Dance at "The Plaza" tonight.

**C. P. R. SUBURBAN SERVICE**

Effective on Monday, May 2, partial suburban service will be inaugurated, train No. 180, arriving in the city from Welsford at 7:00 a. m. (Atlantic time). Train No. 127 will leave St. John for Welsford at 6:10 p. m. (Atlantic time). With the exception of Saturdays, May 14 and 21, this train will be cancelled and suburban sent out leaving the city at 10:15 p. m., instead of 6:10 p. m. This arrangement on account of stores being open late during said period.

In addition, there will be noon suburban on May 7, 14 and 21, which will leave St. John at 1:20 p. m. (Atlantic time) for Welsford, returning to the city leaving Welsford at 2:30 p. m.

The above service will be in operation until May 22, after which date practically the entire suburban service will go into effect. The mid-day train running on Wednesdays and Saturdays until July 1, when it will run daily except Sunday.

The Company desire to have their patrons note that suburban trains will be adjusted after May 22 to conform with Daylight Saving Time. 5-1.

**FIVE EXPERTS' HERE**

In our selling staff we have five holding Dr. Scholl's certificates certifying to their ability in fitting and care of feet. We can give you comfort. Waterbury & Risning, Ltd. Try us. 4-23

### BIG ANNUAL EVENT

Hunt's spring sale of clothing and furnishings begins tomorrow morning at 9 o'clock and will continue for two weeks. Every line of merchandise in this store was reduced at time of stock-taking to present day prices and during this sale still greater reductions have been made from the already reduced prices and you will be able to purchase your spring and summer requirements at pre-war prices. See ad. on page 14; also all windows. Hunt's Clothing Store, 17-19 Charlotte street.

### TIME CHANGES ON CANADIAN NATIONAL LINES

Effective May 1 New Time Table Will Be Issued—Sunday Train to Moncton—Double Service to Prince Edward Island.

Changes of time schedules effective May 1 on the Canadian National lines affect only a few of the trains in and out of St. John station.

The double daily service to Prince Edward Island will start on Monday, May 2, and connections for the first trip of the steamer will be by No. 18 train leaving at 7:10 a. m. and connecting at Sackville with train for Tormentine leaving at 1:15 p. m. No. 14 train, which will leave at 1:30 p. m. instead of 1:40 p. m. will connect at Moncton with No. 2 Ocean Limited, and connection is made at Sackville with train for Tormentine leaving at 8:25 p. m. instead of 8:35 p. m. No. 19 train, the Maritime express, connection from Moncton, will arrive at 1:45 p. m. instead of at 1:15 noon.

The Sunday trains between St. John and Moncton will be restored. No. 80 will leave St. John (Sunday only) at 9:00 a. m., arriving at Moncton at 1 p. m., making all local stops. No. 49 will leave Moncton at 4:45 p. m. and arrive in St. John at 8 p. m. These trains afford connection at Moncton on Sundays with the Ocean Limited both for Montreal and for Halifax.

Other trains are unchanged. The suburban trains will run one hour earlier on and after May 21 on account of the daylight saving time. 5-6

### MORE PROFITS FROM CANTEENS REACH CANADA

Ottawa, April 26—About a half million dollars came into Ottawa today when a package of \$130,000 was received by the Receiver General. This money is the second installment of Canada's share of the expeditionary force canteen profits. The former shipment amounted to nearly one million dollars. There is still about a half million dollars to come. This money is not a part of the army and navy canteen proceeds. The canteen profits of the Canadian Expeditionary Force were derived from the canteens situated in France, Salonica, Egypt, and other actual theatres of war.

## Perry Case Postponed Till Friday

(Canadian Press Despatch.)

Yarmouth, N. S., April 26—Mrs. Clara Elizabeth Perry, charged with the wilful murder of her husband, the late Captain George H. Perry, on Feb. 26 last, was again remanded to jail, when she appeared before Stipendiary Magistrate Peiton today to hear his decision as to whether the evidence produced by the crown at the recent preliminary hearing in the case was sufficient to warrant her trial on the charge. The stipendiary announced that the court stenographer had finished transcription of the evidence and he would, therefore, refrain from announcing a decision until 10 o'clock next Friday morning.

## SEES PROSPECTS OF NEW INDUSTRIES

That negotiations were under way for the purchase of land on the east side of L'Etang harbor on which oil tanks would be erected was the report that was brought to St. John yesterday by Lewis Connors, who has just returned from a two-weeks' trip to Charlotte county, Mr. Connors said that interests were inquiring for a site, the object being to store all the fuel for the fleet, and also for refining purposes.

Another industry that inquiries are being made about, said Mr. Connors, was the erection of a plant at L'Etang for the manufacture of cement. There are vast quantities of lime in the vicinity which would make the finest of cement. If investigations prove satisfactory, Mr. Connors said, before long, it was expected, large works would be erected at L'Etang.

## REVOLUTION PLOT IS NIPPED IN BUD

Former Gunboat Harrier Seized by Customs Officials When About to Sail.

London, April 27—A reputed plot for a revolution in Nicaragua has been frustrated here by British customs officials who have seized the former British gunboat Harrier just as the vessel was about to sail.

The moving figures in the alleged plot is added, were two Venezuelan generals who had been very active between London and Paris. They were shadowed for months.

The Harrier was seized at her Swansea dock with papers declaring her destination to be Bluefield, Nicaragua, but it is believed the vessel was intended for a revolutionary gun-running expedition. A warrant was nailed to the mast declaring the vessel was "fitted to be used against the dominions of a friendly state."

The Harrier, which was purchased from the board of disposal for \$200,000, was found loaded with a quarter of a million dollars' worth of guns and ammunition. She flew the Nicaraguan flag.

## COIN FOR TWO YEARS IN THROAT REMOVED

Scranton, Pa., April 27—From the esophagus of a thirteen-year-old girl, Drs. F. J. Bishop and F. P. Hollister, local surgeons, have removed a silver quarter that had been embedded beneath the girl's breastbone for more than two years. The operation was performed without the use of the knife, the surgeons making use of a ten-millimeter rubber tube with an electric light attached at its lower end. This was forced down the girl's throat and the electric light used in connection with it revealed the blackened piece. When the coin had been located the doctors introduced forceps and extracted the quarter.

## SEVENTY-THIRD BIRTHDAY.

A large number of friends of Mrs. Elizabeth Clark assembled last evening at the home of her daughter, Mrs. Lewis Akerley, 174 Adelaide street, to honor her on the occasion of her seventy-third birthday. Refreshments were served and a very enjoyable evening was spent by the party, who all joined in wishing Mrs. Clark many more years of happiness. Mrs. Clark was made the recipient of several gifts, among them some substantial cash presents.

### NOTICE TO THE PUBLIC!

After the first day of May the electric business I have been conducting for the past three years under the name of the Jones Electric Co. will be known as the Baird Electric Co. Thanking the people of St. John for the generous patronage they have given me in the past three years and for future business,

I remain respectfully yours,

H. D. BAIRD

Shop Address: 129 Union Street Telephone No. 2801 5-2

The Board of School Trustees of the City of Moncton will receive tenders up to 12 o'clock noon of May 2nd, 1921, for a \$50,000 issue of School Bonds payable in fifteen years with interest at six per cent per annum, payable half yearly. The highest bids for any tender not necessarily accepted.

AMOS O'BLINES, Secretary.

25779-4-30

### AT 60-MILE CLIP TRAIN CRASHES THROUGH STATION

Cornwall, N. Y., April 27.—The railway depot at Erwin, N. Y., a short distance from here, was completely demolished when a fast Erie Railroad passenger train from Cleveland to New York crashed through it. Only one man, John J. Delaney, a Buffalo baggageman, was injured.

A spreading rail was believed to have caused the wreck, which dented six cars containing 75 passengers.

After tearing through the station, the cars piled themselves against an embankment, all standing upright. This was believed to have prevented loss of life and serious injury. The train was said to be running more than sixty miles an hour at the time.

## The Barnet Refrigerator

Of all articles of home equipment the refrigerator stands second to none in importance. Its selection should be made only after the most careful study.

The Barnet has repeatedly demonstrated its superiority to such good effect that it is today conceded to be North America's finest household refrigerator. It is in active demand all over Canada, as well as in the United States and Great Britain. And it is made in Canada by Canadian workmen with Canadian capital from Canadian materials.

The outstanding feature of this splendid refrigerator is that it is

**ALWAYS CLEAN AND SWEET—**

No foul odors; no heavy gases; no stagnant air. The Barnet preserves foods in all their freshness for astonishingly long periods. Furthermore one food will not taint another. No more milk reminiscent of fish—no more butter unpleasantly tainted with onions. Everything kept sweet and fresh-flavored, thanks to the Barnet's improved Syphon System of Air Circulation and Ventilation. In consequence, the interior is always bone dry—so dry, in fact, that matches may be kept there for long periods and then lighted on the walls of the ice chamber.

Sizes of Barnet Refrigerators in Stock:

No.	Width Outside.	Depth Outside.	Height Outside.	Provision Chamber.	Ice Chamber.	PRICE.	Ash.
1	35"	20 1/2"	41"	15"	11"	\$ 65.00	\$ 70.00
2	38 1/2"	21 1/2"	45"	17"	12"	75.00	80.00
2 1/2	35"	20 1/2"	50"	15"	11"	80.00	85.00
3	41"	22 1/2"	50"	18 1/2"	13"	95.00	100.00
3 1/4	39"	21 1/2"	55 1/2"	17"	13"	100.00	105.00

Before coming to any decision when considering the purchase of a refrigerator you owe it to yourself to see The Barnet.

The Evening Times and Star

ST. JOHN, N. B., APRIL 27, 1921.

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

TROUBLE IN YORK.

The Standard appears to have nosed out a scandal of some proportions in York county. It says that on Feb. 10 Mr. A. R. Slipp, K. C., was asked by Ottawa if he would accept the county court judgeship, as Judge Wilson had reached the age of retirement.

"Why was Mr. Slipp so urgently called by wire in the middle of February, and Judge Wilson so summarily retired on March 8th, for what now looks like no apparent reason? If there really was no urgency, it was a peculiar course for the department of justice to take; if there was urgency, what 'essed' the situation?"

ANGLO-AMERICAN FRIENDSHIP.

Probably no address of the many delivered before the Canadian Club in the past year appealed as closely in a personal way to the members as that of Dr. H. L. Spangler last evening. His subject was British-American friendship, and he is an American who has lived in St. John for more than a score of years.

Here we have the significance of the human element emphasized as the agency to bring conditions to a normal state where business will be largely converted into industrial activity, and social stability return to the world.

The Canadian Club of St. John made a new record in membership during the past year. The slogan for the new year is one thousand members, and it is not at all unreasonable.

MAN AND HIS JOB.

Mr. James S. Alexander, president of the National Bank of Commerce in New York, declares that "the rebirth of normal business awaits a new attitude of man toward his job."

"Never before in the history of the world has there been such a universal and profound change in human conduct as we have seen in the period since the world war began. Never before has human conduct produced such variations in business away from what we are accustomed to consider a normal course."

THE BRITISH WAY.

Here is a brief extract from the London Times which speaks volumes: "We suggested that America should lend directly to France and to Italy instead of lending to them through us."

In a plea for intelligent and constructive criticism of public affairs rather than that which is chiefly destructive, Canadian Finance says: "Good criticism must be based on an intimate knowledge of the thing criticised, it must be moderate and based on a genuine desire to assist. When it finds fault it must include a remedy."

USE The Want Ad Way

P. E. I. LEGISLATURE

Nearing Proration Time—Some of the Matters Taken Up.

Charlottetown, P. E. I., April 27.—The Legislature of Prince Edward Island, which began its session on April 10, is now nearing prorogations. The legislative programme, not a particularly heavy one, included a bill extending the franchise of the Prince Edward Island Telephone Company for five years under certain conditions.

There was a lengthy debate on the resolution regarding the fisheries, which were declared to be in a precarious condition. A portion of last season's lobster pack went bad and the reason advanced by some packers was that regulations which went into effect last year required that six ounces of meat be put into an eight ounce can with the result that there was not sufficient preserving fluid contained in the cans.

A resolution may be introduced entering the government to sell the Dalton Tuberculosis Sanatorium, with due regard to recompensing Sir Charles Dalton, a wealthy fox-rancher who erected it at a cost of \$38,000 and turned it over to the government on the understanding that the province maintain the sanatorium.

**GIRLS EXCEEDING THE SPEED LIMIT**

Sixty Deans of Schools for Women in Illinois See Need of Instituting Reforms.

Chicago, April 27—College girls are exceeding the speed limit. So say sixty deans of schools for women scattered over Illinois, who are in conference at the Northwestern University.

Two things were dwelt upon which in their view have reached the "irreducible minimum," short skirts and short sleep hours.

The deans did not make any hard and fast rules, but after discussing the reports they decided a reform as necessary and that a uniform standard of dress should prevail. This resolution, which was sent to the parents of every girl, was adopted:

"It is necessary for the health, the mentality, the social clear-sightedness and the spiritual development of our girls, that their relaxations should be fewer, with shorter hours, better chaperoning and simpler dress; that holidays, week-ends and longer vacations should not be made exceptions; that the present tendency to let a young girl try everything and know everything by considered dangerous; that good times be provided sufficient in number and yet simple in type to gratify the natural desires of a girl, and that we earnestly ask the fathers, mothers, guardians and teachers of our girls to help us maintain these standards."

The woman deans, discussing the code behind closed doors, admitted that the modern girl is giving a bit of anxiety.

"But we are still optimistic for the future," declared Dean Mary Ross Potter of Northwestern University.

"The girl of today cannot be judged by the old standards, either of dress or actions. She is forced to assume responsibilities much earlier in life. For a reason vocational guidance is an important essential."

**REV. DR. MYERS SAYS GIRLS ARE GOING TO RUIN**

"When I see a woman immodestly dressed in any public vehicle she can stand till the crack of doom," declared Rev. Dr. Cortland Myers, in his sermon at the Tremont Temple last night.

"I can show herself off better when she stands anyway. Just

THREE STORES

give them the once over, and if they have the modesty and the virtue they should, they have my respect and they may have my seat, but the other kind never will again."

Dr. Myers was talking on the subject: "Are the young women of today going to ruin faster than the young men? How many are 'going it blind?'" He concluded on the whole that the young women were going to ruin faster than the men and that none of them were doing it blindly.

"When I began preaching it was thought necessary to preach to the young men; today the thing is reversed, there is more necessity to preach to young women than to young men. Would to God that I had the power so to speak that they would turn around in life's pathway and go in the opposite direction. They are tramping on purity, modesty, virtue and all the sweet and delicate things of life.

"I think the young women of today are less wise and less careful in their choice of companions than young men. There are many thousands of young men today, still accepted in good society, who are moral lepers, but the young women are willing to be seen in their company."

He attacked the way women dress, asserting that they are being treated just as they deserve when they have lost the sense of purity and modesty for which man formerly respected women.

"The young women know more than they ought to know and still, amazing as it is, they are going right on to rack and ruin—and the young men are going on after them as rapidly as they can."

Many friends in the city will learn with regret of the death of James Collins of Melrose (Mass.), which occurred on April 22. He was formerly a carpenter at South Bay for many years. Mr. Collins is survived by two daughters, Mrs. Edward Coyle of Melrose and Miss Alice of San Francisco; two sons, Thomas, of Boston, and Henry, of Brooklyn (N. Y.); and one sister, Mrs. Catherine O'Donnell, of Ferrisville, Queens county (N. B.).

The many friends of Thomas Earle, a well known farmer of Passakeag, N. B., will be grieved to learn of his death which occurred on Monday at the Monse, Lansdown, (N. S.). The late Mr. Earle had been for many years a well known resident of Passakeag and last year he left with his wife, for Lansdown, to take up his residence with their son, Rev. A. M. Earle. He leaves two sons, Rev. C. A. M. Earle, of Lansdown and Rev. Bayne Earle, who is also in Nova Scotia; also one daughter, Miss Mabel Earle, now in Ontario. The body will be brought to Passakeag for burial and the funeral will take place from his late residence there on Thursday afternoon at 2 o'clock.

Mrs. Annie Courts of St. George died at the Chipman hospital, yesterday, after a brief illness. She leaves one daughter, one son, two sisters and two brothers.

Eldon Wasson of Salmon River died suddenly at Chipman on last Friday. He had been in apparently good health, but took ill suddenly and his death followed soon afterward.

The W. M. S. of the Exmouth street Methodist church at its meeting yesterday afternoon opened the nile boxes which were found to contain more than \$60. Mrs. George F. Dawson presided and after the opening devotions read a very interesting paper on the beginning of missions which had been written by her mother, Mrs. Huestis, fifteen years previously. A social hour, during which refreshments were served, closed a successful meeting.

The Stenards had a treat in store for music lovers and regaled with a variety of xylophone selections. Some of their renditions were tuneful and introduced the popular "jazz," while others were compositions from famous musicians. Their solos and duets were very pretty and they were forced to respond to encourage.

Jean Barrios in "Song Impersonations" made quite a hit. The act is a "surprise novelty" and must be seen to be enjoyed. It is a clever one.

In addition to these stellar vaudeville attractions there were another episode of "Fighting Fate," featuring William Duncan and a Pathe Weekly teeming with interesting current events. This programme will be repeated tonight and again on Thursday afternoon and evening and is expected to attract capacity houses.

**NEW ACTS MAKE A DECIDED HIT**

Program at Opera House Has a Varied and Brilliant Array of Talent.

The new attractions at the Opera House yesterday afternoon and evening evidently struck the fancy of local patrons for every act was received with hearty and prolonged applause.

There was a pleasing variety of talent, combining acrobatic feats, which called for exceptional skill and strength classed and jazz selections on a xylophone; a bright and cleverly enacted comedy skit; and dancing of a variety and brilliantly which made a real treat.

An aerial offering of Althea Lucas and company was one of the best of its kind presented for some time. Both kind presented were skilled performers and executed many difficult and thrilling feats with an ease which was astounding.

Their performance was greeted with hearty and well merited applause.

Louis Berkoff and Sister Freda scored a hit in an European novelty "A Terrible Russian Fantasy." Their dancing was graceful and highly entertaining and their novel stunts and figures held undivided interest. Their efforts evoked hearty applause.

Law Lehr and Nancy Belle gave a clever and amusing interpretation of the novel "Making Up." The male member of the duo was a comedian and his antics evoked hearty laughter, while his partner sang in a most acceptable manner and also contributed in the fun-making. They made a hit.

The Stenards had a treat in store for music lovers and regaled with a variety of xylophone selections. Some of their renditions were tuneful and introduced the popular "jazz," while others were compositions from famous musicians. Their solos and duets were very pretty and they were forced to respond to encourage.

Jean Barrios in "Song Impersonations" made quite a hit. The act is a "surprise novelty" and must be seen to be enjoyed. It is a clever one.

In addition to these stellar vaudeville attractions there were another episode of "Fighting Fate," featuring William Duncan and a Pathe Weekly teeming with interesting current events. This programme will be repeated tonight and again on Thursday afternoon and evening and is expected to attract capacity houses.

F. W. Daniel & Co.

Sturmer's boarding house, No. 14 Barington street, opposite the Parade, and announced in an advertisement that he would paint portraits in oil and miniature, at his studio, in the above-mentioned boarding house. On the 6th of July of that year (1819) he opened a class for teaching the principles of landscape and figure drawing at Mr. Burns' English and Commercial Academy, No. 1 Cheapside, opposite the north-west corner of the Province Building. Firing of Halifax or impelled by a love for roving, we find him at St. John, N. B., about the year of 1822.

Robert Foulis was born in Glasgow, Scotland, on the 5th May, 1786. His father, Andrew Foulis, was the successor to that celebrated firm of Glasgow publishers, Andrew and Robert Foulis, which produced so many beautiful and accurate editions of the classic authors.

After passing through the usual school course he was sent to the university of his native town, where for some time he lent his energies to the study of surgery. Unfortunately, his strength was overtaxed and he was forced to abandon further study until his health should have improved. A friend of the family, who owned vessels, gave him an opportunity for a sea voyage. This opportunity he embraced, and joined a whaling expedition as surgeon. Returning he apprenticed himself to a relative named Thompson, who was engaged in the engineering business. On becoming a journeyman, he removed to Belfast, and married a Miss Latham, by whom he had one daughter. After the death of his wife, he decided to take passage for America, and locate in the State of Ohio.

The vessel encountered very rough weather on the voyage out, and eventually was wrecked on our coast. Foulis found many friends in the town of Halifax among the Scottish immigrants, many of whom were men of means. There he remained until the year 1822. Abandoning the vocation of painting in the year 1825, he started the first iron foundry in New Brunswick—corner of Prince, William and Duke streets, St. John. His operations were on a small scale; it is true, but he was the first melter of iron in the city and province, and the premises were subsequently enlarged to accommodate an extensive foundry business by Thomas

C. Everett and others. In 1826 the provincial government, having in view the development of steam navigation to the trade connected with the upper portion of the St. John river, determined to institute a survey from Fredericton to Grand Falls. Foulis was appointed to carry on the work, received his instructions 21st June, 1826, and 21st August, precisely two months after he submitted his map and report. "It is a grand map," writes Prof. Ganong, "very detailed; gives levels; the drop in the river for the entire distance covered by the survey."

Foulis was personally interested in the development of steam navigation, and was employed by Messrs. Ward to fit up the steamer "John Ward," the second boat placed on the St. John river. This steamer, for the times, was most expensively and thoroughly constructed, having costly copper boiler, and other parts of the machinery on a like liberal scale. It was put on the route to Fredericton in the year 1831. In 1838, Robert Foulis established a school of arts, where he lectured on practical chemistry. He also opened classes for teaching figures, architectural and mechanical drawing.

Prior to the year 1854, there was no fog horn on Partridge Island, and warning was given to mariners by means of a bell, which, operated by clock-work, rang out at intervals. Foulis was the first to solve the problem of more effective means to warn vessels, in a fog, approaching the shore. He was the first to agitate the adoption of a steam horn whistle, which he had invented. His plans fell into the hands of a T. Vernon Smith, who made application to the commissioner of lights in the Bay of Fundy to erect such a whistle on Partridge Island. The commissioner finally accepted Mr. Smith's offer, and in 1859 the erection was begun by Fleming & Humbert, engineers, under his supervision.

The members of the "Last Car Club" met last night at the home of Mr. and Mrs. H. Hamilton, 87 Lancaster avenue. An enjoyable evening was spent in the playing of whist. The winner of the ladies' prize was Mrs. E. R. Cuddell of the gentlemen's, H. Hamilton; the consolation prizes were won by Mrs. E. Rogers and P. G. S. Home. Following the presentation of prizes, dainty refreshments were served. The party as usual broke up in time for the members to catch the last car.

REV. DR. CHOWN ON MODERNISM

Contrasts Old Time Methodism and Present Church—Social Service Helps.

Rev. Dr. S. D. Chown, general superintendent of the Methodist Church of Canada, in an article on "Intensive Spiritual Cultivation," which appears in the Christian Guardian, makes the following criticisms of the modern church—

"As a very sympathetic observer of the work of our ministers and people, I would like to draw attention in this article to certain intellectual influences which have invaded the church and which appear to have dampened its spiritual ardor and weakened its evangelistic appeal.

"First: The temptation to rationalize the gospel message, to the extent of depending much more than our earlier ministry did upon cogency of reasoning for the production of spiritual results, has had its effect. This is due partly to the character of the special education ministers now receive, and partly to the increased intelligence of their congregations.

"The fathers of Methodism attained their great results by linking themselves to and, at the same time, releasing divine power upon the hearts of the people through abundant and unmeasured prayer. They thought little of reconstruction, but much of recreation.

"Again, a thoughtful observer must see that the Christian world is running to diagnosis today out of all proportion to its therapeutic skill and power. In every walk of life there seem to be a thousand men who are keen in diagnosis to one who is skilful to heal the world's malady.

"I am an enthusiastic believer in decision days in the Sunday school, but I fear they sometimes lack the most essential element—the element of supernatural power. Decisions are reached through the pressure of the personality of the teacher, or the superintendent, upon the personality of the scholar, instead of through prayer, and by the agency of the Holy Spirit.

Failure to Discriminate. "Another feature in modern church life, which perhaps has had some effect upon direct evangelistic effort, and for which, so far as the Methodist church is concerned, I myself may be held largely responsible, under the direction of the general conference, is a failure on the part of some preachers to discriminate clearly between social service and evangelism. There is a profound difference between Christian character and life that is only influenced by Christian ideals. The work of evangelism is to produce Christian character. The work of social service is to inspire men whether Christians or not, with the altruistic ideals which Christianly are, in themselves, and to apply these to social conditions for the healing of the hurt of the body social and politic. It is also to preach social and public duty with such conviction as to impress deeply upon the people the needs and opportunities for brotherliness, that, feeling their insufficiency for the great task, they will come to Christ not only for revelation of personal duty, but also for strength to perform it.

"Social service is therein a schoolmaster to lead men to Christ. It has become the handmaid of evangelism. It develops conviction of the futility of any life unconcerned to service, and creates a hunger for divine power to uplift humanity."

The price of sugar has been reduced forty cents per hundred pounds, by the wholesalers. The prices they quoted yesterday were \$10.70 for granulated and \$10.20 for yellow sugar.

THE STANDARD BANK OF CANADA

ESTABLISHED in 1873, this Bank now has 179 branches throughout Canada with capital and surplus of \$8,980,645.14 and total resources of \$94,000,000.

Smoke T&B Mellowed Virginia leaf, blended by experts

faith, every effort was made to assist him. Mrs. G. D. McKay, president, and Mrs. J. A. Currie, secretary of the Winnipeg I. O. D. E. asked the committee to recommend the purchase of a house and grounds in Winnipeg for use as a convalescent home for soldiers under the management of the I. O. D. E. This organization already manages a home in Winnipeg, which has been in operation since February 18, 1916. The Winnipeg I. O. D. E. had cared for thousands of men during the past six years. The present home was caring for amputated cases, mentally deficient men, and tuberculosis patients. The proposal was to give the men employment on a farm if possible. Mrs. McKay suggested a working affiliation with the D. S. C. R. She suggested the purchase of Deer Lodge and an adjoining farm property of 200 acres, known as Silver Heights. The D. S. C. R. was already operating a convalescent home at Deer Lodge. It was not intended to establish an old men's home. Mrs. Currie gave details of the work of the I. O. D. E. home already in operation. Major N. F. Parkinson, deputy minister of the D. S. C. R., endorsed the work of the Winnipeg ladies.

Soldiers' Settlement. Major John Barnett, chairman of the Soldiers' Settlement Board, gave a statement on the operation of the board. He said that the board did not attempt single-handed to establish soldiers on the land. The Soldiers' Settlement Act departed from sound business principles, but at the same time the soldier was under a business obligation. Up to the end of February 58,765 applicants had been examined and 42,727 have been issued certificates enabling them to make application for land, stock, equipment, etc. Another 695 are securing experience by working with practical farmers. This practical experience is often recommended where an applicant is unable to furnish any references. The board has expended \$25,592,426 for stock and equipment, and the security for this exists in the shape of thousands of head of live stock and chattels held by settlers.

By the first of March, 20,242 settlers had loans approved for land and stock and equipment and building material purchased. An additional 5,308 have been settled on free domain lands by way of soldier grants and without loan, making a total of 25,550 settled under the Soldiers' Settlement Act. The board in carrying out this work has had to inspect and purchase 37,442 horses, 20 miles, 28,821 cows, 23,791 other cattle, 86 oxen, 8,638 sheep, 9,486 swine, 183,417 head of poultry, and in addition thousands of plows, binders and other farm machinery. The security for more than \$25,000,000 of public money is to be found in these particular chattels. While 20,242 settlers have had loans granted, more than 83,000 loan applications have been approved.

Repayment of Loans. On the first of November last there were due from 12,861 settlers repayments aggregating \$2,815,000. On the fourteenth of March, 9,950 settlers made payments aggregating \$1,874,263. Speaking of the results, Major Barnett stated that there had been returned to the receiver-general by the Soldiers' Settlement Board \$9,896,172. Three hundred and thirty-nine settlers had repaid their loans. There are 1,831 actual and prospective failures, or six per cent. of the total number settled. The board had effected a saving of \$800,000 on the purchase of farm equipment, or \$40 per man. A saving of approximately \$2,300,000 in land purchased for 15,000 men not on

At a regular meeting of the Nail Workers' Union, held last evening in the Orange Hall, Simonds street, with the president, William H. Treacraft, in the chair, it was unanimously decided to liquid out for their demands. It was also decided to make application to the Department of Labor for a board of conciliation and investigation. Other routine business was transacted.

### Furious Persecution' Of Russian Organized Labor By Bolshevist Authorities

Report of Menshevist Metal Workers Made Public—Persecutions Began Soon After 1917 Coup d'etat—Militarization of the Industries.

Washington, April 25.—(By Associated Press)—Russian industrial workers are "living through an unexampled tragedy" according to a report made to the International Metal Workers' Federation representatives of the Menshevist organizations of metal workers in Soviet Russia, which was made public here by the American Federation of Labor.

of the Metal Workers' Federation, at Bern, Switzerland, described at length alleged "furious persecution" of organized labor in Russia by the Bolshevist authorities.

I. B. Strumillo, member of the Board of the Fern Metal Workers' Union, who with I. G. Opopalov, president of the Metal Workers' Union in Vodkinski (Ural), compiled the document, is now in the United States as a delegate from his union, commissioned to inform the organized workers of this country as to

#### "CUT HER TEETH WITHOUT TROUBLE."

"I enclose a photograph of my baby girl, who is only 8 months, weighs 20 lbs., and is as bonny a baby as anyone could wish for. Since she was 6 months old I have used Neaves' Food, and never had a tooth ache or any trouble. Your food is certainly excellent."

Mrs. Hardy, 29, Rawdon Street, Brantford, Ontario.

Babies thrive on Neaves Food

conditions under the Soviet regime in Russia.

"The coup d'etat of November, 1917, put the Bolshevists in power," said the document, "and from that time on the terrible fratricidal struggle continued. Those very men who only yesterday called themselves the friends of the workers, now began the furious persecution of those workers by wholesale arrests, atrocities and murders, incited by demagogues, calumnies and lies.

"Under the camouflage of Communism, acting in the name of the working classes, using the language and battle-cries of Socialism, the Communist government commenced its work of destruction. In order to clear the way, the Communists declared that freedom of speech, unions, strikes and meetings was a superstition of the bourgeoisie and condemned all these so-called political rights as 'counter-revolutionary.' Many comrades perished in prison, were sentenced to hard labor or even shot, for the crime of asking for freedom.

The Russian workers, the report added, are forced to suffer under these conditions because "they are obliged to remain silent, as they are disbelieved when they speak against those who fallaciously and insolently call themselves the representatives of the people, and who are so afraid of the workers that, in practice, they have abolished the right of voting and of free speech."

Some of The Restrictions.

"The whole policy of the communist Soviet government towards the Russian working-class and their organizations," declared the document, "can be summed up as follows:

"The freedom of the unions is abolished. The unions are established and work under the control of the Soviet authorities and can only act in the way prescribed by the Soviet authorities.

"Freedom of meetings is abolished. A decree has been issued in accordance with which meetings can only be arranged by permission of the Soviet authorities.

"Freedom of speech is abolished. It is a crime to utter a word against the Communists.

"Strikes are declared counter-revolutionary acts. Workers who go on strike are punished with a brutality unheard of in Western countries. Strikers are not only imprisoned but deprived of their rations.

"Almost all branches of industry are under martial law. Workers cannot change from one factory or occupation to another. They are forcibly enlisted in so-called 'labor armies' and overtime is compulsory.

"Trade unions do not exist as independent bodies; they are subordinated to a central organization and thus converted into a compulsory government apparatus.

"As a result of this policy, the Russian industrial workers, being put into a desperate position, and unable to obtain

### MARBLE-ITE

The Hard-Drying, Long-Wearing Floor Finish

Nothing adds so much to the beauty of a home as floors that are properly cared for; on the other hand, floors that are not protected are unpleasant to look at, are hard to keep clean, and become injured through wear. Don't neglect your floors, beautify them and save them. Save the surface and you save all.

MARBLE-ITE Floor Finish is the perfect treatment for floors of all kinds. It is the one floor finish that has a money-back guarantee attached to every can.

In 24 hours MARBLE-ITE dries hard with a beautiful finish that will not show heel marks. It has a high gloss, yet is tough enough to stand any amount of wear without injury. It can be washed with soap and water and it will not mar nor scratch white.

There is a special MARTIN-SENOUR product for every surface and for every purpose. Consult our nearest Dealer Agent, or write us direct. Our booklets "Rooms and Country Homes" mailed free on request.

"Save the surface and you save all"—Paint & Varnish

help from their own organizations, desert the cities and go to the villages.

Because a large number of workmen have deserted the cities and country, the to earn their living in the cities and country, the document declares that, "in order to save the situation and to detain the workers in the towns, the Soviet government has had recourse to measures of compulsion."

All Industries Affected.

"From the beginning of 1920 militarization of the Russian industries has been introduced," continued the report. "It measures was at first applied only to the railways, but gradually it was extended over the coal mines, metal industries and finally over the timber, flour and sugar industries.

"Militarization means a complete and absolute subjection of the workers to the work's managements. It embodies a number of stern measures, also restriction of leases and cruel suppression of strikes.

"It is needless to say that the Soviet government suppresses strikes by severe measures; the strikers are arrested, deprived of food rations, and even shot."

Overtime work is compulsory. It was stated, and the Russian metal worker, whose working day is normally eight hours and forty-four hours per week, is now twelve hours a day, and seventy-two hours a week. Sometimes compulsory work is performed on Sundays, which makes eighty hours a week, it was stated.

Insufficient Remuneration.

"Seeing that the remuneration in money is quite insufficient," continued the document, "the Soviet government shows a tendency to pay the workmen in kind—food and clothing. However, this remuneration is equally insufficient. In Petrograd each workman has a ration card, 'A' which entitled him to from one-quarter to one-half pound of bread a day. This, together with the 'Nasic card,' gives a pound of bread a day. Other necessities are distributed occasionally and differently in various districts.

"In Petrograd this summer card, 'A' entitled the holder to five or six pounds of wheat, three or four pounds of fish, one-quarter pound of tobacco, three-quarters of a pound of sugar a month per capita.

"Footwear and clothing are distributed irregularly, and therefore it is impossible to state even approximately how much a worker gets of this kind of remuneration.

"Workers from the Kopolinsky Works (near Petrograd) announce: "It is sad and shameful to think that the Russian workman is condemned to extinction owing to the foolish economic policy of the Bolsheviki. Half of the Russian proletariat have already perished. Outside the towns there is food in plenty; it is, however, impossible to get at it. Purchase and sale are prohibited, prices are high beyond reason."

"A workman from the Pootiloff Works (in Petrograd) says: "In the full sense of the word we are starving, as we exist on bread and Soviet soup alone. We are completely exhausted owing to excessive overtime and insufficient nourishment."

The last concert of the season was given last night at the Seamen's Institute by the Melita jazz band and concert party, led by Jack Lingley. A large and appreciative audience listened to an excellent concert and the performers had to respond to many encores during the entertainment. Among those who helped to make the programme a success were Messrs. O'Hagan, Burrows, Barlow, Lafferty, Hughes, Lingley and the management of the jazz band.

A barn that was being raised in Erin street yesterday afternoon, unexpectedly made a sudden tilt forward and collapsed, crashing to the ground with considerable violence and damaging beyond repair several waggons which it had sheltered. The barn was the property of James Fleming and was being raised by a gang of five men. No one was injured. The barn was about 40 x 50 feet and of fair height. It was situated opposite the Christie wood-working establishment.

A gently soothing powder of the same delightful odor is Infants-Delight Borated Talcum.

**GOVERNMENT MEETING.**  
It is probable that the provincial government will hold its monthly meeting commencing on Tuesday evening, May 3, in Fredericton. At this meeting tenders for the erection of the power house at Musquash will be considered and probably awarded.

**HONORS FOR ST. JOHN MAN.**  
Dr. Fenwick C. Bonnell has been appointed examiner for dental physics and chemistry for the Dominion Dental Council. Dentists who qualify in these examinations are entitled to practise any place in the Dominion of Canada. Dr. J. M. Magee of this city is the representative of the New Brunswick Dental Society at the Dominion Dental Council.

**BACK TO GLASGOW.**  
Rev. T. Hunter Boyd and Mrs. Boyd will sail today on the Melita on their return to Glasgow, where Mr. Boyd will resume the work in relation to immigrants which was interrupted by the war. He and Mrs. Boyd have just come from Toronto, Kingston and Montreal, where he was very busy delivering addresses and holding conferences. St. John friends extend hearty good wishes to them for a pleasant voyage and success in their work.

**TWO ST. JOHN TEAMS BEATEN**

Y. M. C. A. and G. W. V. A. Bowlers Lost Matches

Amherst and Houlton Victorious—This Left Fredericton and Y. M. C. I. Tie in the Lead at Noon.

Fredericton, N. B., April 27.—Amherst and Houlton became important factors in the Maritime and Maine bowling tournament by winning the games that were played this morning, defeating two St. John teams, the Y. M. C. A. and G. W. V. A., respectively. There were no new records for the tournament in this morning's games although each of the four teams produced at least one century single. The scores:

Amherst		
Ross	89	77
Fletcher	93	92
Watling	82	102
Secord	88	86
Smith	98	90
Total—1588.	443	444
Y. M. C. A.		
Foshay	91	98
Sommerville	89	107
Winchester	80	86
Jenkins	82	79
Wheaton	78	94
Total—1811.	430	448
Houlton		
Prugh	96	84
Moir	88	109
Stone	89	87
Dumphy	88	90
McIntyre	88	86
Total—1804.	429	456
St. John G. W. V. A.		
Quinn	88	102
Hunter	82	87
Roberts	95	90
Appleby	82	78
Morgan	83	103
Total—1289.	433	400

Fredericton, champions of 1920, carried off most of the scoring honors in the first day of the Maritime and Maine bowling tournament. Fredericton rolled the highest team score 1,874, for their three strings, and the highest single, 474, while Murray Kienard, of the trophy defenders, with 120 to his credit, had the highest single string.

Hartley Wheaton, who last year helped Fredericton win the trophy and is now a member of the St. John Y. M. C. A. quintette, put on the highest three strings, 309, last evening.

Twelve games are scheduled for today. Play was resumed at 10 o'clock this morning and will be continued until midnight. The tournament will be concluded tomorrow afternoon.

The standing of the teams at noon today was:

Fredericton	Won.	Lost.
St. John Y. M. C. A.	2	1
St. John G. W. V. A.	2	2
Houlton	2	2
Calais	1	1
Amherst	1	1
St. John Y. M. C. A.	1	2
Black's	1	2

**WAS 93 YEARS OLD**

**Death of Mrs. J. Woodford Smith, Last of Older Generation of Prominent Family.**

Having long outlived the people of her generation Mrs. G. Woodford Smith passed to her rest yesterday at the home of her niece, the Misses Symonds, No. 4 Peters street. Her maiden name was P. Lacroix Scovill, and she was the youngest daughter of Edward Nichols Scovill of Springfield, Kings county. She was of Loyalist descent and the last of the older branch of the Scovill families.

In February last she had attained her ninety-third year. Her husband, the late G. Woodford Smith, was for many years in the crown lands department in Fredericton. They had no children, but Mrs. Smith is survived by many nieces and nephews. For many years she had made her home with her niece, the Misses Symonds, in Peters street, where she ended yesterday.

The last of the older generation of a family that played an important part in the early history of New Brunswick, the span of her life embraced a period which saw marvelous changes; and her reminiscences of life in this province in the first half of the nineteenth century were of intense interest in later years.

The funeral of Mrs. Smith will be held in Fredericton. There was a private service at the home, No. 4 Peters street, this afternoon at half past two, and the funeral will be from the Cathedral in Fredericton tomorrow morning at ten o'clock.

**FOR PERMISSION TO CUT RATES**

**Application Causes Bit of Sensation at Public Utilities Meeting.**

A mild sensation was caused at this morning's session of the New Brunswick Public Utilities Commission here, when an application was presented by the Bathurst Electric Light and Power Company for permission to reduce rates and asking the board to approve a schedule submitted. An order was made, returnable here on May 25, when the application will be considered. H. C. Ramsey appeared for the company. This is the first application for reduced rates that has been presented to the commission for some time.

An application from the Calais Water and Power Company, Ltd., for permission to increase some rates, was presented by J. F. H. Teed, on behalf of the company. Hearing was set for May 26 at St. Stephen. N. Mark Mills appeared on behalf of the town of Milltown. The same date was set for the hearing in connection with the application of the Citizens' Gas Co. of St. Stephen for an increased schedule of rates. N. Mark Mills appeared for the company.

**ST. JOHN PEOPLE AWAY ON MELITA**

Last of the C. P. O. S. Passenger Liners From Here This Season.

Passenger traffic at this port for the season will be brought to a close this afternoon with the sailing of the C. P. O. S. liner Melita, which will leave for Liverpool with approximately 800 cabin and 250 third class passengers. There are some St. John people going on the steamer, the majority seeking health and pleasure, while a few are visiting England and Douville other passengers from the maritime provinces will be Mrs. J. A. Chandler and Master Peter, and Miss Florence Johnston of Moncton; Mr. and Mrs. A. G. Turvey of Fredericton; Mrs. Josiah Wood of Sackville, N. B.

Other prominent passengers are: Rev. Hunter Boyd, Toronto; Lt.-Colonel and wife of Ottawa; Col. A. R. Kenny, Toronto; Dr. J. K. Langford, Saskatoon; Dr. W. S. McClinton of Midland, Ont.; Dr. F. L. McKinnon and wife of Winnipeg; Col. A. E. Querpel and Miss Ethel of Los Angeles, Cal.; Major W. C. Trotter, St. Johns, P. Q.

**ROAD WORK**

**Westfield-Nerepis Division—Musquash-Spruce Lake Tenders.**

Work in connection with the diversion of the Westfield-Nerepis road which will eliminate four level crossings is now awaiting the consent of the board of railway commissioners, before whom the plans have been placed, so it was announced here today. There is no doubt that this consent will be given, as both the provincial department of public works and the C. P. R. have the assurance of the chairman of the commission, Hon. F. B. Chrysell, that the work is necessary for public safety. The railway commission will bear twenty-five per cent. of the cost.

The motor travelling public will be particularly interested in the means that the old bridge, built of a cribwork of logs, will also be eliminated by the Acornac diversion.

Tenders for the construction of the Musquash-Spruce Lake road will close at Fredericton. It is understood that several contractors are tendering for the work.

**GETTING READY TO PAINT THE BRIDGE AT FALLS**

Preparation is being made by A. R. Wetmore, provincial engineer, for calling for tenders for the cleaning and painting of the provincial highway bridge across the St. John river at the reversing falls. High power sand-blasting apparatus will be required for the cleaning process. Separate tenders will be called for taking off the old paint and the putting on of three coats of new covering.

Mr. Wetmore has tested out the best varieties of paint for the work and, together with some of the big railway companies, has decided upon the best kind for the job. It is understood that paint is now on its way here and will be on hand when the contract is awarded and the workmen are ready to proceed with the painting.

**TAKE BODY OF CHINESE TO MONTREAL FOR BURIAL**

The body of Lee Han, who died at the General Public Hospital recently, will be taken to Montreal for interment. His brother, Lee Bow, arrived yesterday to take the body back today, and the local Chinese will march from Chambe's undertaking parlors to the station. Lee Han, who was fifty-six years old, was employed in the kitchen of the Asia hotel, and has been suffering from rheumatism and kidney trouble, as a result of which he died. Dr. D. C. Malcolm, who attended him, said there were no signs of opium poisoning. Lee Wong, son of Lee Han, will also accompany his father's body to Montreal.

Coroner H. A. Porter decided not to hold an inquest.

Hamm Lee, who has a store in North street and a laundry in Waterloo street, is not the man mentioned above. The latter has been a resident of St. John for twenty years, and is well known as an industrious citizen.

PAGES NINE TO SIXTEEN

ST. JOHN, N. B., WEDNESDAY, APRIL 27, 1921

SIXTEEN PAGES

SEVEN YEARS IN NORCHESTER

Amberg Pleads Guilty and is Sentenced in the Police Court.

A sentence of seven years with hard labor in Dorchester penitentiary and a suspended sentence of five years was imposed on Theodore Amberg, who pleaded guilty to a charge of obtaining money under false pretenses, by Magistrate Ritchie, in the police court this morning.

His description was sent far and wide and on last Saturday he was arrested in Woodstock. He was brought back to the city by Detective Biddiscombe.

He consented to the jurisdiction of the police court and the magistrate had power to sentence him. He was remanded and it is expected will be taken to Dorchester in a few days.

A case against Fred Roberts, on suspicion of breaking and entering the La Toung apartments and stealing several articles, was resumed and the evidence of Mrs. C. A. MacDonald was taken.

She identified a watch which she said she missed some time ago. The case was postponed for further evidence.

One man charged with drunkenness pleaded guilty. He was sent below to await sentence.

FERGUSON GOES TO PENITENTIARY

Fredrickton, N. B., April 27—George Ferguson, for stealing from the mails while a clerk at the Fredrickton post office, was sentenced on today by Magistrate Limerick to three years in the penitentiary.

BUSINESS NOTES OF NEW BRUNSWICK

(Special to The Times.) Fredrickton, N. B., April 27—Harry E. Marmen and George W. Lazie, electricians, of Edmundston, have formed a partnership as Marmen & Lazie.

Freeman J. Landry and John J. Landry of Fredrickton have formed a partnership as F. J. Landry & Co., to carry on business at Fredrickton as makers and repairers of boots and shoes.

Hubert Vincent and J. Wilson Tapley, in general lumbering and milling business at Maple View, Victoria county, as Vincent & Tapley, have dissolved partnership. J. Wilson Tapley will continue.

A JAPANESE GENERAL SUICIDES

Tokio, April 26—Lieutenant-General Salto, commander-in-chief of the 11th Japanese division at Vladivostok, committed suicide on Monday. His death is a sequel to the shooting of U. S. Navy Lieutenant W. H. Langdon in that city early in January, says the Hochi Shinbun of this city.

Babe Ruth Fined New York, April 27—Babe Ruth was fined \$25 for driving his automobile up Broadway last week at 27 miles an hour on his way to keep an engagement with the Yankees at the Polo Grounds.

For Independence Manila, April 27—The National Committee of the Nationalist party accepted resolutions yesterday re-affirming its attitude in favor of immediate independence for the Philippines.

Smallpox Case Fredrickton, N. B., April 27—A case of smallpox at St. George has been reported to the provincial department of public health.

Notices of Births, Marriages and Deaths, 50 cents.

DEATHS

ALLAN—On April 25, at his late residence 80 Stanley street, Robert Allan, son of the late John and Isabella Allan in the 82nd year of his age, leaving five daughters and two sons and one sister. (Boston and New York papers please copy.)

Funeral from his late residence, Thursday at 2:30 p.m. WILLIAMS—In this city on April 27, 1921, George F. Williams, leaving his wife, two brothers and one sister to mourn.

EDUCATIONAL ANNOUNCEMENTS FOR PROVINCE

(Special to The Times.)

Fredrickton, April 27—Sanderson's ancient history, or a good knowledge of ancient history by any other author will be the requirement for the U. N. B. matriculation and first-class examinations, according to an announcement by the chief superintendent of education.

A school trustees' convention is to be held in Fredrickton late in 1921 or early in 1922. The chief superintendent also announces that the loans to student-teachers entering normal school will be available up to a total of \$400, beginning with September next. Fifty dollars a month is to be paid, repayable over a period of three years, half-yearly, with interest. Recipients of loans must teach in New Brunswick for three years, or until the repayment of the loan.

Eighteen residents of the parish of Manners-Sutton, county of York, have entered into partnership as the Manners-Sutton Building Association to purchase a lot of land at Harvey Station and to erect thereon a building to be used as store and hall. Business will be carried on chiefly in the parish of Manners-Sutton, but the partnership is empowered to carry it on anywhere in the province. Those entering into the partnership are Frank Halford, Matthew H. Lister, Thos. Cressford, Jos. Roberts, Cecil Grive, Fred Hanspacher, David A. Essena, Jerry Mack, C. Melvin Grive, Daniel L. Crowley, Michael Gorman, Robt. V. Dorcas, Wilmet Grive, Fred Hood, John F. Crowley, Edm. McLaughlin, Allen Williams, Fred A. Grives.

Adam T. Noble of Fredrickton Junction and Florence Tracy of Mouth of Keswick were united in marriage at the George street Baptist parsonage by Rev. Z. L. Fash. They will make their home at Fredrickton Junction.

Rev. W. H. Spencer, Presbyterian, St. John, and Rev. J. Michaud, Catholic, Breakeville, county of York, have been registered to solemnize marriages in New Brunswick.

DENIED THAT PERMIT GRANTED FOR WAREHOUSES

Question of Montreal Liquor Dealers Who Want to Bring Stocks Here.

Statements published here recently that the chief liquor inspector of this province had granted permits to certain Montreal wholesalers to bring their stocks to New Brunswick, was authoritatively denied here today. No liquor stocks can be brought from another province and warehoused in New Brunswick without the permission of the chief inspector, whose permit is also necessary for the granting of a license for a bonded warehouse.

This denial will affect the case of the application of J. J. Bradley, Ltd., of Montreal, for rental of one of the city warehouses here, as referred to by Commissioner Bullock with power to act at yesterday's meeting of the common council.

AT ST. PETER'S

Sub-Division of Catholic Women's League is Organized.

The chapel of St. Peter's church was crowded to capacity last evening at a meeting called to organize a sub-division of the Catholic Women's League. Rev. George Coffin, C.S.S.R., was appointed chaplain and addressed the large and representative meeting, outlining the aims and objects of the league. At the conclusion of his remarks the work of organization was undertaken and the following officers were elected for the ensuing year: President, Margaret H. McCloskey; 1st vice-president, Mrs. Michael Bell; 2nd vice-president, Mrs. John Burke; 3rd vice-president, Mrs. Frank Fitzgerald; corresponding secretary, Miss Mary Carlyn; recording secretary, Miss Ida Keegan; treasurer, Miss Lynch. Board of directors: Mrs. J. D. Maher, Mrs. Elizabeth Walsh, Mrs. S. Doherty, Mrs. Joseph Quinn, Mrs. M. Quinlan, Mrs. J. Boyce, Miss Isabelle Gormley, Miss M. Durick, Miss Alice Dever and Miss Florence Kiernan. All present were then enrolled as members.

PERSONAL

Miss M. Carolyn Prince of Hammond River is visiting Mrs. P. C. Colwell, Pagan Place.

Charles E. Swanton, of 200 Waterloo street, who has been in the Royal Victoria hospital, at Montreal undergoing treatment, is expected to arrive home today, and according to a telegram received by Mrs. Swanton, his condition is greatly improved.

Dr. J. A. McCourt arrived home yesterday after spending a few weeks in New York.

HONORABLY ACQUITTED. Halifax, N. S., April 27—Arthur N. Burgess, arrested in Toronto and brought here to answer the charge of the theft of \$700 worth of goods from the (Robert) Simpson (Eastern) Limited, was honorably acquitted by Magistrate O'Hearn this morning.

MAJOR H. G. DEEDES TO POST IN WEST AFRICA. (Special to The Times.)

Fredrickton, N. B., April 27—Major H. G. Deedes, who returned to England about two months ago, has been ordered to West Africa, where he has obtained a position. His wife and daughters will remain here until the autumn, when they will return to England, where Major Deedes' people reside.

MAN HE HELPED GONE; REPORTS THINGS MISSING

What he regards as ingratitude was disclosed this morning by George Parker, a well known local sport enthusiast. He said that about three months ago a wrestler came to this city and falling to secure a match or work was left here stranded. He offered to man a room in the back of his shop and procured a bed, cooking stove and other utensils, and told him to make himself at home. He supplied him with money to purchase food until such times as he could get work. In order to help him get enough money to return to Montreal he promoted a couple of wrestling matches, but the proceeds failed to meet expenses and he said he left up all deficits.

A few nights ago, he said, he left the man in his shop as usual and in the morning found that he had disappeared and upon investigating missed a camera, a watch, a pocket watch, a pair of razors, a fountain pen and other articles.

LOCAL NEWS

STRAWBERRY PLANTS. Per dozen thirty cents, or a dollar per hundred, at Provincial Hospital or D. J. O'Neil & Co., city market.

CONTRACT AWARDED. The contract for the construction of another story on the Boys' Industrial Home at East St. John has been granted. The successful tenderer was John A. Adams.

ENGAGEMENT ANNOUNCED. Mr. and Mrs. James King of Pokok announce the engagement of their youngest daughter, Ethel B. to Wallace D. Blackie of Anagnan, N. B., the wedding to take place in the second week in May.

INQUEST TONIGHT. The inquest into the death of Charles Ransom, who was killed by an explosion of dynamite at Newman Brook, will be resumed tonight at 8 o'clock at the Gernain street, by H. A. Porter, the coroner.

NOVELTY SHOWER. About fifty friends assembled at the home of Mrs. William Humphrey, 54 Simonds street, last evening, and tendered their sister, Mrs. M. E. Humphrey, a novelty shower in honor of her approaching marriage. Many beautiful gifts were received, including glass, linen and silver. Kenneth Brown was the presentation on behalf of those present. Music and dancing were enjoyed and refreshments served.

DIED IN SOMERVILLE. Mrs. Edward Brown, 156 Mill street, has received the sad news of the death of her brother, William Morrison, which took place in Somerville, Mass., on last Sunday, after a brief illness from typhoid pneumonia. He was thirty-seven years of age and was a native of Nova Scotia. Besides Mrs. Brown he leaves several brothers and sisters. His wife, Mrs. William Earle, Cedar street, also his wife and two small children. The funeral will take place at his home in Somerville.

TRAFFIC MATTERS. Judgment in the case against the G. P. R. for alleged obstruction of traffic at Mill street crossing, was given in the police court this morning. The magistrate decided to dismiss the case in view of the extenuating circumstances but advised the railway not to let the affair occur again.

SEYMOUR HALL. was reported by Policeman Linton for exceeding the speed limit on Rodney wharf. A fine of \$10 was paid.

DEATH OF G. F. WILLIAMS. The death of George F. Williams occurred this morning at his home, 178 Acadia street, in an illness of several weeks. Mr. Williams, who was sixty-two years of age, is survived by his wife, two brothers, H. C. and G. M. Williams, both in the city, and a sister, Mrs. E. J. Neal, of Greenwich Hill, Kings county. He was a member of the Victoria street Baptist church, and for many years was engaged in work as a teamster in this city. Many friends will sympathize with the bereaved ones. The funeral will take place on Friday afternoon from his late residence to Cedar Hill cemetery.

CLOSING SEASON. William Webber, general agent at Atlantic ports for the C. P. R. (ocean traffic), expects to leave this evening or tomorrow for Montreal to arrange for the arrival of their liners both at that port and at Quebec during the summer months. Some of his staff have already gone forward and the remaining members who are working today on the Melita will leave tomorrow for Montreal and Quebec. G. S. Reid, passenger agent of the C. P. R. (ocean traffic) was to have gone to Montreal Monday, but was delayed and expects to leave this evening to meet the Minnetoka which is due Thursday or Friday.

CONCERT AND SOCIAL. A delightful concert and social was held last evening in St. Philip's parsonage by the members of the choral society of the church and proved a great success. Among the numbers were solo by Mrs. Middleton, Miss Kathleen Ritchie and Leopold Berkeley; instrumental selections by Mrs. Lena Ford and Miss Beatrice McAleer, and readings by Miss Gabriel, Miss Martha McAleer and Robert Nichols. J. M. Berkeley, in a short address, complimented the society on its work and strongly expressed the need of holding together. Rev. C. A. Stewart, the pastor, endorsed the work of the society. A. A. Richardson was an efficient chairman, and Miss Beatrice McAleer was pianist. The proceeds will be for the church funds.

STRIKE AT VICTORIA MILLS AUTHORIZED. Fredrickton, N. B., April 27.—The strike of the millmen at the Fraser Companies' Victoria mills has been authorized by the International Union of Tippler Workers, headquarters at Seattle.

LOCAL NEWS

RESIGNATIONS AND APPOINTMENTS IN THE PROVINCE

(Special to The Times.) Fredrickton, N. B., April 27—Provincial resignations are accepted as follows: Ainsley W. Smith as parish clerk, the commissioner for Waterborough, Queens; Phillip S. Arsenau as alms house commissioner for Rogersville, Northumberland.

William M. Connell is removed from the office of clerk of the county court for Carleton on account of continued absence, including the trial of the case of the late Premier Mitchell of this province. His second wife, who also died before him, was Miss McKee. Four sons and four daughters survive him. They are Mrs. William Currie and Mrs. Harry Tibbitts of Andover; Mrs. Hagerman of Scotch Settlement; Robert Anderson of St. John; William Anderson of Vancouver; John Anderson of Barony; Barry, now in Maine, and Mrs. Clarence Hayes, of Barony.

LOCAL NEWS

BURIED TODAY. The funeral of Robert S. Ervin was held this afternoon at 2 o'clock at the First Baptist church, of 77 Wallace street, west side of the cemetery of the Good Shepherd. Service was conducted by Rev. W. H. Sampson.

REPORTED MISSING. John Haley, 216 Gernain street, reported to the police yesterday that his father, Captain J. G. Haley, was absent from home on Monday and has not been heard of since. Mr. Haley, who is seventy-six years of age, was apparently in good health when he disappeared. He would leave his home and it is feared that he may have strayed away and has not been able to find his way back. He is of medium height, with white hair, wears a blue cap and a black coat and is well known throughout the city.

VISIT WEST ST. JOHN. The mayor and commissioners this morning paid a visit to West St. John. After inspecting the site of the street cars in Queen square, the removal of which is under consideration, they looked over the old city hall, for which an application for rental has been made by the railwaymen for the purpose of opening club rooms. They also inspected a lot on the west side for lease to the Colwell Fuel Co.

THE LATE ANGLUS GOULD. Friends in the city will regret to hear of the death of Mr. Angus Gould, of Fairville, which took place last night in the General Public hospital, after an illness of about three weeks. He was one of the best known and highly respected residents of Fairville and for many years had been employed by Best's, of Singsing, Lunenburg. Besides his wife he leaves three sons, Thomas, of Halifax; Arthur, of Boston, and William at home; four daughters, Mrs. John Martin, of Worcester, Mass., and Elizabeth, Louise and Genevieve, at home, and two brothers, Thomas of this city, and Napoleon, of best Northern, Northern Pacific and Missouri Pacific preferred rose 1 to 2 points.

Several of the popular oils and independent steels, notably Gulf States and Colorado Fuel, developed marked strength. Some specialties gained 1 to 2 points.

Before noon, however, the market suffered another setback, Bethlehem and Republic Steels displaying especial heaviness with sugars and leathers. Call money opened at 6 1/2 per cent.

NEW YORK MOB TRIES TO SALVE FLOOD OF BEER

New York, April 27—Police reserves had to be called today to hold back crowds that gathered when 600 gallons of real beer, seized by the police, was poured down a sewer in East 129th street. Men and women carrying pichers, basins and even cups tried to break through the lines, but were driven back.

JOHN ANDERSON OF THE BARONY DEAD

Was Nearly 100 Years Old, Former M. P. P., and Many Years a Mason.

Fredrickton, N. B., April 27—John Anderson, ex-M.P.P., the oldest legislator of Canada, if not of the world, and who was one of the world's more strenuous parts of those occupations, he ran a raft of logs down the St. John River to this city.

He took a keen interest in public affairs and ran three elections for the legislature in York. In 1890 he was elected as a member of the cabinet headed by the late Hon. A. G. Blair. Being unseated he ran in a by-election and was again elected, sitting until 1892 when he was defeated with his ticket. He was a life long Liberal.

Three years ago the Masons of Woodstock tendered him a complimentary banquet at his place of residence. On his sixty-fifth birthday he received a loving cup from his friends.

Mr. Anderson was twice married. His first wife was Miss Mitchell, of the late Premier Mitchell of this province. His second wife, who also died before him, was Miss McKee. Four sons and four daughters survive him. They are Mrs. William Currie and Mrs. Harry Tibbitts of Andover; Mrs. Hagerman of Scotch Settlement; Robert Anderson of St. John; William Anderson of Vancouver; John Anderson of Barony; Barry, now in Maine, and Mrs. Clarence Hayes, of Barony.

LOCAL NEWS

ARCHBISHOP OF YORK SPEAKS TO BAPTIST UNION

London, April 27—(By Canadian Associated Press)—Addressing a meeting of the Baptist Union the Archbishop of York declared that the Anglican bishops confessed their share in the great sin of aiding the church and believed the time had come when they should forget the past and reach for a reunited Catholic church. This being the first time in history an archbishop of York has addressed the Baptist Union, his remarks have created widespread interest in church circles.

LATE SHIPPING PORT OF ST. JOHN. Arrived April 27. Coastwise—Schr. Walter C. 12 tons, from Chance Harbor; J. L. Felling; stmr. Glenholme, 123 tons, from Windsor; Y. M. S. H. B. McKell; stmr. Bear River, 70 tons, from Bear River; C. Moore; stmr. Valinda 86 tons, from Digby, Captain Lewis.

Clears April 27. Coastwise—Gas, schr. Walter C., for Chance Harbor; stmr. Glenholme, for Spencer Island; stmr. Bear River, for Digby; Valinda, for Digby.

S. S. Manchester Merchant, 2707 tons, for Philadelphia, Baltimore and Norfolk. Va. Captain Alfred Musgrove.

APRIL BRIDES IN SAINT JOHN

(Continued from page 1.) Many beautiful and valuable presents were received, including cut glass and silver and fine linen. Among the out of town guests were Harold Fleet of Montreal, brother of the bride, and Mrs. and Mrs. Leonard Fleet of Fredrickton.

DIED IN THE WEST. H. E. Gragg of Moncton, has received a telegram from his brother, Clarence, in Vancouver, informing him of the death in that city of Mrs. Geo. B. Gragg, formerly Miss Mary Wallace, daughter of the late John Wallace, M. P. of Hillsboro, A. C. Death followed a serious operation. She is survived by two brothers, Geo. F. and John Wallace, and one sister, Mrs. Archie Stevens, all of Hillsboro, A. C. The remains are being brought to Hillsboro for interment.

Mrs. Gragg is also survived by one daughter, Marietta (Mrs. Frank Parsons of Vancouver), one son, Leslie, of Vancouver, and one daughter, Miss Eva, at home.

To Wed on Thursday. The wedding of Miss Frances White, daughter of Mr. and Mrs. Charles White, of Oromocto, and William S. Neales, son of Very Rev. Dean and Mrs. Neales of Fredrickton, will take place Thursday afternoon at Christ Church Cathedral in Dorchester.

NEWS NOTES ABOUT PROMINENT BAPTISTS

(Maritime Baptist.)

Rev. W. H. Dyas, of Somerville, Mass., has been elected president of the Boston Baptist Ministers' Meeting. Mr. Dyas is a Nova Scotian by birth and a graduate of Acadia.

Rev. W. J. Hamilton who resigned at New Harbor to accept a call to Chester, assumed the pastorate of the latter church on April.

Rev. I. D. Lytle, who recently resigned his charge at Arcadia and Chebogue, Yarmouth Co., is, for the present, residing at Clementsport, N. S.

The Main street church at Marysville is soon to be vacated, the pastor, Rev. J. B. Daggett, having tendered his resignation. We understand that Bro. Daggett intends doing some missionary work among the weaker churches of New Brunswick.

Maritime Baptists will be interested to learn that Rev. P. C. Reed has been appointed Director of Religious Education for the Baptist Convention of Saskatchewan.

The many friends of Rev. E. P. Caldwell will regret to learn that he has been obliged to go to Montreal for an operation on his upper jaw.

An event of interest to Maritime Baptists took place in the Olivet church, Montreal, on April 6, when the pastor, Rev. F. L. Orchard united in marriage Rev. A. L. Tedford, of St. John, and Miss Mildred J. McKennie of Virton, Man. Mr. and Mrs. Tedford arrived in St. John on April 15. Mrs. Tedford will receive a hearty welcome from St. John Baptists, not only for her husband's sake but also because of her own charming personality.

Some time ago an item appeared in these columns to the effect that Mr. L. F. Wallace had undergone an operation in Boston. The announcement was premature, for, owing to a severe cough from which she was suffering the doctor deemed it unwise to operate at that time. A card received from Mr. Wallace informs us that the operation took place on April 16, and that Mrs. Wallace was doing as well as could be expected and hoped soon to be back in Nova Scotia.

From an exchange we have learned of the death of Curtis Hatch, son of the late Rev. H. A. Hatch, formerly pastor of the W. A. Church, Curtis graduated from Colby College in June last and during the last winter had been teaching in a private school for boys at West Barrington, Mass. He was a young man of strong Christian convictions and was doing a noble work. Mrs. Hatch will have the sympathy of her many friends in the maritime provinces.

Rev. A. J. Archibald, the secretary of our convention, has accepted a call to \$1,300. Ten new branches were added this year. She reported a working balance of \$408.85.

Mrs. Fred. Foster reported for the ladies' branch, Little Helpers. At present in the price of the leaflet from twenty-five to ten cents, due to the increase in the price of paper and postage. There had been a falling off in the number of subscribers, the receipts this year being only \$1,300. Ten new branches were added this year. She reported a working balance of \$408.85.

There had been a falling off in the number of subscribers, the receipts this year being only \$1,300. Ten new branches were added this year. She reported a working balance of \$408.85.

SOME \$35,000 DISTRIBUTED HERE

A total of about \$35,000 was distributed through the St. John office of the department of Soldiers' Civil Reestablishment for the relief of unemployed pensioners during the twelve weeks in which the scheme was in operation. Payment of this relief stopped on April 23. The number of men receiving relief here averaged about 200 a week, the heaviest week to date being 242 men in that city. The payment to single men was discontinued and from that time there was considerable falling off in the amount disbursed.

Mrs. H. S. Wetmore, unit administrator for the maritime provinces, arrived here from Halifax this morning on an inspection tour.

IS ACQUIRED

Ottawa, April 27—Ludger Quinn of Montreal, on a charge of obtaining in conjunction with A. Marin of St. John, the city on his way to St. John, where he will reside.

TO RESIDE IN ST. JOHN.

Fredrickton, N. B., April 27. J. McKee, formerly of Fort Fulkerson, Me., is in the city on his way to St. John, where he will reside.

USE The Want Ad

**CONTRACT FOR DOUGLAS AVENUE WORK AWARDED**

The Stephen construction Company was awarded the contract for the paving of Douglas avenue at the regular weekly meeting of the common council held yesterday. The amount of the contract was \$188,620.50. This tender was the only one received that was according to the specifications. Contracts were let for lumber for wharves and board of health recommendations and other matters were dealt with by the council. Mayor Sibley occupied the chair and all commissioners were present.

Mr. Frink recommended that the G. W. V. A. be allowed the use of the Shamrock grounds for the purpose of holding a carnival there in August next. Mr. Bullock said that the Y. M. C. A. had applied for the use of the grounds two nights a week for football. Mr. Frink thought it a mistake to open the grounds to the public with blasting going on there and, while the matter is under consideration, both applications were referred to Messrs. Frink and Bullock for a further report.

A report received from the board of health caused considerable debate. It recommended that sewers be installed in Barker street, that a sewer be extended to the north end of White street, that water be furnished to Bellevue avenue, and that the buildings on the water sheds at Spruce Lake and Loch Leonard be removed and no more be allowed to be built.

On motion it was decided to refer the matter to Commissioner Jones for report.

On recommendation of Mr. Bullock, tenders for lumber for the harbor department were accepted as follows: S. Gregory, 8-inch spruce deals, \$28.4; 8-inch x 8-inch spruce, \$34; J. A. Likely, Limited, 12 x 12 inch Douglas fir, \$53.75 and 8 x 8 inch Douglas fir, \$55.75 with the option of taking small lots delivered on the west side at \$58.75 and delivered on the east side at \$57.25; John E. Moore & Co., Limited, 12 x 12 inch hemlock, \$35; S. Gregory, piling, 7-inch at the top, 7 1/2 cents per lineal foot.

An application was received from the Caldwell Fuel Company for the rental of a city lot on the east side of their premises. This matter was stood over until this morning, when the council will go to the west side for certain inspections.

On recommendation of Mr. Bullock the following tenders for the use of city lots for gardening purposes were accepted: Alfred Bentley, \$20; Albert Taylor, \$20; Albert Taylor, \$10; J. S. McPherson, \$25; John M. Thompson, \$5; Leonard Trafton, \$2.50; Albert Warren, \$2.50.

On motion of Mr. Jones, Commissioners Frink and Thornton were appointed revisors for the year.

On application of Mr. Thornton a bill of \$368.23 for two fire alarm boxes, recently installed, was ordered paid.

The application of Webb & Bates of the St. John Garage, for permission to erect a gasoline tank was granted.

**Douglas Avenue Tenders.**

The Douglas avenue tenders were next considered and Mr. Frink reported that the road engineer advised him that the tender of B. Mooney & Sons, Limited, calling for a two-inch asphalt surface amounted to \$172,887.50 and that of the Stephens Construction Company, calling for a three-inch surface, was \$184,495.50. Both of these tenders figured for a broken stone concrete base. The report of the road engineer said that it was impossible to compare the tenders as they did not comply with the specifications and there was really only one tender. Mr. Frink moved that the tender of the Stephens Construction Company of \$188,620.50 be accepted. This called for a gravel concrete base. The estimated cost of the work was \$232,981.50, the difference being made up in the cost of the granite blocks, which the city will supply and the cost of catch basins, etc. The total cost, however, would be about \$8,000 less than the estimate.

The council went into committee of the whole to hear M. F. Mooney. He said that the Warren Company had advised him that it never laid a three-inch surface. He thought it would not be fair to give the contract to Mr. Stephens and then have the city lay the surface.

Mr. Hatfield, the road engineer, said that all specifications called for a three-inch surface. It was found that a two-inch surface soon played out and that repairs had to be made before the guarantee period expired. He said that there was nothing to prevent the laying of a three-inch surface.

The committee then rose and went back into council session and the motion that the contract be awarded to the Stephens Construction Company was passed.

At the request of the residents and property owners in Lansdowne avenue it was decided to finish the surface of that street with two penetration coats of asphalt, instead of water-bound macadam and the estimates for the work were increased from \$10,728.50 to \$11,428.50 to allow for the change.

On motion the council adjourned.

**Liquor Warehouse.**

Notwithstanding objections raised by Commissioner Frink, an application from J. J. Bradley, Ltd., for the rental for five months of a city warehouse, to be vacated soon by Gandy & Allison, for the storage of liquor, was referred to Commissioner Bullock with power to act.

On account of the opposition of the board of fire underwriters, Commissioner Bullock recommended that the application of the Shell Oil Co. of Canada for an easement for laying a pipe line in West St. John be not granted. He also moved that negotiations be continued in connection with other sites for oil tanks. Both motions carried.

**COMBAT HOUSE SHORTAGE BY SLEEPING IN TENTS**

New York, April 27.—Park Commissioner Hennessey has reported that excessive rentals in this city, coupled with unemployment, probably will cause many New Yorkers to sleep under canvass this summer. He said that whereas last year 925 families camped all summer on Orchard Beach at City Island, this season he already had 500 applications for tent space. He predicted that before long all the "lots" on the beach, which is mapped out to accommodate 2,500 persons would be taken. "Waterfront" sites rent for \$25 a season, and sites more removed from the sad sea waves for \$20.

A barn owned by Jenkins Express Company, King street east, and a woodshed and the rear wing of the residence of H. V. Copp, 159 Leinster street, were damaged by fire early this morning. A still alarm was sent in by R. L. Daniel, who also notified W. H. Golding and Arthur F. Silwell, who both live at 159 Leinster street. The quick action of the fire department had the fire under control and it was put out about 2:40 o'clock.

**FIGHTING NOISE**

**Acoustic Laboratory for Making of Experiments in Eliminating Unnecessary Clanging, Wheezing, Screeching Noises.**

Geneva, Ill., April 27.—An acoustic laboratory, the only one of its kind in the world, in which to make experiments in doing away with the unnecessary clanging, wheezing, screeching noises of the city, is being erected by Col. George Fabayan on his estate near here.

Work has been going on for a year. Col. Fabayan said today, and more than \$100,000 has been spent on the project. The plant is unique, and includes buildings within buildings, organs that are played with magnets, a camera to photograph sound, a telescope through which sound can be seen, and scores of other odd devices.

Mysterious doors, like bank vaults, dark chambers out of which deep, strange tunes, scores of odd musical instruments, make this the most weird scientific structure in the world. It is to be called the Wallace Cement Sabine Laboratories, named in honor of Col. Fabayan's late friend.

"We are fighting the noise which shortens the lives of city dwellers," said Col. Fabayan. "We've been at it four years now, pioneering all the way, carving our own path, slowly unearthing the secrets of nature. It is a humanitarian

task, and we may soon master the racket organ."

Passing into a silent chamber, the colonel sat at an organ keyboard and played. Chimes sounded softly and far away between the notes of a familiar hymn.

"This keyboard has no connection, wires, pipes or cords, with the organ yonder," he said. "Magnets, sir!"

In another room were F. B. Eisenhour, inventor of the phonometer to measure sound; F. W. Kranz, who made a filter for electricity, and Paul Sabine, who has made a specialty of acoustics.

"Look through this telescope thing," invited the colonel, as he struck a tuning fork. A flickering light was visible, like a gas flame.

"That's the sound made by the tuning fork," the colonel went on. "Sure you're seeing light during the past twenty-six weeks."

Three hundred hens from all sections of New England are enrolled in the contest, divided into ten birds to a pen. The second champion pen to date holds Rhode Island Reds, entered by W. Otis Day of Westford, with a product of 1011 eggs.

There are sixty-six hens in the contest that have laid more than 100 eggs each during the past six months. These should produce at least 800 eggs each before the yearly contest ends.

**GRAND MASTER OF MASONIC ORDER IS RE-ELECTED**

The opening session of the fifty-fourth annual communication of the Masonic Grand Lodge of New Brunswick was held yesterday, when the reports of the various officers were received, and the officers for the coming year were elected.

Lieut. Col. J. D. B. MacKenzie, of Chatham, was re-elected Most Worshipful Grand Master and LeBaron Wilson, of this city, was re-elected Right Worshipful Deputy Grand Master.

At the conclusion of the afternoon session, a banquet was served in the Masonic Temple, when short addresses were delivered by the grand master and Hon. Robert Murray, former provincial secretary-treasurer.

The first part of the evening session was taken up with the exemplification of the fellowcraft degree by a picked team from the Lodge of Emulation. This was followed by the election of officers. George D. Ellis was elected grand treasurer; Archibald Brittain, of Hampton, senior grand warden; A. E. Pearson, of Sussex, junior grand warden; and Rev. C. G. Lawrence, of Hampton, grand chaplain. The installation of these officers will take place today when the other officers of the grand lodges will be selected. The concluding session of the communication will be held this afternoon.

**THE SWELLING DOLLAR.**

Washington, April 27.—(By Canadian Press)—Approximately 9,000,000 women workers, including school teachers and widows and orphans, according to returns of the census bureau, are the chief beneficiaries of the increased value of the dollar in the United States. The dollar now is worth eighteen cents more than last May, as far as food is concerned. The food dollar is worth sixty-four cents in comparison with its pre-war counterpart, the official figures show. Last May the dollar was worth forty-six cents. The effect of this inflation is to give what amounts to an increase in income to those whose resources remained stationary during the time of the increase in cost of living.

**FLOOD LEMBERG WITH FAKE AMERICAN MONEY**

Warsaw, April 27.—Counterfeit American bills, representing approximately \$5,000,000, have been confiscated in Lemberg by the Polish authorities, who discovered a counterfeiting plant in full operation.

Mr. and Mrs. Simon Lisner and Lisner's sister-in-law and her husband have been arrested in connection with the case.

The bills consist of denominations of \$100, \$50 and smaller sums. The American consular authorities who have seen the bills declare they are splendid imitations of real American money.

**SIX-FOOT DEVIL FISH ARRIVES AS STOWAWAY**

New York, April 27.—A stowaway on the steamship Caronia, from Liverpool, was a devil fish six feet in length, which was hurled upon the forward deck of the steamer during a storm on April 15, when the vessel was near a point off the coast of Ireland known as "The Devil's Home." The giant fish grasped John Taggart, the ship's carpenter with one of its tentacles. Taggart put up a vigorous battle and, assisted by several sailors, released himself. He suffered only a few scratches. The fish was then dispatched and its carcass taken below to the jee box.

The regular meeting of the Ladies' Auxiliary of the Y. M. C. A. was held yesterday afternoon with Mrs. H. D. Fritz, the president in the chair. The usual routine business was dealt with. Meetings will be discontinued until after the summer vacation.

**LEFT BY FREIGHT TRAIN.**

Dr. James Asa White, the international secretary for the B. Y. P. U., who had been speaking before large meetings in St. John recently, caused some speculation when he announced at the meeting in the Main street Baptist church on Monday evening that he was forced to leave at 9 o'clock to catch a train as it was known that no passenger trains departed from the city at that hour. The doctor, however, left on a freight train and made connections at the Maine border with a passenger train, thus enabling him to reach Chicago twenty-four hours earlier than he would otherwise have been able to do. The urgency of the case was caused by the doctor having an important engagement in Chicago.

G. Jacobson, who contracted smallpox on the way here from Antwerp, and who has been under quarantine at Partridge Island, was released yesterday and will spend a few days in the city visiting friends.

FOREST PROTECTION WEEK IN THE STATES

Secretary Wallace Requests All to Aid in Important Task.

Forest fires during the five years ending 1920 devastated an area much greater in extent than that occupied by the new England States, and occasioned a loss of more than \$85,000,000.

This forest protection week movement originated on the Pacific coast in 1920; was proclaimed by a number of governors in the west, and generally observed by citizens of various states.

"The president on April 7 issued a proclamation designating May 22-28 as Forest Protection Week, and urging the governors of the various states to set apart this week for the purpose of such educational and instructive exercises as shall bring before the people the serious effects of the present unnecessary waste by forest fires."

"Adequate provision for the safeguarding and renewal of our forests is of vital importance to the nation. The magnitude of the area burned over during this period, \$6,498,000 acres, is startling; it represents an area greater than that occupied by the state of Utah. Of the 160,000 fires that occurred over sixty per cent. were due to human agencies and could have been prevented by care and vigilance on the part of citizens. Loss of life was not infrequent, as in the Minnesota disaster of 1918, where nearly a thousand persons were either burned to death or suffocated. In detecting and suppressing forest fires the Forest Service of this department spends over a million dollars each year, and states and private individuals an even greater sum."

"We have been thoughtlessly permitting the destruction of our forests by fire. This spells disaster unless the rate of burning is materially checked. The menace of a future timber shortage threatened to become a permanent fact. Not only as sources of permanent supplies of timber, but also as conservators of water, forage, and other natural resources, as forests are essential to industrial and social welfare. I realize that your interest in this matter is as great as my own, and am

of agriculture has written to the national timber resources. The secretary of agriculture has written to the national timber resources of the Kivans, Rotary, American Automobile Association and other large commercial clubs, Boy Scouts of America, and to the president general of the Daughters of the American Revolution asking that they exert influence to have their organizations bring before the people of this country the serious effects of present unnecessary waste by forest fires.

"The president on April 7 issued a proclamation designating May 22-28 as Forest Protection Week, and urging the governors of the various states to set apart this week for the purpose of such educational and instructive exercises as shall bring before the people the serious effects of the present unnecessary waste by forest fires."

"Adequate provision for the safeguarding and renewal of our forests is of vital importance to the nation. The magnitude of the area burned over during this period, \$6,498,000 acres, is startling; it represents an area greater than that occupied by the state of Utah. Of the 160,000 fires that occurred over sixty per cent. were due to human agencies and could have been prevented by care and vigilance on the part of citizens. Loss of life was not infrequent, as in the Minnesota disaster of 1918, where nearly a thousand persons were either burned to death or suffocated. **TO BAR ALL FROM CARPENTIER CAMP**

French Heavyweight Will Do His Training for Dempsey Bout in Private.

(New York Times.) Unless his plans are changed before he begins his camp grind, Georges Carpentier, contender for the throne of Jack Dempsey, will do his training privately in preparing for the world's heavyweight championship battle, scheduled for Jersey City July 2. At present the French heavyweight's plans include the exclusion of all save camp attendants from his quarters while he is training for the Dempsey engagement. Tex Rickard, who will promote the contest, made this announcement yesterday, declaring he had been so informed by Captain Mallet, Carpentier's friend in this country. Promoter Rickard attributed Carpentier's plan for training secretly to a natural aversion on the part of the Frenchman for the limelight or the plaudits of admiring crowds. The modest Carpentier, Rickard said, is intent upon thoroughly preparing himself for the battle of his life, and in the most secluded surroundings the European heavyweight champion sees the best means to attain this end. Carpentier, it has been announced, has decided to pitch his training tent in Manhattan, L. I. Instead of Summit, N. J., where he trained for his match against Battling Levinsky. This selection has been made because of the atmospheric conditions at the Long Island resort. Carpentier prefers the cool seashore and ocean bathing to the mountains.

**Joe Jeannette to Help.**  
In his preparation Carpentier will be assisted by half a dozen sparring partners selected especially for the occasion. The French heavyweight has called Joe Jeannette, veteran colored heavyweight of Hoboken, to assist him in the work of preparing for Dempsey and to Jeannette will be assigned the duties of chief sparring partner and camp adviser. In addition, Carpentier is reported to be bringing a quartette of French sparring partners with him to this country. Champion Dempsey probably will do his training at Atlantic City. It is understood the title holder, after his rest period at Freddie Welsh's farm near Summit, N. J., will repair to the popular New Jersey resort for the strenuous preparatory work. Dempsey probably will begin hard training May 4, when, it is expected, facilities for training will have been installed at Atlantic City. Manager Jack Kearns is understood to be negotiating for a favorable site whereon to pitch the Dempsey camp. The champion plans to work in the open, as he did when preparing for the battle against Jess Willard.

Dempsey plans to work harder for this battle than for any of his ring career. "It is a champion of the Carpentier as a formidable, dangerous antagonist, and is snapping his plans accordingly. This is reflected in the announcement that he has secured the services of Kid Norfolk, Leo F. Flynn's black thunderbolt from Baltimore, as sparring partner. Norfolk is accepted as one of the greatest heavyweights in the ring and his addition to the Dempsey camp will go a long way toward assuring the champion of the proper brand of boxing preparation. Norfolk is fast and clever, can hit and can take a punch without flinching. Another assistant Dempsey will have is Jimmy Darcy, Portland, Ore., lightweight, who is regarded by Manager Jack Kearns as one of the leading boxers of his weight in the country. Manager Kearns' confidence in the ability of Darcy is reflected in his eagerness to match the Oregonian against Tommy Gibbons, St. Paul boxer, or Harry Greb of Pittsburgh. Kearns has offered to arrange a match between Darcy and either Gibbons or Greb. So confident is Kearns that Darcy is the superior of Gibbons or Greb, he has exhibited a willingness to wager on Darcy, who is ready to box either rival, for \$500 if he loses, \$1,000 if the honors of a bout are divided, and \$1,500 if he wins.

**May Announce Site Tomorrow.**  
Rickard has not yet divulged his plans for the erection of his Jersey City arena. Yesterday afternoon Rickard declared emphatically that he had not signed a lease for any particular plot of Jersey City ground and reiterated the assertion that he had authorized nobody to sign a lease for him. The promoter hopes to announce his site tomorrow or Tuesday, for by that time he expects to close all negotiations. Rickard has arranged details for the construction of the arena, the size of which will be dictated by the demand for tickets to the battle. If the sale continues as it has been since the announcement that Jersey City got the pugilistic plum, Rickard will provide accommodations for 50,000 customers. Rickard yesterday declared that the requests for advance reservations to the battle have exceeded his anticipation in this respect. The tickets do not go on public sale until May 1, yet, the promoter stated, he had received in excess of \$100,000 by mail and direct application for choice seats to the big doings. Bankers, hotel proprietors, nationally known sportsmen, in fact persons from all sections of the country, have submitted their applications. Many of the ticket-seekers, ignorant of the fact that in his price scale of \$5 to \$50 Rickard has assumed the government and state taxes send in checks in excess of the actual cost of the pastboards, a mistake which keeps Rickard's office force busy refunding the superfluous money. The applications are carefully deposited in the Rickard file for attention just as soon as the tickets are available.

**1,000 HORSEPOWER ENGINE PLANNED**  
To Be of Eighteen Cylinder Type for Use of Air Service.  
Washington, April 27.—The engineering division of the Army air service at McCook Field has completed preliminary designs of a 1,000 horsepower eighteen-cylinder engine. The preliminary work indicates that such an engine can be constructed on conservative lines and may be expected to give an excellent power to weight ratio, also maintaining a very conservative loading of all vital parts. This is said by experts to insure great reliability and long life. The design is being further developed on the basis of 1,000 horsepower at 1,400 revolutions per minute direct drive, this speed insuring great reliability and being favorable to a high propeller efficiency with a large power output. One cylinder of the proposed design has been constructed and tested, with very satisfactory results.

**"HUMAN FLY" KILLED.**  
Nervous at Start of Climb — Fell at Sixth Floor.  
Baltimore, April 27.—After climbing to the sixth floor of the New Howard Hotel here, Andrew Corey, a "human fly," lost his grip and fell to the ground. He died before he reached the hospital. Corey was climbing for the benefit of the Pentecostal Orphanage, and the orphanage band was preparing to take up a collection from the big crowd watching when he had reached the top of the hotel. The first part of the ascent had been made easily in spite of apparent nervousness before Corey started. As he reached the level of the sixth floor he hesitated. He started again, but just before he reached the cornice one of his hands slipped. He grasped for the wall with his other hand, but failed to catch hold. He struck the curbing on his shoulders, breaking his back. Several women in the crowd fainted. Corey was about thirty years old.

**PADDOCK SMASHES 4 WORLD'S RECORDS**  
Californian Sets New Figures for 100, 200 and 300 Meters and 300 Yards.

Charles W. Paddock of the University of Southern California broke world's records for 100 meters, 200 meters, 300 yards and 300 meters at the Southern California A. A. U. meet on Saturday, according to official timers. Paddock also tied the world's record for 100 yards and 200 yards. Paddock's time for 100 meters was 10 2-5 seconds, and for the 200 meters it was 21 1-5 seconds. He ran 300 yards in 30 1-5 and 300 meters in 33 4-5 seconds. Paddock covered 100 yards in 9 8-5 seconds and 200 yards in 21 1-3 seconds.

**New Marks Expected.**  
The official time credited to Paddock, who holds the Olympic 100 meter title and the national 200-yard championship, shaves one-fifth of a second off the world's record for the distance on the Amateur Athletic Union books to the credit of Donna F. Lippincott, who covered the distance in 1912 in 10 3-5 seconds. In equalling the world's 100-yard record of 9 8-5, Paddock accomplished this feat for the second time. The 100-yard record was first made by Dan Kelly in 1906 at Spokane, Wash., and was equalled in 1914 at Berkeley, Cal., by Howard P. Drew.

Paddock's wonderful performances had caused him to be recognized as one of the best sprinters ever developed in this country, and great speed was expected on Saturday. The blond-haired University of Southern California flier, within the past few weeks, had twice been credited with improving on Bernie Wefers' twenty-five-year-old mark of 21 1-5 seconds for the 200-yard dash, in addition to his latest track exploits. Critics in the eastern section of the country and recognized authorities on athletics were skeptical about Paddock's sensational 20 4-5 seconds for the 200-yard dash in the recent meet between the University of Southern California and the University of California at Berkeley, but, when, a few days later, Paddock registered 21 seconds flat for the distance—again getting under the Wefers mark—athletic followers began to place credence in the performance.

Whether the records will be accepted remains to be seen. A thorough investigation will be made by the A. A. U. record committee before the marks receive official recognition. To date none of the record performances of Paddock has been accepted. With regard to his performances yesterday, reports declare that Robert Weaver, A. A. U. president, made special preparations for the occasion in order to remove any doubt as to the genuineness of Paddock's work. President Weaver arranged to have extra timers available for the purpose of catching Paddock's time in his record attempts.

**Better Old Marks.**  
Paddock's time of 21 1-5 seconds for the 200-meter dash clips two-fifths of a second off the world's record, made by Archie Hahn, old Milwaukee A. C. sprinter, who held the national 100-yard and 200-yard titles back in 1908. Hahn, in 1914, sped over 200 meters in 21 3-5 seconds. The 800-yard mark of 30 1-5 seconds made by Paddock marks another assault on the record of Bernie Wefers, which has stood since 1896. On that occasion Wefers Sr., then the country's crack sprinter, spurred 300 yards in 30 3-5 seconds. In attributing to Paddock the time of 33 4-5 seconds for the 300-meter run, the Western track officials are giving the sensational Californian collegian credit for eclipsing the world's mark by two and three-fifths seconds. The accepted record is 36 2-5 seconds, made first by Failliot, French sprinter, in 1908, and equalled by F. Mezi, Hungarian, in 1913.

Eastern track followers were eagerly looking forward to the opportunity of witnessing this latest sporting sensation in action. Paddock was originally scheduled to participate in a special 100-yard dash, which will be held in connection with the annual Pennsylvania relays at Philadelphia, Friday and Saturday. The University of Southern California crack, however, cancelled the prospective trip just after his record achievements in the University of Southern California-University of California dual feat.

**ORGY OF GAMBLING IN FRENCH CAPITAL**  
Even Poorer People Affected While Government Trying to Raise Money.

Paris, April 27.—While the French government is desperately trying expedient after expedient to raise the thirty-nine billion francs necessary for this year's budget, society in Paris is indulging in an orgy of extravagance in gambling unbroken in the history of the republic. With private homes in the avenue du Bois Passy transformed into miniature casinos where jeweled women play nightly at baccarat and poker instead of bridge, the passion for risking large sums has extended even to the poorer people. Literally incredible sums are wagered daily on the races. The reason for this is said to be the inflation of the currency by which everybody in France has ostensibly five times more cash than before the war. Mushroom millionaires are springing up daily with each drop in the value of the franc. The Sunday diners at the Ritz, which had become known as the smartest functions in Europe, have degenerated into an exposition of barbarous jewels, fat wallets and ostentatious clothing.

**"HUMAN FLY" KILLED.**  
Nervous at Start of Climb — Fell at Sixth Floor.  
Baltimore, April 27.—After climbing to the sixth floor of the New Howard Hotel here, Andrew Corey, a "human fly," lost his grip and fell to the ground. He died before he reached the hospital. Corey was climbing for the benefit of the Pentecostal Orphanage, and the orphanage band was preparing to take up a collection from the big crowd watching when he had reached the top of the hotel. The first part of the ascent had been made easily in spite of apparent nervousness before Corey started. As he reached the level of the sixth floor he hesitated. He started again, but just before he reached the cornice one of his hands slipped. He grasped for the wall with his other hand, but failed to catch hold. He struck the curbing on his shoulders, breaking his back. Several women in the crowd fainted. Corey was about thirty years old.

FOOTBALL

Two Teams Ready. Two soccer teams, the Central Athletic Club and the Carleton team, signified their intention to form a soccer league...

Scottish League. Glasgow, April 26—Results of association football games in the Scottish League today were: Queens 1, Clyde 0. Partick 2, Falkirk 1.

BASEBALL

Holdout Signs. Cincinnati, April 26—Eddie Roush, hold-out centre fielder of the Cincinnati National League Club, today signed his contract to play with the Cincinnati Reds.

St. George Team Organized. At a meeting of fans in St. George last evening, the baseball association was reorganized and the following officers elected: E. F. McGratton, president; Granville Cawley, vice-president; George Dow, secretary-treasurer; George E. Frawley, manager.

National League—Tuesday. In Philadelphia—Boston, 10; Philadelphia, 6. In Brooklyn—Brooklyn, 3; New York, 1. In Cincinnati—Cincinnati, 5; Chicago, 3. Pittsburgh-St. Louis game postponed.

American League—Tuesday. In New York—Washington, 5; New York, 4. In Chicago—St. Louis, 9; Chicago, 1. In Boston—Philadelphia, 3; Boston, 1. In Cleveland—Cleveland, 9; Detroit 8.

International League. In Newark—Buffalo, 5; Newark, 2. In Jersey City—Jersey City, 6; Syracuse, 2. In Baltimore—Baltimore, 8; Rochester, 2. In Reading—Toronto, 4; Reading, 1. Second game, Reading, 6; Toronto, 5.

Would Stop Passes. Toledo, O., April 27.—The Toledo Boxing Commission through its secretary has served notice on promoters that complimentary ticket evil would have to be eliminated "before another permit is issued." More than 800 free tickets were issued for the Joe Burman-Koy Moore bout, the commission said.

Sir Barton Retired. Havre de Grace, Md., April 27.—It has been decided to retire the good hand-icapped horse Sir Barton to the stud. He is on the verge of a breakdown, and his trainer fears that if he attempts to work him fast he will bow.

Challenge Accepted. The Tuxis Boys of the west side last night signified their willingness to accept the challenge of the Y. M. C. I. junior basketball team to a game of basketball, the game to be played at any location convenient to the Y. M. C. I. on the Cliff street floor.

Health Talks by a Nurse

No. 2. (BY AGNES JOYNES, R. N.)

Those who think upon the matter at all are looking forward to the time when the principles of health will be so taught in the schools and the means so provided by our government, that sickness will be mostly a thing of the past.

Well, when they are enlarged who is going to fill them? The same people who fill them now. The very people who have filled hospitals since hospitals began.

In the hospitals are babies of a few months, suffering from malnutrition (starvation) whose mothers, either from necessity or choice, have withheld from them the food which God intended them to have, and being unable to feed, then successfully otherwise, have watched them change from lovely infants to wizened skeletons.

There are hundreds of instances which I could mention, but I shall speak of only one more, which, though last, is far from the least—Patients who have been in the hospital before and who had to leave before they were able in order to make room for cases needing immediate attention.

But I was speaking of patients in the hospitals; not out of them. There are hundreds of beds in the hospitals today occupied by patients who should not be there at all, but since there is no other place for them they must remain until they are actually crowded out and then they will get no lasting benefit from remaining, because, even at the best, they must be sent out long before they are fit.

home. And so it goes round and round the dizzying circle year after year. Then, suppose the general hospitals are enlarged to meet the number of the sick. But, hospitals everywhere today report that they cannot have a sufficient staff of nurses to properly care for the numbers which they have now.

Suppose we have rest or vacation homes built in the country where tired mothers (and fathers too) and poorly nourished children may go to rest and build up their health. Let them have a vacation there year after year. Keep them well. Suppose we build an occasional day nursery where the working mother may leave her child while she earns its food.

HUGHES FOR RIGID BAN ON IMMIGRATION

Rigid restriction on immigration was recommended Tuesday by Secretary Hughes in official documents transmitted to the United States congress.

The report said 606,292 passport visas were granted by American consuls in Europe in 1920, reflecting a stimulated desire in most European countries to emigrate to America before the anti-immigration laws were passed.

In making his recommendations, Mr. Hughes said: "Our restriction on immigration should be so rigid that it would be impossible for most of these people to enter the United States. Reference is especially made to Armenians, Jews, Persians and Russians, all of which have been so bitter and bitter since 1914 that they cannot be regarded as desirable populations for any country."

Regular old-time back-to-your-boyhood flavor-LICORICE! -an Adams product, particularly prepared- ADAMS Black Jack GUM

compared with any similar period since the war ended. Senator Jones, Republican, Washington, introduced an amendment to the immigration bill in the senate Tuesday which would compel all immigrants to the United States to take passage on vessels flying the American flag.

THE NEW DALHOUSIE

(Halifax Chronicle.) The laying of the corner stone of what will ultimately be the new law building of Dalhousie marks an important point in the scheme of development which Studley is quietly undergoing, just as it is an important milestone in the progress of the university.

The ceremonial which attended the dedication of the corner-stone was impressive in itself; it was also inspiring inasmuch as it visualized the simpler future of Dalhousie as an institution of liberal learning, when the present plans at Studley are consummated, and the university is provided with the housing accommodation and the facilities already imperatively needed.

versity as chairman of the board of governors well entitled him to be the recipient of this high honor. The silver trowel presented to the Earl of Dalhousie in those far-off days when the foundation of the old Dalhousie was laid on the Grand Parade, lent historic interest to the occasion, and was a happy talisman of success in the future.

of the future was optimistic and inspiring, and his definition of the kind service which Dalhousie is destined to perform and of the mission which is before it in the years to come, altogether admirable. So long as this spirit animates and these ideals are upheld by its governors and teachers, Dalhousie will continue to grow and flourish, winning and holding the loyalty of her sons and daughters and commanding the support of the public.

"Dominion Royal Cord for me every time"

"If it were only for the feeling of CONFIDENCE in these tires that are practically proof against blow-outs and punctures, I would still prefer 'Dominion Royal Cord.'"

"But when I also get easier riding, greater speed, and a mileage that makes them the most economical tires I can buy, then I feel I am justified in saying: 'Dominion Royal Cord for me every time.'"

Put "Dominion Royal Cord" Tires on your car and you will be just as enthusiastic about them.
