Technical and Bibliographic Notes/Notes techniques et bibliographiques

The Institute has attempted to obtain the best original copy available for filming. Features of this copy which may be bibliographically unique, which may alter any of the images in the reproduction, or which may significantly change the usual method of filming, are checked below.

- ☒ Coloured covers/
Couverture de couleur
- ☐ Covers damaged/
Couverture endommagée
- ☐ Covers restored and/or laminated/
Couverture restaurée et/ou pelliculée
- ☐ Cover title missing/
Le titre de couverture manque
- ☐ Coloured maps/
Cartes géographiques en couleur
- ☐ Coloured ink (i.e. other than blue or black)/
Encre de couleur (i.e. autre que bleue ou noire)
- ☐ Coloured plates and/or illustrations/
Planches et/ou illustrations en couleur
- ☐ Bound with other material/
Relié avec d'autres documents
- ☐ Tight binding may cause shadows or distortion
along interior margin/
La reliure serrée peut causer de l'ombre ou de la
distortion le long de la marge intérieure
- ☐ Blank leaves added during restoration may
appear within the text. Whenever possible, these
have been omitted from filming/
Il se peut que certaines pages blanches ajoutées
lors d'une restauration apparaissent dans le texte,
mais, lorsque cela était possible, ces pages n'ont
pas été filmées.
- ☐ Additional comments:/
Commentaires supplémentaires.

L'Institut a microfilmé le meilleur exemplaire
qu'il lui a été possible de se procurer. Les détails
de cet exemplaire qui sont peut-être uniques du
point de vue bibliographique, qui peuvent modifier
une image reproduite, ou qui peuvent exiger une
modification dans la méthode normale de filmage
sont indiqués ci-dessous.

- ☐ Coloured pages/

12X	16X	20X	24X	28X	32X

The copy filmed here has been reproduced thanks to the generosity of:

Library of the Public
Archives of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol - ➔ (meaning "CONTINUED"), or the symbol ▼ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

La bibliothèque des Archives
publiques du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole ➔ signifie "A SUIVRE", le symbole ▼ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

THE TOWN
OF
WEST TORONTO JUNCTION.

March, 1890.

PUBLIC ARCHIVES
OF CANADA

ISSUED BY
The West Toronto Junction Property Owners' Association.

YORK TRIBUNE STEAM BOOK AND JOB OFFICE.

WEST TORONTO JUNCTION PROPERTY OWNERS ASSOCIATION

OFFICERS FOR 1890.

President, Thos. J. L. Peake

1st Vice-President, J. H. Hoover.

2nd Vice President, Geo. Wagner.

Executive Committee, R. L. McCormack, J. P. Wagner, J. B. Bruce, Dr. J. T. Gilmour, M.P.P. John Barnes.

Treasurer, Ernest Heaton

Secretary, J. C. Horner.

The object of this Association is to make known the superiority of West Toronto Junction as a place of residence, and as a location for factories, and to advance the interests of the town generally.

YEARLY CONTRIBUTION

Notice to Manufacturers.

The Corporation of the Town of West Toronto Junction offers the following inducements to all manufacturers locating in the town, and employing on their premises forty hands all the year around, provided that a record of the employment is retained with the Corporation of the town.

1. Exemption from general taxation for five years.
2. Water at cost for ten years.

All information concerning the above may be obtained from the Secretary of the Property Owners Association, West Toronto Junction.

RAILWAY FACILITIES.

The following railways at present run through the limits of the town :

- C.P.R.—Ontario and Quebec Division.
- Credit Valley Division.
- Grey and Bruce Division.
- G.T.R.—Western Division.
- Northern Division.

In addition to these, the C.P.R. Co. have agreed to connect the new Buffalo and Hamilton line, and the proposed line to Sudbury with the lines already running through the town, thus connecting at this point the coal mines of Pennsylvania with the chief source of mineral wealth in Ontario. The new Belt Line round Toronto will pass through the centre of the town, the roadway of which is at present being graded.

THE C.P.R. CO. HAVE PROMISED TO MAKE WEST TORONTO JUNCTION THE DISTRIBUTING POINT OF THEIR WHOLE ONTARIO SYSTEM.

Map Showing Present Railway Connection of West Toronto Junction.

FACTORY WEST TORONTO JUNCTION.
OFFICES 117 KING ST. WEST, TORONTO.

THE C.P.R. SHOPS.

The Canadian Pacific Railway Company have agreed in writing to commence at once the erection of the Repair Shops for the whole of the Ontario Division on the land now held by them in the heart of the town, immediately west of present C.P.R. station.

In these shops there will be employed at the start over three hundred hands, and within three years, from seven hundred to one thousand men, all of whom, from the nature of their employment, will be compelled to live within the limits of the town.

The Company propose to erect a club house and reading rooms for the use of their men, and to make this a centre for all their employees in this district.

Campbell Block.

THE DODGE WOOD SPLIT PULLEY CO.,

WEST TORONTO JUNCTION.

We challenge the world upon our Patent Wood Split Pulley, with patent Bushing System on the following points of merit :

- Perfect balance.
- Best shaft fastening in the world.
- The lightest pulley ever made.
- The strongest pulley ever made.
- Best belt surface.
- Most convenient.
- 70 per cent. lighter than cast iron.
- 40 per cent. lighter than wrought iron or steel.
- 25 to 60 per cent. advantage with same belt over any iron pulley made.

Send for illustrated catalogue and price list.

THE GROWTH OF WEST TORONTO JUNCTION.

POPULATION, 1885, 300.

" 1889, 5,000.

AGGREGATE VALUE OF BUILDINGS ERECTED IN 1889 COSTING

\$1,800 OR OVER - \$600,000.

THE REASONS OF THE GROWTH OF WEST TORONTO JUNCTION.

I. ITS SITUATION.

Lying to the north-west of the city of Toronto, five miles from the corner of Yonge and King Streets. High Park lies on the southern limit of the town, shutting off the growth of Toronto on the south-west, and thus forcing all the western growth of that city into West Toronto Junction. The distance from Toronto is sufficiently great to make of West Toronto Junction a commercial centre, and thus business men have all the advantages of the rapid growth of a western city, within fifteen minutes' run of Toronto.

2. THE ADVANTAGES OFFERED TO MANUFACTURERS:

The proximity to Toronto, the centre of commercial competition in Ontario; unrivalled shipping facilities; the privileges granted by the corporation to factories locating in the town [see inside of cover]; cheap factory sites; cheap houses for employees; good fire protection.

3. THE NATURAL BEAUTY OF THE RESIDENTIAL QUARTER.

The greater part of the land south of the railway is subject to building restrictions. Houses of a certain class only can be erected. The land lying south of the station is intersected by numerous thickly-wooded ravines affording more beautiful sites for dwellings than can be found anywhere within the same distance of Toronto. The elevation is high, overlooking Lake Ontario; the soil is sandy, and absorbs all moisture rapidly. Residents have all the enjoyment of High Park at their doors, while the expense of maintaining it is borne by the city of Toronto.

LOCAL IMPROVEMENTS.

Two fine subways are in course of erection under the Canadian Pacific Railway on Keele Street and the Weston Road. These will afford perfect communication between the northern and southern portions of the town, and will open up a connection with some of the finest farming districts in Ontario. 27,500 feet of sidewalks have been laid down during the past year. Block-paving has been laid on two of the principal streets. A comprehensive system of sewerage is about to be commenced, and will be completed during the current year. The waterworks, completed in August, 1889, have been pronounced by the Secretary of the Underwriters' Association, to be the most perfect in Ontario. Two fire halls are in course of erection, full equipments for which have already been purchased.
