LEAGUE ADJOURNS UNTIL SEPTEMBER

GERMAN ENTRY POSTPONED BY BRAZIL'S STAND

Briand's Motion To End Session Approved By Vote

LONDON WRATHY

Times Refers To "Preposterous Intrigues" Within The Assembly

Canadian Press GENEVA, March 17—After approving Premier Briand's motion to adjourn the election of Germany until the September meeting, the assembly of the League of Nations adjourned since it is 1:15 p. m.

Geneva, Switzerland, March 17—The League of Nations assembly today voted to adjourn the question of Germany's election to the League until the September session.

Senor Mello Franco informed the assembly that Brazil's demand for a permanent seat in the council was irrevocable. Then Sir Austen Chamberlain gave notice that it would be impossible for him to propose the admission of Germany into the League at this time.

Referring to Brazil's projected veto of Germany for a permanent seat in the council Senor Mello Franco said: "The instructions of my government are irrevocable and final."

Mr. Austen considered a long speech by expressing the conviction that the September assembly would see "that great nation, Germany, assume her rightful place within the League of Nations."

LONDON DISAPPOINTED. LONDON, Eng., March 17—There is great disappointment here over the failure of the Geneva meeting. It is true there is a general feeling of relief over the League's decision to postpone the election of Germany until the September assembly, but notwithstanding this mitigating feature some of the newspapers have the impression that the League of Nations has suffered a severe blow.

"The game has not been played as it must be played," says the Daily Telegraph. "If such things are done in the great world of the League of Nations, what will be done in the dry, when a real crisis arises between two important powers?"

The Times refers to the "preposterous intrigues" in the assembly and wonders what desperate reason made it so critically important for Poland to have a seat that Sweden and Czechoslovakia should have been prepared to withdraw from their permanent seats in her favor. This newspaper comments more strongly on Spain and Italy.

AN ODDIOUS POSITION. "These two states," it says, "and especially Brazil seem to have placed themselves in a position in which they court the odium of a great failure. The pertinacity of Brazil is somewhat remarkable, since Brazil is not a first class power, and could hardly be expected to maintain an obdurate attitude in critical affairs that directly concern Europe, without some assurance of power to grow up with it."

FRENCH COMMENT. In French political circles, while it is admitted the League of Nations has received a body blow, there is no disposition to take things too tragically. The decision to postpone the dispute until fall, is generally held to be the wisest course, albeit it is in the nature of making the best of a bad job.

EXCITEMENT PREVAILS. A brief session of the council had been held during the forenoon, and rumors were flying regarding the chances for a last minute settlement. When President De Costa called the momentous meeting of the assembly to order.

Extraordinary excitement prevailed in the hall of reformation, as the delegates assembled and the galleries were jammed. Sir Austen Chamberlain took the rostrum and said that the announcement which he was about to make depended upon a statement made to him by the representative of Brazil.

House Leaders Indulge In Good Natured Banter During Opposition Chief's Speech

By JOHN J. DUNLOP Staff Correspondent of The Times-Star FREDERICTON, March 17—Some good-natured repartee enlivened Premier Veniot's speech in the House yesterday. When the opposition leader was discussing the Grand Falls project he asked Premier Baxter when the Government proposed bringing down legislation with regard to it. The Premier replied there would be ample time for consideration by all. Hon. Mr. Veniot demurred, remarking that according to some reports the Premier was anxious to rush this matter through at this session of the House.

NO COMMENT ON CABINET RUMOR

Hon. C. W. Robinson's Name Heard In This Connection

Secretary, in City Today, Speaks of Work at River Glade Sanatorium

Senator C. W. Robinson, of Moncton, who is here today, had nothing to say when asked regarding a rumor that he was soon to accept a portfolio in the present Federal government...

He expressed himself as being strongly in favor of the recent publicity campaign waged against tuberculosis, and said the people were being awakened in regard to this disease and advised as to the best method of preventing its spread.

He highly commended the work of Dr. R. J. Collins, superintendent of the sanatorium, and said the plant was becoming more efficient all the time, and the cost per patient was being reduced under the doctor's management.

NOT IMMEDIATELY In regard to providing increased facilities for the treatment of patients Hon. Mr. Robinson said that this was a matter for the government to decide and that it would be some months before a decision was reached in the matter.

Hon. Mr. Robinson was accompanied by Mrs. Robinson and will leave for Moncton this evening.

RUTLEDGE AGAIN BECOMES MANAGER WOODSTOCK TOWN

Deciding Vote Is Cast by Mayor Belyea When Council Deadlocks

WOODSTOCK, March 16.—At a special meeting of the town council held in the council chamber here this evening, for the purpose of giving further consideration to the selection of a successor to M. Rutledge as town manager, from the several applications received in tenders called for that purpose, on motion of Councillor C. J. Jones, seconded by Councillor O. H. Estey and duly carried, M. J. Rutledge was re-engaged as town manager for another year, the duties involved and the salary to be paid to be the same as those prevailing for the past year.

MAJOR BREAKS TIE VOTE. Early in the meeting a motion, made by Councillors Smith and Churchill, that J. C. Whitehead be appointed town manager at a salary of \$1,800, and supported by Councillor James Montgomery, was defeated by Mayor Belyea breaking the tie vote existing when Councillors Jones, Estey and Gilliland opposed the resolution.

Speaking to the motion of Councillor C. J. Jones which followed and which resulted in the re-engagement of Mr. Rutledge for the ensuing year, Councilor Jones, who had supported the motion successfully carried some words to dispense with Mr. Rutledge's services, wished to make clear his stand on the present town management question. He stated that the platform on which he ran his election was sympathetic to the running of town affairs on a policy of right economy.

"While always a believer and supporter of the town manager system of civic government," the speaker stated, "I was prepared to support a change in the personnel of the town office if it did so to the disadvantage of the present manager as a medium of materially economizing in the expenses of town management."

"When Councilor Churchill made the motion which automatically dispensed with the present manager I supported him," the speaker continued. "But in the light of events which have followed the tendering for applications for the position temporarily vacated, and in learning of the applicants who sought the position, I cannot refrain from supporting Councilor Jones' motion."

The speaker dealt at length with the necessity of having a competent, efficient head for the administration of the town affairs, citing as one instance the imperativeness of a proper, efficient and experienced supervisor in the matter of the water system, associated as it so closely is with the health of the community. The motion when put necessitated the casting of the deciding vote by Mayor Belyea, who voted for the motion with Councillors Jones, Estey and Gilliland.

On motion of Councillors Estey and Jones, Councillors Estey and Gilliland, accompanied by Town Manager Rutledge, were appointed a committee to wait upon the Public Utilities Board at Saint John, on March 24, to seek a reduction in rates for town pumping and a reduction in rates for town lighting so as to remove the discrimination against New Brunswick towns as compared with towns in Maine, which is alleged to exist at present.

Bisailion Is Questioned About Moieties in Customs Probe

Lengthy Job Going Through Files—Names of Dead on Witness List

Canadian Press. OTTAWA, Ont., March 17.—A motion by Hon. H. H. Stevens that Messrs. Wilson, Knox and Hicklin be appointed to go through the files which have been collected and produce material pertinent to the customs inquiry, caused some discussion when the investigation opened today. Chairman Paul Mercier pointed out that these three men had been called as witnesses in the investigation. He doubted the wisdom of authorizing them to go through the files.

It was finally agreed that the work should be done under the direction of R. L. Calder, K. C. counsel for the committee. Members agreed that if the committee was to be required to go through all the files it would be a very lengthy business.

DEAD CALLED FOR. A motion by Mr. Donaghy calling for two witnesses, one named Cote and the other Adamson, prompted Mr. Calder to inform the committee that he understood that these two individuals were dead. The motion was dropped.

Mr. Calder also said that he had been advised that Gregory George, of the Dominion Distillers Company, was now on his way to England. Consequently it was somewhat difficult to obtain certain information.

"I am informed, however, that he is merely on an in-and-out trip for his health," said counsel by all means.

BISAILLON RECALLED. J. E. A. Bisailion was recalled to the witness stand and questioned by Mr. Calder regarding the sharing of moieties. He has this arrangement been arranged at, asked Mr. Calder, "it was a general understanding," said the witness.

"Who made the original suggestion?" "I suggested it," said Mr. Bisailion. The moieties, he said, were only shared by these two individuals and intimates were never asked to share. "Isn't it a fact that some of your subordinates refused to share?" "Yes."

"Who?" asked Mr. Calder. "Only one, Officer McNamee," said the witness. Mr. Calder then asked regarding a seizure of liquor from a man named J. P. Champagne. Mr. Bisailion admitted making the seizure. The liquor was released on payment of double duty by Champagne. There had been no prosecution in the case, he said. The liquor came in two shipments and payment was made in two amounts of \$400 each.

N. S. GOVERNMENT PLANS FRUSTRATED

Premier Rhodes' Proposal to Abolish Legislative Council Held Up

Canadian Press. HALIFAX, N. S., March 17.—The plan of Premier Rhodes to abolish the legislative council by having additional members appointed sufficient to provide a majority vote for abolition measure, for which he had procured a definite legal opinion that power to appoint such additional members was vested in the Lieutenant-Governor of the province, was delayed by the instructions of the government-general-in-council, whose communication to the Lieutenant-Governor Tory advising him not to proceed with the appointments, was made public yesterday, along with copies of all correspondence connected with the matter. Today, it was anticipated that legislative council would have before the bill introduced by Premier Rhodes in the legislative assembly some weeks ago which received its third reading yesterday.

STANDS FEW DAYS. W. E. Scully's auto had been reported by Police Constable Gibbs as being driven past a standing street car as passengers were alighting. Mr. Scully contended the car had not been out of the garage at the time. The garage attendant said that he could not remember the car being out at the time referred to. Police Magistrate Henderson allowed the case to be set over for a few days so that the matter could be cleared up.

SUSSEX BOND ISSUE FOR NEW FIRE HALL

Town to Apply For Legislation to Float \$5,000 Debentures

SUSSEX, March 16.—A meeting of the ratepayers of the town of Sussex was held this evening in the assembly hall of the school building, when the Town Council submitted a bill, proposed to be introduced to the Provincial Legislature for enactment, authorizing the issuing of debentures to an amount not exceeding \$5,000. The object of the bill is to build a new fire station. The meeting, which was fairly well attended, was presided over by Alderman E. H. Vickers. After considerable discussion a vote was taken with the result that the council was authorized to have the bill prepared and placed before the Legislature. The vote stood: For the bill, 53; against it, 42.

E. H. ALLEN DIES AT FREDERICTON

Prominent Liberal and Former Provincial Secretary Dies This Morning

SPECIAL TO THE TIMES-STAR. FREDERICTON, N. B., March 17.—Edmund H. Allen died this morning at his home, 688 George street, in his seventy-third year. He was the fourth son of the late Sir John Allen, former Chief Justice of New Brunswick. He was a native of Fredericton and resided here throughout his lifetime except for a short time in which he lived in Portland, Oregon, and in Moncton. The deceased had been ill for several years. In the provincial election campaign of 1917 he caught a severe cold, which changed to pneumonia, which left him an invalid.

Mr. Allen was prominent in the Liberal party in this part of the province early in life. He resigned the office of claims agent of the Intercolonial Railway at Moncton in 1908 to become Provincial Secretary in the government led by Hon. C. W. Robinson. Subsequently he held a position on construction of the Transcontinental Railway.

One brother survives, Dr. T. Carlleton Allen, registrar of the Supreme Court of New Brunswick. Surviving members of the family are a widow, three sons and five daughters. The sons are Richard of Montserrat, Charles and Drury of New York, and D. Byron of Porto Rico. The daughters are Mrs. Fowler of Hemington, Long Island, New York; Mrs. Arthur Anderson of Fredericton, Miss Lucy Allen of Montreal, Miss Doris, at home, and Mrs. Amos Shields of Minot.

He deceased for years was prominent in curling on both Fredericton and Moncton teams. The funeral will take place Friday afternoon.

Letters to the Editor

STRAY DOGS. To the Editor of The Times-Star: Sir,—May I ask for space for a report on the condition of the straying city dogs during the summer, read at the annual meeting of the S. P. C.?

"As a representative of both the Humane Societies I spent weeks last summer in a vain endeavor to bring about improvement in the condition of the luckless creatures cooped up, often several together, without light or air, in the black cupboard called the city dog pound. Although half a dozen or so single compartments such as are in use at dog shows would fill all the requirements, the city builds anew each year a heavy, expensive two-story structure in which the dogs languish in misery and fight by day and howl by night, sometimes for a week or even two, although this is not supposed to be allowed. In warm weather, especially, it amounts to cruelty, and

is misery for the poor beasts at any time. Inspection was a far from pleasant undertaking.

"Admitted that animals should not and must not be permitted to roam the streets and spoil our beautiful squares, but until they can be reclaimed, adopted or destroyed, man's best friend deserves better treatment than this. Dog-lovers object. I have no hesitating in saying the S. P. C. should protest. I sincerely hope it will."

With thanks, yours, LILIAN HAZEN. Saint John, March 17, 1926.

TRUE BILL FOUND
IN THE GLOUCESTER
COUNTY COURT

William Gray Charged With
Assaulting Assistant to
Police Officer

NO BILL IS FOUND
IN BOUCHEY CASE

Two Civil Cases For Hear-
ing; Judge Upsets Mag-
istrate's Finding

BATHURST, March 16.—The March term of the Gloucester County Court, with His Honor Judge McClatchy presiding, commenced this morning with two cases on the criminal docket of the King vs. Honari N. Bouchey and the King vs. William Gray, Sr. The civil docket is made up of William J. Hachey vs. Continental Casualty Company, a jury case, and the Canadian National Railways vs. Theophilus Hachey, a non-jury case. Several other civil cases were settled out of court.

FINELY TRUE BILL

The indictment presented to the grand jury in the matter of Honari N. Bouchey was that he did steal one post letter, the property of the Postmaster-General, on the sixteenth of January last. The indictment again Gray is for assaulting a person assisting peace officer in the discharge of his duty. The grand jury with Allister Chamberlain as foreman returned a true bill in the Gray case.

CASE THROWN OUT

The jury found no bill in the Bouchey case. From the charge to the grand jury, it appeared that Theo Lantagne registered a letter containing a cheque to T. Eaton Co. at Moncton. This letter, with address, was placed in a mail bag and when the mail arrived at Carleton Place was missing. The indictment against the accused, who was the mail driver, was charged with the offence upon which the grand jury found no bill. H. W. Woods, of Saint John, was in court on behalf of this defendant.

PETIT JURY

The King vs. Gray occupied the attention of the following petit jury until adjournment at 2:30 p. m.: Prosper Savor, William Killoran, Peter D. Doucet, A. D. Auble, Addison Smith, George Cowan, J. C. Savery, Isadore Roy, Cornelius Imhoff, Thomas D. Auble, John O. Kane, F. O. Landry.

Why is it that you go to his dentist regularly for teeth and gum inspection. Many serious illnesses which originate in the mouth may be prevented by modern dentistry. See your dental treatment every 15 days.

4 out of 5
get pyorrhea through neglect

PyORRHEA, dread disease of the gums, attacks four persons out of every five past forty because they are careless of Nature's warning.

It starts with tender bleeding gums. Later the teeth loosen in their sockets and poison is spread throughout the system, often causing rheumatism, neuritis and other sickness.

If you have pyorrhea go to your dentist at once for treatment. He can help you. To prevent pyorrhea consult your dentist at least twice a year, brush your teeth night and morning with Forhan's for the Gums.

Forhan's is the formula of a registered dentist. It contains Forhan's Pyorrhoea Liquid which has been used by dentists for the last 15 years in the treatment of pyorrhea.

If used regularly and used in time, Forhan's for the Gums will prevent pyorrhea or check its progress. It is a pleasant dentifrice which serves a dual purpose: it cleanses the teeth and wards off dread pyorrhea. All druggists, 35c and 60c in tubes.

Briton Drives
Car Kilometre
In 14.68 Secs.

SOUTHPORT, England, March 16.—Major H. C. Sagrave, driving a special Sunbeam racing automobile, today established what is claimed to be a world's record for a flying kilometre, averaging 14.68 seconds per kilometre for two runs in each direction.

(A kilometre is .621 of a mile).

Jury when court resumes in the morning and the judge's charge will follow.

JUDGMENT SET ASIDE

Application was made on behalf of William Aziz and Claude Buraglia for retrial.

While the grand jury were out a review from a judgment of Police Magistrate John DeGarde, of Shippegan, was heard. The case was tried at Shippegan on January 14, last. The plaintiff, Vital Dolron, for \$70. The jury brought in a verdict for costs only. The magistrate entered a judgment whereby the plaintiff and defendant each was to pay half the costs of the suit. At the conclusion of the argument the judge set aside the judgment without costs. The following baristers were present: N. A. Landry, K. C. J. L. Ryan, Clerk C. T. Richard and H. C. Ramsey.

SEA VETERAN OF
HOPEWELL HILL, 83

Captain Jas. Dougherty Be-
gan in Forecastle, Worked
Way to Quarterdeck

HOPEWELL HILL, March 16.—Grizzled veteran of the rolling deep, with more years of seafaring life to his credit than any of that calling now living in the maritime community, Captain James Dougherty, retired mariner, and passed 82 for stationary engineers' license and renewed 897. Sections dealing with the safeguarding of workmen, steam boilers and the sale of steam boilers are given prominence in the report.

Entering upon a sea life when a boy, Captain Dougherty sailed the main practically all his life and was recognized as a skilled seaman and navigator. He learned the hardships of life in the fore-castle when the sailor's life was not an easy one, and made his way to the cabin and the quarterdeck by hard work, trustworthiness and natural mental keenness of his youth, although he finds his sight now considerably impaired. He has never lost his keen sense of humor and still enjoys a good story and can tell one. The captain is the son of the late Michael Dougherty, the latter a native of Ireland. He is not married and lives with his sister and nephew, enjoying well-earned competence and, in a marked manner, the esteem of all his friends and acquaintances.

The captain suffers somewhat from physical frailties, but enjoys the same mental keenness of his youth, although he finds his sight now considerably impaired. CHANGE SOUGHT IN
ENGINEERS' FEES

Provincial Report Favors
Altered Charges For
Certain Renewals

FREDERICTON, March 16.—A recom-
mendation that the fee for renewal of licenses for stationary engineers, the holder of which has failed to renew for two consecutive years, be placed at \$3 and where there has been failure to renew for three consecutive years that the fee be \$5, is contained in the annual report of the factory inspector, John Kenny, as tabled in the House this evening by Hon. A. J. Leger, provincial secretary-treasurer.

The report declares that there is a depression in industrial circles that has reached all lines and that many plants are running on reduced force. The inspector made 238 visits during the year and passed 92 for stationary engineers' license and renewed 897. Sections dealing with the safeguarding of workmen, steam boilers and the sale of steam boilers are given prominence in the report.

Nine-Year-Old Is
Wonderful Speller

CEDAR RAPIDS, Iowa, March 15.—Joseph Abraham, nine year old Syrian boy, whose parents labor in a packing plant here, is regarded by Donald Dur-
rell, Psychologist of the University of Iowa, who conducted a mental test on him, as a wonder as a speller. This lad is not only the champion speller of his school, but he spells better than the average adult with higher education, according to the psychologist, and is able to spell down many college students.

He has spelled every word in the Ayres scale test of 1,000 words, the text of the Russell Sage Foundation, the Packer Horn and Thorndike lists prepared by the University of Iowa, and the hardest words in the dictionary. One of the problems which mystified the psychologist was the mental process which the boy seems to employ in his spelling. He does not show that he uses the visual memory so common with others. In general mental rating the boy is regarded as "superior," though not in any sense a "prodigy."

He reads books beyond his years and recently read a book of Russian Tales of 323 pages in three days.

Bald Men
Grow Hair

Surprising reports are coming from
men who were bald or losing hair and
who acquired a new, vigorous growth
by using a peculiar compound that
awakens life in dormant hair roots.
"Three inches of hair have grown over
what was a bald spot," is the report of
C. A. Mitchell, who had a large bald
spot and real, healthy hair has devel-
oped all over his head. "I had written
my head was as bare as the bottom of
my feet and now I have a good growth of
hair." Geo. M. Schwank reports that
even with a second application of the
compound his hair stopped falling; then
a new growth started.

Anyone losing hair, or is bald
may obtain a proof box of this com-
pound free of duty and postpaid, merely
writing to Kotalia Office, 183,

NEW YORK, March 17.—Urged by
his second wife to go to the police for
a solution of the tangle which he has
made of marriage, William H. Clay-
poole, 82 years old, a trainman, walked
into police headquarters at Bayonne
recently and asked to be arrested for
bigamy. He was held in \$500 bail for
a hearing on Tuesday.

Claypoole said that he married his
first wife in Brooklyn eight years ago.
After returning from the war he be-
came estranged from her and later met
Miss Alberta Burns, a Bayonne com-

muner, on a Jersey Central train on
which he was working. They were
married August 1, 1922.

Recently his second wife learned of
the first Mrs. Claypoole, whom Clay-
poole has been supporting, and sought
a solution.

SAINT JOHN, N. B., MARCH 17, 1926.

THE BOARD OF TRADE

The spirit of the new Saint John was made manifest last evening at the Board of Trade dinner in the Admiral Beatty. The men who filled the great dining room were not all members of the Board, but they were assembled under its auspices because they believe in it, and were eager to hear not only the distinguished guest but the local speakers, in relation to matters affecting the material welfare of this city and the Maritime Provinces at large.

triple agreement to construct the facilities required by the traffic offering. Let it be remembered, also, that with respect to the Courtenay Bay development, the Government, when it made provision to go on with the dredging on the eve of the last general election, gave assurance through one of its official spokesmen that it was the intention to push the whole scheme of development through to early completion.

The sum of \$25,000 is placed in the federal estimates for the use of a Royal Commission to enquire into the Maritime case. Since it has been decided to have such a commission, the three provinces must not lose the opportunity to unite their efforts and make a clear and concise presentation of their case.

350 Business and Professional Men Hear Former President of Montreal Board of Trade At Banquet Here

CONFERENCES ON PROBLEMS URGED

Per Capita Rises in Canada Alone Among All Countries Since War; McKenna Points Out Success Won By Eastern Campaign

"ANADIAN problems should be solved by conference rather than by debate. A. O. Dawson, former president of the Montreal Board of Trade, told a gathering of 350 representative business and professional men at the Saint John Board of Trade banquet in the Admiral Beatty Hotel last night.

Mr. Dawson said that Confederation had been consummated by the efforts of conscientious men gathered in conference and that the leaders of the country would forget party politics and get together in discussion, solutions could be found from present difficulties. Mr. Dawson reviewed the transportation, agricultural, financial and business situation and said that in Canada alone of all the countries of the world the per capita income had risen since the outbreak of the world war. He warned his audience that attempts were being made to induce Maritime industries to change their location to the Upper Provinces and that some communities were offering immunity of taxation over long periods of years.

Lieut.-Col. A. E. Massie presided and introduced the speakers. Mr. Dawson was seated at the right and Hon. V. E. Foster at his left. Other guests of honor included John Scott, managing editor of the Maritime case, and J. B. Livesey, of Toronto, general manager of the Canadian Press. A. J. Robb, of the Halifax Herald, Mr. Foster, H. P. Robinson, J. D. McEneaney, T. F. Drumme, and W. F. Etman.

HOMAGE PAID DAWSON.

Mr. McKenna was the first speaker and paid a tribute to Mr. Dawson for his support of the Maritime case, and the progress made by these provinces in the campaign for the recognition of their problems. Other speakers included A. J. Foster, Mr. Vesey, Mr. Ross, Mr. Robb, A. M. Siding and Hon. Dr. Foster. The Gyo Club was present in a body.

SUCCESS OF CAMPAIGN.

"The people of the provinces had won a campaign a little more than a year ago and A. M. Belding's presentation of their case had won sympathy and support that was almost unanimous. The Maritime case had won recognition of the press and people all over Canada. Their demands would no longer be refused by any political party. Promises of co-operation had been made by Sir Henry Thornton, head of C. N. R., and the speaker asked that every man present help to see that these promises were carried out. He had promised to divert Canadian traffic from United States ports to Maritime ports; to equip these ports with the increased tonnage to handle the increased traffic; to provide tonnage to carry lumber in these provinces, but there was no liner pulpwood than was grown in this industry.

DEVELOPMENT HELD UP.

Certain lumber companies were being extensive lands and were hindering development. One large United States company holding vast tracts of land had not cut a tree for years. A time had come when these companies must be taxed on every acre of land not allowed to save taxes because they did not work that land. The business men must realize that the property was bound up to a great extent in that of the farmer, a prosperity of Canada was largely dependent on the lumber industry.

"Although I have lived in Montreal from boyhood this my native province has ever held a warm place in my affections. Each summer finds me spending at least a week on the Cains, the Miramichi or the beautiful Restigouche trying with rod and fly with and against those of the elusive salmon—the king of river fish. Then, too, my interest in the cotton mills located in this city, as well as those situated at Marysville and Milltown, gives me a financial and business connection in my home province that grows stronger with the passing years.

REFERS TO INDUCEMENTS

"Of course, as the Saint John directors of the Cornwall and York Cotton Mills know the inducements to move these mills to the province of Quebec or Ontario are made peculiarly attractive, and if settlement was entirely ignored the pressure to accept the overtures made might become irresistible. "For your information I may say that the extra freight on our raw material from the Southern States to Saint John, and the freight on the finished goods westward (over 90 per cent of the production is consumed west of this province)—added to freedom from taxation for 25 years, as offered by more than one locality, means that a huge annual saving could be effected by moving the plants located here to one of the western provinces. However, we have a very fine group of workers in New Brunswick that we can depend upon fully, and whom we would be sorry to see disturbed, and I believe that the eastern climate is well adapted for cotton spinning. These conditions added to the sentiment that we hold has thus made it easy for us to turn a deaf ear to the inducements made to us. Other corporations doubtless are being approached in like manner, and I believe that the city of Saint John, and the province generally, will serve their best interests if they treat the industries located within their borders in the most kindly manner possible.

FEELS AT HOME

"Naturally I feel quite at home in a Board of Trade group such as I now

see before me. When I was asked to stand as a candidate for election to the Council of the Montreal Board of Trade I had but a vague idea of the scope of the work of the council, although I had been a member of the board for many years. "Membership in the Board of Trade gives one a standing in the business community that one can scarcely obtain in any other way, hence it is not difficult to induce the progressive business man to become identified with the organization. The difficulty, however, in this busy age of ours is to get the members to appreciate and make use of the many privileges that are theirs. It was not until I had served two years as a member of the council and one year as first vice-president and one year as president that I fully realized just what a live Board of Trade means to a city and how far its influence for good extends throughout the country as a whole. While I have nothing but good to say of the many service clubs existing today, such as Rotary, Kiwanis and others, I am quite sure that not one or all of these compare in importance with the value of the right kind of Board of Trade in the life and growth of a city. Feeling this as I do, I am convinced that every business man should be a member in his own Board of Trade, and to contribute something to its life and influence.

MUST HAVE LEADERSHIP

"Of course, a Board of Trade to do its best work must have some one to give time, thought and leadership to its activities, and, therefore, I congratulate the Board of Trade of this city in having as its commissioner an outstanding and extremely capable man in the person of Mr. Schlanders. I predict very great and beneficial results to the city of Saint John, and the province of New Brunswick, through his leadership, backed, of course, by the brains of the best business men of the community. "The Board of Trade in every city is a political arm of the community, and it is the duty of its members to be familiar with the laws, and I know of no better way for them to do this than through the Board of Trade in the towns and cities of Canada.

OUTSIDE OF POLITICS

"Let me here turn aside for a moment not to talk politics, but to say that in my opinion the present method of running our country, whether Dominion, provincial or city, leaves much to be desired. I somehow feel that we could much better solve our many serious national problems through conference rather than through debate. This view is confirmed if one looks back on the various questions that have arisen in recent weeks. As yet not one bit of useful legislation has been passed with the possible exception of the appointment of a committee to investigate the serious situation that has developed through the smuggling of goods into the country on a very large scale. The work of this important committee would proceed much more rapidly if some of our politicians were as desirous of reaching the truth as they seem to be to prevent some of their revelations from being involved in the current of being made.

MR. DAWSON SPEAKS

Mr. Dawson was the next speaker. Mr. Dawson said: "I had almost reached the conclusion that I owed myself a little respite from the multitude of engagements that pressed upon me during my year as president of the Montreal Board of Trade, with a determination to turn a deaf ear for a time to further calls, yet I confess that when I received a telegram from your Mr. Schlanders requesting me to speak at a Saint John Board of Trade dinner I did not take long to make up my mind to accept so kind an invitation. "The Saint John Board of Trade had borne the leading part in the campaign for Maritime rights which would shortly bring results in the form of the bright outlook for these provinces had had in many years. The board was financed entirely through its subscriptions from members and from private donations. The number of members per capita in Saint John was probably the lowest on the continent. A quiet and effective membership campaign would be conducted.

HAIR DRY, BRITTLE FROM CONSTANT WAVING, CURLING

The constant curling and waving demanded by present styles in bobbed hair, slowly burns the color, lustre and very life from the hair, leaving it dry, faded, brittle, and full of dandruff; then the hair roots shrink and the hair falls out fast. Since girls just must curl and wave the hair to appear their prettiest, try "Danderine" to offset any bad effects. After the first application your hair will take on new life and that healthy, youthful lustre, become incomparably softer, wavier and appear twice as thick and abundant. Falling hair stops and dandruff disappears. A six-cent bottle of refreshing "Danderine" from any drug store or toilet counter will do wonders for any girl's hair. It goes right to the roots, invigorates, nourishes and strengthens them, helping the hair to grow thick, healthy and luxuriant.

consider how speedily relief can be given to the much over-burdened taxpayer. These and other important questions, to my mind, ought to be settled not through heated debate, but by conference of our ablest and most patriotic men of all parties. "If many large industries and great corporations can be very successfully operated by boards of directors, and without any undue friction, does it not seem reasonable to you that the country, especially in a time of stress and strain, could be successfully run by a group of men of good will, by the name of Liberal, Conservative or Progressive. Yes, men of good will are sadly needed in Ottawa at the present time. If our politicians can see no way out of the impasse may it not be the duty of the Boards of Trade of Canada, operating through the newly formed Dominion Board, to show them the way out?

THREE CHARACTERISTICS

"The three characteristic features of the modern American organization," said Mr. Dawson, "are (1) the fact that the organization is of a voluntary character, (2) the fact that it is dealing primarily with community problems, and (3) the fact that it approaches these problems from the business rather than from the social or any other side. "You can readily see how many

ARE NATURALLY INTERESTED

"Business men are, of course, interested in all subjects which come within the purview of Municipal, Provincial or Federal Government, but in many of these they are interested more as citizens than as business men, and in these, Organizations such as ours do not interfere. There is a whole range of subjects of vital interest to us all, but which come within the category of political questions these we avoid as far as possible. "But outside of these there are a host of important questions on which our business men as such have a more or less common interest. These are our special field. To enumerate some of them: Transportation by water and rail—Taxation, civic, pro-

LIMIT THEIR FIELD

"I think our Boards of Trade will meet with the greatest success if they limit their field of activity strictly to business matters. This seemed to be the idea of the men who founded the first Chamber of Commerce on this Continent, and perhaps the oldest of its kind in the world—namely, the New York State Chamber of Commerce to which I have already referred. I quote from a report of that organization: At the first meeting of the Chamber on the 6th April 1788, it was written in the records that the purpose of the Society was to promote and encourage Commerce, support industry, adjust disputes relating to trade and navigation, and to procure such laws and regulations as might be found necessary for the benefit of trade in general. The purpose herewith announced has been pursued ever since. "Business men are especially qualified to pass judgment on matters relating to business, and we should keep within our sphere. I fear that our Boards of Trade resolute on all subjects we will weaken our voice

fields of activity are opened up by this general definition. In many United States cities no promoter of a new enterprise, no man with a mining proposition to float need have succeeded without the approval of the local chamber of commerce, which after investigation gives or withholds its royal assent. Many others undertake to secure capital for new enterprises, which it is proposed to locate in their towns. Rover Scout Team Honored By Col. Hodgetts of St. John Ambulance Association

Visiting Official Claims Strong Position of Work Here
Due to Opportunity Local Branch Has of Exploiting Activities of Teams

FOUR Saint John lads, Clarence G. Hoyt, captain; Leonard L. Johnston, Lawrence G. Pincombe, Donald Colwell and Gerald G. W. Pincombe, belonging to the Rover Scouts of Scouts local headquarters, were last night honored in the Imperial Theatre by Col. C. A. Hodgetts, director-general of the St. John Ambulance Association of Canada, being presented with the shield competed for each year by New Brunswick first aid squad.

The presentation took place before a packed house between shows, Colonel Hodgetts being introduced by Dr. G. G. Corbett, local preliminary examiner in first aid work. Courtland A. Robinson and Miss Irene Barber, of the local branch of the St. John Ambulance Association, were also present as well as the St. Paul's Sunday School, Fifth Troop, Girl Guides.

Special Services In Tabernacle Church

Special evangelistic services commenced in the Tabernacle Baptist church on Sunday evening and will be continued for two or three weeks. On Monday evening Rev. G. B. McDonald was the special preacher and yesterday Rev. T. J. Quigg arrived from Jacksonville, Carlton county, to assist the pastor, Rev. A. L. Tedford, during the remainder of services.

Mr. Quigg last night addressed a congregation which taxed the capacity of the church vestry. His text was, "Behold I stand at the door and knock." His words made a deep impression and at the close of the service a number responded to the appeal. Peter Murray was the soloist of the evening and sang very pleasingly "Just Outside the Door."

The director-general explained how McAdam Junction C. P. R. men had won the shield last year and the year previous the Saint John police, under Sergeant Spinnery. He sincerely congratulated the boys on the platform for their splendid victory this year, which again brought the coveted award to the winterport. The Colonel said he had given the Rovers a second test to secure their rating for the Dominion wide championship and "they certainly know their first aid," he said.

BOYS GET OVATION

The audience gave the Rover Scouts a rousing reception at the shield was handed over to them.

SAINT JOHN GIRLS WIN

Yesterday afternoon Dr. Hodgetts examined the No. 5 Troop of Girl Guides, St. Paul's Sunday School, in the Murray MacFarlane championship trophy contest. This award is for junior home nursing and the Guides' instructor is Miss Irene Barber. They won the provincial championship in home nursing also for junior first aid and they are after the Canadian chief award.

Institutions, corps, troops, business places, churches of other bodies desiring to enlist in the St. John Ambulance Association first aid army may communicate with Miss Irene Barber.

Watch Boys Perform—
The Reception

"Mother's Day" at the Y. M. C. A. yesterday was one of the most successful events of its kind in the history of the association. More than 200 of the mothers were present and showed great interest in seeing the boys at their work and play in the association and in inspecting the building.

The Ladies' Auxiliary members were hostesses for the reception and afternoon program. The gymnasium display, which came first, was supervised by Earl Wilson, physical director, and George S. Murray. It consisted of dumbbell drill by the Comers; calisthenics and group games by the Junior school; march by the Junior Leaders' Corp. and apparatus work by the Junior Leaders and the senior school boys.

Walter Pearce, the president of the association, gave a striking address on the relation of the home to the Y. M. C. A.

TEA AND RECEPTION

Mrs. G. Wilford Campbell was convener for the tea and reception. The guests were received by Mrs. D. H. Willett, president of the auxiliary, and Mrs. G. B. Taylor.

The very daintily and prettily arranged table was presided over by Mrs. J. A. Kennedy and Mrs. H. M. Pennington. Those who assisted in serving included Mrs. A. C. L. Tapley, Mrs. F. A. Dyleman, Mrs. R. E. Plimpton, Mrs. John McKinnon, Mrs. R. M. Fowler, Mrs. George W. Nobles, Mrs. H. W. McLeod and Miss M. MacColgan.

Social Notes of Interest

Mrs. J. D. P. Lewin entertained at luncheon yesterday at her home in Rethesay. The guests from the city were Mrs. E. A. Smith, Mrs. Leonard Tilley, Miss Mabel Sidney-Smith, Miss Ethel Sidney-Smith and Miss Ada Bayard.

Mrs. W. L. Caldwell, who has been visiting friends in Toronto and Montreal, returned home on Sunday.

Mrs. John E. Sayre entertained at a small but very enjoyable luncheon at her residence, Rethesay, yesterday in honor of Mrs. Walter S. Johnston, of Montreal. The artistically arranged table had for a central decoration daffodils and paper whites, and St. Patrick's Day cards marked the places of the guests. Those present were Mrs. Johnston, Mrs. W. L. Caldwell, Mrs. John C. Belyea, Mrs. Colia Mackay, Mrs. Brock, Miss Ellen Gillis and Miss Clara Schofield.

Mrs. Frank G. Wilson returned yesterday from a short visit to Boston.

Mrs. George D. Scarborough was the hostess at a delightfully arranged bridge at her residence, Carmarthen street, last evening. Spring flowers and sweetpeas were effectively used in the decoration of the drawing room. The guests were Mrs. Richard Hooper, Mrs. W. B. Tennant, Mrs. A. Nell McLean, Mrs. Charles M. Secord, Mrs. T. William Barnes, Mrs. Andrew West Murray, Mrs. John W. McKean, Mrs. H. L. Abramson, Mrs. Walter Gilbert, Mrs. Richard Aracott, Mrs. Frank A. McDonald, Mrs. D. C. Malcolm, Mrs. Frederick T. Dunlop, Mrs. Robert Cowan, Mrs. Stanley B. Smith, Mrs. W. H. Shaw, Mrs. Richard Werner, Mrs. F. W. Benson, Mrs. H. L. Spangler and Mrs. R. H. L. Skinner. Mrs. Scarborough will be hostess at bridge again on Thursday evening of this week.

A very enjoyable card party and shower was given at the residence of Mrs. Alex. Ellison, Rockland Road, Monday night in honor of her daughter, Miss Marjorie Ellison, who is to be one of the bridesmaids in a happy event in the near future. Many beautiful gifts in cut glass, china, silver and linen were received by Miss Ellison. Dainty refreshments were served by Mrs. Ellison, assisted by Mrs. Agnes Horsman, Mrs. John Thorne, Mrs. Hoyt, Mrs. Verne Ward and Miss Doris Ingram.

The Philathea Club of Central Baptist church, held a very successful Shamrock Tea and sale of candy in Mrs. Alex. Ellison, Rockland Road, Monday night. The room was artistically decorated for the occasion in green and white, with emblems of St. Patrick's Day, and a silver basket of spring flowers occupied a prominent place on the platform. The serving table was in the form of a triangle and had in the centre a doll dressed as an Irish colleen, standing on a pedestal and holding green and white ribbons which were draped to the points of the table. Mrs. J. E. London, Mrs. W. G. Tapley and Mrs. G. W. Wilson presided. Tea was served on small tables, each of which was

centred with a silver candlestick containing a green candle. Those who assisted in serving were Mrs. B. A. Smith, Mrs. W. G. Sancton, Mrs. R. Conner, Mrs. R. Bond, Mrs. C. Ehardt, Mrs. J. Wood, Mrs. G. W. Stigman, Mrs. C. W. Barle, Mrs. G. Hoyt, Miss L. Price, Miss Rheta Wilson, Miss Marguerite Logue, Miss E. Smith, Miss B. Blanche, Miss L. Myers, Miss B. Bell and Miss Maud Logue. The replenishers were Mrs. F. V. Ross, Mrs. C. Frazee, Miss Rae Wilson and Miss M. Clerke. Mrs. G. H. Morris was convener of the tickets. The candy table in charge of Mrs. L. Saunders, presented an attractive appearance in green and white, with decorations of polka shamrocks and green candles in silver candlesticks. Boxes in the form of shamrocks and tophats filled with green and white confections added much to the decorative scheme.

Mrs. Hooper, impersonating an Irish peasant, assisted Mrs. Saunders in selling candy to the many patrons. The following ladies composed the candy committee: Miss Vera McKay, convener, Mrs. L. Saunders, Mrs. H. Hooper, Miss L. Myers and Miss M. Logue, and the decorating committee, Mrs. G. W. Wilson, convener, Mrs. C. Sancton, Mrs. R. Vaughan, Mrs. C. Ehardt and Miss R. Wilson. The proceeds from the tea will be used for church purposes.

Miss S. A. Barrington, provincial organizer of Red Cross Home Nursing classes, left yesterday afternoon for Fredericton and vicinity, where she will spend the next few days in the interests of her work.

Mr. and Mrs. Alexander Campbell returned on Sunday from their wedding trip to Boston, New York and Montreal.

Dr. and Mrs. F. R. Taylor, German street, returned from Boston last night on Sunday from their wedding.

REV. G. B. McDONALD IS PRESENTED GIFT

Receives Club Bag From
Congregation of Main
Street Baptist

Rev. G. B. McDonald was the speaker at the special service in the Main Street Baptist church last evening. He was taken by surprise when at the close of the service a handsome club bag was presented to him by Deacon W. J. McAlary, chairman of the Main Street Board of Deacons, who expressed on behalf of the congregation, appreciation of the services Mr. McDonald had rendered the congregation, while it had been without a permanent pastor.

Mr. McDonald said that he had been very glad to assist the congregation in any way and that he very greatly appreciated the kind words and the gift. He is leaving his present pastoral at the Victoria Street church at the end of the month to take charge of the Needham (Mass.) Baptist church. Rev. A. H. Hertzog, acting pastor of the Main Street church, conducted the service last night. Mr. McDonald spoke on "Church Membership That Comforts." Mr. Murchison will also be the soloist of the evening.

Miss C. Whitten To Visit Saint John

Executive Secretary of Child
Welfare Council Here
in June

It was learned yesterday that Miss Charlotte Whitten, executive secretary of the Child Welfare Council of Canada, is to be in Saint John in June on her return from Europe, where she is to attend the international convention of child welfare being held this month in Geneva.

Miss Whitten is one of the most brilliant of young Canadian women of today and both the Canadian Social Service Council and the Canadian Child Welfare Council nominated her for the important position of Dominion representative at the Geneva meeting. Her work for the Dominion Department of Immigration and for the Social Service Council and Child Welfare Council has been of outstanding worth. Arrangements for Miss Whitten's visit in this province are being made by Miss Hulda Dykeman, New Brunswick representative on the Child Welfare Council, and it is hoped that Miss Whitten may be able to address public gatherings during her stay here. After the Geneva conference Miss Whitten will make a study of child welfare work in Europe, especially the work in the British Isles.

TO GIVE LUNCHEON TO LADY ALLENBY

The Women's Canadian Club will tender a luncheon to Lady Allenby at noon on March 31 at the Admiral Beatty. It was decided at the meeting of the executive held yesterday afternoon at the residence of Mrs. F. C. Beatty, in Douglas Avenue, with Mrs. Allan Fitz Randolph, the president, in the chair.

The wife of the Lieutenant-Governor and the wife of the Premier of the province are to be specially invited guests for the luncheon.

Miss BARBARA STREBEIGH daughter of Mrs. Jerome Napoleon Bonaparte

JUST a year and a half ago, Miss Barbara Strebeigh made her bow to Society. She adorned the deluge of parties that followed almost as much as she adores the out-of-doors.

But whether in the formal atmosphere of her mother's New York drawing room, on a steamer de luxe bound for Europe or engaging in the sports she loves so well, Barbara Strebeigh takes those subtle pains with her toilet that the well-born girl is taught to know.

The skin exquisite. That is why their use has become a habit with the girls of the younger set.

During the day, when your skin needs cleansing, particularly after exposure, apply Pond's Cold Cream. Leave it on a few moments so that its pure oils may penetrate every pore. Wipe off cream and dirt, and repeat the process, finishing with a dash of cold water. At night give your skin this same cleansing. If it is dry pat on more Pond's Cold Cream and leave until morning.

After every such cleansing except the bedtime one, apply Pond's Vanishing Cream to your skin. It gives you a soft, even finish, a freshened, velvety look—and your powder goes on better and stays longer with this delicate Cream as a base. Furthermore Pond's Vanishing Cream acts as a protection against weather, dust and soot. The Pond's Extract Company, 146 Brock Avenue, Toronto, Canada.

WIFE OF ACTING MAYOR IS DEAD

Mrs. J. H. Frink Succumbs After Brief Illness

Had Given Generously of Time and Talent in Work of Community

With sorrow and regret the citizens of Saint John learned last night that Mrs. James H. Frink, wife of the acting Mayor, had passed away at her residence, 17 Elliott Row, at 8:30 this afternoon after an illness of pleuro-pneumonia which had been of only five days' duration.

Not even those of the family circle had realized that the illness was to take from them one whose happy, gracious disposition had made her most deeply beloved. The news of her death, as it spread throughout the city, was a shock to every one who knew her and heartfelt sympathy went out to the bereaved.

HER PUBLIC DUTIES

When her husband had for three consecutive terms been elected as Mayor of Saint John, Mrs. Frink had carried through the public duties which fell to her lot with such dignity, tact and gracefulness that she found a special place in the esteem of the people and proved a splendid helpmeet.

She was reluctant to accept office in the many organizations in which she was an active and interested worker but she gave most willingly of her boundless energy, her time and her efforts in every public cause and was

Shampoo Powders Bad For The Hair

Most shampoo powders, and prepared shampoos, contain too much free alkali. This dries the scalp, makes the hair brittle and ruins it.

The best thing for steady use is Mulford's coconut oil shampoo (which is pure and grassless and is better than anything else you can use).

Two or three teaspoonfuls of Mulford's will cleanse the hair thoroughly. Simply moisten the hair with water and rub in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excess oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustre, fluffy, and easy to manage.

You can get Mulford's coconut oil shampoo at any drug store—it is inexpensive, and a few ounces will supply every member of the family for months. Be sure your druggist gives you Mulford's. Beware of imitations—look for the name Watkins on the package.

BETTY BALFOUR
Covington, Ga. writes: "I cannot express in words how thankful I feel for the results that I have obtained from taking Lydia E. Pinkham's Vegetable Compound. I feel that it has saved me from an operation. I had pain in my right side and bearing-down pains at monthly periods. My side hurt me all the time, and I was very nervous and felt tired and weak. I read about the Vegetable Compound in a paper, and the woman's condition was the same as mine. I have taken five bottles and it has been worth twice its price to me. My side hardly ever hurts me now and I feel a different person altogether."

Women Avoid Operations

THROUGH neglect of early symptoms some female weakness may reach a stage where an operation is necessary, but most of the common ailments of women, when taken in time, are not surgical ones, and should yield to Lydia E. Pinkham's Vegetable Compound.

When such warning symptoms appear as pains in side or back, headaches, backache, fainting spells, nervous depression and irregularities, they indicate that something is wrong, and unless the cause is remedied, serious organic trouble may develop. Lydia E. Pinkham's Vegetable Compound should be taken as soon as such symptoms appear. It not only relieves the present suffering, but lessens the chance of future trouble. Accurately prepared from medicinal roots and herbs, Lydia E. Pinkham's Vegetable Compound works gently but persistently to restore and preserve a normal condition of health. Read the following letters from two grateful women.

It Saved Me
Covington, Ga.—"I cannot express in words how thankful I feel for the results that I have obtained from taking Lydia E. Pinkham's Vegetable Compound. I feel that it has saved me from an operation. This Woman Escaped
Abbeville, Ga.—"Doctors said nothing but an operation would cure me. I had a displacement and was weak, run-down, nervous all the time, and I always had backache or sideache. I never got any relief except when I put hot towels on, until I began taking Lydia E. Pinkham's Vegetable Compound. I was a nervous wreck for three years, then a doctor told my husband to get Lydia E. Pinkham's Vegetable Compound for me. I made rapid improvement and now I have been doing all my work and taking in sewing for two years. You can use this letter to help advertise the medicine if you wish."

NEW YORK LANDMARK BURNS

One of New York's most famous landmarks went up in this smoke. The house, "Iron Mail," was built by C. K. O. Billings a quarter of a century ago at a cost of \$2,000,000. It was owned by John D. Rockefeller, Jr. Art objects owned by the occupants, Dr. Nicholas C. Parson, and valued at \$1,000,000 were destroyed.

Very generous in her support of philanthropic, patriotic and church work. Of late years her chief public interest had been centered in the Saint John County Hospital, of which she was one of the first commissioners. She retained that office up to the time of her death.

EDUCATED HERE

Mrs. Frink was formerly Miss Florence M. Hastings, a daughter of the late John Hastings, at one time a prominent dry goods merchant in this city. She was educated in the city, attending private schools, and throughout her life was a member of St. John's (Stone) church.

In that church her marriage to James H. Frink was solemnized by Rev. Geo. Armstrong and the church and missionary activities always found in Mrs. Frink an ardent and faithful worker.

Adding Mayor, Frink held the chief magistrate's chair from 1910 to 1916, and during the latter part of that time she worked and the care of the soldiers and their dependents was uppermost among local enterprises and Mrs. Frink was indefatigable in furthering the patriotic enterprises. She was one of the charter members of the Royal Standard Chapter of the I. O. E. which made an enviable record in patriotic work throughout the war period, and she was one of the chapter's most eager and self-sacrificing members.

In everything that she undertook Mrs. Frink's cheerfulness and optimism proved a help and encouragement to those associated with her.

At the County Hospital she very rarely missed a commissioner's meeting, and as one of the women on the board, she carried out many kindly enterprises for the comfort and pleasure of the patients.

MEMBER OF CHILDREN'S AID
Mrs. Frink was also a member of the Children's Aid Society and of the board of governors of the Saint John Health Centre and never failed in her interest and active support of these public causes. She had enjoyed excellent health

GRAND FALLS TRADE BOARD IN SESSION

Want Agriculture Society Organized in Area; Officers Elected For 1926

GRAND FALLS, March 16.—At the annual meeting of the Grand Falls Board of Trade, held on Monday evening, the board went on record as favoring St. Leonard's as the terminal for the proposed highway between St. Leonard's and Campbellton already begun. The resolution favored the dismantling of the old suspension bridge across the gorge below the falls and the Minister of Public Works is to be so advised.

WANT AGRICULTURE SOCIETY

Believing that agricultural conditions in this vicinity can be greatly improved the board favors organizing an agriculture society embracing the districts surrounding the town of Grand Falls, and for the purpose of the promotion and help toward getting the necessary instruction and assistance from the government. A committee for furthering the organization of such a society was named as follows: George W. McLaughlin, president; B. A. Ridout, secretary; C. A. Estey, J. L. White, W. M. Costigan, D. J. Collins, H. S. Ridout.

OFFICERS ELECTED

Election of officers was as follows: President, F. W. Pirie; vice-president, R. McCluskey; secretary-treasurer, M. F. McCluskey; executive, C. A. Estey, J. L. White, W. M. Costigan, D. J. Collins, H. S. Ridout.

FIVE ACCUSED OF RADIO SLANDER

First Case of Its Kind to Be Booked at Chicago Causes Interest

CHICAGO, March 16.—Radio slander, as interpreted by State's Attorney Robert E. Crowe, is due to become an unpopular offense with its first appearance in Chicago, the prosecutor said tonight as five men were booked on various charges in connection with the broadcast on Saturday night from the Moulin Rouge cabaret, station WBBM.

Mr. Crowe, listening to the broadcast from the Moulin Rouge cabaret, and his pal, Charlie Barrett, are sitting at a front table here at the Moulin Rouge. He gathered a squad of detectives and raided the cabaret, taking four prisoners besides the radio announcer, and seizing a light-colored suit which he believed to be the property of the guilty ones to the limit of my authority.

"The State should provide a law that makes it a criminal offense to broadcast falsehoods. The existing criminal libel statute requires that the libel shall be in writing. I understand Congress has pending a proposed Federal law to make radio slander a criminal offense. The law should be passed."

HOFF BREAKS TWO RECORDS AT MEET

Norwegian Wins World's Indoor Septathlon at New York Last Night

NEW YORK, March 17.—Shattering two world records and winning five of the seven events, Charley Hoff of Norway, captured the world's indoor all round athletic championship last night, defeating Emerson Norton of Georgetown, after Harold Osborn of the Illinois A. C., Olympic and United States title holder, was forced out by a sprained ankle.

Hoff broke the world's indoor broad jump and pole vault marks in scoring a clean cut triumph and registering one of the greatest all around performances ever witnessed, indoors or out.

HEAVY TAXATION DEBATED

Sing Sing Filled Near To Capacity

OSISING, N. Y., March 17.—Only an epidemic of the grip in Sing Sing, which sent several prisoners to the hospital, prevented the prison from being overcrowded recently even after Warden Lewis E. LaRue opened fifteen additional cells on the top gallery of the new clinic building outside the prison walls.

There were 1,505 prisoners in Sing Sing during the day. With the new gallery of cells and all available space in the prison hospital in use, there was room for only ten more inmates.

Warden LaRue is seeking room for new arrivals who have been coming in lately on an average of from five to ten a day.

FRIEND TELLS OF ROMANCE OF ZIZI

Girlhood Chum Says Prince Lived With Morganatic Wife After Later Wedding

PARIS, March 17.—Marie Jeanne Lambriou, more widely known by her nickname, Zizi, former morganatic wife of Carol, erstwhile Crown Prince of Rumania, although unwilling to discuss her 10,000,000-franc suit against her former husband, has allowed "a girl friend whom she has known since infancy" to give some details of the final episodes of her romance with Carol.

"From the day the marriage was annulled, on the ground that a prince of Rumania could not marry a Rumanian subject, and in order to make it possible for Carol to marry Princess Helen of Greece, he continued to see me," Mrs. Zizi said. "I was completely relieved, and am never without 'Fruit-a-lives'."

ing in Europe since last November, and will probably arrive in Montreal early next week. Miss Marjorie Stevenson, who accompanied her aunt, Mrs. Duggan, to Europe, remained in England for a longer visit.

RECEIVED WARNING.
Zizi had been warned at Bucharest that her child might disappear, so she was never willingly separated from him for an hour. That was one of her reasons for wishing to leave Bucharest.

"Miss Lambriou now would like to send her boy to a school directed by the Church, but he has no name and would change nothing in their own lives. As a matter of fact, after the ceremony in 1922 (the wedding of Princess Helen) the relations of Zizi and Carol remained unchanged."

"However, Carol eventually became colder and came less frequently to Zizi's residence near Bucharest. Finally she went to Paris, where she lived a retired life. In 1925 she had an interview with the Prince at Sinigaglia, in which Carol promised to rejoin her in Paris and to give his name to their child. After that interview she remained without news of him."

Mrs. G. Herrick Duggan is expected in Saint John, at the end of the week by the Montclair, after traveling in Europe since last November, and will probably arrive in Montreal early next week.

SUFFERED TEN YEARS FROM RHEUMATISM

—THEN PERFECT HEALTH AGAIN THANKS TO "FRUIT-A-LIVES"

"I have suffered from rheumatism for 10 years and have tried many so-called remedies, and several doctors have treated me with no success. Fortunately, I was recommended to try 'Fruit-a-lives' by a person interested in me, and after taking four boxes was greatly helped, and finally completely relieved, and am never without 'Fruit-a-lives'."

SLANDERER SHOT BY WOMAN IN DUEL

Fires Over Shoulder at Brother-in-Law, Who Shot First

PIKEVILLE, Ky., March 16.—Mrs. M. M. Coleman is ill in the jailer's apartment at the county jail here under charges of murder as the result of a duel in which she killed Ernest Coleman, her brother-in-law. Her husband, for whose love she shot and killed his brother, was at her side. She will be given a preliminary hearing this week.

The story she told is that of a woman who fought with all the weapons at her command to save her honor and the love of her husband.

BELIEVES IN WIFE
Her brother-in-law, according to court records, had been acquitted of a charge of gossiping after he had accused her of being untrue to his brother.

"She shot first in defence of her honor and the second time in defence of her life," was the way she explained her two attempts to kill Ernest, the second of which was successful.

HUSBAND REPLIES

The trouble began several weeks ago when Ernest went to M. M. Coleman and told him his wife was unfaithful. The interview ended when the brothers opened fire on each other. Neither was hurt.

Mrs. Coleman then preferred charges against Ernest Coleman and in the trial he was convicted after the men the defendant had named in his testimony, had testified that the charges were untrue. Coleman appealed and on last Monday he was acquitted in Circuit Court here. The principals in the trial returned to their homes on Greasy Creek on the same train. At the Greasy Creek station Mrs. Coleman shot her brother-in-law five times, no wound being serious. He was taken to the house on the porch of which he later met death at her hands.

OPENS FIRE ON HER

Yesterday Mrs. Coleman passed the house in a buggy on her way home from a country store. Coleman was standing on the porch and opened fire on her, she said today in repeating the story she told Sheriff J. N. Robinson yesterday. She returned the fire sending five bullets over her left shoulder. Because of the smoke from her pistol, she said, she did not see Coleman fall.

She drove on, but when told later her aim had been accurate, she called the sheriff and surrendered.

NOVELTY SHOWER.

About 30 friends of Miss Lena Urquhart met last evening at the home of her grandmother, Mrs. William Hecker, 169 1/2 Victoria street, and tendered her a novelty shower in anticipation of a happy event of the near future. The gifts for the guest of honor were presented to her in a basket, nicely decorated, and included silver, linen and cut glass. The hostess was assisted in serving by Miss Nellie Urquhart and Miss Thelma Lockhart.

The first needles were the thorns of plants.

Provincial Labor Federation Will Ask For Legislation

Convention Resolutions Urge Provision For Mothers and Aged People, Minimum Wages For Women, Protection Compensation Act; Landry as Vocational Head

FREDERICTON, March 16.—The New Brunswick Federation of Labor assembled here in thirteenth annual convention this afternoon heard the reports of president J. E. Tighe, Secretary G. L. Melvin and of the executive. Resolutions also were presented from various subordinate organizations and were referred to the resolutions committee.

MAIL ORDER TAX

From Moncton is a resolution opposing the proposed sales tax on business by mail order houses in the Province. There also is a resolution reducing the "waiting period" under the Compensation Act from seven to six months.

LANDRY IS NAMED

A. F. Landry, of Moncton, has been recommended by the federation for the post of director of vocational education, in succession of Fletcher Paucok. Mr. Landry has been fully endorsed by the Moncton labor body.

COMMITTEES NAMED

The committees named by the Federation are as follows: Resolutions—E. R. Stevens, Wm. Ed. H. Carlin, Ed. McGinnis, T. H. Goughlin.

GREETINGS FROM CONGRESS

Donald Dear, of Ottawa, organizer of the International Fire Fighters' Union addressed the convention conveying greetings from Tom Moore, President of the Trade and Labor Congress of Canada, and from E. P. Draper, secretary of the same organization.

MAYOR CUTS SALARY

Warm Clash With Calder, Customs Body Counsel, Marks Probe

OTTAWA, March 16.—That he had been interested in a liquor business while occupying the position of chief preventive officer for the port of Montreal was admitted by J. E. A. Bisailon during lengthy cross-examination before the customs investigation this afternoon.

MOETTES SHARED

The afternoon was taken up in examination of Mr. Bisailon. Early in his examination he admitted that he had shared moieties with subordinates in the Montreal office in order "to make ends meet." He had done this in spite of the fact that his salary was above the point where such moieties were allowed in the customs act.

DORCHESTER MAN
DEAD AT OTTAWA

DORCHESTER, March 16—The
death of Roy T. Bowes occurred in
Ottawa on Monday evening, of leuke-
mia, at the age of 53 years. Mr. Bowes
was formerly of Dorchester, was a
civil engineer in the Marine and
Fisheries Department. He is survived
by his wife, little son Roy, aged five
years, and his mother, Mrs. Alonzo
Bowes, a sister, Miss Grace, and a
brother, Fred, of Dorchester, and a
brother, Edward, of Pithburg, Mass.
His body will be brought to Dorches-
ter on the Queen Limited on Thursday
and burial will take place in Sackville.

extended the freedom of the city, and
humorously remarked that he had the
keys in his pocket. He regretted to
state that he was not a member of this
grand order, but hoped that this would
not be said of him for any great length
of time, as he appreciated the noble
and generous work the order was doing
for their members particularly, and for
humanity in general. He wished them
every success and a most profitable and
enjoyable evening.

CHAIRMAN'S GREETINGS.

The chairman then delivered an ad-
dress of welcome. Half a century had
passed, he said, since the organization
of Prince Albert Lodge and they were
invited to rejoice in the golden jubilee.
It was his very pleasant privilege and
duty to bid them welcome. That
sacred word was never more sincerely
spoken than at that moment. He
trusted they would be able to enter
very fully into the spirit of rejoicing
and thanksgiving to the Eternal and
Supreme Ruler of heaven and earth
for the great prosperity with which
he had been pleased to bless the or-
der. He hoped every moment would
be pleasant and that the recollection
of the golden jubilee of Prince Albert
might be among the most cherished
memories of all.

NEW MEMBERS.

Before he called on the grand master
he congratulated members on the very
large class of candidates who had been
identified with a world-wide
fraternity whose influence for good in
the world could never be estimated.
The older members were very glad to
have them in the order.

"Like every good thing," he said,
"Odd Fellowship will return to you
more and more in proportion to what
you put into it and your devotion to
its principles and sentiments. We
trust you may become true and hon-
ored members of your beloved order
and that the memory of this night may
be an inspiration to you in the future
days when you may be tempted to
become careless or indifferent."

GRAND MASTER SPEAKS.

The chairman then introduced
Grand Master A. C. Barnaby of
Bridgewater, who made a gracious
reply to the address of welcome. He
said they should be proud of an order
with a membership of two and one-
half millions—the greatest on the
North-American continent—an order
which had given \$1,000,000 for relief.
But better than that was its accom-
plishment in elevating character, teach-
ing men to be better, raising their
thoughts to higher things and awaken-
ing in each a keener sense of respon-
sibility to his fellows and his God. The
initiation of 57 new members was
a great thing, he said, and he hoped
very many times. Such progress, he
hoped, would continue for the next
50 years.

Other speeches were by L. M. Rob-
inson, Deputy Grand Master, of St.
Stephen; J. J. McKinnon, Grand Sec-
retary, of Charlottetown, P. E. I.; J. R.
McDonald, Past Grand Master, and
R. H. MacKay, Past Grand Master
of New Glasgow. These addresses
were interspersed with humorous an-
ecdotes.

PROGRESS IN MONCTON

An interesting feature of the pro-
gram was an address on local Odd fel-
lows, by the chairman, A. S.
Robinson, who gave a review of the
order and its progress in Moncton dur-
ing the last half century. It was
Prince Albert Lodge that had inaugu-
rated the Decoration Day service, in
1886. After some years the grand
lodge recognized its worth, and now
it is the grand lodge that sets the day
for the Maritimes.

JEWELS PRESENTED

Another pleasing feature of the
evening was the presentation of vet-
eran's jewels to Mrs. F. A. Mac-
Gowan, Mrs. Edgett, John Hill of
the C. N. R., Montreal, Dr. G. J. Oul-
ton, retired principal of Aberdeen
High School, Moncton, John Stewart,
retired locomotive engineer, Moncton,
and Ronald Blakney, Moncton. The
presentations were made by Grand
Master Barnaby, P. G. M., P. A. Mac-
Gowan and Past President Mary E.
Bayne, and all the recipients respond-
ed in appropriate manner. The cere-
monial closed with a short address by
H. Ferguson, after which excellent re-
freshments were served and dancing
enjoyed.

During the evening the program
was interspersed with vocal and in-
strumental selections during which ex-
cellent renditions were given by Thos.
G. Stenhouse in Scotch songs; Sister
G. Mary Stevens, Horace Constable
and Reid Perry, whose able readings
were much enjoyed. All the enter-
tainers were heartily encored. The
celebration closed with the singing of
the National Anthem.

AFTER BOOTLEGGERS

OTTAWA, Ont., March 17—The
federal government intends to take
steps to prevent bootlegging along the
Prince Edward Island coast, it was
stated in the House of Commons last
night by Hon. G. H. Boivin, Minister
of Customs. J. A. MacDonald, Con-
servative, Kings, brought the matter
up when the House was in committee
of supply on customs estimates. He
did not think that the preventive ser-
vice around Prince Edward Island was
sufficient to prevent bootlegging. Mr.
Boivin agreed with him.

VICTORIA, B. C., March 17—The
Victoria Cougars will meet the Ed-
monton Eskimos to decide the cham-
pionship of the Western Canada Hockey
League. Fraser, brilliant Victoria de-
fence man, scored a goal, in overtime

ciding game of the semi-final two

CORN WAS BLESSING
TO THE ABORIGINES

Medicine Men Used Meal to
Insure Good Will of
Spirits

The Indian is the real advocate of
corn, says "The Indianapolis News."
To him it was the staff of life. Both
he and it are distinctly American. The
sailing vessels which carried back to
Europe news of the discovery of the
one, here also samples of the other.
Corn has meant so much to the Indian
in his economic life that he came to all
reverence it.

It was one of the four original cele-
brations sent down from heaven.
The others were squash, beans and
tobacco. Cornmeal is used by the Pueb-
los and other Indians in all their re-
ligious ceremonies. No tribal under-
taking is complete, no official pro-
nouncement is effective, unless they are
accompanied, at their reception, by the
sprinkling of the sacred meal.
The medicine man finds in the meal,
blessed and sanctified by his own hands,
his chief ally in inspiring the blessing
function of the good. Growing corn
of the good spirits which rule the In-
dian world, or in driving away the evil
of the evil spirits which threaten to
sprout, horses and sheep will perish,
families cannot prosper and the evil
implements and other artifacts found
in the caves, cliff dwellings, mounds
and ruins of communal houses of these
prehistoric people little ears of corn
are often discovered. To these people
the great American commodity prob-

ably was as essential as it became later
to their descendants.
Observatories To
Forecast Disease
"Health observatories," from which
forecasts of approaching epidemics will
be sent out, have been established in
the 44 largest cities of Illinois by Dr.
Isaac D. Rawlings, state health direc-
tor, who adapted the idea from the
government weather bureau.
Each station, says the April "Popu-
lar Science Monthly," is supplied with
a weekly statement showing the num-
ber and location of all reported cases
of contagious disease in its territory.
With this information, the local health
officer can determine the danger and
take steps to overcome it.
Epidemics are no longer mysterious
outbursts that spring out of nowhere

and disappear just as suddenly, Dr.
Rawlings declares, in announcing the
opening of these observatories; they
are recurrent disturbances like weather
changes, that can be predicted with
reasonable accuracy. By the interpre-
tation of carefully gathered statistics
and by following the path of the dis-
ease, he asserts, it is possible to make
an almost perfect forecast, which is of
the greatest service in aiding preven-
tive medical work.
On this principle Dr. Herman Bun-
desen, Chicago health official, has com-
piled a unique chart by which, with the
aid of statistics, he makes a graphic
record of the course and frequency of
a disease and by which he claims he is
able to predict with certainty the near-
ness and intensity of any epidemic.

Canadians

LONDON, March 17—One of the
best known waiters in London, John
Bull, of the old Cheshire Cheese in
Fleet street, died yesterday, aged 60.
He was a familiar figure to hundreds
of Canadian visitors to London on ac-
count of his quaint wit and his physical
resemblance to the traditional figure
of John Bull. His appearance led
many to suppose that John Bull was
a nickname, but it really was his bap-
tismal name.

Consolidated Smelters Absorbs Most of the Early Transactions There

Canadian Press
NEW YORK, March 17.—Extension of buying support for influential rail and industrial shares contrasted with continued selling of specialties at the opening of today's stock market, resulting in marked irregularity of price movements. Atchafalaya, Atlantic Coast Line, General Electric, General Motors and Chesapeake and Ohio opened 1/2 to 2 points higher, Woolworth S. S. Krage and other merchandising issues worked lower and U. S. Brokers' Opinions
NEW YORK, March 17.—Hornblower & Weeks—Instead of following rallies on days of general strength as has been the case for the past few weeks, because the chances are that the market will be held by the stocks that furnish most of the support, the market will turn dull and irregular again after short and driven rallies. The buying is being done by the reverse of Monday's market. The latter day's stocks were weak through the entire day. The market is interesting to watch until the last half hour, when a rally came which was not cancelled, the losses. It seems to be a market which is the result of only professional trading and the public standing on the sidelines. The market is a better line on the operations continues through the next several months some stocks will be in a position to advance on good earnings reports. LIVINGSTON & CO.
TO DEPORT ANDREWS
Canadian Press
HALIFAX, N. S., March 17.—A report by R. B. Curry, who went to Wolfville and Kentville at the instigation of the Attorney-General to investigate the case of "Jim" Andrews, recommended that the latter be deported. A gang of masked men entered the Wolfville jail where Andrews was confined. Just at that moment a constable and feathery. The Wolfville police chief took him to Kentville, where he has remained since. At the present rate of the Attorney-General of Nova Scotia regarded the affair as "very serious" and despatched Mr. Curry to make an investigation.

"KID" TRAPPED BY "CAMERA EYE"

Fugitive Who Jumped Bail After 1914 Conviction Recognized by Detective

NEW YORK, March 17.—The Albany Kid, better known to his former schoolmates as George Franklin, but concealed by the police to be the dean of coin matchers, was in the line-up of prisoners at Police Headquarters here recently for the first time in eleven years.

Which is not to say that he would not have been welcome any morning during those eleven years, for two red cards emblazoned with the word "wanted" had been filed in his envelope at Police Headquarters during the entire period. Twice during that time the police here learned of his arrest in other cities too late to fetch him.

Detective Joseph A. Daly, Inspector Coughlin's expert on confidence men, was returning from Florida with Kennedy, under indictment for the larceny of \$400 in bonds from John Lowry, of 120 Broadway. He was not expecting a committee of welcome to meet him at the Pennsylvania station, but it is his wont when passing through such places to keep an eye peeled for sight-of-hand impostors who make of them a rendezvous.

RECOGNIZED BUYING TICKET.
He was both reflecting on the attractions of the Miami shores he had just left and the scores of coin matchers he had arrested in the by-gone day when he saw a man bustle up to the ticket office, slip some change on the counter and grab a ticket which was thrust through the window. For a moment he was dumfounded where he had seen that face before. Then it came to him. "Hello, Mr. Franklin," he hailed the traveler.

The man turned about, looked straight at Daly and started off.

"Don't you remember me, Mr. Franklin?" he persisted. "I'm Joe Daly."

"Well, I'm not Mr. Franklin, and I don't know Joe Daly," the man snapped.

"Well, unless a lot has happened since I left last week for Florida, Mr. Franklin, I know a man who is most anxious to have a chat with you."

Mr. Franklin, still protesting, was taken along with Pellman to Police Headquarters. When Inspector Coughlin showed him the uncanny resemblance for a cast and photograph here to those of George Franklin, alias the Albany Kid, the man gasped.

JUMPED BAIL FROM WORKHOUSE.
He was last arrested in New York in 1914 for swindling a man by coin matching and sentenced to six months in the workhouse. He appealed, and was released on \$1,000 bail. The Appellate Division affirmed the conviction, but when his case was called the Albany Kid was not in sight. Four years later he came to the attention of the police in Cleveland, but they did not convict him.

She Coughed Night and Day

Until She Used Dr. Wood's Norway Pine Syrup

Mrs. S. E. Little, 103 Inkerman St., London, Ont., writes: "I got a very severe cold which settled in my bronchial tubes.

I coughed night and day, and although I tried several different remedies I could get no relief until a friend advised me to take Dr. Wood's Norway Pine Syrup. This I did, and I must say that it gave me almost instant relief. I got up in my bed very quickly. I hope this testimonial will be the means of helping many other sufferers.

"Dr. Wood's" is put up only by The T. Millburn Co., Limited, Toronto, Ont.

REPORT IS GOOD.
Mrs. C. J. Coster's many friends will be pleased to know she is daily improving in health, after an operation performed at the General Public Hospital last week.

Deaths

MRS. RENE J. BELL
Mrs. Rene J. Bell, daughter of Mr. and Mrs. James A. Whipple, 3 Whipple street, West Saint John, who died at her parents' residence yesterday was formerly Miss Beatrice D. Whipple. She was married in Detroit in last July. Previous to her marriage she was connected with the staff of Byrne and McCrounch in this city. She was a life long member of St. Jude's Anglican church and sang in the choir from childhood. She was also a member of the Women's Auxiliary. Mrs. Belle arrived in the city less than two weeks ago with her husband, to visit her parents, and her sudden passing was a severe shock to her family and friends. She is survived by her husband, parents, three brothers and seven sisters. The funeral will be held from her parents' residence tomorrow afternoon at St. Jude's church. There will be service at the house at 2 o'clock, and at the church at 2:30 p.m.

Test a Ton of Welsh "Hi-Heat" Coal

During These Cold Nights and Warm Days

MARCH WEATHER PUTS ANY COAL TO REAL TEST

Unsurpassable For Self-Feeders Furnaces Jacket-Heaters Kitchen Stoves

Each Spring about this time, we suggest to all coal buyers who are not doing business with us, to test our coal in finishing out the season, so that when the time comes to order for next winter, the coal most suitable for mild as well as severe weather, will easily be decided on.

We make many new friends each year through this suggestion, because our coals are always of the best.

This year WELSH "HI-HEAT," has, not only our recommendation, but the endorsement of more satisfied users than any coal has had during our 13 years of business.

DEBATE EMBARGO

Canadian Ban on American Publications Discussed in U. S. Senate

ALBANY, N. Y., March 17.—The recent Canadian prohibition against certain publications emanating from the United States was mentioned in the course of a four-hour debate on the "clean books bill" in the Senate and assembly committee today. The clean books bill, a hardy perennial at the capitol is supported by religious and civic organizations who charge that New York yearly puts out "patriotic" tracts of publications and is opposed by book and newspaper publishers of the state.

Sponsors of the bill draw the attention of the committee to the Canadian action as indicating the need for censorship.

WAS IN GREAT WAR.
The death of Kenneth Williams occurred in this city this morning. He was a son of Mr. and Mrs. Albert E. Williams and is survived by his parents, his wife, Roxanne Williams, Mrs. Williams was 34 years of age and was a member of the air force during the Great War. The funeral will be held from his parents' residence, 225 Victoria street, on Friday afternoon at 2:30 o'clock.

The Verdict of the Builders M. J. Palsion

Mr. Palsion, speaking of the cold storage building he was erecting for the Cape Breton Cold Storage Company, said:

"The entire structure is built of Interlocking Tile. The mathematical factor of safety in this building is five or six to one. We preferred Interlocking Tile for this kind of a structure, owing in the first place to its protective tendencies against moisture and against a rapid transmission of heat and cold."

The same features commend it for all construction. For kilns, it keeps the heat in. For cold storage, it keeps the heat out. For homes, it maintains an even temperature with far less fuel.

Can be plastered with brick, or left exposed.

Each Interlocking Unit equals a seven brick, or a half having half the weight, can be laid at a fraction of the cost.

HIGH SCHOOL HOCKEY TITLE STILL IN AIR

Bathurst And Fredericton Tie At Capital Last Night

FREDERICTON, March 16.—Bathurst High and Fredericton High still are tied for the interscholastic hockey title of New Brunswick and the Telegraph-Times trophy.

There was a good attendance at tonight's match. The visiting team did not show the speed as in the first game here and the Fredericton High players were more accustomed to their style in territory and in shots on goal.

Fredericton drove in a strong attack in the third period and kept the play at the visitors' end and the greater part of the period. Miles took the rubber and scored after the players had piled up 8 in front of the Bathurst net.

Fredericton High—Goal, Haines; defence, Haines, Neil, centre, Keenan; right wing, Miles; left wing, Thompson (Capt.); subs, Smith, Row.

Bathurst High—Goal, Bond; defence, Haines, G. Aubie; centre, Fournier; right wing, Luce; left wing, Doucet, Doucet, 19:15 minutes. Second period, 3, Bathurst High, Fournier, 9 minutes; 2, Fredericton High, Thompson, 11 minutes; 3, Fredericton High, Miles, 10 minutes; 6, Bathurst High, Luce, 9 minutes. Penalty, Hains, Bathurst High, 9 minutes.

COMETS AWAY TO PLAY IN BATHURST. The Saint John hockey team left this morning for Bathurst where they will play the Bathurst team this evening.

MONCTON TEAM TO MEET FAST KNOX PLAYERS

Local Quintette Ready For Fray—Fast Preliminary Contest

This evening Saint John basketball fans will have an opportunity of seeing the initial game in the play-off series for the New Brunswick intermediate basketball championship.

The visitors are rated as a fast moving bunch of boys but they will have plenty of opposition as the Knox team is going strong and have already succeeded several close matches here.

The locals will have their strongest line-up on hand. It will consist of L. Stirling, Jessejyn and M. Stirling on the forward line, with Cunningham at centre, Woodroffe, Ield and Ingraham will work on the defence.

Previous to the main drawing card there will be a preliminary contest between the Y-Nots and High School. This game should also be a good one, as both teams have been playing good basketball.

The game will start at 7:30 sharp. Be on hand and give the boys a cheer!

IRISH LAUDED BY MISSIONER AT CATHEDRAL

Rev. George Mylett Preaches On St. Patrick And Faith

SHAMROCK MUCH IN EVIDENCE TODAY

Services In All Catholic Churches Mark St. Patrick's Day

Today, the feast of the patron saint of Ireland, St. Patrick, was celebrated by Irishmen in Saint John, as elsewhere. Special services were held in all the Catholic churches this morning and suitable reference made to the life and labors of one of the leading figures in the history of the church.

Today many were wearing the "shamrock" in honor of the day and the saint whom it commemorates. AT THE CATHEDRAL. An inspiring and instructive sermon on Ireland and its position in the world was preached by Rev. George Mylett, C. S. R., head of the visiting band of Redemptorists here, at the 10 o'clock high mass in the cathedral this morning.

Father Mylett drew a parallel between the Irish race and the ancient Jews, both being driven from their home land and scattered over the world.

Touching on the birth place of the saint, the speaker said it was either France or Scotland, but no one was sure. He next dealt with St. Patrick's early life and told how he had been taught to pray by his mother.

From the time of St. Patrick the Irish had been loyal to the church, being the only nation that had steadfastly withstood all kinds of persecution.
