SECOND RECITAL WAS GREATLY ENJOYED

The second night of the Wilnot Goodwin recital under the auspices of the Brunswick Chapter, I.O.O.F.E., in the hall of the Knights of Columbus, Colburn street, last evening, was even a greater success than the opening cycle. A very large gathering was present, and the programme gave great enjoyment. It was entirely different from that of the opening night of the recital and was received with hearty applause, the several selections by Mr. Goodwin, Mr. Warner, and Mr. Cronican proving delightful.

THIRST QUENCHERS

Many Satisfying Drinks Made From Montserrat Lime Juice.

Within the pale, yellow peel of a fresh cut Montserrat Lime is one of the most fascinating juices that ever tempted the palate of thirsty souls.

On blistering hot days, when the whole body is relaxed with heat, half a wineglass of Montserrat Lime Juice, a little sugar and broken ice in a glass of water, makes a summer drink that will linger in the memory.

Good wine cannot be made from wild grapes, neither can a wholesome palatable juice be pressed from wild Limes. Montserrat Lime Juice is made from cultivated Limes, and the juice is wholesome, refreshing and palatable.

All leading druggists and grocers have Montserrat.

Grocery stores have a hard job keeping up their stock of Ingersoll Cheese, it's in such great demand.

ONE GERMAN KILLED AND FOUR WOUNDED

Attempted to Escape From Detention Camp in Amherst—George Cripps Wounded Seven Times

Fritz Claus, a German prisoner at the concentration camp in Amherst, N. S., was shot and killed yesterday when he and several others tried to escape. Four other prisoners were wounded by the guards.

A letter received from Private George Cripps, of the Princess Patricia's, who enlisted in St. John, tells of his having come through heavy fighting and received wounds, "three in one leg, three in one arm, and one in my head."

Letters from Driver George Wiley, of 101 Queen street, west, to his mother, have been received acknowledging her gift of tobacco and a baseball game to him.

Private Angus Gray, of Granton, Pictou, N. S., has been killed in action in France, and Private Harold McNeill of Westville, N. S., has been reported a prisoner of war.

PLUMBERS ENJOY OUTING DESPITE WET WEATHER

Although greatly disappointed because of the wet weather yesterday, the members of the Canadian Society, Domestic, Sanitary, and Heating Engineers, in convention here, held the automobile trip to the Ben Loumond house which had been scheduled as the closing fixture of the sessions. And even with so much rain the delegates and local members, with their guests, enjoyed the trip immensely. A banquet accompanied by an extempore programme was greatly enjoyed.

Dunkirk was again bombarded yesterday. Several persons were killed by the German fire, which was from an unknown position behind Dixmude, a distance of some twenty miles.

The Evening Times and Star

ST. JOHN, N. B., JUNE 25, 1915.

The St. John Evening Times is printed at 27 and 29 Centenary Street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co. Ltd., a company incorporated under the Joint Stock Companies Act.

THE GREAT NEED.

The remark of the London Times that the British must set their teeth and prepare for a long war is justified by the facts. It is not news, however, for Lord Kitchener at the very outset warned all the nation. Apparently his warning and that of others was not taken, and as Mr. Lloyd George says, the people assumed that victory would come to them as a just tribute from fate. It is well, therefore, that the press should direct daily attention to the magnitude of the task to be performed and the grave danger to which the Empire is still exposed.

APPLYING THE PROBE.

At the opening of the session of the Royal Commission to investigate the purchases at Ottawa yesterday, Sir Charles Davidson said he would endeavor to have a full and free investigation, without fear or favor, and the counsel for the crown was equally strong in this assurance of a desire to get at all the facts. Let us hope the Royal Commission in New Brunswick will be equally zealous in getting the evidence. In Manitoba the new government has been prompt to act on the charges made by a section of the Conservative party in the legislature, and yesterday appointed a commission of three judges to investigate them. It also enlarged the powers of the commission already enquiring into the parliament buildings affair.

TECHNICAL EDUCATION.

The Times recently gave some account of the work and aims of the Ontario Association for the Promotion of Technical Education, which represents boards of education, boards of trade, the Canadian Manufacturers' Association, trades and labor council, women's councils and institutes, and other organizations. Mr. Thomas Bengough, Toronto, is its secretary-treasurer, as well as the editor of its official organ, entitled "Training," in a letter to a St. John man, this week, Mr. Bengough, referring to the Association's work, says: "I am sure you will be pleased to know that we are pushing matters aggressively here, and that the president of our Association, Mr. Fairbairn (of the Toronto Board of Education) is planning to give considerable of his time next fall to the promotion of provincial associations like ours. He is planning a tour of the western provinces, but if leaders there made an urgent request he might visit your city and some other points in the maritime provinces. Mr. Fairbairn is chairman of the advisory industrial committee of the Ontario Technical Schools, and is also a well-known member of the Canadian Manufacturers' Association. Our \$2,000,000 Technical School here, pronounced by experts to be the finest in the world, is to be opened on August 31, at the time of our National Exhibition. I would suggest that a delegation visit Toronto at that time, take part in the opening ceremonies, and then arrange with Mr. Fairbairn for a visit to your province."

THE SABRE RATTLEERS.

"The peace of the civilized world would never have been broken by France or England. I don't know about Russia, never having visited that country." These are the words of Dr. David Starr Jordan, the noted peace advocate, former president of Leland Stanford University, and now a director of the million dollar Peace Foundation. They were spoken in an address before the Detroit Board of Commerce. Of Germany and the present war he said: "Universal peace was coming in Europe, but a small group about Von Tirpitz wanted war. They did not dare bring it openly. They had to go behind Austria. They had been trying for six years in hard conspiracy, but their country could not be drawn into war." Dr. Jordan insists that there is a strong peace party in Germany which will presently be heard from. On this point he says: "In Germany there is a very severe division between such fire-eaters as Von Tirpitz and others on one side and Von Jagow, a moderate and considerate man, on the other. Being in the struggle, the people are with the sabre rattlers, but the great majority would bring about peace as soon as possible, if they could do that without discrediting the administration. The whole effort is to get out without this discredit. Should the people feel that the military administration had betrayed them, there would be a very great revolution. This revolution exists now. Letters to me from friends tell of this. These letters are mailed in Switzerland. The Friedensfreunde is as strong for peace now as it ever was. This organization has held meetings, but these have had to be quiet. It cannot be militant in its efforts for peace since such militancy would mean death."

LIGHTER VEIN.

Definition of a Lady. A cabman was summoned for using threats toward a lady, and his constant remark in court was: "She ain't a lady."

"Do you know a lady when you see one?" asked the judge. "I do, Your Honor. Last week a lady gave me a sovereign instead of a shilling, and I said to her: 'Beg pardon, madam, but you've given me a sovereign.' When she said: 'Well, you old fool, keep the change and go out and get drunk with it!'"

Remember. "My boy," said the successful merchant, "never let your capital lie idle. Remember that money talks, but it doesn't talk in its sleep."

Sold. "What makes you think this story would be particularly interesting to the readers of a woman's magazine?" "Well, it's all about men."

Foot Peck. "Henry, you talk in your sleep." "Well, do you begrudge me even those few words?"

One on the Cook. Gaffer (proudly)—I play with my head. His rival—Yes, I notice that you are partial to wooden clubs.

Woe 'Em Out. A teacher has been at great trouble to explain to her class the meaning of the word "withstanding," and, on asking for a sentence in which the word occurred, was somewhat nonplussed to receive the following effort from a blushing maiden of some little summers and wiles: "Please, miss, my little brother has a hole in the seat of his trousers, and it's notwithstanding."

Colonel and Sergeant. To the young recruit the sergeant is a much more awful person than the colonel. And that is how this story has been born. A sergeant in one of the regiments of the new army came along twice to enquire if anyone had seen the colonel. Presently the colonel arrived, and on his way had to reprimand a raw recruit for not saluting.

"Do you know I'm the colonel?" he said. "Oh, you'll cop it," said the recruit. "The sergeant has been here twice looking for you."

He has received a letter from Mr. Roosevelt's secretary which began very informally "My Dear Bob" It was signed by J. W. McGrath formerly a fellow-student of Mr. Smith at Dalhousie College, but who is now secretary for the Bull Moose party in the United States. Mr. McGrath wrote that Mr. Roosevelt did not intend to visit the maritime provinces.

LANCASTER SEWERAGE AND TAXES. Editor Times.—I read in the Standard a few mornings ago quite a lengthy report about a special meeting called in order to railroad through an \$11,000 bond issue, and had it not been for the business-like attitude of Warden McLellan and Councillors Frink and Potts, who endeavored to hold this transaction up to be more thoroughly gone into, the same would probably have slipped by and another load been added to what is fast becoming unbearable. I would ask: 1.—Why did Councillors O'Brien and Golding call a special meeting, which means an extra expense of fifty dollars to the people, instead of coming forward at a regular meeting? 2.—Why did they seek an \$11,000 bond issue when \$9,500 was estimated as the cost of constructing said sewer by Engineer Murdoch? 3.—What reason had they for trying to impose this extra debt on the people without their petitioning for it? 4.—Have they informed the people of Lancaster in any way, other than what little was gleaned from the press in the report of this special meeting, as to how they are relaxing those paying their taxes, to cover those who have shirked? And, further, as the councillors are understood, it is again their intention to place another blanket tax next year to cover any deficit in sewerage account. 5.—Do they think the people will permit of the transferring of the sewer maintenance fund to cover up their eighteen hundred and fifty dollars (\$1800.00) deficit in the sewerage fund, due to their inability to conduct municipal affairs? These questions are asked in all fairness to the councillors, and I realize that the sanitary condition of the locality is the strongest argument put forward, and it is claimed that the class of houses to be accommodated are for a few wealthier people. Should, or have they any more right to allow their refuse from a private sewer or drain to run out on the public thoroughfare than a laboring man who earns his daily pay, and would unquestionably be immediately brought before a magistrate? In fact this sanitary excuse seems about as flimsy as the bond proposition. Hoping the old adage "the good must pay for the bad," will cease to be the cry in regard to our county taxes. I remain, sir, A COUNTY TAXPAYER.

HAD INDIGESTION FOR OVER 10 YEARS. ALMOST DESPAIRED OF EVER GETTING WELL. Indigestion is one of the worst forms of stomach trouble. The stomach becomes upset and you have a raw, debilitating feeling in it. After a meal you feel that you must get rid of that nasty, bilious, burning sensation. It is not necessary for you to be troubled with indigestion if you will only try that old and well-known remedy, Burdock Blood Bitters, which is a combination of nature's best known roots, herbs and barks for the cure of all stomach and blood troubles. Mrs. Mary MacKay, Hunter's Mountain, N.S., writes: "I was troubled with indigestion for more than ten years. I tried several doctors' medicines claiming the power to cure, but all without success. Having heard of the many cures effected by Burdock Blood Bitters, I decided to give it a trial. After taking two bottles I was completely cured. My appetite which was very poor is now good, and I can eat most everything without any disagreeable feelings. I can strongly recommend B.B.B. to anyone suffering from indigestion." B.B.B. is manufactured only by The T. Millburn Co., Limited, Toronto, Ont.

ANGLO-CANADIAN ROMANCE

A war marriage of Canadian interest took place recently at Felixstowe, Suffolk, Eng., when Lieut. Eustace E. H. Hamilton-Jackson was wedded to Miss Constance Phinney, daughter of the Canadian artist, John C. Phinney, R. C. A. of Wolfenden, Hudson Heights, and of Mrs. Phinney, formerly Miss Milley Rhynas of Montreal. The marriage was celebrated quietly, owing to the death of the bride's brother, H. Eustace Phinney, 2nd Lieutenant in the Duke of Cornwall's Light Infantry, recently killed near Ypres. Lieut. Hamilton-Jackson was invalided home some time since, after three months at the front, and is with the 3rd Suffolk regiment stationed at Felixstowe, where he and Mrs. Hamilton-Jackson will reside.

AVIATORS SAVED BY QUICK WITS

Gave Slip to German; Back Again With Apology

DISGUISED AS PEASANT

How One Airman Who Fell Behind Enemy's Lines Escaped—Tales of Daring Exploits

Paris, June 25.—From Northern France a British war correspondent recently has sent an interesting account of his experiences among the military aviators, whose operations he has been especially assigned to observe.

"It is only in the evening," he says, "that you have an opportunity for a talk with the fliers after they have returned to camp from their perilous excursions in the death-filled air. They are for the most part, tall, talkative men, who had the good fortune of taking dinner with a group of them the other night."

"All of the present were young men of good families and had received their training in England. I had met one of the fliers a few years ago in Mexico where he served as aviator scout on the staff of Orozco the revolutionary leader. All the other ones were comparatively new in the profession which they had adopted only after the outbreak of the war."

"Our dinner was somewhat delayed because we were waiting for the arrival of a comrade who had not yet reached camp. Now and then we gazed anxiously upward in the direction where we expected him to appear. Finally his aeroplane dove in sight and in a few minutes he had joined us."

"Sometimes, however, it happens that such waiting is all in vain, but cheerful hope is a thing that clings to those brave young men to the last light here at the table among us we had a flier who failed to come back in due time one evening some time ago. We waited for him until late at night. When we set signals to show him the exact location of the camp. The following morning he was still absent, and we commenced to have doubt about ever seeing him again."

"One morning ten days later, we spied a strange aeroplane on the horizon. It was evidently coming from England, and we expected soon to see a new recruit for our corps. Most of the British fliers when ordered to report at a camp in France proceed to their destination in their own machines instead of choosing the more comfortable means of transportation offered by Channel boat and train. Escapes From German Lines

"Presently the aeroplane landed, and who should jump out of it but our missing friend. He had a pretty strange story to tell about his adventures. On the day of his disappearance he had been forced to descend right behind the German lines. Through some fortunate circumstance nobody seems to have observed his descent at least not in the immediate neighborhood. Still, he realized that he might be discovered and caught so he left the aeroplane to its fate, and ran with all possible speed to the nearest peasant cottage, he could find."

"As he could speak French fluently it did not take him long to explain the situation to the good people in the cottage, who supplied him with some old clothes enabling him to pose as a native farm laborer. As soon as our friend felt that he no longer needed to fear pursuit, he planned to get away and rejoin us. This was more difficult because he had no ready money an absolute necessary requisite under the circumstances."

"But he had a check book on a London bank and through the intercession of his newly-made peasant friends a local storekeeper was prevailed upon to cash a check for a modest amount. He then set out on foot for the nearest town not occupied by the enemy and gradually he made his way to the coast

where he took passage to England. A new aeroplane was readily procured and the young man returned dutifully to his post with us.

Apologizes To Germans

"The German marksmanship has been developed to a remarkable degree of accuracy, according to the unanimous opinion of the aviators, every one of them confessed to unpleasant feelings when finding himself in the midst of a shrapnel rain. From the innocent-looking white clouds pieces of the three-inch bombs are scattered around in a radius of a hundred feet. Some of these fragments may drop on an aeroplane and put it out of commission. Often the flier himself is hit and killed in his seat and no less frequently a hot shell splinter pierces the body, wrecking the aeroplane completely. Aside from this the smoke from the exploding bombs is extremely nauseating."

"There is an odd aviation story circulating throughout the British forces in France at present. One of the most daring fliers made a miscalculation one day in descending and landed among the observances of military etiquette was left in charge of an officer whose observations were so scrupulous that the flier contrived to escape and when he again safely among his own he sat down and wrote a letter to his late father, apologizing in a very formal manner for his rudeness in taking leave so unceremoniously."

"Next day he flew over the camp where he knew the German officer to be general secretary, in an admirable address at the session of the N. B. and N. S. union yesterday afternoon."

"Our president, Rev. Mr. Crate, has sent his son," he said, "and at the recent conference in Ottawa seven or eight ministers had sons at the front. Our host, Rev. Mr. Horsely is going to the front as chaplain and from his church alone there are going twenty-five young men, eight of them professing Christians. Another church in Montreal has sent fifty and of twenty students at our college in Montreal five have gone or are going."

"As regards missionary work, I am glad to be able to report that an arrangement had been made by which our Canadian missionaries in Turkey have been recognized by the Turkish government as employed by the American board and as such, treated as American citizens. They have refused to come home but are assisting with relief work particularly in the Caucasus at Sevas and at Van where, the cables tell us, the suffering is very great."

Speaking of financial problems, Rev. Dr. Gunn reported that the best year in the union's history had been surpassed last year owing to the fear of the officers that the war would cause a deficit and their consequent extra effort. Looking ahead, he could see where farmers and some men in other occupations could afford to greatly increase their offerings and would do so. This would offset greatly the loss from men whose incomes were greatly reduced."

"It is a time like this," said Rev. Dr.

Evening Session.

The evening session was a lengthy one, but most of the time was taken up with addresses. It opened with praise service conducted by Rev. W. J. Bevis, following which Rev. J. W. Cox, B.A., delivered a strong address on "The Church and the Good News of Humanity's Regeneration." He reviewed the lives and works of distinguished evangelists—emphasizing Luther and Wesley, and he said that if the church of today wishes to continue toward its ideal it must cause regeneration among its people.

Rev. C. C. Claris also delivered a powerful address on "The Challenge of the Church," which followed along the line of the position of the church in public affairs.

YESTERDAY AFTERNOON AND LAST EVENING WITH CONGREGATIONALISTS

Officers of Union Elected and Interesting Addresses Are Heard

Effects of the war on the Congregational Church of Canada were described by Rev. W. T. Gunn, D.D., of Toronto, general secretary, in an admirable address at the session of the N. B. and N. S. union yesterday afternoon.

"Our president, Rev. Mr. Crate, has sent his son," he said, "and at the recent conference in Ottawa seven or eight ministers had sons at the front. Our host, Rev. Mr. Horsely is going to the front as chaplain and from his church alone there are going twenty-five young men, eight of them professing Christians. Another church in Montreal has sent fifty and of twenty students at our college in Montreal five have gone or are going."

"As regards missionary work, I am glad to be able to report that an arrangement had been made by which our Canadian missionaries in Turkey have been recognized by the Turkish government as employed by the American board and as such, treated as American citizens. They have refused to come home but are assisting with relief work particularly in the Caucasus at Sevas and at Van where, the cables tell us, the suffering is very great."

Speaking of financial problems, Rev. Dr. Gunn reported that the best year in the union's history had been surpassed last year owing to the fear of the officers that the war would cause a deficit and their consequent extra effort. Looking ahead, he could see where farmers and some men in other occupations could afford to greatly increase their offerings and would do so. This would offset greatly the loss from men whose incomes were greatly reduced."

"It is a time like this," said Rev. Dr.

A Beauty Hint

To rouse a sluggish skin

If your skin has become dull, sallow and lifeless looking, it needs stimulating. The following treatment is the most effective you can use.

Use this treatment once a day—preferably just before retiring. Wash your face and neck with plenty of Woodbury's Facial Soap and hot water. If your skin has been badly neglected, rub a generous lather into the pores very thoroughly with an upward and outward motion, until the skin feels somewhat sensitive. After this, rinse well in warm, then cold water—the colder the better. Then, rub your skin for five minutes with a lump of ice and dry thoroughly.

Woodbury's Facial Soap is the work of an authority on the skin and its needs. This treatment with it cleanses the pores, brings the blood to the face and stimulates the fine muscular fibres of the skin. You can feel the difference the first time you use it—a promise of that lovelier complexion which the steady use of Woodbury's always brings.

A 25c cake of Woodbury's Facial Soap is sufficient for a month or six weeks of this treatment. Get a cake today. It is made in Canada and is for sale by Canadian druggists from coast to coast.

May Lease Anthony Mine.

At a meeting of the Canadian Antimony Company in Fredericton yesterday C. Crowe of Liverpool, N. S., presented proposals from a Nova Scotia syndicate for the lease of the mine. Pending consultation with his syndicate by Mr. Crowe no definite decision was made but the prospects pointed to an agreement. If the terms are accepted the mine at Lake George will be in operation in a few weeks.

SEVERAL ST. JOHN MEN HONORED FOR BRAVERY

Major Duval, Captain Parks, Signaller Adams—A Moncton Battery Corporal Also

Several St. John men figure in a list of officers recommended by Field Marshal Sir John French to receive decorations for distinguished and gallant service in the field of action in France.

Major Duval is a native of St. John's, Quebec, a graduate of McGill, and has practiced medicine in Montreal and St. John.

His gallantry in caring for those wounded on the firing line, under a heavy shell fire for two days, won him special recognition.

OTTAWA HEARS THAT McBRIDE MAY QUIT

May Give Over Legacy of Trouble in British Columbia to Bowser and go to London

Ottawa, June 25.—Sir Richard McBride arrived here yesterday from New York after three months in England. He will spend a few days here before going to British Columbia, where his presence

Sir Robert McBride photographed in New York on his return from London.

has been demanded for a long time and where the financial and political troubles of his government are steadily accumulating. He is talking over things with Premier Borden, Hon. Robert Rogers and Finance Minister White and also with Sir William MacKenzie, president of the Canadian Northern.

The latter's road with its tens of millions of provincial guaranteed bonds is the financial incubus which is causing a lot of worry to the Pacific province government at present. It is reported in well informed circles here that falling appointment as Canadian High Commissioner in London, Sir Richard is likely to accept a position as agent general of his province in England and drop out of Canadian politics leaving the legacy of trouble to Attorney General Bowser.

FOUND HALF-BURIED SHELL NEAR HOTEL

London, Ont., June 25.—While on his early morning rounds as porter at the Western Hotel, corner of Richmond and Fullerton streets, Ralph Crick received an unpleasant surprise when he discovered an eighteen pound shrapnel shell apparently of Canadian make, reposing in the ground outside one of the rear windows of the hotel, where it had evidently been thrown with considerable force. The nose of the shell was buried several inches in the ground from the impact. No fuse was attached.

William Jennings, proprietor of the Western and others were hastily summoned and an investigation made but nothing further to excite suspicion was discovered. The police were notified.

LLOYD GEORGE HAS NATION AWAKENED

Campaign For Enrollment of Men For Work on War Munitions is Well Begun

London, June 24, 9:57 p.m.—The enrollment of war munitions volunteers is engaging more attention, for the time being than the enlistment of recruits for the army. It is a striking proof of how David Lloyd George, the minister of munitions, has succeeded in awakening the country to the paramount necessity of concentrating on the production of shells and other war material.

At 6 o'clock this evening munitions work bureaus were opened in nearly two hundred towns in various parts of the country, of which fifty-three are in London alone, and in a large number of other buildings, to give British workmen an opportunity to get into the factory line and supply the "firing line."

According to a page advertisement, in big type, printed in all the important newspapers, these bureaus were opened in the evening in order that the men might enlist for munitions work, without losing time in their present situations.

Work For Everyone.

"Every skilled worker, who is ready to go, will be put into his new job with the least possible delay," said H. F. Morgan, a well known business man whom Mr. Lloyd George has impressed to help mould the new army of skilled workmen. "There will be no long period of waiting. The need is too urgent. The loyalty of the British workman, is such, we know, that he is prepared to make sacrifices to help his pals on the firing line."

The workmen of Great Britain will never be the object of so much consideration. Both on the firing line and in the factory line he is regarded as the saviour of the country.

The papers credited with a large circulation among the wealthier classes print a big advertisement appealing to the employers of skilled workmen to "make it easy for them to enroll as munitions workers and easy for them to get their old jobs back."

The chancellor of the exchequer, Reginald McKenna, in the meantime is appealing to the workmen to subscribe to the new war loan. At the treasury today he received a deputation representing the principal trades unions and other organizations which exercise great influence on workmen's savings, and urged upon them the necessity of their co-operation to make the loan a success.

"There is no suggestion of compulsion in the matter," said the chancellor. "We appeal to the workmen on the ground of national need. We have tremendous financial resources, but there is no good in having that asset unless we use it, not only for ourselves but also for our Allies. If we make the loan a success we shall win the war and triumphantly." "We will do our share towards getting the money," was the response of Charles

W. A. Embree of Athol, N. S., Wounded in the Battle of Ypres

W. B. Embree of Athol, N. S., sends the following interesting letter from W. A. Embree who enlisted with the first contingent and who was wounded in the battle which he so vividly describes.

The Lord Derby War Hospital, Warrington, England.

Dear W. B.—As we have some time, thought I would write you and give you an idea of the battle. We came out of the trenches Wednesday night and marched to billets. Got there about four Thursday morning. Had breakfast and found out that we were in the wrong billets. Started at eight o'clock and got to a place near Ypres, and just preparing to bivouac at three p. m., when the Germans opened a fierce bombardment on the town. Then the order came to stand to. Soon the Germans were seen running. As they passed they shouted "Allemands, come four kilometers."

Then the order came "Fall in!" We were told the Germans had broken the French lines, and were able to outflank our fellows in the trenches. Then away we went at the double. We doubled the line to fix bayonets and prepare to advance to the charge and take two lines of trenches and recapture the guns in the woods.

We then advanced to a hedge. Behind the hedge and the first trench was an open field eight hundred yards across. As we started to go through

OPERA HOUSE

An ideal summer attraction is the Empire Musical Comedy Company which will open an engagement at the Opera House on Monday night and expects to stay for several weeks. Fun reigns supreme in their programme. A complete two hour musical comedy with a plot, in two acts, is given at every performance. Four matinee good comedians, a gingery, snappy chorus of pretty girls, all alive; a prima donna with a phenomenal voice, a wonderful toe and ballet dancer, a comedy quartette of male voices, eighteen real stage favorites in all make up the acting cast.

The company has several engagements of from six to eight weeks continuous to its credit during the three years it has been on the road, and lately has completed a long run at the Olympic Theatre in Boston. This in itself is a strong guarantee of merit as none but the best class of shows is ever booked at this theatre.

For the first week a matinee will be given on Wednesday and Saturday, also a special holiday matinee on July 1. There will be a complete change in programme commencing Thursday. Seats go on sale tomorrow.

AUSTRIANS ARE USING HUERTA'S RIFLES

Milan, June 25.—Several rifles captured from Austrians bear an eagle on a cactus leaf holding in its beak and claws a serpent. A round the eagle is the inscription: "Repubblica Mexicana." These rifles are said to have been ordered by General Huerta when he was President of Mexico, but remained in Austria, at

half way. Then came the Dublin Fusiliers and Connaught Rangers. Well they were regulars and had been in it since August. They were thirty Connaughts got to the trench.

We were relieved that night at twelve o'clock and got to the dressing station and half of the crowd were wounded, some in three places. They dressed up there and sent us away in motors, then to Boulogne, then to Bournemouth, and there to here. My arm is doing fine and will be O. K. in a week or so, when we get a week's leave, then back again.

RECENT DEATHS

Justice Lane

A telegram from Brockton, Mass., received yesterday by Robert Clarke, 806 Princess street, announced the death of his nephew, Justice Walter Lane, of the U. S. court a native of St. John. He died as the result of a serious operation for kidney trouble. He was only thirty-seven years old.

Miss Johanna Coleman, of Chatham, is dead, aged seventy-four years. She is survived by one sister, Ellen, and one brother, Patrick, both of Chatham.

John Gay, of Wheaton Settlement, is dead, aged eighty-six years. Born in England, he lived many years in P. E. Island. He is survived by his wife, one daughter and four sons. The daughter is Mrs. William Lutes, of Bangor, Maine. The sons are Joseph and William of Vancouver, Fred of Dedham, Mass., and Leonard at home. Mr. Gay was thrice married.

Mrs. Leslie Somerville of Stewarston, N. B., is dead, aged 83 years, leaving her husband and four children, the youngest an infant of two weeks.

The death of Miss Lydia R. Morrison, third daughter of the late John and Margaret Morrison, occurred yesterday at her home, 175 Paradise row. She is survived by two sisters and three brothers, Mrs. Sands, Mrs. Wilson and John of this city and Andrew of Moncton. The funeral will take place on Saturday afternoon at 2:30 o'clock at St. Paul's church where the service will be held.

FIVE BROTHERS RANK HIGH IN THE ARMY

Three Lieutenant-Colonels and Two Majors in Panet Family

One of the most remarkable Canadian "family records" on the active militia service is held by the Panet family of seven sons five of whom hold commissions of Major or Lieutenant-Colonel in either the Imperial or Canadian armies.

The oldest son of the family, whose home was Quebec City, is Lieut-Col. A. de L. Panet who is in charge of the ordnance stores for the 2nd Contingent at Exhibition Military Camp. He was formerly assistant superintendent of the Dominion Arsenal in Quebec and has seen 28 years in the service.

Another son is Lieut. Col. H. A. Panet who was commander of the Royal Canadian Horse Artillery at Kingston and Senior Ordnance Officer in charge of the R. C. H. A. Brigade with the 1st Canadian Contingent at the front.

A third son is Lieut-Col. A. H. Panet, Senior Ordnance Officer in charge of the Canadian Ordnance Corps at Halifax where he has the important duty of looking after the receiving and shipment of supplies at the winter port of embarkation.

Another is Major E. de B. Panet, who is a quarter-master General in the First Expeditionary Force now in France.

Major A. E. Panet, a fifth, has seen twenty years' service in Canada, India and Great Britain, and he is now with the Royal Engineers in the 84th Division of Kitchener's new army. He was called from India to London at the outbreak of hostilities.

The sixth and seventh sons of this distinguished family are in military life. The father of these five fighting sons was a military officer himself and held many important positions in the Canadian militia. He was Col. A. E. Panet, who was Deputy Minister of Militia and Defence at Ottawa for many years.

MANITOBA'S SCANDAL

Winnipeg, June 24—With its authority to compel the attendance of witnesses and the production of documents affirmed and ratified by an order-in-council, issued yesterday, the royal commission on the parliament building charges will at once have subpoena served on Thomas Kelly and other members of the firm of Kelly & Sons, contractors. This was made clear at the session this afternoon. C. P. Wilson, senior counsel for the Liberals, recalled the fact that early in May, F. H. Plippen, K.C., on behalf of Kelly, questioned the right of the commission to compel the attendance of witnesses. When Kelly withdrew from the commission and refused to produce documents the matter was temporarily allowed to rest. Since the powers of the commission have now been more thoroughly established Mr. Wilson announced that he intended to at once request that subpoenas be served on Kelly and some of his associates. Mr. Kelly, has on the advice of his lawyer, declared that he will resist the authority of the commission.

The examination of Hon. George R. Colwell and Hon. J. H. Howden was concluded today, and it is expected that Hon. Dr. Montague will be examined further tomorrow. Through counsel for the late government Dr. Montague expressed his readiness to take the stand, but his physical condition is such that if he desires it he will be permitted to

give his evidence in the privacy of his hotel apartment in half-day sessions. Hon. J. H. Howden's evidence consisted, in the main, of a complete denial of all knowledge of wrong-doing in connection with the parliament buildings. He testified that he never helped to raise the money to keep Salt away and that he did not hear anything from Horwood about the alleged robbery of M. G. Hook, in Ottawa. Mr. Howden told of carrying \$1,500 from Dr. B. M. Simpson to a solicitor, who was not named, for the defense of Horwood. Mr. Howden said that Dr. Simpson handed him the money at the Adanac Club, and the solicitor called at his office for it. Dr. Simpson, he said, was a personal friend of both Horwood and the solicitor. Mr. Colwell denied that he had any knowledge of any central campaign fund. In his campaign in Brandon he said he had no assistance from any such fund, if one existed.

It is expected that Sir Edmund Roblin will take the stand after Dr. Montague has been heard. Winnipeg, June 24—It was announced this afternoon that an order-in-council had been passed by the provincial cabinet appointing Mr. Justice Ferdue, of the court of appeals; Mr. Justice Galt, of the court of the king's bench, and Judge Robson, public utilities commissioner for Manitoba, as a royal commission to investigate the Fullerton charges. Justice Ferdue is chairman of the new commission. The date of its first meeting is not announced. The charges were made early in the week by C. P. Fullerton, K.C., that

members of the late Roblin government and the present Norris government had been concerned in a "deal" which fixed terms and conditions for the transfer of authority from the old regime to the new.

TWO NEW CASES IN WAR PRICES PROBE

Auditor-General Refers to Them in the Investigation Going on in Ottawa

Ottawa, June 24—The royal commissioner, Sir Charles Davidson, appointed to investigate war prices, began the probing process today in the house of commons room, where the public accounts committee left off last April. The probe was first inserted in the Garland case respecting the sale last August of field dressings and the drug store of W. F. Garland, Conservative M. P. for Carleton county. The evidence given before the public accounts committee was retraced. No new evidence of any great importance in this particular case was brought out today, but in giving his evidence Auditor-General Fraser incidentally referred to two new cases which he had stumbled upon and which will doubtless be further investigated. In one instance Thomas Bronson, an Ottawa retail druggist, had, according to Mr. Fraser, sold hospital supplies to the militia department at a profit of 100 per cent. The department had been written to about it but as yet there had been no reply. In another instance, Mr. Fraser said that MacKenzie & Company of Ottawa, druggists, had supplied the militia department with uniforms at prices said to be excessive and with a part, at least, of the contract sublet to another Ottawa firm, in the Garland-Powell drug case, which took up practically the whole of the morning and afternoon sittings, both before the public accounts committee last session, as to the excessive profits, aggregating over \$6,000 made by Mr. Garland's drug store which acted as "conduit" for the goods which the departmental officials thought were being purchased at about sales prices from Bauer & Black, of Chicago.

Powell's Profits "A Little High." Mr. Garland, himself, was one of the half dozen speculators at the inquiry today and his counsel, H. P. Hill, of Ottawa, called in defence an Ottawa druggist who declared while on some things Powell's profits were "a little high" there were other items on the list on which only a moderate and reasonable profit had been asked. The commission will hear further evidence on the case tomorrow after which the inquiry will turn to the militia department, purchase of binoculars.

The purchase of horses in Nova Scotia by DeWitt, Foster, & Co., M.P., will be gone into a little later and the commission will probably go to Halifax to hear the evidence. At the opening of the sitting this morning, Sir Charles Davidson, after the reading of his commission from the crown, declared that he would endeavor to have a full and free investigation "without fear, favor or affection." He intimated that the doors of the court "stand open for the reception and exchange of all worthy information as to malversations and wrong-doings."

John Thompson, K. C., of Ottawa, called for the crown to call the names of persons that would lead to disclosures of wrong-doing and declared he would place himself unreservedly at their service. He was prepared to bring forward all evidence of a reliable nature. Auditor-General Fraser, the first witness, said that the examination of war contracts was proceeding in his department up to the time but up to the present time he had nothing to disclose which should be brought to the attention of the commission other than the cases which he had already brought attention.

In answer to further questions, Mr. Fraser reiterated the evidence he gave last session regarding the Powell contracts. He repeated that Powell, on being notified of the excessive charges he had made, had reduced the charge for field dressings from 25 to 21 cents each. He declared again that Mr. Garland had called upon him and had stated emphatically that at 25 cents Powell was making a profit of five per cent, whereas his actual profit was 31 1/2 per cent. Eventually a refund to the extent of \$6,000 was made by Powell. All the correspondence regarding these questions was laid before the commission.

Expert's Views. J. Lorne Rochester, of Ottawa, who had twenty-five years experience in the drug business, declared that he had examined the invoices of the Powell contract and that he had bought goods for \$750 and sells them to the government for \$1,200, what would you say of the profit? asked Mr. Thompson. "I would depend upon the circumstances," said the witness. "But you know the circumstances," remarked the commissioner. "I would say it was a good profit," observed the witness.

For 1,500 packages of gauze \$441 was charged Powell, who charged the government \$784. What about this? asked counsel.

"I think it was a little high." Another charge of \$801 for gauze which cost \$84 was, in Mr. Rochester's opinion, a fair profit. Packages of silk ligatures costing \$897 and sold at \$676 was not exorbitant.

Another sale for \$323 of what cost \$294 was described as "high." However, the witness said he was making no charge for expense, which in the drug business often went as high as 25 per cent. In a case of this kind a fair profit on an agency would be between 25 and 30 per cent. That figure would not give a living to a retailer.

Mr. Thompson—"Have you ever heard of a case where the agent was a mere 'conduit pipe' and received 30 per cent?" Mr. Rochester—"I have never heard of such an instance."

H. W. Brown, militia department director of contracts, told of being approached early in August last by W. F. Garland, M.P., and W. J. Shaver, Canadian agent for Bauer & Black of Chicago, in reference to orders for surgical supplies. Shaver would not give a definite estimate of the cost of the goods, but stated that Ernest Powell would be the firm's Ottawa agent. Accordingly the order for field dressings was placed through Powell. After the first complaints had been made as to the high prices, Garland had called and assured Mr. Brown that Powell was only making a profit of five per cent, and then the bills had been certified to as being "fair and reasonable."

Mr. Brown declared that he thought the arrangement by which Powell acted as Ottawa agent for Bauer & Black was

merely as a matter of convenience for the firm and he understood that the department was practically dealing direct with Bauer & Black in getting supplies at regular wholesale rates.

Mr. Garland will be asked to take the stand before the inquiry is concluded.

RECRUITING FOR 55TH

Notes From Camp Sussex—Lieut. Thomas of 6th Mounted Rifles Tells of Valcartier

Owing to the rain which continued to fall in Camp Sussex as elsewhere the ordinary drill was not carried out yesterday and its place was taken up with lectures and other instruction. A route march was abandoned. The officers of the day were: Field officer, Major F. H. Rowe; orderly officer, Lieut. G. A. Walker; ration officer, Lieut. H. S. Murray. All the officers are now wearing their summer headgear in the shape of pith helmets and, with the exception of one who evidently attends motion pictures has nicknamed the helmets the "Perils of Pauline."

Several of the officers' wives are now in Sussex, including Mrs. G. H. Campbell, Mrs. R. A. Kirkpatrick and Mrs. B. Smith. Mrs. Kirkpatrick, the wife of the commanding officer, is expected at the end of the week. Every possible facility is given for the transmission of mails on the ground. Every train is attended and mails delivered with the greatest possible dispatch. All over the grounds mail boxes are to be found and from these delivery made at regular hours. At the post office tent stamps may be procured and money orders purchased. A capable officer for this work has been provided in Sergeant Theakston. Some idea of the volume of this branch of the service is found in the fact that about 800 letters are handled every day.

If Dominion Day give good weather conditions the men will have a big time. The sports will commence in the morning and be continued in the afternoon. The fact that Serjeant-Major Ford has this matter in hand is evidence that nothing will be spared to give the boys about sales prices from Bauer & Black, of Chicago. St. John Recruits.

Four men were sent up to the camp from St. John office yesterday. These were: Edward McCann, Biggan, Scotland; Frank Mason, St. John; James M. Humphreys, West St. John, and Don E. Russell, Australia. They left by the 6.10 p. m. train.

Recruiting for the battalion continues to along slowly but the material is good and the officers at camp have no reason to complain, they say, if it can be presented in the field. They would prefer to see the stream increased in order that the training may go on more quickly. With the time coming for summer work they are all anxious, when the present wet spell has passed, to get into the field with the camp which Camp Sussex offers such splendid opportunities.

While the 55th Battalion are thus doing well at Sussex the other New Brunswick unit, the 8th Mounted Rifles, at Valcartier are also getting on splendidly. Lieut. B. A. Thomas, of the "B" (St. John) Squadron, who was in the party on furlough yesterday, reported that the camp was first class and the St. John and New Brunswick men in the unit were enjoying their life there immensely. The material is all right and the men when the camp was first formed last fall by an artillery battery. The water supply and the number of semi-permanent buildings there give the impression of a permanent camp. The unit is armed with excellent rifles but it is hoped that soon the regulation Ross rifles will be available for target practice.

A rear company has been left at Amherst and as the squadrons of the regiment still require a few recruits they may apply to Lieut-Col. B. R. Armstrong at the armory in St. John and will call on Lieut-Col. B. R. Armstrong at the armory in St. John and will call on Lieut-Col. B. R. Armstrong at the armory in St. John and will call on Lieut-Col. B. R. Armstrong at the armory in St. John.

St. George, June 24—There was a splendid recruiting meeting at the Couette hall this evening, when seven recruits were secured for the 55th Battalion. These were: Bruce McVicar, George McDougall, R. Gordon, John F. Vaughan, Henry Vaughan, Walter Bowen and Fred McDougall.

PEOPLE OFTEN SAY

"How Are We To Know When The Kidneys Are Out Of Order?"

EASIEST THING IN THE WORLD!

The location of the kidneys, close to the small of the back, renders the detection of kidney trouble a simple matter. The note of warning comes from the back. The kidneys become overtaxed and fail to do their work at nature's call. Backache is the signal sent out by the kidneys the minute they become overtaxed. Those who heed the warning when it first comes, usually have but little trouble.

The danger lies in delay. Doan's Kidney Pills stimulate the action of the kidneys, and enable them to perform their duty perfectly. Mrs. Greig Murphy, Lower Ship Harbor East, N.S., writes: "I have used Doan's Kidney Pills in my family with great success, and don't think there is a better pill for the kidneys. I was very miserable with my back, and could hardly get about. I got a box, and tried them, and found that they were really good, so I took in all about six boxes, and soon found my back cured, and my kidneys as well as ever."

Doan's Kidney Pills are 50c per box, 3 boxes for \$1.25; for sale at all dealers or mailed direct on receipt of price by The T. Millburn Co., Limited, Toronto, Ont.

When ordering direct specify "Doan's."

INTERNATIONAL LEAGUE

At Montreal, June 24—Montreal pitcher won today and made good with the winning run, after Good's infield out had put him on third, Chicago defeating St. Louis, 14 to 13. The game was a wild exhibition of baseball, with plenty of hitting and errors on each side. The score: Philadelphia, 14; St. Louis, 13.

July 1. Rumor had slated Wannamaker for the Giants, but he has dodged any charge of professionalism being preferred against him by postponing definite negotiations with the New York club until the completion of Dartmouth's schedule.

Will Not Trade Magee

Manager Stallings of the Boston Braves denies that he is going to trade Magee. He branded the story emanating from St. Louis as a falsehood. Various new additions to the Braves' list of players for trying out purposes reported to the club this week. They comprise the Shannon twins, Maurice and Joe, and "Rube" Cram. The two former players are mere kids in age and cannot be sold apart. Both are red-headed, one being an infielder while the other is an outfielder and first baseman. The latter made a hit with Boss Stallings by the way he stands up at the bat. At Seaton Hall, the Orange, N. J., prep school, Maurice hit for .408 while Joe made his 67.

Jack Dunn, manager of the Richmond Internationals, was after both boys, but President Coffey of the Boston club won out. It is intended to find a good minor league berth for the pair after Manager Stallings has given them a good looking over.

Star Negro Pitcher

The unwritten law that a negro cannot play in the major leagues has kept at least three promising pitchers from taking the little hillock in the grounds where the people look down from all sides. Donaldson, Kansas City senior pitcher, pitched thirty innings without allowing a hit or a run. When McGraw saw Donaldson pitch in Cuba, he said "If the unwritten baseball law did not bar negroes from the major leagues or if Donaldson were a white man, I would think I was getting a bargain at that." In addition to his record of no hits or no runs in thirty innings, Donaldson has struck out twenty-five men in a twelve-inning game, more than two strikes-out an inning.

Wickware, a Chicago semi-professional

Wickware, a Chicago semi-professional, struck out nearly 200 batters in 30 games. In one game he fanned 15 batters in his last 20 games he allowed on the average only 2 runs to the game. He throws what is known as the "bean ball," a shot that darts straight for the batter's head and then swerves to cross the plate. Cuba has another negro pitcher, Mendez, who is known in Havana as "Black Matty" because he pitches like Matthew.

Toronto Club Hard Hit

The Toronto Ball Club has been hit hard by the Federals, the latter taking away Benny Meyer, "Bill" and Hugh Bradley, Eddie Holey, "Dionny" Heane, Clinton Rogge, Bert Maxwell and "Roxey" Roach. Perhaps no other minor league in the country has been hit so hard as President McCaffery and his associates, but the local club is still supplying good baseball to its patrons, and today has nucleus of one of the best teams in the International.

Wiltse Released

New York, June 23—George Wiltse, former left-handed pitcher of the New York Nationals, was today unconditionally released as manager of the Jersey City club of the International league. Wiltse was made manager of the club last winter. It is said that President Barrow has been dissatisfied with the poor showing made by the Jersey City club. Joe Veegar, an infielder, procured from the Montreal club, is acting manager.

Harvard Wins Series

Harvard won the series with Yale by adding a 5 to 2 victory at Cambridge on Wednesday. It was a sixth inning success. Johnson backs Toledo Team. Toledo, O., June 22—President Ban Johnson, of the American League, will purchase \$25,000 worth of stock in an American Association Ball Club for Toledo, if local business men will raise the remainder of the amount necessary to obtain the Cleveland team. Johnson made this offer while attending a banquet tendered him and President Tetter of the National League here last night.

Diamond Sparkles

Some of the National League clubs are below the twenty-one player limit and plan to cut the squad still lower. The managers say they can get along with fewer men. Pat Moran has a rule that the Phillies when on the road must be out of the dining room by nine o'clock each morning. Frank Chance had a similar rule. Some managers allow the players to get up and eat at any hour up to noon. Casey, the Providence catcher, leads the Internationals in slugging. He boasts of a .41 average. Gilbooley, a former Yankee, is hitting for .385. Frank Treasdale is in the 200 class with 207. George Stallings apparently made a good transaction when he secured Ragan from the Robins. Pat has won five games and lost but one this year. He is the winning twirler on the Braves' staff to date. It may be all right to call Jackson

OFFICIAL PHOTOGRAPHS OF DARDANELLES EXPEDITION

The S. S. River Clyde, which, loaded with troops, was run ashore on the beach Seddel Bahr. She is now known familiarly as "The Wooden Horse," in allusion to the famous and somewhat similar expedition of the Greeks at Troy.

Boxer who knows how to hit does not need bandages

The trouble is that some scrappers do not know how to deliver a blow so that they will not hurt their hands. Exceptions to Rule. How long does the average boxer hold his best form? As a rule, it depends on his defensive skill whether the period of his greatest earning power is long or short, but there have been many notable exceptions, writes Fred Keats in the New York Evening Sun. Such men as Battling Nelson and Jim Flynn who know nothing of the defensive tactics, are prominent among those who have lasted longer than usual. Leach Cross is another of those who refute the belief that the boxer who is easy to hit cannot remain near the top for any length of time. In a way, Cross' endurance is even more remarkable than that of Nelson and Flynn. The detail is a lean, emaciated, sallow complexioned fellow, whose appearance seems to indicate that he has just recovered from a long, wasting illness. Yet Cross has taken part in more battles than any other lightweight now in the ring for any length of time. In a way, Cross' endurance is even more remarkable than that of Nelson and Flynn. But Two Classes in the World

One Germans, the Other Human Beings, Declares Kipling. London, June 25—In a speech today at Southport Rudyard Kipling divided the population of the world into two classes—human beings and Germans. He said that the Germans are determined to continue their lust for killing until they have imposed themselves over all humans. If the allies are beaten, he declared there will be no spot left on earth where the domination of this enemy may be escaped. It is childish to suppose, he continued, that the western hemisphere will offer a refuge. If the Allies are defeated it will not be necessary for Germany to send a single battalions across the Atlantic, he declared, for the German orders would be obeyed forever. Civilization would be bankrupt, while Germany, acting as the receiver, would be able to take the western hemisphere was taken over with the rest of the wreckage. He said that he does not believe as some do that Germany as a force will

Cost of Living is Doubled in Berlin

Food Prices Are Going Up Steadily Throughout Germany. London, June 25—The newspaper reader of Canada can gather a very mixed idea as to the real conditions of life in Germany if he reads the various accounts given by neutrals who from time to time come away and give an account of their political experiences. The following prices are taken from the official Deutscher Reichsanwalt and Statistische Korrespondenz in the case of Berlin, and the weights given according to consumption data, derived from German sources. Retail food prices in Berlin in March were up 50 per cent, compared with twelve months previously. On potatoes the rise was as much as 180 per cent, on split peas 200 per cent. Other big increases in retail prices were 45, 178

REV. DR. PRINGLE NOW WITH HIGHLANDERS

Arthur L. Fraser of No. 5 Co., Divisional Train, Writes of Meeting Him in Camp in England

Some glimpses of their camp life in England are given by Arthur L. Fraser, who left with No. 5 Company, divisional train, in a letter to his uncle, W. J. Fraser, of this city. Since landing they have found weather variable, some days very hot and others cold, with ice forming on two occasions. After their transfer from the huts at Sandling Camp they are located in tents and find them quite comfortable. English scenery and the location of the towns and villages strike the Canadians as peculiar; they strike them as funny little places and the way they run into a town every few miles as striking contrast to less thickly populated districts of Canada.

Mr. Fraser speaks of seeing Rev. Dr. Pringle, who left Sydney, C. B., as chaplain with the first contingent. He is now attached to a Highland regiment, wearing the kilts and looking fine. The writer was planning to spend the following Sunday at Shoreham with Dr. Pringle. The men have been getting leave to visit London and he expected to get a few days for this purpose soon.

Their camp includes No. 6 Company, C. A. S. Co., from Montreal, and the reserve park from Montreal and numbers about 600 men. It is surrounded by many others and the tents and metal huts can be seen for miles on every hillside. The nearer camps are occupied almost entirely by Canadians. He speaks of the arrival of the 29th N. S. Battalion in Sandling camp and finding many old friends in the crowd.

So far the divisional train has had little to do, as they have been held up waiting for trains and harness and their real work will commence as soon as their equipment is complete.

PROPOSE TO MAKE THOROUGH CANVASS

All Lancaster People Who Can, Likely to be Asked to Make Monthly Contributions

Last evening the Lancaster Community Council met in the Provincial Hospital and representatives were present from the Lancaster Red Cross Society, which has been doing such effective work since organization.

At a previous meeting the Community Council had decided to send a delegate to meet the ladies of the Red Cross Society, with an offer to assist in raising needed funds. The matter has been more or less discussed since and last night's meeting was a joint one to consider ways and means.

It was pointed out that the war was likely to be long drawn out and the public generally must expect to be called upon to contribute both money and effort in a larger measure than hitherto. Not only should the women of the parish be banded together in united service, but the men must come to realize that they have responsibility.

In New Brunswick the war had thus far not seriously affected living conditions as a whole and there was a tendency to accept present circumstances with a care free manner, going our usual ways, taking our accustomed pleasures and not thinking enough that the men on the firing line were fighting for the maintenance of the very blessings we enjoy. It is for every man and woman in the community to do their part of sacrifice in appreciation.

Several ladies and gentlemen spoke of the arrival of the 29th N. S. Battalion for steady income through spasmodic channels such as picnics, entertainments, etc., and it was suggested that a permanent plan be adopted that would include everybody in its scope.

Various methods and details were talked over and finally it was considered most desirable to organize the whole parish for a collecting campaign on a thorough scale, each person being asked to subscribe so much a month and a collector will call regularly for the amount promised.

Districts and streets will be marked off and ladies are each to control their own sections. Every home and each of its members of earning capacity will be interviewed, including the young men who usually escape levies of this sort.

The meeting was enthusiastic and the ladies will report on the scheme to a meeting of the Red Cross Society on Monday afternoon next.

Preliminary work, such as dividing up the districts, securing of names, etc., will all be done by the men, while solicitation and collecting funds is to be in the capable hands of the ladies.

The combined efforts of the two local organizations should make quite a stir in Lancaster, which has already sent a good number of sons to the colors. The meeting last evening was enthusiastic and it is felt that the public are coming to see more clearly that steady, regular giving by everybody, whether in large or small amounts, will be necessary to meet the strain of enormous expenditure brought on by the war.

A COURT INCIDENT

Magistrate Allingham of Fairville Remains in Circuit Court Room After Threats of Ejection

A peculiar incident occurred this morning in the court room of Justice Crockett where a criminal case is being heard with closed doors owing to the nature of the testimony. When the public is excluded and only witnesses and officials allowed in court, an exception is made in the case of magistrates.

Magistrate Allingham of Fairville went to the court room door and was about to enter when he was warned by a constable. The magistrate replied that his official position gave him the right of entry, and directed the constable to notice to that effect posted nearby. Mr. Allingham then entered the court room. Soon afterwards the court clerk requested him to go out. He said briefly that he believed he was within his rights and would remain. Another constable approached and said the attorney-general wanted him to go out. The magistrate against stated his belief he was within his rights and remained, and said he would stay until he was removed if any authority thought it necessary to force him out. He then remained undisturbed for some time and finally went away on his own accord. Outside the court room a constable volunteered the information that he would not be allowed to go in again while the magistrate remained. Outside the court room, Mr. Allingham retorted that he would go in again when he wished. In conversation afterwards the magistrate questioned the right of the attorney-general to take any action in the matter, and said he would stand upon his rights as a magistrate at all times.

MR. FLEMING'S CONDITION
A Woodstock despatch says that Hon. J. K. Fleming has been seriously but not dangerously ill, and that he is improving noticeably. He is able to go out in a motor car on every fine day, and his friends are now most hopeful of his complete recovery.

HER 80TH BIRTHDAY

A happy event took place at Upper Jemseg at the home of Rev. I. B. Colwell on Wednesday, the 22nd inst., when Mrs. Mary Hanspacher, mother of Mrs. Colwell, celebrated her 80th birthday.

She was happily surprised when the steamer May Queen arrived bringing her children, including Captain and Mrs. Allen Hiler and Mr. and Mrs. Oller Hanspacher of St. John, Mrs. J. F. Estey of Keswick, Mrs. F. S. Murray of Fredericton, Mrs. E. C. Williams of Browns Falls, Allison Hanspacher of Jemseg, Byrd Colwell of Jemseg, Mrs. Harold K. Olmstead and Miss Theresa Colwell of St. John, grandchildren, and Baby Phyllis Olmstead, great grandchild, were also present.

The house was beautifully decorated with ferns, roses and carnations. A pleasing feature of the day was that Mrs. Colwell's birthday was celebrated at the same time. The grandchildren number fifteen and there are eight great grandchildren.
