IRISH AMBUSH PARTY KILLS FOUR POLICEMEN NEAR DUBLIN

BOARD OF EDUCATION TANGLE OVER COLLEGIATE QUESTION WILL COST CITY SOME $6,000

Above Amount Covers Interest Only—Cost of Structure Will Also Be Advanced Several Thousand Dollars, in Opinion of A. A. Langford.

"Failure of the board of education to get its estimates prepared by the end of this month as a result of the supporters of the central high school scheme to stick to their word will probably cost the city considerably more than the $6,000 additional interest, which will have to be paid to carry on the city's business," said Trustee A. A. Langford in conversation with an Advertiser reporter today.

"The delay will also mean in all probability that the cost of any building that may eventually be decided upon will be increased by several thousands of dollars owing to the advance of the building season. Any building contractor will tell you that contracts placed early are less costly than those placed after the contractor has planned his season's work.

"Can you understand men going back on a definite compromise agreement, made possible by those of us who honestly believe the unit system the one which will give the citizens the best results, according to the building of a 16-roomed school on the central site in order to break the deadlock? I cannot," said Mr. Langford to the reporter.

In order to try and overcome the serious situation created at the meeting of the board on Tuesday, when the whole question of high school accommodation was referred back to No. 3 committee as early as possible. Trustee Langford, chairman of the committee, is trying to arrange a meeting of the committee for tomorrow. Should the meeting be arranged for Friday it will probably have to be held in the forenoon, as the afternoon is already booked for the regular monthly meeting of No. 1 committee.

FOUR POLICEMEN KILLED BY MINE PLACED IN ROAD

Crown Forces Are Attacked At Ballinalee, Near Dublin.

LORRIES BLOWN UP

Irish Ambush Party Makes an Attack on Government Forces.

Dublin, Feb. 3.—Four men are dead as a result of an ambush of a squad of auxiliary police at Ballinalee, near here, yesterday, two of the wounded having died last night. Details of the attack have not been received here, but it is known that one of the two motor lorries was blown up by a mine set in a road, it being said that this was the first time such a method of attack had been used against crown forces in Ireland.

Three lorries loaded with police were attacked here last night, several bombs being thrown at them. The officers on board returned the fire, two civilians being wounded. A constable in plain clothes who was cycling along Trinity street was shot dead during the evening.

SIX MEMBERS OF AMBUSH PARTY ARE REPORTED KILLED

Skibereen, County Cork, Ireland, Feb. 3.—Six members of a party said to number several hundred Sinn Feiners were killed and several others wounded in an attack last night upon a detachment of fifteen police between Burgada and Rosscardy, according to reports from police sources reaching here this morning. The attacking party was beaten off after a fierce fight, abandoning a quantity of ammunition.

The police, the reports declare, sustained no casualties.

LORD DUNSANY WILL BE TRIED BY COURT-MARTIAL

Dublin, Feb. 3.—Lord Dunsany, poet and playwright, who was arrested recently after a search of Dunsany Castle in County Meath, was alleged to have disclosed several shotguns and other sporting arms, will be tried by court martial at the Kilmainham court house Friday, it was announced today. The charge against him is keeping firearms and ammunition under effective military control.

TROOPS ESCAPE INJURY.

Dublin, Feb. 3.—An attempt to ambush three military lorries was made in Bishop street early last night. Four bombs were thrown, but none of the troops in the lorries were injured. They opened fire, smashing several windows, but the assailants escaped.

SLEEPING SICKNESS INCREASING.

London, Feb. 3.—Reports of new cases of sleeping sickness have been made by physicians in this city and throughout the country, quite an alarming spread of the disease being shown there are now more than 100 cases in London, and 321 in England and Wales.

STUFFED ROOSTER BRINGS CONFESSION FROM THIEVES

New York, Feb. 3.—The ghost of a rooster long since eaten has come back to haunt four outlaws who encompassed his untimely death, and today the quartet languish in jail here awaiting sentence for confessed chicken theft.

The chicken bandits swaggered into court yesterday, comfortable in the belief that all the 35 fowls they were accused of stealing had disappeared permanently from the realm of evidence. They planned to plead "not guilty." Then one of the four espied a fine feathered fowl at the feet of Assistant Prosecutor Richardson. He nudged his fellows, who gazed for a moment with staring eyes.

"Guilty," said the four in unison.

"Boy, take this stuffed rooster back to the taxidermist from whom I borrowed it," said the prosecutor.

AUTHORIZE BRIAND TO DEAL WITH GERMANS

French Premier to Receive the Full Support of Parliament.

Paris, Feb. 3.—Premier Briand was prepared to go before the Chamber of Deputies today and ask that body to approve what he had accomplished during the meeting of the supreme allied council here last week. In addition, he was planning to request authority to deal with any tendencies on the part of Germany to evade fulfillment of the allied demands. A declaration to this effect, drafted by members of the cabinet last night, was submitted to a full cabinet meeting this morning for final approval. It was expected that the appearance of Premier Briand in the Chamber and his report on the meeting of the council would be the signal for debate on the results of the meeting and of the French foreign policy generally. Eight deputies had announced they would question the premier and a score more had placed their names upon the list of speakers.

In political circles little doubt was felt today that the Chamber would give M. Briand all the authority he may require and will express confidence in his ability to continue this work in future.

When the council of ministers met this forenoon the text of the declaration to be submitted to the Chamber by Premier Briand was approved. President Millerand presided over the council session.

URGES REGISTRATION OF ONT. ARCHITECTS

Deputation Waits On Premier Drury—Consideration Promised.

Toronto, Feb. 3.—Representatives of the Ontario Association of Architects this morning waited upon Premier Drury asking that arrangements be made for a higher status of education for architects. They expressed the hope that there might be introduced a system of registration for architects, similar to that existing in some of the states of the Union. They also wanted to raise the standard of the University course.

The prime minister expressed sympathy with the demands made by the deputation and asked that a draft bill be prepared for submission to the cabinet.

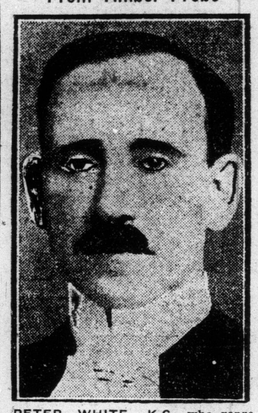

THIEVES STEAL $15,000 WORTH OF CLOTH FROM MONTREAL WAREHOUSE

Montreal, Feb. 3.—Nearly $15,000 worth of cloth was stolen from the premises occupied by the Manufacturers' Sponging Company, Aqueduct street, this city, it was stated yesterday. The thieves evidently gained access to the firm's warehouse by the use of false keys. The cloth had to be carried to the street from the top floor of the building, which must have taken considerable time. The police so far have no clues.

WILL MEET TOMORROW

Chairman A. A. Langford has called a special meeting of No. 3 committee of the board of education for 11 o'clock tomorrow morning to deal with the high school problem and the report referred back to the committee by the board.

DOLLAR DAY BARGAINS GREATLY APPRECIATED BY LONDON PEOPLE

Large Crowds Throng Stores at Early Hour.

MERCHANTS ARE PLEASED

State Biggest Dollar Day Business Yet Encountered.

Bright and early today, at least it was earlier than usual, paterfamilias was roused from his cosy cot by the fragrance of an appetizing breakfast, while his appearance at the table was greeted with unusually bright smiles and good morning hugs of more than average warmth, but why prolong the agony of mystery, today was "Dollar Day."

That the unwonted welcomes and coaxings had not been without their desired results was quite apparent to regular passengers on the early morning cars, the comfortable seat which it was their wont to occupy on their ride to business being either already filled or the arrival of some lady passenger later in the trip uptown requiring that he play the role of strap-hanger.

Briefly stated, all uptown street cars were early packed with thrifty housewives bent on taking the fullest possible advantage of the big dollar-day bargains advertised by the local merchants as for disposal today. Nor was it merely city folk who participated in the pilgrimage, for all the roads leading into the city were alive with rigs of all kinds from the homely but useful buggy drawn by steady-going Dobbin, to the high-powered and almost palatial automobile.

Thronged Early.

By 9 o'clock the business streets in all directions were thronged by unwonted early-morning crowds of shoppers eagerly bent on seeing the bargains, even though circumstances forbid them sharing in the joy of buying. Many of the women of the early crowds comprised mainly women, were accompanied by their children, who manifested almost as much interest and eagerness to participate in the enthralling joys of bargain-hunting as their elders.

But all the excited search for bargains was not confined to the female members of the community, for the men's clothing and furnishing stores all had their quota of interested males surreptitiously studying the window displays while waiting for the doors to open that they might invest in suit, overcoat or what not as the size of their wad permitted.

Several merchants, in brief interviews, expressed their great gratification at the size of the early morning crowds and at the evident amount of ready cash with which their prospective customers were supplied. Later in the day brought the information that the early promise of a record day's business was being well maintained, and more than one merchant expressed the opinion that "Dollar Day" is more firmly fixed as a semi-annual business event than ever.

"Not only does it provide a means for creating business in what are under ordinary circumstances quiet seasons, but it also gives merchants an opportunity of clearing out surplus or slow-moving stocks ready for the arrival of new and seasonable goods," said one merchant, who stated that the business being done in his store today was fully equal, if not greater, than on any previous occasion of the kind.

GREEK PREMIER AND WAR MINISTER ARE CHOSEN AS DELEGATES

Athens, Feb 3.—It has been definitely decided that Premier Rhallis and War Minister Gounaris shall represent Greece at the London conference on February 21, when the supreme council will consider the Near Eastern situation. They will probably leave for Brindisi on a Greek destroyer next Sunday, proceeding thence by train for Paris, where they expect to spend several days. It was said today, however, by M. de Billy, the French minister, that he was not sure the French military authorities would permit M. Gounaris to enter France, because of his alleged breaking of a parole given the French authorities in Corsia during the period of his exile from Greece.

SENDS ULTIMATUM.

Paris, Feb. 3.—Admiral Du Mesnil, commanding French naval forces in the Near East, has sent an ultimatum to the Turkish Nationalists demanding the immediate release of fifteen soldiers captured by the Nationalists in recent engagement, says a Constantinople dispatch to the Matin. He has threatened to bombard localities occupied by Nationalist forces if his demands are not met.

$100,000 FIRE IN HALIFAX.

Halifax, Feb. 3.—Fire early this morning, believed to have been caused by an explosion in the Olympic billiard parlors, on the upper floor of a large wooden two-story structure on Gottingen street, caused damage estimated in excess of $100,000.

"READY TO SERVE" CHARGE LEVIED BY CITY GAS CO. IS DECLARED ILLEGAL BY ONTARIO RAILWAY BOARD

Injunction Issued Restraining Company From Collecting the Extra Charge—No Ruling Made Regarding the Charges Previously Paid—Parties Interested Have Not Yet Received Copies of Decision.

The "ready to serve" charge levied by the City Gas Company was declared illegal by the Ontario Railway and Municipal Board at Toronto today, and an injunction was issued restraining the company from collecting it. No ruling was made in regard to the charges collected up to date. The board only has power to prevent the collection of the extra charge and has no authority to order refunds.

The decision reached the city in the mails from Toronto shortly before noon. Parties directly connected with the case had not received copies of it at a late hour, although some of them were expecting it.

The decision is the result of the case brought before the board at a sitting in London about ten days ago. The plaintiff was J. Murphy acting for a body of citizens who were strongly opposed to the increase in gas prices effected by the "ready to serve" charge.

The city did not participate in the case although it instructed its solicitor, T. G. Meredith to be present at the hearing.

It is not known yet what effect the decision will have on the bill which the gas company is introducing in the Ontario Legislature in an effort to have a straight increase in price authoried. It is quite possible that the company will appeal the decision of the Railway Board and carry the case through the higher courts. This was done at the time an injunction was issued restraining the street railway from collecting higher fares. The appellate court reversed the, original decision.

If similar action is taken in this case it is certain that the citizens conducting the fight will oppose it in the higher courts as well. Arrangements to obtain funds for that purpose are already being made.

Appealed to Council.

The company first announced its intention to charge higher prices last summer. They appealed to the city council for permission. City Solicitor Meredith advised that as the company's franchise was granted by the Ontario Legislature only that body could alter it. The city could not permit the increase nor forbid it.

The next session of the Legislature was then several months in the future. The company decided that it needed funds immediately, and was backed up on this point by the report of the city auditors, who examined the company's books. In order to secure the money they announced a "ready to serve" charge, which at first was an equal levy on each consumer. Later it was graded in accordance with the consumption by each customer. A number of citizens refused to pay the charge, but the vast majority grudgingly handed over the money.

Falls Sixteen Stories, Sprains Little Finger

New York, Feb. 3.—Nathan Cohen, structural iron worker, who plunged from the top of a new sixteen-story building in Broadway yesterday, reported for work this morning.

His fall through space was broken by a heavy canvas debris receptacle, stretched from the fifth tier. His little finger was sprained.

CLOSER CO-OPERATION TO MARK ACTIVITIES GOVT. DEPARTMENTS

Agreement Between Federal and Provincial Officials.

Ottawa, Feb. 3.—Canadian Press.—Overlapping in the work of the federal and provincial departments of agriculture will be eliminated, and closer co-operation established, through an agreement reached at a conference of representatives of these departments, according to the report of the minister of agriculture for the year ending March 31, 1920, which has been issued. Production it was agreed at the conference is to be carried on through provincial activities, while marketing and experimental work are to be cared for by the federal department, except where special arrangements to the contrary are deemed wise. The report of the minister covers in detail the work carried out by the department during the year. The report is distributed by the publications branch, which is shown to have sent out during the year more than 2,500,000 copies of publications.

SOVIET GOVERNMENT ASKS ITALIAN LABOR TO AID BOMBACCI

FOOD INSPECTOR SEIZES HONEY

One Hundred and Forty-Five Pounds of Sweetness Confiscated FROM LONDON GROCER

Beekeeper Had Failed to Inscribe Name and Address On Containers.

Twenty-nine 5-pound pails of honey were seized by Dominion Food Inspector W. E. Wilson from a London grocer on Wednesday. Recent orders from the department of health in Ottawa were to the effect that any honey container which did not have the name and address of the beekeeper would be confiscated and given to some charitable institution. He intimated that there were several other stores in the city where honey was kept without the proper identification and that these places would be cleaned up next week.

When asked how the grocer could get back a portion of money for his goods that would be confiscated, he said that if the grocer knew whom he bought the honey from, he could demand enough cash to cover the loss.

He also stated that before long an act would be passed necessitating the name and address of the producer of everything sold on a market.

GERMAN EXPERTS ARE ORDERED TO PREPARE COUNTER PROPOSALS

Will Submit Report to the Supreme Council Conference On February 28.

Copenhagen, Feb. 3.—The German Government has summoned its financial experts to prepare counter-proposals on reparations for submission to the supreme council conference in London on February 28, according to the Politiken's Berlin correspondent.

ADVISES GERMANS TO MAKE SINCERE EFFORT TO CONVINCE ALLIES

London, Feb. 3.—While offering determined objections to the Allied reparation demands, Herr Severing, the Prussian minister of home affairs, declared in a speech at a meeting of Majority Socialists that Germany should not decline all the demands in an angry fit, but should try to convince the allies that Germany was doing what she could to satisfy reparation requirements, says an Exchange Telegraph dispatch from Cologne today.

The home minister declared the present demands of the allies meant the economic strangulation of Germany.

GERMANY'S COUNTER-PROPOSALS.

London, Feb. 3.—It is not yet possible to determine what form will be taken by Germany's counter-proposals to the allied reparation plan, says a Berlin dispatch to the London Times. In fact, adds the message, they appear to have only an academic value until it is learned whether they will be acceptable to the Allies.

FEES FOR CORONERS' JURIES SHOULD BE GREATLY INCREASED

Crown Attorney J. B. McKillop Gives Opinion in Matter.

"I think that the fees for members of coroners' juries should be increased," said Crown Attorney J. B. McKillop when interviewed today regarding a report from Toronto that A. J. Lester who often acts for the crown at inquests there had recommended such action as a reform.

Mr. Lester also recommended that the fine for failure to attend by a juryman should be increased from $4 to $50. Mr. McKillop stated that such action was not necessary here, because if an officer approached a citizen to serve on a jury and the citizen gave a good excuse for his not being able to attend, he was not forced to be amember. This caused a lack of truancy on the part of the jurors.

COLLEGE PROFESSORS STRIKE FOR INCREASE IN THEIR SALARIES

Charlottetown, P. E. I., Feb. 3.—Three members of the faculty of the Prince of Wales College, failed to report for duty yesterday, Professors Steele, Blanchard and Smith. They are refusing to continue work unless their demands for increased salaries are granted by the Government. Last September the whole staff went on strike. After the college was closed a week work was resumed and the Government granted some increase, but did not meet the full demands. There are five teachers still on duty, but there is a possibility that at least three of these may also walk unless an understanding is arrived at.

CAPITAL SHIPS BACKBONE OF NAVY; AEROPLANES AND SUBS OF SECONDARY IMPORTANCE

American Naval Board Returns This Opinion in Report Made After Thorough Investigation—U. S. Policy Is To Be Equality in Sea Power, But Nation Will Not Institute Competitive Building Campaign.

Washington, D. C., Feb. 3.—The major ship remains the basis of sea power, and those who argue that the aeroplane and the submarine have supplanted it are asking the United States to "accept hopes for accomplishments," the navy general board says in a report to Secretary Daniels, made public today. The general board, having kept in touch with naval progress along all lines, says the report, "reiterates its belief in the battleships as forming the principal units of the fleet. Without them the United States cannot hope to cope with existing navies."

Urging that "equality in power be the continuing naval policy of the United States," the board says there is "no thought of instituting international competitive building," and "no other nation can in reason take exception to such a position."

The report was approved by Secretary Daniels, and was transmitted by him to the Senate naval committee for its information in consideration of pending disarmament and "naval policy" resolutions.

START A CAMPAIGN AGAINST LIQUOR SMUGGLING INTO U. S.

Detroit, Feb. 3.—Frank D. Richardson, regional prohibition enforcement director, will arrive in Detroit today to supervise action to be taken by his agents against liquor smugglers who are getting whiskey into the United States from Canada by aeroplane, boat and automobile, he declared. Mr. Richardson said that the order from Washington limiting druggists' withdrawals of whiskey from warehouses to five cases, practically stops alleged bootlegging from that source. His attention will be directed now, he said, toward Canadian rum-running, which has been a menace to the district.

SIR GEORGE FOSTER SEES LEAGUE AS ONLY WAY TO WORLD PEACE

Declines to Predict On Results of West Peterboro Election.

Toronto, Feb. 3.—Sir George E. Foster in an address delivered before the Empire Club today, expressed opinion that the league of nations offered the only hope of a new order of international affairs. If it did not receive the hearty support of all the countries then there would be a reversion to the old conditions of which intrigues and wars were the natural fruit.

Sir George, when questioned as to the political outlook in Ottawa, said that he foresaw an extremely interesting session of parliament, with a lively grouping of parties. When asked about the prospect of a general election he replied: "I don't find it appetizing." He said he hoped that the Government candidate in West Peterboro would win out, but he thought it was rash to make prophecies.

Mr. Foster felt it premature to discuss Canada's action in the event of the United States passing the Fordney or any other discriminatory tariff measure.

SEES OPPORTUNITY FOR CHURCH TO ASSIST IN RESTORING HARMONY

Windsor, Feb. 3.—(Canadian Press).—Equitable tariff protection, adherence to constituted forms of government in Canada, and more earnest support of the church as the most potent weapon in combatting present sociological unrest throughout the world were the principles strongly advocated by Lieut.-Col. W. F. Cockshutt, M. P., of Brantford, speaking here last night at the annual dinner of the Men's Association of All Saints' Anglican Church.

In speaking of the Ontario temperance act, Col. Cockshutt declared himself as opposed to all such extreme legislation, believing that men cannot be made good by act of Parliament.

"Every soap box has its orator at the present time," said he, "and all are trying to tear down what has been built up through years of experience in government, and they will throw the world back thousands of years. I tell you that the present is no time for risky experiments in government, and I believe that the church has a great mission to perform in combatting present day tendencies toward such principles."

BRITAIN'S MANDATE IN MESOPOTAMIA WILL BE SUBMITTED TO LEAGUE

London, Feb. 3.—Great Britain's mandate for Mesopotamia will be submitted to the council of the League of Nations at its meeting at Geneva, Switzerland, February 21, it is said by newspapers of this city. The London Times and the Daily Mail feature the announcement that this action is contemplated, and the Mail, in an editorial, emphasizes its great diplomatic importance, demanding that before Great Britain accepts the mandate the country should be given complete information regarding the matter.

"Once this responsibility is undertaken," the newspaper declares, Mesopotamia will be firmly tied to our barks, with all the enormous financial liabilities it involves."

EXPRESS RATES WILL JUMP 25 TO 35 PER CENT

The New Rates Will Become Effective On February 9.

SMALL SHIPMENTS

New Increase Applies to Shipments of Minimum Weight.

Ottawa, Feb. 3.—The new express rate increases as set forth in an outline of the judgment of the railway commission do not improve on acquaintance and are considerably more drastic than would appear at first consideration. They go into effect on February 9, after which date existing first-class rates will jump 35 per cent. and second-class 25 per cent. The increases apply to small shipments as well as to those of 100 pounds and over, and are effective on each "graduate" below 100 pounds. This was not the case in the last increase authorized.

Where there is no commodity tariff in effect the second-class tariff increase of 25 per cent will likely apply.

On February 4 an increase of 26 per cent on international express rates will go into effect. This will particularly influence the cost of fruit, vegetables and other perishable products.

DECLINES CALL AS ASSISTANT PASTOR ST. ANDREW'S CHURCH

Rev. Archibald Graham, Chaplain at Westminster Hospital, Gives Decision.

Rev. Archibald Graham, chaplain at Westminster Hospital, and formerly minister of Chalmers' Presbyterian Church before going overseas, has declined to accept the call as assistant pastor of St. Andrew's Presbyterian Church.

Rev. Mr. Graham gave as one of his reasons for not accepting the call, that a younger man than himself is needed at St. Andrew's, and further that his whole toime is devoted to the work in the Westminster Hospital. These two reasons, with others which he did not define, was why he declined the call.

At a recent congregational meeting in St. Andrew's Church, Rev. D. C. MacGregor asked for more assistance. So many organizations in the church, and the need for leadership of the young people of the congregation, made the appeal necessary.

30-YEAR LEGAL SUIT REACHES HIGH COURT OF UNITED STATES

Washington, Feb. 3.—A 30-year fight growing out of the Government contract for dredging the Detroit River has just reached the supreme court with the appeal of the Government from an adverse decision from the court of claims. Lt. F. and J. A. Smith, contractors, in this judgment were awarded nearly $120,000 for work done "outside of contract."

The contractors asserted that the extra work was necessitated by the faulty report made by army engineers as to the characters of dredging that would be necessary.

The work mentioned in the suit was part of the plan for opening a ship channel between Duluth, Chicago and Buffalo through the waters of the great lakes.

LABOR COUNCIL TO ATTACK PROBLEM OF UNEMPLOYMENT

Committee Appointed As Advisory Representation to Local Labor Bureaux.

In an endeavor to find a solution to the present unemployment situation in this city and means to prevent future unemployment, the trades and labor council, meeting Wednesday evening, appointed a committee of six to cooperate if possible with the employers and the labor bureaux of the city, according to the provisions of an act passed several months ago by the Federal House. The executive of the council was also instructed to request the local Chamber of Commerce to appoint six employers to work in conjunction with the labor committee as an advisory council to the labor bureaux.

This action was taken as the result of a communication received at the last meeting of the council from the Dominion Trades Congress recommending that in addition to immediate relief to those in poor circumstances, the trades council in each city should endeavor to form an advisory council. At that meeting a committee of five was appointed to bring in a report on the communication.

A. Mould, acting as chairman of the committee, recommended that many steps should be taken to relieve the unemployment situation and strongly recommended that the advisory council should be formed. As the result of the committee's report, A. Mould, W. A. Bleuthner, J. Menzies, J. F. Thompson, and W. Tite, with power to add to their number, were appointed to represent labor on the council.

Should Accept Assistance.

The committee recommended that the city should accept the assistance of the Federal and Provincial Houses in conducting relief work in this city. Such action would divide the cost, and it would put the onus on the unemployed to register. It would also abolish all stigma of charity. The city should start all construction work possible. The Provincial Government should be urged to start road work in the vicinity of the city as soon as possible, and the Dominion Government should undertake the erection of any public building planned for this city. It also recommended that the hours on all public work should be limited to an eight-hour day at most, and if necessary, less than that.

Interviewed Mayor.

Secretary W. Burke, reporting for the committee which interviewed the mayor recently on local unemployment, said the mayor had promised that if it was discovered that the city could not cope with relief work, assistance would be accepted from the two governments. The mayor was quoted as having said that if any person was in urgent circumstances and with a recommendation from some reliable organization asked the city for assistance, he would not be refused. If he did not have the recommendation, his case would be investigated by the relief inspector. In cases where an individual was too proud to apply for assistance, the mayor promises that relief would be given if his case was recommended by some reliable person or organization.

Ald. John Ashton, vice-president of the council, said that if anyone was afraid to approach Mr. McCallum he would intercede on his behalf.

Over 1,400 Unemployed.

Every speaker attacked the mayor's policy of refusing assistance from the governments. They believed that his fears of making this city a pauper city were unfounded. It was reported that between 1,400 and 1,800 men were out of employment.

The question of appointing a paid organizer for this city was again discussed to some length. It was decided to circularize all locals in this city to discover their attitude towards the question. Several speakers claimed that there was a great need for a paid man to keep the existing unions intact and to form others.

Delegates A. Mould, F. McKay and J. Hevey were elected as a board of trustees. Treasurer Cummings and F. McKay were re-elected trustees of the Labor Temple funds. The annual meeting of the Labor Temple directors will be held on Tuesday night next.

Owing to the usual large number of meetings on Friday night the Western University extension lectures in the Labor Temple will be held on Monday night, starting February 14.

Social Service Delegates.

Delegates H. Wray, A. Mould, J. Colbert, R. Smith and Steward were appointed as representatives on the Social Service Council.

Because there are more than 70 unions in this city, and more than 30 are not affiliated with the T. and L. Council, the secretary will write each local and the headquarters of every organization not sending delegates requesting them to become affiliated.

The council unanimously decided to support a request of the international organization of machinists that steps be taken to induce the Government to lift the financial blockade against Soviet Russia. It was felt that if trade with Russia was unrestricted business would be improved in America, as it would open a large market. In this way, the unemployment situation would be relieved. It was decided to forward communications to Premier Meighen and the minister of labor, requesting that the blockade be lifted.

Employ Union Labor.

A request made by the local hodcarriers that the council recommend that none but organized labor should be employed in the erection of the Sick Children's Hospital, will be granted.

A request that the council should indorse a petition prepared by the electrical workers of the city that the work should be carried on under licenses, was laid over.

GROCERS TAKING LESS PROFIT ON MANY LINES

Red Rose Tea People Make a Further Statement.

Some of our friends among the grocers, in speaking of our letter to the press on grocers' profits, have indicated that apparently it has been construed by some readers to mean that Red Rose Tea was the only article on which the grocer takes a smaller profit, in order to give his customers a higher quality.

It was not our intention to convey such an impression, as we know that most grocers sell well-known brands of other goods at less profit than they could make on some brands equally well known, and for the same reason that they recommend Red Rose Tea, simply to give their customers the best possible value.

In our letter we mentioned Red Rose Tea because it naturally came first to our mind and because we knew that grocers were selling it at a less profit than they make on other teas.—T. H. Estabrooks Company, Limited, Toronto, Ont. b

REPUDIATES CONFESSION.

Baltimore, Md., Feb. 3.—Henry A. Brown (colored), alleged slayer of Harriet Kavanaugh, naval academy nurse at Annapolis, repudiated his sworn confession of guilt today in the preliminary hearing before United States Commissioner Supple.

AVOID THE WASTE

And the wear and tear caused by undigested food that exhausts your digestive organs, does not nourish your blood, and weakens instead of giving strength.

Hood's Sarsaparilla is a splendid tonic for the blood, stomach, kidneys and liver. It creates an appetite, perfects digestion and assimilation, secures 100 per cent nourishment from your food.

More than this, it purifies, vitalizes and enriches the blood, which is the life of the body, eliminates catarrh, scrofula, rheumatism, that tired feeling, and other diseases, the poisons of diphtheria, scarlet and typhoid fevers, and influenza.

Take Hood's Pills for a gentle laxative (small dose) or an active cathartic (large dose).

PUBLIC UTILITIES TO HOLD REGULAR MEETING TODAY

Important Proposals Regarding Public Playgrounds.

REPORT OF AUDITORS

Will Be Received by Commission—Estimates Ready by End of Month.

While the auditors' report on the finances of the public utilities commission will not be quite completed when the commission holds its regular meeting this afternoon, they will be so far advanced that it will be possible to present a statement of the receipts and expenditures of the various departments of the commission's activities, said General Manager E. V. Buchanan this morning.

As soon as the auditors' report is completed the work of preparing the estimates for the ensuing year will be started. This work will occupy about two weeks, and the estimates, for the waterworks, parks and playgrounds departments which have to be submitted to the city council will be ready well within the end of the month, as requested by Mayor Little, in order that the civic budget may be ready by March 1.

Plans and specifications for the extension of the civic greenhouses at Springbank will be presented by Manager Buchanan for the consideration of the commission.

Efforts are being made to prepare estimates of the cost of constructing additional roads in the park, but it is not expected that these will be ready for consideration at today's meeting.

Three rather important proposals will be made to the commission by the playgrounds committee in its report: The committee will recommend that the McClary Manufacturing Company be asked to donate to the city a piece of land on Birkett's Flats adjacent to the city's open-air bathing camp; that the Ontario Government be asked to grant the city a site, approximately eight acres, adjacent to the Ontario Hospital, for the purposes of a park and public playgrounds; and that the Western Fair Board be asked to grant the use of the ground inside the race-track at Queen's Park for use as a public playground.

Consideration of securing a site in West London for a public playground is also under way by the playgrounds committee, but it is not expected that any report on the matter will be made to the commission today.

The city playgrounds and their equipment will be inspected this afternoon by a deputation from the Chatham Chamber of Commerce, appointed to gather data on civic supervised public playgrounds. The deputation arrived in the city at 1:15 o'clock, and will probably meet the members of the public utilities commission before returning to Chatham.

FURTHER EXTENSION OF HOUSING SCHEMES NOT ADVISABLE HERE

Toronto Plans Not Applicable in London, Says Commissioner E. R. Dennis.

Further extensive housing schemes in London would be inadvisable until all the houses now being erected by the commission are sold, Commissioner E. R. Dennis asserted today, when Mayor Church's plan to erect a thousand dwellings in Toronto was brought to his attention. "There is a steady demand for houses here, and I think it will be increased in the spring, but at the same time it would be inadvisable to launch any extensive scheme until we dispose of all the present houses," he said.

Mayor Church's plan is to erect a thousand cottages of a less expensive character than those built by Toronto's defunct housing commission. He would rent these houses to bona fide residents of Toronto with the option of purchase. The rentals would be about $25 a month. He would also arrange to raise a fund of $1,000,000 for the purpose of making advances to builders, who would erect a medium class of houses, the advances not to exceed 75 per cent of the total cost. The plans would be prepared by the city architect and supplied free to prospective builders.

Application may be made to the Parliament for a special bill to authorize this scheme for Toronto.

"Toronto, like every place else, is evidently having difficulty in building houses cheap enough to meet the needs of the average worker," said Mr. Dennis. "The requirements for dwellings under the housing act make it impossible to erect houses as cheaply as was done in the past. It is no longer possible to use post foundations and other cheap and unsatisfactory methods. It pays in the long run to erect the proper kind of a house in the first place. In cities where the cheaper kind of houses were built several years ago they are now spending large sums in keeping them in repair. If the houses had been properly built there would be no need for this. I think it is a better policy to build proper houses even if the initial cost is greater.

"Renting some of the houses here would be a good policy, particularly in regard to the higher-priced ones. Of course, with the more moderately-priced ones built with the first five per cent loan, it is just as cheap to buy as to rent, because the payments are so small."

FIRE ALARM SYSTEM FOR HOMES COULD BE CHEAPLY INSTALLED

Would Prevent Tragedies Such As Occurred Monday, Says E. V. Buchanan.

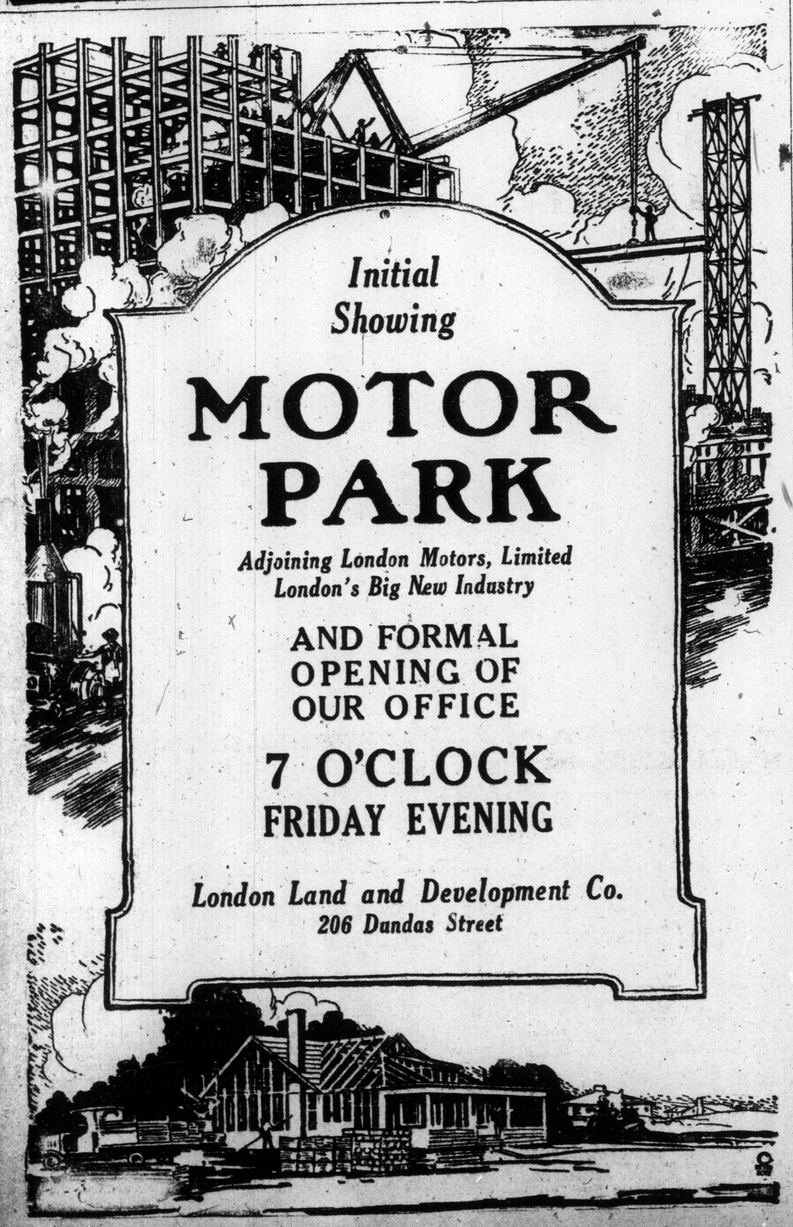

That it would be comparatively easy and not excessively costly to install in all the homes of the city a fire alarm system which might aid in the prevention of such tragedies as occurred in a Bathurst street home on Monday, when a mother and three little children were suffocated as the result of an outbreak of fire, was submitted by E. V. Buchanan, general manager of the public utilities commission, when questioned today by an Advertiser reporter.

The plan suggested for Mr. Buchanan's consideration proposed the installation in the walls of the principal rooms of a house of thermostats connected with an electric current, which would ring an inside and outside alarm gong when the temperature in the building reached the danger point. The inside gong would, it was claimed, awaken the inmates of the house, while the outside gong would attract the attention of passers-by, making aid possible before fatal or dangerous results materialized.

Mr. Buchanan pointed out that such an installation would be comparatively negligible in cost if done when a house was being built, and that an expenditure of $25 or upwards, according to the size of the house, would place such a system in buildings already constructed. On the question of making such an installation compulsory, Mr. Buchanan preferred to express no opinion, and pointed out that such sad events as suggested this form of protection were fortunately very rare occurrences. He admitted, however, that such a scheme of fire protection, already in use in factories and large business places, in the homes might not only aid in the saving of life and property, but might also be considered by the insurance companies as justification for a considerable reduction in premiums on property so protected.

POSTOFFICE REVENUE STEADILY INCREASING

Figures for January of This Year Total $28,401.85.

The revenue of the London postoffice for January, 1921, shows an increase of $1,196.69, as compared with the corresponding month last year, the figures for January, 1920, being $27,205.16, and for January, 1921, $28,401.85.

The volume of business at the local postoffice has been rapidly increasing for a number of years, having more than doubled itself during the past decade, and the urgency of housing the establishment in more commodious and better equipped buildings is daily becoming more acute.

The present arrangement, by which certain departments are accommodated in the Carling Block, is but at the best a makeshift, and although the general efficiency of the office is not affected to any extent, it would be much more satisfactory to officials and public alike if a properly-planned building, modernly equipped, became an accomplished fact as early as possible.

That London has entirely outgrown its postoffice is conceded on all hands.

AGRICULTURAL SHORT COURSE FOR WARDSVILLE

That the interest in the short courses in agriculture and kindred subjects, which have been given in various parts of the country, is steadily increasing, is demonstrated by the fact that by special request a short course in agriculture, and another in home nursing will commence at Wardsville next Monday.

R. A. Finn, agricultural representative for Middlesex County, and C. W. Buchanan, Elgin County representative, are co-operating with the local farmers' clubs and women's institutes in the matter, and the classes, which will last two weeks, are to be held in the town hall.

Miss Flora Alexander, Toronto, who has just returned from India, will be in charge of the home nursing class, and this course will be a particularly valuable one.

CHARGE DISMISSED

Sarah Suhure Did Not Sell Bread on Sunday—Meyers Gootson Fined.

Sarah Suhure, who keeps a store at the corner of Horton and Clarence streets, was dismissed in police court this morning on a charge of selling goods on Sunday. A policeman had seen two persons come out of her store on the Sabbath carrying loaves of bread. She said that they had purchased them on Saturday, but did not call for them until the following day.

John Sullivan, James Osborne and Edward Clark were dismissed on charges of being disorderly. It was said that they had been swearing loudly on Dundas street on Sunday evening. They denied that they were swearing, but admitted that they might have been talking somewhat loudly.

Meyers Gootson was fined $10 and costs for allowing his place of business at the rear of 575 Ottaway avenue, to be used as a gambling resort. Peter Dimitroff, Harry Ruby, Tony Murick, Harry Hunchinch, Philip Semich, Mike Wotchan, Julius Thurich, George Celcis, Steve Volok, Robert Arbachy, Pete Ochio and Alex. Popanko were fined $2 and costs each for gambling there.

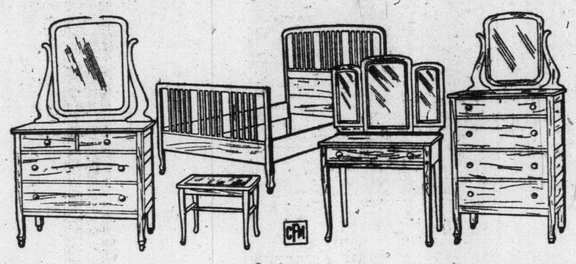

WILL HONOR MARY GARDEN.

Paris, Feb. 3.—Mary Garden will probably be made Knight of the Legion of Honor in an announcement by the minister of public instruction, which is expected today. No confirmation could be obtained at the ministry of foreign affairs other than the statement that the singer's decoration would "quite possibly be announced in the next day or two." Mary Garden's recent entry into the field of opera management is said to have been one of the chief reasons for considering her for a decoration.

C. P. R. EMPLOYEES PLEAD GUILTY TO STEALING WHISKEY

David Lamont and Thomas Clark Remanded for Sentence.

David Lamont and Thomas Clark, two C. P. R. employees, pleaded guilty in police court this morning to stealing three bottles of whiskey from the C. P. R., and were remanded until Friday, February 11, for sentence.

Lamont, who is a trucker, would have been eligible for a pension in two years, having worked for the railroad a great number of years. He took two bottles and Clark, who is a checker took one.

"I told him not to do it," said Clark.

"Yes, but you took one yourself," said the court.

Crown Attorney J. B. McKillop recommended that they be remanded for sentence.

BANK CLEARINGS.—The bank clearings for this week amounted to $3,051,640. For the same week in 1920 they were $3,697,396. This shows a decrease of $645,756.

ADDRESSED 100 BOYS.—Major Fred Smith, national physical instructor of the Y. M. C. A., spoke to about 100 Trail Rangers in the "Y" last evening on "Sex Education."

A CORRECTION.—Through an error, it was reported in Wednesday's edition that one of the directors of London's new hotel was A. G. Line. This was incorrect. A. G. Little is the director named.

FINED $200.—After having reserved his decision for a few days at the request of the defendant's lawyer, Magistrate A. H. M. Graydon this morning fined Gordon Fanson $200 and costs for having liquor in a place other than a private dwelling.

AUTO HITS POLE.—A smashed right front wheel of a new Chalmers touring car, bearing 1921 license number 95-927, was the result of an accident at the corner of Wellington street and Queen's avenue this morning at 11 o'clock. The Chalmers car was proceeding north on Wellington street, and in order to keep from colliding with the other automobile was forced to hit a telephone pole on the northwest corner. The occupants of the car were badly shaken up.

INQUEST TONIGHT.—Inquest into the death of Mrs. J. H. Glover, 519 Bathurst street, and her three daughters, Grace, Edith and Margaret, will be held at the police station this evening. The inquiry will open at 8 o'clock, with Coroner J. Cameron Wilson presiding. Dr. Homer Black, who made a post-mortem examination of the victims, will present his report. The jury empanelled is composed of a number of prominent businessmen, many of whom have not been identified with coroners' juries in recent years.

S. A. YOUNG PEOPLE'S RALLY.—The Young People's annual rally of the Salvation Army will be held in the corps rooms next Sunday, the purpose being the awarding of prizes for their attendance at Sunday school during the past year. Brigadier Alex. Crichton, head of the local division, will conduct the services in Stratford. Staff Captain Ritchie also of the local command will accompany Adjutant Clayton of Toronto at the services in Woodstock. The commissioning of the local Sunday school officers will take place on Monday.

TEACHERS' SALARIES.—Unless the members of No. 1 committee of the board of education, which is slated to hold its regular monthly meeting at 4:30 tomorrow afternoon, decides to resolve itself into a special committee it is unlikely that the question of teachers' salaries will be dealt with tomorrow. Apart from the salary question, the business to be dealt with by the committee will be purely routine. The committee at its last meeting referred the whole question of salaries to a special meeting, the date for which has not been made public.

WITNESS IN THEFT CASE CONTRADICTS HIMSELF

Percy Bridge Faces Judge, Who Reserves Judgment Till Friday Next.

Percy Bridge, of Westminster Township, appeared before Judge Talbot Macbeth at the court house this morning charged with stealing a motorcycle and having stolen goods in his possession. After hearing the evidence the judge reserved judgment until 11 o'clock Friday morning.

Arley Sharman, who had been charged with stealing the motorcycle, but whose case has not yet come to trial, told conflicting stories about the affair. He explained to Crown Attorney J. B. McKillop, the way in which the motorcycle came into Bridge's possession, and then told another story to Jared Vining, counsel for the defence.

"Then the story you told Mr. McKillop was not true?" said Mr. Vining.

"No," said Sharman.

After answering one question put to him, Sharman was asked who told him to say it.

"My brother," was the reply.

The witness admitted that he stole 25 chikens from Purdom Love, a neighbor, with which to get the motorcycle from a Mr. Cameron. He did not trade them for the machine.

Bridge' father said that one night while he, his wife and Percy were at the supper table, Arley Sharman came to the door with a motorcycle.

W. A. DOVER PRESENTED WITH GOLD WATCH

Former Sales Manager of Willys-Overland Co., Honored by Dealers.

W. A. Dover, former sales manager of the Willys-Overlan Company of Canada, was on Wednesday night, in the Tecumseh House, entertained at a banquet by the dealers of Ontario. There was a large attendance, presided over by L. Kennedy, Wingham, and amongst those present from a distance were Harry Breay, Hamilton; C. R. Banks, Peterboro; A. J. Gilmore, St. Catharines, and John Houlding, Brantford.

In the course of the evening Mr. Dover was presented with a gold watch, suitably engraved. An address was read by A. J. Gilmore, after which John Hayes, St. Marys, in a few appropriate sentences expressing the esteem in which Mr. Dover was held, handed over the gift.

Mr. Dotver was deeply touched by the terms of the address and the handsome token which acompanied it, and in the course of an appropriate reply, cordially thanked the dealers who had thus done him honor.

On the same occasion, Henry Champ, assistant to Mr. Dover, was the recipient of a traveling bag, and Frank McLachlan, on behalf of the dealers, expressed their good wishes for his future success.

The remainder of the evening was occupied by various addresses and an enjoyable program.

WITNESSES HORRIBLE SCENES WHEN BOLSHEVIKI INVADE CITY OF BAKU

Naples, Feb. 3.—Fortuna Anselmo, a shoemaker, repatriated from Batum, in the Caucasus, says he witnessed horrible scenes when the Bolsheviki invaded Baku. Anselmo was a patient in a hospital which was attacked by the Bolsheviki. The invaders turned the less seriously ill out into the streets and stole everything from them. They then opened the prison, in order to have the aid of the inmates in the sacking of the city.

The bodies of women and children who died of starvation, according to Anselmo, were left in the streets.

When Anselmo made his escape he said prices had become fantastic. A pound of bad bread, made from maize and beans, cost 100 rubles per pound, while sugar was 1,900 rubles per pound.

WOULD HAVE PRESIDENT INVITE ALL NATIONS TO DISCUSS DISARMAMENT

Washington, Feb. 3.—A resolution authorizing the president to invite the nations of the world to send delegates to a conference "to provide for disarmament" was reported favorably today by the House foreign affairs committee. The measure was sponsored by Representative Brooks, Republican, Illinois.

STRIKE LASTS ONE DAY.

Fort William, Feb. 3.—The strike at the plant of the Canadian Car and Foundry Company lasted only through one day, and at 10:30 last night the men voted to accept the reduction of 10 per cent in piecework rates and to return to their jobs this morning. The car works are operating to full capacity today after only one day's idleness.

PETTY THIEVING IN BRANTFORD.

Brantford, Feb. 3.—Overnight the police received over a dozen reports of petty thefts, office breaking and attempts to enter buildings. In only one case, that of the Wood Coal Company, which lost $20 in stamps, was anything of value taken. The police believe that the outbreak was of juvenile origin.

5,300 PEOPLE AT BIG AUTO SHOW

London Exhibition Is Setting Pace For the Whole Province.

Wednesday was the record day at the London Motor Show, 5,300 persons passing through the door at the armories.

During the evening the Advertising, Kiwanis and the Alert Club marched through all sections of the city carrying torches and banners advertising the show.

Besides the entertainment provided by the orchestra, members of the Ad Club sung parodies concerning the various officials of the exhibition. The club also presented the officials with a banner on which was inscribed: "To the president and directors of the London Motor Show: The Advertising Club wishes you well."

A. D. Zieman, president of the Ontario Retail Automotive Association and W. C. Miller, both of Toronto, journeyed from Toronto to watch the progress of the show so that they may be able to organize one in the Queen City.

Delegates from Guelph and Chatham were present for the same purpose.

"The attendance has exceedd our expectations. We are glad to see that the public is so ably supporting us," said T. C. Kirby, manager of the exhibition.

Tonight Mayor Little will present Mrs. H. Langlois of Princess avenue with a check for $500, the third prize in a contest arranged by the National Carbon Company and open to residents of the whole of North America.

BOYS WILL NOT LOSE TAYLOR STATTEN'S SERVICES

Popular Provincial "Y" Official Takes Charge of C. E. S. T. Work.

Regret felt by local "Y" boys at the reported resignation of Taylor Statten, national boys' secretary, to take up other duties, was dispelled today by the announcement that Mr. Statten will next week take over the duties of executive secretary of boys' work in the province, with the object of developing a wider program for the C. S. E. T., of which the Y. M. C. A. is a unit.

The Toronto Rotary Club has undertaken to increase Mr. Statten's budget to $15,000 in order that he might continue his work. He will be accompanied on his tours by Dr. Percy Haywood, editor of the Canadian Mentor, and W. H. Vaughan, manager of the C. S. E. T. supply depot. Mr. Statten purposes taking in the Young Men's Hebrew Association, Association of Jews and all Catholic organizations in the C. S. E. T. program.

The appointment of a man to fill the vacancy of Mr. Statten on the Y. M. C. A. staff has not yet been announced, although it is expected that it will be made next week.

MASONS ATTEND FUNERAL OF LATE J. B. JENNINGS

Services and Interment Both Attended by Large Crowds.

The funeral of John B. Jennings, who died on Tuesday morning at his home, 46 Becher street, after a long illness, took place this afternoon at 2:30 o'clock under the auspices of St. John's Masonic Lodge, No. 20, of which Mr. Jennings was a member. Rev. Dr. G. B. Sage conducted the services. Interment was made at Woodland Cemetery. The pallbearers were Richard Booth, L. Boss, Ted Barrell, B. Harrison, John Barnard and W. Geary. The honorary pallbearers were A. B. Greer, R. Carrothers, T. Tillmann and Messrs. Forbes, Jackson and Heard. The funeral was very largely attended.

ARGUMENTS ADVANCED AGAINST ABROGATION OF WAGE AGREEMENTS

Chicago, Feb. 3.—Arguments against abrogation of the national wage agreements between the railroads and their employees, already laid before President Wilson and members of Congress by brotherhood leaders, were presented today to the railroad labor board. Since the request of W. W. Atterbury of the Pennsylvania lines for relief from these agreements was laid before the board on Monday, representatives of the employees have been preparing their rebuttal, which B. W. Jewell, president of the railway employees' department of the American Federation of Labor, was to present.

Members of the board indicated that a decision may be reached in the executive session on Friday. Mr. Atterbury declared the railroads' need for economics, which he said could be put into effect, was so urgent that many of the roads faced bankruptcy, and there was not time to confer with employees on the abrogation of the agreements. Representatives of the men declared Mr. Atterbury's request is the first move by the railways in a plan "to take advantage of the temporary unemployment and the unfortunate economic condition of the railroad workers," to crush the labor organizations.

MONSIGNOR ROCCO IS EXPECTED TO SUCCEED AS MILAN ARCHBISHOP

Milan, Italy, Feb. 3.—Monsignor Nasalli Rocca will probably succeed Cardinal Ferrari, who died yesterday, as Archbishop of Milan. It is expected he will be created a cardinal at the consistory to be held in March.

Cardinal Ferrari had been ill a long time, and underwent several operations. His condition was complicated by the development of tuberculosis of the trachea, and for more than two months he had been unable to speak.

For weeks his death had been expected, but he persisted until the last few days of his life in reviving people from his diocese. His death is universally mourned in this city, and all the church bells in Milan tolled the mournful news.

ITALIAN MINISTER CALLS FOR FREEDOM OF TRADE

Rome Feb. 3.—Establishment of the freedom of trade by Italy must be accomplished at the earlies possible moment, Signor Solari, under-secretary of food control, declared in the Italian Senate yesterday, but he added that this action must await the stabilizing of international markets. Italy, he said, had enough grain for the next ten months, so that she would be able to reduce her purchases for a time. Referring to recent visits to Paris and London the under-secretary said agreements had been made by which Italy, France and Great Britain would share their buying markets and would exchange information each month. By this means "remarkable reductions" might be obtained in making purchases.

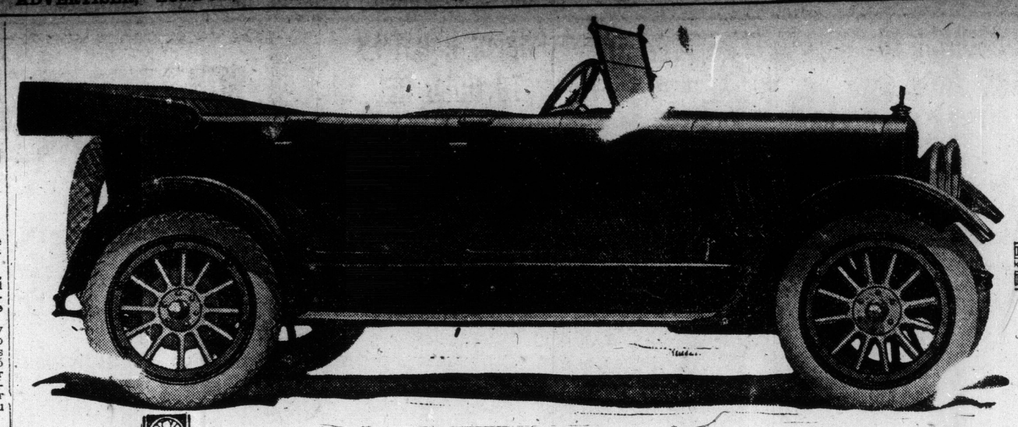

MASTODON'S SKELETON DISCOVERED

Bisbee, Ariz., Feb. 3.—Discovery of the skeleton of a mastodon and the remains of a seven-foot sea turtle, near Benson, 50 miles northwest of here, was reported today by Dr. Gidley of the Smithsonian Institute, in charge of a party that has for several days been uncovering the bones of prehistoric animals. The tusks of the mastodon skeleton measures more than six feet in length.

ROOM B-2
MOTOR SHOW

To accommodate hockey fans in the north country a special train will be run by the G. T. R. from Exeter to Stratford this evening. The train will leave Exeter at 4:35, arriving in Stratford at 7:00 p.m. Returning it will leave Stratford at 11:00 p.m., arriving in Exeter at 1 o'clock Friday morning. It will stop at all intermediate points. Nearly 500 fans are expected to take advantage of the special train.

HUNTING FOR BARGAINS.

Every local train arriving in London this morning was loaded to the platforms with out-of-town shoppers attracted by the local "Dollar Day" sales. Trainmen on No. 112 from the west, claimed that more than 100 people got on at Glencoe, that one-half of the population of Mount Brydges came with them, and that no one was left in Appin but the postmaster and one storekeeper.

MICHAEL O'LEARY ILL.

Michael O'Leary, assistant yard master of the G. T. R., has been confined to his home for several days with illness. George Turner is acting during his absence.

APPOINTED CHIEF CLERK.

A. I. Walker of Montreal has been appointed chief clerk in the divisional office of the C. P. R. during the absence of B. A. Pender. Mr. Pender is acting in other capacities. The arrangement it is expected will be a temporary one.

PORT, NOT PORK.

License Inspector J. E. Keenleyside has fallen off in his batting averages during the past week, according to local officials of the Canadian Express Company. Recently three barrels, presumably filled with hams and bacon, passed through this city en route from Montreal to a little place west of London. Employees claim that every time the barrels were moved they gave a musical gurgle. In their opinion the contents resembled port, rather than pork.

HOCKEY SPECIAL.

A hockey special will be run by the G. T. R. from this city to Ingersoll on Friday evening. It will leave this city at 7:15 p.m. Returning the train will leave Ingersoll at 11 p.m. Although no stops will be made between this city and Ingersoll, the train will stop at Dorchester and East London on the return trip, it was announced.

The east bound track of the G. T. R. was blocked four hours Wednesday evening, when three freight cars were derailed at Beachville. As the result of a broken wheel the cars left the track at 5:20 p.m., and were not replaced until after 9 p.m. East bound trains ran over the west bound track while the wreckage was being cleared.

TOO COLD IN LOS ANGELES.

Of all the strange things which have marked this winter as the result of the unusual winter, the strangest is that of a woman who has come from California to spend the winter in Canada. She is a Londoner who went to California three months ago to escape the cold of a Canadian winter. As her baggage was being examined by the customs officer at the G. T. R. depot on Wednesday she explained that the weather in Los Angeles was much too cold and miserable for her. When she learned that dandelions and pansies were blooming in London she decided to return home.

HOPE FOR INCREASE.

As the result of the increase in rates granted to the express companies of Canada, local employees of the Canadian Express Company feel confident that they will be granted their requested increases in pay. The board of conciliation is now working on the expressmen's request for a higher schedule.

WAR IN THE CAMP.

Warfare has been declared between the local factions of the Canadian Brotherhood of Railway Employees and the local branches of the International Brotherhood of Freight Handlers and Railway Clerks, judging by the program which has prepared. In an attempt to win over the membership of the international organization, the C. B. R. E. will hold a mass meeting in the local Labor Temple Friday evening. The speakers will be Grand President Mosher of the C. B. R. E., and P. J. Flannery, late organizer for the international body, but now a convert to the Canadian organization.

Representing the local organizations of the international movement, A. C. Hay of the G. T. R., hs requested the local trades and labor council for assistance in organizing 100 per cent of the local railway employees. The activities are the direct outcome of the cancellation of the charter of the C. B. R. E. by the Canadian Trades Congress.

BETTER WORKING CONDITIONS.

As the result of amendments made to the agreement existing between the G. T. R. and the employees of the maintenance of way and bridge building departments several improvements in the working conditions in those departments have been granted. The new agreement known as wage agreement No. 5, will be retroactive to December 1, 1920, it was announced today.

Among other things the basis for status of the employees will be changed from four months continuous service to four months accumulated service, providing it comes within a period of 24 months. By this change several men will be granted the recent increases who otherwise would not have benefitted for several months.

GETTING REPORT READY.

Toronto, Feb. 3.—The royal commission on university finances held a private session today in order to discuss the draft of their report which it is hoped will be ready for submission to the Ontario Government within a week or so.

WILLYS-OVERLAND ANNOUNCE CHANGES IN OFFICIALS

MR. J. R. MARLOW.

Montreal branch manager of Willys-Overland, who has been promoted to the post of secretary and treasurer at the head office, Toronto.

Among visiting motor car men at the London Motor Show is Mr. H. E. Brasier, of Willys-Overland, Limited, whose appointment as Ontario sales manager was announced at Toronto yesterday. The company announced at the same time the promotion of Mr. J. R. Marlow from the position of manager of Montreal branch to that of secretary and treasurer. Mr. Marlow has had a long experience with the Overland interests, and his work in Quebec Province has been marked by signal success. In addition to building up a good organization for his company in that province, he has also been active in the promotion of the good roads movement. As president of the Montreal Automobile Trade Association, he has had considerable part in making a success of their annual motor shows. The show that closed last Saturday is considered by many as unprecedented in point of attendance and actual buying interest.

MR. H. E. BRASIER.

Willys-Overland service manager becomes Ontario sales manager of Company—a visitor at the motor show.

The new Ontario sales manager, prior to his connection with the head office of Willys-Overland, was accountant at the Toronto branch of the Russell Motor Car Company. For the past seven years he has been service manager, and is, therefore, widely known throughout the Overland organization. Mr. Brasier has held advanced views on motor car service and is credited with helping greatly to further the interests of the motor trade generally. In his new position it is calculated he will be able to co-ordinate service ideals with sales promotion.

WHAT WILL TIRES DO?

How often has this been discussed among motorists? Many dealers will "guarantee" exceptional mileages from the tires they sell—but did you ever get them? "Gutta Percha" tires are offered the public without any guarantees of mileage, but invariably deliver mileage in excess of the expectations of the buyer. A remarkable record was established by the Canadian Express Company of Toronto. They actually obtained over 30,000 miles from two 37x5 Fabric Tires operated on the rear wheels of a truck. If you are after genuine satisfaction, equip your car with "Gutta Percha" Tires. You'll be delighted with the results. b

Catarrh Of the Stomach Is Dangerous

"Thousands Have It and Don't Know It," Says Physician. Frequently Mistaken for Indigestion—How To Recognize and Treat.

"Thousands of people suffer more or less constantly from furred, coated tongue, bad breath, sour, burning stomach, frequent vomiting, rumbling in stomach, bitter eructations, gas, wind, and stomach acidity and call it indigestion when in reality their trouble is due to gastric catarrh of the stomach," writes a New York physician.

Catarrh of the stomach is dangerous because the mucus membrane lining of the stomach is thickened and a coating of phlegm covers the surface so that the digestive fluids cannot mix with the foods and digest them. This condition soon breeds deadly disease in the fermented, unassimilated food. The blood is polluted and carries the infection throughout the body. Gastric ulcers are apt to form and frequently an ulcer is the first sign of a deadly cancer.

In catarrh of the stomach a good and safe treatment is to take before meals a teaspoonful of pure Bisurated Magnesia in half a glass of hot water as hot as you can comfortably drink it. The hot water washes the mucus from the stomach walls and draws the blood to the stomach while the Bisurated Magnesia is an excellent solvent for mucus and increases the efficiency of the hot water treatment. Moreover, the Bisurated Magnesia will serve as a powerful but harmless antacid which will neutralize any excess hydrochloric acid that may be in your stomach and sweeten its food contents. Easy, natural digestion without distress of any kind should soon follow. Bisurated Magnesia is not a laxative, is harmless, pleasant and easy to take and can be obtained from any local druggist. Don't confuse Bisurated Magnesia with other forms of magnesia, milks, citrates, etc., but get it in the pure bisurated form (powder or tablets), especially prepared for this purpose.—Advt.

New Oldsmobile Four a Wonder

The first large shipment of the Oldsmobile "fours" to leave the Oshawa plant has brought back enthusiastic reports from all parts of Canada. What gets the dealers and car owners is the unusual "pep" of the four-cylinder motor. This is due not only to the general superiority of the design, but also to a special device known as a re-atomizer. This device, installed in the intake manifold, just above the carbureter, insures thorough vaporization of the gas before it enters the cylinders. In this day of low-grade fuels there is a tendency for raw gasoline to cling to the sides of the intake pipe. This not only lessens the efficiency of the fuel, thus reducing mileage, but also allows raw gasoline to enter the cylinders and work down into the lubricating oil. The new Oldsmobile device gives the engine amazing power, and also aids materially in starting in cold weather.

The Oldsmobile "four" is sturdily built with every part thoroughly tested under a very rigid shop inspection. It is undoubtedly a magnificent small car, one that will very soon win the deep affection of Oldsmobile dealers and owners.

RUFFIANS BEAT TILBURY FARMER

Dragged From House and Pistol Placed in His Mouth.

CHATHAM, Feb. 1. — The county police are investigating the hold-up of two prominent farmers of Tilbury East Township on Monday night, during which they were severely cut and bruised. It appears that a gang of ruffians on a still hunt for liquor visited the home of one farmer. He was called to the door, and the gang demanded liquor. The man stated that he did not have any, whereupon he was dragged out into the yard, the muzzle of a revolver placed in his mouth and threats made to blow him into eternity if he did not tell where the booze was. After beating him up considerably the gang carried him to the home of a neighbor, where a similar demand was made for liquor. The neighbor also refused to accede to the request, and he was given the same treatment as the first.

Finally the gang decided there was no booze forthcoming and made their escape. The victims declare they can identify some of the ruffians.

WAS FINED $1,000.

WINDSOR, Feb. 2.—A fine of $1,000 and costs was imposed upon George Marentette for having liquor in his possession in police court today. According to evidence Marentette was unloading the liquor from a freight car which had been addressed to Windsor under a fictitious name. Marentette, the police say, claimed the liquor and admitted having ordered it in a fictitious name.

HERE'S A FINE RECORD.

BRANTFORD, Feb. 2.— Eight hens belonging to J. L. Smith of this city laid a total of 186 eggs during January. This is considered a record for the hens, which received only ordinary care. The birds were thoroughbred Regal Dorcas White Wyandottes.

MAY EXTEND TIME.

STRATFORD, Feb. 2.—The question of extending the fall fair to four days instead of three is again receiving serious consideration from the Agricultural Society. Opinion is divided, and no decision has been reached.

APPOINTED SECRETARY.

CHATHAM, Feb. 2.—C. E. Beeston, for 34 years under-sheriff of Kent County and secretary of the board of education for several years, has been engaged by the board to devote his entire time to the work of the board.

CARS ARE TAKEN OFF.

GALT, Feb. 2.—After operating on Water street since July 20, 1894, street cars today were taken off, the Grand River Railway putting into use its new right-of-way which enters the city three blocks east, terminating at Main street. This is also the terminus for the L. E. and N. Railway. Work on the new line was started last August, and it gives a double track system from here through to the north of Preston. The company's franchise on Water street expired at midnight, which hour marked the transfer to the new line. Until a permanent depot is erected, two coaches are being used for ticket and waiting-room accommodation.

HELPED HIM ESCAPE.

WINDSOR, Feb. 2. — Magistrate W. E. Gundy sentenced John McMillan of the King George Hotel to from three months to two years less one day on a charge of interfering with an officer attempting to make an arrest. The man whose apprehension was sought, escaped.

U. F. O. "AT HOME" GREATLY ENJOYED

Large Attendance at Gathering Held In Thamesford Town Hall.

Thamesford, Feb. 2.—A crowd completely filled the hall responding to the invitation of the local U. F. O. to attend their annual at home. Following a supper Rev. W. D. Davis introduced a lengthy program of speeches, songs and readings. Following this nearly all the guests joined in an old time dance.

The brethren of King Solomon's Lodge, No. 394, gave their annual entertainment in their lodge rooms. The program was provided by Mr. and Mrs. Sandy, Miss Smith, Miss Ratz and Mrs. Jelly of Dorchester with Canon McMillan, Geo. Naylor, Inwood; Dr. McDonald, Kintore and [illegible] local ministers, Dr. McDonald presiding.

After a long illness, Elizabeth Alderson, widow of the late Joseph Alderson, died at the home of her son, J. E. Alderson, Lot 14, Concession 11, E. Nissouri. She was in her 76th year, and had for many years been a resident of Kintore. Interment was made in the Methodist Cemetery, Kintore, today.

Mr. and Mrs. William Brown of Seattle are guests of Mrs. Brown, 8th Line.

Joseph Henderson, 8th Line has returned from a holiday spent in Ridgetown.

Mrs. Bert Thurlow and daughter, Lelia, are moving to London this month.

The Young People's Society of St. Andrew's Church met at the home of Mr. and Mrs. Roderick Young to honor Mr. and Mrs. A. C. B. Young who were recently married. Mr. Young has always taken an active interest in all branches of the church work and has filled the position of elder for the past few years. Coupled with all good wishes for the guests of honor were gifts for the new home. Games, music and lunch were enjoyed.

THIRSTY THIEVES STEAL 7 BOTTLES

John Shaver of Sarnia Also Loses Some.

SARNIA, Feb. 2.—Thirsty thieves entered the home of John Shaver today and made away with seven bottles of liquor, a lady's watch and fob, a manicuring set, two rings, some tiepins, a gentleman's brass watch that had outlived its usefulness and departed without leaving a cue behind for the local police to work upon.

Three Russians claiming Toronto as their home and giving the names, L. Jacobs, J. Jacobs and S. Greenberg, were picked up by Provincial Detective Airey here today, and are in jail awaiting trial on charges of having liquor in other than a private dwelling. The men were picked up with the goods in an auto at one of the local garages. They will appear before Magistrate Jarvis.

Held Up By Ice.

A rumrunner's life is not a happy one. When through force of circumstances the sleuthhounds of the law are not on his trail and the sledging is fairly easy, nature steps in and halts operations. In other words the ice in the St. Clair River has called a temporary halt on operations, and "spirit" chasers must sit back and wait for it to disappear. A large stock of wet goods is being accumulated on this side of the border awaiting transport to thirsty Americans. Meanwhile the provincial license department is still "considering" the appointment of an inspector for West Lambton to fill the vacancy caused by the death of George Lucas.

Show a Decrease.

Although the import duty collected during January showed an appreciable increase over returns for December, the sales tax receipts declined somewhat, according to figures issued today as follows: Import duty, $113,045.62; sales tax, $19,874.70. December's returns were as follows: Import duty, $74,422.03; sales tax, $20,303.98.

SHOVES TARIFF IN FIRST PLACE

Senate Brushes Other Bills Aside—Closure Bill Is Defeated.

WASHINGTON, D. C., Feb. 2.—Shoving aside all pending legislation, including a dozen big appropriation bills, the Senate today voted to continue consideration of the Fordney emergency tariff bill.

The gates were opened wide for a flood of oratory when a motion for closure was voted down.

As it now stands, the tariff measure has precedence over all other business except during the "morning hour" of sessions from 12 to 2 o'clock. At the outset today, Senator McCumber, Republican, North Dakota, one of the champions of the bill, sought an agreement for a vote on the bill February 15. His motion was lost and then the closure motion was defeated. Other efforts were then made to set a date for voting, but Senator Williams, Democrat, Mississippi, destroyed all hope of agreement by declaring that he would oppose any plans for unanimous consent.

In the end the session developed into a free-for-all debate, featured by an attack by Senator Johnson, Republican, California, on the principle of the closure. Senator Penrose, Republican, Pennsylvania, in charge of the bill, announced that the bill would be brought to a vote, even if appropriation measures had to be left aside.

SAYS CO-OPERATION IS ONLY SOLUTION

President Powers of U. F. O. Gives Fine Address At Seaforth.

SEAFORTH, Feb. 2.—The town hall was crowded for a meeting this afternoon, under the auspices of the U. F. O. The chair was occupied by J. H. Scott of Hullet. Robert McMillan, director of the U. F. O., spoke at some length on co-operation and constructive policies for the industries of this country. Nothing but co-operation among the farmers, he said, would fix the price of commodities.

R. Powers, president of the U. F. O., who was the principal speaker, gave an address on the co-operative stores, of which there are forty in the province, the initial expense, amount of business done and receipts since they were organized in the fall of 1910, referring particularly to the Seaforth branch, which was the first to be established. The expense of carrying on the different stores, he said, has been almost uniform, and fair profits were expected. After the cost of fixtures has been deducted there is a profit of $62,000 available for distribution among the patrons of the stores, in the Seaforth store the sales were $35,946, with a gross profit after certain expenses have been deducted of $4,313.76.

SUBMARINE BEACHED.

PHILADELPHIA, Feb. 2.—The United States submarine L-1 was in collision off the Delaware Capes early today with the steam pilot boat Philadelphia, sustaining damage that caused her to be beached in the inner harbor of the Delaware Breakwater at Lewes. There were no casualties.

COAL DEALERS MAKE PROTEST

Object To Purchase of Fuel by Committee At Windsor.

WINDSOR, Feb. 2.—What would appear to be a clash of authority in municipal circles has been precipitated by the action of the transportation and industrial committee of the city council in ordering fifteen cars of coal when the local dealers have their yards well stocked, and when hardship through lack of fuel is not looked for. Mayor H. W. Wilson claims this makes the city a competitor of dealers, which is not desirable, and was not the idea when the municipal yard was established.

Coal dealers have protested against the city buying coal at $15.30 a ton when they have been compelled to buy fuel at high prices to keep customers supplied.

Mayor Wilson has given assurance that the intention of the city is not to compete with them, but to have coal on hand in case the dealers' supplies run out.

He explained that if the city intended to compete with the dealers it would drive them out of business, and that this was not desirable unless the city was prepared to take full charge of the coal supply.

WAS THIS GARFIELD?

WOODSTOCK, Feb. 2.—Mrs. Ben Johnson, wife of the local man who was shot recently, stated today that one of her women friends, who was in the store the night of the shooting, has identified a stranger whom she saw there as Norman Garfield, who is held in London. The woman, according to Mrs. Johnson, noticed the man come in, and says he acted queerly and examined the place carefully. The pictures of the Garfields published in the papers strongly resembles the man she saw, and she is said to be quite sure that the man she saw looks exactly like Norman Garfield?

SEE BUSINESS REVIVAL.

STRATFORD, Feb. 2.—Stratford district jewelers met in annual convention today and elected officers, as follows: President, J. Savage, Seaforth; vice-president, W. A. Johnstone, Listowel; secretary-treasurer, N. Paquernat, Stratford. The officers, with W. Larkworthy of Mitchell, form the executive.

President Savage and N. F. Babb of Stratford were named delegates to the Canadian National Jewelers' Convention, which meets in Winnipeg February 22 to 24. W. G. Young of London was a guest of the association and gave a splendid address. The district was well represented, and there was a hopeful feeling for a revival of business before long.

FOUND WHISKEY STILL.

CHATHAM, Feb. 2.—License Inspector Sides and Inland Revenue Officer Lamont raided the home of George Sidore and confiscated a whiskey still, a quantity of mash and some finished product. Sidore was not at home when the raid was made, and has not returned since, evidently having learned of the officers' visit. Sidore moved to this city a short time ago from Orillia. The officers are of the opinion that the brew was for home consumption, and not for sale.

CHURCH WOULD BUILD 1,000 SMALL HOUSES

TORONTO, Feb. 2.—Mayor Church took a decidedly final stand at the meeting of the board of control this morning in regard to the proposal that the city undertake, through a commission, the building of 1,000 small houses to relieve unemployment and supply necessary houses.

His worship had drawn up a scheme, which provided for the loaning of $1,000,000 to builders, and the erection this spring of from 500 to 1,000 houses.

PILES

Are Generally Caused by CONSTIPATION

There are few, if any, complaints more common than hemorrhoids, or piles, as they are commonly called, and scarcely any which cause more trouble, annoyance and misery.

Ninety per cent are troubled with them at some time or other, owing to allowing the bowels to become in a constipated condition.

Piles are classed under three headings, i.e., itching, bleeding and protruding, and the excruciating pains which accompany them cause misery which is beyond description

Ointments and suppositories may help and relieve for a while, but to get rid of them, it is necessary to have a free, easy and natural motion of the bowels, at least once or twice a day, and by doing this the cause will be quickly removed.

Milburn's Laxa-Liver Pills regulate the flow of bile to act properly on the liver and bowels, thus removing the constipation and all its allied troubles.

They contain no calomel or drastic mineral ingredients, being purely vegetable. They are small and easy to take, and do not gripe, weaken or sicken.

Milburn's Laxa-Liver Pills are 25c a vial at all druggists or dealers, or mailed direct on receipt of price by The T. Milburn Company, Limited, Toronto, Ont.

PAIGE

THE MOST BEAUTIFUL CAR IN AMERICA

The Appeal of Good Sportsmanship

Good sportsmen appreciate a sportsman-like proposition.

Consequently our recent invitation to motorists of this city to get behind the wheel with us and test out in actual road performance the full capabilities of any model in the new Paige line has met with an enthusiastic response.

Our invitation was made without "if's" or "but's" or reservations of any kind. We said it made no difference on what standard of price you cared to base your judgment or make your comparisons—we invited you to test the Paige for power, speed and flexibility on any road or grade you might choose. We were willing to abide by your decision.

That was too good a sporting proposition to be ignored. We have been kept busy demonstrating and the motoring public has endorsed our statement that the Paige line, by reason of exceptional performance, is without legitimate competition.

Our suggestion to the sportsmen of this city to test out the Paige is now renewed. It is addressed to all—to men and women, to car owners or even to non-owners who have no thought of ever acquiring an automobile.

The invitation is thus all-inclusive because the test will be a revelation we are glad to have everyone experience. You may book a demonstration to suit your convenience either at the Show or at our salesrooms.

MACBRIDE LAUNCHES ATTACK ON DRURY; STRIKES LABOR GROUP

Brantford Member Contends That 8-Hour-Day Law Would Eliminate Strikes, Charges Laborites With Having Broken Pledges, Condemns Mothers' Allowances As Meagre, Scores Free Trade Talk.

[Special to The Advertiser.]

TORONTO, Feb. 2.—"If you want to take a step that will eliminate 99 per cent of the industrial strikes, then enact eight-hour day legislation," declared M. M. MacBride, Independent Labor member for South Brant, in the Legislature yesterday. "If you had enacted eight-hour day legislation last session you never would have had a strike on the Chippewa."

Bitterly did the member for South Brant attack Hon. Walter Rollo, minister of labor, and members supporting the Government, for their failure to bring down eight-hour day legislation at the present session. He charged that there was a pact between Premier Drury and the Labor ministers not to embarrass the Government with the introduction of an eight-hour bill. Labor's representatives in the cabinet, he declared, had jumped the principal plank upon which they were elected.

Refers to Peace Pact.

Mr. MacBride referred to the eight-hour national day clause in the peace pact, to which Canada is a signatory insisting that labor legislation is a matter within provincial jurisdiction, he decldred: "We are a thousand times worse than the United States if we signed the peace pact and refuse to carry out the terms contained."

Condemns Allowances.

The speaker, who only at the opening of this session moved from the Government benches to the other side of the House, condemned the mothers' pension allowances as meagre charity of the worst kind. Cabinet ministers of a prosperous province, he declared, **ought to be ashamed of themselves for** the pittiful doles that were being handed out to the widowed mothers of the province. He voiced a demand also for an increase in workmen's compensation allowances to 75 per cent.

Mr. MacBride declared that while he saw no reason whatever why the farmers and labor men of the province should not unite to form a government, he was of the opinion in the distribution of the fruits of the election hunt the farmers were taking the "bear" and forcing the laborites to take the "rabbit."

CHARGES FRAME-UP.

TORONTO, Feb. 2.—Speaking from his new place on the Opposition side of the House, M. M. MacBride of South Brant, in continuing the debate on the address in reply to the speech from the throne in the Ontario Legislature this afternoon, launched into a warm attack on the Drury Government.

He criticized the Government severely for not having introduced a measure to deal with the question of the eight-hour day. The member for South Brant contended that if this were done it would do away with a good deal of the industrial unrest. He charged that the premier had "made a deal with the two Labor members of the cabinet," and that in consequence they had jumped off the platform of the Independent Labor Party, so far as the eight-hour day question was concerned.

He scored the members on the Government side of the House for the way they had sought to drive political leaders out of public life, and said that "it was about time to put a stop to this muckraking."

Attack on Drury.

Premier Drury was the object of attack early in Mr. MacBride's speech, which lasted for one hour and fifty minutes. Mr. MacBride censured the free trade talk of the premier. "Let me tell you," he said, addressing the leader of the Government, "that if you ever take down the barriers and let in the great United States capitalists, backed by the gold from Wall Street, you will be nation destroyers, and not nation builders. If the premier tries to ride to Ottawa on that free trade horse, I will be there to block his way for all I am worth."

The mothers' allowance act, passed at the last session, was by no means satisfactory to the member for South Brant. He said that a government which boasted of being a humanitarian government, and boasted of the last provincial loan being over-subscribed, should be ashamed of the meagre allowance made to widowed mothers.

"Shame on you, who call yourselves a humanitarian government and hand a widow a check for a miserable $40 a month for her and her children," he exclaimed.

Farmer members laughed at this.

"Laugh at Anything."

"Yes, laugh," said Mr. MacBride. "You would laugh at anything. Let's have a real mothers' allowance act, instead of a cheap, parsimonious one."

He complained that the city of Brantford had sent in 80 applications under the act last October, but that up to the present time only 30 checks had been received.

Mr. MacBride pleaded for higher compensation to injured workmen. He said that 75 per cent of their wages was a fair rate. The first charge against any industry should be to care for the men crippled in that industry, he said.

The member for South Brant complained because the Government apparently did not intend to bring in a measure providing for pensions for the aged. Regarding the question of unemployment, he said that it was distinctly the business of the state to provide employment. The establishment of a standing committee on labor legislation did not please Mr. MacBride. This, he said, was "nothing but a convenient sewer down which to drop all contentious labor legislation."

Charges Patronage.

Referring to letters which he alleged had been written to different parts of the country, asking that the names of ten or a dozen citizens, who might be consulted in regard to appointments to the civil service, the member for South Brant said that the Government was thereby seeking to "establish the most damnable form of patronage."

Paying his respects to the Hon. W. E. Raney, attorney-general, he said that "the failure to have successful enforcement of the Ontario temperance act was strictly up to the attorney-general."

"We do not want dictatorship," he continued. "Let us have everything open and above board. Let us have none of this underhand stuff. The attorney-general has made a mess of the O. T. A. business."

In conclusion, Mr. MacBride said that he was quite happy "sitting between the Grits and the Tories." He was still an out and out labor man, he declared. "It does not make any difference where a man sits," he concluded. "The great thing is, where does a man stand when principles are at stake."

Halcrow Replies.

G. G. Halcrow, Hamilton East, said that the labor party thought they could do a great deal more by sitting on the Government side of the House than they could ever hope to accomplish by destructive criticism from the opposition side of the House.

BAR CHILDREN TO STOP SCARLET FEVER

ST. CATHARINES, Feb. 2.—Owing to an epidemic of scarlet fever in this city, local theatre managers have been officially notified not to admit to the theatres on children under 16 years of age, whether accompanied by adults or not.

HOLY GEE, MY HEAD FEELS GOOD TODAY!

Pain Over Eyes Is Gone, the Headache Relieved, Catarrh Relieved!

This is the Common Experience of Those Who Breathe the Vapor of

CATARRHOZONE

Remember this. Catarrh can never be cured or even relieved by a cough syrup, a spray, or tablet treatment. Trouble is these remedies slip quickly over the sore, irritated membranes, drop into the stomach and do little else but harm digestion. It's different with "Catarrhozone"—you inhale it. Every breath sends healing balsams to the inflamed tissues. Tightness, soreness and inflammation are relieved by healing pine essences. The cough dies away, throat is strengthened, huskiness is relieved. Nothing is so simple, so convenient, so certain to relieve as Catarrhozone. The dollar outfit includes the inhaler, costs $1.00, and is guaranteed. Small size, 50c; trial size, 25c; all dealers, or The Catarrhozone Company, Kingston, Ont.

HOLD HALLAM ON CHATHAM CHARGE

William Hallam Again Arrested—Charge of Robbing Frank King.

TORONTO, Feb. 2.—William Hallam, who was arrested here on January 23, as a material witness in connection with the fatal shooting of Mrs. Ruby Cross, for which his brother Stanley is awaiting trial on a charge of criminal negligence, was liberated yesterday on bail, and tonight again arrested. His arrest tonight was on a charge of assaulting and robbing Frank King in Chatham, on September 14 last, when, it is said, William Hallam took 80 cases of whiskey and gin from King.

SHAUGHNESSY TAKES OPTIMISTIC STAND

TORONTO, Feb. 2.—"Things are not very bright at present, but I believe there is improvement ahead, and not very far ahead." So spoke Lord Shaughnessy at noon today while the private car "Killarney" was being switched to a special train which left directly for Montreal. Coming from such a keen observer of world affairs, and so shrewd a prognosticator of world conditions, this statement has particular significance.

Asked to express an opinion on the problem of arranging German reparations, Lord Shaughnessy said: "I am in favor of Germany paying—providing we do not ask too much."

Lord Shaughnessy is returning home with Mr. Hosberg of Montreal, from Augusta, Fla., where they spent the last month.

AGRICULTURAL SOCIETY WOULD KEEP EMBARGO

LONDON, Feb. 2.—(Canadian Associated Press.)—The Royal Agricultural Society have refused to attend the national conference to be held in London on the question of the embargo on Canadian cattle, and deprecate the proposal to withdraw the restriction.

WILL ARBITRATE VALUE OF LAND

Owners Wants $12,000 and Water Board Favors Only $8,000.

ST. THOMAS, Feb. 2. — Arbitration proceedings were decided upon by the board of water commission today to place a value on the 50 acres of J. D. Ferguson, Edgeware road, which has been appropriated by the board in connection with the proposed water basins. Mr. Ferguson was offered $8,000 for the parcel, but refuses to sell less than $12,000. The usual procedure will be followed, the board and Mr. Ferguson each naming an arbitrator, and the two appointed selecting a third.

The Water Tower.

Permanent improvements were ordered on the water tower, Amelia street, so that it may be ready for service as soon as the electric motors are placed in the waterworks.

Rent of Hydrants.

The old agreement having expired the secretary was instructed to ask the city council to name a special committee to meet the board with regard to the rental of hydrants and other property of the board.

Will Delay Work.

The arbitration proceedings will delay much of the work set apart for the men out of employment in the city.

Fred Kennington Passes.

Fred W. Kennington, the eldest son of the late Pte. Charles Kennington, of the 33rd Battalion, who fell at the battle of Somme, died this morning at the Amasa Wood Hospital, following an operation for appendicitis. His mother also passed away in the hospital on November 19, 1919, after an operation for the removal of a goitre. The lad was 45 years old and is survived by a brother and three sisters, Miss Jean Hunter, Queen street, is an aunt. The interment will be Friday afternoon in St. Thomas Cemetery.

Trinity A. Y. P. A. Officers.

The officers elected to manage the Trinity A. Y. P. A. are: Miss A. Stickel, president; Miss Gladys Arthurs, vice-president; Lawrence Billingshurst, secretary-treasurer; Cyril Jaggard, literary convener.

The members at the meeting last evening heard an interesting and much enjoyed address by Miss Lillian McGaw on a "Trip To England with the V. A. D." The rector, Rev. J. W. J. Andrew, presided.

25th Regiment Badges.

The badges selected by the officers of the Elgin Regiment will be "Elgin" on the shoulder instead of the numeral 25th. The design of the cap badge will bet he same other than that it will be a half size larger than the collar badge.

Will Meet Consumers.

The consumers of natural gas in Fingal and vicinity, and the solicitor of the Southern Ontario Gas Company will have a conference over their differences at the village tomorrow.

E. O. Green, an old resident of Southwold, and the last of a pioneer family, passed away today at Union. He has been resident of the county for the past 76 years.

Back to the Land.

R. W. Ball, First avenue, has purchased the 100-acre farm of Clark Morrison on the 7th concession, and will move his residence to Philip Downie of Lucan now.

WHAT'S THE MATTER?

Service of the people who elected them to public office in the anticipation that they would devote such business acumen and level headedness as they possess to the best interests of the community, would appear to have altogether foresaken the minds of some members of the board of education.

Such a verdict is perhaps harsh, but far from as harsh as the outspoken opinions of nine out of every ten of the citizens of London who yesterday learned through the medium of their papers of the failure of the board, at its meeting on Monday afternoon, to reach any decision in regard to the provision of high school accommodation.

Following the bold stand taken by Trustee Thomas Rowe, at the special meeting of No. 3 committee, held with the distinct purpose of trying to arrange a compromise between the trustees supporting the one central high school proposition and those favoring the unit system, when in order to break the deadlock he frankly offered to agree to the building of a central high school on the old collegiate site, the resolution by Trustee Edwin Smith of his agreement to Mr. Rowe's offer came as a decided shock.

The plea of Mr. Smith that he did not understand Mr. Rowe's offer to include acceptance of the December 10 program of the board, namely, the erection of a ten-roomed school in South London, and the purchase of land in East London for a school to be built at a future date, cannot be accepted when it is on record that he agreed to the compromise, providing that the school in South London be an eight-room school instead of ten rooms.

All the trustees are fully aware of two important factors in the matter, viz., first, that the department of education requires that to accommodate the young people entitled to high school education, the city shall immediately provide 16 teaching rooms with the necessary offices and laboratories. Secondly, that the department will not, in the interests of the young people attending the classes at present accommodated in the old Princess avenue school, permit the indefinite use of that condemned school, on the ground that it is a menace to health.

That some of the trustees are determined to force their own personal opinions on the citizens, irrespective of the wisdom or otherwise of their favorite scheme, is a feeling that is growing strongly in the minds of citizens who, having at first viewed the almost snail-like progress of the 1920 board in regard to the preparation of plans for the replacing of the collegiate destroyed by fire in April last with a tolerant amusement, are at last becoming angry at the petty squabbling that has featured the efforts of this year's board to deal with the mater.

Tolerance of the delay during 1920 was exercised by the people of London because of the knowledge that the high costs of material and labor would probably show an appreciable decline this year. While not realised to the extent hoped for, prices have declined somewhat, and this fact, coupled with the unemployment situation, which is serious, are considered as additional reasons why the board should have gotten down to business ere now.

Still another feature of the matter is the fact that while the supporters of the central school scheme are claiming to have good grounds for refusing to consider any other building than that on the central site this year, owing to condition of the civic finances, a matter with which they have in a sense only secondary interest, the matter of providing the money being solely in the hands of the city council, they have by their refusal to stand by their definite agreement to the compromise suggested by Trustee Rowe in committee, entailed upon the city an expenditure of several thousands of dollars.

This addition to the civic expenditure will result from the fact that it is now impossible for the board to get its estimates ready to present to the city council this month. This delay will tie up the preparation of the civic budget and thereby delay the collection of taxes, with the result that money for current expenditures will have to be borrowed from the bank at high rates of interest.

Altogether the trustees are in a most unenviable position, they have lost the confidence of the electors in their business ability and are fast rousing an exasperation which will demand the right to elect a new board that shall be capable of sinking personal desires and opinions in the carrying out of the best interests of the community.

Only by immediate action can the trustees hope to regain the position they once held in public opinion.

DRURY STANDS PAT.

Whatever may have transpired at the U. F. O. conference over "broadening out," Premier Drury made it quite clear in his speech in the Legislature Tuesday that he proposes to continue that policy. He once more came out for the "People's Party," and in taking this attitude he will win the approval and support of the public. It is good Liberalism, that should attract every class of elector. Mr. Drury's declaration, considered in conjunction with his administration of public business so far, holds promise of genuinely democratic legislation while he pilots the province's affairs.

LETTERS

THAT BIG STAR.

To the Editor of The Advertiser:

There came over the wires the other day from Chicago the startling announcement that one of the great stars had been actually measured, and that its diameter was 300,000,000 miles, and that it was 300 times as large as our own sun.

I have been waiting for some budding astronomer to point out the blunder in this dispatch, for the last assertion is apparently far from the truth.

If the diameter of our sun is assumed to be 1,000,000 miles, and that of the star 300,000,000, then the latter is not merely 300 times larger, but 300 times 300 times 300 times larger than the former. For symmetrical bodies vary as the cubes of homologous dimensions, and these two suns, being spheres, will vary as the cubes of their respective diameters.

The cube of 1 is 1, and the cube of 300 is 27,000,000, and the star is that many times the greater.

The discrepancy is indeed more marked, as the diameter of our sun is not 1,000,000, but only 860,000 miles. The star therefore is approximately 30 times greater than our sun.

If one wishes to compare this huge luminary with the earth on which we live, it can be easily done.

The diameter of our sun is 110 times that of the earth, and the sun is therefore 110 raised to the third power, or about 1,300,000 times as large as our earth. The star, then, is 30,000,000 times 1,300,000 times greater than the earth. This if multiplied out makes 39 trillions—quite a large number, and one not easily grasped by the "average" imagination.

It seemed wise to make this correctors for the sake of our common democracy; for we ought not to bear false witness against our far-away brother, even though he be a red-hot Bolshevist in distant Orion. F. W. DALY.

London, Jan. 24, 1921.

TRIBUTE TO MR. KNOX.

To the Editor of The Advertiser:

I have read your timely editorial, "A Great Loss," appreciative of the sterling worth and work of the late Rev. W. J. Knox, and, as an adherent and worshiper at the First Presbyterian Church, I may be permitted to add a few words from the lay point of view.

Was it not James Whitcomb Riley, the Hoosier Poet, who penned the fine refrain: "He is not dead; he's just away"? How applicable it is to the magnetic, buoyant and stalwart personality who has just passed the "Great Divide." He cannot be dead—even reverently and thoughtfully speaking—that would be well-nigh unthinkable. If we believe in the doctrine of the "conservation of energy," the persistence of mere physical forces, can we predicate less for the spiritual entities in man? One remembers well how the late divine, as a Christian evolutionist, always insisted on the original inbreathing of the Spirit of God in man, and which eternally put him upon a higher plane than the brutes that perish. When to this is added a life consecrated to the service of the Master and the uplift of society and humanity, how much is this belief in the eternal persistence of such an one strengthened? No, he is not dead; he's just away.

And yet, when such an one in the very vigor of manhood is called away from us, and in the midst of many and varied spiritual labors apparently unfinished, it distinctly challenges our faith and Christian resignation. We seek in vain for a solution of the mysteries of divine providence in this regard. We can no more visualize the life beyond than we can the fourth dimension, while the human situation often seems dark and perplexing, if not, indeed, contradictory. May we not at least presume here that while the church in its wisdom was about to reward the Christian activities of our pastor and brother with a wider and more exalted sphere of labor, and to which his magnetic personality, enthusiasm and scholarly attainments so admirably fitted him, yet the Divine Master saw fit to call him on short notice to an infinitely more exalted and important sphere of usefulness in his kingdom above. Perhaps there may have even been a crisis in some circle of the Beyond that called for the ministrations of his bright, manly spirit, and no other? Our guesses are vague, here and now.

We will miss his manly face and presence in the pulpit especially, as well as his thoughtful and scholarly interpretations of the Master, and which seemed to be the centre of his teaching. He ever, too, championed the cause of the weak and oppressed, inculcated forgiveness of our enemies—even of the Germans while the war was raging—and deprecated class antagonism, the exploitation of the weak by the strong, and the methods of the jungle in our social relationships. Another feature of his mental attitude and discourse was that while scientific to a degree, yet he was also a stalwart champion of the Holy Scripture and reverent Christian orthodoxy, and the two seemed to present no conflict in his thought. But he has gone from us, and we can only repeat again: "He is not dead; he's just away." D. STEWART.

EVERYTHING

ROYALTIES WITH SERVANTS.

[Montreal Herald.]

Two kings, three queens, two princes, four princesses and one duke attended the annual servants' ball at Sandringham.

The royalties present were: King George and Queen Mary, Queen Alexandar, the King and Queen of Norway, the Prince of Wales, Prince Olaf of Norway, Princess Victoria, the Princess Royal, Princess Mary and Princess Maud, and the Duke of York.

Over 400 guests attended, and a full program of dances was gone through, the royal party entering fully into the spirit of the gathering, and remaining with their guests until a late hour.

WINDS OF THE EARTH.

[Toronto Star.]

I heard the voice of the North wind
And it seemed to say to me:
"I am lord of the forest,
I am king of the sea;
I am the death-wind bringing
A winding sheet to lay
Where once were flowers upspringing,
And none shall say me nay."

The voice of the west wind murmured:
"A monarch thou art, but still,
Kings but reign in their splendor
Because of a mightier will.
Thou art king for a reason—
(Thou boaster from the north)
That the queen of the world in season
Fruits of the earth bring forth."

The voice of the East wind chanted:
"Ah, truly, my brother, West,
Speaketh in words of wisdom;
The winds of earth are blessed.
I, who come from the ocean,
Know that the North wind lies;
Ever is life and motion
Where foam-flecked billows rise."

A voice that was filled with sweetness,
Spake low, and it scarce was heard;
"I am queen of the south lands;
I am song of the bird;
I am warmth that shall nourish,
Life from a seeming death;
And once again shall flourish
Flowers and man's stronger faith."

AMERICA'S OLDEST BANK BUILDING.

[Baltimore Sun.]

Within twenty miles of where the first English settlement in America was made at Jamestown is the scene where Capt. John Smith records the story of his rescue by Pocahontas, the daughter of the Indian chief, Powhatan. Within a circle of twenty miles is to be found the oldest Protestant church in America; the kitchen where Martha Washington cooked in good colonial style; the college which has graduated three presidents; Bruton Church, in which more men of historical importance have worshipped than in any other church in America—and Yorktown, where Cornwallis surrendered to Washington.

Although Yorktown has a population of less than two hundred, it has two banks, both of which are working in what are probably the two oldest buildings used for banks in America. One of these banks, operating under state and trust company laws, is housed in the historic oldest customhouse built in America—erected in 1715. Here the ships for Philadelphia were once compelled to enter and clear. Here at one time was the gathering place of the financiers of the early colonists. Wall Street has taken away the financiers, but has left the same old building with its same old walls of English brick, some twenty-four by forty feet square and two stories high.

SERVICE.

About my lady's throat appears
A wondrous necklace woven true
Of crystal beads as pure as tears
And beads of every tint of blue,
As varied as the varied years
Of changing fate and changing hue.

And all who see the thing admire
This circle woven with such care—
"Some artisan who did not tire
But saw the beauty everywhere
Imprisoned it in beads of fire
To make your necklace, lady fair."

"No artisan—a soldier blind,
Who gave his eyes that France might see,
And now his timid way must wind
Through all of life's uncertainty,
With just his hands to feel and find,"
She answers, "made this harmony.

"Forever weaving beauty so
In line and circle delicate,
With touch laborious and slow
Remembered flowers to imitate,
His eyes shall never see nor know
The beauty that his hands create."

Is this not Life, O lady mine?
Is this not Service, lady fair?
May we not learn this love divine,
For others, not ourselves to care?—
For others happiness design
That we may never know nor share?

ON FLANDERS FIELDS.

[Henry Polk Lowenstein.]

On Flanders fields the sun beams bright,
The silver moon looks down at night,
And clustered stars from heaven shine
Upon the long-drawn battle line,
From darkness to eternal Light!

The little mounds and crosses white
From lowly vale to mountain height,
Have marked this place a holy shrine,
On Flanders Fields!

Though pulseless here they won the fight,
In that great battle for the right,
And now their souls in peace recline
And rest in that Great Heart-of-Mine,
While curtain falls without affright,
On Flanders Fields!

LET MRS. OGILVIE DO IT.

[The Old Un.]

If our ladies will smuggle goods from the U. S.,
Mrs. Ogilvie was well appointed, I guess.
If our Government's callous and won't "have a heart,"
Nor give the sweet smugglers a bit of a start,
But will search through their lingerie—
I'll say, Be gob!
Let Mrs. O. do it, for it's no man's job.

OTHERS' VIEWS

NOT NEEDED HERE.

[Montreal Gazette.]

Some London newspapers are anxious that Mr. Winston Churchill should begin his term at the colonial office by paying an official visit to Canada. Mr. Churchill has been in Canada, and though there have been changes since the close of the South African war, they have not seriously affected the attitude of the people towards the mother land. The Canadians of today are those who sent or went in the army to the war with Germany and its allies. They do not need any special studying.

THE BRITISH IN INDIA.

[Christian Guardian.]

The Outlook of New York had a very interesting article last week on India and British rule there, written by David Downie of Coonoor, South India, for over thirty-five years a missionary in that country, and with exceptional opportunities of knowing the people and the Government. His verdict touching the wisdom and justice of Britain's handling of the situation in India is summed up fairly well in the following sentence: "Considering the vast multitudes of such diverse races, creeds, and religions that go to make up the population of India, I do not believe there is a nation on earth that could give India a better government than she now has. I do not say it is perfect, or as good as I hope and expect that it will be, but I do believe that it is the very best possible under present conditions. To do what a small coterie of Indians are clamoring for, in my opinion, would be fatal to the prosperity of this great country." Mr. Downie does not hesitate to say that German propaganda is still very largely back of the effort that is being continuously made to discredit British rule in India. Germany may have given up the Berlin-Bagdad route, but she still has her eyes upon India, he insists.

WARSHIPS FOR THE SCRAP HEAP.

[Wall Street Journal.]

Apart from the necessity to limit the expenses of government and restrict naval armament to bare necessities, there is a practical business reason why Great Britain is no longer building "capital ships," and has scrapped those she had already begun. Apparently this fact has not penetrated Washington intelligence, and, as might be expected, Secretary Daniels is the last person to see the fundamental change in naval armament. Capital ships on the plan he lays down would be worse than worthless. This is the plain business reason why his three billion dollar navy project should be forthwith abandoned.

Great Britain learned this lesson from the battle of Jutland, and from subsequent naval activities. Every effort to bring battleships and cruisers of enormous gun power and displacement into contact with the enemy was foiled by submarine menace, just as Germany's effort to surprise the British fleet was prevented by wireless warning. Since the battle of Jutland, Great Britain has completed only one capital ship, the Hood, a super-cruiser of great relative speed, gun power and defensive armament. She is, in fact, the latest word in armament and power—the greatest floating engine of destruction ever launched.

But Great Britain has scrapped all her sister ships already commenced, to save the cost of completion. The Hood not only is useless to her, but is an added liability. She carries more men and more wealth liable to instant destruction by submarines or aerial torpedo than anyother war vessel ever floated.

REJECTED LOVER ENDS LIFE AT WINDSOR DOCKS

John Putman Suicides After Threatening to Kill Mrs. Detinger.

[Special to The Advertiser.]

WINDSOR, Feb. 2.—His proposals of marriage spurned by Mrs. Maggie Detinger, 210 East Pitt street, with whom he had boarded for more than six years, John Putman, aged 37, a steamfitter's helper, living at 1237 Second avenue, Detroit, shot and killed himself tonight, after boarding the ferryboat "Pleasure" at Windsor dock, to escape arrest by the police on a charge of threatening to kill Mrs. Detinger.

In sight of hundreds of passengers on the ferry, Putman jumped onto the narrow guardrail of the boat a few yards ahead of Motorcycle Officer Begg, who had trailed him from the home of Mrs. Detinger. Pulling a revolver as the officer shouted to him to surrender, Putman turned the gun against himself, the bullet entering his body just above the heart.

Fell Into River.

The body swayed against the side of the boat, and then fell into the river, between the dock and the boat. Attempts were made by the police and the crew of the boat to locate the body with pike-poles, after which the boat was run down the river as far as the Canadian Pacific dock, in the hope that Putman was wounded and afloat.

According to Mrs. Detinger, who is twelve years his senior, Putman called at her home shortly after 6:30 o'clock this evening. Opening the back door, he called out, "Maggie, I have come for you tonight. You must consent to marry me or I will shoot you!"

Screaming "Don't shoot me, Jack!" Mrs. Detinger ran down the front stairway to the Windsor House at Windsor avenue and Pitt street, where friends called the police. Putman was leaving the house when Officers Begg and Thompson arrived. Dodging through alleys, he reached the ferry dock a few strides ahead of the officers.

Left a Week Ago.

Putman, who was known to Mrs. Detinger and the local authorities as a poolroom habitue, left Windsor a week ago to live in Detroit. The landlady at the Detroit address said he had been complaining of body ailments received in an automobile accident in Windsor, and that he had lost a large sum of money.

"I liked Jack," Mrs. Detinger sobbed, "but I rejected his marriage proposals because he seemed to always be in trouble of some sort. He led a double life. For weeks he would be away from my home, returning each time to renew his wooing. Only a week ago he knocked me down when I ordered him to leave."

EXTEND BOYS' WORK IN HURON AND BRUCE

Plans Are Made at Largely Attended Meeting in Goderich.

GODERICH, Feb. 2.—A meeting was held in Knox Church yesterday to organize and enlarge the boys' work organization for Perth, South Bruce and Huron. Wm. Cook, secretary of boys' work for Ontario and Quebec, gave an address.

It was decided to hold a camp from July 4 to 11 to train boys of 17 and over in signalling and other work. Three committees were formed, with G. M. Elliott, chairman of the promotion committee; H. E. Dunlop, chairman of the management committee, and C. H. Ball, chairman of the social committee.

Outside speakers at the meeting were Mr. Medd of Exeter and Mr. Hamilton of Millbank. Delegates from the surrounding towns were in attendance. In the evening a banquet and program were given, including speeches by Rev. S. S. Hardy, Rev. J. F. Reycraft and Rev. R McDermid.

Rev. S. S. Hardy was elected president of the camp here, with J. A. Campbell, vice-president, and J. McKiel, secretary-treasurer.

A FAIR TONE TEST

Taken from the Manhattan Mercury, June 8: "Last night at the Gillett's Hotel Parlors a tone test recital was given before a number of representative people of Manhattan, in which the following machines were used. Starr Phonograph ..... and..... machine.

Mr. Chas. Hughes, ex-officio county attorney, and J. T. Cresly, a prominent citizen of Manhattan, were appointed as referees or sponsors for the machines. The test was given in a rather unique manner, but in a way that could leave no doubt as to the machine preferred.

The three machines were placed back of portieres, so that the ones who wished to enter into the voting contest could not see the machines, in fact only the judges who sat behind the portieres could see the machines.

The machines were played in rotation from first to last, using the same record on each machine until six records of standard make were played.

Cards marked one, two, three, were issued to those who wished to vote on the machine they liked best.

The result was the Starr Phonograph received 68 votes, the ..... received 16 votes, and the ..... machine received 9 votes."

Parties desiring the names of the other two standard machines, call or write and we will furnish same.

Miss Wigle of Kingsville is a guest with Mr. and Mrs. J. F. Sherlock, Stanley street.

Miss Doris Lambert of Detroit is spending a couple of weeks with relatives in this city.

Miss Blanche Coppersmith, Grey street, is spending two weeks with her cousin in Toronto.

Mrs. C. W. Nicholls, St. George Apartments, has returned from a month's visit to Chicago.

Mrs. F. Berry and Miss Mary Berry of Springbank are the guests of Mrs. James Y. Foster, John street.

Miss Helen De Coursey of Lucan is spending a few holidays with Mrs. O. L. McComb, Windsor avenue.

Miss Helen Comber is returning this week to Detroit, after a pleasant visit with her parents in this city.

Mrs. George H. Channer of Colborne street, accompanied by her small daughters, Margaret and Marion, is visiting in Detroit.

On Tuesday evening the students of the O'Brien Business College held a delightful skating party, followed by dancing and cards.

Mrs. Ray Lawson, Cheapside street, was the hostess of a most enjoyable bridge party yesterday afternoon, when she entertained in honor of Miss Olive Wallace of Woodbridge, who promises to be a much-feted guest while in the city. Mrs. William Green and Mrs. D. McArthur assisted Mrs. Lawson in entertaining her guests.

The home of Mrs. Frank Lawson, Cheapside street, was filled with daffodils on Tuesday afternoon, when from fifty to sixty of her friends at the tea hour. Mrs. Ray Lawson received with her. In the tea room a great silver basket of daffodils centered the table, over which Mrs. Fritz Beck and Mrs. Gordon Hunt presided. Mrs. Beck pouring tea and Mrs. Hunt cutting the ices. They were assisted by Miss Wigle of Kingsville, Miss Florence Wilson, Miss Anna McArthur, Miss Wallace of Woodbridge, and Mrs. D. McArthur of Kilworth.

The annual inaugural banquet of Western University Medical School will be held in the Tecumseh Hotel on Tuesday evening next, and several prominent speakers, graduates of the above institution, will address those present. Practically every doctor in London district will attend the banquet, which, although an annual affair, was suspended during the war, to be revived with striking success last year. Arrangements for this function are in the hands of the sophomores, who will take this opportunity of introducing the freshmen to other students and alumni.

The home of Mrs. F. R. Clegg, 688 Dundas street, presented a pretty sight yesterday afternoon, filled as it was with palms, ferns and spring flowers, for the occasion of her reception. Mrs. Clegg received her many callers, wearing a lovely gown of burnt orange satin with tunic of Pekin blue georgette, trimmed with silver and crystal beads and her corsage was of orchids and violets. Mrs. W. D. Brock of Windsor and Mrs. Clegg, sen., received with her, the former wearing a handsome gown of black organdie trimmed with jet beads and ermine, and corsage of white sweet peas, while the latter was gowned in black charmeuse, beautifully braided, and wore a corsage of freesias. Ushering to the tea room was Mrs. G. Q. Warner in a tailored frock of blue serge, mink furs and pretty toque.

In the tea room, Miss Helen Harris presided over a pretty table laid with a handsome Cluny cloth and centred with a silver basket of Ophelia roses. She was assisted by Mrs. Morrison of Thorndale in a navy tricolette gown and wearing pink sweet peas; Mrs. (Dr.) McFarlane in a pretty frock of pink and silver tafeta with silver lace trimming, and large white hat; and Miss Lexy McCormick in blue charmeuse with touches of silver and large picture hat. Miss Norma Ferguson, wearing a smart frock of pale blue georgette, admitted the guests as they arrived at the door.

The Masonic Temple was prettily and airily decorated with slender garlands of evergreen and ropes of smilax, for the big Tuscan Lodge "At Home" last night. Over three hundred guests were present to enjoy this annual function, which is anticipated with pleasure each season. A huge Union Jack over the entrance door flanked with tall standards headed by wide-spreading palms, greeted the arriving guests. Inside garlands of smilax and evergreen lowered the ceiling and screened the windows, while on the stage itself, palms, ferns and flowers vied with each other to separate the orchestra from the dancers below. From this vantage point Master C. H. Beard welcomed the guests at the beginning of the dance music. Ante-rooms and lodge rooms were thrown open as rest rooms and card rooms for the guests, while below the supper room was a bower of green beauty. Garlands of evergreens and smilax were again used here effectively against the fresh blue of the walls and pure white ceiling. As is the custom at Tuscan dances, the lodge members were stationed at different tables to see that the guests were well-looked after.

It was due to the splendid committee in charge that this function proved such a success, the members being: Will. Falls (convener), W. H. Abbott, Geo. McLaughlin, Fred Marshall, R. Foster, Chas. Jones, Chester Butler, Albert Reason, George Montgomery, Wm. Martin, Emerson Nichols, Harry Morgan, Fred McIntosh, N. Waller (secretary), and Morley Adams. George McLaughlin was convener of the decoration committee, W. H. Abbott of the refreshment committee, and Chester Butler of the music committee.

The list of guests who were invited to the "At Home" is as follows: Mr. and Mrs. T. W. McFarland, Mr. and Mrs. A. A. Langford, Mr. and Mrs. F. E. Harley, Mr. and Mrs. H. H. Higgins, Mr. and Mrs. J. L. Johnson, Lieut.-Col. and Mrs. Newcome, Mr. and Mrs. W. H. Baines, Dr. and Mrs. G. L. Jepson, Mr. and Mrs. J. B. M. Ferguson, Mr. and Mrs. Geo. Tambling, Mr. and Mrs. M. FOR LOVE OF BETTY

[BY MAY CHRISTIE.]

(Copyright, 1920, by the McClure Newspaper Syndicate.)

III.—Congratulations.

Betty Gordon was the first to break the silence following the abrupt announcement of the engagement. The blood had ebbed from her face, leaving it very white though in a shadow which the rising moon cast over the trees her pallor was invisible to the other two.

She turned to Trevor, bravely forcing herself to smile.

"I must congratulate you," she said her voice calm and level. "You are very fortunate. I did not know you were engaged."

He nodded, turning his head abruptly aside to hide the miserable look on his face.

"We're going to be married very soon, aren't we, Jack, dear?" April's tones were sweet and silky, though the acute listener would have noticed in them an undercurrent of annoyance.

But Trevor could stand no more. The situation was unendurable. He was undergoing moments of regrets and self-reproach. And yet he could not take his miserable eyes from Betty's face. Oh, what must she think of him? If only he had explained.

But there had been no time.

"I must be going now. No, please, don't come with me—I know these roads so well—it isn't really late." Betty spoke lightly, though her one thought was to be alone, to get away from this torturing situation, to fight her battle out by herself, far from the sharp suspicious eyes of April Moore and the man whom she had believed in.

"You can't go home alone." Trevor stared unhappily at Betty.

"I'm going, so good-bye," said Betty. "And—since I may not see you again—I must thank you once more for—for everything." Her voice caught on the words, but only Jack Trevor heard the little break in it.

Before he could answer she had vanished, her slim, white-coated figure swallowed up in the shadow of the woods.

"What on earth are you looking so blue for, Jack?" April spoke querulously. "One would certainly think you'd lost your heart to that girl the way you stand staring after her. Come, let's get home—I'm tired." She gave a little shiver as she spoke.

Trevor did not answer. He was too sick at heart to think coherently.

"You're not a bit attentive to me, Jack." April had taken up the petulant theme again. "Charlie Davon was saying only this morning that we don't act a bit like an engaged couple."

"Let Davon mind his own affairs," came the brusque reply. "I never could endure the fellow at any price." Trevor turned sharply on his heel.

"Charlie is awfully fond of me." Her voice was silkily smooth as she hurried after her fiance, putting an appealing little hand upon his arm. "He would marry me any day, you know." She sidled close to him, smiling up into his face.

But these blandishments were entirely lost upon Jack Trevor. Miserably unhappy, his thoughts were with the girl who was even now hurrying back to the quiet haven of the Red Cottage.

He almost groaned aloud.

Betty had acted so sweetly, too, under the staggering announcement of his engagement to another girl! She had kept herself well in hand, exhibiting such perfect poise. Ah, but perhaps she didn't care a bit for him? Why should she care?

The walk back to the Manor House, with April's chatter falling on his unwilling ears, seemed, interminably long to him.

Charlie Davon met them in the hall when at last they arrived. A curious fellow, Charlie Davon! Good looking, with pleasantly ingratiating manners, no one really knew anything about him—and yet he went everywhere, was received in the best houses!

Trevor walked into a small library opening off the hall and closed the door carefully behind him. Here he would surely find quiet for reflection.

"What have you been doing to old Trevor?" Charlie Davon looked quizzically at April.

The latter shrugged her shoulders lightly, looking coquettishly up at the attractive man beside her.

"Oh, I don't know—perhaps, he's jealous!"

He caught her hand in his, pressing it carelessly. Women were curious creatures—they had to be humored. And April's affection was extraordinarily useful to him, though demanding and involving a tiresome amount of trouble.

"It's I who feel jealous of him, April," Davon whispered to the girl, touching her cheek lightly for a moment. "If I could only—only have you all to myself—" He paused, his eloquent eyes continuing the tale.

"You want me?" The girl's voice trembled. "Oh, Charlie, if you want me, why, I'll—I'll—"

"No, April, you won't do anything foolish." Davon realized he had gone too far, that to play on April's feelings might land him in an embarrassing quandary. "You know, dear, I haven't any money. That alters things. Trevor is rich, remember. He's worth while. And," lowering his voice in mock humility, "I am not!"

Suddenly tears sprang to April's eyes. The girl was genuinely fond of Davon. It was maddening to think that Trevor's money stood between them. And yet—oh, how she would hate to be poor!

"If only you had some of his money!" The eager words broke from her lips.

"Perhaps I shall have, April—if you don't do anything foolish meantime."

"You want me to do something—for you?" she was whispering.

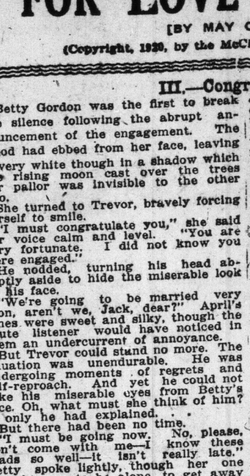

"Not just at present, dear," Davon was growing restless under the interview, and the fear, too, that Trevor might come out of the library and find them whispering in the nail. "We'll discuss all this later on—come down now and have a game of billiards."

April, smiling and happy once more, went off with him.

Tomorrow—An Unwelcome Engagement.

"Dare to go forward. Never be discouraged. Never tell business lies. Be polite to everybody. Employ your time well. Be prompt in everything. Pay your debts promptly. Bear all trouble patiently. Do not reckon upon chance. Maintain your integrity as a sacred thing."—Rothschild.

Around the Grate Fire.

Dear Miss Grey,—This is my second visit to your Mail-Box, but I thought I might be of some use this time.

I saw where Anchor was going to send in some seeds. Now I have some small envelopes which I am inclosing, perhaps you can put the seeds in them.

Have you the story of "The Marriage of Anne?" I was not at home last fall and I didn't have a chance to read it. If you have will you loan it to me please?

I received the seeds and I want to thank you for them. HIST-O-HIST.

Ans.—Thank you for envelopes. Yes your letter was addressed correctly. "The Marriage of Anne" is published in serial form only.

Dear Miss Grey,—This is not the first time I have written to your Mail-Box, but the second. I did not see my letter in print the time before. Well can anyone in the corner give me any help? I would like a few songs as follows: "Dear Heart," "Hey Young Fellow Where Did You Get That Girl" and "Golden Gate." Hoping I haven't asked too much for the first time, for I will do all I can to help the next time.

ROSE.

Ans.—Can any one supply these songs for Rose?

Dear Miss Grey,—I wonder if you or any of the Boxites could supply me with a poem, the subject (not the title) of which is the foreigner in Canada? Each stanza ends with "Dago, Sheeny and Chink." I would be very pleased to receive this if anyone will lend it to me.

A MOTHERS' CLUB MEMBER.

Ans.—Has anyone this poem? If not, maybe someone knows the title of it, or where it may be procured.

The First Locomotive.

Dear Miss Grey,—Will you please inform me through your column the date the first locomotive came to London, and oblige, CONSTANT READER.

Ans.—The date you ask for is 1854.

Mona Sends Pattern.

Dear Miss Grey,—Do you know how delightfully warm it is in Arizona at the present?

Mother Goose, you make me smile—Nevertheless, I believe your cure is a good one, plenty of soap for the naughty tongue and a good wash and extra good rub for the ears that refuse to come home.

Ruby Rebecca, are you still looking for a sleeper pattern? Now, if you have a husband who wears heavy underwear in the winter, I have just the thing for you. When they wear thin at the seat, the rest is usually good, and the inclosed pattern I use cuts out that bad spot and makes the coslest sleeper for a child about 3 years, and with a little care in making, they look as good as bought ones, and are less expensive. Who knows; it might become as famous as the stocking-foot pattern? Let me have a shot at that please, Miss Grey.

Here is one of my old stand-bys:

Lemon Pudding.—Heat four cups of milk, pour it over two cups of bread crumbs and two tablespoonfuls butter; when cold add beaten yolks of four eggs and one cup of sugar, the grated rind of one lemon; bake in a buttered dish till firm and slightly brown; when done cover with a meringue made of whites of four eggs, whipped with four tablespoonfuls of sugar and juice of one lemon, and brown slightly in oven. Eaten warm with lemon sauce, and is real good cold.

Now, one question, please. Who will tell me the cause of clothes firing up like scum when boiled in a galvanized boiler? Is the boiler at fault, or soda, soap or soap chips, or hard water? I very rarely boil clothes, but there are times when some things need it, and I have tried every way I know, and finally blamed the galvanized iron boiler.

Anne is coming out on top at last. Who'll lend me the "Revelations of a Wife"? I'll return when finished. I'm always shy where there is a crowd so please make me comfortable, my feet are so cold, and, Rose of Sharon, I believe your roots will freeze. Take care of her too.

MONA FROM ARIZONA.

Ans.—You were a little too late with cake recipes. Am forwarding pattern to Ruby Rebecca, and its future popularity will rest with her. Can anyone give cause of above-mentioned scum? Thanks for recipes.

A New Recipe.

Dear Miss Grey,—Have been an interested reader of Advertiser for many years and especially of your columns. Have found so many helpful ideas. I come to ask for that famous stocking-foot pattern. Am inclosing 25 cents for Children's Hospital fund. Am sending a recipe for syrup which is so like maple syrup one can scarcely tell the difference.

Puendo Maple Syrup—2 quarts of water in which potatoes have been boiled with the skins on. Add 3 pounds white sugar, 2 pounds brown sugar; boil 15 minutes, then add 1 level teaspoon of baking soda to clear it, taking care not to let fizz over when adding soda. Boil till thick enough. Yours,

HURONITE.

Ans.—Am mailing pattern. Many thanks for hospital mite and recipe, which I am sure would be a splendid substitute for maple syrup.

Sympathizes With Jeff.

Dear Miss Grey,—Hello, everybody! I thought I would drop into your cosy corner for a few minutes. How are you all enjoying this beautiful weather? Isn't it simply grand? And with the chickens cackling out in the yard it seems for all the world like spring.

You surely had a lovely tramp in the woods, Betty Bide at Home; we all enjoyed it. A few days ago I took a walk through the woods myself. The day was bright and warm, with the snow crinkling underfoot. The crows were cawing about, and a rabbit scurried across my path when I neared the clearing I happened upon a patch of ice. It was so smooth and looked so tempting that I decided to slide across. I stood back a few feet, so as to have a good start. Then I ran. My, what fun! When, crash! down I go, head foremost, having struck a piece of wood protruding from the ice. How my head did ache! I can sympathize with Jeff when Mutt becomes angry with him; and, let me tell you, I didn't try it a second time.

Well, I must not take up too much of your valuable column, so au revoir. Inclosed find a shinplaster for the kiddies from your

COMRADE ROSALIE.

P. S.—Hist-o-Hist, I would greatly love to correspond with you, but I will leave it to you to write first.

Ans.—I am sorry your walk had such a disastrous ending, Rosalie. Many thanks for shinplaster for the hospital fund. I am forwarding your address as requested.

Freckles.—Many thanks for recitations. Let us hear from you soon.

Another Opinion.

Dear Miss Grey.—Just a few lines. Is this not beautiful winter weather? Now, I would like to express myself about youngsters. It certainly gets on my nerves to have some people talk about the mode of training. I hate the word naughty; you would rather think they were speaking of young infants. We read in God's word that wickedness is bound in the heart of a child, but the rod of correction shall drive it far from him, and the wise man says, "Spare the rod and spoil the child." The idea of washing out a child's mouth with soap and water—it is enough to poison him. No wonder we have so many bandits in the world. Parents are to blame.

(By WILLIAM BRADY, M.D., Noted Physician and Author.)

The Peptic Ulcer.

In a study of 500 cases of peptic (stomach, gastric or duodenal) ulcer treated at the Battle Creek Sanatorium, Dr. E. L. Eggleston reports in the Journal of the American Medical Association, that complete relief and apparent cure (at least no relapse within three years) may be reasonably expected in 70 per cent of the cases, provided—

And this is the secret of success in the treatment of stomach or duodenal ulcer—

Provided the patient remains under treatment for an average period of five weeks.

Nearly thirty per cent of all the cases treated remained under treatment an average period of only three weeks and suffered recurrence. There's a lesson in these striking figures for anyone afflicted with this particular variety of so-called "acid dyspepsia" or indigestion.

It seems to be characteristic of the peptic ulcer patient to rebel against the necessary dietetic and other wise restrictions as soon as he or she is free of the immediate and more troublesome symptoms. This willful conduct explains why so many victims of ulcer fail to continue long enough with treatment—and suffer recurrence.

The symptoms, of course, do not concern us. We need not suggest symptoms here, goodness knows. Symptoms are something for the patient to tell his doctor. But no harm will be done by explaining that hyperacidity or excessive acidity, with burning or boring pain a few hours after eating, especially hunger pain (relieved on taking some food, is never just dyspepsia or indigestion; it may be ulcer, gallstones, or some other serious disease, but never just dyspepsia or indigestion.

The important features of the most successful treatment of ulcers of stomach or duodenum are (1) rest in bed for from one to three weeks, a difficult thing for the habitual gambler to submit to; (2) more or less frequently repeated lavage (stomach washing) as in the method of treatment so successfully employed by Dr. B. W. Sippy of Chicago, and known to physicians as the Sippy method; (3) very large and very frequent feedings with suitable alkalis; (4) the moist abdominal bandage worn constantly during the early days of the treatment (when the patient is in bed). A method of treatment which obviously cannot very well be carried on at home unless the patient can afford heavy expense; but readily carried out in any hospital without extraordinary expense.

QUESTIONS AND ANSWERS.

Stains on the Teeth.

What will remove the dark greenish stains from the teeth? (L. C.)

ANSWER—Scrub with a few drops of iodine on the moistened brush, followed with a scrubbing with a few drops of aromatic spirits of ammonia on the moistened brush, and finally brush with peroxide on the brush. This may be done once in ten days if necessary.

Too Much Water.

I have just been reading in a paper that because they drank too much water the Pilgrims had diseases and were short-lived. It was Horace W. Morse who said that. Do you think so? (M. B. M.)

ANSWER—If the paper gave it as the utterance of Horace W. Morse, it is fair to assume he did say it. Assuming that, we may next jump to the conclusion that Mr. Morse says more than his prayers in the paper. If I am not in error, Mr. Morse is the man who said in a newspaper that after the Pilgrims waded ashore to do some washing they had an epidemic of "hoarse coughs," etc. If Mr. Morse takes as much for granted in his history as he does in his hygiene, he'll have those Pilgrims winning the battle of Santiago presently. No one drinks too much water. Most of us drink too little.

Puppy Stories

(by Vincent G. Perry)

THE CURIOUS PUP.

Part Sixteen.

The giant was indeed a good-natured fellow. Nibbles felt that when he saw how gentle he was in handling him. The big fellow was afraid he might hurt the little animal that he had found so mysteriously, and that was the last thing he wanted to do.

The little mayor and the tiny citizen, too, were beginning to gain courage, for they could see that the giant meant no harm, and although they were very much dismayed at the sight of such a big man they felt more like themselves, and were quite delighted with the adventure after all. Nibbles' arrival in Little People's Land had certainly brought some surprises to this tiny little pair.

But if Nibbles and the tiny men were amazed at the giant, how much more amazed they were when he carried them off to his city, and they saw hundreds and hundreds of other people every one as large as the giant—in fact some were larger. The little mayor and the tiny citizen were just as well pleased that they had not been discovered in their hiding place in Nibbles' ear.

"Look at the tiny dog, I found," the giant called in his thundering voice to some of his friends.

"A dog!" some of them cried as they gathered around and looked at the shivering little pup in the monstrous hand of the big man. "Why, that looks more like a mosquito!"

"Wait until we get him beside a real dog," one of the big men said, and with that he whistled. My, what a whistle he had! It sounded like the great big factory whistle that summoned Nibbles' master to work every morning. No sooner had the whistle died on the man's lips than there was a bound of heavy feet, and then sounded the loudest bark that Nibbles had ever heard. The little dog nearly dropped dead with fright as a dog, every bit as big as an elephant, leaped forward. Would wonders never cease? No wonder the little mayor and the tiny citizen fled away down Nibbles' ear to hide from this new terror.

The big dog took one look at Nibbles, then opened his mouth ready to take the dog down in one gobble.

"Stop that, sir," ordered his giant master, but he was too late. One grab, and Nibbles was in the big dog's mouth, then there was a swallow and down his throat Nibbles traveled as fast as he could.

"What's happened?" cried the little mayor in Nibbles' ear. "Everything is dark."

"We have been swallowed by the giant dog," Nibbles cried. "We are prisoners in his stomach. Oh, my, what are we to do?"

JANEY CANUCK CHAPTER.

At the annual meeting of the Janey Canuck Chapter held on Tuesday evening, the retiring regent, Miss Carrie Fitchett, was presented with a handsome onyx bar-pin, the presentation being made by Miss Inez McArthur on behalf of the girls. Miss Fitchett has been regent of the chapter ever since its organization in 1917, and the girls wished to express to her their gratitude for the energy which she has put into the work. Another interesting presentation was to Mrs. A. A. Campbell, the honorary regent, who was given a pretty corsage of flowers, the presentation being made by Miss Florence Widdon.

The meeting, which took the form of a banquet, was held at Wong's Cafe. Reports read showed that the chapter had raised $853 during the past year, $300 of which has been paid over to the Children's Hospital fund, with more to be added to this fund later. In aid of the hospital, the chapter is planning a dance to be held at the Ontario Hospital on February 11.

The following officers were elected for the coming year: Honorary regents, Mrs. A. A. Campbell and Miss Carrie Fitchett; regent, Mrs. Alma Egelton; vice-regents, Miss Aileen Raymond and Miss Agnes Smith; secretary, Miss Inez McArthur; assistant secretary, Miss Florence Widdon; treasurer, Miss Edna Petch, and standard bearer, Miss Inez Sutherland.

LORNE AVENUE M. C.

Mrs. A. T. Edwards will give an illustrated travel talk at the regular meeting of the Lorne Avenue Mothers' Club, to be held at the school this evening.

WOMEN'S CHRISTIAN ASSOCIATION

The regular meeting of the Women's Christian Association was held at the home of Mrs. Nelson Marshall, Central avenue, yesterday afternoon. Splendid reports of the month's work were read. The chief matter which came up for discussion concerned the plans for converting the stables of the Grand avenue property into a well-equipped laundry for the new Victoria Home for Incurables. Roy Moore was present at the meeting to explain his plans.

After the meeting a pleasant social hour was enjoyed, Mrs. Nelson Marshall, the president, serving tea.

CHILDREN'S HOSPITAL COMMITTEE

Important business concerning the Children's Hospital will come up at the regular monthly meeting of the Children's Hospital committee, which will be held at Victoria Hospital on Friday afternoon, Feb. 4, at 3:30 o'clock.

TRAFALGAR CHAPTER, I. O. D. E.

The annual meeting of the Trafalgar Chapter was held Tuesday afternoon at the home of Mrs. Harding, King street. At this meeting Mrs. Atkins, a life member, was made honorary regent of the chapter; $300 was voted towards the Children's Hospital fund, this amount making the chapter's total paid subscription $800. The chapter is planning a tea to be held at the home of Mrs. John Laughton, St. George street, on February 22, at which there will be a sale of home cooking. A St. Patrick's tea is also being planned for March 17. At the close of the meeting Mrs. Harding served tea to the members.

OVERSEAS CHAPTER.

At the annual meeting of the Overseas Chapter, held Tuesday afternoon at the Y. W. C. A. residence, King street, Mrs. Fitchett was elected second vice-president; Mrs. Collier, standard-bearer; Miss Cora Patten, corresponding secretary; Miss Blanche Pigot, educational secretary, and Mrs. Dyer, Echoes secretary. Mrs. Heard and Miss McQueen, who were the hostesses for the occasion, served tea at the close of the meeting.

The chapter is planning a bridge and euchre to be held at Wong's next Tuesday evening, February 8. At yesterday's meeting Mrs. Ira Owen and Mrs. Norman Gauld were appointed conveners. The chapter is also planning a dance for February 18 at the Ontario Hospital.

MINT LEAGUE FOR 1921 IS SAME OLD CIRCUIT

MUTT AND JEFF. (Copyright, 1921, by C. H. Fisher. Trade Mark Registered in Canada.) BY BUD FISHER

M.-O. League Remains the Same as Last Year

President Maines Re-elected President and Fred Wilson Secretary-Treasurer.

DETROIT, Feb. 8.—At the annual meeting of the Michigan-Ontario League, held here this afternoon at the Statler Hotel, with all hands on deck, any doubts as to the complexion of the circuit for 1921 were removed when all the 1920 cities retained their franchises.

President George H. Maines and Secretary-Treasurer Fred Wilson were both re-elected, with substantial salary increases.

The 1921 playing season will start May 9 and close on Labor Day. The proposal for a split season was not adopted. A resolution compelling each club to carry three players throughout the season who have not had previous experience in organized baseball was approved by a majority of the clubs.

After setting aside $1,000 for a sinking fund, the balance on hand will be equally divided among the eight clubs. This, however, does not amount to a great deal, as the past season was an expensive one.

President Maines outlined a campaign to place every club on the circuit on a sound business basis before the opening of next season. His plan includes an educational scheme which involves considerable civic enterprise, and backing it will undoubtedly assure a guaranteed daily patronage at all the parks.

Exchange Settled.

The chief item of discussion was the exchange question on Canadian and American currency. This was a long, drawn-out entanglement, but the past transactions were disposed of, and the Michigan clubs will pay all traveling and hotel expenses of the Ontario clubs while in Michigan and the Canadian clubs will pay for the Michigan clubs while they are on Canadian soil.

President Maines was instructed to select three newspapermen as a schedule committee, who will be asked to draft playing dates, to be in readiness in the course of two weeks. The committee named was Frank D. Jackson and H. Dayton of Flint and W. Rhodes of London.

SARNIA EXPECTS LITTLE TROUBLE FROM STRATHROY

SARNIA, Feb. 2.—Sarnia intermediates will play their second postponed game of the O. H. A. district series tomorrow night, when they clash here with Strathroy. Sarnia must win tomorrow night to stay in the running, but, taking the class Strathroy showed here against the locals as something to go by, there appears little likelihood of anything else happening. That Glencoe will defeat Watford is taken as a foregone conclusion; but, for that matter, so is the Sarnia-Strathroy game. The games are being played simply to give the clubs an opportunity of laying away some cash for next season's play.

GUELPH AGGIES LOSE TO VARSITY SECONDS 3--0

Guelph, Feb. 2.—In an intermediate Inter-Collegiate hockey match played at the O. A. C. Arena tonight, Varsity Seconds won from the Aggies by the score of 3 to 0. McCullough and Ferguson starred for the visitors, while Forman and Alexander played a splendid game for the future U. F. O.'s. The teams:

KITCHENER LINEUP RADICALLY CHANGED

Coach Carroll Has Many Alternatives For Friday Night.

KITCHENER, Feb. 2.—Radical changes will likely be made by Coach Dick Carroll in the Kitchener team for Friday night's game with the Toronto Aura Lee team here. The changes will be made with two things in mind; first, the using of the available material to the best advantage, and, secondly, to put more weight and bumping ability into the forward line, a thing which the Kitchener seniors have lacked all season. Kitchener fans will likely see either Karges or Gildner of the intermediates on the defence, but Karges has the call on account of his longer experience with senior players and methods. This will permit Bill Box to be used on the forward line, and he will move up to Hiller's place at centre. Hiller will probably be used as a substitute until he again rounds into form and is entirely rid of his cold.

On the wings, Hillman and Clarke will be used as regulars. As to who the other substitute will be depends entirely on conditions. If the intermediates are bowled out of the running tonight—but it is not thought that they will be—all of their players would be available. Dick Carroll will look over the material tonight during the course of the game.

Considerable satisfaction was expressed throughout local baseball circles here today over the announced signing of Jordan to manage the Beavers. Rumor was current throughout the city that the Beaver management had also signed a completely new outfield. The management would not confirm this report, but intimated that the outfield is at present under consideration.

ENGLISH CUP GAMES PLAYED AT CHELSEA

LONDON, Feb. 2.—(Canadian Associated Press.)—The final game for the English Cup, emblematic of the soccer championship of England, will be played on the grounds of the Chelsea Club in London.

English Cup replays today resulted in Astonville defeating Notts County 1 to 0 and Cardiff beating Brighton 1 to 0. In the second division game of the English League, South Shields won from Clapton Orient 3 to 0. Falkirk and Alloa drew, one all, in a Scottish Cup replay.

HAS NO RIVALS

JOHNNY KILBANE, is develops, is perfectly willing to fight, but, thus far, none of the New York fight experts can think of a man who would make it interesting for the champ. The feather crop hasn't one sticking out who could be conceded a chance of beating Kilbane. Chaney of Defoe are considered as the only ones who could stick around for enough rounds to give the fans their money's worth.

FIRST TEAMS MEET IN MFRS. TONIGHT

Will Be Best Battles of Season at Westminster.

The first division teams in the Manufacturers' League meet tonight at Westminster rink, and both games should be great battles. Anybody trying to call the turn on either of the games would be all set for a lot of trouble.

Grand Trunks are actually ahead of Perrins on points, although two games have been won and none lost in each case. McClarys are one full game ahead of these two and two games ahead of Standard Drug with a few points added on for goals nercentages. However, the Druggists impressed the fans the one game they did appear in, and they look to have every chance of upsetting the fast-going champions of last year. McClarys will likely be without the services of Art Gillies tonight, but they should be if they are interested in the fortunes of the O. H. A. team. Gillies appeared with the team Tuesday night, when he should have been resting up for the Friday night mix in Ingersoll.

The Manufacturers are about as well balanced this year as any season in their history, and there is room for lots of speculation before the 1921 season closes.

LOCALS IN GREAT FORM FOR TRIP TO INGERSOLL

Had Stiff Workout Last Night at Rink.

SUBS HARD TO CHOOSE

Waiting List of Alerts All Good—Train Leaves at 7:15.

The London Alerts had a stiff workout last night at the Jubilee Rink in preparation for their trip to Ingersoll tomorrow night. Every man of the squad was out and put in one good solid hour of the hardest kind of work, and weren't even blown at the end. The outfit demonstrated in St. Thomas that condition certainly wasn't lacking, no matter what else might be, and the fans who accompany them down tomorrow night will see 60 minutes of top speed hockey.

The special train will leave the Grand Trunk depot tomorrow night at 7:15 o'clock, and its going to be a jam by all indications. A block of seats has been arranged for by the Alert Club for London fans, but only for a limited number, and these are going to go fast.

A good fast sheet of ice, which is a promising possibility, will suit both teams. The night Ingersoll played here, the ice was worse than sticky, and it slowed up both crews. Ingersoll then showed all kinds of speed, but not enough to make the locals look at all slow-moving, so they should be about even up on the speed end.

The regular line-up will be started, and the choosing of subs, will be a ticklish question for the coaches, who haven't announced yet, what their choice will be.

SENATORS BEAT IRISH AND DRAW UP WITH TIGER-BITTEN FRENCH

Prodger and Matte Star in Overtime Clash at Hamilton.

	W.	L.	For.	Agst.
Canadiens	2	1	14	11
Ottawa	2	1	9	9
St. Pats	1	2	15	11
Hamilton	1	2	10	17

HAMILTON, Feb. 2.—Hamilton witnessed its first overtime game of the season tonight, when the Tigers defeated the Canadiens by a score of 6 to 5. The game did not have to go much longer than the regulation hour before the game was decided, for 38 seconds after overtime started Prodger rushed up the side and passed to Malone, who scored the winning goal. There was very little rough work, and both teams played hockey under the N. H. L. rules, instead of adopting the Queensbury code, as they did the last time the teams met here. Newsy Lalonde was tame tonight when compared with the fierceness he displayed two weeks ago. The Tigers, while they did not make as good a showing as against Ottawa last Saturday night, were never outclassed. The Hamilton team lined up at the start as it did against Ottawa last Saturday night, but Prodger and Matte were brought into play more than against the Senators, and their presence played no small part in the Tigers' victory.

The feature play of the night was made by Couture of the Tigers, who worried his way through the entire Montreal team and scored the goal that put Hamilton on even terms. "Micky" Roach lived up to his form of Saturday night, and was one of the stars of the game. McCarthy, Matte and Couture also played a great game. Joe Malone was a big improvement over the form he showed against Ottawa. For the visitors, Lalonde, Arbour and Corbeau were the stars. The line-up:

Hamilton.		Canadiens.
Lockhart	Goal	Vezina
Carpenter	Defence	Corbeau
Couture	"	Mummery

McCarthy	R. Wing	Pitre
Roach	L. "	Berlanquette

OTTAWA REPEATING

Ottawa, Feb. 2.—The Senators gained an equal footing with Canadiens at the top of the National Hockey League in the second half of the league schedule by defeating Toronto here tonight by a score of 4 to 3, while the Frenchmen were suffering defeat at the hands of Hamilton. Ottawa deserved to win on the play, and except for a tendency to rough it, turned in one of the best performances this season. The visitors also adopted a "get the man" style of play, and while they were playing a man short in the second period the locals evened matters up and played the Saints into submission. Both teams suffered considerably through lack of good substitutes—Toronto's advantage in this respect being more than offset because of the many penalties issued to them.

The game on the whole was good, but was somewhat spoiled from a spectator's point of view through the failure of the rink's lighting system. Twice during the night the game was delayed when the rink was plunged into utter darkness.

The work of Vernon Forbes, diminutive goal tender of the visitors, was the feature of the night. His stoppings were nothing less than marvelous, and he was repeatedly cheered to the echo.

16 SOCCER TEAMS AT LEAST WILL LINE UP WITH LONDON AND DISTRICT ASSOCIATION AT MEETING SATURDAY

Election of Officers and Organization Business of Meeting —Twin City League Mooted For Coming Season.

A meeting of the London and District Football Association will be held Saturday afternoon at 3:30 in the Y. M. C. A. for the election of officers and general preparatory work in getting the association organized and ready for the opening of the season.

There are now fourteen entries definitely fixed for the association with a possible addition of four or five more teams from St. Thomas, Sarnia and Petrolea.

Soccer starts out on its biggest season yet with the early spring days, at least the biggest the game has ever enjoyed hereabouts. It starts, too, on a splendid experience gained last year, when it was found that if properly organized and looked after, the game could be made popular and a successful venture.

The plan is to play as many games as possible at Tecumseh Park, and it may be found possible to play all games there, if enough dates can be found which won't conflict with the baseball. This will mean a tremendous advantage in putting the game on a permanent basis, as up until now the footballers have had to stage their games on grounds almost on the outskirts of the city with resulting slim crowds.

A new move is on foot to make the City League a twin city affair with St. Thomas putting in its four teams. This would work to the advantage of both ends of the league, and would give variety and inter-city competition to the games. St. Thomas produces as good or a better gate than London does in soccer, so the London teams would not be sustaining the Railway City entries. Thus far, nothing definite has been done with the plan, but if it is tried out, it should have plenty of backers.

JESS WILLARD SAID TO HAVE RUN OUT OF MARCH 17 BOUT WITH JACK DEMPSEY IS NEW YORK FLASH

NEW YORK, Feb. 2.—"Jess Willard has run out of his match with Jack Dempsey March 17," Jack Kearns, manager of the champion, made this charge today when asked regarding prospects of the bout being held.

"The day before I reached New York I wired Tex Rickard to hold Willard here until I arrived," said Kearns. "Instead of waiting on me, Willard said he was going to St. Louis and would return in a day or so ready to talk business. We tried to locate him there but failed. Finally Willard was found to be at his home in Lawrence, Kan. That doesn't look much like he intends to get down to business regarding the match."

LOS ANGLES, Feb. 2.—The 15-round bout between Jack Dempsey, heavyweight champion, and Jess Willard, former champion, scheduled for March 17, in New York, has been indefinitely postponed, Dempsey announced today.

Dempsey said he had received a telegram from New York from his manager, Jack Kearns, announcing the postponement.

He said he understood it was because of the ruling of the New York Boxing Commission limiting the price of admission to $15.

WOODSTOCK C. I. SENIORS BEAT INGERSOLL 2 TO 1

INGERSOLL, Feb. 2.—Woodstock C. I. defeated the local collegiate in a senior interscholastic game here tonight by 2 to 1. The Ingersoll forwards had the edge on the whole Woodstock team, with the exception of the goalkeeper. The line-up:

Woodstock C. I.		Ingersoll C. I.
McMillan	Goal	Parker
Malcolm	Defence	Waterhouse
Adams	"	Smith
Harford	Centre	Jackson
Sutton	Wing	Hutt

Referee—Daniels, Ingersoll.

CAMPBELLTON WINS GAME.

Fredericton, Feb. 3.—Campbellton defeated Fredericton 5 to 4 last night in the hardest fought match of the New Brunswick Hockey League this season. Twenty minutes of overtime was played.

BRANTFORD BLANKED 14—0 BY GALT SIX

Gives Winners Group Honors Practically.

GALT, Feb. 2.—The local O. H. A. Intermediates tonight made certain of the group championship, when they overwhelmed the Brantford sextet, having a walkaway by a score of 14 to 0. The combination of the locals baffled the visitors, and Galt boys scored at ease. Gray, who started in the nets, was replaced after the first period by McKinnon, who was a decided improvement to the visitors. Thornton, a new man on the Brantford line-up, was the best of the team. "Punch" George, star left wing man of the Galt team, received a nasty cut over his eye, and in the last period was laid out by a bad check. Medical examination revealed that his shoulder had been dislocated.

The line-up:

DOUBLE BASKETBALL WIN.

Galt Collegiate scored a double victory over the Kitchener students here tonight in the interscholastic Basketball League. In the first game, between the girls, Galt won out in a very close game by 1 point, 6 to 5. The teams:

Kitchener—L. Snyder, O. Betzner, A. Hunt, H. Robinson, I. Clarke, E. Woolver and M. Breithaupt.

Galt—E. Hudson, D. Hindman, I. Oaks, B. Oaks, J. Keffer, I. Wilson, D. Clarke and T. Ingall.

In the boys' game the locals had an easy time of it. The final score was 34 to 7. Kitchener, however, put up a better game in the second half. The teams:

Kitchener—I. Klink, E. Snyder, W. Sellon, D. Roberts, Playford, Bray, Webber and F. Breithaupt.

Galt—H. Gesklin, F. Warren, I. Raynor, A. Atkinson, F. Roelofson, J. Lumm, K. Henderson. Conochie and Donald.

Officials—Hardman, Galt, Erb, Kitchener.

GLASGOW CURLERS GIVE CANADIANS GOOD GAME

NORTHERN CURLERS IN FULL SWING AT HARRISTON

Crawford's Wingham Rink Put Out in First Round.

HARRISTON, Feb. 2.—The local bonspiel opened here yesterday afternoon with fine weather, good ice, large attendance of competitors, and a gallery crowded with good-natured spectators. Sharp at play time Mayor Fawcett addressed the visitors and others at the rink, giving them the freedom of the town, feeling that only the best citizens of the country were in attendance to whom every privilege could be entrusted in gentlemanly manner. The trophy prizes this season are the Meiklejohn Trophy and four cut-glass jugs, four silver pyrex inset pie plates, while the consolation prizes include the Chambers Shield and four half-dozen sets of community dessert spoons, four silver bread trays.

The umpires selected are: Messrs. J. Telford, Owen Sound; B. McAuley, Southampton; J. Bayne, Fergus; A. Crawford, Wingham; D. McDonald, London; S. Burns, Palmerston; D. Cavin, Paris; R. Galbraith, Mt. Forest; bonspiel committee, L. J. Merriam, Dr. Ireland, H. E. Burrows, B. Whitmore, W. C. Chambers, A. Tilker, H. G. Lemon, W. D. McLelland.

CHICAGO SPEED SKATER TIED WITH JEWTRAW

Saranac Lake, N. Y., Feb. 2.—Roy McWhorter of Chicago and Charles Jewtraw of Lake Placid tonight were tied with 60 points each at the close of the second day of the international amateur skating tournament here. Charles Gorman of St. John, N. B., was close behind with 60 points, while Joe Moore of New York had 30, and Mike Goodman of Winnipeg had 20. The championship matches will end tomorrow with the 440-yards and 3-mile events.

GALT BASKETEERS BEATEN AT WOODSTOCK 22--16

WOODSTOCK, Feb. 2.—In a scheduled O. B. A. fixture here tonight, Woodstock Intermediate basketball team defeated Galt by a score of 22 to 16. This gives the locals an almost unbeatable lead for the group honors. The game was strenuous, and it is understood that Galt intends to protest.

INGERSOLL, Feb. 2.—The final in group 15, Western Ontario Tankard, played here this morning, was won by the London Curling Club who were nine shots up against Ingersoll. The score: London Curling Club, Fryer, 23; Ingersoll, C. H. Sumner, 10; London Curling Club, Dr. Wright, 17; Ingersoll, O. E. Robinson, 21.

KITCHENER TIE GROUP BEATING STRATFORD

Much Heavy Checking and Resulting Penalties in 6--3 Game.

KITCHENER, Feb. 2.—Kitchener tonight tied up the local Intermediate O. H. A. grouping by beating Stratford Intermediates, 6 to 3 at the local auditorium. The locals outplayed the visitors and deserved the victory. The game was very strenuous with solid body checking featuring throughout and consequently there were many spills and many penalties. In the first period Kitchener outscored their opponents 2 to 1, and at the end of the second it was 4 to 2 in the locals' favor. Schell and Gildner played the best for the winners, while Kelterbourne was the best for the loosers.

TELEGRAPH BRIEFS

ANTI-SEMITIC WORLD CALL.

Vienna, Feb. 3.—Plans for an international anti-Semitic conference, to be held in Vienna in March under the auspices of the German-Austrian Protective Anti-Semitic Association, were announced today. Invitations have been sent to all the nations to send delegates to the conference or to nominate permanent Austrian delegates.

A preliminary meeting of all non-Jewish organizations has been called for February 7.

GOES TO SWITZERLAND.

Paris, Feb. 3.—Vincent Astor, who arrived on the Imperator, landing last Saturday, and went to the Ritz Hotel, left Paris yesterday for Switzerland, it is said at the hotel.

HEADS JUGOSLAV TRADE AGENCY.

Vienna, Feb. 3.—The Jugoslav Government has appointed Ivan Schwegel chief of the newly-established Jugoslav Commercial Agency in Washington. He was for some years before the war Austro-Hungarian consul general in Denver.

HONDURAS FREES GERMAN PROPERTY.

San Salvador, Feb. 3.—The Government of Honduras, it is announced in a dispatch from Tegucigalpa, has made public a decree canceling governmental intervention in German properties, which was adopted as a war measure.

BRITAIN FREES INLAND COAL.

London, Feb. 3.—The department of mines announces that all controlled prices on the distribution of inland coal will be removed March 1.

The only restriction which will remain on export coal is where it is probable there will be a deficiency for the home supply.

WANTS SPAIN'S POSTAL SERVICE PRIVATE.

Madrid, Feb. 3.—Assertion that Spanish postal and telegraph services should be taken over by a private company, which would inaugurate a profit-sharing system for employees, was made here today by Count Romanones, former premier, in a statement demanding improvements in the manner in which the work is being carried on. He declared this was the only way to obtain quick and satisfactory service. Count Romanones also advocated creation of a special ministry of communications and asserted he intended to introduce a plan embodying his ideas in the coming session of the Spanish Parliament.

LLOYD GEORGE WILL VISIT PALESTINE.

London, Feb 3.—Premier Lloyd George will visit Palestine the coming spring, according to a report printed by the Evening Standard. Mr. Lloyd George, the report states, has accepted an invitation from Sir Herbert Samuel, British high commissioner in Palestine, to make the trip.

ARGUMENT RESULTS IN BLOWS.

Salt Lake City, Feb. 3.—The anti-cigarette bill introduced in the Utah Legislature, which has caused many heated arguments, led to blows between two prominent Utah men. Mayor Leroy Dixon of Provo, Utah, was hit by Church P. Castle, president of a box-making company of Salt Lake City and former president of the Utah Manufacturers' Association, according to eyewitnesses. The affray occurred following a public hearing on the bill at the capitol.

KING ALBERT VISITS MADRID.

Madrid, Feb. 3.—Albert, King of the Belgians, and Queen Elizabeth arrived in Madrid at 11 o'clock this morning. They were met at the station by King Alfonso, Queen Victoria, the cabinet members, high civil officials and the personnel of the Belgian embassy.

PERU ENTERTAINS FLEET.

Callao, Peru, Feb. 3.—The American Atlantic fleet arrived at 2 o'clock this afternoon, having been delayed by a dense fog. The warships appeared in single file, but on a signal from the Pennsylvania, flagship of Admiral Henry B. Wilson, commander of the fleet, steamed into two files, which were headed by the Pennsylvania. The latter vessel was escorted by the Peruvian cruisers Grau and Dolognesi, which put out at dawn to meet the fleet.

KILLED BY ANOTHER'S FALL.

New York, Feb. 3.—Michael Coyn, 36 years old, a clerk of 289 East Ninety-fifth street, died last night in Flower Hospital from injuries he received Monday night when Anthony Lenne, 48 years old, of 449 East Fifty-second street, fell from the fifteenth floor of a building at 460 Lexington avenue and struck Coyn.

Lenne was cleaning snow from the roof of the building when he slipped. He was instantly killed.

PROPOSE COMPULSORY LOAN.

Melbourne, Feb. 3.—The Queensland domestic loan of £2,000,000 has failed of flotation.

The Parliament of the state will probably be asked to adopt compulsory subscription to the loan.

MUST WORK OR GO TO JAIL.

Newport News, Va., Feb. 3.—Unemployed men here had their choice today to work on sewer improvements or jail. The city manager issued the edict, promising sewer jobs to all who applied, provided they had been here a certain length of time or had lost jobs here.

GUATEMALA EDITOR JAILED.

Gautemala City, Feb. 3.—Juan Gonzales, editor of the newspaper El Rayo, was today sentenced to a year's imprisonment for printing an allegedly calumnious article which was taken from an American newspaper.

The article in question accused Dr. Julio Bianchi, Guatemalian minister to the United States, Jose Azmitia and other members of the Unionist party of looting the residence of ex-President Manuel Estrada Cabrera after it had been surrendered to the Unionist forces which overthrew the Cabrera regime last April. The article of capitulation by which the Unionists came into control of the city were signed at the American Legation here.

GIVES UNIVERSITY TO CITY.

Valparaiso, Ind., Feb. 3.—A million dollar gift was accepted by citizens of Valparaiso today when Henry Kinzie Brown, former president of Valparaiso University, presented complete ownership of the institution's grounds, buildings and equipment to them in the name of the Brown family.

Mr. Brown made his announcement to the trustees, faculty and students of the school assembled with citizens at a banquet last night to inaugurate a drive for a million dollar endowment.

Valparaiso University, which was recently appraised at $1,000,000,000, is said to have educated 150,000 students and given 25,000 teachers to the State of Indiana.

MAGYARS THANK AMERICA.

Paris Feb. 3.—Gratitude for American relief to the children of Hungary is expressed in a message to the United States for which the signatures of 1,000,000 children have been obtained, says a Budapest dispatch to the Hungarian agency here today. Fetes are being planned to be held in schools in all parts of Hungary in celebration of the American Independence Day, March 4.

Supplies of clothing and shoes, together with cotton yarn for knitting in schools and homes, are being distributed.

NAME THREE FRENCH MARSHALS.

Paris, Feb. 3.—The creation of three additional Marshals of France was discused today at a cabinet council under the presidency of M. Millerand. No decision was taken. Speculation in the lobbies of the chamber regarding the possibility of the appointment of new marshals indicated that Generals Franchet d'Esperey, Fayolle and Lyautey were the most likely to receive the promotion.

DEPLORE ITALIAN RIOTS.

Rome, Feb. 3.—Attacks on Socialists by members of the extreme Nationalist party were deplored by Socialist deputies who spoke in the Chamber today in the course of a discussion of the government's domestic policy. It was pointed out that the recent Socialist Congress held at Leghorn, at which Communism was rejected, was a frank condemnation of violence, and assertions were made that Socialist leaders had carried on the work of pacification.

DANISH TEXTILES HARD HIT.

Copenhagen, Feb. 3.—Conditions in the Danish Textile Industry are daily becoming poorer. Only 25 per cent are working, and daily more manufacturers are closing. It is expected that all will stop during this and the next month. If any factories are able to continue it will be only at strongly reduced wages.

The trouble in this and other industries is attributed to the Germans pouring cheap goods into Denmark and neighboring countries.

GUNMAN DIES PENITENT.

Trenton, N. J., Feb. 3.—After having written a "last message to the world at large that it never pays to go wrong," Philip Schilling, 31 years old, a Newark gunman and thief, was put to death in the electric chair tonight at the State prison for killing Patrick J. Ryan, a Newark detective, while the latter was arresting him on July 16, 1919, for robbery.

Ryan was known nationally. His memory for faces and his ability to identify lawbreakers after having seen their picture once, won for him the title of "The Man With the Camera Eye."

FAILED TO PRODUCE DATA AT HYDRO QUIZ

Witness Gave Views Only—Hespeler Man Discusses Radials.

Toronto, Feb. 2.—D. R. Cowan, who yesterday expressed the opinion at the radial railway inquiry being conducted by a royal commission, that motor trucks would crowd the railways out in the handling of freight for short distances, was closely questioned by Robt. McKay, counsel for the hydro radial municipalities today, when he was again on the witness stand, and admitted that he had no definite data to back up his viewpoint. He also admitted that he was associated with a tire manufacturing company.

Lester Weaver, formerly mayor of Hespeler, Ont., which town in 1919 voted down the suggestion that there would be a hydro-electric radial railway line running from Hamilton to Elmira, with a spur through Hespeler, claimed that the hydro commission's estimates for operation were too low, and for revenue too high.

Hydro engineers had estimated the earnings of the proposed line at $10,000 a mile, Mr. Weaver said; but the actual earnings of the Grand Valley Railway, which ran for 21 miles through the most thickly-populated section which the hydro radial railway was expected to tap, were $4,300 per mile in 1918. The estimated cost of the operation of the proposed hydro radial line was $9,000 a mile, and Mr. Weaver said he could not see how that much could ever be got out of the railway.

DELAWARE CHURCH IS FREE OF DEBT

Delaware, Feb. 2.—A real feast of rejoicing was held in St. Andrew's Presbyterian Church, Delaware, last night. For years this small congregation has been hampered with a heavy building debt. A determined effort was made to wipe this out. Last night the congregation sat down to supper together, and after supper the pastor, Rev. Wm. G. Rose, took the chair. James Laurie made the report of the canvass. The debt was $2,500, and $2,322 was subscribed. Hugh Brodie of South Caradoc Church, which until a year ago was a part of St. Andrew's, brought greetings from friends there and promised $200. Thus the entire debt is provided for. Rev. J. W. M. Crawford, moderator of the presbytery of London, was present. He brought greetings from the presbytery and congratulated the pastor and people on the great accomplishment. The subscription list shows eleven gifts of $100 or over, thirteen at $50, fourteen at $25, four at $10 to $25, twelve at $5, and three under $5.

St. Andrew's, Delaware, is a historic congregation. Of recent years by changes in the congregation it has become very small.

MARIE LLOYD, TRIPLE DIVORCEE, IS A JUROR

Called to Pass Upon Others' Marital Troubles.

LONDON, Feb. 1.—Marie Lloyd, the music hall singer, well known in the United States, who has had three divorces, has been summoned as one of the first woman jurors to attend the divorce court. She said today she was staggered by the prospect of having to assume such a serious role, and she doubted if she could sit through a long divorce case.

The only time she ever was in court, she said, she was "stage-struck," and a court attendant had to give a glass of water to her to revive her.

"I couldn't convict anyone," she added. "Men are such nice creatures, it is really a mistake to expect me to find one of them guilty."

COMMITTEE ENDS WORK.

TORONTO, Feb. 2.—The special committee of the Legislature appointed to report on the enforcement of the Ontario temperance act concluded its labors here today. The report winds up with a clause commending the efforts of the Government to enforce the act. On one point the report is not unanimously agreed to by the members of the committee. This is the decision not to recommend a change in the act to allow appeals to county judges from magistrates' decisions, which proposal was defeated by a vote of 10 to 7. Major J. C. Tolmie, Windsor, stated that he would bring in a minority report favoring an appeal to a county judge from a magistrate's decision.

HAD 90 GALLONS ALL READY TO BE DISTILLED

Officers Grab Brew and Wiarton Man Has To Pay $730.

WIARTON, Feb. 2.—When License Inspector White of Walkerton, Inspector Johnston of Owen Sound, and Constable J. A. Glover of Wiarton, searched the premises of J. S. Cook, marble cutter, today, they found ninety gallons of brew all ready for distillation, a still and other whiskey-making equipment. Cook was brought before Magistrate James Symon and Reeve W. Irwin. He pleaded guilty, and under the Dominion act was fined $500, under the O. T. A. $200 and $30 costs, in all $730.

This is the second seizure in two days, and apparently an effort is being made by the authorities to clean up illicit whiskey trafficking.

PETITION FOR HYDRO.

HARRISTON, Feb. 2.—At a largely-attended meeting of ratepayers from the township and surrounding villages here this afternoon the question of supplying the rural sections with hydro was thoroughly discussed. The meeting was called to order by Mayor Fawcett, with Township Clerk McLelland as secretary.

Mr. McArthur, M.L.A., said he was assisting the farmers to secure hydro. Other speakers were Mr. Scanil, of the hydro commission, Reeves Dale, Fyfe, Hazelwood, County Road Superintendent J. M. Young, Captain Holton and Ben Tarr, president of the local U. F. O.

It was unanimously decided to circulate a petition and have it signed by the ratepayers and presented to the Government, and at the same time to interest other rural municipalities to petition the Government along the lines of securing power for the people who deserve it, the farmers.

WALKERVILLE, Feb. 2.—This town early today was flooded with anarchistic literature, according to reports made to the police. The pamphlets were left on doorsteps during the night, it is said. They commemorate the expulsion from America one year ago of a number of undesirables and anarchists. Copies of the pamphlet has been left at the police station, and every effort is being made to trace their source. No indication is given on the publication as to where it was issued.

PLAN RECEPTION FOR BISHOP FALLON

Border Knights of Columbus Are Arranging Big Celebration.

WINDSOR, Feb. 2.—On Monday next a reception will be held at St. Alphonsus' Parish Hall to welcome Bishop Fallon, who recently returned from a visit to Rome. The reception is being held under the auspices of the Windsor council of the Knights of Columbus. The principal feature of the evening will be a lecture by Bishop Fallon, in which an account will be given of his recent trip to Europe.

A $225,000 parochial school will be constructed by the separate school board on Bruce avenue, near Sheppard street. It will be known as the St. Claire School, and will contain twelve rooms.

Windsor's new juvenile court is expected to open this month. M. R. Winters, probation officer, and Canon Carlisle, judge of the new court, say the proclamation necessary to make the court effective will be issued in a few days. The court will be held in the Children's Aid headquarters.

All available floor space in the armories has been contracted for by auto dealers for the annual show to be held here during the week beginning February 28. In making this announcement today Manager R. M. Jaffray stated that the committee is casting about for ways and means of increasing the exhibition space.

HAY PRICES SLUMP AGAIN

Live Hogs Also Cheaper—Dressed Hogs Advance 50 Cents Per Cwt.

Bargains were not confined to the stores on Thursday morning, but the citizens at the local market came in for a certain amount of good buys. Eggs took a decided drop, and it is expected that there will be another slump on Saturday. To the consumer they sold for 70c and 75c per dozen, and wholesaled at 65c.

The small supplies and active demand for butter, it is stated, will tend to bring prices to a higher level on Saturday. The supplies were not large today.

Ten loads of choice hay were offered. Although there was a good demand, prices dropped to $23 and $25 per ton. This past week clover and timothy hay have been subject to slumps, but it was intimated today that they both had reached the lowest level. Straw remains at $11 and $12 per ton.

Live hogs were 50c per cwt lower. The demand for the shipment to Toronto on Wednesday was active, but the first loads went at $14 per cwt, and after that no higher price was reached. Fat sow prices fell to $9.

Although live hogs were easier, the minimum price of dressed hogs jumped 50c. Quotations are now from $20 50 to $21 per cwt. Front quarters of pork sell for 23c per lb, and hinds bring 25c.

NOTICE

Money today is worth more than three to five and a half per cent. The savings bank depositor can and should receive with absolute safety six to eight per cent on readily marketable securities, interest payable quarterly instead of half yearly. Victory Bond holders can realize full face value of their bonds, and increase their interest yield by at least two per cent and have the maximum of safety with the minimum of risk by communicating with P. O. Box No. 217, London, Ontario. 37u

PROVISIONS.

Liverpool, Feb. 3.—Hams—Short cut, 180s.

Bacon—Cumberland cut, 170s; Wiltshire cut [illegible] bellies, 195s; New [illegible] shoulders, 140s.

Lard—[illegible] in tierces, 132s.

Chicago, Feb. 3.—Higher quotations on hogs gave firmness to provisions.

OILS.

Liverpool, Feb. 3.—Petroleum—Refined, 2s 3d.

War Kerosene—No. 2, 2s 4d.

COTTON.

Liverpool, Feb. 3.—Cotton—Futures closed easy; Feb., 8.55c; March 8.78d; April, 8.87d; May, 9d; June, 9.07d; July, 9.20d; Aug., 9.23d; Sept., 9.33d; Oct., 9.36d; Nov., 9.34d; Dec., 9.33d; Jan., 9.33d.

GRAIN.

Winnipeg, Feb. 3.—May wheat opened 1c to ¼c lower at $1 68@1 68¾.

May oats ¼c lower at 48⅛; July oats ⅛c lower at 48¾c.

May barley 1c higher at 75¼c.

May flax 2½c higher at $1 81½; July 1½c higher at $1 84.

Chicago, Feb. 3.—Opening: Wheat—March, $1 57; May, $1 48.

Corn—May, 65¼c; July, 67⅛c.

Oats—May, 41½c; July, 42⅝c.

Chicago, Feb. 3.—Putting a ban on the use of Argentine quotations here tended today to give an advantage to bulls in the wheat market, but the effect failed to last. Notice of a bankruptcy in the New York flour trade had a depressing influence, and so too did absence of any important investment demand. On the other hand, there was considerable selling on the part of yesterday's buyers. Opening prices, which varied from unchanged figures to 1¼c higher, were followed by setbacks all around to well under yesterday's close.

Corn paralleled the action of wheat. After opening ⅛c off to a like advance, the market hardened somewhat and then underwent a general sag.

Oats were governed by the course of other cereals, starting unchanged to a shade lower, then scoring moderate gains and later heading down grade.

NEW YORK STOCK EXCHANGE.

New York, Feb. 3—Wall Street, 10:30 a.m.—Pressure against speculative shares was resumed at the outset of today's stock market session, the stiffer money tendencies inviting further selling for both accounts. Oils were again the heaviest features with steels and specialties, the latter including mail order shares. General Asphalt, Mexican Petroleum and Royal Dutch lost a point or more in the first few sales, and Crucible Steel showed a decline of 2⅝. Sears-Roebuck added moderately to its steady recession, and Northern Pacific, yesterday's strongest stock, reacted 1¼. Exchange on London was inclined to ease.

1:30 p.m.—Local traction shares relieved the dullness of the noon hour. Brooklyn Rapid Transit, Interboro preferred and Manhattan Elevated gained 1 to 2 points, presumably on latest developments in the transit problem. General Asphalt and American Tobacco were among the other strong issues.

TORONTO STOCK EXCHANGE.

Toronto, Feb. 3.—Following yesterday's weakness, feeble rallies occurred in trading on the exchange this morning. Interest was at a low ebb, however, and stocks fell back to lowest levels, and in one or two cases new low marks were made for the present movement.

Canada Steamships was extremely weak, falling to 40¾ after a weak opening 2¾ points higher. There was no rally in this stock, the price falling with each sale. Spanish River common dropped a large fraction to 78¾, and the preferred issue was also lower at 88½. Brompton rallied after the opening this morning and reached 51½, but fell back later to 50¼. C. P. R. and Brazilian were slightly firmer.

Coal Prices DOWN

In order to obtain an adequate supply of coal at the beginning of winter when coal was scarce, we were forced on the open market to pay a high premium for a large proportion of the coal we received.

Production has now overtaken consumption, due to the mild winter. We still have the high-priced coal on hand—but from today we base our prices on the price we can now purchase coal for.

Good Quality and Immediate Delivery Guaranteed.

A Grain of Wheat

if left in the granary, will produce nothing, but if sown in good ground will produce other grains of wheat; and in a few years one grain will have produced a whole field of wheat.

Have you planted your first grain of wheat yet? A few dollars deposited with this company, at 3½ PER CENT interest, will produce more dollars, and in your later years you will be able to enjoy the harvest. Debentures in $100 denominations bear interest at 5½ PER CENT.

Pain's enemy but *my* friend for 39 years

NEVER broke faith with me, Sloan's didn't. Just *penetrates without rubbing* and eases the "external" pains and aches, rheumatic twinges, lumbago, backache, neuralgia, sciatica, lame, sore strained muscles, bruises, sprains.

For 39 years it has gone ahead winning new friends, holding old ones, strengthening its reputation as the World's Liniment. Clean, effective in relieving the aches and pains of men and women. This old family standby can be relied upon to do its work promptly and surely. Don't be without a bottle another day. *Keep it handy.* No mussy skin stains.

At *all* druggists

WHOOPING COUGH

Whooping Cough, although specially a disease of childhood, is by no means confined to that period, but may occur at any time of life. It is one of the most dangerous diseases of infancy, and yearly causes more deaths than scarlet fever, typhoid or diphtheria, and is more common in female than male children.

Whooping Cough starts with sneezing, watering of the eyes, irritation of the throat, feverishness and cough.

Dr. Wood's Norway Pine Syrup is highly recommended by mothers everywhere for the relief of this trouble as it helps to clear the clogged-up air passages of the mucous and phlegm that has collected, and in this way bring on the "whoop" which brings the so-much-sought-for relief and heals and soothes the lungs.

Mrs. J. M. Rouse, Imperial, Sask., writes: "After the 'flu.' last fall, my four children took whooping cough and one of them developed bronchitis. After using two or three bottles of Dr. Wood's Norway Pine Syrup they were greatly relieved of their nasty coughs. It is an especially good remedy for children, and is so nice they take it readily, and ask for more."

Dr. Wood's Norway Pine Syrup is 35c and 60c a bottle at all dealers. Put up only by The T. Milburn Company, Limited, Toronto, Ont.

SAYS G. T. R. NEVER IN BETTER CONDITION

President Kelly Testifies That Road Is in Good Shape.

Montreal, Que., Feb. 2.—(By Canadian Press).—President Howard G. Kelley of the Grand Trunk Railway was again on the stand during the whole of today's sessions of the commission inquiring into the value of the railroad system property in order to arrive at a basis for the valuation of the company's preference and common stock with a view to its being taken over by the Dominion Government.

The main point made by Mr. Kelley was that despite war conditions, the road and equipment had been maintained and that the whole system had never been in better physical condition than at the present. With the present facilities and additional equipment there would be no difficulty in handling 50 per cent more traffic without material addition to capital.

Mr. Kelley also discussed the great value of the coal mines owned by the Grand Trunk in Ohio, which produced sufficient coal to enable the company to secure fuel at comparatively cheap rates, both in Canada and the United States at times when other railroads were compelled to pay exorbitant prices for their coal.

It has been arranged that the commission will continue its sittings all week with a session on Saturday until 1 o'clock.

EMPHASIZES VALUE.

Montreal, Feb. 2.—By Canadian Press. —At the rate of several hundred miles an hour, Howard G. Kelly, president of the Grand Trunk Railway System, today mentally took the arbitration commission, which is to decide the physical valuation of the property of the Grand Trunk on a personally conducted trip over the whole system from Chicago to Portland with brief stops at Toronto, Montreal and other places. Mr. Kelly was the only witness heard today, and he had not concluded his statement when the commission adjourned.

The main point of Mr. Kelly's evidence was that the Grand Trunk was a coordinated system, built up from a number of smaller railways in Canada and then extending into the United States, running from Portland to Chicago with a system of feeder lines and connections with other lines that made it a splendidly-equipped and devised service for transportation.

MUCH LEGAL TALENT.

Montreal, Feb. 2.—The initial session was held this morning of the Grand Trunk arbitration board, appointed by the Federal Government "to determine the value, if any, of the first, second and third preference stocks of the Grand Trunk, now issued and outstanding," with a provision that the amount to be paid to the stockholders, including the owners of the present guaranteed stock, shall not exceed $64,166,666.

The board consists of Sir Walter Cassels, chairman; Hon. William Howard Taft and Sir Thomas White. A great battery of legal talent was present for the opening meeting. The first witness was Howard G. Kelly, president of the Grand Trunk Railway, who read a short history of the line and its affiliated companies.

CONTINUES TESTIMONY.

Montreal, Feb. 2.—Continuing his testimony this morning before the Grand Trunk Railway commission, which is to fix the value of the preferred and common stock of the company which has been taken over by the Federal Government, Howard G. Kelly, president of the railroad, contended it compared favorably with the best roads in the United States. Mr. Kelly gave an account of what had been done to make the railway a thoroughly up-to-date transportation system.

CANADA HAS NO WASHINGTON ENVOY

Meighen Cabinet Likely To Procrastinate Regarding Appointment.

[Special to The Advertiser.]

Ottawa, Feb. 2.—The cabinet for the past few days has been wrestling with the problem of appointing a minister plenipotentiary to Washington, and from present indications the filling of that position provided for last session will be indefinitely postponed. The premier himself, it is said, is not at all enthusiastic about the proposal.

Sir Robert Borden and Hon. N. W. Rowell, the chief sponsors of the legislation last session, are no longer in the cabinet, and those who are, are not by any means united on the matter. Sir Robert had gone into practical retirement, and it is now almost certain that Mr. Rowell will resign his seat at an early date.

"Imperial reasons" are advanced in favor of postponement of the appointment. It is held that if all the dominions appoint an ambassador, friction will arise as to seniority and precedence, and that injury will be done to imperial relations.

It is now eight months since Parliament passed the legislation providing for the position and approved the appropriation, $80,000 necessary to finance it. The amount is still untouched, and it is doubtful if it will be revoted this session.

In the meantime Canada remains unrepresented either from the diplomatic or business viewpoint in a country with which she is doing 90 per cent of her trade.

BOARD BOOSTS EXPRESS RATES

Railway Commission Grants Increase of 35, 25 and 20 Per Cent.

Ottawa, Feb. 2.—By the Canadian Press.—In a lengthy judgment, covering some 27 typewritten pages, the board of railway commissioners grants to Canadian express companies an increase of 35 per cent on first class rates, 25 per cent on second class, and 20 per cent on commodity rates, including principally cream, fish and fruit.

The judgment is concurred in by all the commissioners who sat in the case, and was written by Chief Commissioner Frank B. Carvell. In addition to the increases mentioned above, it provides that the rate on all spirituous liquors in the future is to be increased to first class. The cartage differential at non-cartage points has been eliminated, and as a result express charges will be the same to all points, whether city, town or country.

Taking into consideration future profits from investments and money order business, which the judgment decides will be accounted for as revenue, the increases, it is stated, are expected to produce "only sufficient revenue to take care of operation and depreciation, and provide a sufficient sum with which to pay interest on investments at 7 per cent."

Entitled to Increase.

Mr. Carvell takes the ground that the express companies have proved they are entitled to an increase. He states that the figures filed by the applicants show that the Dominion Express Company claims its deficit for the last year will be $1,609,444. He prefers to accept the figures presented by this company in preference to those submitted by Mr. G. R. Geary K.C., counsel for the city of Toronto, and compiled by Messrs. Clarkson, Gordon & Dilworth, accountants, on the ground that "the company which is doing the business and paying the bills must have a much more intimate knowledge of actual conditions than any accountant could have."

Asked for Forty.

"The express companies asked for a 40 per cent increase," says the judgment, "and I have given their best estimate of the results should this request be granted. They have stated that if the cartage differential were eliminated they could produce practically the same results on an increase of 33 1-3 per cent. I have decided that this differential should be eliminated. I am also of the opinion that there will be some reduction in the cost of carrying on the express business during the coming year, especially in the maintenance and feed of horses, maintenance of equipment and purchase of supplies; and, while it will not be very great, yet with the allowance that should be made for the revenue from the money order business, I am of the opinion that an increase of 30 per cent would produce them about the amount of money which they should receive, viz., sufficient to pay the costs of operation, maintenance and depreciation, and leave sufficient money to pay interest upon the actual investment and possibly a small amount of money for reserve. These figures relate more particularly to the Dominion Express Company than to the Canadian Express Company, as the whole case seemed to be based upon their requirements."

SPEAKERS RUSH TO PETERBORO

Trains and Motor Cars Bring Reinforcements to By-election.

Peterboro, Feb. 2.—Renewed activity characterizes the closing days of the West Peterboro by-election campaign. Almost every train brings additional reinforcements into the riding for the respective parties, and the next three days will add a new chapter to local political history. Each afternoon and evening automobiles carry speakers to all parts of the riding, and in some cases two meetings are being held each night at strategic points.

Some of the speakers who will take part in the closing days of the campaign are as follows:

For R. Denne the Government candidate—Lieut.-Col. (Trooper) L. Mulloy; James Arthurs, M.P., Parry Sound; H. H. Stevens, M.P., Vancouver; Mrs. J. A. Stewart of Perth.

For G. N. Gordon, Liberal candidate—Hon. Charles Murphy, Hon. W. S. Fielding, Hon. W. L. Mackenzie King, Daniel O'Connell of Toronto, and Major E. O'Flynn of Belleville.

For J. C. Campbell, U. F. O. candidate—Arthur W. Roebuck, Toronto; Mrs. H. C. Gotz, a prominent U. F. O. worker; A. A. Powers of Orono; J. J. Morrison, secretary of the U. F. O.; H. H. Halbert, M.P., North Ontario; Rev. A. H. McConnackie of Centreville.

For Thomas McMurray, Labor candidate—G. G. Halcrow, M.P.P., East Hamilton; John Bruce, Toronto; Mrs. Singer, president of the Mothers' Pension Board; Joseph Marks, Toronto; K. Homuth, M.P.P., South Waterloo.

J. H. Burnham, ex-M.P., is playing a lone hand and at that is regarded as a dangerous factor by all parties.

SLEEPLESS NIGHTS OVERCOME BY SAFE METHOD

Suggestions Given Whereby Insomnia Can Be Safely and Quickly Relieved.

Worry, overwork, overstudy and indigestion cause insomnia.

Healthy, natural sleep can't be produced by drugs.

First, the blood circulation must be improved.

Congestion of blood in the head must be removed.

Irritation in the brain must be relieved.

It's because Ferrozone equalizes circulation, because it soothes the irritation, because it removes congestion that it does relieve insomnia.

For building blood and nerve, for instilling force and life into overworked organs, for establishing strength and vitality, where can you find anything so efficient as Ferrozone?

Remember, sleep is just as important as food.

You must sleep, or break down, but if you'll use Ferrozone and thereby remove the conditions which now keep you from sleep, you'll get well quickly.

Ferrozone is not a narcotic, not a dope; it is a health-giving tonic that any child or delicate woman can use.

Absolutely safe is Ferrozone.

Take it for a month, take it for a year—no harm, but immeasurable good will result.

To sleep well, look well, feel well, to be free from depression, nervousness or blues—use Ferrozone. It's a food tonic, a healer to the weak and wretched, a boon to the sleepless—sold in 50c boxes, six for $2.50, at all dealers, or direct from The Catarrhozone Company, Kingston, Ont.

For Dandruff

WARNS AGAINST PACIFISM IN U. S.

Pershing Says Republic Should Go Ahead Till Rest Agree to Quit.

Washington, Feb. 2.—A warning against pacifism and unpreparedness was given the House naval committee today by Gen. Pershing, who appeared to discuss world disarmament.

While expressing approval of the proposal for a world disarmament conference, he said the United States should go ahead with its present navy and army programs, until a definite agreement has been reached by at least the five great world powers.

"We should steer clear of drifting into a pacifist state of mind simply because we are discussing the subject," Gen. Pershing asserted. "None of us wants war, but we do not want to be caught unprepared if war comes."

The nations of the world know the general added, that the economic position of the United States would enable it to outstrip the world in military preparation if it so desired, and that, therefore, they would realize the sincerity of a move for disarmament if initiated by this country, and would subscribe to it gladly.

"A war between Great Britain and the United States is not conceivable," said Gen. Pershing.

NEEDS HALF BILLION.

Washington, Feb. 2.—Nearly half a billion dollars will be required to complete the United States naval building program, embarked upon in 1916, the House appropriations committee estimated today in a report on the annual naval appropriation bill for the fiscal year 1922. The committee said that while the total cost of completing the program was originally placed at $544,700,000, increased cost of materials and labor probably would increase the total cost to $972,931,000, of which $538,270,000 has been appropriated.

The bill reported today, which carries a total of $395,504,444.23, provides $90,000,000 for continuing construction next year.

FAVORS 150,000 MEN.

Washington, Feb. 2.—President-elect Harding favors enactment of legislation to provide for voluntary military training of 150,000 men annually, Chairman Kahn of the House military committee announced today on the floor of the House, in launching his fight to prevent reduction of the regular army below 175,000 men.

Chairman Kahn declared that the president-elect had told him at Marion, Ohio, recently, that he favored an army of 175,000 men, but that he hoped "some day" it could be cut to 150,000 men.

PARLIAMENT MEMBERS READY WITH QUESTIONS

Ottawa, Feb. 2.—Members of Parliament have already got busy, and even now there is quite a budget of questions and resolutions for the order paper of the coming session. Gen. Sir Sam Hughes presents a resolution calling for the re-establishment of patronage as a necessary concomitant of responsible government.

Joseph Archambault, M. P. for Chambly Vercheres, evinces curiosity regarding the abolition for religious holidays in the civic service, which holidays, he declares, Sir Robert Borden undertook to promise should not be abolished. He also inquires concerning a proposed cable subsidy for the Canadian Press, Limited, and wants to know whether Rumania has defaulted in her interest payments on credits advanced by Canada.

VENIZELOS AS DELEGATE.

Paris, Feb. 3.—M. Venizelos, the former prime minister of Greece, left Paris today for London. French official circles have been informed that in the elections yesterday of the National Council of the Ecumenical Patriarchate of Constantinople all the Venizelist candidates were chosen. The council will be conyoked with the briefest delay, and will send a delegation to the London conference, headed by M. Venizelos, which will be charged to defend the interests of the Greeks of Constantinople and Thrace.

CHURCH PLANS TO COMBAT DISLOYALTY

TORONTO, Feb. 2.—Mayor T. L. Church will call a meeting in Massey Hall on February 10 for the consideration of the formation of an association to combat disloyalty. The board of control today decided that the mayor should call such a meeting, in response to a petition presented to the board yesterday. Controller Gibbons voted against it. The mayor said that in calling the meeting he would disregard a clause in the petition protesting against the annulling of marriages by the Roman Catholic hierarchy.

The petitioners stated that the object of the meeting was to form a "strong Protestant federation." Sinn Feinism was mentioned in the petition as one of the disloyal things to be combatted.

The city solicitor advised the board that any expenditure by the city council to further the objects of the petition would be illegal, as they had no connection with municipal government. However, the board decided to call the meeting.

THREE ESTATES TOTAL ABOUT TEN MILLIONS

TORONTO, Feb. 2.—Wills in connection with three large estates of deceased Toronto men, aggregating $10,000,000, are in the hands of trust corporations here, and will shortly be probated in the surrogate court. The late Mr. Justice Britton is said to have left $3,000,000, Sir Frank Baillie, $5,000,000, and Sir William Gage, $1,500,000.

NO SPECIAL LEGISLATION.

OTTAWA, Feb. 2.—Reports from Brockville that special legislation is to be introduced this session to enable Sir Thomas White to take his seat are discounted here. It was stated officially today that no such legislation had ever been considered.

ZORRA TRUSTEES ARE IN FAVOR OF CONTINUATION SCHOOL

Embro, Feb. 2.—As a sequel to the recent educational meeting the trustees of the schools of West Zorra and the two councils convened in the council chamber here to further decide continuation and consolidated school matters. The attendance was practically one hundred per cent. Rev. Mr. Lane occupied the chair. Inspector Cole outlined briefly the purpose served by each type of school and invited questions.

The discussion following cleared up many points of doubt and showed the great interest which the township trustees took in educational matters. A vote was taken, resulting in favor of continuation by a very small majority. This, of course, did not necessarily signify the general feeling of the ratepayers, but simply the private opinion of individuals present.

All present were of the opinion that something must be done to improve existing conditions. It was further resolved to have each section hold a meeting of its ratepayers and get a definite decision in favor of either consolidation or continuation.

A committee consisting of the chairman and secretary of each board and councils was to meet after these district meetings and report the feeling of their section and take any necessary steps in carrying out their wishes.

On Saturday afternoon two games of hockey were played by the members of the Beavers' Club. The Maples, Wm. McKay's team, played against the Wanderers, Francis Holmes' team, the score being 6 to 0 in favor of the Maples, and the Maples played against the Dodgers, which is Roy Sanders' team, the score being 3 to 4 in favor of the Maples.

The funeral of Mrs. James Martin was largely attended. Rev. W. P. Lane conducted the services, ably assisted by Rev. Mr. Cornett of Harrington. The pall-bearers were Messrs. Adam and James Green, George Campbell, James D. McKay and John R. Murray. Interment took place to the Nor'n Embro Cemetery.

The annual meeting of the members of the public library was held last night, the president, George A. Munroe, presiding. The finances were reported in good shape. The caretaker's salary was raised $15.

LISTOWEL BOARD NAMES COMMITTEES

LISTOWEL, Feb. 2.—At the inaugural meeting of the board of education, T. G. Anderson was elected chairman for the coming year, and committees were named as follows: Property, V. Bamford, T. Male, A. FORCE AT WORK FOR BIG REVIVAL

Baptist Speaker Says Every Century Has Its Spiritual Awakening.

The last of a series of twenty meetings of the Baptist denomination in this part of Ontario was held in the Talbot Street Baptist Church yesterday afternoon and evening, when Rev. John MacNeill and S. J. Moore, both of Toronto, were the speakers.

The meeting was called for all the pastors, deacons and heads of church organizations of Baptist Churches in Middlesex, for the purpose of impressing them with the need of personal evangelism. The afternoon session was devoted to brief addresses by the two speakers, and other members present gave testimonies of their conversions. Rev. Thomas S. Roy presided.

Challenge Is Ringing.

The evening session was largely attended, the church being filled to capacity. Rev. John McNeill gave a stirring address, in which he said that this is the day when the challenge is ringing for personal evangelism.

"The church does not go along in a uniform way; it is as the ocean, wave upon wave. There is no such thing as 'getting up a revival.' A revival comes down from God," said the speaker. "I am convinced that the time is due for a great revival."

Mr. McNeill then gave an outline of the great revival which recently struck Toronto, commencing in the Hyde Park Church, of which Rev. Albert Hughes is pastor.

Revival Every Century.

There is a revival every century. The twentieth century revival has not yet come, but there is evidence that the spiritual forces are at work, said the speaker.

S. J. Moore, a prominent layman from Toronto, spoke on the great power of prayer. He cited several instances which had occurred in his life in coming in contact with other businessmen. He regretted the attitude of modern day people towards religion. "Their time is spent in pleasure. They are pleasure worshippers." Over 750,000 people in Canada visit the picture shows daily, he said. Rev. G. A. Leichliter conducted a song service of sacred music at the evening meeting. The delegates to the meeting were entertained and a banquet given by the ladies of the Talbot Street Church.

KEEN DEBATE IN THORNDALE SCHOOL

Thorndale, Feb. 2.—The Literary Society of the local high school met on Friday afternoon. A very interesting debate on "Resolved, That It Would Be Beneficial for Canada To Be Annexed to the United States," took place. The affirmative was supported by Marion Logan, L. Guest and James Henderson, and the negative by Madeline Walters, Oscar Lee, and Vietta Mills. The judges were Miss Copeland, M. McIntyre and A. Matthews, and they decided in favor of the negative.

The A. Y. P. A. of St. George's Church visited the Young People's Club of the Methodist Church on Friday even. ing and rendered a splendid program. Very interesting topics were given by Mrs. John Dawson on "Books," and Miss Harrison on "Cheerfulness." Readings were also rendered by Miss D. Hobbs, Miss I. Cunningham, and Evelyn Logan. The musical program consisted of violin selection by F. Lee; piano solo, Marion Logan; solos, Miss B. Mills and E. Cuthbert. A very able address was delivered by George Belton. At the close of the program refreshments were served by the Young People's Club of the Methodist Church.

At the meeting of the county council, W. J. McGuffin was appointed a trustee of the West Nissouri Continuation School.

CRUSADE MEETINGS HELD AT OLINDA

OLINDA, Feb. 2. — Murray Crusade meetings were held under direction of the Y. P. C. U., when Rev. Charles F. Patterson, pastor of the Detroit Universalist Church, gave an address on "Owe No Man Anything." This was followed by a social evening in the Parish House.

On Sunday morning Leon P. Jones preached a young people's sermon on "By What Authority?" In the afternoon fourteen new members were received at the devotional meeting of the Y. P. C. U.

In the evening the Y. P. C. U. had entire charge of the meeting. Harold Fox presided, and addresses were given by Miss Myrtle Longland on "Why Urge Young People to Join the Universalist Church?" Miss Florence Upcott on "What Does Chicago, 1921, Mean?" Miss Viva Bruner on "The Y. P. C. U. Missionary Field"; Miss Edna Bruner on "Being a Girl in Japan."

These papers and addresses were given careful attention and commendation by the audience.

Nearly all the members of the Y. P. C. U. accepted the invitation of Mrs. (Rev.) Jones and spent the day in the Parish House, having both dinner and supper with the pastors.

TORONTO TO DROP INGLENOOK BOYS' HOME

TORONTO, Feb. 2.—Inglenook Farm Boys' Home, which was recently investigated by County Judge Denton, of this city, who reported to the city council suggesting the continuance of the home under the city's auspices, with a new superintendent and new matron, will be discontinued, as far as the city is concerned, if a recommendation passed by the board of control today is adopted by the council.

CIVIC COMMITTEE NAMED TO OPPOSE HIGHER GAS RATE

Mayor Little, Aldermen Watkinson, Moorhead, J. C. Wilson and City Solicitor Selected To Fight City Gas Company's Bill Before Legislature Asking Authority For Higher Prices.

Appointment of a special committee to fight the City Gas Company's attempt to secure from the Legislature authorization for higher rates; a protest against the proposed tax on the hydro system; and a recommendation to motorize the equipment at all outlying fire halls, as well as obtaining more motor equipment at the central hall, were outstanding features of the meeting of No. 1 committee of the city council Wednesday afternoon.

Deputations in regard to rent profiteering, unemployment, grants for the Soldiers' Aid Commission, and the Children's Aid Society and other matters also made the session an extremely lengthy and busy one.

Old Council Criticized.

J. F. Thomson urged action to prevent the increased gas prices. He criticised the 1920 council for deferring action until the matter was brought up in the Legislature. He said it should have joined with the citizens who brought an injunction against the company. He announced that a public meeting will be called next Monday to protest against the company getting private legislation. The matter should come under the companies' act, he claimed.

A motion was suggested by Ald. Ashton of No. 2 committee, that a declaration be made in the London bill that the amendment to the Gas Company's franchise in 1906 does not extend the original franchise.

Ald. Cameron Wilson defended the action of the council last year, declaring the course followed to have been the only one open. He suggested a special committee to protest to the Legislature against the passage of legislation for higher prices. Mayor Little and Aldermen Watkinson, Moorhead, Cameron Wilson and City Solicitor T. G. Meredith were named as the committee.

Special Committee Reports.

The proposal in regard to theatre equipment were made by the special committee which has been studying the needs of the department for the past three weeks. Their proposals, which would involve an expenditure of $50,000, were referred to the estimates. They included $16,500 for a motor pump, $12,000 for a service truck, $10,500 for a tractor to draw the aerial ladder and $14,000 to supply a motor chassis for the equipment at each of the branch fire halls. The committee also recommended the installation of 28 hydrants to protect city schools at a cost of $504 annually.

J. F. Thomson urged that a delegation of two council members and two representatives of the high cost of living committee wait on the Hon. W. E. Raney with recommendation in regard to legislation to curb rent progteering. He also suggested that a census of the vacant houses be taken. Ald. F. E. Harley and City Clerk Baker were empowered to represent the city on this matter as well as at the convention of the Town Planning Association at Toronto, Feb. 17 and 18.

James Gray Speaks.

James Gray headed deputations from the Social Service Council and the Soldiers' Aid Commission. Speaking for the former body he pledged its hearty support in any plan the council might adopt to deal with the unemployment situation. W. E. Kelly also spoke to this effect. J. H. Laughton declared that the best plan was for the city to take advantage of the offer of the Dominion and Ontario Governments to pay two-thirds the cost of relief work. Londoners were contributing to 66 2-3 per cent. of Toronto's relief work, he pointed out, and they might as well get some benefit themselves. Dr. R. G. Peever and J. F. Thomson also urged similar action.

The Soldiers' Aid Commission asked that its grant from the city be increased from $3,500 to $4,000. Mr. Gray and Rev. H. B. Ashby presenting the case, said that their estimates this year were $2,000 in excess of those for 1920, in spite of careful paring. The total cost of the work would be $11,040, of which the Government would pay 50 per cent. The request was referred to the estimates.

C. A. S. Grant Asked.

J. K. McDermid asked a grant of $3,000 for the Children's Aid Society.

City Clerk Baker was authorized to notify all the civic spending bodies that their estimates must be prepared before the next regular meeting of the committee.

A report from Dr. H. A. Stevenson that the Provincial Government was willing to give part of the Ontario Hospital property to the city for a park was received. The Government will be interviewed about the matter in the near future.

Beatty Bros. notified the committee that they would be unable to proceed with their proposed factory extensions for some time yet.

Aldermen Watkinson, Harley and Cameron Wilson were appointed a committee to investigate the possibility of collecting income taxes the same year in which they are assessed.

VISUAL EDUCATION LECTURE AT NORMAL

Dr. Lyman B. Jackes of Toronto, an expert on visual education, gave an illustrated lecture to a large gathering of Normal students in their auditorium last evening. Dr. Jackes is visiting all the Normal schools of the province upon orders from the department of education. All views shown by the doctor were of a very educative nature. He commenced his lecture by giving views of the eastern part of the Dominion. Unfortunately bleak shores along the Atlantic Coast tend to bring a visitor to the conclusion that this fair Dominion of Canada is nothing but rocks, he said. Prominent among his pictures were those of Niagara Falls showing the manner in which hydro power is generated for use in Ontario. The primitive customs of the early settlers were very distinctive, and immediately after an old building was directed on the screen the modern building replacing it was shown, thus giving evidence of the advancement of the country to a higher standard.

Principal Dearness in commenting on the experiment of Dr. Jackes, stated that the exhibition made a new high-water mark of pictorial rendering in London.

GEORGE LIBERTY DIES AT WABASH

Wabash, Feb. 2.—The death of George Liberty occurred after an illness of nearly four months. Funeral services were conducted by Rev. F. Craik, and interment was made in the Blackburn Cemetery, near Dresden. Surviving relatives are three sons and three daughters: William of Beaver Lodge, Alta., and John and Charles of Wabash; Mrs. Robert Carroll of Chatham, Mrs. Charles Dulong of Windsor, and Mrs. Rose Babcock of Sarnia. One brother, Seth Liberty, also survives.

The Wabash Dramatic Club put on its four-act drama, entitled "A Woman's Honor," in the Florence town hall on Friday evening last. Proceeds amounted to $72, one-half of which the Dramatic Club will be entitled to.

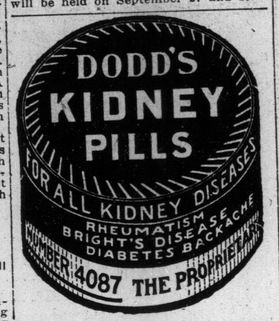

The old Thorncliffe Methodist Church and all interior fixtures was recently sold by auction to the Wabash Free Methodists for $500. The building, which has been idle for the past eight years, will be moved to Wabash as soon as possible.

Walker; second vice, Hugh Brown; secretary-treasurer, W. W. Tait; directors, Sid Emery, J. R. Thompson, Peter Hord, W. Walker, George Dignan, William Banks.

The society is in a good financial position, with a large list of members for the new year. The fall fair for 1921 will be held on September 27 and 28.

SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe To Bring Back Color and Lustre To Hair.

You can turn grey, faded hair beautifully dark and lustrous almost over night if you'll get a bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning grey or becoming faded have a surprise awaiting them, because after one or two applications the grey hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Grey-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound tonight, and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.
