NOVA SCOTIA CROPS.

High Prices Make Up for a Product
Smaller Than Usual.

HALIFAX, N. S., Nov. 8.—B. W. Chapman, secretary for agriculture for Nova Scotia, has issued his autumn report of the crops of the province. He says:

"The result of the harvest this year does not bear out the prospect fore-
shadowed in my report of June. The
season was unusually early, and up to
the first week in July the weather was
favorable for the growth of all kinds
of crops, but a drought set in about
that time and retarded the growth of
the grain. Except hay, all other field
crops in Nova Scotia are under the av-
erage and not quite up to the season
of 1900. The long continued dry weath-
er in the summer months told strongly
on grazing lands, consequently there
was a decrease in the products of the
dairy, and live stock is not quite in as
good a condition as last year.
While there is a falling off in the
quantity of crops, values are much
higher and farmers having potatoes
and grains and dairy produce to sell
get such good prices that they are in a
great measure compensated.
The fruit crop varied to a consider-
able extent in different parts of the
fruit valley, some orchards giving an
abundant crop, others very light; but
taking it as a whole it has been fairly
large and the quality excellent, and
owing to the failure of the apple crop
in the upper provinces and parts of
the United States, prices have been
high and bid fair to go higher. The
apples in some orchards were sold on
the trees at prices unparalleled in the
history of the province.

LOST MINES DISCOVERED.

HUCSON, Ariz., Nov. 8.—A Star
special from Guaymas, Mexico, says:
The lost Tayapa mines, celebrated in
Spanish annals, having produced eighty
millions of dollars in silver and gold
in the seventeenth century, described
on Spanish maps as being situated in
Northwestern Mexico, about fifty
leagues from the sea, near Don Esteban
have been found. As far back as 1858
Robert L'Aunelle, a celebrated French
expert, declared the location of the
Cieneguilla, in the Saburba district
Sonora, to be identical with the lost
Tayapa. The Spanish owners are said
to have been murdered by their Indian
slaves near the close of the seventeenth
century, and it is stated, that for 100
years thereafter no one was allowed to
enter that region. Explorers who, how-
ever, recently returned from Cieneguilla
report having discovered the old
stone prison, old dwellings and also
stupendous work accomplished by the
ancients.

ALLEGED STEAMSHIP DEAL.

NEW YORK, Nov. 8.—When an at-
tempt was made to interview Emil
Bauer, in this country of the
Hamburg-American, regarding the
report that Herr Balin, director of
the Hamburg-American company, is
in London trying to arrange the sale
of eighteen steamers, it is believed, to
J. Pierpont Morgan, an expressed sur-
prise at the information caused and
would only add: "This is all news to
me. I have not heard a single word
from Hamburg to indicate this. I can-
not discuss it at all."

VERY PLAIN TALK.

TORONTO, Nov. 8.—The trial of Dr.
Stephen W. Pollard and Mrs. Julia
Thompson, charged with committing a
criminal operation upon Mary Smith,
was concluded yesterday. The jury,
after being out over an hour, returned
a verdict of "not guilty." Dr. F. B.
Johnston, K. C., counsel for Dr. Pol-
lard, in his address to the jury, strong-
ly attacked the morality of the depart-
ment, which he said had used the "spy"
system in endeavoring to convict the
prisoners, and had in the endeavoring
to lay a trap for them aided in the
crime if a crime existed.

A NAUGHTY LORD.

LONDON, Nov. 8.—Lord Neville was
released from Parkhurst prison on
ticket-of-leave yesterday. He was
sentenced to five years penal servitude
Feb. 15, 1898, for fraud in connec-
tion with a promissory note. His lord-
ship spent most of the time during his
incarceration in wheeling a barrow on
the prison farm.

TERRIFIC SALES.

QUEENSTOWN, Nov. 8.—The Cun-
ard line steamer Campania, from New
York, Nov. 2, for Liverpool, which ar-
rived here this morning was delayed
twenty-four hours by terrific sales.
The weather was so violent that the
steamer only logged two hundred and
forty miles Nov. 5.

THE DEATH ROLL.

CONSTANTINOPLE, Nov. 8.—Hall
Refat Pasha, the grand vizier, died
this morning and Abdurrahman Pasha,
minister of justice, has been appointed
to succeed him ad interim.

HUBONIC PLAGUE.

GLASGOW, Nov. 8.—The authorities
are satisfied that the bubonic plague
has been stamped out. The last case
of the disease reported was placed in
hospital Nov. 1, and the period of in-
cubation expires today.

COMMITTED SUICIDE.

TONTHILL, Ont., Nov. 8.—William
Tice, 25 years old, and unmarried, of
Ridgville, was found dead in the bush
with two bullet wounds in his head.
The case was one of suicide, the cause
being continued ill-health.

FOR AMERICAN READERS.

Of Course England is Represented
as About to be Powerless.

NEW YORK, Nov. 8.—The Sultan's
yielding to the French demands brings
out the full gravity of the possibilities
of the effect of the French seizure of
Mitylene upon the crumbling edifice of
Turkish despotism, says the Constan-
tinople correspondent of the World.
The whole of European Turkey is
seething with disorder. In Armenia
the annual butcheries have been in full
swing for the past three months and
in the remainder of the empire there
is the perennial violence, corruption,
waste and lawlessness. From the army
down to the magistracy every part of
the machine of government is in a
hopeless condition. In the opening of
the diplomatic body at Constantinople
any attempt at patching things up will
be merely futile efforts. The news of
the French intervention was suppres-
sed at Constantinople for three days, but
the Sultan's cabinet being in constant
session showed that a serious crisis had
arisen. The Sultan has been in a con-
dition of epileptic fury, and his minis-
ters, who live in perpetual terror of
their lives, at his hands, were helpless
and afraid to do or suggest anything.
It is believed in Constantinople that
Russia is behind France in this busi-
ness, and it is felt that the present
trouble is inevitably destined to lead
to developments in the Eastern ques-
tion in which England will be power-
less to make her influence felt.

THE KING'S BIRTHDAY.

The Duke of Cornwall is Now Prince
of Wales and Chester.

LONDON, Nov. 8.—The King in
spending his birthday at Sandringham
with the queen, the Prince and the
Princess of Wales and the rest of the
royal family. There has been no offi-
cial observance of the day, with the
exception of the customary salutes at
Windsor and at the naval and military
headquarters and the ringing of church
bells.

NEW YORK, Nov. 8.—Commenting
upon the announcement that King Ed-
ward has conferred the title of Prince
of Wales and Chester upon the Duke
of Cornwall and York, the Tribune's
London correspondent says that King
Edward appears to have a happy knack
of doing the right thing at the right
moment, and his action in conferring
the title on the Duke of Cornwall and
York meets with a chorus of approval.
The duke has richly deserved the hon-
or. It is a reward for the skillful man-
ner in which he has accomplished his dif-
ficult mission to the British dominions
beyond the seas. When the duke and
duchess returned from their seven
months' tour, it was stated in these
despatches that many days would not
elapse before the heir apparent would
be created Prince of Wales, and the
only reason why the announcement
was not officially published a week
ago was because the king wished it to
be made known on his birthday.

THE ASSOCIATED PRESS

Discovers More Trouble Ahead for
the British Government.

LONDON, Nov. 8.—During the
lengthy cabinet conference this week,
a representative of the Associated
Press learns the question of re-enforc-
ing the old ballot laws came up for
discussion. Many of the cabinet min-
isters were strongly in favor of putting
in practice this form of conscription,
for which certain obsolete laws already
provide. Thus new legislation would
be obviated. War Secretary Brodrick
already has caused guarded feelers on
this matter to be circulated in the
press, for it appears to be almost im-
possible to keep the home forces up to
adequate strength and supply the ne-
cessary reinforcements for South Af-
rica on the volunteer system of enlist-
ment alone. Such a strenuous mea-
sure, however, would doubtless cause
a storm of disapproval in Great Bri-
tain, and it will not be enacted unless
the war situation shall become graver.
What changes have come over the
state of the country in two years can
be judged from the fact that the war
office has examined closely the old bal-
lot laws, and has prepared an elaborate
plan by which they can be sprung upon
the public at a moment's notice.

ANOTHER NEGRO HANGED.

MADISON, Fla., Nov. 8.—Will Jones,
a negro desperado, who recently killed
three men in one day, two blacks and
one white, and shot several other
members of the sheriff's posse, was
publicly hanged here shortly before
noon today. There was no excitement,
though extra guards had been provid-
ed. The desperado showed no weak-
ening of nerve and made no confession
or speech of repentance.

COLONIES REPRESENTED.

LONDON, Nov. 8.—The first Lord
Mayors show of the present century
and of the reign of King Edward took
place today and was more than usual
interesting with a number of new fea-
tures. Special attention was paid to
the colonies, which were represented by
attractive cars. The decorations of
the streets were of the customary
character. Big crowds lined the whole
route of the procession. After the
usual reception at the law courts, the
procession completed its tour of the
city and returned to the Guild hall.

THE WEATHER.

WASHINGTON, Nov. 8.—Eastern
and northern New York—Partly
cloudy tonight; Sunday, fair; light
westerly winds, becoming variable.

IS HE PRO-BOER?

Appointment of New Bishop of Wor-
cester Severely Censured.

LONDON, Nov. 8.—The appointment
of Rev. Charles Gore, canon of West-
minster, to be Bishop of Worcester,
has raised both a political and an ec-
clesiastical storm. Only a few days
previous to the announcement of his
appointment Mr. Gore came out in the
Times with a strong letter condemn-
ing the concentration camps and other
severe measures in South Africa. Sev-
eral of the government organs im-
mediately stigmatized him as a pro-
Boer and deplored the fact that such
a talented author should have been
so hopelessly misled. Their astonish-
ment over Lord Salisbury's almost im-
mediate afterwards elevating Mr. Gore
to the bishop's bench was so
great that it took away their breath
and, so far, appears to have stifled ad-
verse press comment, though the mat-
ter continues to be the subject of keen
private criticisms among lay and cler-
ical supporters of the government. The
Evangelical party in the church also
bitterly upbraids Lord Salisbury for
selecting a man so prominent in high
church circles.

In less prejudiced quarters the affair
is taken as one more example of Lord
Salisbury's extraordinary cynicism and
utter lack of interest in current events;
though others see in it another in-
stance of nepotism, as the former head
of Tufton House, Oxford, and editor of
Laur Mundell is a connection of the
premier's family.
Among the curious features of the
case is the fact that Canon Wm. John
Knox Little, of Worcester, who replied to
Mr. Gore's letter in the Times, bit-
terly abusing the writer and intimat-
ing that Mr. Gore was almost guilty of
treason and was threatened with in-
sanity, now comes under the jurisdic-
tion of the new bishop.

A BANDIT SHOT

In Sensational Attempt to Hold Up
Group of Gamblers.

PHOENIX, Ariz., Nov. 8.—One bandit
was killed and one injured as the
result of an attempt by three masked
robbers to hold up the gambling house
of Deel & Co. at Naco, Ariz., last night.
The dead bandit has been identified as
Will Cravens of Dog Springs, N. M.
A group of gamblers and loungers
obeyed when the desperadoes entered
the saloon at a late hour and ordered
"hands up." Cravens approached the
roulette table and proceeded to fill a bag
with the bank, cash which amounted
to several thousand dollars. E. Ellis
drew a revolver before the movement
was detected by the robbers and Crav-
ens fell dead when shot. The other
bandits were demoralized and fled. One
of them was wounded by another bul-
let from Ellis' revolver.
They reached their horses, which
were hitched in the bush, and rode for
the mountains, closely followed by a
posse.

LONDON DAILY NEWS.

Makes a Violent Attack on the Sys-
tem of Concentration Camps.

LONDON, Nov. 8.—The Daily News
today exhaustively surveys the con-
centration camps in South Africa, with
the following conclusion:
"The truth is that the death rate in
the camps is incomparably worse than
anything Africa or Asia can show.
There is nothing to match it even in
the mortality of the Indian famines,
where cholera and other epidemics
have to be contended with."
Statistics are produced in order to
prove this assertion.
The government's advertisement for
teachers to camp children, setting forth
that "the term of employment will be
one year certain," is prominently dis-
played as evidence that the authorities
have no intention of ending the "whole-
sale destruction of human life."
The Daily News urges all humane
men not to wait for official reports, but
to insist "on the camps being broken
up and the people distributed among
their friends, or removed to districts
where a fresh attempt can be made,
under competent organizations and
with due regard to the preservation of
life."

A DRUNKARD'S CRIME.

NEW YORK, Nov. 8.—Sister Super-
ior Agnes of the Academy of St. Mary
of the Lake, at Lakewood, N. J., was
shot in the shoulder and painfully in-
jured today by John Lawlor, a former
employee of the institution. Lawlor
was employed as janitor of the acade-
my, and was discharged for drunk-
ness. He refused to leave until he
had bade Sister Agnes good-bye. As
she approached him Lawlor, who was
still drunk, extended his hand, which
she took and said good-bye. The man
then turned away as if about to leave,
but suddenly turned again, and before
the sister could realize what he was
about to do, he leveled a revolver at
her and fired. Lawlor was arrested.

THE SPECTATOR'S OPINION.

LONDON, Nov. 8.—The weekly pa-
pers tomorrow will have a good deal
to say about the defeat of Tammany
hall. The Spectator thinks that Mr.
Roosevelt's succession to the presi-
dency, giving all reformers hope and
confidence, weighed heavily in the
contest, adding that it may be expected
that his influence will be felt in other
great American cities, like Philadel-
phia and Chicago, which, the paper
says, are hardly in better condition
than New York, though they are less
closely watched by Europeans.

Sawyer, of San Francisco. C. Tilley Barker, formerly of Fredericton, an old schoolmate of the groom, was best man. The bridegroom is a son of Ex-Ald. Thomas W. Smith of Fredericton, and a nephew of Dr. A. B. Atherton.

POULTRY ADVANCING.
A number of reasons combined to make today a dull one in the country market. The smallpox scare, which has been greatly exaggerated outside of the city, and the fact that today was a statutory holiday were causes of the small attendance. As a result prices in some articles went up. There was but a small amount of poultry for sale. Fourteen cents a pound was asked for turkey and chickens were selling at from forty-five to sixty cents a pair. The demand was good. The price shows a sharp advance during the last few days. Early in the week poultry was practically a drug on the market. Now they are being snapped up at the higher rate.

A WEEK'S DEATHS.

CHILD FATALLY BURNED.
On Wednesday last, a little girl, six years of age, daughter of Joseph Marshman of Forest Glen, while playing with her little brother of about ten years, in some way, accidentally set fire to her clothes from a fire which the children had set on the bank of the river. The child ran to the house, screaming with fright, and was terribly burned about the body and face. The child is still lying, but cannot recover.

Dr. Joseph B. Benson of Chatham is at the Royal.
Mrs. B. R. Jones left today for Bonaventure to spend Sunday with her son, Oscar Jones of the Bank of New Brunswick staff in that town.

THE SMALLPOX.
Another Death in Kings Co.—Another Hamilton child is epidemic in Manitoba.

Another case of smallpox was reported today at the board of health office. It is that of Harold Hamilton, a five-year-old boy. The house is one of those quarantined. The boy will probably be left at home. Elizabeth Parker, who was reported yesterday, was last evening taken to the epidemic hospital. This about fills every available space in that building for the treatment of smallpox patients. It is uncertain yet in the event of other cases developing, what steps will be taken for their treatment.

The board of health held its usual meeting this morning, but practically nothing was done outside of the regular routine work. Reports have been received from a number of the physicians who are in charge of the compulsory vaccination. A large supply of vaccine has already been used up and this work is progressing nicely.

There are no new developments at the hospital today. The one patient who yesterday exhibited some symptoms of smallpox has not become any worse. In the epidemic hospital all the patients are doing well, and none of them show any serious symptoms. The need of more help is felt, especially in the line of housework, which the nurses are unable to properly attend to in addition to their other duties. Several applications have been received from women who want to do the washing and who are willing to accept from twenty-five to fifty dollars a week for the work. None of them have been engaged.

Dr. Ellis is now hard at work putting down a wooden floor in the basement of the hospital and fitting it up in order to afford accommodation for the help.

IN KINGS COUNTY.
Word came from Norton this morning that Charles Spragg, son of Lemuel Spragg, of Hatfield's Point, who was the first victim of smallpox in that district, died last night and was buried before daylight this morning. Charles Spragg's home is two and a half miles from Norton, on the road leading to Bellefleur Point, and is between five and six miles from the residence of his late father. Mr. Spragg was twenty-two years of age, and had been married six months. His wife was a Mrs. Walker.

It is stated that Paul Spragg, aged fourteen, the only other son of Lemuel living on the homestead at Hatfield's Point, and his mother, Mrs. Spragg, are also down with smallpox. Dr. Bishop, of Norton, who has been attending the members of the Spragg family, has for the past day or two been feeling unwell and fears that he may have contracted the disease.

P. J. Walsh died of the disease at Selkirk hospital Thursday evening."

FOOLING WITH POWDER.

A young son of Berton Wells of Bala, Vt., was seriously injured Thursday evening by an explosion of gunpowder, with which he and other small boys were playing. A lighted match was applied to powder in an old kettle. Not going off as quickly as was expected, young Wells began to investigate. Immediately the explosion occurred, and he got the benefit of it in the face. It is feared that he has lost the sight of one eye. A young son of Robert Prescott was also burned about the face, but not seriously.

LETTER FROM SOUTH AFRICA.

In a letter received in Fredericton from Trooper William Black of the S. A. constabulary, he writes that he is doing line duty from Pretoria to Heidelberg. The work is somewhat monotonous, but he is occasionally busy with a party of rebels. The troops are housed chiefly in bullet proof huts and are comfortable. All the Fredericton boys were enjoying the best of health, and Black has gained thirty pounds in weight since going to South Africa.

LOOKING FOR TROUBLE.

Referring to the observance of Guy Fawkes day by the members of the Orange order a contributor to the Freeman says:

"Your readers will also bear in mind that in order further to augment the bigotry and hatred of the Catholics of this city the Orange leaders have secured the services of a poor ignorant lot of women and they too had their evening."

The Freeman contributor adds: "All of this is in keeping with the acts of injustice that we hear and know of every day."

Another contributor charges that the system of jury packing obtains in St. John, and cites as evidence that there was only one Catholic on the grand jury and none on the petit jury at the November term of the county court. This, he says, is an outrage on the Catholic body.

NEW MARINE ARRANGEMENTS.

The marine department has made arrangements for changes in lights and alarms to be made along the coasts of New Brunswick and Nova Scotia. It is proposed to change the Brier Island Light from a fixed light to a revolving or intermittent one. A new light is to be placed on Cherry Island, in Passamaquoddy Bay. A fog alarm that has been asked for indirectly by the Piscataway fishermen is to be placed at a point between Negro Head and Split Rock. The light at Baccaro lighthouse, which is the next to Cape Sable to the eastward on the Nova Scotia coast, is to be changed from a red to a white flash.

The fog alarm on Seal Island will be placed in a more advantageous position and nearer the water front. These changes will probably be all completed by spring. Among the new buoys set in position where before there was no such mark were a bell buoy at Mushquash and a bell buoy at Dipper Harbor.

DIED IN MAINE.

E. who is well known through the province, will be brought here from Rumford Falls, Me., and interred from the home of her grandmother, Mrs. P. M. Abbot, at three o'clock on Saturday afternoon. The little child was eight years of age, a winsome and very beautiful little one. Her death was very sudden, resulting from convulsions, and has been heard of with sincere regret. General sympathy is extended to the parents and relatives.

DISCHARGED FROM JAIL.

Yesterday afternoon Charles Chappell, who was arrested about a month ago, charged with stealing some clothing from a shipmate, was released from jail. The stolen clothes had been recovered and given back to the owner, and the magistrate considered that freedom would be the most severe punishment that could be imposed upon Chappell.

Along with this man, Charles Dalley, who frequently is arrested for drunkenness, was also set loose, but was quite indignant that he should be treated in such a manner. He enquired what was to become of him when he had no money nor comfortable quarters in which to live.

THE KING'S BIRTHDAY.

The first celebration, if it could be called such, of the King's Birthday passed off very quietly. If it was not for the fact that a number of the public buildings and the banks were closed, and that a salute was fired, there would be no reason to suppose that the day was a statutory holiday. A royal salute of twenty-one guns was fired by number four company of the 3rd R. C. A., under Capt. Foster, and flags were flown all over the city. On the streets everything remained about the same, with perhaps the exception that it appeared a little quieter. The stores were all open, and business was conducted as if on an ordinary Saturday.

INFECTIOUS DISEASES.

A considerable number of cases of scarlet fever and diphtheria have been reported at the board of health during the last few weeks. During October ten cases of scarlet fever and nine of diphtheria were reported, and so far in November there have been eight cases of diphtheria and three of scarlet fever. The diseases are not confined to any one portion of the city, but they are made to appear more prevalent through the fact that in some families there are two and three cases.

WEDDED AT HARTLAND.

On Wednesday afternoon Miss Phoebe Boyer, daughter of S. M. Boyer, of Hartland, was married to James N. Inch, of Oak Point, Kings Co. The bride was becomingly attired in a travelling suit of grey. The party left on the express for St. John, from whence they went to their home at Oak Point. The nuptial knot was tied by Rev. Joseph Noble. Miss Boyer was one of the most popular young ladies of Hartland, and departs from us with the very best wishes of her large circle of friends.—Advertiser.

BASKET BALL.

Basket ball is becoming quite as fashionable a game at Mount Allison Ladies' College as it already is in American institutions. There are several teams organized, each having its appointed hour for playing. Freshmen Hall seems the only available place for the game, showing the great need of a gymnasium.

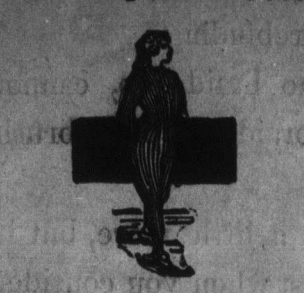

Rev. H. H. Rosch will start a pastor's Bible class in the Tabernacle church to begin Friday evening. The class will take up a two year's course.

CHASING DISORDERLY BOYS.

Following the advice of the magistrate that whenever a crowd of disorderly boys were seen on the streets they should be at once surrounded and arrested, two police officers endeavored to do so last night. Previous to making their run on the crowd they neglected to board up all the gangways and openings and to barricade the ends of the street. For this reason the attempt proved a failure, as two policemen are not quite capable of catching forty or fifty boys all running in different directions. But their work was not without a certain amount of success, for two of the crowd, who on account of their youth were unable to attain any great speed, were captured. These were afterwards let go. The officers are not disheartened over the outcome of their experiment, but regret that the magistrate was not present to see how easy it was to catch the boys.

MARRIED IN NEWFOUNDLAND.

On Oct. 31st, at the residence of John Campbell, St. John's, Nfld., the marriage of C. Fisher, Bay of Islands, to Miss Janet Greenlee of Glasgow was solemnized by the bride's brother, Rev. J. A. Greenleaf of Wabana, assisted by Rev. Andrew Robertson of St. Andrews church. The bride was attended by Miss Thorburn, and the groomsmen was David Duff of the Reid Mfd. Co.'s employ. Amongst the guests present were Justice Morrison and Mrs. Morrison, Lady Thorburn, Mr. and Mrs. A. D. Rankin, Mr. and Mrs. P. W. Ayre, and Mrs. A. Robertson. A number of valuable presents were received by the bride, including a beautiful ring, the gift of St. Columba congregation, Wabana, in recognition of her valued services to the church.
