DYSPEPSIA MOST DIFFICULT TO CURE BUT B. B. DOES IT

Dyspepsia is one of the most difficult diseases of the stomach there is to cure. You eat too much; drink too much; use the stomach work overtime. You make it perform more than it should be called on to do. The natural result is that it is going to rebel against the amount of work put on it. It is only a matter of time before dyspepsia follows. Peter's remedy follows. That forty-year-old remedy, Burdock Blood Bitters, will cure the dyspepsia, and will cure it to stay cured as we can prove by the thousands of testimonials we receive from time to time. Mr. Neil A. Cameron, Kiltarily, N.S., writes: "I am writing you a few lines to tell you what your great medicine, Burdock Blood Bitters has done for me. I was troubled very much with dyspepsia for the past two years. I was recommended all kinds of medicines, but they did not help me any. At last a friend advised me to try a bottle of B. B. I took four bottles and was totally cured. I will gladly recommend it to all sufferers." B. B. is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

THEY GIVE GOOD NEW BILL AT OPERA HOUSE

Bright and Varied Vaudeville Programme is Enjoyed by Large Audiences. A bright and varied programme awaits patrons of the Opera House this week, and judging from the crowds who packed the house at the four performances on Saturday, it will prove a great popular success. All the elements for a thoroughly entertaining evening are there: good music, comical singing, dancing, acrobatic tumbling, novelty hoop and hat whippers and a sensational fire shooting exhibition, in addition to the fifteen episode of the "Crimson Stain Mystery."

The shooting act by the Handalls, which is entitled "Seventeen Minutes in Arizona," was one of the finest ever offered in vaudeville on a local stage. Both participants showed exceptional ability and performed hair raising feats, which evoked loud and well merited applause. They practically fell with death without a sign of tremor. Some of their feats are so clever that it is hard to believe they are genuine, yet the skeptical are invited to inspect the bullets used and also try to find the marks on the wall.

Peppino and Perry, two clever musicians, gave a most enjoyable number of selections from the operas of Verdi and Puccini. The former also gave a demonstration of tumbling and acrobatic feats which was one of the best of the kind seen on a local stage for some time. Slacey and Norton showed marked ability as hoop and ball jugglers. Their performance was a good choice for a curtain raiser and the patrons are glad to see the return of Betty Webber also sang some songs.

The evening offering in, as usual, thrilling and brim full of mystery. The plot is still unraveled, although it is evident that the "Seven" are not far from the truth in their quest for the murderer of the late Dr. H. J. Pugsley.

Another DOLLAR FOR COAL. American anthracite has taken another jump, an increase of \$1 a ton having been put into effect in this city. This brings the price up to \$14 a ton, in bulk, and from island to island, giving at the time of the big strike of the United States miners some years ago.

ROTARY CLUB. A delightfully interesting talk descriptive of a ten weeks' trip to the West Indies, by R. L. Hunter, was the feature of today's Rotary Club luncheon. Mr. Hunter took his bearers with him in R. M. S. Caraquee from Halifax to Bermuda, and on from island to island, giving an account of the characteristics and interesting features of each, so moved to a man from the north. Mr. Hunter commends the winter trip to the West Indies as about the best available for the Canadian, both for health and entertainment, at very moderate cost. He found all the people eager to trade with Canada, partial to Canadian goods and fond of Canadian people. There was also considerable talk favorable to union with Canada. Mr. Hunter was convinced that Canada's trade with the islands could be greatly enlarged.

MRS. J. ALLAN BELVEA. The death of Mrs. Florence A. Carpenter, wife of J. Allan Belvea, formerly of this city, took place in Jamaica Plain, Boston, on Sunday afternoon, May 20. Besides her husband she is survived by one son Ralph, of Boston, and two sisters, Mrs. G. D. Jones, Pettaquid, and Mrs. V. Hatfield, Waterloo street. Mrs. Belvea was a daughter of High Sheriff Coles Carpenter, of Carleton county, and was born in Woodstock. The body will be brought here by noon train on Tuesday and the funeral held from Waterloo street Baptist church at three o'clock in the afternoon. Mrs. Belvea, husband of the deceased, was at one time buyer for M. B. A. Ltd., later conducted a dry goods store in King street with his late brother, Robert, and about ten years ago moved to Boston with his family, taking a position with Jordan, Marsh & Company, Boston. There will be general sympathy for him in his bereavement.

Woman Burned to Death. Kittery, Me., May 21.—Mrs. Owen Piont, aged sixty years, was burned to death Saturday in a fire which destroyed her home. Three members of the family escaped without injury.

Public Meeting. A public meeting of the rate payers of the Parish of Lancaster is called to meet in the Temperance Hall, Fairville, on Tuesday evening, May 22, at eight o'clock. The protest against a bill now before the provincial legislature granting power to this parish to issue \$10,000 of bonds for sidewalk extension.

IRISH CONVENTION NOT PUBLIC ONE

Premier Says Chairman Will Be Named By The Crown. London, May 21.—Premier Lloyd George said today that the chairman of the proposed Irish convention will be nominated by the crown.

A substantial agreement is reached regarding the character and scope of the constitution framed by the convention, "said the premier, the government will take the necessary steps to enable the imperial parliament to give legislative effect thereto. The convention will be held with closed doors."

It was announced by the premier in which is entitled "Seventeen Minutes in Arizona," was one of the finest ever offered in vaudeville on a local stage. Both participants showed exceptional ability and performed hair raising feats, which evoked loud and well merited applause. They practically fell with death without a sign of tremor. THE BACKYARD BEAUTIFUL

Editor Times-Star: When you consider that almost every woman's working room, dining-room, kitchen and wash-room look out on a backyard, and that usually surrounded by unpalatable weeds and fences, with clothes-lines galore, maybe a few dead trees or bushes about, and the yard a litter of tin cans and rubbish generally; it does seem as if a clean-up would put more sunshine into the life of the housewife.

The writer has put several yards in livable condition during occupancy in city dwellings, and thinks he knows now to do it. The effect of improved surroundings is quite surprising. In one case where a very desolate looking yard had been cleaned up, grassed and with small flower beds and vines arranged for them by W. H. Allen, guide, Guide Chas. Gremis, who returned last week from the head waters of the Neiguisit river reports the season very backward in that region. He says there is a lot of snow in the woods and it is melting so slowly that the lumbermen are receiving little benefit from it.

The agricultural department has appointed the following as inspectors of stallions—York county, Dr. G. C. McCreary, Kings, Hugh McMonagle; Westmorland, L. S. Doyle; Northumberland, Dr. W. B. Jones; Charlotte, W. H. Macdonald; St. John, W. H. Macdonald; C. Johnson; Restigouche, Dr. Arthur Royce; Carleton, Dr. H. J. Pugsley; Gloucester, J. Payne; Victoria, Miles McCrea.

Mrs. Blanche Harts fell downstairs last week and fractured her wrist. Governor Wood left for Sackville this morning.

Announcement!

We take pleasure in announcing to the public of St. John the fact that we have purchased and have taken over from May 21st the store, stock and fixtures of the Philip's Stores at the corner of Douglas Avenue and Main Street.

Our intention is to operate there a grocery store that will rank second to none in the lower provinces both in point of service and price. The cash system of selling will be introduced entirely—no charge accounts. By eliminating charge accounts we remove the greatest cause for high price. Cash selling requires no bookkeeping, cuts out bad debts; and by buying for cash we can secure the lowest net prices which we pass on to the consumer.

The location is in every way highly desirable, and the capacity of the store is sufficient to make the quarters turn over more than compensate for any additional expense a store larger than either of our present stores would entail.

The store of E. Roy Robertson at 599 Main street, and that of Harold C. Robertson at 854 Main street, will close after May 31st. In the mean time the three stores are prepared to serve you promptly, courteously and at the lowest prices.

ROMANIAN PLOT IN INTERESTS OF SEPARATE PEACE DISCOVERED

Odessa, May 21.—According to the Odessa Listok secret correspondence has recently been carried on between a group of influential Romanians resident in Jassy and others who remained in Bucharest with regard to terms of peace with Germany. Copies of the correspondence are stated to be in the hands of Mikuloff, Russian war minister. The journal states that the existence of these intrigues was known to War Minister Gutchikoff. From trustworthy Romanian sources, however, it is informed that the correspondence from Bucharest was dictated by Germans. No doubt must be entertained with regard to the prevailing sentiment both of the Roumanian people and the army, which remains loyal to the Russian alliance. While German soldiers are endeavoring to fraternize with Russian revolutionaries all along the frontier, German aeroplanes have been engaged in killing Russian workmen and others at Kilia, at the mouth of the Danube. Five aeroplanes were shot in the attack.

CABBAGE

Any good garden soil will grow cabbage. Warm, well drained sandy loam, very rich in plant food, is best for early cabbage. A northern exposure is best for late cabbage and a heavy soil may be used. The cabbage is a gross feeder and there is no danger from making the ground too rich. Twenty tons or more per acre of manure can be used, and this may be supplemented with from 500 to 1,500 pounds of commercial fertilizer for an acre. Commercial fertilizer is especially advisable for early cabbage where the object is to develop marketable cabbage quickly.

If the ground has been manured in the fall and ploughed, it should be again ploughed in the spring and thoroughly worked to a depth of six inches. For early cabbage start the seed about March 15. The seedlings are transplanted to two inches apart three weeks later, and will be ready for the open ground early in May. The plants are usually set on the level in rows thirty inches apart and eighteen inches apart in the row. Late cabbage are usually grown from seed sown thinly in a cold frame early in May and plants from these are set in the field about the middle of June, inches apart and twenty to twenty-two inches apart in the row.

The usual maintenance tillage should be given during the summer, and the ground not allowed to become hard and compact or to dry out.

In the storing of late cabbage cut the heads during a dry day and store where good ventilation is possible. The air should be kept dry and the temperature as low as possible. The heads should be placed on slatted shelves far enough apart to store two or three tiers of cabbage, with a good chance for ventilation under the shelves. A confined atmosphere renders cabbage storage impossible.

CAULIFLOWER

The cauliflower requires a cool, rich loam. A northern exposure is best. Continuous growth is important, and anything that tends to check the plant in any way should be avoided. Dry weather often results in failure, and where watering is possible it may be advisable. For early and late cauliflower start the seed and handle the same as for early and late cabbage, except that more careful attention should be given to detail in the development of plants. Like the cabbage, it takes about seven weeks to develop a stocky, properly handled plant. They may be spaced in the field the same as cabbage.

When there are three to four inches in diameter the leaves should be tied together over the head in order to develop a good well formed cauliflower.

TURNIPS

The early turnips may be sown as soon as the ground is fit, in well prepared soil. The Swede turnip should be sown about the last of May. They do best on a good loam retentive of moisture. Continuous growth is necessary to develop good quality. Like most of the root crops, they develop best during the damp, cool fall weather, and the advantage of late sowing is that they make little growth during the hot summer, developing a succulent tissue in the fall. Swede turnips planted early are very liable to be checked in growth during the heat of the summer, developing a root containing much fibre, and lacking in quality.

DEATH RATE IN THE CANADIAN FORCES

One Man Out of Every Seven According to Life Insurance Actuaries

New York, May 21.—That the loss of life among Canadian troops on the battlefields of Europe has been as high as one man in every seven was indicated today from reports of representatives of insurance companies in the Dominion, who are delegates to the convention of the Actuarial Association of America, at the Hotel Astor.

The highest mortality has been in the infantry service, where, some of the actuaries said, the death rate at times reached 20 per cent. The lowest is in the medical corps.

Canadian and other insurance companies doing business in the Dominion paid out nearly \$7,000,000 in claims up to December 31, 1916, according to A. B. Wood, actuary of the Sun Life Insurance Company.

"The war rates of the Canadian companies run from \$75 to \$150 a thousand per year to men in service in Europe," he said. "At the outbreak of the war 800 a thousand was charged, but as soon as the casualties began to come it was realized that this was too low and the rates were advanced."

"All the Canadian companies have pro-

ected the policies that were in force when the war began," said Mr. Wood. "They charged no extra premiums on these. At that time most of the companies charged no extra premiums on new policies for service within the country. The difficulty in fixing a war rate was that we had no definite basis to work on, for this war is unlike any other, most of the mortality being caused by battle and very little by disease."

A surprising thing about the war, he said, was that it had made the general public realize how valuable a thing is insurance. It is the result was that the companies, despite the millions they had paid out since the war began, were doing a larger business than ever in their history.

"The companies have been able to meet all their obligations, and have not found it necessary to make any changes in their dividends to policy-holders," Mr. Wood added. "War has popularized insurance, and made the once unwelcome insurance solicitor a friend, who is received with open arms."

"It is remarkable to think that, despite the fact that more than 400,000 of our best young men have gone to the front, or are on their way there, there has been a big increase in our business each year over the previous year."

BASEBALL

The Batsmen and Pitchers.
 On Saturday the Times published the names of the leading batsmen in the big leagues up to last Wednesday. Here are some more particulars:

Tris Speaker, of Cleveland, who has regained the lead in the American League, has made twenty singles, eight doubles, and three triples in ninety-two times at bat.

George Sisler, St. Louis star, who enjoyed the premier spot a week ago, has fallen into a triple tie for fifth place with Strunk and McInnis of the Athletics, seven points above Ty Cobb, who is hitting .328. Rucker, St. Louis, pinch hitter, is out in front with an average of .444, but he has made only nine trips to the plate in thirteen games.

Chapman of Cleveland, is leading in stolen bases with ten, and in sacrifice hitting with fourteen. Pipp of New York and Bodie, Philadelphia, have each made two home runs. Hooper, Boston, and Weaver, Chicago, are tied in runs scored with twenty each.

	Won.	Lost.	Earned Runs.
Fisher, New York	2	0	0.00
Cleare, Chicago	3	2	1.60
Leonard, Boston	4	2	1.06
Shore, Boston	3	1	1.37
Gallo, Washington	3	2	1.50
Mogridge, New York	3	1	1.54
Sullivan, St. Louis	4	2	1.54
Bohland, Detroit	3	1	1.70

in front in home run hitting with five, and Weller of Chicago, Cook of Cincinnati, and F. Williams of Chicago are tied in runs scored with eighteen.

Leading National Pitchers:

	Won.	Lost.	Earned Runs.
Seaton, Chicago	2	0	0.50
Amea, St. Louis	4	1	0.60
Mayer, Philadelphia	2	0	0.69
Schupp, New York	3	0	0.87
Carlson, Pittsburgh	2	1	1.22
Aldrich, Chicago	4	1	1.42
Anderson, New York	4	1	1.58
Vaughn, Chicago	5	2	1.58

Not After Carrigan.
 President Conkley of the Chicago Americans, in denying reports that he was negotiating with William Carrigan, former manager of the Boston Americans, declared he was satisfied with the showing Lowland had made and was not considering any change.

Diamond Sparkies.
 Rogers Hornsby of the Cardinals is one of the big attractions in the National League.

It is understood that Clark Griffith is trying to unload four of the Washington players.

If the major league should decide to cut their player limits to eighteen men the second division managers would have an excellent chance to pick up good material.

Tom Seaton's return to life is one of the surprises of the season. He is pitching as well for the Cubs as he did for the Phillies in 1915 before he jumped to the Brookfields.

Matty intends to recall Pitcher Gerner from Montreal. The Reds also need a first class left hander.

When the Reds went under, McGraw had a chance to buy Lee Magee but turned him down, believing that he could not hit.

Bebe Ruth of the Red Sox has won seven games in a row. The big soup-lap is after McCann's record of nineteen straight.

Ferdinand Schupp has pitched four games for the Giants this year, winning three and getting a draw in fourteen innings in the other.

KENNEL
 Frederick Logg Wins Honors

At the recent Montreal Kennel Association show held on May 18 and 19, under the distinguished patronage of His Excellency the Duke of Devonshire, Frederick Logg's English bull dog, "Picked Peaches," a puppy bred by Mr. Leskey, won first in puppy class, first in novice and first in the limit class.

J. J. McCaffrey's English bull terrier, "Haymarket Jessie," won first in the limit and first in open class under forty pounds.

George Aiken's collie, Hannell Lucy won first in limit class and first in open and went to winners. This splendid collie is the one that won the special for best collie in the St. John show in last October. Mr. Aiken's collie puppy, "Hannell Sally," won first in senior puppy, first in novice and went to reserve winners.

THE RING.
 Ray Rivers Knocked Out.

New York, May 20—Willie Jackson, of this city, knocked out Ray Rivers, of California, in the second round of a scheduled ten-round match in Brooklyn last night. Jackson weighed 131, Rivers 120.

May Fight for Championship.
 New Orleans may land a world's championship battle, between lightweight

champion Freddie Welsh, and feather-weight champion Johnny Kilbane. Dominick Tortorich, New Orleans promoter, has wired an offer for the match, and Welsh's terms were sent Tortorich. He plans to stage the battle on July 4. Kilbane is said to have accepted terms.

The Canadian Hockey Club have secured Frank Fleming's signature to a meeting with Johnny Kilbane in a ten-round boxing bout, at Solmer Park, Montreal, May 28.

GRAND TRUNK MEN PENSIONED
 To the pension roll of the Grand Trunk there have just been added the names of six men each having approximately forty-five years of service with

the company. The pension roll is increasing month by month, for during the last nine years 1,176 employees have been pensioned, exclusive of those retired under the superannuation fund. Among those in receipt of pensions are several women workers. The yearly outlay of the company for pensions is now about a quarter of a million dollars.

ABSOLUTELY DRY IN CAMPBELLTON
 Graphic—Campbellton is dry. There is no doubt about that even those opposed to prohibition admit that. Since May 1 there has been only one arrest for

drunkenness and that was a "left over" from April 30. This is most unusual especially at this season when men are going to and returning from the drive. Our illegal seller, who for some years has been illegally selling to both white people and Indians, is now before the court for sentence. This party was observed hiding a quantity of liquor out of doors and the police came along and seized it. Campbellton is surely dry.

JUNE RECORDS

PABLO CASALS' enchanted rendering of Wagner's beautiful "Evening Star" from "Tannhauser" has a sheer, pure loveliness never yet attained by anyone but Casals on the cello. It has a ravishing glory and sweetness of tone—a human voice sings in the vibrant strings!

Other gems are Kotelbey's tone-picture "In a Monastery Garden," with the calls of nesting birds and the deep-voiced intoning of the "Kyrie-Elenson" by a splendid male chorus; Lazare dominates again in the Love Aria from "La Favorita"; Joseph Hoffman's enchanting piano technique is displayed in "The Erlking" and "Caprice Espagnol"; the Saxo Quartette render "Poor Butterfly" and "Katinka" in singularly rich shadow-tones. The Philharmonic Society of New York is heard in Beethoven's Fifth Symphony.

FRENCH VISITORS WERE TOUCHED BY AMERICA'S WARMTH

Message of Farewell Given Out on Behalf of Joffre and Viviani—Regret Brevity of Stay

Washington, May 19.—A message of farewell to the American people on behalf of Marshal Joffre and ex-Premier Viviani was issued here by M. Hovelague, official spokesman for the mission, he having remained behind in the United States.

"The whole mission," said the statement issued by Mr. Hovelague, "was deeply gratified by the reception it met everywhere, and not only gratified but surprised at the universal enthusiasm shown. The trip was not only a most pleasant one, but excited an intense interest in all members of the party and increased their great regret in being utterly unable to extend their journey further. The welcome was everywhere most enthusiastic, yet varied according to the different places through which we passed, and we shall return with a feeling that in spite of the variety of local conditions which we encountered, the sentiment was everywhere unanimous, even if its manifestations were different. Among many regrets there is one that the mission particularly wishes to express, and that is, that in spite of its keen desire to do so, it was utterly unable to visit New Orleans, Richmond and a few of the Southern States. It had intended to do so, but urgent business recalled it to Washington, and it has had to devote the whole of its time to a discussion of the different problems presented to it. The mission hopes that all the towns which so kindly extended invitations to it will understand that only considerations of an imperious nature could have prevented it from visiting them. It is unfortunately unable to sacrifice its desires to the common cause, and trusts that the same sacrifice will be cheerfully accepted by all those who expected its visits and whom it has, to its great regret, disappointed.

Fervent Beyond Words

"The reception everywhere accorded to the mission in the mid-west was beyond words fervent, and touched us all deeply. It was clear, even to a superficial observer, that everywhere the citizens of the different towns it passed through were wholeheartedly in sympathy with the commission, and united in the common cause. It would be invidious to pick any special region or towns as having manifested its feelings in a more charming way than any other, for everywhere, from Washington to Chicago, from Kansas City and St. Louis to Springfield and Columbus, from Columbus to Indianapolis, from Philadelphia and New York to Boston and Baltimore, every kind of ingenious manifestation of good will was showered upon the mission. The mission trusts that the mission will take away of its hurried trip through too small a part of the United States will grow the recollection of all.

"France already knows what a magnificent welcome was accorded it everywhere, but we hope on our return to bring even more fully home to our fellow-countrymen a realization not only of the feeling that exists in America for France, but that this feeling is as earnest as it is widespread, and of a nature to inspire the utmost confidence as to the future action of the United States.

"One word more. Among the innumerable marks of generous sympathy, none went more directly to the hearts of every Frenchman on the mission than the manifestation of interest in our orphan children which we received in the form of substantial offerings, notably in Columbus and Boston. A cheque for \$12,000 was handed to Marshal Joffre and M. Viviani in the latter place, collected by the local committees and the school children of the town and neighboring states. As Marshal Joffre and M. Viviani said, nothing could more deeply stir the feelings of all France than this loving kindness to those innocent little victims of this war for the liberation of the world. All our hearts go out in gratitude to all the committees which are successfully pursuing this admirable work, and both M. Viviani and the Marshal wish to express once more their deep appreciation of these efforts."

FAMOUS STALLION'S BONES GIVEN TO AMERICAN MUSEUM

Carrying out the expressed wish of the late William Simpson, the bones of his \$50,000 stallion, McKinney, whose death was recently reported, will be mounted in trotting attitude to represent the skeleton at the American Museum of Natural History.

McKinney was a trotting horse worthy of this distinction. When Mr. Simpson bought him in 1904, and for several years afterward, he was the sire of more trotters in the 2:10 list than any other horse on record, though he has since given place to Peter the Great, 2:07 1/4, and to his own son, Zombo, 2:11, in this respect.

Foaled in Kentucky thirty years ago, McKinney achieved his distinction as a trotter and as a sire in California, where he was owned from colthood until 1902 by C. A. Durfee, of Los Angeles. Mr. Durfee bought him from his breeder, W. H. Wilson, of Cynthia, Ky., for \$15,000 and sold him to H. B. Gentry, of Bloomington, Ind., for \$25,000. Two years afterward Mr. Simpson bought him for \$50,000 from the Indiana breeder and sent him to Empire City Farms, at Cuba, N. Y.

McKinney was not so successful as a sire after coming east, though he got Belwin, 2:06 3/4; Nova McKinney, 2:07 1/4; Arizona McKinney, 2:08 3/4; and Trusty McKinney, 2:10, at Mr. Simpson's stud. His offspring have won about \$400,000 in purses and stakes, and seventeen have trotted in 2:10 or better, the fastest and best winner being Sweet Maria, 2:02, with earnings of \$85,000 to her credit. Through Zombo, 2:11, he is the grandsire of San Francisco, 2:07 3/4, one of the most successful young sires of today.

"THE BRONZE BRIDE"

The Law of the North is the keynote of this picture. It is a virile production with well sustained interest. The various features of Indian life, the wild grags of the north, the Colossal mountains and other features of the far north are reproduced most realistically. It is a picture that will appeal to all classes. It's strong, powerful, intense, exciting and beautifully photographed.

LOST PROVINCES PROPOSED AS BRIBES TO GERMAN STATES

The Hague, May 21.—The sensational revelations of Die Post regarding the German intention to split Alsace-Lorraine between Bavaria and Prussia, has been practically suppressed by the German censors in other papers. The Lokal Anzeiger, however, adds that confidential communications had been made to Alsace-Lorraine parliamentary deputies at Strassburg, whilst the Vossische says the demands of the great Centrist party, whose chief stronghold is Bavaria. The revelations explain the importance attached at the time to the speech of King Ludwig, of Bavaria, to Bavarian troops quartered at Strassburg on May 7. The king said he was especially glad to meet his troops in "this ancient German city, reconquered by us 46 years ago. Our

lary government, thus giving the rest of Germany a lead, and re-establishing Saxon importance in Germany.

Meanwhile the German government has got to bridle Austria, which is sulking badly. According to some German papers the bribe is to be the throne of Poland to the Austrian archduke, Karl Stephen. Die Post says the appointment of a regent for Poland will take place almost immediately.

THE URGENCY OF NATIONAL SAVINGS

"Without the aid afforded by the savings of our people," said Sir Thomas White in his budget speech, "the expenditures which have been made in Canada by both governments for supplies and munitions could not have been made, so that those who have saved have benefited not only themselves but the entire community. While our national saving during the war has been gratifyingly large, it is not so great as it should have been, and today no better advice can be offered to the public than to exercise the strictest thrift and economy. Every additional day the war lasts makes this individual and national duty the more imperative."

It is to be regretted that it is still necessary to reiterate such advice. The glory won by Canada at the battle front, has been won by supreme sacrifice to duty voluntarily made. On those for whose well-being so much has been given, there devolves the duty of discharging with unnecessary pleasures and luxuries, and of rendering effective service by producing and saving. In view of the casualty lists published at the close of the month, and the urgent appeals of the leaders of the empire, devotion to these duties is the least that can be expected of those who have remained safely at home.

The London Evening Times gives the following account: Once upon a time Peronne was so fortified. For 900 years or so it boasted itself Peronne in France, a maiden city, which had never surrendered or been conquered. Most of us made our first acquaintance with Peronne in the pages of "Quentin Durdard." Readers of that romance will remember the little town "situated upon a deep river in a flat country," the "ancient walls and deep green meadows," to which Quentin came with his lady Isabel, to find Louis XI in the grip of Charles the Bold. In the castle King John of France slept before the battle of Poliers, and 400 years earlier another king of France, Charles the Simple, was starved to death there.

Capt. Ball's Fate Still Unknown

His Was the Most Wonderful Record Achieved by Fighting Aviator

British Headquarters in France, May 21.—The precise number of enemy machines brought down during his career by Captain Albert Ball of the Royal Flying Corps, aged 19, who has been missing since May 7, is not known. There are records of 41 certain, and 10 more morally certain, also a large number of probabilities. Beyond doubt his was the most wonderful series of victories yet achieved by a flying man of any nation. No news of him has been received since his failure to return from his last expedition. So far as known the facts are as follows:

"On the evening of May 7, he was seen to go out in company with another machine flown by a pilot called M—. They met an enemy machine, which they drove down, riddled with bullets. Then a party of four Germans hovered in sight. The British fliers promptly closed. M— found one enemy machine in such a favorable position that he was practically at his mercy, so he put his own machine into spin and began to go down. It must have been an unpleasant experience, but it was successful in shaking off the enemy. M— retained control of his machine, climbed again, re-entered the fight, and tackled one of the Germans.

After a long fight he sent it crashing to the earth. He then turned to engage another machine, but one bullet broke his wrist and another carried away the top of his control lever. This crippled, he could fight no more, but, though in great pain and unable to control his machine, he managed to get over the lines and land his aeroplane undamaged in our territory and then fainted.

"What happened after M. was obliged to leave the field of battle is a mystery. Captain Ball was then left with three enemy machines to fight. Such odds were nothing new in Ball's experiences, for only two days before he had driven two down two enemies. To make sure he had gone close to the ground and saw

YOUNG PIGS IN DEMAND.
Young pigs were offered for sale in numbers. The price asked was five dollars each and the demand was brisk.

ENGAGEMENT ANNOUNCED.
Mr. and Mrs. William Smullin, of Fredericton, announce the engagement of their daughter, Miss Annie Smullin, to Walter E. Caverhill. The wedding will take place on June 20th.

MR. BALFOUR'S PLANS.
A communication from Sir George E. Foster to Mayor Hayes announces that, on account of other plans having been made for the limited time at his disposal, it is not likely that Right Hon. A. J. Balfour will be able to visit St. John.

F. E. I. PRODUCE.
The Northumberland is bringing record cargoes of produce to Point du Chene from Summerside these days. On Sunday of last week she made a special trip having headed off other boats, this time carrying potatoes. On Monday she brought 1,600 cases eggs and each day the cargo includes from eight to twelve cars potatoes.

WEST SIDE PROPERTY SALES.
A fresh lot of property with stores and dwelling in Prince street, West St. John, owned by George B. D'Arcy to the G. E. Harbour Co., Ltd. Mr. D'Arcy also reports the sale of a vacant lot on the corner of Olive and Duke streets, West St. John, from Clarence Kelstead, trustee, to W. Nilsson, who plans to erect a dwelling there.

GAVE SACRED CONCERT.
A very enjoyable sacred concert was given yesterday afternoon in the General Public Hospital by a quartette composed of the following popular singers: Mrs. F. A. Goddard, Mrs. Roy A. Ring, Dr. F. A. Wilkes and Otty S. McIntyre. The concert was under the auspices of the Church of England Institute. Miss Alice Heales, musical convener of the institute, acted as accompanist.

DIED IN EAST BOSTON.
Many residents of St. John will regret to hear of the death of Michael J. McCarthy, formerly of this city, which occurred recently in East Boston. Mr. McCarthy was about fifty-two years of age, and left his native town when but a boy. He leaves a wife, and several brothers, all of whom now reside in the states. Mrs. E. J. Broderick and John Abbott, Boston street, are cousins. The prayers of the congregation were asked by Rev. F. J. McMurray in St. John's Baptist church yesterday.

CANADIAN CLUB SPEAKERS.
An invitation to address the St. John Canadian Club was sent recently by Mayor Frank to George Bury, vice-president of the C. P. R., who returned recently from Russia. Mr. Bury has replied that he would be happy to address the club, but that conditions in Russia have changed so much since he left that he would not feel justified at this time in basing an address on his observations. Some hope is held out that he may be able to address the club later.

Mr. Frank in communication with the two former presidents of the United States, Theodore Roosevelt and W. H. Taft, is endeavoring to secure them as speakers for the club.

BUYING POTATOES.
The Potato Produce Co. of Woodstock is making contracts for potatoes in the field, and will purchase any quantity. The company will re-open its plant in August, and will add a starch system so that the small potatoes, which were wasted, it has a contract with the British government to furnish 1,000,000 pounds a month of the prepared potatoes and turnips. It has also a market at a good price for all the starch it can turn out. M. Clark, the foreman, has just returned from P. E. I., where he was buying potatoes, and is getting the starch system installed and making other preparations for the late summer opening.

ROBICHAUD-PITMAN.
The Cathedral was the scene of a pretty wedding early this morning when Miss Jessie Edna Pitman of this city, became the bride of Henry H. Robichaud of Annapolis, N. S. in the presence of relatives and friends. The ceremony took place at 10 o'clock, celebrated by Rev. William M. Dale. The bride wore a becoming suit of bridal blue serge with large white picture hat. Following the ceremony, the wedding party returned to the home of the bride's parents in the city. A dainty wedding breakfast was enjoyed. Mr. and Mrs. Robichaud will reside in the city for the present, but will later remove to Annapolis, where they will make their home.

MRS. FOSTER'S AT HOME.
Fredericton Herald, Saturday.—Mrs. W. E. Foster, wife of the premier, New Brunswick, held her first public reception in the parlors of the Queen Hotel from four to six o'clock yesterday afternoon. She was assisted in receiving by Mrs. J. P. Byrne, Mrs. J. E. Hetherington, and Mrs. G. H. King. There were a large number of callers and all agree in saying that it was one of the most enjoyable social functions of the season. Mrs. Foster proving herself a most agreeable hostess. In the tea room Mrs. H. C. Allen and Mrs. A. J. Gregory presided at the table and poured, assisted by Miss Hetherington and Miss Lucille Hawkins. The decorations were pink flowers and were much admired.

B. FRANK SMITH'S LABORS
(Fredericton Mail.)

B. Frank Smith, ex-minister of public works had another uncomfortable day of it in the legislature yesterday. He has been asking a lot of questions of late and yesterday he got a dose of his own medicine. An answer to an enquiry by Mr. Michael brought out the interesting information that on February 2 last, Mr. Smith wrote the White Company of Boston to the effect that the government would pay no commission to local agents on motor trucks, as it proposed to buy them direct. On the same day he issued a check for \$5,000 in favor of the Smith Foundry Co., the local agents of the company. There was no contract with the Smith Foundry Company at the time for motor trucks, but they got the check all the same, and it was "contracted" to furnish motor trucks for road building.

It transpires that the date on which the letter was written to the White Company, and the date on which the check for \$5,000 was issued to the Smith Foundry Company synchronized with the date on which the writs were issued for the election. The people took advantage of the opportunity and put the Murray government off the job, and blasted the hopes of B. Frank Smith.

UNION STREET REPAIRS AGAIN ARE DELAYED

Action Postponed Another Week for Further Discussion

H. M. HOPPER BEFORE COUNCIL

Company Asks City to Excavate Rail Section And Supply Refill Material — City Engineer Asks For Automobile For Departmental Use

Further discussion of the paving plans for Union street, West St. John, and of the portion of the work which should be undertaken by the street railway company took place at a meeting of the council in committee this morning. H. M. Hopper was present on behalf of the company and contended that the city should excavate the rail section and supply the material for the refill. As Commissioner Fisher could not agree, the matter was laid over until next Monday when the city solicitor and road engineer can be present.

A recommendation by the city engineer that an automobile should be purchased for use of the mayor's and harbor commissioners' departments was laid over without discussion.

Commissioner Fisher announced that he was not ready to submit plans for the Clarendon street repair work.

Mayor Hayes presided and all members of the council were present.

Mr. Hopper, relative to the plans for paving Union street, West St. John, explained the objections of the N. B. Power Company to renewing their rails there until after the war, but added that the commissioner had determined to go ahead. He said that the payment of \$1,400 a month to the city had relieved the company of its obligations to repair the track section and that, therefore, the city should dig up the rails and all that could be asked of the company would be the bringing of the rails up to the new grade. The work done by the city was only temporary repairs, and the change in grade was made necessary by the city's work not by the rails sinking. He asked that the city should do the excavating and provide the material for refilling.

Commissioner Fisher said that he and the road engineer did not agree that the city should do what the company asked, and all that could be asked of the company would be the bringing of the rails up to the new grade. The work done by the city was only temporary repairs, and the change in grade was made necessary by the city's work not by the rails sinking. He asked that the city should do the excavating and provide the material for refilling.

IN COURT ON CHARGE OF STEALING WATCH

James Jordan was before the police magistrate this morning on charge of theft of a gold watch, the property of J. Edward Barry, railway trainman, from the Lancaster Hotel, Fairville. The owner of the watch said that he boarded in the same hotel as the defendant in Fairville. He changed his clothes on last Friday afternoon and left the watch in one of his pockets. On Saturday he went to get the watch and it was missing. He had suspicions of the defendant and had seen him in his room twice since Friday. Joseph Gilbert, a second-hand dealer in Dock street, said that the accused had come into his store on Friday and looked over some rings. He returned again on Saturday and asked for to see the rings. He selected one and, producing the watch, asked for an exchange. The bargain was made, the witness receiving the watch and the defendant the ring. The accused gave his name then as James H. Kelly, and said that he had purchased the watch in the west, having paid \$40 for it.

The owner of the watch identified the time piece produced in court as his, and said that the figures on the watch corresponded with the figures on card he had in his possession from the last time he had the watch fixed.

The magistrate remanded the defendant until tomorrow morning. He is a well dressed young man and attracted considerable attention in court. He arrived at the hotel some days ago and registered from Minnesota.

GOLDEN WEDDING.
Congratulations were showered yesterday and today upon Lieutenant Colonel James Buchanan and his good wife, who are celebrating the fifth anniversary of their wedding. Mr. and Mrs. Buchanan were at home to their friends at 45 Garden street from two to five o'clock this afternoon and will be again this evening from seven till ten o'clock.
