ards in Calgary

People appreciate that quality in lumber the more they know about it. There is in it, or in it in most other articles. Such a building in our climate soon takes on a dead cheap look, making it difficult to maintain and uncomfortable to live in. Always made a special order for the highest quality, and the tremendous size of such lumber, the fact that permits us to sell for so low a price as generally asked for lumber of this quality. This has built a large business—the largest in Western Canada.

building, inspect our and permit us to give you that quality considered. Cannot be beaten. People use our lumber. It tractor obtains his lumber. It is a sign that the dealer man and demands of everything.

Special Policeman, Robert G. McIntosh Is Shot Down in Cold Blood; Dies as He is Being Taken to Hospital; Police Have Absolutely no Clue to Murderer

MacIntosh is Found, Five Minutes After the Shooting, Unconscious, With Revolver Tightly Clasped in His Right Hand

MacIntosh is Found, Five Minutes After the Shooting, Unconscious, With Revolver Tightly Clasped in His Right Hand. Dies Without Regaining Consciousness; Drag Net Has Been Thrown Out and Constabulary, Mounted Police and Pinkertons Look for Slayer

SHOT down in the performance of his duty, Special Policeman Robert G. MacIntosh of the Canadian Pacific railway was murdered at 9 o'clock last night, presumably by tramps, in the C. P. R. yards, about 100 yards on this side of the Elbow bridge, East Calgary. MacIntosh was found lying in the shadow of some box cars five minutes after the shooting, unconscious, with his revolver tightly clasped in his right hand. The weapon was loaded, but not a bullet had been fired. The unfortunate man died without regaining consciousness just as he was taken from the elevator to the operating room of the Calgary General Hospital. Absolutely no clue to the identity of the cold blooded murderers has been discovered, though the city police and the Mounted Police, aided by the Canadian Pacific plain clothes force and Pinkerton detectives attending the Stampede are all working on the case.

MacIntosh was 25 years old and had only been in this country about a year. He has a wife and two children residing in Sutherland, north of England. He was a cousin of Sergeant R. A. McLeod of the local police force, and a brother-in-law of Donald McKay, house policeman for the King George hotel. So far as the police have been able to ascertain, there were no witnesses to the murder except the hobo who perpetrated the crime. The drag net has been thrown out, and the police are gathering in all suspicious characters in the hope that there were several in the gang that did the shooting. Messages were immediately sent to all cities within a radius of many miles of Calgary, asking that all trains be searched and suspicious characters held in custody.

The shot that killed MacIntosh was heard by two men, whose names the police have. They were in the vicinity of the place and followed the single shot, heard groans. Hastening to the spot, they found MacIntosh lying, revolver in hand, moaning, but unable to speak. They immediately ran to the barracks for assistance, and mounted police and other spectators were soon on the scene. The police station was notified and the patrol wagon sent to the scene with Constables Belt and Duncan. Harrison & Foster's ambulance also was called, and the dying man was hastened to the hospital, but expired before he could be placed on the operating table. Examination of the body showed that the bullet which killed him penetrated the chest on his right side, just above the armpit, and passed through the body, coming out on the left side, under the left arm, just beneath the skin. The missile was removed and found to be a .32 calibre bullet.

From the position in which MacIntosh was found, and the fact that he had his revolver in his hand, said Chief of Police Cuddy last evening, "there is every indication that he had run across some hobo carrying among the box cars, and ordered them out. One of them, evidently unseen by MacIntosh, fired on him point blank, the bullet striking him in the side."

The authorities believe that the murderer, or murderers, were of precisely the same type of evil hoboes as the man who murdered C. P. R. brakeman Roy Blair a few weeks ago.

Shortly before midnight last night, detectives engaged in working off the case found a car load of whiskey broken into and half a dozen flasks lying on the ground. This is believed to be clear evidence that MacIntosh had run across hoboes looting the car, and ordered them to halt, when one fired the fatal shot.

Scientist says the possibility of the production of life not so remote

WINDEE, Scotland, Sept. 4.—The most interesting feature of the opening session today of the British association for the advancement of science was the presidential address, this evening of Prof. B. A. Schneider of Edinburgh university which dealt with the nature, origin, and maintenance of life. During the course of his address he said: "We may fairly conclude that all change in living substance is brought about by ordinary chemical and physical forces. Speaking of the properties of growth and reproduction he declared: "They are possessed not alone by living bodies, for inorganic matter grows and reproduces. Produce their like, given a supply of requisite substance." Further on he said:

ORPHEUM ATTRACTIONS, PREMIER VAUDEVILLE OF NORTH AMERICA, OPENS HERE TODAY

THE old saying that "All good things come by twos" will again be demonstrated in the fact that while today marks an epoch in the city's history with the arrival of the Duke of Connaught to attend the successful Stampede, it also marks the opening performance of the new Orpheum circuit at the Sherman Grand theatre. For the first time, Calgary is on the theatrical map of the big vaudeville stars.

Two performances will be given today, a matinee at 2:30 p.m. and the evening performance beginning at 8:30 p.m. "While we can scarcely expect to prove a counter attraction at this time," said Thomas G. Baker, local representative of the Orpheum circuit last night jokingly, "nevertheless, we are going to give just as good a performance at the matinee opening as in the evening."

The Orpheum shows, as previously announced, come through direct from Winnipeg and the same show will be given here Thursday afternoon and night and Friday and Saturday nights. Exactly the same acts will appear here as those given at Winnipeg. The headliner act is Jack Wilson assisted by Frankly Katie and Ada Lane in "A 1012 Review". Then there are such well known acts as Frankly, Ardell and company playing up-to-date political comedy, entitled "The Suffragette" and Mary Guive and Paul McCarthy in a combination musical act. The others on the bill include Leonard Gauthier's Animated Toy Show, Mary Elizabeth, comedienne; Ben Lewin, the English character impersonator and the Ryan Brothers, aerialists. All of them are the very best in their profession. The acts will go from this city to Edmonton, opening there for Monday, Tuesday and Wednesday nights and then will go on to Spokane, Wash., opening in that city the following Sunday.

BEAUTIFUL DAY FOR THE DUCAL PARTY AT EDMONTON

Conditions of Roads Make it Necessary to Abandon Motor Trip to Saint Albert

Duke Reviews Veterans; Finds Among Them a Former Member of His Son's Regiment

Duchess and Princess Patricia Are Given Reception by the Women's Canadian Club

EDMONTON, Sept. 4.—To make amends for yesterday's down-pour, the sun shone upon the second day of their royal highnesses' visit to Alberta's capital. The duke, in accordance with his grand old and early for a constitutional in the neighborhood of the royal train. The condition of the roads outside the city, as the result of yesterday's deluge, made it necessary to abandon the intended motor run out to St. Albert, which is surrounded by an interesting old district of French settlers and where Father Leduc, who has been in this country forty-five years and with whom the duke had quite a long chat after the state dinner last night, is located. By way of compensation, the royal party was taken for a couple of hours' drive around town.

This afternoon the duke reviewed the veterans, of whom there were more than two hundred lined up with the chevrons and the bands of the Boy Scouts and the Red Cross. He talked with every one of the veterans, as he always does, and was greatly pleased to find among them a former member of the 6th Grenadier Regiment, in which Prince Arthur of Connaught is an officer. The duke and his daughter, who was accompanied by the duchess and the princess, departed from the platform before the court-house, one small boy scout called out for the presence of Princess Patricia, which was given again and again. The duke expressed his pleasure in the splendid showing made by the volunteers with the Boy Scouts, and especially in having met so many veterans who had served in such widely scattered portions of the empire.

ELEVENTH YEAR—No. 160

STAYS 1 TO WIFE AS SHE GOES TO WORK. SHE MUST BE THE PAPER TO READ, STAYS 1.

With the Coming of These Distinguished Guests the Festivities of Stampede Week Will Reach a Climax

Vice Regal Party Will be Met by Lieutenant Governor Bulyea, Premier Sifton, Mayor Mitchell and Alderman R. S. Whaley

EVERYTHING is in readiness for the reception to the vice-regal party. An order was issued yesterday by the Canadian Pacific railway officials ordering the Calgary station closed from 1:30 to 2 p.m. today on account of the arrival of Their Highnesses. The program as announced in yesterday morning's Albertan will be carried out in detail. The vice-regal party will be met at the station by Mayor Mitchell, Alderman R. S. Whaley, chairman of the reception committee, Lieutenant-Governor Bulyea and Premier A. L. Sifton.

In carriages and surrounded by an escort of the Fifteenth Light Horse commanded by Capt. Colton, they will proceed down Centre Street to Eighth Avenue, thence to Second Street east, and the city hall where the address of welcome will be delivered and reply made by the duke.

Streets Lined by Scouts The streets will be lined by the Boy Scouts and Cadets, the city police and the Mounted Police of "74". The sidewalks will be roped off to keep the thousands of spectators out of the way. The party on the platform in front of the city hall will include only officials of the province and the city council and their ladies. It is not expected that the ceremonies here will occupy over ten or fifteen minutes and their Highnesses will then be escorted in similar fashion out Second Street east, to the Stampede grounds where they, with their guests, will occupy special boxes. The invited members of the party who will be seated in the vice-regal stand are announced in the Social column of this morning's Albertan.

Another big feature of today's festivities will be the Stampede parade, starting at 10 o'clock as announced in detail in an other column of this issue. To view this parade, special invitations have been issued by Mayor Mitchell to the many prominent visiting Englishmen including members of the Imperial parliament. At 12:30 noon, members of the city council are requested to gather on the same platform also to have their photographs taken by the official photographer.

Guests of Senator and Mrs. Loughheed Following their attendance at the Stampede, Their Royal Highnesses will retire to the residence of Senator and Mrs. Loughheed which will conclude their participation in the Stampede of the day. They will depart tomorrow morning, the duke has consented to partake of a cowboy breakfast on the Stampede grounds. At 10:30 o'clock Friday, the vice-regal party will review a parade of the Stampede participants from the vice-regal stand on the grounds. At 2:30 o'clock Friday afternoon, the duke will again participate in another ceremony on the platform in front of the city hall, presenting the certificates of merit to the successful candidates at the Royal Academy of Music examinations. Immediately following this ceremony, the Duchess and Princess Patricia will receive a draught of welcome from the Canadian Women's club and the Daughters of the Empire.

Following these ceremonies, the duke and duchess and the Princess Patricia will be entertained with an automobile trip about the surrounding country including a visit to the Indian Reserve.

SCIENTISTS OF ENGLAND MEET NEXT MONTH

Some Fifty Savants From Continent Also Plan to Attend Session at Dundee

Chief Attraction Will be Papers Dealing With the Origin of Life

LONDON, Sept. 4.—Scientists from France, Germany, Italy, Sweden and Russia, attracted by the interesting scientific program made public and cabbed abroad today by those in charge of the eighty-second annual meeting of the British Association at Dundee, September 4th to 11th, have wired to Prof. E. A. Schaefer of Edinburgh University, president of the physiological section of the meeting, their acceptance of the association's invitation to be present.

Prof. E. A. Schaefer, president of the physiological section of the meeting, has issued a circular letter, which will be the most remarkable delivered in many years. Besides this feature of the congress, mathematics and physics, chemistry, geology, zoology, geography, economic science and statistics, engineering, anthropology, history and educational science and agriculture will be discussed.

Prof. J. A. Fleming, of University College, London, for instance, opens a discussion on the "Scientific Theory and Outstanding Problems of Wireless Telegraphy." There is also to be a joint meeting between the meteorological department and the agricultural department on the connection between meteorology and crop production.

The chief attraction will be the "Origin of Life." This discussion, which Prof. E. A. Schaefer will open, is likely to be of great interest. The subject will also be dealt with by Prof. Schaefer in his address to the whole association.

Royal Welsh Tea Rooms

Breakfast—Served (a la carte) from 9 to 10 p.m. Luncheon—Served from 11.30 to 2 o'clock—40c. Afternoon Tea—Served from 3.30 to 6.30 daily, a delicious cup of tea with biscuits, cake or bread and butter 10c.

PRYCE JONES (CANADA) LIMITED. Grocery Phone 1492. Phone Exchange 1191. Store Opens 8.45 a.m., Closes 6 p.m., Saturdays 9.30 p.m.

STAMPEDE VISITORS. Visitors to Calgary are cordially invited to inspect the store and avail themselves of our information bureau and waiting rooms.

Calgary's Favorite Shopping Place is Pryce Jones' Store

Great numbers buy at the store daily because the merchandise is always reasonable—always reliable—and because the prices are never other than reasonable. New Fall Merchandise—Though we are not ready to announce the season's formal opening—new fall fashions now hold sway in every section.

THE NEW HATS FOR AUTUMN WEAR

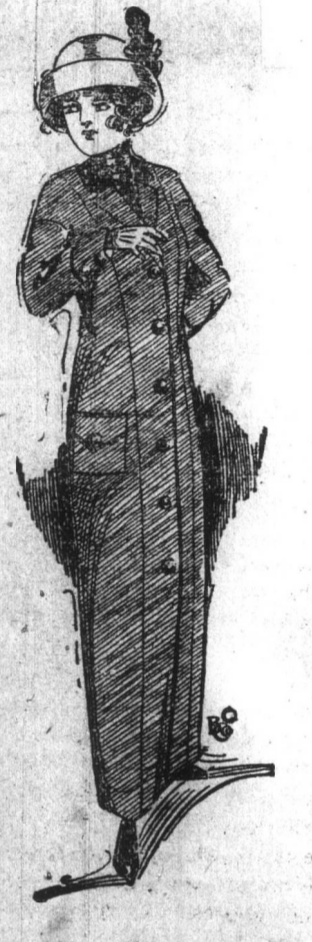

New Idea Patterns . . 10c

The advance styles are here and ready for your viewing. These are chiefly of the ready-to-wear variety, and until you see them, it is scarcely believable how much style and beauty can be incorporated into such simple styles.

The New Fall Suit Styles

There are many, and we want you to come and see them. The correct ideas—beautiful creations direct from makers who set the styles and fashions, each possessing that individuality and exclusiveness which women of good taste insist upon.

Women's Long Coats

There's a "nip" in the air already that turns one's mind to thoughts of warmer apparel and for present wear we can suggest nothing better than one of the smart new coats now being displayed in our ready-to-wear section.

New Black Dress Goods

Styles change in weave and fabric; seasons come and go, but black, like the brook, goes on forever. Black is suitable for almost every occasion and for practically every individual.

Fashionable Ribbons

The successes of New York and Chicago favored by the leading social circles; these ribbons have a charm and individuality of their own and by careful buying the prices represent a saving of 25 per cent.

Women's Fall Gloves 89c

Thursday we shall place on sale at our glove counter a specially purchased line of Ladies' Real Nappa Gloves, the ideal gloves for fall wear, the same kinds sell in the regular way at \$1.25 pairs.

Special Window Display of Real Lace Goods

The most exquisite hand work in Point de Venise, Cluny, Maderia, Florentine, etc., each piece guaranteed entirely hand made—Table Cloths, Table Centres, Doilies, Sideboard Runners, Bureau Scarves all moderately priced; exclusive design

Reversible Cloaking

Those soft, warm cloakings which won so great a popularity last winter, are to have an even greater vogue for the coming season, and many beautiful new color effects have been achieved.

Trunks, Suitcases and Club Bags

An Unrivalled Selection at Unapproachable Low Prices. It goes without saying that good economy in travelling equipment means buying good reliable kinds, no matter what price you have to pay.

The Corset Question, Important

Most clever women know that it is the corset, not the gown which produces the indescribable something called "style." There is a smartness about a well corseted woman that shows in her poise and walk—the most exquisite gown cannot conceal a poorly fitted corset.

Cut Glass Prices "Stampeded"

The saving of 66 2/3 off regular prices now being offered on all cut glass is certainly the most startling example of low pricing in retail history. If there were only a few pieces of this rich, magnificently cut, brilliantly polished glass at this unheard of saving it would be a remarkable event.

AN INVALID PLEADS FOR A MERCIFUL DEATH

A year ago a grand jury at Kilmichael, Pa., holding a case of euthanasia, where two Shakers assisted the passing of the spirit of one of their members, a hopeless invalid, who begged death as the only relief.

LIE TO SWEETHEART DRAWS CONVICT 249 YEARS

Topeka, Kan., Sept. 4.—In 1901 J. M. Baker, a telegraph operator and station agent, was working for the Kansas City, Mexico and Orient. After leaving his service several express money orders were found which he had signed as agent.

MONEY SCATTERED ALONG PENN. RAILWAY TRACKS

Woodlawn, Penn., E. T. Walthers, a contractor, tried to drop \$600 in bills and \$700 in silver coins off an express train going 60 miles an hour into the hands of his brother, Charles Walthers, at the station here last night. Charles Walthers failed to catch and the packages burst, scattering money for 100 yards along the tracks.

THURSDAY, SEPTEMBER 5, 1912
THE GOVERNOR-GENERAL'S VISIT

Today Calgary will be honored by the presence within her gates of a visitor of no less importance than His Royal Highness the-Duke of Connaught. As the accredited representative in Canada of His Majesty King George the Fifth, the distinguished visitor would be assured in any circumstances of a warm welcome from the citizens of Calgary, who, no less than any community in His Majesty's dominions, are possessed of an abiding loyalty to the British crown.

Despite the fact that he has held the office of governor-general for but a brief period he has already shown that he possesses the rare qualities of mind and character which make that position, otherwise chiefly ornamental, one of incalculable usefulness in the life of the Dominion. Observant, kindly, quick of sympathy and intelligence, he has already made the people of Canada feel that he is one with them in their hopes and aspirations for the development of the vast resources of the Dominion.

THE WATER SUPPLY

If the recently defeated bylaw, providing money for the improvement of the city's water supply system, is again submitted to the vote of the ratepayers, it should be approved. When last submitted the proposal was rejected as an emphatic expression of want of confidence in a bungling administration. Doubtless many who voted against the bylaw were moved to do so by the feeling that money should not be placed at the disposal of a body whose recent actions suggest doubt whether the money would be spent to the best advantage.

SENTIMENT FOR SALE

The latest of those who are not unshamed to take the view that the patriotism of Canadians is a marketable commodity that may be purchased with dollars and cents is no less a person than Sir Edmund Walker. In an interview published yesterday this eminent gentleman, after declaring that eighty-three per cent of Canada's borrowed capital comes from Great Britain, makes the following statement: "There is another phase to this loan from England. If she should stop giving us credit—it is hardly likely that she ever will, but if she should—what other country in the world would have the confidence in us to extend us such credit? Any independence or political fanaticism would utterly destroy our British connections. If we wish to conserve the power of the great West, we must preserve our patriotic connections."

suspect that the eminent banker believes with these latter that there is only one brand of patriotism, to be recognized by its attitude towards the naval question. It is quite clear that this brand has at least this advantage over all others, that it can be purchased readily for a few dollars. This, in the opinion of Sir Edmund Walker and those who think with him, is Canadian patriotism. More than that, they are not even content to suggest that it can be bought, but go farther and declare that it can be evoked by a threat. We venture to think they merit and will incur the contempt of self-respecting Canadians. As to Sir Edmund's reminder of our debt to the British Capitalist it is only necessary to remark that the motive which has prompted the investment of 22,400,000 pounds sterling of British money in Canada is the same motive that has prompted the investment of 700,000,000 pounds sterling of British money in the United States. British capital was invested in Canada, as in the United States, because the investment offered a good return. British capitalists are not fools and no British capitalist who was not a fool would invest his money here if he thought he could get higher interest with the same security elsewhere.

TAIT AND THE SPOILS SYSTEM

President Taft has declared that the making of appointments within his gift as president has been one of the most irksome and distasteful of his official duties, and strongly urges the total abandonment of the spoils system. The view which he professes to hold is that which one would expect from any self-respecting statesman. The system of patronage is bad for the public man who has the power to make or recommend appointments; it is bad for the man who benefits by it and it is worse for the country. The public man can hardly refrain from using the power which the system gives him to strengthen his position, the man who receives an appointment lives in fear of losing it and the country suffers because the appointees are selected more often for their political sympathies and services than for their fitness for the positions.

Vest Pocket Essays By GEORGE FITCH

ALABAMA is named from the Indian expression, "Here we rest," and it has lived up to its name with great care until about ten years ago when it began to have steel centres, presidential booms and other disturbances and is now exceeding the speed limit regularly. Alabama lies in the sunniest section of the South with one crowded to the Gulf of Mexico and its north end broken out in a rash of low mountains. The conventional size, 59,000 square miles and has 2,150,000 people of whom 226,000 are busy going to school.

Sidewalk Sketches By HOWARD L. RANN.

EMBROIDERY is a form of relaxation which enables a woman to engage in conversation on any topic without being handicapped by her mental processes. Some women are able to relax to this extent without it, but their number is few. Embroidery consists of stretching a piece of green goods over a hoop and making passes at it with a needle and thread. A certain number of these passes constitute a stitch and two or three stitches constitute a row. There is no family connection between embroidery and darning. Darning is a vulgar pastime, and is never resorted to until everybody in the house is out at the heels. A Japanese crane on a blue silk soft pillow than it is to darn one pair of socks. The embroidery habit has a very depressing influence upon husbands whose clothes need repairing. Many a man goes around with his trousers held in an upright attitude by top-sensy nails and other hardware, while his wife curls up in the hammock and carves her initials on a new set of dottle. Old-fashioned embroidery consisted in knitting flower-like neck scarfs in three colors, crocheting a coy wreath and weaving navy blue wool socks with a seam in them that would cause the wearer to roll in his good looks as an intoxicated boatwain. There was also the good old crazy quilt, made up of exhausted linens and the pallid remains of near-silk petticoats. No one who ever woke up in the night and saw one of these quilts staring him sternly in the eye would care to call it back to a world of woe.

SASKATCHEWAN'S CABINET IS AUGMENTED BY TWO

Geo. Langley is Made Minister of Municipal Affairs; Geo. Bell Provincial Treasurer. Regina, Sept. 4.—The rapidly increasing duties in connection with the different departments of the provincial government that have fallen upon the members of the cabinet and particularly upon Hon. J. A. Calder, are largely responsible for the taking in of two additional members, Geo. Langley, of Redberry, and Geo. Bell, of Estevan, the former being sworn in yesterday as minister of municipal affairs and the latter as provincial treasurer. With the taking in of the two members there has been a general shift of the principal feature of which is that the principal first lieutenant has been relieved of a portion of the heavy duties and responsibilities which he was carrying. The portfolio of education which he was holding goes to Premier Scott while that of mines goes from the latter to Hon. A. P. McNab who in turn is succeeded in the department of municipal affairs by Geo. Langley. Again the provincial treasurer, which Mr. Calder was administering, will be taken over by Geo. Bell, the acting leader of the last session still being minister of railways and telephones. The members of the cabinet and their portfolios are now as follows: Hon. Walter Scott, president of the council and minister of education. Hon. A. R. Ferguson, attorney-general and provincial secretary. Hon. J. A. Calder, minister of railways and telephones. Hon. Mr. Motherwell, minister of agriculture. Hon. A. P. McNab, minister of public works. Hon. Geo. Langley, minister of municipal affairs. Hon. Geo. Bell, provincial treasurer. The bureau of public health now under the department of agriculture, will in the future be administered by Hon. Geo. Langley under the ministerial department. The elevation of Langley and Bell to office will necessitate bye elections in Redberry and Estevan, and nomination day has been fixed for September 5, with polling on September 12th.

THREE LOSE LIVES IN THE ISLAND LAKE

Robert B. Bisset, Bessie Bisset and Mrs. Johnson Are Drowned

Edmonton, Sept. 4.—Three lives were lost on Island lake, near Galtford, on the Grand Trunk Pacific railway west of the city in a heavy squall which sprang up on Sunday afternoon at five o'clock, swamping the boat in which four Edmontoners were rowing on the lake. The dead are Robert D. Bisset, formerly on the south side, and his five-year-old daughter, Bessie Bisset, and Mrs. Johnson of the south side. Mr. Johnson was the fourth party in the boat, was rescued by two Redberrians who witnessed the tragedy. The other three did not get to the shore after struggling for the first time. The squall came upon the holiday-makers without warning and it was the worst that the district has experienced during the present season. The high water was about ten feet above rain and hail and the little craft was driven beyond the control of the occupants. The boat was about a mile from the shore when overtaken by the waves. Mr. Johnson was taken out of the boat in an almost frenzied condition, and carried to the house of W. J. Haydon, where he was given attention. Dr. R. W. Atkin, the coroner, is now at the lake, which is being drained for the bodies.

KING OF SPAIN WILL BE HOST OF FALLIERES

Paris, Sept. 4.—It is stated today that the coming meeting between King Alfonso and M. Fallieres will not have an official character. It will take place, not in Paris, but probably at San Sebastian in the Basque country. M. Poincaré will also go to San Sebastian. An article in a telegram from there, published by The Times today, says that the visit has been decided in preference to Madrid. There is talk of a treaty being signed by the international policy of Spain, in that it will breach the international interests which unite the peninsula with France and England and also with Russia. The article in the Vos de Gaspuz, suggests that if King Alfonso were to be invited to join the group which has now been described as the "Triple Entente," the writer believes that a quadruple understanding will be effected on the occasion of King Alfonso's next visit to Paris.

EARL OF LIVERPOOL WILL GOVERN NEW ZEALAND

London, Sept. 4.—The earl of Liverpool, whose half-sister, Lady Constance Poljanke, filled the secretaryship at the altar steps a year ago, but repeated and married him some months later, has been appointed governor of the Dominion of New Zealand in succession to Lord Selkirk. The earl's father, who died in 1807, served in the naval brigade in the New Zealand war in 1863 and was present at the storming of Ranfurly. Lady Constance and the present earl of Liverpool did not meet until the death of the earl's mother, the daughter of the Viscountess of the County Wicklow, Ireland. The couple are childless and the title probably will devolve on the present holder's half brother. The new governor of New Zealand has sailed in Lincolnsire and Nottinghamshire and is a keen sportsman. Hunting, shooting and cricket are his favorite recreations. He is a descendant of the half-brother of the second

HUDSON'S BAY COMPANY. OUR EXPOSITION OF FUR FASHIONS IS WINNING ADMIRATION. WOMEN are viewing with acquisitive admiration the magnificent collection of furs that we are now displaying in our windows and Ready-to-Wear Department. From Every Source of Good Supply Comes New Fall Apparel to Glanville's

Every department of this great store is featuring new merchandise for fall. The stocks are daily augmented by fresh shipments direct from the most reliable makers of women's apparel.

The Woman's Suit Store For the Woman who is "Looking About"

The woman who goes out now, not necessarily to buy at once but to find out what she wants to buy, will do well to visit this store. More new styles ready here now than can be seen in any other store in the city—so we are told by those who have already investigated.

Of course, we have costumes for less money and others higher in price, but for the woman who has \$25.00 to spend on a Fall Suit we have supreme value. Suits of tweed or serge featuring the newest colorings, in a range of smart and exclusive styles. Ask to see our \$25.00 special Suits at ... \$25.00

General Serviceability, the Feature of our New Coats

We are specialists in Women's Coats. On the second floor you will find an unusually smart array of fashion's latest effects in Fall Coats. Coats that will give you the utmost service and yet are stylish to a degree.

Souvenir Leather Cushion Covers \$2.95

Another "Stampepe Week" special. Every one attending the Stampepe will want to take home a souvenir, so why not a useful one? These covers are very appropriate, too, having an Indian head, burnt or painted on the centre of the top, the back is also of leather and laced to the top with a buckskin thong.

A "Stampepe Week" Special—Trefousse Kid Gloves, \$1.00 pr.

Well Gloved Women show a preference for this famous French make. It embodies all the qualities that go to make the perfect glove.

The New Hats For Early Fall

With customary promptness we are showing the just-arrived shipments of Hats for early fall wear. The quickness with which the new models are finding owners evidences the correctness of our styles.

The Calgary Home of the Famous W. B. and Crompton Corsets

BLOW FROM POLICEMAN'S FIST SAID TO HAVE CAUSED DEATH OF THOMAS NOYES

Washington, August 28.—Thomas Noyes, millionaire publisher and president of the Washington American League Baseball Club, died a week ago last Wednesday from the effects of a blow struck and knocked down on the night of August 17 by a member of the Washington police force, it is charged.

Members of the Noyes family have been conducting an investigation of the occurrence and making every effort to keep it from the public. The policeman has left Washington, leaving behind a statement in which the sick man Noyes fell from a street car.

According to the valet's affidavit, Noyes left his apartment at Seventh and T streets at 10 o'clock on the night of the assault. He stood on the corner whistling when he was approached by the officer, who objected to the noise.

Mr. Noyes had a lifelong habit of raising his hand before speaking and generally placing it on the arm of the person addressed in an intimate manner. According to the valet he raised his hand when the officer stopped him and was immediately felled to the ground by a heavy blow from the policeman's fist. The valet protested, but he was ordered to get into a patrol wagon and took the publisher to the police station. There he was released upon recognition.

Going home he went to bed and did not rise again. His physician discovered a large bruise on the neck and back and declared he had been struck. The valet, thinking Noyes wanted to keep the assault a secret, denied that Noyes was then removed to a hospital where he died. The cause of death was given as pneumonia. This disease did not develop until after the publisher had taken to his bed.

PERSIANS FEAR ADVANCE OF RUSSIA

Expect Shah to Return as Viceroy to Represent the Interests of Czar, Officials Lately Appointed Are All Said to Be Favorable to the Muscovite

London, Sept. 4.—Although during recent weeks but little has appeared in the press with respect to affairs in Persia, much has been going on. The situation, especially as regards the policy of the British government, is being summarized by describing the attitude adopted by that country as a Pacific penetration of Persia.

To this the Persian government assented, hoping by so doing to pacify Russia. As usual, however, no steps were taken to fight the troops which were sent to northern Persia and quartered at such places as Teheran, Meshed and Shiraz during the disturbance of a year ago still remain.

It is more important than the presence of these troops, of which there are now between 10,000 and 12,000 in the country, is the evident desire of the Russian authorities to support the former of the two proposals to establish a reactionary government. It is clearly with this object in view that reactionary governors have been appointed under pressure from Russia, and that these governors, in turn, have appointed officials who are partisans of the former shah.

PLAN TO SIEZE THE CZAR IS UNEARTHED Russian Muteers Had Deep-Laid Plot to Force Ruler to Surrender Throne

Berlin, Sept. 3.—The truth of the revolutionary plot on board the battleship Ioann Zlatoust at Sebastopol, the timely discovery of which resulted in the arrest of sixteen seamen and a petty officer, ten of whom were sentenced to death and four shot, is only now leaking out.

AN ELECTRICAL CURRENT TAKES PLACE OF FOOD Paris, Sept. 4.—If a man is hungry, give him electricity. If he asks for bread or beefsteak, put him in an electric chair and turn on the current.

Big Elevator Burns Chicago, Sept. 3.—One of the large grain elevators of the National Maltine Company, at One Hundred and Third street and the Pittsburg, Fort Wayne & Chicago Railroad yards, burned today. The loss was estimated at \$250,000.

Refused to Be Vaccinated Halifax, Sept. 3.—Fifteen men at the Nova Scotia military camp at Alderbury were dismissed today because they refused to be vaccinated.

Prescriptions

We handle prescriptions and compound prescriptions as they should be. In the first place we employ men—skilled men—who have been educated especially to this branch of the business. These men are graduates of no mean ability who are selected by the management of this store for their character, integrity and skill.

THE MORNING ALBERTA SPORTING DEPARTMENT

JOE PRICE, Sporting Editor. Phone 2320

Joe Bayley Made Short Work of Billy Allen, Delivering Haymaker In Third Round; Allen Beaten Before He Entered the Ring

THE theory, once-licked, always licked, was again proven to be true when Joe Bayley, lightweight champion of Canada, with a short hook to the jaw, put the former champion, Billy Allen, of Ottawa, down and out for the count of ten in the third round of his scheduled fifteen round boxing bout yesterday morning.

The sudden termination of the bout came as a disappointment to the crowd of five thousand fans who gathered in Calgary's new arena to watch these two men, who, upon their former meeting, had put up the fastest mill in the history of the game in Canada.

Allen was a beaten man before he entered the ring. Not once during the two and a half rounds did the former champion exhibit championship form. He was nervous at the start and kept appealing to the referee not to allow Bayley to hit in the breaks.

When Referee Tommy Burns in introducing the boys failed to mention that there would be no hitting in the get-gaways Allen took his arm and reminded him of his ruling. Before the first round was finished it was easy to see that it was simply a case of how long.

Allen was considerably heavier than at his last appearance. The burden of the extra weight seemed to make him slower on his feet. The Victoria lad directed but very few blows to the face but seemed content in delivering hard body blows.

The crowd was a representative one composed mostly of business and professional men of the city. All rowdiness was conspicuous by its absence. The average Sunday school picnic was a riot in comparison. The only exception to this statement was at the finish of the bout when pandemonium broke loose.

The crowd was a representative one composed mostly of business and professional men of the city. All rowdiness was conspicuous by its absence.

HOLMES SAYS BASSANO AND EDMONTON HAVE NO LOVE FOR RED DEERS AND ARE NOT HELPING THEM

Field Captain of Hurleyites Makes an Interesting Statement About Insinuation; "Ducky" Believes in Home-stands for Ball Players

"Ducky" Holmes, field captain of the Red Deer baseball club, and star third baseman of the league, stopped into the Alberta office yesterday afternoon to register a protest against the insinuation in yesterday's paper to the effect that the Deers were being strengthened by the other teams in the league in order to beat the Bronchos.

"Whoever peddled that story to you," said Ducky to the unsuspecting scribe, "is either a sore head or a darn fool."

"We have signed Rube Mills and Jack Bronnan because they were free agents. There was no dealing with the club whatsoever. And as for Snapper Naverson and Hayes being signed, that's nothing but con talk. If you wait until next week you will see that neither of these men are on our lineup."

"Ducky" is given credit for being and doing a lot of stuff that he wouldn't consider for a minute. Bill is the best baseball head in this league, and has the interest of the game at heart. He wouldn't for a minute consider any trick like you insinuated in this issue. He was going to, but Chesty Cox got him just when it looked as though there would be no Red Deer team in the league. He played with Bill last year, and naturally wanted

to play with him again this year. But Bassano has him, and as long as they have him Bill has no chance of getting him. "Rube Mills was a free agent when he was signed by Red Deer. He had been free for several days, and every other team in the league had a chance to get him. We needed him, and he signed a Red Deer contract. The same thing applies to Jack Bronnan. He was released by Edmonton, and we grabbed him."

"Ducky" was a little wrought up about the article in yesterday's paper. But after he had gotten the above off his chest he cooled down and gave some interesting facts. Among other things he said that practically the whole Red Deer team would be upon homestands this winter. Ducky says that while he doesn't hesitate to say so, either and as a result the following well-known ball experts will be doing settlement duties this winter: Phil Harley, Gib Spencer, Percy Manning, and Dannie Dionelo.

Ducky also has a good word to say for the sports of Red Deer. "They are the best people the town, and the result of the following well-known ball experts will be doing settlement duties this winter: Phil Harley, Gib Spencer, Percy Manning, and Dannie Dionelo."

"They are the best people the town, and the result of the following well-known ball experts will be doing settlement duties this winter: Phil Harley, Gib Spencer, Percy Manning, and Dannie Dionelo."

SOUTH AFRICA IS TO HAVE FAST ARMED LINERS

Union Will Follow Canada's Lead in Augmenting Fleet of the Empire

Capetown, Sept. 4.—The South African government has taken advantage of the opportunity afforded by the mail contract, which has just been negotiated by Sir D. P. de Villiers Graaf, in London, to make new and important arrangements regarding the South African contribution to imperial naval defence.

There is every indication that the union has decided to follow the lead of Canada and to provide a fleet of fast armed liners, which will be convertible into naval auxiliaries capable of hiding the east bound trade route in time of war.

This is suggested by the announcement that the new contract provides for the complete replacement of the existing union fleet, during the currency of the contract, by bigger and faster steamers, following Sir D. P. de Villiers Graaf's recent secret conferences with Mr. Churchill, where at the subject of armed liners was discussed.

It is anticipated that the money contribution for the navy will be withdrawn, and that the saving thus effected will help to make up the difference between the old and new contract price. The arrangement is likely to be received very cordially in South Africa, where it is fully realized by Dutch and English alike that the present contribution is wholly inadequate.

It is understood that the imperial authorities are fully satisfied with the arrangement.

Two Shot in Miner's Strike Fight
Charleston, W. Va., Sept. 4.—Fights were resumed last night between striking miners and Baldwin guards on Cabin Creek. As a result Detective Hines and a miner named Hodge are in the hospital. Hines has a bullet wound in the arm and side. Hodge was shot through the thigh.

ITALY'S TAXES MAKE COST OF LIVING HIGH

Excessive Burdens Laid Upon People by the Government Causes Food-Prices to Rise

German Lutherans Plan to Erect Temple in Rome That Will Overshadow St. Peter's

Rome, Sept. 4.—In at least one respect, no mystery surrounds the cause of the high cost of living in Italy. One time, in the dim past, "Sunny Italy" ranked as one of the cheapest countries of the world in which to live. It is no longer.

While the cost of food in Italy unquestionably has been affected by the same causes that have been operative in nearly all the other countries, these have been augmented by a system of taxation that is freely admitted to be largely responsible for the almost prohibitive cost of living now prevailing in Italy in general and in the larger cities in particular.

This phase of the situation has just been called to public attention by the Popolo Romano, the government's official organ, which points out that by unusually rigid enforcement of taxes on food and other necessities of life, the government has, in the past year nearly \$140,000,000, or one-fourth of the entire revenue, a figure never before known, in a single year.

Taxes Paid by All Food
Every possible approach to a every hamlet, village, town or city in Italy is carefully guarded and not an ounce of the products produced in the country surrounding can get to the markets until the tax is paid to the government. It is possible for a person living outside of town to grow and eat a little unsold food, but utterly impossible for him to dispose of it without the tax being paid.

Rome, which boasts of something like 400 churches—an exact census not having been taken for some little time—is said to have another. What is more, the new church is to make St. Peter's look like a village schoolhouse.

Lutheran Plan Temple
The announcement of the new church comes from Germany, where a movement has been undertaken by the Lutherans to raise funds for the erection at Rome of a temple to Luther, that will be without an equal in the world. In Rome, however, the idea of outdoing Saint Peter's is looked at a trifle askance.

A permanent art gallery in Rome for the United States is the latest hope of the American colony in the Eternal City. The pavilion erected by the United States government for last year's art exposition in Rome still stands. It is a permanent edifice, and an effort is to be made to have it retained for all time as a gallery where American artists can give exhibitions.

No difficulty, it is believed, would be encountered in getting the land free and the backers of the movement will direct their energies largely towards securing the permission of the American government to allow the building to remain and providing funds for its maintenance.

NO BOGEY, BUT A REAL PERIL, SAYS HAYZEN

Minister of Marine Impressed With the Reality of the German Menace

Every Public Man He Talked to in England Is of the Same Opinion

Ottawa, Sept. 4.—Hon. J. D. Hazen, minister of marine, who is just back from Great Britain is impressed with the stern reality of the German menace.

"There was not a public man I met in England, I do not care which side of politics he was on, who did not fully believe that the German peril was real and urgent. We talked to everybody—Liberals and Conservatives—men who were not in politics at all, but who had large interests in the country, and this was the deep-seated conviction, that the German peril had to be faced; that it was a real thing, obscuring the general mind."

In these words Mr. Hazen summarized his impressions. He, as a Canadian minister, had unusual opportunities of observation and information. Mr. Hazen was asked:

A Delicate Matter.
"Are you convinced yourself of the reality of the peril?"

"Well, at this stage, I would rather not commit myself to a definite expression of opinion on this point. The ministers went over, they heard the general situation discussed; they were closeted with the ministers of the crown, when the situation was frankly reviewed; but until the question in its fullness can be discussed in our own Parliament, it would be a delicate matter for me to give personal opinions."

"Might you ask if exhaustive information was given by the British ministers?"

"We went fully into the question. We had everything placed at our disposal."

"Did this correspond with the general opinion out of doors?"

"Ah, there again I must decline to answer," said Mr. Hazen, laughingly. "Did it appear from all that was said and seen, that the duty of Canada was urgent to give aid to the mother country?"

"I am sure that every man in Canada stands ready to do his part to aid the mother country, when the people are convinced that such aid is necessary," said Mr. Hazen, diplomatically. "Do you not say that your colleagues and yourself were convinced?"

"No, I do not say it, at this stage," said Mr. Hazen.

"Wait," Says Minister.
"Mr. Donald Macmaster says that Canada might give two Dreadnoughts and two cruisers."

"Indeed?"

"Have the ministers considered the question of immediate contribution to offset the imminent peril, or will they propose a deliberate and permanent policy looking to the establishment of a Canadian navy?"

"Wait till we meet Parliament."

"You would go the length of saying that it is incumbent on England in the first place, to strain every nerve to meet the situation?"

"Certainly."

"And that all the colonies should do their part in the way of aid?"

"Unquestionably, in the stressful moment."

Imperial Council?
"When you hinted in your speeches that the contribution must, in the case of Canada, mean participation in Imperial Councils, do you think that that presages the emergence of a great Imperial Council whose duty it would be to consider itself with the large things of policy, while local assemblies looked after the grilles?"

"Such a great council may be realized, but my colleagues and myself made it very clear that contributing was to be conditioned on participation. I am glad to say that this idea was heartily received, not only by Mr. Asquith, but the public men of both sides."

"It is a fact, though, that at a previous conference, when Sir Wilfrid Laurier was Premier, Mr. Asquith deprecated the idea of a divided control, insisting that such control must be directed from the centre?"

"It would not care to contrast the present and former attitude of the Premier on this subject. I am content to take his utterances as I find them today."

The Air Line.

Steve—Being a good fellow.

FRANCE IS TROUBLED BY GERMAN AERIAL ARMY

Feeling in Paris That Teutonic Nation May be Challenging Gallic Superiority

Republic is Recruiting Force of Black Men That May be Needed at Any Time

Paris, Sept. 4.—There is a feeling abroad that Germany intends to challenge France's supremacy of the air. A note of alarm is from time to time sounded in certain papers. It is pointed out that Germany now possesses 214 aeroplanes, while according to official information France has no more than 250. Germany has a corps of 391 certified pilots. This number is not disputed, but the question is asked, how many of these officers can fly? In less than six months more than 40,000 miles have been flown by 350 French military officers. "How many miles have been flown by German officers during the corresponding period?" asks La Vie au Grand Air.

This journal considers that the experiments in Germany with aeroplanes which drop engines of destruction have not been conclusive. As to airplanes, the German vessels may be superior to French. This much is conceded, but, say the French critics, it is necessary to take accidents and the wind into account.

They do not believe that any Zeppelin airship would not dare to go out at Anjou on the day when Garros flew more than 300 miles in a tempest. For the rest, French aviation experts consider that there is not the slightest need for alarm, since, as yet, there have been no flying exploits in Germany to command the serious attention of French pilots.

France Looking to Black Men.
The idea of making up for the numerical inferiority of the annual French conscription contingent for the army, as compared with that of Germany, by drafting a corps of black troops drawn from French West Africa into the continental forces, has long been broached. It will not meet with acceptance yet a while. But every now and then the campaign in favor of the scheme is pushed a step forward. Thus the governor of French West Africa, having been asked by the War Office for 5,000 black troops for Morocco, cabled within forty-eight hours undertaking to supply the required contingent in six months' time.

On the other hand, a permanent force of native troops is being organized in the colony, whence reinforcements can be drawn when wanted. The Matin takes these arrangements as a text to argue in favor of the regular employment of black troops.

More Army Corps.
By the new year, France will have 18,000 men of the latter under arms. By 1914, the force will fall little short of 20,000. That is the strength of the twenty-first army corps, if employed in time of war, must necessarily be employed on the European continent. Any scheme for drafting it into

WILLIAM IN ZURICH

Zurich, Sept. 3.—Emperor William arrived here this evening from Berlin to attend the Swiss manoeuvres, which begin tomorrow. His majesty was received at the station by Dr. L. F. Forrer, president of Switzerland, a delegation of the federal council, high military officials and the local authorities. Then his majesty was driven to the celebrated Villa Weedenock, at one time the residence of Richard Wagner, and where "Tristan and Isolde" was composed. The villa was placed at the disposal of the emperor by the Reiter family, its present owners.

Large crowds cheered the imperial visitor all along the route from the railroad station to the villa. This evening President Forrer gave a banquet to Emperor William at which he had the opportunity of meeting the members of the Swiss government and the military chiefs of the republic.

Ohio Against Woman's Suffrage
Columbus, Ohio, Sept. 3.—The women of Ohio failed today in their effort to gain the ballot, according to indications of the early returns tonight. While the earliest figures on which result is based came almost entirely from the larger cities of the state, Cleveland, Cincinnati, Columbus, Toledo and Dayton, it was in those places where the suffragettes waged their most determined fights, and politicians said the result would not be changed by the final returns.

TO MY FRIENDS, The Visiting Real Estate Men from All Parts of Canada

Don't Miss The Greatest Show Of All

FREE EXHIBIT Of The Gibson Catlett Real Estate Landscape PAINTINGS

Come to the Corner of Eighth Ave. and First Street West---Office of J. Hextall & Co.---and see the

Come any day or night, see all the principal cities of Western Canada from Victoria to Winnipeg, it is the finest exhibit of the kind ever made anywhere in the world.

THIS IS WHERE YOU GET EVEN

It will pay you to see and learn the method by which the Record-Breaking real estate sales have been made during the past year, and the great paintings of cities that have revolutionized selling methods throughout Canada.

Then I invite you to come to my office and studios, when I will gladly explain the details of my SELLING CAMPAIGN METHOD, which is as much a part of my work as the paintings themselves.

Instructed by W. R. Penland, Esq., Dunmore stockyards, 6 miles east of Medicine Hat on C. P. R., notice of sale by public auction at the above stockyards of 1,600 head of horses. Consisting of 250 mares with foals at foot weighing from 1,100 to 1,600 and 1,700 pounds, the foals are by the reg. Clyde and Shire stallions which will be sold; 100 dry mares weighing from 1,100 to 1,600 and 1,700 pounds; 100 3-year-old geldings, being from good saddlers, to 1,400 pound horses; 90 2-year-old fillies, 115 2-year-old geldings; 90 1-year-old fillies; 90 1-year-old geldings; 50 saddle horses, which will be sold in carload lots; 7 registered Clyde and Shire stallions; 4 high grade Clyde and Shire stallions; 1 registered Percheron, to be sold on Wednesday, September 18th, 1912, commencing at One o'clock, absolutely without reserve, for cash.

These horses have been personally inspected by us and we have no hesitation in stating that they are an exceptionally fine bunch and comply with the above description. We would like to impress upon the public that these horses are going to be sold without reserve.

Further particulars can be obtained upon application to

BAIRD & HAAG, PARKVIEW, CALGARY.

Auctioneers—Baird & Haag, Jordon Bros., Calgary.

THE MARKETS

Winnipeg Wheat

Winnipeg, Sept. 4.—The wheat market today was dull and featureless, with weather for harvesting and weathering American markets were steady to firmer due to the same cause. Liverpool market closed 1-4 lower to 1-4 higher, with steady undertone. Winnipeg opened 1-4 to 1-2 higher and holding steady at the high points during the entire session, closed 3-8 higher for October, 3-8 for December and 5-8 higher for May. Minneapolis opened unchanged to 1-8 higher and closed 1-8 higher for September, 5-8 for December and 1-8 for May. Chicago opened unchanged to 1-4 higher and closed 1-8 higher for December and 3-4 for May. In cash wheat Blue-stem and Velvet-chaff are now selling at almost par for No. 1 and No. 2. The cash demand at Winnipeg was good for all grades with very few offerings. New No. 1 B, and 1, were quoted 5 3-4 under old. Oats were in better demand at firmer prices, while flax was unchanged. American coarse grains were also stronger in sympathy with wheat; corn advanced 1-4 to 1-2, December and May also higher. Receipts were light, only 25 cars being in sight.

Chicago Wheat

Chicago, Sept. 4.—Firmness in the wheat market today seemed to be based largely on a feeling that as the market had declined three days in succession a rally was due. Closing prices were firm, 3-8 to 5-8 higher than last night. Corn scored a net gain of 3-8 at 1-2 to 1-4, and oats an advance of 1-4 to 1-4 at 3-8. Wheat finished at a virtual higher point of the day. There was evident support on soft spots. Plenty pressed for sale, however, on the bulge. Wet, delaying the Canadian harvest operations, gave the bulls something tangible to work on. There were also reports of a heavy frost in Calgary. Paris, too, sent word of damage by rains. Owing to car shortage, Kansas farmers were being advised to hold their wheat and stop their threshing, and this stopped the market from declining also reports of a heavy frost in California. Outside limits touched by December were 91 7-8 and 91 1-2, with the close 3-8 net higher at 92 3-8. Material strength developed in corn, largely as a result of the possibility of early advance in the grain north-west, might mean that the corn belt tonight. Moreover, there were rumors that leading expert was estimated to have a total generally accepted heretofore. Cash grades were in good demand. December fluctuated from 1-2 to 5-8, closing firm 3-8 up at 55 3-8. Good domestic demand for oats prevailed. Receivers said equipment companies throwing steady increase of business. Earnings of these companies for the first half of the current year are well ahead of the entire previous year. Private advices from Berlin where private discounts were higher indicated a steady advance in the bank rate. Money was plentiful in London, but that market was somewhat depressed because of the continental political situation. London shipped a large amount of gold to Turkey, and Italy was reported to be negotiating for money in Paris. Total sales, par value, \$1,850,000. United States government bonds unchanged on call.

Chicago Cattle

Chicago, Sept. 4.—Cattle receipts 15,500. Market steady to 10c higher. Beves \$3.75 to \$10.70 (highest of the year); Texas steers \$4.75 to \$6.50; Western steers \$5.85 to \$9.15; stockers and feeders \$4.25 to \$7.15; cows and heifers \$3.00 to \$8.00; calves \$8.50 to \$11.85. Hogs—Receipts 22,000. Market held early advance of 10c; light \$8.30 to \$9.50; mixed \$7.90 to \$9.50; heavy \$7.35 to \$8.75; rough \$7.65 to \$7.85; pigs \$5.25 to \$8.20; bulk of sales 8.05 to \$8.70. Sheep—Receipts 42,000. Market opened steady, closed weak. Native \$3.40 to \$4.75; Western \$3.50 to \$4.75; yearlings \$4.50 to \$7.65; lambs, native \$4.65 to \$7.15; Western \$4.60 to \$7.25.

Montreal Produce

Montreal, Sept. 4.—Butter fairly active and firm. Cheese strong. Eggs active. Cheese—Cholcester, 14 1-4. Finest eastern, 13 1-2 to 14. Butter—Cholcester creamery, 27 to 27 1-4; second, 26 to 26 1-4. Selected, 28 to 29; 2 stock, 19 to 20. Pork—Heavy Canada mess barrels 35 to 45 pieces, 26; short cut-back barrels, 50 to 55 pieces, 27.

Toronto Stocks

Toronto, Sept. 4.—There was a somewhat steady tone to the local share market today but there was nothing significant in the dealings. For the most part the dealings were in small lots and these were chiefly for investment. The firmer tone of the money market is a barrier to speculation. In only a few cases did the transactions in individual stocks exceed a hundred shares. The above horses are an exceptionally good lot, and have been shipped in to us from Carleton Place to be sold absolutely without reserve.

Montreal Stocks

Montreal, Sept. 4.—The afternoon market was dull and featureless. Ritchie and Power, the leaders of the past few sessions on the exchange, rejected steady in price, although the former eased off a point to 111 1-2 before the bell rang. Power's last sale was 228 1-4, a fraction above the morning close. Cement common was steady at 29, the figure of the earlier trading. Laurentide was easy at 201 1-2. Cannons was firm at 65 1-2. Soo was softer at 140 on small buying. Tram debentures were dealt in at 88 to 85 3-4. Another lot of Quebec railway bonds changed hands at 85, the low level mark of the issue.

New York Stocks

New York, Sept. 4.—The most noteworthy feature of today's dull and irregular stock market was the growing importance of money as a factor. For a time the list gave signs of an inclination to shake off the heaviness of the previous day, although opening prices were generally lower, but this was followed by a buying movement and short covering which soon established gains of a point or over in some of the more representative issues. The early afternoon when call loans were quoted at four per cent and time rates went higher, the market sagged until little was left of the gain except in certain of the higher priced specialties, notably to tobacco which repeated some of their former spectacular performances. Yesterday's elections in Vermont and Ohio were naturally the subject of general discussion. Opinions varied regarding the significance or importance of the outcome. C. B. Smith's Will Probated. Toronto, Sept. 4.—The will of Cecil C. Smith, the electric engineer, who died recently, was probated today. He left over \$126,000.

TABER

Have You Ever Heard of Taber? Perhaps not. Well listen:

TABER Was Not on the Map 5 years ago. Now has nearly 3000 population. Is the largest town in Alberta.

These are a few of the items which form the basis of TABER'S solid growth and which ensure rapid future growth and stability. We are offering at the present time a limited number of Lots in the best residential section of TABER, all inside the Half Mile circle and a few are inside the Quarter Mile circle, at prices ranging from \$125 up to \$250 per lot. Terms: One Third cash, balance 6 and 12 months. We can confidently recommend these lots as offering a much superior investment than the buying of skyline lots in larger towns, TABER is growing fast and at the present rate of growth every one of these lots will be required for building purposes within two years. Remember these lots are surrounded by a good class of residences. See us about a pair of these lots at once, there is very little to choose between them, with the exception of a few choice corners. TABER last year earned One Million Dollars for the C.P.R. which is equal to One Per Cent. of the total earnings for Canada. TABER has eleven Coal Mines operating with a monthly payroll of \$50,000 per month and ships more Lignite coal than any point in the west. TABER will ship Two Million bushels of wheat this fall, will have Natural Gas in the near future, well now down 2000 feet, only a few miles west of the Bow Island wells. TABER has a new \$70,000 Brick Plant under construction which will employ a large number of hands, Canadian Northern railway will be there soon. TABER is today where Lethbridge and Medicine Hat were six years ago. TABER'S prospects are better today than were those of either above cities.
