## CAT GIVES CLUE TO DETECTIVES

### Run Down Theft of Lot of German Dyes

Theft from Hoboken Warehouse Mystified Police Until Wharf Feline with Orange Spots Was Traced to River Street House.

Newark, N. J., Sept. 10.—Methods attributed to the scientific detective in modern tales of mystery, as applied to chemical analysis of orange colored spots on a waterfront cat, brought recovery of \$900,000 worth of stolen German dyes and the arrest of 17 men the United States department of justice bureau here announced yesterday.

Government sleuths engaged to solve the mystery of who held up a watchman at a state department warehouse in Hoboken, where 6,000 pounds of German dyes as part of Germany's indemnity were being held, and carried the dye stuff away in motor trucks, had been at work on the case for weeks. Suddenly attention was attracted by the strange orange color of spots on the wharf cat.

Following what amounted to an inspiration, a department of justice agent caught the cat and took it to a chemist where its orange hair was analyzed, and the discovery, it was stated, that German dyes were responsible for its unique color.

The cat was then released and abandoned. Its "home" was said to have been located in a house in River street, Hoboken. This house was watched for a long time. Last week, as a result of shadowing visitors to the River street house, department of justice agents said, they recovered 3,000 pounds of the stolen dyes on a motor truck in Paterson, and 3,000 pounds more in a Brooklyn warehouse. It was said that arrests followed by two or three almost immediately afterwards.

## LEVIATHAN ON THE WAY TO JUNK HEAP

### It Would Require \$8,000,000 Expenditure to Make Great Liner Fit for Service.

Washington, Sept. 10.—The great trans-Atlantic liner Leviathan, formerly the Hamburg-American liner Vaterland, and a sister ship of the Imperator, the last named one in the regular trans-Atlantic service of the Cunard Line, may never again be seen on the high seas. This is due to the fact that the great liner, now in the mud of her Hoboken dock, has deteriorated to so great an extent that it will require an outlay of no less than \$8,000,000 to put her again into condition for sea service.

As a matter of fact, the liner, one of the four largest trans-Atlantic passenger carriers in the world, the others being the Imperator, Olympic, and Aquitania, is so far on the way to junk heap that when she was recently offered for sale by the Shipping Board, not a single bid was received.

### NOT COUGHLIN BABE

Mrs. Hixon Admits One Found Is Hers by Previous Marriage.

Knoxville, Tenn., Sept. 10.—Charged with having abandoned a baby found yesterday in the court house yard at Morris-town, Tenn., near here, George Hixon, 21, and Gertrude Long Hixon, were under arrest today. The child was believed at first to be the Coughlin baby, kidnapped several months ago at Bellevue, Pa.

### TENDER ON THE RELATIONS OF FRANCE AND ITALY

Meeting of Giolitti and Millerand, Therefore, Regarded as Important.

Rome, Sept. 10.—Much importance is given to a meeting of Premier Giolitti and Millerand at Aix Les Bains, France, and newspapers here declare it will, perhaps, be more important than that at Lucerne where Signor Giolitti met Premier Lloyd George.

### WINNIPEG TO CALGARY FLIGHT TO BE AT NIGHT

Moose Jaw, Sask., Sept. 10.—Captain Drummond of the Dominion Air Board, has completed arrangements here for a stop-over to take oil and gas for a plane in the trans-Canada flight. Replays of pilots will take charge of the three machines here.

The flight from Winnipeg to Calgary will be made by night, the planes arriving here around midnight.

## VOLCANO IS AWAKENED BY THE EARTHQUAKE

### Shocks in Italy Minor and Relief Is That Disturbance Subsiding.

Rome, Sept. 10.—A volcanic crater has suddenly opened at the top of Pizzo D'Uccello, a mountain 5,845 feet high about nine miles northeast of Spezia. It is located on what appears to be the northwest corner of the district shaken Tuesday morning's earthquake, which resulted in the loss of hundreds of lives in the region just north of Florence.

A telegram from Spezia states that the crater is emitting smoke and sulphur fumes, and that scientists there attribute the outbreak to the earthquake.

The shock which devastated scores of little towns and villages north of Florence, seems to have followed the line of the mountains.

Florence, Italy, Sept. 10.—Minor earthquake shocks which have been felt since the disastrous tremor of Tuesday morning in the devastated zone north of this city, indicate that the disturbance is subsiding, according to Father Alfani, director of the observatory here.

Berlin, Sept. 10.—The seismographic station at Jena suggests as the possible cause of the Italian earthquake a sinking of the earth along the mountains bordering the Gulf of Genoa. Experts there say it indicates a massive caving zone in the earth's crust.

## THE MONTREAL MARKET OPENED STRONGER TODAY

Montreal, Sept. 10.—The tone of the local stock exchange was decidedly more active and strong at the opening of this morning, with numerous sales recorded in the first few minutes, at an appreciable gain in most cases over last night's close.

The dealings in the paper group were considerable with an upward trend. Spanish River common opened up a half cent, moving almost immediately to 119 1/2, while Abitibi opened up with a full point gain over night at 82. Bromontide showed a half point gain to 116 1/2, sugar to 117 on the next sale, Atlantic Sugar was one and a half better at 140 1/2, Quebec Railway 1 up to 81, and National Breweries 1/4 to 82.

## BEAVERBROOK HERE NEXT WEEK

Mayor Schofield this morning received a telegram from Lord Beaverbrook, according to His Worship's invitation to lunch at the Union Club on next Tuesday at noon. It is expected that Lord Beaverbrook will arrive in the city on Monday from the north shore. He will be accompanied by Frank P. Jones, general manager of the Canada Cement Co., and a director of the Ontario Steel Products Ltd., and W. D. Ross, a director of the Nova Scotia Steel & Coal Co.

## CANADIAN SENIORS GOLF ASSOCIATION

Ottawa, Sept. 10.—The annual meeting of the Canadian Seniors' Golf Association took place last night at the Royal Ottawa Golf Club. It was unanimously decided to re-elect all the board of officers.

The selection of a course for the tournament next year was left in the hands of the executive. It will likely be at one of the Montreal clubs.

The annual dinner took place last night at the Royal Ottawa Club. W. R. Baker, president, occupied the chair and among the guests of honor were the members of the American team who were here to play in the international match today.

### NOTE FROM GERMANY.

London, Sept. 10.—The German peace delegation in Paris, says a Berlin wire, has handed a note of the peace conference calling attention to the situation in Upper Silesia, which is declared to be growing worse and making the impracticability of carrying out the coal delivery obligation more imminent.

### SMOKES CIGARETTE ON WAY TO DEATH CHAIR

Ossining, N. Y., Sept. 10.—Calmly smoking a cigarette as he entered the death chamber, Walter Bojanowski, of Buffalo, was put to death in the electric chair at Sing Sing last night for the murder of George Weits, a Buffalo pawnbroker.

## As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Hornbeam, "do you believe in signs and portents?"

"I've said Hiram," "I've said you mind the feller that heerd a dog howlin' in the night, an' got up next mornin' an' read that a man he'd died that night in Australia. Did you hev bad dreams last night?"

"I was not thinking of dogs or dreams," replied the reporter, "but I must confess to an uneasy feeling since I read the news of yesterday. You may have observed that the funeral directors had banquet."

"I see that," said Hiram. "And," went on the reporter, "they drank a toast to their next merry meeting."

"Did they?" said Hiram. "Well, I wouldn't worry about that. If they're all as good fellers as Fen. Wallace their fun won't hurt nobody's feelin'. Last time I was talkin' to Fen, he was tryin' to hev it fixed so's every steamer 'ud hev a room cold as ice an' if anybody passed away on the v'ge they wouldn't hev to be buried at sea. He wasn't thinkin' about the undertakers—nuther. He told me about a poor feller that he'd see his wife's body put overboard almost in sight of land. It didn't seem to him to be quite human. See they passed a motion about it the other day. I ain't got a word to say agin it—no, sir."

"I am greatly relieved, not to say surprised," said Hiram. "You won't be fit to go for a long spell yet."

## Quebec Scholar, Who Was Street Seller of Newspapers, Killed

Quebec, Sept. 10.—(Canadian Press)—Jos. Clement Sylva, aged seventy years, a newspaper vendor, who plied his trade in the streets here for some thirty years was run down by a street car in St. John street yesterday afternoon, and died in the evening.

Sylva had seen better days. Besides having completed his arts course the Quebec Seminary, he had studied medicine at Laval. He became ill from over-study and upon his recovery he took up newspaper vending. He had been a classmate of many prominent judges and professional men in this province.

## THINK SMALL'S SECRETARY NOW IS IN EUROPE

### Circulars Being Distributed Charge Doughty with Theft and Kidnapping.

Toronto, Sept. 10.—John Doughty, missing private secretary of Ambrose J. Small, wealthy theatre owner, who disappeared from this city on December 2 last, is believed to be in Europe, and 8,000 circulars, which are now being printed in English, French, Italian and Spanish offering \$15,000 reward for his arrest, state that he is charged with theft as well as kidnapping.

## DERBY SAYS HE DID NOT QUIT IN DISAGREEMENT

Paris, Sept. 10.—Reports that the resignation of the Earl of Derby as British ambassador to France was caused by a disagreement with the British government over the policy to be followed in Russia, were denied by the retiring ambassador last night. He declared to the Associated Press that last spring he had requested the British government to relieve him before the end of the year, owing to his desire to resume his activities in England.

## MAY SETTLE THIS TROUBLE SOON

### Believed in Rome that Agreement with Metal Workers Is Near.

Rome, Sept. 10.—Belief exists in political circles that an agreement which will end the conflict between Italian metal workers and their employers, which resulted in the occupation of more than 400 plants by the men during the last week, is imminent. It is said that Premier Giolitti must leave Saturday for Aix Les Bains, where he will meet Premier Millerand of France, and that he could not go if the situation in Italy was not cleared up.

## HAS BIG SUM IN SOVIET GOLD

### Labor Organ in England Makes Admission

### Asks Views of Readers on Matter of Accepting It and Says If Not Price of Paper Must Be Doubled.

London, Sept. 10.—Admission was made this morning by the Herald, organ of Labor, that it has in its possession "175,000 pounds of Bolshevik gold." The newspaper states that the money is being held, pending a decision by the shareholders as to whether it should be used. The opinion of readers as to the acceptance of the money is asked by the newspaper, which publishes the admission on its first page under glaring headlines.

Last month charges that the Russian Soviet government was subsidizing newspapers in other countries for the purpose of carrying on propaganda were published here and the Herald was named as one which had received money from the Bolsheviks.

The newspaper refers to the Soviet funds as a magnificent demonstration of real working class solidarity, and of what Russians mean by internationalism.

"To accept it," says the Herald, "will be to complete a notable episode in international socialism. The increasing cost of production and the political shyness of advertisers makes it necessary for us at once to double the price of this paper if this money is not accepted."

London, Sept. 10.—Leo Kamenoff, president of the Moscow Soviet, will leave London for Moscow on Saturday, it is said, with the approval of Premier Lloyd George, to consult his government on future relations and questions between the two governments and with the understanding that he will return to London at the end of September.

Leon Krassin, Bolshevik minister of trade and commerce, another of the Russian mission, will remain in London. According to one report, the Moscow government is irritated at the delay in the London mission achieving anything and has temporarily recalled Kamenoff.

## CRITICIZES THE DISPLAY MADE IN CEMETERIES

Hamilton, Ont., Sept. 10.—Declaring that cemeteries have evolved from simple resting places to extravagant show, and that, instead of being places of restfulness and beauty, they display of monuments, H. B. Dunnington-Grubb, of Toronto, in an address before the International Association of Superintendants of the Cemeteries, at the association's conference here yesterday, dealt with "landscape gardening in cemeteries."

He said the display was "a terrifying effect in the opposition between the creators of tombs."

James Scroggie of Cambridge, Mass., made a plea for control in the design of monuments and elimination of the conflict of taste between individuals.

## HON. MR. GUTHRIE'S TRIP OVERSEAS TO INCLUDE FRANCE

New York, Sept. 10.—(Canadian Press)—Hon. Hugh Guthrie, Canadian minister of militia and defence, sailed with Mrs. Guthrie on the Imperator yesterday for England, where, on Sept. 21, he will attend a conference of the Imperial War Graves Commission. Later he will go to France to see the effect of the progress of the work in the erection of eight war memorials for members of the Canadian expeditionary forces who fell in action.

He will, on Sept. 24, attend the first financial conference of the League of Nations and he will act as the delegate with two financial advisors who are already in London.

At the dinner given to the exhibiting stockgrowers by the Exhibition Association, last night, definite announcement was made by Mayor E. A. Schofield, president of the association, that the St. John fair will be held annually in future and that the 1921 exhibition will open on September 8, and continue to September 10. Sustained applause greeted the announcement and a later showing of hands on the question showed that practically every exhibitor was in favor of the decision.

The exhibition showed at its best yesterday, with all the prize winners wearing their marks of distinction, the weather man smiling his best and the attendance mounting to the satisfactory figure of 16,842, making the second best day of the fair. Judging in all classes was completed and the last two days are one of sightseeing only.

What was considered the highest altitude reached in any of the airplane flights was made yesterday at noon, when Captain Stevens with E. Bates Tapley, as passenger, reached a height of more than 7,000 feet; two other flights were made in the afternoon by Lieut. Barhill, with Mrs. Horace A. Porter and Miss Lingley of Lingley (N.H.) as passengers. The conditions were considered ideal for flying and the flights were the most satisfactory of the series.

New Brunswick newspapermen were the guests of the Child Welfare execu-

tion, in co-operation with the provincial department of health, at a luncheon in the exhibition dining hall yesterday afternoon, when the welfare exhibit in the annex and the work proposed to be undertaken was described to the journalists by Hon. Dr. W. F. Roberts, minister of health, and Mrs. Gertrude Hasbrouck of New York, who is conducting the question box in connection with the exhibit.

The usual stockmen's dinner, tendered by the executive of the Exhibition Association, was held last night in the dining hall on the exhibition grounds.

After an enjoyable menu was discussed, Mayor Schofield, who presided, spoke upon the difficulties that had been encountered in getting the 1920 show underway and the credit that was due the management for the showing that had been made. At a meeting of the executive held yesterday afternoon, he said, it had been decided to hold the exhibition annually, so the exhibitors present could know that there will be a show and can make the necessary preparations as well as notify their friends. The date had been set as the Saturday before Labor Day (September 8) and would fit in well with all the other provincial shows; he hoped to see some records go by the

## HOLDUP MEN FALL INTO POLICE TRAP

Bandits Attack Detective as He Pretends to Fix Auto at Scene of Robberies.

(New York Times)

Leaving one of their number in a police automobile as a trap, Detectives John Woerle, John Hurton and James Maher of the Hunter's Point Police Station, Long Island City, early yesterday morning arrested one hold-up man in Betts avenue near Calvary Cemetery, the scene of half a dozen recent robberies, after a fight in which Detective Woerle was so seriously injured that he is now in St. John's Hospital. later arrested the second hold-up man, who escaped temporarily, at his home. Both pleaded guilty in police court and one of them was identified by the victims of a robbery in the same place on Saturday night.

The two men arrested were William Seher, 23 years old, of 295 Devoe street, Brooklyn, who was taken on the scene of the attempted robbery, and Albert Stark, 23 years old, who was arrested at his home, 68 Emma street, Maspeth. Magistrate Doyle held Seher for the Court of Special Sessions in \$1,000 bail on a charge of carrying a pistol without a permit and for the Grand Jury in \$5,000 bail on the charge of attempted highway robbery.

Star was held in \$5,000 bail on the charge of attempted highway robbery. He was accompanied to court by his young wife and their baby, 4 weeks old. He told Magistrate Doyle that it was the first robbery he had ever attempted, that he had needed money to support his wife and child and that Seher had told him he knew an easy way to get it.

The assignment of the three detectives followed a complaint on Sunday by Edward Pazzarilli of 366 Manhattan avenue, Brooklyn, and Miss Elizabeth Swift of Monroe street, Woodside. Pazzarilli told Captain Randles of the Hunter's Point station, that he and Miss Swift were held up late Saturday night and lost a gold watch and a diamond pin on the road near the cemetery, which is on the outskirts of Long Island City. There had been half a dozen other similar robberies in the same neighborhood.

When the detectives reached the scene of the Pazzarilli holdup, Detective Hurton and Maher concealed themselves in the shrubbery at the roadside and Detective Woerle remained in the car. The latter saw two men approaching fifteen minutes later and he pretended to be busy with the mechanism of the engine. Seher jumped to the running board and, drawing a revolver, commanded Woerle to hold up his hands.

The detective instead grappled with Seher and the two struggled until Stark coming to Seher's assistance, opened the door and they fell to the ground, the detective underneath. Woerle's left leg was hurt by the fall and Stark kicked him in the small of the back, inflicting further injury. Seher also bit a piece out of the detective's right hand. Here the other two detectives came to their comrade's assistance. Maher struck Seher with the butt of his revolver and

THROWS AWAY LARGE SUM

Thief of \$10,000 Hurriedly Rids Himself of Loot.

Portland, Me., Sept. 10—A hand bag containing \$10,000 in currency, stolen at noon on Thursday from the automobile of Victor H. Hanson in Exchange street, was dropped in Monument Square a few blocks away, by the thief, with the contents untouched. The bag had been cut open with a knife, but nothing removed so far as the owner could discover. Hundreds of people were passing in the square when the bag was left there and it was picked up but a few yards from a policeman. It had been returned to the police station before the owner had telephoned of his loss.

Prussian Corp Lighter.

London, Sept. 10—The Prussian harvest officially is estimated at considerably less than that of last year, according to a wireless message from Berlin.

ATTRACTING ATTENTION

One booth which has been attracting a big share of attention at the exhibition is that of Crethans, Ltd., Montreal. With each purchase is given a guess on the number of Maraschino cherries in a jar, to the nearest guesser, the jar and a \$10 box of chocolates will be given. Second and third prizes will be awarded. The prizes will be awarded on Saturday night by the exhibition secretary in the cabaret in the amusement hall. Miss Evans, who is engaged by the Crethans company to sing in their booth, has been loaned during the week to the Exhibition Association to sing before the grand stand. 9-18.

BATTLE OF CONFETTI ON SATURDAY

Thousands enjoyed the dancing at the cabaret in the exhibition buildings during the fair and for Saturday the management has to close with a gala carnival and battle of confetti, commencing at 7:30 standard time. The floor is in better shape than ever and the big orchestra has attracted so much attention that many people who do not dance attend to hear the delightful music and watch the dancers. The cabaret is open every afternoon and evening and Miss Evans is heard in new songs at each session. 9-11.

A FINE COLLECTION OF FOSSIL FAUNA

Fossil fauna, forming, as it is believed, the finest collection in the world, are to be presented to the St. John Natural History Society through the generosity of Dr. George F. Matthew, the eminent scientist, who is at present engaged in the work of preparing for classification some thousands of specimens which he and Prof. C. P. Hart first commenced to gather some twenty years ago. The specimens which form this collection were gathered along the shores of the Bay of Fundy, from Eastport to the head of the bay, and along the Bay Shore particularly. Dr. Matthew has them in an upper store room connected with the Natural History Museum and will devote the greater part of the coming winter to the work of cleaning and classifying them.

E. J. CRONIN'S APPOINTMENT.

Edward J. Cronin, of St. John, whose work as an aviator in the imperial service during the world war was recognized by the British war authorities before his return to Canada, is to receive an appointment in the Canadian aviation service because of his record both in France and the East. The office is connected with the inspector staff now being organized, and will carry a good salary. Mr. Cronin went over in the infantry, and after some time was transferred to the Royal Flying Corps.

Johnnie Connors, a 10-year-old boy in Winchendon, makes a business of supplying bait to fishermen. He says he gets a dollar a quart for night crawlers, \$1.25 for garden worms, 5 cents apiece for frogs, and a cent apiece for grasshoppers. Last year he made more than \$100.

THE WOMEN VOTERS

Since the National Democratic Convention in San Francisco, Mrs. George Bass, chairman of the Women's Bureau of the Democratic committee, has visited forty-two states in the interest of the women's vote, which should have an important influence in the presidential election, now that the national franchise has been secured by women.

STIMULANTS NEEDED.

The Globe is deeply concerned because the members of the city council will not attach due weight to "assurances." Has not the minister of marine and fisheries given one assurance, and the minister of customs another? And are not these glib assurances? What matters it that the solemn pledge given by Sir Robert Borden is still unfulfilled, or that the government has not fulfilled a solemn agreement made with the city in 1911?

ITALY'S LABOR PROBLEM.

An amazing new development in the struggle between labor and capital has come about in Italy. In the metal trades in some cities the men have locked out the employers and are themselves operating the factories. It is as if the owner of a St. John industry were to tell his plant some morning to be closed that he was no longer needed, except as one taking instructions from the workmen.

THE CHURCHES AND INDUSTRY.

The leaders of the Interchurch Movement in the United States are urging a commission of enquiry to avert another steel strike. A report prepared by them in the last steel strike, after an investigation which followed that struggle, was fiercely assailed by the steel company as quite too favorable to the workmen.

DETERMINATION

Jonah said he'd bet some kate he could travel in a whale. All the village sports were shocked and they joshed him and they mocked. "No one ever yet," they cried, "journeyed in a whale's inside. It would be all kinds of fun, but, alas, it can't be done. For the fish's throat so small it can't let big things at all; even if you get inside, you'd be smothered soon," they cried; "you could not trip endure, for the ventilation's poor."

Domestic Happenings of Other Days

FORT GARRY.

Visitors to the thriving city of Winnipeg today find it difficult to conceive of the difficult days when the struggling post where the great city stands now was known as Fort Garry. The West of the old days was in the hands of the Hudson's Bay and the North West companies—bitter rivals in trade and foes sometimes to the death.

## Great Bargains In Ladies' American High Class Footwear Offered By Waterbury & Rising, Ltd.

### Read the Reason Carefully

The 30 p.c. duty on shoes and the exchange on Canadian money, makes it impossible for us to give our customers value in American boots and shoes, it really means about 50 p.c. added, for which no value is received.

Therefore, we have decided to close out all our Ladies' fine American shoes at startling prices, including 578 pairs of the famous "Dorothy Dodd" quality in Black, Grey, Brown and Patent leathers as follows:

- 10 different styles at \$ 8.00 per pair, present value \$11.00 to \$12.50.
- 8 different styles at \$11.00 per pair, present value \$18.00 to \$15.00.
- 10 different styles at \$12.00 per pair, present value \$16.00 to \$21.00.

A great many of these goods were bought before the big advance and have even better stock than if purchased today.

Call early for first selection. Positively no sale goods on approval.

### TOOK ENOUGH MERCURY TO KILL 25 MEN

Olive Thomas, Wife of Jack Pickford, Seriously Ill in France — Took Dose in Error.

(Associated Press) Paris, Sept. 10.—Olive Thomas, moving picture actress, is lying in a critical condition at the American hospital at Neuilly, where she was taken several days ago suffering from Mercurial poisoning. An official statement issued by Dr. Choate, an American physician who is in charge of the case says— "Situation is serious, but recovery is hopeful."

It is learned, however, from a reliable source that the condition of Miss Thomas is extremely critical and that her recovery is doubtful.

Dr. Choate said today that the actress had swallowed a solution of alcohol preparation containing twelve grammes of bichloride of mercury, sufficient to kill twenty-five men, but he added that she had taken through error.

Recently, Miss Thomas, it is said, had been suffering from nervous depression and had expressed fear for the safety of her husband, Jack Pickford. According to Dr. Choate it was only through prompt first aid given by Pickford, on his return to the hotel where they are staying, that Miss Thomas is alive now.

**TURN TO GERMANY FOR TRADE PREFERENCE**  
The Hague, Sept. 10.—Alarmed by the low exchange value of Dutch money in North and South America, Dutch importers and exporters have urged the government to take advantage of Holland's credit to Germany to secure for them preference in German trade.

### FINE TOY EXHIBIT MUCH ADMIRER AT THORNE'S

What is undoubtedly the finest line of English, Canadian and American toys ever brought to this city is that displayed at the stores of Messrs. W. H. Thorne & Co. Ltd., King street and Market Square.

Many novel and unique features

are included on the comprehensive variety which embraces movie machines, electric experimental outfits, electric and clock-work trains, wireless outfits, and other mechanical toys. Dolls of every description and dolls' furniture, doll carriages, toy stores, swing horses, games and puzzles, military and naval toys, educational toys, and story books are other features of the fine display which well merits a visit to the stores of W. H. Thorne & Co. Ltd.

The Boston train, which was one hour late in reaching the city last night, had attached to it the private car of A. H. Smith, president of the New York Central Railroad. President Smith and party of officials went through to Halifax, the car being attached to the Halifax express.

USE ELECTRICAL APPLIANCES IN EVERY ROOM

Scores of Eye-Openers for Housewife - Fairyland Oudone.

(Toronto Globe.)

In the mid-Victorian age, whenever anyone wished their daily tasks to be finished by miraculous intervention, they always wished for Aladdin's wonderful lamp. The modern housewife, however, has no need for this elusive wonder. A brief visit to the electrical display at the exhibition will show her that the wishes of Aladdin's lamp are there all fulfilled. Every household task is here at her command. Modern science has so fashioned the metals taken from mother earth that the slightest exertion calls forth the greatest of results.

Every Room Supplied. In a visit to the Electrical Show now in progress one sees the furnishings for every room of the electrical household. The housewife will be surprised and delighted to see there what new duties this servant has assumed. Starting at the laundry, a host of various makes of electrical washing machines are ready to serve her merest whim. Some whirl the clothes about, others rock them to and fro, all guaranteed to turn the linen out as fresh and clean as a summer's day.

RAMSAY'S FLOOR WAX

"The Right Wax to Wax Right" Wm. E. Emerson, West St. John.

Near at hand are the electrical irons to take up the task where the washing machine left off.

Next the kitchen. Against the wall is the electrical refrigerator. Ice-cold water always on tap. All the groceries and butchers' supplies kept sweet and tasty until served up at the table. Ice chips always at hand for cooling beverages in the dog days.

The Kitchen a Fairyland.

Nearly stands the range, with its white buttons, anxious to be set to work. Frying, broiling, baking, stewing, any heat desired. Devices for constant maintenance of one heat are attached. And what a relief to the cook accustomed to the hot, unmanageable wood, coal or gas stove. All cool and clean, an electrical fan on the stand above to keep the air cool and refreshing. And here the electrical dishwasher, the boon of every housewife.

Next, the breakfast-room. Who can withstand the delight of freshly-made toast and freshly brewed coffee from the percolator? And the cereal, crisp and hot from the electrically-heated chafing dish.

What luxuries in the bedroom electrical appliances afford. An electric heater for cold and chilly mornings; and electrical heater for shaving water; electrical curling tongs; electrical hair driers. What more can mortals ask?

No More Trying Choices.

An then the vacuum cleaner to save the erstwhile weary housewife many a weary step and aching back. Quickly and dust-laden shelves, etc., with the various attachments, and presto! the spirit of cleanliness again pervades the house.

Then at night the turn of a button sheds over all the household a mellow glow of contentment with its soft, pale light. No feeble glare of candles, nor smoky flame of oil lamp, nor murky gloom of gas light, but the instant, sanitary, bright effulgence of the electric light. If this were the only gift conferred upon humanity by this great power, "electricity," what a debt of gratitude we would owe it.

But ever increasing are the tasks which it assumes. Continually are the busy inventors seeking some new field for their willing slave. Soon there will be no household task too trivial for its omnipresent and omniscient care. The irksome duties of the housewife will become pleasures to perform. Already do the musical instruments, electrical Victrolas and electrical pianolas, depend on this magic force for their driving power. So that now every room from basement to attic will soon be fitted with its own peculiar electrical appliances.

Indispensable Commodity.

Modern life is so bound up with this commodity that existence without it seems impossible. The "old-fashioned" way seems so hopelessly out of date.

Incidentally, this faithful and obedient servant is solving one of the problems of the present-day social system; that of domesticity. What aid so skillful and uncomplicated as the electric toaster, percolator, dish-washer, etc? No strikes, no broken dishes, no afternoons off.

ELIMINATING THE POOR COW.

The object of cow testing is to give the dairyman accurate knowledge as to the production of milk and fat of each cow in the herd. It is readily admitted that the average cow does not produce as much milk as she is capable of giving, and many dairymen keep one or more cows that do not even pay for their keep. Cow testing shows which cows are worth keeping in the herd and gives evidence against those that should be eliminated from the herd. "The progress of cow testing," bulletin 88, Dairy and Cold Storage Series by A. H. White, B. S. A. shows that many farmers rely on guess work to pick out their best cows from which to save heifer calves for the future herds. Frequently, these guesses are not correct, cows which have good conformation are not always the best producers in the herd. Dairy records will do away with guess work, and the farmer can safely select his best cows for breeding purposes. The bulletin, "The Progress of Cow Testing" may be secured free upon application to the Publications Branch, Department of Agriculture, Ottawa.

CHILDREN KILLED BY FALLING PLANE

Airman Wanted to Please His Father's Pupils in French Playground.

Paris, Sept. 10.—While they were waving greetings to an airman, an airplane crashed into a children's playground in a Paris suburb one afternoon this week, killing three of the children and grievously injuring ten others, most of whom have had to be taken to a hospital. The children were at play when the airplane, flying low, attracted their attention. They stopped play and standing in a group were watching it when, without a warning of any kind, the machine broke in the air just over their heads and fell like a stone among them. The propeller was still revolving and the deaths of the three children were due to this. Their bodies were literally cut to pieces, while the heavy wings threw the others down, badly bruised and with broken limbs.

The airman, D'Etienne, an army test pilot, was only slightly hurt, but the mechanic who was with him was instantly killed. In the district where the accident occurred D'Etienne's father is master of the school and it was with the intention of giving pleasure to the children of his father's school that he took the flight in that direction. The cause of the accident, which is almost the first of its kind to have so serious a death toll, is not yet known.

WARSHIP DUE IN ST. JOHN TOMORROW

Official announcement was received yesterday by His Honor Lieutenant-Governor William Pugsley, Premier Foster and Mayor Schofield, that H. M. S. Constance, which has been at Halifax most of this week, will arrive in St. John harbor Saturday morning and will remain at this port for a week. H. M. S. Constance which is a member of the eighth light cruiser squadron, was the official representative of Great Britain at the Pilgrim tercentenary celebration last week at Provincetown (Mass.) She is almost the same size as H. M. S. Calcutta, which was here on July 10 and is in command of Captain Kennedy and a staff of seventeen officers. The Constance will be remembered as the convoy ship of H. M. S. Renown during the visit of H. R. H. the Prince of Wales to Canada, last year.

**CAR SHORTAGE AFFECTS GRAIN MOVEMENT**

Very Acute Conditions in Southwest States Is Report—Critical Financial Condition Predicted.

Kansas City, Sept. 10.—With wheat bins in Kansas City elevators practically empty and wheat arrivals inadequate to meet the demand for shipments to other markets and for export, the freight car shortage is clearly reflected here.

Slightly less than 2,000,000 bushels are now stored in local elevators which have a capacity of between 15 and 20 million bushels. A year ago the supply was nearly 5,000,000. The amount in storage here has increased only a few thousand bushels since the harvest.

The shortage of cars for grain shipments in the Southwest has never been more acute, according to grain company officials here.

A critical situation in business and financial circles was predicted by local grainmen unless the car situation is improved. It will take 28 months, at the present rate, for the railroads to move wheat now in Kansas, according to Judge Clyde M. Reed, of the Kansas court of industrial relations, who is investigating the car shortage.

**MANY FAMILIES MADE HOMELESS IN MONTREAL**

Montreal, Sept. 9.—Thirteen families were rendered homeless and 125 workers thrown out of employment by a fire, estimated to have caused over \$200,000 damage which destroyed the Allen Glove Manufacturing Company's plant and thirteen dwellings on Frontenac street today.

**BIT OF FUN IN DETAILING HIS CAMPAIGN COSTS**

Washington, Sept. 10.—Here are some of the campaign expenses of G. H. Force, a defeated Missouri congressional aspirant, which he listed under oath in his expense account filed recently with W. Tyler Page, clerk of the House of Representatives.

"August 1.—Postage for twenty-five letters to influential men in my district telling that I was trusting to the kindness of the people and the mercy of God to elect me (both failed)—50 cents.

"August 2.—For professional services of a tonsorial artist in shaping up the sandy whiskers of an influential son of Erin—35 cents.

"August 3.—One jar 'face cream' so fascinating blonde for passing out my cards—35 cents.

"August 3.—Another jar of 'face cream' to charming brunette for passing out more of my cards—35 cents.

"August 3.—For her work and influence among her many friends and admirers, a pair of open-work hose for a plump widow; the less said the better, special—\$1.

"July 27.—For street car fare to summer garden where Tony Steuver and congressional committee held election one night a week previous to legal primary and nominated my opponent for Congress in the Tenth District—14 cents."

**NO INDICATION OF INFLUENZA**

Washington, Sept. 9.—There have been no indications of a return of last year's influenza epidemic this winter, the public health service announced today. Each year, it was stated, between November and May, a number of cases are reported, but experts of the service do not expect the disease to be as widespread or as virulent this year as in 1919.

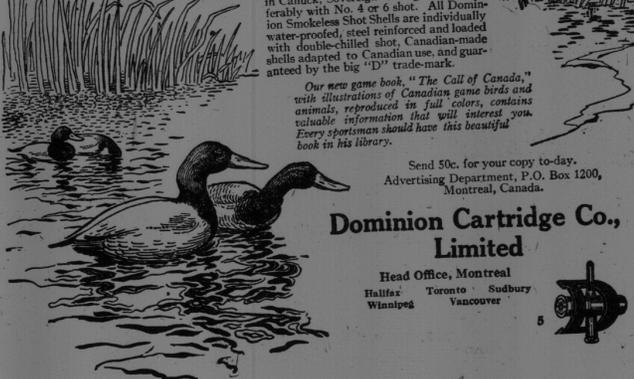

**The Game of the Epicure**

ITS popularity as a table bird has long given the Canvas-Back Duck foremost recognition among the feathered game of Canada. Although epicures made it famous, the Canvas-Back is in the first ranks of game birds—wary, speedy, when well on the wing—possessing every quality the sportsman admires.

A string of Canvas-Backs driving across the wind, their long bills and heavy necks straight out—the white plumage of the drakes flashing in the sun—is a picture that lives in the memory of the duck shooter.

The Canvas-Back's wariness and flying qualities demand a true aim and a hard-hitting load. Seek good feeding grounds for the best bag and use

### N. B. ENGINEERS IN SESSION HERE

Under an act passed at the last session of the legislature, the first annual meeting of the professional engineers of the province was opened this afternoon in the Board of Trade rooms. The meeting is for the purpose of electing officers and passing by-laws. The business is entirely relative to engineers and their work. Members of the engineering profession were expected from all parts of the province and it was believed that nearly forty were present. C. C. Kirby presided.

### One Example of the New Freight Rates

Discussing the meaning of the increase in freight rates a local merchant gave The Times today an example so far as the Maritime Provinces are concerned. He said that prior to the war the freight on a barrel of flour from Fort William to St. John amounted to 55 cents. Under the new rates the freight will be \$1.25 a barrel.

With increases on other lines of freight in proportion, he said it could easily be understood how the Maritime Provinces would be affected. He suggested that these provinces should have some consideration on account of the long haul, but nothing of that sort is in sight. No doubt the whole question will be taken up by commercial organizations.

### Mrs. Daniel J. Daly

Many will learn with regret of the death of Mrs. Daniel J. Daly which occurred at her late home 115 Simonds street yesterday morning after a brief illness. Mrs. Daly was the daughter of Mr. and Mrs. George W. Shaw of Round Hill, Annapolis county, N. S. She leaves besides her sorrowing husband, five small daughters, Teresa, Kathleen, Ellen, Gertrude and Margaret, the latter five weeks old; also her mother, father, seven brothers and four sisters. Mrs. Daly was a very estimable lady and considered one of the best fancy needle workers in Eastern Canada. Mr. Daly has in his possession some trophies which Mrs. Daly had received, for her work adorns many homes of rich Americans who spent the summer in the Annapolis Valley.

### WARSHIP WILL DOCK ON THE EASTERN SIDE

Invitation to Personnel of Constance to Attend Exhibition — May Be Church Parade.

H. M. S. Constance, which is due in port tomorrow, will dock on this side of the harbor, possibly at the Customs House wharf, where the Calcutta docked while in the harbor, so Mayor Schofield announced this morning.

The mayor this morning sent a wireless to the cruiser, inviting the officers and crew to be his guests at the provincial exhibition tomorrow afternoon and evening. On behalf of Rev. Canon G. A. Kuhnberg, of St. John's Stone church, the mayor also sent an invitation for the officers and men to attend divine service in that church on Sunday morning at 11 o'clock. If the invitation is accepted it is anticipated that there will be a church parade.

### REV. G. DICKIE TO A NEW POST.

Former Pastor in St. John to Be General Secretary of Quebec Provincial Service Council.

A despatch from Montreal this morning contains the information that Rev. G. Dickie, N. A., of St. John's Newfoundland, has accepted the position of general secretary of the Quebec provincial service council. Rev. Mr. Dickie is well and favorably known in this city. He came to St. John in October 1906 as pastor of St. Stephen's (now Knox) Presbyterian church. After about ten years of faithful service there he left to assume the pastorate of St. Andrew's Presbyterian church in St. John's. He is a native of Nova Scotia and his wife is a daughter of the late Doctor March of this city. Many friends here and elsewhere will learn with pleasure of his decision to enter a broader field of endeavor.

### POLICE COURT

A case against Peter Yapp and Peter Wood, charged with acting together and stealing a lady's coat, a suit of clothes and a pair of blankets, the property of Mustafa Abraham, valued at \$50, was resumed in police court this morning. Detective Biddiscomb told of going to the residence of Mr. McAtee, 129 Erin street, and meeting the two accused in yard and on going into the house finding two trunks. Later in the day he said, Mr. McAtee called up the police station and he was shown the trunks. The detective said he then went with Detective Donahue to Gilbert's second hand store where he found the coat. After Detective Donahue arrested the accused, Joseph Gilbert, second hand dealer, told of buying the coat from Peter Wood. Mrs. Esther McAtee also gave evidence, explaining how the trunks got to her house. The case was postponed until tomorrow morning at eleven o'clock. W. M. Ryan and K. J. MacRae appeared for the defence.

A case against Rokeby Tobias and James Jefferies, charged with selling milk containing less than 3.25 per cent butter fat, was also resumed this morning but was postponed until the source of the milk supply can be investigated. Dr. J. Roy Campbell, K. C., represented the board of health.

Zill Cowan and Frank Curley, were before the court this morning charged with assaulting their wives. The Cowan matter was postponed and the accused remanded, but in the Curley case a settlement was effected and they left the court happy. They had been married about ten months.

Patrick O'Keef, charged with being drunk, assaulting Mrs. Martha E. Huggins and breaking her furniture in her store in St. Patrick street, was fined \$8 or two months on the drunkenness charge, \$20 or two months on the assault charge, and \$8 or two months on the destruction charge.

A case against George H. Brooks, charged with non-support, was again before the court, but was postponed for material witnesses.

One man charged with drunkenness pleaded guilty and was also remanded. Two men charged with drunkenness were arrested during the morning, one in Brussels street, and the other at the Union Station, but their condition did not permit them being tried.

### BURIED TODAY.

The funeral of Mrs. John McCluskey was held this morning from her late residence, 92 St. Patrick street, to the Cathedral, where high mass of requiem was celebrated by Rev. Raymond McCarthy. The funeral was attended by many friends and the floral and spiritual offerings were very numerous. Among the former were wreaths from the Firefighters' Association No. 192, employees of the water and sewerage department, gas house employees, street railway men's union No. 688, No. 1 Hook and Ladder Company, and Mr. and Mrs. A. L. Stephens.

The body of the infant child of Mr. and Mrs. Avie Gaudet was interred this morning in the new Catholic cemetery. The funeral of Emerize, infant of Mr. and Mrs. Louis Venot, was held this afternoon from the parents' residence, Randolph, to Holy Cross cemetery.

### MAY MAKE CHURCH STREET ONE WAY THROUGHFARE

The city under consideration the making of Church street into a one way street, so Commissioner Thornton said this morning. He is taking the matter up with the city solicitor to see what legislation is necessary. He said that it being a narrow street and sloping abruptly to the sidewalk in Prince William street, the lives of many pedestrians are constantly in danger. With so many parallel streets in the vicinity, he said, it would not occasion great inconvenience if traffic were to go up only.

NEW ILLUMINATION FOR KING SQUARE BEING PLANNED

Commissioner Thornton Suggests Removal of Present Poles and Erection of Ornamental Posts.

Commissioner Thornton is preparing a plan for a change in the lighting system of King Square, which should, if adopted by the common council, increase the attractiveness of that spot.

His suggestion is that the poles and wires at present on the square be removed and replaced by ornamental posts the current to be supplied by wires laid underground.

The posts would be of the same style as those already erected at the head of King street and in front of the market, each with a cluster of five incandescent globes. At present three are used for the illumination of the square, one each on the north and south sides and one in the centre near the band stand.

The commissioner said this morning that provision could be made for the attachment of strings of colored lights should it be desired to decorate the square on any occasion.

NO DRUDGERY IN SCHOOL AS MUSIC PLAYS

Gramophone Lightens Weary Task of Commencing One's Education—Children Demonstrate.

(Toronto Globe.) To get all the things of progress of modern education to mean nothing to the child of drudgery and harnessing them to the winged chariot of the imagination, seems impossible when one sees, in a tent reached through the educational exhibit in the Government Building at the Exhibition, Miss Mac Skillings demonstration, given to the pupils of the Department of Education, of the uses of the phonograph in teaching, not merely music, but ordinary school lessons.

The series of records Miss Skillings uses are especially designed for children and she began with one which, taught with a rhythmic "Swing one, two, one, two, one, two, fish," and went on to a musical selection which harmonized with the movement as the child wrote on the blackboard. This method admits, also, of a gradual acceleration that almost unconsciously gives the pupil speed, and it certainly develops a sense of rhythm.

"The little girls who were used in the demonstration carried their own phonographs, and Miss Skillings explained, "they are blessed with four phonographs."

"How often do you girls write to music?" she asked, and "Every day," was the prompt reply.

Certain letters fit in with certain times, and "rh" and "y" were produced in rapid succession to the time of a stirring march.

"I choose the very best music," Miss Skillings said, "and in that way the children unconsciously cultivate a taste for the best."

"It goes away with discipline, too, for even if a child isn't all musical it makes him keep right on, somehow, and if he is musical he simply loves it. They are some times clamor to stay after school hours just to write to music."

For physical culture, folk dancing, singing and games, the phonograph is used, too, and geography and history can also be made much more attractive through the use of music. For the purpose of teaching reading by phonograph eight fine records have been made by Dr. Kirkpatrick.

Folk Dance and Geography. The folk dance, also, as it co-relates with geography, was demonstrated, eight little girls showing two charming dances. Miss Skillings put on the phonograph, too, an Indian war-song and dance, performed by an Indian from Brantford, Ontario, who also described, in his own way, and in a slightly broken English, the way in which the Red man went out upon the war path.

But, with all the value of the music as an adjunct to instruction, Miss Skillings urged that its value be not lost sight of from the standpoint of pure beauty.

"People miss things every day of their lives because they haven't been trained to see them," she said, making a strong plea, that while the mind was susceptible the child be taught to see the beauties of music.

CONDENSED NEWS

Service on the Brooklyn Rapid Transit lines continues to improve.

A Bad Night. London, Sept. 10.—Terence MacSwiney, lord mayor of Cork, passed a bad night in Brixton prison, says a bulletin issued this morning by the Irish Self Determination League.

New York, Sept. 10.—The Irish progressive league announced here yesterday that Secretary of State Coby had cabled the United States consul at Cork for a full report on Patrick Joseph Murphy, hunger strike prisoner in jail there, who is said by the league to be a citizen of the United States.

Murphy was born in Lynn, Mass., in 1894, officials of the league asserted, adding that they had appealed to President Wilson in his behalf. Secretary Coby's cable was said to have been despatched yesterday as a result of this appeal.

Priest's Letters Seized. New York, Sept. 10.—The Rev. Father, M. M. English of Whitehead, Montana, arriving here yesterday on the steamship Kaiserin Augusta Victoria, announced that the United States state department probably would be asked to investigate the search of his baggage and the seizure of his letters by British soldiers in Ireland. He declared his protests that he was an American citizen were ignored.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

"RICH MAN, POOR MAN," A BIG NEW YORK SUCCESS

George Broadhurst's "Rich Man, Poor Man" is made of material equally tried and true. A loving and sacrificing old couple who will stop at nothing to bring happiness to the little waif who years before had been placed in their arms by a dying mother and who latter had brought sunshine into their lonely lives; an honest, but struggling young law student, an aspiring son of the idle rich and a kind-hearted old millionaire.

Mr. Broadhurst took his material from Maximilian Foster's story which appeared in the Saturday Evening Post and now, after two years of success in New York and with road companies, it is, next week, to be the attraction at the Queen Square Theatre by the Young-Adams Company.

CHARLES RAY AND NEW SERIAL AT IMPERIAL

This is the day the Imperial starts its new-idea serial story "The Lost City." For wholesome excitement and old-fashioned story-book adventure this is the best bet yet—a regular wild animal tale with acrobatics etc. Charles Ray is the feature star in the big special exhibition bill now running, his latest success being "Paris Green," or how he got all mixed up in Paris when overseas as a soldier. It is a great week-end program for visitors and home folks as well and especially attractive to the children.

"OUT FOR FACTS," SAYS SIR HENRY RE THE TARIFF

(Special to Times.) Ottawa, Sept. 10.—"We are out to get the facts" said Sir Henry Drayton this morning in reference to the meetings of the tariff commission which will start on their western tour tomorrow night. The most important meeting will probably be that in Winnipeg where the Canadian cabinet will present their case. It is a carefully prepared statement already printed.

Sir Henry expects the public part of the inquiry to end by December 1. The dates of the eastern inquiry will not be announced until near the end of the western trip.

Advocate-Charles D. Sheppard, secretary of the Department of the Interior, is to digest what has been learned by the commission.

FREDERICKTON K. OF C.

The annual election of officers of Frederickton Council No. 1942, Knights of Columbus, was held last evening and resulted as follows:

Grand Knight—D. J. Shea. Deputy Grand Knight—J. A. Cain. Treasurer—John Madden. Financial Secretary—John Madden. Recorder—Thomas L. Barry. Warden—Earl Doohan. Inner Guard—E. O'Connor. Outer Guard—Joseph Owens.

Trustees—John Hurley, J. P. Farrell and A. J. Hanlon.

LORD MAYOR HAD VERY BAD NIGHT

London, Sept. 10.—Terence MacSwiney, lord mayor of Cork, passed a bad night in Brixton prison, says a bulletin issued this morning by the Irish Self Determination League.

He is suffering from rheumatism, legs and back and complains of a feeling of dizziness and numbness, but is still conscious.

Newark, N. J., Sept. 10.—Canadian trustees adopted a resolution yesterday to send to King George asking for the release of Lord Mayor MacSwiney.

IS AMERICAN CITIZEN

New York, Sept. 10.—The Irish progressive league announced here yesterday that Secretary of State Coby had cabled the United States consul at Cork for a full report on Patrick Joseph Murphy, hunger strike prisoner in jail there, who is said by the league to be a citizen of the United States.

Murphy was born in Lynn, Mass., in 1894, officials of the league asserted, adding that they had appealed to President Wilson in his behalf. Secretary Coby's cable was said to have been despatched yesterday as a result of this appeal.

Priest's Letters Seized. New York, Sept. 10.—The Rev. Father, M. M. English of Whitehead, Montana, arriving here yesterday on the steamship Kaiserin Augusta Victoria, announced that the United States state department probably would be asked to investigate the search of his baggage and the seizure of his letters by British soldiers in Ireland. He declared his protests that he was an American citizen were ignored.

An Extra Hour's Rest and Back to Standard Time Saturday Night

The residents of the city will, at midnight on Saturday, turn their clocks back one hour and retire to rest with two extra hours.

The first is that extra hour of rest which the change in time warrants, and the second and perhaps most delightful is the thought that on the morning and the succeeding days they can put their business without being hindered by weighty calculations to adjust schedules to fit their own timepieces.

THIS SHOULD BE GOOD DAY AT FAIR

Something More of the Features - Two Air Flights Planned for This Afternoon.

There is no sign of interest wanting at the exhibition and another large crowd is expected this afternoon and evening. Weather conditions are favorable and this in itself is an incentive to attract a crowd to the fair.

With the exception of the art gallery display all the judging has been completed and visitors now have an opportunity of seeing who won honors among the exhibitors. This afternoon there will be a stock parade on the grounds starting at 4:30 o'clock (daylight time) and this is expected to be a feature attraction. The usual attractions are booked for this evening, the athletic performance in front of the grand stand, a band concert in the main building and on the grounds and a gala display of fireworks. The last mentioned have been making a big hit.

BOY SCOUTS

An exhibit which has been attracting considerable attention is that of the Boy Scouts. They have a tent situated near the Carmarthen street entrance, and the exhibit is artistically decorated with flags and bunting. Inside they give daily demonstrations of first aid, while members of the troop also assist in demonstrations of work in the St. John Ambulance Association's booth, the Red Cross booth and in the Public Welfare Exhibit of the Department of Health. At their tent made by members, which have evoked the most favorable comment. One of the exhibits is a wireless outfit, which was made by David Legate, one of the first class scouts.

The dog show of the New Brunswick Kennel Club closed last night and this morning the exhibition was open to the public. The dog show was a success and the exhibitors were well pleased with the results. The dog show was a success and the exhibitors were well pleased with the results.

Owing to atmospheric conditions this morning the scheduled afternoon flight was called off, but it is to take place early this afternoon and again at 5 o'clock, old time.

Many favorable words are heard this year about the exhibition. It is well planned and the exhibits are well displayed. The exhibits are well displayed and the exhibits are well displayed.

IN WALL STREET

New York, Sept. 10.—(10.30)—Stocks were heavy to weak at the opening of today's trading, shipping particularly suffering much of yesterday's substantial advance. United Fruit fell 2 1/2 points and American International 1 1/2 points, on denial of rumors of prospective dividend distribution. Oils, steels and rails reacted fractionally, the few exceptions being Pan-American Petroleum preferred, Crucible and American Steel.

Further depression was shown by foreign exchange, bills on London falling to a new low level for the current movement.

NOON REPORT

The market steadied soon after the opening. American International rallyed to within a fraction of yesterday's high price while other leaders rebounded one to two points.

Shorts had another uncomfortable time in various specialties, including Houston Oil, which rose about 1/2 point. Trading fell away before noon, but recoveries were held for the most part.

The feature of the bond market was the new French issue, which sold at a premium of one per cent on the curb. Call money opened and renewed into next week at seven per cent, and exchange on London became firmer.

CONTINENTAL IMMIGRANTS SEEK TO REACH THE U. S. THROUGH DOMINION

So Many Have Been Sent Back That Sharply Worded Cables of Warning Have Been Sent.

Ottawa, Sept. 10.—Continental immigrants insist on coming to Canada in contravention of the regulations, and such a number of them have been turned back that the Immigration Department has sent sharply worded cables to the steamship companies, warning them against bringing in such people. They are mostly Poles and Russian Jews.

The immigration regulations do not ban continentals whose relatives or friends here send them a prepaid ticket, or if they come from their homes on a continuous journey, but few of them do so. Instead, they come indirectly and thus stay in Canada are heading for the cities, while the greater number aim to get into the United States by the back door, evading the restrictions in vogue there.

A large number have been rejected and taken back at the expense of the steamship companies. The situation has come to such that the Department has warned the different lines, to conduct such examinations on the other side as will prevent the futile embarkation of ineligible.

New York, Sept. 10.—Unfilled orders held by the United States Steel Corporation in the first week of August 31 totalled 10,905,038 tons, as against 11,118,468 in the month ending July 31. Today's report showed a decrease of 813,430 tons from the previous month.

The New York-Nome airplane expedition left White Horse yesterday afternoon for home.

LOOKS AFTER INTERESTS OF DANISH GOVERNMENT

NOT WORRIED OVER COAL SITUATION

British Public Declines to Grieve as Yet

No Reason to Think That Final Word on Settlement Has Been Said, Though Conference Was Failure.

London, Sept. 10.—(Canadian Associated Press)—The public still declines to become inglorious over the coal position. None of the newspapers comment is unduly bitter or pessimistic. Within a few hours of the close of yesterday's conference between the board of trade here, and the miners' leaders a tertium report of the conference was issued to the press from the government, which seems to show that the government thinks its own case has nothing to lose by the fullest publicity.

The miners, who are good tacticians also left straightway for Portsmouth to resume attendance at the trades union congress.

Newspaper reports from Portsmouth today indicate that, while no official statement is yet forthcoming, there is no reason yet to think that the contending parties have reached their final word.

One correspondent remarks: "With the knowledge that they can bring the coal industry to a standstill within a fortnight, the miners' leaders would be more than human if they displayed any undue precipitancy in accepting something less than the original demand."

The Daily Express editorially says that all the country knows that neither side has an unanswerable case. The government is trading on coal and making a profit out of it. That policy, says the newspaper, is open to objection, but it is a political matter between the government and the country and not a question to be decided at the dictation of a section of the community. The miners, it says, are wrong in attempting dictation on this issue, but may be right in asking for a rise in wages. They are wrong in refusing to substantiate their claim before an independent tribunal.

BRIGHT NEW BILL AT OPERA HOUSE

New Programme Tonight Will Have Comedy Galore, Good Music, Dancing, Acrobatic Feats, etc.

**ANNUAL MEETING OF M. P. BRANCH OF F. A. A. U. OF C.**

Held at Moncton — Forty Associations and Clubs Affiliated During the Year — Athletes Professionalized.

The annual meeting of the maritime provinces branch of the F. A. A. U. of C. was held in the Y. M. C. A. building, Moncton, on the evening of Sept. 8, and a considerable amount of business was transacted. Various reports were received and the retiring officers were all elected for another term.

The following athletic associations and representatives answered the roll call: Abegweit A. A. C., Charlottetown, represented by J. A. McMillan and L. B. McMillan; Atlantic Sugar Refinery A. A. C., St. John, F. J. Pougnet; Banook Canoe Club, Dartmouth, G. G. Thompson; Commercial Club A. A., St. John, A. W. Covey; Crescents A. A., Halifax, J. G. Quigley; Dartmouth A. A. A. and Dartmouth Baseball Club, G. G. Thompson; East End Improvement League, St. John, F. Handran; Wanderers A. A. C., Halifax, C. H. Gorham; Ramblers A. A. C., Amherst, J. L. Simpson.

The following officers were present: A. W. Covey, St. John, president; Dr. Ira J. Yeo, Charlottetown, senior vice-president; James A. Holmes, Halifax, junior vice-president; F. J. Pougnet, St. John, secretary-treasurer; G. G. Thompson, chairman of the Halifax committee.

In the secretary's report it was shown that forty associations and clubs had affiliated during the last year. Registration of athletes from Jan. 1 to date showed 1,689 enrolled and sanctioned had been issued for all the various sports which come under the jurisdiction of the union. Field and track sports, championships and trials had been held in St. John, Charlottetown, Halifax and Moncton. The Olympic Marathon trial was held under the auspices of the St. John Playgrounds Association, the Olympic field and track trials under the Abegweit A. A. C. of Charlottetown and the Olympic boxing trials under the Mayflower Club, Halifax. The maritime provinces field and track championships were held under the auspices of the Moncton A. A. C.

The report further showed that the following athletes had been professionalized during the year: Paul, Springhill, A. A. C.; Atlantic Sugar Refinery and G. W. V. A., St. John; Gill, Alerts, St. John; Forsythe, Alerts, St. John; Fred Lawlor (pole vaulter), G. W. V. A., St. John; McKimmon, Melrose and McEachern, Dalhousie A. A. C. The following athletes had been suspended: Brittain, Sterling, Henderson, Costello, Knodell, Arsenault, Breen and Doherty, all of the Alerts, St. John. The following players are under investigation: Carter, G. W. V. A., Moncton; Maher and Ahern, Berwick A. A. C. It was shown that the following had been refused reinstatement:

ment; D. Lynch and J. Copeland, Alerts, St. John; R. Isnor and D. J. Keeler, Crescents A. A. C., Halifax; J. J. Twaddle and L. D. Lowther, Ramblers, Amherst; G. R. Stewart, Red Sox, Amherst; L. F. Dow, St. John; E. Ramsay, G. W. V. A., St. John.

The following representatives were appointed during the year and assisted to a great extent in advice and co-operation, both to the union and the baseball leagues formed in various parts of the provinces: N. Nathanson, North Sydney; D. H. McFarlane, Glace Bay; N. C. Rolston, Shelburne; A. McMill, Staples, Fredericton; A. E. McNutt, Moncton; W. J. Holliday, Y. M. C. A., Sydney; Rev. W. C. Ross, Truro; Professor Coit, Wolfville. The Halifax committee consisted of G. G. Thompson, chairman; James A. Holmes and C. H. Gorham.

It was decided that sanction for league games be increased to \$5 and affiliation fees raised from \$5, \$5 and \$9 to \$5, \$8.50 and \$12.

The election of officers then took place and all the retiring officers were re-elected with the addition of a third vice-president. The officers now are: A. W. Covey, St. John, president; Dr. Ira J. Yeo, Charlottetown, first vice-president; James A. Holmes, Halifax, second vice-president; G. G. Thompson, Dartmouth, third vice-president; F. J. Pougnet, St. John, secretary-treasurer; P. E. Island committee; Dr. Yeo, chairman; John A. Lee and J. A. McMillan.

The death of Mrs. W. H. Sinnett took place at her home in Clarendon Station September 8, after a short illness. She leaves her husband, and infant daughter, her mother and seven brothers.

**BACKS HOUSING CORPORATION**

Detroit Commerce Board Endorses Commission's \$600,000 Bond Issue.

Detroit, Mich., Sept. 10.—The Detroit Board of Commerce will stand back of the Detroit Housing Corporation's proposal to float a bond issue of \$600,000 for building additional homes for workers in the city. This was made clear when 95 per cent of the board's membership endorsed the idea. Virtual pledges on the part of the entire membership of the board were made subscribe most of the fund.

The commercial organization has just completed a survey tending to show that the growth of Detroit, both in population and industry, is being retarded by the house shortage. It was revealed that workers are paying from \$70 to \$100 month for places in which to live and that many workmen either are leaving Detroit for other cities or are threatening to do so.

The bonds that the members of the board are asked to buy are in denominations of \$100, \$500 and \$1,000, maturing semi-annually. They are to be secured by mortgages.

William Stocking, statistician of the board, reports a big reduction in house construction during July. The number of permits was 561 fewer than in July, 1919.

**FIRE DESTROYS FAIRVILLE HOME**

A blazing home in Sherbrooke street, Fairville Plateau, at 8:30 o'clock last evening, lighted up the district for a considerable distance and attracted many persons to the scene. Within a short time the two-story wooden dwelling of Ernest Hampton, together with most of the contents were reduced to ashes. The family escaped without injury, but had little time to save movable property.

The blazing building attracted a large fire that very little of the furniture could be taken out. The loss is a severe one to Mr. Hampton, who is partially incapacitated through physical disability. The house was valued at about \$2,500 and was only partially insured. The house was built three years ago and was in excellent condition.

**THOSE TERRIFYING SHRIEKS**

Residents in the vicinity of Rockwood Park were terrified yesterday morning about 2:30 to hear the weird shrieks evidently emitted by one or more frightened females. The shrieks became louder and more terrifying when some of the frenzied residents sent calls into the police station and the patrol with Sergeants Sullivan and Journeay, and Policemen Linton and Coughlan soon arrived on the scene, but after a search lasting over an hour could find nothing. It was stated by some of the residents that a car was in front of the gates but it had driven away about the time the noise ceased.

**Ford Touring Car**

NATURE'S loveliest beauty spots, her choicest hunting grounds are far removed from the railroads, away from the much-travelled highways. Only a car of light weight and unusual power can traverse bad roads and marshy lands in safety. The Ford surmounts all road difficulties and takes you where you want to go.

The Ford Touring car is equipped with every modern refinement—one-man top; sloping double ventilating windshield; demountable rims, tire carrier and leather door grips. The horn button is mounted on top of the steering column and the headlights are equipped with approved non-glare lens. Electric starting and lighting equipment is furnished if desired at a slight additional cost.

**NEW THEATRE FOR NORTH END**

The Old "Palace" Will Now Be Found a Place Suggesting Beauty and Refinement — Will Open Next Monday with a High Class Picture Programme.

North End patrons have been watching the rejuvenating process being carried on at the Palace Theatre, and are anticipating with interest the grand opening next Monday evening. As previously announced, the Palace Theatre has been purchased by T. J. O'Rourke of the Gaiety Theatre, Fairville. Mr. O'Rourke, after taking possession, immediately stopped business and commenced the improvements, which are now completed. Monday night's patrons will not recognize the old "Palace," which has been re-decorated and re-modelled. New electrical fixtures of the most approved type have replaced the old ones, while other expenditures include new machines, floor coverings, new ticket office, etc., etc. The picture programme which Mr. O'Rourke has procured for his new theatre is fully equal to any shown in the city proper, and it is safe to predict that his success in Fairville will be more than duplicated in the North End. A commercial traveller, who is thoroughly familiar with all the theatres in the maritime provinces, expressed the opinion, when shown the Palace recently, that there is not a cooler or more delightful looking little picture house in the territory, which naturally very greatly pleased the energetic proprietor, who is determined that his new enterprise will measure up in good service with any New Brunswick theatre.

**BURN LIFT TO FREE BODY.**

Acetylene Torches Used to Cut Car Where Man is Crushed to Death.

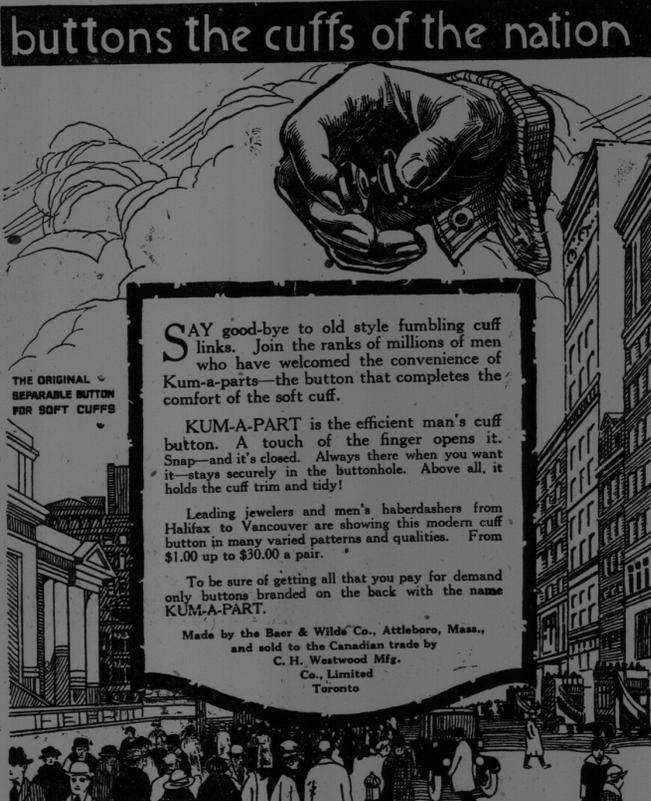

Acetylene torches were used by the Rescue Squad of the New York Fire Department to burn away part of a steel elevator in an office building at 160 Fifth avenue, to release the body of Joseph Kane, the superintendent of the building, who was crushed to death between the roof of the car and the sixth floor.

Kane, who had been making an inspection trip in the building when the accident occurred. He was still conscious when an employe discovered his plight, but died before the firemen began work.

After an hour's hard work enough of the heavy steel car was burned away to release the body.

The local delegates to the annual Trades and Labor Congress, to be held in Windsor, (Ont.), will leave the city tomorrow evening on the Montreal train in time to attend the opening of the convention on Monday. There will be three delegates from St. John: F. A. Campbell, president of the local Trades and Labor Council; James Sharp, president of the Ship Carpenters' and Joiners' Local, and Ira B. Ferris, president of Street Railwaymen's Local No. 663.

**MARINE NOTES.**

There were no departures or arrivals of vessels, other than coastwise craft, yesterday except three gasoline schooners with herring for the Eastport sardine factories. These were the schooners Frances, Black Diamond and Sylvia. W. Beal, which got away with 35, 57 and 40 hogheads of herring, respectively.

Several steamers are expected on Sunday or early next week with sugar from Cuba for the Atlantic Sugar Refineries. The steamer Granpion of the C. P. O. S., Minnedosa of the same company, and the Cassandra of the Anchor-Donaldson Line will sail from Montreal this week-end. The Pretorian and the Metagama are expected to arrive at Montreal within a few days' time.

The steamer Montara, which was wrecked on the beach near Louisburg (C. B.), a few weeks ago and is now lying there broken and submerged, is to be sold with all her fittings and stores by auction next Monday.

The car ferry Prince Edward Island came out of dry dock at Halifax on Wednesday and soon will resume her sailings between Cape Tormentine and Cape Travis. Two submarines, the H. S. 14 and the H. S. 15, were floated into the dock after the car ferry was taken out and will likely be in the dock about two weeks during which time they will be cleaned and painted.

The government steamer Aberdeen is placing buoys between Brier Island and Yarmouth Cape and is also supplying the Cape Sable, Seal Island, Machias and Point Lepreaux lights with coal and oil.

**Uruguay Editor is First Hurt**

Under Legalized Dueling Law  
Montevideo, Uruguay, Sept 10.—Julio Maria Sosa, editor of El Dia, was wounded in the first duel fought under the newly legalized dueling law. His opponent was Minister of Public Works Humberto Pittaniglia.

The men fought with sabres and Sosa was slightly wounded in the arm.

**BEAVERBROOK SCHOLARSHIPS**

The governors of the Lord Beaverbrook Scholarship Trust, at a conference yesterday, made the first award of five scholarships under the trust. Those to whom the scholarships have been awarded are: Arthur E. L. Booth, Fredericton; Frank Corkery, St. John; Florence T. Snodgrass, Young's Cove, Queens Co.; Margaret E. Sweetnam, Moncton, and Francis Gordon Lawson, Edmundston.

By the terms of gift, Lord Beaverbrook authorized five scholarships of \$225 each for a college term of four years. Three of the five scholarships must be given outside of St. John and Fredericton. There were seventeen applicants from High school pupils who this year passed the university matriculation examinations.

The governors of the trust are Judge Crockett (chairman), Lieut.-Governor Pugsley and F. B. Ellis. S. Dow Simons, Fredericton, is secretary to the board.

**Peculiar Tragedy.**

Winnipeg, Sept. 10.—George Mohen, 24 years of age, a Dakotah, a settlement twenty-two miles southwest of Winnipeg, washed his overalls in gasoline when he had finished work on a threshing machine. Later he scratched a match on the denim, which caused a miniature explosion. The flames spread quickly and Mohen died from his injuries.

The wedding of Miss Bessie J. Taylor and Carl Heckbert of Woodstock, N. B., took place on Wednesday at the home of the bride's parents, Mr. and Mrs. J. R. Taylor, Slemogue, N. B., Rev. A. E. Chapman of Bale Verte performed the ceremony. The bride wore a blue traveling suit and carried a shower bouquet of roses.

A wedding of local interest took place in the Windsor Hotel, Montreal, yesterday, when James B. Brant, formerly a lumber merchant in St. John and Haganstown, Md., U. S. A., was united in marriage to Miss Cunningham of Glasgow, Scotland.

An interesting wedding ceremony was performed in Trinity Church last evening when Rev. Canon Armstrong united in marriage Captain J. Fred Williams of this city and Eliza E. Buckley of Long's Cove.

**The Miracle Man Said:  
"Let There Be Business"**

**And Behold,  
Record-Breaking  
Business Came**

How they poured into this store—a seething mass of economy seekers. Some came with the "Show me" spirit—they were shown, some came with rapacious appetites for bargains, they bought bounteously, some came out of curiosity to see what marvels a Miracle Man can work—they remained to praise and to profit.

At times the buying overwhelmed us—swept beyond our control but not beyond our resources—reserve forces of salesmen were rushed into action and everyone was served, and satisfied with the greatest apparel money savers that ever hit town. Fine merchandise absolutely below wholesale replacement value today.

And still this carnival of economy goes on—this festival of future values, this banquet of bargains. There will be no halting or relaxation, no retrenchment from the extraordinary value-giving until stock clearance is accomplished. Your chance beckons you, economy urges you not to evade it. Get your share.

**Form These Good Habits**

WHENEVER anyone in your family comes home chilled from exposure to cold and damp, let your mind instinctively think of the bottle of PERRY DAVIS PAINKILLER in the cupboard, and give, without delay, a teaspoonful dose in a cup of hot, sweetened water or milk. This prompt treatment with this reliable household medicine wards off the evil after-effects of a chill, such as Colds, Bronchitis, La Grippe, and Pneumonia.

Again, think of PAINKILLER if seized with an acute attack of Cramps and Colic in the stomach and bowels; generally accompanied with great pain, Diarrhoea and a feeling of collapse. Usually these attacks result from unwise eating, chill from sleeping uncovered during the late part of the summer, etc.

A teaspoonful dose or two of PAINKILLER then will earn your gratitude, and people who have once experienced the agony of such attacks and the relief afforded by PAINKILLER, seldom fail thereafter to keep always on hand a bottle of this reliable remedy.

Again, think of PAINKILLER whenever a child begins to develop a sore throat or Bronchial Cough. Wring out a flannel cloth in a cupful of hot water to which a teaspoonful of PAINKILLER has been added, wrap around the child's throat, and cover with another flannel to keep dry. (Do this at bed time). The warmth and drawing-power of the PAINKILLER soothes, induces sleep, and counteracts the inflammation. Many a mother has been spared a sleepless night for herself and her child by this simple, effective, home treatment.

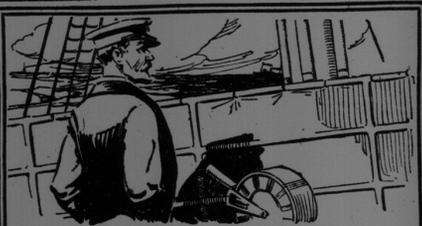

PAINKILLER is also valuable as a liniment for Sprains, Bruises, Insect Bites, Stings, etc.

PERRY DAVIS PAINKILLER has been on the market for over seventy-five (75) years. It is used in nearly every country on the globe by thousands of families of every race for the purposes described above.

Every family and every traveller will do well to have always on hand a bottle of this reliable household medicinal preparation.

**Health on the High Seas**

The sailor is always in danger of sickness, owing to lack of fresh food and water, and exposure to all kinds of weather. Capt. Geo. E. Dakin, of Sand Cove, N. S., was forced by illness to give up his vessel, after sailing for several years on long Eastern trips. He says that

**HAWKER'S NERVE and STOMACH TONIC**

enabled him to regain his health, and resume his command. "I was weak, nervous, had no appetite, could not sleep, and was completely run down. I was advised to try Hawker's Nerve and Stomach Tonic, and am pleased to say that four bottles of the tonic restored me to perfect health."

This wonderful remedy will quickly correct any disordered condition of the nerves or stomach. What it has done for others it will do for you. Give it a trial.

Atlantics vs St. Roes.

The Atlantics of the South End League, will play a game of baseball with the St. Roes of Fairville, on the South End diamond on Saturday afternoon at 7 o'clock.

Another for Ruth.

Cleveland, O., Sept. 9.—Babe Ruth knocked his forty-seventh home run of the season in the first game of the New York-Cleveland series here today. His drive came in the third inning. There was no one on base.

A Converted Southpaw.

Washington, Pa., Sept. 10.—Fred Baumbarger, an amateur baseball pitcher of Washington, Pa., holds the distinction of being one of the few twirlers who have converted themselves into right-handers after being born with a southpaw wing. Baumbarger is a veteran of the war and was wounded in the Argonne, when a piece of high-explosive shell slashed him in the left arm. Before joining the army he had been a star pitcher on his high school team, and when he returned he immediately began practicing with his right arm. This season he has been winning regularly. Recently he tamed an ana-

conda.

Retains Championship.

George S. Lyon, of the Lambton Golf Club, Toronto, is again champion of the Canadian Seniors' Golf Association. He turned in a card for 157 in thirty-six holes at the annual tournament held in Ottawa. In the deciding round yesterday he turned in a card of eighty.

Player Put Out of Game in Cincinnati-Boston Contest and Manager Stallings is Ruled Off Bench.

Cleveland, Sept. 10.—Cleveland won the first game of the series with New York yesterday driving Quinn and Mogridge from the box, Collins being taken out because he hurt himself sliding into second base. With two out in the 8th Smith walked, Gardner singled and Johnson tripped. Quinn was then taken out and Collins substituted. Johnston at once stole home. Mogridge was hit-hard in the eighth when Cleveland scored four runs. Ruth made his 47th home run drive over the rightfield fence in the third inning. New York 4, Cleveland 10.

Chicago, Sept. 10.—Chicago through an 8th inning rally that produced five runs, followed by another run in the next inning, defeated Boston yesterday. The runs came when Bush weakened. Boston 5, Chicago 6.

St. Louis, Sept. 10.—Washington beat St. Louis twice yesterday in Washington. St. Louis 10, Washington 6; Washington 6, St. Louis 1.

Rowing Championships

For the first time in the history of the city the maritime province rowing championships will be held here. The meet will be held this month and entries have been promised from prominent clubs. These aquatic championships will be held under the sanction of the M. F. B. A. U. by the Athletic Association of the St. John Commercial Club on the Courtenay Bay course at 3 o'clock on Saturday afternoon, September 18.

Englishmen Win Again

Chattanooga, Sept. 10.—Harry Vardon and Edward Ray defeated Douglas Edgely, Atlanta, Canadian open champion, and Jim McKenzie, Chattanooga, in a 36 hole golf match here yesterday, one up. A driving rain slowed up the course and interfered with the play, but all cards were under 77, morning and afternoon.

### PYRO ROOFING

Unaffected By Heat, Cold, Sun, or Rain

PYRO is a first class roofing in every respect and its advantages over other prepared or "Ready" Roofings is due to the fact that there is no coal-tar used in PYRO. This means that it does not dry up and become brittle under exposure to the heat of the sun. For this reason it retains its strength and pliability almost indefinitely, instead of becoming hard and cracking, as do roofings made of substitutes for natural asphalt.

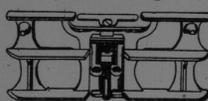

Put up in rolls containing 108 square feet, with cement and tacks—all ready to put on the roof.

On quantities we will quote you a special price, delivered to your nearest Railway Station or Steamboat Landing.
