# LONDON MINISTER CREATES A STIR WHEN HE REFERS TO REPORT THAT OLDERS ARE NOT CHURCH

**W. J. Knox Points Out Claim Made Concerning Canadian Soldiers, But Statement Is Questioned—Pastor of First Presbyterian Church, in Explanation, Declares Remark Was Not a Reflection on Veterans, But Rather on the Church.**

LONDON, June 8.—(By the Canadian Press.)—A bit of breeze broke out just this morning's edition of the London Advertiser. The Presbyterian Church of Canada, which has been in the news for some time, was the subject of a report that the church was not doing enough for the Canadian soldiers. The report was made by a man named W. J. Knox, who is the pastor of the First Presbyterian Church in London. Knox, in his explanation, declared that his remark was not a reflection on the veterans, but rather on the church. He said that he was only pointing out that the church was not doing enough for the Canadian soldiers. He said that he was not a member of the church, and that he was only speaking as a private citizen. He said that he was not a member of the church, and that he was only speaking as a private citizen. He said that he was not a member of the church, and that he was only speaking as a private citizen.

# WILL FLOG ANY GIRL WHO TELLS PRESIDENT GIRL, SAYS JUDGE

**Lad Who Indecently Assaulted Eight-Year-Old Dorchester Child Escapes Lash Only On Account of His Age—Is Still Liable For Sentence At Any Time.**

William Forbes, a 15-year-old local lad, who pleaded guilty to a charge of indecent assault on an eight-year-old girl, was allowed his freedom on a promise to be good. The judge, in his explanation, declared that he was not a member of the church, and that he was only speaking as a private citizen. He said that he was not a member of the church, and that he was only speaking as a private citizen. He said that he was not a member of the church, and that he was only speaking as a private citizen.

## LOCAL TEMPERATURES

Following were the highest and lowest temperatures recorded in London during the 24 hours previous to 8 o'clock last night: Highest, 81; lowest, 45. The official temperatures for the 12 hours previous to 8 a.m. today were: Highest, 70; lowest, 35.

## PASSENGER LEAPS OVERBOARD

Quebec, June 8.—Passenger arriving here by the C. P. O. Corbiere reported that on Sunday night an unidentified passenger leaped overboard. The passenger was not seen again. The passenger was not seen again.

# STREET RAILWAY IS AGAIN AT STANLEY ALL EVERY MAN ON STRIKE

**Council Took No Action At Meeting Last Night and Employees Walked Out At Midnight—Jitney Service Will Be Provided As Before.**

The street railway strike was resumed today. The last possibility of avoiding a tie-up by passing a higher fare bylaw disappeared last night when the city council met and adjourned without once mentioning the matter.

Chairman D. M. McIntyre and Vice-Chairman A. B. Ingram of the Ontario Municipal and Railway Board, arrived in the city from Toronto shortly after 11 o'clock.

Mr. McIntyre announced at 11 o'clock that they had met President Colbert and Mr. John Ashton of the street railway union executive.

"They told us that as their agreement with the board expired at midnight that they would cease to operate the cars unless the board granted them the scale of wages they asked, namely \$2 cents an hour for the highest paid employees, an increase of eight cents an hour," said Mr. McIntyre to The Advertiser.

"We told them that we were not in a position to promise them that and they replied that in that event they would strike at midnight."

Mr. Ingram said he will meet the men at 10:30 a.m. on Tuesday. Following that meeting he will endeavor to interview the mayor and the council to see if they have any policy in regard to the situation. We will then decide what action we will take."

Following the council meeting President John Colbert of the union announced that the cars would be taken to the barns at midnight Monday and left there.

"There is no other course open to us," he said. "Our agreement with the Ontario Railway and Municipal Board expires at midnight. We are unable to get an agreement with the street railway company and it is therefore impossible for us to continue operation of the cars. None of the men will report for work Tuesday morning."

Expected Some Action.

Like the previous special meeting of the council last night's turn in the drama was a surprise to most of those present. It was expected that action of some kind would be taken. The fact of the higher fare bylaw at the previous meeting made it impossible to introduce the matter of the strike. A two-thirds vote of the council, and a strict interpretation of the procedure bylaw would have required a notice of motion.

A bylaw "respecting the London Street Railway Company" appeared on the orders of the day, but apparently there was no such bylaw in existence, as it was not read by the city clerk. When other minor bylaws for paving and oiling certain streets were read.

How the matter could be brought officially before the council was something which puzzled several of the audience even since they voted against the adoption of the bylaw at the special meeting last week. One member in which it was thought it could be done was to have the special street railway committee present another report. With the report as a basis the whole situation could be discussed.

Special Committee.

The special committee, consisting of the chairman, Aldermen Wilson, and Wheatcroft, being present.

None of them knew of any new feature of the situation, and it was de-

ferred to report that "Your committee has nothing to report." Even this negative report, it was thought, might open up a way to reconsider the matter. Apparently there was a change of plans before the council meeting, for no report was presented.

The business of the evening sailed blithely on from "confirmation" and signing of the minutes, which is the first item to "giving notice" of motion, which is the last item, and the street railway was not mentioned once.

Heard No Debate.

The council chamber was filled by a large deputation from the labor representation committee and citizens in general, but they were disappointed in hearing a debate.

A general discussion took place following the meeting, but the only definite statement which could be obtained from anybody, was that the men would strike at midnight. Mayor Little or any member of the council could not say how long the strike would last, or what the next development in the situation would be.

All previous methods of handling passenger traffic which were used in the former strike, will be employed again. It rests with the police commission whether license fees are charged for the operation of "jitneys" and by regular taxi drivers during the last strike, because passengers were carried by autos who had no licenses.

**FIFTY-MILE TRIP MADE IN OX CART WAS ROUGH RIDING**

Robert Wilkinson Tells of the Conditions Seventy Years Ago.

**PIONEER HERE FOR PICNIC Popular Kingscourt Couple Will Celebrate Diamond Jubilee Saturday.**

An interesting visitor in the city this week is Robert Wilkinson, a veteran farmer of 83 years. Mr. Wilkinson lives about five miles from Kingscourt with his son, John C. Wilkinson, and it is on this farm that he and his wife will celebrate their diamond jubilee on Saturday.

Mr. Wilkinson was one of the first men in Western Ontario to subscribe to The London Advertiser, first taking the weekly paper, and later the daily. He has been taking The London Advertiser for 57 years, and today told an advertiser reporter that he would still like the best paper to be bought in Western Ontario.

In the Early Days.

"Things were very different when I landed in Canada in 1851," he said. "I was just a boy of 13 when I reached New York with my parents, after making a 33 weeks' voyage across the ocean in a sail boat. It was no fun traveling down the Hudson river to Buffalo and across the lakes in a ferry boat, but we got through all right. My little sister died of ship fever a week after we arrived. We landed at Port Stanley, and made the trip to the farm we settled on in Strathroy in an ox cart. It was rough riding. When I was 21 years I came to London to get married, and borrowed the only buggy in Strathroy at the time, and paid for it working. London was just a little hamlet then, and the only preacher we could get was a Baptist minister. There were no honeymoons or led cakes, and those days, and most of the people made their trip to the minister in London in an ox cart. After my marriage I settled on a farm of 82 acres, which I bought for \$500. All of it was bush, except two acres, and cleared it in five years with an axe. There was not much money in those days, and we had to take our produce all the way to London to get a few pence to pay the taxes. I laugh at the way the people come to the farms and take away the produce in these times, and pay good prices. Things have changed for the farmers."

Things Move Quickly.

"The way things are going now makes me wonder what folks will be up to in another fifty years. Now they are spinning along in automobiles and aeroplanes, and they can't seem to go fast enough. If I was going to drive one of those machines I would go to the factory and have them teach me how to fix the machinery before I'd drive it."

In the early days of Mr. Wilkinson's life in Canada there were no schools, consequently he never had a day's school, but learned to spell at spelling matches held in the different homes on winter evenings. Mr. Wilkinson is very much amused with the telephone system in the country. He says it is used to take two days to get the neighbors together for a threshing, and now they can all be called up in half an hour, and the threshing done in the same day.

After attending the U. F. O. picnic tomorrow, Mr. Wilkinson is leaving for his home in the country to prepare for his diamond jubilee. He is 51 years of age. The grandchildren are very much amused with the telephone system in the country. He says it is used to take two days to get the neighbors together for a threshing, and now they can all be called up in half an hour, and the threshing done in the same day.

Waterways Body to Hear District Men in City Hall Friday.

Will Take Evidence On Adviseability of Deepening Lakes System.

Representatives from all Western Ontario will appear before the International Deep Water Joint Commission at the city hall here on Friday. Various evidence on the advisability of making the Great Lakes available to ocean-going shipping.

The London Chamber of Commerce has selected a committee to appear before the commission. Members of the city council, including the mayor, also will be present, it is expected.

This committee has been meeting in various localities which the mayor, also will be present, it is expected.

The commission has been meeting in various localities which the mayor, also will be present, it is expected.

\*Daily except Sunday.

\*Limited to St. Thomas only.

11:20 p.m. train runs through to Port Stanley Saturday during July and August. Returning, leaves Port Stanley at 12:30 a.m.

**How American Women May Keep Faces Young**

"The American smart woman ages early, far earlier than the English woman," says Christian Miller, F. C. I., the famous English health expert. She adds that our over-exert ourselves and grow old before we know it. That the skin that lacks moisture grows pale and withered looking and soon forms wrinkles.

"The American complexion" is best treated by applying pure mercurized wax, which causes the faded, lifeless surface to flake off in minute particles, a little each day, until the fresh, young skin beneath is wholly in evidence. Every day use is sufficient. Spread on at night like cold cream, washing it off next morning—Adv.

## COUNTY COUNCIL GIVES \$100,000 FOR MEMORIAL

Provision Made For Handsome Main Building At Western University.

**FIVE ANNUAL PAYMENTS First Installment To Be Made On December First This Year.**

At the initial session of the Middlesex county council, held in the chambers at the county buildings yesterday afternoon, the special committee appointed to consider a grant to Western University recommended that the council donate \$100,000 for a memorial to the Middlesex heroes who died overseas during the war, the memorial to take the form of a main building in the new university.

The grant, according to the report, will be conditional that a tablet of bronze, marble or brass be placed in the new building, upon which are to be inscribed the names of all Middlesex soldiers and nursing sisters who were killed in action, died of wounds or as a result of active service. The grant is to be covered by five annual payments equal in amount, the first payment to be made on December 1, 1920.

Sent to Committee.

To obtain this sum debentures without interest and covering a period of five years are recommended. The grant was not considered by the council as a body, but was referred to the finance committee, and will be dealt with by the councilors at a later meeting of the present session this week.

Engineer Explains.

In explanation County Engineer Talbot said that the check was first made payable to Peters, and later his name was crossed out, and this accounted for the auditors' report being wrong. "It is very unfortunate," he said, "and places Mr. Peters in an embarrassing position." As the report could not be altered, Warden Clark apologized on behalf of the county council for the mistake.

According to the county engineer's report for the year ending June 1, 1920, which was read at the meeting, \$25,529.34 was expended on improvements throughout the county, which included repairs to county roads. The machinery committee reported purchases for the year amounting to \$16,500, which included a tractor, a motor truck, trailers and generators. These reports were referred to the board, and the report of the bridge committee was read and ordered filed.

**FARMERS SAY RAIN WAS WORTH MILLION**

More Showers Would Help the Pastures and Gardens.

Farmers from the district state that the recent showers have been worth a million dollars to the crops. Rain was badly needed, they say, and the showers coming as they did, and followed by warm weather, will make record growth. A little more rain would do no harm.

More rain would greatly help the pastures. In some districts the grass was drying up badly. Dairymen say a good soaking rain would be just what was wanted.

Fall wheat is probably the hardest hit of any crop as the stubble which are growing fast, have pushed their roots down too deep for the light rains to affect. It is not thought by the farmers that the light rainfall of last night will materially effect this crop, as not more than an inch of ground was penetrated by the shower, which only lasted for an hour.

The farmers in the vicinity of Chatham are evidently in better luck than we are," a Middlesex farmer said. The reason for this impression was the lightning seen from that direction coupled with the fact that the clouds were coming from that direction at midnight.

Corn is coming along splendidly, and with warm weather from now on will make rapid growth.

Gardens generally are reported in good shape, and many gardeners are looking for produce to be very plentiful.

**CITY GAS COMPANY NOTIFIES CONSUMERS OF SERVICE CHARGE**

If Anyone Objects Meter Will Be Removed Upon Request.

Official notice that the City Gas Company intends to make a service charge of 85 cents a month to all its consumers, commencing in July, is being given to each gas consumer by means of a circular letter. An intimation to this effect was given to No. 1 committee of the city council last week by representatives of the company.

They came before the committee earlier in the year, asking that rates be increased from 30 cents a thousand cubic feet to at least \$1.20. The matter was referred to City Solicitor T. G. Meredith. He reported that the city had no control over the price of gas, and that it rested entirely with the Legislature. The company made application to the Legislature, but no action was taken by that body during the recent session. The company accordingly decided to make a "service charge" in place of a straight increase. They stated that this would be practically equivalent to increasing the price of gas to \$1.20 a thousand feet.

company of manufacturing only, and leaves nothing for meter reading, billing, collection, management and office expenses, superintendence, taxes and other uncontrollable overhead expenses.

"In order to continue in business and supply gas to our consumers, the company must have revenue to pay his way out of current earnings, as it has no cash reserves, any surplus over a rate of dividend of 6 per cent upon the extremely low capital stock of the company having been put back from year into year into plant, mains, services, etc."

"No dividends on capital stock have been paid since 1917.

"The 'readiness to serve' charge is now made to enable the company to continue in business.

"If any customer objects to paying the 'readiness to serve' charge, the company will, upon request, remove the consumer's meter."

**PASTOR UNHURT WHEN AUTO HITS STREET CAR**

Rev. A. L. Beverly, 1357 Dundas street, while proceeding to the Anglican Clerical Association picnic at Spring-

bank yesterday afternoon in his auto struck Springbank car No. 29 on the Fernbank road. Mr. Beverly stated that when he started down the hill he did not notice the car until it suddenly loomed across the roadway. In the crash the front of Rev. Beverly's car was smashed, but he escaped uninjured. The street car was in charge of Motorman Harry Jolly and Conductor Charlie Freewick. This crossing is said to be very dangerous. The hill is steep, and owing to

the trees a motorist can only with great difficulty see if a street car is approaching.

**Shave, Bathe and Shampoo with one Soap.—Cuticura**

Cuticura Soap is the famous safety razor shaving

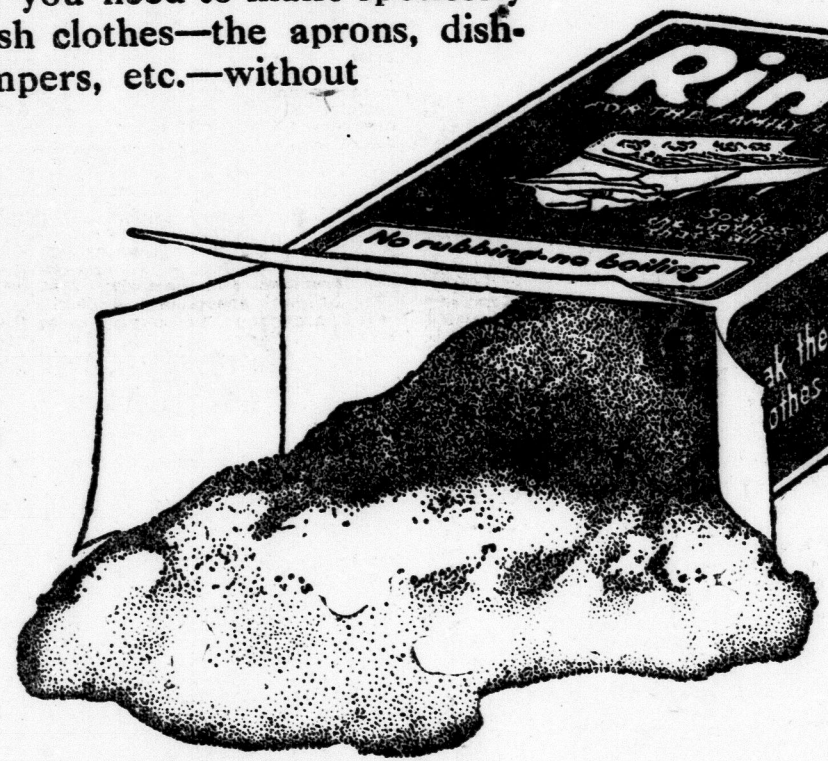

# Rinso

this wonderful new form of soap for the family washing—

Not a cake soap—  
Not a washing powder—  
But a remarkable new soap product in fine granules!

Just the thing you have been waiting for to take the labor and the hardship out of wash day. Just the thing you need now more than ever to save your clothes the relentless rub, rub, rubbing of the wash board. Just the thing you need to make spotlessly white the hard-to-wash clothes—the aprons, dish-towels, children's rompers, etc.—without boiling and toiling.

RINSO'S fine granules dissolve instantly and stir up into a rich suds.

AT NIGHT—  
Soak the clothes with Rinso.  
MORNING—  
Rinse them out—that's all.

## Rinso awaits you at your grocer's—to-day!

Start using RINSO this next Monday. RINSO is a new form of soap. Not a cake soap. Not a "washing powder." A wonderful new soap product—in fine granules. These pure, cleansing granules dissolve instantly into a rich suds. There is not a bit of solid soap to stick tight to the fabric and injure it. There are no harsh chemicals to "eat" the fabric—to destroy the colors. Just a rich, purifying suds—as harmless to the clothes as pure water itself.

## A New Idea of Washing

Labor saving! Time saving! Clothes saving! With RINSO you soak the clothes over-night or for three hours in the morning. You then take them out and rinse them. They will be spotlessly, gleaming clean. Only the extremely soiled things—bad spots—need a light rubbing between your hands right in the RINSO suds and they too will be shining clean.

The rich RINSO suds have loosened all the dirt while the clothes soaked.

Only one package of RINSO and your week's wash will be done better and easier than it was ever done before.

Get that package to-day—RINSO—at your grocer's.

TELL IT TO THE SOCIETY EDITOR.

Mrs. W. A. Thornton of Vancouver is the guest of Mrs. G. L. MacDonald, Hyman street.

Mrs. J. McGill is in town from Port-Louis, the guest of her aunt, Miss McGill, of Cathcart street.

Mrs. E. E. Wells and son of Los Angeles, Cal., are visiting the former's father at 430 Emory street, City.

Mrs. Elizabeth Telfer, Albion street, announces the engagement of her youngest daughter, Elizabeth Beatrice (Lillie), to Mr. George A. Lay, Jr., St. Thomas, the marriage to take place quietly this month.

Sir Charles Ross, Bart., was the guest of Mr. and Mrs. E. W. Grange, Wolfe street, over the week-end. Sir Charles left on Monday for Chicago to attend the Republican convention. He will be the guest of the chairman of the committee of the Republican convention.

A large number of Hamilton men and women were present at the "Kensington" yesterday afternoon for the big Hamilton-London ladies' golf tournament, which ended with London two up. A phenomenal score was made by Miss Nesbitt of Hamilton, who made the course in 91. The tournament was claimed to be a very fine one, Miss Olimie captaining the Hamilton team and Miss Belton captaining the London team.

Luncheon was served on the lawn at the Kensington, huge silver loving-cups laden with lilacs centering the tables. The visitors from Hamilton and the members of the London team were the guests of Mrs. E. B. Smith at a luncheon, while many other members of the club took this opportunity of lunching there, and meeting the Hamilton visitors.

Following the match, tea was served under the trees, Mrs. Harvey Skeer, Mrs. Gordon Ingram and Mrs. Frank Leonard acting as hostesses. The tournament was held under the auspices of the London Ladies' Golf Club.

The score was as follows: Hamilton team—Miss Nesbitt 1, Mrs. Rowe 0, Mrs. Bostwick 1, Miss Morton 1, Miss Mills 0, Miss Scott 1, Miss Spry 1, Mrs. Hunter 14, Mrs. Harris 0, Miss Leonard 0, Miss Thompson 0, making a total of 44 points for Hamilton.

London team—Mrs. Sterling 0, Mrs. Spry 1, Mrs. Hunter 14, Mrs. Harris 0, Mrs. G. Little 1, Mrs. Williams 0, Mrs. Varner 0, Mrs. Niven 1, Mrs. Allen McLean 1, Mrs. Webster 1, Mrs. Vieshart 1, making a total of 44 points for London.

don, and leaving London 2 up in the match.

**ELLIOTT-SALMON.**

A pretty June wedding was solemnized on Wednesday afternoon last, when Miss Violet Salmon, daughter of Mr. John Salmon of 101 West Nisour, was united in marriage to Mr. Athol Elliott, son of Mr. and Mrs. Alexander Elliott of London Township. The ceremony was performed by the Rev. W. R. Osborne, B.A., B.D., in the presence of immediate relatives and friends. After a honeymoon trip they will take up their residence on con. 11, London Township.

**MOCKNIGHT-MOFFAT.**

On Wednesday, June 2, a very pretty wedding took place at the home of Mr. and Mrs. James Moffat, near Kilmichael, when their daughter, Miss Lillian Moffat, was united in wedlock to Mr. David Mocknight, of Mitchell. The ceremony was performed by Rev. Mr. Thompson, pastor of the Monks' Presbyterian Church, in the presence of only the immediate relatives and friends. After the signing of the register and congratulations a sumptuous wedding repast was served.

**AVERY-OLIVER.**

A quiet and simple wedding ceremony was performed in the Congregational church on Wednesday afternoon at 2 o'clock, by the Rev. Robert Daisel, when William Clark Oliver of Royal Oak and Faith O. Avery of Detroit were made husband and wife. The couple were attended by Mrs. Antonette Nicholson, sister of the bride, and Harry Oliver, brother of the groom.

The bride wore a beautiful dress of cream net, with brocade girdle, and carried a bunch of cream roses. The decorations were lilacs, bridal wreath and lily-of-the-valley.

**WHITE-PERRY.**

A pretty wedding was solemnized at the home of Mr. J. Faulkner, 191 Colborne street, on Saturday afternoon, when his niece, Miss Margaret Perry, was united in marriage to Mr. Fred J. White of Detroit. The Rev. Judson Kelly performed the ceremony. The bride looked charming in a gown of pink satin, with corsage of pink georgette and pearl trimmings. She carried a shower bouquet of Ophelia roses and lily-of-the-valley. The only attendant was Miss Polly Faulkner, cousin of the bride, who wore a gown of pink georgette and carried carnations. The groom was supported by Mr. Jack Faulkner, also a cousin of the bride.

About thirty guests sat down to a dainty wedding supper, after which the bride and groom left for Detroit, where they will reside.

## Women At Home and Abroad

BUDGET HITS

**PROFESSIONAL CLASS.**

Mrs. Nellie McClung strikes the right note when she says that the Government's new budget hits hard the salaried and professional people of the land. Important as this body of people is to the country, for it is by their service that the whole mechanism is kept going, they must pay the price as always, and the type which appreciates good things. Their women keep up appearances by paying the price for a good dress and then wearing it for three or four seasons. Now, with the luxury tax, and with exactly the same amount of money to spend, they must be content with the cheap thing, which their less frugal and yet slightly more affluent neighbor drags out in one season. The other two classes suffer not at all. The class which is accustomed to the cheap and shoddy may go on its cheap and shoddy without feeling the pinch. It is fair to say that the new budget does not hit the professional class as hard as it does the other two classes.

**KEYES-TRUDELL.**

A pretty wedding was solemnized in St. Andrew's Church on Saturday, when Miss Mamie Eleanor Trudell, daughter of Mr. and Mrs. Trudell, 1111 Alton street, was united in marriage to Mr. Alton Sheridan Keyes, son of Mr. and Mrs. Keyes of Matilda street. The bride wore a small, white, French hat with a veil of white tulle. She carried a bouquet of white roses and lilies. The groom wore a tuxedo and carried a sword. The ceremony was performed by the Rev. Mr. Keyes, in the presence of immediate relatives and friends. After the signing of the register and congratulations a sumptuous wedding repast was served.

**ROWAN-MCAULEY.**

A quiet but pretty wedding was solemnized at St. Martin's Church on Wednesday, the 2nd of June, when Miss Anna McAuley, the bride of the Rev. Father Foster officiating. The bride was given away by her brother, looking charming in a tailored suit of navy blue serge with large collar and cuffs, and a corsage of Ophelia roses and lilies of the valley. She was attended by Miss Trudell, sister of the bride, and Harry Oliver, brother of the groom.

The bride wore a beautiful dress of cream net, with brocade girdle, and carried a bunch of cream roses. The decorations were lilacs, bridal wreath and lily-of-the-valley.

**MME. GUERIN VISITS LONDON IN INTERESTS OF SECOURS NATIONALE**

Will Return in September to Launch Campaign for Funds.

Mme. Guerin of Toronto, who has been a most enthusiastic worker in connection with the Canadian Secours Nationale, left the city for Toronto last night after having paid a visit here with the object of widening the interest of the community in this work.

The local branch of the Secours Nationale is under the presidency of Mrs. Allen McLean, and London has already done excellent work for the French through this organization, sending \$1,500 to the Franco-Canadian orphanage for the support of children there and at home, and equipping a library at the orphanage at a cost of \$1,000.

In all there are six French children supported by London organizations and individuals.

One of these children is being supported by the pupils of the Collegiate Institute, and one of the primary reasons for Mrs. Guerin's visit to London was to get the children of all the schools interested in this work. With this end in view she interviewed the board of education while in London, and with their permission will visit the various public schools next September, when she hopes to be in the city for three weeks for organization purposes.

Will Come in Fall.

"I have spent all my time on Toronto and Hamilton so far," said Mme. Guerin. "and now I am coming to London to get the interest here." A very pleasant feature of her scheme for interesting the educational institutions of the land in this work is the annual trip to France, which will be given to some teacher of the province by the Secours Nationale to further the interest between the two nations. The teacher will visit the orphanage, making it her headquarters while there. The orphanage has now 140 resident children, all being supported by Canadian money, but there are in all 500 children who rightly come under the care of the Secours Nationale. A big campaign to raise funds for this work will be launched in September.

Address News For This Column to the Editor of Woman's Page.

**THORNDALE W. I. BANQUET.**

A banquet was tendered the members of the Women's Institute and their friends on Friday afternoon in Hart House, Thorndale. There were about 100 present and the Government delegate, Mrs. Macoun, addressed the gathering on "Woman's Responsibility to Herself, Her Home and Her Country." She said that woman's duty to herself was to train her intellect and paying attention to her appearance.

"A woman's responsibility to country is very great," stated the speaker. "One of her most important duties is to raise a family physically and mentally fit to become valuable citizens."

Mrs. Macoun further stated that the Women's Institute was the strongest women's organization in the world, the best women of every rural community following good conduct with it.

The speaker emphasized the responsibility of the school teachers in uplifting the social and moral life of the community by their own example. The musical program which followed consisted of a duet by Mrs. Davis and Miss P. M. Austin and a solo by Miss Rita Gee. Mrs. Chester Hobbs was coadjutor, and responded to Mrs. Macoun. Mrs. Wesley McCutcheon, Mrs. Arthur Brown and Miss P. M. Austin were members of the committee.

Fifty new members were secured for the institute at this meeting.

**THE ORPHAN PUPPIES.**

PART FIVE.

Now, it might have gone hard with little Teddy had Willie Green decided to take him home and keep him, but he did not. He was naughty though he was, liked candies even better than

tormenting pets and decided to sell Teddy if he could—which of course was a very wicked thing to decide, for Teddy did not belong to him.

So naughty Willie Green took Teddy down to the market and looked for a buyer.

A long time ago someone asked for a song, "In the Shade of the Old Apple Tree," I'll send her the piece, words and music, as I don't keep the old music. Will someone tell me what is good to clean brass beds and electric fixtures. I'm enclosing a dime for the S. C. H. SERENE.

What if he had? Poor little Tommy started to whimper then, for you will remember that Tommy and Teddy were very devoted to one another like little brother dogs should be. It seemed as if something like that must have happened to Teddy, for even though Dolly and Tommy searched for many minutes no Teddy could they find.

Of course the market was not far

PHONES 115, 116.

How much will you give me?" asked Willie. "First, tell me where you got the dog," said the man. Then Willie Green told a deliberate fib. He said the dog had been given to him, but that he could not keep it.

"I'll give you twenty-five dollars," said the man.

"Twenty-five," gasped Willie Green, for he had never had so much money before. His breath was almost taken

away, but Dolly had no way of knowing that. Willie Green carried the dog there, for Dolly's nose was so short she could not follow a trail like most dogs.

Who wants to buy a pup?" Willie Green called out boldly. "Who wants to buy a pup?" And a number of people gathered around him.

"How much?" asked a big man, who had just driven up in an automobile in time to hear Willie's call.

So it was, five minutes later, that Teddy there, for Dolly's nose was so short she could not follow a trail like most dogs.

Who wants to buy a pup?" Willie Green called out boldly. "Who wants to buy a pup?" And a number of people gathered around him.

"How much?" asked a big man, who had just driven up in an automobile in time to hear Willie's call.

## Church Co-operation and Duty to Social Problem Causes of Heated Debate

Report of Committee On Church Union Adopted by London Conference—Objection Taken to Devotional Exercises Turned Into Lecture-Room—Fifth Year Decision Reversed.

STRATFORD, June 7.—A heated discussion took place just before noon today at the morning session of the London Methodist conference, when the report of the church co-operation committee, brought down at Saturday morning's session, was restated by Rev. W. H. Graham today.

London, St. Thomas and Stratford districts have approved the plans submitted, said Mr. Graham, and made arrangements for their submission to the congregations involved. Ridgeview district has seen fit to reject specific cases, while endorsing the principle.

"Now, sir, the secretary of the joint committee, Rev. T. A. Symington, has compared the facts in the different cases, to be sent to the congregations concerned. If this conference sees fit to accept the resolution moved in amendment by Mr. McCamus there will be a conflict of authority."

Amendment Carried.

The amendment referred to by the speaker was moved on Saturday by Rev. D. N. McCamus of Clinton. This morning Rev. Ezra Powell of the London conference, in an amendment to the report of the committee on co-operation as far as they have gone, and recommend them to extend their field to take in the Exeter and Wingham districts and any other districts so disposed. I think," he added, "that Methodism would make the biggest mistake it ever made if we were to carry the amendment now before us."

Mr. Powell's amendment was seconded by Rev. W. E. Prescott of London, and eventually carried by a large majority. The McCamus amendment was not and lost, few, if any, but its mover supporting it.

No Right to Assume.

"The Presbyterians have their official board," said Mr. Prescott in the course of the debate, "and we are not to assume that when they are face to face with the problem in general assembly they will throw it down."

"I wish to take issue with three suggestions made, first, that final union is not desirable; second, that co-operation is not desirable in itself apart from union, and finally, that there are great grounds for believing that the Presbyterians will block this union."

Rev. W. H. Graham was appointed delegate to the ecumenical convention at London, England, September, 1921.

Duty of the Church.

At the morning session Dr. Bland speaking on the church's attitude and duty towards social problems of today, said: "The history of moral reform shows that the church must associate itself with all these great movements. Up to the present time her efforts have been largely individual, but now not only must she study social and moral development, for a time at least, the emphasis must be placed upon the social. Simply preaching the gospel alone will not settle the liquor and gambling questions, the church must attack these evils with force."

Rev. D. N. McCamus of Clinton here interpreted that he "could not see everything as Dr. Bland saw it" and had grave doubts about the propriety of some of the latter's theology.

Rev. J. E. J. Millard moved that the morning devotional exercises should not in future be held after they were this year, and turned into a lecture-room.

This was ruled out of order, and the original motion of thanks was presented to Dr. Bland.

Presented With Cane.

At the close of the devotional exercises the president called to the platform five ministers, Rev. S. R. McVittie, Rev. F. Fulton, Rev. Martin J. Wilson, Rev. Rufus L. Wilson and Rev. A. H. Brown, with Mr. Graham, who was ordained in Central Church 24 years ago yesterday. In a

few well-chosen words Mr. McVittie presented Rev. Mr. Graham, last year's president, with a gold-headed cane. Mr. Graham made a brief reply.

Committee on Co-operation.

The report of the committee on co-operation appointed last year to act in conjunction with the London Presbytery in regard to the district within bounds of these bodies forming unions in place where they are not yet formed, presented, recommending that the report which arranged for and had already been presented to the London Presbytery by Rev. Dr. McCamus that the further action along this line be postponed until the question of organic union settled by the Presbytery and the next year, occasioned a very animated discussion. On a vote being taken the report of the committee was adopted.

Board of Examiners.

Twelve names were submitted for the board of examiners, of which the following eight were elected on the ballot: Revs. A. J. Langford, W. H. Graham, Dr. Hazen, J. E. J. Millard, J. C. Reid, W. L. Hiles, Dr. Manning and A. E. M. Thompson.

Statistical Report.

The statistical report was presented as follows: Membership in conference, 56,339; an increase of 1,150; number of families, approximately, 27,419; missionary receipts, \$133,323; educational receipts, \$12,708; total of \$146,031. Young People's Societies, 4,122; Epworth Leagues and Sunday schools, 35,446; Women's Missionary Societies, 2,143. An increase of 39 per cent; Methodist national campaign, \$219,600; total missionary, \$463,481; an increase of \$20,494; raised for ministerial support by circuit, \$234,561, an increase of \$27,815; Grand total of Rev. F. Fulton.

Reverse Decision.

Conference waxed warm this afternoon when the report of the stationing committee, submitted last week, which recommended that Rev. W. J. Ashton be allowed to return for another year. Many of the delegates objected to this being done, but the president announced that a vote be taken to decide the matter. The motion to reconsider the question carried by a majority of eighteen.

As soon as this case was disposed of the other three centres which last week were disallowed were brought up for reconsideration. Practically the same arguments were submitted, with the result that all four centres—Wellington Street and Centennial of London, Parker Street of Sarnia and Varnough Centre—were again permitted to return for a fifth term.

### BOOTLEGGER WHISKEY POISONS QUARTET; ONE MAN'S DEAD

Body of Dead Man Claimed by His Mother Yesterday.

INQUEST ORDERED

Victims Paid \$7 a Bottle For Two Bottles of Poison.

WINDSOR, June 7.—Border police were tonight continuing their search for the bootlegger who sold poison, thought to have been wood alcohol, to three local men, and Louis Brockmiller, a draftsman, employed by the Hudson Motor Company, Detroit, who succumbed and whose body was claimed today by his mother from Bay City and taken to his home for burial.

An inquest is to be conducted Wednesday night and a coroner's inquest is being done, but the president announced that a vote be taken to decide the matter. The motion to reconsider the question carried by a majority of eighteen.

Discovery of the tragedy was made when Ray Stewart, Wellington avenue, one of the party, staggered to a residence near the vacant lot in which his companions lay writhing on the ground, and had the occupants of the house telephone Dr. P. McLennan, 113 London street, who later notified the police, and had the men rushed to the hospital in an ambulance. The police patrol, Brockmiller, who was too far gone to give hopes of his recovery, was removed to St. John's undertaking parlors.

According to Stewart, he, with two companions, H. J. Nothman, 58 old 101 Church street, and S. G. Vail, 35 years old, 35 Chatham street west, met Brockmiller, whom they had previously known, and the quartet purchased two bottles of liquor from a stranger at a house on Wellington avenue for \$7 each. One bottle was sealed and the other had been opened. Brockmiller and Stewart, who were returning to London street when they were seized with pains and went into a vacant lot nearby, where Brockmiller died shortly.

Examination is being made of the contents taken from the stomach of the dead man, and border police are determined to bring the culprit who sold the poison to justice.

### ASSEMBLY WILL MEET NEXT YEAR IN VANCOUVER

Stratford Man Says Presbyterians Need Larger Pensions.

OTTAWA, June 7.—After a number of eloquent speeches, in which the respective merits of St. John, N. B., and Vancouver, B. C., were discussed, the Presbyterian General Assembly meeting in Chalmers Presbyterian church this afternoon decided by large majority to meet in the west next year. The vote was by a show of hands and was so decisive that as moderator did not even have to count the vote.

An animated discussion took place on the question of payments to aged and infirm ministers. Mr. Peter Campbell, a layman from Stratford, put things in a pointed way. He said that the assembly stated a minister could not live on less than \$1,500 a year, yet after a lifetime of service ministers were pensioned off, after their usefulness was gone, at far less sums than that.

Moreover, he said that the church had never made any appeal for these men. He had been contributing since 1877 and had never been asked for money on behalf of these men. If the church would trust the laity and ask them for the money needed to do this, he felt that the church would be a million in the forward fund \$500,000.

Men were leaving the ministry because they saw the treatment that old and infirm ministers received.

The discussion was very animated when it was adjourned to allow the selection of the assembly meeting place for 1921. Afterward the delegates went for a drive to Rockfield experimental farm, where they were welcomed by a number of the chief farm officials and served with tea.

Unfortunately not all could go as there was no transportation facilities forthcoming. Half the delegates were able to take in the trip.

B. F. KASTNER DIES FOLLOWING OPERATION

Well-Known Horseman Succumbs To Injuries Received in Auto Smash.

STRATFORD, June 7.—B. F. Kastner, one of Stratford's best known citizens, died in Toronto Saturday afternoon, following an operation.

afternoon, following an operation. Mr. Kastner suffered severe injuries in an auto accident here a few weeks ago, and after treatment in the local hospital was taken on Thursday to Toronto. On Saturday he underwent an operation, but failed to regain consciousness.

Deceased came to Stratford some years ago from Sebringville. His interests have been many; of late he had been carrying on a hardware business here. He was a director of the Globe-Wernicke Company, and held interests in other business enterprises. He was an ardent horseman, and for several years also had been identified with different branches of sport. His death has caused widespread regret. Besides his wife, five daughters survive: Mrs. H. S. Bradshaw, Olga, Marie, Frances and Kean.

The remains arrived here from Toronto at noon today, and the funeral will take place Tuesday.

use for the flavor would often cost you as much as the whole dessert.

**In an instant**

Jiffy-Jell comes ready-sweetened—and with sugar, not saccharine. It comes acidulated with lemon or grape acid.

You simply add boiling water, then the flavor from the vial, and let cool. The preparation is quick. Jiffy-Jell places eight fruits at your instant call.

**Just compare it**

Compare Jiffy-Jell with the old-style quick desserts. Learn how much the real-fruit flavors add. It will change your whole conception of gelatine delights.

Do this now. Fruits are scarce and expensive; so is sugar. Yet everybody needs fruit daily. Try serving in this way.

Try lime-fruit flavor also for a tart, green salad jelly. Try mint for a mint jelly. Try pineapple and loganberry for desserts.

Telephone your grocer now.

**Arrange NOW To Hold Your Picnic at**

## PORT STANLEY

The summer season is on again. Big, happy crowds at the lakeside every day, attracted by the unequalled facilities for health-creating recreation, and the cheap excursion fares and hourly high-speed service of the London and Port Stanley Railway.

## Are You In Charge of a Picnic?

Officers of Sunday schools, factory or other organized outings should communicate at once with the London and Port Stanley Railway Picnic Bureau at London.

The L. and P. S. R. is prepared to co-operate with you in the development of your arrangements, to provide special train service, high-class, unusual attractions for land or water, and to furnish men and paraphernalia to insure the snappy, happy carrying-out of a live program your people will remember.

Rates and schedules quoted for excursion movements to and from Port Stanley from points on any railroad in Western Ontario.

## RAP UNION GOVT. OVER EXTENDING MOUNTED POLICE

Member After Member Ob-  
jects To Bringing Force  
Into East.

USED TO BREAK STRIKES?

An Alberta Member Makes  
Charge and Rowell Denies  
Statement.

OTTAWA, June 7.—(Canadian Press).—Strong criticism of the Government was voiced in the House of Commons this evening, when the estimates to cover expenditures for the Royal Canadian Mounted Police came up for consideration. Member after member declared that the force was unnecessary in Eastern Canada, and that it should be returned to its original field in the West. Economy was urged by Opposition members as the chief argument against an extension of the scope or activities of the Mounted Police, and Hon. Rodolphe Lemieux declared that the estimated \$4,674,000 should be cut in half. One or two members were very outspoken in their opposition to the extension of the mounted police force in the East.

R. H. Butts of Cape Breton said that mounted police would be regarded as intruders in Nova Scotia, and intimated that trouble would follow their advent.

"We don't want hayseeds from the western plains to watch the Atlantic breakers for booze smuggled from St. Pierre and Miquelon," he declared. "If we must have mounted police, we'll train them in Nova Scotia."

Force Losing Caste.  
W. H. White of Victoria, Alberta, a former member of the mounted police, thought that the force was losing caste and attributed this to the fact that it had been taken from its proper work and put to breaking strikes. This was emphatically denied by Hon. Newton Wesley Rowell, the minister in charge of the estimates. He admitted that the mounted police had been accused of breaking the Winnipeg strike, but it had not done so. When requested by the provincial authorities of Manitoba they had suppressed a riot to prevent serious disturbance. He informed Mr. Butts that there were no more federal police in Nova Scotia than there had been in the past.

The criticism offered was not levelled at the force itself, which it was generally conceded was an exceptionally fine body of men and had performed exceedingly valuable work. The ob-

old's; Benheim, Crookshank Bros.

jection was to an extension of ac-  
tivities in Eastern Canada.

Hon. T. A. Cressart thought it would  
be interesting to know where increases  
in the force had taken place and why.

Over three hundred

In reply Mr. Rowell gave the location  
of the men, showing that the largest  
force was in Saskatchewan. In the  
eastern district, which included Ottawa,  
there were eight officers and 295 other  
ranks.

H. B. Morphy (North Perth) thought  
that in the provinces the mounted  
police should be given full power to  
step in where provincial police juris-  
diction was in doubt.

The answer was given when J. A. Gar-  
bell (The Pas) elicited from Mr.  
Rowell the information that mounted  
police were not supposed to inter-  
fere with the provincial police work.

The whole mounted police estimate  
was subsequently carried, with the ex-  
ception of \$500,000 for new buildings.  
This was allowed to stand. Some dis-  
cussion on beginning sessions earlier  
arose when Sir Henry Drayton intro-  
duced a resolution asking for \$62,900,  
754.17, being one-sixth of the estimates.  
Some of the larger amounts had been  
passed, he said, and it was absolutely  
necessary to have the money.

Hon. W. L. Mackenzie King said he  
did not wish to oppose the motion,  
but the Government must understand  
that next year it would insist on earlier  
sessions. He would rather see the  
House begin its sittings in November  
than in February.

Could Not Promise.

Sir Henry Drayton pointed out that  
he could make no promise for the Gov-  
ernment, and the vote passed. Sir  
Henry stated, however, that the next  
session would definitely begin in Janu-  
ary.

There was considerable discussion of  
the Senate bill, which proposes to con-  
tinue the office of director of coal opera-  
tions in district No. 18. This measure  
received its second reading, but re-  
mains in the committee stage.

The soldiers' land settlement vote for  
\$50,017,000 carried. A message from the  
Senate announced the passage of the  
supreme court act. The House ad-  
journed at midnight.

## BALLANTYNE TO MAKE STATEMENT ON NAVY

OTTAWA, June 7.—A statement on  
naval affairs and the reorganization of  
the Canadian naval service will be  
made in the House of Commons to-  
day by Hon. C. C. Ballantyne, minister  
in charge of the department, shortly. The  
introduction of the estimates of the  
naval department, which it is ex-  
pected, will take place this week, will  
furnish an opportunity for the sub-  
mission of this statement, and a dis-  
cussion of the whole matter.

## FOUR MILLIONS TO PAY INCREASE FOR LAST YEAR

Civil Servants' Bill Gets Its  
Third Reading in House  
of Commons.

MEASURE RETROACTIVE

Every Employee Affected by  
Raising Pay As From  
April, 1919.

OTTAWA, June 7.—(By the Cana-  
dian Press).—It was estimated this af-  
ternoon by Hon. N. W. Rowell, presi-  
dent of the privy council, that the sum  
of four million dollars would be re-  
quired to cover the increased pay to  
civil servants throughout Canada, in  
respect to last year's work. This will  
become payable when the civil service  
bill, which was given third reading in  
the Commons today, is passed by the  
Senate and becomes law on receiving  
the royal assent.

When the bill has become law it is  
understood that an estimate calling for  
\$4,000,000 will be put through the House  
and that checks will then immediately  
be issued to all employees of the Gov-  
ernment.

The increases awarded in the bill are  
retroactive to April 1, 1919, and the es-  
timate of four millions to cover last  
year's salaries.

Every employee in the civil service  
affected by the bill which passed  
today.

CIVIL SERVANTS' BONUS.

OTTAWA, June 7.—Full details of  
the bonus to civil servants were given  
in a return tabled in the House of  
Commons today. Civil employees of 15  
years or over, and supporting depend-  
ents, receiving less than \$1,200 a year,  
get a bonus of \$25 per month through-  
out the present fiscal year. In the  
same class the bonus decreases \$2 a  
month for every extra \$2,000 of salary.  
Bonus of \$20 a month applies to all  
salaries between \$2,040 and \$6,000 per  
annum.

Civil servants 31 years or over and  
not supporting dependents receive a  
bonus of \$21 per month, if their sal-  
aries are less than \$560 a year. For  
every extra \$20 per month in salary  
the bonus drops \$2.50. Servants in the  
same class between eighteen and  
twenty-one years old, and getting less  
than \$560 yearly, receive a bonus of  
\$12.50 per month.

Civil servants working full time for  
part of the year over one month re-  
ceive a bonus for the period of their  
service. Those working less than full  
time the year round are not entitled  
to bonus. Among these are rural post-  
masters and their employees, who get  
no bonus.

## TWO BELGIANS HELD ON CHARGES OF ASSAULT AND OF DOING BODILY HARM

Florence Gouyars, Victim of Assault,  
Reported in Critical Condition.

CHATHAM, June 7.—Achille and Hein  
Doun, Belgians, are under arrest by  
county police, and will face a charge  
of assaulting and causing bodily harm  
to Florence Gouyars. It is alleged that  
one of the Belgians held Gouyars while  
the other beat him with a heavy piece  
of wood. Constable Peters is in pos-  
session of a crude, blood-stained club,  
said to have been used in the assault.  
Gouyars is in a critical condition.

## INGRAM MAKES STATEMENT ON L. P. S. FINANCE

Ontario Railway Board Official  
Takes Another Slap At  
Beck.

BOOKKEEPING METHODS

Had Accounting Been More  
Honest Greater Deficits  
Shown, Claims.

[Special To The Advertiser.]

TORONTO, June 7.—A. B. Ingram,  
vice-chairman of the Ontario Railway  
and Municipal Board, today gave out  
another statement regarding the Lon-  
don and Port Stanley Railway. He  
declared that the application of the  
commission asked for an increase in  
passenger tariffs from 2½ to 3 cents per  
mile, and that their radial lines in On-  
tario are operating under the Ontario

history of hydro in the matter. He  
speaks of Sir Adam Beck organizing  
the London Railway Commission, a  
municipal affair, and entering into a  
deal with London to lease the Port  
Stanley for 99 years, rental for the  
first ten years to be \$20,000 a year.

The annual fixed charges on the  
original construction paid by the tax-  
payers of London is \$76,000. The city,  
he declares, is leasing the railway to  
its own commission for \$25,000,  
assuming an annual loss of \$56,000.

Continuing, he says, Sir Adam electri-  
fied the road at a cost of \$1,174,948.  
"For this debentures would have to  
be issued by the municipality of Lon-  
don at a rate of 2½ per cent (Dray-  
ton's report), which would bear a fixed  
charge of \$64,622." Mr. Ingram then  
goes into the reports of the company  
as made by the commission. He quotes  
from the taxpayers' report in 1915, in  
which the gross earnings are given at  
\$316,886; operating expenses \$186,544;  
taxes \$6,647, leaving net earnings of  
\$123,695. The annual fixed charges are  
given as \$161,911, leaving a deficit of  
\$38,215, according to the statement.

Rates On Coal.

Regarding freight rates on coal Mr.  
Ingram endeavors to show that the rate  
on the Port Stanley is twelve times  
the average rate per ton-mile in Can-  
ada.

"The London and Port Stanley, while  
reducing the Pere Marquette rate to  
58 cents, were not long in going to the  
board to put into effect a rate not only  
equal to but much greater than that  
formerly enjoyed by the steam roads."

Declaring that the application of the  
commission asked for an increase in  
passenger tariffs from 2½ to 3 cents per  
mile, and that their radial lines in On-  
tario are operating under the Ontario

"This document," says Mr. Ingram,  
"contains some interesting figures with  
reference to the various claims made  
by Sir Adam Beck, the principle of  
which is that he operates this line at  
a profit after reducing the rates pre-  
viously charged under steam opera-  
tion."

Gives Some History.

The vice-chairman then enters into the

history of hydro in the matter. He  
speaks of Sir Adam Beck organizing  
the London Railway Commission, a  
municipal affair, and entering into a  
deal with London to lease the Port  
Stanley for 99 years, rental for the  
first ten years to be \$20,000 a year.

The annual fixed charges on the  
original construction paid by the tax-  
payers of London is \$76,000. The city,  
he declares, is leasing the railway to  
its own commission for \$25,000,  
assuming an annual loss of \$56,000.

Continuing, he says, Sir Adam electri-  
fied the road at a cost of \$1,174,948.  
"For this debentures would have to  
be issued by the municipality of Lon-  
don at a rate of 2½ per cent (Dray-  
ton's report), which would bear a fixed  
charge of \$64,622." Mr. Ingram then  
goes into the reports of the company  
as made by the commission. He quotes  
from the taxpayers' report in 1915, in  
which the gross earnings are given at  
\$316,886; operating expenses \$186,544;  
taxes \$6,647, leaving net earnings of  
\$123,695. The annual fixed charges are  
given as \$161,911, leaving a deficit of  
\$38,215, according to the statement.

from the taxpayers' report in 1915, in  
which the gross earnings are given at  
\$316,886; operating expenses \$186,544;  
taxes \$6,647, leaving net earnings of  
\$123,695. The annual fixed charges are  
given as \$161,911, leaving a deficit of  
\$38,215, according to the statement.

Rates On Coal.

Regarding freight rates on coal Mr.  
Ingram endeavors to show that the rate  
on the Port Stanley is twelve times  
the average rate per ton-mile in Can-  
ada.

"The London and Port Stanley, while  
reducing the Pere Marquette rate to  
58 cents, were not long in going to the  
board to put into effect a rate not only  
equal to but much greater than that  
formerly enjoyed by the steam roads."

Declaring that the application of the  
commission asked for an increase in  
passenger tariffs from 2½ to 3 cents per  
mile, and that their radial lines in On-  
tario are operating under the Ontario

"This document," says Mr. Ingram,  
"contains some interesting figures with  
reference to the various claims made  
by Sir Adam Beck, the principle of  
which is that he operates this line at  
a profit after reducing the rates pre-  
viously charged under steam opera-  
tion."

Gives Some History.

The vice-chairman then enters into the

history of hydro in the matter. He  
speaks of Sir Adam Beck organizing  
the London Railway Commission, a  
municipal affair, and entering into a  
deal with London to lease the Port  
Stanley for 99 years, rental for the  
first ten years to be \$20,000 a year.

The annual fixed charges on the  
original construction paid by the tax-  
payers of London is \$76,000. The city,  
he declares, is leasing the railway to  
its own commission for \$25,000,  
assuming an annual loss of \$56,000.

Continuing, he says, Sir Adam electri-  
fied the road at a cost of \$1,174,948.  
"For this debentures would have to  
be issued by the municipality of Lon-  
don at a rate of 2½ per cent (Dray-  
ton's report), which would bear a fixed  
charge of \$64,622." Mr. Ingram then  
goes into the reports of the company  
as made by the commission. He quotes  
from the taxpayers' report in 1915, in  
which the gross earnings are given at  
\$316,886; operating expenses \$186,544;  
taxes \$6,647, leaving net earnings of  
\$123,695. The annual fixed charges are  
given as \$161,911, leaving a deficit of  
\$38,215, according to the statement.

**RIDOUT ST. BRIDGE TO BE REPLANKED, COUNCIL DECIDES**

**Motion To Close Street Was Defeated At Meeting Last Night.**

More interest attached to what was not done at the city council meeting last night than to what actually occurred. The meeting was a very brief one.

A motion to close Ridout street bridge made by Ald. G. B. Drake and seconded by Ald. John Bridges, was defeated, and an amendment instructing the city engineer to replank the bridge was carried. Mr. Bridges submitted a report on the bridge which was identical with the one submitted last year, namely, that the bridge could not be made safe for traffic of more than four tons weight.

Ald. Moorhead quoted sections of the City Gas Company's franchise governing rates and meter rents. He asked the mayor whether this had anything to do with the price of gas. The mayor replied that he thought it had a great deal to do with it. Ald. Wheatcroft asked whether it had anything to do with the service charge of 55 cents a month which the company has announced it is going to make. The mayor answered that he didn't think so.

A motion was passed making the police department responsible for rescue work in connection with drownings and similar occurrences. This work has been done for some years by the fire department. The fire chief protested on the grounds that when men were detailed to this duty it left the department understaffed.

Ald. Wilkinson asked why the collection of ashes was being discontinued. Many citizens were complaining he said. Ald. Seabrook said that the regular summer schedule of collection was being resumed, and that as the incinerator to be burned, ashes could not be taken. Ald. Cunningham said he understood that small quantities of ashes would be taken away with other garbage.

Ald. Cameron Wilson asked if the Ontario Railway and Municipal Board had made any further report on the street railway. Mayor Little replied that it had not.

**INCREASING VALUE OF THE JERSEY COW AS A FOOD PRODUCER.**

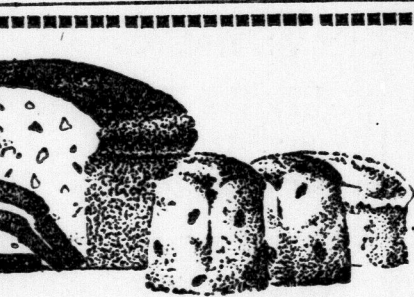

The increasing value of the Jersey cow as a food producer was demonstrated last week at an auction sale of Jerseys at Lowell Farm, Lowell, Mass., when Sophie's Elberta was knocked off at \$5,300, the highest price for any Jersey cow in this country this year.

Sophie's Elberta is a five-year-old cow out of the famous Sophie's Tormentor family. When three years old she gave nearly 11,000 pounds of milk in the year, and breeders say she combines beauty with her utility. The purchaser was a wealthy paper manufacturer from Pennsylvania.

Another cow, Sophie's Florence, four years old, went for \$2,000. A bull only one year old went for \$1,500, and another of the same age \$1,500. There were 71 animals sold for a total of nearly \$54,000, an average of \$755. Many of the Jerseys went to Texas, some to Oregon and others to different parts of the country.

**NEW VICTROLA RECORDS.**

The usefulness of the Victrola is greatly enhanced by the continued freshening up of new records. The June list, a copy of which will be sent to anyone by Ye Olde Firm of Heintzman & Co., Limited, 212 Dundas street, London, contains some of the choicest selections in classic music, as well as the many popular songs of the day and the current dance hits. All these can be had from Heintzman & Co., Limited.

**Bakery Products with the real old-fashioned "Home-Cooked" flavor**

EVERY product sold in a Nut-Krust Bakery is just as deliciously wholesome and pure as it is possible to make it.

Nut-Krust bakers are artists. They have at their command the finest ingredients it is possible to obtain. (Not an ounce of substitutes enter a Nut-Krust Bakery.) Electric baking ovens and distinctly modern equipment add to their efficiency.

In the Nut-Krust Bakery you will find an appetizing variety of quality products to suit your individual taste. You will see the white-uniformed bakers at work. You will realize why we have chosen as our motto:

"Ezacting Clean—Quality Supreme"

**CORPS OF SPEAKERS HERE NEXT MONTH**  
Canadian and American Good Roads Advocates Accompany Motorists.

Accompanying the party of Detroit motorists who will camp in this city overnight on July 13 will be a corps of prominent American speakers who, throughout the tour, will advocate good roads and will speak at the various places visited. The trip will be designated the International Good Roads tour under the auspices of the Michigan Pike Association from July 14 to 23.

The speakers will be in charge of Captain W. S. Gilbreath, manager of the Detroit Automobile Club. The principal speaker will be George R. Graham, in business sales manager of the Pierce-Arrow Motor Car Company of Buffalo. He was selected from all the men of the industry to represent the automobile trade at the recent meeting of the United States Chamber of Commerce in Atlantic City. Captain Gilbreath's corps of speakers will include A. G. Batchelder, executive chairman of the American Automobile Association, Washington, D.C.; Horatio S. Earle, "father of good roads" in Michigan; and candidate for the Wolverine governorship, Detroit; Phil T. Colgrove, president of the Michigan Good Roads Association, Hastings, Mich.; J. Lee Barrett, former secretary Detroit Convention and Tourists Bureau, Ottawa; Dr. P. E. Doolittle, president of the Ontario Motor League, Toronto; R. Milton Fainner, representing the good roads committee of the Detroit board of commerce.

**BIRD NOTES**  
(Contributed by McIlwraith Ornithological Club.)

During the migration season our trips are practically confined to two or three favored localities, which experience has proven to be the best, but when migration is over we have time to visit other places. On Saturday it was my pleasure to visit "passures" in company with a friend, the principal object of our search being a sharp-shinned hawk's nest. After leaving the car we walked some distance through a boggy wood with springs bubbling up all around. The growth of sycamores, poplars, almost suggested a scene in the tropics. A beautiful clear spring creek, wherein no doubt trout were lurking, hurried along with many a twist and turn. After following it a short distance, we came to a clump of cedar where the nest was located. It was some 30 feet from the ground and contained four beautifully molting eggs. Although the sharp-shin is not a large hawk, only measuring some 12 to 15 inches in length, it is very fierce and destructive to other birds, and even poultry. It is not very common, however, so that the damage done by the few that live around London is negligible.

Returning to the car we took a different route, following the side of the hill instead of the bottom land, this time paying particular attention to the ferns and flowers which we had hurried over on the previous trip. A little yellow lady's slipper lifted its pretty flower here and there, while the air was heavy with the perfume of buds and blossoms intensified by the welcome rain. In fact, a heavy shower was in progress when we were in the woods, but it failed to add much to the general dampness that already pervaded everything. A hawthorn or tree that we touched sent a shower of drops down our necks, and sometimes into our eyes. The extra softness of the rain would not convey much to any but a fern student. We had a camp fire and supper at another woods, a little farther on, where we found a colony of red anemone, one of the prettiest and daintiest wild flowers that grows here. E. M. S. DALE.

**ANGELICAN PICNIC HELD AT SPRINGBANK**

The Anglican clergy of the city picnicked at Springbank on Monday afternoon instead of holding the regular clerical meeting. About 42 clergy and their wives were present, some coming from out of the city for the day.

The races were as follows: Gent's running race, Rev. R. E. Charles and Rev. L. Ammitage; ladies' race, Mrs. C. Foreman and Mrs. J. Morris; chums' race, Rev. L. Ammitage and Mrs. Morris; throwing ball contest, Mrs. Pugley; button contest, Rev. William Lowe.

At the supper hour speeches were made by Rural Deans A. A. Bice and Arthur Shore, Rev. Archdeacon Richardson and Mrs. G. B. Sage.

**ST. MARY'S**  
St. Mary's, June 1.—Farmers are hopeful that with the steady rain that fell Saturday evening, they will have a crop that looked short for the season will revive and produce a good average tonnage to the acre. Many fields were dry faded and cracked on the surface. Other crops are looking well.

**ALGONQUIN PARK.**  
Two thousand feet above the sea level, two hundred miles north of Toronto, and 20 miles west of Ottawa lies the provincial Government reserve known as "Algonquin Park," an area of lakes, rivers and streams, and pine and balsam forests covering nearly 3,000 square miles. Good hotels owned and operated by the Grand Trunk Railway offer first-class accommodation at reasonable rates. The ideal territory for the camper and angler. Illustrated descriptive literature from Grand Trunk agents, or write N. T. Clarke, Manager "Highland Inn," Algonquin Park Station, Ont. June 3, 11.

**ILDERTON MASONS HOLD SUCCESSFUL "AT HOME"**

ILDERTON, June 1.—The annual at home and banquet of Henderson Lodge, No. 388, A. F. and A. M., was held on Monday evening, the occasion being the official visit of Rt. Wor. A. C. Ferguson, D.D., for London district. Visiting brethren from the city and surrounding lodges were present in large numbers. The first degree work was exemplified in an almost perfect manner by the officers of Henderson Lodge, and Wor. Master J. C. Reeves was highly complimented by the worshipping district deputy. The banquet, of fourth degree, was a decided success, about 150 sitting down. The speakers to the toasts were Rev. Mr. Shore and Rev. N. A. Campbell, Brothers, N. McGill, E. T. Essery, J. Robson, J. Freshorn, M.L.A., the worshipping district deputy and others. All the speakers emphasized the great need for true men in the world, and urged the brethren to help in the great work of steady the masses in this period of unrest. Bro. Max Cole sang several solos during the evening. Henderson Lodge will attend divine service in a body at Vanneck Presbyterian Church on Sunday, June 13, when Rev. N. A. Campbell will preach. A good rain is very badly needed all through this district. The hay crop will be short. The fall wheat is still looking well, but spring grain, corn and roots are suffering for want of rain. Some farmers have had to replant their corn, as the blackbirds and barn pigeons destroyed the seed. There is a large set of most varieties of fruit, especially of apples, and promise if for the heaviest crop for some years. Some early varieties may need to have the fruit thinned later in the season.

**CLANDEBOYE**  
Clandeboye, June 1.—At the monthly meeting of the U. F. Club held Thursday, A. Simpson and E. Collins were appointed delegates to the committee meeting in London in connection with the U. F. O. picnic to be held on June 3. No. 4 School, McGillivray Township, is closed on account of an outbreak of chickenpox in the neighborhood, but as the disease is in a very mild form, the trustees hope to reopen shortly. C. N. O'Neill is being congratulated on his second-year medical school examinations at Toronto University. Just at present he is renewing his acquaintance with farm work at home. Motorists are thinking that the farmers of this section are taking their statute labor seriously this year, and not skimping the job, judging from the amount of gravel being put on the roads. The new gravel pit opened by E. Henry on his farm makes the hauling much shorter for the men at the north end of the beat. Rain is badly needed everywhere, but particularly by hoe crops and gardens.

The new gravel pit opened by E. Henry on his farm makes the hauling much shorter for the men at the north end of the beat. Rain is badly needed everywhere, but particularly by hoe crops and gardens.

**CLANDEBOYE**  
Clandeboye, June 1.—At the monthly meeting of the U. F. Club held Thursday, A. Simpson and E. Collins were appointed delegates to the committee meeting in London in connection with the U. F. O. picnic to be held on June 3. No. 4 School, McGillivray Township, is closed on account of an outbreak of chickenpox in the neighborhood, but as the disease is in a very mild form, the trustees hope to reopen shortly. C. N. O'Neill is being congratulated on his second-year medical school examinations at Toronto University. Just at present he is renewing his acquaintance with farm work at home. Motorists are thinking that the farmers of this section are taking their statute labor seriously this year, and not skimping the job, judging from the amount of gravel being put on the roads. The new gravel pit opened by E. Henry on his farm makes the hauling much shorter for the men at the north end of the beat. Rain is badly needed everywhere, but particularly by hoe crops and gardens.
