TWELVE PAGES—ONE CENT

A Satisfactory Is News From Allied Lines Today

Enemy Casualties Already Are Placed at 100,000

Allies' Losses Declared Small—Germans Send Fresh Troops Into the Battle but Fail so Far to Make Much Impression

London, July 17.—The position of the Allies at the present stage of the German offensive in France is said to be distinctly satisfactory, in advices received today. The French losses are said to have been very small. They have lost no guns.

Casualties sustained by the German troops in the offensive up to the present are estimated to number 100,000, according to news received in London today.

NEW ENEMY FORCES IN.

Paris, July 17.—The Germans last night threw new forces into the battle on the front south of the Marne and attacked the Allied lines north of St. Agnan. The enemy succeeded in penetrating into Bourdonnerie. The battle is continuing in the woods immediately to the south of this point.

On the front farther to the east the French held the enemy in the southern outskirts of the Bouquigny Wood and at the village of Neeles.

A powerful attack likewise was made by the Germans in the direction of Moineville, but they were driven from this locality by a French counter-attack. On the front between the Marne and Rheims the fighting developed violently in the Courton Wood. The Germans attacked in the Vigny region, on this front, but their assault here broke down completely.

Along the line to the east of Rheims the Germans delivered local attacks, notably in the Prunay region. These efforts by the enemy were fruitless. In renewed assaults upon Beaumont the enemy suffered a sanguinary repulse. The French positions throughout the region to the east of Rheims were maintained intact.

ENEMY BOMBARDS BRITISH FRONT

London, July 17.—Raids carried out last night by the British in the Amiens area east of Villers-Bretonneux and in the neighborhood of Hailu, on the front to the north, resulted in the taking of prisoners, in the Somme and Scarpe sections, to the north of Amiens, and in the Arras region, north of the Scarpe. Enemy activity was active last night. Similar activity was displayed by the German guns in Flanders, in the district northeast of Bethune and to the north of Bailleul.

FIVE ATTACKS AND ALL FAIL

London, July 17.—Gen. Von Einem's army, which has now been definitely engaged on the German left wing in the Champagne, yesterday delivered five attacks between Gulppe and Maxeigne. All were repulsed with heavy losses.

French counter-attacks have brought the German bridges over the river Marne under the fire of the French artillery of medium calibre.

On the French front in France, July 17.—(By the Associated Press)—Comparatively slight progress has been made by the enemy on the front west of Rheims, but his hope of effecting a breach in the line was not realized. The Allied method of defense proved wonderfully efficacious everywhere, resulting in maintaining the armies intact.

On the French front in France, July 17.—(By the Associated Press)—The stoppage of the general German attack appears to have been the feature of today's fighting. The enemy is resorting momentarily at least, to local attacks supported by strong artillery.

South of the Marne the Germans were turned out of St. Agnan and Chapelle-Monthodon by a counter-attack which enabled the French and Americans to regain heights overlooking a portion of the course of the Marne.

Officers play COWARD'S PART. On the French front, July 17.—Prisoners taken in counter-attacks by the French have been very low spirited on account of their losses.

A battalion commander captured investigated the regular officers of the German army. He declared that they sent reserve officers, like himself, forward, while they remained in the rear. If any of the officers complained, he added, the regular officers formed a court martial and meted out stern punishment.

So Says Vienna. Vienna, July 17.—(By the Associated Press)—The Italian mountain front is reported in the official statement from the Austro-Hungarian headquarters yesterday.

SPANISH SHIP WITH MINISTER ON BOARD TOPEEDED BY HUNS. Athens, Greece, July 17.—It is announced from a Spanish source that a Spanish steamship on which Minister Lopez was returning to Spain has been torpedoed by a German submarine. The diplomat and his family have been rescued. The German government had been notified of the minister's departure a week in advance.

KNIGHTS OF COLUMBUS. Martin H. Carmody, deputy supreme grand knight, Knights of Columbus, will address the members of St. John Council, No. 987, K. of C. this Wednesday evening at 8.15 o'clock in their hall, Coburg street.

Youngest Son of Col. Roosevelt Killed

Lieutenant Quentin, Returning After Air Patrol, Attacked by Hun Squadron

London, July 17.—Lieut. Quentin Roosevelt, Colonel Theodore Roosevelt's youngest son who has been attached to the American line forces on the Marne front, was killed at Chateau Thierry on July 14, says a despatch from Paris to the Exchange Telegraph Company.

Lieutenant Roosevelt, the despatch says, was returning after a patrol fight, when he was attacked by a German squadron. It was seen that Roosevelt suddenly lost control of his machine, having probably received a mortal wound.

DUAL PUT TO DEATH IN PARIS

Executed for Treasonable Actions—Caillaux Presses for Hastening of Trial

Paris, July 17.—(Havas Agency)—M. Duval, director of the Gernanoophile newspaper Bonnet-Rouge, was executed early today for treasonable actions against the government.

Paris, July 17.—Joseph Caillaux, former premier, who is in prison waiting trial, has written to Paul Deschanel, president of the chamber of deputies, requesting his request that the government hasten his trial of charges of communicating with the enemy. The former premier complains of "certain falsifications in telegrams," probably alluding to those sent by Count Von Bernstorff, former German ambassador to the United States, to a German agent in Argentina. He adds:—"I shall have occasion soon to enlighten my colleagues in regard to the police machinations to which men have sunk and are sinking in an effort to reach me."

H. C. L. KEEPS ON MOVE

Further Increase in the Family Budget

Ottawa, July 17.—A continuance of the upward tendency in the cost of living is shown by the report of the H. C. L. committee on food prices for June. The average cost of a family budget of staple foods in some sixty cities at the middle of June was \$12.77, as compared with \$12.66 for May, \$11.89 for June 1917, and \$12.00 for June 1916.

Members of the union present said that there were some motions which never worked in the shops.

Mr. Taylor then arose on behalf of the company. He said he regretted that the matter had to come before a board of conciliation. He said that it was true that practically all of the street railway companies had asked for an increase in rates. He inquired of the company, promised that he would recommend to the executive an increase of three cents an hour, but they demanded five cents. At this point he paid a tribute to the efficiency of the employees of the company and commended them for their conscientious treatment to passengers, etc.

In this city, he said, the traffic had fallen off considerably. Compared with July last year receipts have fallen off at a rate of \$181 a day. The cost of operating the street railway this year will be \$100,000 more than last, in addition to a falling off in the revenue. He said that the gross receipts last year were approximately \$800,000. He said the company had 270 employees; out of this number 165 were members of the union. Taking the increased cost of coal, etc., the expenses this year would aggregate \$450,000. This, he said, would not include any increase for labor. He said that the company were going to get an increase in fares, and he would stop running. He said that to rebuild the street railway, with the increased cost of labor, rails, etc., and purchase cars, would require an expenditure of \$8,000,000 more.

In answer to Mr. Hatheway he said there are twenty-five miles of track. He said that it was impossible for the company to get an adequate return for their expenditure as it would necessitate an increase of double the present fares with the same amount of travel as at the present time. He said that the employees should take these circumstances into consideration. In making their demands, if the high cost of living were the basis for the increase then all the employees should be treated alike. He said that if the board granted or awarded, the increase of seven cents it would cost the company \$500,000 more yearly.

Mr. Sinclair said that he had figured out that the increase would come to \$800,000. He asked Mr. Taylor how many men out of the 270 would have to be cut. Mr. Taylor said he thought considerably over half of them.

Has Good Words for CANADIAN PAPERS. London, July 17.—(Via Reuters' Ottawa Agency)—All the Canadian newspaper representatives now in England were cordially welcomed at a conference of the Empire Press Union at the Savoy Hotel yesterday. Robert Donohue, editor of the Daily Chronicle and chairman of the union, presided, supported by the president, Lord Burnham. Mr. Donohue declared that Canada's great efforts could not have been accomplished but for the patriotism of her press.

Weather Report. Issued by Authority of the Department of Marine and Fisheries, R. F. Stewart, meteorological service.

Synopsis.—The trough of low pressure extends from the Gulf of St. Lawrence to the middle Atlantic states and Lake Huron westward. The barometer is fairly high. Heavy showers occurred in Ontario and Quebec but elsewhere the weather has been fine.

Lakes and Georgian Bay—Fair, Thursday; fine and warm. Ottawa and Upper St. Lawrence Valley—Moderate winds, a few local showers, but mostly fair. Thursday, light winds, fine and warm.

Mostly Fair and Warm. The following resignations are accepted:—Of Edward H. Cormier, of the parish of Beresford, Gloucester, as justice of the peace. Of William A. Holt, as chairman of the board of health, district No. 18, Charlottetown. Of J. H. King as district agricultural representative of Albert, Westmorland and Kent. The appointment of W. B. Bramley, of Bath, parish of New Shore, as justice of the peace. Of W. H. Bramley, of Bath, parish of New Shore, as justice of the peace. Of W. H. Bramley, of Bath, parish of New Shore, as justice of the peace.

Council Wants It Rescinded

That Piratical Order-in-Council of Old Government

MEETING AT CITY HALL. Corporations Also Come in For Sharp Criticism—The Question of Street Paving, Traffic Police-men and Automobiles—N. B. Telephone Co. Denounced—F. R. Taylor Wants Hearing

The city council will memorialize the former government to rescind the secret agreement entered into by the former government taking out of the hands of the city the power to assess the New Brunswick Power Company.

This action was decided on at this morning's council meeting, every member expressing himself very strongly on the subject of secretly depriving the city of its rightful power.

There was also sharp criticism of the New Brunswick Telephone Company by Commissioner McLellan, who described the service as very bad and getting steadily worse, and declared he would have the street drains action.

Commissioner Hilyard gave the corporations a hard rap when a letter from F. R. Taylor was read, asking to be heard in opposition to the assessment of the C. P. R. telephone in this city. Mr. Hilyard said it seemed that corporations had been able in the past to come in and walk off with whatever they wanted.

All the members were present at this morning's meeting. On motion of Commissioner McLellan it was decided to ask the provincial government if it intended to take any action in the matter of the city's memorial relating to the power of taxation.

Property owners in Union street, between Charlotte and Sydney, asked to be released from any further contribution for the permanent pavement there. This led to considerable debate and it was decided to have some of the petitioners and go into the whole question of the city's policy in regard to contributions from property owners for street improvement. The matter will come up a week from tomorrow.

Petitions from the school board touching street repairs needed near Alexandra and Newman street schools were referred to the board of works.

Mr. Colwell was re-appointed a member of the school board.

The matter of Kaes & Ring's claim for \$2,000 to \$3,000 for what work was referred to the city solicitor, along with J. Fred Bely's demand for the execution of the lease of certain lots.

The recommendation of a recent jury that a traffic policeman be placed at the intersection of King street and Commercial street was referred to Commissioner McLellan to report. The question of revenue from motor cars and taximeters was also referred to Commissioner McLellan to report.

Renewal leases will issue to Mrs. E. F. Merrill of lot No. 658, Orange street, Queens ward, for a term of seven years from the first day of May last—annual rental \$28.00, and to Jennie Hagerty, wife of William G. Hagerty, of lot No. 22, Block B, in the Parish of Lancaux, for seven years from the first day of May last, at annual rental of \$11 upon a surrender of the present lease being filed with the common clerk.

The Mayor was authorized to act as local fuel controller until some suitable person is appointed to the position.

The estimate for repairing the north side of the Rodney Wharf was increased from \$8,000 to \$8,700.

The following renewal leases will issue, upon the common clerk being satisfied that the several persons are entitled thereto, namely:—Lots Nos. 1059 and 1061, Brooks ward, to the R. C. Bishop of St. John for seven years from 1st November, 1917, at \$15 per annum.

Part Lot No. 724, Brooks ward, to the R. C. Bishop of St. John for seven years from 1st November, 1917, at \$10 per annum.

Lot No. 1092, Brooks ward, to Daniel J. Pitt, for seven years, from 1st May last at \$14 per annum.

Lot No. 17, Protection street, Brooks ward, to Ida P. Bodington, for seven years, from 1st May last at \$16.50 per annum.

AUSTRIAN GENERAL QUITS. Amsterdam, July 17.—Emperor Charles, says a Vienna telegram, has granted the request of Field Marshal Conrad von Hostensdorf, former Austrian commander-in-chief, and lately in command of the Italian main-front, that he be relieved of his command.

Gen. Archduke Joseph has been appointed commander of an army group consisting of 100,000 men. The appointment of W. H. Bramley, of Bath, parish of New Shore, as justice of the peace. Of W. H. Bramley, of Bath, parish of New Shore, as justice of the peace.

DEPUTY MINISTER LOGGIE WITNESS

Enquiry Into Currie Charges Is Continued. SESSION IN FREDERICTON

Evidence as to Methods of Department in Dealing With Scalers and in Collection of Stampage—System, He Thinks, Not the Best

Fredricton, N. B., July 17.—In the inquiry into the charges against Hon. Mr. Currie, Colonel T. G. Loggie, deputy minister, was on the stand here all morning and will continue this afternoon.

When the session opened Col. T. G. Loggie, Deputy Minister of Lands and Mines, was called to give evidence. Examined by Dr. Baxter he told of the appointment of Archibald Murchie, as a government scaler in 1908. As an illustration of instructions to scalers the witness read a circular addressed to all scalers last year, dealing with the size of logs, which might be cut, their markings, etc. Stampage was payable, he said, on all logs down to five inches diameter at the small end.

Regarding the evidence of the Continental Company's scaler that logs of less than eight inches were disregarded, he said that scaling smaller logs was impracticable.

Instructors to scalers as to how to carry on their work were only general, as the scalers, having passed their examinations, were supposed to know their work. Instructions were limited chiefly to information regarding the limits of the district in which the scaler was to operate.

The duties of the chief scaler, the witness said, were to see that his subordinates were alert on their work, that they were performing their monthly counts, answer correspondence and see that a correct count of the cut was filed with the department. He was not able to say if the counter's books for the Continental operations for 1916-17 had been returned to the department.

With the aid of a map Col. Loggie showed the location of the Continental Company's timber limits. At the headwaters of the Chasco, their lands extended to the Richmond Company permits.

From the scalers' returns the department seldom could tell from which of the lands any particular log of lumber was cut. Plans of the district indicating the Continental Company's limits, had been sent to Murchie, Colonel Loggie was asked to produce copies of the plans, also any correspondence with Murchie and any returns sent in by him.

When he returned Colonel Loggie produced a copy of the formal appointment sent to Murchie, which showed by his record that scale plan had been sent to the scaler, had been returned by him on August, 1917, and destroyed by Murchie. New plans were sent at that time. These would show part of the Richards lands on the River Chasco, as well as the Continental's lands. Letters from the chief scaler, October 4, 1916, showed what forms and books had been returned.

(Continued on page 2, fifth column.)

DOMINION POLICE AFTER THREE SUNBURY BROTHERS; SHOOT ONE OF THEM IN THE SHOULDER

Fredricton, N. B., July 15.—Colby Cogswell of Waterville, Sunbury county, was brought here today with a bullet wound in his shoulder received while being arrested by a party of the Dominion police as an absentee under the Military Service Act. His condition is reported serious.

George Cogswell, a brother, was arrested at the same time as an absentee. Arthur Cogswell, a third brother, who is wanted as an absentee from the depot battalion, succeeded in keeping clear of the dominion police.

IS THERE SOMETHING BACK OF COLLISIONS? Buenos Aires, July 17.—The British steamship Call Robertson, which came into collision on Saturday in the River Plate with another British steamship and sank, has been refloated and towed into dock. She is badly damaged. It is asserted that the ministry of marine will begin an investigation of the frequent collisions of allied vessels while in charge of river pilots.

HUNDRED PETITIONS FOR WRITS OF HABEAS CORPUS

Toronto, July 17.—When Gordon Waldron appears before Mr. Justice Sutherland here today he will have ready to present 100 petitions for writs of habeas corpus. Mr. Waldron is of the opinion that these cases cannot rightly be referred to the Supreme Court of Canada.

SYNDICATE TAKES \$900,000 OF MONTREAL-PROTESTANT SCHOOL SECURITIES

Montreal, July 17.—The Protestant board of school commissioners in this city have, it is understood, accepted the offer of a syndicate composed of C. Meredith & Company, Ltd., Hanson Bros., and A. E. Jones & Company for an issue of \$900,000 six per cent bonds of varying maturities. The syndicate bid \$9.00 for the whole issue, a price equivalent to about a 6 1/2 per cent yield.

CALLS ON GERMANY TO WITHDRAW FROM BELGIUM

London, July 17.—German newspapers give prominence to an interesting statement on Belgium by Prof. Hans Delbrueck in the News-Watcher Journal. The Belgians are reported to have been asked to withdraw from Belgium without conditions and to re-instate her independence and integrity. Germany has plenty of other safeguards. Belgium is not only a German question, it is a world question.

"No peace is possible in the world unless Belgium is as free as before the war. Even America has the greatest interest in Belgium. Until Belgium becomes free the world cannot accept even the indirect rule of Germany over her."

FOUR POLICE WOMEN ADDED TO THE MONTREAL FORCE

Montreal, July 17.—Director of Public Safety, Joseph Tremblay, last night announced the appointment of four police-women—two French and two English speaking—to the Montreal police force. They will wear no distinctive uniforms, but will have a badge. They are given the power of constables and start at a constable's salary of \$400 per annum.

RUSSIAN AFFAIRS

Peking, Monday, July 15.—The town of Khatsherek, in the southwestern Szechuan province, has been occupied by the Czechoslovak forces, following their capture of Irukak. The Bolsheviks are reported concentrating at Verendinsk.

Peking, Monday, July 16.—A despatch from Manchuria announces that General Semenov, the anti-Bolshevik leader, has occupied Sharsui with his forces.

On March 8, 1917, Murchie Ltd. is about to break up diplomatic relations with Great Britain and any other English-speaking country. The landing of armed forces on the Murman coast, according to news said to have been received from Moscow by Berlin newspapers.

Washington, July 17.—General Pershing's communique for Monday reported that 200 prisoners were taken by the Americans in their counter-attack which drove the Germans back to the Marne east of Chateau Thierry. In the Vosges five trench raids attempted by the enemy were broken down under American fire.

Much Damage by Typhoid. Osaka, Japan, July 17.—A violent typhoid epidemic is raging in the city of Osaka, Japan, and the epidemic has been interrupted. Floods occurred in Kobe and Osaka.

Continuing, the witness explained that the chief scaler, after checking the returns, sent them to the department to have the stampage accounts made out. The account for the Continental Company was as follows:—Spruce, 1,022,900 feet at \$1.50 per M, \$1,534,350; fir, 2,148,000 feet at \$1.20 per M, \$2,577,600; cedar, 1,047,000 feet at \$1.50 per M, \$1,570,500; total \$5,682,450. A check for this amount and one of \$1,284 for mileage were received on August 5 from the company, with a letter from Mr. Currie.

Special Sale of Ladies' Suits Closes Saturday Where \$15 Does the Work of \$25

This sale of Ladies' Tweed or Serge Suits at \$15 is one of the best bargains ever offered. It would be almost impossible to buy these suits at this price at wholesale today. We'd strongly urge you to at least look them over. Why pay \$25 or more for a suit we are selling at \$15? Lot includes green broadcloth, blue and brown serge.

Sale Ends Saturday Night J. GOLDMAN, 26 Wall St. Near Winter Haymarket Square Cars pass the Door

DEPUTY MINISTER LOGGIE A WITNESS. MR. TAYLOR FOR THE COMPANY IS HEARD.

(Continued from page 1.)
Ten monthly statements forms had been sent to Murchie but he had returned only one, already in evidence. A letter from Murchie, dated December 4, 1916, accompanying his returns, was also in evidence. The witness had answered previously regarding the missing correspondence regarding the missing estimate which the chief scaler had told the witness that he had tried to secure more monthly returns from Murchie but had failed to do so.

Continuing, the witness explained that the chief scaler, after checking the returns, sent them to the department to have the stampage accounts made out. The account for the Continental Company was as follows:—Spruce, 1,022,900 feet at \$1.50 per M, \$1,534,350; fir, 2,148,000 feet at \$1.20 per M, \$2,577,600; cedar, 1,047,000 feet at \$1.50 per M, \$1,570,500; total \$5,682,450. A check for this amount and one of \$1,284 for mileage were received on August 5 from the company, with a letter from Mr. Currie.

Continuing, the witness explained that the chief scaler, after checking the returns, sent them to the department to have the stampage accounts made out. The account for the Continental Company was as follows:—Spruce, 1,022,900 feet at \$1.50 per M, \$1,534,350; fir, 2,148,000 feet at \$1.20 per M, \$2,577,600; cedar, 1,047,000 feet at \$1.50 per M, \$1,570,500; total \$5,682,450. A check for this amount and one of \$1,284 for mileage were received on August 5 from the company, with a letter from Mr. Currie.

HERE'S GOOD NEWS FOR RHEUMATIC SUFFERERS!

At last a medicine has been marketed that will forever banish rheumatism. No longer need the most dreaded of all ills run uninterrupted.

ASKLIPLOS M.M.M. (three M) RHEUMATISM CURE is guaranteed to cure the most severe case of rheumatism.

Scores of persons right here in St. John—many who for years have been tormented by rheumatism—have been completely relieved after using one or two bottles of this remedy.

Easy and pleasant to take; and results are immediately felt.

Let us tell you of the many cases of relief that have come to our attention—many of them possibly your friends.

Sold only by MARCUS MEDICINE COMPANY 130 Mill Street, ST. JOHN, N. B.

FACTS. However, he said, it should not change the situation regarding their need for an increase in wages, whether or not the financial condition was as stated. He argued that the men could not live on the wages they were now receiving. He said they set the price at a moderate figure. He also maintained that the company had offered five cents an hour.

This was contradicted by Messrs. Taylor and Hopper, but was substantiated by employees present.

Mr. Sinclair then said that the company had a renewal of its contract with a strong bonus amounting to \$220,000, and he wanted to know who ever heard tell of them renewing anything. He further commented on the fact that there was no working man's fare, that a child five years of age must pay the same fare as a man of 800 pounds. He then quoted how much companies in other cities have to pay in taxes and the service they give the public.

"This company," he said, "is kicking about their fare and I think that the public should know that the value of a street fare in this city is higher than in nearly every leading city east or west of Montreal. In Montreal it is 4.3c, in Toronto 4.0c, in London 3.7c, in Winnipeg 3.0c, in Quebec city 4.1c, in Kitchener 4.1c.

Mr. Sinclair addressed the board regarding similar boards of conciliation and advice they awarded employees. He gave facts and figures regarding wages of railway employes in other cities from traveling agents.

"All along," he said, "I knew the company would howl potherly when the men wanted an increase in wages."

In answer to Judge Chandler Mr. Sinclair said that he could not question figures presented by the company. He said that it would be hard to get access to the books.

In answer to Judge Chandler Mr. Sinclair said that the men were dealing with the N. B. Power Company and that the company was in good financial condition. He said it was impossible for the men to substantiate financial figures presented to the board.

Mr. Taylor objected to the statement that the company would not allow an investigation of the company's affairs. Judge Chandler pointed out to Mr. Sinclair that unless the figures filed were objected to he would have to accept them and there would be no further need of enquiry.

Mr. Sinclair said they did not take the company's financial statement as correct, but unfortunately were unable to get the

POISON GAS IN WARFARE DATES FROM EARLY TIMES

But Finds Its Murderous Form Under German Auspices—Fighting Mustard Gas

Returning soldiers speak with confidence, if not with pride, of the success of the Allies in meeting the gas attacks of the Germans. It is said that the British gas is more effective for offensive work, and that the British mask is more effective than the German for defense. The possession of rubber, for one thing, by the Allies, is an advantage over the heavier and thicker leather used by the Hun as part of the material in the mask. At the same time gas plays a large part in each new German attack, and doubtless incapacitates many Allied soldiers before they get their mask in position. Another danger is the premature removal of the mask, either in thoughtlessness or irritation from its touch, or from a desire to speak, which is practically impossible while wearing the mask. As the gas is invisible there is always a danger of unwitting exposure to it. Near the front the gas mask has to be carried in a position where it can be donned in a second or two, and there is always a guard of specially trained men to give the gas alarm by siren, gong, rockets or other means.

Gas Ideas an Old One. When the Germans began this diabolical form of warfare in 1915 it was generally regarded as something entirely new. In its present murderous form, which has had to be met as the devil fights fire, it doubtless is new, but investigations by the medical bureaus of the United States navy have shown that the idea is at least very old. It appears that poison gas found employment in war as far back as the struggle between the Athenians and the Spartans and their respective allies (481 to 404 B. C.), when the cities of Plataea and Delium were besieged. Heaps of wood saturated with pitch and sulphur were set on fire and burned under the walls, in order to generate choking and poisonous fumes that were expected to stupefy the defenders and render the

SPARTAN MOTHER JOINS SLAIN SON'S REGIMENT; SEEKS DUTY AT FRONT WHERE HER BOY HAD DIED; GOES TO HIS UNIT AS Y. M. C. A. CANTEN WORKER

Her only son slain in France while serving as a lieutenant in the American forces, Mrs. Mabel Fonda Gareissen has left her home at No. 490 Riverside Drive, New York City, to be a Y. M. C. A. canteen worker. In service to the living, this Spartan mother has chosen her substitute for mourning. To make it more appropriate, she is to serve the canteen attached to the regiment her dead son, Lieutenant Scott McCormick, for the colonial and other officers of the unit joined in a request that the Y. M. C. A. detail her there upon hearing of her determination to work in France. Taking her place with the mothers of France who, though bereaved,

ADAMS California Fruit Gum

THE choicest, juiciest, most luscious fruits flavor the finest pure chicle to make Adams California Fruit Chewing Gum a real treat. If you value quality, even in a modest priced a confection, make sure you get ADAMS. Prominently displayed in stores everywhere. Also ADAMS (the original) TUTTI FRUTTI GUM.

ADAMS Pure Chewing Gum. The German's chief gas is the terrible "phosgene," or mustard gas, which has a delayed action. A correspondent at the front notes a case where a shell loaded with this stuff fell and two men got a whiff of it. A surgeon immediately ordered them to the hospital and to bed; and they went off jolting each other that two strong men should be sent to bed with nothing the matter with them. Before daybreak next morning both had died horrible deaths from the poison.

This gas comes over in small shells containing a colorless liquid which in its heavy gas which filters down into trenches, cellars and dugouts where people are apt to take cover. As the gas shell has a peculiar sound of its own when striking the ground the Allied soldiers are to some extent able to recognize it and prepare, but later the enemy sought to overcome this identification by sending over the gas shells in a heavy fire, so that the blinding explosion is lost in the general uproar. The mustard gas shells used extensively recently in the German attempt to wipe out the civil population of Arras were of short duration doing practically no damage, was caused by oversteering in some of the machinery.

The opening of the new band stand on Victoria square last evening took place in the presence of a large gathering. The Temple Band, which is rendering the different numbers and the North End will look forward to the concert which are to be given in the band stand during the summer.

Rev. R. H. Stavert of Hunter River (P. E. I.), and E. S. Hennigar of St. John left last evening for St. Catherine's to attend the annual session of the National Division of the Sons of Temperance. Mr. Stavert is Past Most Worthy Patriarch and Mr. Hennigar is Most Worthy Associate of the National Division.

The moonlight excursion last evening on the D. J. Purdy under the auspices of the Brotherhood of Railway Employees was attended by a large number, and was as enjoyable as the usual social events of the body. The party left the city early in the evening and returned about midnight. The City Concert Band supplied the music.

The officers and members of Wallace L. O'Leary, No. 106, of Long Beach, Kingston (N. B.) are greatly indebted to the ladies of Long Beach, who on the morning of July 12, presented them with a very magnificent Canadian flag for their hall. The members of this lodge wish to be given in the hall by a picnic at Brown's Plats.

Charles H. Nickson, of 238 City road, has arrived home after a year and nine months in the service of his majesty's navy. Mr. Nickson joined the R. N. C. Y. when the recruiting office of that unit was first opened in the city, and was assigned to one of the newest battleships of the navy, and has seen much active service abroad. The young sailor is at present enjoying a well-earned furlough, and will remain in the city until the end of the month. A brother Victor, who crossed with the 8th Field Ambulance unit, is still serving in France.

REUNITED IN DEATH HOUSE. Murderers Had Not Met Since Leaving Reformatory, 15 Years Ago. Oshington, N. Y., July 17.—Fifteen years ago two boys, dismissed from the House of Refuge in New York city, went separate ways, and in parting expressed hope that one day they might meet again somewhere.

NAVAL AVIATOR DROWNS AFTER FALL INTO BAY

Babylon, I. I., July 17.—Chief Quartermaster William Fraser Behan, United States Naval Reserving Flying Corps, who had been commissioned as ensign two weeks ago, but not yet formally notified, was killed by a 600-foot fall in Great South Bay while making what would probably have been his last flight before formally receiving his commission. Behan enlisted last November, and, after taking the course in ground work at the Massachusetts Institute of Technology, was sent to the naval air station at Bay Shore. He had been doing solo flying for the last two weeks, and was in his hydroplane over Great South Bay off Grass Island when something happened and the machine began to come down. It descended in circles, as if the aviator was descending intentionally, and those who saw the accident from the shore were not alarmed until the machine dropped into the water and stayed there. Then civilians went out in motor boats and after some difficulty got the body from under the motor, where it was caught, and took it to the station at Bay Shore. The airplane had fallen into only five feet of water, but Behan had been unable to get out, and Coroner Moore decided after an inquest that death had been caused by drowning. An investigation into the cause of the fall is being made. Behan lived at 489 Truett street, Brooklyn. He is survived by his mother, Mrs. Ellen Behan, three sisters and a brother.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., WEDNESDAY, JULY 17, 1918

The Evening Times and Star

ST. JOHN, N. B., JULY 17, 1918.

The St. John Evening Times is printed at 27 and 29 Canterbury street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

THE WAR SITUATION.

That cautious but clear-sighted and especially well-informed observer, Mr. Frank H. Simonds, expects the German offensive to continue with great vigor.

GERMAN TRADE POLICY.

In the address of which a portion relating to Japan was quoted yesterday, Mr. Balfour also spoke very plainly about the necessity of meeting Germany's commercial policy after the war.

It is to be noted that Berlin does not make any extravagant claims of success. The enemy claim to have taken 18,000 prisoners, but many prisoners were also taken by the Allies.

COAL OR BOOZE.

The question of prohibition in the United States will not down. A recent Washington dispatch makes this remarkable statement:

"Immediate nation-wide prohibition is absolutely necessary if the extra 100,000,000 tons of coal a year needed by the country in its war on Germany is to be secured."

It is reported that many of the Ruthenians in Canada desire to retain their customs and language, and remain a separate unit in Canadian life.

If ever we are disposed to long for peace, even at some sacrifice, the Germans bomb another hospital or commit some other crime against humanity which reminds us once more that the world cannot afford a peace which would leave Germany in a position to plan for another war.

The report that London banking and commercial circles expect Allied victory and peace this year is merely interesting as an evidence of better feeling in England, but is not to be taken too seriously.

Premier Lenine of Russia is said to be about to break off diplomatic relations with the Entente Powers.

The Austro-Hungarian foreign minister says his country is ready to discuss peace, but he is still thinking of a peace useful to the Central Powers—a German peace. His tune must be changed.

It does not believe that this country before the war ever fully realized precisely the significance of the German commercial policy. Every nation, and notably the British Empire and America, have, of course, necessarily been interested in the success of their commerce.

The new west-end playground is in use, though not quite completed. The south-end playground will be opened within two weeks.

The western crop report is a little more favorable this week than last. The weather conditions in the east are also more favorable this week.

Universal sympathy will be felt for Col. Roosevelt, whose youngest son, Lieut. Quentin Roosevelt, a gallant soldier, has been killed in the war.

One French writer calls it the German in-offensive. He may be premature.

The U. S. Senate has approved a bill designed to outlaw the I. W. W. It provides a ten-year jail term penalty for officers or members of that and similar organizations.

THE NEVER-DO-WELL.

St. Luke xv:11-32.

Said the never-do-well son to his father "I am tired of the humdrum life here; The great world I've read of I'll see for myself."

The miller looked at his never-do-well son, An' he brushed the sweat from his face.

Across the Atlantic the never-do-well To a land that was boundless an' new; He thought that his siller had never gone down.

He tried the hale rou' o' his greens for a joan, But their doors were a' shut in his face; Then in sorrow he cam' tae his senses at last.

He was hungry himself but help there was none, Though he looked richt an' left, back an' front; Then he looked at the swine, but he exclaimed, "What can I expect free o' noo but a grunt."

"I'll gang hame tae my father, confess I've failed; For o' this I've had mair than my fill; I'll promise tae settle down, steady an' true."

His father's delight kent nae bounds; He gie'd him a ring, an' he made him kin, and that makes it dangerous. (That compels us to look at those whom we, in a friendly spirit, call trade rivals.)

Lighter vein. I used to know a grover Who would not growl or snarl When one would casually dip into his pockets and find...

IN CHARGE OF VAL-CARTIER

LIEUT. COL. S. MAYNARD ROGERS of Ottawa, this year's commandant of the Valcartier camp.

REGINA SCHOOL MATTER BEFORE PRIVY COUNCIL

Question of Catholics Paying to Separate or Public Schools as They Desire. Regina, Sask., July 16.—The case of John McCarthy versus the Regina Public Schools, which aroused keen interests two years ago, is now before the privy council in order that a ruling from the highest court in the empire may be had concerning the right of Catholics to pay their taxes to separate or public schools, as they desire.

John C. McCarthy appealed against the assessment to the 1918 court of revision and the appeal was not allowed, whereas the appeal was taken to the local government board and allowed in a written judgment of April 10, 1916, that A. Barts should be assessed as a separate school supporter.

When the Saskatchewan legislature came into being it re-enacted the school law of 1911. It is contended that at any time, and for a number of years later, many Catholics supported public schools and that their right to do so was never questioned until Hon. Walter Scott introduced and passed an amendment which was based on the contention of some Catholic priests in the Yonka districts that Catholics were obliged to support the separate and not the public schools.

First of His Kind. Now they have discovered a man in New Hampshire who never smoked or chewed or drank and yet lived to be ninety-eight.—Seattle Post-Intelligencer.

To Help Make Strong, Keen Red-Blooded Americans. Now RATED. Being used by over three million people annually. It will increase the strength of weak, nervous, run-down folks in two weeks' time in many instances.

PYREX Transparent OVEN-WARE. Has the name on every piece. Pyrex is the highest scientific development in oven-ware. It has the remarkable quality of quickly absorbing and retaining heat, causing foods to bake rapidly and thoroughly.

T.M. McAVITY & SONS, LTD. Canning and Preserving Time. Now that canning fruit and vegetables is a patriotic duty, you should can much and can well.

It's a Davis cigar! Noblemen 15c CIGAR. Truly, a NOBLEMAN among cigars. Have you smoked one lately? A rich, fragrant, satisfying smoke, kindly to the nerves and mild and uniform in quality.

LAY THREE DAYS IN NO MAN'S LAND

Boston, July 17—After being on No Man's Land wounded and unconscious for three days, Private William C. Dunphy of 96 Hamilton street, Dorchester, was picked up by a French patrol and taken to an American base hospital behind the lines where his wounds were treated. Such was the information received by J. Dunphy, the father

of the boy, concerning the whereabouts of his son who was reported missing on May 31, after going over the top for the third time, in a letter written to him by one of the boy's friends who is in the same company. Dunphy is a member of K Company of the old Ninth, now the 191st. President Wilson will probably authorize a \$50,000,000 corporation to handle the war housing problem.

War Garden Bulletin
PRACTICAL DAILY GUIDE FOR VACANT LOT AND BACKYARD GARDENERS ENLISTED IN GREAT-ER PRODUCTION CAMPAIGN

Issued by the Canada Food Board in Collaboration With Experts on the Staff of the Dominion Experimental Farm

SOME ILLS AND THEIR CURES.

The insect world is at its busiest these days in the war garden and it is important that the pests be given attention just as soon as they appear. Delay in spraying or removal may prove fatal. The following table may help the war gardener to make the best of his best crop:

- Leaf Spot—(Red and purple spots, turning ash gray). Remedy—Spray with Bordeaux mixture when plants are 8 to 4 inches high, repeating two and four weeks later.
- Web worms—(Eats the leaves). Remedy—Spray with arsenate of lead when worms appear; repeat when necessary.
- Spinach aphids—(Sucks sap from leaves). Remedy—Spray with nicotine sulphate when pests appear and repeat when necessary.
- Beet-root aphids—(Sucks sap from roots). Remedy—Pour a small amount of nicotine sulphate spray around roots and repeat if necessary.

WILL PORTECT BABIES' SIGHT

Ontario Board of Health Passes Measure Affecting Infants

Regulations seeking to prevent babies' sore eyes have been drawn up by the Ontario Board of Health and approved by the Lieutenant-Governor in Council. Sore eyes and blindness in babies have been too common, and the department hopes by enforcing these regulations to eliminate much of this unnecessary suffering.

It is provided that every physician in attendance at the birth of a child, shall instill into the eyes of the baby a few drops of a 1 per cent. solution of nitrate of silver, or a 40 per cent. solution of argyrol. If within two weeks after the birth of a child, one or both eyes become reddened, inflamed, swollen or show any discharge, every attendant is required to

make a report in writing to the Medical Officer of Health, with circumspection of the case. Upon receiving the report the medical officer of health is to place the child under the care of a qualified physician, if this has not been done. When the parents are unable to defray the cost of such medical attention the medical officer of health is required to provide the necessary treatment, the cost being charged to the municipality. It is also provided that the local boards of health must notify the provincial board of health of all such cases coming to their attention.

The nitrate of silver solution is supplied free of cost by the Provincial Board of Health. Rules for the guidance of doctors and attendants, both before and after the child is born, are attached to the regulations.

SUGAR CARDS TO END PRACTICE OF HOARDING

(Bangor Commercial)

Hoarding of sugar, which has been a popular sport among those who have been sufficiently well posted as to the location of stores that have had stocks of sugar from time to time, is practically abolished by the sugar card system inaugurated by the Chamber of Commerce and Brewer, which is already proving a success. Under the old plan certain people went from store to store buying up all the sugar they could, while others, who didn't think so much about it, had a hard time to buy a pound or two when they needed it badly. The hoarding plan was one cause of the continual scarcity of sugar. With the card plan, an equitable distribution is assured.

The rush of dealers to the Chamber of Commerce for sugar cards continued Saturday. Nearly 10,000 cards have been issued to dealers in Bangor and Brewer for distribution to their customers. Cards are issued numbered serially by the Chamber of Commerce and recorded there. When the grocer gives a card to a customer, the name, address and number of pounds allowed weekly is put on record, and a complete list of all cards furnished is then turned in to the Chamber of Commerce. In case more than one member of a family secures sugar cards by going to different stores, the cards will be withdrawn and their case will be referred to the Federal food administrator for Maine. In other words, play the game fair, or face the responsibility of going without sugar entirely, is Food Administrator Merrill's admonition.

Sugar cards are independent of the special certificates being issued by the grocers and not at the Chamber of Commerce for securing sugar for canning and preserving.

HOW BUTTERFLY ESCAPES

Brilliant Wings Folded Back When it is at Rest.

The vivid and beautiful markings of the butterfly's wings are often a puzzle to those who would find in the coloring of animals a means to low visibility. The butterfly, thanks to his gorgeous splendor, is a most conspicuous object, especially from above, whence chiefly danger would come in the way of insect eating birds.

The butterfly's illuminated wings seem to be designed for the attraction of mates, and have developed through this potent principle despite the dangerous prominence they give the insect, who uses other means to counteract it. When flying the butterfly takes a pe-

cularly zigzag path, which, as sub-marine-careful ships know, is a proper means for eluding danger. A butterfly in flight is a difficult object to strike, notwithstanding the slow rate of locomotion.

When the butterfly is at rest, it folds its wings over its back, so that only the drab, protectively colored lower surface is visible. In this posture the insect is of very low prominence from any angle. The moth, unlike the butterfly, flies at night. Obviously, bright coloring would be of no purpose in attracting mates. The moth is garbed in dull tints which render it inconspicuous during the day, its period of rest.

There is no need of hiding the upper surface of its wings, so a convenient means to distinguish moths from butterflies is the fact that the latter, when at rest, fold their wings above their backs as stated, while the former spread their wings out flat.

Mother's Car.

Father got a good streak on him this spring and bought mother a car. Poor mother! She was so moved at his generosity that she leaned over on his shoulder and cried. Father said he'd teach mother to run the car, just as soon as he could get around to it. In the meantime, he ran it himself. Sister

Sue, who already knew how to run a car, took it out frequently for the benefit of her friends, and brother Ben ran it a good deal. The car's been run about 3,000 miles. The first tires are getting thin, and the spark and spark newness is wearing off the variator, but mother hasn't yet had her first lesson at running her car.—Lamar (Mo.) Democrat.

Wise and Thoughtful.

In commending peanut brittle, marshmallows, and gumdrops, the Food Administration provides for all degrees of dental equipment.—Boston Herald.

Important Offerings in Women's Summertime Apparel

VILLA'S MEN KILL 70 FEDERAL TROOPS

Horcasites Station Attacked and Burned and Station Master Hanged

Juarez, Mexico, July 17.—People arriving here to-day say that Villa's forces under Martin Lopez attacked the railroad station at Horcasites, twenty miles south of Chihuahua City, last Wednesday killing the lieutenant-colonel commanding there, killed seventy of the federal troops encamped there, hanged the stationmaster and burned the station.

HELD FOR SEVEREN DAYS IN GRIP OF ICE

Seattle, Wash., July 17.—After being sixteen days in the ice-locks of Behling Sea and one month and a half in the round trip, a passenger liner has completed a voyage to Nome and St. Michael, Alaska. Officers said that conditions in the north were the worst in ten years. The liner brought down 77,000 pounds of reindeer meat.

JAPS BUILD SHIPS FOR UNITED STATES

Seattle, July 17.—A vessel from the Orient arriving at this port yesterday brought word of the completion of nine big freighters in Japan, built for use by the United States under the shipping agreement recently signed. Three of the vessels, it is said, will be delivered this month, three in August and three in September.

MARONI PROFITS.

New York, July 17.—Profits of the Marconi Wireless Telegraph Company, Limited, during 1917, amounted to \$283,000 and the directors in London have recommended a final dividend of 15 per cent. on the common shares and 10 per cent. on the preferred, according to a cablegram received at the office of the Marconi Wireless Telegraph Company of America here to-day.

Educational Bill Passed.

A steel vessel built without rivets has been launched on the south coast of England. The production of this type of vessel will mark an epoch in shipbuilding.

These Debentures will be issued in denominations of \$100.00, \$500.00 and \$1,000.00, bearing date 15th August, 1918. The interest payable half yearly on the 15th August and 15th August of each year. Exempt from taxation in New Brunswick, except succession duties. Principal and interest payable at any Branch of the Bank of Montreal in New Brunswick and at Bank of Montreal in Montreal, Toronto and New York, at the option of the holders thereof.

Investors are invited to apply at once for these Debentures either by letter or wire to

THE COMPTROLLER GENERAL

FREDERICTON, N. B.

Applications will be filed in the order received.

SAYS MEN'S REQUEST USED AS A LEVER

Yesterday Afternoon's Sitting On Matter of Street Railway Wages

The hearing in the matter of the Street Railway employees' wages was continued yesterday afternoon.

The afternoon session opened at 2:30 and at this hearing the statement was made that the company was using the request of the men for an increase in crossed fares. "Using it as a lever," was the way in which one of the employees' committee put it. James Powers, of this committee, stated that Mr. Taylor had said in Fredericton that the men were given the right to increase their wages and that L. R. Ross for his own information, and that this had been used in connection with their application before the house to increase which would amount to about five cents per day all round had been suggested, but had been refused by the men.

In connection with the table of the cost of living, quoted from the Labor Gazette, Mr. Sinclair took occasion to refer to the statement of Mr. Justice McDonald, of British Columbia in which his lordship had stated that wages were higher and cost of living lower in St. John than in other cities, and declared that his lordship had been wrongly informed in this matter.

The average cost of living for a family in this city was 80 per cent at the present time. In 1905 the average of the same family would have been 92.7. A comparative scale of wages of Portland (Me.), Worcester (Mass.), Springfield (Mass.), the Bay State Railway, and other companies was introduced, showing that in all these places a higher rate was being paid.

Outlay By Meals. The following scale was produced to show that for a family of five persons the outlay for meals alone amounted to: Breakfast—Ten eggs, 48 cents; porridge and milk, 20 cents; bread and butter, 20 cents; tea and sugar, 10 cents. Dinner—Meat, 65 cents; vegetables, 80 cents; bread and butter, 24 cents; milk, 10 cents; sugar, 20 cents; tea and sugar, 10 cents.

Supper—Bread and butter, 20 cents; milk, 8 cents; berries, 30 cents; tea and sugar, 10 cents; cake, 10 cents. This makes a total of \$8.66 for food alone for three meals.

A further table showing the comparative prices of staple articles of food in different provinces of Canada was also introduced, showing St. John to be among the cities in which the cost of living was highest.

Responsible Positions. In putting forward his argument for the employees, Mr. Sinclair called attention to the responsibility which was attached to the work of both motormen and conductors, and stated that it was his interest of the public to have these trained men on the job.

In reply to a question of Mr. Taylor's, Mr. Sinclair stated that cars operated by one man had proved a costly means of economy, and cited instances in support of his contention. Women as conductors had also proved a failure, he said.

A list of the employees making the application for an increase in wages was given by Mr. Taylor, but Mr. Sinclair, for the union, objected to this being furnished, and a statement was made that the number of men, how employed, and rate of wages was gone over. An increase of seven cents per hour for all rates was proposed, and the number of 187 was asked for.

In regard to the statement attributed to him that he had said the men were entitled to the increase, Mr. Taylor stated that he had not made any such statement as the stenographic report of his address in Fredericton would show. He had stated that they were entitled to an increase, but had not specified the amount.

The case for the men having been presented, Mr. Taylor asked for an adjournment, and the company's side of the matter will be heard this morning at 10 o'clock.

Relative here have news that Lieut. Donald A. MacDonald is a prisoner of war. Germans flew over the British lines and dropped a note stating that Lieut. MacDonald had made a successful landing and was unharmed. The machine was forced to land fifteen miles by the German lines owing to engine trouble.

A Swedish steamer arriving at an Atlantic port yesterday reported the sinking of a sea on July 11 of the American steamer Oosterduijk, after a collision with another American steamer San Jacinto.

The chief censor announces that among Canadian troops recently arriving in the United Kingdom was a draft of New Brunswick infantrymen.

HAVE NO DOUBT THAT THIS IS MAIN OFFENSIVE

Germany Planned It To Force Their Peace Terms

London, July 17.—The end of the second day of the German offensive in view of all circumstances, found the situation distinctly good for the Allies, according to the opinion here. The extreme depths of the enemy advance since the attack began on Monday morning does not exceed five miles at any point, which compares poorly with the intention to drive forward twenty kilometers (thirteen and one-half miles) on the first day as revealed in captured German orders. Compared with the results attained in the offensive in March and May the present gain is insignificant.

The view here is that the Allies' position thus far has been endangered at no point, and that the future may be judged with considerable confidence.

The tendency now is to discard the suggestion that the enemy's present attack was possibly a prelude to a more serious assault elsewhere or a feint for the purpose of drawing off the Allies' reserves from other areas. The view is widely taken that what the world is watching is Germany's main offensive, which, according to statements of prisoners had been dubbed beforehand the "Fredericton" or peace attack. Its object being to force German peace upon the Allies.

"Ineffective Offensive." The German offensive, it is now felt, has been an ineffective offensive. It has not been the latest effort of General Ludendorff and the advice from the front sent to the staff in this matter. If the lighting has not resulted in a French victory, it is held here, it has at least been a serious failure for the Germans.

No Need to Call For Help. Paris, July 17.—No French troops from other points on the western front were sent to the present fighting line, and their reserves here were countered by the German attack. All circumstances, it is added, point to a favorable outcome of the battle.

The southern bank of the Marne the German position at present is difficult. The French artillery and aerial forces have been ordered to prevent the enemy from being reinforced and to hamper his supply lines. The spirit of the French troops remains strong.

STATE WINS APPEAL IN HETTY GREEN CASE

(New York Times.)

The Appellate Division of the Supreme Court yesterday gave the State another chance to collect a transfer tax on the bulk of the \$100,000 fortune left by Mrs. Hetty H. Green when the court reversed a decision of Surrogate Fowler and directed that counsel for State Controller Travis be permitted to produce testimony by Mrs. Green in business enterprises in this state was subject to tax.

The investments were carried in the names of corporations, and the State Controller contends that by means of the corporations she was "doing business" within the meaning of the statute requiring that capital so used be taxed.

Counsel for Mrs. Green and her son, Colonel E. H. R. Green, the executor, insisted that she merely made investments for her surplus income and that the public impression that Mrs. Green was a money lender on a large scale was a high rate of interest was crooked.

The property now taxed is valued at only \$224,711, consisting chiefly of mortgages. The chief aim of the State Controller is to tax Mrs. Green's bank deposits on the ground that they were used by her in "business."

The value of these deposits, believed to constitute the bulk of the estate, has never been disclosed. Colonel Green made the surprising statement in a testimony that his mother never drew a check, but notified one of her banks when she wanted money and had a cashier's check drawn.

Justice Shearn, writing the unanimous opinion of the court in the case, said: "The propriety and necessity of a thorough inquiry to disclose the true nature of facts are readily apparent. Such an inquiry should not be oppressive or vexatious, but, being prosecuted in a good faith, should be sanctioned so far as it tends to develop relevant facts."

This amendment of the statute (taxing capital invested within the state) may result in an enormous gain for the state in taxable property, and save for the state great sums in taxes which hitherto have been lost by the practice of persons who, having great fortunes moved as capital in order to determine whether the estate of a decedent is subject to taxation, the policy of the court should be one of encouragement and not of repression."

WESTERN CROP. Winnipeg, July 17.—The weekly crop report of conditions in Canada's Northern Railway lines in the west indicates a slight improvement on the whole over conditions reported the previous week. In Manitoba, the majority of the reports are fairly cheerful, while in Saskatchewan and Alberta conditions are somewhat improved. In N. B. territory, there has been rain in some districts since these reports were received.

NEWS NOTES ABOUT PROMINENT BAPTISTS

(Maritime Baptists.)

Rev. J. H. Jenner and Mrs. Jenner were in Halifax recently. The many friends made during Mr. Jenner's pastorate in that city gave them a warm welcome. They have a daughter and a son in the war.

Rev. Louis M. Duval, a missionary of Lagos, Africa, under the Foreign Mission Board of the Southern Baptist Convention is spending his furlough period in New Brunswick. He is a native of St. John and a graduate of Acadia. His friends rejoice to find that he is standing so well the deadly climate of that mission field.

We have received a letter from Rev. W. C. Higgins, who, our readers will remember, was compelled by illness to remain at Honolulu while his fellow missionaries proceeded to Canada. All will be glad to hear that already his health has considerably improved.

Rev. L. B. Colwell hopes to be able to return soon to his work at Hopewell. For nearly six weeks he has been in the city undergoing treatment for a cancer of the face. The treatment gives promise of being wholly successful.

The ordination council met at Stoneham, Mass., May 28, to consider the advisability of setting apart to the work of the Gospel ministry Clarence Frank Bleakney. The council voted unanimously in favor of ordination. The prayer of ordination was offered by Rev. M. A. Bleakney, pastor of the Stoneham church, and a brother of the candidate, while another brother, Rev. Guy G. Bleakney, of Braintree, Mass., gave the address of welcome.

The funeral of the late Rev. W. A. White, who is now in service as chaplain overseas, was held at the church in Fredericton, N. B., on Sunday, July 4. The pastor, Rev. F. H. Wentworth, presided, and Rev. P. R. Hayward, Ph. D., supplied for Rev. W. A. White's services. Rev. F. H. Wentworth, of West Newton, Mass., is spending his vacation at Campbellton.

The passage of the Kemp-Walton field (Hants County) has been under quarantine for the last three weeks. The Pastor Ayle and wife arrived home after the association at Canaan, they found their youngest little girl and their child ill with diphtheria. These contracted the disease, and at the same time five were sick in bed. All are now on the way to recovery except the youngest girl, who is gaining slowly.

The vacation season for the city pastor—and many others—has already arrived. Last week Rev. F. H. Wentworth, of the Waterloo street church, left with his family for Antigonish for Chance Harbor, where he will remain for a month. On Monday Dr. Hutchinson and family left for Blue Sea Lake, P. E. I., where they will remain for a month. Rev. D. J. MacPherson will, as usual, spend his vacation on the "Island."

The congregation at Central church very thoughtfully made provision for the necessary vacation expenses by presenting to Mr. and Mrs. MacPherson a substantial sum of money. The gift also commemorated the tenth anniversary of their marriage.

Our readers will remember that when the party of home-coming missionaries sailed from India no passage could be secured for the Misses Murray, Blackadar, and Priest and these were compelled to remain behind. We are glad to be able to report that these devoted missionaries have now arrived in America.

The Amherst church has established a good precedent in fittingly observing the eightieth birthday of its senior deacon, William M. Read, which occurred on Sunday, July 7. An abundant address was presented to Mr. Read in appreciation of the faithful service rendered.

RECENT DEATHS. Halifax, July 16.—Nathaniel Evans, president of the N. Evans Company, Limited, Dartmouth, marine engineer, died at his home here this morning. He was a representative of the executors placing it in excess of \$200,000.00.

Toronto, July 16.—Brigadier-General and Honorable Senator James Mason, president of the Home Bank, honorably retired from the Canadian Red Cross this afternoon at 1 o'clock following an operation.

General Mason was one of Canada's best known bankers and militia men. He served in the suppression of the Fenian Raids and Northwest Rebellion and founded the Home Bank. He was born in 1848 of Irish parentage. He was a Roman Catholic and a Conservative.

Here's a suit that will reflect your good taste.

It leaves nothing to be desired in fit, finish and fashion.

It's a novelty fabric with good styling qualities. Holds its shape and will embellish your wardrobe.

TORRENT OF RAIN WITH INCESSANT THUNDER DRENCHES NORTH FRANCE

British Headquarters in France, July 17, via Reuters' Ottawa Agency.—A phenomenal rainstorm raged over northern France on Monday night, accompanied by incessant thunder. Sixty flashes of lightning were counted in one minute. The fall of rain and hail was most heavy and continued throughout the night.

GIVES NEARLY TWENTY MILLIONS TO YALE

New York, July 17.—Yale University is bequeathed nearly \$20,000,000 by the will of the late John W. Sterling, a New York lawyer, who graduated from the institution in 1864 and died a bachelor on July 8, at his fishing lodge in Canada.

The value of the estate was made public by a representative of the executors placing it in excess of \$20,000,000.

RECENT DEATHS. Halifax, July 16.—Nathaniel Evans, president of the N. Evans Company, Limited, Dartmouth, marine engineer, died at his home here this morning. He was a representative of the executors placing it in excess of \$200,000.00.

If you want to see pleased crowds—if you want to be pleased yourself, come join the happy throng attending our great Shoe Clearance Sale.

There are no better Shoes sold anywhere than the Shoes we offer at this Sale.

The only reason for our unusual price inducements is the fact that we're overladen and want to reduce our stock before the Fall Footwear arrives.

Let everyone who needs anything in Footwear take advantage of this extraordinary Clearance Sale, for not in many years to come—as it looks now—can even this Live Store offer such extreme values again.

SHOES FOR EVERY FOOT IN THE FAMILY.

Tomorrow Marks the Beginning of St. John's Greatest Mercantile Event
OAK HALL'S ANNUAL MID-SUMMER SALE

EVERYBODY KNOWS that this is an actual bona-fide Reduction—on prices that are already below normal—because—as Eastern Canada's largest, most up-to-date Clothiers—our volume of turnover is so large that we can do business on a very minimum of profit. WE get the volume—YOU get the benefit of better qualities at lower prices.

FOR MONTHS WE HAVE BEEN PREPARING FOR THIS, knowing what our friends have been expecting of us. After numerous trips to the Canadian and United States Manufacturing Centres, our buyers have eventually succeeded in getting together a stock of merchandise which—together with the excellent stock we always carry—will make this event the most attractive Mid-Summer Sale ever attempted in Eastern Canada.

CLOTHING IS COSTING MORE AND MORE every time we go into the market to buy—and will continue to cost more—the end is not yet in sight. We are naturally in very close touch with the raw material and manufacturing markets. AND YET even we are unable to predict the end of rising prices. However, there is not the shadow of a doubt that your wearing apparel, in the very near future, will cost you a great deal more money than you can purchase the same qualities for today at this the Oak Hall Annual Mid-Summer Sale.

THEREFORE, the natural and logical conclusion for one to come to today is not "Do I NEED anything just now?" BUT, "How much money can I afford to invest on my wardrobe against the future higher prices which are bound to come?" Figure it out for yourself—we tell you—honestly—the longer you delay the more money you will have to pay. We are doing our part in telling you this, in a straightforward manner, and are offering you an exceptional opportunity to profit by it. It is now entirely "Up to you"—to act according to your own mature judgment.

OF COURSE OUR CUSTOMERS AND FRIENDS know that at this time our entire stock is offered at a Reduction—so that following is catalogued only a few of the lines on which economy can logically be practiced during the next nine days.

Men's Negligee Shirts

LOCAL NEWS

CALLED TO HALIFAX
Some sixty of St. John's skilled laborers in their line went to Halifax today for work on account of shortage of competent men there.

BASEBALL
The Beavers and a baseball team from Indian town called the Canadians, will play a game on the Elm street diamond this evening.

COLLISION WITH AUTO
It is reported that, in a collision with an automobile on the Loch Lomond road last night, one of a team of horses driven by John Conlon had a leg broken and some damage was done to the vehicle.

BURIED TODAY
The funeral of Mrs. Mary Donahy took place this morning at the Catholic Misericordiae Home following funeral services conducted by Rev. J. J. Ryan of Woodstock. Interment took place in the new Catholic cemetery.

BOY IS INJURED
David Pigeon, the little son of Captain and Mrs. D. B. Pigeon, Chipman Hill, was injured by being run over at Hampton yesterday. The child was riding a bicycle and fell from it. The wheel of a passing wagon rolled over his body. Physician's orders are that David stay in bed a few days so that the nature of his injuries, if any, may be determined.

MAY SOLEMNIZE MARRIAGES
A license to solemnize marriages in New Brunswick has been granted to Rev. George Stanley Weaver of North Head, Charlotte county, United Baptist. The license of Rev. James Macdonell Fraser, Black River bridge, Northumberland county, Presbyterian, has been cancelled, he having moved from the province.

WILL THESE DATES CLASH?
Since the reply from Ottawa to Premier Foster's query re the date of the official observation of the war anniversary, states that Sunday, Aug. 4, is the day, it is not yet known what the local clergymen will do in connection with their definite plans for Monday, Aug. 5. In conversation with the secretary of the Evangelical Alliance, Rev. J. C. B. Appel, this morning, "The Times" was informed that there had not been any conference on the matter and it was hardly probable any change would be made unless, of course, there was a special public observation on the Sabbath. The alliance felt it would be better to hold the mass meeting in Imperial Theatre from 2 to 3 o'clock on Monday, Aug. 5, thus giving people of all churches the opportunity of attending without interfering with their devotions on Sunday and also because it would give the clergymen liberty to attend in a body. It is possible the committee in charge of the anniversary and those booked for the 5th will meet and discuss the matter.

ALMOST READY FOR BASEBALL LEAGUES
It is about time to begin forming up leagues of senior and junior boys of the south-end to play ball on the new south-end playing field. It will be necessary to form leagues in order that there may be no clash as to time of games. For playground purposes the south-end includes practically all of the city south of King street, or the whole of Sydney, Dukes and Queens wards. The boys should get together and form teams, as the new ground will be ready in less than two weeks. Had sufficient volunteers help been given it would be ready now.
About fifteen volunteers with teams and teamsters were at work last evening, and considerable grading was done. The ground shows up now, and it is plain to everybody that there will be ample space for baseball and athletic games. There is still a good deal of work to be done, but the heaviest is over. There should be many volunteers every evening until all is done, for the south-end will really have a fine playground in over within two weeks.

PAMDENECC HONORS RETURNED SOLDIER
The residents of Pandenecc on the river-C. F. R. line, honored George C. Teed, recently returned from the front, by calling upon him at his mother's summer cottage last evening and presenting to him an address and a gold watch fob suitably engraved. The committee who represented the large number of subscribers was headed by Mr. Jack Edwards, J. H. Hamilton, Donaldson Hunt and Daniel Walker. Sergeant Major Edwards made the presentation.
Mr. Teed, who was taken by surprise, thanked the committee heartily for this mark of good-fellowship and wished that the committee would convey his sentiments. The young soldier, who had the misfortune to lose his father during his absence at the front, went over with the 11th battalion and was later transferred to the Fighting 20th and saw a lot of hard fighting. He is now employed with the Imperial Oil Company. The Pandenecc folks have similarly honored several other of "their own" boys as they call the summer residents back from the war. The tide of community spirit runs high and strong in the pretty hillside hamlet.

NAVAL FUNERAL IN THE CITY TODAY
St. John has its first wartime naval funeral in the burial of Naval Cadet Edward Thurston Lee, victim of the recent drowning accident off Gouda Point, from the Mission Church St. John Baptist this afternoon. The presence of the bluejackets and the gold braid of naval officers was a moving tribute to the aspirations of the late youth to become a defender of the empire on the sea.
A detachment of sailors under Lieut. A. J. Mulcahey, some petty officers and a bugler attended and six of the bluejackets bore the pall. The coffin was wrapped in a Union Jack. Besides a concourse of civilians—the large circle of relatives and wide acquaintanceship of the Lee family—there were representatives of the land forces and many mourners in uniform when the late led was friendly with. The Navy League paid its tribute to the cadet by placing a floral anchor with navy blue colors and badge of the league upon his bier and grave. The floral remembrances were numerous and very lovely. At the Mission church a solemn service was conducted by Rev. J. V. Young and interment was made in Fernhill, where a naval firing party also paid the final honors.

JUDGMENT ON FRIDAY
The case against two young men for alleged automobile speeding and resisting the police was resumed in the police court this morning. The witnesses today were Robert J. Armstrong, John A. Pugsley and Harry Needham. Mr. Armstrong corroborated the evidence of a previous witness as to the speed of the car. Mr. Pugsley was called as an expert to say whether or not a car could pick up sufficient speed in twenty-five feet to turn a corner at the rate of twenty-five miles an hour. It all depended on the condition of the car, he said, and he did not know what this car was like. Mr. Needham said he saw the car occupants jump into the auto in front of Turner's oyster shop and speed towards Union street.
E. S. Ritchie urged that none of the prosecuting points had been proven. The resisting charge had not been established, the speed of the car was still unknown and he contended that the arrest was not justified as the policeman had not seen the alleged offence.
The magistrate will deliver judgment on Friday.

A WELCOME TO ST. JOHN MEN NOW MONTREAL DOCTORS

Their Presence a Feature of The Annual Meeting of The N. B. Medical Society

The thirty-sixth annual meeting of the New Brunswick Medical Society was resumed in the council chamber of the Court House, King Square, this morning at 10 o'clock, the president Dr. F. R. Wetmore, of Hampton, in the chair. About twenty-five physicians were in attendance and from hour to hour additional local methods dropped in from the daily round of calls to bear some of the interesting proceedings. Hon. Dr. W. F. Roberts, Minister of Health, for New Brunswick, was present for while, also Dr. Alva H. Gordon of Montreal.
The forenoon's session was opened with matters of new business, unfinished business and the reading of papers and relating of experiences with special cases. A paper prepared by Dr. W. D. Rankine of Woodstock, dealing with "Urinary Troubles in Children" was read. The author was unable to be present.

Dr. A. E. Macaulay of St. John, read a thoughtfully prepared paper on "Cystology" and Dr. L. G. Penault of Campbellton, exhibited examples in his discussion of cases of "Calculus of Prostatic Urethra and Cancer of the Transverse Colon."
Dr. H. L. Abramson, St. John Hospital, the new appointee under the New Brunswick Health ministry, read a paper of special moment entitled "Vaccination Against Experimental Polymyositis."
The session adjourned at 1 o'clock.

Dr. R. E. Powell, Montreal, was tendered a lunch at the Union Club by his father, H. A. Powell, at which there were about a dozen medical guests.
The presence at the meetings of Drs. R. E. Powell and A. H. Gordon—two St. John boys—was an added pleasure to the home guard of medical men. Both young physicians have attained much prominence in the Canadian metropolis.
Doctor Gordon is a son of Rev. Dr. J. A. Gordon, formerly pastor of Main Street and Leinster Street Baptist churches in this city. The boys had their early education in the public schools here and were always high in the ranks in the examiners' marks were given out.

When the family removed from this city two of the boys—John and Alva—had completed a successful high school course. John is now a prominent business man in Charlottetown, P. E. I. and Alva, one of Montreal's most prominent medical men. Another son, Peter, was in newspaper work here and now has a position high in the employ of the Imperial Oil Company, in the city of Saskatoon, Herbert, the fourth son, is over-seer of the city's bathhouse where Walter, the youngest boy, gave his life in the great cause.
Doctor Gordon is regarded as one of Canada's leading doctors. His paper last evening entitled "A Basis for Symptoms" was considered a most helpful and masterly effort. His visit here has been marked by the hearty renewal of old time friendship. He is accompanied by Dr. Doctor Gordon will return to Montreal this evening and Mrs. Gordon will visit in Windsor, N. S.

LIQUOR LICENSES

Three St. John Wholesale Firms—Some and Two Montreal Firms—Some Retailers—Several Appointments

The Royal Gazette announces that the following have, on recommendation of Rev. W. D. Wilson, chief inspector, been granted wholesale licenses as vendors under the Intoxicating Liquors Act: The National Drug Company, Limited, of St. John; Bradley Drug Company, Limited, of St. John; The Canadian Drug Company, Limited, of St. John; L. A. Wilson Company, Limited, of Montreal and Hudson, Herbert & Company, Limited, of Montreal.
The following applicants to be granted retail licenses:
Moses Schaffer, Blackville, Northumberland county.
Raphael G. Henderson, Seckville, Westmorland county.
Phillip S. Enman, of Port Elgin, Westmorland county.
The Legere Drug Company, Limited, Moncton, Westmorland county.
Mrs. Lowell Fairweather, Moncton, Westmorland county.
The Legere Drug Company, Limited, Shediac, Westmorland county.
Granted a license upon a like recommendation.
His Honor, the Lieutenant-Governor, upon the recommendation of the Chief Inspector has appointed George R. Riddout, of Moncton, inspector for Moncton; William Gunn, of Shediac, inspector for the Town and Parish of Shediac; F. Bellevue, of Moncton, inspector for Westmorland; W. H. Finley, of Fredericton, inspector for Fredericton and the villages of Oranocote and Fredericton Junction, appointment to terminate on Dec. 31, 1918.
