Four Master Launched From Miramichi Yards

Last Tuesday, about 6.45 p. m. one of the finest vessels ever built on the Miramichi was launched at Nordin, N. B. Great crowds assembled shortly after 6 o'clock p. m. to witness the launching of the first vessel of considerable size that has taken the water from Miramichi yards for many years. Not a hitch in the calculations of those in charge occurred and sharp on schedule time the vessel began to move from her cradle. Every thing worked in clock-like fashion, and the vessel made a most spectacular sight, in her plunge to the water and those who witnessed the scene were loud in their praises of the success of the launching and the efficient manner in which the officials had the work planned. The vessel is a four master of 600 tons and was built by the Miramichi Construction Co., Ltd. of Nordin, N. B.

Mr. H. A. Frank, who is manager of the company, is deserving of much credit for the building and launching of the vessel. He has had a large amount of experience in shipbuilding in Nova Scotia, and has made a grand success of every vessel which he has undertaken to build. Mr. Frank has put his whole time and energy into the shipbuilding business and the launching of this fine vessel is another proof of his sound judgement and foresight in the shipbuilding industry. Early last spring Mr. Frank, predicted that the vessel would take the water before the end of August, and this shows how carefully and minutely he has calculated his work. Mr. Howard Allen of Liverpool, N. S. who has had many years experience in shipbuilding was the master builder.

It is expected that the ship will be ready for sea in about one month's time. She has been very carefully constructed and is considered one of the best built vessels in the province.

We sincerely hope that this fine piece of workmanship is only a prelude to the inauguration of the shipbuilding industry on a much larger scale in the future.

Newcastle Girl Dies From Acute Sepsis

The death of Margaret My Harris the 16 year old daughter of Mr and Mrs. John Harris, occurred on Thursday afternoon at her home here. Preparatory to attending school, deceased had been vaccinated and shortly afterwards a virulent infection of a slight wound of the face set in. Death was due to acute sepsis. The vaccination was an unfortunate coincident but was in no way responsible for her death.

Medical aid was immediately summoned and although everything possible was done she passed away on Thursday.

Much sympathy is felt for the parents of the deceased as she was the eldest member of the family.

Besides her parents she leaves to mourn her sisters, Jessie and Helen and two brothers, Russell and James. The funeral was held Friday afternoon. Interment at Redbank. The service at the house was conducted by Rev. Mr. Kinley and at the grave by Rev. Mr. Weaver.

HAS JOINED STAFF

Mr. William E. Mitchell has joined the staff of F. B. McCurdy & Co., Investment Bankers Halifax. Mr. Mitchell is well known throughout the Province from his long association with Buckley Brothers as Manager of their Halifax drug business.

Card of Thanks

While speaking from the Band Stand on Reception Day, His Worship Mayor Doyle, stated that while he recognized the pleasant day which the citizens had given to the Returned Soldiers; it was at the same time due the men who had so nobly fought for their King and Country. He also stated that he hoped in the future that the Newcastle Band would be provided with instruments by the citizens of the town and, it would not be necessary for them to borrow instruments, as was the case today. His Worship also drew the attention of the citizens to the splendid arch which had been erected free of charge by Messrs. William and Hubert Sinclair, and to the magnificent work, which had been performed by the Ladies of the Red Cross Society, to whom much of the credit for the successful day is due.

In case these remarks were not heard, by the large audience which was present, His Worship hereby takes this opportunity to again convey his thanks to all the citizens of the town in general, for their efforts in making the Returned Soldier Reception the success in every respect which it proved to be.

Especially does he wish to express his deep appreciation to the different members of the committees who had charge of the days programme, and who worked so hard to give the returned soldiers such an enjoyable time as they received. Also to Messrs. William and Hubert Sinclair, who so generously donated the beautiful Welcome Arch, without charge whatever to the town or reception committee.

To the Chatham and Newcastle Bands who supplied the excellent music for the day and which was so much enjoyed by all and to the ladies of the Red Cross Society, who supplied the Returned Soldiers with such a bountiful dinner, and who were so untiring in their efforts to make the boys feel at home.

PREPARING FOR RE-FORESTRATION

Mr. Butenschon, of Norway who recently purchased Beaubear's Island, has commenced digging the basement of his new building, which he purposes erecting this fall. He has also begun marking the trees which are to be cut this coming winter; in order to enable him to begin his reforestation work, which he intends to conduct on the island. Mr. Butenschon has had a large amount of experience in this work in Europe, and expects to do considerable work in this line on the properties recently purchased by him. This is a move in the right direction and no doubt much valuable information and results will be gained by our lumbermen from the knowledge and experience which Mr. Butenschon possesses.

STEAMER STRUCK DRAW

While the steamer, which loaded Lumber at the Fraser Mill Wharf was passing through the Morrissy Bridge on Wednesday she struck the draw and slightly damaged it. The steamer received no injury and continued on her voyage.

HAD FOOT CRUSHED

While at his work on Tuesday Mr. Wm. Corbett Jr. had his foot badly hurt by a box of soap falling on it and breaking one of the bones. He will be laid up by the injury for some time.

Newcastle District Will Raise \$12,000

A large and successful meeting of the Chatham district of the Methodist church was held here on Thursday in connection with the national campaign and the inter-church forward movement. There was a very large attendance and matters of importance were discussed and dealt with.

During the meeting addresses were given by Rev. R. J. E. Simpson, of Toronto, secretary-treasurer of the support fund; by Rev. E. F. McL. Smith, provincial organizer of the forward movement, and by Rev. H. E. Thomas, of Sackville.

After considerable discussion the district agreed to raise the objective of \$12,000 for the forward movement and the following committee was appointed: W. B. Snowball, Chatham; Rev. G. H. Ross, of Bathurst; and Rev. E. D. Stothard, of Chatham.

A largely attended meeting was also held in the evening and all the representatives of the churches in the community were present. The resident ministers were also present. Rev. W. J. Bate of the Anglican church sent his regrets in not being able to be present, but expressed his hearty sympathy with the movement. Rev. G. H. Kinley of the Baptist church was also unable to be present, but also was in sympathy with the movement and hoped that the Baptist church would join the forces in the great campaign.

PUBLISHING WITHOUT KNOWLEDGE OF FACTS

Lately the editor of the Chatham World has been publishing items in his newspaper evidently before he ascertained the facts, as he has already made two corrections namely, that Inspector Allison has not resigned and that Organizer Tighe of the International Union does not get all the money collected from the members of the Union formed on the Miramichi. The Commodore is surely old enough in the newspaper game to know that facts are what the public want and not fiction.

Numerous other articles of his could be contradicted, but what's the use, at his opinions are not generally regarded seriously.

The Prince deposits a wreath at Monument des Braves at Quebec

Newcastle Entertains Her Heroes in Grand Style

Biggest Day Ever Held on the Miramichi-- A Grand Success in every Respect--Big Parade, Dinner, Field Sports, Aquatic Races, Pike, Bands, Speeches and Fireworks.

Regrettable Accident to Police Magistrate J. R. Lawlor in Closing Hours of Celebration.

Newcastle proved worthy of itself on Wednesday August 27th, when her Returned Soldiers were the guests of the town. The weather was delightful and the town was crowded with visitors from all parts of the province. Never in the history of the North Shore was a more gala day witnessed. Early in the morning the crowd of spectators began to assemble in the Public Square; and by 9 o'clock the square was one seething mass of humanity. Sharp on time at 9.30 the Returned Soldiers headed by the Newcastle Band marched from the Armory to the Band Stand; where three rousing cheers were given by the spectators for the Returned Soldiers and the King. Mayor D. P. Doyle addressed the Returned Soldiers for a brief period, in which he thanked the soldiers; on behalf of the Town of Newcastle, for their services overseas; and extended to them the Freedom of the Town, and wished they would all enjoy themselves. The Returned Soldiers were then placed in decorated automobiles; and conveyed to the starting point, from which the parade started. The Parade was in charge of Lieutenants Chas. Sargeant and J. R. Lawlor, who are to be complimented in the efficient manner in which the parade was conducted. Not a hitch occurred and by 10 o'clock the parade started and moved through the principal streets in town, and returned to the Band Stand. A magnificent welcome Arch was erected by Messrs. William and Hubert Sinclair, in honor of the returned heroes; between Messrs. B. F. Maltby and James Mailers store at the Post Office and the Parade marched through this arch, during which the spectators delivered rousing cheers. The line up of the Parade was as follows:

- Chas. Sargeant, Marshall, Newcastle Band
- Sixty Beautifully decorated automobiles containing the Returned Soldiers and Nurses.
- J. R. Lawlor, Marshall
- Float (Peace)
- Newcastle Fire Dept. Hose Wagon
- Form Dance Pavillion.
- Float (Miramichi Mfg. Co. Ltd.)
- Float (Oriental Hut)
- Float, (Britain & Colonies)
- Float, Red Cross Nurse
- Horse Jockey (Edward Morris)
- Float (D. W. Stothart).

- Float (Brittania)
- Float (Japanese Garden)
- Float (L. Grossman & Son)
- Float (Ford Auto Accessories)
- Float (Stothart Mercantile Co.)

Each float was beautifully designed and showed that time labor and expense were not spared in their preparation. The Peace Float was prepared by Mrs. William Stables, who standing drove the team. Mrs. Stables represented Peace, and had associated with her Margaret Stables representing Britannia, Ruth Elder of the United States, Catherine Stables, Belgium; Isabel Stables, Italy, Margaret Elder Japan; Isabel Ferguson, France and Florence Stables, Canada.

The Farm Dance Pavillion, caused much laughter and the following men took part in it--M. Coughlan, L. Mitchell, C. McWilliam, E. McGrath, P. Sullivan, W. Condon, H. Thibideau, C. Casey, C. Morris, J. Mitchell and J. Wright.

The Oriental Hut, was very tastefully decorated and presented a true picture of the huts in the Orient. The following young ladies comprised this float and are deserving of much praise: Misses Helen Neif, Lottie McWilliam, Dorothy and Agnes Lawlor.

Britain and her colonies was arranged by Mr. R. G. Andrews. It was beautifully decorated and drawn by his team of Shetland Ponies driven by his little daughter Dorothy. Britain was represented by Dorothy Maltby, Scotland, Alice Stothart Ireland, Louise McDonald, Canada, Elizabeth Stothart, Australia, Ethelwylic Ferguson, New Zealand, Marjorie Ferguson, New Foundland, Alice McEvoy India Marion Stothart, Africa, Patricia Martineau, and four Boy Scouts walked alongside the float.

Red Cross Float, arranged by Miss Jessie Crocker was decidedly popular, and showed much taste and design. In it were Phyllis Hambley and Mary Sinclair, dressed as nurses.

The Britannia Float, contained Willis and Edward Sinclair, Willis White, Frank Park, Nan Linden; Mary and Hattie White. This float was neatly decorated and received much favorable comment.

The Japanese Garden Float was neatly arranged and drawn by four horses of the Miramichi Lumber Co. The ladies occupying this float were Mrs. R. Hutchison, Mrs. W. A. Park, Miss Catherine Aitken, Miss Hickson, Miss Ferrier and Miss Pierce. Mr. Redvers Bate was engaged at work in the garden.

The Stothart Mercantile Float was much commented upon, and showed the result of time and labor. It represented a home and grounds, with a returned soldier and his mother sitting at the door talking, while the mother was busily engaged knitting. Miss Ethel Allison and Mr. Percy Clarke took the part of mother and soldier respectively.

Mr. Chas. J. Morrissy's automobile, conveyed His Worship Mayor D. P. Doyle, Charles Robinson of St. John, Sec'y of the Returned Soldiers' of N. B. and several of the returned officers of Newcastle.

Mrs. E. H. Sinclair in her automobile which was tastefully decorated conveyed the following nurses who returned from overseas, Mrs. Chas. H. Gough, Misses Laura Aitken Elizabeth Gremley, Abigail Stewart of the U. S. Red Cross and Miss Claire Creaghan, V. A. D.

Prizes for the above floats were awarded as follows:

Best Decorated Float--1st prize Jap-

Doctor Contradicts Press Report

Local Reporters to Outside Papers give False Report Regarding Death of Miss Margaret Harris of Newcastle.

Newcastle, N. B. Sept 1st 1919
To F. J. Desmond,
District Medical Health Officer
Newcastle, N. B.
From R. Nicholson, M. D.
Re Alleged Death from Vaccination of Miss Margaret Harris of Newcastle.

According to reports, in the newspapers of the Province, the death of Miss Margaret Harris has been attributed to Vaccination. Now this is incorrect, as the death of Miss Harris was due to Acute Sepsis the result of a virulent infection of a slight wound of the face. Miss Harris showed at the same time an active vaccination which was typical, and there was not the least evidence of extraneous infection at this point while the infection of the face failed to show the least evidence of vaccine inoculation. In fact the infection on the face apparently overhadowed and held in abeyance the vaccination.

The vaccination was an unfortunate coincident and in no way responsible for the death.

R. Nicholson, M. D.

WEDDINGS

CARNAHAN-LAPOINTE

The marriage of Herman John Carnahan and Miss Mary Lapointe both of the parish of Derby took place at St Andrew's Church, Newcastle on Thursday afternoon August 28th. The service was performed by the rector the Rev. W. J. Bate.

DICKISON-BETTS

A wedding of much interest was solemnized at the bride's home in Doaktown, North Co. on Wednesday afternoon when Miss Muriel Betts, daughter of Mr. and Mrs. C. B. Betts was united in marriage by Rev. Mr. Belyea to Amos Dickison, of Dalhousie.

The bride, who was unattended, was gowned in white satin and was given in marriage by her father. After the ceremony a dainty supper was served and Mr. and Mrs. Dickison left on a trip to American cities.

KILLED BY AUTO

George Wilson, the eleven-year old boy who was struck by an auto at Renous Thursday, passed away from his injuries Friday. The little fellow who is a son of Andrew Wilson, of Lewiston, Maine, was visiting his aunt at Renous, and endeavored to cross the road in front of an auto owned by Theodore Giles, of Doaktown, and driven by Wm. Riley, of Chatham Head, about 7 o'clock, but was struck by the car and knocked down, the machine passing over his body. He was at once conveyed home and medical aid summoned, but, despite all efforts to save him, his injuries proved fatal.

anese Hut; Second prize, Red Cross Most Original float--Stothart Mercantile.

First prize for the best decorated auto was awarded to Mrs. Charles Stothart; Second prize to Mrs. E. H. Sinclair.

The judges were Hon. J. P. Burchill, Mr. L. D. Murray, Manager of the Bank of Nova Scotia and Mr. R. Corry Clarke.

The Parade dispersed at the Band Stand, at 11.30 o'clock, and the Returned Soldiers were taken to the Armory, where a bountiful dinner was supplied them by the ladies of the Red Cross Society During Dinner, the Returned Soldiers were each presented with a Patriotic Envelope, addressed, "To Our Guests" The Returned Soldiers, which contained a beautiful Souvenir card thanking the returned men for their services, and signed by Mayor D. P. Doyle on behalf of the citizens of the Town. Each envelope also contained a ticket worth \$2.00, which were for the soldier's own private use in procuring refreshments from the town booths. The

Many People Report Big Gains in Weight

Thousands of Thin, Frail People Restored to Health by Tanlac

MANY REMARKABLE EXPERIENCES TOLD

People in all Ranks of Life Tell What Celebrated Medicine Has Done for Them

One of the most noteworthy features in connection with Tanlac and the one that stands out more prominently than any other, perhaps, is the very large number of well-known men and women from all parts of the country who have recently reported astonishing and rapid increases in weight as a result of its use.

When so many well-known people of unquestioned integrity make statements after statement, each corroborating the other, the truth of such statements can no longer be doubted.

Thousands have testified that this famous medicine has completely restored them to health and strength, after every other medicine and the most skilled medical treatment have failed.

One of the most remarkable cases on record is that of Mrs. Viola Ives, of 315 Cross Street, Little Rock, Ark., whose statement appears below.

"In May of 1913," said Mrs. Ives "I suffered a complete breakdown of my nerves and my entire system gave way. About six weeks afterwards I was carried to the hospital. I became perfectly helpless—couldn't move any part of my body and just lay there in bed for five months, not knowing anything or anybody. I was brought home in October, 1913, and tried all kinds of medicine and everything I was told about.

"I read about so many people getting relief by taking Tanlac and my husband got me a bottle. After taking three bottles I began to feel better. I have taken several bottles of Tanlac now and I can walk anywhere and sleep like a child. When I took my first dose of Tanlac I weighed only one hundred and twenty-two pounds. I now weigh one hundred and sixty-two—an actual gain of forty pounds since I started on Tanlac."

Texas Man Testifies.

Another remarkable case was that of John M. Crabtree, a general merchant of Five Mile Station A., Dallas, Texas:

"I have actually gained thirty-four pounds on three bottles of Tanlac and I now know what it is to enjoy good health after suffering for twenty years," said Mr. Crabtree.

"I suffered with catarrh of the stomach and indigestion for twenty years and for eighteen months, before I started taking Tanlac. I had to live almost entirely on cereals. I spent nearly all of one whole year in bed and was unable to do anything at all and I fell off in weight to 118 pounds.

"After using my third bottle of Tanlac I found I had increased in weight from 118 pounds to 152 pounds, making an actual gain of thirty-four pounds—all my troubles were gone, and I was feeling like another man."

Captain Jeff D. Riggs, popular Y. & M. V. engineer, running between Vicksburg and New Orleans and residing at 2020 Pearl Street, Vicksburg, in speaking of his experience with Tanlac said: "Yes, sir, it's an actual fact, I have gained twenty-five pounds on Tanlac."

"When I began taking the medicine," continued Captain Riggs, "I was simply a nervous and physical wreck and had dropped down in weight from one hundred and forty to one hundred and ten pounds.

"I have just finished my second bottle of Tanlac, have gained twenty-

Mrs. Chas. Peden Gains 27 Pounds

WAS TWICE EXAMINED AND TOLD OPERATION WOULD BE HER ONLY HOPE.

"I have just finished my third bottle of Tanlac and have gained twenty-seven pounds," was the truly remarkable statement made by Mrs. Charles Peden, residing at 55 Mill Street, Huntsville, Ala.

"When I commenced taking the medicine," she continued, "I only weighed ninety-eight (98) pounds; now I weigh 125 pounds, and never felt better in my life. For years I have suffered with a bad form of stomach trouble, constipation and pains in my side and back. At times the pains took the form of torture, and I was told that I had appendicitis and that an operation would be my only hope.

"I had made all preparations for the operations, and called in my sister to tell her good-bye, as I did not know whether I would live to see her again or not. My sister begged and pleaded with me not to allow them to cut on me and told me to wait and try a good tonic for a while. The next day, as I returned from the consultation room, I thought of what she said, and as I heard so much about Tanlac, I decided to try it and get a bottle."

"I never returned for the operation, but just kept taking the Tanlac. Right from the start I began to feel better. The medicine seemed to take hold right at once.

"I was so happy over the wonderful improvement in my condition that I sent for my neighbors to tell them how much better I felt. I sent and got another bottle of Tanlac, and have just finished taking my third bottle and feel as if I have been made all over again into a new woman."

ty-five pounds and I feel like a new man."

Old-Time Engineer Talks.

Engineer Chas. J. Weeks, who runs the Seaboard Air Line fast train "Fox" between Jacksonville and Tampa, bears the distinction of being the second oldest engineer in point of service with this road, having been with the company for thirty-five years.

"I have gained twenty pounds on seven bottles of Tanlac and feel as well and happy as I did when a boy," said Mr. Weeks.

"For twenty years I suffered with nervous indigestion of the worst sort," he continued, "and at times during the past fifteen years I didn't think I would last much longer. To tell you the truth, I finally reached the point where I didn't much care whether I lived or died."

Thousands of other people all over the country have reported the same astonishing gains in weight after taking Tanlac. Among these are:

Mrs. E. O. Wilson, of 197 Bass St., Atlanta, Ga., who gained 25 pounds; Edward Reno, 1721 Broadway, Kansas City, Mo., who gained 25 pounds; Mrs. W. C. Cochran, of Juliata, Idaho, who gained 22 pounds; Mrs. Doll Davis, of 108 Samuel Ave., Peoria, Ill., who gained 30 pounds; Chas. E. Shaffer, 508 W. Charleston St., Portland, Ore., who gained 24 pounds; Mrs. Amelia Mann, R. F. D. No. 2, Ogden, Utah, who gained 26 pounds; W. S. Hukill, 7308 Park Ave., Tacoma, Wash., who gained 20 pounds; Mrs. B. W. Smith, 3113 Burdett St., Omaha, Neb., who gained 35 pounds; Fred W. Saunders, 710 Market St., San Francisco, Cal., who gained 24 pounds and many others too numerous to mention.

Tanlac is sold in Newcastle by E. J. Morris.

(Advt.)

Doctors Are Sending In Reports

Acting on the suggestion of the District Board of Health the doctors throughout the province are sending in reports of all cases of venereal disease that come to their notice, this action being in the line of the board's policy to treat the disease with the attention that it has long required.

Veneral disease is recognized by the medical authorities as one of the two greatest and most malignant diseases common in this province, and by putting it on the same plane as

smallpox and making all cases known reportable, it is thought that a basis will be secured to greatly reduce the number of cases which are known to be common throughout the province.

Whenever a case is reported, the party afflicted is taken in charge by the Board of Health for the district and the patient is kept under surveillance until completely cured.

The Board of Health is particularly desirous of preventing marriages between parties so afflicted, and in this respect are working jointly with the Soldiers' Civil Re-establishment Commission and organization engaged in social welfare.

Clean to handle. Sold by all Druggists, Grocers and General Stores

Huns Want To Leave The Fatherland

Berlin, Aug. 27.—Five million Germans have filed with the Central Bureau of Immigration and its sixty-four sub-stations applications for permission to leave the country. The majority of the intending emigrants are turning their eyes towards south America. A large number also have indicated their desire to settle in Palestine.

A circular letter from the leaders of the Spartacan party has fallen into the hands of the league for the protection of German culture. It says the party opposes this clause in the peace treaty relative to labor by German workmen in the rehabilitation of devastated districts in France and Belgium, saying the pact was signed by bourgeois with bourgeois. The letter states that the Spartacan organization will not send its laborers to France, and declares the manner of transporting workers, their separation from their families, and their quarters in barracks is reminiscent of bodily slavery.

With a view to countering an expected Spartacan anti-government pamphletting campaign of great proportions, Gustave Noske, secretary for military affairs, has forbidden the issue of brochures and pamphlets in greater Berlin or in the suburbs of Spandau, Tellow and other places. He also has forbidden the publication of newspapers without official sanction.

The government has decided to ask the national assembly to permit of the felling of forests to meet the coal crisis in the coming winter.

According to the Berlin Lokal Anzeiger all express train services and probably all passenger train services will be suspended at an early date throughout Germany, owing to lack of coal.

The Bavarian army officially ceased to exist to-day; it became part of the imperial defence army. President Ebert and Minister of Defence Noske were present at the ceremony.

Dr. Haniel von Haimhausen, former councillor of the German embassy at Washington, has been selected for appointment as German ambassador to the United States, according to authoritative information to-day.

Dr. W. S. Solf, the secretary for the colonies, is the selection for the ambassadorship to Great Britain, and Herr Radowicz, former under secretary of state, for the ambassadorship to China.

Fritz August Thiel, former German consular representative in Japan, has been picked for the post of ambassador at Tokio.

The appointments of the men selected for ambassadorships, it is stated, depend upon the attitude of the powers in question. If they send charges d'affaires to Berlin Germany will take like action as to representation in the capitals of such powers.

Washington, Aug. 27.—No inquiry has been made of the United States as to whether Haniel von Haimhausen will be acceptable as ambassador, but there is every indication that this government will not receive Haimhausen or any one else formerly connected with the embassy under the regime of Count von Bernstorff.

SONS OF TEMPERANCE TO MEET HERE

At the quarterly meeting of the Kent—Northumberland District of the Sons of Temperance, held in Harcourt Monday Aug. 25th, it was resolved to hold the next District Division on Thanksgiving in Newcastle.

THE EXPLANATION
Nature placed the growth-promoting "vitamins" in the oil of the cod-fish—this explains why **Scott's Emulsion** is so definite in its help to a child of any age. Latter-day science reveals that the "vitamins" are needed for normal growth. *Scott's Emulsion will help any child grow.*
Scott & Bowne, Toronto, Ont. 1919

Presentation To H. H. Stuart

On the eve of his departure for Sunny Brae to assume the principalship of the school there, Mr. H. H. Stuart was called upon at his home here Saturday by three of his last term's pupils, Misses Annie Young, Margaret Simpson and Muriel Russell, who on behalf of the pupils and teachers, presented him with a very handsome arm rocker and valuable fountain pen, and the following address, which was read by Miss Young:

Dear Mr. Stuart: We, the teachers and pupils of Douglastown, wish to extend to you our heartfelt thanks and appreciation for your work during your ten years as principal of the Douglastown Superior School. Your thoughtfulness of all those under your supervision and your anxiety for the success of your pupils will ever be to us a remembrance of your principalship, and we trust that in your new school year efforts may be crowned with success.

We beg of you to accept this gift as an appreciation of your work in Douglastown, and we wish you every success for many years to come.

Signed on behalf of the teachers and pupils

M. KEARNEY,
A. MORRISON
C. C. BREEN

Douglastown, Aug. 23, 1919.
Mr. Stuart made a very feeling and appreciative reply.

Currie Talks of Tory Convention

Toronto, Ont., Aug. 2.—In its news columns, tomorrow morning, The Globe will have the following about a proposed Dominion wide Conservative convention, Lieut-Colonel John A. Currie, M. P. for North Simcoe, having quoted as authority for the announcement:

"According to Lieut-Colonel John A. Currie, M. P., a Conservative convention for the whole of Canada is planned for this autumn. It will represent, he says, the formation of the new national committee, which was announced last night in Winnipeg by Hon. Robert Rogers.

"While there is no confirmation of the report forthcoming from Toronto Conservative committee rooms, it seems a not improbable development and would mark the definite split in the ranks of the Conservatives, some of whom are supporters of union government and others definitely opposed.

"Lieut-Colonel Currie, in discussing the situation said that in his opinion, national cleavage political parties were needed for national government. He was not opposed to coalition government in war time, but was emphatically opposed to a permanent Unionist party.

"Concerning the relation of the Rogers' movement to the prime minister, Lieut-Colonel Currie did not desire to be critical of Sir Robert Borden, but he thought that the party caucus authorized Sir Robert to form a real coalition government in which the identity of the Conservative party would not be ignored or lost."

German-Americans Carry On Their Propaganda

The New York Outlook, which championed the Allied cause from the moment Belgium was invaded; is still banned by German-Americans. The editors recently received a letter from Chicago containing the following threat:

You would have perhaps 200,000 subscribers and your advertising columns would tremble were it not for the fact that we hyphens were pledged to remember your rotten anti-German campaign before we were at war with Germany, and we are doing all we possibly can to touch you where it hurts most; namely at your pocketbook. Only the other day the writer's brother-in-law; the advertising manager of a firm making nationally advertised goods; was induced to keep their advertisement out of your publication and placed it in other magazines whose publishers had enough sense to keep quiet at that time. There are 20 million of us who have your number; and we are aware of the fact that now is our time to get even.

ONE OF THE 200000000
The Hun American organization is hard to destroy. It has enjoyed a marked revival since the conclusion of peace removed the veto upon its activities. It is co-operating with the Sinn Feiners in a persistent effort to stir up trouble between the American Republic and the British Empire.

Try **BEAVER FLOUR** Both Ways

Make up a batch of Bread and Rolls with it. Then bake a Pie and Cake.

Notice the fine, even texture—the absence of holes—the delicate, nutlike flavor, of the Bread.

Then consider the lightness and flakiness of the Pastry. You'll never go back to the coarse, almost tasteless western wheat flours, after once enjoying the flavor of the good things made with Beaver Flour.

Order a sack today.

DEALERS—write us for prices on Feed, Coarse Grains and Cereals. 208 THE T. H. TAYLOR CO. LIMITED, CHATHAM, Ont.

Just a Word with You

When buying a New RANGE there are certain things you have in mind that you feel are necessary, for example, it must be a good baker, it must have all the modern conveniences for saving fuel, saving useless work, trouble and expense, in short you want a thoroughly modern, complete and reliable RANGE, a pride to you and all the household.

Now thirty years of Range selling experience should make you absolutely safe in selecting one of our line. Remember all are exactly as represented and our guarantee goes with every one.

We carry a line of New Perfection Cook Oil Stoves and a very complete line of Refrigerators which will be in season directly.

WILSON'S FLY PADS

Kill them all, and the germs too, 10c a packet at Druggists, Grocers and General Stores.

THERE IS ONLY ONE GENUINE ASPIRIN

Only Tablets with "Bayer Cross", are Aspirin—No others!

If you don't see the "Bayer Cross" on the tablets, refuse them—they are not Aspirin at all. Your druggist gladly will give you the genuine "Bayer Tablets of Aspirin" because genuine Aspirin now is made by Canadians and owned by a Canadian Company. There is not a cent's worth of German interest in Aspirin, all rights being purchased from the U. S. Government. During the war, acid imitations were sold as Aspirin in pill boxes and various other containers. But now you can get genuine Aspirin, plainly stamped with the safety "Bayer Cross"—Aspirin proved safe by millions for Headache, Toothache, Earache, Rheumatism, Lumbago, Cold, Neuritis, and Pain generally. Handy tin boxes of 12 tablets—also larger "Bayer" packages. Aspirin is the trade mark (registered in Canada), of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

MINARD'S "KING OF PAIN" LINIMENT

Extract from a letter of a Canadian soldier in France. To Mrs. R. D. BAMBRICK: The Rectory, Yarmouth, N.S. Dear Mother:— I am keeping well, have good food and well protected from the weather, but have some difficulty keeping uninvited guests from visiting me. Have you any patriotic druggists that would give something for a gift overseas—if so do you know something that is good for everything? I do—Old MINARD'S Liniment. Your affectionate son, Rob. Manufactured by the Minard's Liniment Co. Ltd. Yarmouth, N.S.

General Botha Dies Suddenly

Pretoria, Union of South Africa Aug 28—General Louis Botha, premier and minister of agriculture of the Union of South Africa; died suddenly early this morning following an attack of influenza.

Louis Botha was born at Greytown, Natal, in 1863; and was a member of the first Volksraad of Transvaal; in which he represented the district of Vryheid. At the beginning of the Boer war in 1899; he was Voort-Garne, for that district. Joining the Boer forces in Northern Natal; he soon rose to high commands.

He was in charge of the Boer forces at the battle of Colenso and Spion Kop and following the death of General J. J. Joubert; he was made commander-in-chief of the Transvaal Boers. After the fall of Pretoria he re-organized the Boers; with a view to prolonged guerilla warfare; his forces offering steady resistance to the British up till late in 1901.

Following the peace negotiations between the Boers and the British; General Botha took a leading role in the period of reconstruction. After the grant of self-government to the Transvaal in 1907; General Botha was called upon to form a government. From this position he resigned in December, 1912; owing to dissension in the cabinet; but was immediately asked to form a new government.

At the outbreak of the great war in 1914, General Botha took command of the Union forces in South West Africa, achieving a complete success and compelling the German troops in that region to surrender. General Botha signed the peace treaty with Germany on behalf of the Union of South Africa on June 28 last. He arrived at Cape-town from Europe on July 28.

PAPER CONTROLLER PRINGLE'S VIEWS

OTTAWA, Aug 26—Commenting on the judgment of the paper control tribunal last night, paper controller Pringle said that while the judgment gave a reduction of three dollars per ton for a period of five months, it would mean going into the whole thing again at some future date as the judges had not dealt with the period prior to the fixing of the price at \$69 per ton.

"The judges did not take into consideration the period of eleven months when the price was fixed at \$50 per ton, and the five months at \$57 per ton," said Mr. Pringle. "They felt that if they went back to that price period it would disturb everything that had been done."

Mr. Pringle said the hearings would have to be resumed to settle the question of this prior period, but he could not give any estimate of the likely date of re-opening.

Gov't to be Wholesale Liquor Vendor

The government of the province will probably take over the wholesale vending of liquors on the first of November. Premier Foster announced yesterday and the policy of the government will be considered at its meeting in Fredericton next week. The commission authorized by the act will probably be then appointed for its administration.

At the last session of the legislature the prohibitory act was amended to permit the government to take over the buying and selling of liquor and to appoint a commission to carry on the business. The legislation was merely permissive and no date for putting it into effect was fixed. It was understood, however, that six months at least would elapse before the change was made and when the wholesale licenses expired on May 1, they were renewed for six months only, and at the end of this period the government commission will be ready to take their place.

Under the new legislation the commission will be the sole wholesale vendor for the province and the only authorized source through which licensed retail vendors may secure supplies of liquor. The change was made at the request of temperance organizations and upon representations made by them.

Coroner's Jury Returns Verdict in Richards Case

Moncton, August 28—The inquest into the death of Dominion Police Officer Joseph Richards was concluded last evening before Coroner Dr. Landry at Buctouche. The jury, after spending some time in deliberation, returned the following verdict: "We your jury empanelled to inquire into the cause of the death of Joseph Richards, Dominion police officer, found dead on the morning of August 22nd, beg leave to report that, after the evidence submitted, we find that the deceased came to his death from a firearm from some unknown source."

At the concluding session of the coroner's jury Octave J. Richards, a neighbor of the Nowlans, gave evidence that he had not seen Albert Nowlan, the prisoner, around on the morning of the shooting.

John Murray, mail driver, testified that Albert Nowlan told him that Dominion Police Officer Fagan was very rough. He also told him that he knew when the officers were coming to his house as he had a wireless outfit and friendly neighbors. Alprei Fagan, who was a Dominion police officer from July, 1918, until a few months ago, knew Joe Richards and also Albert Nowlan. He met Nowlan in March, 1919, at his father's home. Fagan was there after a deserter named Antoine Nowlan, a brother of Albert. Albert Nowlan said there was no law that could get his brother, Antoine, and that before Antoine would be taken some one would die in the house. He saw firearms in the house, a shot gun and a rifle. He had once sworn out a warrant for Albert Nowlan, but the magistrate handed it to another officer to serve. He never made the statement that he would shoot Nowlan if he attempted to run away from him.

Arrests Made In Sydney Murder Case Mystery

Sydney, N. S. Aug 27—No date has yet been set for the preliminary investigation in the cases of James Fury and John North, arrested yesterday at Glace Bay, charged with the murder of Alexander Campbell at the Bay on the night of April 25th. It will, however, probably be held within the next few days. The investigation is in the hands of the crown prosecutor, W. F. Carroll, of Sydney.

At the time Campbell's body was found last April it was at first supposed that he had been killed by a coal trap, but the coroner's jury which was empanelled recommended that the case be further investigated by the crown. Nothing further was heard of the matter until the arrest yesterday morning of the two men mentioned above.

At the investigation held on April 30th, it was learned from the evidence of several witnesses who were examined that the body was quite cold when picked up after the train had stopped.

Concerning Your Fall Shoes

If you would secure service and satisfaction from your shoes this Fall, it is more than ever important that you should go to a reputable dealer in whom you have confidence, and see that the maker's trade-mark is on the shoes you buy. This for the reason that leather is now scarcer than at any time during the war, prices are higher, and some grades of leather are to-day almost unobtainable at any price.

Millions of pairs of shoes, millions of feet of leather, have been bought for the Nations of Europe whose stocks of footwear were entirely wiped out by the war. This has more than offset the reduction in demand for army shoes. And coming upon a supply of material which was already scarce, it has resulted in a situation which, for the time being, is serious.

Therefore, unless you have first-hand technical knowledge of shoes and leather, you must rely more closely than ever this Fall upon the reputation of the maker and of the retailer.

The retailer who has a reputation to sustain will not endanger it for the sake of a little extra profit. And no established manufacturer will stamp his trade mark upon goods which do not represent good value at a fair price.

The chances are that you do not feel any great interest in the leather market, or in the conditions which govern the manufacture and distribution of shoes. But you ARE interested—vitaly interested—in securing for yourself and your family reliable footwear at fair prices. And the value which you receive for your hard-earned dollars is inexorably determined by those same conditions which govern what we call the shoe trade. You cannot control them, any more than we can. But you CAN control your method of buying, so as to get the greatest possible value for every dollar you spend.

So we think it only just and proper to tell you, at the commencement of each season, what the conditions really are, so that you may base your buying judgment upon them.

To Buy Wisely This Fall:

FIRST: Go to a reliable dealer whose reputation you know and whose judgment you can trust: and

SECOND: Make sure that the trade-mark of a manufacturer whose standing is known is stamped upon the shoes you buy.

Our booklet, "How to Buy Shoes," is gladly sent without charge to any address in Canada. Please address inquiries to our head office at Montreal.

The GUARANTEE that covers the PAINT that covers the SURFACE

THERE are plenty of reasons why you should use B-H Paint—but the one outstanding reason is told in the B-H Guarantee.

This is not like ordinary guarantees—it is a very definite and far-reaching one. It is a "hard and fast" commitment on the part of the well-known manufacturers of this product; by it they bind themselves to the use of a pure white lead and pure zinc in correct proportions.

It is these important basic ingredients that give to B-H Paint its remarkable covering capacity. These ingredients in proper proportion—when mixed with pure refined linseed oil and turpentine—ensure that your house will be properly painted with a smaller quantity of B-H Paint than you would have to use if you contented yourself with a paint of lesser quality. Do not, then, permit your desire to be economical to lead you on the "false economy trail" of cheap paints. That way lies extravagance. Only by using a high-quality paint, such as the B-H guarantee ensures, can you be certain of real economy which comes from the use of a paint that covers well and lasts wonderfully.

Building Activities

This year Newcastle is receiving her share of building activities, which we are pleased to record, and which is a good omen for our town. A number of good substantial buildings have been added to the town during the year, and considering the high state of the Lumber and labor market it speaks well for Newcastle, and assures us that our town is still on the upward trend. During this year the following buildings have been erected and they all add to the appearance of our community.

Mr. James Stables has erected a large wooden building with concrete basement in the rear of his residence on George St. which he will use as a warehouse and stable. Mr. Robert Galloway has built a beautiful residence in rear of St. James Presbyterian church which is a good building location and adds much to this street which has recently been opened up. Mr. Finlay Copp is erecting a new residence on Jane Street, near the C.N. Railway station and makes a decided improvement in this locality. Mr. Burton Somers has completed his beautiful residence on King's Highway and is built on a plan which appeals to many citizens.

The Baptist church, have under construction their new parsonage on King's Highway, and when completed will be a most suitable location and residence for their pastor. Mr. Herbert Whalen is finishing a concrete building on Regent St. which when completed will add to the appearance of this locality. Mr. J. D. Creaghan is making extensive repairs to his newly acquired property on the corner of Pleasant and Prince William Street and will not only greatly improve this corner but will materially assist the housing problem.

Mr. John Copp is also building a fine residence on the Chapin Island Road, a short distance from the Railway crossing, and when completed will add much to the appearance of this particular approach to the town.

Mr. James McLaughlin, is erecting for himself a fine residence on Radio Street. This street is rapidly building up and the buildings thereon are of a most desirable character.

A number of other buildings are expected to be erected in the near future, and generally speaking a good boom in building operations is in sight. This is a matter of congratulation for our town, and greatly diminishes the scarcity of buildings for occupation. The housing problem is one which is demanding the attention of the country at large, and it is indeed gratifying to see Newcastle receiving her share of the new buildings erected.

Why Beauty Fades

A Condition Due Entirely to Poor, Watery Blood

The girl who returns home from school or from work thoroughly tired out will be fortunate if she escapes a physical breakdown, because this getting tired so easily is probably the first warning symptom of a thinning blood that must not be disregarded if her health is to be preserved.

When the blood becomes thin and impure the patient becomes thin, pale haggard and angular. She not only tires out easily but suffers from headaches, palpitation of the heart, dizzy spells and a loss of appetite. This condition will go from bad to worse, until perhaps fatal consumption sets in, if prompt steps are not taken to increase and enrich the blood supply. To make the rich, red blood that brings the glow of health, no medicine yet discovered can equal Dr. Williams' Pink Pills. If given a fair trial their use brings rosy cheeks, bright eyes, a good appetite and good spirits. Dr. Williams' Pink Pills have made thousands of pale, languid girls active and strong. On the first sign of poor, thin blood mothers should insist upon their daughters taking a fair course of these pills. They will not only restore health, but will save further doctor bills.

Dr. Williams' Pink Pills can be obtained from any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

More Look-out Stations To Be Established

A meeting of the Forestry Advisory Board was held Thursday afternoon with a full attendance of members, including Hon. E. A. Smkh, Minister of Lands and Mines, G. J. Buckley, Archibald Fraser, Col. T. G. Loggie, and G. H. Prince.

The Board affirmed the appointments of some twenty three candidates for forest rangers who had passed in scaling examinations and certificates will be sent to them. Seventeen of these are returned soldiers. The list is as follows:

- W. P. Damery, Chatham.
- J. P. Bradley, St. John
- F. W. Gregg, Rowena
- M. J. King, Newcastle
- Louis Giroux, Charlo Station.
- Harvey Halcombe, Flat Lands.
- E. A. Whitebone, St. John
- Fred Jeffrey, Cumberland Bay.
- Evert Akselholm, Fredericton.
- J. Frank Hayes, North Renous.
- Harry DeLond, Nashwaakiss.
- E. T. Norrad, Boiestown.
- Wm. J. O'Brien, St. Stephen.
- R. M. Young, Bathurst.
- J. F. Lawney, St. George.
- J. F. Jones, Burt's Corner.
- H. C. Lynn, Campbellton.
- C. G. Firlotte, Five Fingers
- H. A. Murchie, St. Stephen.
- S. M. Ritchie, Temple.
- Peter McLaggan, Nashwaak Bridge
- J. Edward Fraser, Chipman.
- Albert Hopper, Hoppers, Albert Co.

Two New Look-out Stations
Reports regarding the look-out stations and telephone lines were received and it is very probable that two look-out stations will be built on Blue Mountain in Victoria County, and Bald Mountain in Northumberland County this fall. These will be connected by telephone lines. A cooperative arrangement was reached with the Bathurst Lumbering Co. by the Government by which the cost of a sixty mile telephone line from the Bathurst mills to the head of the Neplisquit River will be borne by both. The construction of the telephone line will be by one of the methods of the tree-line. It is also very probable that a forty-mile telephone line will be laid from Bald Mountain in Northumberland County. A number of items of routine business came up and were discharged in the usual manner.

Cholera Infantum

Cholera infantum is one of the fatal ailments of childhood. It is a trouble that comes on suddenly, especially during the summer months and unless prompt action is taken the little one may soon be beyond aid. Baby's Own Tablets are an ideal medicine in warding off this trouble. They regulate the bowels and sweeten the stomach and thus prevent all the dreaded summer complaints. They are an absolutely safe medicine being guaranteed by a government analyst to contain no opiates or narcotics or other harmful drugs. They cannot possibly do harm—they always do good. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Wanted

LEAVE IT TO "PAL"

Dog's Owner Relies on Animal's Intelligence.

Offspring of Gray Wolf and Highly Bred Scottish Guardian of Sheep, Four-Footed Companion is Beyond Value.

While in Alabama I made the acquaintance with the strangest dog I have ever heard of—the most unique creature it has been my province to get acquainted with, writes George F. Burke in the Columbus Dispatch. He belongs to a man living at Tysonville, but is known all over the state, and his name is "Pal."

Pal's mother was a shepherd and lived on the plains out West, where she looked after a big herd of sheep. In fact, she was one of the best sheep dogs in the whole region. His father was a gray wolf. So Pal is half wolf and half dog—a common enough thing out West.

Pal grew up with the sheep his mother looked after, and learned all the tricks of rounding them up and bringing them in. But he learned a whole lot more than the average sheep dog knows. He learned that every other animal as well as sheep can be directed and guided and taken care of if you know how to do it. So when Pal's owner wants any certain animal on the farm brought in, he simply tells the dog what he wants and Pal attends to it. He can tell the dog to go to the pasture a mile away and bring in a certain mule and he goes and brings it in. He can direct him to bring in a certain cow or calf or hog and it is done.

But the strange thing about it is that Pal also brings in other dogs. His owner has numerous bird dogs, which he trains upon the plantation. Pal helps train them. If a dog gets too far away, the trainer says, "Pal, bring him in," and Pal does so. He runs to the dog and crowds him toward the owner. He simply will not let him go in any other direction. He doesn't fight the other dog, although at times it may be necessary for him to take hold of an ear and nip it a little. But he brings the dog until there is nothing else for it to do but to be guided by Pal.

Then Pal is the high sheriff or policeman of the whole plantation. He keeps the peace between the other animals. If two dogs get into a fight, Pal separates them. If he finds a couple of hogs or chickens fighting, he does the same thing. He doesn't bother anything upon the plantation unless it is doing something it ought not to do, and then he takes a hand in the matter and settles it. If he finds a pig in a field where it doesn't belong, he drives it out without being directed to do so. If a horse slips its bridle while hitched to the hitching post and cavers down the road, it is only for a few moments, for Pal is close upon its heels or at its nose and he brings it back and keeps it standing where it was left.

Taking the Next Census.

The government takes stock of its resources this year. July 1, 1919, begins the next decennial census of the population and industries of the United States. It comes fittingly at an important epoch in the nation's destiny and at a time when we are launching upon a new era of expansion and foreign interest. Thomas R. Logan says in Leslie's. Our statesmen and students will be deeply concerned in the data accumulated as to the value of our industries as well as to their extent. It will be a greatly energized and strengthened America which the new census taker will find. He will observe and record the effects of the war upon our industrial life. He will report also the exact number of our citizens by races and ages. It will be possible to determine how far General Crowder's draft registration fell short of the actual number of population of draft age. The last census showed 38,781,324 population. Guesses as to the present population range from 105,000,000 to as high as 112,000,000. Inroads of the war, of influenza, without compensating immigration, have abated our rate of increase. Despite this, the totals may surprise us.

"Times" as Smallest Seller.

"Having blown the horn of our American friends as to their circulations," said Lord Northcliffe at a luncheon to American editors, "I may be permitted to say that each afternoon we print here a special daily newspaper with perhaps the smallest circulation in the world. I will ask you to come and see it produced. It is the permanent record edition of the Times, which we make for libraries all over the world. We produce it on paper that we believe to be indestructible, with indelible ink." —Publisher's Weekly.

Reno.

"And what is this place?" "This is Reno. The limited stops here twenty minutes." "Oh, I've heard of Reno." "Of course you have." "Is twenty minutes long enough to get a divorce?"—Birmingham Age-Herald.

Country's Corn Production.

When the Indians taught the white settlers of this country how to raise corn, no flight of the imagination could have foreseen the crop of 1918, covering nearly 178,000 square miles, or nearly as much land as there is in Germany.

STANFIELD'S UNDERWEAR

Notice to Nurses

All graduate nurses, married or single, in the Province of New Brunswick, are requested to forward their names to Miss A. A. Burns, 72 St. James Street, St. John N. B.; that they may be communicated with regarding Volunteer Service in their own community, or in any part of the Province, in case of epidemic or emergency.

Every nurse should comply with this request, as the New Brunswick Graduate Nurses' Association is co-operating with Hon. W. F. Roberts, Minister of Public Health, regarding organized nursing efforts, should there occur an emergency as the Halifax Disaster, or the outbreak of an epidemic such as the influenza of last year.

SCHOOL SUPPLIES

As usual we are Headquarters for everything in SCHOOL SUPPLIES

Bring your list of Books and Sundries, not forgetting the "Needful" Cash and we will do the rest.

Trustees needing Maps, Chalk, B. Board Erasers, etc., should make up their orders as early as possible.

Newcastle Entertains Her Heroes

(Continued from page 1)

Ladies of the Red Cross Society deserve the highest praise and thanks for the magnificent dinner provided for the boys, and their untiring efforts in making them all feel at home.

The decorations on the streets and buildings were many and beautiful and some very artistic effects were quite noticeable. The store windows presented a very attractive appearance and numerous favorable comments were heard from the spectators. The windows of The Stohart Mercantile Co. Ltd., James Stables and E. J. Morris are deserving of special mention, and the proprietors of these stores are to be congratulated on their fine appearance. The Chatham and Newcastle Bands both supplied excellent music and rendered some very pretty selections. Both of these institutions are a credit to the Miramichi and their music was highly appreciated by the public.

At 2:30 a series of sports, participated in mostly by the juveniles was held in the Farrel Field and provided much amusement for both the spectators and contestants. The results were:

- Prof. Race—Bert Smallwood 1st; H. Treadwell 2nd.
- Wheelbarrow Race—Nick Savoy and Mark Hachey 1st; Wallace Watling and Alex Watling 2nd.
- Four-Legged Race—Harry Delano, 1st; Bert Smallwood 2nd.
- Two xds dash—Wallace Watling 1st; Jack Nicholson 2nd.
- Obstacle Race—Hubert Black 1st; H. Treadwell 2nd.
- Boat Race—H. Walsh 1st; E. Hachey 2nd.

The final event was a tug-of-war between a boat composed of the infantry and former artillery men, the latter team winning. Cash prizes were awarded the 1st and 2nd winners.

At 3:20 p. m. a Base-Ball game was played between a team of Newcastle Veterans, and a picked team from Chatham, in which the Chatham team won.

A race was held on the river between a boat from each of the steamships in port. The course was from the Morrissey Bridge around a buoy opposite the public wharf and return to the bridge for the finish. The steamers with boats entered were the North Britain, Molesey, Hurliness, Kappana, Watuka and Madan Enterprise. The Kappana's boat was first, with the Molesey second and Watuka third. The prizes were \$25.00 \$15.00 and \$10.00 respectively.

In the Public Square, the Town Booth under the direction of Mr. G. G. Stohart took care of the refreshments and these in charge had an exceedingly busy day. The Deli Booth, Chocolate Booth, and Ring Booth, provided amusement for young and old and these places were continually being besieged by the public at large who thoroughly enjoyed themselves.

A small rain shower occurred about 4:30 p. m. but its duration was short and had no effect whatever in dampening the spirit or enthusiasm of the crowd. In the evening the Welcome Arch was electrically illuminated and presented a very beautiful appearance.

The Public Square was also electrically illuminated and the grounds were packed with enthusiastic patrons of the entertainment and refreshment booth. At 8 o'clock the Newcastle Band occupied the Band Stand and delighted the audience with a program of choice music. Speeches were delivered from the Band Stand by His Worship Mayor D. P. Doyle, Hon. John Morrissey, Ald. Chas. E. Fish and Ex-Mayor Chas. J. Morrissey, each one of the speakers thanking the returned soldiers for their services overseas, and in conclusion asking them to now put their shoulders to the task of re-establishment which was now the great need of our citizens. Capt. A. L. Barry, on behalf of the Returned Soldiers, in a neat little speech, thanked the citizens of the town for the Reception tendered them and assured the citizens that it was greatly appreciated by the returned men.

While the speeches were being delivered from the Band Stand, the display of fireworks was exhibited from the roof of the Stohart Mercantile Building, and at this juncture the only and a most regrettable incident occurred. In some manner, one of the sky rockets which was set off took downward course instead of an upward one, and shot rapidly into the Band Stand, striking Police Magistrate J. R. Lawlor full in the face. Mr. Lawlor was completely taken unawares and was rendered unconscious. He was immediately taken to Dr. F. C. McGrath's office, where it was discovered that several teeth were knocked out and his jaw-bone fractured. Mr. Lawlor who took one of the most prominent

SOCIAL AND PERSONAL

Miss Ramsay, of New York is visiting Mrs. James Stables.

Mr. O. N. Brown of New Glasgow, N. S. is in town visiting relatives.

Mr. George Coussi has returned from his business trip to Montreal.

Mr. Walter McArthur returned to his home in Quebec on Sunday's Limited.

Miss Katie Black has returned from a visit to Miss Gertrude Black at Halifax.

Mrs. W. W. Cormier has returned home from a visit to friends in Revere, Mass.

Mr. and Mrs. Lyman Vickers are receiving congratulations on the arrival of a baby boy.

Miss Gertrude Ryan, of St. John, spent the week-end with her parents, Mr. and Mrs. James Ryan.

Miss Maggie Menzies returned home yesterday from Fredericton where she has been visiting.

Miss Hazel Saezic, accompanied by her niece Alice Russell left last week for Athol, Mass.; to spend a few weeks.

Mr. Murray McAuley, of Lawrence, Mass., who is visiting his mother, Mrs. J. D. McAuley, went to Moncton Friday to visit friends.

Mr. Fred C. N. Parke, Taxidermist of Greenville Junction, Me., was in town Tuesday; enroute to Fabusintac on a bird shooting trip.

Messrs Wallace Smallwood and Charles Dickson, Jr.; leave on Tuesday for Halifax, where they will enter Dalhousie College to study pharmacy.

Miss Dannie Warren, of Sussex who has been the guest of Dr. and Mrs. H. Sprout, went to Campbellton Thursday to spend a few weeks with relatives there.

Nursing Sister Abigail Stewart who recently returned home after four years' service overseas, is visiting in town, the guest of Mr. and Mrs. M. Dickson.

Miss Minnie Forsythe, of Lawrence, Mass., is spending a vacation at her home on Boom Road. She spent a few days last week in town with her aunt, Mrs. Geo. Black.

Miss Lillian G. Lane, graduate nurse of Malden, Hospital, is spending her vacation with her sister, Miss Elizabeth, who is superintendent of Hotel Dieu Hospital, Campbellton.

Mr. and Mrs. Charles M. Dickson returned to Doaktown on Wednesday to attend the wedding of Mr. Amos Dickson and Miss Minnie Betts, which was solemnized at 5 o'clock both bride and groom are very popular on the Miramichi.

Mr. and Mrs. Henry Hay and daughter, Jennie, of Bangor, Maine returned here last week to visit relatives in Nelson and Chatham. They were accompanied by Miss Mary Ryan of Bangor, who will visit her cousin Miss Mary Young, South Esk.

Mr. and Mrs. C. M. Dickson and sons, Roy and Charlie, returned on Saturday from a motor trip to Perth, N. B.; and Fort Fairfield, Me.; via Fredericton and Woodstock. While in Perth they were guests of Dr. and Mrs. J. W. P. Dickson. Mrs. J. W. P. Dickson returned with them.

arts in this celebration, as well as all previous celebrations held in town offered a great deal of pain, and his absence from the closing hours of the reception were greatly missed by his co-workers and by the general public. Mr. Lawlor has the sympathy of all in his most unfortunate accident, and we sincerely trust that he will soon be quite well again, and will suffer no bad effects from his injury.

A heavy shower of rain which began about 8 o'clock p. m. and lasting until about 8:45 p. m. somewhat marred the evening performances for a short time, but the large gathering still remained and enjoyed themselves through it all. After the regrettable accident which occurred to Mr. Lawlor, the fireworks were removed from the Stohart Mercantile Co's roof to the Park Wharf. Where the balance of the display was exhibited and much enjoyed by the assemblage. By this time it was 11 o'clock p. m. and the citizens began to disperse to their homes, all thoroughly convinced that the Town of Newcastle had certainly given her Returned Soldiers a grand and glorious reception, and a "Red Letter Day" in the history of the Miramichi. The Reception, while being a grand success in the way of entertainment was also a success in the way of entertainment, and the committees in charge are to be highly congratulated for the manner in which the affair was conducted.

Mr. John Fallon left on Monday on a short visit to Grand Anse.

Mrs. J. F. R. MacMichael visited friends in Sunny Brae on Friday.

Miss Lizzie McTavish left Saturday for Moncton to spend a couple of days.

Mr. and Mrs. Thomas Howard, of Moncton, were visitors in town this week.

Miss Daisy Peterson of Millerton spent the week-end with relatives in town.

Messrs Clifford Allison and Robert Jeffrey were visitors to Richibucto last week.

Mr. A. A. Aitken of Montreal spent the week-end with his mother Mrs. Wm Aitken.

Miss Susie Schofield and Gladys Vanderbeck of Millerton spent Wednesday in town.

Mr. Wm Richards who has been spending the past week in Richibucto, has returned home.

Mr. and Mrs. Thos Bayle are receiving congratulations on the arrival of a young daughter.

Mr. and Mrs. Arthur McKeel and family have gone to Moncton, where they will reside in future.

Mr. and Mrs. W. W. Cunningham of Harecourt returned home on Friday from a visit to friends in Millerton.

Mrs. Walter Amy and family have returned from Bay du Vin where they were spending the summer months.

Miss Annie Johnston, R. N. of Boston is visiting her parents, Mr. and Mrs. Frank Johnston of Doaktown.

Mr. W. G. Gads, of Boston who has been the guest of Mr. and Mrs. J. D. Buckley returned home Tuesday.

Mrs. James Ahearn and little son of Fredericton, are visiting the former's sister Mrs. (Con) James Landry.

Mr. Jas. D. Lyons, of Millerton, has been spending a few days with his daughter Mrs. Will O'Donnell at Yougall Beach.

George McArthur enroute to his home in Quebec, from P. E. Island is spending a few days with his friend Fred McCormack.

The friends and relatives of Mr. and Mrs. Chas. Delano will regret to learn of the serious illness of their little daughter, Elsie.

Miss Muriel Anderson has gone to Harecourt where she has accepted the position of teacher in the primary department of the school there.

Mrs. W. Desobal of Hinton, Me. who has been visiting her father Mr. Thos Copp, and her brother, Finley in town left for home on Tuesday.

Mrs. J. D. Paulin, left on Sunday Limited for Montreal. She was accompanied by her two little sons who will attend school in Montreal.

Mr. Chas. Laidlaw, Secretary of the N. B. Returned Soldiers' Commission was in town last Wednesday attending the Reception given the Returned Soldiers.

Mrs. L. J. Smith and children of Leominster, Mass. who have been visiting her mother, Mrs. Wm Ronin of Nelson returned home on Thursday. She was accompanied by her niece Miss Frances Dolan who intends entering the training school for nurses at St. Elizabeth's Hospital, Brighton, Mass.

EASTERN STEAMSHIP LINES, INC.

INTERNATIONAL SERVICE
 Resumption of Regular Mail and Passenger Service
ST. JOHN and BOSTON

R. S. GORDON, Captain, will leave St. John every Wednesday at 9 a.m. and every Saturday at 5 p.m. (Atlantic Time). The Wednesday trips are via Digby and Lunenburg, due Boston 10 a.m. Thursday. The Saturday trips are direct to Boston, due there Sunday at 1 p.m.

Passenger Service on the Boston-Moncton connection will be resumed on Sept. 15, 1919. For Freight Rates and Timetable apply to:

Baby Bear is Afraid of People

The smooth, hard, dustless road round about through the sylvan depths of giant ferns and mighty timbers in a district round Spirit Lake, Vancouver Island, far away a smoke smudge on the blue above the heaving ocean showed where a Canadian Pacific passenger liner was ploughing the heaving Pacific, bound for the Orient. On the right Spirit Lake gleamed in the bright sun. There was a gentle rustling in the darkness of the undergrowth, the ferns swayed gently. Then there came a sound of scratching and clawing, and finally the head of a three-months' cub rose alongside a great Douglas fir bole. As he cleared the ferns he paused and glanced eagerly about. He sought sight of his mother, who was so wrapped up in some luscious salmon berries that she had forgotten him. Higher and higher he climbed, widening his scope of view. Then came a terrible sound that paralyzed him where he clung to the ragged bark. It was the raucous challenge of a motor horn. Hugging the tree tightly he hoped to be overlooked. On the smooth road a few yards away there rolled into sight a terrible engine carrying ladies and gentlemen. He held his breath and hoped more strongly. But sharp eyes were peering every way from under the auto canopy and a stream of pleased excitement showed that feminine eyes had spied him. He hunched himself closer and bent his head on his shoulder to watch the awful creature in the big iron animal that always had such a bad breath. A man crashed through the ferns and pointed a black box at him. The cub darted high in the branches of the towering fir

Baby Bear Watches an Automobile and Its Occupants From His Perch On a Fir Tree.

tree. The bad-breathing iron animal then grunted several times and crawled swiftly away, and down from the dizzy heights the baby bear hastened his painful backward climb. Arriving at the base he found an anxious mother who had remembered her forgotten material.

—L. V. K.

Prince Shakes Hands With Common People

Toronto, Aug. 2.—The Globe this morning publishes the following: "I want to meet the people who did the hard, dirty work in the war," said the Prince of Wales yesterday. Officialdom perhaps would like to have kept the Prince in some secluded spot "far from the maddening crowd," and the rude gaze of the proletariat. But that was not Edward's idea of duty and service, and as he is a very determined young man he had his way. "I want to shake hands with the people in rags and tatters and the brave men and women whose self-sacrifice saved the British Empire. Let them crowd in. Tell the police not to keep them back. I want to shake hands with them all." That was the expressed desire of Britain's future ruler, and so he spent most of his last day in Toronto with the plain folk—"the folk who did the dirty toil in the war."

Rush For Gold In Manitoba

THE PAS, Man., Aug. 27.—Details of the gold discovery made at Copper Lake by J. P. Gordon, show that he uncovered a vein six feet wide with a four inch streak of quartz and gold with a determined volume of fifty per cent. Gold samples have arrived here con-

There is a False Modesty Which Causes Many People to Suffer Agony for Years From Piles—Dr. Chase's Ointment Cures.

Rather than consult a doctor or in fear of an operation, which so many doctors recommend, many people live in almost constant misery from piles or hemorrhoids.

There is not only the distress from the stinging, burning, itching sensations, but there is also a strain on the system which undermines the general health.

Many thousands find relief and cure in the use of Dr. Chase's Ointment. Slowly the good word has been passed along until Dr. Chase's Ointment has become known throughout the civilized world as the most effective treatment obtainable for the cure of this distressing ailment.

This letter will give you some idea of what difficulty many people are experiencing in obtaining cure until they find out about Dr. Chase's Ointment.

Mr. F. M. Craig, 29a Shannon street, Toronto, Ont., writes: "A few lines in regard to the merits of Dr. Chase's Ointment may be beneficial to many people who are suffering like my wife did with itching and protruding piles. For seven months she suffered untold agony with itching and protruding piles, bleeding at the least movement she would make. I spent dollars and dollars on different remedies, but to no purpose, having sent to Chicago, Cincinnati, New York, Cleveland, Detroit and many other cities, but met with no success."

"While talking to a friend one day, he told me that he had tried everything for the same trouble, and the only thing that cured him was Dr. Chase's Ointment. So I secured some of this for my wife, and can safely and truly say that within two months not a sign of any could be seen. She used four boxes altogether, and we cannot speak too highly of its merits. I would not be without it in my house, as I also find it valuable for lots of minor complaints which no other ointment will touch."

Dr. Chase's Ointment, 40 cents a box, at all dealers, or Edmanston, Bates & Co., Limited, Toronto. There are no rivals to Dr. Chase's Ointment as a treatment for piles.

LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Frezzone costs but a few cents at any drug store. Apply a few drops on the corns, calluses and "hard skin" on bottom of feet, then lift them off. When Frezzone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

ONLY MEDICINE MADE FROM FRUIT

Extraordinary Success which "Fruit-a-tives" Has Achieved

One reason why "Fruit-a-tives" is so extraordinarily successful in giving relief to those suffering with Constipation, Torpid Liver, Indigestion, Chronic Headaches, Neuralgia, Kidney and Bladder Troubles, Rheumatism, Pains in the Back, Eczema and other Skin Affections, is, because it is the only medicine in the world made from fruit juices.

It is composed of the medicinal principles found in apples, oranges, figs and prunes, together with the nerve tonics and antiseptics of proven repute.

50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

taining wire leaf and nugget gold, and in one sample the wire gold was holding the quartz together. Commissioner Wallace has issued a statement saying that no similar rich discovery has ever come under his notice. Gordon says that he sunk a test pit three feet down and the yellow metal was seen down the side of one wall and freely upon the bottom. The formation surrounding the discovery is a granite schist located in a small basin of Copper Lake. A rush of prospectors and mining men has taken place and the town is emptied of every available man.

Carnegie Left Annuity to Lloyd George

New York, Aug. 28.—The will of Andrew Carnegie made public today, estimates the value of the iron master's estate at between \$25,000,000 and \$300,000,000. An annuity of \$10,000 is made to Premier Lloyd George of Great Britain.

The will leaves the real estate and all the works of art and household goods to Mrs. Carnegie. The financial provision for Mrs. Carnegie and her daughter Mrs. Miller, was made during Mr. Carnegie's lifetime. A statement issued by Ellhu Root, Jr. says that Mr. Carnegie's gifts to charities during his lifetime total somewhat in excess of \$350,000,000. The fourth article of the will contains a series of legacies to charitable institutions, while the fifth article of the will contains a series of annuities to relatives and friends. The Carnegie corporation of New York is the residuary legatee.

An annuity of \$10,000 was made to former President Taft and annuities of \$5,000 each to Mrs. Grover Cleveland; (now Mrs. Thomas J. Preston) and Mrs. Theodore Roosevelt; widows of the former Presidents.

Public bequests include Cooper Union; New York; \$60,000; Pittsburg University \$200,000; Relief fund of the authors club of New York \$200,000; Hampton Institute; Virginia \$300,000; Stevens Institute Hoboken; N. J. \$100,000 and St. Andrews Society of New York \$100,000.

DOAKTOWN

Doaktown, Aug. 25.—The weather lately has been very dry and windy, which will help the grain to ripen.

Our village schools opens on Tuesday Primary school in charge of Miss Beatrice Simms of Doaktown, and the Superior school in charge of Mr. Quail of Moncton.

Miss Margaret Doak has returned from Fredericton where she has been visiting friends.

A great number of our parties are preparing for the woods for the winter operation.

Mr. and Thomas Turner of this place has gone to Clowaters, in the interest of Donald Fraser & Co.

James Holmes & Son have finished their sawing for this season.

Mr. Martin Walsh and Mr. Adam Storey, took the train for Maine one day last week.

Mr. Archie Barlette and Mr. Arthur Parker has gone to Maine. They have been informed they are going to be attached with the police force at Houlton.

Mr. John Walsh a general merchant of Kingsclear has been visiting friends in Doaktown.

Mr. Crudens Porter made a flying trip to Doaktown.

Mr. Sandy Bath of Sunny Hill was calling on B. R. MacDuff on Saturday evening.

Mr. David Cashon and Mr. Hugh Murray of Cains River was in Doaktown one day last week.

Mr. H. E. Doak of this place is putting concrete floors in his stable, and installing steel stanchions, and water

Chatham World And Organizer Tighe

According to Commodore Stewart's Chatham World, J. E. Tighe, organizer of the International Longshoremen's Union, who was called to Chatham to assist in settling the strike there, collected about a thousand dollars from the workers there, but when asked last evening how the commodore arrived at this conclusion Mr. Tighe said he would not be surprised at anything the commodore might say.

"I did collect \$110 from the longshore workers of Chatham and vicinity for the International Union," said Mr. Tighe. "When I left there the new union had enrolled 634 members, who paid 15 cents a piece for their first month's dues to the International. In addition they made up \$15 for a charter from the International. All the rest of the money collected belongs to and is in control of the local union."

The article in the Chatham World is as follows:

"A Paying Business —Mr. Tighe, Vice President of the International Longshoremen's Association, got \$701 from the Chatham, Nelson and Douglastown workmen, besides his receipts from Loggieville and other Miramichi points (probably \$1,000 in all), for his visit to the Miramichi, and will get when he completes his programme by organizing other workers, \$1000 more, and will get thenceforth \$1000 a month as dues. The promoter and the profiteer will have to take a back seat, in respect to money making, when the Labor Union organizer is around. The men got charters (scraps of paper) in return for their money. Organize! Organize! Organize—the organizer needs the money.

When shown this Mr. Tighe laughed and said:

"I suppose the police will be looking for me. When I was in Chatham the commodore gave me the benefit of his opinion of labor organizers, but when I asked him for a definition of some of the titles he applied to me he seemed all at sea. However his views have not prevailed in Chatham, for I heard today that the new union there has now a membership of 1,300 men. Everybody knows that the International Longshoremen's Union only requires \$15 for a charter and 15 cents per month per member in dues, with a contribution of one cent per month to the North Atlantic Division. All the rest of the money which the men may contribute is the property of the local union." —Standard.

Catarrrhal Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, F. J. CHENEY & CO., Toledo, O., Agents, 75c.

Girls! Whiten Your Skin With Lemon Juice

Make a beauty lotion for a few cents to remove tan, freckles, sallowness

Your grocer has the lemons and any drug store or toilet counter will supply you with three ounces of orchard white for a few cents. Squeeze the juice of two fresh lemons into a bottle, then put in the orchard white and shake well. This makes a quarter pint of the very best lemon skin whiter and complexion beautifier known. Massage this fragrant, creamy lotion daily into the face, neck, arms and hands and just see how freckles, tan, sallowness, redness and roughness disappear and how smooth, soft and clear the skin becomes. Yes! It is harmless, and the beautiful results will surprise you.

PILES

Do not suffer another day with itching, bleeding, or protruding Piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and as certainly cure you as a box; all dealers, or Edmanston, Bates & Co., Limited, Toronto. Sample box free if you mention this paper and enclose 1c. stamp to pay postage.

Mrs. Maud Storey of this place has gone to Fredericton to work.

Mr. John Hogan of Weavers was in Doaktown one day last week.

Proof that Some Women do Avoid Operations

Mrs. Etta Dorion, of Ogdensburg, Wis., says:

"I suffered from female troubles which caused piercing pains like a knife through my back and side. I finally lost all my strength so I had to go to bed. The doctor advised an operation but I would not listen to it. I thought of what I had read about Lydia E. Pinkham's Vegetable Compound and tried it. The first bottle brought great relief and six bottles have entirely cured me. All women who have female trouble of any kind should try Lydia E. Pinkham's Vegetable Compound."

How Mrs. Boyd Avoided an Operation.

Canton, Ohio.—"I suffered from a female trouble which caused me much suffering, and two doctors decided that I would have to go through an operation before I could get well."

"My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. It relieved me from my troubles so I can do my house work without any difficulty. I advise any woman who is afflicted with female troubles to give Lydia E. Pinkham's Vegetable Compound a trial and it will do as much for them." —Mrs. MAURIE BOYD, 1421 6th St., N. E., Canton, Ohio.

Culture of Currants And Gooseberries

Currants and gooseberries re-
quire large amounts of plantfood
and as the feeding roots are shal-
low and do not extend far, it must
be readily available and close at
hand. Thorough cultivation and
manuring are important. Stable
manure is the best fertilizer and
it is difficult to apply too much in
growing these fruits.

Young plantations need not be
fertilized heavily, but after the
plants begin to bear fruit heavy
annual dressings of well rooted
manure should be applied, pre-
ferably in the fall or winter, to
keep them in good productive
condition.

Commercial fertilizers may be
used to supplement stable ma-
nures. Muriate or sulphate of pot-
ash applied at the rate of 100 to
200 pounds per acre sometimes in-
creases the production and quality
of the fruit. If necessary to de-
pend upon commercial fertilizers
as a source of plantfood, one con-
taining 3 per cent. available nitro-
gen, 10 per cent available phos-
phoric acid and 4 per cent. avail-
able potash applied at the rate of
500 to 1,000 pounds per acre, is
recommended. However, in using
commercial fertilizers it should be
remembered that they add only
the mineral elements to the soil,
and it is therefore necessary to
employ the use of stable manure,
or cover crops, each year to main-
tain a good supply of humus which
is highly important in growing
these fruits.

Feeding The Crop

The increase in the yield of
wheat from the use of phosphorus
phosphoric acid alone ranges
from 4.85 bus. per acre to 8 bus.,
the largest increase being at Woos-
ter. The addition of potassium
(potash) to an equal amount of
phosphorus increases the yield of
wheat in every instance over that
secured by phosphorus alone, the
largest increase being found at Car-
penter. The addition of nitrogen
(ammonia) to phosphorus and po-
tassium (complete fertilizer), in-
creases the yield still further, the
largest increase being found at
Wooster.

Grocers And The Price Of Sugar

Toronto, Aug. 27.—With refer-
ence to an Ottawa despatch of
August 23, stating that the whole-
sale grocers, in their convention at
Ottawa, had predicted that sugar
would rise to twenty cents a pound
before the present shortage would
be relieved, Hugh Blain president
of the Wholesale Grocers Associa-
tion of Canada, said to-day.

"There must be some mistake
about this, as no discussion took
place at the convention as to what
the price of sugar was likely to be.
It was, however, stated to the con-
vention that speculators in the
United States had bought fil-
lers of granulated sugar held in
Halifax at the regular price, but
had been resold to other speculators
in the United States and was
now offered at \$13.90 at Halifax
to the Dominion Government, and
I believe a few cars were bought
at this price. The convention felt
that to buy sugar at such a price
might have the effect of creating
an advance on all sugars, which
would be most unfortunate.

It was also felt that selling this
sugar would have the appearance
of profiteering even if sold again
at cost, because sugar is sold to-
day in Montreal to the wholesale
trade at \$10.40 and \$10.50, with
the usual discount off, and is re-
sold to the retail trade at these
figures, with the freight added.
The shortage in sugar has been
caused entirely through the lack
of shipping facilities owing to the
marine strike, which prevented re-
finers from getting raws, and if
shipping facilities can be restored
to normal conditions without fur-
ther delay we should get supplies
of refined to meet our require-
ments within the next thirty or
sixty days.

"I would like to warn the pub-
lic against buying sugar beyond
their pressing requirements, be-
cause hoarding sugar is certainly
going to increase the price to
the consumers."

Should Have The Right To Propose

A Girl from the War" writes in the
Continental Edition of the London Mail:

Among the last rights of women to be
fought is the right to propose.

It is the inevitable consequence of the
vote and of the war. The position of wom-
an with regard to marriage has entirely
changed, and the sooner it is recognized
the better. Up till now nice women have
properly not proposed, because it meant
virtually: "Will you keep me?"

Now that a woman can be as independ-
ent as a man she need have no scruples on
that score.

In every other direction the position of
men and women, with regard to marriage,
is equal. It is quite ridiculous that it
should be an honorable thing in a man to
love a woman who does not return his af-
fection, and yet be a disgrace to a woman
to love unasked. A proposal from the
man clears the air, and it would be the
same with one from the woman.

In the present condition of things a
woman often wastes the best years of her
life on a hope. It would be much better if
she could say in the beginning: "I like
you, and if you like me as much as I like
you, let us spend our lives together." It
would be quite simple for the man to reply,
if he were of a different mood: "I am sorry
of course I like you, but I do not feel like
going into partnership."

The woman would then put him out of
her mind and go about her business.
Broken hearts heal in time, and it is pos-
sible that hearts would never get beyond
the wounded stage if this plan were a
lopped.

There is a serious reason why it should
be adopted. Some badly wounded men
are feeling much as if they had changed
places with the women. They do not have
to say, "Will you keep me?" when they
propose, but what to them is almost as
bad, "Will you keep yourself?"

It would be a great relief to many a
crippled man in love if proposals were tak-
en out of men's hands.

In the present circumstances no nice
girl could bring herself to propose, how-
ever willing she is to keep herself, however
much she loves the man.

There is no need to fear that the new
right would give added license to the other
kind of girl. She proposes now, although
not in so many words.

Local and General News.

PUBLIC SCHOOLS RE-OPEN
The Public Schools reopened today, after the summer vacation.

PURCHASED BUILDING
The Doyle Block situated on Castle Street and occupied by Messrs. Dickson & Troy and Moody & Co. has been purchased by Mr. H. R. Moody, who is making needed repairs to same.

TO LIVE IN CHATHAM.
School Inspector McFarlane is going to Chatham to live. He has taken the house in Wellington at that has been occupied by Mrs. Burr for some time.

PROPERTY SOLD
A lot of timber land situated on Cow Brook, and owned by Mr. R. C. Clarke was sold by auction last Thursday and bid in by Mr. Stevens of the Dominion Pulp Co Chatham for \$11,600.

INSPECTOR HAS NOT RESIGNED
The report in the Chatham World that Sub-Inspector Willard Allison had resigned is incorrect. He still remains in office, and does not contemplate giving up his position.

LABOR DAY
Yesterday was generally observed as a Holiday. The stores and Banks were all closed and the day which was pleasant was spent quietly. A number of citizens went out in the country to enjoy the holiday.

STEAMER AGROUND
The steamer which loaded lumber at Mess. Geo. Burchill and Sons wharf left port Friday and in crossing the bar at the mouth of the river ran aground. At high tide she was able to cross the bar without difficulty and proceeded on her homeward voyage.

HOTEL CHANGED HANDS
The Union Hotel on Pleasant St. owned and conducted by Mrs. McAulay, has been sold to Mr. David Mutch of the Little South West Miramichi, who will move into the hotel about the middle of September, and will continue to carry on the hotel business.

A LIQUOR SEIZURE
Inspector Dickson made a seizure of a quantity of liquor at a private dwelling house in town, the property of a man named Adair. The latter has engaged counsel and intends to take measures to replevy the goods contending that it is not illegal to keep liquors for personal use in a private dwelling house.

FERRY ROAD PICNIC
The Picnic held at Ferry Road in aid of the St. Thomas' College Fund proved to be a great drawing card on Labor Day. A large number of people from town either drove or motored to the grounds during the afternoon and evening, and thoroughly enjoyed the day, which was ideal for a picnic. The picnic was well patronized and a good sum realized for the above mentioned purpose.

AUTOMOBILE ACCIDENT.
Last Thursday, an automobile owned by Mr. Edward Dalton and driven by Harold Galley, ran into Mr. E. A. McCurdy's car while the latter was stopped on the side of the road in Whitneyville. The wheels of both cars became locked together and both cars were damaged. Mr. McCurdy's two daughters were seated in their car at the time but fortunately neither were injured.

Mill Workers And Longshoremen Attention

A mass meeting of all mill workers and Longshoremen will be held in the Opera House, Newcastle, on Thursday evening, Sept. 4th, at 8 o'clock, for the purpose of electing representatives on the executive of the Miramichi water front Workers Union for Newcastle and Nelson.

If you have not joined up yet, plan to do so on Thursday and help along the cause of the workmen.

Remember Thursday at 8 p.m. By Order

COUNTY COUNCIL ELECTION
Nomination Monday; election Tuesday, Sept. 9.

JUST IN
A Car of Western Oats Call or phone for prices. E. E. BENSON

ATTENDED CELEBRATION
A large number of citizens went to Moncton and Campbellton on Labor Day to attend the demonstrations held.

BOY KILLED IN MILL
A shocking fatality took place at O'Brien's mill, Nelson, about five o'clock Tuesday night in which William Kerr 14 years old, son of Edward Kerr, lost his life. He was employed as water boy and attempted to ride up the sluice in a slung load of deal which gave way, sliding back and crushing out his life.

AUTOMOBILE DESTROYED BY FIRE
Last Sunday evening, while Mr. Ross Mullen of Ekmore was driving his car in the vicinity of his home he had some difficulty with his engine which after stalling several times, finally stopped. His car was a Ford Coupe, and getting out started to crank the engine. No sooner had he turned the crank when to his great surprise, the car immediately became a mass of flames and in a very short time was completely ruined. Mr. Mullen had recently purchased the car which was a new one, and he has sustained a heavy loss. Insurance of \$200.00 was carried on the car.

PERSONALS
Hon. F. B. McCurdy Halifax, N. S. member of Dominion Parliament for Colchester County N. S. visited his brother Mr. E. A. McCurdy and left Wednesday on the Limited for Ottawa to be present at the special session of Parliament now being held. Misses Janie and Catherine Buckley of New York, are guests of Miss Yvonne Buckley.

OTHER TABLETS NOT ASPIRIN AT ALL

Only Tablets with "Bayer Cross" are Genuine Aspirin

If you don't see the "Bayer Cross" on the tablets, you are not getting Aspirin—only an acid imitation. Genuine "Bayer Tablets of Aspirin" are now made in Canada by a Canadian Company. No German interest whatever, all rights being purchased from the United States Government. During the war, acid imitations were sold as Aspirin in pill boxes and various other containers. The "Bayer Cross" is your only way of knowing that you are getting genuine Aspirin, proved safe by millions for Headache, Neuralgia, Cold, Rheumatism, Lumbago, Neuritis, and for Pain generally. Handy tin boxes of 12 tablets—also larger sized "Bayer" packages can be had at drug stores. Aspirin is the trade mark (registered in Canada), of Bayer Manufacture of Monach, Germany.
