TRIUMPHANT PEACE FOR ALLIES NOW IN SURE PROSPECT

"Altho the end of the war may not be in sight, never have we stood in so favorable a position as tonight. ... The enemy is everywhere on the defensive, and there are signs of his material weakening and exhaustion." ---PREMIER ASQUITH.

FRENCH RETAKE FLEURY AND THIAUMONT WORK AT VERDUN

SLAV SOLDIERS MAKE ADVANCE OVER STOKHOD

Penetrate German Lines to River Stavok and Enter Village.

FOE LOSES HEIGHTS

Austrians Surrender Before Russian Attack South of Brody.

Special Cable to The Toronto World.
PETROGRAD, Aug. 4.—In severe fighting on the Stokhod, the Russians broke thru the German defence and fought their way to the River Stavok, a left tributary, encountered the Germans in an obstinate engagement, and in fighting with the bayonet, captured the village of Rudka-Miryanskala, 19 miles from Kovel. The Germans during the night attacked the village from three sides and, after the Russians had repulsed the attacks of the enemy, they evacuated the village and retired from 400 to 500 yards further to the east. Six hundred prisoners were taken by the Russians.

But northeast of Kovel the Russians crossed to the left bank of the Brody and captured a series of fortified heights from the Germans. The Russians also made a successful attack on the Austrians standing on the line of the rivers Sereth and Graberki south of Brody, and made 1000 prisoners.

"WE WALK," SLOGAN IN OLD MANHATTAN

Surface Cars Will Virtually All Be Motionless Today.

NEW YORK, Aug. 4.—Paralysis of surface car traffic upon Manhattan Island will be virtually complete before dawn tomorrow. Approximately 1500 employees of the New York Railways Co., which operates more cars than any other company in the borough of Manhattan, voted unanimously tonight to strike immediately for recognition of their right to organize and demanding a wage increase from 30 to 33 cents an hour. Another division of the company's motormen and conductors who are on duty tonight will meet at 2 a.m. Saturday to take a strike vote, and union organizers predicted they were certain to follow the course taken by their fellow employees.

WAR SUMMARY

THE DAY'S EVENTS REVIEWED

IN accordance with their plans of carrying on their offensive against the enemy by alternate sectional pressure, the French have shifted the fighting in the western theatre of the war principally to the Verdun sector. The mistake must not be made, however, of thinking that the recent and present efforts of the French round Verdun are merely to defend that town, which seems to have a magic name for some people because the Germans persisted so long in their Meuse offensive, for the campaign since spring has taken a new turn and the allies are now striking the foe offensively. The reasons why Verdun was chosen by Gen. Joffre as the second section for pressing the enemy are probably because it was from this front that the Germans drew their reinforcements for the Somme and because an advance in the Verdun region is a threat to Briey district, with its iron mines, and also to the ore fields of Lorraine.

The Lorraine iron ore fields, which passed into German hands after the war of 1870-71, without protest from Great Britain, herself to be the chief sufferer for permitting this transaction of brigandage, are the foundations of Germany's industrial greatness. These fields supply her with three-quarters of her iron, and without them it is safe to say that she would never have been able to make war on Europe. These ore beds have long since given Germany the leadership over British iron and steel production. Any threat, therefore, to these mines by an attack from Verdun is sure to provoke the most strenuous resistance from the enemy. He is bound to collect all the reserves available for defence of this sector of his battle line. By attacking the enemy north of Verdun Joffre knows that he will force the enemy to make his maximum concentration in that region. Then Joffre will attack him somewhere else to compel another concentration, with its consequent drain on German rolling stock and motor

NEW MOVE TO OBSTRUCT DEVELOPMENT OF HYDRO

Electrical Development Company Applies for Fiat to Open Way to Litigation Over Proposed Diversion of Water From Niagara and Welland Rivers.

The following statement was given out at the parliament buildings yesterday: "D. L. McCarthy, acting for the Electrical Development Company, made application yesterday for a fiat enabling the Electrical Development Company to commence proceedings against the Hydro-Electric Commission and the attorney-general to prevent the diverting of water from the Niagara and Welland Rivers in pursuance of the legislation authorizing the hydro commission to proceed with the development at Niagara. "Mr. McCarthy also attacks the legislation authorizing the Hydro-Electric Commission to regulate the use of waters by private companies at Niagara. "It is understood that Mr. McCarthy claims that the acts are ultra viros of the Province of Ontario. He will claim that the contemplated works under these acts are in violation of the international boundary waters treaty and are a serious infringement upon the contractual rights of the company. "Company's Contentions. "It is also understood that the company will contend that the contemplated works will be an interference with the rights of navigation and fishing and as such are proper subjects for Dominion rather than provincial legislation. "It is also understood that Mr. McCarthy gave formal notice of his application some time ago and has made his preliminary argument before members of the government. It is assumed, however, that the matter is of so much importance and is surrounded by so many difficulties that the final argument cannot take place for some weeks.

FIRE INVADES SCHUMACHER SOUTH PORCUPINE IN PERIL

Part of Schumacher is Reported Burned—Fire Hose Sent From Cobalt to South Porcupine—Englehart Not Endangered, Mayor Wires.

By a Staff Reporter.
COBALT, Ont., Aug. 4.—Fires have been reported between South Porcupine and Schumacher. It is believed that part of Schumacher has been burned. Fire hose has been sent to South Porcupine from Cobalt to assist in fighting the fire. It is not known yet if the fire is near any of the mines.

All Well at Englehart

The World last night received the following message from Mayor Errett of Englehart: "You can absolutely deny all reports that the women and children have been ordered out of the town. We have had no severe wind and there are no bush fires near the town. The only fires are burning on the ground and created only a dense smoke. Unless most unprecedented conditions occur there is no reason to expect any damage from fire here as what ground fires are burning near here are easily kept within control with plenty of water and fire equipment. Statements of people arriving from here in Toronto should be greatly discounted. While there is always a certain danger from fire there are no alarming conditions here at present and people remaining here are absolutely safe."

DASHING AIR RAID MADE BY BRITISH

German Aerodrome and Ammunition Sheds in Ghent Attacked.

MANY BOMBS DROPPED

Considerable Damage Reported—One Flight Lieutenant is Missing.

LONDON, Aug. 4.—British naval aeroplanes on Wednesday carried out a successful raid on a German aerodrome and on German ammunition sheds in Ghent, Belgium, says an official announcement given out tonight by the admiralty. The statement says: "On Wednesday successful attacks by a naval aeroplane squadron of bombing and fighting machines were carried out on an enemy aerodrome at St. Denis, and on his munition sheds at Meirlebeke. About two tons of bombs were dropped and considerable damage was done. "One of our fighting machines with Flight Lieut. Baurty is missing and is believed to have been shot down. The remainder of the machines returned undamaged."

SEVENTEEN PLANES USED.

AMSTERDAM, via London, Aug. 4.—The air raid on Wednesday by seventeen enemy allied aeroplanes, according to the Echo Belge, was directed against Ghent. Three groups of the invading aeroplanes attacked simultaneously three military points, the aerodrome at St. Denis, the supply station at Meirlebeke and the arsenal at Ghent. A great conflagration was observed at St. Denis, and it is believed many soldiers were victims of the attack, as the speedy arrival of Red Cross cars was noticed. According to the Echo Belge, 20 aeroplanes bombed the arsenal at Ghent and also other points, and several dead are reported.

SUBMARINE BOMBARDS CONSTANTINOPLE CITY

LONDON, Aug. 3, 1.36 a.m.—Constantinople and the suburbs of Kattaland Peninsula recently were bombarded by a submarine from the Sea of Marmora, according to Constantinople advices transmitted by the Athens correspondent of the Exchange Telegraph Co.

FRENCH FORCE FORWARD WITH VERDUN FIGHT

Twice Capture Thiaumont Work and Finally Retain It.

FLEURY FALLS AGAIN

Village, Given Up, Passes for Second Time Into Hands of Ally.

PARIS, Aug. 4.—In their revival of the offensive at Verdun the French looked in a desperate battle with the Germans, flowed forward again today after slightly ebbing in the morning, and retook the major portion of Fleury Village and captured all the Thiaumont work for the second time in 24 hours. The fighting is raging on the whole Thiaumont-Fleury sector. German attempts to dislodge the French from the territory they have just taken ended in failure. A total of 400 unrounded prisoners was taken by the French. The official statement says: "On the front of the Somme our artillery has bombarded enemy organizations. We destroyed near Enamein, to the south of Peronne, a German captive balloon. "Fought All Day. "The night carried with the fighting continued all day in the region of Thiaumont and Fleury, and to the northwest and south of the Thiaumont work. All attempts to dislodge us from conquered territory were unavailing, the enemy efforts resulting in heavy losses upon him. But in the course of a second offensive move our troops succeeded in capturing for the second time in 12 hours the Thiaumont work, which remains in our possession, despite several enemy counter-attacks. Fierce fighting is going on at Fleury. After having evacuated the whole of the village this morning as a consequence of several German attacks, our infantry returned to the village and the enemy is still retreating energetically. The number of unrounded prisoners made by us today is more than 400. "In the region of Vaux-le-Chapitre and Chenois violent bombardment took place, but there was no infantry action. "Thirty-four of our air squadrons (aeroplanes?) carried out several bombardments in the region of Verdun. Thirty-two bombs were dropped on the Stenay station and 84 on the Satory and St. Evousines in the region of Damvillers. "Belgian communication: "In the region of Dixmude the artillery fighting continued all day. Some local artillery actions took place at other points."

FOE PLACED ON DEFENSIVE IN EVERY THEATRE OF WAR

STIRRING CABLES RECEIVED FROM HAIG AND JELlicoe

British Commanders on Land and Sea Convey Expression of Confidence in Full Triumph on Occasion of Second Anniversary of War's Outbreak.

Mayor Church last night received the following cables from Sir Douglas Haig, commander of the British expeditionary force, and Admiral Sir John Jellicoe, in command of the British grand fleet: London, Aug. 4, 1916.

Mayor of Toronto: "The second anniversary of the war finds the British army, which now comprises units from all parts of the empire, acting on the offensive. The great army of working men and women at home and overseas have contributed very greatly to the result by their continued, hard work. The decision to take no general holidays until the objectives are obtained will certainly decisively affect the issues of the war in the coming year of struggle. Two years of desperate warfare in the trenches have still further increased the feelings of comradeship which bind us to our allies and have made us still more inflexible in determination to carry thru to victory the struggle which is now before us. We look forward with confidence to success and triumphant peace." Douglas Haig. London, Aug. 4, 1916.

Mayor of Toronto: "The second anniversary of the commencement of the war finds the British Empire with full confidence in the final result. This confidence is due to the fact that the cause for which we are fighting is just; also to the knowledge we possess of the fighting qualities displayed by the forces of the mother country and the empire beyond seas, and equally those of our gallant allies." Admiral Jellicoe. London, Aug. 4, 1916.

Sir George Foster Praises Men at Folkestone for Appearance.

LITTLE LIGHT ON NORRIS' POSITION

Premier Does Not Definitely Say if Candidature is Acceptable.

DIFFICULT SITUATION

Hard to Frame Temperance Measure to Meet General Approval.

Canadian Associated Press Cable.
FOLKESTONE, Aug. 4.—Sir Sam Hughes was received at the Canadian training division this morning. There were present also Gen. Sir Newton Moore of the Australian forces, and Messrs. Anderson, Caron, Steele, MacDonald and Leckie, also Sir George Foster and the following parliamentary delegates: Senator Dennis, Messrs. Armstrong, Shepherd and Nickey. Cavalry, artillery, engineers, several brigades of infantry, and Army Service Corps with motor and horses, and transport wagons in command of Colonel H. F. McLeod, Smart, Ashton, Cowan, Black and General Landry, marched past to the music of massed bands.

To Form New Divisions. Addressing the officers, Sir Sam Hughes said that two or three new divisions would be organized in England, providing work for the many excellent surplus officers who could not yet be accommodated at the front. He complimented the officers and men upon their splendid appearance, and said he was told by a wounded German soldier in New York that the enemy regarded the Canadians as amongst the best troops against them. He hoped to spend several weeks in England, and would visit all the Canadian corps and assist them in every possible way.

Sir George Foster, speaking at Sir Sam Hughes' invitation, said that he was not a military man, but that if he were, he would give a high rating to the men of good-looking and effective troops, then the men he saw before him were the finest body of troops he had ever seen. They were not to feel puffed up because he said these words. British traditions were said to be of high merit. Fighting for Belgium, then for France and then for the British Empire. But now they were doing battle for the world's ideals and liberties. Finishing he said: "I bid you, in the name of Canada, Godspeed, and may the God of Battles be with you. We trust to your endurance and valor and arms that you will be linked with the victories of coming days."

Great Meeting in London

Enthusiastic Over Messages of Triumph at Beginning of Third Year of War—"Toils Are Closing Around Enemy," Says Asquith.

LONDON, Aug. 4.—"We look forward with confidence to success and a triumphant peace," was the conclusion of an inspiring telegram from General Sir Douglas Haig, commander of the British armies in France, read at a packed meeting in Queen's Hall tonight to celebrate the second anniversary of war.

The Earl of Derby, under secretary for war, presided at the meeting, which was most enthusiastic and representative of all classes of society. Earl Derby read a telegram from Admiral Sir John Jellicoe, commander-in-chief of the British fleet which was similar to that sent by Gen. Haig. In a brief speech Earl Derby said:

"Notwithstanding our losses and the misery and anxiety caused by the war, the empire is just as determined as ever to see Germany militarily crushed. Altho the end of the war may not be in sight, never have we stood so favorably a position as tonight."

Ovation for Asquith. Premier Asquith received a tremendous reception when he moved a resolution expressing the inflexible determination of the people of London to continue the war to a successful end. The premier said that never in the tangled and bungled web of German diplomacy had there been an error so crucial in conception and so disastrously fatal to its authors as the idea that England would stand aside and allow France and Russia to be crushed by the Teutonic powers.

Proceeding to review the two years, Premier Asquith said the war had breathed a new spirit into the British nation, while there was nothing more remarkable during the past year than the success with which the entente allies had developed a common policy and a united plan, which had resulted in the present successful and vigorous offensive on three fronts on the theatre of war.

Foe Everywhere on Defensive. "Our navy," the premier continued, "with its ever-tightening grip, is throttling the life of Germany, and never in history has there been so demonstrative proof of the supreme importance of the command of the sea. The enemy is everywhere on the defensive. In no theatre has he attempted to regain the initiative, and there are signs of material weakening and exhaustion. Nor can we forget the reason why the allies should co-operate and maintain the struggle with increasing tenacity and unremitting will."

"The recrudescence of deliberate and calculated barbarity on the part of Germany indicates here the sense of desperation. The record of our latest strategies will blacken, and has even been strengthened, the annals of the German army. Nor can we forget the reason why the allies should co-operate and maintain the struggle with increasing tenacity and unremitting will."

Partnership of Nations. The premier was greeted with an outburst of applause when he repeated the statement he made in the house of commons, that the entente allies were considering how to deal with German atrocities.

"He concluded by stating that all the allied army staffs are agreed that the prospect of an allied victory have never been so bright and that the final result of their victory would be a great partnership of nations in the joint pursuit of a freer and fuller life for the countless millions who by the efforts and sacrifices of generation after generation have maintained progress and enriched the inheritance of humanity."

Andrew Bonar Law, the minister of state for the colonies, characterized the war as the most wicked the world has ever seen and declared Germany had forever lost the advantages which the years of preparation had given it.

Wild Beast at Large. The toils are closing round them, the minister said. "It is useless to talk about the latest German atrocities. We must do something, as a wild beast is at large. There is no good in appeal to the civilized world about it. There is only one thing to be done and we can do it—shoot it."

Mr. Bonar Law read messages from Gen. Louis Botha, premier of South Africa, and Lieut.-Gen. Smuts, commander of the South African forces, urging the continuance of the war with determination.

The resolution moved by Premier Asquith was carried by acclamation.

W. FAIRBANK RATEPAYERS SELECT NEW OFFICERS

Much Good Work Was Accomplished by Association During Year.

The annual meeting and election of officers in connection with the West Fairbank Ratepayers' Association took place last evening in Caledonia Hall, Caledonia avenue. The following were the officers elected:

President, J. C. Ryder; first vice-president, Chas. Lisle; secretary, Frank Glanfield; treasurer, J. McPherson; executive committee, J. Rogers, Harry W. Aitken, W. McKenzie, Alf Blowers and Samuel Peeler.

President Ryder, in reviewing the work of the association during the past year, said, considering the large number of members—almost four—York Township membership—who had gone overseas in the various battalions, the organization had accomplished much good work in the district.

Secretary F. Glanfield reported that arrangements were being made by the school trustees of School Section 15 to open the Caledonia Hall as a school for the children of the district during the summer vacation.

S. Peeler complained about the unsafe condition of the culvert at Fire and MacRoberts avenues, and stated that no measures could be taken to get the obstruction to delivery of any kind.

The York Township Engineer will be asked to give the matter immediate attention. Several new members were initiated, and the meeting closed with regular weekly meetings.

NEWMARKET CELEBRATES SECOND ANNIVERSARY

The second anniversary of the declaration of war between Great Britain and Germany was fittingly celebrated in Newmarket last night by a monster open-air meeting in the public square, presided over by W. A. Brunton, chairman of the war auxiliary.

Mayor Crane read a short address and presented Lieut.-Col. Brown, of the town, with a cheque for \$175.42, the gift of the Town of Newmarket. Of this amount \$765 was raised by the ladies of the town by the sale of goods. The money will be applied for field comforts.

Lieut.-Col. Brown replied briefly, expressing his appreciation and that of his regiment for the generous aid. Later the colonial presented the trophies won by the men of the 220th at the field sports at the Varsity grounds on Wednesday.

SHORTAGE OF MILK IS REPORTED BY DAIRIES

Reports from all over the southern portion of central Ontario indicate a shortage of milk. The cause is a general reduction in the supply of milk in five weeks ago.

Henry M.L.A. of the Farmers' and Settlers' Association, estimated the reduction in the supply of milk at 25 per cent over normal. At many of the country shipping points figures given indicate that the farmers have disposed of or reduced the number of their herd of dairy cows.

COME WITH US ON CIVIC HOLIDAY.

Have a Good Time on the Lake Shore—Success of St. Mary's Picnic a Foregone Conclusion.

The pleasant anticipation of future joys is one of the most fascinating things about a coming holiday, and to those who have decided to go to the great garden party and picnic of St. Mary's Church at Port Credit on Monday, a double dose of pleasure is assured.

It is essentially a real social gathering, where all will be certain of a hearty welcome to a full day of unalloyed pleasure.

The location of the grounds is ideal, right on the lake shore at Port Credit, and the refreshing breezes from the lake will be a welcome change to city workers. The trolley ride to the grounds, as we all know, is a panorama of beautiful lake and country scenery.

BOY FELL DOWN ELEVATOR SHAFT

Eleven-Year-Old Oswald Cummings Found Dead at Bottom.

Wanted to Raise Money That He Might Attend Niagara Picnic.

HAMILTON, Saturday, Aug. 5.—Lying at the foot of an elevator shaft, down which he had apparently fallen to his death, the body of 11-year-old Oswald Cummings, son of Mr. and Mrs. A. Cummings, 87 North Ferguson avenue, was found early yesterday afternoon on the E. Wright & Co.'s premises by some ladies playing in the vicinity. Coroner James Simpson was immediately notified and ordered an inquest, which will open today at noon.

A sad feature of the accident is that the young lad had only started to work Tuesday for the purpose of obtaining sufficient money to attend the company's annual picnic, which will be held at Niagara Falls today. Besides his parents he is survived by six brothers and sisters.

After not having seen her son for 10 years, Mrs. James Smith, 90 Francis street, received word yesterday that he had been wounded in action. Pte. P. G. Smith enlisted at Winnipeg with the 44th Battalion. His brother, Charles, is serving with the British navy.

THANKS FIRE DEPARTMENT.

Fire Chief Smith of the Toronto fire department has received a letter of appreciation from W. transport. After this process goes on for some time the German line may be expected to break.

A fierce engagement continues north of Verdun on the Thiaumont-Fleury line. The French surged forward yesterday after the evacuation of Fleury Village, reformed the greater portion of it and had for the second time in 24 hours the Thiaumont work, and made more than 400 unaccounted prisoners. At nightfall they still retained the Thiaumont work and the greater part of Fleury. The battle was furious to the north-west and south of the Thiaumont work and all attempts of the Germans failed to dislodge the French from the territory occupied by the enemy to the advance. Energetic resistance is still being made by the enemy to the French onsets. Several bombardments in the region of Verdun were carried out by French aeroplanes. These dropped 32 bombs on the Stenay station, 34 on the Montmedy station and many others on bivouacs in the Domvillers region.

At Pozieres the British troops, by capturing trenches to the north of the town, have come in close touch with the enemy. Around these positions a great many German dead. One hundred prisoners fell into our hands. The Germans, being nervous, threw a curtain of fire southward of Pozieres nearly all day, and they shelled the southern portion of the line with one at St. Eloi and exploded another near Auchy on his own wire crater. This, says Sir Douglas Haig, "seems to indicate some nervousness among the enemy's miners."

British aeroplanes retain the supremacy of the clouds as a result of an engagement between four British and seven German machines. In a 45 minutes' action the Germans had three of their craft driven down. Two of the British machines failed to return.

Altho the enemy retired to new and shorter lines to defend Kovel and Lemberg in the eastern theatre of the war only the other day, the Russian pressure against him has already begun to bring results again, fortified heights on the western bank northeast of Lemberg, captured from that stream to the Stavok, a western tributary, and won and evacuated a village 10 miles from Brody on the Germans, advanced a furious attack on the Austrians south of Brody on the Serezh-Graberki line, taking already 1300 prisoners. It is said that the German general, under the direct will do all in his power to make his men fight till the last, for he is one atrocious to Russian prisoners. It is the object of the allies to have all these criminals tried for their offences against humanity after the war.

Regardless of pledges to Washington, Germany, which has been surreptitiously carrying on submarine sniping of innocent traders and fishing boats, has resumed her submarine warfare with great vigor and has sent about a score of ships in a day or two. Since Roosevelt has not been nominated for president it is probable that Washington will remain inactive this time. It will have to be a desperate and atrocious deed to bring forth another White House note.

Since the Deutschland has passed out to sea with her cargo of nickel and rubber for Germany it may be remarked that as she was of a type never employed for commercial purposes in time of peace, it would be certainly a stretch of neutrality for Washington to recognize her as a merchantman. Moreover, as a ship built especially to avoid visit and search, it is within the legal province of the British navy to sink her on sight and to ask and answer no questions about her.

The Separate Skirt, An Essential for the Holiday

The Call of the Country, the Lake Shore, the River is Ever Resounding in Our Ears at This Season, and for the Woman Who Would go Holidaying With as Small a Wardrobe as Possible, the Separate Skirt is the One Essential, for With a Middy it Becomes an Outing Frock, and With a Lingerie Blouse it Befits a Quite Different Occasion.

New York Sample Skirts, Half-price, \$4.95 to \$10.00

THE AWNING STRIPE OF PREVAILING MODE, the serviceable, washable Jersey and the light weight taffeta skirt are most prominent among these imported models, practically every one being in individual style.

A RAINBOW TAFFETA—if dull violet and blue can be said to make a rainbow when they shade imperceptibly together and have fine line stripe of brighter hue—is shirred very full at the waist with a ruffle heading. A half-inch awning stripe showing different hues with white is made in flare style with pockets.

A DIAMOND CHECK of green and white is cut in voluminous style, and gathered below a wide "crush" girdle fastened at each side with huge pearl buttons.

CASCADES WITH CONTRASTING LINING OR PIPING are notable on several taffeta skirts; some have an overlay section at the top of the belt to repeat the bright hue of the trimming. Panniers are shown on others.

A striped pongee in natural and rose is one of the most attractive skirts with its decorative use of large pearl buttons. All half-price, to-day, \$4.95 to \$10.00.

BLACK TAFFETA SKIRTS made with shirred yoke and heading, and with roomy pockets makes an excellent garment for train or boat wear; sizes 22 to 30 in. On sale to-day, \$5.00.

The Younger Generation Holidays in White or Colors

The Wiles and Fascination of Flimsy Voile With Lace and Insertion as Added Charm are Nowhere Displayed so Bewitchingly as Enhanced by the Dimples and Rosiness of Six or Seven Years. But all Occasions do Not Allow Apparel of White, and for Those Others are Featured True Holiday Frocks of Colored Gingham.

GUIPURE INSERTION forms a bolero effect on a white voile frock, and the coatee is extended in the front to form square tabs insertion-edged, under which passes the dainty belt of baby blue or pink. The tiered skirt has insertion and lace trimming. Sizes 6 to 14 years. Price, \$2.95.

A MEDALLION OF HEAVY LACE is inset to form a deep yoke in another white voile dress; tucks and insertion form added ornament. Sizes 6 to 14 years. Price, \$1.98.

GIRLS' DRESSES REDUCED TO 79c for quick selling Saturday morning. Very pretty styles, for holiday wear; one has pleated skirt, shoulder straps, sailor collar and cuffs of plaid gingham, and plain chambray blouse; the two wide, shoulder straps and loose belt give a very smart effect. Another style is of good quality chambray, with plaid collar and belt, and white four-in-hand tie; colors blue, pink and tan. Sizes 6, 8, 10, 12 and 14 years. On sale to-day, 79c. —Third Floor, Yonge St.

Half-price Means Rapid Selling Women's Imported Dresses, \$7.50 to \$17.50

OUTING FROCKS OF SHANTUNG and silver-bloom, as well as sheer organdies, voiles and nets in fascinating array, are here, and each and every one is marked by that indefinable chic, which seems the sign manual of the imported gown. Striped silverbloom is one of the materials, plain Shantung or pongee with trimmings of stripes make some of the handsomest frocks—one especially smart being priced at only \$10.00.

GREY AND WHITE DRESSES are shown in charming styles, some with black girdles and collars, others with embroidery in colors or white.

CROSSBAR MUSLINS and plain colored or white voiles combine with bands of flowered or figured or polka-dot voile in gay, summery hues.

LINGERIE FROCKS OF WHITE NET with insertion and ruffles galore are fascinating in their reasonable flimsiness. Bands of embroidered organdy are a decoration which increase the bouffant effect of other net dresses.

AMONG THE MORE ELABORATE GOWNS are creations of shadow lace combined with taffeta and messaline occasionally given a touch truly Parisienne where groups of tiny French flowers nestle among the lace ruffles. Among the group are found many which are very charming, and all are reduced. On sale to-day, half-price, \$7.50 to \$17.50. —Third Floor, James St.

Fluffy Blouses Which Are Immensely Smart

Moderately Priced at \$5.00

The Soft Falling Jabot is Chief Among Frills and Fancies, But Some Blouses Feature Other Decorations, All Being of Fashion's Latest Contrivance, for These Are New Arrivals in the World of Waists, for Wear With Separate Skirts.

CREAM PILET INSERTION gives a quite unusual touch to one blouse; the front is scalloped and buttonholed and bands of wide double hemstitching suggests Mexican drawn work on the front.

A FRILL WITH EMBROIDERY in French effect and a wide square collar, both edged with dainty Val, rivals in interest the sleeve with its elbow puff and turn back pointed out; this also of white voile.

AN EFFECT OF HARDANGER EMBROIDERY makes a unique and delightfully flimsy frock in a white voile blouse which shows also touches of French embroidery and buttonholed scallops down the front.

All these are of exceptionally fine, sheer voile, and represent very good value. Price, \$5.00.

Crepe de Chine Blouses Saturday, at \$1.98

THE SAVINGS ARE CERTAINLY WORTH COMING FOR EARLY—it's a holiday opportunity. The crepe de Chine is fine, and the blouse is fashionably trimmed with hand embroidery; a long-sleeved model, in sky, flesh, navy, grey, white and black. Sizes 34 to 44. Reduced price, \$1.98.

Middy Blouses at 50c

Women's, Misses' and Children's Middies, of all-white middie cloth; some have convertible collars, with lacings and braid trimmings; others with banding, and tie of self to match; short sleeves; children's sizes 5 to 14 years; women's 16 years to 40 bust. Price, 50c. —Third Floor, Centre.

Misses' Shantung Silk Middy Suits at \$3.95

NEVER BEFORE have we offered these attractive middy suits at so low a price. They're the very essence of good style in the outing costume, and being fashioned of shantung, are more than ordinarily popular. A practical purchase one would be for the holiday and for the many warm days later on; for school wear, too, they should prove most satisfactory. An excellent Shantung silk is made with the middy in new style, having panel back and loose belt at sides and front. A smart feature is the striped material which forms the collar and adorns the cuffs and belt in small tabs; pearl buttons form the fastening down front. The plain skirt is of extra width; in color natural combines with trimmings in stripes of green, rose or navy. Sizes 14 to 20 years. Special to-day, \$3.95. —Third Floor, Albert St.

THE T. EATON CO LIMITED

PLAYS, PICTURES AND MUSIC

AT LOEW'S THEATRE.
The veteran character, James Grady, and his company in "At the Toll Bridge" will be the feature at Loew's Theatre the coming week. There are few dramatic stars in vaudeville who can point to a record like Grady's, which includes 27 years on the American stage, in many successful productions. His sketch is a splendid story, cleverly told, with laughter and tears intermingled, and the wonderful acting of Grady standing out as the big feature. An added attraction to this bill will be the popular pair, Jim Brown and Della Jackson, in "The Clubman and the Frigate." This team played Loew's about a year ago and scored a big success. The pair are motoring to Toronto from New York in their big new six-cylinder Studebaker car, which they always use for travelling between cities. Sherman, Van and Hyman, the great Chicago trio, will offer the latest song hits as only they can sing them, featuring the ragtime selections, Charlie Chaplin, in "Quinine Trio," a clever young man and two shapely girls, will offer a sensational aerial acrobatic novelty, "Horn and Ferns" will offer one of the most unique singing acts on the stage, and the Vespo Duo, musicians, besides the latest release of the world's greatest selection, Charlie Chaplin, in "Quinine A. M." and another installment of the ever-mysterious Iron Claw will complete the bill.

REPERTOIRE AT STRAND.
Today is the last day of the Pick-

an excellent show. In the Hippodrome it is always cool.

AT THE STAR.

The attraction at the Star Theatre for the next seven days, commencing Saturday, Aug. 5, will be the newest edition of the Tipperary Girls, presenting "A Night in a Harem," a musical extravaganza, with a cast of forty people. The burlesque scene is laid in Morocco, which gives opportunity for scenes of oriental splendor, as well as picturesque costumes. The company includes funny Billy Gilbert, who needs no introduction to local burlesque lovers; Harry Stratton, Eugene West, Jack Oakley, Ann Montgomery, "the song bird from the Pacific coast," Gullah Kennedy, a forty-horsepower soubret, and Ida Nicoli. The sensational feature will be the offering called "Blanchy." This feature is not a moving picture, nor is it a dancer. Another big feature will be the reproduction of the famous painting, "The Fall of Babylon," with beautiful living models.

AT THE MADISON.

Two stars at the Madison Theatre next week, Ann Pennington, the little sensation of the "Follies," during the first half of the week, and Blanche Sweet for the week-end should keep the up-town theatre full for every performance. In "Susie Snowflake," a story of the musical comedy stage, the diminutive star makes her first screen appearance. From all reports "Susie Snowflake," as she is known, is going to create even a bigger sensation on the screen than she did on the stage. Blanche Sweet is too well known to need praise, but her vehicle, "The Depe," is a play of the highest merit, full of thrills and powerful situations. It is a play that reveals many social situations of great interest. The

usual comedy and topical numbers have been chosen with the usual care.

BIG BILL AT STRAND.

For Monday (Civic Holiday) and the following days a very strong and well-acted bill has been arranged at the Strand Theatre, where the new stage setting continues to evoke much admiration. Charlie Chaplin will head the bill in his latest and greatest success, "One A. M." It has been remarked that every photo-play in which Charlie has appeared of late is better than the last, and there can be little doubt about the fact that "One A. M." is about his best yet. "The Destroyers," with Lucille Lee Stewart in the leading role, will be presented. This is a tense and thrilling play of the great north. A splendid modern problem play of the popular "Who's Guilty" series and a fine installment of the Strand Weekly will round out the bill.

"PALS" BATTALION MOVES EASTWARD

Second Unit Leaves Camp Borden to Complete Training Elsewhere.

ALL TORONTO MEN

Enthusiastic Send-Off Given by Soldier Comrades as Trains Pull Out.

By a Staff Reporter.
CAMP BORDEN, August 4.—The 124th "Pals" Battalion of Toronto, left here on two C. P. R. trains this afternoon to continue its training at a point further east. This battalion is the second to leave Camp Borden. General Logie, Col. S. C. Mewburn, A.A.G., Lt.-Col. H. C. Bickford, Lt.-Col. J. E. Campbell and Major G. C. Wilson, A.D.S.T., were the officers of the headquarters staff to direct the entrainment of the battalion. The first train left at 2.15. There was hearty cheering by other battalions of the Fifth Brigade, including the Bantams and American Legion, who accompanied the "Pals" to the camp depot. The "Pals" were played to the train to the strains of "Men of Harlech" played by their brass band. It is just seven months since the 124th was formed. Its members have had training in Toronto and at Niagara Camp as well as about one month here. The Pals Battalion is entirely a To-

ronto unit, its members all being recruited within the city's limits. All of its officers except two are Toronto men. Its commanding officer, Lieut.-Col. Vaux Chadwick, has also been brigadier to the 5th Infantry Brigade in Camp Borden.

Major H. Ardagh is second in command of the Pals. "A" company is commanded by Major John Thompson, "B" company by Major J. Leitmer, "C" company by Major N. B. McLean and "D" company by Major Geo. Molesworth. Major R. W. E. Jones is adjutant of the Pals; Rev. Capt. Burns of Toronto, chaplain; Capt. McPherson, medical officer; Lt. C. J. Ryley, machine gun officer; Capt. Thimm, paymaster, and Lt. P. E. Williams, signalling officer.

Telegraph Operators Needed. Owing to the scarcity of telegraph operators available for military purposes and the great number of operators required in the divisional signal company, all telegraph operators who have enlisted in the C. E. F. have been requested by the headquarters staff to make application to transfer to the divisional signal companies as required. Commanders of battalions have been asked to do all in their power to facilitate such transfers.

Quartermasters' Association. The Camp Borden Quartermasters' Association has just been formed. It is the largest and strongest association of its kind in the Canadian army. The following officers have been appointed: Hon. secretary-treasurer, Capt. Cooch, 216th Bantam Battalion; president, D.A.A.G. and Q.M.S., president, Capt. "Joe" Thompson of 208th Irish Battalion; secretary-treasurer, Capt. Cooch, 216th Bantam Battalion; president, Capt. Routley, 118th Battalion; general committee, "Terps" Gilpin, 244th; Miller, 177th; Davoy, 114th; McLeachlin, 147th; Fullan, 213th; Law, 198th; Tait, 173rd; Kelly, 149th, and MacGregor, 142nd.

The formation of this association gives an opportunity for co-ordination of work and exchanging of ideas. The 27th, Sudbury, and Sault Ste. Marie, Battalion will come into camp here soon. Lt.-Col. A. F. Jones commands it. The total of cases in camp hospital is 202. Most of the cases are of a minor character. Twenty-five patients were transferred to the base hospital in Toronto today. A new scout training course started today under direction of Lieut. A. F. Coventry, Divisional Signaling Officer. A total of 18 subalterns selected by the C.M.R. Cyclists and 110th, 122nd, 162nd, 176th, 177th, 182nd and 294th Battalions will attend it. Thirty-seven men of various battalions in camp have been discharged today most of them on account of medical unfitness for active service. One was struck off because he was a Greek reservist. Two or three officers and N.C.O.s will be selected from every battalion in camp to attend a special course in musketry starting at the camp ranges next Wednesday. Headquarters announces today that owing to harvesting leave, etc., it is impossible in many battalions to carry on bayonet fighting and physical training with the required "continuity" under the present organization by platoons. In such cases the instructors in the battalion will be pooled and posted to 10 or 12 classes. The men will be posted to the classes according to their proficiency. It is probable that either a central incinerating plant or plants in each brigade area will be built. This will do away with the present arrangements of carting the waste away and feeding it to pigs, and also be more economical. Many hats are made this summer on frames which are covered with fabric, such as linen, tulle, pongee, and Georgette crepe. In this way remnants and "left overs" can be used up by the girl who is clever about her clothes.

GENEROUS RESPONSE MADE BY ONTARIO

Premier Gives Summary of People's Part in Great Struggle.

TO RENEW RESOLVE Urges Citizens to Exert Every Power to Help Crush the Enemy.

According to a statement issued by Premier Heurtz yesterday Toronto has given \$7,237,709 toward patriotic purposes since the war commenced.

In this second anniversary of the declaration of war it may be interesting to note the generous response that has been made by the people of Ontario to appeal for men and means to help the allies in the great struggle for human liberty and civilization.

Already nearly 150,000 men have enlisted in this province—a force almost as big as the whole British army at the outbreak of the war. Our contributions to the Patriotic Fund have reached \$5,537,128.

To the British Red Cross Fund we have given \$1,514,000 and to the Canadian Red Cross Fund we have given in cash \$984,565, as well as many contributions in kind.

These facts are not recalled as a matter of pride, but as an incentive to still greater efforts. The war as developed into a far greater struggle to appeal for men and means to help the allies in the great struggle for human liberty and civilization.

As a province and as a people we will not have acquired ourselves of our full duty until we have done—as I am sure we will do—our utmost to exert every power we possess to crush the enemies of the empire and restore the reign of law and order in the world.

LOCAL MEN NAMED IN CASUALTY LIST

Three Killed, Two Died of Wounds and Thirteen Hurt—Yesterday's Report.

ONE OFFICER WOUNDED Lieut. Bevan, Who Won D.C.M., is Reported in Honor Roll.

The names of 19 Toronto men were contained in yesterday's casualty list.

Pte. J. C. Irwin, 291 George street, is reported to have died of wounds. He enlisted for active service a year ago in the 3rd University Corps.

Pte. A. G. Cuss, 41 Verrill avenue, was killed in action on July 10. He enlisted with a draft from the Q.O.R. first contingent.

Lieut. W. H. E. Bevan, son of Rev. Canon W. Bevan of Niagara Falls, who, while a sergeant, won the D.C.M., has been wounded.

Pte. H. M. De Trafford, 492 Bloor street, is reported wounded. He belonged to the Q.O.R. before enlisting with a Toronto battalion of the second contingent.

Pte. Henry Dawson is officially reported the worst wounded. He enlisted in March, 1915, and has been in the trenches since last October.

Driver A. Douglas Reid, 397 Huron street, has been severely wounded and has been admitted to a hospital at Toronto.

A Raw Deal for Young Officers

What looks like a rather raw deal has been handed out to a large number—probably 200—young officers in the recently recruited battalions. The Ottawa authorities have decided that the supernumeraries and assistant adjutants and junior majors, authorized earlier in the year, will not be allowed to go overseas with the battalions to which they have been attached.

"Dire Need for Strengthening Our National Life," Says Bishop Sweeney.

AT ST. JAMES' CATHEDRAL

Anniversary Service Attended by Returned Soldiers and Prominent Citizens.

Earnestly condemning the pleasures of life which interfere with an appropriate recognition of God's goodness, Right Rev. Bishop Sweeney, delivering the principal sermon during the services in commemoration, intonation and thanksgiving on the second anniversary of the declaration of war in St. James' Cathedral, declared that "splendid and permanent victory" would not come until there was a universal return to God.

TORONTO LOSES IMPORTANT CASE

Privy Council Decides in Favor of Consumers' Gas Company.

CITY RECEIVES CABLE

Long Legal Procedure Involved More Than Ten Thousand Dollars.

A test case involving some \$10,000 has been lost by the City of Toronto by a recent decision of the privy council, according to a cable received by the legal department at the city hall.

The case arose out of the city having the Consumers' Gas Company move one of its mains on Eastern avenue to make way for a trunk sewer. The city paid the company for moving the main and later tried to get the money back thru the courts, and the matter has been the subject of legal procedure for over two years.

ESTIMATE DEATH LIST BELOW TWO HUNDRED. Government Officials Believe Toll of Northern Fire Greatly Exaggerated.

NORTH BAY, Ont., Aug. 4.—S. J. Manchester of the registrar general's department, Toronto, and Dr. George, of the provincial board of health, arrived here today from a visit to the local registrars in the fire area in order to ascertain in what manner the deaths are being registered. The gentlemen were greatly pleased with their efforts to obtain all data necessary to be reported regarding the dead. In fact the amount of detail obtained exceeded that which might have been expected owing to the wide area over which the fire spread and the unorganized state of the registrar's office, which suffered a similar fate to all other properties in the devastated district. The number of deaths, they are convinced, will not reach higher than the two hundred mark, allowing liberal estimates where definite information is lacking.

TO LIBERATE BELGIUM. Solemn Pledge Repeated in Message Sent to King Albert.

LONDON, Aug. 4.—King George today telegraphed the heads of the entente allied states on the occasion of the second anniversary of Great Britain's entry into the war as follows:

"On this, the second anniversary of the commencement of the great conflict in which my country and her gallant allies are engaged, I desire to convey to you my steadfast resolution to prosecute the war until our united efforts have attained the objects for which we in common have taken up arms."

"I feel assured that you are in accord with me in the determination that the sacrifices our valiant troops have so nobly made shall not have been offered in vain, and that the liberties for which they are fighting shall be fully guaranteed and secured."

To Liberate Belgium! King George also sent the following message to King Albert of Belgium:

"I desire to assure you of my confidence that the united efforts of the allies will liberate Belgium from the oppression of her aggressors and restore to her the full enjoyment of her national and economic independence."

"I also desire to convey my deep sympathy in the grievous trials to which Belgium is so unjustly subjected and which she has borne with such admirable fortitude."

BASEBALL

THREE PITCHERS GOT SOUND HAMMERING

Shocker Driven From Mount—Bisons Gather Sixteen Hits and Ten Runs.

The Leafs might just as well have taken a holiday yesterday. They were never in it, and the Buffalo Bisons had a merry afternoon running the bases. They defeated our boys, 10 to 2. To make it worse, they drove our best bet, Shocker, from the mound in three and two-third innings. Eight hits and five runs were scored off him in this time, and it was easily seen that Shocker was much below his usual form. His record now stands at fifteen won and three lost. Russell was only used to finish out the innings, and then Manning went the rest of the game.

The most pleasing feature, from our point of view, was the fact that Lefty Schrage did his usual daily stunt of helping out the boys. Lefty was sent in to hit for Russell in the fourth, and repled with a spanking home run, which scored a run. Good old Mac got a deserving hand from the fans.

Ed Murray was back at work in centre field. Smith pulled a muscle loose on Thursday and will not be able to play for a few days. Blackburne was again at short, and Trout at third. Manager Birmingham looked after the left field. Manager Joe was the only Left to collect two hits.

Bidston got himself into many holes, but good support kept him out of danger, and the heavy club work of his teammates would have done him no harm. Kopp, Gill and Wilder were the heavy hitters for the victors.

It was in the third that the herd opened up on Shocker. Three singles, a double, a sacrifice, a walk and a double-steal counted our runs. They came right back at him in the next round and drove him to cover. With one away, Kopp and Gill singled, and the latter stole. Jackson raised to Murray, and Shocker forced in a runner. He was benched, and Russell took up the burden with every corner occupied. He pitched a perfect run, and then O'Neill singled to score two more. McDonald was caught trying to make third on the throw.

Two singles and two sacrifices counted one off Manning in the eighth off Manning. The tenth run in the eighth off Manning.

Ear Truesdale had led in the first. Birmingham singled and Murray walked. Graham lifted out, but Thompson beat an infield popup. On the second, Ear Truesdale rolled out with every base occupied. A chance lost. Truesdale doubled to open the third, but a double-play killed any chance of a score. Truesdale led second before a fly ball was caught and was an easy out.

Our two runs were sent over in the fourth. Graham singled, Birmingham walked, Blackburne came along with a four-corner knock, and Kelly waited for a fly ball. Birmingham scored on the play. McGinnis was sent up to hit for Russell, and singled by bounding over the fence. Ear Truesdale scored the second run. This ended our session, for the Leafs could do nothing with the pitcher.

Pitcher Maripede reported yesterday and was in uniform.

AIR RAID BY FOE
UPON SUEZ CANAL

LONDON, Aug. 4.—A bombardment of shipping on the Suez Canal by hostile aeroplanes was announced today in an official statement. The official statement says: "The enemy aeroplanes dropped a large number of bombs in an attack on shipping on the Suez Canal (75 miles south of Port Said), and the Town of Ismailia, on Thursday. No damage was done. An avitak was brought down and wrecked in a combat with a British machine on Wednesday near Salmalia."

COULD GIVE SITE FOR NICKEL PLANT

Mayor Church Endeavoring to Bring Industry to Toronto.

SAYS CITY IS ASLEEP

Should Have Industrial Board to Look After New Business.

"What's everybody's business is nobody's business," said Mayor Church yesterday to a reporter of the Toronto World in reference to the proposed Ontario plant of the International Nickel Company. He believes that Toronto can provide the best site for this plant of any place in Ontario, in Ashbridge's Bay district.

There is not, said his worship, an organization in Toronto to look after getting industries to locate here. Twenty-six million dollars is being spent on harbor improvements, and yet no attempt is being made to obtain new industries. The city has been leaving the matter with the harbor commission, and said he, "the harbor commission is asleep."

For the past two weeks he has been following up this matter and has been in touch with Hon. J. D. Field, and in the absence of many of the departmental heads, who are away on vacation, is endeavoring to bring this industry to Toronto.

The mayor felt very keenly the city's need for an organization that would give its attention to bringing new industries to Toronto, and intends to bring the matter to the attention of the board of control at their next meeting with the object of forming an industrial board for the purpose.

Hamilton and other places, said his worship, had been busy for the last month trying to obtain this industry, and while Toronto is asleep some other place with a less suitable site may get the plant.

CHICAGO RED CROSS CONTRIBUTES.

It may not be generally known that the Canadian Red Cross Fund of Chicago some time ago contributed the sum of ten thousand dollars to the headquarters in Toronto. In replying Noel Marshall expressed the opinion that the sympathy thus extended tends to confirm the belief that the great American nation is in sympathy with Canada in the cause she is fighting for with the allies.

J. A. NORRIS SAYS HE IS GOVERNMENT CANDIDATE

He Represents Views of Liquor Merchants, Declares Hotelman.

James A. Norris, the insurgent Conservative candidate in Southwest Toronto, considers himself the government candidate. He aptly says, "If I am not, who is?" And as he points out, any member of the legislature has the right to propose an amendment to the Liquor Act, as he proposes to do if elected.

Several hotelmen were asked yesterday if Mr. Norris' views were acceptable to the liquor interests, but only one had anything to say on the subject. J. E. Laxton, Ocean House, said he thought Norris' views were right. Asked if he represented the retail liquor merchants of the city, he replied: "I represent their views, not the merchants themselves."

CITY HELPED MANY.

Six Hundred and Ninety-five Persons Applied During July For Relief.

Six hundred and ninety-five persons applied for relief to the city relief office during the month of July. Five hundred and twenty-eight of these were admitted to city hospitals, 39 to the consumptive sanitarium and 4 to the Home for Incurables. Burial orders were issued to four, one was sent to the House of Industry and seven were sent to the Children's Home. Eleven families were given provisions, and 13 received transportation.

Those who are sent to the hospitals on city orders are contributing towards their support, and last month this sum amounted to \$765.50.

FILED AN INJUNCTION.

Dr. J. M. Cotton Objects to Noise From Machine Shop on Bloor St.

Justice Masten yesterday heard the case of Dr. J. M. Cotton, who filed an injunction against the Ontario Motor Car Co., restraining it from conducting repairs of machines and the manufacture of munitions in its Bloor street building. The doctor holds that he is unable to study or enjoy his home because of the noise.

CEMENT MADE IN CANADA RECORD FOR MONTHS

Continued Liquidation, Both Locally and in Montreal, Was Responsible.

The Toronto market yesterday was exceptionally dull, with little in the way of a feature outside of Canada Cement, which registered a further loss on persistent liquidation, making a new low record for over four months, at 55. It rallied half a point on the close.

Ames-Holden was stronger, presumably on the showing made by the de-clarer of a feature outside of Canada Cement, which registered a further loss on persistent liquidation, making a new low record for over four months, at 55. It rallied half a point on the close.
