

BRIITISH VICTORY.

Boers Driven from Talana Hill After Eight Hours Fighting.

Eight Hundred Boers Killed — British Loss Two Hundred and Fifty.

Magnificent Charge by the Dublin Fusiliers and King's Rifles—Five Guns Captured—Gen. Symons Wounded—Engagement Near Mafeking—Enrollment of Canadian Volunteers.

LONDON, Oct. 23.—A Glencoe Camp correspondent telegraphing yesterday, says that a force of 6,000 Boers, led by Commandant Gen. Joubert, had been defeated severely by a force under Gen. Symons. At the time of sending the despatch the fighting was still going on, but the defeat of the enemy was already complete and crushing.

DETAILS OF THE BATTLE. GLENCOE CAMP, Oct. 23 (afternoon).—The battle today has been a brilliant success. The Boers got a reverse which may possibly, for a time at any rate, check all aggressive action.

The British artillery practice in the early part of the day decided the battle. The seizure of Dundee Hill by the Boers was a surprise, for although the pickets had been exchanging shots all night, it was not until a shell boomed over the town into the camp that their presence was discovered. Then the shells came fast. The hill was positively alive with the swarming Boers.

The Boers were driven off the hill. The British returned to Mafeking, exulting over their victory. Our loss was two killed and fourteen wounded.

The British returned to Mafeking, exulting over their victory. Our loss was two killed and fourteen wounded. A newspaper correspondent states that through his glasses during the fighting today he noticed how much the Boers seemed to be non-plussed by the tactics of the imperial troops.

By this time the enemy held the whole of the hill behind Smith's Farm and the Dundee Kopje, right away to the south, which direction the British infantry and cavalry moved at once.

Indeed the hill was almost inaccessible to the storming party and, after a long and gallant fight, they were forced to withdraw.

GEN. SYMONS WOUNDED. Gen. Symons was wounded early in the action, and the command then devolved on Major Yule.

THE FINAL RUSH. The final rush was made with a triumphant yell and as the British troops charged to close quarters the enemy turned and fled, leaving all their impediments and guns behind them in their precipitate flight.

HEAVY LOSS OF LIFE. A rough estimate places the British loss at 250 killed or wounded and that of the Boers at 800.

ENGAGEMENT NEAR MAFEKING. LONDON, Oct. 23.—The Mafeking correspondent of the Daily Mail, writing on Oct. 14th, says: "The Boers began the investment of Mafeking in real earnest at 6 o'clock this morning."

Proceeding to discuss the vote of money for the troops, Mr. Redmond protested against the vast sums being spent in war, declaring that the money ought to be expended in aid of distressed Ireland.

At this point the chairman interrupted, declaring Mr. Redmond's remarks were irrelevant. Mr. Redmond, however, insisted that

the money should be spent in Ireland, whereupon the chairman again called him to order; but Mr. Redmond persisted in his remarks, and the chairman asked him to resume his seat. This he refused to do, and he was then ordered to withdraw, which order he also refused to obey.

An uproarious scene ensued, Mr. Redmond attempted to continue and his voice being drowned by the cheers of the Irish members and cries of "order," and "withdraw," from the opposition benches.

The chairman at length being able to make himself heard, asked Mr. Redmond to decline to withdraw. The latter replied that he did not wish to be discourteous, but he maintained his right to protest that the money ought to be spent in Ireland, adding: "I will not withdraw."

MR. BOURASSA DISPLEASED. MONTREAL, Oct. 20.—The sensation of the day is the resignation of J. H. M. Bourassa, M. P. for Labelle, as protest against the Transvaal until parliament had been consulted.

After an angry passage between Mr. Ellis Ashmead Bartlett (nationalist), at the conclusion of which Mr. Davitt was called upon to withdraw an expression characterizing a statement of Sir Ellis Ashmead Bartlett as a falsehood, Mr. Dillon suggested that a vote be taken on the main question.

Mr. Bourassa continues: "It is stated that an order-in-council providing for the enlistment and sending of our troops makes a splendid concession for one from being considered as a precedent."

"The principle at stake is an axiomatic one, the principle of parliamentary institutions—no taxation without representation—and the sacrifice of human blood is the heaviest of all public contributions.

"The question is to decide whether Canada is ready to give up her prerogatives as a constitutional colony, freedom of her parliament, the compact entered into with the motherland, after seventy-five years of struggle, in order to get back to the primary state of a crown colony. The question is to decide whether the Canadian people shall be called upon to take part in all the wars of the empire without the doors of the cabinet being opened to them, without even being consulted through their representatives and their government on the advisability of those bloody contents."

"If we consent to uphold such a retrogressive policy,"

"In some quarters the unkind assertion is made that Mr. Bourassa's resignation was prompted, solely by a desire to create sympathy for Sir Wilfrid Laurier among his own compatriots."

OTTAWA, Oct. 20.—Local liberals are tearing mad at Mr. Bourassa for resigning his seat. A western liberal member in town, today declared that Mr. Bourassa's action was idiotic and the outcome of a swelled head which he had had since his appointment as secretary of the international commission.

NOVA SCOTIA COMPLIMENT. HALIFAX, N. S., Oct. 20.—There is a chance for a few more in the enrollment of the Nova Scotia company for the Canadian contingent for South Africa.

COL. McLEAN MENTIONED. OTTAWA, Oct. 20.—A prominent liberal who is working for the enlistment of Col. Sam Hughes, M. P., has been recommended by Col. Oyster, unopposed by any other consideration than that of his fitness as second in command of the contingent.

Harding, Episcopal minister of this place, went out in White's yacht and crossed to Hare's island opposite. CAPT. THOMAS DEAD.

Well Known in Shipping Circles—Was at One Time in Command of the Marco Polo.

Capt. William Thomas, a man well known in shipping circles, died at his residence on Duke street about five o'clock yesterday afternoon, from kidney trouble. Capt. Thomas was born in St. John in 1825. He received his education in this city, and in his youth learned the sail-making trade. Tiring of the monotony of the work in the sail-loft, he went to Liverpool, where he busied himself as an apprentice aboard a vessel hailing from that port. He rose rapidly in his chosen profession, and at the early age of twenty-one received his master's certificate, and the command of the Onondaga, a brig owned by J. W. Spurr. His first trip in this vessel was a very fast one, and he soon became known as a highly successful captain.

When the Marco Polo was launched in Courtenay Bay in 1851, Captain Thomas received the command. The Marco Polo was probably the fastest vessel that ever sailed out of St. John. Capt. Thomas was chiefly engaged in the East India and Australia trade out of Liverpool, and about thirty years ago retired from active seafaring life, and for a short time resided in St. Thomas, his illness became connected with the firm of T. B. Robinson, he moved to this city. He was afterwards appointed examiner of masters and mates, Lloyd's American agent, and a member of the board of pilot commissioners of this body he was for a long time secretary.

For some years Capt. Thomas has been in poor health, and a few weeks ago, on his return from an official trip to Canada, his illness became so severe that he was forced to take to his bed. He gradually failed, and yesterday afternoon passed away.

Capt. Thomas was married about fifty years ago to Miss Elizabeth Busby, daughter of Thomas Busby of this city, who, with three daughters, survives him. He was a constant attendant upon the services of the St. John (Stone) church.

ANNIVERSARY EXERCISES. An anniversary exercises in connection with Centenary church began on Sunday with a mass service in the school-room. It was largely attended, and a regular morning service brought out a large congregation. The music was very fine. The pastor, Rev. John Read, gave the announcements, Rev. Dr. Borden of the Mount Allison Institution, Sackville, preached a very able sermon, Luke xvi, 25th ver. "Son, remember."

The Sunday school anniversary services were held in the afternoon, when the school was addressed by Rev. Dr. Borden and others. The collection taken at this service for the anniversary fund was \$75. Reference was made to the fact that two of the scholars, Wm. J. Brown and Benjamin Pascoe, were going to the Transvaal with the New Brunswick contingent.

At the Sunday school meeting in the afternoon reference was made to the fact that two of the scholars, Wm. J. Brown and Benjamin Pascoe, were going to the Transvaal with the New Brunswick contingent.

In the evening Dr. Borden preached from the text: "Beloved, now stay we the sons of God; but it hath not yet appeared what we shall be, but we know that when He shall appear we shall be like Him." It was an impressive discourse, and like the morning sermon, was a plea for Godly living.

The amount contributed at the different services was in the vicinity of \$80.

ORANGEMEN TAKE ACTION. At the last regular meeting of Cameron L. O. L. No. 618, of Toronto, it was moved by Bro. A. T. Hunter, W. M., seconded by Bro. It therefore behooves all true Orangemen in all parts of the British Empire to see that none but those truly loyal to the empire shall attain or retain positions of public trust.

RICHIBUCTO, Kent Co., Oct. 18.—The annual meeting of the Richibucto school district was held on Saturday. Rev. H. A. Meek was elected chairman. The secretary's report was approved. The district was reduced \$200 during the year. There is a balance of \$774 on hand. Fred Sayre, the retiring trustee, was unanimously re-elected. An assessment of \$11,000 was voted for next year.

CORN HILL, Kings Co., Oct. 18.—The dry weather has given the farmers a good chance to house their potatoes. The crop is light. The cheese company has made an other shipment to T. J. Dillon. Rev. F. G. Harris attended the opening of the F. B. church at Lower Ridge on Sunday. A large number of the friends were from Corn Hill. B. H. Nobles of Sussex and G. F. Currie of Albert were also present.

ARTHUR BRANSCOMBE, who graduated at an American business college in May last, and has been in Boston since, will take a position with the Nova Scotia Banking Co. in Sussex. Mr. Branscombe has received word from his son Edward, who is in St. John hospital, that he will have to have his leg taken off. There is a white swelling about the knee. Much sympathy is felt for the young man, who about three years ago got his hand in a threshing machine and had to have his arm taken off.

MISS EDNA FLOYD, who had charge of the school at Corn Hill East, has had, in consequence of illness, to go to the St. John hospital. Dr. Fleming of Pettaudiac pronounced her illness to be typhoid fever. Miss Annie Cochran of Pettaudiac has taken the school work.

GRAND MANAN, Oct. 18.—Wellington Green of Two Islands lost a large smoke house by fire on the 17th inst. It contained seven or eight thousand boxes of smoked herrings, the fruits of his season's work. Hon. A. H. Gillmor came over to the island on the 6th inst. in the Curlew, accompanied by his granddaughter and two lady friends. He was here on business connected with the regulations for the lobster fishery in the waters of this island.

Mrs. Atkinson of Moncton, organizer for the W. C. T. U., has organized branches of that society at Grand Harbor and North Head. She spoke from the pulpit of the Free Baptist church, Grand Harbor, on the evening of the 8th inst. "The Emeralds," J. Parsons Smith and Prof. J. G. Miller, are on the island. The Adventists of Woodward's Cove have chartered a vessel to go to St. Stephen for lumber for their new church. Herrings are still very scarce, and the weirs and net fishermen are not doing much now. Three thousand pollock were taken out of a weir off Woodward's Cove on the 10th inst. The silver hake have now put in an appearance and, added to the depositions of the pollock, are driving the herrings about, to the disgust of the fishermen.

Sub-Collector Charles Dixon of North Head is away to Boston on a vacation. His daughter married Dr. Allan, who was for a time mayor of Amherst. Sheriff McQueen was a liberal in politics.

CARLETON CO. A. O. H. A Woodstock correspondent writes: The A. O. H. of Carleton Co., New Brunswick, were represented at a special meeting of the university senate and the faculty on Wednesday night all those present agreed that an absolute stop should be put to every form of initiation of freshmen, and the senate agreed to uphold the faculty in any measures the latter might deem necessary in the enforcement of discipline at the college, but nevertheless a majority of the members of the senate present thought that the severity of the measures taken in this instance might seriously injure the institution at the present time, and urged the faculty to be more lenient. On Wednesday afternoon the students implicated in the affair of last week apologized to the ladies and sent a formal apology to the faculty. At the same time a petition was presented from the ladies asking the faculty for leniency in the students, and a similar petition was signed by nearly all the students in the college. The faculty met at one o'clock today and had a lengthy session. It is said that after much debate and discussion of several propositions, it was decided to amend the penalty of expelling imposed upon the senior students, Sweeney, McKenzie, Batabrooks, Burden and Green, and instead to suspend them until after Easter, which practically means that the students will lose this year. The former penalty of suspension until December 1st of the fourteen other students will be undisturbed.

Word was received here by telegraph today of the arrival at Dawson City on October 15th of Major Hemming, lately appointed to command Yukon forces. The Frederick division of the A. O. H. at its regular meeting on Wednesday evening passed a resolution expressing its disapproval of the resolution from Montreal division of the order and regretting that that division had made the mistake of turning such an ill-advised and unpatriotic course—a course not sanctioned by the constitution of, or the principles that underlie the order, and one that will tend to bring discredit on the order at large, and place the order in an unfavorable and altogether undesired light before all right thinking people.

Mrs. Akreley, widow of the late St. Mary's, was attacked with heart trouble this evening and died after a few hours' illness. One son, Dr. A. K. Akreley, of Montreal, and one daughter, Miss Akreley, of this city, survive. Mrs. Akreley's husband died at his home in St. Mary's, last night, after a long illness. He was 68 years of age and had two daughters survive here. Alfred Haynes, provincial bridge overseer, is a brother of the deceased. The death occurred at Southampton last night of Mary, wife of John Oldham, aged 30 years. She leaves a husband and four children. Deceased lady had been in failing health for several weeks and a short time ago was operated upon at the Victoria hospital. The operation gave temporary relief and she was able to return home. The remains will be interred at Prince William on Sunday.

CIRCUIT COURT.

Domville M. P. Versus Klondyke, Yukon and Stewart Pioneers, Ltd.

The Claims of the Plaintiff in All Amount to Over \$16,000.

A Set-off to the Extent of \$95,738 Filed by the Defendant Company, Who Contend They Were Justified in Dismissing Plaintiff from Their Service.

The case of James Domville, M. P., against the Klondyke, Yukon and Stewart Pioneers, Limited, was begun before Judge Landry at the circuit court on Friday morning. In opening the case for the prosecution, C. J. Cosper read the agreement between the plaintiff and the defendant company made in London in 1887, when the plaintiff was accepted as explorer for the company. Under the terms of the agreement the plaintiff was to receive a salary of \$1,500 a year, payable quarterly. The contract was for three years, with a condition to be continued for two years longer if agreed to. The plaintiff alleges that in November, 1888, he was requested to resign, and was discharged to go to the following day, and to September 23rd, 1888, and he claims that even if the company were justified in dismissing him in November of the same year they are bound to pay him salary up to the following day. In addition to the money due him until the term of the contract expired the defendant company owe him \$850 for money lent by him to it, and also for expenses incurred by him in going to England after his dismissal, when he sought to have a meeting of the stockholders called and the real conditions of the affairs of the company explained to them. In all the claims of the plaintiff amount to over \$16,000.

The defendant company have filed a set-off to the claims of the plaintiff, as follows: To commission improperly allowed and paid Archie McLean on goods purchased \$2,500. Loss of profits on trip of defendants' steamer James Domville by improperly overloading her with whiskey and thereby stranding her contrary to defendant's orders \$3,000. Plaintiff's breach of each and every duty and obligation imposed on plaintiff by said contract, \$50,000. Loss of profits of trips of said steamer constructed by Reed Perry and left to defendants' order and leaving her with no one to manage her, \$10,000. One-sixth interest in the profits derived by plaintiff from the seven timber limits belonging to defendant, \$10,000. Cash proceeds of sale of Edmundston railway charter, property belonging to defendant and retained by plaintiff, \$2,500. One-third of the profits of the sale of the whiskey and other spirits in the transaction known as the Brad, Burr and McLean deal, \$3,333. To the plaintiff's undisclosed interest in the charter applied for by one Etchevise for the Northern Commercial Co., having among its objects the construction and operation of a line of telegraph to Dawson City, \$4,000. To the plaintiff's interest in the commissions of merchants supplying the defendant company, \$1,000. To plaintiff's interest in the electric light concessions in Dawson City, \$1,000. To plaintiff's interest in the Hector McAulay White Horse Tramway charter, \$1,000. To loss occasioned defendants by defendant's failure to pay plaintiff without remuneration, and contrary to defendant's instructions, the steam launch of one Isaac Burpee from St. Michaels to Dawson City, and also in furnishing her with supplies \$800. To moneys received from liquor permits and due and owing the defendant under said contract, \$500. To moneys of the defendant company advanced to plaintiff and not returned by defendant, \$1,500. To commissions received by Harry Domville and which properly belong to the defendant, \$1,500. To amount of promissory note for \$2,043, draft on 30 defendant and interest in legal deal, \$1,000. The defendant company also claim it was justified in dismissing Colonel Domville on account of his conduct, and that they were induced to make the contract by the plaintiff warranting that he was reasonably competent to perform the services as manager of the company, which he was not; and that by his negligence, carelessness and inefficient conduct the company suffered great loss.

MR. COSTER criticized these statements as false and disabused, and said that the company would not be able to prove one bit of it. Furthermore, the plaintiff would be able to show that he was able to get for them very valuable timber permits from the government, and was also able to get their expedition through to the Klondyke when other expeditions failed, and when travelling was very dangerous and difficult. He also built for them a steamer and carried out everything for them successfully. After he had procured all these things of value for them the company dropped him and even threatened to go into liquidation unless he resigned.

MR. COSTER spoke at some length, and then called upon Col. Domville, who testified as to entering the employ of the defendant company in 1887 and getting instructions from the Klondyke under the terms of the agreement.

COL. DOMVILLE was examined by Dr. Pugsley, Q. C., and detailed the working of the agreement with the defendant company. He arrived in England on 22nd October, 1888, and on that day or the 24th, went to the company's office. He went to get instructions to explain the requirements of the business and see how
