

The Acadian

DEVOTED TO THE INTERESTS OF WOLFVILLE AND EASTERN KINGS

Vol. XLI. No. 24.

WOLFVILLE, NOVA SCOTIA, FRIDAY, March 31, 1922

\$2.00, payable in advance

Greenwich Items

The report of the half-yearly exams, of Wolfville High School, in last week's ACADIAN, was of interest to many of us in this place, and we feel very proud of our star pupil, Marion Bishop, who as usual, led her class, Grade X.

Douglas Neary, who was rushed to Westwood Hospital, one evening the first of last week and operated on at midnight for appendicitis, is now, we are glad to hear, progressing finely toward recovery.

Allison Pudsey visited friends in Aylesford one day last week.

Mrs. Brenton Merry, who visited a few weeks here at the home of her parents, Mr. and Mrs. T. A. Pearson, left last Thursday morning for Bear River, where she and her husband have started house-keeping. She was accompanied by her sister, Miss Pearson, who returned home on Saturday afternoon.

A number of guests were pleasantly entertained at the home of Mr. and Mrs. Burpee Bishop last Tuesday evening. On the same evening a most enjoyable "Surprise Party" was given at the home of Mr. and Mrs. Edgar Forsythe, on "The Ridge," a good number of guests being present.

The "Sing" last Sunday evening, was held at the home of Miss Lillian Bishop.

Rev. Dr. Herbert Johnson, of Boston, who has been conducting meetings for a time among the Acadia students, and who preached in Baptist Church Wolfville the last two Sundays, was enjoyed by a good many from here on those two Sundays. Dr. Johnson is an able speaker as well as very interesting. Also on last Sunday evening a good many of our residents attended the Baptismal service at Port Williams. We hear there were eight young people baptized by Rev. Mr. Chipman, who is pastor of the Baptist Church there.

The many friends in this community and vicinity, recently heard with deep regret of the serious illness for several weeks of Mrs. Eliza Wellener, of Aylesford. She was a former resident of this place and we understand she was taken, as a cot patient, on Monday afternoon of this week, to the Victoria General Hospital, Halifax, accompanied by a nurse. It is expected she will have to undergo a serious operation there, if strength permits.

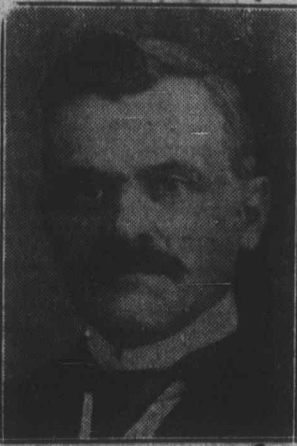

Mr. Eldred Parsons, of this place has his advertisement we noticed in last week's ACADIAN, as tuning and repairing Piano's, Organs and Phonographs. We believe Mr. Parsons is considered a good workman in this line and worth giving a call, when needed.

BORN

WATTS.—At the Methodist Parsonage, Digby, N. S., March 22, 1922, to the Rev. and Mrs. W. H. Watts, a daughter, Christabelle Elizabeth.

MACDONALD.—At Halifax, Feb. 25th, to Capt. and Mrs. R. C. MacDonald, a son, Roderick, Jr.

A. L. DESAULNIERS, M.P.

for Champlain, Que., who has given notice that he will move in the House of Commons to have workmen's compensation, now paid in case of accident, extended to cover sickness contracted while at work or due to the performance of duties.

DR. CUTTEN GIVES INTERESTING LECTURE

The main audience room of the Baptist Church was well filled last evening when Dr. Cutten, President of Acadia University, gave his lecture on "Recent Developments in Psychology", under the auspices of the Social and Benevolent Society.

Dr. Cutten took up most of the time in a discussion of mental tests but also spoke briefly on discoveries in nature's protective apparatus and psycho-analysis.

In speaking of mental tests Dr. Cutten referred to them as the most significant discovery of recent years and showed their value in solving the problems of eugenics, immigration, crime and similar problems, but most especially their value in education and industry. The foremost schools in the United States are having the children tested, which is proving of great value both to teachers and pupils.

Dr. Kellogg and Dr. Cutten have been testing the Wolfville schools and among other results spoken of in the lecture, was the fact that the average student in the Wolfville schools was much superior in intelligence to the general average in the United States.

After the lecture the meeting was thrown open for questions and a number availed themselves of the opportunity of receiving further explanation of certain points brought out in the lecture.

The Windsor hockey team played the Charlottetown Abegweits at Charlottetown last Friday night for the Maritime Championship. The game was closely contested and resulted in a win for the Abegweits by the score of 5 to 3. This was Charlottetown's seventeenth straight win this season.

Electric Commission

Holds Important Meeting—Committee's Appointed

The regular monthly meeting of the Commission was held at the Council Chamber last evening, all the Commissioners being present except Com. Wheaton.

The following standing Committees for the year were appointed: Finance—Coms. Wheaton, Fitch and Whidden.

Purchasing and Operating—Coms. Fitch, Hales and Sutherland.

Plant and Construction—Coms. Sutherland, Fitch and Wheaton.

A petition was presented from residents on Highland avenue outside the town limits, asking that the line might be extended to furnish them with light. This was referred to the proper committee for consideration and report.

Letters were read from the Commission on Public Utilities relative to rate charged for current, transmitted to the Lower Horton Power Co.

The following accounts were read and ordered paid:

Petty Cash Account	\$12.38
E. A. Westcott	7.42
M. Tel. and Tel. Co.	2.50
A. & W. Mackinlay	29.46
Wood & Mahaney	1.50
Daylight Electric Co.	55.67
H. E. Blakeney	1.50
Geo. A. Chase	4.05
T. E. Hutchinson	.35

A bill of L. W. Sleep's amounting to \$76.28 was referred to the Finance Committee for adjustment.

The report of Superintendent Chisholm and the Financial report for the year ended Dec. 31, 1921, with the Auditor's report, were read and discussed. The first was on motion adopted, and the financial statement was referred back to the auditors for additional details. It was decided that these reports be published for information of citizens.

A delegation from the Boy Scout Council was presented asking for free lighting for the Scout Building, but the Commissioners did not feel that they had power to grant this request.

Wolfville music lovers will be interested to learn that Mr. A. J. Mason, the popular proprietor of the Opera House, has under preparation the attractive light opera, "The Chimes of Normandy," which will be presented by local talent about the end of May. Mr. Mason has enlisted the assistance of a large number of Wolfville singers, including many excellent voices, and a treat is certainly in store. The leading parts will be taken by Miss Evelyn Duncanson, Mrs. W. D. Withrow, Messrs. A. J. Mason, B. C. Silver, Nat Evans and Fred Bishop.

The contract for the erection of the new County Poor House at Waterville has been awarded to the firm of Denton and Condon, of Kentville and Digby. The contract price is \$27,980 and work will be started as soon as possible.

Death's Harvest

Mrs. J. W. Manning Passed Away Yesterday Morning

Through the passing of Sarah J. Manning, wife of Rev. J. W. Manning, D. D., Wolfville loses a highly esteemed lady resident who was honored and beloved by all who had the pleasure of her acquaintance. Mrs. Manning had been in failing health since she underwent a serious operation in the autumn of 1920 and for some weeks back it has been apparent that the end which came on Thursday morning of this week was inevitable.

The deceased was a daughter of the late William J. Bigelow, and was born at Canso, N. S., June 17th, 1850. She graduated at Grand Pre Seminary in 1877 and was married at Wolfville on Sept. 12th, 1872, to Rev. Mr. Manning.

Her life has been a busy and useful one. For many years she was chairman of the executive of the Alumnae of Acadia Seminary of which she remained a faithful member until her death.

Mrs. Manning was a member of the first Women's Mission Aid Society ever held in Canada and was president of the Women's Baptist Missionary Union of the Maritime Provinces until at her request the position was given to a younger lady. She then assumed the editorship of Tidings, the official organ of the Union, which position she filled with marked ability for fifteen years.

In Wolfville she was active in every good work, for many years conducting the Mission Study Class which is open to all the ladies of the town, and taking a deep interest in everything that made for community welfare.

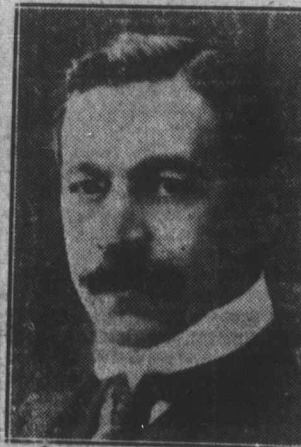

She is survived by her sorrowing companion of nearly fifty years, one son, Wylie S. Manning, barrister, of Amherst, and one daughter, Dorothy, Mrs. C. A. Moore, of Port Essington, B. C.

The funeral will take place on Saturday afternoon, a short service being held at the home on University avenue at 2 o'clock with a service at the Baptist church at 2:30. A special request of the deceased was that there be no flowers, it being her desire that these be rather bestowed upon the sick and poor of the community.

A large audience greeted the presentation of the opera "Il Trovatore" by the Boston English Opera Co. at the Opera House on Monday evening. The performance was greatly enjoyed and loudly applauded. All the performers had splendid voices but the favorite was Miss Helena Morrill, soprano. Manager Mason is to be congratulated on bringing such a splendid company of singers to Wolfville.

On Thursday and Friday evenings of last week a collection of paintings and etchings by Miss Ricker and Mr. Smith, of the Seminary staff, were on exhibition in Alumnae Hall. A large number inspected the pictures, which were much admired.

SIR HERBERT SAMUEL

British Commissioner for Palestine, who has been very ill is reported to be recovering and out of danger.

DEATH OF JOSEPH ROBERT CHRISTIE

Joseph R. Christie, one of Wolfville's oldest residents, died suddenly on Tuesday morning, near Westwood Hospital, on the way to his work. He had left his home at about 7:30 o'clock and was proceeding up Westwood avenue when he was seen to fall on the street and although help was speedily at hand death must have been instantaneous. The deceased was born at Grand Pre seventy years ago, but has been practically for all his life a resident of Wolfville. He was an industrious and highly esteemed citizen who will be missed by many friends. He leaves to mourn his departure his widow, one brother, James Christie, of Portland, Maine, two sons, James R., of Kentville, and George, at home; and three daughters, Mrs. Keneely Rawison, of Louisburg, Mrs. Percy Anderson, of this town, and Mrs. Cecil Holt, of Hillaton; four grandchildren, and one great grandchild. His eldest son, the late Fred H. Christie, was accidentally killed in an auto accident last summer.

The funeral was held from his late residence yesterday afternoon and was largely attended. The service was conducted by Rev. G. W. Miller, pastor of the Presbyterian church, of which the deceased was a member. A quartette, composed of Messrs. A. J. Mason, Fred Bishop, Fred and Theodore Rand, sang, "That Beautiful Land"; and Mr. Mason sang "A Perfect Day". The interment was at Willow Bank Cemetery.

The first arrival from sea at this port for the season was the three-masted schooner "Peaceland", 262 tons capacity, from Boston, which came here from Windsor to finish discharging her cargo of fertilizer. The "Peaceland" was towed in on Sunday morning and will go from here to Parrsboro, where she will load lumber for New York.

Mt. A. Defeats Acadia

In Intercollegiate Debate at Sackville

Mount Allison won the debate from Acadia at Sackville Wednesday night, the former scoring two points to one for Acadia.

The debate was held in Fawcett's Memorial Hall before a large audience of students and townspeople who showed much enthusiasm over Mount Allison's win. The question at issue was "Resolved that it would be more beneficial to Canada for the Governor General in Council by his powers under the present immigration law to admit South Eastern Europeans for the next twenty-five years even up to the yearly limit reached in 1913, other than totally to exclude them."

The affirmative was taken by Acadia, and Mount Allison argued the negative side.

The personnel of the competing teams was as follows:

Acadia—John Lank, Thomas Robinson, Harry Atkinson.

Mount Allison—W. T. H. Flemington, A. Reginald MacDougall and Fred B. Meek.

The judges of the debate were: Rev. Dr. McInnon, of Pinehill College, Halifax; Rev. J. A. Ramsay, Moncton; Rev. A. F. Fisher, Sackville.

ORPHEUS LODGE ENTERTAINS VISITORS

On Tuesday evening last, Orpheus Lodge, No. 92, I. O. O. F., was favored with a fraternal visit from Amity Lodge, No. 40, of Halifax. The Halifax brothers together with their First Degree team arrived on the evening express. At eight o'clock a special session of the Lodge was called and the First Degree given to three candidates. The visiting team, which acted as the First Degree team at Grand Lodge in Halifax last fall, put on the work in a manner deserving more than ordinary praise. At the conclusion of business of the evening, all retired to Parish Hall where a chicken banquet was prepared by Bro. Arthur Young, assisted by Bros. Sanford and Buckler, about 100 sitting down to eat. After filling up on food, toast and music the party sojourned to the Opera House and were entertained by Bro. Mason with pictures and music until 3 a.m. Following which a social hour was put on at the Lodge Rooms and the Halifax brothers, with the assistance of Bro. Gibson, departed on the last freight for home. Needless to say a gala night was had by all which will be long remembered.

Many Wolfville friends will be interested in the announcement of the marriage of a popular Wolfville boy, Carl Edward Angus, to Winnifred Grace Pitman, which took place at the Rectory on Wednesday evening, the ceremony being performed by Rev. F. R. Dixon. THE ACADIAN extends best wishes for the prosperity and happiness of the young couple.

New Lisle and Cotton Hose

For Ladies and Children. Back to PRE-WAR prices.

No Red Hands with this washing machine

Do your hands get red from doing the washing? Red and chapped and rough, so that you are ashamed of them?

This is not necessary. Just because you do your own washing is no reason why your hands should bear the brand of drudgery. Get a Laun-Dry-Ette—keep your hands out of the water—cut out the drudgery!

Let the Laun-Dry-Ette do ALL the work for you—washing, rinsing, bluing and drying. The Laun-Dry-Ette has no wringer, and needs none. It whirled the clothes wringer-dry without a wringer. You don't need to feed soggy, dripping pieces through a wringer, you don't even need to handle wet clothes.

Get the Laun-Dry-Ette, and keep your hands soft and white. Call or write. Let us give you a demonstration.

Requires no extra tubs—can be used in kitchen or bathroom—ideal for apartment use. Simple and easy to operate.

Approved by Good Housekeeping Institute. Thousands in use. Seventh successful year.

"If it has a wringer it isn't a Laun-Dry-Ette"

Special Price \$175.00

PROHIBITION AND EUROPEAN UNIVERSITIES

Austria.—At Graz, Austria, a recently formed Students' Anti-Alcohol Society includes many students in both the University and Technical School.

Several students with the University of Vienna, Austria, have promised the officers of the World Prohibition Federation to devote one hour each day to Prohibition propaganda.

Belgium.—A course of lectures on alcoholism is being given at the University of Brussels, Belgium. Keen interest is being taken in the subject both by the professors and leading men of the University.

Czechoslovakia.—At the University of Prague, Czechoslovakia, there is much activity in support of anti-alcohol propaganda. Students from the Universities and other Educational Institutions are joining with the new committee formed in connection with the World Prohibition Federation.

Estonia.—At the University of Dorpat, Estonia, where Dr. Johan Bergman

is a leading professor, one of the anti-alcohol societies has 50 members and three professors.

Germany.—At Jena University, Germany, a student society of influence is reported to have given up its "Kneipe", or student beer saloon and become abstainers en masse.

For the first time in the history of the University at Tubingen, Germany, a course of ten lectures on "The Alcohol Question" is being delivered by Professor Dr. Gaupp, of the medical department.

Switzerland.—The Swiss Student Anti-Alcoholic Society at Basle, Zurich, and other educational centres are doing much to popularise social life and recreation free from alcoholic liquors.

At the International Suffrage Alliance Congress at Geneva, Switzerland, Lady Astor said: "I believe most thinking women are born social reformers, and to me one of the chief tests of whether a politician is progressive or reactionary is his attitude to women in politics. That at least is the result of my own experience in fighting for temperance. I shall be glad that I was able to make my first speech in Parliament against Drink, because every woman knows how much sorrow and suffering drink brings into homes."

To be continued.

GET SOMEBODY ELSE

The Lord had a job for me; but I had so much to do

I said, "You get somebody else, or wait till I get through."

I don't know how the Lord came out; no doubt He got along.

But I felt kind o' sneaking like; I knew I'd done God wrong.

One day I needed the Lord—needed Him right away;

But he never answered me, at all, and I could bear him say

Down in my accusin' heart "Child, I've got too much to do;

You get somebody else, or wait till I get through."

Now when the Lord has a job for me, I never try to shirk;

I drop what I have on hand and do the Lord's good work,

And my affairs can run along or wait till I get through;

Nobody else can do the work that God has marked out for you.

Minard's Liniment for Coughs and Colds.

THE SUNNY NATURE

If you want to be popular, cultivate the qualities which attract. It is the best-natured man or woman, the optimistic soul who believes the best and sees the best in everybody, who believes that the best is coming to him, and that there is nothing the matter with anything God made. It is the sunny nature that attracts others—the cheerful disposition, the amiable personality.

The grouch doesn't attract; he repels. The sour disposition antagonizes.

The things that attract us are the things we like. We like sunshine, we like joy, gladness, beauty—the things that are helpful. We like the things which make an agreeable pleasing impression on us—the people who are happy, kindly, tolerant, helpful.

Cheerfulness is magnetic. The sunny souls always attract us, so whatever qualities go to make up moral sunshine, a sunny disposition will increase your magnetism, in proportion to your cultivation of them. If you want to be magnetic, be cheerful, unselfish, optimistic, helpful. Remember that a mean, stingy, negative, narrow, prejudiced, jealous, unhappy nature is never magnetic or popular.

TREMENDOUS ADVANCE IN TEA PRICES

The Tea Market has advanced since last May fully 15 or 16c. a pound in London, Colombo and Calcutta.

COST OF HALIFAX OCEAN TERMINALS

OTTAWA, March 24.—The cost of the Ocean Terminals at Halifax to date, including the cost of land expropriation, breakwater, dock, station accommodation, cost of excavation, and laying tracks from Waverly to the present station and terminals was \$16,646,396.20, it was stated in the House of Commons this afternoon in reply to question by William Duff (Liberal, Lunenburg).

A. M. WHEATON

ANECDOTE OF THE DAY

(From the Boston Herald.)

Forty years ago in towns bordering the "Big Wood" it was the custom in the winter for all able-bodied young men to seek employment in the logging camps. Farmer Brown had several husky boys but allowed, "that he guessed he'd have them stick to the old farm that winter."

At the country store the following spring there was a discussion as to what various ones had accomplished in the way of financial betterment and Farmer Brown was asked how his family came out. "Well," said he, "tolerable; my boys stayed at home, dickered among themselves, and cleaned up about \$200 apiece."

"What I did to cure a cough which was Racking my system to pieces."

"One very hot evening last summer, while in the mountains, a cool breeze suddenly came up which left me thoroughly chilled. Next day I felt a slight cold in my head but thought nothing of it. The following day the cold had developed into a cough. This kept up for some weeks but instead of getting better the cough kept getting worse. A tickling sensation developed in my throat. I tried everything I could think of to get rid of it. It was worse when I went to bed. As soon as I laid down the tickling sensation started and the only relief I could get was to sit up in bed. Towards morning, I sometimes, from sheer exhaustion, managed to get a little sleep. During all this time my cough was getting worse. Sometimes in these severe fits of coughing spasms I was left weak and exhausted. Anything I tried only gave me temporary relief. I couldn't take anything but liquid foods. I couldn't sleep. I was losing weight every day. At times I suffered the most intense agony with headaches. A friend of mine told me about Carnol. After trying it for three weeks I noticed that my cough was beginning to soften, that my appetite was returning, that the headaches had left me, that I slept longer. After taking seven bottles of Carnol, I am perfectly well and enjoying better health than I have ever had before in my life."

Writes Mrs. J. of Montreal

Carnol is sold by your druggist and if you can conscientiously say, after you have tried it, that it hasn't done you any good, return the empty bottle to him and he will refund your money. 10-122

Buy at Home ---

A great war has always been followed by a period of business depression which seems more acute than an ordinary depression as it comes after the war period of intense activity. It was expected this change would be more marked than that following any previous war on account of it involving many more countries and many more people.

With past experience before it the Canadian Reconstruction Association immediately at the close of the war started a "Buy at Home" Campaign. The purpose of this was to stop the stream of money sent out of the country to buy imported goods and to turn it back to keep the factories here working and the men employed. The events of the past two years prove that this was to be no exception and while this slowing up in business did not come as soon as was expected and was not apparent until a year or more after it was thought to be due, it finally came in full force in the fall and winter of 1920 and has continued to the present. The Reconstruction Association has made a complete analysis of the amount of money spent by various countries on imported goods. These statistics, when gathered together and compiled, brought out the fact that this country imported more goods in comparison to its population than any other country in the world and indeed almost twice as much as any other country. These figures also show that nearly 80 per cent. of all the goods imported came from the United States and that they amounted in a year to over \$800,000,000 or over \$2,000,000 a day. A further analysis of the actual imports showed that of the imported goods large numbers of similar goods were made in Canada and probably the buyer need not have imported them if he had wanted to buy at home.

It is no doubt true that many things are imported which cannot be bought from home manufacturers at as good advantage. There are frequently local conditions that make it impossible to compete with goods manufactured in large quantities under more favorable conditions. Other goods are imported because not being made here at all due in some cases to the demand for them not being enough to justify a Canadian plant for their production.

It frequently happens however that none of these conditions happen but there is a certain spell in the word "imported" both for the buyer and seller and a sale is made of foreign goods. At the same time just as good a purchase could be made as to quality and price on a home made article if either the buyer asked for it or if the seller offered it. This is the purpose of the "Buy at Home" Campaign.

Not only here have past war conditions so adversely affected industry but in all other countries unemployment is more serious and most of them have adopted measures to protect their own working men and to keep out imported goods as far as possible. (This has been done by the raising of import duties and other measures to encourage the use of home made goods and to keep out imported goods. This has had the effect of shutting off the market to manufacturers in different countries and this has especially affected the farmers and stock raisers in Canada who have been practically shut out of the market of the United States. While it is true that Canada buys a large quantity of goods in the United States it on the other hand exports a large quantity more especially farm products into the United States. However, by the tariff passed something like a year ago the shipment of Canadian farm products has been practically shut out of the United States market. A tariff of about 70c. a barrel has prevented the shipment of large quantities of potatoes by the New Brunswick farmers to Boston, New York and other points which were formerly almost the best market for these potatoes. A duty of from 15c. to 30c. a lb. on wool has reduced the export of wool to the U. S., 95 per cent. during the six months period, and the past week a bill proposing a duty of 15 per cent. on hides has been reported in the U. S. Senate which if adopted, will close entirely the U. S. market for hides which now consumes a great quantity of the Canadian production.

With so large a part of the foreign market shut out the "Buy at Home" campaign becomes more important and it is only by supporting those who do business here that there will be a further market for farm products as well as manufactured goods.

In our previous advertisements we have called the attention to the fact that whatever reasons there may be for buying imported goods of various kinds none of these apply to fertilizer. Our prices compare favorably with the prices on imported goods. All the "Made at Windsor, N. S." brands are made of the best raw materials, properly mixed, dry and in good drilling condition and have given for ten years as good a yield of crops in all sections of the Maritime Provinces as any imported fertilizer made.

We have agents in most sections and we are glad to quote prices and terms to anyone who uses fertilizer and would like to act as agent in any unoccupied territory.

NEWSPAPER MAN'S STATUS DETERMINED

By Authority of United States Government, He Belongs to "Learned Profession"

By authority of the United States Government, it has been decided that a newspaper man is a member of a "learned profession."

The decision will bring deep relief to many persons in and out of the "game." For long there has been confusion on this vital question. Some newspaper men have described themselves as "journalists," which has moved others to define a journalist as a newspaper man out of a job. Others have frankly aligned themselves with labor, accepting the benefits and the deprivations of such alliance with apparent equanimity.

Outside the "shop" opinions were equally varying. Those whose personal affairs had been exploited thought newspaper men a race quite without the confines of decent society. Politicians and business men who were able through influence, personal or commercial, to use newspaper men as their unpaid publicity agents, took something for nothing and patted the agents on the back. Generally, the public looked on newspaper men as "interesting," "energetic," rather impertinent men, occupying economically a position somewhere between the janitor and the college professor.

Now all uncertainty is happily solved. The other day a newspaper man, native of England, resident for years of Canada, left the Dominion for the United States there to pursue his occupation. Late at night he was roused from his berth by a courteous but determined immigration officer who told him he must leave the train. Protests proving of no avail the newspaper man obeyed, and later submitted himself to further examination by a "board."

He was quizzed as to his antecedents, his occupation, the number of years he had followed it, which were many, the condition under which he proposed going to the United States, the extent of his resources, the size of the family.

At last it developed that the officials were trying to determine whether the newspaper man fell under the ban of the law which prohibits taking labor into that country under contract. The issue, proving too big for determination by the officials at the border, was referred at last to the American immigration authorities at Montreal, and after some delay came the decision:

"We find that a newspaper man is a member of a learned profession, and as such is not subject to the provisions of the contract labor law."

APPLE EXPERIMENTS IN NOVA SCOTIA

Interesting and valuable experiments with English varieties of apples are being made at the Dominion Experimental Station at Kentville, N. S. As a large proportion of the Nova Scotia crop crosses the sea it is of course important that varieties should be grown that best suit the British customer. As a matter of fact some of the best apples cultivated in the Annapolis Valley are of British and European origin, such as the Blenheims, Ribstones and Gravensteins, all well known in the British Isles. Out of the large collection in varieties at Kentville it is hoped a few others may prove to be well adapted to the Maritime Provinces. Some samples shown at a meeting of the American Pomological Society in Columbus, Ohio, attracted much favorable attention. An outstanding feature of tests at Kentville with orchard fertilizer is that nitrate of soda should be used with care, as otherwise there is danger of the trees growing too late in the season and being winter-nipped.

MURINE You Cannot Buy New Eyes. But you can Promote a Clean, Healthy Condition YOUR EYES. Use Murine Eye Remedy Night and Morning. Keep your Eyes Clean, Clear and Healthy. Write for Free Eye Care Book. Murine Eye Remedy Co., 9 East Ohio Street, Chicago

THE COOK ROOM

CLAM CHOWDER

Four medium-sized potatoes, 2 medium sized onions, 4 crackers, 1 pint clams, with juice, 1 dessert spoon sugar, 2 quarts hot water, salt and pepper to taste, 1 large slice salt pork, fried, a generous piece of butter.

Put clams and 1 pint milk in after potatoes are done. Just let them scald a few minutes.

FISH CHOWDER

Heat kettle very hot. Fry salt pork brown, slice 6 small potatoes and 1 onion; cut fish in small pieces and put all in kettle in layers, with salt and pepper. Cook in water to cover. Add milk, butter and crackers.

OYSTER STEW

To a cup of oysters stewed in their own liquid, add 1/2 cup hot milk.

If stew is wanted extra rich, substitute cream for part of milk. Add piece of butter size of walnut, season to taste with salt and pepper and serve with oyster crackers.

SALMON LOAF

One can salmon, 2 cups boiled rice, 1/2 cup bread crumbs, 1 egg, salt and pepper.

Remove skin and bones from salmon, mix with rice, crumbs, seasoning and well beaten egg. Place in bread pan and bake slowly 1 hour. Serve with a rich milk gravy to which 1 can peas has been added.

HOT FUDGE CAKE

One-half cup butter, 1 1/2 cups of sugar, 2 eggs, 1 teaspoon vanilla, 1 cup milk, 3 cups flour, 3 teaspoons baking powder.

Cream butter and sugar; separate eggs, beat yolks and add to butter and sugar. Sift flour and baking powder together; add beaten whites of eggs very stiff and fold in; add vanilla. Bake in individual patty pans and in rather quick oven.

FUDGE FILLING

One and one-half cups sugar, 3 teaspoons cocoa, heaping, 2-3 cup milk and water, mixed; 1 teaspoon vanilla, 1 teaspoon butter heaping.

Boil this mixture all together for 3 minutes from time it starts to boil and then keep hot in double boiler until ready to serve. A piece from the inside of each cake should be scooped out and fudge poured in. Or a large cake can be cut in two and fudge put between.

PINEAPPLE MINUTE TAPIOCA

Boil in a double boiler for 15 minutes 1/2 cup minute tapioca, 1/2 cup sugar, pinch of salt, 4 cups hot water. When using canned pineapple a cup of pineapple

OUR OPINION ON DANCING

(From Sydney Mines News)

The young people of today are getting pretty roundly censured for their dancing. It is true that there is much in present day dancing to be censured among certain classes of people. But it is also true that young people must have some way of expressing their youthful spirits. That is why young people love to dance. They express in dancing their love of life and the buoyant spirits which God gave only to youth. If the older people would suggest some substitute whereby the youth could work off this buoyancy let them do so.

If age would only co-operate with youth and help to provide more wholesome amusements—athletics, ball grounds, tennis courts, a dramatic Club, a skating rink, a Y. M. C. A.—these things can easily be accomplished but they need the supervision and co-operation of older people. Instead of being given this co-operation the young people are censured for their very desire to play.

Certainly the honorable attention of the older people is to prevent evil. If they only knew in their antagonistic criticism will be an influence toward worse things rather than better. But they do not understand and the young people feeling that they are misunderstood and that they may as well "have the game as the name," become careless and heedless in their conduct and evil comes where only good was intended.

CAUSE FOR WORRY

"I'd hate to be a hen," said four-year-old Charles, who was visiting in the country.

"Why, dear?" asked his grandma. "Cause," replied the little fellow, "I'd have to lay eggs, and I don't know how."

Minard's Liniment for the Gripp and Flu.

juice substitutes for 1 cup of hot water. Remove from the fire, stir in a cup of grated pineapple, decorate the top with a meringue and brown in the oven.

DELICIOUS GINGERBREAD

One egg and 1/2 cup sugar, beaten together; 1/2 cup molasses, 1 cup sour milk, 1/2 teaspoon each salt, ginger and nutmeg. Stir in 1/2 pint bread flour and 1 cup bran. Lastly, stir in 1 teaspoon soda, dissolved in 1/2 cup hot water. Bake in moderate oven till well done.

STARTING NEWSPAPERS

(Collingwood Bulletin.)

Here is good sense from the Central Canadian of Carleton Place. "An agitation," it says, "is afoot urging the establishment of a daily paper in Leeds in the Conservative interests, it being urged that the Brockville Recorder-Times does not properly serve the interests of all the people. Perhaps it does not, from a political viewpoint, but where are we going to find a man or a group of men willing to put up anywhere from \$50,000 to \$100,000 without any hope of an interest return on the investment, who are willing to be the goats. Newspapers are not started on promises these days, nor can they be carried on on political patronage."

OPERATING LOSS ON GOVT. RAILWAYS

OTTAWA, March 24.—It is understood that the operating loss on all Government Railways for the Calendar year 1921 was \$16,339,000 as compared with about \$37,000,000 in 1920. On the Grand Trunk Pacific alone the loss was reduced about six million dollars.

That little bill you owe THE ACADIAN pay it now. If you can't pay it just now pay it the very first day you can. We owe it to the paper manufacturer, and if you pay us we will pay them and help keep things going during these difficult times. "Money makes the mare go," so keep the money moving and business will be better. Money hoarded up is no good, but put it into circulation helps everybody.

Minard's Liniment Co., Ltd., Yarmouth, N. S.

NOT SO SOON

Everything was in readiness. The groom, best man, and the minister were gathered in the vestry. The organist started to play and the parson moved toward the door.

"Wait a minute, sir," said the nervous groom. "Is it the right or left hand the ring goes on?"

"The left," hurriedly replied the minister.

"And, sir, another minute," said the trembling one.

"Is it—it—it kistomary to cuss the bride?"

This season's apples crop will equal the record crop of 1911 of one million seven hundred and fifty thousand barrels. The crop was disposed of as follows: 1,100,000 bbls. were shipped to the markets of the United Kingdom; 250,000 bbls. went to the provinces of Quebec, Ontario and the West; 100,000 bbls. to the United States; 50,000 to our own local markets; 15,000 to Newfoundland and the balance of the crop was used up by the evaporators, canneries and cider mills.

The Kings, Hants and Annapolis Counties Exhibition will be held this year at Annapolis Royal early in October.

Your Finances

The Man Who Saves

At age 19 his bills exceed his income.

At Age 21 his Canada Life Policy creates an estate in event of death and saves his money.

At age 35—the age of extravagance—his "bills" include a "premium due," which, while counted as an expense, is really a saving.

At age 50 he can "spend" anything in reason.

At age 60 he has "moved" to some purpose, has no anxiety for the future, and leisure for his many interests.

If you look ahead you can easily picture how useful \$30,000 would be to you.

This amount of money can be more easily saved than most people imagine, in this way:

If you were to start in and save \$200 each six months and let it compound at 5 1/2%—in 30 years you would have \$30,000, but—you know of many people who could have set aside this amount, yet who are still "drudging along," with no hope of relief.

You know yourself how hard it is to save cash. Human nature is such that very few people allow ready money to remain untouched for any length of time. Therefore—

The Canada Life Plan

Provides that any sum you name will be delivered to you in cash at any age you desire, or to your beneficiary should you die in the meantime.

By this plan an IMMEDIATE ESTATE is created in event of death equal to the full face value of your insurance policy. You anticipate years of effort, capitalize your present health and earning power, and make certain of many years of progress now.

The Endowment at 65

issued by the Canada Life makes saving money attractive, systematic and very profitable.

You can be certain that the full amount—\$2,000, \$5,000, \$10,000, or more—will be paid in any case, whether you live or not. Other investments may fail—the Canada Life Endowment is a certainty. It will take care of your home, your business, your children's future, or yourself, as nothing else can.

Profits Will Hasten Maturity

If the profits are allowed to remain each year, instead of being withdrawn and spent, a special clause provides that the face value of the policy will be paid some time well in advance of the due date.

Regular saving, an immediate estate in event of death, substantial profits, absolute safety—this is a combination that you should look into today.

Ask for particulars.

DAVIDSON BROS., Printers and Publishers

Members of the Canadian Weekly Newspaper Association.

Subscription Rates—In British Empire, in advance, \$2.00 per year. To U. S. A. and other countries \$2.50 per year.

Advertising Rate Cards and information respecting territory and samples of paper mailed upon request, or may be seen at the office of any advertising agency recognized by the Canadian Weekly Newspaper Association.

Advertisers must have copy in by Tuesday noon in order to insure changes for standing advertisements. New display advertising copy can be accepted one day later.

Correspondence—Letters addressed to the Editor and intended for publication must be short and legibly written on one side of the paper only. The longer an article, the shorter its chance of insertion. All communications must bear the name of the writer, not necessarily for publication. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for the opinions expressed by correspondents.

OUR SENTIMENTS TOO

The following extract, which is taken from the editorial column of the Pictou Advocate is most encouraging, since it indicates that such a long-time supporter of the present administration at Halifax is supporting THE ACADIAN in its contention for a change in the political affairs of our province. In a recent issue we urged that for the betterment of public affairs in this province economy might be practised along lines that would in no means impair the public service in any degree. We suggested that the expense of government might very materially be reduced and instanced the decrease of representation, the abandonment of the Legislative Council and a general reduction of departmental outlay. The Advocate says:—

"Our Halifax correspondent, who seems to be closer touch with the views of the members than with the sentiment of the country, speaks of the proposed sessional demand of \$1,000 as a decrease. It is a \$250 increase the salary having been \$750. The fact that the legislators stole \$1500 apiece last year does not mean that the country is going to stand for that for ever. Our correspondent is afraid the labor members will object because the salary is not raised to \$1500. There is no difference that we can see between the lot of them, Labor, Farmer, Grit, Tory; they all go to the increase like a cat to cream. How would it do to cut down the number, one from Pictou County would be enough and abolish the old man's home, the legislative council by way of saving an odd dollar? The country is getting pretty sick of taxes of all kinds and the provincial government, impinging on the town preserves, is becoming none too popular."

Our motor page last year proved a most interesting feature and we received many flattering comments therein from readers. With the present issue the feature is again resumed, and we trust it will be found entertaining and useful. Most people today are interested in motors and motoring and a careful perusal of our page dealing with matters relating thereto, we feel sure will be found valuable and well worthy of attention. Those contemplating the purchase of new cars will also find the department deserving of attention.

With the end of March we turn the corner and, once again, we face the loveliest time of all the year. Each one of us, no matter how dark the winter has been, will thrill to the manifest power of the spring as the first

bold crocus burns through stiffened grasses and the buds flame on still bare branches. And we will turn to the great outdoors instinctively and bathe ourselves in the renewing fires blazing up through all the old, dead year. But are we able to turn to account this spring zeal of ours to be part of nature, to beat in tune with the universe? Are our eyes bound to remain blind and our ears deaf to the miracles about us because of lifelong disuse of our powers? Most of us find this tragically true when suddenly, one spring, overpowered with beauty on every hand, we attempt interpretation of the record spread across the living world—and thus we lose many of the greatest things life has to offer.

Considerable interest is being aroused regarding road matters through the call for tenders now being made for work on the main trunk road between Avonport and Kentville. There can be no question but that this particular section of highway has long needed improvement, but those who are particularly interested had hoped that when the work was undertaken it might be of a more permanent character than is apparently now anticipated. THE ACADIAN has ever advocated that when money borrowed on the credit of the province is to be expended the work undertaken should be of a permanent character. Experience in other parts of the province proves that what the Highway Board is pleased to designate a "gravel macadam" road is far from a permanent one. A proper grading of any road and a plentiful application of good gravel properly treated will undoubtedly will last for a few years. Then the work must be done over again. The cost of such roads has been in some instances as high as ten thousand dollars per mile and the cost for interest, sinking fund, etc., must be a first charge on the section for all time before the expenses of repairs can be considered. Under the circumstances it is only natural that those who are interested in the affairs of our province and in good roads should ask the highway authorities to proceed cautiously and take no chances. THE ACADIAN favors good roads and approves of a generous expenditure where results are to be obtained. We must, however, protest most emphatically against a further waste of public funds such as has resulted elsewhere in Nova Scotia from an ill-advised action regarding our highways.

Birth announcements cards, 5 and 10 cents at THE ACADIAN store.

PRESS PRAISES SINGING OF ETHELYNDE SMITH

The third Coast-to-Coast tour of Ethelynde Smith in the Fall of 1921 occupied three months, during which time she travelled 10,000 miles in 27 states. The soprano sang to audiences of from 700 to 5,000 people, who besides recalling her numerous times, insisted upon the addition of from 4 to 7 encores to programs of 18 songs.

A few brief extracts from many columns of recent press notices from widely separated places follows:

HEADLINES FROM DIFFERENT PAPERS

- Recital Truly Artistic. Ethelynde Smith Presents Varied Program in Pleasing Manner.
- Artist Manages Widely Ranged Emotions With Ease—Diction is Faultless.

Easter Post Cards, 3 for 5 cents, at THE ACADIAN store.

Prin. Silver plans to put on a debate among the High School pupils in the near future. The subject will be, Resolved that intoxicating liquors are more injurious to man than war.

On account of an attack of tonsillitis Mr. Harold Colonna will be unable to give his concert in Wolfville. Money will be refunded to all those who purchased tickets.

The many friends of Mrs. E. S. Crawley, who has been ill at her home on Prospect Street, will be glad to learn of her improvement in health. Her daughter, Mrs. Michaels, of Alberta, is spending a few months here.

The street authorities gave Main Street a thorough clean-up this week and it was certainly timely as the accumulation of the long and steady winter left the street in very bad condition, which is greatly improved by the attentions now given it.

Time has tested this Typewriter. It is the one that has ARRIVED in every sense of that word. The latest Model is the Best Remington and of course the Best Typewriter—The Remington Typewriter. A. Milne Fraser, 157 Hollis St. Halifax, N. S.

The many friends, both here and in Kentville, of Professor and Mrs. Bennett, will be glad to learn that they are to be with us again this coming Summer. Several of Prof. Bennett's former pupils have heard from him, and he has announced that he and Mrs. Bennett will be in Wolfville about the middle of June.

At the meeting of the Council of the Wolfville Board of Trade held Tuesday evening it was decided to hold a general meeting of the Board next Tuesday evening. Messrs. A. M. Young and C. A. Porter came before the Council with a resolution regarding the proposed highway construction between Avonport Bridge and Kentville. The Highway Board is calling for tenders for a gravel road between these two points, and it was felt by all present that such a road between Wolfville and Kentville would be a waste of money as it would last only two or three years. A resolution was therefore passed asking the Highway Board to reconsider its plans and construct a tarvia bound rock road between these two towns. This matter will also be taken up this evening at special meetings of the Wolfville and Kentville Town Councils, and by the Kentville Board of Trade.

CLINIC ITEMS

Pre-natal and Infant Welfare Clinic, Friday, April 7, at Clinic Room, Weaver Block, Kentville commencing 2 P. M.

The greatest economic problem that awaits our solution is the conservation of the health of our people. Legislation based on this principal will receive hearty commendation of all those who have an interest in our country's growth and prosperity.—(Public Health).

Ignorance is a vice, and when it results in injury to any one it becomes a crime, a moral if not a statutory one. To infect another in this disease either directly or indirectly, as a result of ignorance is an immoral act. The purpose of government is to protect its citizens, and a government which fails to shelter its citizens against infection is neither intelligent nor moral. To transmit disease of body or mind to offspring is an unpardonable sin. In a reasonable sense it is worse than murder, because it projects suffering in to the future indefinitely. (Victor C. Vaughan)

Coming Events

Notices under this heading are inserted at 10 cents a line. Each repeat, 5 cent a line; minimum charge, 30 cents. Contract rates on application.

The monthly meeting of the I. O. D. E. will be held on Tuesday, April 4, at 3.30 in Parish Hall.

The regular monthly meeting of the V. O. N. will be held in Town Hall on Thursday evening, April 6, at 7.30. Prompt attendance is requested in view of the concert later in the evening.

A meeting of the proprietors Wickwire Dyke will be held on Monday, April 3rd, at 2 P. M., at the usual place, to transact all business in connection with the dyke. Wm. H. Evans, Dyke Clerk.

The communion of the Lord's Supper will be celebrated at St. Andrew's Church next Sunday at the morning service. There will be the usual Preparatory Service this evening with an address by Rev. D. B. Hempeon.

AVONPORT ITEMS

Mr. W. O. Parker spent the week end in Halifax with friends, returning home on Tuesday.

Mr. and Mrs. L. F. Fuller are receiving congratulations on the birth of a son born Friday March 24th, 1922.

Mrs. F. F. Graham and little son Donald spent a few days of last week at Hortonville with Mrs. F. Curry.

Mr. E. Herron returned on Friday last to Truro to resume his studies at the Agricultural College, after spending a week with his sister, Mrs. J. B. Barrett.

Miss Alma Huntley spent Monday last in Hantsport with friends.

Mr. Brenton Borden, Jr., who spent the week end at his home, was unable on account of illness to return to his studies at "Acadia" on Monday as usual.

Miss Olive Parker spent Saturday, the 25th inst., in Windsor on business.

MOTORS AND MOTORING:

A Page Full of Interest to the Owner or Prospective Owner of an Automobile.

GIVING THE CAR ITS SPRING COAT

First Must Take Old Varnish Off With Paint Remover

The first thing to do is to take the paint off the body with paint remover. Allow it to stand fifteen or twenty minutes and apply a second coat, permitting that to stand together twenty minutes the paint then gets so soft that it comes off clean without much effort with the putty knife.

The next step is to go over the surface with a rag soaked in turpentine (gasoline would do) to take off all traces of the paint remover. After that go over the entire car with No. 00 Sandpaper, hood and fender included, getting the surface as smooth and clean as possible.

After this the car is ready for its first coat of paint—metal primer. This is laid on evenly, and allowed to dry for twelve hours.

Next apply the surfacer, a pigment which comes in paste form. Put as much of the paste in a can as you think you will need and gradually add turpentine, stirring all the while, until the mixture has the consistency of ordinary paint. A little more care will be required in laying this coat, as it must be brushed out well and smoothly as possible. Let dry six hours, and when dry rub down with No. 00 sandpaper and dust off. It is impossible to apply this coat without leaving brush marks, but by diligent sandpapering it can be made smooth.

The sealer is the next coat applied lightly and evenly just as it comes from the can. It permeates and seals the surface, providing a perfect foundation, which keeps the subsequent coats from sinking in. Let dry twenty-four hours.

Now back your car out of the garage and make the painting room absolutely dust and dirt free by sweeping and then sprinkling with water the entire interior, including the ceiling if it is low enough to reach with the hose. Be careful not to wet the overhead enough to make it drip. Put your car back in the garage and lay on the color varnish just as you would paint, but a little more freely.

When, after twenty-four hours, this varnish has thoroughly dried, rub down with flour pumice stone sufficiently to take off the gloss, bearing in mind that the air must be kept dust free. Then put on a second coat of colour varnish brushing it in the opposite direction to the first, and let that dry twenty-four hours. When dry rub it down again with flour pumice.

Rubbing with pumice should be done with a wet pad of cloth, or piece of felt. Wet the pad with water, dip it in the powder and then rub just enough to take off the high gloss. Dust the surface and prepare for the finishing coat.

First wet down the garage again, and then collect all the sheets, blankets, or old carpets you can find soak them well in water, and hang secrets of automobile painting. The curtain must be kept damp until the car is thoroughly dry, for the moisture which it gives off prevents the varnish from drying too fast.

The last coat is a body varnish, which unlike paint, should be flowed on pretty generously and smoothed out only to keep it from overlapping.

Always try to varnish by panels, starting and ending at a door or break of some kind. The temperature of the room, the varnish and the car should be between 70 deg. and 73 deg. F. If the varnish is chilled it will not flow smoothly, while if it is too warm it will set before smoothing out. When the last brushful of finishing varnish has been applied allow the car to dry for four days or a week.

MUD SCRAPER

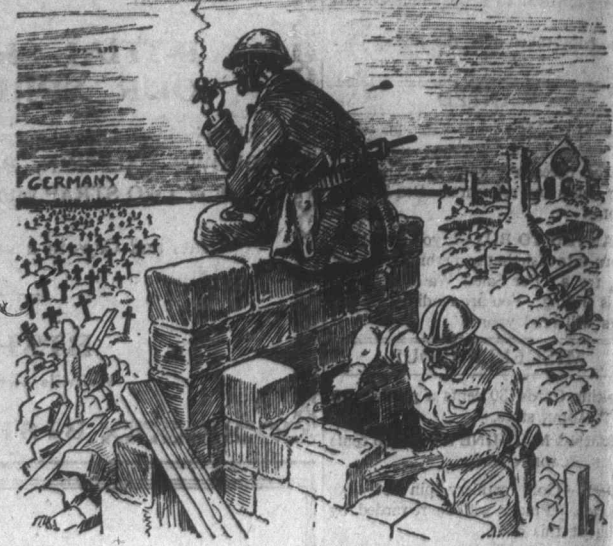

A convenient home-made mud scraper may be made by cutting a shallow oval in the running board before the door. Across the outer edge of this oval a piece of bar steel is screwed corresponding to the thickness of the running board. It is very simple to scrape mud from the shoes and the dirt so removed falls through the oval cut in the board.

LENGTHENING LIFE OF SPARK PLUG

Poor Quality of Gasoline In Use Means Extra Care to Get Best Results

During the past few years, due to the decrease in the quality of gasoline the spark plug has become one of the parts of an automobile that must be examined often and cleaned. For when plugs are sparking properly and the engine is running smoothly one has a condition that goes far to making the car run sweetly. With a little care the plugs will not only explode the mixture with the best results but will last longer.

The grade of gasoline that is put in the tank these days causes the plugs to foul often faster than they used to. Carboned spark plugs act different from carboned cylinders. In heavy carboned cylinders the compression is increased and the mixture is liable to ignite too soon; when the plugs are carboned there's no ignition.

Any one can clean a plug. In removing a spark plug from the engine it is well to use a spark plug socket wrench that will fit the type of plug used in the car. It will save skinning your fingers, thus avoiding loss of temper; also it is insurance against breaking the porcelain.

If your plug is one that can be taken apart place the metal part in a vise and with an S-wrench remove the packing nut, taking care not to crack the porcelain nor destroy the gasket between the porcelain and the shell. Not every plug has this gasket.

If the plug has mica for insulation don't loosen the retaining nut. If you do the mica will separate and the plug will be useless.

Now take the porcelain, and remember it is glazed and intended to be smooth, so carbon will not lodge on it. So don't use any rough surfaced implement to clean it, but stick to a rag and gasoline.

On the road sometimes one uses a handkerchief. Using the rag, rub the porcelain until every trace of carbon has disappeared.

While cleaning the plug watch for hairline cracks, often so small that one misses them. These are the result of overheating and when the engine is running they will allow the electricity to escape and weaken the spark.

In putting the plug together use the same care as in disassembling. Test it in the cylinder by placing a few drops of oil about the packing and start the engine. Watch for bubbles in the oil; they mean a leak.

Some plugs cannot be taken apart and while they are harder to clean there is little danger of their leaking.

On reassembling the plug adjust the spark gap, remembering magneto ignition requires a spark gap of about 1-32 of an inch, while battery ignition requires a gap about one half as large.

TONGUE TWISTERS

Do you want some very good tongue exercise? You can get it by reading, or attempting to read, rapidly the following sentences. For those who may have in future life to read or speak in public, there is more in such exercise than mere fun:

Six little tristle sticks.
Fresh of freshly-dried fish.
Two toads, total'y tired, tried to trot to Tedbury.
The sea ceaseth, but sufficeth us.
Give Grimes Jim's great gift gig whip.
Strick, strong Stephen Stringer snared sickly six sickly silky snakes.

She stood at the door of Mrs. Smith's fish-sauce shop welcoming him in.
Swan swam over the sea; swim, swan, swim swan swam back again; well swam swan.

A haddock, a haddock, a black spotted haddock, a black spot on the black back of the black haddock.

Susan shineth shoes and socks, socks and shoes shineth Susan; she ceaseth shining shoes and socks, for socks and shoes shock Susan.

You know the tongue twister, "Peter Piper," but there are others which are harder. One of the worst is "Mixed biscuits." Try saying that rapidly, and if you succeed, say "Stop at the shop at the top of Sloane street."

Then try saying over and over again, just as fast as you can, "Six slender sick saplings," and see if your tongue does not get nicely twisted.—The Presbyterian.

Use Minard's Liniment for the Flu.

NOTICE

PROVINCIAL HIGHWAYS BOARD

The attention of the Public is called to the following extract from "The Load of Vehicles Act" for the year 1919, Chapter 1, Par. 7 and 8.

Par. 7. "No person shall operate a Motor Vehicle that is subject to the provisions of the Motor Vehicle Act of 1918, on any Highways in any Municipality, after the twentieth day of March, and before the first day of May following, without the permission of the Engineer of Highways, or any such other officer as may be appointed by the Provincial Highways Board, for that purpose, first had and obtained.

Par. 8. Any person who contravenes any of the provisions of this Act, or any permit granted under the authority thereof shall incur a penalty of not more than One Hundred Dollars recoverable under the "Nova Scotia Summary Convictions Act" which shall, when collected, form part of the Highways Tax of the Municipality in which such cases arise."

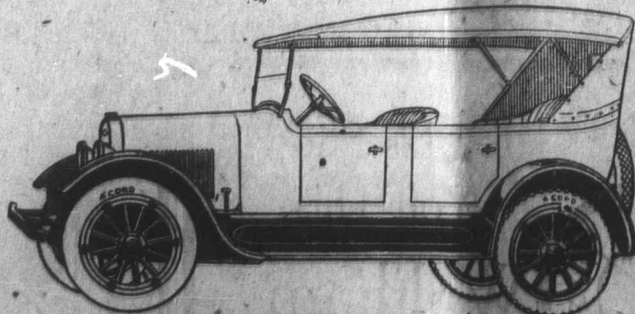

Permits for the necessary operation of Motor Vehicles in the Counties of Annapolis, Kings and Digby during the closed period may be obtained from the office of the Division Engineer of the Provincial Highways Board, Kentville, N. S.

MACINTOSH MILLER,

OUR APPLES IN THE BRITISH MARKETS

(Address by W. S. Blair at the Nova Scotia Fruit Growers' Convention)

One of the objects of my visit to Great Britain was to find out whether Nova Scotia apples as at present packed are likely, in the future, to return profitable prices to the grower. Because other sections have not had a surplus of barrel apples to ship, the British market in this trade has been left almost entirely to Nova Scotia. The small shipments sent from other sections were very closely watched to determine if possible just where improvements if any might be made.

When your fruit lands in Great Britain all of it is not just what you would wish it to be. The appearance is very often unattractive, both as to barrel and fruit, but fortunately the quality of the fruit is satisfying to the consumer. You have had remarkably good distribution and the shipments have not been more than the markets could readily use consequently prices remained uniformly good and will continue so until the balance is marketed.

The extent of the markets available in that country of some forty-five million people may be better understood by a reference to importations which according to the Ministry of Agriculture amounted to about 276,000 tons, or nearly four million barrels. This on the face of it does not seem to be much, only one barrel to ten people, and expansion should be possible. In this connection it is well for us to remember that while we have in the Valley about 30,000 acres in apples, there is, according to the Ministry of Agriculture, 150,000 acres in Great Britain or five acres to every one in the Valley. The average production is estimated at three tons per acre or 450,000 tons, approximately six million barrels. So with home production, and importations there is a distribution equal to one barrel to four people for the year. This importation is spread over the whole season, the apple from southern countries following as soon as ours are out of the markets.

We have a very great advantage because of being near this great market, and it is safe to say we can keep in the apple business with profit longer than any other country because of this fact alone. It would be folly, however, for us to suppose that other barrel apple exporting centres of Canada and the United States will not quickly recover from this temporary shortage of crops. They will be strong competitors in the future without a doubt and we must be prepared to give a little better attention to the growing, handling and packing of our fruit if we are to get all we should from this market.

If we are to secure top prices an improvement in appearance is necessary. The offerings of Virginia, Maine State and Ontario apples in barrels was small indeed, but when these were put up for sale there was no uncertainty as to preference. Their superiority centred largely around appearance both as to color and freedom from bruises. We can improve very much by giving more attention to the handling of our fruit. We sustain a great loss on the farm, on the road to the packing house. This loss is not just due to one person lacking in efficiency it is because too many of us lack in efficiency. Could we get it into our heads to handle our apples like eggs would mean more dollars to us as growers we could, because of this possible financial gain, do better than we do. That such financial gain is possible will be more apparent in years when we are faced by keen competition and it is for these periods that we should prepare ourselves.

The bulk of our fruit has a dull appearance, not the bright, highly finished look of that from many other places. This finished appearance may in a large

measure be due to spraying with sulphur preparations but doubtless our Maritime climate does not admit of the fine maturity so evident on more inland grown apples.

It is necessary therefore, for us to give all the attention we can to appearance and we should consider whether we are not now at the point where work should be started looking toward the development of varieties of high colour more suitable for our country than those we now have. There is a lack of firmness to much of our fruit which should be overcome and varieties having firmer fruit with good appearance should be aimed at. We know it is not desirable to increase plantings of Ribston and Blenheim, and other than the Cox's Orange there is not as far as we can see any variety of English apple we can advise.

The King is one of our outstanding sorts but we all know it is not by any means perfect and certainly it is not always attractive. The Crimson Graveston should be planted in preference to any other strain of this variety. We can hope for good prices for our fall fruits one year with another by supplying highly coloured apples of good quality. In seasons when the English apple crop is short, apples for cooking will be in demand, but otherwise the quality required is that suitable for sale on the fruit stand and for which good prices will always be paid. The Wagner is probably one of the best apples but it does not entirely measure up to what we want. The Red Stark should be planted rather than the greener colored one. The Delicious apple may be highly suitable for more inland sections, but it is doubtful if it is suitable for our Valley, certainly not for general planting. The Golden Russet may be planted more extensively. This russet apple seems to be increasing in popularity, colour is not looked for in the russet apples and the fact that this apple is yielding in texture and does not show the bruises as do the other varieties, is one of the strong points in its favor.

You are sustaining a great loss because of barrels arriving with apples slack. There does not appear to be any one cause alone for this, but many factors may contribute. Briefly they may be stated as follows:

1. Lack of care when harvesting.
2. Over-ripe fruit.
3. Faulty judgment when packing.
4. Rough or unnecessary handling during transportation.
5. Too deep tiering on ship.
6. Too high temperature during shipment.

The relative influence of these can be determined only by experimental work, and it would seem wise to take steps to solve this question and remove the loss now resulting from "slacks."

A study was made of the fruit supplies from English sources with the hope of determining to what extent this increasing industry may from year to year affect our returns from fall shipments. As already stated there is not much hope of very great profit from fall shipments during seasons of a large English crop unless they are of high color, good quality, and arrive in good condition and are suitable for the fruit stand trade. The seasons of a short crop in England will undoubtedly be to our advantage and make it possible to ship fall apples, of the cooking class

and not of high colour, to advantage. It seems desirable that we should go carefully in extending plantings of fall apples beyond that required for local markets, except of sorts which because of appearance and quality will always find a ready market.

The Crystal Palace Fruit Show offered an excellent opportunity for a study of English varieties and a careful survey was made of the varieties now considered to be leading English sorts. The English grown fruit is not what one could call attractive nor is the quality in general very high, except in a few varieties of which the Cox's Orange is an outstanding example and undoubtedly the best dessert English apple. So far as we could determine there are no varieties possessing qualities superior to the Blenheim, and in this we have had a similar experience with the leading English sorts which have fruited at the Kentville Experimental Station. The Worcester Pearmain may be of some value for limited plantings as a fall apple, it being of high color and of fair to good quality.

The box apple trade was given considerable attention. Certainly prices of box apples during this season have not been sufficiently above the prices obtained for similar grades in barrels to lead us to think that we could make more out of our fruit in boxes. The box trade has been large from British Columbia and the Pacific States and will amount to probably a million boxes for this season. The box apples seem to drift into a different trade from the barrel apples and it is said that the trade in one is not affected by the other. This does not seem to be possible and if more boxes are offered than the normal box trade can take care of a competition between box and barrel fruit of good quality must result. Undoubtedly the Crimson Graveston and other highly colored fall apples should go over in boxes, in fact it is doubtful if they can be successfully transported in any other way if they are allowed to properly mature before picking. The affect of shipping immature box fruit was fully demonstrated during the past season in a shipment from the Pacific province of Wealthy which little more than cleared expenses of transportation. The Cox's Orange is a variety that we can hope to make more money out of in boxes than in barrels. On the whole there is some opportunity for more extended box shipments, but the bulk of the fruit we now have is more suitable for the barrel trade.

As to marketing there is little doubt but what the two systems, that of private sales and sales by auction work out to the advantage of the grower. If either method were adopted entirely results would not be so good. One method bal-

ances the other and over a full season there is little likelihood of one method averaging superior to the other. There seems to be the desire on the part of the various selling organizations to increase their trade, and no one realizes better than the English tradesman that to do this the best service possible to each and every shipment must be given. We should not lose sight of the fact that the prices returned are determined largely by the condition of the fruit offered, and any improvement in this respect must be to our advantage. It is to the advantage of the fruit handler on the other side to have good fruit because he can build up a good trade if his offerings are uniform in quality whereas if they are not his trade suffers. Whatever else is done we are offered

to the conclusion that only an exceptional year can we expect to profit from large shipments of fruit below the No. 1 and No. 2 grades. The No. 3 we know have returned good prices for the past two seasons, but a return to normal conditions will prove that any gain from such shipments will not be to the grower, and the more of this we can eliminate from our shipments the better.

There are many other matters I could speak of, but my time is now more than up.
 A correspondent asks: "Do hogs pay?" Some do and some don't. Some hogs subscribe for a paper, read it for a few years for nothing and then send it back to the publisher, marked "Refused." These hogs don't pay anything.

 Many people have discovered that 2 in 1 Shoe Polishes are good for other things than for shining shoes. For example:—
 2 in 1 BLACK—Good for polishing motor cars; refinishing suit cases, kodaks, black gloves, rubbers, hats, etc.
 2 in 1 WHITE—cake or liquid—Good for cleaning hats, stains in white skirts, white kid gloves, auto tires, etc.
 2 in 1 TAN PASTE—Good for polishing furniture, hardwood floors, etc.
 For the Best List of New Uses for 2 in 1, We are Awarding Cash Prizes as Follows
 1st award \$500.00—for the most acceptable list 20 Prizes of \$15.00—for the next twenty
 2nd " 300.00—for next best list 50 " " 5.00—for the next fifty
 3rd " 200.00—for third best list 50 " " 2.00—for the next fifty
 10 Prizes of 25.00—for the next ten 100 " " 1.00—for the next 100 lists
 Try to find new uses for any of the 2 in 1 Shoe Polishes, either black, tan, oxblood, or brown paste, white cake or white liquid, black or tan combination.
 Write on one side of paper only. List uses according to colors. Awards will be made according to decision of special committee, and payment made on or before October 1st, 1922. All lists submitted to become our property. Address:

Personal Paragraphs

Mrs. Longley is a guest of her sister, Mrs. Mary Ingraham, College Librarian.

Mrs. Emma Whidden, who spent February in Washington, D. C., is now visiting her brother near Boston.

Mrs. Lockhart left on Friday last for New York to join her husband, Captain Lockhart, on his return from an ocean trip.

Mr. A. D. Borden, who has been spending a few weeks with his family here, left on Friday last to return to Providence, R. I.

Mrs. W. G. Stackhouse, who has been spending the past five weeks at Halifax with her daughter, Mrs. MacDonald, returned home on Saturday.

Lieut. Harold Tingley, who has been spending the winter at Wolfville, left on Saturday last for Halifax, where he has been appointed to the staff of the Naval College.

Mrs. H. G. Perry recently returned from Fredericton, where she has been visiting friends. She was accompanied home by her sister, Mrs. Simons, of Carleton county, N. B.

Mr. F. H. Beattie was in Wolfville over Sunday, on his way to Sydney Mines from Bridgetown, where associated with Mr. Edward Stratton, of the Sydney Mines News, he is undertaking the publications of the Monitor, of that town. Mr. Beattie is a clever journalist of much experience. THE ACADIAN extends a cordial welcome to Valley newspapermen and best wishes to the new publishers of the Monitor. May their every expectation be realized.

The Rev. and Mrs. J. Howard Bars, left on Friday last for an extended trip in the United States, including a stay at Ann Arbor, where their son Ernest Bars is taking a special course of preparation for medical profession at the University of Michigan, under the direction of the famous Dr. Cabot. During their sojourn there Mrs. Bars who has been suffering considerably for some months will seek special advice and treatment, and if needs be will undergo an operation by the renowned specialist. Afterwards they will visit friends in the Battle Creek District.

Mr. J. R. Black returned home last Friday from Boston where he was attending the Automobile Show.

Mr. A. M. Wheaton is at Truro attending a meeting of the managers of the creameries of the province.

Mrs. Dorothy Moore and young son arrived in Wolfville on Friday last, after a seven days' trip from her home in Prince Rupert, B. C. Mrs. Moore was called to Wolfville by the severe illness of her mother, Mrs. J. W. Manning.

Mr. Claude Shaw, of Calgary, who returned home some weeks ago on account of the death of his father, the late D. B. Shaw, left on Wednesday morning to return to Calgary. He was accompanied by his mother, who will make her home with him in future. Mrs. Shaw has been long a resident of Wolfville and vicinity and she is followed to her new abode by the good wishes of a host of friends.

SOCIAL HAPPENINGS

Mrs. J. A. Ingraham, of Earncliffe avenue, entertained very pleasantly at afternoon tea on Friday last. She was assisted in receiving by Mrs. C. G. C. Coombs, while Mrs. Wheelock and Mrs. Cohoon presided in the dining room.

Mrs. Clara Walburton entertained at afternoon tea on Thursday of last week, at her home on Acadia Street. Cut flowers and an attractive tea table made a pleasant setting, and about fifty friends partook of her hospitality. She was assisted in receiving by her sister, Miss Harris, while Mrs. Moore, Mrs. Brady, Mrs. Archibald, Mrs. Stuart and others helped in the dining room.

Mrs. DeWitt, Mrs. Chambers and Mrs. Prescott, all of Wolfville, who are spending the winter in Daytona, Florida, recently entertained at afternoon tea eight Nova Scotia friends. They report home that the country is unusually beautiful now with roses, oleanders and orange trees all in bloom.

Dr. A. DeWolf Bars recently celebrated his 80th birthday. His sister, Miss Bars, entertained at a family party in his honor, and he received many congratulations from his numerous friends.

The plant and equipment of the Nova Scotia Underwear Co. at Windsor is to be sold on April 15th for the benefit of the bondholders.

CANARD NOTES

Mr. Albert Eaton, and his daughter Gertrude, who have been visiting Rev. Ross Eaton in Mattapan, Mass., returned to their home Tuesday.

Mr. and Mrs. Perry Rand spent a few days in Halifax last week.

Miss Irene McFadden, who has been visiting relatives in Boston since November, has returned to her home in Canard. Miss White, Dean of Women at Acadia, addressed the Lower Canard Sunday School, March 19th.

Miss McDougall addressed the ladies of Canard at the home of Mrs. Cox, for the purpose of organizing the Institute, first meeting to be held at the Lower Canard Hall the 18th of April.

Miss Helen Eaton has been visiting relatives in Boston, and returned Tuesday.

Mr. and Mrs. Percy McDonald and family, who have been spending the winter in Toronto, have arrived home.

Miss Florence Eaton entertained a number of young ladies on Saturday last in honor of Miss Thelma Gates, whose marriage will take place at Port Williams April the 12th.

Rev. M. L. Orchard, general Secretary of the Foreign Mission Board, gave a very able and pleasing address at the Upper Canard Baptist Church, Sunday, March 19th.

The Ladies of the W. M. A. S. gave a Birthday Party at the Baptist Church Upper Canard the 15th of March. A very pleasant evening was spent.

Miss Margaret Wright, of Middleton, has been visiting Miss Kathleen Eaton of Canard.

Cornwallis Division is in a flourishing condition. A number gathered at the Hall Monday evening, where they were entertained by the married men. The fifteenth Anniversary of the Division was celebrated February the 23rd, and a very enjoyable evening was spent.

Miss Gertrude Eaton is assisting Rev. A. J. Proser in his large field of labour.

Mrs. Chas. McFadden has been in Halifax a few days.

Miss Dorothy Rand, of Acadia, spent last week end, at her home in Upper Canard.

Mr. W. A. Reid is making improvements in his residence on Acadia street, including the construction of a commodious verandah.

MARRIAGE OF FORMER WOLFVILLE BOY

A quiet wedding took place at St. Jude's Anglican Church, Oakville, Ont., on Saturday, February 4th, when Margaret Jean, only child of Rev. D. H. MacQuarrie, M. A., S. T. M., and Mrs. MacQuarrie, of New Germany, N. S., and Vaughan Ivan Milton, younger son of, Commodore Henshaw, of New York, were united in marriage. Rev. Canon H. F. D. Woodcock performed the ceremony in the presence of a number of friends. Professor Wenster played Labengrin's bridal chorus for a processional and discoursed sweet music during the entire ceremony, with Mendelssohn's wedding march as a recessional. The bride's costume was of fawn crepe de chene, with brown satin hat, and she carried crimson roses. The bridesmaid, Miss Dorothy Chisholm, daughter of Lawyer W. A. Chisholm, of Oakville, wore brown canton crepe with brown hat, and carried carnations and sweet peas. The best man was Mr. Ronald McNeil Kierstead, son of Professor E. M. Kierstead, D. D., of McMaster University, and nephew of Lieutenant Governor Grant of Nova Scotia. A reception was afterwards held at the home of Mr. and Mrs. W. A. Chisholm, which was tastefully decorated with potte plants, cut flowers and ferns for the occasion.

Mr. and Mrs. Henshaw left by motor for Toronto amid showers of good wishes from the friends present.

Miss MacQuarrie was a brilliant student at the University of Toronto and has since occupied the position of Secretary in the U. W. A., Toronto. She has made many friends at Toronto, as well as Acadia, who will be interested in this event. Beautiful gifts were received in silver, cut glass, hand paintings, linen and cheques, also a handsome mahogany lamp from the staff of the U. W. A.

A Child Welfare Meeting will be held in the Parish Hall on Thursday, April 6, at 3 P. M. A hearty invitation is extended to all mothers of infants and children under school age to come and bring their little ones. As meetings of this kind will be held from time to time the mothers will have an excellent chance of keeping the baby's weight, height, etc. An address will be given on "Cause and Prevention of Babies' Ailments" by the V. O. nurse. At the close of the meeting there will be a social cup of tea.

NOTICE!

All sawing done at Messrs. Pick and Hancock's mill at White Rock strictly cash.

Pick and Hancock.

Board of Trade

A General Meeting of the Wolfville Board of Trade will be held at the Town Hall, on Tuesday evening, April 4th, at 8 o'clock.

Business: Steamship service between Wolfville and Parrsboro, and proposed filling up of creek at Mud Bridge.

By order,
H. P. DAVIDSON,
Secretary.

**Are You Well?
If Not? Why Not?**

Do you know?

- that CHIROPRACTIC can make you well and keep you well;
- that CHIROPRACTIC never harms and always benefits one and relieves pains and aches; it reaches the cause of your trouble;
- that CHIROPRACTIC has been proved scientifically correct;
- that Clinical Records show that 9 out of every 10 cases can be benefited by CHIROPRACTIC;
- that CHIROPRACTIC is the Drugless, Knifeless and Painless method of relieving humanity of its many and varied ailments, such as

- Asthma, Arthritis,
- Bronchitis, Bladder Troubles,
- Colds, Constipation, Catarrhal Conditions,
- Dreadness, Dizziness,
- Eye Affections, Epilepsy,
- Fevers (acute and chronic),
- Gall Stones, Gout, Gastritis,
- Headaches, Heart Disorders,
- Indigestion, Insomnia, Infantile Paralysis,
- Jaundice,
- Kidney Troubles,
- Liver Complaints, Laryngitis,
- Muscular Contractions,
- Neuralgia, Neuritis and Nervousness,
- Ocular Abnormalities,
- Pneumonia, Piles,
- Quinsy Sore Throat,
- Rheumatism,
- Sciatica, Skin Affections,
- Tonsillitis,
- Urethral Inflammation,
- Varicose Veins,
- Womb Troubles,
- X? (Human Ailments as yet unnamed),
- Your own individual case, etcZema.

(Copyrighted in Canada, 1922, by Dr. Robert Pauwels.)

- that ABSOLUTELY WITHOUT CHARGE I will consult with you regarding your individual case regardless of the nature of your trouble and tell you frankly whether or not you can expect results with CHIROPRACTIC;
- that I am permanently located in well appointed offices in the Tribune Building, Windsor, N. S.—Separate Waiting Rooms for both Men and Women—Lady Assistant in attendance;
- that my Office Hours are Daily (Week Days) 3-6;
- that I make Residence Calls by appointment;
- that I have been specializing in CHIROPRACTIC for over 10 years and have benefited thousands of suffering people—my record in Nova Scotia speaks for itself—Many of my patients in Nova Scotia have voluntarily given me permission to use their names upon request;
- that I am a Graduate of the Palmer School of CHIROPRACTIC, Davenport, Iowa, U. S. A., which is the Fountain Head of CHIROPRACTIC and the mother school of all Chiropractic schools and colleges in the world;
- that Dr. B. J. Palmer, President of the Palmer School of Chiropractic, is the son of the late Dr. D. D. Palmer, discoverer of Chiropractic;
- that the Palmer School of Chiropractic is recognized the world over for its graduates as being the best trained and technically qualified to practice Chiropractic.

Investigate for yourself. Be open to reason and conviction. Don't say:
"I can't be helped."
"I've had my troubles too long."
"I'm too old."
While you are guessing about yourself, I can be busy restoring you to Health with the aid of CHIROPRACTIC. Kindly call and let me explain fully the merits of Chiropractic, its possibilities and the work I have mapped out for myself in this community.

Julio enlists

He had seen no reason to don a uniform at first, for it was not his country at war. And when he did enlist, it was from a greater force than merely being lonely without his boulevard companions. It was the first time in his life anything but pleasure had actuated him. Why he changed can only be understood after seeing
