TRAPPER FOUND DEAD IN LONELY HUT IN WOODS

The Occupant had Been Dead for Some Time, and had a Store of Furs, the Fruits of his Season's Work—Near Abuskong Lake, Gowganda.

Cobalt, June 21.—Near Abuskong Lake, in Gowganda district, two prospectors, named Grant and Husler, came upon a dead trapper in his cabin in the woods. They were wandering in the bush prospecting, and got far away from beaten tracks, and came upon the shack, around which there were absolutely no tracks, and went in expecting to find protection from the flies while they ate dinner. Opening the door they found on the bed the body of a man, which from its advanced stage of decomposition, must have been there for months. Beside the body were

two pairs of snow-shoes, a canoe and one paddle. In the cabin were all the fruits of his winter's work in the shape of furs, and it looked as if he were about about to strike for civilization when death came. They went to Gowganda and reported, but have heard nothing further of the matter.

Mr. Arthur Tweedie, son of Lieut. Gov. Tweedie, Chatham, and Mr. N. C. Brander of Chicago, were in town last week. Both gentlemen were returning from a business trip to Campbellton and Dalhousie.

STANLEY W. MILLER, Re-Elected President Liberal Association.

REOPENING OF ST. MARK'S

St. Mark's Presbyterian church, Douglastown, was reopened on Sunday, after having been closed some weeks during which the building was enlarged by a handsome ell, which now contains the elegant pipe organ purchased from St. Andrew's church, Chatham, on the occasion of the latter installing a still larger one, and also two anterooms for the use of the pastor and choir.

Rev. R. W. Ross, of Fort Massey church, Halifax, preached both morning and evening.

In the afternoon from 3 to 4:30 there was another meeting at which the church was filled. Rev. F. J. Simpson, the pastor, to whose untiring energy the prosperity of the congregation is largely due, presided; Professor Baird presided at the organ, and the large choir gave an excellent musical program. Addresses were given by Rev. S. J. Macarthur, who conveyed the greetings of St. James' church, Newcastle, from which Douglastown congregation recently branched; by W. S. Loggie, M. P., of Chatham; W. B. Snowball superintendent of the Methodist Sunday school in Chatham; and Rev. R. W. Ross.

Rev. Mr. Macarthur spoke in highest terms of former pastors of the time when Newcastle and Douglastown were united, such as Rev. Dr. Henderson, Rev. Dr. Thompson and others, who had labored so well and left such an influence for good. How important was their work and also that of school teachers and trustees. He congratulated Douglastown on practicing union. May there always be one protestant church there, no matter what its name may be.

W. S. Loggie, great grandson of the first Protestant minister on the Miramichi, received Mr. Macarthur's congratulations re progress already made and for the hall about to be built for use of the young people. The new churches at Douglastown, Millbank, Nelson Loggieville and Napin were branches from Newcastle and Chatham showing increase in population and wealth and spiritual energy. All these conveniences

enabled men to more easily learn the mind of Christ so that they may put his principles into practice.

W. B. Snowball spoke strongly in favor of church union. He hoped that future would see all protestant divisions obliterated. We must look to our Sunday Schools, prayer and class meetings and men's unions. All must be founded upon Christ Jesus.

Rev. Mr. Ross spoke very highly of the work of Rev. F. O. Simpson, whom he had known well in Ontario. Douglastown was most fortunate in having such a pastor. This congregation was going ahead to still further work. He also most highly complimented the choir.

Large collections were taken up at all three services amounting to \$1,802.00 which will cover cost of the work done to date. Some \$700.00 of this was contributed by one wealthy family of Douglastown and \$50 by W. B. Snowball of Chatham.

"BOUGHT MY LIFE FOR 35 CENTS."—This was one man's way of putting it when he had been pronounced incurable from chronic dyspepsia. "It was a living death to me until I tried Dr. Von Stan's Pineapple Tablets. Thanks to them today, I am well, and I tell my friends I bought my life for 35 cents." 60 in a box, Sold by A. E. YOUNG DUKE OF CORNWALL BECOMES PRINCE OF WALES

London, June 24.—The King yesterday created the Duke of Cornwall Prince of Wales and Earl of Chester. Thursday was the sixteenth anniversary of the birth of the Duke.

The heir apparent to the British Throne, is the eldest surviving son of the Queen, being seventhly the

title of Prince of Wales, but by individual investiture and use by birth King George's eldest son is Prince Edward of Wales, who also bears the titles of Duke of Saxony, and Prince of Saxe-Coburg and Gotha. He was born at White Lodge, Sheen on June 23, 1894.

CAPT. WALPOLE FOUND ALIVE WANDERING IN THE WOODS

Had Lived for Over a Month on Poplar Leaves and Such Stuff—Weak, but Mentally Bright as Ever—Searchers Guided by Bark Fragments.

Wabigoon, June 23.—Captain Walpole Roland, the 83-year-old mining engineer who stayed from a prospecting party one month ago in the Lake Manitowish gold district, has been found. Several experienced private and Government search parties had given up hope of finding the aged captain alive, but after subsisting on poplar leaves, etc., and water for 31 days, the marvellously strong will and constitution of the captain conquered, and he is today alive and, except being physically weak, is apparently none the worse. Attracted by birch bark parchment

scattered promiscuously by the captain, a Dominion Government geological survey party, including Dr. G. L. Parsons of Toronto, and Messrs Thompson and Marguerah of Kenora, searched and found him crawling on his hands and knees about one mile from the trail from which he strayed. Your correspondent had a short interview with Captain Roland on private business matters, and was favorably impressed with the keen, unimpaired mind, which one might not have been surprised to see affected. Capt. Roland leaves for his home in Port Arthur on Tuesday afternoon.

CLOSING ST. MARY'S CONVENT

The closing exercises and musical recital of St. Mary's Academy were held Wednesday night. In spite of the terrible bad weather, the attendance was good, and all who were present thoroughly enjoyed the proceedings. The exercises were very interesting. Everything went to show great patience and much success on the part of the teachers. The pupils were bright and orderly and thoroughly trained. The music, both vocal and instrumental, was splendid.

and the elocution left nothing to be desired.

The valedictory address by Miss McCombs was well written, and held up the Christian ideal as the main goal of the student.

The addresses of Rev. Fathers Maguire and O'Leary were appreciative and instructive, and that of Ex-Mayor Miller very enthusiastic.

The program was interspersed with the announcement of promotions and names of prize winners.

annual meeting was only \$9.

Next item was election of officers.

Ex-Mayors Hennessy and Miller were nominated for the office of President. The vote stood: S. W. Miller, 59; P. Hennessy 38.

For secretary the candidates were R. W. Crocker and C. J. Morrissy. The result was: Crocker, 58; Morrissy 29.

For treasurer the candidates finally nominated were James Falconer and C. J. Morrissy. The result was: Falconer 55; Morrissy, 25.

James Stables was elected 1st Vice-President, and J. G. Layton 2nd V. P.

The Executive remains the same as last year except that Mr. Layton replaces Mr. Hennessy.

Treasurer Falconer reported receipts at last annual meeting of \$18.60. He had paid for advertising \$2.00 and for rent of hall \$2.00 leaving balance on hand of \$14.60.

George Stables and T. W. Crocker were appointed an Audit Committee.

W. S. Loggie then addressed the meeting. He was greatly pleased to see such a large and enthusiastic gathering. Only in North Esk could another such gathering be met with on such an occasion. He was glad that so many had seen fit to identify themselves with the great Liberal party that stood so strongly for righteous government and had such a great leader as Sir Wilfrid Laurier. He had seen many changes in the cabinet. Hons. W. L. McKenzie King and Charles Murphy, the most recently appointed

ed members, were among the Parliament's greatest and best. Mr. Loggie went on to give the association some excellent advice as to management of their political business, and his address was much appreciated.

Mr. Hennessy followed in a short speech, and George Stables briefly addressed the meeting.

James Stewart brought up a grievance against the I. R. C. authorities into which Mr. Loggie and the President promised to look. Adjourned.

THE POISONED SPRING.—As in nature so in man, pollute the spring and disease and waste are bound to follow—the stomach and nerves out of kilter means poison in the spring. LIBERAL ASSOCIATION EXPERIENCES A BOOM

Ninety-Two Members Were Enrolled At Friday Night's Meeting.

FORMER CONSERVATIVES AMONG NUMBER

The annual meeting of the Newcastle Parish Liberal Association was held in Temperance Hall Newcastle, Friday evening, President S. W. Miller in the chair.

T. W. Crocker, who had been appointed a committee re the building of the Indiantown-Blackville Railway, reported that the work

had been satisfactorily completed by the government.

On motion of Ex-Mayor Hennessy and John Hachey, the annual dues were reduced to 25 cents.

92 men of the 102 in the Hall joined the association. Among these were many former Conservatives. The membership at last

HOTEL BRUNSWICK McSweeney, Prop. Moncton, N. B.

YOUNG MAN, STAY IN NEW BRUNSWICK.

We are far from wishing to see an effort made to draw away from the Eastern Provinces any of the young men; but anyway, we suggest to our Eastern contemporaries that they ought to do what they can to direct their footsteps in this direction. Our contemporary, The Telegraph, reaches thousands of homes in the Maritime Provinces. It is in a position to advise its young readers. It will be safe to tell them that they will find in the West abundant scope for their energy, and a greater field of opportunity than that of the Eastern States.

As a young fellow in the vanguard of civilization has the finest chance in the world.—Victoria Colonist.
The Colonist is referring to a recent report that the exodus from these provinces is still great. It is, perhaps, not so great as some suppose, but it is still too large; fortunately, it is decreasing, and if New Brunswick meets its opportunities halfway the exodus will cease. The Telegraph would gladly advise New Brunswickers to go to British Columbia in preference to the nearer estates of the Union, for it is much to keep our people under the flag, and, generally speaking, opportunities and conditions of life are better in British Columbia than they are in the Eastern States.

But the Telegraph, year in and year out, preaches the doctrine of "stay at home," confidently believing that our young men will do more for themselves and for Canada at the end by remaining in New Brunswick than they can do by going even to the Canadian West. Here in the East the better days have come. New Brunswick as a province lacks the driving force that would be derived from a really progressive local government, but nevertheless, there are, in almost every country, undoubted proofs of development and most encouraging signs that the next few years will be marked by unexampled progress in the cities, in the towns and in the rural districts. To leave New Brunswick now with the idea of making a home elsewhere is to run away from prosperity. With the same expenditure of energy necessary to succeed elsewhere, any young man, in almost any line of endeavor, can command success and independence in this province. Hard work will yield as good results here in the long run as anywhere else in the world, and for a given amount of money more comfort in the matter of daily life can be had in New Brunswick, winter and summer, than in any other part of this continent.

The Colonist is, we know, a well wisher and a sympathetic observer of events here in the East. It must know, therefore, that we are already well entered upon a period of development. In transportation matters alone there is great progress. St. John's trade, though still in its infancy, is assuming formidable proportions. We have the C. P. R. and the Intercolonial and the profit and expansion they bring to the province teach us what benefits will follow the coming of the Grand Trunk Pacific and the Canadian Northern. The Valley railway is a thing of the near future. The International has opened up a new section of the country and the G. T. P., both in the matter of local development and that of through traffic will give the province a tremendous impetus. In town and country, land is rising in price. The long sustained high prices for agricultural products are spurring the farmers to greater efforts, and New Brunswick will soon learn that much of its good land has only been hitherto regarded as of little value. Cultivated hitherto, while much that is really capable of producing good crops. This discovery will mean an agricultural revolution. Our mining development is only beginning. We are only now learning the value of our forests and our water powers. In some quarters some people are reluctant to admit prosperity, but it is a fact that there is more of it in New Brunswick today than ever before in its history.

Here we have given but a hurried glance at conditions in this province but we have said enough, perhaps, to explain to our distant friends, the Colonist, why The Telegraph is going to continue preaching, with conviction, from the text: "Young man, stay in New Brunswick."

Some idea of the immensity of the crowds at the King's funeral in London last Friday may be gained from the fact that on the following day no less than two hundred and sixty-nine pick pockets were arraigned in the police courts, while it is estimated onlookers were robbed of valuables to the amount of over half a million dollars. There was also a flood of complaints of burglaries committed during the funeral hours. Thousands of accidents occurred, and the hospitals were taxed to their capacity in caring for the injured, over seven hundred cases remaining after those receiving minor injuries had been disposed of. Fully a score were fatally hurt, several having sustained fractured skulls and internal injuries in falling from trees, windows and stands

Another bomb intended for King Alfonso, has exploded prematurely. Who would be a king at this time of year, when the fish are biting?

John D. Rockefeller would go broke if he should spend his entire income trying to prepare a better medicine than Chamberlain's Colic, Cholera and Diarrhoea Remedy for diarrhoea, dysentery or bowel complaints. It is simply impossible, and so says every one that has used it. Sold by all dealers.

There is a perpetual fascination about the Aurora Borealis, the cause of which seems to be an unfathomable mystery to scientists. Now we learn that the atmosphere has nothing to do with its height. In some northern countries it has been seen to touch the earth, while in other places it has risen to a height of sixty miles, the rays stretching hundreds of miles further, glowing at their points with a marvellous red light.

Just as we are recovering from the recent scare, Dr. J. H. Kellogg, of Battle Creek, starts Boston with the prediction that in 25 years the whole world will be one whole vast lunatic asylum. Why 25 rather than 20 or 275 may be explained when the full text of the speech is published. The other physicians seem to have received the prophecy somewhat flippantly; the suggestion that he should consult a nut specialist being almost personally offensive.

BAND CONCERTS

The time is approaching when band concerts in the square will be in order. This is a public entertainment which does a great deal of good. Not only do the large number of tourists enjoy the music, but the citizens themselves are put in a more genial, amiable and forgiving frame of mind as a result of the charming power of the art divine. We trust that the Mayor and Alderman will get together and arrange with our bands to give a number of concerts during the next few months. No doubt all the citizens will stand behind them.

NO "BROWN TAILS"

In consequence of the reports of the Brown Tail caterpillars being found in large numbers at John O. Vanwart's, Evandale, the provincial agricultural department instructed William McIntosh to go to Evandale and investigate the matter. Mr. McIntosh returned to the city yesterday and states that the caterpillars reported are not Brown Tail, but Appleton caterpillars, a species common to the province. These caterpillars are easily killed by Bordeaux mixture. It is gratifying to know that the very dangerous Brown Tail is not known to occur in the province.—Standard.

ABOUT CANADA

On being interviewed in England Earl Grey says: "We had a delightful voyage in a most comfortable ship. The development of Canada is going as strong as it can go. The Maritime Provinces are as good for immigration as the northwest, and the prospects were never brighter," he said. "Why don't you come and see the country. You cannot understand it till you see it and visit it and when you have visited it once you won't be happy until you have seen it a dozen times." Earl Grey added that the Canadians were pleased with the present class of immigrants. He was finally asked about the imperial spirit in Canada. "The imperial spirit is all right in Canada," he answered. "Why, they are more imperial than you are. I wish you would come to Toronto and see the empire day celebration, as I saw, then you would know what I mean. The people in Canada believe in themselves and their future as part of the empire."

AN ELABORATE CAMP

George D. Pratt, of New York, the millionaire oil man, is building a handsome and elaborately appointed camp at Holmes Lake. The camp is situated near the southwest branch of the Miramichi and is in so sequestered a spot that a drive of forty miles is necessary to reach it. Mr. Pratt desires solitude and nearness to nature and he has found it in the location of his camp, the corduroy road to which leads through the virgin forests in sections little known save to the lumber cruiser, the hunter and the Indian. The camp is built on the log cabin plan, the bark being left on the logs and turned outward and the logs being "chinked" with moss after the fashion of the squatter of 100 years ago. The edifice is of one story but it covers an immense scope of ground, being 200 feet long and about 35 feet wide. Two huge old-fashioned fireplaces are provided each about seven feet high and built to take a stick eight feet long. Although the camp is built according to a primitive plan, there are many modern conveniences, including five bath rooms and complete electrical apparatus for lighting and other purposes.

Modern New Grand Stand at Dominion Exhibition, St. John, N. B.

In deciding upon a new and more commodious Grand Stand, the Executive Committee of the Dominion Exhibition, to be held in St. John N. B. September 5th to 15th, have realized that outdoor attractions lose much of their effectiveness if the sight seeing crowd is not provided with proper accommodations. This new Grand Stand will be situated almost directly opposite the old structure, which has been removed by the military authorities to make room for a new armory. It will be 208 feet long by 40 feet deep, with comfortable seats for 1,750 people. The plans call for the best of sight-seeing facilities, and the rows of seats are so carefully graded that no difficulty will be experienced by any occupant in seeing all that is going on in the fire-works, open-air entertainment and stock exhibiting departments. There will be a 10-foot promenade in front of the Grand Stand and a covered bazaar promenade underneath in the rear, as part of the Pike. The aisles will be large and amply wide, making access and egress easy. From this monster point of vantage some of the finest programmes of thrilling feats, pyrotechnics, etc., will be seen.

We Want Your WOOL YARN

The demand for our Yarns has grown to such proportions that we have decided to cut out all other lines we were manufacturing and make nothing but Yarns. So we take the opportunity to let you know that we will not manufacture or carry a stock of anything but Pure Wool Yarn.

We also decided that we would not be satisfied to make Yarn that we could say was just as good as any other. But we are making a pure Wool Yarn that we know to be the BEST ON THE MARKET.

All our Yarns are manufactured from Pure New Brunswick Wool, and it is admitted by all who profess to know that for making a good strong all-purpose Knitting Yarn, New Brunswick Wool is really the Best in the world. All the Dyes, Soaps, Oils, etc., that we use are the very best we can buy and are something that we know will not injure the wool in any way. We are also very careful to see that all the machinery is kept in perfect working order so make sure that the Wool Fibres will not be broken or cut in going through the different processes of manufacturing. In fact we are doing the very best we can to put up an article that will satisfy our customers in every way.

We have a large stock of our Yarns on hand in all the different sizes and colors we manufacture, which we will be pleased to let you have in exchange for your Wool.

Washed wool taken in exchange for Yarn at 25c. per lb. Unwashed wool taken in exchange for Yarn at 15c. per lb.

Or if you wish to have your own Wool made into Yarn, we will make it up in any of the different sizes and colors we manufacture for the following charges:

Carding and Spinning: 10c. per lb. Coloring Medium Grey: 20c. per lb. Carding, Spinning and Twisting, 17c. lb. Coloring Dark Grey: 30c. per lb. Coloring, Light Grey: 1c. per lb. Coloring Black: 40c. per lb. We prepay freight on returns for Wool when Wool is shipped in lots of 100 lbs. or over.

Samples and further information will be gladly furnished on application to

SOCIALISM

As mentioned in our last issue we published a lengthy epistle on Socialism by our learned correspondent H. H. Stuart.

We are not clear as to what other kind of mothers he had in his mind. But let us analyze the doctrine as he advocates it.

Under present conditions the mother is the home-maker and as such the nation builder.

Under present conditions the mother is the home-maker and as such the nation builder.

If she was in her home assisting parents or guiding the destinies of her family, men would have more work and better pay, and be better able to love, cherish and protect.

Then again he says he would give her the same wages as men for the same amount of work and in the same column he consistently announces that THE ABOLITION OF ALL WAGE EARNING.

We have no fault with the elevation and organization of Labor Christianity worked to that end, as witness the self-sacrifice of the ancient Guilds &c.

MONCTON FLOODED BY CLOUD-BURST

Terrible Lightning With It—Two Persons Struck by Bolt That Damaged Residence—Streets Overflowed and Many Cellars were Filled.

Moncton, June 22—Moncton's main street was turned into a small river and the side streets into swift flowing streams by a deluge of rain between 4 and 5 o'clock this afternoon.

The city was virtually flooded for about three-quarters of an hour and a cloudburst over the city was the only explanation of such a terrific down-pour.

Lightning struck in several places, did no material damage. D. W. Wilbur's house occupied by his mother, on the Mountain Road, was struck and George Wilbur was struck.

Expect to Have Finished Drummond Docks Here by July 31.

D. W. B. Reid of Reid & Archibald, the Halifax firm of building contractors, returned a few days ago from Halifax and Colchester counties where he was taking options for the Incorporators of the Halifax and Eastern Railway.

Reid and Archibald are rushing construction of the Drummond docks here, expecting to have finished by the end of next month.

As the Toronto Globe remarks:—Whatever else may be said with truth about the Minister of Public Works, no one can seriously question either his business ability or his Parliamentary aptitude.

The chimney on Dan Madden's restaurant, corner of Main and Bonaccord streets, was struck by lightning, going down the chimney and knocking down the stove pipe. The damage was only slight.

In Newcastle the storm came on suddenly about 7 o'clock, when the rain poured in torrents, little brooks forming in every ditch. Considerable inconvenience was caused, but although the lightning was very sharp, no particular damage was done.

LARGE SIZED EGGS.

Mr. Edward H. Dewar, of the Waverley Hotel, who is commencing the foundation of an extensive poultry farm at New Maryland, recently imported some thoroughbred Blue Andalusian fowl from Scotland, the importation being made through an Ontario dealer. The birds are proving to be producers of large eggs, one which was seen by a reporter today measuring 8 1/8 by 6 7/8 inches and weighing over 4 ounces. Cleaner.

ON FISHING TRIP

The Richibucto Review says: "Mr. Cunningham, representing Massey Harris Co., called at Kouchibouguac on Thursday on his way from Pt. Lepine and while here telephoned for two bags of salt to be sent from Richibucto to Mr. Valentine Bourque, P. M. of Shediac, who has been at Portage River on an extended fishing trip. It looks as if Mr. Bourque had unprecedented good luck and his catch of trout must have been large to require so much salt to come to the Kouchibouguac fishing grounds." Mr. Cunningham is well known in Newcastle.

MARIE LOUISE PAULIN

The death of Marie Louise, the seven months old daughter of Mr. and Mrs. Joseph D. Paulin, occurred on Saturday morning. The little one was buried on Sunday afternoon at 4 o'clock, Rev. P. W. Dixon officiating at the last sad services. The pallbearers were six little girls, Helen Neif, Lottie McWilliam, Beatrice and Marguerite Dolan, May Dunn and Miss McCarron. Much sympathy is felt for the bereaved parents, who not long ago also lost the eldest of their three children.

QUARTERLY MEETING

At its meeting in Doaktown on the 17, 18 and 19th instant, the Tenth District meeting of the Baptist church elected Rev. J. G. A. Belyea of Doaktown, president and Rev. Dr. Cousins of Newcastle clerk and treasurer. A hearty invitation was given from the Strangerville church for the next quarterly meeting to assemble there in September next. The reports from the various churches of the 10th District were read. The clerk stated that 10 churches had reported but that Campbellton church report had not yet come to hand. All the reports were of an encouraging and hopeful nature. Progress was reported all along the line, especially at Newcastle when a large building scheme was well in hand. After a statement of Blackville re the church at Grey Rapids it was decided to recommend the completion of the church edifice there, now that the site and building had been decided to the association and to urge upon the Underhill church the desirability of taking the matter in hand at once and raise the necessary funds for the completion of the work.

PROHIBITIONISTS ARE AFTER CHARLOTTETOWN CLUB; SOME PROMINENT MEN TO BE HEARD

Charlottetown, P. E. I., June 22.—Considerable interest is taken in the trial of the steward of the Ch. Charlottetown Club for violation of the prohibition act. It is said that since the act came into force liquors have been dispensed at the club but no action was taken as it was believed that the law did not apply to clubs.

A recent decision in England

that liquor procured at clubs by members who paid for it constituted a sale has led prohibitionists here to prosecute. The evidence showed that liquor procured at the club contrary to the rules had been used by members in their homes. Twenty-four witnesses will be summoned including some of the most influential business and professional men.

SOLD HIS DAUGHTER FOR FIFTY DOLLARS

Ottawa, June 20.—High Constable Grotix of Hull, who has been on a tour of the Gatineau district, brought down a curious story of a father's bartering with the highest bidder for the hand of his daughter. The man is Joe Menard. He is said to have told his daughter's lover that he could have her only on the payment of \$100, but the offer was turned down, whereupon he is said to have reduced the figure to \$50, which was accepted by another young man, and the pair were married.

COUPLE DRANK BOTTLE OF BEER; ONE DEAD AND THE OTHER DYING

ENFORCING SCOTT ACT VIGOROUSLY IN CHATHAM

Packet Peddler and Man Who Bought Liquor for Another Fined \$50 Each.

Chatham, June 21.—The enforcement of the Scott act is being carried out quite in keeping with the wishes of the police committee, whose views on the matter are of a most decided nature. It has proven practicable to keep the town reasonably clear of the selling of liquor.

A meeting of the police committee was held last week. The chief of police and the four patrolmen were present and were instructed that their vigilance in enforcing the act was to continue without cessation or slackening. It was stated by a member of the committee that the movement is not a temporary one, but that the act will be enforced permanently.

At the police court last week John Savage was fined \$50 for purchasing a bottle of gin for another. In default of payment he was sent to jail for one month.

Edward Haley was fined a like amount on Saturday for a similar offence.

Cases against George Morris and Allan Mann were dismissed for lack of evidence.

William Dickens was on Monday, fined \$50 and \$8 costs for a first violation of the Scott act. The evidence showed that the liquor was sold by the defendant in the manner known as peddling.

"But, my man," expostulated the latter, noticing the seedy appearance of the dusty musician, "I don't see how I can use your talent. Why, we only engage orchestras direct from Hungary."

"Yeh, ve vas next ding to it," responded the leader without a smile. "Yeh, mein herr. Ve vas not an orchestra from Hungary, yeh, ve vas a hungry orchestra." And they got the job.

There are people who occupy themselves so much in thinking what they had rather do—that they never succeed in doing anything.

Canada imported 77,000,000 pounds of wire from the United States last year indicating what a nation of wire-pullers we are, anyway.

The British Museum contains books written on oyster shells, ticks, tiles, bones, ivory, lead, iron, sheepskin and palm leaves.

The Millinery Trade Review says, "The chanceler crase, so far as millinery is concerned, has met a violent and sudden death."

They are now talking of a civic lighting plant in Montreal, as one of the desirable reforms that might properly be secured under the new regime.

This damp weather may be uncomfortable, but it will have its compensations, for they tell us that the straw berry crop this year will beat all records.

Boston is today facing a strike of workers in various trades that the men say may assume large proportions.

The report of a discovery of silver between Fort William and Port Arthur goes to show that Canada's mineral wealth may yet exceed all suspected possibilities.

In placing orders for rolling stock to the value of about two million dollars the Grand Trunk Railway Company announces its participation in the growing times.

The scientists gravely announce that there is sodium in large quantities visible in Hallow's count. Perhaps the inhabitants of Mars have been putting salt on its tail.

Who says that the Galicians in Western Canada are not being assimilated? A crowd of them employed on railway construction the other day struck for higher wages.

The civil list granted to King George of England will bring him in about \$2,350,000 a year as the gift of the people to his expense account.

An attempt will be made to vindicate Dr. Cook. Whatever may be said of the Doctor's moral status, he has done more than any other man to discourage the sacrifice of life and health in efforts after the glory of reaching either Pole.

Science has lifted the band of kissing which it had been endeavoring to maintain with such indifferent success. It is now all right for healthy persons to while away a pleasant half hour trading microbes.

A St. John correspondent tells the Montreal Star: "Is it a fact that a well known man in the city during the day 'night'?" The Star replies that it is.

The civilized world will sincerely mourn the death of Dr. Koch, whose researches into the origin and progress of tuberculosis have made him a benefactor of the race.

For sheer pathos, what is recent autobiography, can surpass the sentence in one of Shakespeare's last letters written in the Bermudas: "There is no other orphan so wretched, so ruined, so forsaken as I am. I, a battered old derelict, washing about the wastes of a great sea, with nobody on the bridge." Was there then no pilot by when he put out to sea?

The Legationists in Britain and out of it claim that Princess Luwig of Bavaria, who before her marriage was the Duchess Marie Theresia of Elix, should now be Sovereign of England.

Colonel Roosevelt has broken out again. This time he complains of Britain's leniency in Egypt. Probably he would prefer the sort of imperialism which he instructed in the Philippines.

Mrs. Hamilton, of Kirkcubright, Scotland, widow of the Rev. George Hamilton, minister of the parish from 1820 to 1836, has just entered her 107 year. She has been a widow for 74 years.

Since January 10, of the present year no less a sum than \$21,674,252 of British capital has been invested in Canada. The British investor has ample faith in our ability to pay, and why should he not here.

In the Irish constabulary there are loud complaints of unfavorable conditions. Perhaps we gain indirectly from this, for some of the most active guardians of our morals have come from the Irish constabulary.

We hear a lot about the June bride these days. But what about the June bridegroom, poor fellow? This plunges into the sea of matrimony is not taken every day and some no doubt are shivering on the brink.

Some speed records were broken at an automobile meet the other day, but the fact that appealed to the headline writer in a leading paper was the fact that "only two were injured." He had naturally expected it to be much worse.

There is a statement in circulation to the effect that in the State of Maine between a hundred thousand and one hundred and fifty thousand apple trees have been set out this year. Maine is apparently going into the business of cider raising.

A curious error was made in the inscription on King Edward's coffin. The last line of it read: "Regni sui IX." That is, "and in the ninth year of his reign." Edward's reign began on January 22, 1910, and the ninth year was completed on January 21, 1919. Consequently, he died in the tenth year of his reign, not the ninth, as the inscription on the coffin has it.

Montreal police paid no attention to the statement of an aged man, arrested as a drunk, when he said he had been shot. After spending the night in the cell, it transpired that he had a bullet in his head and may not live.

A London despatch to the New York Herald says: "The Marquis of Northampton has higher hopes of the aeroplane than any one has hitherto dreamed of. He said at the 1910 annual meeting of the British and Foreign Bible Society that they should be able in the not far distant future to reach by airships the 400,000 people who never read the Bible and drop testaments among them in that way as airships could go where no missionaries cared to appear."

A discovery which may solve the garbage waste problem of Boston, has been made by a nun. Mayor Fitzgerald says that the nun's discovery is now being investigated and tested, and so far with favorable results.

Following the report of a commission that last year's garbage removal cost nearly \$800,000, came a letter from the little nun, giving the facts about her discovery. It was tried with satisfactory results, and it may be that the work of a nun may solve a problem that American and European cities have been trying to solve for many years.

The King of Siam will visit America this summer, bringing forty wives with him. When he gets the bill for his first breakfast at a Broadway hotel the taxes will be imposed on the Siamese. Twenty-seven per cent. more land is under crop in Alberta this year than last. A country whose crop area doubles in four years has not much to complain about.

John D. Rockefeller recently got a check for \$3,715,380 as a dividend from the Standard Oil Company. At this rate his income from this source alone this year will be nearly \$15,000,000.

Several churches have been robbed in Ottawa this week. As most of the Cabinet members are out of the City the editorial writers on the Conservative papers will find it difficult to name the culprit.

Improvement comes slowly in respect of the destruction of life through the operation of steam and electric railways. In the State of Pennsylvania 161 persons were killed during the month of April last, and more than 120 times as many injured.

CONSUMPTION In the cure of consumption, concentrated, easily digested nourishment is necessary. For 35 years Scott's Emulsion has been the standard, world-wide treatment for consumption.

"I HONESTLY BELIEVE 'FRUIT-A-TIVES'"

The Greatest Cure For Rheumatism In The World

For many years, I suffered from severe Rheumatism, and the attacks were very distressing and prevented me from doing my ordinary work. I tried many remedies and physicians' treatments, but nothing seemed to do me much good.

Such a statement could not be bought from a man like Mr. Mills. He thinks too much of his good name, to sell it or sign it to an untruth.

It is a case like Mr. Mills' that proves the marvelous powers of "Fruit-a-tives" in arresting and curing disease.

NOTICE.

To Emily Jones and Harry Jones, both of Newcastle in the County of Northumberland and Province of New Brunswick, and to all others whom it may concern:

NOTICE is hereby given that under and by virtue of a Power of Sale contained in a certain Indenture of Mortgage bearing date the eighteenth day of November, in the year of our Lord, one thousand nine hundred and seven, and made between Emily Jones, married woman and wife of Harry Jones of Newcastle in the County of Northumberland and Province of New Brunswick, Esq., and the said Harry Jones of the one part and William L. Curtis of the other part, and registered the sixth day of December, A. D. 1907 at three-thirty o'clock in the afternoon in volume 86 of the County Records on pages 379, 380 and 381, and numbered 243 in said volume, there will for the purpose of satisfying monies due on and secured by said mortgage, default having been made in the payment thereof, be sold at Public Auction on Highway Road in front of said Premises in the Town of Newcastle in the said County on Wednesday the twentieth day of July next at the hour of twelve o'clock noon.

All that lot of land and premises situate in the Town of Newcastle in the County aforesaid and bounded as follows: 2. Commencing at the Southerly boundary of the New Highway, so called, in the Town of Newcastle aforesaid at a point where Thomas Matheson's Westerly side line meets the same highway; thence Westerly along the said Highway one hundred and sixty seven (167) feet; thence Southerly on a line parallel with the said Thomas Matheson's Westerly side line three hundred and six (306) feet; thence Easterly on a line parallel with the said New Highway forty-five (45) feet; thence Southerly on a line parallel with the said Thomas Matheson's Westerly side line one hundred (100) feet or until it meets the Northerly boundary of the New Road leading from Newcastle to Rosbank; thence Easterly along the said New Road one hundred and twelve (112) feet or until it meets the Westerly side line of Thomas Matheson's land; thence Northerly along the said Thomas Matheson's Westerly side line four hundred and six (406) feet to the place of beginning. Being a part of a lot of lands in his lifetime owned by Patrick Donovan of Newcastle, now deceased, and which said lot was conveyed to the said Emily Jones by Susan Donovan, Maria Donovan, Charles Donovan and William Donovan, heirs of Patrick Donovan, by indenture dated the twenty-sixth day of September, A. D. 1907.

Together with all and singular the houses, buildings and improvements thereon, and the rights, members, privileges and appurtenances thereof, to the said lands and premises belonging or in any wise appertaining. Dated the twenty-sixth day of April, A. D. 1910 (Sgd) WILLIAM L. CURTIS, Mortgagee.

Campbellton, June 24—There was a great gathering of the Micmac Indians today at the mission of St. Anne de Restigouche to celebrate the ter-centenary of the baptism of twenty-one members of the tribe, with their Chief, Member Tou, which ceremony occurred June 24th, 1910, at Fort Royal, Nova Scotia, Rev. Jesse Fleche, a French missionary of that time, receiving these savages into the church. These conversions were followed by others, and in a short time the whole tribe had enlisted under the banners of Christianity.

The demonstration will be continued tomorrow and Sunday. The new church will be dedicated tomorrow, and on Sunday there will be confirmation of Micmac children.
