LAURIER WILL ADJOURN
PARLIAMENT TWO MONTHS

Intermission From Hostilities
Will Last From May 23 to
July 18—Premier Accepts
Borden's Suggestion—Con-
servatives Jubilant Over
Victory.

OTTAWA, May 4.—(Special.)—A day
of suspense as to the decision which
would be reached by Sir Wilfrid Laurier
regarding the parliamentary
session while he is in England at the
imperial conference and the coronation
ended late this evening, when it was
announced that the premier had finally
made up his mind that the house
will be adjourned for two months, from
Tuesday, May 23, to Tuesday, July 18.

United States About To Follow the
"Lure of Gold and Call of Adventure."

WASHINGTON, May 4.—Mr. Frecht of Pennsylvania, in
the course of the debate in the house on the free list bill to-day,
predicted an early invasion of Mexico, saying an army officer
had told him that the army was going over the Mexican border
"to stay."

FINE FREEZE-OUT FOR
WEAKER NATIONS

Proposal of New York Delegate to Peace Conference for
"Financial Neutrality" Would Allow Rich Power
to Hold Up Poorer Peoples.

BALTIMORE, May 4.—"Financial
neutrality" as a preventive of war be-
tween nations was the interesting sug-
gestion offered at the third national
peace congress here to-day, by James
Speyer, of the New York and European
banking house of Speyer & Co. Mr.
Speyer spoke as a delegate from the
chamber of commerce of the State of
New York. He followed Assistant Sec-
retary of State Huntington Wilson,
presiding officer of the forenoon ses-
sion, who gave his interpretation of
what has been called "dollar diplo-
macy," the newly coined phrase applied
to the expansion of business interest.

TRUSTEE SHAW'S IDEA
FOR TEACHERS' SALARIES

Maximum Would Be Reached in 7
Years Unless Certain Stan-
dard is Attained.

At the meeting of the board of edu-
cation last night a heated discussion
took place on the question of vacat-
ing, and finally it was agreed that
medical inspectors be permitted to vac-
cinate all children whose parents or
guardians have requested it, but the
vaccination must not be compulsory.

CRUISER—DREADNAUGHT
BUCKLED IN DOCK

The Invincible, One of England's
Big Fighting Machines, Ser-
iously Injured.

LONDON, May 4.—The Dreadnaught
cruiser Invincible was seriously in-
jured while being docked at Portsmouth
on Tuesday for overhauling. The mo-
ment the great vessel rested on the
wider blocks, the great frames
strengthening the vessel's double bot-
tom buckled, forcing the keel upward.

HE NEEDS A CHANGE

HEAD OF THE HOUSE: But I'll drop everything and go to the Coronation if it
takes a leg.

NEW DRUMS AND FIFES
GIVEN TO GRENADIERS

A complete set of drums and pipes
was presented to the 10th Royal Gren-
adiers last night. The present-
ation was made after a parade and
company drill and a parade. A large
attendance of spectators witnessed the
imposing military spectacle in the
armories.

LABOR COUNCIL ENDORSES
STRIKE OF IRONWORKERS

At the meeting of the trades and
labor council last night, a resolution
was passed endorsing the strike of
the bridge and structural iron work-
ers. A committee was appointed to
wait on board of control and board
of education to insist on the fair wage
clause in contracts being carried out.

MOULDER QUIT WORK

The moulder quit work after an
increase of 25 cents to 35 cents per hour.
The moulder quit work after an
increase of 25 cents to 35 cents per hour.

SIR JOHN CARLING STRICKEN

Hopes That He Will Rally, But Physi-
cians Are Not Sanguine.

WOMAN RUN DOWN BY AUTO

A middle-aged woman attempting to
cross Yonge-street, between Temper-
ance and Richmond-streets at a late
hour last night was run down by a
big touring automobile and thrown to
the ground. The police ambulance was
sent for, but before it arrived the
woman was hurriedly taken to her
address. The searchlight of the
ambulance was smashed.

SUBSIDY WOULD
BE LIEN ON
ROAD

Important Change Contem-
plated in Railway Act—Gov-
ernment Could Sell Out the
Road if it Became Dilapi-
dated and Put it in Safe
Condition.

OTTAWA, May 4.—(Special.)—Hon.
Mr. Graham, minister of railways, ex-
plained to the commons to-day the
provisions of his bill to amend the
railway act.

The most important and radical
change contemplated is one which
provides that when a railway becomes
dilated and unsafe for traffic, the
government subsidy given that rail-
way can be regarded as a lien on the
road, coming in even before a first
mortgage, and the government can
sell out the company and take this
provision in the event of a default.

DR. FORSTER WILL BE
SUPT. TORONTO ASYLUM

The appointment of Dr. Charles K.
Clarke as superintendent of the Gen-
eral Hospital is followed by Sir James
Whitney's announcement of several
changes affecting the asylums at Tor-
onto, Hamilton, and Brockville.

LADIES ARE BARRED

For some days an Indian Act stand-
ing in Mr. Oliver's room has been
held over at Mr. Foster's request. Mr.
Foster explained that the legislation
he had contemplated must include
the Act had been included, and he
had no further objections to it.

METHODIST COURT OF APPEAL DOESN'T
FAVOR THEM AS REPRESENTATIVES.

At the annual meeting of the court of
appeal of the Methodist Church yes-
terday, it was unanimously decid-
ed that women should not be allowed to
represent the Methodist churches thru-
out the Dominion at the annual con-
ferences. The matter was brought up
by the British Columbia Conference.

CARELESS AUTO DRIVING

A big new automobile, driven by an
apparently inexperienced driver, cross-
ed Broad-st. at the head of Spadina-
ave. yesterday and crashed into the
curb on the other side of the street,
narrowly missing several people and
a tree in its reckless course. The
damage, however, was a broken front
wheel and loosened steering gear.

STYLISH HATS FOR PROFESSIONAL MEN

There is a hat craze in vogue among
the Siks, which is really a dress hat,
and the stiff felt Derby. It is the
square crowned felt hat. We cannot
think of any better looking profes-
sional man or one engaged in busi-
ness. This square crowned hat is
very becoming to a man of middle
age or even a young man. The
Honey Boy hat is showing some very
recent importations in these lines,
Brown and Black felt, at \$2.00 and
\$3.00. The hats are mostly the Eng-
lish style, made in London. Dinesen is sole
Canadian Agent for Henry Heath &
Co., London, England, importer to His
Highness the King.

HAMILTON HAPPENINGS

WOULD DIVIDE CITY INTO TWO POLICE DISTRICTS

This Would Necessitate Appointment of Inspector and Sergeants.

HAMILTON, May 4.—(Special.)—That the city be divided into two police districts was the recommendation of the commissioners at the meeting of the commission held this afternoon.

The application of Miss Hendry for a principalship of one of the Hamilton schools was read at the meeting of the international management committee of the board of education to-night and brought out the statement that the policy of the committee was to employ male teachers as principals.

Miss Jean Hyalop, one of the lady principals now employed, asked for an increase in salary and as she is being paid \$200 less than her predecessor, an increase of \$100 a year was granted.

The request of Dr. Davey for the cooperation of the board of education in the coronation day arrangements received the approval of the committee.

Dr. Davey, who has charge of the coronation day arrangements, this afternoon announced at the meeting of the committee that about 500 persons would take part in the big parade.

Mrs. Nichols, 29 Summit-st., Hamilton, was perhaps fatally injured about 9 a.m. yesterday by being struck by a G. T. R. passenger train at the Wentworth-st. level crossing.

The secretary of the Moulders' Union appeared before the board of control this morning with a request for permission to hold a raffle for the benefit of the union.

Hotel Hamilton, corner Barton and Catharine-streets, Hamilton, conveniently situated and easily reached from all parts of the city.

Value of Medical Inspection. One of the medical inspectors in the schools yesterday reported a child with a discharging ear.

Nearly 42,000 School Children. The monthly attendance report for the public schools for the month of April is now out, showing an increase of 2460 pupils over the same month last year.

Crossing Protection. NEWCASTLE, May 4.—(Special.)—The clerk of Hope Township has received word from the board of railway commissioners that they have instructed the G. T. R. to install an electric bell on the gravel road crossing between Garden Hill and Millbrook.

EATON'S DAILY STORE NEWS

Mark Envelopes for Mail Orders for Good on this Page 'City Ad.'

The EATON Piano is But \$185.00 and is Guaranteed for Ten Years

\$185.00

The very fact that we are satisfied to guarantee a Piano for ten years, shows what confidence we have in this instrument, and we more than guarantee it. The written agreement is but a matter of form. We're thoroughly convinced that the EATON is the very best that can be procured for the money, and, if you find otherwise, we want you to let us know, no matter how long you have been using the EATON. You are allowed a three-months' trial of the EATON. In three months a Piano can be put to almost every reasonable test possible. You have really not purchased the Piano till those three months are up, for any time during that period a phone message will have the Piano brought back to the Store.

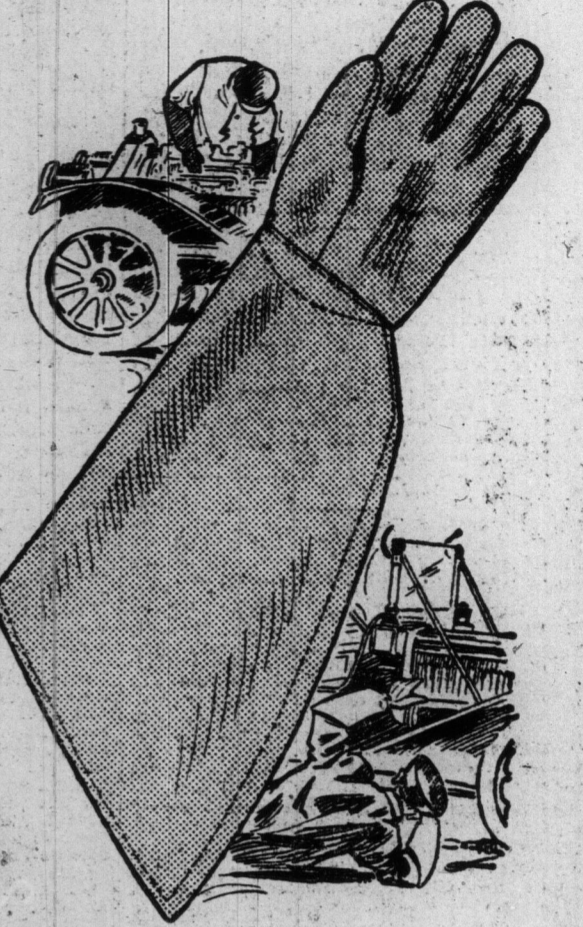

The EATON is an ideal Piano for the summer home, as it's made for use in Canada, and climatic conditions do not affect it. In appearance it is a beautiful instrument, graceful and artistic in design and high-class in every particular; this, coupled with the sweet, resonant tone, and its responsive action, qualifies it for the consideration of advanced players. While the extra low price—\$185.00—recommends it to those wishing a Piano for general home use. Have the EATON demonstrated for you. We'll be pleased to tell you all about it. On display in Music Hall, Third Floor.

Store Closes Saturday at 1 P. M. (No Noon Delivery)

THE T. EATON CO LIMITED

Autoists! Chauffeurs! Auto Repair Gloves

Ever have to get down on your elbows under the machine, or "dive" in about the cylinders, and come out with your arms from finger-tips to elbows covered with grease and grime? Well, these Gloves are designed to thoroughly protect the forearms when such parts of the machine call for attention. The long cuff coming up on the arm to the elbow is fairly stiff, and consequently easy to quickly slip on and off. Made from heavy oil-dressed duck, continuous thumb and pigskin-sewn seams; every driver of an automobile should have a pair. Grand value at .65. —Main Floor —Yonge Street.

LLOYD-GEORGE'S BILL FOR STATE INSURANCE

Introduced in House of Commons—Opposition Will Co-operate in the Legislation.

LONDON, May 4.—David Lloyd-George, in the house of commons today, introduced the long-promised plan of state insurance against unemployment, sickness and invalidity. Every worker whose annual earnings fall below the income tax level of £100 (approximately \$500) will be compulsorily insured against illness, so as to assure him the receipt of five shillings per week during his incapacity. To pay this the worker would contribute about one-half the same being deducted from his wages, while the balance would be paid jointly by his employers and the state.

The weekly assessment against the insured would be eight cents in the case of a man and six cents for a woman. Every one in the class mentioned between the ages of 16 and 65 is included in the plan. The employers would pay six cents weekly for every employe and the government contribute four cents for each of the insured.

Lloyd-George estimated that his plan would affect 14,500,000 men and women. Provision is made whereby women will receive 20 shillings in maternity cases on condition that they do not work for a month following child birth, and for free medical attendance for every contributor.

The state would also help in the crusade against consumption providing \$7,500,000 to aid local authorities in building sanitariums and \$5,000,000 towards their maintenance.

Altho in cases of permanent disability the sick allowance would be five shillings weekly, ten shillings would be allowed for the first three months in the case of men and seven shillings and sixpence in the case of women.

Those who can be shown to have invalidity would receive no insurance, tho any necessary medical treatment would be provided. Lloyd-George estimated that the expenditure incurred would be \$35,000,000 in 1912-13, rising to \$100,000,000 in 1915-16.

Dealing with the unemployed insurance, the chancellor said that it would at first apply only to the engineering, shipbuilding and house building trades, involving 2,500,000 workers. Both the workers and the employers would pay five cents weekly each, the state contributing \$3,750,000 a year, or about one-fourth of the total cost. The contributors when unemployed, would receive a maximum of 15 shillings and a minimum of seven shillings weekly. No payments would be made in the case of strikes or lockouts.

J. Austen Chamberlain supported the bill, saying that the opposition desired to co-operate in the legislation. An Invitation to Ladies. You are invited to call and see Rutherson's millinery, 542 Yonge-street. Style and price will interest you. 1557

Mr. J. R. and Mrs. Stratton announce the engagement of their niece, Alberta Louise Gooding, to Mr. L. T. Harris Adel of Toronto. The marriage will take place in June.

WOULD REMOVE ALL OBJECTIONS TO WORK

Rights of Navigation at Long Sault Guarded by Proposed Amendment.

OTTAWA, May 4.—(Special.)—It is proposed to introduce a clause amending the bill now before the house of commons to provide for the establishment and expenses of the international joint commission under the waterways treaty, which is designed to remove all objections to the works now contemplated in the St. Lawrence River at the Long Sault rapids. It will be remembered that the principal objection to this work was the fact that it would constitute an obstruction to navigation in the river at this point, under which certain rights were forever granted under the Ashburton treaty, and on a former debate in the house, the minister of justice and Hon. C. J. Doherty advanced conflicting views.

The argument of the opposition seems to have prevailed, and the amendment as now drafted gives to the commissioners the right to withhold assent to the "erection and maintenance of any dams or locks in any or all of the channels of the St. Lawrence River, mentioned in section vii. of the Ashburton treaty upon either side of the boundary line for any purpose whatsoever, or to pass upon and determine the question as to whether or not any proposed dam or locks at said place, will or not either impair or improve navigation."

Inasmuch as the Canadian Government maintains a canal at this point, which really improves navigation, and those promoting the Long Sault power project are willing to safeguard maritime rights at this place, it would seem as the main objection to the matter had been amicably and satisfactorily overcome.

It is understood that the chief objection to the proposed clause comes from the premier.

Sandbagged and Robbed. MONTREAL, May 4.—G. E. Smart, accountant in the offices of the harbor commissioners' office, was found drugged and stunned in the hall of the building this morning. Thugs sandbagged and robbed him on the harbor front on his way home from work last evening and got away with a fine gold watch and some \$20 in bills. Mr. Smart came to in a lane near the commissioners' office early this morning and was just able to struggle to the offices, where he again collapsed.

HARD TO GET TRACE OF WITNESSES FOR ATLAS

Chief Justice Meredith Suggests That Circumstances Are "A Little Suspicious."

Once more the question of the trial of George M. Atlas was brought up in the assizes yesterday afternoon. Chief Justice Sir William Meredith asked Mr. Robbette if his witnesses had left Macedonia as had been stated at the opening of that court. Mr. Robbette left the courtroom to enquire of Solicitor William Douglas, who was no longer in court. He returned to say that Mr. Douglas had not heard, but had again called the British vice-consul.

"Don't you think it's a little suspicious," asked his lordship of Mr. Robbette, who did not offer a reply. The case was adjourned till Thursday next, when the crown will urge that some satisfactory word should be forthcoming.

The proposition of trying the case at some assizes other than the present court, which has finished its business, other than the receipt of the presentment of the grand jury, was discussed. The assizes at North Bay and Picton were mentioned. This view was not favored by Crown Prosecutor Lynch-Staunton.

Contagious Diseases. The monthly report of contagious diseases submitted was as follows: Diphtheria, 99; scarlet fever, 326; typhoid fever, 20. The report for the month of March was: Diphtheria, 101; scarlet fever, 417; typhoid fever, 35.

The report for the corresponding month last year showed 63 cases of diphtheria, 153 of scarlet fever, and 99 of typhoid fever.

The report of the tuberculosis nurses showed 123 patients under the nurse's supervision, 12 visits to patients' homes, 20 bed patients, 5 deaths, 5 patients removed to Weston, and 13 houses reported for disinfection. There were 12 new and 32 old patients in attendance at clinics at the General Hospital.

LADY CORNER-STONE OF NEW WOMEN'S BUILDING

Pleasant Function Marks Forward Step in Career of Canadian National Exhibition.

Before a crowd numbering 300, Mrs. J. M. Gibson laid the corner stone of the new women's building at the exhibition grounds yesterday afternoon.

It was a pleasing ceremony, and one which is bound to give the directors great encouragement in making plans for the future development of the Exhibition Association, which was completed by the laying of the stone. At four o'clock Geo. H. Gooderham, M.L.A., president of the Exhibition Association, addressed the gathering, referred to the occasion as the placing of another milestone on the forward march of the Canadian National Exhibition.

On every side were to be seen milestones in the form of magnificent buildings. The erection of such buildings was one way of keeping the exhibition at the head of the procession, which was without parallel in similar exhibitions in the world.

Ladies' Efforts Appreciated. "And I feel that the laying of no other cornerstone ever gave the board of directors as much pleasure as the laying of this one," observed Mr. Gooderham. "It not only marks the addition of another fine structure to the exhibition city, but evidences the appreciation of the splendid efforts of the women's committee towards making the exhibition the success it is."

"It is eight years since the ladies started to take an official part in the work of the exhibition, for the woman's committee was first formed in 1903, and an inspection of the records will show that in those eight years the progress has been marvellous and the attendance and revenues have doubled. Need I offer any other tribute to the good work the ladies have done?" he asked.

Mrs. Gibson, who was accompanied by his honor the lieutenant-governor, then received the silver trowel from President Gooderham, and graciously declared the stone to be "well and truly laid." Three cheers and a tiger were given for Mrs. Gibson, which concluded the formal ceremony.

The women's building, when completed, will supply a long felt want at the exhibition. As President Gooderham pointed out this important department has long been cramped for want of proper facilities for the various departments of women's work.

The facilities to be provided will include, besides a large room for exhibits, rest and lecture rooms, lavatories. A lecture room will also be maintained where demonstrations in cooking and other branches of domestic science will be given. It will be complete in every respect.

The grounds at Exhibition Park were never in a more advanced state at this time of the year. The view is expressed that Superintendent Cameron's house, near the entrance, on Dufferin-street, will be removed to some other site, as in its present position the view looking towards the lake is spoiled, and the fine piece of landscape which greets the eye from the Dufferin-street entrance is seriously impaired. This, and the grading in front of the new building, which commands an uninterrupted view of the lake front, will add much to the improvement of the grounds.

Restored Higher Rates. DULUTH, Minn., May 4.—Passenger fares generally in Minnesota will be three cents a mile on and after July 1, this year, according to information obtained to-day. On that date, however, freight rates will be restored to the basis existing before the order of the railroad commission concerning them. Sept. 8, 1906, reduced them 25 to 25 per cent.

Hungarian Minister Dead. BUDA PESTH, Hungary, May 4.—Carl von Hieronymi, the minister of commerce, died to-day.

PONTONS TOO COSTLY

Rental of Two Hundred Dollars Per Day Struck Controllers as Steep.

Waterworks matters were introduced to the board of control yesterday morning when the city engineer reported on the visit of Deputy Engineer Fellows to Sarnia to secure additional pontoons for raising the piece of dislodged pipe leading to the intake.

Mr. Rust reported that the Red Wrecking Company would supply two pontoons, 40 by 20 by 12 feet, for \$200 per day from the time they left Sarnia until they were returned. In addition they desired \$900 for towing the pontoons to Toronto.

As the value of the pipe was only \$1800, he questioned whether it would be advisable to wreck it instead. It was decided to give Contractor Leslie an opportunity of raising the broken pipe with the aid of derricks and scoops if possible.

A large deputation from the vicinity of Belmont-street and Davenport-road protested against the erection of a smelter at that point as a result of permission to John McWilliams being granted by council on the recommendation of the fire and light committee.

PANIC-STRIKEN GIRLS

Hand Rail Snapped and Thirty Fell to Halfway Below.

NEW YORK, May 4.—Six hundred and fifty girls, employed in two shirt waist factories at 548 Broadway, in the downtown district, rushed screaming for the stairs from the third and fourth floors late this afternoon at sight of a rattling awning fire below them. The congestion between floors became terrific, and a hand rail snapped, and thirty or more girls fell in a shrieking heap in a hallway below. Fourteen of them were injured, but none fatally, and only three were taken to hospitals.

FASTEST FUNERAL ON RECORD.

PARSBORO, N.S., May 4.—Archibald McCleary, who died at Green Hill on Monday, had the fastest funeral on record. The hearse left the house this morning to go to the cemetery and when at the foot of the hill the driver got down to fasten the hearse door, the horses started before he could regain his seat and ran all the way to town, about two miles. The hearse was badly damaged.

Baseball Toronto 7 Newark 2 Lacrosse News Gossip Turf Training Gossip

Note and Comment

The Leafs are traveling along nicely again, thank you, since securing their second win. Newark looks even easier than Jersey-City or Baltimore, and will have an early chance to get even with those Grays, starting next Monday at Hanlan's. Toronto is still unbeaten by any club in the Eastern League, except Providence, and that's where the whole four defeats belong.

Much has been written about the various mystery balls that Russell Ford pitched, but the real reason for his effectiveness lies in the fact that he puts the sphere over some part of the home plate as often as possible. In this way he has the batsmen constantly in the hole and gives them no chance to wait for free passes. His easy out, Kelly singled, and McGinnity then re-batted, never having seen the ball, nevertheless kept the hits pretty well scattered.

Controlled Tommy Church will be among those figuring in the ceremonies at Hanlan's next Monday. The flag raising will take place next year.

Sam Langford has decided to return to England, as he has received word that he can secure a battle with the English heavyweight champion, Bob Barber, either in London or Paris. The fact that Johnson was sent off for the other side is another indication that Langford is to leave the Atlantic once more. Langford says he intends to make Johnson fight or crawl on the other side, and intimates that Hugh McIntosh will be offering Johnson a \$50,000 guarantee.

The fighters are coming to town. Harry Cook, a Detroit welterweight, is at the King Edward and wants to get on with H. Lang.

Jack Thornby writes from New York that he has a couple of welterweights and wants to send them to Toronto. He hears that Mike Tim Sullivan is to fight in Toronto on May 22. O'Rourke of the National Sporting Club, New York and can furnish any brand of boxer the Toronto clubs may desire.

ST. MATTHEW'S LAWN TENNIS Officers Elected at Annual Meeting—Good Reports.

The annual meeting of the St. Matthew's Lawn Tennis Club was held in the Broadview Institute last night. President W. F. Summers presided. The secretary's report for the past season was received and adopted, showing the club to be in splendid financial condition. The report of the secretary reviewing the past year was very satisfactory. The club has been an unqualified success in the history of the club. The championship matches held on the club's grounds were an unqualified success, both as regards the quality of play and the number of players taking part. The secretary also reported that satisfactory grounds had been made for resuming the annual tournament. Applications for membership had been received from a number of persons. The ground opened has been at St. Matthew's on Sunday. The weather was very favorable. Teams will be entered in both the senior and intermediate series of the City League and application will be made to the association for the city championship tournament. Application for membership will be passed on in order of receipt. The officers elected for the coming season are as follows:

Star Out for Buffalo. BUFFALO, N.Y., May 4.—Tony Kibben, the Cleveland heavyweight, has been matched to box ten rounds with Jake McFarland before the Buffalo A.C. in this city on the night of May 12. Final arrangements for the match were completed this morning by C. J. Murray, vice-president of the association. Kibben is the boxer who fought Abe Attie here in Cleveland on the night of Jan. 31, when Attie fractured a bone in his left arm.

Baseball Notes. Toronto had a nice chance in fifth inning singled and stole second. Delaney walked and O'Hara singled, hitting bases with one out. Shaw hit the ball to right and Vaughn was caught at the plate.

Jordan's single in the seventh scored a run, also did his single in the eighth. Delahanty and Bradley keep up their extra base hitting.

George Merritt won a stroke as a pinch hitter for Buffalo yesterday. Beckendorf caught part of a game for Buffalo yesterday against Jersey City.

Hotel Kraussman, Kiss and Church Sts. Ladies and Gentlemen, German and Italian music, open till 12 noon. Imported German Beers on draught.

LEAFS LAND THE SECOND GOOD FINISH AT NEWARK

Home Team Have Things Own Way Up to Seventh—Orioles Score 22 Runs.

NEWARK, N.J., May 4.—The home team had things considerably their own way in the game to-day with Toronto up to the seventh innings. Manning, who having considerable trouble to find the plate, nevertheless kept the hits pretty well scattered.

Newark scored their two runs in the second inning. McCallister singled and Shaw tripled, followed by Bradley's triple, scored two runs. Manning then re-batted McGinnity to second on a wild throw by Phelps. McGinnity then scored on a single.

Only four hits had been made off Manning up to the seventh. He got himself into several nasty positions, a couple of fast double plays helping him out. In the seventh Killian, the first batter, singled, scoring on Delahanty's triple. O'Hara was an easy out, but Shaw tripled and Delahanty scored. Both scored two runs.

Phelps, who was wild, pitched allowed McGinnity to first base. Mullen singled. In the eighth Toronto got two more. Killian, who started trouble before, walked, and O'Hara singled. Delahanty muffed a fly ball. Delahanty scored on Jordan's single. O'Hara scored on Shaw's sacrifice fly.

Table with columns: Club, W, L, Pct. Eastern League: Providence, Toronto, Baltimore, Buffalo, Jersey City, Newark, Thursday's scores, Friday's games. The Toronto World

FOUNDED 1850. A Morning Newspaper published Every Day in the Year. WORLD BUILDING, TORONTO.

Main James and Richmond Streets. TELEPHONE CALLS: Main 4302-Private Exchange Connecting All Departments.

\$2.00 Will pay for the Daily World for one year, delivered in the City of Toronto or by mail to any address in Canada, Great Britain or the United States.

Is The World's New Telephone Number. FRIDAY MORNING, MAY 5, 1911.

WHENCE THE OBSCURITY?

Mayor Geary seems to have allowed the C.P.R. to pull the wool over his eyes on that rounded corner proposal for King and Yonge streets. Is it not time for the citizens to take him another visit and wake him up before the building is erected? The contractors are not taking much account of the city proposal. All reports are true.

GLASGOW STREET RAILWAY.

On the street railway system of Glasgow a distance of a little over half a mile costs one cent, while for two cents a passenger can travel about two and a half miles. Some time ago an experiment was made in the way of issuing tickets, enabling passengers to travel two-cent stages for one cent and a half. In order to avoid the necessity of conductors carrying farthings passengers paid three cents for the original ticket, which they retained and could present in payment of a second two-cent stage journey on any part of the system.

ASSESSMENT.

Eighteen mills on the dollar is far from being a deadly tax rate in a city like Toronto. It is safe to say that a more equitable principle of assessment would reduce the rate considerably by directing the incidence of taxation, where it should more justly fall. Vancouver has solved that problem. But we are still up in the air instead of getting down to hardpan.

STANDARDIZE GAUGES.

We are getting along, but we must not lose sight of any of the essential needs of the city in satisfaction over the prospective realization of some of them. The hydro-electric scheme is well on the way, and it has been placed in charge of a good strong commission, which will soon have charge of it. Another matter immediately urgent is the civic railway system. There has been the usual delay in dealing with it, the result of our municipal system, which is rarely able to handle two questions at once. We believe it never will be handled properly until it is placed under a competent commission.

A PROFESSIONAL RHAPODIST.

The Hon. J. A. Macdonald, a rhapsodist from Canada, rhapsodized President Taft at a peace meeting in Baltimore. Taft's name would last for ever if he joined Great Britain and the United States in a bond of arbitration and peace. 'Rats! This is the same Taft that said he was promoting reciprocity with Canada in order to head off closer relations (the filial relation strengthened) between Great Britain and Canada. Our neighbors are with England for peace at the expense of a closer union with the empire! This is wild Mr. Macdonald's rhapsodies invariably land him upon the tubes in Canada at the expense of equal rights: shape the tubes with the down town districts.

The tubes must also serve the radial railways which require an entrance. And the tubes must be constructed so as to be an integral part of the entire civic system when it is unified in 1921, if not earlier.

To that end the gauges must be standardized. The device of having three or four different gauges for the radial lines and the city lines must be stopped. And it is cheaper and easier to stop it to-day than on any subsequent day. The city authorities and the radial railway authorities must accustom themselves to regard all the lines around Toronto as a unit for operating purposes. And the city must take the lead in this question of the standard gauges. It will be the sheerest folly to build the new lines on a gauge which must subsequently be altered.

The city must not sit down on the hydro-electric celebration. Here are some very live problems to be taken care of. What is being done?

THIS WILL NOT DO.

Daniel McGillicuddy, at one time the editor of a Liberal newspaper in Ontario, and a worker in the Liberal interest, and who latterly was editor of a Calgary paper, came east some weeks ago and wrote a letter to Sir Wilfrid Laurier, making charges against Hon. Frank Oliver, minister of the interior. He also had several interviews with the prime minister in which he went into the details of these charges.

About a week ago The Toronto Telegram published the letter that Mr. McGillicuddy had written to Sir Wilfrid Laurier, but without printing either the signature or the name of the minister against whom the charges were made. The same day on which The Telegram's story was published, The World instructed its Ottawa correspondent to try and ascertain further information as to the charges, the writer of the letter, the minister concerned. Next morning The World published a despatch from Ottawa that the minister concerned was Hon. Frank Oliver, that the signer of the letter was Mr. McGillicuddy, and gave the substance of certain rumors as to what the charges contained in McGillicuddy's letters and statements to Sir Wilfrid Laurier were.

The matter subsequently came up in parliament and Sir Wilfrid Laurier carried a resolution that a committee of five be named to INVESTIGATE THE WORLD'S CORRESPONDENT'S STORY—which was gathered as best as he could in different quarters—and LIMITING INVESTIGATION TO THIS ALONE.

LITERARY CENSORSHIP.

Arthur Spurgeon, manager of the great publishing house of Cassell & Co., pioneers in the issue of cheap and wholesome literature, and himself a son of the great Baptist preacher, made an address on "Literature and the Commonwealth" at Portsmouth, on March 8. Mr. Spurgeon is well known in Toronto, and has spoken here at the Empire Club and elsewhere. His address is a protest against the idea of a literary censorship which is revived every generation or so by people who are unfamiliar with books. Mr. Spurgeon remarks on one phase of the question:

"It was stated recently in a religious weekly that the London police had suppressed a certain novel, and I find the statement reproduced in an American Bookman. As a result of enquiries, I learn that nothing of the kind has taken place. On a modified form, will be permitted by the people of England. A policeman is no more to be trusted to decide the morality of a book than the virtue of a woman in a garison town. But, as the law is the ultimate expression of public opinion, its aid must sometimes be invoked when the printing press outrages the decency of the commonwealth. The occasions for intervention are, however, very rare, and when the law is set in motion it must be by a responsible organization, and not at the behest of an individual acting in his private capacity. For as a review concerning a sordid book does more harm than silence, so an ill-starred prosecution would do infinitely more mischief than would result from inaction."

a nation while the political schemer is running off with public rights. Whenever this man Macdonald throws himself into rhapsodies he is covering up some kind of raid on the real interests of the people, of the nation, of the empire.

FLY FIGHTERS.

Over in the United States the slogan against the germ disseminating fly is everywhere meeting with response. The boy scouts and the school children are being enlisted in the cause of public health, and the campaign so instituted should become universal. The house fly and the mosquito brethren in arms against humanity have been tried and proven guilty in the one court whose judgments are not only final, but unappealable. Science has traced some diseases at least to their origin, or at least to their efficient cause. The slogan "swat the fly" on its first emergence into the light of day and the home should be that of every household, but of even greater importance is the elimination of its breeding places. Here the scouts and the school children can be enlisted as fly-fighters. They can do no better service.

THE VETO BILL.

Had the leader of the opposition chosen he might have aligned himself with the labor party and voted against the preamble to the veto bill, which in a measure pledges the British Government to reform of the constitution of the house of lords. Rather than do this, while admitting that he did not altogether approve its terms, he supported the preamble as it stood, with the result that the bill passed the committee substantially unaltered. All that remains for the house of commons is to sustain its third reading when it will be submitted to the judgment of the house of lords.

What that august body will do is as yet uncertain, but so far as indications go it will accept the position and allow the bill to go thru under protest. This, however, is by no means certain and much will depend on the attitude of these occasional attenders nicknamed the "backwoods-men." They have no liking for a reform which will exclude them from membership in the second chamber, but knowing they can only lose in any case they may take a gambler's chance and attempt to force another election, in the hope that the public verdict may be reversed. The determination the government has shown tends to show that it is on sane ground, and is confident that the bill will become law.

Does the Marquise de Fontenay write letters about the American and Canadian nobility for the European press? Those are the letters we all want to read. The knights and the honorables would provide great copy.

"NO BILL" RETURNED IN CONSPIRACY CHARGE

Matthew Wilson, K. C., and C. S. Morden Are Acquitted by Grand Jury.

Yesterday the grand jury of the criminal assizes returned "no bill" upon the indictment of Matthew Wilson, K.C., and C. S. Morden of the Trusts and Guarantee Company charged with conspiring to procure General Manager Travers of the Farmers Bank to give the company an unjust preference over the other creditors of the bank, by changing a deposit of \$120,000 to a loan for that amount and adding to the securities held by the company. This does not do away with the right of the liquidator to seek redress in the civil courts. One more case of those arising out of the Farmers Bank, that of accepting the currency of the bank as a pledge upon which C. S. Morden and James J. Warren were committed for trial from the police court remains undisposed of. This charge will be heard before Judge Winchester Monday morning next. The other two charges, that against the provisional directors and others for obtaining the certificate of the treasury board and against the postal directors for certificates and misappropriation has been already traversed to the September assizes.

Loyalists Not All From States.

Major-General C. W. Robinson, C.B., a retired English army officer, spoke before the Empire Club at the St. Charles yesterday on "A Legacy from the U. S. Loyalists." He mentioned the fact that his grandparent had been one of the Loyalists who had fought in the war of 1812. "All the Loyalists did not come over after the revolutionary war," he said. "There were Loyalists who fought the American war in the north of Quebec; Loyalists who fought in the war of 1812, and Loyalists who went to South Africa."

Week-end Trips

are always looked forward to by those who enjoy a short outing after their week's particular toer. Commencing Saturday, May 6th, the Grand Trunk Railway System will issue return tickets at single fare (plus ten cents) from Toronto to 200 points in Ontario, good going Saturday and Sunday, valid returning Monday following date of issue.

Invited American Military.

KINGSTON, May 4. (Special).—Invitations have been extended to the 8th Separate Company of Watertown, N.Y., to take part in the Victoria Day celebration.

AT OSGOOD HALL

ANNOUNCEMENTS.

Judges' chambers will be held on Friday, 5th inst., at 11 a.m.

Peremptory list for divisional court for Friday, 5th inst., at 11 a.m.: 1. Hunter v. Richards (to be continued). 2. Archambault v. Warren—Baird (Miller & Co.) for plaintiff. Motion by plaintiff for an order for a subpoena duces tecum to the registrar of the eastern division of Toronto. Order made.

John E. Webb Co. v. Rooman—W. R. Wadsworth, for plaintiff. Motion by plaintiff for an order extending the time for service of statement of claim on defendant Byers, and for substitution of service of same by registered letter. Order made.

MacGregor v. Scott—H. S. White, for defendant. Harriet Scott, C. A. Moss, for plaintiff. Motion by defendant for an order for a subpoena duces tecum to the registrar of the eastern division of Toronto. Order made.

Laidlaw v. Canada Life Assurance Co.—F. McCarthy, for plaintiff. Motion by plaintiff for an order for examination de bene esse of A. G. Ramsay. Order made.

Single Court.

Vipond v. Davidson—H. Ferguson, for plaintiff. T. N. Phelan, for defendant. Motion by plaintiff for an order continuing injunction. By arrangement between parties motion enlarged sine die. Injunction continued meantime.

Re Clinton Thresher Co.—W. Brydson (Clinton), for the town of J. F. Boland, for the liquidator. Motion by the town for a mandatory order, and an appeal by the liquidator from the report of the committee of the town. Both motions settled between the parties.

Re Goldfields and Harris-Maxwell—G. H. Kilmer, K.C., for Goldfields. P. E. Hodgins, K.C., for Harris-Maxwell. Motion by Goldfields, Limited, for a mandatory order to the Harris-Maxwell Co. to register applicants as holders of shares transferred to them. Enlarged for two weeks, with liberty to either party to bring on motion again on one day's notice.

Richardson v. Beckwith—H. S. White, for plaintiff. R. H. Cameron, for defendant. Defendant Beckwith not yet served. Motion by plaintiff for an order compelling injunction. Enlarged for two weeks. Injunction continued meantime.

Re Oester Estate—A. G. P. Lawrence, for applicants. No one contra. Motion by the widow of J. F. Boland, of Samuel Oester for removal of one of the trustees, who has left the jurisdiction, and the appointment of Hiram E. Keffer, deceased, trustee as trustee of the fund. Order made removing Samuel C. Snyder as trustee, and appointing Hiram E. Keffer as sole trustee. Costs out of fund.

Essery v. Gordon—J. G. Smith, for plaintiff. C. Evans-Leis, for defendant. Motion by plaintiff for an order continuing injunction. At defendant's request, and on their undertaking not to sell any paving blocks west of Ganouque main street, motion enlarged sine die.

Baylor v. Roe—G. M. Clark, for plaintiff. A. C. McMaster, for the Reas. Motion by J. B. Holden, for the Reas. Motion by J. B. Holden, for the Reas. Motion by J. B. Holden, for the Reas. Motion by J. B. Holden, for the Reas.

Placetier Estate—W. Brydson (Clinton) for executors. W. Proudfoot, K.C., for widow. C. Garrow (Goderich) for plaintiffs. Motion by executors under the will of John Placetier, late of township of Hallett in the county of Huron, for an order continuing injunction. Enlarged until May 15. Injunction continued meantime. This is to be without prejudice to the question of the greatest possible cost.

Re Placetier Estate—W. Brydson (Clinton) for executors. W. Proudfoot, K.C., for widow. C. Garrow (Goderich) for plaintiffs. Motion by executors under the will of John Placetier, late of township of Hallett in the county of Huron, for an order continuing injunction. Enlarged until May 15. Injunction continued meantime. This is to be without prejudice to the question of the greatest possible cost.

Re Placetier Estate—W. Brydson (Clinton) for executors. W. Proudfoot, K.C., for widow. C. Garrow (Goderich) for plaintiffs. Motion by executors under the will of John Placetier, late of township of Hallett in the county of Huron, for an order continuing injunction. Enlarged until May 15. Injunction continued meantime. This is to be without prejudice to the question of the greatest possible cost.

Re Placetier Estate—W. Brydson (Clinton) for executors. W. Proudfoot, K.C., for widow. C. Garrow (Goderich) for plaintiffs. Motion by executors under the will of John Placetier, late of township of Hallett in the county of Huron, for an order continuing injunction. Enlarged until May 15. Injunction continued meantime. This is to be without prejudice to the question of the greatest possible cost.

Re Placetier Estate—W. Brydson (Clinton) for executors. W. Proudfoot, K.C., for widow. C. Garrow (Goderich) for plaintiffs. Motion by executors under the will of John Placetier, late of township of Hallett in the county of Huron, for an order continuing injunction. Enlarged until May 15. Injunction continued meantime. This is to be without prejudice to the question of the greatest possible cost.

Re Placetier Estate—W. Brydson (Clinton) for executors. W. Proudfoot, K.C., for widow. C. Garrow (Goderich) for plaintiffs. Motion by executors under the will of John Placetier, late of township of Hallett in the county of Huron, for an order continuing injunction. Enlarged until May 15. Injunction continued meantime. This is to be without prejudice to the question of the greatest possible cost.

Re Placetier Estate—W. Brydson (Clinton) for executors. W. Proudfoot, K.C., for widow. C. Garrow (Goderich) for plaintiffs. Motion by executors under the will of John Placetier, late of township of Hallett in the county of Huron, for an order continuing injunction. Enlarged until May 15. Injunction continued meantime. This is to be without prejudice to the question of the greatest possible cost.

Re Placetier Estate—W. Brydson (Clinton) for executors. W. Proudfoot, K.C., for widow. C. Garrow (Goderich) for plaintiffs. Motion by executors under the will of John Placetier, late of township of Hallett in the county of Huron, for an order continuing injunction. Enlarged until May 15. Injunction continued meantime. This is to be without prejudice to the question of the greatest possible cost.

Re Placetier Estate—W. Brydson (Clinton) for executors. W. Proudfoot, K.C., for widow. C. Garrow (Goderich) for plaintiffs. Motion by executors under the will of John Placetier, late of township of Hallett in the county of Huron, for an order continuing injunction. Enlarged until May 15. Injunction continued meantime. This is to be without prejudice to the question of the greatest possible cost.

Re Placetier Estate—W. Brydson (Clinton) for executors. W. Proudfoot, K.C., for widow. C. Garrow (Goderich) for plaintiffs. stream, throwing into same sawdust, bark, shingles, edgings, roots, cull shingles and other mill refuse, thereby causing damage to the plaintiff's mill pond. At the trial plaintiff was awarded \$200 damages, and restraining defendants from continuing to throw refuse in the stream. Appeal partially argued but not concluded.

Court of Appeal. Before Moss, C. J. O. Garrow, J. A. MacLaren, J. A. Magee, J. A. Squire Manufacturing Company v. Bull—E. McCarthy, K.C., for plaintiff. J. G. Smith, for defendant. Motion by plaintiff for an order dismissing appeal of defendant from the judgment of Mulock, C. J. of 12th January, 1911, for want of prosecution. Motion stands peremptorily until 8th instant, at 11 a.m.

Attorney-General v. Canadian Niagara Power Company—C. C. Robinson for plaintiff. No one contra. Motion by plaintiff for an order placing his appeal at foot of list owing to absence of counsel and other reasons. Case ordered to be put at foot of list as asked.

Latimer v. Park—J. M. Clark, K.C., for defendant. F. Arnold, K.C., for plaintiff. An appeal by defendant from the judgment of Meredith, C. J. of 12th December, 1910. Argument of appeal resumed from yesterday and concluded. Judgment reserved.

Young v. Town of Gravenhurst—J. F. Helmuth, K.C., and N. F. Davidson, K.C., for defendant. J. Bioknick, K.C., for plaintiff. An appeal by plaintiff from the judgment of Meredith, C. J. of 12th December, 1910. Plaintiff brought action to recover \$8000 damages for injuries to plaintiff John Young and \$4000 expenses to his mother the plaintiff Annie M. Young, alleged to have been caused by reason of neglect, improper construction, maintenance and operation of their electrical system for heating and power purposes in and about the town of Gravenhurst. The infant plaintiff was injured while endeavoring to turn off the light over his bed, and the judgment awarded him \$3500 damages and his mother \$3500 for expenses, etc., with full costs. Appeal partially argued, but not concluded.

SIX NEW BUILDINGS A.H.C. RECOMMENDS Isolation Hospital on Extensive Scale Planned—\$175,000 to Fight Consumption.

The report of Dr. Hastings on Isolation Hospital conditions, which included the results of the investigation made by himself and Dr. Harrison on a recent visit to New York, was presented to local board of health yesterday and gave a comprehensive review of their observations, one particular point emphasized being the necessity of proper isolation in all communicable diseases and the necessity of absolute cleanliness in the isolation wards to prevent cross-infection.

By a statement of \$175,000 he estimates that the city would be in a position to handle the tuberculosis problem effectively. From the statistics gathered he concludes that under existing conditions 6000 people are doomed to die annually in the city from tuberculosis.

He stated that in order that an isolation hospital may efficiently safeguard against cross-infection, the first requisite is ample accommodation for all cases of mixed infection admitted to the hospital, and, secondly, an observation building where all suspected cases may be detained until the period of incubation is over, and the patient admitted to the hospital, and, secondly, a building for this purpose is indispensable, reports Dr. Hastings.

Six New Buildings. He also makes the following recommendations: That the southerly wing of the isolation hospital be moved 25 feet further south. That these new buildings be erected: Administration building. Nurses' home. Observation ward. Laundry and mortuary. Storehouse.

Much larger grounds, in order to secure for the patients the greatest possible amount of fresh air, are also urged.

There is no hint as to the possible cost of the improvements recommended, but the statement is made that the Philadelphia hospital visited cost so far \$1,353,800.60, and that \$329,000 is needed to complete it.

The report was referred to a special committee consisting of Alds. Rowland, McMurrich and McCarthy, and a special meeting will be called to consider it.

It was decided to send Dr. Hastings, medical health officer, and Ald. Rowland to Philadelphia to attend the pure milk convention to be held in Philadelphia commencing May 23.

Microbes Just "Slugged." That the chlorination of the water has an effect on the bacteria similar to that of knock-out-drops on the noisy thug in a saloon, is the discovery made by Dr. Naamith, city bacteriologist, as a result of changing the media used in the water tests to permit of a comparison with the tests made at the filtration plant.

"I do not think," said he "the bacteria materially from chlorine as an agent for rendering water safe to drink, for whether the pathogenic bacteria are 'slugged' or killed, they seem to have lost their ability to cause disease, as has been demonstrated in Toronto and many other places in America. It does, however, change our conception of the value of the bacteria, and their chlorination, and we have, therefore, decided to fix the time limit at three days," he reported.

Still on Strike. KINGSTON, May 4. (Special).—The strike of the mason helpers is not yet settled. Seventy-five men are out. The masons declare they will not pay the increase. The masons and stone cutters have been unable to settle their trouble over who shall cut corners and work is being delayed.

Fire Insurance Committees. A meeting of the special committee of the legislature on fire insurance will be held next Wednesday afternoon.

HIS SKULL FRACTURED. COBBOURG, May 4. (Special).—A sad fatality occurred in Hamilton Township late yesterday afternoon, when a young man named Roland Lonsberry undertook to go down a hill, having completed his work in the field, with a team of horses hitched to a field roller. The horses became unmanageable and he was thrown off, fracturing his skull and dying almost instantly. The young man's father resides at Warsaw.

NEARLY \$22,000 RAISED. Rev. G. R. Fasken, pastor of St. Paul's Presbyterian Church, stated to The World last night that the fund to pay off the church mortgage and build a new Sunday school had reached \$21,827.75.

City Was Not Notified. Owing to the fact that the city had not been notified by the Toronto Suburban Railway of the hearing of the application for a siding on Dundas-street, the hearing has been adjourned until next Tuesday afternoon.

Mrs. Sarah Watt's Estate. Sarah Caroline Watt, wife of Allan Watt, 24 Evelyn-avenue, secretary of the Watt Milling and Feeding Company, who died April 5th last, left an estate valued at \$5,211.67. Deceased's husband has applied for administration, and the estate was divided among the husband, two sons and one daughter.

Hot Water Easy Whenever and wherever you may want it. Some are still under the impression that hot water can only be had in limited quantities with the VULCAN. This is a mistake, because the Vulcan Gas Water Heater will supply a cupful or a bathtubful. It is ready at a moment's notice. Turn a valve—strike a match—and in a few minutes you will have steaming hot water. The price is reasonable. Terms cash. Inspected free quarterly. Come in and see it in operation. AT THE OTTAWA HORSE SHOW
Military Jumping Main Attraction—Applause for Joe Kilgour.

OTTAWA, May 4.—Today's horse show was the best performance of the week and had some good features. The military jumping was the main attraction and Lieut. W. W. Sifton was the leader. In the qualified hunter class Joseph Kilgour, aged 37, of the Toronto man, drew rounds of applause when he got second prize, mounted on Triple Jack.

Best performance over jumps, triple bars, brush 4 feet, water jump 15 feet, was by Lieut. W. W. Sifton, R. W. Sifton, Jr., Winnipeg, 2; Dreadnaught, Major C. L. Van Straubencin, Toronto; 2. F. J. D. Dufferin, R. W. Sifton, Toronto; 4. Jack, Major Nellis, St. Johns, Que.

Qualified hunters, middleweight, carrying 170 to 200 pounds, 1. Elmhorst, W. W. Sifton, Toronto; 2. Light, Joseph Kilgour; 3. Miss Wasp, E. D. Warren, Toronto; 4. Mulliner, E. D. Warren, Toronto.

Horses over 12 hands 3 inches, harness purposes—1. Florham Filtration, Hon. Clifford Sifton, 2. Casa Loma Bell, Col. Sir Henry M. Pellatt, Toronto; 3. Warran, Toronto; 4. Yearling, Sifton, Toronto; 5. Yearling, Sifton, Toronto.

Horses over 12 hands 3 inches, harness purposes—1. Perfect Dream, Hon. J. R. Stratton, Peterboro, Ont.; 2. Belle, Birtown, Ontario; 3. Miss Billings, Ottawa; 4. Sis, C. Jones, Brockville.

Single light draught horse—1. Marcus, Dominion Express Co., Ottawa; 2. Dominion Express Co., Ottawa; 3. E. H. O'Brien, Ottawa; 4. E. H. O'Brien, Ottawa; 5. Stanley, C. E. Plain, Ottawa.

Light draught horses (pair not to exceed 250 pounds)—1. Prince and Charlie, Queen City Oil Co. Ltd., Ottawa; 2. Prince and Maid, C. E. Plain, Ottawa; 3. Peggy and Jim, Ottawa, Ontario.

Light draught horses over 14 and not to exceed 14 1/2—1. Indian Chief, Col. Sir H. Pellatt, Toronto; 2. Gentleman John, Birtown, Ontario; 3. Miss Billings, Ottawa; 4. D. D. Van, Ottawa; 5. D. D. Van, Ottawa.

Mares of geldings, 12 hands 3 inches, not exceeding 12 1/2 hands—1. Alberta, Hon. J. R. Stratton, Peterboro, Ont.; 2. Alberta, Hon. J. R. Stratton, Peterboro, Ont.; 3. Alberta, Hon. J. R. Stratton, Peterboro, Ont.; 4. Alberta, Hon. J. R. Stratton, Peterboro, Ont.; 5. Alberta, Hon. J. R. Stratton, Peterboro, Ont.

Anterior, L. N. Rate, Ottawa.

Hunters and jumpers, qualified hunters, not exceeding 14 1/2—1. J. P. Sifton, Toronto; 2. J. P. Sifton, Toronto; 3. J. P. Sifton, Toronto; 4. J. P. Sifton, Toronto; 5. J. P. Sifton, Toronto.

Hunters and jumpers, qualified hunters, not exceeding 14 1/2—1. J. P. Sifton, Toronto; 2. J. P. Sifton, Toronto; 3. J. P. Sifton, Toronto; 4. J. P. Sifton, Toronto; 5. J. P. Sifton, Toronto.

THE WEATHER

Observatory, Toronto, May 4.—(5 p.m.)—In the western provinces the weather has been fine and warm, and in Ontario, fair, with rising temperature, while in Quebec and the maritime provinces it has remained cool.

Minimum and maximum temperatures: Vancouver, 40—50; Victoria, 44—62; Kamloops, 44—88; Dawson, 28—45; Edmonton, 40—78; Battleford, 30—78; Moose Jaw, 43—77; Winnipeg, 26—72; Port Arthur, 34—64; Pelly Sound, 28—40; London, 42—78; Toronto, 39—54; Ottawa, 24—50; Montreal, 28—50; Quebec, 24—42; St. John, 30—46; Halifax, 28—50.

Probabilities:
Lower Lakes, Georgian Bay, Ottawa Valley and Upper St. Lawrence—Light to moderate winds; fine and a little milder.
Lower St. Lawrence and Gulf—West-erly winds; fair, with higher temperature.
Maritime—Fresh westerly winds; fine, with stationary or a little higher temperature.
Superior—Moderate to fresh south-westerly winds; fine and warm.
Manitoba and Saskatchewan—South-erly winds; fine and warm.
Northwest Territory—Mostly fair and warm.

FORMER Q.O.R. OFFICER ROBT. M. YOUNG DEAD

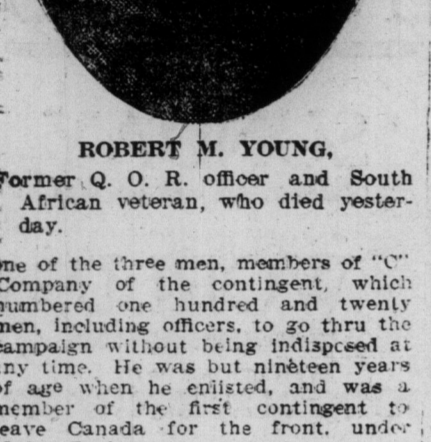

Architect Was Well Known as a Fine Type of Sportsman—End Was Unexpected.

Widespread sorrow was expressed yesterday at the sad news that Robert Malcolm Young, the well known architect and former sergeant-major of the Queen's Own Rifles, had suddenly succumbed to a brief illness.

The death occurred at his residence, No. 20 Grove-avenue, Mr. Young was confined to his house five days ago by a severe cold, which developed into acute pneumonia.

Mr. Young was formerly associated with Harry Simpson, but for the past seven or eight months had been with the Dominion Radiator Company as consulting engineer.

He was a veteran of the South African War, and had the honor of being

ROBERT M. YOUNG, Former Q. O. R. officer and South African veteran, who died yesterday.

Some of the three men, members of the Company of the contingent, which numbered one hundred and twenty men, including officers, to go thru the campaign without being indisposed at any time. He was but nineteen years of age when he enlisted and was a member of the first contingent to leave Canada for the front, under Major Barker.

Mr. Young's father was an all-round sportsman, a member of the Toronto Rowing Club, the Lakeview Bowling Club, and a curler. He was a Mason and a member of Chalmers' Presbyterian Church.

Rev. H. A. Macpherson will conduct the funeral services on Saturday afternoon, at two o'clock, at the funeral home at Mount Pleasant cemetery. Probably the funeral will be of a military nature.

Mr. Young is survived by his father, four sisters, and a brother. They are: Mrs. K. Nelson of Patterson, N.J.; Mrs. J. Clark of Saskatoon, Mississauga; Mrs. May Young of Hamilton; Young of Toronto. Mrs. Young, his mother died about two weeks ago.

Harry Young was with his brother throughout his South African career.

OBITUARY.

Mrs. Lillie M. Taylor, wife of the late Mrs. Lillie M. Taylor, wife of A. E. Taylor of the Winnipeg Free Press, and sister of Robert Armstrong of Toronto, will be held at Harrison, Ont., today at 2 p.m. Roy, C. Seaton, owner conducting zinc service.

Mrs. Taylor was 42 years of age and was preparing to visit her son Edwin in Cleveland prior to leaving for the West to join her husband, when she was suddenly taken ill of heat stroke at her residence, 196 Berkeley street and died a few days after.

She was born at Millbrook and resided in Harrison for many years.

Besides her husband she is survived by two sons, Edwin of Cleveland, and Roy of Winnipeg. She also has a brother, Mr. R. M. Armstrong of Sherbourne-street.

Many beautiful floral tributes have been received from family friends, Ramona Tomco, Mystic Shrine, and Harmony Lodge, A. F. and A. M.

Eight-Hour Bill. OTTAWA, May 4.—In the senate today the eight-hour day on public buildings was referred to the following committee: Sir Mackenzie Bowell, Senators Loughheed, Power, Casgrain, Ellis, Thompson, Baird, Campbell, Belge, Sir G. W. Ross and McMillin.

BLOOD BAD IN THE WINTER Indoor Life, Too Little Exercise Breathing Impure Air, Eating Artificial Foods.

Is it any wonder that the system becomes impure with impure usage of matter in the winter time, when you think of the artificial life we lead? With doors and windows tight shut we breathe the same air over and over again until it is incapable of purifying the blood.

In vain efforts to cast the poisons out of the system the liver and kidneys are worked overtime until they are played out. Then come the pains in the back, the headaches, the attacks of constipation and indigestion.

The quickest and most certain way to overcome this condition is by the use of Dr. Chase's Kidney-Liver Pills. They act definitely and directly on the liver and kidneys, awaken them to renew energy in filtering poisons from the blood, and remove the cause of indigestion, backache and other body pains.

You are not experimenting when you use Dr. Chase's Kidney-Liver Pills. They are inflexible in their combined action on the liver and kidneys and for this reason stand without a rival as a means of purifying the blood and cleansing the filtering and digestive systems.

One pill a dose, 25 cents a box at all dealers, or Edmondson, Bates & Co., Toronto.

Comfort for skin-tortured babies and rest for tired, fretted mothers.

Is your little one a sufferer from itching, burning eczema or other torturing, disfiguring skin eruption? Are you, yourself, worn out by long, sleepless nights and ceaseless anxiety? And have you tried treatment after treatment without avail? Then read in these remarkable letters proof of what Cuticura Soap and Cuticura Ointment have done, throughout the world, for just such cases as yours.

Canada

When my boy was about three months old, his head broke out with a rash which was very itchy and was very thick. We tried everything we could but he got worse all the time, till it spread to his arms, legs and then to his entire body. He got so bad that he came near dying. The rash was so thick that he would scratch the blood raw. I had to put bottles on his legs to prevent him tearing his skin. He was so miserable that I was forced to give him spells as if he were dying. He was almost a skeleton and his little hands were thin like claws.

He had about eight months when we tried Cuticura Remedies. I had not laid him down in his cradle in the daytime for a long while. I washed him with Cuticura Soap and put an application of Cuticura Ointment and he was so soothed that he could sleep. You don't know how glad I was to feel better. I took one box of Cuticura Ointment and he had a good night's rest. I took one more box and he was well. I shall always remain a firm friend of them. We used only two boxes of Cuticura Ointment and he cured her completely of her eczema. (Signed) Mrs. M. C. Matfield, Jasper, Ontario.

Australia

The trouble that affected my little girl started in her face, the right side. Then it went all over her head. The head swelled, and it went in the form of matter and all the hair came off. It was very itchy. She could not sleep and began to blink her eyes. I never got better. I tried a lot of advertised remedies but all to no avail. She was like this for over three months until I tried a pot of Cuticura Ointment. I had not used that yet before she was completely cured. The hair grew again, and you would never know that she had been so miserably afflicted with her head. (Signed) Mrs. F. J. Collins, Merivale, Humfray St. N., Ballarat East, Victoria.

United States

I have a little baby almost a year old. When it was two months old it got eczema on top of both her hands, on her face and inside her nose and mouth. She refused to drink and one of her eyes almost closed up. A hard crust formed and would crack open and the blood ran out. It bled so fearfully that the poor little girl was in much pain. We had to keep mittens on her hands to keep her from scratching at her face and she would not sleep for a night in a rocking chair with the baby day and night. We had a very good doctor and he said he possibly could not cure the baby's trouble but the results were not what we had looked for.

We got some Cuticura Soap and Cuticura Ointment, and in three days the crusts began to peel off and in a week there was no more scab and now the baby is cured without a scratch. I am glad to see you have had so many parents in their beds, with no more sleepless nights because of the baby's suffering. Cuticura Ointment was 22¢ a box on skin troubles, will be sent post-free, on applications to J. C. Taylor & Co., 129 W. Erie St., Columbus Ave., Boston, U.S.A.

MILITIA WILL PARADE ON CORONATION DAY

Men Will Be Invited to Muster and Cadet Corps Will Augment Ranks.

Ald. Maguire, chairman of the civic legislation and recreation committee, was successful yesterday afternoon in putting an arrangement before the officers of the city regiments which will insure the attendance of the militia at the parade to be held in connection with the coronation celebration on June 22.

The arrangements, which grew out of a suggestion of Mr. Maguire, are that the men of the different regiments be invited by their officers to turn out in full strength, if possible, and they will be joined by the cadets of the various school corps and the members of the Army and Navy Veterans' Association will be invited to join the parade.

The parade will leave the armory at early enough in the forenoon to permit of a march to Queen's Park in time to be present when the detachment of the Toronto Field Battery fires the royal salute.

Lt.-Col. Robertson of the 48th Highlanders, Lt.-Col. Gooderham of the Royal Grenadiers, and Major Brown of the Toronto Field Battery, were proposed and were opposed to calling out the regiments for parade because of the poor showing they were afraid they would make, as it would be entirely voluntary. When the suggestion was made that they get as many of the men as possible to turn out they immediately accepted.

A letter was read from Capt. Morrison, adjutant of the Q. O. R., announcing that Col. Pellatt was absent from the city and, as a consequence, his views on the subject could not be ascertained.

A Cavalry Can't Join. The plan of a military tattoo at Riverdale Park in the evening will be adhered to and the committee will soon have the entire program for the day arranged.

Lt.-Col. Chadwick of the Mississauga Horse wrote that his regiment would be in camp at Niagara on that date and it was not possible to take part in the celebration. A similar message was read from Lt.-Col. Putty of the G. G. B. G.

It was decided to recommend to the council that the police be permitted to regulate traffic. The deputations of the Canadian Order of St. John's, which held their annual convention here, commenced on June 17, were profited a moonlight excursion. There will be 100 delegates from all parts of the Dominion, and the convention will likely decide to re-move their headquarters from Hamilton to Toronto.

A deputation from the International Association of Painters and Decorators met yesterday afternoon and entertaining the delegates to the annual convention here on July 18, 19 and 20. Ald. Maguire and the secretary will confer with the association.

Electric Light in Rooms

Jury So Recommend at Patrick Shields' Inquest.

"We, the jury, find that Patrick Shields came to his death on April 28, in Grace Hospital, due to asphyxia, caused by the escape to ammonia gas in his bedroom at 180 West King-street, the cause being accidental. We recommend that hotel bedrooms be lighted by electricity."

Two Drowned

HALIFAX, May 4.—Two brothers, Joseph and Bernard Dugan, aged 35 and 17, of Upper Prospect, lost their lives off Prospect yesterday. They left their home in an auxiliary boat to attend to their trawls. The men did not return and a small steamer which arrived at Prospect last evening reported having seen an upturned boat and a man's cap floating on the surface of the water in the vicinity of the place where the Dugan brothers were last seen before a heavy squall came on.

Near Centenarian Jailed.

John Mallin, a resident of the House of Providence, is 92 years of age, but his years have not yet told him how to behave himself. Every little while he puts up a rumpus, gets out of his house and home and is finally landed in the police cells as a vagrant. This happened last night, and the wizen old man slept in new quarters in No. 4 police station.

Brakeman Hurt.

John H. Jewell, Keswick, Ont., writes: "I am glad to have the pleasure of telling you that Milburn's Heart and Nerve Pills did for me. I would have weak spells, seemed to lose my breath, and would have to get up in the night as I could not sleep. I tried many medicines but found nothing good until I took Milburn's Heart and Nerve Pills. I took three boxes and it is three years ago since I did so, and I haven't been troubled since."

Broken Immigration Law.

BRIDGEVILLE, May 4.—Armin Czech of Hamilton was arraigned before Police Magistrate Rathvon today and fined \$500 and costs for landing in Canada a prohibited immigrant by the name of Stanislaw Kurdzil. The latter was fined \$75 and costs.

This steamer affords an excellent freight and passenger service to all these ports, with connections for Quebec and lower St. Lawrence.

Thursday Night Class Banquet.
Over 200 members and friends of Ex-Ald. R. C. Vaughan's Thursday night class of Trinity Methodist Church, assembled there last night on the occasion of their 23rd annual social and banquet. The speakers were: Robert Holmes, ex-M.P.; Ambrose Kent, J. W. Dewitt, Inspector Archibald and Mr. Johnston. Rev. Dr. Cleaver and Rev. Isaac Toval, pastors of the church, also spoke. After the speaking, an interesting program was of course followed in turn by the banquet.

"SLEEPLESSNESS."
Thousands of people all over this land toss night after night on a sleepless pillow. The eyes do not close in the refreshing slumber that comes to those whose heart and nerves are right.

Some are troubled with weak and smothering spells; others palpitation of the heart; others have their nerves unbalanced; but whatever the cause—it comes entirely from a permenage of either the heart or nerves, or both. Milburn's Heart and Nerve Pills offer the best relief in such cases. They do this by their invigorating effect on the heart and nerves and will tone up the whole system to perfect condition.

Mr. H. Jewel, Keswick, Ont., writes: "I am glad to have the pleasure of telling you that Milburn's Heart and Nerve Pills did for me. I would have weak spells, seemed to lose my breath, and would have to get up in the night as I could not sleep. I tried many medicines but found nothing good until I took Milburn's Heart and Nerve Pills. I took three boxes and it is three years ago since I did so, and I haven't been troubled since."

Mr. E. Noble, 30 Ponce-st., for alimony yesterday afternoon in the non-jury assize court, before Mr. Justice Topley, claiming \$15 a month and \$10 a week till the action was tried. They were married in 1892.

Mrs. Noble complained that her husband did not clothe her properly, and she said she would commit suicide if she went back to live with him. The defendant, without admitting any of the allegations contained in the statement of claim, consented that a judgment be entered for \$3 per week, as alimony, payable quarterly, and to pay plaintiff's solicitor \$200.

P. W. Ellis to Be Chairman.
The hydro-electric commission members, which will in all probability be to-day, one of the first items of business to be taken up will be the appointment of a chairman. There is little doubt expressed that the selection will be P. W. Ellis. It is pointed out that he is not only the most familiar with the work which the commission will have to undertake, but is also the senior in years of the other two members.

Mr. Drayton, and the fact that the mayor is not a permanent member of the commission, will preclude the possibility of his accepting.

SYNOPSIS OF CANADIAN NORTH WEST LAND REGULATIONS

ANY person who is the sole head of a family, or any male over 18 years of age may be issued a quarter section of available Dominion land on Monday, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency of Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

During six months residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead as a farm of at least 50 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister. In certain districts a homesteader in good standing may pre-empt a quarter section alongside his homestead. Price \$2.00 per acre, or \$10.00 for a quarter section. On the homestead 50 pre-emption six months in each of three years, from date of homestead entry (including the time required to earn homestead patent) and cultivate the land.

A homesteader who has exhausted his homestead entry may pre-empt a quarter section in certain districts. Price \$2.00 per acre. Pre-emption six months in each of three years, cultivate 50 acres and erect a house worth \$100.00.

W. W. CORY, Deputy of the Minister of the Interior. N.B.—Unauthorized publication of this advertisement will not be paid

Market Fears Drought in West Wheat Higher in All Centres

Sentimental Advance in Values in Chicago Exchange—Sharp Bulge in May Wheat Option—Winnipeg Market Higher.

CHICAGO, May 4.—Higher prices for wheat were noted today than at any time since February. Dry weather northwest and congestion in the May option here brought about the advance. The close was at nearly the top level reached, 8c to 1 1/4c to 2c above last night. Corn gained 1/4c to 1/2c to 3/4c net, and oats 1/4c to 1/2c. The end of the day left hog products irregular, strung out from 2 1/4c rise to 1 1/4c decline.

A violent rise here in the price of the May delivery, the accepted by only small trading, did much to unsettle the nerves of the bears all along the line. A little weakness at the start, however, the tendency was upward almost constantly through the session. July ranged from 8 1/2c to 8 3/4c, closing steady at 8 1/2c, a net gain of 1/4c.

Receipts at Primary Centres. Receipts of wheat in car lots at primary points, with comparisons, were as follows: Week ending May 4, 1911. Chicago, 1,250,000; Duluth, 250,000; Minneapolis, 1,250,000.

Winnipeg Inspection. Receipts of wheat to-day graded as follows: No. 2 northern, 35; No. 4 northern, 15; No. 3 northern, 4; No. 1 northern, 1.

European Grain Markets. The Liverpool market closed today unchanged to 1/4d lower on wheat and 1/2d lower on corn compared with yesterday.

Hollinger Makes Another Record, But Reacts Sharply

Market Starts in Blaze of Glory But Sharp Reaction Follows

Porcupine Stocks Run Into Profit-Taking After an Early Bulge—Cobalts Irregular, Some Issues Firmer.

World Office, Thursday Evening, May 4.

The mining markets started off in a blaze of glory to-day, with higher prices ruling almost throughout the whole list of the Porcupines. Values had advanced materially overnight, the opening price on Rea being 50 points above the previous close, while Hollinger was up 15 points. The upward movement was continued through the first hour, but the market soon lapsed into comparative dullness, and when profit-taking came into play, values fell in quick order.

At one period to-day prices for majority of gold stocks showed good advances, but the profit-taking was insistent and the net result of the session was a few small gains. In the case of Hollinger, the closing price was below those at the close of yesterday, this issue showing the greatest effect of the realizing movement.

The top price on Hollinger was \$12.55, a new high record, and the break of \$12.50, which followed was no surprise considering the rapidity of the advance. A week ago the shares were selling at \$9.50, and to-day's closing price was \$12.12, so the stock at today's decline shows an appreciation of over two dollars for the week.

The movement in Rea shares is attributed to pool operations. The stock was in strong demand early in the day, and closed hands as high as \$7, but was carried back to \$6 by the profit-taking which followed.

The cheaper Porcupines showed improvement, and closed generally above yesterday's figures. Vipond was up to 68, and back again to 54; Preston moved up to 37, but lost most of its gain late in the day. Rea Lake was a strong point, bids being raised three points without attracting any stock.

At the close 53 was bid for the shares. Apex was in better call to-day and the shares were picked up, presumably by investors, at an advance of two points. At the close no stock was offering under 20 cents.

Interest in the Cobalts is still concerned almost entirely with the cheaper issues, and small advances were made in various instances by this class of shares to-day. Green-Meehan, Peterson Lake, Rochester and Gifford were all higher, bids for the latter issue being raised to 3/4, without attracting sales. Timiskaming and Beaver were in poor demand, and the latter issue lost nearly a point at 35 1/2.

Silver Leaf to be Worked.

The old Silver Leaf main shaft is being pumped out and the work of preparation for the placing of two large drifts in the bottom and continuing the working to a lower level.

At the present time the shaft is down 420 feet, and it will be continued to a depth where the keewatin is cut. The work is being done by the Crown Reserve mine, who have a lease of the property.

COBALT SHIPMENTS SMALLER.

Owing to the inability of the hydraulic power companies to supply the requisite energy to the Cobalt mines, the output has fallen off so far this year. The ore shipments for the year to date, as reported by the T. and N. O. Railway, with comparisons are:

Month	1911	1910
January	188,653	246,603
February	210,182	217,438
March	181,921	251,718
April	197,928	279,020
Total	778,726	995,679

PETE LAKE IN GOOD SHAPE

Lessees Doing Active Work—Will Show Balance at Annual Meeting.

The Peterson Lake directors met yesterday to take up the question of the leasing companies who are operating the Peterson Lake property, and making arrangements for the annual meeting which is to be held about the 2nd of the month. The report of the company's engineers at Cobalt stated that all the leases, with the exception of the Gould and Kelly, were working, and the directors were informed that both of these concerns would start up again as soon as power could be obtained from the hydraulic company.

The secretary of the company, J. W. Gifford, stated that a most satisfactory financial statement would be presented at the annual meeting, the company will close the year with no liabilities and with a handsome balance in the bank, this latter amounting to more than the gross receipts for the year.

The directors are satisfied that with all lessees doing active development work, Peterson Lake will show up in better shape than ever before. Some talk has been heard of opposition to the present board, on account of dissatisfaction with the way the company has been managed, but it is not thought that this will amount to anything.

New York Curb.

Chas. Head & Co. report the following prices on the New York curb:

Buffalo, close 2 to 2 1/2. Cobalt start 19 to 20. Ker Lake, 8 1/2 to 9. 300 sold at 8 1/2. Le Rose, 4 1/2 to 4 1/4. McKinley, 1 1/2 to 1 1/4. 300 sold at 1 1/4. May Oil, 62 to 64. Nipissing, 10 1/2 to 10 1/4. High 10 1/2, low 10 1/4. Yukon Gold, 1 1/2 to 1 1/4. Dome Ex., 37 to 34. High 37, low 34. Dome Ex., 37 to 34. High 37, low 34. Dome Ex., 37 to 34. High 37, low 34. Dome Ex., 37 to 34. High 37, low 34.

BEAVER LOOKS GOOD.

In view of the large dealings in Beaver stock during the past few days, without any apparent change in prices, the shareholders as well as the investing public, will be glad to learn the real facts concerning this mine.

To this end Charles A. Stoneham & Co. yesterday interviewed President Frank Culver.

"Once more business is humming around the Beaver," he said. A week ago the British-Canadian Power Co. was unable to supply the Beaver Company with all the power they could use, and immediately the force of men was doubled and the work is being pushed vigorously. The Beaver suffered on account of lack of power, the same as most of the other mines in Cobalt, their auxiliary plant not being large enough to supply the needs of the present workings. However, with the increased force sinking will again be resumed and the station cut at the 400-foot level. At the 300-foot level cross-cutting has been going on slowly and the vein has been tapped and values found. Drifting on this vein has been started and it is expected that the present workings, which were concentrated on the levels above will be found here. The 400-foot level will be developed the same way."

Steamer and Schooner in Collision.

BOSTON, May 4.—The British steamer Benliff and the four-masted schooner E. B. Tol, came together near Quabbin to-day, both sustaining considerable damage above the water line.

Tuberculosis in Montreal.

MONTREAL, May 4.—The alarming spread of tuberculosis in Montreal was made the subject of a report to the board of control to-day by Dr. J. Laberge. The doctor stated that 64 per cent. of the deaths registered are from tuberculosis, and further that probably 2000 cases of tuberculosis in the city at present.

PROMISING RESULTS AT PRESTON EAST DOME

Two Shafts Going Down and Property is Showing Up in Excellent Shape.

PORCUPINE, May 1.—The Preston East Dome machine drills began operations on May 1, and are now rapidly sinking two main shafts. Trenching began April 1, to locate the spots where the shafts were to be sunk. Visible gold was encountered in the quartz in almost every trench. Knowing the magnitude of the property and its great possibilities, the management has gone forward methodically, step by step, to ensure the best possible advantage.

First, a large treasury fund of cash was provided. Then, machinery was purchased and a camp established, where erected. Now comes active mining at a minimum of cost. It has taken several months to install the large quantity of machinery, erect the shafts, erect the mill and assemble a force of first-class miners, but this has been done, and mining is now being pushed forward with the greatest energy.

Power is furnished by two 30 h. p. Jenks' boilers, one 25 h. p. Jenks' boiler and one 2 1/2 h. p. gasoline engine. A six-drill Sullivan compressor drives four shafts clear of the surface and one Rand drill. A large capacity pump brings the water from Simpson Lake through the shaft clear of the water and provides fire protection. A complete sawmill, furnished the lumber for general purposes, and the square timber for timbering the shaft. A 10 h. p. engine is installed, a complete assay plant has been established, and the whole place is furnished with electric light by a 30 kilowatt dynamo. A Blake crusher and a two-stamp Nissen mill is now being installed. It will be seen that care has been taken to provide for every contingency.

Two Shafts Going Down.

One of the main working shafts that is being sunk on the Golden Rose vein, to open up the north end of the Preston East Dome property, is being sunk on the Double Cross vein, to open up the south end of the property. The Golden Rose vein is from 8 to 10 feet wide and carries a good grade ore. Samples taken from three openings in the vein by A. M. Stewart, averaged higher than \$100 to the ton. The Double Cross vein is a belt six feet wide. These veins are rich, showing visible gold freely. Samplings of the three veins averaged \$91 to the ton.

Both of these shafts will be driven as rapidly as possible to the 100 foot level, and it is expected that this will be done in about six weeks. A cross-cut will then be run to cut all veins which outcrop on the surface, including the Golden Rose vein. This shaft will be run along both the Golden Rose and the Double Cross veins, so as to block out ore on these veins to a depth of 100 feet, and to make a large quantity for milling purposes. The shaft will be in the course of development and will be crushed and put thru the Nissen mill, which has a capacity of from eight to ten tons a day, and therefore expected that the Preston East Dome will be turning out gold bricks in a comparatively short time.

After the railway enters the camp, about the end of June, the company's large mill will be installed. It is probable that about a month after the installation of a mill of 20 stamps, with provision for adding to the same.

While the main mining development is being carried on vigorously, the work of diamond drilling is also going forward. The diamond drill was started last week to cut the Preston and Golden Rose veins to a depth of 250 feet, the results from which will be known at an early date. These veins apparently come together in low ground and it is expected that where they join the main ore body will be found.

The East Dome claims are also being opened up. These adjoin the main mine about ten months ago a few shots were put in. The leading veins and spectacular ore was blown out. Manager Thorne has inspected this vein since the snow went off, and reports that it carries a quartz vein, giving every indication of continuing to depth. Visible gold is to be seen in the quartz where the shots were put in.

Work Going on Smoothly.

All of the development work indicated above will be carried on with the greatest of energy as the main shaft and mining force are working smoothly. It is expected that the ore taken out in development will keep the Nissen mill busy to capacity. The main shaft of the railway enters the camp the body of ore blocked out will be large enough to warrant the installation of a mill of a minimum capacity of 20 stamps.

The porphyry dyke which runs thru the Preston claim is 600 feet wide, and rich ore has been taken from it in many places where the quartz leads run thru it. It is believed that this whole body will be found to be paying milling ore, and if so, one of the world's great mines will be developed on this claim. Last year the Homestake mine in the Black Hills worked on ore averaging \$4.50 to the ton, and dividends of \$200,000 were paid out of the annual profits.

SOUTH HOLLINGER

Porcupine Hears Report of Big New Flotation.

PORCUPINE CITY, May 1.—(From Our Man Up North.)—The South Hollinger, which will own the "Benny" Hollinger claims in South Deloro, is to be flotation. However, with the increased force sinking will again be resumed and the station cut at the 400-foot level. At the 300-foot level cross-cutting has been going on slowly and the vein has been tapped and values found. Drifting on this vein has been started and it is expected that the present workings, which were concentrated on the levels above will be found here. The 400-foot level will be developed the same way."

General Store Assigns.

Duncan Graythorn, one of the largest general merchants of the town of Kingsbridge, Ont., assigned yesterday to N. L. Martin & Company.

Taxi in Smash-up.

Taxi No. 19 ran amuck at College and Ossington-avenue yesterday afternoon. It rushed over the boulevard and collided with a telegraph pole. The net result was the disabling of the car and a delay to four passengers.

M'LECHIE GOES TO IRELAND

When Herbert McLechie was arrested in the axises yesterday morning by the police on suspicion of his guilt of the killing of Edward Jacobs, by running him down in Bloor-street, with his employer's automobile, he was remanded to jail. He will be admitted to bail in his own surety of \$1000, when the crown is assured that he is about to go back to his home in the bowditch as the still charges of wounding and furious driving standing against him in the police court.

May Settle With Creditors.

The Pugh Manufacturing Company, who made an assignment to E. R. C. Clarke & Sons some time ago, have an offer which they are prepared to make to their creditors at the meeting next Monday. Details have not been given out.

Moneta Porcupine Mines, Limited Apex Porcupine Mines, Limited

Will be pleased to forward Prospectus of these Companies. Both Companies have been adequately financed, and owing to the Moneta property being in the immediate vicinity of Hollinger, and the Apex adjoining the West Dome, we think the stocks of both these Companies will prove a good purchase. Will be glad to forward sectional map of Porcupine, showing the location, also a Township map showing all the new mining camps of Northern Ontario.

ELDORADO PORCUPINE MINES

If we said that the orders for ELDERADO at 10 cents a share had exceeded our expectations, we should be lying. We want to be perfectly honest, and we say candidly that, in our opinion, the 200,000 shares should have been taken up before this.

Yesterday we received an order from PORCUPINE for 40,000 shares, and this has confirmed our confidence in Eldorado more than anything else could possibly do.

Reason it out for yourself. If the people in Porcupine, who know the properties of the company, are buying the stock, should this not be convincing to those who have no knowledge otherwise than that told to them, by their brokers?

Our reports as to the merits of ELDERADO have confirmed us in the belief that it is the cheapest Porcupine security on the market.

Delay will mean loss of money, and we would much rather buy ELDERADO for you at 10 cents than at 25 cents a share or higher.

We have the best facilities for filling orders for mining securities. Of the issues now listed we prefer in the Porcupines, PRESTON and GOLD REEF, and in Cobalts, BEAVER, PETERSON LAKE and GOULD.

The Quebec Bank's 5-storey building at King and Toronto-streets has been sold to a syndicate thru H. H. Williams & Company. The property has a frontage of 24 feet, and the price was \$4000 a foot, or nearly \$100,000.

Two Burned to Death.

BELLEVILLE, May 4.—In the absence of Patrick Cain, his home in Rawdon Township, near Ivanhoe, was burned yesterday, and his wife, who had been ill, and her stepdaughter, Ellen Maloney, who had been nursing her, were fatally burned.

WEST DOME

In considering the market condition of West Dome stock, as both a speculative and investment purchase, it is to be taken into account that West Dome has done something that no other company in the Porcupine district has done as yet. Its first annual report has been submitted to the public, and in this F. Augustus Heinze, the famous copper operator, who is President and Managing Director of this Company, takes the public into his confidence as to the condition of this corporation.

So far as corporate affairs are concerned, the report shows that of the authorized capital of 600,000 shares, 500,005 have been allotted, leaving 99,995 shares in the treasury. Of the allotted stock 400,000 shares were used in the purchase of the property, which consists of approximately 167 acres immediately adjoining the famous Dome property on the west. From the sale of treasury stock the company has received a total of \$138,150, with \$113,875 still due, so that besides 99,995 shares of treasury stock it has cash on hand and payable on stock allotted totaling \$230,619. This makes an exceptionally strong treasury condition, and when it is considered that the property is equipped with steam hoisting and pumping plants, air compressor plants and all other machinery necessary for opening it to depth, either on the ground or bought and paid for on the way in the corporate position of the company it is to be regarded as exceptionally strong.

In a mining sense West Dome has been thoroughly proved, and is no longer to be regarded in the prospect class. One drill set down vertically has cut the main vein at a depth of 110 feet; another drill, which went in on an incline, has cut the vein at a depth of 260 feet and is now working in sulphide ores at a point approximately 100 feet below where the vein was cut. Reports are to the effect that assays of the drill cores show that this vein at depth carries free gold and very extensive values, making it practically certain that it will be one of the big properties of the Porcupine district.

West Dome is to have aggressive development, and because of its proximity to the famous Dome property, as well as its own unusually excellent showings, we are disposed to regard the stock as exceptionally good for early speculative and investment profits.

A NEW LIGHT ON THE CLOTHES QUESTION

The recent inauguration at the City Hall marked a new era of light in Toronto, and brought home to the people of this city its many advantages.

Among its advantages, have the majority of men in Toronto ever reckoned that in this city they may buy good clothing at lower prices than anywhere else on this continent? In what other city, and to be more specific, in what other store could you find to-morrow, a match for some of these seasonable, well-tailored Scotch tweed suits at \$12.95?

THESE questions should lead you to the corner of Richmond and Yonge Streets at 8 a. m. to-morrow, and if you're a good judge of clothing, you will rejoice exceedingly.

200 Suits to select from all this season's newest designs and colorings in fine imported fancy worsteds and Scotch tweeds, light and medium greys and a number of the brown tones in neat stripe and cluster stripe patterns. Cut on this season's newest two and three-button sack models, tailored in the very best manner, with hand work; perfect fitting, sizes 34 to 44. Regular \$15 to \$22.50. To clear Saturday morning at... 12.95

Men's Stylish Spring Overcoats and Raincoats

Men's Fine Quality English Vicuna Cloth Spring Weight Overcoats, in a rich fast black shade, single-breasted Chesterfield style, with nicely-built shoulders and neat shaped lapels, splendidly tailored and perfect fitting. Sizes 35 to 44... 12.95

Stylish Spring Weight Overcoats made from a fine imported Banockburn tweed in a handsome medium mixed grey pattern, fashionable single-breasted Chesterfield style with close-fitting collar and extra long shapely lapels, carefully tailored in every detail and finished with best quality twill mohair linings and trimmings. Sizes 35 to 44... 15.00

Men's English Covert Cloth Raincoats, in rich dark Oxford grey and olive fawn shades, single-breasted Chesterfield style,

long and roomy, with well-built shoulders and shapely lapels; lined throughout with best quality Italian cloth linings. Sizes 35 to 44... 12.00

A clean-up of Boys' and Youths' Spring Weight Reefers and Overcoats at less than Half Price.

Made from English covert cloths, in medium and dark fawn and grey shades, with faint fancy colored stripes, double-breasted reefer and single-breasted topper styles, nicely tailored in every way, and finished with best quality linings and trimmings. Sizes 29 to 35. Regular prices \$5.00, \$5.50, \$6.00 and \$7.00. To clear Saturday at... 2.49

From eight o'clock to five-thirty to-morrow you may participate in this provision for personal and household needs.
