Ordered, That Sir *John A. Macdonald* have leave to bring in a Bill respecting the Administration of Oaths of Office.

He accordingly presented the said Bill to the House, and the same was received and read the first time.

Mr. Speaker reported, That when the House did attend His Excellency the Governor General this day in the Senate Chamber, His Excellency was pleased to make a Speech to both Houses of Parliament, of which Mr. Speaker said he had, to prevent mistakes, obtained a copy, which he read to the House, as followeth:—

*Honourable Gentlemen of the Senate:*

*Gentlemen of the House of Commons:*

In calling you together again for the consideration of Public Affairs, I may fairly congratulate you on a continuance of the progress and prosperity of the Country.

During the recess I visited *Manitoba* and the *North-West Territories* and *British Columbia*, and everywhere I found myself received with loyalty and good-will which I have learned to be characteristic of *Canada*. A comparison of my own observations with those of my predecessors shows clearly the great progress which has marked this part of the Dominion, in the settlement of the Country and in the development of its great agricultural capabilities, of its mineral wealth, and of its other natural resources.

In consequence of the repeated seizures by Cruisers of the *United States Navy* of Canadian Vessels, while employed in the capture of seals in that part of the Northern Pacific Ocean, known as *Behring Sea*, my Government has strongly represented to Her Majesty's Ministers, the necessity of protecting our shipping, while engaged in their lawful calling, as well as of guarding against the assumption by any nation of exclusive proprietary rights in those waters. I feel confident that those representations have had due weight, and I hope to be enabled during the present Session to assure you that all differences on this question are in the course of satisfactory adjustment.

Having observed the close attention which has recently been given by the Imperial Authorities and on the Continent of *Europe* to the improvement in the methods of catching, curing and packing fish, I deemed it expedient to cause a Commission to be sent to *Scotland* and *Holland* to examine and report upon this subject during the fishing season. The report of the delegates will be laid before you; it will, I am sure, give our Fishermen most valuable information and instruction as to the best means of improving and developing this important industry.

My Ministers have carefully considered the difficulties which surround the administration of the rights of the Dominion in its foreshores, harbours, lakes and rivers, and a measure will be submitted to you for removing uncertainty as to the respective rights of the Dominion and of the Provinces, and for preventing confusion in the titles thereto.

The report of the Royal Commission on Labour, which was laid before you during the last Session, has been distributed throughout the country. I have reason to believe that the information which it contains will be found eminently useful in suggesting improvements in the administration of the laws which affect the working classes. Measures for the amendment of those laws, so far as they come within the jurisdiction of the Parliament of *Canada*, will be submitted for your consideration.

The early termination of the Acts of Incorporation of the principal Banking institutions of the Dominion necessitates a review of our present system of Banking and an adjustment of the terms under which the Charters of these Corporations should be renewed. Your attention will be drawn to this important subject.

Certain amendments to the Acts relating to the *North-West Territories*, calculated to facilitate the administration of affairs in that region, as also a Bill further to promote the efficiency of the *North-West Mounted Police*, will be submitted for your consideration.

Measures will be laid before you relating to Bills of Exchange and Promissory Notes, to improve the laws respecting patents of invention and discovery, to amend the Adulteration Act, and the law respecting the Inland Revenue, to amend also the Act respecting the Geological and Natural History Survey of *Canada*, and to provide for the better organization of the National Printing Establishment.

*Gentlemen of the House of Commons:*

The accounts for the past year will be laid before you. It will be found that the Estimates of Revenue have been realized, and that after having fully provided for the various public services of the Country, a substantial surplus will remain. The Estimates for next year have been framed with a due regard to the requirements of the Public Service.

*Honourable Gentlemen of the Senate:*

*Gentlemen of the House of Commons:*

I commit these weighty matters, and all others which may come before you, to your earnest consideration, and I rely upon your wisdom and prudence to deal with them in the manner which, under Divine Providence, may prove most conducive to the happiness and prosperity of *Canada*.

On motion of Sir *John A. Macdonald*, seconded by Sir *Hector L. Langevin*,  
*Ordered*, That the Speech of His Excellency the Governor General to both Houses of the Parliament of the Dominion of *Canada*, be taken into consideration To-morrow.

On motion of Sir *John A. Macdonald*, seconded by Sir *Hector L. Langevin*,  
*Resolved*, That Select Standing Committees of this House for the present Session be appointed for the following purposes:—1. On Privileges and Elections. 2. On Expiring Laws. 3. On Railways, Canals and Telegraph Lines. 4. On Miscellaneous Private Bills. 5. On Standing Orders. 6. On Printing. 7. On Public Accounts. 8. On Banking and Commerce. 9. On Agriculture and Colonization; which said Committees shall severally be empowered to examine and enquire into all such matters and things as may be referred to them by the House; and to report from time to time their observations and opinions thereon; with power to send for persons, papers and records.

On motion of Mr. *Bowell*, seconded by Mr. *Foster*,  
*Resolved*, That a Select Committee composed of Messieurs *Béchar*, *Charlton*, *Davin*, *Desjardins*, *Ellis*, *Innes*, *Prior*, *Scriver*, *Somerville*, *Taylor*, *Tupper*, *Vanasse*, *Weldon* (*Albert*), and *White* (*Cardwell*), be appointed to supervise the Official Report of the Debates of this House during the present Session; with power to report from time to time.

Mr. Speaker communicated to the House, The Report of the Joint Librarians of Parliament. (*Sessional Papers*, No. 8.)

And then The House adjourned till To-morrow.

Friday, 17th January, 1890.

PRAYERS.

The following Petitions were severally brought up, and laid on the Table:—  
 By Mr. *Taylor*,—The Petition of the *Belleville* and Lake *Nipissing* Railway Company.

By Mr. *White* (*Cardwell*),—The Petition of the *Alberta* Railway and Coal Company.

By Mr. *Brown*,—The Petition of the Canadian Millers' Mutual Fire Insurance Company.

The Order of the Day being read, for taking into consideration the Speech of His Excellency the Governor General to both Houses of Parliament,

The House proceeded accordingly to take the said Speech into consideration.

Mr. *Pope* moved, seconded by Mr. *Prior*, and the Question being proposed; That an humble Address be presented to His Excellency the Governor General to thank His Excellency for his gracious Speech at the commencement of the present Session, and further to assure His Excellency:—

1. That we receive with much pleasure His Excellency's congratulations, on calling us together again for the consideration of public affairs, with respect to the continuance of the progress and prosperity of the Country.

2. That we are much gratified to know that on the occasion of His Excellency's visit, during the recess, to *Manitoba* and the *North-West Territories* and *British Columbia*, His Excellency everywhere found himself received with the loyalty and

good-will which, we are glad to be informed, His Excellency has learned to be characteristic of *Canada*; and that a comparison of His Excellency's own observations with those of his predecessors shows clearly the great progress which has marked this part of the Dominion, in the settlement of the Country and in the development of its great agricultural capabilities, of its mineral wealth and of its other natural resources.

3. That we learn with great satisfaction that, in consequence of the repeated seizures by the Cruisers of the *United States Navy* of Canadian vessels, while employed in the capture of seals in that part of the Northern Pacific Ocean known as *Behring Sea*, His Excellency's Government has strongly represented to Her Majesty's Ministers, the necessity of protecting our shipping, while engaged in their lawful calling, as well as of guarding against the assumption by any nation of exclusive proprietary rights in those waters; and that we thank His Excellency for informing us that he feels confident that those representations have had due weight, and that he hopes to be enabled during the present Session to assure us that all differences on this question are in the course of satisfactory adjustment.

4. That we receive with great interest the information that His Excellency, having observed the close attention which has recently been given by the Imperial authorities and on the continent of Europe to the improvement in the methods of catching, curing and packing fish, deemed it expedient to cause a Commission to be sent to *Scotland* and *Holland* to examine and report upon this subject during the fishing season; and that we are convinced that the report of the delegates, which will be laid before us, will give our Fishermen most valuable information and instruction as to the best means of improving and developing this important industry.

5. That we are pleased to learn that, His Excellency's Ministers having carefully considered the difficulties which surround the administration of the rights of the Dominion in its foreshores, harbours, lakes and rivers, a measure will be submitted to us for removing uncertainty as to the respective rights of the Dominion and of the Provinces, and for preventing confusion in the titles thereto.

6. That we thank His Excellency for informing us that the report of the Royal Commission on Labour, which was laid before us during the last Session, has been distributed throughout the country; that we concur with His Excellency in the belief that the information which it contains will be found eminently useful in suggesting improvements in the administration of the laws which affect the working classes; and that we assure His Excellency that any measures for the amendment of those laws, so far as they come within the jurisdiction of the Parliament of *Canada*, will receive our careful consideration.

7. That, having been informed by His Excellency that the early termination of the Acts of Incorporation of the principal Banking institutions of the Dominion necessitates a review of our present system of Banking and an adjustment of the terms under which the Charters of these Corporations should be renewed, we assure His Excellency that any Bill relating to this important subject will receive our earnest attention.

8. That we will willingly consider any measure submitted to us for the amendment of the Acts relating to the *North-West Territories*, calculated to facilitate the administration of affairs in that region, as also any Bill further to promote the efficiency of the *North-West Mounted Police*.

9. That His Excellency may rest assured that any measures laid before us relating to Bills of Exchange and Promissory Notes, to improve the laws respecting Patents of Invention and Discovery, to amend the Adulteration Act and the law respecting the Inland Revenue, to amend also the Act respecting the Geological and Natural History Survey of *Canada* and to provide for the better organization of the National Printing Establishment, will have our best consideration.

10. That we thank His Excellency for informing us that the accounts for the past year will be laid before us, and that it will be found that the Estimates of Revenue have been realized, and that after having fully provided for the various

public services of the Country, a substantial surplus will remain ; and that our thanks are due to His Excellency for informing us that the Estimates for next year have been framed with a due regard to the requirements of the Public Service.

11. That His Excellency may rest assured that these weighty matters, and all others which come before us, will receive our earnest consideration ; and that we thank His Excellency for the expression of his reliance upon our wisdom and prudence to deal with them in the manner which, under Divine Providence, will prove most conducive to the happiness and prosperity of *Canada*.

And the Question being put on the Resolution :—It was resolved in the Affirmative.

*Resolved*, That the said Resolution be referred to a Select Committee composed of Sir *John A. Macdonald*, Sir *Hector L. Langevin* and Messieurs *Pope* and *Prior*, to prepare and report the draft of an Address in answer to the Speech of His Excellency the Governor General to both Houses of Parliament, in conformity to the said Resolution.

We are much gratified to know that on the occasion of Your Excellency's visit during the recess, to *Manitoba* and the *North-West Territories* and *British Columbia*, Your Excellency everywhere found yourself received with the loyalty and good-will which, we are glad to be informed, Your Excellency has learned to be characteristic of *Canada* ; and that a comparison of Your Excellency's own observations with those of your predecessors shows clearly the great progress which has marked this part of the *Dominion*, in the settlement of the Country and in the development of its great agricultural capabilities, of its mineral wealth and of its other natural resources.

TO THE QUEEN'S MOST EXCELLENT MAJESTY,

We, Your Majesty's most dutiful and loyal subjects, the Commons of *Canada*, in Parliament assembled, desire most earnestly in our own name and on behalf of the people whom we represent, to renew the expression of our unswerving loyalty and devotion to Your Majesty's person and Government.

We have learned with feelings of entire disapproval that various public statements have been made, calling in question the loyalty of the people of *Canada* to the political union now happily existing between this Dominion and the British Empire and representing it as the desire of the people of *Canada* to sever such connection.

We desire, therefore, to assure Your Majesty that such statements are wholly incorrect representations of the sentiments and aspirations of the people of *Canada*, who are among Your Majesty's most loyal subjects, devotedly attached to the political union existing between *Canada* and the mother country, and earnestly desire its continuance.

We feel assured that Your Majesty will not allow any such statements, emanating from any source whatever, to lessen Your Majesty's confidence in the loyalty of your Canadian subjects to Your Majesty's person and Government, and will accept our assurances of the contentment of Your Majesty's Canadian subjects with the political connection between *Canada* and the rest of the British Empire, and of their fixed resolve to aid in maintaining the same.

We pray that the blessings of Your Majesty's reign may, for your people's sake, be long continued; the House divided: and the names being called for, they were taken down as follow:—

Mr. *Bergeron*, from the Select Standing Committee on Standing Orders, presented to the House the Fifth Report of the said Committee, which was read, as followeth :—

Your Committee have examined the Notices given on the following Petitions and find them sufficient, viz. :—

Of the *Erie and Huron Railway Company*, for power to construct and operate additional lines of railway; of *Emily Walker*, of the City of *Hamilton*, for an Act to declare her marriage with *Alfred Percy Walker*, her husband, to be dissolved; of the *Moncton and Prince Edward Island Railway and Ferry Company*, for an Act of Incorporation; of the *Rainy River Boom Company*, for an Act of Incorporation; and of the *Canadian Pacific Railway Company*, for power to lease any line of railway that may be authorized by law to grant that power; also, to issue a limited amount of additional consolidated Debenture Stock.

Your Committee have also examined the Notices given on the following Petitions, viz. :—

Of the *Home Benefit Life Association*, for an Act of Incorporation; of the *Vaudreuil and Prescott Railway Company*, for power to change their name to that of the *Montreal and Ottawa Railway Company*; and of the *Brantford, Waterloo and Lake*

*Erie* Railway Company, for certain amendments to their Act of Incorporation, and find that they are all somewhat short of the required time, but as they will, in each case, have fully matured before the respective Bills can be considered by the Committee to which they may be referred, your Committee recommend that they be deemed sufficient.

On the Petition of the Lake *Manitoba* Railway and Canal Company, for power to construct a line of railway from some point on their present proposed line in a north-westerly direction to a point on the *Saskatchewan* River, notice was duly published in the Province of *Manitoba*, but not at all in the District of *Saskatchewan*, your Committee therefore recommend that the notice be deemed sufficient for the construction of a railway to the Northern boundary of *Manitoba* and no further.

Your Committee examined the notices given on the Petition of the Confederation Life Association, for certain amendments to their Act of Incorporation, and find that though they are regular in every other respect they do not specify the intention of the Company to apply for power to limit the amount of Stock that may be held by any one person; but, as the granting of such power would not affect the rights of any but the Shareholders of the Company, your Committee recommend that the same be granted, conditional upon the exercise of such power being made subject to the approval of the Shareholders signified at a general meeting.

Your Committee also find that the notices given on the Petition of the Canadian Millers' Mutual Fire Insurance Company, for an extension of powers, are very short of the required time, but as the powers asked for do not appear likely to interfere with or prejudice any existing rights or privileges whatever, and as the notices will have been published for a period of six weeks before the Bill can come before the Committee on Banking and Commerce, your Committee recommend that they be considered sufficient.

Mr. *Haggart*, a Member of the Queen's Privy Council, presented,—Return to an Order of this House, dated 3rd February, 1890, for copies of all letters, reports and other correspondence now in the possession of the Postmaster General respecting the carriage of the mails between *Campbellton*, in the Province of *New Brunswick*, and *Gaspé* Basin, in the Province of *Quebec*. (*Sessional Papers*, No. 30a.)

Sir *Hector L. Langevin*, from the Select Standing Committee on Railways, Canals and Telegraph Lines, presented to the House the Third Report of the said Committee, which was read, as followeth :—

Your Committee have had under consideration Bill relating to the *Canada* Southern Bridge Company, and have agreed to report the same without amendment; and the following Bills each, severally amended, viz. :—

Bill to incorporate the *Tilsonburg*, *Lake Erie* and *Pacific* Railway Company.

Bill to incorporate the *Canada* Cable Company.

Bill respecting the *Manitoba* and North-Western Railway Company of *Canada*.

Bill respecting the Northern and Western Railway Company, and to change the name of the Company to “The *Canada* Eastern Railway Company;”—and

Bill respecting the *Hereford* Railway Company.

Mr. *Bergeron*, from the Select Standing Committee on Standing Orders, presented to the House the Eighth Report of the said Committee, which was read, as followeth :—

Your Committee have examined the Notices given on the following Petitions, and find them sufficient, viz. :—

Of the *Chambly* Manufacturing Company, for an Act of Incorporation; and of the *Manitoba* and South-Eastern Railway Company, for certain amendments to their Act of Incorporation.

Your Committee have also examined the Notices given on the Petition of the *Pontiac* Pacific Junction Railway Company, for certain amendments to the Acts affecting the Company, and find them sufficient for all the objects mentioned in the Petition, except for the purpose of extending their line of Railway to the Canal Basin in the City of *Ottawa*, which was not mentioned in the notice.

On the Petition of the *Napanee*, *Tamworth* and *Quebec* Railway Company, for power to extend their line of Railway, to build branch lines in various Counties in *Ontario*, to construct a bridge over the *St. Lawrence* River at or near *Rockfort*, and for other purposes, your Committee find that notice was duly published with respect to the proposed extension and branch lines, except in the Counties of *Peterborough* and *Victoria*. They, therefore, recommend that, in the construction of Branch lines, the Company be restricted to the Counties in which notice was published. With regard to the notice for the construction of the proposed bridge, your Committee find it insufficient, inasmuch as it has only been published for a period of two weeks.

Your Committee have also examined the notices given on the following Petitions and find them somewhat short of the required time, viz.:—

Of the River *Detroit* Winter Railway Bridge Company, for an extension of time for the construction of the bridge; of the North Canadian Atlantic Railway and Steamship Company, for an Act of Incorporation: of the *Sault Ste. Marie* and Atlantic Railway Company, for an Act of Incorporation: and of the *Montreal* Bridge and Terminus Company, for an Act of Incorporation;—but as the said notices will mature before the Bills can be considered by the Railway Committee, it is recommended by your Committee that they be deemed sufficient.

With regard to the Petition of the *Montreal* Bridge and Terminus Company, your Committee find that the notice does not contain the particulars as to proposed rates of toll, &c., required by the 52nd Rule, but as provision can be made in the Bill requiring the said particulars to be subject to the approval of the Governor General in Council, before being carried into effect, they recommend that the said Rule be suspended, in so far as it relates to this Petition.

Mr. *Sproule*, from the Select Standing Committee on Miscellaneous Private Bills, presented to the House the First Report of the said Committee, which was read, as followeth:—

Your Committee have examined the Bill to incorporate "*Belding Paul* and Company, Limited," and beg to report the same without any amendment.

On motion of Mr. *McDougald* (*Pictou*), seconded by Mr. *Cargill*,  
*Ordered*, That the Petition of *Henry N. Paint* and others, presented this day, be now read.

And the said Petition was read and received; praying for an Act of Incorporation under the name of the *Inverness Railway Company*.

On motion of Mr. *Préfontaine*, seconded by Mr. *Langelier* (*Quebec*),  
*Ordered*, That the 52nd Rule of this House be suspended, in so far as it affects the Petition of the Honourable *J. R. Thibaudeau*, Senator, and others; praying for an Act of Incorporation under the name of "The *Montreal Bridge and Terminus Company*," in accordance with the recommendation contained in the Eighth Report of the Select Standing Committee on Standing Orders.

(*Sessional Papers, No. 43.*)

Mr. *Bergin* moved, seconded by Mr. *Hickey*, and the Question being proposed.

1. That on Wednesday, the 17th day of April, 1889, the Right Hon. Sir *John A. Macdonald* presented to the House, a Return to an Order of the House of the 18th March last past, for plans and surveys of the then proposed *Cornwall Canal*, by *J. B. Mills* and *Benjamin Wright*, Esquires, Civil Engineers, and by Captain *P. Cole*, Royal Engineers, in the years 1832, 1833 and 1834; also, for surveys and report of *Colin Carman*, Esquire, C.E., of a proposed change of location of *Cornwall Canal*, from *Sand Bridge* through *Hoople's Creek* to *Archibald's Point*, with plans, profile and estimates; also, reports, plans and surveys made by Mr. *Clemas*, C.E., in 1826.

2. That embodied in said Return, under the signature of *John Page*, Chief Engineer, and addressed to the Secretary of Railways and Canals, is a letter, which said letter is in the words following:—

“*Ottawa*, 28th March, 1889.

“*SIR*,—It is considered proper to state that the survey of what is called *Hoople's Creek* and *Sand Bridge Gully, Feeder Line*, was made a number of years ago, at the request of Dr. *Bergin*, M.P. for *Cornwall*.

“When the plan was sent in, it was, I believe, accompanied by an estimate of the probable cost of carrying out the scheme; but, the estimate having been mislaid, the resident officer, Mr. *Tom S. Rubidge*, was requested to furnish a copy, which he did, along with the accompanying letters.

“Relative to this matter, it may be stated that the project appears to have been thoroughly investigated and discussed prior to the works of the *Cornwall Canal* having been undertaken, fully fifty-five years ago; and, judging from existing circumstances, it does not appear to have been looked upon favourably—a result that very few, if any, of those persons whose aim is solely in the interests of canal navigation will be at all likely to regret. For its resuscitation now, so far as access to or egress from the canal is concerned, no reason worthy of the slightest consideration can be assigned, beyond that of allowing more water to enter the canal at about two miles below its upper end, consequently affording the means of drawing from a larger surface area; but, it should be borne in mind that the canal under any circumstances for a considerable distance above lock No. 20 and for the whole distance— $4\frac{3}{4}$  miles—below it, is and must continue of the ordinary width so long as economy continues to be an object.

“2. The question of ‘frazil,’ however interesting in itself, or its effects upon the admission of water at certain times during winter, has nothing whatever to do with canal navigation, which, it is well known, does not begin until the season for such accumulation is passed and closed before it occurs. The question, therefore, seems in a great measure, to resolve itself into whether it is better to spend nearly a million of dollars for the purpose of pleasing the Member for *Stormont* and *Cornwall*, or reserve the money for a purpose where it is certain to be productive of a really serviceable and useful effect.

“This gentleman, I am credibly informed, in a far-fetched, elaborate oration, specially remarkable for length and want of point, occupied the House of Commons

for several hours recently in talking about the *Cornwall Canal* and its projectors, leaving it to be inferred what a very different state of matters would now exist had they possessed a capacity of foresight, having even a very small share of the keen penetration claimed for his long range backsight.

“Moreover, that defects in my humble self—intensified by obstinacy—have perpetuated and are continuing to eternize the evils past, present and future, which he looks back upon in such a way as impels him to bring the matter before Parliament, and although of a different nature to the study of the human frame and system, he feels himself no less capable of fixing definitely the proper course that should be adopted by the Government, irrespective of what others may advise.

“It is truly surprising how some men possess facilities for getting at all kinds of knowledge which others, apparently of fully as large individual capacity, are unable to reach satisfactorily, although assisted by training and experience; still, one occasionally meets a phenomenon of this kind that does not wholly collapse when probed. However, such instances are rare.

“From the worthy Doctor’s elevated standpoint and far-searching vision, he perceives that nothing has been done right, and indeed never can be done satisfactorily on the *Cornwall Canal*, until the whole management has been taken out of the hands of the Government and placed solely under his enlightened control or that of a person like him, who can at once deal with valves, roller plates in the bottom, the whole condition of the gates, working of crabs, effects of chain-winding upon the systems of lockmen, the position or location of the line, entrances, or whatever is necessary to get the whole into shape and keep everything in the best condition.

“I am at a loss to understand in what way I have had the misfortune to incur the ire, or rather to sink so low in the estimation of a person who appears to possess such unusual views of justice, honour and the characteristics indicated in the speech previously mentioned.

“It may, however, be stated that it is not generally looked upon as a prominent mark of bravery for even a non-combatant officer to attack a person whose hands are tied, or even for a gentleman of the lancet to assail, in the most prominent place possible, the character, professional or otherwise, of one who is absent, or not in a position to answer the charges; still, in all such cases it is presumed that a great deal depends on the sense of justice, honour and object of the attacking party.

“Before closing this letter it may be stated that the vast array of ancient records exhumed for the occasion, and the use made of them and kindred all-but-forgotten matters, have a strong resemblance to juggling with the subject for the supposed entertainment of those who had sufficient patience to listen to such a bitter, far-fetched onslaught upon an absent person, who had no more to do with them than the worthy Doctor had to do with framing the original Bill for the reform of Parliament, or with the settlement of the question of the Clergy Reserves.

“It therefore seems as if the statements were made under the impression that the declaimer possessed the proverbial advantage enjoyed by the chimney sweep, of being fully secure from retaliation in kind.

“I have the honour to be, Sir,

“Your obedient servant,

“JOHN PAGE,

“*Chief Engineer.*”

“The Secretary of Railways and Canals.”

3. That the said *John Page*, the writer of the said letter, is a salaried officer of the Department of Railways and Canals, has been many years in the public service, and therefore not ignorant of what is due to the dignity of this House and to the consideration and respect due to its Members.

4. That the said letter of the said *John Page*, so presented to this House on the said 17th day of April, 1889, is a scandalous, false and malicious libel upon a Member of this House, and a high contempt of the privileges and of the constitutional authority of Parliament;

And a Debate arising thereupon :—The said Motion was, with leave of the House, withdrawn.

Mr. *Platt* moved, seconded by Mr. *Innes*, and the Question being proposed, That machinery designed for use in mining operations should not be subject to Customs duty when imported into *Canada* for mining purposes ;

Mr. *Mulock* moved in amendment, seconded by Mr. *Charlton*, That the words “ of kinds not manufactured in *Canada*.” be inserted after the word “ machinery ;”

Mr. *Mara* moved in amendment to the said proposed amendment, seconded by Sir *Donald A. Smith*, That all the words after “ That ” in the main Motion, and all the words of the proposed amendment be left out, and the words “ the discussion on “ the subject of admitting machinery used for mining operations in *Canada* free of “ Customs duty shall not be taken up until after the proposed tariff changes are laid “ before the House by the Government,” inserted instead thereof ;

And the Question being put on the amendment to the said proposed amendment ; the House divided : and the names being called for, they were taken down, as follow :—

And the said Petition was read and received; praying to be permitted to lay before the House their Petition for the passing of an Act empowering them to increase their Capital Stock, notwithstanding the expiration of the time for presenting Petitions for Private Bills.

*Ordered*, That the said Petition be referred to the Select Standing Committee on Standing Orders.

Sir *Richard J. Cartwright* moved, seconded by Mr. *Jones (Halifax)*, and the Question being proposed, That whereas it appears from certain documents and letters published in the Votes and Proceedings of this House, that *John Charles Rykert*, Member for the County of *Lincoln*, did, in or about the beginning of the month of April, A.D. 1882, apply to the Government of *Canada* for a grant of certain Timber Limits in the *North-West Territories*, at or near *Cypress Hills*, in the name of one *John Adams*, and that, at or about the time of such application, he procured an agreement to be signed by the said *John Adams*, whereby, in consideration of the services of the said *John C. Rykert*, alleged to be voluntarily given, in obtaining the grant of such limits, the said *Adams* agreed to assign to the wife of the said *John C. Rykert* one-half interest in the limits so applied for, and to pay over to her one-half of all the net proceeds of the sale of all timber thereon or the purchase money derived therefrom, which agreement is in the words and figures following:—

“Memorandum of agreement made this third day of April, A.D. 1882 :—Between *John Adams*, of the City of *Winnipeg*, of the first part; and *Nannie Marie Rykert*, of the City of *St. Catharines*, of the second part.

“Whereas the above named *John Adams* has, through the intervention of *John Charles Rykert*, obtained certain limits in the *North-West Territories*, at or near *Cypress Hills*, and has, in consideration of the services of the said *Rykert*, voluntarily given him, agreed to and with the said party hereto of the second part, to give to her one-half the proceeds of the said limit, after deducting all expenses connected therewith :

“Witnesseth, that the said party of the first part, in consideration of the sum of one dollar to him in hand, paid by the party of the second part, the receipt whereof is hereby acknowledged, and in further consideration of the premises, hath agreed, and by these presents doth agree, to assign and transfer to the said party of the second part one-half interest in the limits applied for and to be granted by the Government at or near the *Cypress Hills*, in the *North-West Territory*, and to pay over and account to her for one-half of all the net proceeds of the sale of all timber thereon or for the purchase money derived therefrom, after deducting all expenses and charges in connection therewith.”

“Witness the hands and seals of the parties hereto the day and year above written.

“(Signed) JOHN ADAMS.

“Witness : (Signed) J. C. RYKERT.”

That, whereas it further appears from such documents that the application of the said *John C. Rykert* was successful, and that an Order in Council was, on the 17th April, A.D. 1882, approved, granting to the said *Adams* such limits, and that the said *J. C. Rykert* in such correspondence claimed and insisted that he was successful in procuring such Order in Council owing to the extraordinary influence he, the said *Rykert*, possessed with the Department of the Interior and with the Government, as appears from the following extracts from the letters of the said *Rykert* to the said *Adams*, contained in such Votes and Proceedings, viz., on the 11th April, 1882 :

“I to-day saw *McCarthy*, and he was terribly surprised to hear that I had got the limit, as he was refused point-blank. He is willing to join with us in the survey, and I go to *Hamilton* to get *Laidlaw* to say where he wants the limit. He has written me he will do almost anything if I will assist him in getting his. I will write you from home on Thursday. The Order in Council went before the Government to-day, and it is likely it will pass at once. Instructions will then be given to the surveyor. We are awfully lucky, as the Deputy told me that no other man could have forced them to yield.”

And, again on the 16th April, 1882 :

“The Order was passed several days ago. *Laidlaw* is to meet me in *Hamilton* to-morrow. He has not yet got his Order, and is now of opinion that I have more influence than *McCarthy* who told me he was refused by the Government.”

And, again on the 21st April :

“The Order in Council has been finally passed, and this although every effort was made to induce the Government to alter their minds.”

And, again on the 24th April :

“*Laidlaw* offered to bet me \$1,000 I could not get the Order passed for you, as he had been refused in January and again in February.”

And, again on the 10th May :

“*Laidlaw* only got his Order passed this week, and he had to get me to help him, so you see who had the influence with the Government after all.”

And, again on the 1st August, 1882 :

“It will be satisfactory to know, after my hard fight with the Government, that I did get what you anticipated. I would not go through the same difficulty again for twice the amount. I never spent such six weeks before as I did while endeav-

ouring to force the Department to do justice. The fact of their having refused *McCarthy* before had a great deal to do with the delay and refusal. Poor *Laidlaw*. I am pleased he did not get the start of this child. He thought he was very smart and had all the influence of the country at his back. I think another time they will recognize the fact that *J. C. R.* is not very easily defeated at anything."

And, whereas it further appears that the said limits were subsequently sold by and on behalf of said *Adams* and *Rykert* to one *Louis Sands*, at and for the sum of \$200,000, and that the said *John C. Rykert* did, on the 16th day of January, A.D. 1883, receive from the said *John Adams* the sum of \$74,200 out of the said purchase money, and which sum was payable under the said agreement as and for the share of the said *John C. Rykert*, or his wife, in the said limits, and that he signed a receipt therefor in the following terms:—

"Winnipeg, Manitoba, 16th January, 1883.

"Received from *John Adams* \$35,000 in cash by drafts on the Bank of *Montreal*, and four notes of *Louis Sands* for \$39,200, payable in one and two years. All payable to the order of Mrs. *N. M. Rykert*, and in full of the moneys payable to her under agreement.

"(Signed) J. C. RYKERT,  
"Her Attorney."

That, whereas it appears from the *Hansard* report of the proceedings of the House that, on the 2nd day of May, A.D. 1883, Mr. *Charlton*, the then and present Member for *North Norfolk*, did in his place ask: "If the said *John C. Rykert* did not negotiate the transaction in connection with the timber limits in the *Cypress Hills*, and if he did not, as agent for other parties, get a timber limit there at \$5 a square mile and sell it at \$2,000 a square mile, and if he did not get such limit on behalf of one *Adams*, and if he did not go to *Winnipeg* in person and sell it to *Louis Sands*, of *Michigan*, for \$200,000, of which \$90,000 was paid in cash, one-third of which he, the said *John C. Rykert*, put in his pocket?" to all of which questions the said *J. C. Rykert* categorically replied in the negative, and at once proceeded to make, and did make, the following statement from his place in the House:—

"The honourable gentleman has asked me several questions, and I propose now to answer them. I neither directly nor indirectly drew the money he spoke of, nor put any sum in my pocket except professional fees, and professional fees only. I deny that I negotiated any timber lease for Mr. *Adams*, or any other person. On the contrary, Mr. *Adams* had his own agents to negotiate for him; he made his own bargain, and I had nothing to do with it, and did not pocket the money the honourable gentleman has spoken of. On the contrary, I advised Mr. *Adams* not to dispose of the limit, but to work it. The honourable gentleman on several occasions has made remarks outside of the House to the same effect, and I am glad now to have an opportunity to give it an emphatic denial."

That, whereas it further appears from the said correspondence published in the said Votes and Proceedings, that certain difficulties having arisen with respect to the said limits, owing to their being claimed in whole or in part by the Canadian Pacific Railway Company as being within the Railway Belt, the said *John C. Rykert* did agree with the said *Adams* to use, and did inform the said *Adams* by letters signed with his own hand, that he was using corrupt influences with certain Members of the Government of *Canada* and of the Parliament thereof, and with other officials thereof, in order to defeat the claim of the said Canadian Pacific Railway Company and to secure to himself and the said *Adams* or their assignee the said timber limits, and did further inform the said *Adams* that he had eventually successfully arranged the matter; all of which appears in the following extracts from the letters written by the said *J. C. Rykert* to the said *Adams* published in the said Votes and Proceedings, viz.:—

In the letter of 28th January, 1883 :

"I have to go to Ottawa to-morrow night to fight the matter out, which I do not like. I seem to have all the hardest part of it to do. I have *Bowell* working

for me. And if we succeed in beating the railway, we will have to pay the amount we agreed to pay, as you recollect, when we two were in the Queen's Hotel. I have not slept for a week on account of this. We must keep perfectly quiet."

And, in the same letter, further on :

"I am engaging all I can to assist me at *Ottawa*, and we will have to pay them well for it, as we cannot afford to lose this."

And, in the letter of the 12th February, 1883 :

"I have not yet succeeded in doing anything, but I am pulling wires in every direction. *John A.*'s son from *Winnipeg*, *McArthur*'s partner, is here, and I intend employing him to go for his father. I think if you had young *Tupper* here, and paid him pretty well, he would help us materially. The Canadian Pacific Railway has a great hold on the Government, and we must counteract this in some way."

And, in the same letter :

"I am completely sick of it, as it is something I had no right to expect, and which I should not be called upon to undertake. If it costs all we spoke of, we had better do it than let it go."

And, in another letter, dated 5th March, 1883, he says :

"I have not yet succeeded in getting anything done in the limit matter. I have brought *Macdonald* and *Tupper* from *Winnipeg*, and hope they will be able to induce their fathers to act promptly in the matter.

"I am almost discouraged at the delay. *Sands* is writing me daily about it. He knows all about it. Some persons sent him the papers containing the statements. Will make any effort this week, and must do something, if we have to let a note apiece go."

And, in the letter of the 8th March :

"I find difficulties surrounding us in every way in reference to the limit, and I find that the Canadian Pacific Railway have certain Ministers working for them. I am afraid it will cost us each six or seven thousand dollars to get this made all right. I have five or six at work with me, and have agreed to pay them well if they succeed. *Muckle* was here and told me the limit was all within the belt. I am afraid they will do their very utmost to defeat me. I want to be satisfied that you are sure I am doing what is right, and also, that you will back me out in all that I do in the way of payment."

Again, on the 28th March, 1883 :

"I am having a hard time with the limit matter. It will cost us each at least \$5,500 to get this through. I have laid my ropes so that I expect to have it settled in a few days. I have a dozen at work for us. You must be prepared to pay the amount of your share at any time, as it will have to be all cash. When this is settled we must get rid of all the notes and have an end of it. It has completely used me up. The excitement and strain is too much for me. I had *Tupper* and *Macdonald* brought from *Winnipeg*, and they have been working hard for me."

That, whereas it is apparent from the said documents and correspondence that the said *Rykert* did make use of his position and influence as a Member of this House, in the matter of the said limits, for his own pecuniary advantage; and that he did afterwards make a statement, from his place in this House, with regard to his connection with and the obtaining the said limits, entirely at variance with the facts, and calculated to mislead the House and the country; and that he made further statements in his correspondence with the said *Adams* to the effect that he was obliged to resort to corrupt practices with Members of the Cabinet, and Members of Parliament, and other Government officials, in order to perfect the title to the said grant of such limits (which statements have been challenged as false by Members of the Cabinet from their places in this House, and admitted by the said *Rykert* in his place in the House, so far as Members of the Cabinet are concerned, to be untrue).

That the conduct of the said *John C. Rykert* in the premises is, and has been, discreditable, corrupt and scandalous;

And a Debate arising thereupon;

Sir John Thompson moved, seconded by Mr. Chapleau, and the Question being put, That the Debate be adjourned; the House divided: and the names being called, for they were taken down, as follow:—

*Resolved*, That, in the opinion of this House, it is expedient that the Government of the Dominion should take steps as soon as possible to enquire how best to honour and perpetuate the memory of the men who lost their lives in defending their Country during the war of 1812, and to preserve from desecration the last-resting-places of those brave men, on the battle fields where they gave their lives for *Canada*.

Mr. *Eisenhauer* moved, seconded by Mr. *Flynn*, and the Question being proposed, That whereas the Dominion of *Canada* in 1878 received four and a-half millions of dollars from the *United States* for the use of our fisheries, the interest on which from 1878 to 1889 amounts to about two millions; and whereas the Dominion has paid as bounty to the fishermen since 1882 \$1,050,000, leaving about \$1,000,000 in the Treasury of the interest on said four and a half millions; and whereas the manufacturers of pig iron were allowed a bounty of \$1.50 per ton in 1883, and a further protection of \$4 per ton on imported pig iron in 1887; and whereas our fish are subject to heavy duties in the *West Indies* and *United States*, to which countries the largest portion of our fish is exported; in view of the foregoing facts, it is, in the opinion of this House, expedient that the Government should increase the bounty now allowed our fishermen in the proportion to the increase allowed on pig iron, and thereby, to some extent, compensate them for the heavy duties on their fish in foreign markets;

And a Debate arising thereupon:

And it being Six o’Clock, P.M., Mr. Speaker left the Chair, to resume the same at half-past Seven o’Clock, P. M.

Bonds, and to issue, in lieu thereof, others bearing a lower rate of interest, in accordance with the recommendation contained in the Eleventh Report of the Select Standing Committee on Standing Orders.

*Ordered*, That Mr. *Bergin* have leave to bring in a Bill respecting the *Ontario Pacific Railway Company*.

He accordingly presented the said Bill to the House, and the same was received and read the first time; and ordered to be read a second time on Wednesday next.

Mr. *McMillan (Huron)* moved, seconded by Mr. *Semple*, and the Question being put, That it is expedient to remove the duty on Artificial Fertilizers and to place them on the Free List; the House divided: and it passed in the Negative.

On motion of Mr. *Borden*, seconded by Mr. *Kirk*,

*Ordered*, That there be laid before this House, copies of all reports of the Chief Engineer on the pier at *Hall's Harbour, Nova Scotia*, since the year 1882; and for copies of all correspondence relating to said pier.

On motion of Mr. *Wallace*, seconded by Mr. *Hesson*,

*Ordered*, That there be laid before this House, a Return of all correspondence, memorials and agreements between the Government and the Temperance Coloniza-

tion Company, together with correspondence of settlers, employees and members of the company, relative to the operations of the said company.

Sir *John A. Macdonald*, a Member of the Queen's Privy Council, laid before the House, by command of His Excellency the Governor General,—Report of the Commissioner of the *North-West Mounted Police Force*, for the year 1889. (*Sessional Papers*, No. 13.)

The House resumed the Debate on the Question which was, on Wednesday, the 12th March, instant, proposed, That whereas the Dominion of *Canada* in 1878 received four and a half millions of dollars from the *United States* for the use of our fisheries, the interest on which from 1878 to 1889 amounts to about two millions; and whereas the Dominion has paid as bounty to the fishermen since 1882, \$1,050,000, leaving about \$1,000,000 in the Treasury of the interest on said four and a-half millions; and whereas the manufacturers of pig iron were allowed a bounty of \$1.50 per ton in 1883, and a further protection of \$4 per ton on imported pig iron in 1887; and whereas our fish are subject to heavy duties in the *West Indies* and *United States*, to which countries the largest portion of our fish is exported: in view of the foregoing facts, it is, in the opinion of this House, expedient that the Government should increase the bounty now allowed our fishermen in proportion to the increase allowed on pig iron, and thereby, to some extent, compensate them for the heavy duties on their fish in foreign markets.

And it being Six o'Clock, P.M., Mr. Speaker left the Chair, to resume the same at Eight o'Clock, P.M.

*Eight o'Clock, P. M.*

The Order of the Day being read, for resuming the adjourned Debate on the Question which was, on Tuesday, the 11th March, instant, proposed, That, whereas it appears from certain documents and letters published in the Votes and Proceedings of this House, that *John Charles Rykert*, Member for the County of *Lincoln*, did, in or about the beginning of the month of April, A.D. 1882, apply to the Government of *Canada* for a grant of certain Timber Limits in the *North-West Territories*, at or near *Cypress Hills*, in the name of one *John Adams*, and that, at or about the time of such application, he procured an agreement to be signed by the said *John Adams*, whereby, in consideration of the services of the said *John C. Rykert*, alleged to be voluntarily given, in obtaining the grant of such limits, the said *Adams* agreed to assign to the wife of the said *John C. Rykert* one-half interest in the limits so applied for, and to pay over to her one-half of all the net proceeds of the sale of all timber thereon or the purchase money derived therefrom, which agreement is in the words and figures following:—

“Memorandum of agreement made this third day of April, A.D. 1882:—Between *John Adams*, of the City of *Winnipeg*, of the first part: and *Nannie Marie Rykert*, of the City of *St. Catharines*, of the second part.

“Whereas the above named *John Adams* has, through the intervention of *John Charles Rykert*, obtained certain limits in the *North-West Territories*, at or near *Cypress Hills*, and has, in consideration of the services of the said *Rykert*, voluntarily given him, agreed to and with the said party hereto of the second part, to give to her one-half the proceeds of the said limit, after deducting all expenses connected therewith:

“Witnesseth, that the said party of the first part, in consideration of the sum of one dollar to him in hand, paid by the party of the second part, the receipt whereof is hereby acknowledged, and in further consideration of the premises, hath agreed, and by these presents doth agree, to assign and transfer to the said party of the second part one-half interest in the limits applied for and to be granted by the Government at or near the *Cypress Hills*, in the *North-West Territory*, and to pay over and account to her for one-half of all the net proceeds of the sale of all timber

thereon or for the purchase money derived therefrom, after deducting all expenses and charges in connection therewith."

"Witness the hands and seals of the parties hereto the day and year above written.

"(Signed) JOHN ADAMS.

"Witness : (Signed) J. C. RYKERT."

That, whereas it further appears from such documents that the application of the said *John C. Rykert* was successful, and that an Order in Council was, on the 17th April, A.D. 1882, approved, granting to the said *Adams* such limits, and that the said *J. C. Rykert* in such correspondence claimed and insisted that he was successful in procuring such Order in Council owing to the extraordinary influence he, the said *Rykert*, possessed with the Department of the Interior and with the Government, as appears from the following extracts from the letters of the said *Rykert* to the said *Adams*, contained in such Votes and Proceedings, viz., on the 11th April, 1882 :

"I to-day saw *McCarthy*, and he was terribly surprised to hear that I had got the limit, as he was refused point-blank. He is willing to join with us in the survey, and I go to *Hamilton* to get *Laidlaw* to say where he wants the limit. He has written me he will do almost anything if I will assist him in getting his. I will write you from home on Thursday. The Order in Council went before the Government to-day, and it is likely it will pass at once. Instructions will then be given to the surveyor. We are awfully lucky, as the Deputy told me that no other man could have forced them to yield."

And, again on the 16th April, 1882 :

"The Order was passed several days ago. *Laidlaw* is to meet me in *Hamilton* to-morrow. He has not yet got his Order, and is now of opinion that I have more influence than *McCarthy* who told me he was refused by the Government."

And, again on the 21st April :

"The Order in Council has been finally passed, and this although every effort was made to induce the Government to alter their minds."

And, again on the 24th April :

"*Laidlaw* offered to bet me \$1,000 I could not get the Order passed for you, as he had been refused in January and again in February."

And, again on the 10th May :

"*Laidlaw* only got his Order passed this week, and he had to get me to help him, so you see who had the influence with the Government after all."

And, again on the 1st August, 1882 :

"It will be satisfactory to know, after my hard fight with the Government, that I did get what you anticipated. I would not go through the same difficulty again for twice the amount. I never spent such six weeks before as I did while endeavouring to force the Department to do justice. The fact of their having refused *McCarthy* before had a great deal to do with the delay and refusal. Poor *Laidlaw*. I am pleased he did not get the start of this child. He thought he was very smart and had all the influence of the country at his back. I think another time they will recognize the fact that *J. C. R.* is not very easily defeated at anything."

And, whereas it further appears that the said limits were subsequently sold by and on behalf of said *Adams* and *Rykert* to one *Louis Sands*, at and for the sum of \$200,000, and that the said *John C. Rykert* did, on the 16th day of January, A.D. 1883, receive from the said *John Adams* the sum of \$74,200 out of the said purchase money, and which sum was payable under the said agreement as and for the share of the said *John C. Rykert*, or his wife, in the said limits, and that he signed a receipt therefor in the following terms:—

“Winnipeg, Manitoba, 16th January, 1883.

“Received from *John Adams* \$35,000 in cash by drafts on the Bank of *Montreal*, and four notes of *Louis Sands* for \$39,200, payable in one and two years. All payable to the order of *Mrs. N. M. Rykert*, and in full of the money's payable to her under agreement.

“(Signed) J. C. RYKERT,  
“Her Attorney.”

That, whereas it appears from the *Hansard* report of the proceedings of the House that, on the 2nd day of May, A.D. 1883, *Mr. Charlton*, the then and present Member for *North Norfolk*, did in his place ask: “If the said *John C. Rykert* did not negotiate the transaction in connection with the timber limits in the *Cypress Hills*, and if he did not, as agent for other parties, get a timber limit there at \$5 a square mile and sell it at \$2,000 a square mile, and if he did not get such limit on behalf of one *Adams*, and if he did not go to *Winnipeg* in person and sell it to *Louis Sands*, of *Michigan*, for \$200,000, of which \$90,000 was paid in cash, one-third of which he, the said *John C. Rykert*, put in his pocket?” to all of which questions the said *J. C. Rykert* categorically replied in the negative, and at once proceeded to make, and did make, the following statement from his place in the House:—

“The honourable gentleman has asked me several questions, and I propose now to answer them. I neither directly nor indirectly drew the money he spoke of, nor put any sum in my pocket except professional fees, and professional fees only. I deny that I negotiated any timber lease for *Mr. Adams*, or any other person. On the contrary, *Mr. Adams* had his own agents to negotiate for him; he made his own bargain, and I had nothing to do with it, and did not pocket the money the honourable gentleman has spoken of. On the contrary, I advised *Mr. Adams* not to dispose of the limit, but to work it. The honourable gentleman on several occasions has made remarks outside of the House to the same effect, and I am glad now to have an opportunity to give it an emphatic denial.”

That, whereas it further appears from the said correspondence published in the said Votes and Proceedings, that certain difficulties having arisen with respect to the said limits, owing to their being claimed in whole or in part by the Canadian Pacific Railway Company as being within the Railway Belt, the said *John C. Rykert* did agree with the said *Adams* to use, and did inform the said *Adams* by letters signed with his own hand, that he was using corrupt influences with certain Members of the Government of *Canada* and of the Parliament thereof, and with other officials thereof, in order to defeat the claim of the said Canadian Pacific Railway Company and to secure to himself and the said *Adams* or their assignee the said timber limits, and did further inform the said *Adams* that he had eventually successfully arranged the matter; all of which appears in the following extracts from the letters written by the said *J. C. Rykert* to the said *Adams* published in the said Votes and Proceedings, viz. :—

In the letter of 28th January, 1883 :

“I have to go to *Ottawa* to-morrow night to fight the matter out, which I do not like. I seem to have all the hardest part of it to do. I have *Bowell* working for me. And if we succeed in beating the railway, we will have to pay the amount we agreed to pay, as you recollect, when we two were in the *Queen's Hotel*. I have not slept for a week on account of this. We must keep perfectly quiet.”

And, in the same letter, further on :

“I am engaging all I can to assist me at *Ottawa*, and we will have to pay them well for it, as we cannot afford to lose this.”

And, in the letter of the 12th February, 1883 :

“I have not yet succeeded in doing anything, but I am pulling wires in every direction. *John A.'s* son from *Winnipeg*, *McArthur's* partner, is here, and I intend employing him to go for his father. I think if you had young *Tupper* here, and paid him pretty well, he would help us materially. The Canadian Pacific Railway has a great hold on the Government, and we must counteract this in some way.”

And, in the same letter :

"I am completely sick of it, as it is something I had no right to expect, and which I should not be called upon to undertake. If it costs all we spoke of, we had better do it than let it go."

And, in another letter, dated 5th March, 1883, he says :

"I have not yet succeeded in getting anything done in the limit matter. I have brought *Macdonald* and *Tupper* from *Winnipeg*, and hope they will be able to induce their fathers to act promptly in the matter.

"I am almost discouraged at the delay. *Sands* is writing me daily about it. He knows all about it. Some persons sent him the papers containing the statements. Will make any effort this week, and must do something, if we have to let a note apiece go."

And, in the letter of the 8th March :

"I find difficulties surrounding us in every way in reference to the limit, and I find that the Canadian Pacific Railway have certain Ministers working for them. I am afraid it will cost us each six or seven thousand dollars to get this made all right. I have five or six at work with me, and have agreed to pay them well if they succeed. *Muckle* was here and told me the limit was all within the belt. I am afraid they will do their very utmost to defeat me. I want to be satisfied that you are sure I am doing what is right, and also, that you will back me out in all that I do in the way of payment."

Again, on the 28th March, 1883 :

"I am having a hard time with the limit matter. It will cost us each at least \$5,500 to get this through. I have laid my ropes so that I expect to have it settled in a few days. I have a dozen at work for us. You must be prepared to pay the amount of your share at any time, as it will have to be all cash. When this is settled we must get rid of all the notes and have an end of it. It has completely used me up. The excitement and strain is too much for me. I had *Tupper* and *Macdonald* brought from *Winnipeg*, and they have been working hard for me."

That, whereas it is apparent from the said documents and correspondence that the said *Rykert* did make use of his position and influence as a Member of this House, in the matter of the said limits, for his own pecuniary advantage; and that he did afterwards make a statement, from his place in this House, with regard to his connection with and the obtaining the said limits, entirely at variance with the facts, and calculated to mislead the House and the country; and that he made further statements in his correspondence with the said *Adams* to the effect that he was obliged to resort to corrupt practices with Members of the Cabinet, and Members of Parliament, and other Government officials, in order to perfect the title to the said grant of such limits (which statements have been challenged as false by Members of the Cabinet from their places in this House, and admitted by the said *Rykert* in his place in the House, so far as Members of the Cabinet are concerned, to be untrue).

That the conduct of the said *John C. Rykert* in the premises is, and has been, discreditable, corrupt and scandalous ;

And the Question being again proposed :—The House resumed the said adjourned Debate.

Mr. *Kirkpatrick* moved, in amendment, seconded by Mr. *Mitchell*, That all the words after "That" to the end of the Question be left out and the words "the attention of this House having been called to certain documents, letters and statements, published during the present Session in the Votes and Proceedings of this House, under the dates of the 14th February, the 18th February and the 10th March, relating to the connection of *John Charles Rykert*, Esquire, Member for the County of *Lincoln* and *Niagara*, with a grant of certain Timber Limits in the *North-West Territories*, all the questions involved in the said papers be referred to the Select Standing Committee on Privileges and Elections, and that they be directed to enquire into all the facts and merits of the case, and into the conduct of the said *John Charles Rykert* in relation thereto, and to report the result of their enquiries,

“at the earliest practicable moment, and that the said Committee have power to “examine witnesses on oath or affirmation where affirmation is allowed by law,” inserted instead thereof;

And The House having continued to sit till after Twelve of the Clock on Tuesday morning;

*Tuesday, 18th March, 1890.*

And the Question being put on the amendment:—It was resolved in the Affirmative.

Then the main Question, so amended, being put, That the attention of this House having been called to certain documents, letters and statements, published during the present Session in the Votes and Proceedings of this House, under the dates of the 14th February, the 18th February and 10th March, relating to the connection of *John Charles Rykert*, Esquire, Member for the County of *Lincoln and Niagara*, with a grant of certain Timber Limits in the *North-West Territories*, all the questions involved in the said papers be referred to the Select Standing Committee on Privileges and Elections, and that they be directed to enquire into all the facts and merits of the case, and into the conduct of the said *John Charles Rykert* in relation thereto, and to report the result of their enquiries, at the earliest practicable moment, and that the said Committee have power to examine witnesses on oath or affirmation where affirmation is allowed by law:—It was resolved in the Affirmative.

Mr. Speaker acquainted the House, That a Message had been brought from the Senate, by their Clerk, as followeth:—

The Senate have passed the following Bills without any amendment:—

Bill intituled: “An Act to amend the Act to incorporate the Lake *Manitoba* “Railway and Canal Company.”

Also, the Senate have passed the Bill, intituled: “An Act respecting the *St. Catharines* and *Niagara* Central Railway Company,” with an Amendment, to which they desire the concurrence of this House.

And also, the Senate have agreed to the Amendment made by this House to the Bill, intituled: “An Act respecting the Great *North-West* Central Railway Company,” without any amendment.

And then The House, having continued to sit till five minutes after Twelve of the Clock on Tuesday morning, adjourned till this day.

Your Committee have also had under consideration Bill to incorporate the *St. Lawrence International Railway and Bridge Company*, and Bill to incorporate the *Thousand Islands Bridge and Railway Company*, and, after hearing the views of the promoters and opponents of the measures, have agreed to report the preambles thereof *not proven*—because, in the opinion of your Committee, the construction of these bridges would injuriously affect the navigation of the *River St. Lawrence*.

Your Committee have examined the Petition of the *Grand Trunk Railway Company of Canada*, for leave to present a Petition for a Private Bill, notwithstanding the expiration of the time for receiving such Petitions, and the reasons assigned by the promoters for the delay in presenting their Petition, justify your Committee in recommending that the necessary leave be granted.

Vivan & Company (Limited)*, for an Act to confirm their Act of Incorporation and to enable them to carry on mining, smelting and refining operations in *Canada*, and find that notice has been published for two weeks only; but, as the proposed measure, should it become law, will not interfere with any existing rights, but will greatly assist in opening up and developing the section of country in which the proposed operations will be carried on, your Committee recommend that the 51st Rule be also suspended in this case.

As the time for presenting Private Bills has expired, your Committee recommend that the 49th Rule be also suspended in relation to the last mentioned Petition.

*Ordered*, That the Clerk do carry back the Bill to the Senate, and acquaint their Honours, That this House had agreed to their Amendment.

And proposed amendment thereto, That all the words after "That" to the end of the Question be left out and the words "the total ordinary expenditure of *Canada* chargeable to the Consolidated Fund in the fiscal year 1878 was... .. \$23,519,301

"That the total taxation collected in the same year was..... 17,841,938

"That the total ordinary admitted expenditure in the year 1889 was 36,917,834

"That the total taxation collected in the same year was..... 30,613,522

"That over and above the amount of the taxes actually paid into the Treasury, an immense additional sum is annually taken out of the pockets of the people and is paid over to certain private individuals and corporations under pretence of protecting and encouraging certain special industries.

“That in the decade terminating on the 1st day of July, 1889, the sum of \$262,-812,878 has been raised in the way of taxes actually paid into the Treasury, independently of an immense additional amount extracted from the people for the aforesaid purposes.

“That the said taxation is enormous and oppressive in its incidence, and that it is so imposed as to diminish the value of lands used for agricultural purposes and to increase the indebtedness of the agricultural class in especial.”

“That in fact the values of farm lands have greatly diminished and the amount of mortgages thereon have been much increased throughout a very large portion of this Dominion since 1879.

“That the additional taxation which it is now sought to impose will still further increase the burthens of the people and is likely still further to aggravate the distress unhappily existing among a large portion of the farming population of this Dominion, and that, under such circumstances, it is the bounden duty of this House, instead of adding to the existing oppressive taxation, to apply itself to the reduction of the burthens now impeding the progress and prosperity of the principal producing classes of the Dominion, and for this purpose to abolish or reduce the taxes now imposed on articles of prime necessity to farmers, miners, fishermen and other producers,” inserted instead thereof;

And the Question on the amendment being again proposed :—The House resumed the said adjourned Debate.

And The House having continued to sit till after Twelve of the Clock on Wednesday morning;

#### REPORT OF THE SUB-COMMITTEE.

COMMITTEE ROOM,  
April 10th, 1890.

The Sub-Committee of the Joint Committee of both Houses on the Printing of Parliament, to whom was referred the Report of the Clerk of the Committee on the Printing Services of the past year, and the necessary changes to be made in the Distribution Service, beg leave to report:—

That having fully considered the matters referred to them, recommend the accompanying memorandum by the Honourable the Secretary of State, marked "A," be adopted, except that the schedules of Numbers of Public Documents, mentioned in the schedules annexed, Nos. 1 and 2, be amended as in Nos. 3 and 4 annexed.

Your Sub-Committee further recommend that the Distribution Staff be divided as follow:—Mr. *E. Botterell* to be retained by your Committee as the head officer in the Distribution Department for both Houses, and that from this date he be graded as a first-class clerk in the Civil Service and receive a permanent salary of Eighteen hundred dollars per year, on account of his long service.

That *Henry A. Botterell* be also retained as Assistant Distributor, and that his salary be increased from date, from Eight hundred to a Thousand dollars, having been over four years in the service.

That *J. Wiltshire* be retained as Messenger, permanently, to this Department.

That in addition to their present duties during the Session of Parliament, they shall, during the recess, pack and despatch all Public Documents to Members of both Houses, of whatever nature, including extra numbers of reports, and all other documents which may be authorized to be mailed to Members by the Printing Committee.

That Mr. *Boulet* be transferred to the Printing Bureau, and have charge of the despatching of all Public Documents, formerly despatched by the Distribution Department, and that his salary be not less than at present; also, that the two Sessional Messengers be transferred to the Bureau of Printing, or placed upon the permanent staff of Messengers.

That as the Speaker of the House of Commons found it necessary, at the beginning of the Session, to put on an Express Horse Service between the Bureau and the Parliament Buildings, and that as this service has been supplemented by occasionally employing some of the regular Messengers of the House of Commons, that the whole of the Messenger service, as far as it relates to the communication between the two places, for the purposes of the Printing Committee, be hereafter left under the direction of the Speaker and the Chief Messenger.

Your Sub-Committee would further recommend the adoption of the memorandum of Mr. *Chamberlin*, marked "B," with respect to the mode of collecting accounts due by Members for printing ordered during the Session.

#### MEMORANDUM.

The undersigned has the honour to submit to the Sub-Committee of the Committee on Printing of the two Houses of Parliament, the following propositions, which he trusts will be favourably entertained and reported for adoption by that Committee and the two Houses.

He should preface them by saying that delays in the fitting up for the occupation and use of the present offices of the Printing and Stationery Department upon *St. Patrick Street*, and other causes have prevented that Department from undertaking, as it was expected to do, under the agreement of the session of 1888, the general distribution of public documents at the beginning of the present session. Meantime, Mr. *Botterell* very properly and prudently made all necessary preparations for the present session's distribution.

It is now proposed that, the distribution for the present session being completed,—

1. The distribution to the several Departments of the Government and the public shall be transferred as provided by law, to the Department of Public Printing and Stationery.

2. That to aid in that distribution, one (or two) of the clerks now employed in the Parliamentary Distribution Office, be transferred to the Department of Public Printing and Stationery.

3. That, if found advisable, a portion of the furniture or fittings now used in making such distribution shall be removed from the Parliamentary Distribution Office to the offices of the Department of Public Printing and Stationery on *St. Patrick Street*.

4. That a certain fixed number of all public documents printed for the use of Parliament under the direction of the Joint Committee on Printing of the two Houses, shall be furnished day by day as printed, to the Distribution clerk of the Committee,—

(a.) For the use of the Members of the two Houses, as per schedule hereto appended.

(b.) For the use of the clerks, officers and employees of the two Houses, as per schedule.

(c.) For the use of the newspaper reporters and correspondents in attendance on the sittings of the two Houses, during the Session, as per schedule.

5. That all further distribution of these documents be entrusted, as directed by law, to the Government, through the Department of Public Printing and Stationery.

6. That, in addition to the numbers of any public document, published by authority of Parliament, which is assigned to the use of Members of either House by the schedules, any such Member may receive without payment copies of any document which he may be specially interested in obtaining for his constituents, upon requisition stating that fact. All further copies must be paid for.

7. That any Member desiring to procure a larger number of any document ordered to be printed, than allowed by the usual schedule of distribution, and by number 6 above, may, at any time, before the same goes to press, procure them to be

printed, for his use, at the Government Printing Office, at the cost of press-work and paper, by requisition therefor, addressed to the Superintendent of Printing.

8. In all cases where, because of special interest in any report or Parliamentary document, an exceptionally large number is ordered to be printed by the Joint Committee on Printing, it is understood that the additional copies over the usual issue will be distributed equally among the Members of the two Houses, and to them only.

(Signed) J. A. CHAPLEAU,  
Secretary of State.

## MEMORANDUM for the Honourable Mr. Chapleau, Secretary of State.

For some years past there has been difficulty in collecting from the Members of the two Houses of Parliament, sums due for Government publications. The old custom of making these a free gift to Members so long as the supply lasted is dying very hard. But last year this was specially noticeable with respect to accounts for *Hansard* and speeches extracted therefrom. Several hundred dollars of arrears have accumulated, which it is very difficult for this Department to collect.

If it were practicable and permitted to send such accounts to the Accountant of either House to be charged up against the sessional allowances of these Members, a great deal of needless expenditure of time, as well as some unpleasantness might be avoided.

Respectfully submitted,

(Signed) B. CHAMBERLIN,

*Queen's Printer and Controller of Stationery.*

Ottawa, 18th February, 1890.

I approve the suggestion.

(Signed) J. A. CHAPLEAU.

Ottawa, 23rd February, 1890.

## REPORT OF THE CLERK OF THE COMMITTEE.

To the Chairman and Members of the Joint Committee of both Houses on the Printing of Parliament.

GENTLEMEN,—I beg to submit the Annual Statement of the Receipts and Expenditure on account of the Printing Services of Parliament, for the fiscal year 1888-89, showing the cost of those services to have been \$65,686.02. This is certified to, as being correct, by the signature of the Auditor General. The accounts and vouchers covering the above expenditure are ready to be submitted to the Audit Committee.

Last Session the Committee recommended that the contract of Mr. *Mortimer*, for the binding of the Sessional Papers, should be further extended, to cover the completion of the work of the then present Session, and then to cease. When the work was finished, I handed back to the Contractor, Mr. *Mortimer*, the deposit receipt from the *Quebec Bank*, for \$1,000, being the security held by me, as Clerk of the Committee, for the faithful performance of his contract.

I received the following letter from the Queen's Printer :—

Ottawa, 21st September, 1889.

SIR,—It is proposed to commence work in the Government Bindery, on the 1st October next. No further sheets, documents, or books should, therefore, be sent to the present contractors, for the binding, &c., except in cases of arrears of work of last Session.

I have the honour to be, Sir,

Your obedient servant,

B. CHAMBERLIN,

Queen's Printer and Controller of Stationery.

HENRY HARTNEY, Esq.,  
Clerk of Parliamentary Printing.

The Messenger Service, under the control of this Committee, has been heretofore performed by two men, but if the present system, with regard to the delivery of proofs, &c., at the Printing Office, is to continue, more assistance will be necessary, owing to the greater distance from the Buildings of the new Printing Office.

It has heretofore been the policy of the Committee to insure, against loss by fire, all public property under their control, in the buildings occupied by the several Contractors for the printing and binding of Parliament. The contract system having ceased, all the policies have lapsed; I did not feel authorized to transfer the same to the Government Printing Office without instructions from the Committee.

I asked that the sum of \$75,000, the same amount as last year, be placed on the Estimates, for the Printing of Parliament, for the fiscal year 1890-91, subject to the approval of the Committee.

All which is respectfully submitted.

HENRY HARTNEY,

Clerk, Printing of Parliament.

Mr. Dewdney, a Member of the Queen's Privy Council, presented,—Return to an Order of this House, dated 19th March, 1890, for a list of timber limits granted by the Dominion Government since March 1st, 1885; the names of the parties to whom granted, with date of grant; the area of each limit granted; whether granted to highest bidder at public competition, and the amount of bonus, if any, in each case received. (*Sessional Papers, No. 36a.*)

Mr. *Desjardins*, from the Select Committee appointed to supervise the Official Report of the Debates of this House during the present Session, presented to the House the Second Report of the said Committee, which was read, as followeth:—

Your Committee have, in accordance with the Order of the House, further considered their First Report and respectfully substitute the following in lieu thereof.

Your Committee beg leave to report that they have examined all the persons connected with the proof-reading and revision of the English and French Debates—and as regards the proof-reading in the Bureau and the revision in English by the Assistant to the Chief Reporter, and in French by the Chief French Translator (whose special duty is, not translation, but the revision of the work of his subordinates)—they are of the opinion that the staff as at present constituted is sufficient to perform the work efficiently, provided due attention is given to the performance of the duties.

On motion of Mr. *Taylor*, seconded by Mr. *Mills (Annapolis)*,

*Ordered*, That the Select Committee to whom was referred Bill to prohibit the Importation and Migration of Foreigners and Aliens under contract or agreement to perform labour in *Canada*, have leave to report the minutes of evidence taken before them to the House, and to make a special report thereon.

Mr. *Taylor* thereupon presented to the House, a Report from the said Committee, which was read, as followeth:—

Your Committee find, on examination, that this Bill is similar in all respects to a Bill passed by the Congress of the *United States* in 1885 and amended by that body in 1886.

Your Committee have had before them witnesses from different points along the frontier, and find from their evidence (copy of which is annexed hereto) that the American Alien Labour Law has been enforced in such a way as to compel many of our people to relinquish their employment in the *United States*, or to remove with their families and reside there permanently; while citizens of the *United States* are permitted to work in *Canada* every day; and to return to their homes on the American side of the frontier at night, without interference from the Canadian authorities.

Your Committee recommend that the attention of the authorities at *Washington* be directed to the oppressive application to Canadians of the American Alien Labour Law; and to allow of such representation being made, and to afford time for its due consideration, recommend that further consideration of this Bill be postponed until next Session, and, if some suitable measure for granting relief to Canadians from the grievance complained of, be not passed in the interval by the American authorities, then your Committee recommend that a Bill dealing with this question be introduced next Session and taken into consideration. (*Appendix No. 2.*)

The House, according to Order, again resolved itself into a Committee on the Bill further to amend the Criminal Law, and, after some time spent therein, Mr. Speaker resumed the Chair; and Mr. *Wood (Brockville)* reported, That the Committee had gone through the Bill, and made Amendments thereunto.

Of the Municipal Council of the City of *Hamilton, Ontario*; praying for an amendment of the Railway Act, so as to make it compulsory on all Railways in *Canada* to accept freight from vessels, pay vessels' charges and forward same to destination.

Mr. Speaker communicated to the House the following letter:—

GOVERNMENT HOUSE,  
Ottawa, 21st April, 1890.

SIR,—I have the honour to acquaint you that the Honourable Sir *William Ritchie*, acting as Deputy to His Excellency the Governor General, will proceed to the Senate

Chamber on Thursday, the 24th instant, at 3 o'clock, P.M., for the purpose of giving assent to certain Bills which have passed the Senate and House of Commons during the present Session.

I have the honour to be, Sir,

Your obedient servant,

CHARLES COLVILLE, Captain,  
Governor General's Secretary.

The Honourable

The Speaker of the House of Commons.

Mr. *McNeill*, from the Select Committee appointed to enquire into the statements made in reference to furs taken from *Charles Bremner*, a Half-breed, residing at *Battleford*, presented the following as their unanimous Report, which was read, as followeth :—

1. That during the *North-West* Rebellion of 1885 and on the day of the surrender of the Indian Chief, *Poundmaker*, who had been in arms against the Government of *Canada*, a number of half-breeds came to *Battleford*, among whom was *Charles Bremner*, a half-breed trader and farmer, a resident of *Bresaylor*, twenty-two miles from *Battleford*, having in his possession a large quantity of valuable furs.

2. General *Middleton* being in command of the Canadian forces engaged in the suppression of the rebellion and being in *Battleford*, and having information that these half-breeds had come in from *Poundmaker's* camp, and that the furs were being carried away, gave orders that they should be put in charge of the Dominion Mounted Police, and they were accordingly placed in the Police Barracks at *Battleford* for safe keeping.

3. Some weeks later, while General *Middleton* was at *Fort Pitt*, Mr. *Hayter Reed* (a member of his staff), who had then just returned from *Battleford*, called attention to the furs, and reminded General *Middleton* that the person from whom they had been taken was said to be a rebel. Thereupon, after consultation with Mr. *Reed* and Mr. *Bedson* (another member of his staff), General *Middleton* assumed to confiscate the furs.

4. At the time of the confiscation General *Middleton* directed Mr. *Reed* to send an order in writing to the Police officer in *Battleford* who had charge of the furs. The exact wording of this order cannot be clearly established, as it was destroyed a few days after it was written. But it is proved to have been of the following tenor:—

That General *Middleton* had confiscated the furs, and had ordered that two packages of them should be put up for himself, one for Mr. *Hayter Reed*, one for Mr. *Bedson*, and one for another member of his staff, selecting the best; and that receipts should be taken for, or a memorandum made of the furs thus distributed.

5. Packages were put up in conformity with this Order—two for General *Middleton*, one for Mr. *Hayter Reed* and one for Mr. *Bedson*. The furs put up were in quantity about one-eighth of the whole, but of much larger proportionate value.

6. It has been proved before your Committee, that the furs put up for General *Middleton* and Mr. *Bedson* were placed on board the steamer which conveyed General *Middleton* and Mr. *Bedson* from *Battleford* to *Winnipeg*. But it would appear that Mr. *Bedson*, who had promised to give a receipt for the furs, refused to do so, alleging that they had not reached *Winnipeg*; and your Committee find that the packages of furs so shipped for General *Middleton* were not received by him.

7. The furs put up by Mr. *Hayter Reed* were forwarded to *Regina* and received by him there. He subsequently returned the package unopened to the Police authorities at *Battleford* alleging as his reason for so doing that the propriety of the confiscation was questioned.

8. Your Committee consider the confiscation of the furs unwarrantable and illegal; and, in his evidence, General *Middleton* admits that he has recently become satisfied it was not legally justifiable. Your Committee are further of opinion that,

if the confiscation had been legal, the confiscated property vested in the Crown; and, while your Committee believe that General *Middleton* acted under an unfortunate misconception as to his powers, they are of opinion that the appropriation of any portion of the property under such circumstances by General *Middleton* to his own use and to that of the members of his staff, was highly improper.

9. On behalf of *Bremner* it was stated to your Committee, that he is willing to accept \$4,500, inclusive of interest, in compensation for his loss, and this your Committee consider a fair compensation.

10. For the information of the House, your Committee submit herewith the minutes of the evidence taken by them in this enquiry; also, the minutes of the proceedings of your Committee, which, with this Report, they recommend to be printed. (*Appendix No. 1.*)

*Ordered*, That Mr. *Patterson* (*Essex*) have leave to bring in a Bill in amendment of "The Patent Act."

He accordingly presented the said Bill to the House, and the same was received and read the first time; and ordered to be read a second time To-morrow.

The Order of the Day being read, for the second reading of the Bill respecting Banks and Banking;

The Bill was accordingly read a second time; and committed to a Committee of the Whole House.

*Resolved*, That this House do immediately resolve itself into the said Committee.

The House accordingly resolved itself into the said Committee, and, after some time spent therein, Mr. Speaker resumed the Chair; and Mr. *Wood* (*Brockville*) reported, That the Committee had made some progress, and directed him to move for leave to sit again.

*Resolved*, That this House will, To-morrow, again resolve itself into the said Committee.

The Order of the Day being read, for the House again in the Committee of Supply;

Mr. *Hickey* moved, in amendment, seconded by Mr. *Taylor*, That all the words after "That" to the end of the Question, be left out, and the words "inasmuch as on the 4th of May, 1886, *John Charlton*, the then Member for *North Norfolk*, delivered a speech in this House, in which he stated, referring to a Return presented on the 27th March, 1886, in respect of Timber Limit Licenses, that 'I have gone through it carefully, and some of the results of that investigation I will give to the House later on;'"

“That later on in a list, tabulated by himself, under the heading of ‘Members of the House of Commons and Senate who have received Timber Limits by Order in Council for themselves,’ he specifies that *C. E. Hickey*, M. P. (co-applicant with *William Broder*), O.C. for self and partner, fifty miles, Lake *Kaogasikok*, *Manitoba*. April 30th, 1884;”

“That on the 11th of March, 1890, *John Charlton*, the present Member for *North Norfolk*, repeated the same specific statement;”

“That inasmuch as the said *Charles E. Hickey* has not at any time made an application for a Timber Limit License for himself, nor has he at any time been a partner, in any sense of *William Broder*, and, therefore, could not have been a co-applicant with him, and was not with any other person, and that *William Broder* made the said application himself and for himself. All of which the correspondence fully sustains.”

“That no Order in Council was ever issued granting a Timber Limit License to the said *Charles E. Hickey*, as has been stated and sworn to have been by the said *John Charlton*, the Member for *North Norfolk* ;”

The Senate communicate to this House the following Resolution:—

*Resolved*, That a Message be sent to the House of Commons, by one of the Masters in Chancery, to acquaint that House, that the Senate doth not concur in the Amendment made by the House of Commons to the Amendments made by the Senate to the Bill sent up from the House of Commons, intituled: "An Act relating to Bills of Exchange, Cheques and Promissory Notes, for the following reasons:—

Because the limitation of the right of action by the drawer against the drawee provided for by the Amendment of the House of Commons to the Amendments made by the Senate to "Clause twenty-four" of the said Bill, to the period of one month after the drawer has acquired notice of such forgery, is too short for the proper protection of his rights and of the rights and interests of other parties who may be affected by such limitation.

And further to acquaint that House, that for the said reasons, the Senate hath amended the said Amendment made by the House of Commons, by substituting therein the word "year" for the word "month," to which Amendment the Senate doth desire their concurrence.

And then The House, having continued to sit till ten minutes before Two of the Clock on Thursday morning, adjourned till this day.

Thursday, 8th May, 1890.

PRAYERS.

Mr. *White (Renfrew)*, from the Select Standing Committee on Agriculture and Colonization, presented to the House the First and Final Report of the said Committee, which was read, as followeth:—

Your Committee examined, during its sittings, the Reverend *Leo Gaetz*, farmer, settled near the *Red Deer River*, in the District of *Alberta*; Mr. *John Lowe*, Deputy Minister of the Department of Agriculture; *W. A. Webster*, an *Ontario* farmer, at present engaged as an agent by the Department of Agriculture, for the purpose of promoting migration and immigration to the *North-West Territories*; Mr. *A. J. McMillan*, an agent of the Government of the Province of *Manitoba*, for promoting immigration to that Province; and Mr. *William Saunders*, the Director of the Experimental Farms of the Dominion.

The evidence of these gentlemen, as taken by the short-hand reporters, is herewith appended, and submitted as a part of the Committee's report.

The evidence of Mr. *Gaetz*, based on his own experience of six years as a farmer, in the District of *Alberta*, gives a very highly favourable view of the capabilities of that, at present, but little known region of the Dominion, at the base of the *Rocky Mountains*, in relation to soil, mineral resources, water and climate. Mr. *Gaetz* selected the *Red Deer* country, in the District of *Alberta*, as a field for settlement, for the reason that he was compelled by ill-health to give up the ministry in the Methodist Church in the older Provinces of the Dominion. He was unused to farming, but he reported to the Committee that his operations had been successful and that he was entirely satisfied with his selection. His statements, containing new information, are of interest.

Mr. *Lowe* furnished information, in a detailed statement of the operations of the Department of Agriculture, with respect to immigration during the calendar year 1889. The figures which he gave showed that while there was a very marked check

in the number of immigrants to *Canada* coming, during the year, from points beyond the sea, there was a considerable increase in the numbers reported from the *United States*. The figures in detail are furnished in the report of his evidence herewith. The total expenditure by the Department for the calendar year, including the cost of all establishments in the *United Kingdom* and *Canada*, amounted to \$126,043, a sum much less than the expenditure of previous years. The total number of immigrants during the year given by Mr. *Lowe*, as reported by the agents, was 52,983, and as reported with settlers' goods by the Custom Houses from across the *United States* frontier 38,617, making a total of 91,600. Particulars respecting the entry of these immigrants are contained in the evidence appended.

Mr. *W. A. Webster's* evidence contains a report of his travels in different parts of the Dominion, and also in the adjoining *United States*, particularly *Dakota*, where the Canadians who have emigrated have largely settled. Mr. *Webster* stated that the farming conditions of the parts of *Dakota* which he visited were very greatly inferior to those on the Canadian side of the frontier. He also stated that there is a decided movement among the Canadians in the *United States*, whom he visited, to return to *Canada*. He showed that the failure of crops in *Dakota* had led to the very greatest distress.

Mr. *McMillan* gave a report of his operations, particularly in the Province of *Ontario*, to induce the class of emigrants who formerly went to the *United States*, to settle instead in *Manitoba*. He stated that increasing numbers are beginning to settle in the Province of *Manitoba*, and apparently with the best results.

Mr. *Saunders*, the Director of Experimental Farms, furnished to the Committee with as much detail as possible at one sitting, an account of the operations of the several Experimental Farms in the Dominion. He gave detailed explanations with reference to the experiments which had been made with the cereals, supplementing the information which he gave to the Committee last Session with the facts established by the experimental operations during the year 1889. He furnished particular information regarding the experiments with wheat and barley, his statements showing that the experiments with the two-rowed variety of barley had proved successful, and pointed to the advantages which would be likely to accrue to the farmers of the Dominion from the introduction of this variety, arising from the fact of its marked superiority to the six-rowed for malting purposes, and its suitability for export to *England*. For detail of the information furnished by Mr. *Saunders*, reference is made to the report of his evidence.

Your Committee have also had before them a proposition submitted by the "United British Women's Emigration Society" for the assisting of emigration from *Great Britain* by the loans of moneys to pay the passages of suitable emigrants, which proposition was referred to a sub-committee whose report is submitted herewith. (*Appendix No. 5.*)

"That all branches of the various Banks chartered under this Act be kept open for business on Saturdays until three o'clock in the afternoon, save and except when a statutory holiday falls upon a Saturday," inserted instead thereof;

And the Question being put on the amendment; the House divided: and it passed in the Negative.

And the Question being again proposed, That the Bill be now read the third time;

Mr. *Lavergne* moved, in amendment, seconded by Mr. *Guay*, That all the words after "now" to the end of the Question be left out, and the words "re-committed to a Committee of the Whole House, for the purpose of amending Section fifty-four of the said Bill, by leaving out all the words after 'insolvency' in the said "Section," inserted instead thereof;

“85. Whenever the time of any offender’s sentence in such reformatory, under any law within the legislative authority of the Parliament of *Canada*, expires on a Sunday, such offender shall be discharged on the previous Saturday, unless such offender desires to remain until the Monday following.”

#### PRAYERS.

Pursuant to the Order of the Day, the following Petitions were read and received:—

Of the Municipal Council of *St. Andrews*, County of *Inisgar*; of the Municipal Council of *Springfield*, County of *Selkirk*; and of the Municipal Council of *Cartier*, County of *d'Iberville*, all of *Manitoba*; severally praying the House to consider the advisability of aiding the construction of the *Winnipeg* and *Hudson Bay* Railway.

Mr. *Chapleau* moved, seconded by Mr. *Haggart*, and the Question being put, That the Select Committee appointed to examine and report upon newly invented Ballot Papers and Ballot Boxes to be used in Parliamentary Elections, have power to send for persons, &c.; the House divided:—and it passed in the Negative.

Mr. *Chapleau*, from the Select Committee appointed to examine and report upon newly invented ballot papers and ballot boxes to be used in Parliamentary Elections; and also, on the best means of securing the secrecy of the vote, presented to the House the Report of the said Committee, which was read, as followeth:—

Your Committee have carefully considered the questions submitted for their consideration, and also, have examined a number of ballot papers and mechanical ballot boxes, and, after mature consideration, they have agreed upon the following conclusions:—

That the present system of voting is very defective with regard to the secrecy of the vote, the possibility of errors in registering the same and the loss of a number of votes through such errors, committed either by the voter or the Deputy Returning Officer. That it is expedient for Parliament to establish a system of voting, securing the following objects:—(a.) Greater facility in voting, so as to render the exercise of the franchise easy, even for that class of voters least favoured by education or intelligence. (b.) A sure and easy working of the system of voting and guarantee of its keeping in good order. (c.) Prevention of destruction of the box or hindrance to the casting of the vote. (d.) Prevention of errors involving the loss or cancellation of votes given, and of the casting of useless or duplicate votes. (e.) Exclusion in the greatest measure of the possibility or opportunities of fraud. (f.) Greater economy in the holding of each election.

That out of the ballot boxes submitted for examination, your Committee is of opinion, that three of them, to wit: The boxes submitted by *Ernest Fortin*, *Lucien Bance*, and the Clerk of the Crown in Chancery, appear to better secure the above mentioned objects: Accordingly your Committee have the honour to recommend:—

1. That "The Dominion Elections Act" be so amended this Session as to permit the use, in such bye-elections as the Government deem expedient, between now and the termination of the present Parliament, of the boxes submitted to your Committee by *Ernest Fortin*, *Lucien Bance*, and the Clerk of the Crown in Chancery, and thus demonstrate by practical test, their superiority over the present system of voting, with a view to their adoption for general usage, if the test prove satisfactory.

2. That "The Dominion Elections Act" be also amended so as to provide, in the event of the foregoing test not proving satisfactory, that the number and names of every candidate shall, if practicable, be distinctly printed in ink of different colours on the ballot papers, if on the nomination day the candidates agree as to the colours; and that the Returning Officer shall give to every candidate a certificate setting forth the selection of the colour made by him.

3. That the device invented by Mr. *J. C. Auger*, of *Montreal*, of a padlock with its key enclosed in a small bag made of paper, canvas, or other material, with draw-strings around the outside of the padlock, where it is tied up, and the ends of the strings sealed on the bag by the Returning Officer, so as to prevent the ballot box being tampered with by being opened improperly, be added to the ballot boxes now in use, provided that the cost of each such device to the Government shall be sufficiently moderate to warrant its adoption.

Your Committee were strongly impressed with the ingenious character of the box invented by Mr. *John Waddell*, of *Harriston*, and readily endorse the favourable report of the Chief Mechanical Engineer of the Department of Public Works in reference thereto; but, the great cost of its construction, which, in *Canada*, would reach the figure of \$12, precludes its adoption for use in Dominion Elections.

Sir *John A. Macdonald*, a Member of the Queen's Privy Council, laid before the House,—Reports, Railway Statistics of *Canada*, and capital, traffic and working expenditure of the Railways of the Dominion, 1889. (*Sessional Papers*, No. 19a.)

Sir *John A. Macdonald* also presented,—Return to an Order of this House, dated 10th March, 1890, for a Return showing (a) the names and numbers of officials' cars on the Intercolonial Railway and its branches; (b) the original cost, date, and place of building of each car, or name of person or company from whom purchased; (c) the cost of repairs to, or expenditure in each of such cars since acquired; (d) the names and salaries and expenses of each employee on such official cars; (e) the annual expenses of providing the supplies to each such car. (*Sessional Papers, No. 41f.*)

Mr. *Dewdney*, a Member of the Queen's Privy Council, presented,—Return to an Order of this House, dated 21st April, 1890, for a Return, showing:—

1st. The number of acres of pasture land now under lease in the *North-West Territories*.

2nd. The amount paid the Government for rental of grazing leases during the past year.

3rd. The amount due the Government for arrears on pasture leases, and the names of the lessees in arrears for pasture lease rental.

"In Her Majesty's name, His Excellency the Governor General, thanks Her Loyal Subjects, accepts their benevolence, and assents to this Bill."

---

After which His Excellency was pleased to deliver the following Speech to both Houses:—

*Honourable Gentlemen of the Senate :*

*Gentlemen of the House of Commons :*

In bringing to a close this somewhat protracted Session of Parliament I desire to convey to you my best thanks for the diligence with which you have applied yourselves to your important duties.

The negotiations respecting The *Behring Sea Question* are still in progress at *Washington* with good prospects of an equitable settlement. Meanwhile, the continuance for another year of what is known as "*The Modus Vivendi*," will serve to show our earnest desire to cultivate the most friendly relations with the *United States Government* and people.

The re-adjustment of the *Customs Tariff*, intended to promote the development of our agricultural, manufacturing and other industries, will, I have reason to hope, operate for the general benefit of all classes.

I am glad to believe that the Act relating to Banking has been most carefully considered, and will be found to guard the interests of the public and to be sufficiently liberal to those who are more immediately affected by its provisions.

The measure relating to *Bills of Exchange, Cheques and Promissory Notes* will, doubtless, render more certain and plain the law relating to these instruments and make the law in that regard uniform in almost all respects throughout *Canada*.

The amendments to the *Criminal Law* include a great number and variety of provisions, all of which will probably be found useful, and several of which were urgently demanded for the public welfare.

The creation of the *Bureau of Labour Statistics* will promote the investigation and study of the questions which affect the relations of *Capital and Labour*, and which are now engaging the attention of all great Nations. It will likewise aid the diffusion of information on all that concerns the occupations and well-being of the working classes. In some other measures of the present Session your desire to improve the laws which apply particularly to those engaged in industrial pursuits will likewise be recognized.

The various provisions to amend the laws relating to *Railways, Patents, Copyrights and Trade-Marks* and to the *Department of Inland Revenue*, and, likewise, the enactments to improve the *Statutes for the management of our Indian population* are well adapted to promote the efficient administration of the Departments to which they relate, while the large amount of private *Railway Legislation* indicates a spirit of enterprise throughout the Country, which, it is to be hoped, will lead to a substantial development of the railway works of the Country.

*Gentlemen of the House of Commons :*

I thank you for the liberal provision which you made for the requirements of the *Public Service*.

*Honourable Gentlemen of the Senate :*

*Gentlemen of the House of Commons :*

I take leave of you for the present, with the earnest hope that in the coming season our people in every part of *Canada* may be blessed with an abundant reward for their labours and may witness a marked advance in the prosperity of the Dominion.

---

Then the Honourable the Speaker of the Senate said :

*Honourable Gentlemen of the Senate :*

*Gentlemen of the House of Commons :*

It is His Excellency the Governor General's will and pleasure, that this Parliament be prorogued until Monday, the Twenty-third day of June next, to be here holden, and this Parliament is accordingly prorogued until Monday, the Twenty-third day of June next.
