

**STORE-WIDE SALE
STARTS TOMORROW
AT OAK HALL**

It comes as a pleasant surprise to the patrons of Oak Hall to hear that starting tomorrow morning Oak Hall are inaugurating a stupendous store-wide mark-down sale. This sale will in every way be an exact duplication of Oak Hall's famous mid-summer and mid-winter sales that so many people wait for year after year.

This unexpected sale, coming, as it does, right at the beginning of cold weather, affords a wonderful opportunity for everybody to procure their new season's wearing apparel at big savings. A sale of this magnitude is so unusual at the commencement of a season that Oak Hall is giving a very plain statement as to the reason for it. It is simply that Oak Hall for the past few years having been buying more than they needed in order to procure enough for their trade because manufacturers were only shipping about 50 per cent of the quantity ordered, being far behind in production.

This year Oak Hall proceeded along the same lines, but conditions very suddenly changed, and manufacturers started to ship not only 100 per cent of this season's orders but also much merchandise that had been standing on order for a year or more. The result is that Oak Hall finds themselves with more goods than they can consistently take care of; therefore they decided on this stupendous store-wide mark-down sale where everything is marked down to the very lowest possible margin of profit, in fact some lines are marked way below actual cost.

By this method Oak Hall anticipate a large volume of business, thus reducing their stock to normal. Their customers reap the benefit of procuring their winter's apparel at prices much lower than would be possible in the ordinary way of business. This stupendous sale starts tomorrow morning and will continue for a short time only, so that interested ones should be on hand early.

The Seven Seas Chapter I. O. D. E. met last evening at the home of Miss Alice Lockhart, West St. John. The regent, Mrs. Ray Haley, was in the chair. Miss Dorothy Jones was appointed a delegate to the provincial chapter meeting to be held in Fredericton. The sum of \$80 was voted to the Y. W. C. A.

**SPAIN TO HAVE
BIG EXPOSITION**

Will Cover at Least 270 Acres — Palace of Light Will Contain Latest Electric Lighting Devices.

Barcelona, Sept. 28.—(Associated Press Correspondence).—Catalonia has undertaken to present to the world's approval one of the most extensive and comprehensive expositions ever held, and although it is not to open until 1924 the preparations already are far advanced. Under the supervision of General Rubio, an engineer officer recently returned from the Spanish army, the slopes of Montjuich are being transformed from an arid waste into an artistically laid out garden in the center of which the exposition buildings are being constructed.

The official title of the exposition is to be the International Exposition of Electrical Industries and the General Spanish Exposition. The ground allotted by the government for the purpose of the exposition is 270 acres in extent, and if necessary 220 acres will be added, this depending on the amount of space asked for by exhibitors. Up to the present, arrangements have been made for the erection of buildings covering a space of 2,000,000 square feet, and the architects have finished the plans and begun the erection of the chief pavilions.

One of the features of the exposition is to be the Palace of Light, where will be shown the most recent inventions from all parts of the world in connection with electric lighting. Other pavilions are to be devoted to exhibits of electrically propelled implements for agriculture and industry.

In the exclusively Spanish department a great display is to be made of the progress of Spain in industry, commerce, science, art and social life, while the South American republics are each to have a pavilion of their own.

ABSOLUTE SECURITY TO POLICYHOLDERS**

"I can't afford life assurance," you say.

That is the very reason why you can't afford to do without it. How would your family get along without any of your income, if from it you can't spare a small portion for life assurance protection?

Suppose you should learn that from now on your income would be reduced \$5.00 per month! Would it trouble you much? Well, that amount will maintain an Imperial policy for about \$2,000.

**185 audiences
tried it this way**

MOST people know that the musical enjoyment which they get out of a phonograph depends upon one thing. That thing is the phonograph's realism.

This picture shows the best way to test a phonograph's realism. Miss Betsy Lane Shepherd, the famous soprano, is standing beside the New Edison, and singing in direct comparison with the New Edison's RE-CREATION of her voice.

185 audiences, aggregating more than 100,000 people, have actually heard this comparison. None could distinguish between her living voice and its RE-CREATION.

This is one of the phenomenal records of realism. The New Edison holds all other records of realism, too, because no other phonograph attempts this comparison-test—or could sustain it.

**You
try it this way**

—the way we use in our store!—the Realism Test! Test the New Edison's Realism against the pleasure you know music can bring.

Tell us what kind of voice or instrument gives you truest musical enjoyment. Listen while we play your favorite on the New Edison. The Realism Test will enable you to gauge whether the New Edison's RE-CREATION gives you all of this enjoyment.

This is your test! It will help you determine what the New Edison's Realism means, in terms of your own musical enjoyment.

Ask for it! The "Personal Favorites" Realism Test.

Another thing to ask about is our Budget Plan. It disposes of the money question, in a way that will appeal to your common-sense and to your pocketbook.

THE UNDESIRABLES.

The exploits of bandits in a number of places in Western Canada have directed attention to the question of the character of the people admitted as immigrants into this country. It appears that most of these crimes are committed by foreigners, and one journal says—

OF THE STATE of trade in the United States, Bradstreet's says: "The hesitant note previously heard in distributive trade seems more pronounced this week, with uncertainty as to prices assigned as the dominant cause, but with greater stress laid on the dulling effect on country trade of the continued seepage in strength of prices of the staple crops, especially wheat, corn and cotton."

FORSAKES SCHOOL TO START BEAUTY PARLOR

And Professor for First Time Pays Income Tax.

Chicago, Oct. 13.—Laboring under the misapprehension that what women have inside their heads makes some difference, Oscar M. Heath, former professor of English in the Englewood high school, wasted thirty years of his life dispensing knowledge. He admits it in announcing that his culture review school will cease to exist after Jan. 1.

"I struggled along with the idea that teaching was a noble art," said the professor. "There are about 3,000 teachers in Chicago today whom I have instructed. But I saw nothing ahead of me in my old age but the poor lot. So I started a lecture party and I found out that it is the outside of their heads, not the inside, that women wish to have filled, and I paid income tax this year for the first time."

"It takes brains to teach. It doesn't take any to run a beauty parlor. So I'm going to devote the rest of my life to the latter."

"Girls working in restaurants, who cannot utter a grammatical sentence, are making \$50 a week in salary and tips. Why waste money and time in being educated, they reason. They get a massage, and good clothes, and assume a smiling attitude."

LANDLORD SAID: "REDUCE FAMILY"

Only Condition on Which Tenant Could Get Renewal of Lease.

Chicago, Oct. 12.—"My landlord told me I could renew the lease on my present flat if I would reduce the size of my family," said John White, testifying before Judge Moran in an eviction case.

"I have three children, the oldest six years and the youngest two. I could not throw any of them out, and I do not believe in infanticide."
"That's a new one on me," commented the Judge. "I've heard of all kinds of conditions under which landlords were

willing to renew a lease, but this is the first time I ever heard of a landlord demanding that a man reduce his family of children."
White's lease was not renewed, and he had been served with a five-day eviction notice. The court refused his plea that he be permitted to remain, saying there was no law under which this action could be taken.

FATHER AND 3 BROTHERS ARE UNDER ARREST

John, Peter and Another Son Are Hunger Strikers — Other Political Prisoners in Cork.

Cork, Sept. 25.—(Associated Press Correspondence).—Among the eleven hunger strikers in jail here are two brothers, John and Peter Crowley of Ballylanders, Limerick, while another brother is hunger-striking in Winchester Jail, England. Their father aged eighty-five has just been arrested also and brought to Cork. Their house was also burned recently after a raid had been made upon it.

This family rents automobiles which the military officials assert were used for Sinn Fein activities. Up till the present one of their automobiles is missing and the father was informed that unless he revealed its whereabouts he would be arrested.

"If I knew I would not tell you," he is reported to have replied. Consequently, he was arrested.

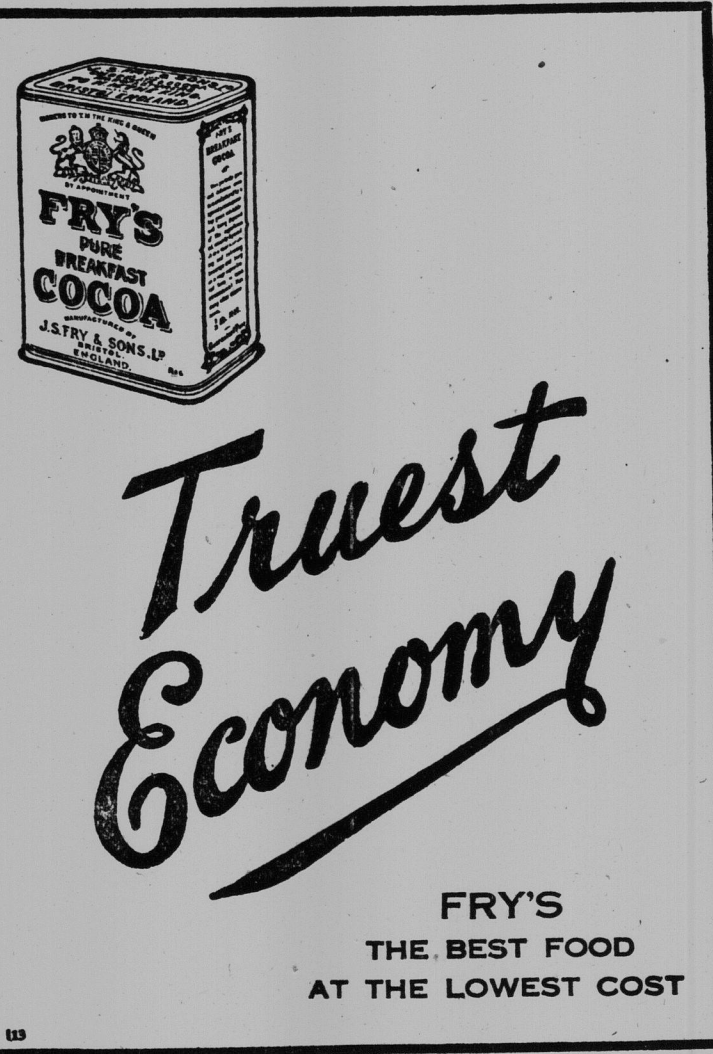

Two other prisoners from Ballylanders, Michael O'Reilly and Christopher Upton were arrested on July 16 when shots were exchanged there between the police and volunteers.

Sean Hennessy, one of the hunger strikers who is said to be suffering severely, was attending an Irish college at Ballygeary a month ago when a motor lorry was held up there and burned after its soldier occupants had been disarmed.

Michael Burke of Folkestone, Thurles was arrested in connection with a raid there. He is said to be suffering from headaches which he attributed to a beating by an officer with his fists and a rifle after his arrest.

Another young hunger-striking prisoner, John Power, aged 19, of Cashel, Tipperary, was arrested at the village of Rosgreen, as a suspected Irish republican soldier, as was also Joseph Kenny, of Grenagh, County Cork.

Kenny lived many years in Montana. He has seven children the last being born a few days ago. Another hunger-striker, Joseph Murphy, is a Cork lad who was arrested in connection with a raid on his house at which the police are reported to have found a part of a bomb and an incriminating document.

FRONZAL HANGS UP NEW RECORD

Loop-the-Loop Air Champion Lands Within 9 Feet of Given Spot.

Buc, France, Oct. 12.—The French aviator, Fronzal, established a world's record for landing at a given spot when he ascended to the height of 1,000 metres and came down within nine feet of the spot indicated. Fronzal holds the record for looping-the-loop.

After the meeting closed today, Sadi Lecointe, who recently won the James Gordon Bennett Cup race, took the air and succeeded in beating the speed record of Captain De Romanet for a kilometre. De Romanet, on Saturday, flew a kilometre in 12.3 seconds, or at the rate of 292.92 kilometres, or about 181.93 miles an hour. Today Lecointe covered the kilometre in 12.1 seconds, or at the rate of 296.694 kilometres per hour.

MISSING MAIL BAG STILL A MYSTERY

Believed Amount Involved Exceeds \$50,000 — Officials Silent.

Quebec, Oct. 12.—Deep mystery still surrounds the disappearance of a mail-bag, which is alleged to have been stolen from a mail cart in transit from the post office to the C. P. R. station on the night of October 5.

The police and the post office authorities refuse to speak out on the case, but Chief Detective Walsh left the city last night it is thought that his mission had some connection with the missing bag.

Although it was stated last week that the amount of money contained in the missing bag was \$15,000, it is now alleged that the missing money far exceeded that sum and was fifty thousand dollars, or more.

The police here comment severely on the method of transportation of mail from the post office to the trains and state that the mailbags which fall from the carts are frequently picked up by them.

Uncovering a Big Scheme in Chicago

Politicians and Officials of Some Distilling Companies Said to Be Involved—Profits Already Nearly Million.

Chicago, Oct. 13.—Government investigation of the activities of a ring of whiskey dealers operating on a national scale, has been begun as the result of confessions obtained from several Chicago saloon keepers. So it was declared by federal agents yesterday. The confessions are said to have implicated officials of several distilling companies and politicians in various parts of the United States and to have revealed plans to make Chicago the central point of a nationwide bootlegging scheme. A former New York stock broker is said to have declared that he paid \$45,000 to a Chicago politician who has been employed as a deputy U. S. revenue agent in the office of Collector Mager, to secure influence in the instance of forged federal permits under which whiskey running in Chicago has been carried out since the disposal of the federal authorities by Sader's said to have disclosed that bootlegging already carried on in Chicago has been so extensive as to have netted close to one million dollars.

BATTLE ON ROOF

Policeman Shoots Negro in Desperate Fight

An Incident of New York Police Life—Diamond Broker Kills One of Trio Who Hold Him Up to Rob.

New York, Oct. 13.—Patrolman Martin Gill yesterday struggled for twenty minutes on the roof of a five story building with a San Domingo negro, whom he was trying to arrest and then shot his antagonist to save himself from being hurled into the street. The negro, with a bullet in his stomach, slid off the roof, falling into a basket of washing, which a woman had left on the sidewalk. He died a few minutes later.

Medical Examiner Norris later expressed the opinion that the negro, named Cotin, was insane, which he said would account for his almost superhuman strength. Gill, a veteran of the war, said he had attempted to arrest Cotin on complaint of a woman, who later disappeared, that he had insulted her.

New York, Oct. 13.—In a fight in a narrow 20th street hallway here last night an unidentified man, one of a party of three, who held up William Stern, a diamond broker, was shot to death. The broker, who carried gems valued at \$2,000 and \$100 in cash was arrested, charged with the shooting, as he pursued other members of the party. Pasquale Mille, thirty-two, was taken in custody as a material witness.

Stern said that three men dragged him into the hallway, brandished weapons in his face and searched his clothing. When one of them turned his head, he said, he drew his revolver and shot. The others then ran.

HAYES VICTOR OVER TILLEY BY 22 VOTES

Four City Government Men Are Declared Elected

Few Changes from Figures Times Gave on Monday—Spoiled Ballots in City Booths Numbered 269.

Not more than a dozen people attended the declaration day proceedings here this morning when, after checking over the returns from the different polling districts in the city, Sheriff A. Wilson declared Hon. W. E. Foster, Hon. Dr. W. F. Roberts, William E. Scully and Robert T. Hayes, the government candidates in the recent contest, elected to represent the city of St. John in the New Brunswick legislature. There were no speeches.

The standing of the candidates was given as follows:
Foster 6045
Roberts 6043
Hayes 5537
Scully 5517
Tilley 5513
Campbell 5338
Potts 5244
Lewis 5243

In checking over the figures shown on the official return placed in each of the ballot boxes, the only difference found in the totals as published on Monday was a reduction of three in Mr. Foster's total and an increase of two in Mr. Potts'.

The figures of Mr. Tilley and Mr. Hayes were re-checked and re-added, on account of the small difference in the totals, but beyond finding one additional vote for Mr. Hayes, there was no change in the result.

One of the outstanding disclosures of the proceedings was the fact that there were 269 spoiled ballots cast in the city. Very few wards had none and in several booths there were as many as eight.

Among those who attended the proceedings this morning were Premier Robert T. Hayes, Hon. W. E. Foster, Commissioner John Thornton, George Ingram, E. S. Carter, Neil McLean, J. M. C. MacKay, H. Taylor, H. H. McLean, M. D. Sweeney, Scott E. Morrill, Michael Ryan and Henry Finnigan.

The county declaration proceedings took place this afternoon.

Individuality is Very Important in the Floor Lamp

The modern decorative lamp has very great possibilities in effective home furnishing. Entirely apart from its utilitarian purpose it justifies its popularity by its artistic influence.

The necessary touch of color, the contrast of proportion so essential in successful home furnishing are subtly and appropriately introduced by the correct use of the floor lamp, or the library or table lamp.

The very fact, however, that the lamp supplies the color and the variety of proportion or balance in the room makes it the most observed factor in the home's furnishings.

It is essential, therefore, that it should be uncommon, for with decorative lamps coming into such extensive usage individuality becomes more and more a necessity to the fulfillment of its artistic purpose.

This store's selections are very comprehensive—including newest and smartest types of davenport lamps, chair lamps, piano lamps, reading lamps, library or table lamps and boudoir lamps. And wonderful creations in exclusive shades.

It will really be an inspiration to you to come and see the display of lamps, and comparisons of values will prove very interesting. Welcome whenever you can come.

FREE CLINICS FOR SCHOOL CHILDREN

Suggestion Made to Red Cross by Hon. Dr. Roberts—Matter of Cottage Hospitals.

A suggestion made by Hon. Dr. W. F. Roberts, that the grant of \$50,000, which the Central Red Cross will contribute to expenses of the provincial Red Cross if suitably used, should be used for the maintenance of clinics in connection with the medical inspection of schools in the rural districts, met with the approval of the meeting of the executive of the provincial Red Cross in the government rooms yesterday afternoon. Further arrangements with regard to the establishment of cottage hospitals throughout the province were discussed and much other business was dealt with. R. T. Hayes, the president, was in the chair and there were present: C. B. Allen, Mrs. George F. Smith, Mrs. W. D. Forster, Mrs. H. A. Powell, Miss Ethel Jarvis, Mrs. G. B. Allan, Mrs. H. Lawrence, Mrs. J. V. Anglin, Miss A. Ryan, of Moncton; Mrs. Sherwood Skinner, P. A. Dykesman, Mrs. M. B. Edwards, Mrs. R. O'Brien, Miss Donville, of Rothesay, Miss Stella Payson, Mrs. J. Roy Campbell, Hon. Dr. Roberts and Dr. G. G. Melvin.

The treasurer, Mr. Allan, reported expenditures totalling \$1,983.27 during the month and a balance on hand of \$5,194.58. The secretary, Miss Ethel Jarvis, told of Miss Bertha Raddick's tour of the province as part of the publicity campaign of the society. Mrs. Anglin in her report of the hospital committee, told of a reception room being provided at the River Glade Hospital. Mrs. Harold Lawrence of the cottage hospital committee, said that such a hospital would be established at St. George's. She said that approximately \$10,000 would be required to establish and run such a hospital for one year. Hon. Dr. Roberts said that the health department was spending \$31,000 for welfare work this year and if the society would act in accordance with the policy drawn up at the Geneva conference and co-operate with the department of health, clinics for school children could be established throughout the province. He said that medical inspection of schools brought out certain physical defects that parents were not aware of and which they could not afford to rectify, but if clinics were provided this work could be done at a cost of about \$10,000 a year. Hon. Dr. Roberts' plan calls for four districts in the province with clinics at St. John and Moncton as District 1, at cost of \$2,000; at St. Stephen, Fredericton and Woodstock, as District 2, at cost of \$2,000; at Newcastle and Atholville as District 3, at a cost of \$1,

500; and at Grand Falls and Edmundston as District 4, at a cost of \$1,500. His suggestion met with the approval of the meeting. Mrs. E. I. Sturdee resigned as convener of the packing committee and Miss Stetson was appointed temporarily. The work of the junior Red Cross was discussed and spoken very highly of in other provinces and the advisability of having Dr. McCready, organizer for the junior Red Cross of Ontario, deliver addresses here, was also spoken of. An appeal from Albert county for further equipment was read. Miss Ryan of Moncton, spoke of having addressed to the people of Hillsboro and Riverside the establishing of a branch of the society there.

ALL GERMAN NOT YET CURED BY WAR

Hope That Dry Dock Being Turned Over to Government Would Sink London, Sept. 24.—A. P. Correspondence.—The first of Germany's dry docks which has to be delivered to Great Britain under the peace terms has arrived in the mouth of the Thames. The huge structure, which is 720 feet long and 150 feet wide, and has a lifting capacity of more than 40,000 tons, was towed from Kiel to Sheerness by a dozen tugs in seventeen days.

One of the crew in charge showed a clipping from a Kiel paper published on the day the dock left that port. It expressed the hope that the dock might sink on the way.

POISON LIQUOR AGGRAVATES DRUNKENNESS IN BOSTON

Boston, Oct. 12.—In spite of the Volstead law, arrests for intoxication persist here. The alcoholic wards in the big hospitals are generally full. The records of the Relief Hospital show that "from 10 per cent. up" are treated there daily for alcoholic poisoning. At the city hospital many cases of alcoholism are treated. The Charles street jail still contains a number of "drunks," not the plain "drunks" of the old days, but according to Sheriff Kellher, men who are in every fibre of nerve and in whom is sold under the name of alcohol.

YOUNG BOYS EXPERT IN CHANGING STOLEN BIKES.

London, Oct. 12.—Seven boys ranging in age between 8 and 14 years, appeared before Police Magistrate Graydon charged with being members of a gang of thieves who have systematically stolen bicycles, which they have rebuilt and sold. The police say that they made a raid on a den maintained by the youths down the river near Springbank, and that they found an entire workshop there, where the wheels were changed so that their owners would not recognize them. For months past bicycle thefts have been persistent, and the police were baffled in regard to them. Finally suspicion was directed against certain boys who reside in West London, and the raid soon followed. The youthful robbers went about their business in a cool and scientific manner. They changed seats and handle bars, filed off serial numbers, switched wheels on different makes, and gave evidence of much skill in the changing of the appearance of the bikes. At the home of one of the alleged culprits no fewer than four bicycle frames with a large number of parts were secured by the police. Six of the prisoners pleaded guilty and the other was found guilty. All were remanded until Tuesday next for sentence. They range in age between eight and fourteen.

CALCUTTA ENJOYS INDUSTRIAL BOOM

Millions in War Profits Are Available for Investment—Street Traffic Dense.

London, Aug. 27.—(Correspondence)—The Calcutta correspondent of the Morning Post writes: In Calcutta the chief legacy of the war was a large fund of capital—amounting at least to \$1,500,000,000 or \$2,000,000,000—seeking industrial investment. The fund had accrued from war and post-war profits on manufactured jute, hides, iron and steel, cotton yarn and piece goods, paper, building materials, engineering processes and so forth. Calcutta had no excess profits tax until after the struggle was over. Those who could not, or did not, take any part in the fighting made the most of their opportunity. The most interesting result has been an extraordinary boom in company promotion, the stock exchange list of miscellaneous industrial activities, comprising everything from soap and biscuits to locomotive and steel rail factories, has expanded from some 30 to 200. At the same time a large amount of new capital has gone back into the older jute, coal and cotton activity is perfectly sound. The renewed industrial boom has been the appearance in Calcutta of some of the leading British firms, driven to seek not merely new markets, but new manufacturing centres for their processes by the high cost of production at home. Thomas Nelson & Sons and the chief proprietors of one of the leading London contemporaries are in the field in the Westphalia during their great period of

hope of exploiting India's pulp resources. A large combine of leading steel-producing firms of the United Kingdom is busily acquiring sites on the Hooghly for the manufacture of a heavy engineering plant, and, ultimately, it is said for the purpose of ship-building. Cross & Blackwell contemplate the erection of a jam and pickle factory near Calcutta. Selfridge and the proprietors of the Ritz hotel are credited with the intention of bridging the lacunae—and they are considerable—in Calcutta's hotel accommodation. For the most part this industrial activity is perfectly sound. The resources of India, and more especially of the area which constituted the old province of Bengal, are limitless. On the west and southwest of Calcutta iron and coal exist in the same contiguity as in Lancashire, and numerous other minerals are already being exploited in that region on commercial lines. An official high in the geological survey says that, given capital, the development of the district of Singhbhum in the next thirty years should rival that of Pennsylvania or Westphalia during their great period of

industrial expansion. The industrial revolution, which promises so well provided there exists in India a government able and willing to insure security, has not been without its effect on Calcutta's social life. Well over a thousand ex-officers have been absorbed by the Calcutta commercial houses, old and new, since the armistice. Even a returned Calcutta resident who has been absent but a few months stands amazed at the dense stream of motor traffic in the principal streets. The clubs are filling up to the point of congestion and the house problem has become prodigious. During the next cold weather there are to be one or two camps on the open spaces in and near Calcutta and each tent will represent a household which has found itself utterly unable to secure housing accommodation. Unfortunately, the directions in which Calcutta can expand are extremely limited, but the era of the house builder has certainly arrived. A fortune awaits the contractor who can get houses up quickly, and the same applies to the successful organizer of new means of transport, such as motor buses.

REV. W. L. MOORE TO CHIPMAN PARISH

It was announced last night that Rev. W. L. Moore had been appointed pastor at Chipman, N. B., in succession to Rev. E. J. Conway, who goes to St. Mary's to take the place of Rev. M. T. Murphy, who was promoted to the charge of the Milltown parish.

Rev. Fr. Moore is a native of Elgin, Albert county, and is a graduate of the provincial normal school. He entered St. Thomas' College, Chatham, to prepare for the priesthood and completed his studies at the H. Heart seminary, Halifax. He was ordained there on June 27, 1917, by His Grace Archbishop McCarthey. After his ordination, Fr. Moore was attached to the cathedral diocese here and while in St. John was chaplain of St. Vincent's convent and of the Children of Mary sodality and also had charge of the mission at Rousesay. During the last six months he has been acting pastor at Milltown, although not long ordained, Fr. Moore has won a reputation as a zealous priest, an able preacher and a devoted worker. He will assume his new duties on Oct. 24.

Dominion Raynsters

("Made-in-Canada" Raincoats)

Shed The Hardest Rain

Wherever you go this Fall, you will see "DOMINION RAYNSTERS". Rain or shine, they are the most popular Fall coats. The rubber inner lining is built right into the texture of the cloth, making the coat absolutely waterproof and capable of shedding the hardest rain.

Yet a "DOMINION RAYNSTER" is so light and flexible that one would never know there was any rubber between the outer fabric and the lining.

In appearance, a "DOMINION RAYNSTER" is a stylish, attractive cloth coat; just the right weight for comfort on damp days and chilly nights.

"DOMINION RAYNSTERS" are all-purpose weather coats, in styles for men, women, boys and girls, and at popular prices.

Every "DOMINION RAYNSTER" bears the label of the largest rubber organization in Canada—an assurance of worthy materials and careful workmanship. Look for the Dominion Raynster label.

"DOMINION RAYNSTERS" are sold by the best stores carrying wearing apparel.

They were successful in securing a large moose and enjoyed their trip immensely. They went down to Charlotte county on Saturday evening.

"Cream the butter with the sugar"
~ the Cook-Book says

"OH, come on, Mabel, I want to go shopping. It needn't take all afternoon to make a cake! Here, let me cream the butter and sugar. Watch how quick I can do it! If you'd ever used Lantic before you'd realize how quickly a fine sugar creams."

Lantic is a quick-acting sweetener, because it is fine. It distributes the pure cane sweetness speedily, thoroughly and economically. It saves time in the preparation of cakes, puddings and sauces, in the cooking of preserves, in the making of candy, in the sweetening of beverages, hot or cold. Not whiter are the snowy doilies and serviettes on the mahogany table than the tiny crystals of Lantic that gleam and glisten in the sugar bowl. Not finer is the silver with its hall-mark. Yet, in homes where every penny counts Lantic goodness helps in the saving. It does go farther!

CHURCH UNION

Primate's Remarks After Visit of Presbyterian Delegation.

Winnipeg, Oct. 13—Felicitous references to the relations existing between the Anglican and Presbyterian churches in the west gave rise to the hope being expressed, at a meeting of the ecclesiastical province of Rupert's Land yesterday morning, that the church reunion scheme as conceived at the Lambeth conference would soon materialize.

The occasion was the visit of a delegation from the Presbyterian Synod of Rupert's Land offering hearty congratulations to the synod on the tercentenary celebrations. References were made by Archbishop Matheson, primate of all Canada, to the good will which existed between the two religious bodies.

"Our associations with the other churches have been of the most pleasant character," he said, "but somehow we seem to have got closest in touch with the Presbyterian church. Those of us who are growing older may not live to see it," he added, "but I am sure the synod will join with me in the fervent prayer that the day will soon come when we will be all one, and that the armies of the church will be brought together for Christ's kingdom, for our benefit and for the healing of this distracted world."

A Methodist delegation was to be received in the afternoon.

BODY OF GIRL IN RIVER; MURDER IS SUSPECTED

The body of Miss Minnie Stevens was found in the Madawaska river yesterday and indications point to a horrible murder having been perpetrated, as a set of false teeth and hair switch having been found and blood on a fence and a pool of blood were also found. According to marks on her head and throat she had been choked and hit on the head with some instrument. A report from Halifax says that Miss Stevens was employed at Annapolis after which she went to Edmondston. People who knew her say she is about twenty years of age.

CANADIAN CHEESE IN THE CANADIAN HOTELS

Belleville, Oct. 13—At the local cheese board on Saturday, John Elliott suggested that some means be devised whereby Canadian cheese might be served on the tables in Canadian hotels.

It is said there were thousands of British tourists who visited Canada and complained of the cheese furnished at the hotels as very inferior to the Canadian cheese to which the people of the British Isles are accustomed.

Cheese said that the Canadian consumer preferred green cheese, while the Britisher liked old cheese. Mr. Elliott declared that the question should be brought before the Associate Boards of Trade of Ontario meeting in Belleville in November.

CHANGES IN LAW SCHOOL FACULTY

Eleven New Students Enrolled at Opening Last Night.

Eleven new students signed the register of the Kings College Law School at their formal commencement of the academic year, held last evening in their rooms in the Pugsley building. The enrollees are: Harry Jonah Arthur McAfee, G. F. Holly, S. O. Bryerton, Adrian Richard, H. F. Hopkins, P. C. Quinn, R. J. Fanjoy, Wilnot Seely, S. S. Nason and D. G. Willet.

Dr. J. Roy Campbell, the registrar of the school, in his opening extended a welcome to all the students, particularly the first year men. He announced the retirement from the faculty for one year of Dr. Fred. R. Taylor, who for the last twenty years has lectured on Equity and Admiralty. The chair in Equity will be taken by E. C. Weyman, and it is hoped that Dr. Taylor will resume his lectures in Admiralty next year. H. A. Porter will replace Chief Justice McCord in the lectures on Contracts, while R. A. Davidson will lecture on Procedure in place of Sheriff A. A. Wilson.

F. J. G. Knowlton gave a splendid address urging the students to master each point as they go along for in this way, and this way only, will they get out of the law what there is in it. He assured them that any of the lecturers would be glad to give the students individual attention where such was necessary.

Dr. J. B. M. Baxter paid special attention to the first year men. He spoke of law as something to be worked at earnestly, persistently and consistently. He dwelt on legal ethics and urged high ideals in the practice of the profession, with the word "service" as the watchword.

PROTEST IN CARLETON ELECTION

Some unexpected developments marked declaration day proceedings in Carleton county yesterday. R. P. Hartley, agent of B. Frank Smith, filed a protest against Rennie Tracey, a Farmer candidate, on the ground that his nomination papers were irregular. R. L. Simms objected to Fred. Smith and S. J. Burlock on the same grounds. Sheriff Foster ordered the objections noted, but pointed out that it was not done on nomination day when the papers were filed. He announced the standing of the candidates as follows: Fred. Smith, 8,248; Rennie Tracey, 8,107; S. J. Burlock, 2,498; R. F. Smith, 2,248; M. E. Connors, 915; R. L. Simms, 809; S. J. Butler, 655. The first three, the Farmer ticket, were declared elected. Speeches were made by all the candidates with the exception of Dr. M. E. Connors, who was unable to present. The speech of B. Frank Smith was characterized by a note of bitterness against the United Farmers.

The basic reasons for Waltham supremacy

IN 1854 the first factory in the world to manufacture complete watch movements was opened at Waltham. Before that, plates were fashioned in one place, screws in another, springs in another. All the parts, produced by different people in different places, were finally assembled somewhere else. As a result, the time keeping qualities of completed movements were by no means reliable. Waltham altered this condition. Waltham replaced hit-or-miss methods with standardization. At Waltham were evolved those marvelous automatic machines which replaced much hand-work, resulting in greater precision. A modern Waltham Watch is the world's finest achievement in watch-making. To own a Waltham is not only to be assured of time accuracy, but to have the prestige which comes from possessing a watch that commands respect everywhere.

CHANGES IN LAW SCHOOL FACULTY

Eleven New Students Enrolled at Opening Last Night.

Eleven new students signed the register of the Kings College Law School at their formal commencement of the academic year, held last evening in their rooms in the Pugsley building. The enrollees are: Harry Jonah Arthur McAfee, G. F. Holly, S. O. Bryerton, Adrian Richard, H. F. Hopkins, P. C. Quinn, R. J. Fanjoy, Wilnot Seely, S. S. Nason and D. G. Willet.

Dr. J. Roy Campbell, the registrar of the school, in his opening extended a welcome to all the students, particularly the first year men. He announced the retirement from the faculty for one year of Dr. Fred. R. Taylor, who for the last twenty years has lectured on Equity and Admiralty. The chair in Equity will be taken by E. C. Weyman, and it is hoped that Dr. Taylor will resume his lectures in Admiralty next year. H. A. Porter will replace Chief Justice McCord in the lectures on Contracts, while R. A. Davidson will lecture on Procedure in place of Sheriff A. A. Wilson.

F. J. G. Knowlton gave a splendid address urging the students to master each point as they go along for in this way, and this way only, will they get out of the law what there is in it. He assured them that any of the lecturers would be glad to give the students individual attention where such was necessary.

Dr. J. B. M. Baxter paid special attention to the first year men. He spoke of law as something to be worked at earnestly, persistently and consistently. He dwelt on legal ethics and urged high ideals in the practice of the profession, with the word "service" as the watchword.

PROTEST IN CARLETON ELECTION

Some unexpected developments marked declaration day proceedings in Carleton county yesterday. R. P. Hartley, agent of B. Frank Smith, filed a protest against Rennie Tracey, a Farmer candidate, on the ground that his nomination papers were irregular. R. L. Simms objected to Fred. Smith and S. J. Burlock on the same grounds. Sheriff Foster ordered the objections noted, but pointed out that it was not done on nomination day when the papers were filed. He announced the standing of the candidates as follows: Fred. Smith, 8,248; Rennie Tracey, 8,107; S. J. Burlock, 2,498; R. F. Smith, 2,248; M. E. Connors, 915; R. L. Simms, 809; S. J. Butler, 655. The first three, the Farmer ticket, were declared elected. Speeches were made by all the candidates with the exception of Dr. M. E. Connors, who was unable to present. The speech of B. Frank Smith was characterized by a note of bitterness against the United Farmers.

A Stupendous Store-Wide

MARK DOWN SALE

Starting Tomorrow Morning

Everything will be marked at a substantial reduction; nothing will be left out. An exact reproduction of our famous January and July events.

This stupendous sale is due to no panic feeling on our part, nor is it due to any radical break in manufacturing prices.

The plain honest facts are these: For the past four years it has been necessary to order considerably more merchandise than we needed, to be assured of getting sufficient for our requirements, as manufacturers were behind in productions and only shipping about 60 p.c. of their orders.

This year our buyers followed the same plan anticipating the same conditions. These conditions changed, however, manufacturers are now shipping 100 p.c. of our Fall orders and furthermore are shipping orders that should have been shipped a year or more ago—and at the old prices.

These conditions give us more merchandise than we can consistently handle, therefore, in order to make a quick selling of this large unexpected quantity, we have adopted this stupendous store-

wide mark-down sale, giving our customers a real opportunity to fill in their entire winter's requirements at tremendous savings.

You know our July sale, you know our January sale. This stupendous mark-down sale is on the same basis—everything reduced. Don't hesitate to take advantage of it. Remember we are operating on the lowest possible margin of profit. You get the benefit of much lower prices on each individual purchase.
