LONDON AND ENVIRONS.

—There was an old man in a tree.
Who was he? He was a bee.
He said, "It's a regular brute of a bee."

—Mr. James Wright, of Stratford, was in the city yesterday.

—Gas accounts must be paid before Monday in order to save the discount.

—All the Thatcher minstrels were red ties. They know this as a hymn tune.

—Rev. C. E. McIntyre will occupy the pulpit of the Park Street Church, Chatham, on Sunday.

—The London Conference of the Methodist Church is announced to meet at Windsor on June 1.

—Principal H. G. Miller, of Huron College, will preach in the Glenworth church on Sunday.

—Mr. James Stevenson, of West avenue, who has been very ill with a gripe and inflammation, is now slowly recovering.

—Read the advertising columns carefully. The names of the most enterprising and wide-awake merchants are there to be found.

—The special Raymond vestibled train of eight cars, en route for the East, from the Western Station, passed through the city on the U. T. R. at 10:15 a.m. yesterday.

—The Clarence street crossing at the King street intersection contains a dangerous hole which has already occasioned a number of severe falls to pedestrians.

—Mr. Henry Taylor, of Oxford street, has purchased from A. A. Campbell, real estate agent, seven lots, part of "The Beeches," facing on Queen street, South London.

—Mr. Edmund Tanton, of New York, aged 67, while visiting Mr. D. Dart, 385 Waterloo street, died suddenly Thursday.

He was distantly related to Messrs. John and Ed. Tanton, this city.

—Mr. J. B. Land desires it to be understood that his hotel, the Grand Pacific, was not the place where gambling was recently indulged in by a number of young men, who were disturbed by the police.

—Job printing requires to be done well to give satisfaction. The advertiser's book and job department not alone does the best work in Western Ontario, but its prices are moderate, and promptness is guaranteed. Send in a trial order if you are not already a patron.

—J. A. Greer, general manager of the Hoosac Tunnel fast freight line, Chicago, died last week after two days' illness of gripe. Mr. Greer was well known in London, and was a graduate from the old G. W. R. He was a brother-in-law of Rev. Dr. Mockridge.

—The side streets are monopolized now by small boys and baseballs. Two of the former, named Charles Cole and Joseph Dorkin, played a little game with the police magistrate yesterday morning for thus violating the by-law. They were fined and on condition that they utilize a vacant lot next time.

—Alfred Hyde, a young Englishman, stranger in the city, was walking near one of the Grand Trunk crossings yesterday, when he was asked to help some men to lift a heavy piece of timber. It fell and badly crushed Hyde's hand. He was taken to the hospital and had his wound dressed and is now at the Convalescent Home.

—Many Londoners will regret to hear of the death of Mr. David Rome, of the firm of Williams, Green & Rome, Berlin and Guelph. Mr. Rome was taken ill with pneumonia on Saturday last and succumbed Thursday. The event is particularly sad because of the death of his wife, who was killed at Conroy Island not long ago. By his death two children are left orphaned.

—The International Secretaries' Conference of the Y. M. C. A. will be held at St. Joseph, Mo., commencing April 30. The International Convention, occurring once in two years, starts at Kansas City May 6, and will be represented by delegates from all parts of Canada and United States. Secretary Sawyer has received from the Chicago Burlington and Quincy Railroad a half-fare ticket to both places, a favor which has been accorded to all Y. M. C. A. secretaries on the continent.

—A Rat Portage dispatch says: It is reported that Mr. Macdonnell will not stand for nomination on Saturday, and that Hon. Mr. Carling, Minister of Agriculture, will run instead, and that Mr. Macdonnell has been offered the superintendency of the St. Marie Canal and that Mr. Dawson has been promised a senatorship. The Conservatives here decline to admit the correctness of the report, but, if true, it is one that does not meet with their approval. Some even say they will vote in opposition if it is correct.

A letter was received from Mr. Macdonnell a day or two ago stating he and Dr. Montague would be here after the nomination to hold meetings.

—The Montreal Herald says: "Appropos of the application of the Ontario Express Company for connection with the Grand Trunk, Mr. Seargeant, in reply to a reporter's question, stated that he had received a letter from Mr. Chadwick, the manager of the Ontario Express Company, which was being considered. It was, however, a serious question to decide. The space dedicated to the Canadian Express Company was almost as much as the trains would permit for that purpose. If many new companies were organized and cars were given to them it would inevitably interfere with the passenger traffic."

—A statement was recently made in the Christian Guardian that Rev. J. Philip, B.D., of Watford, had been invited by Queen's Park and Elizabeth Street Churches to become their pastor, and referred to a new church having been decided on. A Londoner writes to correct the statement that a new church has yet been decided on. Even the union of the churches, he remarks, has not yet been accomplished.

Among other things, the writer says: "Even with a very difficult matter, delicate in its nature and most vital in its bearing on the proposed amalgamation. On the question of invitation proper, the next to understand that Queen's Park Quarterly Board is in no way involved."

—The Stratford Herald says: "London people are bestirring themselves to secure the G. T. R. car shops, which Stratford has been led to suppose are likely to be built here instead of at London. The London papers, however, tell how London contractors have been asked for estimates of the value of the walls of the old shops, etc., as if the company was thinking very seriously of rebuilding at London, and a London deputation, composed of the mayor and several prominent citizens, visited Montreal yesterday to have a talk with General Manager Seargeant. The result of their interview has not yet been divulged.

If the company decides to build at Stratford, it has to give notice to the corporation here by the 25th of August next in order to secure the \$80,000 bonus which was voted some five years ago."

—The first court of juvenile Canadian Foresters in this city was organized in Sherwood Hall last evening, under the auspices of Court Middlesex, No. 118. The party, together with the invited guests, repaired to "Willow Bank," the residence of the bride's step-father, where a sumptuous wedding breakfast was partaken of.

The health of the bride and groom was posed by Rev. Dr. Armstrong and was duly honored. Among the guests present were: Rev. Dr. and Mrs. Armstrong, Dr. and Mrs. Wilkinson, Mr. and Mrs. Kelly-McIntyre, Mrs. and Mrs. S. J. Element, of Court No. 7, and Bro. W. J. Element, of Court No. 59. The new court is called "Court Middlesex No. 13," being named after the parent court of the same title. The officers elected and installed are: Bro. Charles T. Element, C. R.; Bro. J. J. Galpin, V. C. R.; Bro. J. F. Jarvis, R. S.; Bro. Alfred Galpin, F. S. The balance of the officers will be elected and installed at their regular meeting.

—The Barbers' Difficulty. The employing barbers of this city met in the City Hall Thursday night for the purpose of considering an arrangement for the early closing of their shops. Mr. Marcel Toen was elected chairman and Mr. James Wilkins secretary. A committee composed of several energetic shavers had consulted a legal practitioner previous to the meeting and had him draw up a cast-iron agreement and which they hoped would afford no loop-hole for evasion. When the meeting was ready for business the legal document was produced and the tonorial artists proceeded to consider it. It was a cumbersome affair of twelve folios, a pile with legal phrases and presenting a bewildering array of provisions, etc. So much so, that the members, after wrestling with the first page for three hours became faint-hearted and adjourned the meeting in order to secure an expert as an interpreter.

These present were unanimously in favor of early closing, and the agreement upon the terms will not occasion much discussion. The proposition is to close all shops at 8 o'clock on all evenings except Saturdays and those before holidays.

—Millions of Them. Mr. W. M. Parker, superintendent of the Government fish propagating establishment at Sandwich, was in the city for a few hours yesterday with 1,000,000 white fish fry, which he deposited in Lake Huron at Goderich later in the afternoon. Mr. Wm. Hill, one of Mr. Parker's assistants, went through to Meaford with a similar number Thursday night and placed them in Georgian Bay. Last week 1,000,000 were placed in Lake Erie at Port Stanley.

"How many will you dispose of this spring?" asked an ADVERTISER man. "Oh, 50,000,000, I expect. Then we also place about 40,000,000 pickers fry in Lake Erie at Detroit River, Lake Huron, Georgian Bay, Lake Erie, etc."

"How long has the fish hatchery been conducted?"

"Ten years."

"Proving a good thing, I suppose?"

"Oh, yes; especially in London. The benefits are becoming more and more noticeable."

—Charles Santley's Concert. Critics are unanimous in the opinion that of all voices the baritone is that which appeals most to the senses, the imagination, and the heart. Like the violin—the king of instruments—it occupies a unique and honored place in the field of music. Its full, rich tones possess a soul-stirring and soporific power not found in the soprano or tenor, and which has made it in the opinion of many "the ideal voice."

For perfection of baritone singing see Mr. Santley on April 30. The following is taken from the Sydney, N. S. W., Freeman: "In well-informed quarters it is thought that Mr. Santley, who has already been highlighted by the Pope—he is a commander of the Order of St. Gregory—will shortly be the recipient of some special mark of royal favor. It is well known that he is one of the Queen's favorites, and the Prince of Wales is one of his warmest admirers. Her Majesty has knighted Sir Jules Benedict, Sir Charles Halls, Sir Michael Costa and Sir Arthur Sullivan. Why not Sir Charles Santley. The famous baritone has never been in any sense a toady, but the very reverse, and if honor comes in this form it is not to him. He is not of his own seeking. He is, however, independent of any decoration the Queen can confer, for he stands pre-eminent as an artist, he is a firm favorite, and above and beyond his art and his popularity as a public performer he enjoys the confidence and esteem of the people of England, Ireland and Scotland, besides counting by thousands of friends and admirers in America and Australia."

—Getting Things in Shape. Victoria Park will soon present its wonted aspect of verdant beauty again under the influence of this balmy weather. Caretaker Grant is getting things in shape, and has applied for the help of two new men, also a horse mower, two hand mowers, new trees, and copies of by-laws for the edification of pedestrians. The members of No. 2 Committee decided last evening to take a stroll up there and see what is needed. Residents on Dundas street, between Waterloo and Colborne streets, will be furnished with artificial stone walls, and Mr. James James will be granted one in front of his hotel on Richmond street. Tenders will be called for. C. S. Hyman, M.P., J. J. Jellery and others have petitioned against the construction of the Wolfe, Hyman and Wellington street sewers, so the contractors were handed back their tenders unopened. City Engineer Tracy was intrusted with a petition for a sewer from Becher street residents and was instructed to find out the state of Central avenue, east of Adelaide, complaints having been received as to the condition of the same. Some Hamilton street ratepayers petitioned for a drain. Filed. The engineer and auditor will report on Simcoe street sewer assessments, a petition having been received asking reimbursement for alleged overcharges. Ald. Connor (chairman), Winnett, Scarrow, O'Mara, City Engineer Tracy, Secretary Graydon and Commissioner Owen were those present.

—Wedding of a Former Londoner. Wednesday at noon Trinity Church, Moorestown, was the scene of the marriage of Dr. George McIntyre, of Mayville, North Dakota, to Miss Carrie Carter, daughter of Mrs. Robert Carter, now Mrs. Featherstone, formerly of this city, the church being filled to overflowing. When the wedding party arrived at the church Mendelssohn's wedding march was played on the church organ by Miss Chase, of Sarnia. After the groom, attended by Mr. Fogman, of Hillboro, North Dakota, and Mr. Thomas Carter, brother of the bride, had taken their places at the altar, the bride entered, leaning upon the arm of her step-father, Mr. Joseph Featherstone, and they were followed by the maid of honor, Misses Ona Wilkinson, Rita McIntyre, and Grace Featherstone, and the bridesmaids, Miss Edithson, of St. Paul, Miss Midgley, of St. Thomas, and Miss Minnie Carter, sister of the bride. The ceremony was performed by Rev. Rural Dean Armstrong, assisted by Messrs. Harry Green, son, Harry Green, jun., James Rittenmaster and Allan Armstrong. The bride, dressed in cream satin, trimmed with chantilly lace, looked charming and supremely happy; Miss Robinson wore cream berrietta; Miss Midgley, pale blue tulle, and Miss Minnie Carter, cream berrietta. The maids of honor presented a pretty picture, attired in cream and blue. After the ceremony the party, together with the invited guests, repaired to "Willow Bank," the residence of the bride's step-father, where a sumptuous wedding breakfast was partaken of.

The health of the bride and groom was posed by Rev. Dr. Armstrong and was duly honored. Among the guests present were: Rev. Dr. and Mrs. Armstrong, Dr. and Mrs. Wilkinson, Mr. and Mrs. Kelly-McIntyre, Mrs. and Mrs. S. J. Element, of Court No. 7, and Bro. W. J. Element, of Court No. 59. C. R.; Bro. J. F. Jarvis, R. S.; Bro. Alfred Galpin, F. S. The balance of the officers will be elected and installed at their regular meeting.

Jellery and others have petitioned against the construction of the Wolfe, Hyman and Wellington street sewers, so the contractors were handed back their tenders unopened. City Engineer Tracy was intrusted with a petition for a sewer from Becher street residents and was instructed to find out the state of Central avenue, east of Adelaide, complaints having been received as to the condition of the same. Some Hamilton street ratepayers petitioned for a drain. Filed. The engineer and auditor will report on Simcoe street sewer assessments, a petition having been received asking reimbursement for alleged overcharges. Ald. Connor (chairman), Winnett, Scarrow, O'Mara, City Engineer Tracy, Secretary Graydon and Commissioner Owen were those present.

—Wedding of a Former Londoner. Wednesday at noon Trinity Church, Moorestown, was the scene of the marriage of Dr. George McIntyre, of Mayville, North Dakota, to Miss Carrie Carter, daughter of Mrs. Robert Carter, now Mrs. Featherstone, formerly of this city, the church being filled to overflowing. When the wedding party arrived at the church Mendelssohn's wedding march was played on the church organ by Miss Chase, of Sarnia. After the groom, attended by Mr. Fogman, of Hillboro, North Dakota, and Mr. Thomas Carter, brother of the bride, had taken their places at the altar, the bride entered, leaning upon the arm of her step-father, Mr. Joseph Featherstone, and they were followed by the maid of honor, Misses Ona Wilkinson, Rita McIntyre, and Grace Featherstone, and the bridesmaids, Miss Edithson, of St. Paul, Miss Midgley, of St. Thomas, and Miss Minnie Carter, sister of the bride. The ceremony was performed by Rev. Rural Dean Armstrong, assisted by Messrs. Harry Green, son, Harry Green, jun., James Rittenmaster and Allan Armstrong. The bride, dressed in cream satin, trimmed with chantilly lace, looked charming and supremely happy; Miss Robinson wore cream berrietta; Miss Midgley, pale blue tulle, and Miss Minnie Carter, cream berrietta. The maids of honor presented a pretty picture, attired in cream and blue. After the ceremony the party, together with the invited guests, repaired to "Willow Bank," the residence of the bride's step-father, where a sumptuous wedding breakfast was partaken of.

The health of the bride and groom was posed by Rev. Dr. Armstrong and was duly honored. Among the guests present were: Rev. Dr. and Mrs. Armstrong, Dr. and Mrs. Wilkinson, Mr. and Mrs. Kelly-McIntyre, Mrs. and Mrs. S. J. Element, of Court No. 7, and Bro. W. J. Element, of Court No. 59. The new court is called "Court Middlesex No. 13," being named after the parent court of the same title. The officers elected and installed are: Bro. Charles T. Element, C. R.; Bro. J. J. Galpin, V. C. R.; Bro. J. F. Jarvis, R. S.; Bro. Alfred Galpin, F. S. The balance of the officers will be elected and installed at their regular meeting.

—The Barbers' Difficulty. The employing barbers of this city met in the City Hall Thursday night for the purpose of considering an arrangement for the early closing of their shops. Mr. Marcel Toen was elected chairman and Mr. James Wilkins secretary. A committee composed of several energetic shavers had consulted a legal practitioner previous to the meeting and had him draw up a cast-iron agreement and which they hoped would afford no loop-hole for evasion. When the meeting was ready for business the legal document was produced and the tonorial artists proceeded to consider it. It was a cumbersome affair of twelve folios, a pile with legal phrases and presenting a bewildering array of provisions, etc. So much so, that the members, after wrestling with the first page for three hours became faint-hearted and adjourned the meeting in order to secure an expert as an interpreter.

These present were unanimously in favor of early closing, and the agreement upon the terms will not occasion much discussion. The proposition is to close all shops at 8 o'clock on all evenings except Saturdays and those before holidays.

—Millions of Them. Mr. W. M. Parker, superintendent of the Government fish propagating establishment at Sandwich, was in the city for a few hours yesterday with 1,000,000 white fish fry, which he deposited in Lake Huron at Goderich later in the afternoon. Mr. Wm. Hill, one of Mr. Parker's assistants, went through to Meaford with a similar number Thursday night and placed them in Georgian Bay. Last week 1,000,000 were placed in Lake Erie at Port Stanley.

"How many will you dispose of this spring?" asked an ADVERTISER man. "Oh, 50,000,000, I expect. Then we also place about 40,000,000 pickers fry in Lake Erie at Detroit River, Lake Huron, Georgian Bay, Lake Erie, etc."

"How long has the fish hatchery been conducted?"

"Ten years."

"Proving a good thing, I suppose?"

"Oh, yes; especially in London. The benefits are becoming more and more noticeable."

—Charles Santley's Concert. Critics are unanimous in the opinion that of all voices the baritone is that which appeals most to the senses, the imagination, and the heart. Like the violin—the king of instruments—it occupies a unique and honored place in the field of music. Its full, rich tones possess a soul-stirring and soporific power not found in the soprano or tenor, and which has made it in the opinion of many "the ideal voice."

For perfection of baritone singing see Mr. Santley on April 30. The following is taken from the Sydney, N. S. W., Freeman: "In well-informed quarters it is thought that Mr. Santley, who has already been highlighted by the Pope—he is a commander of the Order of St. Gregory—will shortly be the recipient of some special mark of royal favor. It is well known that he is one of the Queen's favorites, and the Prince of Wales is one of his warmest admirers. Her Majesty has knighted Sir Jules Benedict, Sir Charles Halls, Sir Michael Costa and Sir Arthur Sullivan. Why not Sir Charles Santley. The famous baritone has never been in any sense a toady, but the very reverse, and if honor comes in this form it is not to him. He is not of his own seeking. He is, however, independent of any decoration the Queen can confer, for he stands pre-eminent as an artist, he is a firm favorite, and above and beyond his art and his popularity as a public performer he enjoys the confidence and esteem of the people of England, Ireland and Scotland, besides counting by thousands of friends and admirers in America and Australia."

—Getting Things in Shape. Victoria Park will soon present its wonted aspect of verdant beauty again under the influence of this balmy weather. Caretaker Grant is getting things in shape, and has applied for the help of two new men, also a horse mower, two hand mowers, new trees, and copies of by-laws for the edification of pedestrians. The members of No. 2 Committee decided last evening to take a stroll up there and see what is needed. Residents on Dundas street, between Waterloo and Colborne streets, will be furnished with artificial stone walls, and Mr. James James will be granted one in front of his hotel on Richmond street. Tenders will be called for. C. S. Hyman, M.P., J. J. Jellery and others have petitioned against the construction of the Wolfe, Hyman and Wellington street sewers, so the contractors were handed back their tenders unopened. City Engineer Tracy was intrusted with a petition for a sewer from Becher street residents and was instructed to find out the state of Central avenue, east of Adelaide, complaints having been received as to the condition of the same. This image is a high-contrast, black and white photograph of a vertical strip from a document. The left portion of the image is dominated by a solid black area, which appears to be a shadow or a heavily underexposed section of the document. To the right of this black area, there is a narrow, vertical strip of a light-colored, textured surface. This surface has a mottled appearance with some darker specks and a slightly grainy texture, characteristic of aged paper or a book's endpaper. The overall composition is vertical and minimalist, focusing on the stark contrast between the black and the light, textured area.

—The new Studebaker sprinkler started
its work yesterday. It can throw a shower
of water over the entire width of the road
on streets like King, York and others. Con-
tractor George Hesman has the carts and
tanks ordered from him nearly completed.

—While patrolling on the north Rich-
mond street beat yesterday afternoon P. C.
William Galt picked up a lady's watch. It
was the property of Miss Cora Baxter, of
John street, and bearing the owner's name
inside the case it was identified and re-
turned.

—The first missionaries of the Methodist
Church to China have been selected. They
will visit a number of cities before their de-
parture next fall, and no doubt some of
them will visit London. Their present ad-
dresses are: V. C. Hart, D.D., Burlington;
O. L. Kilborn, M.D., corner of Gordon and
Union streets, Kingston; George E. Hart-
well, B.D., Athens; D. W. Stevenson, M.D.,
Levy.

Grand Dominion Day Celebration.
It begins to look as if London will have
first-class attractions on the public holi-
days during the coming season. Worthy
of special notice are the extensive prepa-
rations of the Ancient Order of Foresters for
Dominion day, July 1. The proposition is to
hold a big demonstration to which
Foresters throughout Western Ontario will
be invited. If citizens give the affair the
support which it deserves a second day's
programme will be prepared for July 2, a
chief feature being an immense firemen's
demonstration. If this grand two days'
celebration be taken hold of in a liberal
spirit thousands of strangers will be
brought to the city. The action of the
committee, from all the A. O. F. lodges, in
bringing this matter forward at an early
date, is to be commended, as arrangements
for excursions from other cities and towns
can be more readily made.

Everything Fanned Off Nicely.
The cosy lecture room of St. James' Pres-
byterian Church was a little small for the
number of people who gathered under its
roof Thursday night. The energetic Ladies'
Aid had prepared a first-class concert, the
proceeds of the silver collection netting a
substantial addition to the building fund.
Refreshments and social conversation were
sanctioned between the two parts of the
programme, and proved acceptable varia-
tions. The Elson Guitars Club delighted
the audience so much with the first
selection that another was insisted upon
and cheerfully given, although the members
had another engagement. All the num-
bers were exceedingly well given, as fol-
lows: Instrumental, Miss Rowe; reading,
Miss Burney; solos, Miss Ratray; reading,
Miss Cannell; solo, Mr. Soper; quartet,
Miss Burney and Messrs. Wright, Soper
and Cronie; solo, Miss S. Purdon; reading,
Mr. W. Webster. Rev. M. P. Talling, the
pastor, presided, and made everybody at
home in a welcoming address.

The Dairymaids' Supper.
A successful rendition of the cantata,
"The Dairymaids' Supper," was witnessed
in Christ Church school-room Thursday eve-
ning by a large audience. The entertainment
was held under the auspices of the guild of
the church. The performers were each
harmoniously attired in plain but at-
tractive costumes that suggested strongly
the dairy farm's shady dell, while the milk
pails and other dairy paraphernalia were
not forgotten. Soloists and chorists
evinced careful training, and did justice to
their respective parts. The greater share
of the vocal efforts fell to the lot of Mrs.
Welsh, Misses Reed, H. Wright, J. G.
Goldsmith, T. Wright and M. Smith, and
Messrs. Welch, Welch, Logan, Minnick,
Faunt and McCormick. A catchy novelty,
the dairymaids' drill, was introduced,
in which the young ladies were
put through a number of graceful calis-
thetic exercises by their captain, Miss F.
Smith. Mr. E. Green acted as accompanist.
The audience testified to the worth of the
entertainment by requesting the manager,
Mr. Wicks, to reproduce the cantata on
Wednesday evening.

Thatcher's Minstrels.
George Thatcher's minstrel company
appeared Thursday evening before an
audience which filled the Opera House
to the doors. The company consisted
of from 25 to 30 persons. The first
part introduced a number of really
solo and quartet work by Messrs. Jones,
Moore, Lewis and Frillman, the most
acceptable being "Katie Darling," by Ray-
mond Moore. The cat duet of Thatcher and
Shepherd was a novelty, and J. A. Cole-
man's dancing was clever and funny. How-
ever, the setting of the first part was not
pretty and the costumes were unattractive.
The one great feature of the second part
was Frank La Monde's slack-wire per-
formance which, for a man of his build,
was one of the best exhibitions of the kind
ever seen here. The sets of the Gondi-
liers was spoiled by the breaking of
some mechanical contrivances at the last
moment. The costumes and dancing of the
Gondoliers were splendid. Taken as a
whole the show contained many good
features, notably, its singers; but nothing
strikingly original was attempted, nor was
it equal to the performances of the majority
of professional troops which have visited
London in recent years.

How is it the demand is so great for
the Highland Lassie Cigar? Why? cus-
tomers refuse any other Brand? Why is
it other brands are being put on the
shelves? Now is that the case? Highland
Lassie Cigars everywhere? The reply is
not far to seek. The manufacturers, H.
McKay & Co., London, have by straight
dealing won the confidence of the trade, and
the public may rest assured that the confi-
dence will not be abused. The Highland
Lassie is made from the finest Havana
tobacco, and is certainly the best five cent
cigar made in Canada.

Spring.
At this season of the year everything
seems to spring forth in all its freshness
and wanton vigor. But corns and bunions
in their fertility excel all else, and harass
the weary pedestrian in his travels till that
otherwise pleasant exercise of walking be-
comes so much torture. All who have ex-
perienced the above will be pleased to
learn that W. S. Barkwell, a rising chemist
of this city, has perfected a preparation
which gives immediate relief and perma-
nently removes corns and bunions of
every description, and many are the volun-
tary testimonies tendered him in praise of
these excellent preparations known as the
Sure Corn Cure and Sure Bunion Cure.
See that you get the genuine, as it is a sure
cure.
