

HOW GIRLS ARE LURED.

Confessions of a Young Man White Slave.

Safe Business, Easy Money and Good Clothes, He Says.

Fined \$300 and Will Serve 10 Months in Jail.

Chicago, Oct. 26.—The newly established alliance between Chief of Police Steward and the civic bodies interested in the suppression of "white slavery" bore its first real fruits yesterday when Alexander Hopper, recognized head of the St. Louis gang of panders, was convicted before Judge Newcomer, who sentenced him to pay a fine of \$300 and serve ten months in the Bridewell.

Hopper is accused of causing the delinquency of a dozen or more girls, but was tried only on the charge of driving Loretta Campbell on the pathway of sin. Most of his victims were brought here from St. Louis, but he is suspected of having planned to secure Chicago girls for immoral purposes. Also to further his scheme it is said that two days before his arrest last Sunday he secured a position in the tailoring department of a big State street store.

His arrest was the result of co-operation between Chief Steward and Mr. Roe. The chief turned over to Mr. Roe several detectives, whom he directed to take orders from the leader in the white slave campaign.

Attorney Roe is greatly pleased with Chief Steward's interest and is sanguine that this form of crime soon will be wiped out in Chicago.

Mr. Roe, who has been interested in the "white slave" situation for years, was astounded at the revelations made by Hopper. It was disclosed that the gang for years has operated openly and guarded itself against arrest by means of a code of signals to flash over the wire. By this method of communication the Chicago leaders warned a promoter to alight at the Englewood station if it was thought the Union Station was being watched.

The Campbell girl was among the group taken in the recent raid on the White City resort, Dearborn avenue, owned by the notorious Maurice Van Bever. She has been "transported" to that resort from the Imperial, owned by George Little. She was one of three girls brought here from St. Louis.

She is of more than passing beauty, and while she claims to be 19 years old, could easily give her age as 16 without danger of contradiction.

The authorities go through with this particular girl and she will be turned over to a married sister from St. Louis as soon as that relative comes here in response to a telegram Mr. Roe sent her after the trial.

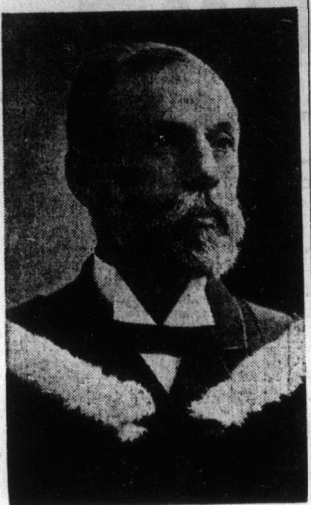

As for Hopper, who is only 23 years old, physicians who have attended him since his incarceration express the opinion that he will not live long.

"Yes, it is true, I have been in this business for a long time," Hopper told the court when arraigned, "and I am really sorry. I was only the small part of the gang. There are others far more guilty than I, and my sincere wish is that they also be punished. I'll take mine. My greatest hope is that the girl will be restored to respectability."

"My father is a respectable tailor in St. Louis, and I worked for him until about a year or so ago, when I started running with a gang that infested pool-rooms. I noticed the good clothes these fellows were wearing, and listened to their stories of easy living, and fell to temptation. It was easy to strike up acquaintanceships with silly girls on the streets and in the dance halls, and the rest was easy.

"Sometimes we would bring only one girl, and sometimes all we could together. The highest number I ever brought at one time was four. It was no trouble to borrow money from the girls after they were established in a house. We didn't consider the business dangerous, as we had friends at both ends of the route.

"We had a regular code of signals, and could work all around the police. For instance, on one of my trips to Chicago I got a telegram that meant that there was danger at the Union depot, and we alighted from the train at Englewood. Once when I was ready to start from St. Louis with two girls I received a wire reading: 'Be careful,' and I came without the girls."

The Man in Overalls

Did you give thanks or were you too busy having a good time?

It's all over with the poor turkey.

Do the trustees of the Patriotic Fund ever intend to make an accounting of it? Or is it none of the subscribers' business?

It would be a good idea to clean up all the rubbish and stuff in the backyard and alleyway before the frost sets in.

Are my Liberal friends to get a winning gait on this season? Let us have some ginger injected into the thing.

There is no use in trying to reform the Herald. You remember how it acted the last time it was out on parole.

The man who salts down a portion of his earnings every week will not likely need to put on a poor mouth to Mr. McMeney next January. Take a lesson from the squirrels.

Government House, Toronto, looks so much like a penal settlement now that it wouldn't take much to make it a central prison.

Lucky for Mrs. Turner she wasn't tried by a jury of women. Had she been she would have been heading for kingdom come by this time.

The around the bay race seems to be suffering from lung trouble.

But the jury who tried poor Mrs. Robinson wasn't afraid to hang a woman.

"What'll I buy for Christmas," is beginning to press for a solution.

How is it we have no moonlight excursions these beautiful moonlight evenings?

They say that the City Hall needs ventilation. As the city is too poor to put in electric fans just now a few baseball fans might be installed around the place. You would get good hot air anyway.

If you want to commit murder and escape the gallows, get good and drunk before you commit the deed. It used to be that drunkenness was no excuse.

Will Mr. Hendrie please see justice done to Hamilton in this Hydro Electric scheme? We do not expect mercy.

Wonder if an underground market would suit Mr. Sealey. We might tunnel under the present market, and thus double the space.

What becomes of the summer school of oratory in the winter?

HARRY BLACKWELL HURT.

(Special Wire to the Times.)

Toronto, Oct. 26.—Harry Blackwell, of Hamilton, fell from a King street car at 12.30 to-day, and was so badly hurt that he had to be taken to St. Michael's Hospital. He was in a semi-conscious condition when picked up, and was bleeding profusely from several cuts and bruises in the head. His right wrist was also dislocated. It is not known what caused him to fall from the car.

MAY SEND A PROTEST.

PRINCE ITO ASSASSINATED; SHOT BY COREAN AT HARBIN.

Shot Down While Smiling and Bowing at Railway Station—Was Japan's Foremost Statesman—Assassin Arrested.

Harbin, Manchuria, Oct. 26.—Prince Hirobumi Ito, former Japanese President-General of Corea, and probably Japan's foremost statesman, was assassinated here this (Tuesday) afternoon by a Corean, who had followed him here for the express purpose of killing him. The motive of the assassin was revenge. The assassin was arrested, almost immediately on his arrival here, and just as Prince Ito left the railroad car at the station the attack was made upon him. The venerable statesman, accompanied by Russian Minister of Finance Kokovoff, was starting to inspect the guard of honor drawn up along the platform, when a pistol shot was heard. Several more shots were fired in quick succession, the bullets striking the prince in the back. The former president-general of Corea fell where he stood, mortally wounded.

PRINCE HIROBUMI ITO.

Three of the prince's companions were also wounded, bullets striking Japanese Consul-General Kawakan, General Manager Tanaka, of the South Manchurian Railway, and Prince Ito's private secretary. Consul-General Kawakan is badly, but not fatally injured, it is believed. The assassin was promptly seized. On being questioned he said he was a Corean.

"I came to Harbin for the sole purpose of assassinating Prince Ito to avenge my country," the slayer told his captors. He said he had a personal account to settle with the Japanese statesman, who, during his stay in Corea, had ordered the execution of several persons closely connected with the assassin.

The assassination of Prince Ito appears to be the outcome of an organized plot. The local authorities, who anticipated the arrival of Prince Ito, were on the lookout for suspicious characters yesterday, and arrested three Coreans who were at the station, and found to be armed with revolvers. However, the task of guarding Ito was rendered difficult by reason of Japanese Consul-General Kawakan's request that the railway officials permit all Japanese to enter the railroad station to greet the prince. The police point out that it was quite impossible to distinguish Coreans from Japanese by their appearance. The Russian Minister of Finance, Kokovoff and the Russian military authorities accompanying Prince Ito, were exposed to the same danger from flying bullets as was the prince. Indeed, Kokovoff was nearer the Japanese envoy at the time of the shooting than those who were wounded. Had the assassin delayed shooting for a moment the foreign consuls would have been in much danger as Ito was approaching them and they would have been directly in the line of fire.

The body of the slain statesman has

already been removed homeward. The casket before it was placed upon the train was covered with flowers sent by M. Kokovoff and the Russian and Japanese officials.

THREE TIMES SHOT.

Tokio, Oct. 26.—Gloom here prevails in the city following the assassination of Prince Ito at Harbin. Details were lacking to-night, and were eagerly awaited. It is said that the Prince received three wounds. When the Foreign Office received the news it immediately notified the members of the Cabinet, many of whom hastened to the Foreign Office. These included Gen. Teruchi, the Minister of War. The Princess Ito was notified of the death of her husband at Oiso, their country home. Their son, Virokuni Ito, is in London. A younger son, Bunekichi, is engaged to a daughter of Premier Katsura. The Foreign Office is besieged by inquirers, these including all the diplomats accredited to Japan.

DEPLORED IN LONDON.

London, Oct. 26.—The assassination of Prince Ito, who was regarded here, as

elsewhere in Europe, as the maker of modern Japan, though everywhere deplored, is not regarded in official or diplomatic circles as surprising in view of the bitter resentment of the Coreans over the Japan occupation of their home land. It has been a half century since the Prince was in England, and so he was known personally to but few here. Nevertheless, his work in spreading western ideas, and the subsequent emigration which he attained in diplomacy and statesmanship, made his name a household word.

HIS MISSION POLITICAL.

Washington, Oct. 26.—Diplomatic circles here were shocked at the assassination of Prince Ito. The Japanese Embassy here was plunged into mourning. Officials of the State Department expressed their sorrow for the taking of one of the world's foremost statesmen. Despite a denial from Tokio that Prince Ito's tour was political, it has been made apparent that he was intrusted with several most important

regard to the circumstances surrounding the attack. "What became of the letter?" he asked. "It was mailed to Sanzone." "Would you know the letter again if you saw it?" "Did Speranza write it?" "Yes." "You gave notice of what was going on to Sanzone?" "Yes." "Were you on the Dundas road with the men?" "Yes." "Did you hear the conversation on the Dundas road?" "Yes." "What did you do?" "The prisoner asked Sanzone if he received the letter, and Sanzone said he brought the money. The prisoner said give me it. Sanzone gave them the parcel." "Where were you?"

ERNEST SPERANZIA, Black Hand man sentenced to ten years.

SAMUEL WOLFE, Black Hand man sentenced to ten years.

"Trying to hide myself. Holding the horse." "What time in the day?" "Half past six or seven in the morning." The prisoners did not say what the division would be. Mr. T. C. Robinette, in questioning the prisoner, asked if he could write his own name. The prisoner said he could write his name and was asked to do so. "Will you swear that you can't write anything else?" "Yes." "Did you write your name about a month ago in front of a hotel on Market street?" "Yes, but it was a false name." "Was that before the attack on Sanzone?" "Yes." "Did the three men go out together?" "Yes." "You gave two of them revolvers?" (Continued on Page 10.)

BEDFORD.

English Prisoner Persists That He Murdered Ethel Kinrade.

London, Oct. 26.—Edward Wm. Bedford, the Canadian who was arrested in this city Oct. 11, charged on his own confession with the murder of Ethel Kinrade at Hamilton, Ont., was again remanded in the Bow street police court pending further inquiries into the case. Detective Inspector Kydd informed the magistrate that it was now known the prisoner had given a wrong name and that his statement was incorrect in other particulars. The prisoner persists in his declaration that he committed the crime.

FIVE FIREMEN OVERCOME.

By Smoke at Small Fire at Westinghouse Works.

Fire last night in a cellar beneath the pattern department at the Canadian Westinghouse works did about \$100 damage.

The fire is attributed to spontaneous combustion, as there was a large quantity of excelsior stored in the cellar.

Though the damage was small, the firemen were up against a hard proposition in fighting it, as the smoke was so dense, consequent upon it having no chance to get out, except through the door.

Several of the firemen were overcome by the smoke, among whom were Assistant Chief James, Captain Brewster, Lieutenant Warwick, Fireman TenEyck and Cassel.

Brewster and TenEyck were in such bad shape that it was necessary to take them to the City Hospital, where they were treated.

They are both well to-day, and out of the Hospital.

MADE START IN CAMPAIGN.

Over \$1,600 Subscribed In First Half Day.

The big clock in front of the Winer building on King street has started to "go." The Y. W. C. A. and Y. M. C. A. whirlwind canvass is in full swing. It began this morning, about 100 workers entering into it with all earnestness. The result of the first half-day's work was \$1,563 for the Y. W. C. A. and \$60 for the Y. M. C. A., a total of \$1,623.

- The amounts secured by the various teams, as reported by the ten captains at 12.30 to-day, are as follows:
- No. 1—B. O. Hooper ..... \$ 10
- No. 2—N. E. Adams ..... 25
- No. 3—Russell T. Kelley ..... 25
- No. 4—D. M. Barton ..... 25
- No. 5—W. F. Brennan ..... 30
- No. 6—Frank Melroy ..... 40
- No. 7—J. H. Horning ..... 123
- No. 8—Geo. H. Lees ..... 150
- No. 9—W. H. Wardrop, K. C. ..... 150
- No. 10—F. R. Smith ..... 150
- Special committee ..... 900
- Total ..... \$1,623

The campaign headquarters, old Winer building, are constantly open. Telephone \$15,000.

The luncheon to-day was under the direction of the Y. W. C. A., with Crawford Brothers as caterers. A different committee will have charge each day, made up of fifteen ladies. To-day Mrs. A. F. Hatch was convenor, assisted by Mesdames George Parke, Overall, Morden, Alexander, Rider, Robinson, Moore, Trenaman, Hall, Hubbard, George Ruth-erford and W. R. Leekie, and Misses Biggar and Moodie.

HAS RESIGNED.

Niagara Falls, Ont., Oct. 26.—Rev. John Crawford, pastor of St. Andrew's Presbyterian Church, has tendered his resignation to the Hamilton Presbytery. The resignation will be dealt with at the next meeting of the Presbytery on November 2nd. Mr. Crawford has been pastor of St. Andrew's for about twenty years, and during that time has been active in the educational and religious life of this city. He is a graduate of Knox College and Toronto University. He intends to go to Glasgow to take up post-graduate work.

Mr. Crawford is quite well known in this city.

TROLLEY TO FORT ERIE.

Niagara Falls, Oct. 25.—Within a year the Niagara, St. Catharines & Toronto Railway will begin the extension of its lines from Port Colborne to Fort Erie, making the road one of the biggest trolley systems in Ontario.

Work on the extension from Welland to Port Colborne is already under way. The Fort Erie projection will touch Lorraine, Point Albano and Crystal Beach, and will be a boon to the farmers in that section of the province. The line from Welland to Port Colborne will be eight miles long. The rails to be laid will be 60-pound. Contracts have already been let to the General Electric Company for electric apparatus to cost \$250,000, which will be installed at Welland.

The Time For Incement.

We think the time opportune to advise our patrons to prepare mince-meat for Christmas use. Sweet cider is in and for those who prefer it to rum or other liquors, we would say, buy now. Sweet is more plentiful now than at Christmas time, and therefore less expensive. New raisins, Sultanias, currants and peels, are all in stock.—Peables, Hobson & Co., Ltd.

PROCURING CASE STANDS.

Twenty-Two Thanksgiving Day Drinking Cases.

Greeks Have Trouble Over \$5 Which One Found.

The aftermath of every holiday is a long list of cases, mostly drunks. This morning was no exception to the rule. No less than 22 considered that to fittingly celebrate Thanksgiving Day was necessary to get drunk. The prisoners' pen was crowded, so were the back benches.

C. N. Vanzant and Harry Sellers, of Toronto, were up this morning accused of procuring women for immoral purposes. They will come up again to-morrow. Bessie Gratton is down as the complainant. George S. Kerr, K. C., is counsel for the defence. He asked for bail for his clients which was fixed at \$1,000 each.

Sellers was brought from London yesterday by Detective Bleakley, where he (Sellers) was arrested on Sunday night.

Something sensational will likely develop to-morrow in connection with the white slave traffic.

Joe Sugar will come up to-morrow. He was arraigned this morning on a charge of perjury, but was not asked to plead.

Thomas Hannabury, 46 Jackson street east, stole some automobile tools belonging to Dr. Balfe. He admitted it. The value of the tools was \$4.60. He will come up in two days' time for sentence.

Toney Ball, 197 Rebecca street, a native of ancient Greece, was behind the fence accused of stealing \$5 in cold hard cash from Tony Nick, a native of the same country. Nick, keeps a shoe shine parlor on King street east, and Ball is in his employ. It is alleged that Toney found a \$5 bill on the floor of the parlor yesterday, when business was rushing, and put it in his pocket. Toney heard of the incident and claimed that the money was his, whereas his employee said a customer had dropped it. The case will be heard to-morrow.

Peter Komali, 420 Hughson street north, assaulted John Ebas. He admitted it. It cost him \$20. Last night there were sounds of battle in the neighborhood of Hughson and Macaulay streets. Somebody notified the policeman at No. 3 police station. P. C. Cameron and Barrett were dispatched to find out the cause of the trouble.

When they got to 420 Hughson street, the fight was in its thickest. A gang of foreigners of both sexes had apparently been drinking and as is generally the case a fight followed.

When the two officers entered they were threatened that they would be submitted to all manner of diabolical treatment if they did not get out, but undaunted they got the alleged of the gang who was Kobali. While they were taking him out to the wagon a female of Austrian birth, made a rush at P. C. Cameron and endeavored to plant a blow on his olfactory organ. She wore a cast iron knuckle duster, which the officer is carrying to-day as a memento of the fray.

George Warren did not cut and wound Maggie Booker, alias Maggie Ross, etc., also colored, according to Magistrate Jelfs' decision this morning, for he found George not guilty and discharged (Continued on Page 10.)

THE BAPTIST BROTHERHOOD

The convention of the Baptist Brotherhood of Ontario, which opened last night in this city, is a gathering of much importance to that denomination and to the public. Its 150 delegates represent a large and vigorous element of moral and religious progress, and its deliberations and resolutions will not be without a strong influence for good.

come to look at our communal business, that is the principle on which it is usually done. But it is not that we like it. It is simply that we do not know how to get it done differently. The connection between the "button" we have the power to press on polling day, and the City Hall, seems to have been broken or never to have been made.

EDITORIAL NOTES.

Was there a football game yesterday? Ask Montreal. Looking back on the holiday, are you satisfied with the way you spent it?

The Blythe case is a hint to would-be murderers to fill up with whiskey before setting out to kill, if they would save their necks.

Montreal boasts that it has handled 60 per cent. of the grain exported from all the North Atlantic ports. That is a proud statement.

Toronto jail authorities are discussing how to provide facilities for the prisoners in its jail who wish to smoke. Will they serve occasional rounds of highballs, too?

Blythe was "slightly drunk" when he beat his wife to death, and the jury would not find a verdict of murder. If he had been very drunk, would they have voted him an illuminated address?

The London Mail finds an evidence of British "decadence" in the fact that a large number of marriageable girls remain unmarried. Judged by that criterion there is a good deal of "decadence" in Canada, too. Get a move on you, boys.

The Minister of War in the new Spanish Cabinet approves of the condemnation of Ferrer, who, he says, was properly convicted on the evidence. In these matters, it is well not to jump at conclusions rashly, and some people who have been making a hero of Ferrer will have to revise their opinions.

The Bobaygon wife-murderer who hanged himself in his cell was precipitate. Had he awaited the verdict in the Blythe case, he might have taken the cue and escaped on the plea that he was drunk when he committed the crime and it was only his wife that he killed.

The Mail and Empire attacks the Minister of Labor because the Cape Breton coal strike has cost a large sum to the parties and is not yet settled. Would it have Hon. Mr. King do? Round up the miners and drive them to work against their will? The organ is as foolish as it is malicious.

The first year's returns show that under the new British Workman's Compensation Act the amount awarded for injuries under it was £2,080,672. That is a very large sum, and it does not include amounts paid to agricultural and domestic servants, building workers and fishery employees.

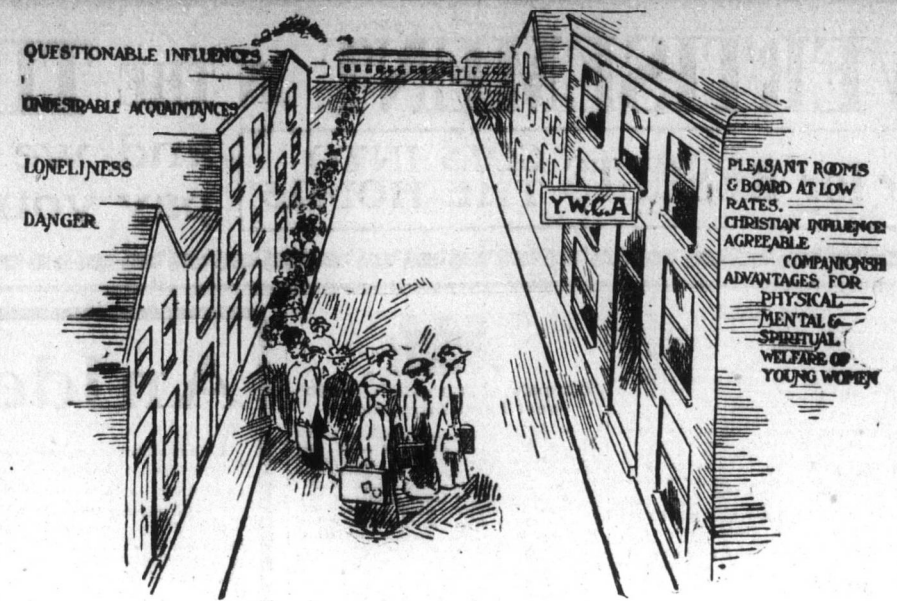

If the rumor that Herbert Gladstone is to be made Governor of United South Africa prove true, we may be sure that he will accept himself well in that high office. Mr. Gladstone inherits much of his father's ability and capacity, and is well fitted to discharge the viceregal functions with honor to the Empire.

The assassination of Prince Ito, the foremost Japanese statesman of to-day, and one who has done much to place his country in a commanding position in the world, is greatly to be regretted. The Prince was in his 69th year. He was a statesman of education, broad view, and great administrative capacity. He was probably the first statesman of Japan, and his loss will be severely felt.

Premier McBride, of British Columbia, is not likely to be allowed to succeed in his high-handed course in refusing to permit the public to know the terms of the deal which he had made with the C. N. R., involving \$21,500,000 of a charge against the Province. There is a strong feeling that the Lieutenant-Governor should demand the production of the contract, or dismiss the Premier.

According to the returns issued by the Department of Vital Statistics of the United States Census Bureau the war on tuberculosis is making itself felt. The mortality from all forms of this disease in 1908 in the United States was 78,280. This is a number in excess of any previous year, but it is a lower rate per 100,000 than in 1907. Colorado, Rhode Island and Vermont are the only States in which a higher rate has been experienced.

The French state railroads are in a bad plight financially. They are away behind as the result of their operation, without taking any account of the

WHICH SHALL IT BE? It is for the people of Hamilton to say to what sort of influences young women coming to the city shall be subjected. A subscription to the Y.W.C.A. \$15,000 funds means keeping the right influences.

capital charges on maintenance. In the last two years expenses of operation have exceeded receipts by 78,000,000 francs, and next year's deficit is estimated at 83,000,000 francs. Besides that a large sum issued in bonds has to be provided for out of taxes. The French "ownership" experiment has not proved to be very successful.

The British Home Secretary has been in communication with the Privy Council as to making it incumbent upon all manufacturers of patent medicines to print on the label the full nature of the ingredients, together with a description of the diseases which they purport to cure. Since 1904 all such preparations have been free from revenue tax when the formulae were printed on the labels. A bill is to be introduced making the printing of the formulae on each bottle compulsory.

Exclusive of coin and bullion, the imports of Great Britain have not increased in the same proportion as the exports in the last ten years. In the fiscal year 1900 the imports were £508,203,803; in 1909 they were £608,952,672. The exports in 1900 were £333,034,919. In 1909 they were £468,064,654. The increase in imports in 1909 over 1900 was £96,748,839, or slightly over 10 per cent. The increase in exports in the same period amounted to £105,929,735, a little over 20 per cent. There is in these figures no indication of British trade decadence.

The W. C. T. U. of the United States is about to begin a campaign for the passage of an effective federal law to punish wife deserters. The W. C. T. U. has a report of 2,700 cases of wife desertion in Cincinnati within three months, and 1,500 cases in one section of Chicago within the same time. It asks the Government why wife desertion should not be as effectively punished as desertion from the army and navy. A movement like this is much more deserving of sympathy and success than that carried on by the crazed suffragettes.

Why should an effort be made by the Hydro-Electric Commission to deprive Hamilton of its advantages of situation and nearness to the Falls in fixing the charges for power? Berlin and Hamilton each takes 1,000 horse-power. Berlin's line cost is placed at \$188,070, and operation, etc., at \$6,540. Hamilton's line cost is much lower, \$118,800, yet the operation and maintenance (Herald figures) is put at more than Berlin's, at \$2,000 a year—\$8,540. Why should that be? Is it because the Commission thinks some of our aldermen can be depended on to "salt" the Hamilton ratepayers to any degree?

The Inland Revenue Department tests of samples of whiskey, gin and brandy show that with the exception of eight samples out of a hundred, the liquor examined was found to be free from adulterants. Many of the samples, however, were very much diluted, only two samples being within 25 per cent. of proof strength, while more than 30 per cent. of the whiskey samples are short of reaching 50 per cent. of the proof standard. Several vendors announced to the Department inspectors that they added water to the whiskey sold. The analyst remarks that the watering of liquors has been carried to such an extreme that 95 per cent. of these whiskeys would, under the legal rule which obtains in Great Britain, be held to be adulterated by the addition of water.

Hamilton suffers a distinct loss by the death of Mr. Andrew Patterson, who for 34 years had filled a place on the teaching staff of the Collegiate Institute. A capable educationist, an upright man and a good citizen, his influence upon a community so many of whose members came under his tuition in the formative stage has been great, and it has always been exerted for good. Many a pupil trained under him will bear with sorrow of the death of his old preceptor, and will not need to seek far to discover that some of his educational power and character is due to the work of the painstaking and kindly man whose busy life has just closed. And who shall say how much the world gains by the work and influence of such patient, unobtrusive shapers of character as the late Mr. Patterson?

The Hamilton Herald is exceedingly angry because of the failure of the conspiracy to have the Hydro-Electric Com-

mission "amend" the Hamilton agreement so as to eliminate the concessions which the commission so recently expressed its willingness to grant. It was the plan of the hidden wirepullers to stampede the committee into swallowing the entire scheme. It did not work, and the rage of the organ of the traitors is fearful to see. It abuses "the Cataract gang" for causing the further delay. As we could not get power a day earlier or a cent cheaper this week than last, nothing is lost by this delay. But the delay is caused solely by the effort of those for whom the Herald speaks trying to betray the city. The aldermen wisely agreed, without a division, to insist upon the terms promised by the Commission before the agreement was tinkered by the city's enemies.

Our Exchanges

YOUNG LADY. (Brantford Courier.) An exchange speaks of a street mishap to "an old lady about 40." This thing demands a general calling out of the militia.

DOING AND TALKING. (Brookville Recorder.) The Tory party had a conference in Toronto this week. While it was in session the Liberals won two Federal by-elections. "Nough said."

NO TORIERS. (Ottawa Free Press.) There have been three elections in the House of Commons so far this autumn—Medford, Strathearn and Lottinier—and in not one of them did the Conservatives place a candidate in the field. The "reaction" is still reacting!

RECRUITING GROUND. (Brantford Expositor.) It is announced that the Ontario Government has selected a site for the new Central Prison between Hamilton and Toronto. Mr. Hanna, evidently knows where most of the inmates of this institution hail from.

TO ADVERTISE. (Toronto News.) According to a New York advice the methods of big business advertisers are to be adopted by the combined Protestant churches of the United States. Early in the year they will begin a campaign of advertising social, economic and religious problems which imperil American life and American institutions. The mediums employed by the newspapers, magazines, periodicals and books, and on posters and billboards.

A BOOM TIME. (London Advertiser.) An interesting description of London 53 years ago, on another page, records the fact that lots were then selling at \$900 a foot frontage, which is equal to prices to-day, although the city has grown fourfold.

There was a remarkable boom in Canada in the fifties. It began with an outburst of railway development, which had the effect of putting an enormous amount of British capital into circulation. The Great Western Railway was formed from Hamilton to London on Dec. 31, 1853; from London to Windsor on Jan. 27, 1854; and from Hamilton to Toronto on Dec. 3, 1855. The boom was nurtured also by the Crimean war, which sent the price of wheat up to nearly \$2 a bushel. The farmers of Canada reaped the fruits of this prosperity as they had never known before. It coincided with a great immigration from the mother country, and villages and towns grew with pioneer rapidity. London was no exception; it was in a specially-favored position.

GROW BULBS.

Entries For Improvement Competition Are Due.

Mr. Charles Peebles, 155 Sanford avenue south, secretary of the Society, would like to receive entries from intending competitors in the City Improvement Society's Bulb competition as soon as possible. Early entries enable those interested to get a line on what is doing. It may be, by leaving the purchase of bulbs too late, in the season, that the variety sought for cannot be obtained. In this competition, as previously noticed, the city will be divided into four districts, King and John streets being the dividing lines, and competent judges will be appointed to make a close inspection next May. The sooner bulbs are put in the better. John A. Bruce & Co., or the Steele Briggs Seed Co., will supply catalogues and cultural directions on request.

Prices amounting to \$20 will be given in each division, the prizes being \$7, \$5, \$4, \$3 and \$1.

made as this prize-giving for bulbs is an original Hamilton idea. The bulbs are not expensive, are easily grown and with care can be used three or four years.

BONUSES FOR TEACHERS.

The Special Grants Must Not Go Into General Funds.

To the Editor Hamilton Times:—Dear Sir,—I noticed to-day a clipping, evidently from one of the Hamilton dailies, that set forth in a brief paragraph the course being taken by the Hamilton Board of Education on a matter of more than local significance. The item stated that the Board had decided not to pay over to the public school teachers of the city the amount of special grant forwarded by the Education Department for them on account of their certificates and experience. The reasons given, that salaries had been advanced for the present year and that the Board had expected this special grant to go to the general fund.

Two or three things I wish to point out. The average increase of teachers' salaries for the past three years is above 40 per cent over the entire province, though more than half of the ten thousand teachers in the province have received no increase. The Board has decided not to pay over to the public school teachers of the city the amount of special grant forwarded by the Education Department for them on account of their certificates and experience. The reasons given, that salaries had been advanced for the present year and that the Board had expected this special grant to go to the general fund.

Racing.

Baltimore, Oct. 25.—The Schorr entry, Charlie Eastman and Woodland, ran first and second in the Oriole handicap, which was the feature event at Pimlico yesterday. Jack Atkin was scratched. The Schreiber stable depended on Emperor William, who finished outside of the money.

Chicago, Oct. 26.—Oakland race track will open on Nov. 27 for a meeting of 60 days or more despite the decision yesterday of the California lower court adverse to the contention of the racing interests that the hostile Otis-Walker law is unconstitutional. That was the positive statement made last night by President Thomas H. Williams of the New California Jockey Club who arrived in the afternoon from New York. Mr. Williams has been in

SOCCER

On Thanksgiving Day the Lancashire and Independent Labor Party Soccer football teams clashed at Cotter's field, the I. L. P. winning by a score of 4 to 3.

The members of the I. L. P. team are requested to meet at the Labor Hall on Wednesday evening.

Jim Jeffries Keeps at Work.

New York, Oct. 26.—The battle of the heavyweights between James Jeffries and Jack Johnson will be a "sure thing" before the end of the week, if the public declarations of the two principals are followed. Johnson and his manager, Joe Little, are expected to leave for the States on Monday.

Gigantic Swindles Are Suspected.

Little Rock, Ark., Oct. 26.—According to charges made against the Mabray gang under arrest in Iowa for alleged swindles in various parts of the United States, prize fighters, wrestlers, turf men, foot racers and athletes

of almost every class except baseball players, have been engaged in gigantic swindles for several years past, fleecing the victims of various amounts, totalling several millions.

Eastern League Holds Meeting.

New York, Oct. 26.—The fall meeting of the directors of the Eastern League held here to-day afforded enthusiasts their first opportunity to talk about the national game in the "closed season" of baseball.

The board of directors had an early session and after their adjournment the full meeting of the managers of the league was held. The directors awarded the pennant for the season to Rochester.

THE BAPTISTS OF TWO PROVINCES.

Annual Convention of Ontario and Quebec Opened In This City Last Night.

Address of the Retiring President—Rev. A. A. Cameron New President.

When the Baptist Convention of Ontario and Quebec had their first session last evening in James Street Baptist Church, about four hundred delegates were present, representing the churches of the two provinces.

The long service of fifteen minutes at the start was led by Mr. T. F. Best, Secretary of the Y. M. C. A. At the conclusion Mr. Best invited the delegates to visit the young men across the way.

The Nominating Committee was elected, the following being elected: Rev. D. Lang, Rev. E. D. Bentley, Rev. C. E. McLeod, Rev. R. Foster, Rev. George Wright, Rev. T. T. Shields, Rev. James Bracken, Rev. J. E. England, Rev. C. E. Scott, Mr. A. Arndt, Rev. J. C. Cameron, Mr. F. Stenebaugh, Rev. D. R. Bonny, Rev. Dr. W. J. McKay, Rev. W. J. Baugh, Rev. J. M. Bosworth, Rev. A. Jones, Mr. A. Lee, and Rev. E. R. Welsh.

The scrutineers elected were Rev. W. Graham, Rev. J. M. Marshall, Rev. W. M. Walker, Rev. James Grant, and Rev. R. McKay.

The Chairman, President Urquhart, explained that each section was entitled to one representative on the Nominating Committee. He suggested that the delegates occupy the front of the church, but a motion was carried that matter be referred to the Committee of Arrangements.

Rev. Edgar Allen, in extending a welcome to the delegates, said he was glad to do so, especially as it was on a Thanksgiving day, and the Baptist Convention was twenty-one years old.

The delegates were not only welcomed to the homes, but to the city, on account of the principles for which the convention stood. It meant much to the city to have an inflow of such life as the Baptist principles meant much to the city.

ADDRESS OF THE PRESIDENT. The President, Thomas Urquhart, ex-Mayor of Toronto, in giving his address, said he was grateful for the history of the convention as its principles tended toward the upbuilding of Canada, and the kingdom of the Lord and Saviour Jesus Christ.

He hoped the visitors would have an enjoyable time. While they were in the city everything would be arranged as conveniently as possible for them. In the basement a writing booth had been set up, and the mail could be sent away and received at least three times a day.

OFFICERS ELECTED. The Nominating Committee then made their report of the officers for the ensuing year and a motion that the report be adopted carried unanimously.

Rev. A. A. Cameron, D. D., Ottawa, President. Rev. V. F. Sanderson, Toronto, First Vice-President. Rev. James Grant, Dundas, Second Vice-President.

Dr. H. S. Stovell, representative of Grand Ligne Convention. Rev. J. S. Gordon, Rev. S. J. Farmer, Rev. J. L. Gilmour, Rev. C. R. Wells, Rev. G. E. Hawkins, Committee on Resolutions.

The election of the Headquarters and Moral and Social Reform Committees was left over.

SUNDAY SCHOOL WORK. The second session of the Baptist convention of Ontario and Quebec was held this morning at 9 o'clock.

Forty-four of our churches have no Sunday schools, and only seven of these are represented in union schools. In view of the fact that under ordinary circumstances the church membership is recruited very largely from the Sunday schools, the question arises, "What will ultimately become of the remaining thirty-seven churches?"

Our Sunday school membership is now almost as large as our church membership. There are 51,282 members in our churches and 49,771 members in our Sunday schools.

"Girls," that fascinating comedy from the pen of the late Clyde Fitch, opened a two-nights' engagement at the Grand yesterday afternoon and evening to great success.

For genuine enjoyment it would, indeed, be hard for Manager Appleton to improve on the bill which he is offering at Bennett's this week.

It is seldom, indeed, that the moving pictures, coming as they do at the end of the show, can hold the audience while they are being thrown on the canvas, but it was successfully accomplished here.

SENTENCING MRS. TURNER.

She Fainted Away Before Sentence Was Pronounced.

Mr. Blackstock Disappointed by Jury's Verdict.

The Course of the Jury a Direct Incentive to Crime.

Toronto, Oct. 26.—For choking out the life of a helpless little adopted child, Mrs. Mabel Turner will be taken to the penitentiary at Kingston, there to serve out a sentence of fifteen years. The woman was brought before Mr. Justice Magee in the court of the Criminal Assizes on Saturday night, while the jury in the Blythe case were out deliberating upon their verdict. The closing incident in the tragedy of which the woman was the central figure was the most dramatic of any that transpired during the three days' trial. Mrs. Turner was brought up from the jail early in the afternoon in order that she should be on hand to receive her sentence as soon as the trial of Walter Blythe was over. During the long hours that elapsed while the addresses of counsel and Judge were given, the woman was kept in a cell room nearby, and several times she came to the nervous strain which she was undergoing. When brought into the court room about 8 o'clock she had to be supported to the dock. When she stood up to receive sentence she was unable to reply to his Lordship's question as to whether she had anything to say. It was noticed that she was ill, and his Lordship was just telling her that she could sit down, when Mrs. Turner closed her eyes and, swaying slightly for a moment, fell heavily backward. Dr. Bruce Smith, who was in court, soon brought her around, and she was able to sit up and receive sentence. The term of fifteen years was apparently much less than the woman expected to receive, and she was able to walk from the court room with comparative steadiness. She was in a state of nervous exhaustion when removed to the jail.

MR. BLACKSTOCK DISAPPOINTED. In rising to ask for sentence, Mr. Blackstock said he desired to offer a few words, although not with the object of influencing the sentence, but that, he supposed, his Lordship had already decided upon.

"It is, however," he said, "my duty to state that the verdict given by the jury in this case has been a great disappointment to me, and to those who are charged with the administration of justice.

"We hear a great deal, my Lord, about the form of the law and the defects alleged to exist in the administration of justice. It is desirable that when this discussion takes place the responsibility should be placed exactly where it belongs. Now, there has been a serious departure from sound administration of justice, and it is only right and proper to say that the sole responsibility rests upon the jury who tried the case. One thing, your Lordship will remember, was pointed out in this case: it was the exceptional character of the witnesses who were brought before you. They were all of high character and respectability. Throughout it was evident that the Crown's case was a strong one, and to which there was not a tittle of reply; it was inconceivable that it should not be a strong case.

"As I said to the jury, no case was ever so complete in every detail as this case was, and the jury was warned in the most solemn manner that this was a case in which the character and complexion of the crime could only be that of murder, and later your lordship was careful to explain that this was a case in which the circumstances pointed to murder, and not to manslaughter. Now, in spite of these warnings and the expressed direction in your lordship's charge, the jury took upon themselves to refuse to be guided by your lordship, by bringing in a verdict of manslaughter.

"It is my duty to point out the demoralizing effect such a course of conduct has. It is a direct incentive to crime. A woman may commit murder without assuming responsibility that the law exacts."

Mr. Blackstock then spoke of the various classes of culpable homicide which could be committed with comparative impunity if verdicts such as that given in the Turner trial were looked upon as proper.

"It is obvious," continued Mr. Blackstock, "that numbers of persons are not apprehended because, it is said, jurors will not convict in these cases. It is obvious that you cannot expect the police to efficiently perform their duties if there are to be miscarriages of this kind.

"I have felt it necessary to point out these considerations in asking for sentence. Here is a case in which the evidence was so absolutely plain, in which there were only two courses open to the jury, either they should find the woman innocent or they should convict her of murder. The jury took it upon their own responsibility to differ from that."

Mr. Blackstock was followed by Mr. Robinette. "There has," began the defence counsel, "grown up a practice of dragging and shepherding juries by the Crown counsel. When verdicts do not agree with their opinions they criticise the jury. Now, do we ever hear of counsel standing and criticising the verdict of a judge? Yet the jury is in the same position. It is there by the law of the land; it has its particular function. It is that of arriving at facts. So long as a jury does its duty I submit it cannot be criticised."

Mr. Robinette referred to the comment in the press in connection with the trial and the verdict of the jury. "I only hope," he said, "that they will not have the effect of making the sentence harder on this unfortunate woman."

The defence counsel spoke of the responsibility of the State to provide homes where fatherless and friendless children can be taken and looked after. He said more assistance should be given to Children's Aid Societies, so that they can look after the children, and there should be, he added, proper supervision of maternity homes. There was no such supervision now.

Mr. W. A. Henderson, who conducted Mrs. Turner's defence, spoke for some time, replying to Mr. Blackstock's criticisms. He then asked his Lordship to deal mercifully with the prisoner.

the court three days. On the second day, as perhaps you noticed, her hair was dark; on the third day it was grey.

Mr. Justice Magee then addressed the prisoner.

Mrs. Turner was told by her counsel to stand up, and did so, though apparently scarcely able to preserve her balance. She stood, clinging to the railing in front, her eyes lowered.

"Mrs. Turner," said his Lordship, "have you anything to say why sentence should not be passed upon you?"

Mrs. Turner stood for a moment as if she had not heard the question; her lips trembled, but she said nothing, then slightly shook her head.

Mr. Robinette, noticing that Mrs. Turner had not replied, spoke to his Lordship.

"Mrs. Turner," he said, "has been very sick. She is not well now."

"Then she had better sit down," answered his Lordship, kindly. "Just be seated," he said to Mrs. Turner.

PRISONER FAINTS IN DOCK. The woman made no response. She swayed slightly and then fell backward in a faint. She was caught by Mrs. Whidden, the police matron, and laid out on the bench of the prisoner's pen. Dr. Bruce Smith attended her, and she soon revived and was able to sit up.

HIS LORDSHIP'S ADDRESS. Then his Lordship addressed the prisoner again.

"Mabel Turner," he said, "you have been during the past few days under a great strain, and I am only sentencing you now on the motion of the Crown counsel, because I understand your physician is present, and he has assured me that no harm to you will come of it. You are charged with an offence for which you were liable to lose your life. You were in some peril for three long days. The jury have found that the death was owing to your act. You were fortunate in being tried by twelve men who in some manner have been unable to satisfy themselves that you were guilty of an intention to murder the child."

His Lordship then sentenced Mrs. Turner to fifteen years in the Kingston Penitentiary, pointing out that by good conduct she could cut some time from this sentence.

TIMES PATTERNS.

A PRETTY WAIST. No. 8531.—This simple and attractive design for a waist may be developed to advantage in any of the soft sheer materials, such as net, chiffon, messaline, voile and the soft finished satins. GRAVEL WARDED OFF AND CURED BY DODD'S KIDNEY PILLS.

Manitoba Man Tells How His Urinary Troubles Vanished Before the Great Canadian Kidney Remedy.

Hanrlik, Man, Oct. 25.—(Special)—Probably there is no disease to which man is heir that causes such a general dread as Gravel, or Stone in the Bladder. The frightful pains it brings and the terrible operations it necessitates cause a shudder of apprehension whenever it is mentioned. But there is really no reason why any man or woman should fear Gravel. It is purely and simply a Kidney disease, and as such can be either cured or guarded against by the use of Dodd's Kidney Pills. Take the case of Mr. Calvin R. Snyder, well known here. He says:

"In the spring of 1907 I was almost laid up from a lame back and was also troubled with excessive urination. I got a box of Dodd's Kidney Pills, and used them, with satisfactory results. Dodd's Kidney Pills are the best Kidney medicine I ever heard of."

If you follow Mr. Snyder's example and use Dodd's Kidney Pills for slight urinary disorders, you will never be troubled with Gravel. If you have Gravel, Dodd's Kidney Pills will cure it.

LEGALLY CONDEMNED. Spanish Premier Approves Ferrer's Execution.

Madrid, Oct. 25.—Lieut-General De Luque, Minister of War in the new Liberal Cabinet, in an interview to-day confirmed the report that the Government had decided not to push further the Moroccan campaign. He said that if the Liberals had been in power before they would have avoided the bloody and costly war.

From now on the Minister of War said the work of the army would be that of pacification and not of domination. De Luque added that although the Liberals disapproved the recent acts of repression at Barcelona, Ferrer had been proved guilty on evidence and had been legally and judicially condemned.

The Republicans won at yesterday's municipal elections in Madrid.

Dr. Stackhouse was standing just at the rear of the car, when the conductor rushed from the front and pushed the doctor into the street.

MRS. PANKHURST.

A Thousand Women and a Few Men at Suffragette Meeting.

New York, Oct. 24.—The American suffragettes gave a reception in honor of Mrs. Emmeline Pankhurst this afternoon at 505 Fifth avenue, the headquarters of the State and national organizations. As the President of every woman's organization in the city, including all the trades unions, the settlement workers, and the various women's clubs, were invited, the organization's rooms were not large enough to hold all who attended.

The guest of honor made a short speech, thanking everybody for her cordial reception in America. Altogether there were a thousand women at the reception. Every type of suffragette was present, ranging from the real dyed-in-the-wool, militant English kind, to the less aggressive "Maud Malones," as the followers of the young woman who breaks up political gatherings here are called, down to the timid specimen who applauds the movement from the security of her home.

There were a few scared-looking men present, too, but they kept in the corners for the most of the time, and looked uncomfortable. They were husbands of some of the suffragettes.

YOUR BLOOD IS POISONED

If You Suffer From Headaches or Neuralgia.

Frequent attacks of Headaches or Neuralgia are Nature's warning of Blood Poisoning. The pain is due simply to the tortured nerves, inflamed by the blood being overloaded with impurities, because of inactive bowels, kidneys or skin.

There is usually chronic Constipation and the foul matter, instead of passing from the body, is absorbed by the blood. The kidneys are not as strong as they should be and fail to filter from the blood the necessary amount of impure matter.

Instead of the skin throwing off one and a half pounds of waste matter every day, it becomes inactive and does only half its work, leaving three-quarters of a pound of this waste to poison the body. Headache powders and pain killers simply numb the nerves and have no helpful action on the organs, causing this poisoning of the blood. To cure Headaches and Neuralgia, the blood must be purified, which can be done only by making the kidneys, bowels and skin healthy and active.

"Fruit-a-tives," made from concentrated and intensified fruit juice, is the greatest blood purifying medicine. "Fruit-a-tives" or "Fruit Liver Tablets," is a scientific cure for Headaches and Neuralgia, and never fails to cure because "Fruit-a-tives" stops the cause of these troubles.

The Canadian Ensign Co. FOOLISH MAN. Stole Ring on His Honeymoon to Get His Young Bride Home.

Windsor, Ont., Oct. 24.—After losing all his ready cash and pawning a diamond ring in order to obtain more money with which to play the races, A. W. Crossman, formerly of St. John, N.B., and now residing in Boston, attempted to make his escape from a Detroit jewelry store last night, taking with him a diamond ring worth \$150, which he said he intended to purchase. He ran three blocks before he was caught.

At police headquarters he told the detectives that he had just been married to an estimable young woman, of Woodstock, Ont., and was on his wedding tour, stopping over in Detroit to witness the races. He said that luck had been against him and that he had lost all his money and stole only as a last resort. He figured that if he could make his escape with the ring he could raise enough money to pay his hotel bill at the St. Claire Hotel and return East with his young bride.

Crossman wore some valuable Masonic insignia and the chances are that the charge against him will be settled quietly.

Crossman was married on Oct. 12 and newspaper clipping found in his pocket go to show that the wedding was a society affair in Woodstock.

MUST FIGHT TO A FINISH. If the House of Lords Interfere With the Budget.

London, Oct. 25.—Mr. Hamar Greenwood, who was a guest at the dinner of the National Liberal Club to-day, said that for generations all questions of finance had been determined by the House of Commons. If the Lords interfered with the budget the momentous issue whether the people or the Peers were to rule would have to be fought to a finish.

RED SUCCEEDED IN FORCING BLUE,

But the Defence of Ancaster Was Gallant and Well Conducted.

Thanksgiving Day Sham Fight Was an Interesting and Successful Event.

The weather yesterday was favorable for the annual sham fight, for the sun was shining and the atmosphere clear, so that the movements of the forces could be easily followed, especially by the people who journeyed to the top of the mountain near Ancaster to see it. The rain, however, had left the ground soft and sticky and marching was tiresome.

The umpires had very little difficulty in attending to their part of the work, although on various occasions severe complaints were given them. The officers in command were well pleased with the result and expressed it as their opinion that the fight was the best that had ever been held in that vicinity.

Exhibition President Tossed Valuable Rings from Car Window. San Francisco, Oct. 25.—J. E. Ohlberg, President of the Alaska-Yukon-Pacific Exposition, is said to have accidentally thrown out of the car window while on his way from Portland to the exhibition, three diamonds valued at \$100,000.

The road from the position of the left attacking force was clear, and the umpire allowed them two companies into Ancaster.

The right of the attacking force closed in on the main position of the defence, and the defence were compelled to evacuate their position, which was their last position before retreating to the neighborhood of the village. The time being up cease fire was sounded. The "Red" force drove the enemy out of all their positions, but the enemy fell back so as to make it more instructional and prevent coming in contact.

The right division of the Red force, which consisted of four companies, which acted as an advance column, were under command of Major McLaren. The centre attacking force was under the direction of Major Newburn, and the left division was commanded by Major Labatt.

The umpires were: Major Bury, inspector of tactics at R. M. C., chief umpire; Lieut.-Col. Logie, chief umpire for attacking party; Lieut.-Cols. Moore, Bruce, Rennie, Fraser, Major Roberts, Knowles, Carscallen, Capt. Ross, associate umpires for the attacking party.

Col. Bertram, chief umpire for the defence; Lieut. Cols. Ashton, Ptolemy, Stoneman, Tidwell, Major Orr, Capt. Parmenter, Munro, associate umpires for the defence.

BRANTFORD MEN WOUNDED. Sergt Skilton, of the 38th, was unfortunate enough to have a hole blown through his hand. He was standing with his hand over the mouth of the gun when it exploded.

CAME TO THE CITY. After the fight the men marched back to Dundas, where coffee was served.

The Thirtieth Regiment, Ninety-First Highlanders, the A. S. C. and one-half the A. M. C. composed the "red" or attacking force. They were under Lieut.-Col. E. E. W. Moore. At 7.45, the time at which the attacking force were to leave the local armory, they were not all present and some delay was caused.

The "blue" or defending force, under command of Lieut.-Col. Ashton, which consisted of the 38th Regiment, had for their position, Ancaster. At 10 o'clock both the defending and attacking forces despatched their scouts. Within fifteen minutes the scouts of the attacking force discovered the defence and their main position on the Filman mountain road and immediately opened fire.

RUSSELL HITS BACK.

His Attorney Accuses Canadian Authorities of Misrepresentation.

Cleveland, Ohio, Oct. 25.—A charge of deliberate misrepresentation of testimony favorable to William L. Russell was made against the Canadian authorities to-day by Attorney J. W. Hall, who is representing Russell in the extradition case before United States Commissioner Walter. In presenting a deposition by J. G. Magee, a mining engineer who had been sent by the syndicate interested in Law & Company to examine the Bluebell mine, the prosecution alleged that Russell changed Magee's reports with fraudulent intent when he used them for advertising purposes.

STRAY NO MORE.

Canadian Girl Sent to Rescue Home in Cincinnati.

Cincinnati, Ohio, Oct. 25.—The latest turn in the case of Elsie Bowman, aged 19, the Canadian girl who proved a puzzle to the police after her arrest in Covington, a Kentucky suburb, took place to-day, when she was taken to the Rescue of God's Bible School in Young street, this city. The girl had wandered about the country for four years and says she was strayed more. During her police hearing she fell at the feet of the Judge in a faint for lack of food, and was taken to the St. Elizabeth Hospital.

King Leopold's Way to Disinherit Daughters Despite Belgian Law.

London, Oct. 25.—The news of the attempt of the King of Belgium to disinherit his daughters to obtain a loan from a Hamburg bank on the security of an inheritance consisting of \$25,000,000 has caused astonishment according to the Belgian law King Leopold is unable to disinherit his children. Each is entitled to one-third of his fortune, but this right only obtains if the King makes a will. During his lifetime he can dispose of his property as he chooses, and the royal fortune is believed to be diminishing daily owing to gifts to favorites and their endowment.

SEVEN DREADNOUGHTS FOR FRANCE.

London, Oct. 25.—A despatch from Paris to the Pall Mall Gazette says the French Government has decided to build seven Dreadnoughts instead of the four originally planned. These will be equal in displacement to the new German Dreadnoughts. Special credits for the new vessels will be introduced in the Chambers after the general election.

Leaves No Streaks

With ordinary soap you wash—then spend ninetenths of your time rubbing and polishing—that is if you are extra particular and can take the time.

When you wash your windows, for instance, little streaks of "dirt" seem so hard to get off—it's really the soap—not the dirt—that's the trouble. With Taylor's Borax Soap you wash and rinse, dry once and your glassware sparkles like crystal.

It's all in the borax—the way Taylor blends it in

The soap removes the grease—the borax removes the soap—and there you are!

It's fine for woollens, too. It positively will not shrink them. It brings them out of the wash as soft and fresh as new. Thousands of Canadian women are using Taylor's Borax Soap today. Try a cake at once and know the reasons why.

AS SEEN BY SCOTCHMAN. Fine Review on Prof. Denney's Remarks on Canada

By Rev. W. H. Sedgewick at Thanksgiving Service.

Duty of the Church in Making of a Nation.

Rev. W. H. Sedgewick gave a fine address at the service held yesterday morning in Central Presbyterian Church on "Canada Through a Scotsman's Eyes." In part he said as follows:

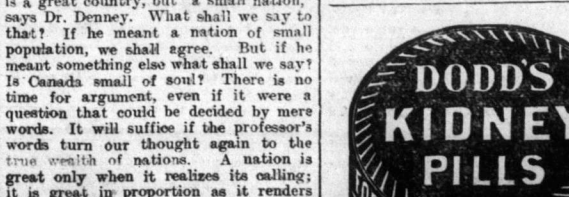

Thanksgiving Day is not a holiday merely; at least it should not be so regarded. Nor is it a day for national self-laudation, for "such boasting as the heathen use and lesser breeds without the law." It is the nation's acknowledgment of its dependence on God, "beneath whose awful hand we hold our dominion."

Now, it is a good thing sometimes to see ourselves as others see us. It frees us from misconceptions, from false securities and from fatal blunders. I am going to ask you, therefore, to visit Canada through the eyes of a Scotsman.

"Professor Denney said of Canada that while it was a great country, it was yet a small nation. It was a nation at the stage of development of which the Apostle's words might be used, 'first that which is natural.'"

"Canada, while it was a great country... was yet a small nation." Today our eyes sweep over our Dominion from the Atlantic to the Pacific, and we say, "Yes, Canada is a great country."

Let us analyze and estimate this statement. 1. "Canada, while it was a great country... was yet a small nation." Today our eyes sweep over our Dominion from the Atlantic to the Pacific, and we say, "Yes, Canada is a great country."

# TIGERS BEAT MONTREAL

## JUNGLE TERRORS MADE A LUNCH OF THE WINGED WHEEL TEAM

### Before a Crowd of Nearly 4,000 People at the Cricket Grounds on Monday Afternoon—Montreal Players Say Tigers Will Defeat Ottawa in a Play Off.

**ART MOORE STARRED.**

The playing of Art Moore on the half line was sensational. He put up one of the best games of his career, and did not make a mistake during the game. His famous zig-zag runs were much in evidence, and the lightning half brought the people to their feet on more than one occasion by his long end runs. Moore has recovered all his old time form, and is playing the game of his life this year. In the two previous games his playing was a feature and yesterday he was the star of the back division.

"Liz" Marriott played his first game of the season yesterday, and lived up to his old reputation. He followed up well and was generally in the vicinity of the ball. "Liz" has been practising faithfully for the past two weeks to get into condition to play, and by the time the 6th of November arrives he will be in shape to hold the redoubtable Stronach.

George Smith played a nice game at left half and filled "Dutch" Burton's shoes very acceptably. Besides being a sure catch and a good runner he punts well and makes a valuable man in a pinch. He made a couple of good runs yesterday and did not miss any chances.

Ben Simpson played his usual steady and effective game, and his long punts to the dead line netted the Tigers quite a few points. The schoolmaster kicked into touch for slight losses a couple of times, his left leg being somewhat off.

"Kid" Smith was still bothered with his leg, and did not play his usual good game. He made a couple of fumbles, but happily none of them resulted costily.

George Awrey gave the signals clearly and always got the ball away from the scrimmage quickly. The line quarterback is making a name for himself this year, and although he did not pull off anything sensational yesterday in a way of long runs, he was always in the game.

After a two weeks rest on the sick list Jack Gray came back stronger than ever, and hit the line like a battering ram. Gray is one of the strongest men playing on any team in the Inter-Provincial Union this year, and it generally takes about two men to bring him down.

Bob Isabester and Gerald Wigle were the stars in the bucking yesterday, the big fellows hitting the line for good gains on several occasions. Wag broke through once for a run of forty yards that eclipsed anything he had done during the afternoon. He bowled over several tacklers, and was only stopped by being pushed into touch. Wally Barron was also on the job and played his usual good game.

The scrimmage worked well together, and had a little on the Montreal trio when it came to a trial of strength. "Huckle" Brammer showed up well, playing as steady a game as any of the regulars.

Tony Loftus played at right end until his ankle was injured, when Turner went on. The light-haired boy has improved a lot since the beginning of the season.

**MONTREAL'S GOOD ONES.**

The star of the Winged Wheel aggregation, and one of the best players on the field was Tommy Stinson. He played a spectacular game, and proved a hard nut to bring down once he got going. Stinson played with the senior Tigers four years ago in the old O. R. F. U., and was then considered one of the best full backs in the business. He has improved since then, and now may be considered without a peer in that position. Davey Tope was Stinson's only rival, but since Cotton Top has dropped out of the game can rightly lay claim to being the premier full back of Canada.

Duckett, the Montreal centre half, put up a brilliant game, and it was one of his long punts that scored Montreal's only point. In the game last Saturday Kilt, the Ottawa quarter, deliberately punched him on the nose, breaking that useful member. Duckett wore a nose guard during the early stages of the game, but dispensed with it before half time.

Ernie Hamilton, at right half, was also good. He caught well, and was speedy on his pins.

A bright game was put up by Bus Baillie, the Montreal quarter, the auburn haired boy taking advantage of all his opportunities.

The teams lined up as follows:

at midfield. Stinson marked at his own ten on Simpson's punt. Stinson kicked high and Tigers got possession at the Montreal 40.

Stinson showed his worth at this stage by receiving Smith's punt at his own ten and running it fifteen yards through the crowd. He followed this up by a run around the end for five yards.

On an exchange of punts Montreal got possession at midfield, and the Winged Wheel bunch tried to make their yards by bucking, but failed. Wigle breaking through and catching Duckett.

Tigers advanced the ball ten yards on an offside, and Simpson kicked to Stinson, who was grassed on his own line by Turner.

Kid Smith received Duckett's kick and passed to Moore, who was downed. Simpson kicked into touch on the Montreal 25.

**SECOND HALF.**

Montreal recovered the ball on an offside and Kid Smith returned to Craig, who marked.

After two downs Montreal kicked to George Smith, who went around the end for a beautiful run. The ball was in Tigers' possession near the Montreal line when the half-time whistle sounded.

Montreal kicked off to Kid Smith, who punned to Stinson, who returned to Simpson, who was pulled down at midfield. Simpson kicked into touch at Montreal 40, and Montreal, after bucking for no gain, kicked to Kid Smith, who was grassed. Craig fumbled Kid's punt, but recovered. Tigers got the ball on the first scrimmage, and Turner followed up fast and got Stinson at the latter's 20.

Montreal kicked to Moore, who ran through the crowd for 10 yards. Wag advanced it another 5 yards on a buck, giving the Tigers their yards.

The Tigers worked the ball down the field and with two downs had it directly in front in the Montreal goal 10 yards out. Montreal was looking for another drop kick, but Awrey passed the ball to Moore, who went over for an easy try. Score: Tigers, 11, Montreal 0. Moore failed to convert.

Montreal kicked off to Barron, who passed to Turner, who advanced it 7 yards. On the second down Stinson returned Kid's punt to George Smith, who was downed at Tigers' 40. Simpson kicked into touch at Montreal's 35.

Punts were exchanged and Kid Smith was grassed 30 yards out from his own line. Montreal's Duckett kicked to Kid, who was forced to rouge. Score: Tigers 11, Montreal 1.

Tigers got possession at midfield, but lost the ball on the first down for the same offence.

Baillie tried an end run, but was caught by Marriott. Gray blocked Duckett's kick, but Montreal recovered.

**JACK GRAY.** Star Tiger wing man, who was in the game yesterday for the first time in two weeks. He had been on the sick list with an injured back.

Baillie got the ball at midfield and made a nice run to the Tiger 20.

**LAST QUARTER.**

Stinson returned Isabester's punt to Moore, who made a nice run of 15 yards before being downed. Gray hit the line for another 15, and Kid Smith was shored into touch on an end run at the Montreal 15.

Montreal got the ball on an offside, and Isabester broke through on the first down and nailed Stinson 10 yards out from the Montreal line. Stinson kicked into touch at his own 35.

Tigers lost the ball on the third down and Montreal made a nice run for 15 yards. Kid Smith tried to return Duckett's punt, but was blocked and Montreal got possession at the Tiger 35. Stinson kicked to Simpson and the latter passed to Moore who made a splendid run for 35 yards, and passed the ball to Barron when tackled. Stinson marked on Simpson's kick.

On a dangerous dribble Simpson recovered the ball at his own 40. Stinson returned Simpson's punt to Kid Smith, who ran 10 yards before being downed. Tigers advanced the ball to Montreal's 40 on an offside and Simpson advanced the ball to Montreal's 40 on an offside, and Simpson kicked into touch at Montreal 20. Kid Smith fumbled Duckett's kick, and was nailed. On the first down Wigle broke through for a spectacular run of 40 yards, bowling over several tacklers. The ball was then only 10 yards out from the Montreal line and Simpson kicked it to the dead line. Score: Tigers 12, Montreal 1.

Moore received the kick and Armstrong missed his tackle and landed on his head. He was laid out and had to be carried from the field. Fraser going on in his place.

During the few remaining minutes of play the ball was always in Montreal territory and the final whistle sounded with Tigers in possession a few yards out.

The final score was: Tigers 12, Montreal 1.

### AN INDIAN WINS THE HERALD RACE.

#### Jimmie George, Beaverton Athletic Club, Covered Distance in 1.51.25, But 2 Minutes and 43 Seconds Behind Sammy Mellor's Record.

For the second time since the inception of the Herald road race an Indian has led the field to the finishing post. This year the winner turned up in Jimmie George, a protégé of the Beaverton Athletic Club. He ran a fine race, being only a little over two minutes behind the record established by Sammy Mellor, the Yankee runner. Jack Caffery set the pace for him around the circuit and the veteran's experience was a factor in winning the race for the Indian. George was in fine condition when the long journey was finished, and looked to have enough in him to go another ten miles. He was not far behind Mellor, however, an interval of but seven seconds separating the two. John Near, of the Toronto Centrals, who was picked to win the event, finished fourth, and in very poor condition. He was all in, and could hardly walk from the finishing line to the Herald office.

There were several scratches, and only 21 runners took the line when the starting gun was fired by J. M. Harris. The starters were as follows:

John Love, Ayr, unattached.

William Bomberly, Caledonia, unattached.

J. McCormick, Toronto-I. C. A. C.

Hanlon Howard, Hiawatha, unattached.

James George, Beaverton A. C.

Hanlon Howard, Hiawatha, unattached.

Milton Fern, Toronto B. U. A. C.

H. W. Batters, Caledonia, unattached.

James A. Begley, Toronto I. C. A. C.

Dennis Bennett, Hamilton A. M. C.

John G. Near, Toronto Central Y. M. C. A.

Thomas Ellis, Hamilton, unattached.

Charles Cook, Hamilton Ninety-first A. C.

Isaac Snow, Oshweken, Wigwam Club.

George Buxton, Toronto I. C. A. C.

Stanley Ross, St. George, unattached.

Levi Jamieson, Oshweken, unattached.

John Chittim, Chatham, unattached.

Stuart Allen, St. Catharines.

Harry L. Williams, Berwick, Pa., B. M. A. C.

George Black, Toronto, I. C. A. C.

"Indian."

At the three-mile post Charles Cook, of the 91st Athletic Club, was in the lead, with George Buxton, of Toronto, second and John Near third. The distance was covered in a little over seventeen minutes. Cook dropped behind, and at the five-mile post J. McCormick was in the lead, with Stuart Allen, of St. Catharines, at his heels. Jimmie George was running in third position at this stage. From the five-mile post to the circuit and the veteran's experience was a factor in winning the race for the Indian. George was in fine condition when the long journey was finished, and looked to have enough in him to go another ten miles. He was not far behind Mellor, however, an interval of but seven seconds separating the two. John Near, of the Toronto Centrals, who was picked to win the event, finished fourth, and in very poor condition. He was all in, and could hardly walk from the finishing line to the Herald office.

The order in which the first ten men finished, together with their time, was as follows:

First—James George, Beaverton. Time 1.51.25.

Second—J. J. McCormick, I. C. A. C. Time 1.54.07.

Third—Dennis Bennett, Hamilton A. M. C. Time 1.54.47.

Fourth—John G. Near, Toronto Central Y. M. C. A. Time 1.55.19.

Fifth—H. W. Batters, Caledonia. Time 1.57.54.12.

Sixth—Milton Fern, Toronto. Time 1.57.55.

Seventh—George Buxton, Toronto, I. C. A. C. Time 1.58.43.

Eighth—H. L. Williams, Berwick, Pa., Time 1.59.25.

Ninth—Chas. Cook, 91st A. C. Time 1.59.38.

Tenth—Love, Time 1.59.43.12.

George's elapsed time was 1.51.25, which was just 2 minutes and 43 seconds behind Mellor's record made in 1904—1.48.43.

The officials were:

Referee and starter—J. M. Harris.

Associate referee—W. C. McMullan.

Superintendents of course—R. B. Harris, James A. McPherson, D. S. Gillies, Frank E. Walker, H. L. Frost, W. A. Stewart, R. M. Roy, H. A. Horning, E. Faulkner, A. M. Ewing, W. Clendenning, Wesley Jamieson and Fred Moore.

Judges at finish—R. T. Steele and Dr. W. G. Thompson.

## BOBBY KERR WON SPRINTS AT WOODSTOCK.

### Oxford Marathon Was Captured by Wade, the Ingersoll Runner, Who Covered the 10 Miles in 55 Minutes—Skene Defeated Whitehead.

**WOODSTOCK, OCT. 26.**—The athletic meet which was held in this city yesterday will go down on record as one of the best and most successful affairs of its kind ever held in Oxford county. Despite the very cool weather a large crowd was in attendance at the games, which were held on the W. A. A. grounds, and they were certainly well repaid for their time and trouble.

Athletes from different parts of the Dominion, including Bobby Kerr, "Chuck" Skene, George Goulding and others were present, and gave some excellent exhibitions.

The big event of the day was the ten-mile Oxford Marathon race, which was won by Wade, of Ingersoll, who finished in 56 minutes. He is, therefore, entitled to the Alby Robinson trophy, which he holds for the next year. Peter Isaacs, a local Indian, was second, and Keen, another Woodstock boy, was third. Bobby Kerr won the one hundred yard dash in 10 seconds flat, with Seburt second and Dent third. Kerr also captured the 225 yards, winning by a good margin in 22 seconds. Darkey Hal, Canada's fastest pacer, and the Eel, the Canadian grey ghost, were on the grounds, and gave exhibitions of their speed.

The prettiest and most exciting race of the day was the half mile, in which "Chuck" Skene, of Toronto, and Dine Whitehead, the Woodstock boy, took part. Whitehead kept close behind

Skene all the way, and on the last lap let out to pass him. For the last 220 yards the two runners ran within a few inches of each other, Whitehead doing his best to catch him. Skene kept the lead, however, and reached the tape about two inches ahead of his opponent. Whitehead, who is only a midget, was cheered loud and long by the large crowd of spectators. Following is a list of the events and the prize winners:

Two mile walk—1, Geo. Goulding; 2, W. A. Reed. Time, 13.57 4-5.

Half-mile run—1, Skene, Toronto; 2, Whitehead, Woodstock; 3, Lister, Toronto. Time, 21 4-5.

Bicycle race, one mile—1, W. Andrews, Toronto; 2, McDonald, Toronto; 3, McCarthy, Stratford.

220 yards—1, Kerr, Hamilton; 2, Seburt, Toronto.

Three-mile run—1, Tressider, Toronto.

Factories' race—1, Izzard; 2, Kuhn; 3, Hogarth.

Farmers' race—1, Pears, Vandecar; 2, Dent, Woodstock.

100 yards race—1, Kerr, Hamilton; 2, Seburt, Toronto; 3, Dent, Woodstock.

120 yards, hurdle—1, Wright, Toronto; 2, Cameron, Toronto.

Running high jump—1, Langstaff, Toronto; 2, Gibson, Toronto.

One mile relay—1, Toronto University; 2, Millionaire Club, Woodstock; 3, St. Thomas, Y. M. C. A.

Oxford Marathon—1, Wade, Ingersoll; 2, Isaacs, Woodstock; 3, Keen, Woodstock. Time, 56 minutes.

Half-mile bicycle race—1, Anderson, Toronto; 2, McDonald, Toronto.

Vaulting—1, Langstaff, Toronto.

## SIR THOMAS LIPTON WANTS A FAIR CHANCE.

New York, Oct. 26.—"I have come over this time red-hot for another challenge to the New York Yacht Club, and will do my best to arrange matters with the club, so that I can have another chance to lift the America's Cup."

So spoke Sir Thomas Lipton yesterday while the big White Star steamship Cedric, which brought him from England, was warping into dock. The Irish baronet was accompanied by Colonel Duncan F. D. Neill, and will be in New York for several days.

"At the present moment I do not care to talk until I have seen the Yacht Club committee who will have this matter in charge," was all that Sir Thomas would say of his plans.

It is believed that Sir Thomas has brought with him a challenge for the cup, which he will present to the New York Yacht Club if his mission is successful in securing a modification of the racing conditions which cover contests for the cup. Sir Thomas desires the club to change the present rules so that he can bring over a Shamrock IV, built under rules which will permit the construction of a substantial racing craft.

Sir Thomas later consented to talk about what he would like to see done in order to give challengers what he considered an equal chance with American yachts in cup races.

"I have been defeated three times in American waters," said Sir Thomas, "and I will say very frankly that on each occasion the best boat has won. This much, however, let me say: Every time I have challenged the racing rules have been so changed that each new race has required that I build a bigger freak than the last one. Five times the rules have been changed.

"The trip of the Cedric which ended yesterday has been marked by terrific weather, which is a fair sample of what may be encountered at any time by a yacht crossing the Atlantic. Bringing over the freak yacht which it is necessary to build under the present rules means grave danger to the yacht and to the men aboard her. I have lost ten men already in coming across the Atlantic.

"The present rules were made for the America's Cup race only. Just as long as those rules continue in force the thickest kind of a wall can be built around the America's Cup and prevent this cup from being taken away from this country.

"What I desire is to race under the universal rule. If I can't win under that rule I can at least provide good sport, and that is the primary reason for all racing—or at least it should be."

Sir Thomas said he wanted a race for the cup with a 90-footer, and would be ready to race in 1911.

**ART MOORE.** Famous half back, who played a sensational game yesterday.

"I think we can beat Montreal on their own grounds next Saturday and do not expect that the Tigers will have to play their hardest to defeat Ottawa here on the 6th of November."—Doc Thompson.

"There was only one occasion on which I found it necessary to wax eloquent."—Bus Baillie.

"Well, our boys played a good game, and they will make the Tigers go home on the M. A. A. grounds."—Chaucer Elliott.

"The team is now getting into its real form, and I think the championship won't miss Hamilton by very much this year."—Captain Ben Simpson.

"It was the cleanest game that we have taken part in this year."—Captain Stinson.

"Hamilton and Montreal play the friendliest game of any two teams I ever saw on a gridiron."—Tommy Church.

"It looks like Tigers for a play off with Ottawa and the final game, for the championship of Canada, with 'Varsity.'"—President Seymour.

"That score will be bad news down Ottawa way."—Secretary Hardy Awrey.

The Tigers proved that they were back into championship form when they defeated the fast Montreal team by a score of 12 to 1 at the Cricket Grounds yesterday afternoon before one of the largest crowds that has ever attended a football game in Hamilton. As early as 2 o'clock the crowd began to gather in the bleachers and by the time the game started not only was every reserved seat occupied, but the bleachers were filled, while a crowd six deep lined the rails at the east and west ends of the field. Every place of vantage, such as house tops, fences, trees and telegraph poles each carried their load of spectators. It was a grand game to watch and the play was hardly as one-sided as the score would indicate. While the Tigers have a superior team, the Montrealers played a clean fast game and with another year's experience, aided by the coaching of Chaucer Elliott, this bunch of M.A.A.A. youngsters will make a high bid for championship honors. They are light, but their quickness in measure balances this handicap. The Ottawa papers had much to say concerning the dirty work practiced by the Montreal players, but it was the consensus of opinion here that a cleaner bunch of players never visited this city. No team in the "Big Four" has anything on the Rough Riders for questionable plays, and it little behoves the scribes at the Capital to point the finger of censure at another team.

**TIGERS ALWAYS IN FRONT.**

The Tigers always had a little the better of the play in yesterday's game, although the Montrealers pressed at times. After the first quarter the result was never in doubt. Tommy Stinson, the former Tiger player, was the best man on the Winged Wheel team and his runs brought the spectators to their feet on a couple of occasions. The back divisions of both teams played good ball, and few fumbles were made by either side. It was on the wing line that the yellow and black had the best of it, and the big husky Tiger wings hit the line for bigger gains yesterday than in any previous game this season. Jack Gray was in the game again, and with "Liz" Marriott in his padded togs again that famous line that has won so many games was complete with the exception of Don Lyon. "Kid" Smith was playing full, and George Smith was at left half to fill the vacancy left by "Dutch" Burton, who is still on the sick list with an injured knee.

**REGRETTABLE ACCIDENT.**

The one deplorable feature of the game was the injury to Louie Armstrong, the Montrealers' left outside wing. Near the end of the game he tackled Moore, but missed him and fell so heavily that he was rendered unconscious. The fall brought on convulsions, and it was found necessary to hold him to the ground until medical aid was secured. Happily Dr. McGregor was on the touch line, and after first aid had been rendered the unfortunate player was carried from the field on a bench. Later he was conveyed in the ambulance to the City Hospital, where he still re-

mains. An examination revealed the fact that he is suffering from concussion of the brain, and while his condition is not considered serious he will likely be laid up for a few days. In the early part of the evening he vomited a lot, but rested quietly after midnight.

**ART MOORE STARRED.**

The playing of Art Moore on the half line was sensational. He put up one of the best games of his career, and did not make a mistake during the game. His famous zig-zag runs were much in evidence, and the lightning half brought the people to their feet on more than one occasion by his long end runs. Tony Loftus played at right end until his ankle was injured, when Turner went on. The light-haired boy has improved a lot since the beginning of the season.

**MONTREAL'S GOOD ONES.**

The star of the Winged Wheel aggregation, and one of the best players on the field was Tommy Stinson. He played a spectacular game, and proved a hard nut to bring down once he got going. Stinson played with the senior Tigers four years ago in the old O. R. F. U., and was then considered one of the best full backs in the business. He has improved since then, and now may be considered without a peer in that position. Davey Tope was Stinson's only rival, but since Cotton Top has dropped out of the game can rightly lay claim to being the premier full back of Canada.

Duckett, the Montreal centre half, put up a brilliant game, and it was one of his long punts that scored Montreal's only point. In the game last Saturday Kilt, the Ottawa quarter, deliberately punched him on the nose, breaking that useful member. Duckett wore a nose guard during the early stages of the game, but dispensed with it before half time.

Ernie Hamilton, at right half, was also good. He caught well, and was speedy on his pins.

A bright game was put up by Bus Baillie, the Montreal quarter, the auburn haired boy taking advantage of all his opportunities.

The teams lined up as follows:

CUP HOLDERS ARE STILL OBJECTING.

Ottawa Man Has Notified the Westeras That They Must Pay the Money Without Further Delay.

OTTAWA, Oct. 26.—Mr. P. D. Ross, chairman of the board of Minto Cup trustees, has received from the New Westminster Club a letter protesting against being compelled to pay \$150 towards the expenses of Ald. Tom O'Connell, of Montreal, who went out to the coast to referee the Westminster-Tecumseh matches in July last. Their letter, which reached Mr. Ross Friday, is as follows: "In reply to your letter of September 10th, I have been advised by our executive to say that a cheque for fifty dollars (\$50) has been sent to A. E. McNaughton, as you requested. "In reference to the claim of Ald. O'Connell, we would call the attention of the trustees to the fact that it is not on monetary grounds that our objection is based, but on other and far more serious grounds, namely, the establishment of a precedent that will result in no end of trouble in future Minto Cup games, and the reflection cast on western lacrosse by the appointment of eastern officials. "The west is entitled to some consideration in this matter. The very best brand of lacrosse played in Canada today is to be found on the coast. It has produced men as players and officials who have no peers in the national game. For years the game, under the most trying circumstances, has been maintained at the very highest point of excellence, and the men who are responsible for this may be pardoned if they felt keenly, the probably unintentional, but none the less, real insult offered when their ability to handle a series of games was questioned, by the appointment of an eastern official. "We feel confident, if the trustees would look at the principle for which we contend from a western viewpoint, we would not be asked to sanction the appointment of an eastern referee for western games. "We are convinced that no eastern team would submit to a such condition, or acknowledge any such claim. "If the trustees are minded in the opinion that the claim should be acknowledged, while protesting against the injustice, the amount will be forwarded." Mr. Ross stated that he had replied to the New Westminster Club's communication by ordering them to forward Mr. O'Connell his expenses, which they will undoubtedly do. Ald. O'Connell's expense bill has been getting famous, but the last has probably been heard of it now, for Mr. Ross' word is law in Minto Cup matters, and as Tecumseh have paid their share there is nothing left for the New Westminster Club but to pay, pay, pay.

INTERMEDIATES WALLOPED THE ARGONAUT SECONDS

Yesterday Morning at the Cricket Grounds by a Score of 16 to 1—Montreal Team Saw the Game.

The Intermediate Tigers upheld Hamilton's reputation yesterday at the Cricket grounds, when they defeated the pick of the Argonauts' juniors of Toronto by a score of 16-1. The game was a one-sided affair all the way through, and the local boys easily outclassed their heavier opponents in every department of the game. The play was in the visitors' territory nearly all the time. In tight places and at critical times the Argos showed form, generally managing to prevent scoring. The Argos' weak spot was their back division. It was of little use against such players as the Tigers, although they played a fair game, considering their experience and knowledge of the game. The Argos' back division was composed mainly of local boys. Gallif was the only man on the Argos back division who seemed to be effective. Argos' wing line was good, showing fine tackling. Thompson, on the outside, did some clever tackling, while the inside men held their own against the Tigers. The Argos, however, were weak on bucking. Thompson and Glassford, on outside, were continually in the limelight, never missing a tackle, and bringing their men down hard. The Tigers' back division resembles something like the Seniors. The Tigers did a lot of bucking, but the only one who seemed to make any headway was Clark. At different times he wiggled through for short gains. McKay, at quarter, played well, handling the team like an experienced general. The whole team showed the best form of the season, and while the boys feel the loss of several of their best players, the team that played yesterday was nearly equal to last year's. There was only a handful of spectators present, but the Montreal team, with Manager Lazier and other Tiger officials, were on hand. The teams lined up as follows: Hamiltons (16). Argos (1). Murray Halves. Jollif Addition. Halves. Awrey Harvey. N. Newport. Gattenby. Newport.

Quarter. Kirtland Scrimmage. Manning Kennedy Gerard Livingstone Farrell Brown Glassford Vanlescard Thompson Thompson Potticary Lyle Glessing Huckvale Clarke Chaltes Sinclair Gibson Referee—Tom Ross. Argos kicked off, and Hamilton gradually worked the play to near Argos' goal. An exchange of punts followed, and a few scrimmages by both teams. Harvey kicked to Newport, who fumbled and Glassford fell on it for a try, which Harvey converted. Score: Hamilton 6, Argos 0. Argos kicked off, and Potticary ran to twenty yards. On an exchange of punts Hamilton gained possession thirty yards out. On the first down Harvey made a beautiful drop kick. Score: Hamilton 8, Toronto 0. The ball was no sooner kicked off than Harvey returned to Jollif, forcing a rouse. Score: Hamilton 9, Argos 0. Harvey again kicked to dead line after a few minutes of play. The first quarter ended with the play all in favor of Hamilton. Score: Hamilton 10, Argos 0. Both teams failed to score in the second quarter, but the play was mostly near Argos' goal. The only score in the third quarter was a touch in goal on a kick by Harvey. The ball was active, and the ball was blocked. Argos dribbled the ball behind the line, but fortunately Murray fell on it in time to save a try. Final score: Hamilton 16, Toronto 1.

THE WINNER. James George, Beaverton, first in the race around the bay.

MARKETS AND FINANCE

Tuesday, Oct. 26.—As usual the offerings of produce on Central Market were very small after the holiday but were more than sufficient to supply the demand which was very good. The fruit market largely consisted of grapes which were offered at two baskets for twenty-five cents. In the vegetable market potatoes took a drop in price owing to the large number of shipped ones received from eastern points. The new price was 28c to 30c per bushel. The scarcity of eggs raised the price to 25 cents, the new laid selling at 28 to 30c. Prices remained steady in the grain market. Hay advanced one dollar owing to the small number of loads received. The prices of all other produce were unchanged. The prevailing prices this morning were:

Table with columns for Dairy Produce, Poultry, and Fruits. Dairy produce includes butter, cheese, and eggs. Poultry includes chickens, turkeys, and ducks. Fruits include plums, pears, peaches, and apples.

GLASGOW APPLE MARKET. Messrs. Boyd, Barrow & Co., Glasgow, cable Eben James as follows: "Market is in good condition. We advise consignments. Firsts, 14 to 22; seconds, 85 to 105." BRITISH CATTLE MARKETS. London.—London cables for cattle are steady, at 12 to 13-12c per lb. for Canadian steers, dressed weight; refrigerator beef is quoted at 10-3-8 to 10-3-4c per lb.

NEW YORK SUGAR MARKET. Sugar—Fair refining, 3.80c; centrifugal, 96 test, 4.30c; molasses sugar, 3.55c; refined steady; No. 6, 4.65c; No. 7, 4.60c; No. 8, 4.55c; No. 9, 4.50c; No. 10, 4.45c; No. 11, 4.40c; No. 12, 4.35c; No. 13, 4.30c; No. 14, 4.25c; confectioners' A, 4.85c; mould A, 5.50c; cut loaf, 5.85c; crushed, 5.85c; powdered, 5.35c; granulated, 5.15c; cubes, 5.40c. MONTREAL LIVE STOCK. Montreal.—Receipts of live stock at the Montreal stock yards for the past week were 2,500 cattle, 3,200 sheep and lambs, and 800 calves. To-day's offerings were 1,400 cattle, 2,325 sheep, 1,200 hogs and 450 calves. A feature of the trade was the stronger feeling in the market for cattle, and prices scored in advance 1-4c per lb. notwithstanding the fact that the supply was somewhat larger than a week ago. The average quality of the stock was rather better than usual, which were mostly from Ontario points, there being only five carloads of Northwest ranchers on the market. The attendance of buyers was large, and as the weather was cloudy and cool the demand was active, and a brisk trade was done at the higher range of prices. There was a considerable demand from packers for canners, of which the offerings were fairly large, but prices for these were also firmer. Choice steers sold at 5 to 5 1/4c, medium at 4 1/2 to 4 3/4c, fair at 4 to 4 1/4c, good at 3 1/2 to 3 3/4c, good, extra, 3 1/4 to 4c per lb., and canners at \$2.80 to \$3, with cows at \$1.65 to \$1.75 per 100 lbs.

Table with columns for Vegetables, Etc., and Smoked Meats. Vegetables include celery, cucumbers, lettuce, parsley, and potatoes. Smoked meats include ham, corned beef, and sausages.

PROVINCIAL MARKETS. Belleville.—There was a very large market here to-day, but prices were high. Butter was 28 to 30c. Eggs were 28 to 30c. Chickens, 50c to \$1 per pair. Live hogs, 7.50c; do., dressed, \$10.50 to \$10.75. Hay plentiful at \$15 to \$16. Loose straw scarce at \$5 to \$42.50. Potatoes, 60 to 70c per bag. Oats, 30 to 40c. Hides, poor, remain unchanged. Peterboro.—The market dressed hogs bring \$10.50; do., live, \$7.85. Baled hay, \$17 to \$18; do., loose, \$17 to \$18. Farmers' hides, 9 to 10c. Butchers' hides, 10 to 11c. Potatoes, 55 to 60c. Butter, 27 to 28c. Eggs, 27 to 28c. London.—To-day's market was the largest seen here in a long time, poultry being featured. Turkeys ranged at 10 to 18c per pound, the latter being the prevailing price. Chickens, 11 to 12c. Butter in good demand, and prices firm; creamery, 26 1/2 to 27 1/2c; rolls, 25 to 26c; crocks, 24 to 25c. Eggs were also in good demand at 26c for crates and 27c for fresh laid. Hay, \$14 to \$15.50. Straw, \$7.50 to \$8. Dressed hogs, \$10.25 to \$10.75, mostly at \$10.50; live hogs, prices for Monday not settled, but likely to be \$7.50; small pigs, per pair, \$6 to \$7. St. Thomas.—Thanksgiving Day markets were very largely attended to-day. Live hogs brought \$7.60; dressed hogs, \$12. Wheat, \$1.25. Dressed hogs, \$10.25 to \$10.75. Hay, \$15. Baled hay, \$18. Turkeys, 12 to 15c. Hides, 9 to 11c. Owen Sound.—Thanksgiving holiday demands forced the prices up to-day. Turkeys started at 12 and rose to 16c. Geese, from 10 to 13c. Ducks and chickens, 11 to 15c. Butter, 27 to 28c. Steers and heifers, 4 1/2 to 4 3/4c; do., dressed, 12 to 13c. Lams, 5c; do., dressed, 12 to 13c. Hides, farmers, 12c; packers, 13c. Wheat, \$11 standard. Oats, 40c standard. Potatoes, 75 to 80c. Barley, 45 to 50c. Bran, \$20. Shorts, \$25. Hay, \$13 to \$15. No straw. Eggs, 28c. Butter, 28c.

GRIDIRON GOSSIP

London, Ont., Oct. 26.—London juniors lost to the Alerts, of Hamilton, in a fast game yesterday afternoon by a score of 15 to 1. Some bad fumbles by the locals were responsible for the results of the afternoon. The Alerts piled up their score in the second half, when the strong wind aided a punting game. Hamilton was superior to London at the kicking, and took every advantage of it. Both teams were about equal weight.

Hobart declared it a touchdown. Ottawa scored the winning point when only one minute remained to be played. In the first quarter College forced Ottawa to rouse twice. Ottawa got one rouse, and in the second quarter, when McCann made a miserable fumble of Gerard's long pass, College fell on it for a touchdown. It was 7 to 1 for College at half time.

Manager Joe Wright, of the Argos, says there is nothing to it but Hamilton for the Big Four championship. Manager Joe Wright, of the Argonauts, in speaking about the game at Ottawa on Saturday, stated that Ottawa had all the luck to win, the wind in their third quarter blowing a regular hurricane, and this was the period that Ottawa won the game in, while in the last quarter the wind dropped so that neither team had any advantage. However, Joe Wright says the Argos will beat Ottawa in Toronto next Saturday at Rosedale, and this is the belief of many of the Ottawa series, who, by the way, at half-time Saturday, had given up the ghost in Argonauts' favor, but luck was against the Scullers, as it has been all season.

Ottawa scored a touch by Phillips and another by Ferguson in the third quarter and had it 12 to 7 when the fourth started, and between them they fooled it, the ball being passed back over the Ottawa line. Muzanti fell on it and tied the score, but College missed the goal and then followed Ottawa's third lone at down, which gave them the city championship. Ottawa had four juniors on and College were without O'Neill and two or three others. Play was loose throughout, both back divisions fumbling badly. All the touchdowns but the second scored by Ottawa, were pure gifts, the Ottawa backs being away of color. The crowd numbered about three thousand and the teams were as follows: Ottawa—Johnston, full-back; Gerard, Hope and McCann, halves; Snelling, quarter; Merrifield, Ferguson and McCann, scrimmage; Gaisford, Phillips, Vaughan, Hickey, Christie and Stewart, wings. College—Gilligan, full-back; W. Chartrand, H. Chartrand and Contway, halves; Muzanti, quarter; Dubois, Lof tuss and Fleming, scrimmage; Whibbs, Sullivan, Quilty, Smith, Belanger and Kissella, wings.

The tackling of Norettos in Saturday's game is said to have been the best ever seen at the capital, and Ottawa papers are loud in their praise of the Argos man. Green, the Argos' new half back, showed up strong, and his fast following up was responsible for Argos' only try. The team are out to beat Ottawa on Saturday, and they should on last Saturday's form.

The St. Patrick's were the only Hamilton team to meet defeat yesterday. They played St. Jerome's College, of Berlin, on the latter's grounds, and were beaten by a score of 29-8. Their opponents were much heavier, but at that the local boys gave them a hard game, and had they been in little better condition the result might have been different.

COMMENT AND GOSSIP

Tommy Stinson was struck by the form shown by some of the Tiger intermediates, at the game yesterday morning against the Argos seconds. "There are three or four men there good enough to be playing senior," he said. The Tigers' chance of winning the championship of the Interprovincial look particularly bright now. It looks like a play-off with Varsity for the Dominion championship, and the Grey cup for Hamilton.

Logie Armstrong, the Montreal player who was injured in yesterday's game, was reported as resting easily by the hospital authorities this morning. They expect that he will be able to leave for his home in a few days. Jeffries sent his message by wireless. This probably means a fightless battle with Johnson.

It's hoped the New York Yacht Club will give ear to Sir Thomas Linton's appeal for a race with legitimate yachts for the America's cup. This thing of having freak boats seems about as sensible as it would be to cut the ears and tail off a horse in order to save a few ounces of weight in his make-up. Antonie Pierri, the eminent Turkish explorer, has discovered another Turkish explorer, crapple or not, and is shipping him hither to write with Gatch for the latter's title. This one

is Mazout Murat. Whether he is "terrible," "horrible" or just plain "unspeakable" the advance notices do not say. Gatch's title appeals to Pierri just the same as the America's cup appeals to Sir Thomas Linton, or the soap to the baby in the bath tub. He won't be satisfied until he gets it. Hughey Jennings is said to have said that he would be satisfied with \$30,000 for next season, and when you take a conservative slant at it that isn't any more than they pay some bank presidents either. Of course, Hughey could have four or five months to devote to his private affairs. Considering the increased cost of living, \$30,000 is pretty modest. The accommodating goose which has been dropping golden eggs into the bank accounts of Philadelphia fight promoters is likely to have her neck twisted. On Wednesday night frantic lovers of pugilism buried bottles and other missiles at a fighter whose tactics didn't suit 'em. Next the police and no more scraps. Salvator, the fastest running race horse the world has ever known, died at the Elmdorf farm, Lexington, of James B. Haggin, of New York, on Saturday. Salvator's world's record was 1:35 1/2, made in 1900 against time, to beat the record of 1:39 3/4. He was foaled in 1886, and was by imp. Prince Charlie, out of Salina, by the great Lexington. Salvator won \$120,000 on the turf.

JEFF AND JOHNSON MEAN BUSINESS.

At Least That is the Opinion of New York Sporting Men—The Big Smoke Will Not Fight in Australia.

NEW YORK, Oct. 26.—That James J. Jeffries and Jack Johnson both mean sign articles of agreement for a fight without much haggling over details is the conviction of New York sporting men who have seen and talked with the pugilists during the past few weeks. The articles of agreement will be signed before the week ends, if all goes well, and then the business of accepting an offer from some club will be in order. Tentative bids for the bout began to come in to-day. Johnson, who was in Chicago yesterday, should get to New York by the end of the week, and the heavyweights will then meet and talk over the conditions for the battle. Jeffries showed considerable enthusiasm to-day over the probability of a match being arranged. "I only hope," he said, "that Johnson means what he says in this Chicago interview which the papers are printing. He is quoted as ready to sign article at once and willing to fight within thirty days. Of course, it would be impossible to pull off the fight within thirty days, and Johnson is exaggerating a little when he mentions so early a date. But if he wants to sign up in a hurry, he will find me ready to meet him any day. The truth is, I am eager to get a crack at Johnson."

Jeffries spent most of to-day in chats with visitors and friends, but to-morrow he plans to visit a gymnasium for a thorough workout. James Coffroth, the San Francisco fight promoter, reached town to-day. Later in the week he hopes to show Jeffries and Johnson that Colma is the only place in the world for the fight bid will be held. He will not present his formal bid until the articles of agreement have been signed, he said to-night. NO AUSTRALIA FOR JOHNSON. Chicago, Oct. 26.—In discussing the proposed fight last night, Johnson said that no terms would be offered from his side. "We will listen to what Jeffries has to offer," said Johnson, "and if his ideas are not unreasonable it will not take ten minutes to fix up the arrangements. We want nothing unreasonable—just a fair fight for both sides. "There is one thing I am against, and that is any bids for the fight in Australia. I will never fight over there again after the treatment I received. The fight must take place either in this country or in England, and I am sure the bidding here will be stronger than anything England could offer. "As for the time of the fight, Jeffries can have his own way. I see that he is reported to have said he would be ready in March or April. That suits me, and I will find me ready to meet him sooner, but, of course, there would be no sense in putting the fight off much longer than that."

HAMILTON BOWLERS WON THE MATCH.

A friendly inter-club match was played at the H. B. & A. Club on Saturday night, when the Toronto Bowling Club sent up a team of six "star" bowlers in an attempt to lower the colors of the locals. Some splendid bowling was the result, and Toronto failed to take any scalp home, although they were only beaten by 7 pins in the three games. Seager and Main tied with 152 for the Toronto, but the H. B. & A. C. got 574, and Simpson striking out in the last frame of the third game, and winning the game right there for Hamilton. Norris, of Toronto, made the high individual score in a single string, 248. The match was played on the club's new alleys, and the visitors were banqueted after the game. A return match had been arranged in Toronto for next week. The scores: Toronto Bowling Club (six men)—Main 180 191 172 552 Seager 154 218 180 552 Norris 129 145 128 548 Pappin 188 173 189 552 Patterson 159 179 174 512 Thompson 168 164 182 514 993 1027 1145 3210 H. **LOOKS LIKE  
A REFUSAL.**  
*Hydro Commission Likely to Refuse Reasonable Requests,*  
*Which They Had Previously Promised to Hamilton.*  
*Options Secured For Central Prison Site at Red Hill.*

The question of whether Hamilton is to have the Hydro-Electric contract, in its entirety, and without any of the concessions already promised, thrust down its throat, will probably be fought out in the Council this week. A semi-official intimation reached the City Hall to-day that the Commission will refuse the amendments asked for by the Power Committee on Saturday night, and which the aldermen were told at the conference with the Commission would be granted. The long delay before the draft form of contract reached the city, and the fact that Solicitor Lobbs took it upon himself to introduce certain clauses, which were directly opposed to what had been discussed with the Commission, together with the stories of influence that was being exercised outside the City Hall, made the aldermen suspicious, and the report that reached them this morning was not unexpected.

The argument of the Hydro agitators is that if the Commission refused to grant any concessions there would be nothing left for the Council to do, in view of the vote of the people, but to accept the contract in its entirety. They say that even should the Commission grant the concessions asked, the power question will be made the issue in the next election, as a Hydro sale will be submitted to the electors and an appeal made to elect a Council that will see that Hamilton plunges into the scheme without reservation.

The two camps in Hamilton want the Commission to grant to consider this city's distance from the Falls in making the annual adjustments of charges on the line, and to give the city the right to purchase power elsewhere.

City Solicitor Waddell had a talk over the long distance from the Commission with Solicitor Lobbs, and informed him of the changes in the contract the Power Committee agreed on Saturday night. Mr. Lobbs said he would at once talk the matter up with the Commission and advise the city by letter whether the amendments would be permitted.

THE TIMES' NEW STORY  
A Spanish Beauty  
-Will be Begun-**  
**TEA TABLE GOSSIP.**

Our new story begins to-morrow evening. Look for it.

Dr. White, Cannon street, has returned from New York and resumed his practice.

Hamilton Chequer Club held its regular session on Saturday night, and will play regularly on Saturday nights in the future.

Mr. James Morris, Algona, Mich., who has been visiting his son, A. W. Morris, M. A. Erie avenue, left for home this morning.

Frank Sturdy met with a slight accident this morning at the Sewer Pipe Works, where he was working. He was taken to his home on the mountain top in the ambulance.

The marriage took place in Winnipeg to-day of Mr. Thomas F. James, of this city, and Miss Edith Goodall, of Winnipeg. Rev. Mr. Birch officiated.

Mr. Adam Brown will give his splendid lecture, "Canada, From Ocean to Ocean," in St. Peter's Church, to-night, under the auspices of the Men's Club.

The St. John (N. B.) Telegraph is placing the following sticker upon the outside of the paper, Canada's Navy. If Canada is to have a navy, St. John, N. B., is the place to build the ships.

A meeting of the local assembly of the Brotherhood of St. Andrew will be held to-night at St. Luke's School house. Addresses will be given by His Lordship, Bishop DuMoulin, Rev. Mr. Broughall, and Mr. Alexander.

A large party of Knights of Columbus gathered at London yesterday to witness the exemplification of the third degree and to fraternize with the London Knights. The Hamilton Circle was represented by Chief TenEyck and Messrs. John Callon, Jos. Lawlor, Leo (Cherrier), Geo. Gooderow, J. Boehler, Wm. Begley and others.

**PROCURING CASE STANDS.**

The fact that Hon. John S. Hendrie and Hon. Frank Cochrane have secured options on the Ward and Gage properties in the vicinity of the Red Hill, east of the city, is taken as an indication that the Government has practically decided to establish a new central prison in the vicinity of Hamilton. The city officials are not warming up very enthusiastically to the idea of the city or the county getting this institution. They fear that Hamilton will become a dumping ground for released convicts, and say that the only benefit that will be derived will be a little trade for some store keepers. The Gage property on which the option has been secured is 200 acres in extent, and the Ward property is also quite extensive.

**ASSASSIN DEFiant.**

Neither He Nor His Two Companions Sought to Escape.

Harbin, Oct. 26.—The assassin was not hard to locate, as he stood defiantly in the crowd, revolver in hand. He proved to be a Korean. With two companions of the same nationality, he boasted of a conspiracy, the object of which was the life of the former Resident-General of Korea.

The police pointed upon the three Koreans, the one who did the shooting exclaimed, dramatically, "I came to Harbin for the sole purpose of assassinating Prince Ito and avenging my country."

None of the three Koreans attempted to escape. All calmly confessed that they had conspired against the life of Prince Ito. The assassin, while claiming to have been inspired by a patriotic motive and to believe that Japan's wrongs to Koreans justified his act, admitted, under examination, that he had a personal grudge against the Japanese statesman who, while Resident-General in Korea, caused the execution of several of the murderer's friends. It had been supposed that the police protection for the prince was adequate, but the police stated later that they were unable to distinguish the Korean among the many Japanese who had been admitted to the railway station to welcome the prince. The Russian police declared that the Japanese Consul-General, Kawrkan, had requested them to permit entrance to the station of all Japanese who sought admittance.

**OBITUARY.**

**Death of Mrs. A. C. Quimby at Age of 92.**

One of Hamilton's oldest and most respected residents passed away yesterday in the person of Mrs. Rebecca Eleanor Quimby at her residence, 22 Vine street, at the age of 92 years. She was a daughter of the late Major Adam Brown, of Queenston, of which place she was a native. She was married in 1855 to the late Albert C. Quimby at the above address, where she had resided ever since—a period of 54 years. She was an active member of St. Paul's Presbyterian Church. The funeral will take place to-morrow afternoon at 3.30 o'clock to Hamilton Cemetery, and will be private.

The funeral of the late Andrew Paterston, M. A., took place from 38 Grant avenue to Hamilton Cemetery this afternoon. It was attended by a large number of friends of the deceased, and the services were conducted by Rev. D. R. Drummond. The pallbearers were Messrs. J. Gill, Alex. Turnbull, David

**PRINCE ITO ASSASSINATED.**

(Continued from Page 1.)

missions by the Mikado, the foremost being an attempt to forestall the protest of Corea by effecting a more complete understanding with China. Prince Ito played an important part in the framing of the recent treaty between Japan and China, relating to railway construction in Manchuria.

The treaty was concluded on Aug. 31, and has been considered by many diplomats a violation of the treaty of peace concluded between Japan and Russia after the war. In face of her Portsmouth pledge not to obstruct any measures that China may take for the development of commerce and industry in Manchuria, Japan forced a specific pledge from China not to build a railway from Hamimintun, north, without Japan's consent.

Another significant provision is that, should China build the Kirin Railway east, she must borrow half the required capital from Japan, thus insuring Japanese control of an important branch from Japan's main line toward Vladivostok. China was compelled to transfer the Taisichiao-Ninghsiang line to Japan. Japan also refused to discuss the absorption of sovereignty along the South Manchurian Railway. Her attitude was in glaring contrast with Russia's recognition of China's sovereign right in the recent Harbin agreement.

THE JAP. COMMISSIONERS.

Worcester, Mass., Oct. 26.—The news of the assassination of Prince Ito at Harbin, although received here early this morning, was not made known to the Honorary Commercial Commissioners of Japan, who are visiting Worcester, until several hours later. The Japanese visitors were asleep in their special cars when the news reached here.

Amos S. Green, American Consul at Harbin, who is accompanying the party as interpreter, decided not to tell them of the tragedy until after they had arisen. Mr. Green, in commenting on the tragedy, said: "I am sure the Commissioners will be deeply shocked by the news of the assassination. Prince Ito was recognized as the leading statesman of Japan, and it said he was in the fruit business, and when his uncle received the letter he translated it for him.

The threatening letter which was sent to Sanzone was read by S. F. Washington. It stated that unless Sanzone paid the money his house would be blown up. Antonio Speranza, another nephew of Salvatore Sanzone, said he was in the wagon with the detectives, and heard the conversation between the prisoners and his uncle. He heard his uncle tell them he had not brought the amount asked for. He saw Speranza with the money, but when the detective asked him about it, he said he was having it. When searched it was found on him. He did not know Corto was connected with it until the night before. He did not see the revolver the prisoners had.

Detective Sayers said he knew about the affair beforehand, and was not surprised to see Corto at the head of the horse. He found a loaded revolver on Corto. He said he knew all about what Corto told in the police court, but did not remember whether he told the Crown attorney.

"Can you swear Corto told you the morning before the receipt of the letter?" asked Mr. Robinette.

"I will swear that either Corto or Salvatore Sanzone did."

"Did you tell the Crown there was another man?"

"Yes."

"Corto was acting under your instructions?"

"Yes."

Detective Coulter substantiated what had been said by the previous witness.

Detective Sayers was recalled by Mr. Robinette, who questioned him about the advice he gave Corto. The witness said he had told Corto to stay with them, but write no letters and make no threats.

Detective Bleakley told of how he boarded a car, and that means caught Speranza. In his pocket he found a bundle of hair, which resembled a beard. Speranza, one of the prisoners, said he was 22 years old and a married man. He had resided in the country about a year. The witness had been given to him by Corto. When shown the letter he denied having written it, and said he could write but little.

Witness said Corto pointed a revolver at him and forced him to go to get the money from Sanzone. They met on the Dundas road.

"Why did he run away?" asked Mr. Robinette.

"Because the detectives jumped out of the wagon, and I didn't know they were policemen."

"Corto said you had a revolver."

"Corto may say what he likes, because he is guilty."

When asked if he had threatened to kill Antonio Nuranun at Taglerino's house he replied that he had not.

Sam Wolfe, another of the prisoners, said he had no connection with the letter writing. Corto's partner handed him a revolver on the previous night, but who the partner was he could not say, although he had seen him later at the jail. Corto had taken Columbus and witness to a hotel and had lunch and cigars, for which Corto paid. They stayed at the hotel for the night and went out in the morning. He was to receive no share of the money, and did not know Sanzone. Since his arrival in the city five weeks previous he had been working on the market as a butcher.

"Did you know what you were going out there for?" asked Mr. Washington.

"No. That man (pointing at Corto) told me plenty work, plenty money."

"Do you recognize that man?"

"Yes; that's my picture."

"You were never in Baltimore?"

"No."

"How did you get your picture?"

"I don't know."

"Were you charged with attempting to murder?"

"No."

"Were you ever arrested?"

"No."

"At Niagara Falls?"

"No."

"How long did you live there?"

"Three years."

Colombo, the other prisoner, in answer to a question by Mr. Washington said he was threatened by Corto, that if he did not help he would be killed.

Corto was recalled and said he didn't threaten any of the three prisoners.

Chief Smith said he saw Corto in a store on York street.

After Mr. Robinette's address, his Honor said he had no doubt in his mind in the matter. Certain circumstances were worth consideration. Speranza stated he was not at the hotel, but the hotel clerk said Speranza was there. Another thing, they said they were not spoken to until the previous night. Not relying on Corto's evidence, it was proved by Sanzone that Corto had notified him of it before, and had told him their names. He did not understand how Corto could give the names if it was as stated by the prisoners. It was clear that they had received the money, which they all denied. The letter would testify anyone who believed any part of it, as it threatened to blow up the house and murder Sanzone. He came to the conclusion that Speranza wrote the letter and the others knew the contents. He found the men had concocted the plan among them. By the agreement the two who couldn't write directed Speranza to do so.

In conclusion his Honor said: "I will have to find all three guilty."

Mr. Robinette said the men were all young and although they had been found guilty no violence had been used. As they had spent two months in jail, he asked that they be dealt with leniently.

In sentencing the prisoners his Honor said the prisoners had committed one of the most diabolical crimes, because it was more serious than letters threatening to kill Sanzone and his family. They had done something the country would not tolerate, and it must be put down. They could be sentenced to fourteen years each.

The sentence was that they be confined to penitentiary for ten years.
