

CAPT. KEEFE'S WOUNDS SHRAPNEL; NOT SERIOUS BUT RECOVERY SLOW

Cable About Gallant St. John Officer Came From Dr. MacLaren

A cable came to John Keefe today from Dr. Murray MacLaren in relation to his son, Capt. George Keefe, of a local battalion, who was, a few days ago, reported slightly wounded. The cable reads: "George, shrapnel right arm and back. Slow recovery, but not serious. Progress favorable."

POPULAR MAIL CLERK AND MISS TERRY WED

A wedding of interest to numerous friends was solemnized this morning at six o'clock in the Cathedral of the Immaculate Conception when Rev. Wm. Duke, rector, united in marriage Miss Lou Josephine, daughter of Mr. and Mrs. W. W. Terry, and William Joseph Wood of the mail service. The bride, who was given away by her father, was charmingly gowned in embroidered net over white silk, with satin and pearl trimmings, veil and orange blossoms, and carried a shower bouquet of roses. She was attended by her sister, Miss Annie, who was attired in pink silk de Chine over embroidered Georgian net with large picture hat to match, and carried a shower bouquet of pink carnations. Jack Wood of Boston, brother of the groom, was best man.

PRETORIAN ARRIVES

The Allan liner Pretorian docked at Glasgow at 4 p. m. on Monday.

AT ST. PETER'S

Work of installing a new lighting system in St. Peter's church is progressing. Men are also engaged placing a new concrete walk in front of the church.

NOT YET FOUND

Although grappling operations were continued today the body of Miss Constance McGivern, who was drowned in the Kennebecasis river last Saturday afternoon, was not recovered.

FOR BRITISH SAILORS

Contributions for the British Sailors' Relief Fund have been received by Mayor Hayes as follows: Previously acknowledged, \$460; Chief Justice McLeod, \$60; St. George's Society, \$25; John P. Macintyre, \$25.

FURTHER PROGRESS

The "Dollar Day" Committee met this morning in the board rooms of The Retail Merchants' Association. Details of organization were gone into and strong sub-committees appointed to carry through the work, so as to make this a big August shopping event.

MANY MOOSE

Woodsmen report seeing many cow moose, a larger number in proportion to males than usual. The animals are very plentiful. On a recent morning High Sheriff John O'Brien of Northumberland was awakened by the noise that came from a yard adjoining his house. In fact everybody was aroused and the household turned out to see what the trouble was. Then the visitors decamped.

MAJOR FISHER IN CITY

Major C. M. P. Fisher of the 98th Battery, now encamped at Petawawa, arrived in the city today to spend a few days with his parents, Mr. and Mrs. W. S. Fisher. Major Fisher, in speaking of the Petawawa Camp, said that there were more men there this year than ever before, and that things were running very smoothly. Without a doubt it was a fine camp.

WINS PRAISE FOR GETTING GILLETTE

When it was announced that William Gillette would appear before the camera in film versions of his great stage successes, "Sherlock Holmes" and "Secret Service," critics everywhere congratulated the movie folk on obtaining his services. They all expressed surprise that these two classics of the stage had not been filmed before. As a matter of fact, Mr. Gillette received and refused them all until he was persuaded to accept by George K. Spoor, "Sherlock Holmes" at Imperial next week.

"The Flying Torpedo" will create a sensation in the city on next Friday and Saturday at the Gem. Only two other pictures ever made equal it. One is the "Birth of a Nation" and the other is "The Birth of a Nation" in conception, startling in the effects produced, gripping in intensity of interest. It is a tale of war and the need of preparedness. The scenes are stupendous and awe-inspiring.

STRIKING PICTURE FOR MID-WEEK AT GEM

"The Apaches of Paris," at the Gem tonight and Thursday is a melo-dramatic tale of the kind we all like once in a while. It is reasonable in the Paris underworld. A startling drama of a kind seldom seen outside the haunts of these people of the lower strata, is a feature. Also pictures of recent news events and a big chapter in "The Strange Case of Mary Page." That's a programme hard to beat.

THE NICKEL QUESTION

(Toronto World, Cons.)

We are told that the British Admiralty for some reason wants our Canadian nickel ore to be refined in New Jersey, as apparently we have no facilities for refining in Canada and insufficient facilities exist in Britain. Why the Home Government could not have put up a refinery in the last two years no one has been good enough to explain; why the

Canadian government or the British Admiralty has not put up a refinery during the same time also remains a mystery. But if it is necessary to refine some Canadian nickel ore in the United States for the British admiralty, said ore should be shipped as the property of the Canadian government and it should be brought back as the property of the Canadian government to Canada, and it should be for Canada to distribute it in the imperial interests.

You Girls Who Work

The constant pounding and pressure of your hard boot heels bring severe body fatigue. If you will place cushions under your heels—rubber cushions—Cat's Paw Cushions—your fatigue will be lessened.

You will walk out of the store or shop or office at the close of your working day with a light, lively step.

CAT'S PAW RUBBER HEELS

Made of the best live rubber and with *Canvas Friction Plug*. This makes them slip-proof and the canvas is hard enough to overcome that "stealthy" feeling which ordinary rubber heels give.

You need the lively step, the increased vigor, the improved carriage, and the safety these perfect heels with their famous canvas plug will give you.

Made in all colors and sizes. 50c per pair attached. Look for orange colored box and black cat.

The French say he will be pensioned for life when the war is over—if he lives to see the end of it.

LOCAL NEWS

The annual meeting of the school trustees of District No. 8, Simonds, was held at East St. John last evening, with H. B. Peck in the chair. It was decided to provide adequate school accommodation for the school there, so to avoid the need for the children making the long journey to the city.

A meeting of the executive committee of the St. John Automobile Association will be held soon, to take organized action against the persons who have been sprinkling tales about the city, evidently to cause injury and loss to the motorists. The organization will make every effort to round up the culprit.

Warren C. Sabeau was arrested last evening by a military patrol and was handed over to the police authorities to answer the charge of absenting himself from the 140th Battalion. Upon request of Major Perley the case will be dealt with in the local police court.

Gunner Sydney Wyatt narrowly escaped fatal injury last evening in Prince William street when, in some unaccountable manner, he was knocked down and pinned under a street car. Wyatt had gotten under the front truck, but fortunately escaped the wheels. The accident happened almost at the foot of King street. The soldier was crossing the street in front of the car and was next seen underneath the truck. How it happened is not really known, but the promptness of Motorman King saved the man's life. He was removed to a hospital where it was found that he was quite badly injured, but was resting comfortably. He was a member of 3rd C. G. A. and belongs to English.

THE MODERN WAY TO FURNISH HOMES

In these days of Pullman sleepers, no one would think of using a prairie schooner to cross the country. With modern plumbing facilities, nobody takes clothes down to the river to do washing. The old way of doing things gives place to the new. It is the same way with furnishing a home. No one thinks of doing without furniture in the home. We make it possible to have not only the necessities, but what is modern and in good taste, at Amland Bros.' low prices.

Power House Is Approved

But County Council Must See Plans Before Money is Voted For New Heating Plant; The Quarterly Meeting

A recommendation that the commissioners of the General Public Hospital be permitted to erect a new power house for that institution, containing also a laundry and electric lighting plant for the hospital, at an estimated cost of something like \$80,000 was given a general approval by the municipal council at their quarterly meeting yesterday afternoon. The vote of approval was limited, however, by the provision that the detailed plans and specifications should be approved by the council before the money is voted.

John A. Howard, elected at the recent by-election in St. Martin's, in place of the late Councillor Robert Connelly, was sworn in and took his seat. The warden was then attended to the fact that Councillor Thompson had forfeited his seat by absence from two consecutive sessions but this was smoothed over by voting the councillor leave of absence for the period.

Grants of \$1,500 to the Soldiers Comforts Association; \$1,000 to the Veterans Association and \$100 for the care of stranded foreigners were voted.

Revisions not previously elected were selected as follows: Simonds, Councillors Stephenson and Shillington; St. Martin's, Councillor Howard; Musquash Councillors Dean and Thompson.

On motion of Councillor Turnkey Boves was voted an increase of salary to put him on the same basis as other turnkeys.

The county secretary asked if some arrangement could be made by which the officials would not be called upon at all hours of the day to issue checks.

The matter was referred to the finance committee with power to act.

The secretary's request that the chairman of the finance committee be authorized to sign checks in his place in his absence was also complied with.

DIAMONDS CARRIED ON THE DEUTSCHLAND

Desire to Dispose of Gems From Former Colony in Africa One of Chief Reasons For Submarine Trip?

London, July 18.—A despatch to The Chronicle from Amsterdam says that the real significance of the German submarine Deutschland's voyage to America will probably be found to lie in the one word "diamonds." It will be seen later, the despatch says, that the voyage marks the accomplishment of a purpose which the Allies hitherto were able largely to thwart and to control. It had long been the object of Germany to realize the value of the huge stock of diamonds from her late colony in Southwest Africa.

Stringent measures had been taken in Holland to prevent the exportation of these German diamonds. Experts were constantly examining the stones in order to decide the place of origin of diamonds intended for export. Nevertheless some German diamonds have been smuggled out of Holland for America.

Liberal Advisory Committee Discusses National Problems

Representative Men From All Parts of Dominion Confer With Sir Wilfrid Laurier; Party United on Great War Issues

(Special to The Telegraph.)

Ottawa, July 18.—Some two-score of representative Liberals from all parts of the dominion assembled in the capital today on the invitation of Sir Wilfrid Laurier, to advise with him as to the problems of Liberalism and the national work of the party in dealing with present problems of statesmanship, and in preparing to meet the problems which must come up for solution as soon as the war is over. The Liberals present are members of the national Liberal advisory committee, formed a year ago on the suggestion of Sir Wilfrid, and organized at last year's meeting into committees for the study of the various problems of constructive statesmanship. Since then, each committee has been at work securing data and advising as to the best means of furthering national interests and preparing the way for the assumption of administrative and legislative responsibility when the Liberal party is again entrusted with office at the federal capital.

Today's meeting was confined largely to general discussions of the various matters of national policy which have been before parliament during the past few sessions and which are looming up for consideration next session.

It goes without saying that the Liberal representatives met with absolute confidence in the leadership of Sir Wilfrid Laurier, and with absolute confidence also that it would not be long before he would again lead a Liberal government in Canada.

Those attending the meeting were: Right Hon. Sir Wilfrid Laurier, Hon. W. S. Fielding, Ottawa; A. K. MacLean, K. C. and G. Fred Pearson, Halifax; F. B. Carvell, M. P., Woodstock (N. B.); O. Turson, M. P., Bathurst (N. B.); E. M. MacDonald, M. P., Picton (N. S.); Hon. Senator R. Dandurand, Montreal; Ernest Lapointe, M. P., Fraserville (Que.); Hon. Alex. Tachereau, Quebec; Hon. Sydney A. Fisher, Ottawa; Hon. Senator J. M. Wilson, Montreal; Philippe Paradis, Quebec; A. Yerville, M. P., Montreal; S. Letourneau, M. P., Montreal; Hon. Geo. P. Graham, M. P., Brockville; F. F. Parize, M. P., Sarnia (Ont.); Hon. W. L. Mackenzie King, Ottawa; P. C. Larkin, Toronto; Gordon D. Conant, Oshawa (Ont.); Thos. McMillan, Seaford; Geo. H. Watson, K. C., Toronto; John Muir, Brantford; Hon. Walter Scott, Regina; Hon. J. A. Calder, Regina; J. G. Turf, M. P., Regina; John Bain, Ottawa; Alex. Smith, Ottawa; A. R. McMaster, K. C., Montreal; S. K. Jacobs, K. C., Montreal; Stewart Lyon, Toronto; J. E. Atkinson, Toronto; H. B. McGivern, Ottawa; A. K. Cameron, Montreal; Hon. Chas. Murphy, M. P., Ottawa; Hon. W. G. Mitchell, Montreal; Sir F. W. Promotions In 115th Rumored

Report at Valcartier Camp is That Several of Interest Are to be Made

During the coming week the 115th Overseas Battalion, C. E. F., will devote all their time to trench digging, trench warfare and musketry. The men are looking forward to the work as it will be more interesting than the usual drill and routine training. The following officers have been granted a few days leave of absence: Major Kinnear, Major Peters, Captain Ingleton, Lieut. Short, Lieut. Pickard, Lieut. Dever, and Lieut. Fitzrandolph.

Major Hubert Stethem, of the N. B. Brigade Staff, has been giving a series of lectures to the officers of the 115th Battalion on the routine and work of a battalion at the front, from his own experiences. These lectures have proved interesting and instructive and of especial interest to the officers of this battalion.

It is rumored that certain important promotions are about to take place in the battalion. These will be announced soon.

The inoculation of the battalion is now finished and the medical examination of the officers and men about completed. Those who were found medically unfit are being granted their discharge or else transferred to some unit for home service.

132 Battalion.

The 182nd Battalion, C. E. F., are supplying the markers and butt-men for the ranges for Monday, and on Tuesday and Thursday they will carry out their musketry on the ranges.

Lieutenant J. C. Wilson, 78th Regiment, has been appointed as officer in charge of base details of the 182nd Battalion.

145th Battalion.

The 146th Battalion, C. E. F., have been brigade duty during the last week. This week they will carry on with their training on the plateau. It is expected that they will also devote a certain amount of time to musketry on the rifle range.

165th Battalion, C. E. F.

Lieut. Colonel D'Almeida is expected to return soon from Aldershot, where he has been taking a course of instruction. Major Blazette is at present in command of the battalion.

Captain Reis has been granted a week's leave of absence and has left for Halifax.

It is understood that Captain Reis is to be transferred to the new Construction Corps which is being formed in Halifax, where he will be given the appointment of adjutant. Captain Reis has been with the 165th since its formation and has worked very hard organizing the orderly room and office work of the battalion. All will be very sorry to lose him. He has been granted leave.

CLOSING OF HALIFAX SALOONS HAS EFFECT ON GENERAL BUSINESS

Halifax, July 17.—All misgivings concerning the harvest are at an end. The whole Dominion promises a bountiful crop and this province will not be behind the others.

Travelers report a loosening up already and a good autumn trade is anticipated.

It is gratifying to note that there has been no falling off in industrial activity during the past fortnight. Indeed, the reports from the larger manufacturing centres are of the most encouraging nature.

Labor is still in demand throughout the province. The farmers complain that there is very little help offering. So many of the young men of the farm have gone to the front and so many of the many men who usually took up this line of work during harvest time have also gone with the colors, that the farmer is almost entirely left to his own resources. This, however, may right itself in time.

The farmer is by means alone in this particular. Skilled workmen are scarce and wages are high. There are no idle men in the towns or villages and there are none in the city. Every man who wants to work can do so and at good wages.

In Halifax city there is very little change to report. Times are good, even better than a fortnight ago. The closing up of the liquor saloons has had a marked effect so far as the retail stores are concerned. The people who formerly spent money for intoxicants are now investing it in food and clothing. The number of men thrown out of employment by the closing up of the liquor establishments has not made a dent in the

Fanatic Kills Four

Chicago, July 18.—A negro religious fanatic, H. J. McIntyre, becoming violently insane today, shot four persons to death, wounded three, and was himself killed, with his wife, after 150 police had dynamited the house in which he was barricaded.

The police found an explanation of McIntyre's deed in a note which he left scrawled in lead pencil on a soiled piece of wrapping paper.

"The Almighty God has made me a prophet unto all nations and also my wife, Hattie McIntyre," ran the note. "You shall know that the Lord has sent me to gather unto the Lord the remnant of the Odoioe seed."

Canada's Relations With West Indies

The Question of a Customs Union Discussed; Maritime Merchant Points Out Serious Obstacles in the Way

(Maritime Merchant)

A recent issue of the Canadian-West Indies Magazine contains an interview with Mr. T. B. McAulay of the Sun Life Assurance Co., in which Mr. McAulay states: "Would it not be possible to establish a Canadian-West Indian Customs Union, which would give to the islands every trade advantage which they would obtain by actual confederation with the continent, and which yet would not introduce elements of political danger? I mean a customs arrangement by which tariff barriers would be completely abolished between Canada and the islands, and a tariff on a basis to be mutually agreed on applied to all imports from outside countries, with of course full Imperial preferences as already allowed? Would not that give every commercial advantage which would arise from confederation? Would it not avoid the political difficulties of confederating peoples whose interests are not identical? Would it not be simpler, surer, less opposition, and be easier of accomplishment than actual confederation?"

The "Merchant" is disposed to think that while it may be possible for us to arrange a mutual tariff preference on certain articles which would be the products of the two countries, a customs union would bear so heavily upon the West Indies that they could not stand it. Cheap labor is one of the main essentials of the development of the natural resources of the British West Indies and you can not have cheap labor unless you have cheap living. Practically everything that the West Indian wears or eats comes from abroad and if you handicap him with the average tariff of this country, which is fairly high, it is easy to see what will happen to him. He would demand higher wages, which the sugar planter, who is in competition with the world, could not pay. And so on. One has only to visit the shops in Bridgetown, Port of Spain or Georgetown to see that Canada is not in a position to supply these countries with the hundred and one different articles which they require, and if we were to talk to their owners about confederation or customs union with Canada, they would simply laugh at it as an absurdity. The future of the West Indies is largely bound up with the development of its sugar industry. Within ten years the production may reach a million tons a year, and if it does, where will it find a market? We are not using one-third of that which the present time and can scarcely expect to use 50 p. c. of it in ten years' time. The speculation is that the sugar-cane country will become the largest customer of British West Indian sugar; that instead of buying German beet, British consumers will turn to the West Indian cane sugar. Is it likely, therefore, that the West Indies will want to tie up with us in the face of such a prospect? It is likely that they will want to increase their cost of production to the amount of the tariff income which we receive as a result of their trade with us. We think we had better abandon further the tariff income which we receive as a result of their trade with us. We think we had better abandon further the tariff income which we receive as a result of their trade with us.

HELP WANTED

SERVICE FIRST WANTED GIRLS WITH GOOD EDUCATION TO LEARN TELEPHONE OPERATING

TELEPHONE OPERATING requires special knowledge and training which is given in the School for Operators. Not only is this instruction given without charge, but the company pays you a salary while you are learning. In many lines of work a girl has to give her time for several weeks, or even months to learning a trade, and often in addition has to be fitted for a position, she frequently has to wait more weeks or months before she can secure one.

Upon successful completion of the Telephone School Course, you are assured of a position at once. Rapid promotion to responsible positions is possible for girls with ambition and intelligence, who are alive to requirements of a present day business woman at salaries in excess of most other lines of business. Age 16-25.

Apply to Local Mgr., 10 a. m., 1 p. m. THE NEW BRUNSWICK TELEPHONE CO.

BIG SHELL ORDER FOR CANADIAN FACTORIES

Ottawa, July 18.—The announcement today that the Imperial Munitions Board has received from the British government further orders for \$35,000,000 worth of heavy shells for delivery early in 1917 brings good news to Canadian factories for shells and high explosives up to over half a billion dollars. The new order includes mainly six-inch and 9.2 inch shells.

CANADIAN SOLDIER DIES FROM HEAT AT PARADE

Are "Arduous Side-shows Necessary. Asks Montreal Paper" (Toronto Telegram.) Yesterday's immense movement of troops at Camp Borden did not end in cheers for Sir Sam Hughes, minister of militia, as Ottawa militia bands, accepting similar performances of the past as a precedent, had anticipated. Instead of being the recipient of showers of applause the head of Canada's militia affairs was loudly "booed" on the final march past and later on, while standing at the railroad station he was jeered by a large section of troops.

(From the Montreal Mail.) A soldier at Camp Borden, Ontario, died from the heat after being paraded in front of Sir Sam Hughes and a party of his friends. Are these arduous side-shows absolutely necessary? The weather at present is exceedingly trying, and men dressed in shak, carrying a heavy rifle and other equipment, are subjected to the worst of it. If it is not an essential part of the soldier's training to be loaded up with equipment and marched around for hours in the blazing sun, at various times, while bands play and amiable spectators look on from under Panama hats or from the shade of silken parasols to be "thrilled"

On the Safe Side. Mother—If I give you a dime, Charlie, will you keep it to put in the plate Sunday or spend it selfishly on yourself? Charlie—I will let you know mamma, after I have given it to—

Bradstreet's Report on The State of Trade

(Bradstreet's) Seasonal influences, which usually affect the larger lines during the heated spell, never were so negligible as now. Hot weather has made it uncomfortable for men in industry to work continually at high speed, and at the same time the normal desire for vacations has probably cut down operations in numerous enterprises, but notwithstanding this a relatively noteworthy degree of activity prevails. Speculative buying, predicted heretofore on fears that there would not be enough materials to go around, has, however, largely disappeared, and the situation is all the healthier for this. Most experts agree that prospects point to a continuance of good business through an indefinite period, with little or none of the disturbance incident to a presidential year in evidence. Salesmen are again taking to the road for fall orders, business already booked is encouraging, and as retail dealers, save in a few flooded sections of the south, have done extraordinarily well with summer goods, jobbers have likewise profited. Interior merchants in most parts of the country being optimistic in the manufacture of tobacco and cigarettes, heavy buying by foreigners of Maryland leaf tobacco, activity in turning out trunks, bags and leather goods, the long depressed carriage manufacturing industry reports the best business in years, and half-pool mills, hosiery plants, paper and cardboard manufacturers and numerous other industries are working at high speed. As an incident of the active and high-priced market that prevails, rather than make the yards up into cloth, Wool, already high, is even higher, and further advances are expected. Advances made on new lightweight cloth are small in proportion to the rise that has taken place in raw wool. Industrial operations, particularly in steel making, are active, even though hot weather has hampered work, but, on the other hand, the lumber industry in the south and far northwest is curtailing output, and it seems as if some of the munitions factories have been reducing forces, partly because orders have been finished and partly because more machinery has been substituted for hand labor.

However, complaints of a scarcity of labor continue, and farmers are now feeling the pinch in this respect. New buying of steel comes largely from foreign sources, the orders indicating an admixture of war's wants with materials used for constructive purposes. Crop reports, barring those coming from the Gulf sections of the south and reports of black rust emanating from the northwest, are favorable. Railroad traffic is heavy, and the largest surplus ever reported for any previous like period. Bank clearings greatly surpass those of one and two years ago. At this time last year war orders were diffusing activity in widely separated lines. Money is firmer, demands better and deposits at some points are decreasing, but at the metropolis funds placed by trust companies seem to have prevented the market from maintaining the full advance. The stock market reflects bullish operations, which apparently are shifted from one group of stocks to another when and as conditions are deemed proper.

RECENT DEATHS

Henry Anthony. Henry Anthony, a well known resident of Red Head, died last night after a short illness. Mr. Anthony has been a resident of Red Head during his long life of sixty-eight years. He was able to attend to his work as usual up to Monday and was apparently in his usual health. He was well known in St. John and his numerous friends will mourn with regret of his death. He is survived by his widow, five sons and two daughters. The sons are Leslie, Frederick and Lloyd, at home; Obbe, in Montreal, and Harold, of the 11th Battalion. The daughters are Mrs. J. Fred Belyea, of West St. John, and Miss Julia, at home.

Patrick Pyle. Many friends in the city will learn with regret of the death of Patrick Pyle, which occurred yesterday at his home in Egbert street, after a lengthy illness. Mr. Pyle was a familiar figure about the city market. He is survived by his wife, one son, Thomas, and brother, Thomas. The funeral will be held on Thursday afternoon at 2:30 o'clock from his late residence.

Frank L. Theall. The sudden death of Frank L. Theall last evening will be mourned with genuine regret by a host of friends, particularly in West St. John. Death came to Mr. Theall while in Cedar Hill cemetery, where he and Mrs. Theall had gone last evening to devote some time in fixing up the family lot. In the absence of Mrs. Theall, who had gone to a nearby doctor's establishment, Mr. Theall suffered a paralytic stroke and died shortly afterwards.

Mr. Theall was born in West St. John and lived there for the greater part of his life. Up to recently he was gateman at the west side ferry dock and in that capacity was well and favorably known by the majority of west side citizens. Of late Mr. Theall has been retired and

Clothes May Not Make the Man,

but they certainly go a long way in the impression he makes on other people. It has never been so true as it is today that a man, to hold his position among people, must at least be dressed in the clothes which custom dictates as correct for the moment. Now the ready-to-wear clothes of the present day are not at all as they were ten years ago. They are modelled so closely on the lines of the garments produced by the most correct custom tailors that it is difficult to detect the difference in many instances. The style of cut, as well as the materials are quite correct, and the workmanship is also of the best in the clothes carried by such houses as these. As an argument, we are showing a very complete line of men's ready-to-wear clothes at prices from \$10 to \$30. We feel sure that you will agree with us that it requires astonishingly little money to be quite correctly dressed.

has been residing at 171 Main street. Early last evening he and Mrs. Theall went to Cedar Hill cemetery, as stated above. Shortly after that time was stricken Dr. Ellis was called but despite all that could be done he passed away shortly afterwards. Besides his wife, Mr. Theall is survived by one daughter, residing in the neighborhood of Bathurst (N. B.) Mr. Theall was sixty-nine years of age.

Peter P. Russell, for the past two years a resident of St. John, died at his home in DeMains street, West St. John, yesterday morning after a lengthy illness. Mr. Russell was a native of Seal Cove, Grand Manan and had spent most of his life on that island where, for many years, he has been in business. A few years ago he removed to St. John and became manager for the Quoddy Coal Company. When the advisory committee in connection with the fisheries was appointed some four years ago by the federal government, Mr. Russell was appointed a member of the committee and continued to serve until ill health obliged him to retire two years ago. He then removed to this city, where he had no more than a passing interest in the fisheries. He was a member of the Church of England and had always taken an active interest in church affairs. Mr. Russell was a member of an old Grand Manan family. He is survived by several relatives on the island. His wife, formerly Miss Welch of Deer Island (N. B.), survives, also three daughters and one son. The son is Hazzard, member of the staff of the Bank of Nova Scotia in Newfoundland, having been transferred to that post three weeks ago from Picton where he had been in the employ of the bank for several years. The daughters are Miss Freda, a graduate of the U. N. B., who has been teaching in Montreal and the Misses Grace and Caroline, at home.

The body was taken to Grand Manan by the steamship Grand Manan, yesterday and interment will be made at his late home in Seal Cove. Miss Freda Russell accompanied her father to the day and interment will be made at his late home in Seal Cove. Miss Freda Russell accompanied her father to the day and interment will be made at his late home in Seal Cove.

Miss Carrie Caldwell, aged thirty-three years, died at her home in Woodstock yesterday after an illness of three years. She was very popular and widely known and was the president of the Ladies' Auxiliary, A. O. H.

Mrs. Abbie Waters passed away on Monday forenoon at the home of her daughter, Mrs. John Nelson in Bangor. She was seventy-seven years of age, and is survived by five daughters and one son. Mrs. Philip Bonifan, St. John, N. B.; Mrs. Edward Smith, Patauket, N. B.; Mrs. John Nelson, Miss Addie Waters, Bangor; Mrs. Andrew Skinner, Halifax; George Waters, Bangor. The interment will be at Fredericton, N. B.

William McGrath of Newcastle is dead. He was 81 years of age. He is survived by a widow, formerly Miss Black of Newcastle, two sons, Ernest of Boston and William, a member of the 12th Battalion at Valcartier, and three daughters, Mrs. John C. Woods, Misses Margaret and Ceelia at home; also the following brothers and sisters: Michael of Orono, Me.; Valentine and John of Chatham; Joseph of Pocomoke; Mary (Mrs. Luke Muzzrall), Octave (Mrs. J. Hiebert) of Chatham.

ENGAGEMENT ANNOUNCED Mr. and Mrs. G. A. Dodge of Moncton announce the engagement of their daughter, Alice Gertrude, to George William Jamieson, marriage to take place early in August.

CHAT WITH MAYOR ABOUT VALCARTIER

"Of course camp life is not so comfortable as home but the men seem to be very well satisfied with their surroundings. The accommodations here are better than those at Valcartier," said Mayor Hayes this morning, speaking of his trip to Camp Valcartier.

His monthly report on the progress of the big camp and put in most of his time among the officers and men of the 102nd and 103rd battalions.

There is much competition among the units in the work of making their quarters attractive looking.

The 140th has been ordered to the earth terrace has been erected and on it appear the regimental crest, the battalions number and the name of the unit.

London, July 19.—Lloyd's announces that the British steamer Wiltonhall, 3287 tons, has been sunk. She was unarmored. She was struck by a torpedo on May 15. She was owned by the Wiltonhall Steamship Company, Ltd., of Bristol.

Copenhagen, July 19.—It was announced today that two more neutral vessels had been torpedoed by the British Navy Agency says they were the Dutch iron ship Denula and the Swedish schooner Bertha and that their crews were landed at Nyberg.

London, July 19.—Lloyd's reports the French steamer Ville De Rouen, 4721 tons, and owned at Rouen, sunk by a submarine.

Amsterdam, July 19.—The Dutch shipping council, which investigated the torpedoing of the Dutch steamer Blijdijk last April 7, off the Scilly Islands, finds the steamer was struck by a torpedo constructed at Fiume, the naval base of Austria-Hungary on the Adriatic.

Stockholm, July 19.—It is reported here that the British steamship Adams, 3228 tons, has been sunk by a German destroyer off Ahus, Sweden, while on a voyage from Finland.

The Angelo sailed from Wilmington, Del. June 4 for Spezia, Italy, reaching that port on June 25. She was 356 feet long, of 3269 tons gross.

The Evangelistria, 2312 tons gross and 284 feet long, was owned in Syria. She was last reported on her arrival June 6 at Savona, Italy, from Barce.

BIG AND LITTLE BOYS PLAYING THE GAME

Mat Donohue was the umpire at the baseball game in the working boys' league at the Peters' playground, foot of Hanover street, last evening. He knows the game, for he used to play with the Halifax Socials before getting into the game in St. John.

Further down the field, at the angle behind Aberdeen school, Herb Kinney last evening umpired the game in the small boys' league, and it possible it is more exciting than the other.

There were 228 boys, by actual count, on the Peters' playground one evening last week, when an exciting game was in progress.

In the day time, G. Lewis Porter has two boys leagues, playing a series of games that are growing in interest.

There are three teams in the larger boys league, playing in the afternoon. The Rovers have thus far won two games, the Victors two and the Roses one.

In the small boys league playing in the morning are also three teams, the Red Sox, Giants and Cubs. The first named have won the first three games.

A Message to Thin Weak Scrawny Folks

An Easy Way to Gain 10 to 30 Pounds of Solid, Healthy Permanent Flesh.

Thin, nervous, undeveloped men and women everywhere are heard to say, "I don't get fat. I eat plenty of good nourishing food."

What is needed is a means of gently leading the assimilative functions of the stomach and intestines to absorb the oils and fats and hand them over to the blood, where they may reach the starved, shrunken, run-down tissues and build them up. This process is called "fat building."

All good suggestions have Sargol or get it from your wholesaler, and will refund your money if you are not satisfied with the gain in weight.

British Win Sanguinary Attack

Paris, July 18.—The capture of Orville by the British necessitated one of the most sanguinary encounters of the advance, wires a correspondent of the Liberte. Nevertheless the British were well rewarded for their effort, for they gained possession of the broad highway leading from Albert to Bapaume.

The village was defended for ten days by two regiments of the Prussian Guard.

The correspondent says that of these regiments only 126 men survived, all of them having been captured. It was at Orville that the British offensive which began July 1, was held up, while the remainder of the line was advancing. From July 7 on the village was cut off almost completely from the German rear, but it was not until July 14 that the desperate resistance of the Prussian Guard was overcome.

The Germans suffered greatly from hunger and thirst as the British certain of fire prevented the bringing up of fresh supplies. Some of the Germans are reported to have been poisoned by drinking polluted water from a pond, and others to have been driven mad by the bombardment. When the survivors left the village as prisoners the British presented arms in recognition of the bravery of their defence.

Russian Successes

Petrograd, July 18, via London, 7:57 p. m.—A Russian victory over Tecton forces in Southern Volynia has resulted in their being driven across the River Lipsa and beyond that stream, says a

was office statement, issued today. Indications are, the statement adds, that the retreat was effected in the greatest disorder.

In the Riga region efforts by the Germans to retake positions they had lost were unsuccessful.

THE BAPTIST MINISTERS

(Maritime Baptist) After three and a half years of earnest, faithful labor with the Wilnot Mountain and Hampton churches, Rev. Asaph Whitman has tendered his resignation. He plans to spend a few months at Port Medford.

Rev. Ritchie Elliott, pastor at Surrey, is now enjoying his well earned vacation. He plans to spend a few months at the month at Oak Bluffs, Martha's Vineyard. During August he will again occupy his pulpit.

Major Stanley Jones, three times reported wounded during the present war and a short time ago reported as a prisoner in Germany, has died of wounds received before his capture. A graduate of Acadia and a veteran of the Boer war, he was engaged in teaching in the west when the present war broke out, and was among the first to offer his services, and went overseas with the Princess Pats. To the sorrowing relatives and friends our sympathy is extended. A gallant life has been given in the defence of justice and righteousness.

Mrs. H. H. Saunders of the Glades, desires to assure the many who have written her their sympathy and kindness have helped to lighten the burden of sorrow and have been warmly appreciated. The number of letters received makes it almost impossible for her to reply personally to all. The eldest son, Max, who is now training in England with the Canadian forces, has found it impossible to secure a leave of absence for even a short trip home. We of the church, eighty-two of these have been received by baptism. This was the fruitage of a month's campaign of personal evangelism on the part of the membership of the church. In all the work the pastor was the inspiring leader.

Dr. O. C. S. Wallace is enjoying his vacation by filling it with active service. After attending the B. Y. P. U. convention at Chicago, he is now presiding at the missionary conference at Knowlton, Que. Next week he will give a series of Bible addresses at a Sunday school conference, also at Knowlton. Then, he will spend a few days with his mother at the old home in Canaan, N. S., returning to Westmont in time to

The Man In The Street

Fine day, isn't it, if you happen to like the fog ...

This foggy weather surely punctures a few holes in the "fine and warm" forecasts ...

So the provincial government is thinking of trying to elect a new minister of public works in St. John!

Rather reminds one of the yarn about the mule which tried to dispute the right of way with an express train. In his brief tribute to the late lamented former owner of the animal remarked: "I surely do admire his courage; but god darn his common sense."

His "Forté"

Many a smile has been created in Valcartier at the expense of one of the subalterns of a New Brunswick regiment, following a recent visit to the camp by Sir Sam Hughes. The minister asked to be introduced to each of the officers. Occasionally he would ask, on meeting one or other of the officers, "Well, what is your strong point?" And the officer would reply: "Musketry, field work, signalling," or some other branch of the service. To one of the subs, he asked on being introduced: "Well, young man, what's your forte?" The officer apparently did not interpret the question correctly, for he answered without a moment's hesitation, "Monetion, sir."

One On the Janitor

The janitor of a local office building has discovered that all that glitters is not gold, or brass either. Recently, occupants of offices in the building whose destinies he controls had new signs placed in position on the front of the building. His duties include the polishing of brass signs so he made a prompt start and began work polishing one of the signboards. He rubbed and rubbed and polished and polished, but still he could not get a satisfactory shine. It was not until the bare wood began to show through that he discovered that it was

GROCERS MEETING

Members of the New Brunswick Wholesale Grocers' Guild left this morning for Digby, where they will have a joint meeting with representatives of the Nova Scotia guild. They expect to return on Thursday evening. Among those who crossed the bay are: A. H. Wetmore, F. B. Schofield, W. C. Cross, Clarence deForest, Thomas Gorman, Wilfred Barlow, J. Hunter White, and R. G. Schofield. The occasion is the annual meeting of the Maritime Grocers' Guild.

AT MACLAREN'S BEACH

A most enjoyable picnic was held yesterday afternoon at MacLaren's Beach at the summer home of Mrs. J. V. Anglin, president of the Lancaster Red Cross Society. The affair was in honor of Mrs. W. O. Dunham, Miss Margaret Dunham and Mrs. S. A. Worrell. Mrs. Dunham, who has just returned from England, with her daughter, told of her trip, and in particular of Red Cross work as she had observed it abroad. Her address was one of great interest. Mrs. Worrell, who has been treasurer of the society, is to leave today for St. Andrews.

WATER SERVICE

Work has been commenced on the excavation for the new ten-inch water main which is to run from Prince William street, through Market square, corner South Market wharf, and thence into Ward street. Another ten-inch main is to be laid from Prince William street, through Jardine's alley to Water street to supplement the water supply in that street, which is now dependent upon a four-inch main. This course is being taken to improve the service and at the same time avoid the necessity of linking up the granite paving which was laid by the former addressee over the old four-inch main.

REPORTED DEAD; SOLDIER LIVES

Mr. and Mrs. George S. Miller Happy in Receipt of News From Son

Mr. and Mrs. George S. Miller of 87 Chesley street have been made happy by the receipt of a letter in the last English mail from their son, who had been reported killed. They had received official notice that their son, Pte. George W. Miller, of a New Brunswick unit, was suffering from shell shock and had entered a hospital in France. The next news they received came through a letter received by friends from a man at the front who announced that Pte. Miller had died in the hospital. It was not until they received the letter from their son, telling of his arrival at a hospital in Edmonton, England, that they learned that he was still alive.

They have also received a reassuring letter from Chaplain Kuhring, who has been to see him in the hospital.

SERGEANT KNIGHT AGAIN ENLISTS

Has Recovered After Injuries and Has Joined Scottish Borderers in Windsor

Many readers will remember Sergt. Knight, who was very active for a time here in recruiting, and who, up to the time he left this territory, had more than 2,000 men signed on to his credit, including New Brunswick and Nova Scotia territory.

He left here and took an engagement in New York as a salesman, but has since so far recovered from his injuries, incurred while in France, that he has now been passed and is again enlisted at Windsor, Ont., with the Scottish Borderers, under Col. McGregor, and is now in kilts again.

PTE. WM. HAYES HOME FROM WAR

Private William Hayes of the Marsh road, who left in the Army Service Corps with the first contingent, has arrived in the city on a brief furlough, and is visiting his parents, Mr. and Mrs. Harry Hayes. Private Hayes was invalided on account of rheumatism, but expects to be able to return to the front in a fortnight. He is receiving a warm welcome from his many friends.

CORP. EVANS AND HIS BROTHER IN RE-UNION

Carlton Boys Meet at Bramshott Camp—A Visit to Tennyson's Home

Corporal J. W. Wilson Evans in a letter to his sister-in-law, Mrs. A. C. Evans, Rodney street, West St. John, speaks of his visit to England and meeting his brother, Gunner David Evans, formerly of the 50th Battalion, now of the Canadian Reserve Artillery. The letter in part is as follows:

June 27, 1916.

Dear sister—Received your welcome letter some time ago. Would have answered it sooner but I did not have my writing materials with me for a week; but I have got them now, so I will have to answer it now. I have been to England since I wrote you last. I was down to Bramshott to see David, and I had one great time. I can tell you they have a great camp at Bramshott, all nice road and pine tree lanes, big huts with electric lights, and all the things you need. They have everything one could wish for. When I looked at it and compared it with Salisbury plain, I nearly had a fit. The 1st Canadian Division certainly got the worst of everything that was going, but a lot of the later divisions say they have a hard time living our reputation down; but we always come back with "they will have a harder time to live up to it when they get over to France."

Well, it was 2.30 in the morning when I got back from my eight days' leave. After traveling from 7 o'clock the morning before, had to start on a move at 8, so you see how much rest I got after my first stay at that place. I stayed a week and made another move and expected to move again. Well, we saw a little fun last evening. The Germans were shelling a town about a mile and a half away and they were giving it some dose. Then to show them what our side could do, we went by our aeroplanes and brought down three of their balloons. The first two came down together, all safe, and in about a minute down came the third, also in flames. They hauled down their fourth in a hurry. Then our artillery commenced fire and kept it up nearly all night. About this time it started to rain, and it just poured, with the result that I had to pick up my bed and walk.

This was about 1 o'clock in the morning. We have our tent on the bank of a stream which overflowed and the first that I knew of it was when I put my hand out and felt water. I lit a match and looked around and found myself surrounded by water and it rising fast, so I had to seek higher ground. I finally finished my night on the bench where we eat our meals.

(Next night)—I have taken up my old position for tonight again, but made myself a bunk, so it can rain as much as it likes. But I would rather it would not, as we have had enough rain for June; but through it all I have my good health, for which I am very thankful.

I really must close for this time, with love to all.

BROTHER WILSON.

Corporal Evans was among the first to answer when the call was sounded for men. He left St. John on August 28, 1914, went to Valcartier camp, and later the same year sailed for England. In February, 1915, he went over to France, where he has been on active service ever since.

From Her Brother.

Gunner David Evans of the Canadian Reserve Artillery, stationed at Shorncliffe, in a letter to his sister, says: "When I was at Bramshott Camp, Wilson visited me, and we went out to Alfred Tennyson's house. It is five miles from Bramshott Camp. The room in which he did all his writing is just the same as when he was alive, the same chairs, ink-stands and pictures are in the room. It is a very pretty house, almost at the top of a high hill, looking down on a valley that extends for about twenty miles. I am in a tent with fellows who are all nice. One is a Prince Edward Islander, and the other seven are Canadian Scotch. On my way down to Bramshott camp I stopped in London for a day and a night, and had a dandy time. I suppose before you receive this letter the twelfth of July will be passed. Well, I was home for the last 'twelfth' I expect to be home for the next. I am in the artillery now. I got transferred from the brigade office, as I did not see any chance of getting to France. Like this place better than did Bramshott. It is alongside of the water and only a few minutes walk from the beach and fifteen minutes walk from Folkestone. I was down there yesterday and had a great day. Saw two of the fellows from the 25th Battalion, and they told me that most of that battalion was in France and that quite a few of them have been killed."
