THE NOBLEST PART.

All is not dark! the sky may lower. The sun refuse to shine, But dwelling in each mortal hour Is some good gift divine.

There is no life but hath its woe. No soul but hath its pain; Yet pleasure's come, while sorrows go, As sunshine follows rain.

Look where we may, some good we see, Some joy to conquer ill; And though in grief perchance we be, Hope lingers with us still.

God gave us all that strength which yields Us fortitude to bear, And gives us bravery that shields Our hearts from deep despair.

He placed us here to act our part, And do the best we can, And show that gooliness of heart And virtue make the man.

Though troubles come and ills assail, He acts the noblest part Who turns his full face to the gale, And keeps a steadfast heart.

So let us all, whate'er betide, Like brave men bare the breast, And standing fast by virtue's side, To heaven leave the rest.
