Long Expected Home Rule Bill Is Presented in British House
U. S. Senate Starts Action on Treaty Today—Solution Hoped For

**AFTER THREE WEEKS
TREATY WILL GO
TO THE CAMPAIGN**

Washington, Feb. 25.—The peace treaty will be called before the senate again tomorrow under an agreement to keep it continually under consideration until a vote is reached on ratification.
"No one knows what will happen," said Republican and Democratic leaders alike tonight as they surveyed the perplexing possibilities with which the treaty now is confronted. Some of the rank and file were more confident in their predictions, however, various friends of the treaty on both sides of the chamber declaring ratification was certain and all of its irreconcilable enemies agreeing that ratification was impossible.
"Only on one point, the length of time likely to be consumed in bringing the reopening treaty fight to a termination, did there seem to be anything like unanimity of opinion. It generally was conceded that the debate would not be permitted to drag out interminably this time, and that unless two or three weeks bring action both sides would be willing to face a final test of strength and then let the issue, if undecided, go into the campaign.
With the Republicans still claiming that 22 Democrats were ready to accept the Republican reservations, and with Democratic leaders still insisting that enough administration senators to prevent ratification would hold out for a compromise, the negotiations to bring the treaty to a close appeared to be again in a state of deadlock. It was expected, however, that private conferences would continue as the senate debate resumed, and it was on these exchanges that the treaty's supporters pinned their hopes of a ratification.
When the treaty is called up for reservation affecting article 10, and embodying the most serious barrier to agreement, will be the first proposition to present itself for action. It generally is expected, however, that it will be put over for the present, while the senate proceeds with proposed compromise amendments to other parts of the Republican reservation program.
Whether a vote will be reached tomorrow on any of these amendments is problematical.

There are strong movements for large improvements in the inter-communication between Toronto and the east, and anticipation of and in harmony with the construction of the radial between the city and Bowmanville. Yesterday the Hon. Mr. Biggs, minister of public works, gave favorable ear to a deputation supporting the concreting of the Danforth and the Kingston roads. In the growing industrial towns of Whitby, Oshawa and Bowmanville a demand will be made for the restoration of commutation fares, which will do much to extend Toronto's eastern suburban take from four miles.

FORMAL OPENING OF PARLIAMENT THIS AFTERNOON

Halbert Will Be Introduced— Report That Crerar Has Low-Tariff Resolution.

GRITS HAVE TWO PLANS

Ottawa, Feb. 25.—(Special.)—Every-thing is in readiness for the formal opening tomorrow of the parliament-ary session. The chamber of the house will be turned over to the senate for the opening ceremonies and the speech from the throne will be delivered from the speaker's chair. R. H. Halbert, the U.F.O. member returned from North Ontario during the parliamentary recess, will be introduced and take his seat in the house when the commons' assembly in their temporary quarters after hearing the speech from the throne. The house will then adjourn until Monday, when the debate on the address will be begun.

Two Liberal Courses. The Liberal members of parliament now in the city held two informal conferences today to decide upon their line of action during the debate. Some of the members urged a vigorous attack upon the government which would touch upon the absence of the prime minister, the unwillingness of the government to face the people, and demand the holding of a general election at an early date. Other members, however, urged a more conciliatory attitude in view of the growing strength of the Farmers' party. Just what course will be taken by their leader, Hon. Mackenzie King, when he opens the debate on behalf of his party, remains to be seen.

Crerar Speaks Soon. It is expected that Hon. T. A. Crerar will speak for the Farmers party at an early stage in the debate. He will probably not arrive in the city before Sunday, but some of his followers say he will immediately force the hand of the government and the Liberal opposition alike by offering an amendment to this address which will demand an immediate reduction of the tariff.

Mr. King speaks immediately after the moving and seconding of the address and may be followed by Mr. Crerar. Sir George Foster, as acting premier, will reply on behalf of the government.

BRITISH SENDING MORE TO CANADA

Imports by Dominion in January Exceed Any Month in Country's History.

Ottawa, Ont., Feb. 25.—(By Canadian Press.)—Canadian imports from the United Kingdom in January were greater in money value than in any single month of our history. They totaled \$16,416,508, compared with \$9,882,984, in December last, and \$7,709,200 in January, 1919. The increase would appear to indicate that Canadian buyers are taking advantage of the exchange situation to make profitable purchases in Great Britain. In January our exports to the British Isles were \$88,288,049.

More From United States. Imports from the United States in January, however, despite the unfavorable exchange rate, showed no decline. The total value of imports was \$74,530,425, as against \$71,069,509 in December and \$69,379,127 in January, 1919. Our exports to the United States in January were \$45,577,945, as compared with \$41,227,519 in the corresponding month of 1919.

For the ten months of the present fiscal year Canada's trade with Great Britain shows a favorable balance of \$357,500,000, an unfavorable balance of \$320,400,000 with the United States and with all countries a favorable balance amounting to \$35,500,000.

ASSAULTS ACTRESS; WIFE PAYS FINE

William Dodge was fined \$50 in the criminal court by Judge Coatsworth yesterday for assaulting and beating Margaret King, a member of the same opera company, in her room in the King Edward Hotel early last Sunday morning. His wife, who had come all the way from New York, paid the fine, as well as the \$200 and costs imposed in the police court on the B.O.T.A. charge.

Dodge said that he was under the influence of liquor when he assaulted the girl and the judge suggested that it would be a good lesson to leave liquor alone in the future. The complainant left the city with heavy contempt last Sunday and did not appear in court yesterday.

DEALERS IN BONDS ISSUE STATEMENT

Explain Necessity for Embargo on Importation of Securities.

Concerning the new arrangement reached by which the importation of securities into Canada is to cease, at least for the time being, a statement was made public last night by the Bond Dealers' Association, as follows: "The bond dealers and the stock exchanges have held conferences today with regard to the proposal of the minister of finance concerning the importation of securities into Canada, and have reached a decision to grant the minister's request, and to co-operate to the fullest extent. The decision has been made necessary by reason of the great quantities of Canadian securities coming over from Britain, which has been financing Canada for the past hundred years. The drop in sterling exchange made it impossible to ship these securities to Canada at prices that were very attractive, as compared with other Canadian securities, including Victory bonds. This first step was taken by the minister of finance when he realized that, if the market committees were to continue to distribute bonds in the same satisfactory manner as in the past, the prices of these bonds should be brought into line with market conditions. This was done by the reduction in the price of Victory bonds. In fact many people think that these prices, as readjusted, are really lower than they should be.

The next step was to request the bond houses and stock brokers who have been bringing securities from Great Britain not to continue this activity, and the banks were requested to co-operate in this direction. The members of the Bond Dealers' Association and the Montreal and Toronto stock exchanges have all met, and, while it was a serious loss of business to the bond houses, and also to the stock brokers, all these bodies have agreed to meet the request of the finance minister to the fullest possible extent. It is obvious that this embargo will make Canadian imports into the business of the United States, especially from the United States, where the balance of trade is so heavily against us. It is therefore, hoped, while they give their efforts to meet the suggestion of the minister of finance, the conditions will change and that it will not be necessary to long continue these restrictions.

There is a very strong feeling among the financial people that the restrictions placed upon the import of securities can only be justified providing the government follows them up vigorously with similar restrictions against the importation of securities from the United States, where the balance of trade is so heavily against us. It is therefore, hoped, while they give their efforts to meet the suggestion of the minister of finance, the conditions will change and that it will not be necessary to long continue these restrictions.

SMALLPOX OUTBREAK IS STILL SERIOUS

Smallpox is still a serious condition in the public health of Ontario, and especially of Toronto, but the pest of "flu" and primary pneumonia appears to have been passed, and there is considerable room for reassurance when statistics of the present outbreak are compared with those of the corresponding stage in the epidemic of 1918. The number of smallpox cases reported from the province of Ontario for the week ending February 21 was 187. Only three municipalities went over the ten in the weekly record, viz.: Oshawa 11, Peterboro 19, Toronto 54. These 187 cases for the past week compare somewhat unfavorably with the record of the previous week, when the number was 168, being an increase of 19 cases. From November 1 to February 21 there were 4,514 cases with 17 deaths reported, making a weekly average of 234. The city of Toronto contributed no less than 2,798 cases, or 60 per cent. of the whole. Up to the present period of February there have been 18,024 cases of "flu" reported, with 1,138 fatal cases of "flu" pneumonia and 780 of primary pneumonia, or a total of 18,704. This looks very serious evidence of the havoc of the present "flu" outbreak, it is to be remembered that in the first month of the outbreak of 1918, which was October, there were 8,015 deaths.

Ontario Will Not Continue Fish Business

The pressure of the fishing interests has prevailed on the provincial government to go out of competition to all intents and purposes, the Hon. F. C. Biggs told a deputation of Lake Erie fishermen yesterday that the provincial enterprise will not absolutely be closed.

The request of the Lake Erie Association is that the government withdraw its attention to the conservation of the fish supply.

Hon. F. C. Biggs said it is his intention to have the fishing regulations strictly enforced. The deputation desires separation of the game and fisheries branches of the department and that a deputy minister be appointed for each branch. A commission to inquire into the fishery situation was further asked. Mr. Biggs said the matters presented to him would have due attention. The government will drop its fishing business gradually. A. S. Brown, Kinrossville; H. A. Short, Port Stanley; A. E. Crew, Merlin; Capt. Robinson, Port Dover and N. S. Cornell, Port Stanley, were with the deputation.

Controller Juttien declares the \$80,000 set aside by the city to meet the adverse exchange rate will be \$67,000 short of the sum required.

All six pupils who tried the silver medal examination of the Royal Life Saving Society at the Y.W.C.A. today passed successfully.

John Carroll, aged 32, died today at his home, 55 West Wood street.

Fees for use of the operating rooms at the City Hospital have been nearly doubled by action taken at a board of governors' meeting today.

EARLSCOURT NEEDS HOUSES BADLY

One Firm is Taking Orders for Ready-Built Structures.

A Canadian woodworking company is making arrangements for supplying ready built houses to meet the needs of citizens in North Earlscourt and Fairbank. The houses are said to be well and strongly made and only need assembling. The prices are away below the regular cost of building a frame house. The same firm is shipping a large number of these houses to England in the spring, where the demand exceeds the supply for any kind of dwelling houses. They come in three, four, six and eight rooms and it is expected that over one thousand of these houses will be purchased before next fall.

There has been a diminution of 50 per cent. of flu cases in the northwest district during the past 48 hours, due to a large extent of the continued dry weather. The local physicians are now confident that the epidemic has been broken, and that patients who contracted the flu, however, are mostly left in a very weak condition and are forbidden by their medical attendants to leave their homes owing to the fear of complications.

The regular meeting of the G.A.C. of New Britain Post, was held at Earlscourt Public School last night. President H. Parfrey in the chair. Routine business was transacted. There was a good attendance.

Pastor W. F. Roadhouse of Boon Avenue Baptist Church conducted the funeral services of Robert Ballantyne yesterday, who was an active member of this church. He is survived by his widow and two children. Burial was in Prospect Cemetery.

POULTRY PRIZES AWARDED

The East York Poultry Association held their regular monthly meeting in Snell's Hall last night. President George McKillop presided, and there were a number of high class fowl on exhibit.

Cash prizes were awarded the winners in each class, and in addition special prizes of silk ribbons were also given. The winners were as follows: White Plymouth Rocks, 1st cock and 1st hen, E. H. Slous; 2nd and 3rd cock and 2nd and 3rd hen, James Brown; Buff Wyandottes, 1st cock and 1st and 2nd hen, L. Smith; black Wyandottes, 1st cock and 1st, 2nd and 3rd hen, Wm. Goldsmith.

An interesting lecture and demonstration was delivered by James Brown on egg production. The judges were W. Smith and A. Wiles.

LABOR DELEGATION SAYS IRELAND VICTIM OF BRITISH MISRULE

Claims That Administration is Not Only Unintelligent, But Deliberately Provoking.

UTTERLY ESTRANGED

London, Feb. 25.—The report of the commission of labor men which recently investigated conditions in Ireland is a strong denunciation of what is characterized as the British misrule of Ireland. This, the report declares, "would drive any spirited nation into deep-seated and dangerous discontent," adding that "where the administration is not merely unintelligent it appears to be deliberately provocative."

The report sets forth that Ireland has become utterly estranged, and the Irish problem, as the labor delegation sees it, is "a problem of political pathology."

Abundant evidence exists, the report finds, of the needs of action with regard to social matters, such as housing, wages and education, but the political issue, it holds, obscures these questions.

The economic regeneration of Ireland, which would help materially to destroy existing animosities and speedily efface the memory of historic wrongs, the report adds, "cannot be successfully achieved unless and until the political problem is solved. The fundamental necessity, therefore, is a change in the political system."

The report consists largely of detailed examples of the "senseless attitude" of the administration's repressive measures, with the result that "every institution of which the British citizen is so proud—a free press, freedom of speech, liberty of a subject and trial by jury—is a thing of the past in a large part of Ireland."

The report continues: "While unreservedly condemning political outrages, such as the shooting of policemen, we are bound to say that no evidence is forthcoming that such shootings preceded the application of the policy of rigorous repression."

BRITISH MINISTRY SUFFERS DEFEAT

No Political Significance, But Shows Difficulties in Way of Economy.

London, Feb. 25.—The government was defeated in the house of commons tonight on a private member's motion, calling for a large increase in the pensions to all policemen retired prior to April, 1919, in order to meet the increased cost of living. The motion, which was strongly supported, was carried by a vote of 123 to 57, although it was opposed by the government.

The home secretary, Edward Shortt, in behalf of the government, said he recognized that the house was in favor of the motion, but it would cost \$20,000,000 and would be followed by similar demands from all other government pensioners, and was, therefore, inconsistent with the demands made upon the government to exercise economy. He promised, however, to see if anything was possible to relieve really hard cases.

The defeat of the government has no political significance, but it is considered that it will be rather useful to the government as an illustration of the difficulties of effecting economy.

CITY HALL NOTES

A grant of \$5,000 towards an aerial convention, which is planned to take place in Toronto in April this year, was asked by a deputation from the Aero Club at the board of control meeting, yesterday.

Major Bert Wemp, the spokesman, stated that the convention would be international in character, and that its object was to make Toronto the centre of aviation for the Dominion. There would be 350 delegates and the cost would be approximately \$12,000. The provincial government and organizations were also being asked for a grant.

The board decided that Controller Maguire and the city clerk confer with the Aero Club concerning the program of the convention, with a view to ascertaining the size of the grant that the city should make.

Mayor Church did some further explaining on the subject of withholding salary increases for school teachers. "There are some four thousand civic employees affected by the increases, who are just as much entitled as the school board officials to have their raises now," he said.

"The practice for all boards in the past has been not to pay these increases until the tax rate is struck, as the money used for this purpose before the taxes come in, has to be borrowed from the banks, and a high rate of interest paid."

NOTE NOT YET DEALT WITH

If Rejoinder to Wilson Needed, Supreme Council Will Prepare It Immediately.

London, Feb. 25.—The supreme council tomorrow will take up President Wilson's reply to the allied note on the Adriatic question, which reached London this morning, and if a rejoinder is necessary the council will attempt to formulate it immediately, because the members hope to end the London session Saturday, although possibly it will be extended for a day or two. The council did not consider the note today.

Owing to the necessity of Premier Nitti's presence in Rome and the activities of other members, the council

Appeal to the Public!

Telephone operators have not escaped in the prevailing epidemic, the result being a very high percentage of absentees in all our eleven city exchanges.

Numbers of citizens, kept at home through illness, are using the telephone more than under normal conditions. As a result the calling rate is very heavy.

There are, of course, necessary telephone calls that must be made. But may we ask that, until the situation clears, all telephone users assist us by making only necessary calls.

INSPIRING NOTE AT BIG CONVENTION

Grand Z., Col. Ponton, Delivers Notable Address to Arch Masons.

"Holding to the high traditions and significant passwords of those who have gone on before by the path of duty we press forward in a great movement side by side, a great caputular craftsmanship, whose chief factor is wise work well done, the essence of strength and wisdom, the stability of true citizenship and brotherhood."
It was thus that Lieut.-Colonel W. N. Ponton of Belleville, an original of the C. E. F. in that greatest of wars, just concluded, gave greeting to the 32nd annual convocation of the Grand Chapter of the Royal Arch Masons of Canada in his address as chairman yesterday morning at Masonic Hall, Davenport road. Continuing the Grand Z.M. ex-companion pointed to the need of countering the influences of dangerous Socialist propaganda and of maintaining fearlessly both church and state. "These are spacious days," said Colonel Ponton, "and we must enslave the curtains of our habitations." Finally the speaker referred to the hospitality accorded the Canadian arch masons by the Americans at Albany and other centres in the United States and bespoke for that country an enthusiasm thru which America would drink the common cup of humanity.
Was Notable Convention
The convention was, in every respect the most notable and most largely attended of any yet held. It is estimated that by 1922 the arch masons will have a membership of more than 25,000. Royal Ex-Companion Henry T. Smith, grand scribe E. reported a

NEW IMPROVEMENTS FOR EXHIBITION

C.N.E. Directors, at Annual Meeting, Discuss Plans for 1920 Fair.

The board of directors of the Canadian National Exhibition held their annual meeting yesterday and outlined many new improvements for the 1920 fair. A number of suggestions for improving the grounds were made, among them being better restaurant accommodation, and a general plan for the location of new buildings. These suggestions were heartily approved.
In the election of officers which followed, all the directors of the agricultural section for last year were re-elected.
The directors in the manufacturers, liberal arts and miscellaneous sections are as follows: T. Bartram, C. A. E. Brown, John Firstbrook, Sam Harris, Geo. T. Irving, Sam McBride, Alfred Rogers, T. A. Russell.
T. A. Russell, the president, wired from Algonquin Park, regretting his inability to be present. More than 100 members had gathered for the meeting.
Mayor Church assured the board that during the year the harbor board would actively begin improvements in front of the Exhibition Grounds.
"We feel that one of the greatest stimulants to agriculture in Ontario is your annual fair," said Hon. Manthorpe Doherty, minister of Agriculture. "It has the support and endorsement of the present government."
The treasurer's report and financial statement showed that a revenue of \$74,500 had been derived from the fair in 1919, with a cash balance of \$208,821. Among the bigger items of expenditure were: management \$27,049, prize account \$68,598, wages \$19,378, advertising \$23,762 and percentages paid to midway shows \$113,117.
The Imperial Press Conference will be guests of the Exhibition, and a conference of premiers of the empire may also be held.
Ald. (Mrs.) Hamilton, suggested consideration of a woman on the board of directors. Geo. A. Putnam, director of women's institutes in the province, thought that a large woman's building should be erected.
James Simpson argued in favor of better athletic field accommodation.

UNIVERSITY NOTES

McMaster University is throwing open the competition for scholarships in matriculation subjects by introducing a third group in the honor matriculation groups, in addition to parts 1 and 2 the present groups. The new group is an intermediate group between general proficiency and special proficiency in the separate groups.

University of Toronto Chess Club will hold a dinner on Wednesday, March 2, at eight o'clock at the home of Mrs. J. C. Harvey, the manager of the present Canadian chess championship. The dinner will be a short time before the start of the new season. The dinner will be held at the home of Mrs. J. C. Harvey, the manager of the present Canadian chess championship.

Mr. Braden, the well-known social worker, who has been for some time connected with the "Red Cross" and "League of Nations" will deliver a short series of lectures to the students in attendance at the university on the work of the war, and the social conditions in the interest of the unemployed boys in the city. His first address will be tonight, when he speaks at the heart house at 510 on the "Delinquent boy and the juvenile court." His remaining lectures will be delivered on the 10th, 11th and 12th of next month and they will be on "The boy on parole and the Big Brotherhood Movement" and "The boy in industry."

Dr. Edna Guest, a graduate of Toronto University, and the first woman to secure an appointment on the surgical staff of a British hospital during the war, gave a very interesting address to the women medical students at their regular meeting, held in Argyle House. Miss Guest outlined some of the trying experiences that she had encountered in her time overseas and pointed out the valuable work that was done by the doctors and senior medical students in the C. A. M. C.

The thirtieth annual dinner of the Engineering Society, which was held in the King Edward Hotel, was voted the best ever by all the students that had the good fortune to be there. Prof. McPhail, C.M.G., D.S.O., Croix de Guerre, of Queen's University, who was present, replied to the toast of ex-Dean Ellis and evoked much applause when he stated that, in his opinion, "school men were still the same rough-necked as of thirty years ago," and that he could safely trust the world to them. Mayor Church replied to the toast to Toronto and stated that the engineering society and profession was, and always will be pre-eminent in the upbuilding of Canada, and in that work the School of Science of Toronto University had played a major part in the training of these engineers.

SLIGHT INCREASE IN FLU MORTALITY

Altho Epidemic is Now on Wane, Eighteen Deaths Occurred Yesterday.

Altho there is no doubt now that the influenza and pneumonia epidemics are rapidly on the wane, there was a slight increase in the mortality list yesterday. Notwithstanding the fact that on Tuesday and yesterday the death totals for the city were exactly the same—forty-four—more of them were due to the prevalent infections. On Tuesday influenza caused 13 deaths and pneumonia 3, while yesterday the number of flu deaths rose to 18, and those from the latter disease to 7.

Foreigners Should Be Admitted to Canada
Lodge Waverly, No. 355, Sons of England Benefit Society, held their fortnightly meeting last evening in the Masonic Hall, Balsam avenue. All the reports presented in connection with the annual Christmas party and annual smoking concert proved that both affairs were a great success. Immediately at the close of business a debate took place—the question being—"Is it advisable to admit foreigners into Canada?" C. Smart, president, was captain of the affirmative side and H. Mottershead, vice-president, captain of the negative side. The judges decided that on account of the vast acreage in Canada, the untold mineral resources and the pres-

sent cry for more production, which accounted for the high rate of exchange, it was essential to the welfare of Canada to admit foreigners. T. H. Warrington, secretary of Lodge St. George, No. 27, acted as chairman and judge and was assisted by F. Theaker, P.P. of Lodge Stafford No. 32. Monthly debates will be continued and city lodges invited to participate.

NEEDS OF HALIBURTON

Haliburton needs a great deal of attention from the government and a deputation, which was spearheaded by Rev. E. Watson, M.L.A., North Victoria, yesterday, puts its diversified petition before Premier Drury and the minister of agriculture. The matters appertained to game, sheep protection, roads and education.

THIN, NERVOUS PEOPLE NEED BITRO-PHOSPHATE

What It Is and How It Increases Weight, Strength and Nerve Force In Two Weeks' Time in Many Instances.

SHOULD BE PRESCRIBED BY EVERY DOCTOR AND USED IN EVERY HOSPITAL.
Says Editor of "Physicians' Who's Who."

Take plain bitro-phosphate is the advice of physicians to thin, delicate, nervous people who lack vim, energy and nerve force, and there seems to be ample proof of the efficacy of this preparation to warrant the recommendation. Moreover, if we judge from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are usually due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by most druggists under a guarantee of satisfaction or money back. By feeding the nerve directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate quickly produces a welcome transformation in the appearance; the increase in weight frequently being astonishing.

Clinical tests made in St. Catherine's Hospital, N. Y. C., showed that two patients gained in weight 23 and 27 pounds, respectively, through the administration of this organic phosphate; both patients claim they have not felt as strong and well for the past twelve years. This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, usually disappear, dull eyes become bright and pale cheeks glow with the bloom of perfect health.

Physicians and hospitals everywhere are now recognizing its merits by its use in ever increasing quantities. Frederick Koile, M.D., editor of New York Physicians' "Who's Who," says: "Bitro-phosphate should be prescribed by every doctor and used in every hospital to increase strength and nerve force and to enrich the blood."

Joseph D. Harrigan, former visiting specialist to North Eastern Dispensary, says: "Let those who are weak, thin, nervous, anemic, or run-down, take a natural, unadulterated substance such as bitro-phosphate and you will soon see some astonishing results in the increase of nerve energy, strength of body and mind and power of endurance."

Bitro-phosphate is made entirely of the organic phosphate compound referred to in the National Standard Dispensary as being an excellent tonic and nerve and a preparation which has recently acquired considerable reputation in the treatment of neurasthenia. The standard of excellence, strength and purity of its substance is beyond question, for every Bitro-phosphate tablet is manufactured in strict accordance with the U. S. Pharmacopoeia test requirements. Bitro-phosphate is therefore not a patent medicine and should not be confused with any of the secret nostrums, so-called tonics or widely advertised "cure-alls."

CAUTION—Although Bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, owing to its remarkable flesh growing properties it should not be used by anyone who does not desire to put on flesh.

HAD NOT TRIED TO STOP INCREASES

Teachers Will Get Raise, But Not Until Estimates Are Passed, Says Mayor.

So many calories of heat were generated at yesterday's session of the board of control over the board's resolution not to pay increases in salaries until the estimates for 1920 are passed and the tax rate struck, that Finance Commissioner Bradshaw had to be called on to explain the situation.

"Speaking seriously," said the commissioner, "there is cause for alarm at the great increase in expenditure. If you have an excessively high tax rate you will prevent people and industries from coming to the city. Last year there was only a small increase in salaries and the question was never brought up, but this year it is 25 per cent. All the departments in the city will wait for their increases until the tax rate is struck, but I cannot say what is usual regarding the board of education. They simply come to me and ask for a lump sum."

The mayor in alluding to "wild articles" in connection with this matter, said, "This question came up before the board of control on January 18, and we passed an interim appropriation of one and a quarter millions for the school board, with which all its departments were to pay their employees on the 1919 salary schedule, until the estimates were adopted. We do not get any taxes for the school board until October, and up to that time we have to borrow money from the banks."

The following is purported to be a copy of the letter sent by Commissioner Bradshaw to W. W. Pearce, administrator of the board of education.

"I have this morning been instructed by his worship the mayor not to issue any further cheques to the board of education until I am advised by him, and that the 25 per cent. increase in the salaries of the teachers is not to be paid until the tax rate for 1920 is struck."

Controller Maguire: The board of control did not pass any resolution to stop paying teachers their salaries. The mayor: I never authorized the sending of any such letter. The teachers are entitled to a 25 per cent. increase, but not the upper ten of the school board, who are getting three times the amount of salary paid to civil officials.

Controller Maguire: The point is, can we pay the board of education increases before the estimates are finally accepted?

Controller Ramsden: No, you can't. "I intend to move a little later on that this question be submitted to the people," said the mayor. "The city will go bankrupt if outside boards can spend money like water."

ALLEGED BURGLAR REMANDED.

"Pretty soft for you, you may never have this kind of again," was Crown Attorney Corley's parting words to Arthur Price, an alleged burglar from the United States, who was remanded by Magistrate Kingsford in police court yesterday.

When arrested late at night, Price was alleged to have been in the act of raising a window of somebody else's house. He accused himself of a "block away" was the house where he was staying, but investigation by the police showed that his residence was a block away. The police also found newly-tramped snow near other windows in the vicinity, all of which happened to be locked. Magistrate Kingsford would not convict because he was of the opinion that Price was under the influence of liquor.

NEW PROVINCIAL HIGHWAY.

The Hamilton-Guelph-Owen Sound roads will be taken over as a provincial highway. So Hon. F. C. Biggs, minister of public works, informed a deputation headed by T. J. Hennigan, Guelph, yesterday. The road is 110 miles in length. Major Patterson, Owen Sound; A. D. Hodson, Guelph; Reeve Reese, Chatsworth; H. J. Caldwell and Reeve Kearns, Arthur, accompanied the deputation.

VETERANS DEMAND APOLOGY BE MADE

Saturday Night Singled Out for Special Consideration.

Representatives from practically every returned men's organization in Toronto will be formed into a committee to wait upon F. R. Paul, editor of Saturday Night to demand immediately a public retraction and apology for the "insulting and disloyal statements appearing in his paper in the issue of February 21, statements considered un-British, insinuating as they do, that the many thousands returned men who gave up everything to protect the Dominion and empire and such corporations as The Saturday Night, were but underlings, and that now they had returned were no benefit to the community which they desire to bankrupt, and more to this effect. These statements form an insult not only to the returned men themselves, but also their wives, mothers, sweethearts and sisters, as well as those employing returned men."

Condemns Soldier Member. Another resolution condemning the alleged attitude of Sergeant-Major McNamara, M.L.A., as disloyal to his comrades, such disloyalty being evidenced in his public refusal to sign the petition for the \$2,000 gratuity and his avowed opposition to the gratuity scheme, all this despite his promise (before election) to stand by the gratuity. The round table conference further declared McNamara's action as detrimental to the best interests of the returned soldier, still further dividing the veterans upon this question at a moment when they were gradually reaching a stage of united and concerted action.

LANG TO GUELPH. Corporal E. F. Lang, president of the Military Hospital Association, has been summoned to Guelph on Saturday afternoon to conduct an inquiry into the alleged case of a German undertaker buried in a C.E.F. veteran from Freepost Hospital at Kitchener. The name of the returned soldier is William Smallwood.

NEWS OF LABOR

BAKERS' UNION IS NOW GETTING BUSY

Again Calling for Legislation Abolishing Night-Baking.

Canadian National Bakers, the largest body of their kind in the Dominion, according to figures presented by their business manager, have decided to hold a special session on Sunday next to deal with the question of daylight labor, a matter of great importance to the trade. The union will also discuss a new wage scale. It has a large membership, the trade being easily 75 per cent. organized by the Canadian Federation.

John Drummond, business manager, conferred with Dr. W. A. Riddell, deputy minister of labor, relative to this matter, pointing out that a year ago the union had brought it to the notice of the department and that they were not in a position to like the matter up then, but would deal with it a year later. The twelve months allotted to them has passed, said Mr. Drummond, and action was looked for along the lines desired. Dr. Riddell promised to have the matter taken up immediately.

Minister Writes Letter. In his connection it is interesting to note that the Canadian Federation received a letter from Hon. Walter Rollo, minister of labor, on December 4, 1919, in which he stated that the department was in touch with the Bakers' Union, and that something along the lines desired would be done in the near future. The first step taken by any labor organization in this matter was taken by the convention of the Canadian Federation of Labor in September, 1918, a special resolution being passed showing the need of legislation in this matter. The Dominion Trades Congress brought in a similar resolution last September at its annual convention held in Hamilton.

BUILDING TRADES WANT CO-OPERATION

Toronto Building Trades Council at next session will deal with the question of proposed and existing agreements, this being the chief item of the proceedings. The council has recommended to every one of its unions the need of both job stewards and stewards' captains as a better means of carrying out the work of construction. An educational campaign is advocated aimed at bringing all matters pertaining to the trades properly before the council. The unions comprising the council are: Bricklayers and Masons, Bridge, Structural and Ornamental Ironworkers, Cement Finishers, Carpenters and Joiners, Electricians, Elevator Constructors, Granite Cutters, Hod Carriers, Building and Common Laborers, Heating and Portable Engineers, Plasterers, Painters and Decorators, Plumbers and Steamfitters, Sheet Metal Workers, Stonecutters, Stone Masons, Wood, Wire and Meal Trades.

BENEATH THE SPOTLIGHT.

Spotlight dancing is to be the feature of the dance which is to be held under the auspices of Local 152, Stationary Engineers, on March 12. This union is, month by month, increasing its numbers, and only recently, in conjunction with the Union of Trades and Stage Employees, brought nearly every argument in its line relative to the matter of employing only duly qualified stationary engineers in their plants.

CORRECTING AN ERROR.

Charles Clay, general organizing secretary for the Canadian Federation of Labor, stated yesterday afternoon to 'The World' in refutation of a statement credited to international leaders, that national unions in Quebec province were by no means confined to Roman Catholic influence. He stated the Bricklayers' Union of Montreal, Quebec and St. Hyacinthe, the Longshoremen's Union of Montreal and the Carpenters' Union of St. Hyacinthe as specially British Canadian and progressive from every point of view.

C. F. L. TO HAVE NEW LABOR PAPER?

That the Canadian Federation of Labor intends to consider ways and means of publishing a Canadian labor weekly is evident from an interview held yesterday afternoon with Charles Clay, general secretary of this federation, who stated that in the minds of many officials of the federation, The Industrial Banner was not broad enough for the needs of the moment. He stated that with the I. L. P., an organization based upon the broadest principles of humanity. It was apparent, said Mr. Clay, that The Industrial Banner had forgotten that in the minds of many officials of the federation, The Industrial Banner was not broad enough for the needs of the moment. He stated that with the I. L. P., an organization based upon the broadest principles of humanity. It was apparent, said Mr. Clay, that The Industrial Banner had forgotten that in the minds of many officials of the federation, The Industrial Banner was not broad enough for the needs of the moment.

ANOTHER SAD DEATH.

"Flu" and pneumonia added to their list of victims still another member of the Street Railwaymen's Union, this time one of the most popular and widely-known men in the city union, John Dunsmore, 63 years of age, was taken away after several days of untold suffering, dying at his home, 445 West Marston street, last evening, and interment will take place up country. John Dunsmore entered the service of the Toronto Street Railway more than twenty years ago, and during that time attended at the Dundas barns. He had also been a member of Division 113 of the International Union of Street Railwaymen for twenty years, and was one of its most respected members.

SAPPER FENTON DEAD.

Sapper John Fenton, one of the best-known members of the United Brotherhood of Carpenters, Amalgamated section, died Tuesday night at Newmarket Hospital, death resulting from injuries received at the front, where he did especially good work. Comrade Fenton had been a member of the United Brotherhood seventeen years. He is best remembered as foreman carpenter years ago upon such fine buildings as the P. R., the Royal Bank Building, Montreal Windsor Station.

NAT. TRADES COUNCIL GROWING.

Canadian national reinforced steel workers in Toronto have decided to affiliate with the National Trades Council of the Canadian Federation of Labor, and will, it is understood, add seven new delegates to that body. This union has 200 members. Another union which has decided to follow the same course is the Rubber Workers' Union, with a large membership.

CANDY WORKERS GALORE.

Candy workers, with the Canadian Federation of Labor last night in executive meeting, decided to have a dance in numbers. It admits only men, so far as information is to hand, and no minors are permitted to join. Counting minors of which it is said there are several thousand in Toronto, there are altogether about 7,000 candy workers in Toronto.

AN INTELLECTUAL SPEAKS.

Tom Mellieue, one of the best known among the intellectuals of the labor movement in Toronto, delivered a specially interesting address to the members of the Brotherhood of Painters and Decorators, Tuesday night, upon the steady evolution of labor since the days of Flamininus and the Roman tribunes.

TICKET SCALPER FINED.

Charged with having sold tickets at a price higher than their face value, Carl Stopeck, an employe of the police court yesterday by Magistrate Cohen. Stopeck sold two tickets for a hockey match, for which he paid \$2.50, to Morality Officer Kerr for \$7. The maximum penalty for an offence of this nature is \$50.

SHOULD PURCHASE CANADIAN GOODS

Army and Navy Veterans Believe This Will Stabilize Exchange.

The Army and Navy Veterans in Canada, at their general meeting in the Central Y.M.C.A. on Tuesday night, unanimously pledged themselves to support in every way possible home manufacture as a means of stabilizing the exchange between Canada and the United States.

The following resolution, embodying this decision, which was passed, read as follows: "We, the members of the Toronto Unit, A. and N. V. of Canada, hereby pledge ourselves, whenever possible, not to purchase any American-made goods until the exchange between that country and Canada is so stabilized that the Dominion can cease being at a disadvantage, as compared with her neighbors, whose efforts in the war were commensurate with the gain she has made out of the world conflict. The idea of following this course, which was suggested by Comrades Rose Cockburn and George Sweeney were elected delegates to the provincial convention, which opens at the Prince George at 10 o'clock this morning, for a two days' session."

TO DESIGN HEADSTONE FOR SOLDIERS' GRAVES

Some Likelihood of a Distinctive Design to Mark Graves of Canadian Troops.

Ottawa, Feb. 24.—(By Canadian Press).—Designs for a headstone for all soldiers of the empire who died in the war are it is understood, now under discussion with the graves registration committee. So far as concerns France and Belgium are well in hand, but designs for the headstones of Canadian soldiers who died in Canada have still to be prepared. The suggestion has been made that the Dominion government authorities should specially mark such Canadian graves, and there was at one time an attempt to secure data for the preparation of a design.

SOLDIERS' COMFORT SOCIETY.

The annual report of the Markdale Soldiers' Comforts Society shows the continued activity of this war organization during the past year. Shipments valued at \$12000 were made to the Canadian Red Cross Society, in addition to this the report shows the following expenditures: \$200, Christmas stockings for men in hospital; \$256.87, bookcases and magazines provided for the Christie Street Hospital; \$2000, cot in Hospital for Sick Children, to be known as "The Parkdale Soldiers' Comforts Memorial Cot"; \$127.73, bulbs to be planted in the grounds of the various military hospitals in Toronto; \$37, treat for the children in the Orphan's Home, Avenue road; \$500 to Neighborhood Workers' Association.

G.W.V.A. in Montreal Favors Affiliation With Other Bodies

Montreal, Feb. 24.—The local branch of the Great War Veterans' Association, at a meeting last night, placed on record as being in favor of affiliation with other associations of veterans, excepting those with political aims. A resolution to this effect was passed and will be brought up at the convention of all branches to be held here, beginning in March.

AN OFFICER MISSING.

W. J. Trimble has received word from the air ministry that his son, Lieut. A. V. Trimble, is presumed dead. Lieut. Trimble enlisted with the 35th Battalion in May, 1915, and was wounded while serving with that unit in 1916. He later joined the R.A.F. and was reported missing on his 21st birthday. Prior to his enlistment he was a member of the Bank of Nova Scotia.

WOULD CONFISCATE ROSEDALE LIQUOR

Beaches G.W.V.A. Proposes Impartial Canvass of Cellars.

With the view to limiting individual stocks of liquor to five gallons, Beaches G.W.V.A., at their general meeting in St. Aidan's Church on Tuesday night, unanimously endorsed a resolution urging the provincial government to institute an impartial canvass of the cellars of individuals and enact legislation to confiscate all supplies exceeding this amount. The resolution suggested a fixed quantity that it be confiscated and turned over to the government vendors, the establishment of problem cases among returned soldiers.

Kitchener, Feb. 25.—(Special).—The United Veterans' League here have passed a strong resolution protesting against the admission of Hearst papers into Canada.

GRATUITIES FOR IMPERIALS.

Applications for Canadian Rate Will Not Be Accepted After Next July.

Applications for the Canadian rate of gratuities by Imperials, resident in Canada before and after war, will not be considered by the government after July 1, 1920. It is estimated that there are approximately 50,000 Imperials in the Dominion eligible under the provision but up to date only 7,000 have made application for their share, and the government thru the G.W.V.A., are urging them to apply for their increased gratuities forthwith.

ISSUES CHALLENGE TO FLYNN.

Edward Stephenson, the independent soldier candidate in the Halton by-election, has issued a challenge to President Flynn of the U. V. L., to debate the ethics of the latter's attitude towards himself in his candidature in the by-election. He suggests that the debate take place on Saturday night in Massey Hall, and stipulates that the audience be restricted to returned soldiers, irrespective of their organization, and that in view of his physical condition that he be assured a hearing and that the verdict be left to the audience.

An Important Letter

BRAMPTON, ONT.—"About five years ago I began suffering with woman's trouble. I became run-down, weak and nervous. I was so completely down and out that I could not do anything, could scarcely dress myself. I had the doctor and took other medicine but without getting better until I began taking Dr. Pierce's Favorite Prescription and his Golden Medical Discovery. It was only necessary for me to take about three bottles when I was completely restored to health and strength and I have been in better health than I ever was before. I have had no use for medicine since, but should I need it, I would take these same remedies, knowing them to be excellent."—Mrs. HARRY KNIGHT, Jessie Street.

Dr. Pierce's Favorite Prescription is a non-alcoholic remedy that any ailing woman can safely take because it is prepared from roots and herbs containing tonic properties of the most pronounced character. It is not a secret remedy for its ingredients are printed in plain English on the wrapper. Get the 'Favorite Prescription' to-day either in liquid or tablet form or send Doctor Pierce's Invalids' Hotel, Buffalo, N. Y., 10 cents for large trial package tablets.

CADET TEACHERS SHOULD BE PAID

Have to Drill Pupils Overtime and Remuneration is Recommended.

The management committee of the board of education met yesterday afternoon, with the chairman, Dr. John Hunter, presiding.

The question of cadet drill in the high schools, which has been debated at several previous meetings, was again brought forward when a deputation of the teachers who had given instructions in this drill was present.

A discussion took place at a meeting of the finance committee regarding the action of the mayor in connection with increase of teachers' salaries.

PARRY SOUND WANTS RAILWAY EXTENSION

Parry Sound is clamoring for better roads and also wants the T. and N. O. extended into its territory.

The deputation got a sympathetic hearing from the premier and Mr. Bowman, both of whom feel that the district needs all the assistance the finances of the province can allow of.

NEW TEACHERS APPOINTED.

The following teachers have been appointed to the permanent staff of the public schools: The Misses B. Elliott, E. Tennison, J. M. Graham, E. P. Jenkins, J. L. Campbell, A. Meek, O. H. Savage, N. V. Croomb, S. M. Taylor, M. M. McMaster, A. M. Rafferty, L. Fraser, J. M. Chalmers, I. C. Gairbairn, M. I. McConahey, J. Richardson, F. G. West, D. Cozens, I. L. McCullough, E. F. Ross.

JANE ADDAMS WILL NOT VISIT TORONTO

Protests From Several Organizations Result in Cancellation of Her Visit.

The proposed visit to Toronto of Jane Addams, famous social worker, has been canceled. Miss Addams was invited here to address the social service department of Toronto University.

"As it is pretty well recognized that Miss Addams' visit would be the occasion of some form of disturbance or protest, out of consideration for her, we have decided that the wisest plan would be to withdraw the invitation indefinitely," Prof. MacIver, acting director of the social service department, told The World last night.

The objections put forth by several Toronto organizations as to why Miss Addams should not speak here, are that she is a noted pacifist, and had slandered the British and allied armies during the war.

"Personally, I think this attitude against her is both intolerant and narrow-minded," commented the professor. "The subject matter of Miss Addams' addresses here would be purely that of social settlement work, on which she is noted as one of the world's best-informed authorities."

CANADIAN WHISKEY IS RAISED AGAIN

(Continued From Page 1) The general impression favors the idea that Corby's are taking advantage of the now very limited market in rye whiskey, to boost their price.

Gooderham & Worts, Walker's and Seagram's are giving out very little whiskey from their big stocks for public use, but they are keeping the government vendors all over the Dominion well supplied. It is thought these three manufacturers are keeping their stocks for a rainy day, and, therefore, Corby, knowing this, and the insistent demand of Ontario wets on Montreal for rye whiskey, has prompted them to take advantage of the situation. But be the excuse what it may, the fact remains that the same article sold by Messrs. Corby for \$15 in December costs today \$31.

Citizens of Toronto and Ontario generally who have orders in at Montreal for imported goods, must prepare themselves for the shock of having their money returned. The vast majority of the imported whiskey at present in Montreal, and all Canada for that matter, has been carted for the government vendors of Ontario. There is very little imported whiskey in Montreal today. The World was informed yesterday by one in touch with the whole situation, and no fresh supplies from Scotland will be on hand until next June.

The same informant also told The World that the government vendors under the Quebec government, thru whom all orders from Ontario must be filled, are not very keen on receiving orders thru agents. They prefer to have the order direct from the customer, but even then it is at present a pretty hard job for them to ship the goods.

The demand on Montreal from Ontario alone has been tremendous, and the supply has not been equal to the demand, and in the near future it is believed many Toronto citizens will one fine morning receive the return of their money and not the case of long-expected whiskey.

Prescription holders and seekers will be glad to know that, thanks to the foresight of the agents of the Ontario licensing committee, the vendors' stores will be able to carry on very nicely until such time as new supply arrives from the old country.

REAL ESTATE NEWS

The Avenue Road frontage, west side, between St. Clair and Lynwood avenues, changed hands this week for about \$60,000 and will soon become the site of a bank and a first-class apartment house. The property measures 35 feet on Avenue Road and 132 feet on St. Clair and comprises part of the Jos. Francis farm. It is understood the corner piece, fronting 50 feet on St. Clair and 100 feet on Avenue Road, has been sold to the Bank of Nova Scotia for a branch bank and that the balance of the land was very recently sold to the legal firm of Starr, Spence, Cooper and Fraser. Application will be made for the right to erect an apartment house on the remaining 165 feet of Avenue Road frontage. It will include an up-to-date restaurant.

The city has sold the large lot at the southeast corner of Jarvis and Earl streets to the Merrill System for \$15,422, and a series of apartment houses will be erected thereon. This land is part of the property purchased by the city in 1911 for the opening of Earl street. It measures 47 feet on Jarvis street and 236 feet on Earl.

The purchasers will commence in a few days the construction of a building of twelve apartments on the eastern end of the lot, and another will be erected later in the summer. The purchasers are a co-operative building concern.

With a view to future extensions of the Alexandra apartments on University avenue, the manager, H. H. Harris, has purchased more property west of the apartments fronting on Murray street, the latest acquisition being the residence of Geo. A. Bingham at 45 Murray street. The Alexandra already annex fronting 60 feet on Murray street and the Bingham property will add 36 feet, making 96 feet. The frontage on University avenue is 146 feet, and the depth from street to street is 274 feet.

Speaking to The World yesterday Mr. Harris said the land enough now to carry all the buildings he will erect for some years to come.

Some of the members of the board of managers of Westminster Church, which was recently partly destroyed by fire, are in favor of selling the Bloor street site and rebuilding on a quieter street. This matter will be settled at a business meeting of the congregation to be held shortly.

Beauty Wrinkles

How any woman can array herself in the very last word as to clothes and hats and yet remain indifferent to a complexion which shows obvious neglect will always be a mystery.

There is no reason in the world why any woman should not rectify the little neglects nature has shown to her so long as Dr. Partin's famous preparations are available.

For giving the skin that well-cared-for appearance needed in the Kitty Gordon Face Cream, which produces a velvety softness and is unequalled as a beautifier.

A delightful vanishing cream recommended for oily skins is Cream de Latique. Just now when the skin needs extra protection from the sharp Spring winds, the Emma Carus Face Lotion will prevent any dryness from wind and sun.

Added to these are cleansing creams, lotions, fine face powders, rouge, eyebrow and eyelash growers and scalp preparations for every and any need, all prepared with the scientific care characteristic of Dr. Partin, and to be had at our Toilet Department.

Any out-of-town reader needing any of these preparations is invited to write the Shopping Service Bureau. Care will be taken in making right selection.

ASKED TO CONCRETE THE KINGSTON ROAD

(Continued From Page 1.) run alongside the public road as far as the village. How Ottawa Doubles. The deputation asked that work be

started without delay, the designation of the distance from Toronto to Ottawa as a provincial highway to be made immediately. It was pointed out that the population of Ottawa had doubled twice within a few years, and is almost certain to double again by 1923, and thus reach 30,000. The traffic between Toronto and Ottawa, it was also stated, is measurably as heavy as between Toronto and Hamilton.

Mr. Biggs said he had personally observed the necessity for improving the great eastern artery, and appreciated the difficulties of giving the preference to the Danforth route as far as Scarborough village. He stated that ground he took at the U.F.O. convention, that wherever the traffic warranted a permanent service road would be constructed on government highways. The route advocated was within the conditions laid down, and he would soon be able to announce the designation of 1,600 miles of provincial highways, under the co-operative scheme by which the Dominion and provincial governments will each contribute 40 per cent of the cost.

Think Commutation in Sight. The deputation went back to their constituents well pleased with this deliverance; and the townsmen among the number in shape to take up the

World by a member of the deputation, if the Canadian National wants to develop traffic as badly as it needs it, facilitation is the way to get it. Montreal has an immense extra suburban traffic over steam roads, to the great advantage of everybody concerned. There is a belief that Toronto retailers used strong influence to secure the cancellation of the old-time eastern commutations. But since then Toronto has grown bigger, and, it is hoped, wiser; and instead of city opposition to a revival of cheap fares, co-operation is looked for.

The next move will likely be the organization of a deputation from boards of trade and municipalities to the new Grand Trunk board of management to ask for the reform.

Jane Addams Scorned.

Fortunately, the war is over, and we are supposed to be at peace with our former enemies. A certain type of mind is quite unable to understand the magnanimity which has always been one of the proudest boasts of British culture.

A university is intended to broaden the minds of a nation. Those who attack a university on account of its breadth are usually beyond broadening themselves.

Jane Addams' pacifism does not appeal to many people and certainly not to us, but Jane Addams' philanthropy, her devotion, her unflinching sacrifices for the poor and the ignorant, are an asset of Christianity.

The Asquith Resurrection.

Liberal stock has gone up in Britain because of the transaction on the Paisley exchange. Mr. Asquith has beaten the labor candidate by a majority of 2,834, and has placed the coalition candidate among the also rans—largely because some Unionists voted in order to keep Labor out.

When he reappears in the commons the opposition will be immensely heartened and the coalition will be half stalled.

The death occurred yesterday of Rev. John McPherson Scott, 537 Broadview avenue, for 33 years the minister of St. John's Presbyterian Church, at the corner of Simpson and Broadview avenues. Pneumonia was the cause of death.

LANDSCAPE ARCHITECT DEAD.

Brookline, Mass., Feb. 25.—John M. Ostead, a landscape architect, died here last night. He planned the grounds of the Chicago World's Fair, and was in charge of grounds at Winnipeg, Manitoba.

"Hello, Mene!"

COOED Helen of Troy, oh so sweetly, to her onetime husband, just as though she had only left him yesterday—when fact was, she had been spending ten years in Troy.

"Why, how fat you've grown! I'll bet you've been neglecting your diet. Well, I'm back, dearie! Sick and tired of Troy—take me back to little old Sparta, it's good enough for me."

—Translated by Anne Jordan from the record of Helen of Troy, in

THE GIRL WHO SMILED THRU

By MARION RUBINCAM

A LITTLE RIFT. CHAPTER XVI.

Alice came flying up the steps of the porch, her cheeks scarlet from her hurried trip. "I have been having the best time," she cried, as she kissed her mother. "I went over to see Peppito; she is feeling much better, and they had a christening next door and the whole neighborhood turned out for it."

"You're so late," said Mrs. Fairbanks gently. "Better not try to do any work. David is coming, you know, and you're to go to Clara's party this evening."

"Think of anyone giving a party for me," sighed Alice, happily. "Never mind, I've plenty of time. Dear me, I bought that silk dress—but my blue gingham with the ruffles will have to do. Oh, yes, this christening, mother, I wanted to tell you. They had cake with green icing and Christmas tree balls over it for decoration, and about 10 kinds of cheese, and baby wore a dress made of a lace curtain, with ribbons and bows."

"My dear," Mrs. Fairbanks interrupted, "you must tell me again. Go and shampoo your hair, so it will look soft—dust you both your hair-net and a new pair of gloves."

"Gracious, I forgot. And I'll shampoo my hair tomorrow, it will have to do as it is. I was so excited over the christening and the run Peppito was having. She liked David, you know, and was glad I was going to marry him—"

"How wonderful you look in your white flannels and nice new white shoes," Alice commented. "I do like those blue Norfolk coats with white flannel trousers. Gracious, you outside me!"

Her remark was unfortunate, for it made David, unconsciously, look at her more closely. Alice colored a little and laughed. "I ought to have a new dress for my party, but I haven't," she said. "I expect you think I never wear anything but this old blue."

"You look sweet, no matter what you wear," David said it loyally, and took her hands. He raised first one and then the other to his lips, while Alice felt suddenly almost weak. It was so wonderful to be loved like this. David perched himself in his favorite place, the porch rail, and held Alice's hands. And that, too, was unfortunate, since he was looking at them while he held them. They spent a morning washing clothes in strong sudsy water—and, as any woman knows, this plays havoc with too much soap. Yet, in spite of this, Alice was not likely to give.

Besides this, two finger nails were broken, and all were stained from work; the christening girl there tonight, clawed her, adding raw looking welts to her hands and wrists, and she had cut one finger. Slowly, almost impersonally, David looked at her. She had of her time to press her dress, it was mused; her hair, hastily done, was not becoming. Her skin looked shiny from a hurried washing with too much soap. Yet, in spite of this, Alice was pretty.

"But David frowned. "You know, honey," he said, gently, "I don't think you'd care if we were half an hour late. My mother used to use cold cream to make her hands soft. Why don't you go on upstairs and fix up a little?"

"It's nothing to boast of," David was nearly angry. "But, my dear, if you love me really, you'll do nothing that's trifling or ternale." Alice put her offending hands behind her.

"I do love you, and that's why I want you to be the prettiest and the best-groomed girl there tonight. 'Grooming' doesn't mean expensive dressing. I can't quite tell you what it means."

INSURANCE MEN ELECT OFFICERS
Are Now Believers in Spontaneous Combustion as Cause of Fires.
The Mutual Fire Underwriters' Association of Ontario held its annual election of officers at the afternoon session of the convention yesterday. The president for 1920 will be W. A. Galbraith of Iona Station, who also occupied that position last year. Other officers are: 1st vice-president, George B. Webster, St. Mary's; 2nd vice-president, George L. Miller of Jarvis; secretary-treasurer, J. J. Stewart, Brampton.

FAMOUS CHOIR HAS ANOTHER TRIUMPH
Cycle of Concerts Has Strengthened Organization's Hold on Public.
On the whole, the Mendelssohn Choir cycle, which closed last night, has been a decided success. Mr. Fricker has greatly strengthened his hold on the public, and gradually the old conceptions and standards are being supplanted by others which will doubtless have an enthusiastic following as was the case in the past. Comparisons are odious, but they are frequently enforced, as in the singing of Grainger's arrangement of the old Londonderry air, which last night amounted to an execution. The former is a dainty trifle and was repeated from last year, and was a highly engaging performance. Miss Ellen Rumsey, taking the contralto solo. Two novelties very well done were the Spanish choral ballads arranged by Kurt Schindler, "The Silvermirth" and "The Three Kings." The former is a dainty trifle and was artistically rendered. There is more weight in the other ballad, and it offered a greater strain upon the vocal resources of the sopranos. The "Folk Song" was sung by the choir and the trumpet of the orchestra. The only encore acknowledged was after the hearty applause accorded "The Three Kings," when "The Men of Harlech" was sung by the choir and the trumpet of the orchestra. The male choir was not in the best voice and the general weather and health conditions had their effect on the choir with many absences in consequence. But the whole performance showed a distinct advance over last year, and in this fact all true artists and musicians will rejoice. New efforts on new ground will permit the development of the new standards and hasten the end of the transition period whose influence tends to mar the best of our purpose and response naturally in view.

ST. PATS RAN UP SCORE ON QUEBEC

Bulldogs Blew After First Period, When They Scored Their Goals.

Quebec, Feb. 25.—Playing their worst game of the season, Quebec went down to defeat at the hands of Toronto on night, 8 to 2.

The local team started out minus Geo. Carey, but even if he had been present there would not have been much difference in the result, for their display tonight was as bad as their game against the Canadiens was good.

The last period started off very slow, Toronto stalling along and skating towards their own goal whenever they got the puck.

Quebec did not seem to play with any spirit at all, and after eight minutes Dennyman scored for Toronto. Wilson and Noble also added points for the Queen City team, making the score 3 to 0.

Malone nearly scored on one of Quebec's few attacks on the Toronto goal, but for the greater part of the period Toronto showed their superiority at all departments of the game.

Quebec—Goal, Brophy; point, Munn; cover, Carpenter; centre, Macneil; right, McCartney; left, McLeod; subs, Ritchie and McLean.

Toronto—Goal, Mitchell; point, Randall; cover, Heffernan; centre, Wilson; right, Progers; left, Noble; subs, Loch, Dye, Lockhart, Matie, Dennyman; Referee—Cooper Simson.

Ottawa Senators Put Canadiens Out of Race

Ottawa, Feb. 25.—Canadiens dropped out of the N. H. L. running tonight, when Ottawa defeated them 6 to 3. For a few minutes in the final period Canadiens were dangerous. The Canadiens, however, were never in difficulties. Vesina played a sensational game in the nets and undoubtedly saved the Canadiens from a severe beating. Corbeau was given a terrific ride by the fans. Lemons and turnips were served at him by the bleachers. The big blonde never wavered and played a hard, clean game. The game was very clean and was capably handled by Lester.

SCHOOL HOCKEY

In the first of home-and-home series for the junior school championship, the St. Lawrence School defeated the boys from Winchester School by the score of 4 to 2. The playing of Gibson in goal, "Buster" Brown on the wing, was largely responsible for the result. The winning team lined up: Gibson in goal; Mantle and Miller; defence; Taylor centre, and Foster and Brown, wings.

Any good junior out-of-town hockey team wishing an exhibition game, please get in communication with E. Parker, manager of St. Paul's rink, at 9:30, instead of tonight, as an originally scheduled, Fred Washburn will referee. Their tickets travel to Oakville on Friday evening, leaving Union Station at 6:30.

Gordon Keats wired the St. Patricks Club last Friday that he was ready to report. He was told to join the team at Quebec yesterday or stay away. He was not in Quebec, and it looks as if he will not be here.

An all-star senior team will go up to Kitchener Friday, night, to give Parkes & Co. a game in preparation for their "off" fight next week. Forbes of Aurora will be the net guardian of the Toronto outfit.

GOOD-BYE, DENTS!

After last night's game the Dents said good-bye to hockey forever. They had offers of games in Boston and Kitchener, declining both. Kitchener wanted to get in some practice, but not look elsewhere. Early in the season the players of the team agreed that this was the last.

DENTS DEFEATED BY VARSITY TEAM

U. of T. Six Had Smooth Working Attack That Ran in Goals.

Dents' final appearance as a senior O. H. A. team was not very profitable. The tooth-carriers took on Varsity at the Arena last night and got the short end of a 6 to 2 score. At that the Dents showed considerable team play.

Gouinlock and Carson were absentees from the Varsity line-up, but the students played rattling good hockey from bell to bell, and easily earned the verdict. The forwards checked closely, used nice passing on the attack and the goal-tending Dents, who had a determined effort to get on even terms in the last round, but Langtry refused to fit into the scheme of things.

Varsity were a smooth-working team throughout. McIntyre, Ramsay and Westman did the defense work and made good jobs of it. McIntyre and Westman were great on the attack. Olson and Wright were bright shining lights on the forward line. The whole team worked together in a fashion that was a treat to look at and it was bound to get goals.

Each club got a goal in the first period, the poorest twenty minutes of the game. The second lived up and speed to burst was displayed. Varsity always had a margin by their combined effort backed up by Langtry's sensational work in the net. Varsity ran in four goals here and the Dents were only able to get one.

Dents' best effort was in the last period, they attacked with vigor, but found Langtry unbreakable. Olson got the only goal of the period.

The teams:
Varsity—Goal, Langtry; defence, Ramsay, McIntyre; centre, Sullivan; right, Wright; left, Olson; subs, Dunne and Westman.
Dents—Goal, Stewart; defence, Sheldon, Box, centre, Meeking; right, Smylie; left, Stephenson; subs, Hudson and Brown.
Referee—Steve Yair.

BRAMPTON NOW IN O.H.A.

Brampton beat St. Francis last night at a rink, 6 to 1, and entered the O. H. A. intermediate semi-finals, and are now ready to meet Kingston. Anderson scored four goals for the winners. The line-up: Anderson, goal; Wright, Duggan; centre, Birrell; wings, Gidley, Anderson. Subs., Martin, Wilson.

St. Francis—Goal, Britton; defence, McAllister, Menton; centre, Stafford; wings, Wagner, Cronan. Subs., W. Menton. Referee—F. Lester.

ARENA HOCKEY

Two of the unbeaten teams will be seen in the Bank League double-header, which will be staged at the Arena tomorrow afternoon. Royal, group 2 leader, will take on Standard, in the first game and Dominion, with an unbroken record of victories, will meet Hamilton in the second game. The head offices of the banks supply the money to pay for these games. It is worth the trip to the Arena to see the teams in action and some good, interesting hockey is dish-ed up.

Toronto Canoe Club juniors shows that they are a high-class team, by going right into Kingston and getting a three-goal lead in the R.M.C. team in the O.H.A. semi-final fixtures. R.M.C. will be here for the return game tomorrow night at the Arena, and again the water-men will attack to the combined effort. It will be the real preparation for the final next week, and Toronto fans will be able to size up the local all-stars. They will need to be good to down the winner of the U.S.-Stratford round.

Southampton, Feb. 25.—The return game of the semi-final home-and-home games between Palmerston-Lislow and Southampton was one of the most exciting contested ever played in Southampton, followed by a score of 2 to 2. Southampton-Lislow winning the series by a lead of 12 goals. Southampton following every inch of the way. Score by periods: 2-1, 2-1, 2-0. Line-up: Southampton—Goal, McHoney; defence, Stevenson and Trotter; centre, Wilson; right wing, Knowles; left wing, Huber. Lislow—Goal, Johnson; defence, Hooker and Root; centre, Kelly; right wing, Johnson; left wing, White.

BRITISH COLUMBIA IS OUT OF CUP GAMES

Vancouver, B.C., Feb. 25.—British Columbia senior hockey teams have withdrawn from the Allan Cup series. The decision has been reached following days of unsatisfactory negotiations and alleged hedging by eastern officials. It is claimed that after dates on which the provincial challenges would play in Calgary had been set by W. Mattheen of Regina, Trustees Robinson, Wainwright, cancelled the dates. Subsequently, it is charged, the games were again scheduled for Calgary. President Chester of the B. C. Amateur Hockey Association succeeded, however, in having the games scheduled for Vancouver, but rejected the proposal that the association guarantee the visiting team's expenses. Following this refusal, the eastern officials again changed the scene of the elimination trials to Calgary.

ULSTER UNITED HOLD SUCCESSFUL EVENING

Ulster United Football Club (Ulster) held a successful affair at the Royal Hotel on the evening of the 24th. The club was successful in a very enjoyable evening, the function as the club lost ever held under the auspices of the club. Forty tables of cures were played and the contests were close and exciting. A new departure was made by the committee in charge by presenting no less than twelve useful and valuable prizes to the successful competitors. The dance was also well patronized. Mr. Arthur McNeilly making an admirable master of ceremonies.

During the evening the chairman of the club, Mr. Tom Holland, thanked those present for the support and extended a hearty invitation to those who had not already become members to do so. He also thanked the members for sending the management of the Dunlop Shield, now won by the Ulster Club for the second time, and for conveying the congratulations to the players, which accompanied the medal. Mr. Collins then presented the medals which accompanied the medal to each player, and on conclusion of this pleasing duty was accorded a hearty vote of thanks by the large audience present. Mr. Holland presented A. Halliwell, the goalkeeper of the club, with a handsome gold watch, and also presented a slight recognition of his long and valuable services to the Ulster club, and also for his general good conduct on the football field, to which Mr. Halliwell suitably replied. Robert Macadam was also presented by Mr. Herbert Lennox's medal for consistent training during the past season.

THE OUTLAW LEAGUE

Regina, Sask., Feb. 25.—In the hardest-fought game of the season, the Outlaw League, 2 to 1, in the first of two post-series games for the championship of the province, the Outlaw League, and enters on the last stage of the contest, which is waged next Friday at Moose Jaw, with a single goal lead.

TORONTO AMATEUR HOCKEY ASSOCIATION FINALS

The Toronto Amateur Hockey Association has secured a rink for Monday, Tuesday, and Wednesday, March 2, 3, and 4, for the final games of the city championship. The schedule is as follows: Monday, March 2, Juvenile series at 7:30 p.m.—Oilers (City Playgrounds) vs. Moose (Western City). Tuesday, March 3, Midget series at 7:30 p.m.—Moose (Western City) vs. McLaughlin (City Playgrounds). Wednesday, March 4, Intermediate series at 8:30 p.m.—St. Anthony's (Western City) vs. St. Paul's (Inter-Church).

The birth certificates of all midget, juvenile and junior players of the association must be presented to the secretary not later than noon on Saturday, February 28. League secretaries are notified that proof of age in these series must be in the form of (1) a copy of birth certificate or letter from registrar-general's department; (2) a statutory declaration of parent or guardian; or (3) extract from the parish register.

CRIBBAGE

The following games were played in the Toronto league last week: North v. U.K. 20-16; Queen City v. Overseas, 21-15; Kentish "A" v. Kentish "B", 19-12; Wilkes-Overland v. British Imperial, 23-25; G. UNITED STATES GOLF CHAMPIONSHIP DATES

English Professionals Coming for Opening Tourney in August.

New York, Feb. 25.—Dates of the National Golf Championship Tournaments for the coming season were announced here tonight by the executive committee of the United States Golf Association, as follows:
National Open, August 10, 11, 12, 13, at Inverness Club, Toledo, Ohio; National Amateur, September 6 to 11, at Engineers' Club, Roslyn, L.I.; National women's, October 4 to 9, at Mayfield Club, Cleveland, O.

No radical changes were made in the manner of playing the open championship, it was announced, and the competition will extend over a period of four days, instead of three, and the amateur will play an eighteen-hole qualifying round on the first day preceding the championship proper. The players making the 64 best scores and lies on the circuit for the title. The qualifying scores will not count, but will merely qualify the contestants for the championship proper.

In getting back the open championship nearly two months provision is apparently made for the participation of foreign golfers, particularly the English professionals, who are expected to invade this country during the coming season. Last year the open was staged from start to finish, Cochrane's Minstrel championship two months later. The women's championship in 1920 is to be a week later than in 1919.

These dates fit in well with the English championship tournaments, in which it is expected there will be an unusual entry of American players. The British open will begin June 8 and the amateur on June 28. These dates are sufficiently early to permit the return and practice of the American golfers, with such English amateurs and professionals as may wish to try for American titles.

VALGER BEAT KILBANE SEVEN ROUNDS TO ONE

George Gibson's Pittsburg Pirates Have Seven Catchers

Pittsburg has more catchers on its list than any other club in the National League. The first player signed by George Gibson after he became manager of the Pirates was Bill Hafner, who caught for independent teams around Philadelphia. The Philadelphia Athletics, once-over by the Philadelphia Athletics, Pittsburgh's catchers now are: Walter Schlimdt, Fred Blackwell, Clifford Lee, Nic Clarke, and Bill Hafner. There is another catcher, but he is on the suspension list. He is Ben Shaw, who jumped the team last season because he was given less than he thought should be his share of the fourth world's series prize money of 1918.

CARPETBALL

Considerable friendly rivalry has existed for some time between the different A.O.E.W. lodges of the city in their carpetball league. The team from Granite Lodge, captained by Bro. Wm. Toose, won over last year, and it looks as if his team will win out this year. He played for winner of the third series this year, with teams from Queen City Lodge, captained by Bros. Allen and McTaggart. Practice in carpetball and other games forms a feature at the close of the different lodge meetings.

W. FRANCIS, President. C. H. EASSON, General Manager.

AUDITOR'S REPORT TO THE SHAREHOLDERS.

I have compared the above Balance Sheet with the books and accounts at the chief office of The Standard Bank of Canada, and the certified returns received from its branches, and after checking the cash and verifying the securities at the chief office and certain of the principal branches on 31st January, 1920, I certify that in my opinion such Balance Sheet exhibits a true and correct view of the state of the Bank's affairs according to the best of my information, the explanations given to me, and as shown by the books of the Bank.

In addition to the examination mentioned, the cash and securities at the chief office and certain of the principal branches were checked and verified by me at another time during the year, and found to be in accord with the books of the Bank.

All information and explanations required have been given to me, and all transactions of the Bank which have come under my notice have, in my opinion, been within the powers of the Bank.

G. T. CLARKSON, F.C.A., Auditor.
of Clarkson, Gordon & Dilworth, Toronto, Canada.

Toronto, February 16th, 1920.

The President in moving the adoption of the report referred to the very prosperous business of the past year and the satisfactory condition of the Bank's affairs, and intimated that, in his opinion, in view of the increased earnings, the Directors would be justified in considering an increase in the dividend to the Shareholders.

The General Manager reviewed the Statement in detail, and commented on the Exchange situation and its probable effect on the course of trade in the future.

The usual motions were passed, and the Scrutineers reported the following Directors elected for the ensuing year:

Wellington Francis, K.C., Herbert Langlois, W. F. Allen, F. W. Cowan, Thomas H. Wood, James Hardy, T. B. Greening.

At a subsequent meeting of the Directors, Wellington Francis, K.C., was elected President, and Herbert Langlois Vice-President.

C. H. EASSON, General Manager.

Advertising is Business Asset

Clothing Convention Listen to Interesting Discussion on Vital Topic.

LOWERS H. C. OF L. President Mack Says This is Result of Judicious Publicity.

According to T. M. Humble, advertising counsel, who addressed the clothing convention yesterday afternoon in the King Edward Hotel, the H. C. of L. is not increased by sensible advertising. The subject of his address was "Does Advertising Increase the High Cost of Living?" He was of the opinion that advertising is not only a business asset, but a necessity to every business.

In stating that deception in advertising never pays, Mr. Humble, who has had twenty-five years' experience along advertising lines in Ontario, said that he had seen tailors after they had got out of business thru fraudulent advertising. "It never has paid and it never will pay to deceive the public," he declared.

Advertising Does Pay. "In selling goods advertising is a factor second to none," continued Mr. Humble. "In many magazines two-thirds to three-quarters of the space is given up to selling commodities thru advertising. We have great electric signs selling goods while the merchant sleeps. Even religion is advertised today, and a page in the Saturday papers is given over to the sale of religion. Advertising is today the great builder of every successful business. According to Bradstreet 84 per cent. of all firms that fail are non-advertisers.

"It is a moot statement made by buyers that advertising adds to the cost of business and that the consumer must pay this cost. I do not believe that advertising pays for itself, as some say; it must be paid for, but not by the buyer. It must be figured in the cost of selling the goods. Advertising creates additional demand, more goods are sold, and the business is enlarged so that the cost of selling each unit of goods is less than where the commodity is not advertised.

"I see much reckless advertising in the press today that is foolish and disastrous to the firm. The secret of successful advertising is to know when to stop. After a certain point it increases the cost of selling."

LOWERS THE COST. President Ed. Mack, who occupied the chair, was of the opinion that advertising, judiciously handled, lowers rather than increases the cost of living. "Merchandising, Buying Power and Turnover," was the subject of an educational address by Thomas E. Sharpe, director and treasurer of the W. B. Preston Company, Midland, Ontario. He urged that every business having a capital of \$50,000 or more should be run on the department plan, as greater efficiency may be gained when this system is in operation. In recommending the founding of schools where specialized merchandizing might be learned, he lamented the fact that at present there is no way to learn this trade except by apprenticeship.

SOVIET PROCLAIMED IN ITALIAN TOWN

London, Feb. 25.—Workers at Pieve di Boligo, Italy, have seized the municipal buildings and proclaimed a soviet government, according to a Rome despatch to the Central News, which says fighting has taken place between the workers and carabinieri in which many persons were wounded. Disorders have also occurred at Vittorio and Montebelluna, as well as elsewhere, the despatch says.

TIMES CRITICIZES RUSSIAN POLICY

Says Premier's Next Step Will Be to Compromise Europe Without Recall.

London, Feb. 25.—Announcement of the allied policy toward Russia, made yesterday, has evoked mixed comment from the London press. The Times, which is a strong opponent of Bolshevism, bitterly accuses Premier Lloyd George with having for more than a year "sought for his own purposes, to throw weak, ignorant and reluctant Europe into the vernal arms of her Bolshevik seducer." The newspaper says the council's announcement is an indication of the "progress which Mr. Lloyd George now considers he has made toward his goal. The next step is to compromise Europe beyond recall."

"As the development of the premier's Soviet intrigue shows," The Times continues, "fact and patient perseverance are the true instruments by which to decoy the unsuspecting to apostasy and shame."

The Daily News says the new policy bears all the marks of a compromise, it having manifestly emerged from a conflict of views, but the newspaper expresses the opinion that the balance

Home Protection Policy for \$5,000

This plan is the basis of all life insurance. It provides an "Estate" at the lowest net outlay it is possible to obtain.

Experience has proven that it offers maximum insurance at minimum cost.

The annual outlay is comparatively small, being only a moderate rate per cent on the capital "estate" created, according to age. The average is about 3%.

Even these small payments are reduced by dividends. Many policyholders in the Canada Life have lived to draw large sums from this form of policy for their own personal use.

Cash values are guaranteed—a fund for emergencies. A monthly income of \$50 is paid if you become totally and permanently disabled before reaching age sixty.

Policy continues in force while any cash value remains, thus preventing lapse and loss of protection.

If it is desired to stop paying premiums any time after the third year, a "paid for" policy is issued for a proportionate amount, on which no further premiums are required.

Remember: A policy on your life may do much that you intend to do, if you live. It may pay off the mortgage, supply food and clothing for your family, keep the children at school and prevent a forced sale of your other property.

It may be all that is left of your life work—to keep you in comfort in your old age.

GREAT ORE BODIES OCCUR NEAR LAKES Herrick's Situation Appears Peculiarly Favorable—What Development Work Shows.

Few people are aware of the great mineral resources of northern Ontario. A few days ago a learned bishop, addressing a meeting at the Y. M. C. A., described Cobalt as a 'prosperous town' which has never produced a pound of copper and is known to mining men the world over as the richest silver district ever found.

The Montreal river rises from a great system of lake basins and flows west from Shining Tree. It flows through the camp, then north-easterly to Matachewan, the new town of the district. Afterward it turns south-easterly and receives what is known as the east branch from the Shining Tree area.

FEW CHANGES IN MINING MARKET Mining Corporation, Porcupine Crown and Keora Strong—Some Easier.

Mining stocks did not get anywhere in particular yesterday, the trading being along lines which have become familiar in recent days. There was little selling pressure in comparison with conditions in other markets, but here and there a few stocks which had performed so well as to enable holders to meet margin calls on issues other than the mining variety.

Initial Offering of Shares in Frame Porcupine Mines LIMITED at 15c a Share

Authorized Capital 1,500,000 Shares Issued for Property 600,000 " Remaining in Treasury 900,000 " Par Value of Shares, \$1.00. Shares are fully paid and non-assessable. TRANSFER AGENTS—Trusts and Guarantee Company, Toronto. BROKERS—Canada Mines Securities Company, 106 McKinnon Bldg., Toronto.

SOMETHING DIFFERENT IN MINING

I wish I could talk to you face to face; that being impossible, I will try to tell you by means of printed type what I would say. It has seemed to me that the Shareholders (who are really the proprietors of a mining property) do not always receive the consideration that they are entitled to, and I made up my mind that if I ever could get hold of a good mining property I would do "something different."

I have spent many years in the Porcupine field, both managing and examining properties, and think I may safely say that I know "every foot of ground" between and around the Big Dome and the Hollinger Mines.

One of the first discoveries of gold in the Porcupine District was made on what was known in the early days of the camp as the "Frame Lot."

I recently was able to arrange for the purchase of the old "Frame Lot." There are two very promising gold-bearing veins on this property, which I have examined carefully, and think both offer wonderful possibilities.

Vein No. 1 is extraordinarily long—its great length and the presence of copper-pyrite indicating a deep-seated origin—with a strong probability of excellent results both in size and value being obtained at depth.

Vein No. 2 is even larger and more important, with a width of at least five or six feet. It is an exceptionally strong vein, heavily mineralized, and showing distinct and unmistakable indications of proving to be a large and valuable ore body. The assay results from a pit blasted to a depth of about six feet showed \$12.50 a ton.

The Big Dome Mine has three shaft heads on their property erected along their main ore body. If you draw a straight line through these three shaft heads and continue it west it would run right across the "Frame Lot."

My firm belief and opinion is that these veins are on the same contact as those of the Big Dome, where they have found their richest ore.

The formation and lay of the land on this property is such that preliminary development work can be done at a much less cost than is usually necessary and in much less time. Instead of sinking a shaft and having to install hoisting and pumping machinery, we can simply tunnel through the hill and then drift along the veins east and west, and if my opinion is correct, we will find these veins wider and richer at this depth.

NOW HERE IS WHERE I AM DOING "SOMETHING DIFFERENT"

- 1st. Frame Porcupine has a comparatively small capital. Many of our mining companies in the past, and even today, are over-capitalized. 2nd. The bulk and control of Frame Porcupine stock has been left in the treasury, which is "something different." 3rd. The vendors have received no cash for turning over the property to the company, but are taking a minority stock interest for payment and have pooled their shares. 4th. Every cent of money received from this public offering will go into the treasury without any deductions whatever, no brokerage or commissions being paid. 5th. The shareholders will be kept thoroughly posted on the work and the progress of the property, whether it is profitable or otherwise, so that they will know what is being done, and how their money is being spent. This action is also "something different."

Our object and aim is to make this property into a mine as quickly as possible, as this is the only means by which the stock will become of any value to the vendors and other Shareholders. It should be clearly understood that the purchase of these shares is not to be considered as an investment. If you want an investment buy Victory Bonds or something of that nature and get your 5 1/2%.

This is, however, in my opinion, a sound speculative mining project, and if it makes good it will return your capital invested many times over. Subject to the Board of Directors, the operation of the mine will be entirely in my hands. I am very optimistic about it and fully convinced that I can very quickly produce excellent results. This first allotment of stock is offered at 15c a share, every cent of which, as I said before, goes into the treasury of the company. Will you join me in an honest endeavor to develop this property to a producing stage?

Statutory Information The Company is incorporated under the Ontario Companies Act, by letters patent, on the 15th day of December, 1919. The stock qualification of the Directors is the holding of one share. There is no provision in the Bylaws for the payment of any of its Directors. The Directors are as follows: Stanley Mann, Toronto; Broker; Bert C. Lambie, Oshawa, Ont., Managing Director of Canada Electric Cables, Limited; Charles A. Richardson, Haldimand, Ont., Mines Manager; Harry A. Jones, Toronto, Ont., of Lyman Tube and Supply Co.; Kenneth E. MacGregor, Toronto, Advertising Manager, Veteran, Limited. The minimum subscription on which Directors may proceed to allotment is one share. The bylaws do not provide for a fixed amount payable on application or allotment, or the time or times at which a further call or calls may be made upon shares subscribed for. The number and amount of shares issued as fully paid or partly paid, otherwise than in cash, is 600,000 fully paid shares. The consideration for which the shares have been issued is the transfer by John Fraser MacGregor, the northeast quarter of the north half of Lot 7, in the First Concession of the Township of Tisdale, in the District of Temiskaming, and such plan and machinery as are situated on the parcel. The name and address of the vendor of the property purchased by the company is John Fraser MacGregor, and the amount paid for the property by the company is 600,000 fully paid shares. No other shares have been issued as paid. There is no amount payable for good-will. The letters patent provide for payment by the company of a commission not exceeding twenty-five per cent. of the amount realized on the sale of its shares. The estimated amount of the preliminary expenses of the Company is not to exceed \$2,000. A contract has been entered into between the Company and John Fraser MacGregor, made the 17th day of December, 1919. The directors have no interest in the promotion of the Company or in the property proposed to be acquired by the Company.

"DRYS" MEET IN TORONTO IN CONVENTION MARCH 9

Ottawa, Feb. 25.—The policy of the temperance workers of Ontario in relation to the application of Dominion temperance legislation to the province will, it is expected, outlined and decided on at a convention of the Dominion Alliance to meet in Toronto on March 9, 10 and 11. There will also be discussions regarding the means to have legislation enacted whereby a limit will be put on the amount of liquor a person may have in his or her cellar and to prevent a host entertaining his friends at his own house with spirituous liquors.

People of Parry Sound Out to Boost District

Parry Sound, Feb. 25.—Not even a temperature which was like a cold storage plant and the light of wax candles, necessary owing to the temporary closing of the electric light plant, could dampen the enthusiasm of the people of Parry Sound at a banquet of the board of trade, held preliminary to a big membership drive. Lieut.-Col. James Arthur, M. P., and Mayor Reece Hall, M.L.A., told of what they hoped to see done for the town and district. Parry Sound, in common with the whole of Northern Ontario, is planning to place before the world the possibilities which lie right at the door of old Ontario for great development of natural resources.

NEW YORK MARKET HAS MONEY PINCH

Losses Run From Two to Ten Points, Bears Showing Aggressiveness.

CALL RATES SOARING

New York, Feb. 25.—Cumulative signs that the deflation of credits is assuming wide dimensions and that industrial conditions are being readjusted to meet this situation provoked another outbreak of liquidation on the stock exchange today.

Shares of all descriptions and several of the bond issues floated by this government during the war added materially to their recent depreciation. Among stocks losses extended from 2 to 10 points, the decline being substantially assisted by bearish aggressions.

The brunt of the movement was again borne by mercantile issues, embracing the steel, equipment, motor, oil and shipping divisions, but dormant or obscure issues also suffered severe shrinkage.

Dealings presented a greater diversity of offerings than usual, suggesting enforced selling from various quarters. Issues abandoned included bush operations in rags, but that group offered more resistance than any other issue.

Final quotations were slightly above lowest levels, but the tone at the close was weak. Sales amounted to 1,200,000 shares.

The local money market reflected in its incipient stage the change in the monetary situation. Call loans opened at seven per cent., rising steadily to 10 per cent. just before the close.

Directors of the local federal reserve bank announced an advance in the rate of loans and discounts on treasury certificates from 4 1/2 to 5 per cent. Such action had been foreshadowed by the Central Bank in Philadelphia. Other rates were not altered, contrary to expectations.

In the bond market, which was heavy throughout, the feature was Liberty 3 1/2's, which fell to 94 3/8, a new low record, and an extreme decline of 1 1/2 per cent. from yesterday's minimum. Total sales (par value) were \$14,250,000.

Old U. S. bonds were unchanged on call.

ON CHICAGO MARKET. Hughes, Harcourt & Co., 307 Royal Bank Building, received the following wire at the close of the Chicago market yesterday:

Corn—The removal of the 200,000-bushel limit on individual corn trade resulted in a substantial broadening of the market. Sentiment was somewhat mixed, and shorts were free buyers. The movement of corn is not regulated by the same, and the impression is quite general that receipts will not increase until transportation facilities assume more normal proportions.

Uneven distribution of the crop is one of the features that the trade has to contend with. The east wants the corn, and cannot get it. General economic conditions are not in favor of the holder, and

STANDARD BANK TO INCREASE DIVIDEND

Largest Earnings in History Shown in Statement Presented at Annual Meeting.

SURVEY OF BUSINESS

The forty-fifth annual meeting of shareholders of the Standard Bank of Canada yesterday was well attended, and general satisfaction was expressed with the result of the past year's operations.

The president, Wellington Francis, K.C., who was in the chair, referred to the extremely favorable showing made by the bank, and intimated that, in his opinion, the increased earnings would warrant the directors considering an increase in the dividend paid from 13 to 14 per cent. per annum.

C. H. Easson, the general manager, reviewed the financial statement, which showed record business for the past twelve-month, and an increase of nearly \$10,000,000 in total assets.

Uncertainty Ahead. Dealing with the outlook in Canada, Mr. Easson said: "In so far as the future is concerned, there are certain factors in the situation which makes us somewhat apprehensive. The decline in the value of the pound sterling to approximately \$2.50 on the Canadian market, and the ever-rising discount on Canadian funds in New York, create in the minds of a large section of the business community a feeling of uneasiness. It would appear that the fall in value of the pound sterling must result in a very serious falling off in the exports of Canada and the United States to Great Britain and other foreign countries.

With the decline in exports there must necessarily ensue a general let-up in business activity, followed possibly by a period of unemployment and general readjustment of business conditions.

"We do not look for any sudden reversal in conditions as the result of the exchange situation, owing to the fact that at this time in both the United States and Canada there are practically no surplus stocks of manufactured products, and until surplus stocks do accumulate, the effect of the exchange situation should not seriously be felt. In view of these facts, it appears to us that the part of wisdom for both the business man and the banker to prepare for less prosperous conditions. While we have great confidence in the future, a constant effort to increase production, is more necessary than ever."

The following directors were elected: Wellington Francis, K.C., Herbert Langlois, W. F. Allen, F. W. Cowan, Thos. H. Wood, Jas. Hardy, T. B. Greening. At a subsequent meeting of the directors, Wellington Francis, K.C., was elected president and Herbert Langlois vice-president.

Great Expansion. Altho reference appeared in these columns a few days ago to the splendid showing the bank had made during its past fiscal year, the following summary of the statement will be of interest. The net profits were \$76,310, or 87.5 per cent. in excess of last year. Total assets stand at \$9,405,405, or over 4 per cent. above the previous year. Current loans have reached \$2,463,275, an increase over the previous year of \$889,400. Deposits from the public are \$74,019,022, an increase of 10 per cent. compared with a year ago.

During the year, twenty-three new branches and sub-branches have been opened in Ontario, two in Manitoba, seven in Saskatchewan and eight in Alberta. The bank has now one hundred and seventy-seven branches throughout the Dominion.
