 King-street east, Toronto, for Aug. 3, 10, 11 and 12, 1909, at very low rates. Time limited for return, 30, 1909, from destination. Berths secured in advance and full information furnished on application.

"T" RAILS NOW.

"T" rails are being employed on College-street and Avenue-road, where the Street Railway are laying down new tracks. In the board of control meeting yesterday, Controller Hockett objected to the "T" rail on account of its destruction to wagon wheels after the brick or stone pavement had been worn into grooves on the inner side of the rails by horse drawn vehicles. Some time ago a stiff objection was made to the rails with "lips" on them, wherein ran the flanges of the car wheels, because of the inclination of narrow tired rick to stick into the grooves. As it seems that the same difficulty is likely to be encountered ultimately with the employment of any styled rail, no action was taken by the city's executive.

Drowned in the Gatineau.

OTTAWA, July 30.—While going to his summer camp on the Gatineau River late last night Albert Bourgeois of Hull fell from his boat and was drowned in sight of his wife and family. He was changing oars and stood up, becoming dizzy and fell overboard to his death.

"Victor" Shoes for Men

"One of the 'snappiest' models in the 'Victor' line is our \$5.00 patent colt blucher shoe—a piece of shoemaker's art. Every line and curve perfect. Every detail, from top to toe, reflects the modern custom style. Dull calf, blucher tops, outsoles, innersoles, toe boxes, heels and counters are of genuine oak-bark-tanned leather.

Price \$5.00

Copyright Novels, 2 for 25c

THESE stories were the best sellers a few seasons ago. The Pit and the Octopus are among them. You can afford to be liberal in the matter of books for your holidays when they are so cheap.

2,000 more just received of Nelson's Copyright Pocket Novels, prettily bound in cloth, red and gold, large type, good paper; some of these novels are in other editions at \$1.10. A few of the popular novels in this lot: "The Pit," "The Octopus," "The Recipe for Diamonds," "The Wages of Sin," "The Princess Fessenden," "The House With the Green Shutters," "Bob, Son of Battle," "No. 5 John Street." Besides these few, there are lots of others, including the following authors: A. E. W. Mason, Eden Philpotts, Mrs. Humphrey Ward, Annie Steel, W. E. Norris, Anthony Hope, Quiller Couch, Tarkington, Sara J. Duncan, Wells, W. W. Jacobs, and many others, 15c each, 2 for 25c.

(On sale New Book Department.)
