

FIRST ACTION OF REAL WAR IS EXECUTED AT VERA CRUZ

MEXICAN GENERAL WAVED FAREWELL FROM CARRIAGE IN WHICH HE ESCAPES

Was First to Get Out of Vera Cruz and His Family Followed Later—Dangerous For Anyone to be at Large in City—They Shoot From All Angles and From House Tops--Lots of Excitement.

WASHINGTON, April 22.—The paraphrase of a despatch from Vera Cruz was made public to-day at 3 a.m. by the Navy Department. "It is reported that Commandant General Maas left Vera Cruz in a carriage, and that he had not been heard from since. The Mexican troops were turned loose to act as they pleased, few if any officers remaining. "It is said that there is some looting, making it dangerous for natives and foreigners. At the time of this despatch the Mexicans are firing a 75-millimeter machine gun at corner of Callestran Morelos and Main street. Col. Cerrillo was wounded early in battle. "A telegram from Vera Cruz reports the town quiet except for occasional picket shots. A few refugees are still in consulate. "It is believed the Mexican soldiers on the house-tops will escape under cover of darkness, and there will be no more fighting. "A second messenger was sent to General Maas again requesting him to stop firing and prevent shelling of the town. At the time this telegram was sent the messenger had not returned."

Mr. Taft On War's Outcome

[By Special Wire to The Courier] NEW YORK, April 22.—Former President Taft, who came to New York to attend a dinner last night, expressed the hope that there would be no war when informed of the latest news from Mexico. "Once you get into a war," Mr. Taft said, "you never know where you will come out of it. I don't mean in regard to winning, but with respect to responsibilities that may have to be assumed. When we began the war with Spain, who would have thought that we would come out of it with the Philippines?"

SECRETARY OF NAVY ADMITS THAT UNCLE SAM IS NOW AT REAL WAR

When Federal Troops Fired on United States Troops a State of War Was Brought Into Existence--Warlike Scenes in Mexico Give Rise to Belief That Stubborn Fight May be Looked For--Supplies Are Cut Off.

NEW YORK, April 22.—A Washington despatch to the Tribune says: The United States is at war with the republic of Mexico. This admission was made by the Secretary of the Navy, on behalf of the Administration, and by several Democratic senators on the floor of the Upper House yesterday. Secretary Daniels, while contending that the seizure of the customs house at Vera Cruz was not an act of war, asserted that the firing on the Americans by the Federal troops was, so that it no longer could be denied that a state of war existed. Mr. Daniels also said that the German ship carrying munitions of war had arrived at Vera Cruz yesterday, but had not entered the harbor. It was his understanding that she had on board 15,000,000 rounds of ammunition and 200 machine guns. It has been reported also that several hundred railway cars were being held in readiness at Vera Cruz to transport these munitions to Mexico City. Following a conference at the White House last night, Secretary Bryan went to the German embassy and discussed the situation as it affects the German ship with the German ambassador.

BELIEVED THAT MANY MEXICANS WERE KILLED

Although it is Hard to Estimate Number Which Participated.

[By Special Wire to The Courier] VERA CRUZ, Mex., April 22.—Estimates of the number of Mexicans killed or wounded in the fighting with the American marines and blue jackets yesterday, still are very vague. It is believed, however, that the Mexican casualties were greater than those of the Americans, who lost four men killed and twenty wounded. This morning bodies of Mexicans are lying about the central part of the city uncarred for. At a late hour last night the American forces in Vera Cruz numbered 1,200. The first landing party consisted of more than 500. The second detachments landed two hours later. At the most the number of men under General Maas did not aggregate more than one thousand. Serious firing on the part of the Mexicans, early to-day, appeared to be concluded. During the night there was an occasional shot from roofs, sometimes even within the American lines and it was unsafe to traverse the streets. Late last night, Rear-Admiral Fletcher through Consul W. W. Canada, sent a second messenger, a Mexican, to endeavor to locate some one in command to tell him conditions and suggest that in the name of humanity he call off his men. The Rear Admiral is considering the throwing of shells, but is reluctant to sacrifice life merely to clear the houses of the determined few. The Americans have not yet occupied the central part of the city, and more fighting may be necessary before the town is in their undisputed possession.

Old Huerta Sits Tight at Mexico City

Armed Forces Against Mexico Considered Necessary by Vote This Morning.

[By Special Wire to The Courier] NEW YORK, April 22.—A cable from London to the New York American this morning says: "Huerta remains absolutely imperturbable. "The city is calm. Business is proceeding as usual. The poorer classes do not know the gravity of the crisis. Scores of United States citizens are preparing to depart. "Charge O'Shaughnessy told the Mail's correspondent he had received no instructions from his Government relative to his departure. "The Foreign Minister said that Americans remaining there would be protected to the full extent of the Government's power."

THE U.S. SENATE JUSTIFIES ACT OF PRESIDENT WILSON

Armed Forces Against Mexico Considered Necessary by Vote This Morning.

[By Special Wire to The Courier] WASHINGTON, Apr 22.—The Senate at 3:21 this morning by a vote of 72 to 13 passed the "administration resolution" declaring that "the president is justified in the employment of the armed forces of the United States to enforce his demands for unequivocal amendments for the affronts and indignities committed against the United States in Mexico." The resolution as adopted by the Senate follows: "In view of the facts presented by the president of the United States in his address delivered to congress in joint session on the 20th day of April, 1914, in regard to certain affronts and indignities committed against the United States in Mexico, be it: "Resolved that the president is justified in the employment of the armed forces of the United States to enforce his demands for unequivocal amendments for the affronts and indignities committed against the United States; be it further, "Resolved, that the United States disclaims any hostility to the Mexican people or any purpose to make war upon them." The Senate adjourned at 3:24 a.m. until noon to-day.

STOCKDALE IS OUT AS RECEIVER OF THE RAILWAY

Order Was Issued at Osgoode Hall Today to That Effect.

[By Special Wire to The Courier] TORONTO, April 22.—The Woodstock, Thamesville & Ingersoll railway will pass out of the hands of L. B. Stockdale, receiver, under the second mortgage and Mr. M. M. Wallace K.C., of Woodstock, will have complete control. The order was granted at Osgoode Hall to-day by Mr. Justice Middleton on Mr. Wallace's application following a writ for the removal issued recently in Woodstock. "What changes will you direct?" Mr. Wallace was asked by The Court after the hearing. "I do not think you should expect me to answer that" was the answer. "Will you devote your whole time to the Woodstock Road?" "No, I have a very efficient superintendent." "To-day's proceedings will interest Brantford people, although not financially. Mr. Stockdale is still receiver of the Grand Valley Company, from which the city is affecting a purchase. Mr. Stockdale, as former receiver of the Woodstock line, will pass his accounts and then sever his connection with Woodstock of the Grand Valley enterprise. Mr. Stockdale's affidavit was submitted to the court. After reciting that he had been appointed receiver on May 29th, 1912, he said: "I have no personal interest whatever in the matter referred to in this connection and have acted solely in my capacity as receiver, and as such an officer of the court. Ever since my appointment I have been and still am always ready and willing to receive and to act upon the advice and order and direction of the court. I am subject to the same accordingly and I am advised that I am not at liberty to act in the matters referred to in this action without the direction and order of the court. "I am quite ready and willing to expedite the plaintiff and any one else interested in obtaining upon summary motion or otherwise an order of the court on the premises." Mr. Wallace, a bondholder represented the first bond mortgage of \$140,000 as trustee for the bondholders.

I now believe fighting will be stopped within less than an hour." Consul Canada's latest despatch, which was filed at Vera Cruz early to-day, and was given out at 11 a.m., follows: "Firing commenced at day-break. Ships now shelling southern part of the city. Large force landed from Admiral Badger's fleet before daylight. Copies of proclamation issued by rear admiral, requesting at once the cooperation of the mayor and municipal authority in restoring order, have been distributed, but have been unable as yet to get in communication with these officials. Major Butler's force of marines from Tampico are now ashore. Expect the city will be quiet later in the morning. Estimates of Mexicans killed and wounded up to late last night approximately 150. Battleships here Florida, Utah, Arkansas, Vermont, New Hampshire, New Jersey, South Carolina, transport Prairie and collier Orion. Transport Hancock with marines reported due. American forces advance 8 a.m., under guns of war vessels, to take city.

CHANGE OF PROGRAM

To the Patrons of the Empire we wish to say that for their benefit, we think that we have improved our program to a great extent by doing away with the vaudeville acts, as we find that vaudeville is over run in this city, and as it is very hard to get first-class acts. It is our intention to put the money we were paying for the acts into the very best feature pictures that can be produced. It is also our intention to make the Empire the Feature House of Brantford, and we think that good features like we are going to show to our patrons will be far more pleasing than poor vaudeville. We have here a few of the features we have booked: "The Celebrated Case," "Through Fire to Fortune," "The Lion and the Monkey," "Dante's Inferno," "Paid in Full," "Brewster's Millions," "Monte Cristo," "The Strain," "The Hunchback" and several others. Now we hope that this improvement will make a large increase in our patronage, and we feel sure that once you have seen our line of features hereafter the Empire will be your home of enjoyment.

Fears Are Held For Ambassador

[By Special Wire to The Courier] WASHINGTON, April 22.—Secretary Bryan, going to the White House at 1:15 p.m., said he had received no word from Charge O'Shaughnessy since Monday. The last message from Mexico City came from the American consulate Tuesday afternoon. Mr. Bryan appeared worried about Mr. O'Shaughnessy and to-day cabled him to report about conditions in Mexico City. The secretary was sure, however, that if anything had happened to O'Shaughnessy other legations in Mexico City would have, through their home governments informed the United States. Press reports have stated that telegraph wires from Mexico City to Vera Cruz were cut yesterday, which would probably account for the lack of information.

\$500,000 For Relief Purposes

WASHINGTON, April 22.—President Wilson to-day sent to Congress a message asking for an immediate appropriation of \$500,000 to be used to bring Americans now in Mexico back to their homes in the United States. The message was referred to the appropriations committee. The statement was issued in connection with a report that Secretary Bryan was about to resign.

President Wilson Feels it Keenly

[By Special Wire to The Courier] WASHINGTON, April 22.—"I'm sorry, terribly sorry," were President Wilson's first words when news of loss of life in taking Vera Cruz first reached him to-day. The President was sad and disheartened. As he walked slowly to his office through the White House his head was bowed and his face a study in deep feeling and gravity.

Not Resigning From Cabinet

[By Special Wire to The Courier] WASHINGTON, April 22.—The White House to-day requested the publication of this statement: "Secretary Tumulty emphatically to-day stated as wholly unfounded reports that any member of the cabinet contemplates resigning. He said that this subject had not been considered by the President or by any member of the cabinet and had never been discussed."

PROCLAMATION TO PEOPLE

WASHINGTON, April 22.—In Rear Admiral Fletcher's proclamation to the people of Vera Cruz he called upon them in the interests of humanity to co-operate with him in restoring order. He said they could carry on their municipal government as before, and that the United States merely would hold the customs house and patrol the city.

REINFORCEMENTS

WASHINGTON, April 22.—Reinforcements from Rear Admiral Badger's fleet were landed to-day at Vera Cruz under the guns of the American warships to aid in taking the entire city of Vera Cruz, according to official advices to the navy department.

LEAVE TAMPICO ALONE

WASHINGTON, April 22.—No orders it is stated, have been sent to American officers with reference to landing at Tampico, the only orders sent there referring to directions for ships sent to Vera Cruz. Admiral Badger will remain at Vera Cruz until further notice. No advancement further than Vera Cruz on the part of the United States forces, it was made plain, would be undertaken unless some overt act on the part of Huerta and his followers should precipitate further trouble and make more aggressive action necessary. Despite the purpose of the Administration to confine the operations at Vera Cruz, the situation took on an ominous aspect, which indicated that more serious consequences cannot be averted. Though not officially announced, it was reported on high authority that Senor Algara, the Mexican charge d'affaires, had been directed by Huerta to ask for his passports, and that the American charge at Mexico City, Mr. O'Shaughnessy, had been asked to leave. With this prospective breaking off of diplomatic negotiations, together with the reports of aroused feeling among the Mexicans, the feeling is here that it may be necessary in the near future to resist active attacks from Mexican federal soldiers. Everything is in readiness for actual warfare if it must come, and congress to-day took the final step in justifying the President's course thus far.

FLEET MOVEMENTS

WASHINGTON, April 22.—Rear Admiral Badger reported to the navy department to-day that he had ordered the torpedo flotilla from Vera Cruz to Tampico to reinforce the Des Moines in that port which was left alone when the other vessels were withdrawn to Vera Cruz.

No Message From Embassy

[By Special Wire to The Courier] WASHINGTON, April 22.—Consul Canada in a despatch to the State Department this afternoon, said that he had so far been unable to establish communication with the American embassy at Mexico City. He said a house-to-house search was being made through Vera Cruz, and many arrests of armed Mexicans were being made.

Mr. Fred Westbrook Has Entered Suit Against Toronto Millionaires.

Despatches from Mexico City state that there are grave fears there of an uprising against all foreigners. There are no Brantfordites in Mexico, but Mr. W. A SPLENDID CROWD AT "A NIGHT IN DREAMLAND"

Military Evening Proved a Splendid Success at Grand Opera House—Brilliant Performance Will be Produced for Last Time To-night.

The military evening of the Night in Dreamland production was a magnificent success. The scarlet dress tunics of the officers of the 25th Brant Dragons and the effective blue and red of the Dufferin Rifles officers were much and prettily evident, intermingled among the vast audience. The regiments of the city, including the 25th Brant Dragons, the 38th Dufferin Rifles and the Artillery were well represented in all ranks.

The first performance of the fantasy was meritorious, the second was equally so. Last night perhaps the corners were rounded off, and the players had to some extent got over their first performance thrills. If such can be said, it was perhaps a little more natural. From the opening score with the blind beggar on the stage, to the grand finale, there was not a flaw that could be laid at the feet of the company performers.

Again Mr. W. J. Feldkamp delighted with his splendid ragtime hitch, doing wonderful work as a pillar of the law meanwhile, and Miss Doris Hardy was an ideal type of society girl. The haunting ragtime air captured every one, and even the Salvation Army girls were affected, no less so were the ardent suffragettes.

The whole was a farce of a highly amusing description, and was admirably acted. The specialties of part two were again carried out in a superb manner. The whole of the eight numbers of this part were each an example of the ability which lies underneath the surface of our Brantford residents. The part consisted of Hush, there comes the dream Man, by a chorus of ten pretty girls on the stage, and ten dream men with a troupe of little folks in the aisles. The Tangany Ray by Mr. Wellington and chorus, Oh, you Rah Rah Boy, by Miss Adelaide Montizambert and chorus; I'm on my way to Mandalay, by Miss Doris Hardy and Mr. Arthur M. Dunstan; My pretty black eyed Susan, by Mr. Wellington and chorus; He'd have to get Under, by Arthur Brierley and chorus; Has anybody got a Kiss to Spare, by Miss Ida Fuller, Moore and the Rose bug by Miss Hilda Hurlay, which included a pretty posing scene in which Mrs. Lloyd Harris was the throne girl. Without exception, all these numbers were so well received that encores were demanded.

Part three resulted in one of the most gorgeous scenes staged on the boards of the Grand. It was indeed the title scene of the production. In Dreamland, the picture was magnificent, elegant ladies and gallant gentlemen surrounded tables set in the midst of beautiful flowers of a garden of imagination, and were the hosts of Miss Van Norman, queen of the scene. Musical numbers by the guests were rendered splendidly, so well in fact, that encores became usual, as in the preceding part. The dancing of the little Misses and Miss Louise Weeks was especially pleasing, garbed as they were in pretty pink costumes. Loves Young Dream, by Miss Hurlay; The Moonlight Dance, by Miss Reva Gramstadt and Mr. Arthur Dunstan; Just a Little Levin, by Miss Gretchen Dunstan; Something's Going to Happen, by Miss Evelyn Buck; The Dance of the Rose, by Miss Norma Coulson and Miss Edith Browning; In the Garden of My Heart, by Mr. W. J. Feldkamp, were among the best in many selections given during this part, to say nothing of the toasts proposed by Miss Stuart Gilmore, Mr. Wellington and Mr. Dunstan. Mr. Wellington and Miss Montizambert, accompanied by little Miss Margaret Fraser as Cupid, given a wonderful exhibition of dancing, including the Loveland Dance, and the Brantford Hop. A novel feature was the Aerial Dance by Miss Dimples Yager.

A grand finale. The Ragtime Dream, concluded the second performance of this great success. It was announced that again to-night, owing to the splendid result of the efforts of the Daughters of the Empire, the fantasy will again be staged.

Had Good Record.

Some Sunday schools that made a good record at the Friday evening meeting were omitted from the report that appeared after the meeting. Among those worthy to be mentioned are: First Baptist which had 29 out of 33 others and teachers present; Oxford street Methodist with 17 out of 18 present; Elm avenue church with 10 out of 14 present; Gospel Tabernacle with 20 out of 26 present; Rev. R. D. Hamilton's class of Wellington St. Methodist church with 110 on roll and 70 present; Mr. J. H. Teakle's class "MBaraca" of Gospel Tabernacle with 26 on roll and 23 present; Mrs. Acker's class "Try Company" of Gospel Tabernacle with 23 on roll and 19 present.

Soft Ball Meeting.

At a meeting of the soft ball league held last night in the Y. M. C. A., a schedule for the coming season was drawn up and some changes were made in the constitution of the league. Thirty-six games will be played this year instead of twenty-four—games being played on Tuesday's and Thursday nights at Recreation Park. The first game will be played Tuesday, May 12, and will continue until September 15th. The entrance fee was changed from \$5 to \$15, the difference being the fact that the league will this year furnish the balls instead of the teams. Each player must be a resident of the city for 30 days previous to the opening of the season and each team is limited to 15 players. No player can get his release from one team to play with another after July 1st. The members of the league are very enthusiastic about the prospects for this year's teams, and a big year is expected.

Concert at Wellington St.

The 79th anniversary of the First Methodist Sunday school was celebrated at Wellington street on Sunday and Monday, when stirring addresses were given to the scholars on Sunday by the Rev. Wray R. Smith of Meriton, and the pastor, the Rev. R. D. Hamilton. On the afternoon a special open session of the school was held when Mr. W. G. Ranton occupied the chair. Splendid and inspiring addresses were given, and the young people spent a most profitable time, special music being rendered by the Sunshine Choir. The evening service was equally enjoyable, Rev. Wray R. Smith being heard at his best, and he moved his hearers at will.

On Monday evening one of the best entertainments ever presented by the scholars of a local Sunday school, was presented to a well filled hall. The first part was composed of solos, recitations and chorus songs, members of the primary department, Misses Phoebe Rockwood, Nellie Tollhurst, Sina Cooper, Helen Daniels and Margaret Ryerson, and Masters Jack McEan, Earnest Hutchinson, Chaire Thompson and Hilary Wallis were especially deserving of praise. Part two was given by the elder scholars and consisted of drills, solos, instrumental solos, recitations, and a dialogue. Ray Waterson and Warren Buskard were very clever, and among the ladies who contributed greatly to the success of the evening were Leone Brenner, Ruby Cann, Grace Lake and Dorothy Feun Mr. Dewitler's class provided excellent orchestral accompaniment.

The awards were then made to the twenty-one star scholars who had made a perfect record during the year. They were as follows:
Teacher, Mrs. Whelan—Grace, Lake, Leotta Taylor, Helen Wiles, Gladys Davidson.
Teacher, Miss Gimby—Hazel Ryerson.
Teacher, Mrs. Wallace—Rae Waterson, Edith Beech.
Teacher—Mrs. Irvine—Bruce Irwin.

Dropped Dead

A despatch from Hamilton says—"Mrs. James Kinney of Detroit, who came to this city to attend the funeral of her nephew, Leon Ward, who was electrocuted near Brantford last Friday, dropped dead on King street near James street last evening while shopping. She appeared to be in her usual health when she left her home. Paralysis of the heart is supposed to have caused her death."

A co-operative society has been started in Welland and a store is to be opened.

BRANTFORD LADIES

Were Guests at Hotel Which Was Burnt Out in Florida.

Three Brantford ladies, Mrs. Oldham, Mrs. Ott and Mrs. Yeigh who returned recently from St. Augustine, Fla., tell an interesting story of the fire which destroyed the hotel they stayed at while in that city.

These ladies had left the hotel for home only a few days, before the disastrous fire commenced and thus escaped with all their belongings. Mrs. Oldham received a letter from an acquaintance she made at the same

hotel while in that city in which she stated that she and her brother had lost everything in the blaze. The hotel was a frame structure and the fire spread through it like paper.

At the first alarm of fire this lady lady scrambled out of bed and rushed to the next room where her brother a cripple was sleeping. She roused him and together they started for the stairway, but before they had gone ten feet the flames cut them off. Together they hurried out on to the balcony, where they were rescued by ladders. All their personal effects were lost and there experience was one they will never forget.

Mrs. Oldham, Mrs. Ott and Mrs. Yeigh are congratulating themselves on leaving when they did.

FAKE GAME IS
EXPOSED TODAY
IN POLICE COURT

Money Taken at Labor Bureau
—Magistrate Scents
a Fraud.

Arthur W. Webb, is a smooth cus-
tomer, but, with all his smoothness,
he could not throw mud in the face
of Magistrate Livingston. He had
run an intelligence office on Colborne
street in partnership with two men
named Stuart and Rush. They col-
lected a sum of eighteen dollars,
which is known to the authorities and
then the office closed and the work
which had been guaranteed in return
for the cash was not forthcoming.
Investigations resulted in a warrant
being issued for the arrest of the ab-
sconding parties and this morning
Webb appeared before the bench on
a charge of fraud. He pleaded that
the police had no authority to prose-
cute, but this plea was immediately
rejected by the magistrate who said
proceedings were taken under the
Criminal Code.

The first witness called was Leon
Shalit, who is a general confidante of
the foreign element. His testimony
was that an intelligence office had
been opened at -103-1-2 Colborne St.,
about the beginning of March. It
was carried on under the trade name
of Webb and Stuart and after some
business had been contracted it was
closed up. It was only open for
about one month. He had him-
self taken eighteen Russians to the office
and for them had paid \$18. If work
was not found the money was to be
returned after various excuses for not
getting employment for the Russians
witness found the office closed up.
He produced the receipt which was
signed by Rush.

John Garrett giving evidence said
he had lived in Brantford for some
time and was now working for a con-
tractor Lamin Shalit on Colborne St.
He said he had come across Webb in
Hamilton and by arrangement with
Webb he was to go down to Hamil-
ton from Brantford to obtain work
from their Hamilton office. He paid
a dollar to them in their Brantford
office and was referred to the Hamil-
ton branch. He was a carpenter and
had been guaranteed work by the
office kept by defendant. He had
not got the work promised and when
he arrived at the Hydro-Electric De-
pot to which he was sent by defend-
ant he was told that they knew nothing
whatever of Webb. They did not
require any help. He denied the sug-
gestion which defendant made that he
sicked over the question of wages.
He had not been offered 22-1-2 cents
per hour nor thirty as was in his
agreement with defendant.

Webb then brought forth another
feeble plank of his platform. He con-
tended that Garrett had not gone to
the correct man of the Hydro and
was told that if there had been any
work to get on the job that Garrett
would have got started. A receipt
was produced which purported that it
was issued under the government of
the Dominion.

Mr. Wilkes crown attorney doubt-
ed the suggestion printed upon the
receipts that it was under the govern-
ment license. It was a matter
for investigation he thought. The
receipt was misleading. The magis-
trate said there was no doubt gov-
ernment licensed them to take a dol-
lar in return for employment but that
dollar must be returned if work was
not found.

Webb as he now says his name is
Weber as he gave it to the police

last night said he was willing to
repay all the men from whom
money had been received. He however
contended that Chief Slein had no
right to prosecute; he had it from
Ottawa that in his case, an emmigra-
tion officer must lay the charge.
Chief Smith of Hamilton had been
prevented from prosecuting because
of this. Taking the bull by the horns,
Magistrate Livingston told the de-
fendant to get that idea out of his
head. Fraud had been perpetrated
and the Criminal Code was in opera-
tion. Defendant said he was a victim,
not knowing until yesterday that
Rush had gone away with the cash.
He blamed it all on Rush, and seem-
ed to lay all the responsibility at his
door. Again the magistrate saw the
bend of things, and he remarked,
"You as a firm have taken the money
and you as a partner are responsible."
Webb retorted: "We are only ask-
ing for justice. The present prose-
cution conflicted with municipal by-
laws." "Get that out of your mind,"
again advised the Bench. "The ques-
tion is, are you willing to settle with
these men, as you are liable."
Webb: "According to your muni-
cipal by-law the men were entitled to
60 per cent." Again he reiterated the
fact that the police had no right to
prosecute, however, he was willing
to pay according to the Statute law,
which was 50 per cent.

"You are trying to get behind the
by-law and simply intend to sit upon
your stools and get \$1 from the peo-
ple and pay back 50 cents at the end
of the week, answered the magis-
trate. The by-law did not provide for that
sort of thing.

Webb: "We have had an office in
Hamilton for seven years. I don't
care if you have had an office there
for 700 years," interposed the Bench.
"This is Brantford."

Although asked by Crown Attor-
ney Wilkes if he would settle up at
that moment and so elucidate mat-
ters, Webb showed no inclination to
do so, and stook of issuing a warrant
against Rush.

The manager of The Courier
said when the advertisement was
sent into the Courier Office, he sus-
pected the alleged government au-
thorization, and refused to insert the
advertisement. He felt that defendant
was the man behind the gun, and
with his knowledge of Webb did not
think it advisable to take the adver-
tisement. Questioned by defendant,
Mr. Mills said he thought that his
questioner was behind the gun be-
cause he had seen him on the street
talking to the man who took the ad-
vertisement to the Courier Office. If
it was actually authorized by the
government it ought not to be.

Defendant did not think it profit-
able to question the witness further,
"It looks to me rather crooked,"
said the magistrate.
"It certainly is crooked to me,"
commented Webb, "when the crook-
ed person has run away."
"I don't think all the crookedness
has run away yet," rejoined the mag-
istrate. "However, the case will stand
over until Monday."

This action was taken to see if de-
fendant was earnest in his assertion
that he would repay the money
handed over to him. In view of his
plea of the 50 per cent statute by-
law, it is doubtful if the entire
amount will be refunded, and some
of the foreigners said they would be
glad to take to 100 per cent on the spot.

HE JUST DEPARTED

Outfielder Ferris blew into Bran-
ford and blew out again. It wasn't
necessary to release him at all. He
did not look good and he was given
so much work yesterday that he did
not enjoy it. He said nothing but just
departed. Manager Deneau thinks
there are three or four more likely
to do the same thing before night.

Rev. Canon Richard Hicks of Sim-
coe, rector of Trinity church there
since 1891, died after a week's illness
of pneumonia in his 64th year.

FIGHTING STRATS

Availing that he did not want, nor intend war with Mexico, President Wilson, without even waiting for the formal approval of Congress, has precipitated hostilities. At least if they are not that, then the word has no meaning. It may not be war to seize coast cities of another country, run up the Stars and Stripes and incidentally have men killed and injured but at any rate such a game cannot exactly be characterized as lawn tennis.

Without doubt, Wilson has been very patient with reference to his troublesome neighbor. More than once American lives and American properties have been sacrificed, as have those of other nationalities, but with the States assuming under the Monroe doctrine, the role of guardian of this continent, Britain and the other powers have not intervened, but simply made representations at Washington, with the expectation that a self-imposed duty would be properly discharged.

In Germany, they seem to regard the course now taken as an evidence of Uncle Sam's desire to grab more territory, but those of us who are neighbors of the great Republic, know that this is not the case, except, of course, with regard to a class of people in all lands who inherently have the thirst for conquest.

The situation at this distance presents complex features. The States will not be apt to form an alliance with that cut throat Villa, who is seeking to depose another cut throat in the person of Huerta, and yet the demonstration is against the latter, who, with supplies cut off, would certainly seem to be in for speedy deposition.

It is announced from Ottawa that the budget debate is likely to close to-morrow. As a matter of fact it has lasted too long already.

A man who died recently in Montreal kindly left \$50,000 to McGill university. As his entire estate was only worth \$200 his spondulix did not exactly jibe with his desire.

At Toronto the municipal committee of the Legislature has recommended a bill to enable municipalities to hold their elections on New Year's day if they so desire.

The whole atmosphere is surcharged with explosive material, and what the actual outcome may be, it is of course for the future alone to tell.

SEVEN FLOPS OF PREMIER SCOTT.

Premier Scott's demand for provincial control of the natural resources calls attention to the erratic course of this Liberal politician on this subject.

In 1903 and 1904 he strenuously advocated provincial control.

In 1905 he advocated federal control and for his flop received a provincial premiership from Sir Wilfrid Laurier.

In 1908 he declared that the land law terms of the autonomy bill were "a legal and constitutional finality."

In 1910 he stated that any man who wished a change in the land terms granted the provinces by Sir Wilfrid was "insane."

In 1911 he finally got back to where he was in 1904 and demanded control of all the natural resources.

In 1912 he finally got back to where he was in 1904 and demanded control

ST. JAMES YOUNG PEOPLE GIVE CONCERT

A Very Pleasing Event Was Held at the Hall on Tuesday Evening.

AN OBJECT LESSON

The members of the Grain Growers Association out West want free wheat, free implements and free everything else, and their organ, the "Grain Growers Guide," is just about rabid on the subject.

It is therefore consumedly amusing to find in the last issue of that paper an interview with no less a personage than the secretary of the above mentioned association, in which, during his comments he complains bitterly that the cost of binder twine is constantly soaring, and that its price is being dictated to the Canadian farmer by the United States binder twine trust.

Moreover, not alone is this the case but in addition hundreds of thousands of dollars have been lost to Canadian investors by the closing of factories, and a large number of hands thrown out of employment.

Table with 2 columns: Name, Capital. Brandon \$125,000, Ayton 100,000, Walkerton 125,000, Chatham 150,000, Farmers (Brantford) 150,000, Peterborough 600,000, St. Johns, Que. 100,000.

Total \$1,350,000. In addition, prior to the removal of the duty, twine was also made at Central Prison and the Kingston Penitentiary. As in the case of other protected articles, home competition served to keep prices at a reasonable figure, but with the barrier removed, the Uncle Sam octopus in this branch of business, became master of the Dominion, both with regard to the amount of output of Canadian concerns and the selling price.

That which has happened with regard to twine, would of a certainty take place with reference to other industries, should the huge U. S. combines get a chance at them. Meanwhile, with this forcible illustration of the effect of free trade on their own pockets in this one instance alone, it is decidedly ludicrous to find members of the "Grain Growers Association" all the time yelling for more of the same thing.

NOTES AND COMMENTS.

"This isn't war," gently exclaimed President Wilson as he reached for an armful of battleships and landed some marines with orders to shoot.

GOOD INTENTIONS PAVED THE ROAD TO NETHER REGIONS

Magistrate Livingston Told John Cameron So in Police Court Today.

John Cameron was charged with false pretences at the police court this morning. Defendant is a young insurance broker and had visited Scotland on April 17th. He called upon Lloyd Wilson, a merchant of that town, and after a two hours talk upon insurance, to which his hearer lent a deaf ear, they came to arrangements by which he exchanged an accident policy for a raincoat, valued at \$10.50.

Another charge that of issuing a cheque to the value of \$20, drawn on the Bank of Toronto, to William Fraser. Again Cameron pleaded guilty. This cheque he had signed by the name of Ernest McFadden. When asked about this, he admitted that McFadden was his real name. He had said Cameron for purposes which he had explained to the magistrate.

The case was adjourned for a week in order that he might have a chance to get work and show his good intentions. Bail of \$200 and one surety was granted.

ST. JAMES YOUNG PEOPLE GIVE CONCERT

A Very Pleasing Event Was Held at the Hall on Tuesday Evening.

On Tuesday evening at St James' Hall, Grandview, the adult bible class and the junior choir jointly provided to excellent concert, consisting of "The songs on Mother's Day," and "Old Time Tableaux." The program which was rendered wholly by the young people, was well sustained throughout, the clear, sweet singing of the children being much appreciated, especially in such numbers as Children's Voices, Star of the East, No Sir, and others.

John Cameron was charged with false pretences at the police court this morning. Defendant is a young insurance broker and had visited Scotland on April 17th. WAS REPRESENTATIVE

Attendance of Members of the Various Sunday Schools at Convention.

Great religious enthusiasm was shown at the annual gathering of the Sabbath Sunday Schools Association which was held in the Wellington St. Methodist church on Friday evening last. It was announced that Wellington street, with an attendance of 41 teachers and officers present of a roll call had the largest contingent. This is so, but they are not the only church with a perfect attendance. In this honor they divide with Alexandra Church with 25 per cent, a possible 25, and Marlborough street with 22 of a possible 22.

In the class division, Mr. A. W. Daniels, Excelsior class of Wellington St. and Miss May Woods' class of "Willing Workers" of Wesley St. had perfect attendances at the conference. All the above mentioned classes and officers and teachers will be presented with a banner, the executive having decided to give a banner to all with perfect records. Owing to the long program of the evening it was not possible to have the winners announced during the evening. The scholars and teachers also got somewhat mixed up and to have counted the classes on the night was thus out of the question.

There are eighty-five organized classes in Brantford, with their respective teachers, and officers, and a list of the best represented classes is given. It is as follows: Wellington St. Church, 41 teachers and officers, 41 present. Alexandra Church, 25 teachers and officers, 25 present. Marlboro St. Church, 22 teachers and officers, 22 present.

Two perfect class records. Mr. A. W. Daniels' class, "Excelsior," of Wellington St. Methodist Church. Miss May Wood's class "Willing Workers," Wesley Methodist church. These will be presented with banner.

Many other classes made good showing.

Mr. John Greet's adult bible class, of Marlborough St. Church, 27 on roll, 26 present.

Miss Marquis' "Philathea" class of First Baptist Church, 51 on roll, 37 present.

Mr. F. E. Morrison's class "Bound to Win" of St. John's Church, 20 on roll, 13 present.

Miss Alice Rispin's class, "Eln's Earnest Workers" of Elm Avenue Church, 10 on roll, 8 present.

Miss McFarland's class, young men of Alexandra Presbyterian Church, 176 on roll, 86 present.

Rev McClintock's class of Alexandra Presbyterian Church, 40 on roll 28 present.

Philathea class of Riverdale Baptist Church, 20 on roll, 18 present. This class is without a teacher at the present time.

Mrs. A. G. Ludlow's class of young ladies of Alexandra Church, 26 on roll, 20 present.

Mrs. L. Brown's class, "Helping Hands," of First Baptist Church, 13 on roll, 9 present.

Messrs Ward Foster and H. P. Hoag's class, Congregational Bible Study Club, 35 on roll 28 present.

Miss Best's class "Golden Circle Philathea" of First Baptist Church, 23 on roll, 166 present.

Mrs. F. E. Morrison's class of St. Jude's Church, the Girls' Bible class, 20 on roll, 13 present.

Rev A. E. Marshall's class, Young Men's Adult Bible class, of Oxford St. Church, 30 on roll, 15 present.

Many other classes made splendid record.

Up To Standard

Hygienic Dairy Company Samples Stood Official Test.

In the recent report of the milk test published in the Courier, a regrettable typographical error crept in, in connection with tests of the samples of The Hygienic Dairy Company. The percentage of butter fat was given as 310, whereas it was found to have been 350 by the official records, which is quite up to the standard required and in keeping with the reputation of this well known firm, which is noted for the excellent quality of its supply.

SPRING FISHING

According to advertisements, all fishing resorts are alike; they are the best ever, but if fishing is better anywhere than it is in Algonquin Park we do not know where it is. There is a great variety of fish in these waters and they are always hungry. The one place where you can afford to fish is where the fish is numerous, big and delicious in flavor, and that point is Algonquin Provincial (Ontario) Park, so the fishermen say. Speckled trout may be caught after May 1st, and the open season for salmon trout is from December 1st to October 31 the following year. Drop a line to Manager, Highland Inn, Algonquin Park Station, Ont., for booklet and all particulars, or get in touch with Grand Trunk Agents. As this territory is a popular one for Spring fishing, write early to secure accommodation.

WAS A FORMER BRANTFORD MAN

Sad Death of Alex. Davison at Hamilton Removed a Highly Esteemed Citizen.

Death, at the family residence, 154 Dundurn street, Hamilton, on Thursday morning last, removed a well known and highly respected resident, in the person of Alfred Davison. The deceased was born in London, Eng., 52 years ago, and came to Brantford when a young boy. After a few years residence in Brantford, he settled in Hamilton and up to the time of his death resided there. He was a prominent member of Oak Leaf Lodge, 159 T. O. O. F., Acacia Lodge, A. F. and A. M., and of the C. M. I. U. He is survived by his wife, two sons and two daughters: George T. and Ralph R. and Miss Clara, at home, and Mrs. Gordon W. McLintock of Chedoke. The funeral took place on Saturday afternoon from the family residence to the Hamilton cemetery. Rev. W. E. Gilroy, officiating. The pallbearers were three brothers of Brantford, Thomas, George and William; two sons, Geo. and Ralph, and a brother in law, Newton Springstead. The floral offerings were numerous and beautiful many of them coming from Brantford friends and relatives.

An Immanuel Church

"The Company of the Redeemed" was the subject of the stirring sermon preached by the pastor, Rev. Mr. Loney, on Sunday morning. In the evening, Adjutant Hargrove of the local corps of the Salvation Army was the preacher. He took as his text Gal. 6: 7, and preached a very able sermon, ringing with the pure evangelism that is distinctly the feature of the Salvationists. The Home Circle Song Service was a fitting and pleasant close to a day's services of great helpfulness.

WESTERN ONT. WILL GET PROTECTION FROM GAS COYS

Mr. Brewster's Bill in This Regard Approved by Committee of Legislature. [By Special Wire to The Courier] PARLIAMENT BUILDINGS, Toronto, April 22.-W. S. Brewster's bill to give the municipalities of Western Ontario protection against companies handling natural gas with a dangerous proportion of sulphuretted hydrogen, has been approved by the municipal commission of the Legislature yesterday. f

The interests of the private companies were safeguarded by the insertion of a clause providing that a municipality may not cancel a franchise without the assent of the Lieutenant-Governor-in-Council, and by another that the bill will only apply to distribution and not to transportation of gas. f

Under the bill, which now goes before the House for final approval, gas companies can be compelled to take measures to make their products safe and if the menace to public health is not removed the municipality may apply to the government and with government approval put the company out of business. The bill declares also that no company will be able to secure damages from a municipality for cancellation of a franchise. Hon. Mr. Hanna assured the company representatives that no injustice would be done. They fought to have the control pass on to the Ontario Railway Board, but the minister pointed out that the government would not approve of cancellation except after a thorough investigation by the provincial board of health. f

Their report was very encouraging and the ladies are to be congratulated on their splendid work last year. f

CHANGE OF PROGRAM

To the Patrons of the Empire we wish to say that, for their benefit, we think that we have improved our program to a great extent by doing away with the vaudeville acts, as we find that vaudeville is very hard on this city, and as it is very hard to get first-class acts, it is our intention to put the money we were paying for the acts into the very best feature pictures that can be produced. It is also our intention to make the Empire the Feature House of Brantford, and we think that good features like we are going to show to our patrons will be far more pleasing than poor vaudeville. We have here a few of the features we have booked: "The Celebrated Case," "Through Fire to Fortune," "The Lion and the Mouse," "Dante's Inferno," "Paid in Full," "Brewster's Million," "Monte Cristo," "The Stain," "The Hunchback," and several others. Now we hope that this improvement will make a large increase in our patronage, and we feel sure that once you have seen our line of features hereafter the Empire will be your home of enjoyment. f

CHANGE OF PROGRAM

To the Patrons of the Empire we wish to say that, for their benefit, we think that we have improved our program to a great extent by doing away with the vaudeville acts, as we find that vaudeville is over run in this city, and as it is very hard to get first-class acts, it is our intention to put the money we were paying for the acts into the very best feature pictures that can be produced.

It is also our intention to make the Empire the Feature House of Brantford, and we think that good features like we are going to show to our patrons will be far more pleasing than poor vaudeville. We have here a few of the features we have looked: "The Celebrated Case," "Through Fire to Fortune," "The Lion and the Mouse," "Dante's Inferno," "Paid in Full," "Brewer's Millions," "Hotel Cristo," "The Stain," "The Hunchback," and several others. Now we hope that this improvement will make a large increase in our patronage, and we are sure that once you have seen our line of features hereafter the Empire will be your home of enjoyment.

DID CHILD WAKE UP CROSS OR FEVERISH

Look, Mother! If tongue is coated give "California" Syrup of Figs.

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore doesn't eat, sleep or act naturally, has stomach-ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again.

All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given to-day saves a sick child to-morrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup Company." Counterfeits are being sold here. Don't be fooled!

Impressions of Red Sox Player Who is Now Here

I have found out since arriving in Brantford this morning that Tom Nelson is the King of Presidents. Ruben Deneau is a Prince of a manager and the Brantford fans are loyal subjects to the great sport of baseball and it is surely up to us ball players to appreciate the class of men we are working for and to give to them and the people who pay our salaries, by attending the Red Sox games the best and cleanest we have in us. Not to be looking only for the things that work out to our individual advantage, but watching and grasping both on and off the diamond, anything that will help the Brantford baseball team in its battle for the pennant and if we do this, although we fail to reach the highest place in the Canadian League race, we will have the support and thanks of the people of this grand little city, and when we leave Brantford with regret at the end of the season, we can look forward to and be sure of a hearty welcome on our return next Spring.

Watching Score Board

Ottawa Senators are now down at solid practice at Chatham. London trimmed Ironton by heavy hitting, 8-3. Where's Ironton on the ball map, and why all the shouting we can hear from 10,000 at the opening game, which was the best for the day in the Intermediate. Simcoe, Ingersoll, Delhi, Woodstock, Brantford and Tillsonburg may form one district for a big Western Ontario tennis league. The Federal Leaguers are showing as good box scores as the organized clubs.

Sporting Comment

The first real practice of the Red Sox was held yesterday, and as a result, three or four of the 1014 recruits will walk home to-night. Of those to go are included some who came here at their own request, also at their own expense, and Manager Deneau believes in being honest with the boys. Therefore they will be informed that it is a remote chance they are taking on lingering around. Deneau believes he has rounded up a star gang of ball tossers. Outfielder Sandusky, who reported from Rochester yesterday, will, it is conceded require some chasing to keep off the club. He is a big fellow who can sing the ball on the nose, and even in the preliminary work-out yesterday, he impressed everybody with his work. It looks as if the much needed hitting ability, so absolutely lacking last year, will be found this year to the delight of the fans. The boys with the punch are those who can stick around.

Shortstop Honeck is the man for whom it is claimed that he will make Brantford fans forget all about Lon Courtney. Honeck has ambition and nerve. At bat yesterday he stepped into the ball with a vengeance. "I know what you want," he said to the Rubes. "I'm not scared of that ball." Deneau laughed at the boy and admired the spirit shown.

Another promising infielder is Ryckart, who it is believed will make the grade, although he will have to fight it out with Beltz and Johnny Nelson. Deneau has faith in him. He is one of those peppy kind of players who make a noise and inject ginger into the rest of the bunch. Deneau believes in ball players showing spirit. They can make an occasional mistake and get told about it in a good natured way and get away with it. If they are fighters and want to get on they will not make the same mistakes often.

One of the most reassuring features about this year's Red Sox is the quality of the pitchers on hand, and a star man reports in Worle to-day. Southpaws Chase and Carroll are two good ones. Anyone at the park was impressed with that yesterday. Connell also looks good, while Gero never showed more pep in his life. Gero's work has made Deneau sit up and take notice, as it was well known that the new manager did not intend to go on last year's record in regard to any of this year's team, but that Gero and every one else had to make good in the big fellow's eyes. The same applies to Coose, who gets here to-day. Yesterday Deneau lined the bunch up and told them that if they wanted to make good they had to work it up to themselves entirely. The talk had a good result on several of the squad, who put in a strenuous day for the first time out. Gero outdid all the others in going at things and seemed to be a horse for all kinds of stunts.

Where will Chubby Coose play this year on the Red Sox? There is scarcely a fan but who believes that he will make good, but where? It is doubtful if Coose is a regular pitcher, but he is a good hitter. Certainly he is not a good outfielder, although he could not be considered a rotten player in any position. In writing to Coose, President Nelson informed him that he might make good as a pinch hitter for Gabby Ivers. Coose, it was thought, last year by many fans, was a swell first baseman. Possibly he will land there this year unless Deneau himself beats him out of the job. The Rubes only smiled when this was suggested as a possibility last night.

Pitcher Chase has surely some speed. If he succeeds in getting them over he will, to use a proper training camp expression, burn up this league. He is a powerfully built fellow, and best of all, has had the experience of having gone through several grueling campaigns in fast company. In fact, all the pitchers secured this year are in that position. When Deneau started out to get a club, his first effort was to get the pitchers. He believes he has them, and if his belief is justified when the season starts, it will be the first time since the Canadian League started that Brantford did not have to burn up the wires in getting new players a few days after the season opened. President Nelson is to-day getting in touch with Niagara Falls for some exhibition games.

It is almost a certainty that Chubby Coose will not be used as a Red Sox pitcher this year, if the Rubes star

Keep the Dust and Dirt Out of Your Home
A Diamond Electric Suction Cleaner not only lightens the work of the housekeeper, but insures sanitation. Every particle of dust is drawn from under the carpet, as well as on top, and deposited in the dust collector, not on the furniture and about the room, as is the case when the old-fashioned broom is used.
Get the dust and dirt out of your home, and the doctor will be a rare visitor. With the Diamond the work is done in a fraction of the time, and with very little effort, and you know you get all the dirt.
THE DIAMOND CLEANER IS NEAT APPEARING, light in weight, easy to operate, and yet small enough to go in any broom closet. Its motor is made by the largest company on the continent and is self-oiling.
There is no excuse for anyone continuing to use the old-fashioned broom which spreads the dust from one point to another and tires out the housewife early in the day. Electricity is cheap and convenient. The price of Diamond Cleaners is \$35.00 in the United States, and our price in Brantford is \$40.00.
Without obligating you in any way we would be pleased to send one of these little machines to your home on trial.

PRACTICE IS LAUNCHED IN EARNEST AT THE BALL PARK

Over 20 Players Are Here and There Have Been No Disappointments to Date--Some Big Doings in Brantford.

Despite the cold weather and slight mist which fell occasionally, Manager Rubé Deneau had his squad of ball tossers twenty-one strong, out at Agricultural Park yesterday afternoon for their first out-of-door practice.

Connell following in order. The pitchers all kept their heavy coat sweaters on and did not exert themselves. Of the new arrivals Sandusky and Honeck look the best, Sandusky is rather short, but very stout and the way he stepped into the ball brought smiles to the faces of Manager Deneau and President Nelson, who was over to watch his grub eaters.

Ivers will in all probability be shipped to the outfield with Burns, the manager and Sandusky, and a harder hitting outfielder in the league, will be hard to find.

The outfield is the place the fight is going to be. Rubé has seven men to pick three from and most of the seven look good. Carr, although a midget, shows lots of speed and his well; Nicholl and Johnson, the Toronto lads will likely be shipped away for more seasoning.

Wagner, who just returned from his honeymoon and who incidentally looks very happy, is out after the second base job with even more speed than he showed last year. His position is almost a certainty although Lattime will make him hustle.

Honeck at short, has no opposition and by his looks, won't need any. At third base, another fight for the position will take place. Johnny Nelson won't be here till June 1st and in the meantime another man must be chosen for his position.

Deneau himself worked as hard as any of the players, keeping them all on the jump all the time. When not taking his turn batting, he was knocking out flies to the batters and showing the lead in everything.

Taken on the whole, the Red Sox are a likely looking bunch of pennant chasers from which a team can be picked to make the rest of them hustle.

Canadian League News Notes

Knock on Coose. This sounds so much like a London paper that it hardly needs to be credited to a London exchange.

Chubby Coose, the former Brantford player, who was traded to Saginaw by the London club in exchange for Jack Snyder, the catcher, was released by the Saginaw club last week after a few days' trial.

Jack Snider, of the local club, was popular with Saginaw fans, and they did not want to part with him. Now that Coose has been let out, the fans of that city feel Snider's loss more keenly than ever.

Hamilton Dope. Hamilton may not win the Canadian league race this season, but to the five hundred fans who were in attendance at the practice at the cricket field Saturday afternoon it was quite evident that this city would out some figure in the battle for the banner.

Usually it is possible to take a squad of some twenty players and size up the weak and the strong in one afternoon session. At least, it has been possible to do this in the training seasons of the past but this year a new order prevails, with the result that it was the verdict of the fans, one and all that Manager Yates had a job on his hands which would prove a real test of his ability and that job, was simply to pick out the fourteen best players in the lot under his command at the present time.

Go and Sit Down Tom. That eminent anti-Ulsterite, Thomas Cicero Flanagan, who hates publicly like a mouse hates cheese is out with the declaration that he can take Tony Longboat in hand and within two months make the famous Indian break all world's records from five miles to twenty. DENEAU IS "TICKLED TO DEATH" OVER HIS BASEBALL OUTFIT

Local Manager Firmly Believes He Has Gathered Together a Winner—Best He Has Ever Had in the League.

Rubé Deneau was tickled last night. The Brantford Manager confided to the Courier that he believed that he had the best bunch of ballplayers he had ever had in the Canadian League, and he has been in the league ever since it was launched, as some of the other towns know well enough.

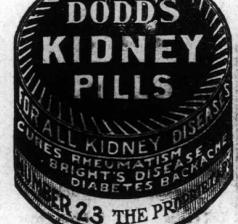

From the manner of the Rubé's conversation, and the knowledge that his record was one of achievement in this league, it is plain that Deneau knew what he was talking about. They say that in the shops it is often heard yet among some of the peevish fans that we will be up against it again this year, and that it will be the same old game.

While Deneau can send his message of good cheer to Brantford fans, these same fans can send the same message to the Rubé and will do so when the time arrives. WE WANT A WINNER. GO TO IT, RUBÉ, AND GET ONE.

Cadets Are Highly Praised

Toronto Paper Shows Development of Cadet System Here.

(Toronto-Mail and Empire)

There are only a few Cadet battalions in Ontario, but the distinction of being one of the best among them is no mean honor. And this distinction may be quite properly awarded to the Brantford Public School Cadet Battalion under the command of Inspector E. E. C. Kilmer, for it is freely admitted to be one of the smartest Cadet organizations in this province.

The history of the Brantford Cadets extends over only a few years, but it is a splendid example of the rapid progress of the movement in Ontario. In the Autumn of 1912, four companies, representing as many military schools, were organized as a battalion, two under the instruction of Lieut. W. Joyce, C.S.C.I., and two under Lieut. T. Bingle, C.S.C.I. These companies proved efficient at the annual inspection in June by Major W. R. Marshall, O., and I.C.C.I., and were complimented by him. This gave the work considerable impetus and in the same year the school board supplied the corps with fifty regulation uniforms. In July a detachment of 30 Cadets under Instructor Bingle and company leader Howard, attended the camp at Niagara-on-the-Lake, and while there the boys gained much experience of value in addition to establishing their reputation as marksmen by carrying

off the first prize in the junior shooting competition. A direct result of the camp in 1913 is now showing itself in the eagerness and enthusiasm with which the boys are looking forward to the camp next Summer. Practically every boy in the corps is determined to go if it is possible to get away.

The Brantford boys are now fully organized as a battalion under the following officers: E. E. C. Kilmer, B.A., I.P.S., battalion commander; Lieut. T. Bingle, 38th Regiment, Cadet adjutant; A. Stills, Cadet quartermaster. The company officers are as follows: "A" company, Lieut. W. Joyce, instructor; Fred Ferguson, company leader; Baden Powell, Norman Andrews, half company leaders; John Howard, Garnet Bonny, Norman Kendrick, supernumeraries; "B" company—Lieut. G. White, instructor; Dan Wollans, company leader; Frank Guenther, Charles Murray, half company leaders; "C" company—Lieut. W. Foster, instructor; Lloyd Colquhoun, company leader; Alton Hall, James Broun, half company leaders; "D" company—Lieut. F. Dickson, instructor; James Duncan, company leader; Willie Gordanier, Harry Brown, half company leaders; "E" company—Lieut. J. Rowe, instructor; Arthur Hardy, company leader; John Lister, Leslie Watt, half company leaders; "F" company—Lieut. C. Gamble, instructor; Falks Feely, company leader; Harley Drake, Bruce Eckelby, half company leaders. The present strength of the battalion is 418 Cadets and officers and includes practically all the senior boys of the schools.

During the Winter the Brantford Cadets have paraded once a week under their instructors and officers and have become quite proficient in squad and company drill, etc. They have been handicapped to a certain extent, however by the lack of proper indoor accommodation. Through the courtesy of Lieut.-Col. Howard, of the 38th Dufferin Rifles, the boys have had liberal use of the gallery privilege in the regimental armories. The several companies have paraded there each night after 4 o'clock and on Saturdays, gaining a great deal of rifle practice. Gallery, rifles and ammunition have been used, the new miniature rifles having been unavailable as yet.

The rifle practices are being brought to a close at present by a competition. Each company has a team of eight Cadets entered, each one shooting ten rounds, Strathcona silver and bronze medals are to be presented as first and second prizes. Great interest is being taken in the contest.

The future of the Cadet movement in Brantford is very promising. The school board is about to provide 300 additional uniforms, enabling practically the whole battalion to attend the camp at Niagara-on-the-Lake, and above all, the boys themselves are thoroughly interested in and enthusiastic over the work.

"Our Mutual Girl" Shown Over Battleship "Arkansas"

Margaret, "Our Mutual Girl", is now an expert on the fighting strength of Uncle Sam, for she has made a thorough tour of inspection of one of the newest and biggest battleships, the super-dreadnaught "Arkansas", by virtue of special permission granted by Josephus Daniels, Secretary of the Navy.

"Our Mutual Girl" was surprised when her aunt told her that several naval officers from the "Arkansas" had come to the house for a call. When she went down to meet them the officers officially invited her to visit the ship. So that afternoon she accepted the invitation.

The launch of the Brooklyn Navy Yard took "Our Mutual Girl" out to the great superdreadnaught. There Margaret was welcomed by the deck officers and saw life on ship board. Among the incidents were:

Rapid-fire five-inch gun drill; the ship's mascots, goat and parrot; luncheon with the officers, ship's band playing on the atterdeck while the tars turkey trotted; a friendly boxing exhibition between jacksies from rival crews; special wig-wag signal drill, special semaphore signal drill; turning out and drill of the prize turret crew of the navy, holders of the world's record for twelve-inch guns; the galley, the blue jackets receiving their rations and tea with the officers.

When Margaret returned home that evening she was a mine of information about naval affairs, for the officers had explained to her many interesting facts about the big war vessel and had given her many valuable statistics as to the weights of the shells, the length, tonnage and beam of the vessel, the number of men in the various crews and so on.

All of this will be shown in the chapter of the great "Mutual Girl" serial which may be seen by the public on and after April 20th.

CALLS HIM "ADAM THE TRUST-MAKER"

Effort to Cast Ridicule Upon Hon. Adam Beck by a Periodical Alleged to be Owned by "Mackenzie & Mann"

The Hamilton Herald, a strictly independent journal takes issue with the Canadian Courier, the weekly periodical published in Toronto which is alleged to be financed by Messrs. Mackenzie and Mann. The Herald says:

The Canadian Courier has an editorial article designed to cast ridicule upon the Hon. Adam Beck. It is not good-natured ridicule; there is a bitter flavor in it. Mr. Beck is represented as the greatest trust-maker in Canada. He has made the Ontario Hydro-Electric system the greatest trust in this province, says the Courier. And now he proposes to organize another iron-clad trust "with electric railways all over Ontario, financed with bonuses from the Ontario and Dominion Governments." If successful in this enterprise, it is predicted that Mr. Beck will go on conquering and to conquer, organizing a newspaper trust, which will crush out of existence all newspapers which do not support Beck and his schemes; and a bank trust which will refuse all loans to everybody who refuses to travel on Hydro railways. Then, concludes the Courier, "Adam the trustmaker will be supreme," etc.

This may perhaps pass as admirable ironical fooling among those who dislike and dread the dominant principle of Adam Beck's public utilities—the principle that public utilities should be controlled and operated for the benefit of the people. But such persons are a small minority of the people of this province. The great majority of those who read the Courier's satire will not find it amusing, because their point of view differs so widely from that of the writer.

When Mackenzie & Mann build railways largely by means of money and money's worth granted by the Federal and Provincial Governments, they are extolled as remarkable financial geniuses, captains of industry, pioneers of empire, and great sons of Canada, who are deserving of honor, and they get knight-hoods from the fount of honor. But they have been building for Mackenzie & Mann, and have succeeded in making many millions for themselves before their "cross-continent railway is completed.

Mr. Beck seeks aid from the Federal Government for the hydro-radial scheme which he has in mind—a scheme by which Ontario municipalities shall co-operate in the construction of short electric lines which would facilitate inter-urban transportation and do much to repopulate and develop rural districts. These railways would be built, owned and operated by the people themselves through their representatives, and would be operated solely with a view to the public benefit.

Is there not something radically wrong with the point of view from which the construction of public works for the enrichment of the promoters is regarded as natural, normal and proper, and the construction of public works for the benefit of the people as a whole is regarded as unnatural, abnormal and ridiculous?

If Adam Beck is a "trust-maker," he is a "trust-maker" in a sense very different from that which is meant by his Courier critic. He is a trust-maker because he has made the people of Ontario trust him and trust in his policies. Such an achievement is an honor much more to be desired than a knight-hood.

Cadets Will Act as Guard

When Duke of Connaught Visit City Here on May 9.

The B. C. I. Cadets, to the number of fifty, will form part of the guard of honor to His Royal Highness the Duke of Connaught and Princess Patricia upon their visit to the city in the early May. This is a great honor to the Cadets, of which they are justly proud. They share the dignified position with the Boy Scouts, who will be represented by 100 strong. This makes a total of 150 boys who will form the guard of honor. This guard is an old idea which has run down the centuries and in Brantford it is pompously upheld. When any of the notables visit our city the Boy Scouts and Cadets are always on hand to form a good guard. The Mayor yesterday gave a hearty reception to the idea when it was presented to him, and no doubt the guard will be well represented by a number of smart youths this year.

THE FOREIGNERS AND THE BOOZE

Magistrate Livingston Had Complications to Inquire Into Yesterday.

The lively scenes witnessed on Palace street on Sunday resulted in a lengthy list of foreign cases on the docket at the police court yesterday. Charges and counter charges were laid. Contradictions were numerous, and witnesses on either side supported or denied the contradictions as they saw fit. From the mass of evidence interpreted it appeared to his

Worship that it was a six on one side and half a dozen on the other, and he therefore discharged the whole number of cases of assault. The cases brought out the fact that the men had obtained their liquor at numbers ten and twelve Palace St., and the proprietors of these houses were each fined \$100 each, after evidence had been given against them. The chief constable said he thought that there was too many foreigners making a living by the illicit sale of beer during the slack times, to which Mr. Louis Stander replied emphatically that he knew that the foreigners made no practice of it, and certainly made no living. "It is time these foreigners thoroughly understood the law on the subject," commented the magistrate. He added that the law the amount to be allowed was such as was reasonably necessary for a man, his wife and children. What this amount in the case of

foreigners should be, he could not definitely say, but he did think that four gallon kegs which were ordered in couples several times during the week, was too much for any ordinary man. He was of opinion, however, that the average foreigner knew what was a reasonable amount and that they were only evading the law as best they could.

A THRILLING STORY Of Revolution, Intervention and War

Mexico and the United States

Every Citizen Should Know the True Inwardness of the Mexican Situation

Shall American Blood be Shed?

By FREDERICK STARR of the University of Chicago

THE BOOK OF THE HOUR

Tells not only what is known of the earliest inhabitants of the country, but it also gives a careful, most absorbing account of the course of government and the conditions and modes of life of the people since the invasion and conquest of the Spaniards. It traces the development of railroads, commerce and progress, and the vital part which foreign capitalists and adventurers have played. It portrays the cruel rule of the Spanish viceroys, the terrors of slavery and peonage, and the oppression of the working people. It describes the winning of freedom in Mexico, the Texan revolution, the war with the United States, the French invasion, the empire of Maximilian, the rise of Diaz and the development of the peculiar, complicated conditions that have resulted in the present situation.

A Country Exploited for Benefit of the Few

It is in the revelation of Mexico's intolerable political and economic conditions that the book possesses one of its chief values. The story of the evils which exist in Mexico has never been adequately told. All previous attempts have been suppressed by powerful influences. Now, however, in this volume is given a complete description of the conditions which exist—a description which will arouse a nation and compel reformation.

The Eyes of the Civilized World are upon Mexico.

All nations are to-day watching unhappy Mexico, where bullets are more potent than ballots, and where the force of arms has replaced the consent of the people in maintaining a form of government. The struggle which is being carried on for the establishment of justice and civil rights is of greater moment than merely its effect upon Mexicans.

To be fully informed on this very vital question one must read this book. Over 400 large octavo pages. Fine super paper. Over 100 great photographs, maps and portraits. Artistically bound in fine book cloth. **\$3.50** EDITION

REBELS MAKE CAUSE SO TROUB

Chief Question Situation at Washington Today.

Reported That Maas is Preparing An Attack.

(By Special Wire to The Cour)

WASHINGTON, April 22.—To effect the movement of land in Vera Cruz and to the Mexico der, coupled with the renewal embargo, on the shipment of iron of war into Mexico was on the attitude of the Constitutionalists, was one of the chief questions which confronted the Washington administration to-day. The answer to this question was awaited with keenest interest in official circles. It was realized that upon the attitude of the Constitutional leader, General Carranza, to great extent, hung American military operations in Mexico. In the meantime, officials also apparently without any information regarding the plan of General Huerta, although there were rumors as to intentions of General Carranza, the Federal commander evacuated Vera Cruz to attack the city. One of the encouraging features of the situation was the friendly relations manifested toward the United States by General Villahermosa in an interview with American representatives at Juarez, and it was believed that his attitude toward the Federal Government would be a considerable influence on the situation. He is quoted as saying that one of the chief reasons for his coming to Juarez was to show American people that his attitude was friendly. He emphasized the probability of the rebels being brought into armed conflict with the United States, but said, however, he was ready to obey orders of the chief. Carranza himself has a statement which has been interpreted. While apparently considered in some quarters as amounting to an ultimatum for American withdrawal, Constitutionalists tentatives, however, point to friendly in character. Preparations were taken, however by the administration when it ordered the shipment of arms into Mexico. Carranza reassured General Carranza that he had no designs against Mexico, but that he considers it necessary to demand full reparation from the United States. He follows the statements by ordering that Vera Cruz and to assist in force demands and moved other troops.

VATICAN DENIES INTERFERE

Pope Was Hopeful of Up to the Very Last Minute.

(By Special Wire to The Cour)

ROME, April 22.—The Vatican denies that it has interfered in the conflict between Mexico and the United States, or in the internal dissension of the former country. In both tries there is complete separation of church and state; but as both to bishops and clergy complete and the broadest protection, whenever it is possible has moderation, and has urged American and Mexican bishops, when addressed to his presence, to do all in their power to mitigate animosity work to avoid conflict.

In fact, the Vatican has been optimistic, and until the last moment pope hoped that war might be averted, trusting particularly to the dom of President Wilson and repeated statements in favor of peace on Tuesday night when American warships were already upon Vera Cruz, the pope's press was that the reports of the United States and Mexico were much exaggerated, as he did not believe that two noble men were flying at each other's throats over a mere question of punishment.
