# JORONTO RELIEF SOCIETY

# 1888-88

In this, the fourteenth year of the existence of this Society, the management, in submitting its Annual Report, feel sure that its many friends will be much gratified to learn that although at the beginning of the season it was hampered by debt, it has now a comfortable balance at its credit. For this pleasing state of its finances the Managers have again to return their grateful thanks to a generous public who have, more than ever, been found willing to give of their plenty, in order that the needy and suffering might be relieved. and lifted out of a slough of despond. Owing to the unprecedented mildness of the season just passed, the Society has found less suffering, fewer applicants upon its books, and consequently much lighter demands upon the time and exertions of its officers and ladies. The number of families seeking assistance has materially decreased, yet a pitiable amount of destitution has been found and relieved. Last year the large number of 807 families, averaging 4,035 persons, received help, whereas this year only 646 families, or an average of 3,230 persons, were assisted. A few cases of gross imposition have been discovered, and it is perhaps a matter of wonderment, and surely speaks volumes for the zeal of the ladies that so few designing impostors succeeded in gaining even a temporary advantage. Illness and want of employment, coupled with the ever present cause of improvidence, seem to make up the sum of this year's destitution. The Society considers another cause which swells the ranks of the indigent to be the influx to the larger centres of population from the rural municipalities, and though this is undoubtedly more felt by the House of Industry, which furnishes lodgings, than by this Society, still there is indisputable evidence that it adds very greatly to the number of cases applying for relief. In this connection it may not be out of place to state that only 9 counties have so far availed themselves of the law permitting the establishment of Houses of Industry, and of these the County of York has had the questionable honor of entertaining the highest number of inmates (307), which is another evidence that the County of York, and the City of Toronto, being the largest centres of population, attract the greatest number of poor.

This year, as well as last, the greatest amount of distress seems to have been found in the 2nd, 5th, 6th and 7th Divisions, and the statistics show that English and Irish nationalities predominate, all attributable, of course, to the unrest in the parent countries, and the exaggerated hopes of the

poorly provided immigrants to pick up wealth in this new country.

The Society has found it a necessity to continue the weekly Executive meetings, wisely instituted last year, and from this source, rather than from the monthly meetings, has the burden of the work emanated, and pressing cases of need promptly attended to.

The Society acknowledges itself as largely indebted to the daily press of the city for material assistance rendered it in so kindly publishing its meetings and other matters in connection with its workings, and beg to

tender its grateful thanks.

Already has the Society, in some of its Divisions, begun to organize for next season's labors, and, with a view to render the poor more independent, propose to establish a light labor test, and also a Savings Bank, and Lending Library, to the end that those who can may lay up a store for the purchase of their winter fuel, and, by reading the books, improve their minds, and more usefully occupy their leisure moments. This want of fuel, and the demand for rent, has been the cause of the greatest drain upon the funds of the Society, and it is sincerely hoped that the experiment of the Savings Bank will prove an incentive to the more provident to render themselves more independent of relief.

Appended are the reports from the several Divisions, which detail the proceedings therein, a glance at which will show the large amount of labor accomplished by the ladies who, it might be well to repeat, give their time

and services gratuitously.

FLORENCE E. SYDERE,

Secretary.

First Division. Superintendent, Mrs. Schoff.—14 families have been assisted during the winter. In every case the causes of distress were sickness or want of work. Only one case of fraud found in this number of families. On account of the illness of some of the presiding ladies the work could not be so thoroughly attended to as in former years.

Second Division. Superintendent, Mrs. J. S. Steele. -132 families helped. Some extreme cases of destitution. 26 orders for fuel given, 2 rents paid in extreme cases. 10 families received help in former years. Many widows, and 3 or 4 men, who are lunatics, are among those helped this winter. 120 visits have been made. Grateful thanks are rendered to those who gave clothing and other necessaries, but did not send their names, and also to the doctors who so kindly gave their services free.

Third Division. Superintendent, Mrs. Lillie.—27 families have received assistance. The principal causes of destitution were want of employment, illness and old age. 12 of the persons assisted were widows, with, in the majority of cases, large families to provide for. 13 orders for fuel were Many donations of clothing, boots, meat, etc., are thankfully acknowledged.

Fourth Division. Superintendent, Mrs. Brunt.-42 families have been helped, 16 orders for fuel given; 2 families have been assisted to return to England. The chief causes of distress were want of work and illness.

Fifth Division. Superintendent, Mrs. C. Morrison.—The winter's work began on the 30th of November, and the Depository was kept open until the 15th of April. The last weekly meeting was held on the 14th of April, since which time 5 new cases have been assisted, making in all 80 families, with an average of 400 persons. The national lies: English 34, Irish 24, Scotch 1, Canadian 14. 220 orders for groceries given. The cause of distress appears to have been chiefly want of work. Very few, if any, cases were found entirely undeserving. The Superintendent was enabled to greatly assist many families and persons, who otherwise would have been claimants on the Relief Society, from the annual donation of \$100 given by Mrs. Goldwin Smith.

Sixth Division. Superintendent, Mrs. Hough.—87 families helped. Causes of poverty, sickness, drunkeuness and want of employment. The ladies of this Division are of the opinion that the labor test should be more stringently enforced. A large number of the cases helped were very deserving ones, and it is encouraging to know that in this Division a man, by name Wingfield, paid back, most honestly, a loan of \$6 for rent.

Seventh Division. Superintendent, Mrs. Byrne.—428 persons have been helped, or 105 families; 9 of these were found unworthy and refused assistance. Causes of distress, illness and want of work. Over 158 visits have

been made. 21 families received help in former years.

Eighth Division. Superintendent, Mrs. Harrison.—60 families helped, representing 200 people. Of these 20 were widows and orphans, 24 had severe illness in family, 12 aged, and the rest out of employment, 9½ tons of coal given amongst 32 families, \$53.50 given for rent between 10 families. It is encouraging to report that James Dickson, in this Division, having received the sum of \$4.50 as a loan for rent, paid it all back conscientiously. A donation of 300 bags gratefully acknowledged.

Ninth Division. Superintendent, Mrs. Lennox.—This winter has been much less severe on the poor of this Division. 38 families assisted, 10 of which were helped last year. Sickness and want of work have been the chief causes of distress. Thanks are due to Messrs. Bates and Dodds, undertakers, who gave their services for a very small remuneration, and also to Drs. Orr, Tyrrell and Burt, who gave their visits free of charge. 121 orders for groceries, 47 for fuel. Donations of new clothing, and provisions from the "Band of Mercy," Givens Street School, are gratefully acknowledged.

Tenth Division. Superintendent, Mrs. Schofield.—29 families have been helped weekly, 33 orders for fuel given, blankets and boots. The chief cause of distress has been want of work. Thanks are due to Drs. Orr and Spence for giving their time free, and to those druggists who generously gave medicines.

Eleventh Division. Superintendent, Mrs. Richardson.—35 families, numbering 136 persons, helped; of these 8 were widows, 5 being over 70 years of age. Nationalities: English 24, Irish 6, Scotch 3, Canadian 2. Out of 73 children, only 10 attended school; this calls loudly for some system of compulsory attendance at the public schools. Want of work has been the chief cause of distress; only in 2 cases did it arise from dissipation; 15 women received work from the Industrial Department. As this Division is so far from the work-room, the sewing was given out from the Depository, as many would have to walk 2 miles, besides leaving their children alone for at least 2 hours. Many donations of clothing most thankfully acknowledged.

Twelfth Division. Superintendent, Mrs. Milner.—3 families helped, or 12 persons. Cause of poverty, illness and want of work. The number of

visits paid, about 24.
