YOUTH WITH A REVOLVER STOPPED HER WEDDING TRIP

Toronto Girl Quietly Wed to a St. Louis Man Breaks the News to a Friend on Way to the Station—Now She is at Parental Home.

COBOURG, July 28.—Holiday-seekers blame it on the having-nothing-to-do condition, but it bids fair to afford the townspeople gossip for many weeks to come.

A young man from St. Louis, spending his vacation at one of the largest hotels here, has been paying a great deal of attention to a pretty society girl from Toronto who happened to be staying with friends living here privately during the summer.

About 5 o'clock Friday afternoon a large automobile drew up at the foot of the back of the lawn of the hotel, and there hurried down to the young Lothario from the south.

Taking a seat in the car he and the girl were speedily driven by a friend to the Methodist parsonage, and after presenting the license procured in the morning from one of the local jewelers, were married in the presence of the friend and the minister's wife.

The clergyman deemed it a case where the two young people had become suddenly enamored of each other, but evidently considered it better to refrain from asking questions since the license certified that the man was 24 and the girl 19 years of age.

On coming out of the parsonage, the pair re-entered the car, which was headed for Port Hope to catch the train there, but the light-hearted bride, seeing a girl friend passing at the moment, could not resist the temptation to call out to her the excited words: "We are married!"

Feminine intuition directed the girl friend hurriedly to the nearest telephone and the lady with whom the bride had been staying was informed of the facts. A young friend was advised to call out to her the excited words: "We are married!"

Friends took possession of the bride and accompanied her back to Toronto to her family, who may have yet some share in the decision as to what shall be the outcome of ten days romance by the lakeside.

MORMONS ADMIRE CANADIAN LAWS

And a New Temple is Dedicated at Cardstone, Alberta.

LETHBRIDGE, Alta., July 28.—The site for the first Mormon temple to be built outside the United States was dedicated Sunday at Cardstone by some of the leading men of the church of Utah.

The main theme of President Smith's address during the day was the assurance to the world that nothing would be carried on in the temple that would be contrary to the law of the land. He also strongly emphasized the excellence of British institutions, British government, British law and British justice. He especially mentioned in this connection the strict and desirable observance of the Sabbath noted in Canada in comparison with the laxity prevalent on the other side of the international boundary.

Horrible Tragedy in Alberta Home

RUMSEY, Alb., July 28.—At noon Sunday George Robinson, a prosperous farmer of the Rumsey district, was found lying in his own home with the top of his head blown completely off.

Across his body was a Winchester shotgun. Opposite him on the floor was the body of his wife, shot through the right breast, her face bruised and beaten almost beyond recognition.

In the rear bedroom was the body of their three-year-old daughter, her head blown completely off. Three empty shells were found on the floor of the house and a fourth in the gun. Furniture was overturned, and there was evidence of fierce fight found in every room.

AN INDOMITABLE WONAM IS THIS

Mrs. Pankhurst Makes Dramatic Appearance in Music Hall.

LONDON, July 28.—Mrs. Emmeline Pankhurst, the militant suffragette leader, made a dramatic appearance this afternoon on the stage of the music hall, where the militants held their weekly meetings. She was seated in an invalid's chair and was wrapped in shawls. She looked wan and ill and some nurses were in attendance. The appearance of the militant leader was the signal for a great display of enthusiasm. Her stay was very brief and she was afterwards carried back to the taxicab in which she had arrived without being molested by the police.

Mrs. Pankhurst addressed a few words to the meeting assuring her audience that victory for the cause was approaching. She then put her prison license up to auction.

Sylvia Pankhurst, daughter of Mrs. Emmeline Pankhurst, who is out of jail on license, was arrested Saturday. She was allowed to speak without interruption until she cried out, "Let us all go to Downing Street," when the police pounced upon her and took her back to jail. Twenty other suffragettes were arrested for creating a disturbance.

It was for this same suggestion that Miss Pankhurst was arrested some days ago and sentenced to three months in jail.

OTTAWA, July 25.—"I am opposed to the construction of subways which necessitates diversion from the straight line of the highway."

There have been quite a number of excursions run from the city during the present season, but for the number of excursionists and a pleasant time the fifth annual excursion of the Massey-Harris employees on Saturday to Niagara Falls and Buffalo ranks in first place.

The sports committee lost no time in bringing on the events. At 11.30 the baby show commenced, the races being run at the same time. The baby show has always been the big feature of the Massey-Harris excursion and each year it is becoming more and more popular, and it is the

WANT AD HOROSCOPE
JULY 28.

A woman born on this date will have a great love for children. In the management of their children and in ordering of home affairs these women are especially happy and successful. Men of this birthdate have power to hold and sway great multitudes.

For instance, in the month of October, the birthdate of the President of America, was born July 28, 1872. A study of this man's life and influence will assist others having a similar birthdate.

Women of this birthdate are angels in mildness and gentleness until someone of their family is maligned and attacked and then they become almost ferocious.

These women are hard to advise. They have a good idea of their own judgment and will not allow any question as to its being the best there is.

All musical trades are under favorable planetary conditions and musicians should both read and use the Want Ads for finding new positions and extra work.

A COURT-ROOM INCIDENT of novel nature occurred at Exeter, (Devon), not many days ago. Upon the rising of the Court, one of the jurymen asked to be excused from further attendance as he came from Winkleigh, 30 miles away, and had important business on hand. The judge granted the relief asked for, whereupon there was a chorus of applications from the other jurymen. The judge said he could not release half of the twelve, and suggested that they should draw lots to decide who should go. A juror—I think we had all better toss. This course was decided upon, and the six jurors in the front row had a spin of the coin with the six jurors in the other row.

NEARLY £200,000 was left for charities under the will of Mr. John Jones, of Grove Lodge, Wrexham, a retired brewer who died in April. His estate was worth £302,607, and he left £50,000 and subject to life interest, a further £3,000, Rosemeath House, and grounds, and Claremont Hydro, at Rhyl, upon trust to found and endow a William and John Jones Infirmary at Wrexham, and convalescent home by the sea at Rhyl, and a convalescent home at Minera. This included £4,500 on trust to pay an income, about Christmas time each year, to twelve persons who have been in better circumstances and have become necessitous.

A BURGLAR'S CAROUSE was disturbed by three policemen at London recently. Awakened at 4.30 in the morning by men's voices in her house, Miss Margherita Martin, a photographer; woke the housekeeper and crept downstairs and called in the policemen. On opening the dining-room door they found two men sitting at the table, each with a glass of whiskey in his hand. Both were very drunk and had their boots off. By the table was a chopper with which the window had been forced. One of the two men was a gardener, Charles Simpson, who has done odd jobs at the house.

A SPIRITUALIST FUNERAL service was held at Manchester a few days ago. Wearing a Scotch tweed suit with a light brown soft hat and a red rose in his buttonhole, Councillor Will Phillips conducted the service at the funeral of his mother at the Southern cemetery. Mr. Phillips is a Spiritualist and his mother being so, he conducted the service. The hearse, which was drawn by grey horses, was lined with silk, and all the mourners wore summer costumes, one woman having a jupitroppe dress and a picture hat. The drivers of the coaches wore white breaches.

GOOD FOR HAWKINS.

Private William A. Hawkins, of the 48th Highlanders, Toronto, has not only done that city credit, but also Canada at large by winning the King's Prize at Bislej. The annual gathering at this camp represents the picked shots of the Empire who get there as the result of qualifying competitions, and thousands of people wherever the Union Jack floats, follow with the keenest interest each stage of the blue ribbon range contest of the world.

There are three stages and only those who rank highest in each round, so to speak, can proceed to the next one, so that the tense strain throughout can be readily imagined.

Hawkins was regarded as somewhat of an outsider, and by a strange coincidence he only got on the Canadian team because another man entitled to go ahead of him could not make arrangements to take the trip.

This is the fourth time the coveted trophy has come to the Dominion, and twice in the last three years. Pte. Clifford of the Toronto Grenadiers in 1911, and now Hawkins of Toronto Highlanders in 1913. The first time the trophy came to these shores was when Hayhurst of Hamilton won it and the next time in 1904 with Pte. Perry as winner. Neither of these however were Canadian born, while the last two successful competitors first saw the light of day on this side of the briny.

Canada is looming very large these days in the attention of the universe and two wins of the King's Prize inside of thirty-six months, is going to add to that limelight.

THE INTERFERENCE WITH THE AUTONOMY OF CANADA BOSH.

The main plea of Liberal speakers and Liberal papers with regard to the Borden vau proposal is that a direct cash contribution would imperil Canadian autonomy, give a set back to Canadian self respect, Canadian national feeling and development, and a lot more rubbish of a like nature.

The assiduity of such pleas is readily apparent to any one who takes the trouble to carefully consider the situation.

Winston Churchill, First Lord of the Admiralty, made it very clear right from the inception that John Bull did not wish to interfere to the extent of one iota as to what the Dominion should do; that the whole matter was Canada's business and her's alone. He was confirmed in this attitude by Premier Asquith and other leading Ministerialists and now Lord Emmott, Under Secretary of State for the Colonies and leader of a party of British M.P.'s, now in Canada, has given still further emphasis to the Old Country course. Speaking at Ottawa on Saturday night he made a plan, manly and straightforward speech, of which a summary will be found elsewhere in this issue.

Talk of Johnny Canuck sacrificing one whit of his nationhood within the Empire, because of a proposal that he should discharge a long overdue duty, is, and always will be, the veriest moonshine.

TRIBUTE TO BRANTFORD

The Christian Science Monitor, published in Boston, Massachusetts, is the recognized organ of that large body of people, and it is a publication of much enterprise and typographical merit.

In a recent issue, it contained a picture of the Bell homestead, Tutela Heights, and in a lengthy accompanying article, paid a high tribute to this city. Here are some extracts:—"As a manufacturing centre Brantford, which derives its name from the fact that Chief Joseph Brant of the Six Nations Indians, with his tribes, forded the Grand river and located permanently here during the American war of independence, has reached a proud position. Much of its achievement has been brought about through loyalty to home enterprise, it being confidently asserted that more money is invested in local industry here by the citizens than any other city in Canada, and the largest industries are completely controlled by Brantford capital.

There are altogether 84 industries, employing 8,300 men, with an annual payroll of \$4,000,000. The capital invested in these industries amounts to \$21,000,000 and, in the total assessment valuation of the city, \$17,500,000, a large percentage is represented in the homes owned by the work-

ingmen themselves. Due largely to the permanency of settlement, labor conditions are good and the men take great interest in the affairs of the city.

With a population of about 30,000 people, the city ranks seventh as a manufacturing center and third for the volume of manufactured exports. The two largest plow factories in the Dominion and one of the largest glue and gelatine factories under the British flag are located here. All sorts of manufactured products are produced here.

The city has come to be one of the greatest producing centers of staple articles and Brantford-made articles are well and favorably known all over the Dominion of Canada and the world.

The city is rendered beautiful by a chain of small parks, populated with gray and black squirrels, which are great pets of the children. Within this park system is now included the early home of Prof. Alexander Graham Bell, on Tutela Heights, in the outskirts of the city. The city bought the Bell homestead, which the inventor of the telephone came to in 1870, and is using it for park purposes. The first telephone line ran between two houses up on the heights and the second ran from Prof. Bell's residence to a business house in the city. Considerable money is being spent in establishing another park in the center of the city to be known as the Bell Memorial park.

General building records for the first five months of this year surpass last year. During 1912 the building permits totalled \$1,167,105, of which sum residences and apartment houses cost \$538,755, business and industrial buildings \$246,280, and public buildings \$382,050. Among buildings that are being erected is a new post office which will cost between \$300,000 and \$400,000. A new Y. M. C. A. building just being completed, was financed by public subscription, a fund of \$150,000 being obtained in four days.

NOTES AND COMMENTS. Sylvia Pankhurst has been arrested again. She is evidently trying to turn the term "Sylvian glades" into "Sylvian hades."

Colonel Sam Hughes, Minister of Militia, has been at it again. On inspection some time ago he was not satisfied with the condition of affairs at the Dominion Arsenal, Quebec, so he decided on a thorough examination by artillery experts, one Canadian and two Old Country officers. Result—twelve million rounds of cartridges, worth \$300,000, found to be worthless and ordered to be destroyed. Also the head of the Superintendent in the basket and a new one appointed. Hon. Sam is certainly showing himself to be the best and most thorough Ministers of Militia this country has ever produced.

The manner in which Brantford is growing was noticeable on Saturday, when with some three thousand excursionists out of the city, there didn't seem to be any lessening of the street throngs. Meanwhile, desirable though some outings are, there should be more "inners" in connection with this community. The main trouble is of course, that hitherto, those who have taken the main work on behalf of local demonstrations, have frequently been out of pocket into the bargain. The Courier would like to see steps taken this year for an old boys' and old girls' reunion here next year.

LADY SYBIL SMITH, daughter of the Earl of Antrim, Mrs. Perthshire Lawrence and Miss Evelyn Sharpe, militant suffragettes, were released from jail to-day, the Home Secretary, Reginald McKenna, having reduced their sentences to four days instead of 14, for which they were sent to prison on July 25 on a charge of disorderly conduct during an attempt to hold a meeting at the entrance to the lobby of the House of Commons on July 24.

TWENTY-SEVEN passengers were injured, six probably fatally, when five coaches of the Denver, Boulder and Western train overturned when making a turn near Eldorado, Colo., yesterday. In the five coaches were 125 passengers, mostly tourists from the East, who were viewing the scenery from the mountain train. The most seriously hurt were injured internally and taken to a hospital at Boulder. Physicians state that it will be impossible to determine their exact condition for another 24 hours.

A RUMOR was current in Madrid last night that a serious uprising had occurred in Lisbon. The Daily Mail estimates that 1600 bombs of various sizes have been found in the streets of Lisbon since the organized attempt at bomb-throwing was frustrated by the police there Sunday, July 20. The paper adds that following the publication of a book, last year giving directions for their manufacture, all the secret many societies have been busy making and hiding bombs of all sizes.

Not All. Montreal Gazette: A New York woman danced four hours and then died at the annual marathon for dancers for which a dozen prizes are given. Financial Post: Mr. C. J. McCaul, the well known Montreal financier, takes an optimistic view of the financial situation. Upon his return to this city from an extended trip to the West he was interviewed by The Post, and expressed himself as of the opinion that things were not nearly so bad as they had been painted either in Eastern or Western Canada, and that relief for tight money was already in sight.

"We're not going to have any tight money this fall," was his opinion. "I don't mean, of course, that we are going to have easy money or all the money we want. But there won't be the same pressure and stringency that there has been the last few months. There will be plenty of money for the carrying on of legitimate business in the fall. I found in my trip to the West that things were much better than I had expected."

WOMEN DRIVING TAXI CABS for public hire are becoming quite a familiar sight in the West-end of London. As a rule the women who have taken to the wheel are young, and in not a few cases quite prepossessing in the bargain, with the result that their services are eagerly sought by the young floozies about the town. Thoroughly trained, these lady chauffeurs are expert drivers, and pilot their cars through the dense traffic without the slightest hesitation, or the least sign of nervousness. In addition many have a sound knowledge of the mechanism of their cars, and can successfully undertake slight repairs. Several firms who hire out motor-cars now provide lady chauffeurs if desired.

HOSPITAL PATIENT AN UNDESIRABLE

Picked Up in East Ward in Very Deplorable Condition.
A white man named Turner, whose relatives do not live in the States, has for some years made his abode on the Reserve to the objection of that community.

Saturday afternoon a resident on said Reserve told him that he had an alleged order from the Mayor of Brantford to be taken to the local hospital. It is alleged that he was given whiskey and driven to the city. He was dumped in the Eastern section of the city and left until a constable found him in the early morning hours. Finally he was removed to the hospital on the order of a local doctor. Under the rules, no such case can be taken and the question is what to do next.

Sad Death

Little Boy, Formerly of Brantford, Killed on Saturday

Nine-year-old Charlie Christie, son of Mr. and Mrs. Chas. Christie, Hamilton, was killed by a train at Guelph Junction Saturday morning. When the train stopped at the Junction the lad, in company with a number of chums, got off to get a drink of water. The lad was horribly mangled.

HOSPITAL PATIENT AN UNDESIRABLE

Picked Up in East Ward in Very Deplorable Condition.
A white man named Turner, whose relatives do not live in the States, has for some years made his abode on the Reserve to the objection of that community.

Saturday afternoon a resident on said Reserve told him that he had an alleged order from the Mayor of Brantford to be taken to the local hospital. It is alleged that he was given whiskey and driven to the city. He was dumped in the Eastern section of the city and left until a constable found him in the early morning hours. With the City Police

Adjournments were the order of the day at the police court this morning. There was little of the spectacular during the reception hour, accorded by His Worship, W. C. Livingston.

John Vosil and Dinor Morov charged with being drunk were discharged, it being their first offence.

A. Burgess and M. Gidwhrist were charged with converting a stove of Lizzie Reinshagen to their own use. On account of an important witness not being on hand, the case was laid over until Wednesday.

W. Hooper was charged with neglecting to pay two employees wages due. The case was laid over until Wednesday in order to give time for the claims to be settled privately. The complainants are Joe Potter and Clare Betts.

Neishan Artinian and B. Malagian were charged with disorderly conduct on Alfred street on Saturday last. Artinian was fined \$3 or twenty days, the other defendant was dismissed.

Pat Foley, a drunk, did not appear.

Bowling

The Heather Bowling Club was visited on Saturday afternoon by six rinks of bowlers from the Fernleigh Club of Hamilton. The games between these two clubs are always interesting and the game on Saturday was no exception as the result was in doubt until the last bowl was played by "Scotch" Miller of the Heathers who, with a beautiful draw for shot, made the score a tie.

The Heathers will likely play a return match on the Fernleigh green some day this week. The scores—

Care of Toilet Articles.
When you buy a tooth brush, which you should do far more often than you do, say one a month, or at the most, six weeks, get a good one and one whose bristles are guaranteed not to come out. It is not only uncomfortable and aggravating to use a brush that sheds bristles, but really dangerous, and the saving of a few cents in the first cost of a brush has resulted in many a steep dentist's bill. Cleanse the brush thoroughly each time immediately after you have used it and hang it to dry.
The hair brush, if allowed to accumulate oil from the hair, becomes an ideal place for every sort of germ or bacillus that floats in the air. Wash it frequently in ammonia and water, or even in gasoline, and place it to dry where it will have the benefit of the direct rays of the sun—that is, if you are a germicidalist. Above all things, allow no one but yourself to use your hair brush any more than you would your toothbrush.
If you use a face brush, discard it the minute the bristles become the least matted, and this happens eventually to the best of them. Every particle of soap should be washed out of this brush immediately after use, and the brush given plenty of air and sun. This applies to your nail brush also.
If you use a face cloth have it of coarse rather than rough material. Have your nail scissors sharp, but not too sharply pointed, and reserve them for cutting hangnails and superfluous cuticle, using the file or the fine sandpaper toilet sticks for shaping the nails themselves. Do not use coarse pumice stone, but have it of the finest grain, and remember if there is one thing toilet table more than another, it is the presence of a powder puff that has begun to "moult." It is a splendid home for germs, too, and if you use perfumed powder, that of it which penetrates to the interior of the puff and becomes stale produces anything but a pleasant odor. Some puffs that are made of wool or cotton, prepared in certain way, are probably better than the usual ones of down. At least, the old powder does not work so far into their interiors.

KING CHARLES OF ROUMANIA TAKES FIELD

Greek, Serbian and Roumanian armies are rapidly closing in on Bulgaria. From Belgrade came an official report that the Serbs stormed Julkamik, near Kustendil, yesterday, routing the Bulgarian right wing. The casualties were enormous, it was stated.
The advance of the Roumanians continues unopposed, and the Bulgarians sank two torpedo boats and steamers in the Danube to prevent the Roumanians from capturing them. King Charles, the seventy-four-year-old monarch of Roumania, has gone to the front. Roumania has made no official declaration as to how far her troops will advance, but the Powers believe that the line bounding the territory King Charles claims as a reward for neutrality in the Turco-Balkan war will not be crossed.
Tsar Ferdinand telegraphed King Charles of Roumania that he was ready to enter into negotiations for peace. It is understood that the Bulgarian monarch did not mention any terms.

KANE'S RED SOX COME
TO LIFE AND BEAT GUELPH

After Losing Seven Straight Games, Dame Fortune Smiles
on Luckless Red Sox Once More and They Walloped
Their Old Hoodoo 5-0.

The Red Sox sprang a surprise on
Guelph and also the citizens in gen-
eral Saturday when they won the
last game of the series from the
Maple Leafs and shut them out 5-0.
It was the first game they had cap-
tured since they defeated Peterboro
late in the previous week. The win
came just at the time when most peo-
ple expected Louis Cook's aggregation
to make it 6 in a row.
For the first time in many moons
the favored Brantford.

The victory of the Red Sox over the
Royal City team is due to the splen-
did pitching of Gero, and the excel-
lent support which his team mates
gave him. This, coupled with the
fact that the Sox got hits when they
most runs enabled Kane's men to
pull out a win. Gero had the visitors
completely at his mercy. He struck
out seven and allowed seven hits.

Joe Keenan got himself in the
highlight and won himself into the
hearts of the fans when he cracked
out a home run; he had three hits
and four times up. Duff Slemis and
Chubby Coose too shone with the
bat.

The Sox played like a ball team and
showed that they have the goods if
they will only deliver them.
When the Brants' took the field
they presented a changed line-up.
Powell played first base and Ivers was
sent out to right field. Whether this
change was responsible for the spurt
the team took or not, the fact re-
mains that they played like pennant
winners. Powell is certainly an im-
provement on Ivers at first base, and
his plays in the next game like he
did Saturday should be kept
close. It cannot be said that Ivers is
a twice success in the field, as he is
too low on his feet. In big grounds

Three cheers a couple of times for
Saturday's victory.

Hamilton opens a three-day clash
here this afternoon.

It is wonderful when a Guelph
player doesn't hit the ball over the
fence.

It was worth one whole quarter to
watch Gabby Ivers cavorting in right
field.

"Hitting in the Pinches," a new
play, in which Duff Slemis is star-
ring.

If the Brantford club gets good
pitching it can be depended upon to
give a good argument.

Matty Lamond has three fingers
on his throwing hand which he can't
bend. A mere bagatelle for Lammy.

Over 3,000 people went out of the
city Saturday, and yet there was a
fair crowd to watch the tail-enders
play. What would this town be like
with a winner?

The title of the latest novelette,
"The Rejuvenation of Joe Joe Keenan."
It is a complete contradiction to
the theory that ball players at 60
years old should be Oslerized.

There is certainly a merry battle
for first place in the league. Ottawa's
two victories over London make the
Senators look formidable, while
Guelph must be reckoned with.

Down in Ottawa they put iceloc on
the ball to stop Bobby Heck's
effectiveness. Opposing pitchers at
Brantford put smoke on the spheroid
and do it quite effectively.

Chubby Coose allowed no stolen
bases on Saturday, which makes
Coose and the Second gold watch
better friends. The grand work of
Chubby is one of the bright spots
of an otherwise dismal season.

It is rather difficult how Jacobson
expects to become a big league um-
pire. If Jake gets into Ottawa and
commits the same number of crimes
as he did here last week, it will be
worth recording how he gets out of
Ottawa.

The President of the Brantford
baseball club has broken all records
this year in spending money to get
a ball team. It is doubtful if there is
another franchise owner in the league
who would not have been discourag-
ed long before this.

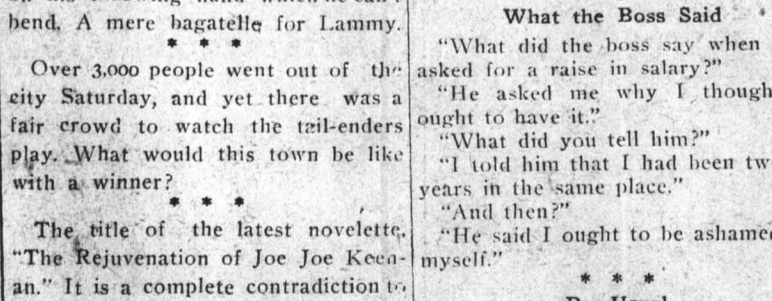

THE LAUGH LINE

Love is the bread of life to a woman;
to a man it is merely cake.

Money may make the mare go, but

What the Boss Said
"What did the boss say when you
asked for a raise in salary?"
"He asked me why I thought I

"What did you tell him?"
"I told him that I had been twelve

"And then?"
"He said I ought to be ashamed of
myself."

"I have been talking to you for an

"Oh yes I can," he replied, "I can

I distinctly remember hearing you
say: 'She said,' and 'I said,' and 'I
always thought she was that kind.'"

OTTAWA DOWNED
LEAGUE LEADERS

Rogers Twirled Great Ball
Against the London
Club.

OTTAWA, July 28.—After a pitch-
ing duel against "Lefty" Rogers,
Bobby Heck retired in the fifth in-
ning of Saturday's game between Ot-
tawa and London with the score one
all. Beebe, who relieved him, passed
Shaughnessy and Robertson and
grooved one over to Pete Powers,
who laced it to the limits for a two-
bagger, scoring both runners, and
making it 3 to 1. Thereafter London
did not get a man past second. Bee-
be and Heck each allowed only one
hit, but each bingle proved a score.

Rogers held the visitors to five
hits, only two of which went to the
outfield. In the early stages London
had a man on third several times, but
twice Rogers fanned the second and
third out, and on another occasion he
knocked down a liner and threw the
latter out. Dolan had 15 chances
without an error. Manager Deuceau
protested the game in the third on
the ground that the Ottawas had
"gummed" the ball by spitting licor-
ice and resin on it. Umpire Halligan
overruled Deuceau, but Babe grabbed
the ball as evidence, and refused to
return it. He was banished from the
grounds, and kept under police sur-
veillance for the rest of the after-
noon. The victory, coupled with
Brantford's victory over Guelph,
put Ottawa in second position. Only
two games separate the first three
teams. Score—

HAMILTON BEAT ST. THOMAS

Garlow Was Hit Hard, But
the Bingles Well Scattered

HAMILTON, July 28.—Hamilton
took the last game of the series from
St. Thomas here on Saturday, making
it two out of three on the series.
The attendance was fairly large, de-
spite the fact that the ponies are run-
ning here, and several other attrac-
tions are being run off. Garlow was
doing the heaving for the Hamilton's
and though he was hit hard he kept
them well scattered, and the support
that he received was of the gilt edge
variety. Howick was Manager Ort's
selection, and he certainly gave a
good account of himself. Score—

Beggars Unashamed.

The London ghetto is not yet rid

audacity of some of the fraternity is
simply amazing. In contrast to the or-

sistance, and is usually not satisfied
with small favors, being quite indig-
nant when such are offered.

Next Season May See Montreal
and Toronto in the Canadian
League, is Latest Movement

Indications point to a changed
Canadian League next season and,
taking for granted that President
Barrow, of the International League
will make good in securing a better
location for the Montreal franchise,
thereby making it possible to incor-
porate a Canadian League club in
Montreal, and this brings about a
possibility of including a team in To-
ronto as well.

This matter has been thoroughly
gone into by the Toronto and Mon-
treal magnates who are about to take
up the matter next season.

MONTREAL, July 28.—Edward
Grant Barrow, president of the Inter-
national League of Baseball Clubs,
admitted here Saturday that there is
a possibility of Montreal's franchise
being transferred to some other city
better located geographically on the
circuit.

"Some of the club owners in the
league would like to see the franchise
transferred to some point better lo-
cated geographically than Montreal,"
he said. "A good deal of additional
traveling expense is entailed by tra-
veling here and some of the clubs
might save money by a transfer."

The Montreal club is not a big gate
producer. The Montreal club plays
to a smaller attendance than any club
in the league and visiting clubs to
this city barely pay their traveling
expenses on the percentage of the gate
receipts here.

"However, I do not think any
change will occur this season. If
anything at all is done in this direc-
tion it will not be until after the fall.

INDIAN TEA CROP DAMAGE.

Serious floods in South Sylhet and
Cachar have affected tea prospects in
both districts. The output from many
gardens is very much behind hand
and the reports of the damage done
by hail are more amply confirmed. In
some districts the bushes are abso-
lutely riddled, and the loss is stated
to be so heavy as to preclude any
possibility of making it up to the nor-
mal output. Unfortunately, too, it
is the fine tea gardens which have
suffered most. This misfortune will
tend toward raising the price of all
tea.

ST. LOUIS, July 28.—"Rube" Marquard won his ninth consecutive game Sunday afternoon when New York defeated St. Louis 2 to 1. Hess' Wildness Cubs' Win.

CHICAGO, July 28.—Pitcher Hess' generosity in issuing passes, coupled with opportune hitting by the Cubs gave the locals a 6 to 5 victory over Boston yesterday. Cheney pitched for Chicago.

Dodgers Get Two More. CINCINNATI, July 28.—Brooklyn took both games of a double-header from the locals here today, the first by a score of 7 to 4, and the second by 8 to 1.

SATURDAY'S GAMES. St. Louis Beat New York. ST. LOUIS, July 28.—Slim Sallee applied the brush to the Giants here on Saturday, the Cardinals winning 7 to 0. Sallee kept the visitors guessing throughout the contest, while Crandall working for the Giants proved easy. Only two Giants reached third.

Slee held the league leaders to 3 scattered hits, one of which was a scratch. But two New Yorkers got past first base. They were Meyers who reached the far corner in the sixth, when he singled and advanced on outs, and Doyle who tripled in the seventh.

St. Louis tallied its first runs in the sixth, when a base on balls, two singles and two errors netted 3 runs. Three singles, a triple and a double and another error counted four more for the home team in the eighth.

THEY ALWAYS HELP THE OLD FOLKS Why Mrs. Dionne Praises Dodd's Kidney Pills. Fine Old Quebec Lady Was Wasting Away When She Turned to Dodd's Kidney Pills and Found a New Lease of Life. ST. MATHIEU, Rimouski Co., Que., July 28.—(Special)—"Publish it to all the world that Dodd's Kidney Pills cured me." Those are the words of Mrs. Dionne, an old and respected resident of this place. And surely that cure was a wonderful one. Mrs. Dionne had reached the advanced age of sixty-nine years when ill-health overtook her. From 184 lbs. she wasted away till she weighed only 120 lbs., and she was a very sick woman, indeed. Speaking of her case, she says: "My back and head ached, my heart troubled me, my sleep was broken and unrefreshing, and I perspired freely at night. I also had a pressure or sharp pain on the top of my head, and I found it difficult to collect my thoughts." It was at this stage that Mrs. Dionne concluded that her trouble came from her kidneys, and she turned to Dodd's Kidney Pills. The first box helped her. She took twelve boxes, and is cured. Dodd's Kidney Pills always help old people, because when the human body starts to wear out, the kidneys are the first to go. Dodd's Kidney Pills always cure the kidneys.

A Claim Will be Made Against Sale of Burns' Manuscript.

LONDON, July 28.—A new turn has been given to the protests emanating from Scotland against the recent action of the Liverpool Athenaeum in selling the so-called Glenriddell manuscripts of Burns, the purchase being understood to have been made indirectly by an American millionaire, J. C. Ewing, one of the acknowledged authorities upon Burns' works has raised the point that the Glenriddell manuscripts were loaned, not given, to Dr. Currie, who later presented them to the Athenaeum. Mr. Ewing declares that Dr. Currie obtained loan of the manuscripts in 1797 when he arranged to write the life of the poet and edit his works, but he never returned the papers to the widow. On this assumption it is understood that the Burns Federation and the Burns Clubs of the United Kingdom may test the legality of the sale of the manuscripts by getting Miss Annie Burns of Chelton Hall, who is a direct descendant of the poet, to set forth her claim.

Tip from Texas. Our observation is that when a man does not like any business work he has just that much more time to be sore over his imaginary miseries. It has just about got so in some parts of this country that a man would rather be divorced from his wife than separated from his money. The reason a married man likes to admit his mistakes to his wife is because the family milk cow enjoys walking the clothes line in the backyard to make her calf laugh.

Football GAMES ON SATURDAY

Duffs 3, Tutela 1. Dragons 3, Tigers 0. The football games on Saturday were fast and interesting. The soldier boys had a glorious day of it. The Duffs captured the Tutela eleven and defeated them 3-1. The Dragons got on an extra spurt and blanked the Tigers and at the same time scored three goals. As the season advances, the interest in the league is becoming keener, this could be seen by the large crowds which witnessed the games on Saturday. The class of football played now is far better than when the season opened. The shooting on goal of the boys has become more deadly and accurate. All the players are now in the best of condition, and the games should pretty nearly all wind up with a small score. Duffs 3, Tutela 1. These teams met on Saturday at Tutela Park and a most exciting game was witnessed. Tutela were unfortunate enough to have three of the regular team away. Both teams started evenly, the Duffs having two men away, who put in an appearance just after the start, but the Tutela team, however, played one man short throughout the game. The Duffs won the toss and set Tutela to play uphill against a strong sun, but in spite of this Tutela had a fair share of the game in the first half. Gore started the game, giving the ball to Hingley, who passed out to Baker, but the ball beat the latter and went in touch. The ball travelled from end to end with great rapidity, and numerous corners were conceded by both teams. Coles got away and put a good centre across the Tutela goalmouth, but this effort availed nothing, through Alexander laying offside. Tutela then got away in some good combination by the forwards caused the Duffs defense considerable trouble, a corner being the outcome. This was well taken by Baker and the Duffs goal had a narrow escape, Vining just skimming the bar with a good header. Play again became general, and the first half ended with no score. The second half opened with the Duffs pressing hard for the lead, but the Tutela defense prevailed, and the ball was transferred to the other end, but the Duffs returned to the attack, and Drake accepting a pass from Humphries, beat Glenville with a long shot that gave Knowles no chance. This reverse livened up Tutela, who attacking the Duff goal with great determination and were soon successful in obtaining the equalizing goal, Gore scoring with a shot that gave Knowles no chance. Tutela continued to press until Hingley was

unfortunately injured and had to be taken off. Tutela, with nine men, still kept the Duffs busy and play was general. Hingley returned after an absence of ten minutes, and just after the Duffs forced a corner which Hutchison converted into a goal. Tutela worked hard for an equalizer and the Duffs defence were frequent in trouble, having to put the ball out several times. During an attack on the Tutela goal the Duffs scored again. Tutela tried hard to reduce the lead, but Knowles was safe, the game ended with the Duffs rather lucky winners by 3 to 1.

Notes on the Game. It is rumored that Joe Harris is taking lessons on how to throw in from touch. Usher, Bailey and Bowden would certainly have made a difference to Tutela. The Tutelas are a tough proposition, even with a weak team. Saturday's results rather improves the Duffs chances of getting the championship. Mr. Farnsworth, the referee, was

undoubtedly good throughout and worked hard. Tutela certainly attracts the football public. Dragons vs. Holmedale. This game proved an easy win for the Dragons of 3-0. The match was fast and clean, throughout and it is no discredit to the Tigers to be defeated by such a strong formation as they had to face. It is also very evident that the soldiers did themselves no harm by reorganizing. Regular meeting of the 25th on Wednesday next as usual.

Dufferin Rifles Notes. All signed players are requested to be at the Agricultural Park on Tuesday the 29th inst., at 7.30 p.m. All members and players were sorry to hear about the death of Capt. Mercer's sister-in-law, which took place on Saturday. Deepest sympathy is extended. Here's a Rugby Score. CHATHAM, Ont. July 28.—The St. Thomas semi-pro. team was de-

feated by the Chatham nine here on Saturday by a score of 25 to 3. It was the worst beating that the Chatham club has handed any club in the county. St. Thomas used three pitchers and Chatham collected 28 hits off their delivery.

MASSEY HARRIS EXCURSION CARRIED MORE THAN 3000

(Continued from Page 1) Successful Babies

There were many entries in each class—all fine babies. Gordon William Heinrich, the five months old son of Mr. and Mrs. Chas. Heinrich, 193 Sherbrooke St., carried off the grand prize, he also did at the Grocers' and Butchers' excursion. Gordon weighs 20 pounds and will make a good recruit some day for the Brantford ball team.

President Tom Nelson was on the excursion Saturday and it is supposed he was looking for new material.

In the one to six months old class there were twenty six little ones entered. Roy Edward, the five months old son of Mr. and Mrs. E. J. Gray, 179 Market St. was the little one who won the hearts of the judges.

William Stanley, aged 7 months, son of Mr. and Mrs. George Montgomery, 48 Bedford St. was the prize winner in the six to twelve months class. There were 31 entries.

In the twelve to eighteen months class in which there were twenty-two entered, Edward Bacon, aged fifteen months, son of Mr. and Mrs. W. Martin, 186 Marlborough St. carried off the prize for this class.

Twelve hopefuls were entered in the eighteen to twenty-four month old class, but Arthur E., eighteen months old, son of Mr. and Mrs. Arthur Hills was the red ribbon boy.

Who Said Twins, Mr. and Mrs. George Abbott, 27 Mohawk St. certainly have a fine pair of twins and yesterday they won the prize, being the best pair of twins exhibited. They are named Reta and Leta and are thirteen months old.

To-day there are many proud fathers and mothers receiving the congratulations of their friends. Those babies were certainly cute.

The Other Events Meanwhile as previously stated the other events were being run off. There were eighteen events on the program, exclusive of the baby show, and they were all well completed.

sent to Niagara to prepare for the excursionists who when they arrived on Saturday found everything in fine shape. Tea, coffee, milk and lemonade were served free of charge to all excursionists. There was a plenty and was given out freely. The lemonade was especially good.

Baggage Room. Capt. Colquhoun and an able staff looked after the baggage. At the grounds there was a baggage room and many took advantage of the opportunity to part with their baskets, etc. while they went sight seeing. Although three hundred baby buggies and hundreds of baskets, etc., were handled, not one was lost.

This certainly speaks well for Capt. Colquhoun and staff. The genial captain remarked while hunting for a lunch basket: "I'll like to be a baggage man."

Accompanied the Excursionists. Bricklayers, plasterers, masons and builders' laborers to the number of about 150 accompanied the excursionists as far as St. Catharines where a month picnic of the union mentioned was held on Saturday. Members of the unions gathered from all over Ontario.

Thirty-five Salvation Army bandsmen accompanied by their wives and officers of the Army, accompanied the excursionists. Spectacular music was heard in Niagara Falls Saturday evening and Sunday, and the locals took part. At 4 o'clock the band gave a concert in Queen Victoria Park and were well received. The Paris Citizens band came along with the excursion and provided good music.

Points of Interest. Special arrangements had been made by Mr. W. S. Brewster, M.P.P., for allowing the excursionists to inspect the Ontario Power Company's plants from where the Hydro-Electric power is supplied. This courtesy was taken advantage of by many.

The excursionists were met at the Canadian and American side were visited by the majority of the excursionists. Owing to sports being over early in the afternoon it gave the excursionists a good opportunity to do this.

Closed Down. Owing to the excursion several local factories were closed, among them being the Brandon Shoe Co. and the Brantford Emery Wheel Co. Penman's Mills in Paris were also closed.

The excursion is run entirely by the employees of the firm, and the proceeds are used to finance the excursion the next year. There is good team-work, and to this can be credited the success of the excursion. All the members of the committees and the officers worked with a will and it would be very hard to single out any individual.

However special credit is due the chairman of the several committees and the secretary, Mr. J. R. Harmer, who has been busy for months preparing for the event.

The officers and committees are: Hon. President, R. D. Johnson; vice-president, C. L. Evans; second vice-president, C. Greiner; treasurer, E. C. Tench; secretary, J. R. Harmer.

Committees. Advertising—E. C. Tench, chairman; J. R. Harmer, W. B. Jago, Geo. Adkins, J. Booker, B. Mattice, F. Wickmann, (Paris).

Refreshments—J. Brown, chairman; R. Kett, G. Adkins, G. Williams, A. B. Jones, J. Binkley, W. Downes, H. Shaw, W. Kendrick (Paris), C. Newstead (Paris), N. Gillett.

Sports—A. Tuck, chairman; W. Poulton, J. Robertson, E. Legacy, O. Ryan, J. Dodwell.

Transportation—Capt. M. A. Colquhoun, chairman; G. Greiner, W. B. Jago, Bissett, Capt. J. S. Dunlop, J. Booker, G. Butterby, N. C. Prouse, D. Vanfleter, W. B. Jago, W. Godden, C. Cook (Paris), H. Heinberger, (Paris), C. Brown, A. Geddes.

Homeward Bound. After having spent a most delightful day among the beauty spots of Niagara the excursionists then turned homeward. The first train left Niagara at 7 o'clock, arriving in the city at 9.30, and the second left at 8 o'clock arriving about 10.30, as did the train from Buffalo.

BUMPER WHEAT CROP. Thousands of Men Required in Western Canada. This Year's Harvest Promises to be the Largest in the History of Canada.

According to present indications, the wheat crop of 1913 will be the greatest ever harvested in Manitoba, Saskatchewan or Alberta.

The Governments of the respective provinces state that many thousands of men will be required for this year's harvest. These will have to be practically recruited from Ontario, and the prosperity of Canada depends upon securing labor promptly.

The Canadian Pacific, on which company will all practically the entire task of transporting the men to the West is already making special arrangements for this year. Excursions from points in Ontario to Manitoba, Saskatchewan and Alberta will be run and special trains operated, making the trip in about thirty-six hours and avoiding any change of cars or trains. This will be a day shorter than any other route. Dates, rates and conditions will be announced in a few days.

THE MYSTERY OF AGATHA WEBB

By Anna Katharine Green, Author of "The Leavenworth Case," "Lot Man's Lane," "Hand and Ring," Etc., Etc.

OCTOBER, 1903. BY ANNA KATHARINE GREEN.

"Agnes," returned Frederick, smiling sadly as he observed the sudden alarm visible in her father's face at these enthusiastic words. "You know me, perhaps better than others do and are prepared to believe my words and my more than unhappy story. But there are few Agneses in the world. People in general will not acquit me, and if there was only one person who doubted"—Mr. Halliday began to look relieved—"I would fain to give any promise of the new life you hope to see me lead if I allowed the shadow under which I undoubtedly rest to fall in the remotest way across your path. You and I have been friends and will continue such, but we will hold little intercourse in future, hard as I find it to say so. Does not Mr. Halliday consider this right? As your father he must."

"Agnes' eyes, leaving Frederick's for a moment, sought her father's. Alas, there was no mistaking their language. Sighing deeply, she again hung her head.

"Too much care for people's opinion," she murmured, "and too little for what is best and noblest in me. I do not recognize the necessity of a farewell between us any more than I recognize that any one who saw and heard you today can believe in your guilt."

"But there are so many who did not hear and see me. Besides," here he turned a little and pointed to the garden in his rear, "for the past week a man—I need not state who or under what authority he acts—has been in hiding under that arbor watching my every movement and almost coming to my side. Yesterday he left for a short space, but today he is back. What does that argue, dear friend? Innocence completely recognized does not call for such guardianship."

The slight frame of the young girl bending so innocently toward him shuddered involuntarily at this, and her eyes, frightened and flashing, swept over the arbor before returning to his face.

"If there is a watcher there and if such a fact proves you to be in danger of arrest for a crime you never committed, then it behoves your friends to show where they stand in this matter and by lending their sympathy give you courage and power to meet the trials before you."

"Not when they are young girls," murmured Frederick, and, casting a glance at Mr. Halliday, he stepped softly back.

Agnes flushed and yielded to her father's gentle pressure.

"Goodby, my friend," she said, the quiver in her tones sinking deep into Frederick's heart. "Some day it will be good morrow," and her head, turned back over her shoulder, took on a beautiful radiance that fixed itself forever in the hungry heart of him who watched it disappear. When she was quite gone, a man, not the one whom Frederick had described as lying in hiding in the arbor, but a different one—in fact, no other than our old friend the constable—advanced around the corner of the house and presented a paper to him.

It was the warrant for his arrest on a charge of murder.

CHAPTER XXVII. SAVED.

Frederick's arrest had been conducted so quietly that no hint of the matter reached the village before the next morning. Then the whole town broke into uproar, and business was not only suspended, but the streets and docks overflowed with gesticulating men and excited women, carrying on in every corner and across innumerable doorsteps the endless debate which such an action on the part of the police necessarily opened.

But the most agitated face, though the stillest tongue, was not to be seen in town that morning, but in a little cottage on an arid hill slope overlooking the sea. Here Sweetwater sat and communed with his great monitor, the ocean, and only from his flashing eye and the firm set of his lips could the mother of Sweetwater see that the crisis of her son's life was rapidly approaching and that on the outcome of this long brooding reated not only his own self satisfaction, but the interests of the man most dear to them.

Suddenly from that far horizon upon which Sweetwater's eye rested with a look that was almost a demand came an answer that flushed him with a hope as great as it was unexpected. Bounding to his feet, he confronted his mother with eager eyes and outstretched hands.

"THE OPEN-AIR PRINCESS," as the Princess Mary has been called, took part in the contest for the Ladies' Challenge Shield, at the Bath Club—fifty yards breast stroke, floating, diving, and ornamental swimming—and though she did not finish among the first three, she proved that she is a graceful and accomplished swimmer. Young as she is, she can already hold her own in most sports. She is a frequent visitor to the Bath Club, of which, with the Prince of Wales, she has been a member for the last five years. The second and final stage over 150 yards for the King's Cup also took place at the Bath Club last night. The result was a win for O. Schiele, of Germany, with 23 points. W. Morris the holder, being second with 22 1-2 points, and G. Innocent, City of London Police, third with 18 1-2 points.

THE RESCUE OF A CREW of seventeen, including the captain and his daughter, was accomplished by the steamer Darnholme, of Whitby, Yorkshire. John Brown, the sailmaker, in an interview given at Liverpool, said that during the terrible weather in Mid-Atlantic on June 15, the condition of the Norwegian three-masted barque, Glenmark, became so bad, through the ballast she was carrying shifting, that the captain ordered the masts to be cut away. This had little effect, and the barque continued to heel over. Amid great excitement, those aboard

in the probate division suggested the appointment of Mr. Hickson, chartered accountant, as administrator until the relatives should come forward. The treasury had been communicated with, but offered no objection. His Lordship granted the application appointing Mr. Hickson, observing that there should be as little interference with the estate as possible.

£5,000 PAID FOR THE FILM, "The Battle of Waterloo" which was sold by auction. The auction was held at the offices of the producers, the British and Colonial Kinematograph Company (Limited). The bidders started at £2,200, and went up in jumps of £200 until it reached £3,200, then a bid was made of £5,000, at which it was knocked down to Mr. Cloyenberg on behalf of the Atlas Feature Film Company, Limited, and Messrs. Ruffell's Imperial Bioscope Syndicate, Limited. No pains had been spared to make the film complete, the posing taking place at Irthingborough, near Wellington. The "battle" took place in the early morning. Four hundred foot soldiers and hundreds of horses, were engaged. Farm buildings were besieged and burned, and two actors took the parts of Wellington and Napoleon.

FIRE DESTROYED Ballikrain Castle Balfour, in the parish of Kilmearn, Stirlingshire, until recently the property of Sir Archibald Orr-Ewing. The castle which was unoccupied, was burned practically to the ground. The fire was first observed about three o'clock in the morning by a woman, who at once gave the alarm. The Glasgow Fire Brigade was telegraph-

ed for, but by ten o'clock nothing but the walls of the castle were standing, even the huge tower being destroyed. The stables which are next the castle were saved. The castle contained 100 rooms, and had been sold some time ago to a syndicate. It was empty, all the furniture having been removed. The damage is estimated at about £70,000. The caretaker had been through the building on Saturday, and found everything correct. A gamekeeper who resides at the stables, was roused o'clock the previous night, and saw nothing out of the usual. A dis-

cover which has given rise to considerable conjectures is that a piece of soft soap rolled up in a paper was found on the sill of a window. It is thought that the soap had been thrown at the window in order to break it with the least possible noise, and in this way to allow someone to gain entrance to the house. There seems little doubt that the fire has been wilfully caused as the fire extinguishing apparatus had been cut and rendered useless. Ballikrain Castle was built in 1877 by the late Sir Archibald Orr-Ewing, M. P., for Dumbartonshire, the well known Vale of Leven, Turkey Red manufacturer, and its erection and furnishing is said to have cost £100,000. It was generally admitted to be one of the finest mansion houses in Scotland, and commanded a magnificent view of the Grampian range. The hall was 60 feet long, and beautifully panelled. Carved woodwork was one of the features of the decorative scheme, and the principal rooms showed a wealth of wainscoting. The district is famous on account of its connection with the bold Rob Roy and his Caterans. The

foundations of the house from which Rob Roy's son, Robert in Oig, carried off the fair and wealthy widow, Mrs. Jean Kay, to marry her by force, are visible at Edinbellie, on the estate, and the great iron keys and thick oaken bars which kept out Rob Roy himself are still to be seen at Old Ballikrain, while the wild corrie of Ballglass, behind the castle, was the scene of the Caterans' last raid into Strathendrick. In the days of old the wild glens, with picturesque waterfalls on the estate, where the favorite haunts of illicit distillers.

AN OPEN-TOPPED BARREL saved the life of Alfred Toft, boy of 15, who fell over the edge of a new dock in Hull, England, recently. His companions expected he would be killed on the concrete nearly fifty feet below.

A LEGACY OF £5,000 was left to Abertystwyth College, Wales, by Lord Rendel. He was a friend of Mr. Gladstone and president of the college.

FOUR SALMON FISHERMEN sank at the mouth of the Teifi, Cardigan. A heavy sea was running and the boat, turning broadside to the breakers, filled with water and sank. David William James and William Daniel James, single, were drowned, while Washington Thomas swam ashore.

IN A SMALL OPEN BOAT, fitted with a single sail, an adventurous resident of Deal, Bernard Whittingham, crossed from Deal to France, the other day. He was unaccompanied, and was supplied with only two bot-

les of water. He left Deal beach at five o'clock in the morning, and reached Calais without accident five hours later.

THE DELUSION that he was to be court-martialed and shot as a traitor, caused William Cooke, a farmer, (37) of Gelsmoor, near Ashby, Leicestershire to cut his throat. A sister said her brother fought with the Leicestershire Yeomanry in the Boer War and contracted fever. Since then he had delusions, and would in imagination go through terrible incidents of war. A verdict of suicide while insane was returned.

AN ARTIST NOT UNDRESSED for years was found dead in bed. This was related of Alfred Joseph Roff, aged 65, at a Paddington, London, inquest. Remonstrated with, he always said it was too much trouble to undress. The man spent all his time lying on a bed where he painted his pictures. A verdict of death from natural causes was returned.

A LOVE STORY caused the death of a domestic servant, Miss Annie Palmer, at Blandford, (Dorset), the other day. The girl lost her life as the result of burns received while in bed. Wanting very much to finish a love story she took the book to bed with her. Just before midnight the household, roused by shrieks from her room, found her clothing and bedding in flames. On a chair by the bed was her candlestick with her hook near. Falling asleep while reading, she had ignited her clothing.

HEARING HER HUSBAND calling at the front door, at two o'clock

on Sunday morning, Mrs. Elsie Nichols, of Hewerton Street, Newport, Monmouthshire, thinking he had returned earlier than usual from his work at Pontnewydd coke ovens, about seven miles away, went down from bed, but found no one there. An hour later she again heard him calling and went down again. This time a cyclist was at the door to say that her husband had sunk into a bank of small coal about two o'clock and had been suffocated.

£1,000 WAS SUBSCRIBED to the building fund of the Welsh National Museum at Cardiff, by Lord Aberdare. The treasury will make a grant equal to the sums subscribed by the public.

THE PIGEON RACE from the Palace Yard, Westminster, took place a few days ago. In the presence of a large crowd, which included the Speaker, 180 pigeons were started. The race was the result of a challenge from Mr. Illingworth, Liberal Whip and member for Shipley, to Mr. Handel Booth, M. P. for Pontefract, that homing pigeons of his constituency could out-distance those of Pontefract. Both members were present when the birds were released for the journey at 10.30 in the morning. The first three positions were won by Pontefract fliers. The championship of the race went to Mr. Harding (Pontefract), whose bird arrived home at 2.21 p. m. In the Shipley division the first home bird arrived at 3.16 p. m.
