### Friday Night's Meeting.

Although the attendance at the Short Line Railway meeting Priday seeing was not so large as it should have been, there was a very fair representation of the electors present. What the meeting lacked in numbers, however, it made up in enthusiasm. The specohes were vigorous and interesting, and there was practically nothing left unsaid on the subject. The recolutions and addresses exhibit, faithfully, the feeling in Fredericton ou the question discussed, and will have weight with the authorities to whom, they were addressed. The selection of Mayor Hazen and Sheriff Sterling as joint delegates with Moneton and Halifax to proceed to Ottaws meets with general approval. Both gentlemes have taken a very active interest in the agitation, and both are well qualified to present their views.

Stirring Speeches and United Action There were between three and four hundred citizens of Fredericton at the meeting called in the City Hall Friday evening, to give shape to the agitation urging Parliament to hold the C. P. Railway Company to their contract to build the Fredericton—Moncton

link of the Short Line Railway.

Mayor Hazen presided, and among those on the platform were Sir John C. Allen, Attorney General Blair, Wm. Wilson, M. P. P., Ald. Limerick, Warden Rowley, Ald. Estey, sunbury, ex-Mayor Fenety, Sheriff Sterling,
Auditor General Beek, Ald. Parker, Mesere.
L. W. Johnston, James S. Neill and Wm.

MAYOR HAZEN reviewed the legislation in reference to the Short Line and explained how the contract required the building of it from Harvey to Salisbury via Fredericton. That contract of the contract to build the road via Fredericton. If the port of St. John offers the same nducements as Halifax the people of the commercial metropolis of this province will no doubt get a fair share of the business coming over the short line. About two months ago on impression got abroad that that part of the contract providing for the road via Fredericton was to be abandoned if possible. Resolved, That the meeting regards the action of the-government and parliament of Canada in granting a subsidy to the proposed line of railway from Harvey via Fredericton to Salisbury or Monoton, as a binding engagement on the part of the government and parliament with the people of a large portion of the maritime provinces; and this meeting earnestly and confidently appeals to the government to take such steps as shall not only ensure the early construction of the Short Line across the province between the points named, but that when built it shall ferm part of the great Canadian Pacific Railway system.

Mr. Blair said the faeling seawed canada

Mr. Blair said the feeling seemed general that the City Council had acted wisely in taking action in this matter. The impression prevailed to a very considerable extent that there was a hitch in the building of the short line across this province. He did not regard any action of this meeting as implying want of confidence in the C. P. R., but as a manifestation of anxiety respecting the matter. He had reliable information from a gentleman who had interviewed Mr. Van Horne a shor visable for me to venture out. I hope you will have a good meeting, and whatever you

I will endeavor in the future as I have in the past, since I have had the honor of representing this County in Parliament, do all I can to further the interests of York, and it has been my sole desire to have this Short Line Railway, via Harvey, Fredericton and Salisbury accomplished. My desire has arisen, not from a local standpoint, but our geographical position gives to York. Supplying Change would be built to say that the C.P. R. to some point on the other side of the Atlan

He recounted the causes that led to the loss of the Intercolo to the valley of the St. John and the expenditure of the local legislature for the construc tion of railways, and he believed that the time had arrived when we should see that our claims are not overlooked; that we are not switched off as we were when the Intercolonial was constructed. While the resolution already passed were quite important they would be of little avail if not carried before the proper authorities. He therefore moved the following resolution:—

Resolved. That two delegates, to be named by the meeting, do proceed to Ottawa in company with delegates to be appointed from Moncton and Haiffax, and present the resolutions of this meeting to his excellency the governor general in council; and that the expenses of the said delegation, mightin the opinion of this meeting be very properly defrayed out of the city treasury.

Do you feel dull, languid, low-spirited, life-lers, and indescribably miscrable, both physi-cally and mentally; experience a sense of fullness or bloating after eating, or of "gone-ness," or emptiness of stomach in the morn-ing tongue coated, bitter or bad taste in mouth, irregular appetite, dizziness, frequent headaches, blurred eyesight, "floating specks" before the eyes, nervous prostration or ex-haustion, irritability of temper, but flushes, alternating with chilly sensations, sharp, biting, transient pains here and there, cold feet, drowsiness after meals, wakefulness, or disturbed and unrefreshing sleep, constant, indescribable feeling of dread, or of impend-ing calamity?

disturbed and unrefreshing sleep, constant, indescribable feeling of dread, or of impending calamity?

If you have all, or any considerable number of these symptoms, you are suffering from that most common of American maladies—Billous Dyspepsia, or Torpid Liver, associated with Dyspepsia, or Indigestion. The more complicated your disease has become, the greater the number and diversity of symptoms. No matter what stage it has reached, Dr. Pierce's Golden Medical Discovery will subdue it, if taken according to directions for a reasonable longth of time. If not cured, complications multiply and Consumption of the Lunga, Skin Disease, or other grave maladies are quite liable to set in and, sooner or later, induce a fatal termination.

Dr. Pierce's Golden Medical Discovery acts powerfully upon the Liver, and through that great blood-purifying organ, cleanses the system of all blood-taints and impurties, from whatever cause arising. It is equally efficacious in acting upon the Kidneys and other exerctory organs, cleansing, strengthening, and healing their diseases. As an appetizing, restorative tonic, it promotes digestion and nutrition, thereby building up both fiesh and strength. In malarial districts, this wonderful medicine has gained great celebrity in curing Fever and Ague, Chills and Fever, Dumb Ague, and kindred diseases.

Dr. Pierce's Golden Medical Discovery

CURES ALL HAUREOFS.

CURES ALL HUMORS. from a common Blotch, or Ecuption, to the worst Serofula. Salt-rheum, "Fever-sores," Scaly or Rough Skin, in short, all diseases aused by bad blood are conquered by this powerful, purifying, and invigorating medicine. Great Eating Ulcers rapidly heal under its benign influence. Especially has it manifested its potency in curing Tetro. Eczema, Erysipeias, Bolis, Carbuncles, Sore Free, Serofulous Sores and Swellings, Hip-fent Disease, "White Swellings," Gotter, or Thick Neck, and Enlarged Glands. OR THE BLOOD IS THE LIFE." The oughly cleans it by using Dr. Pierce's Golden Mcdical Discovery, and good digestion, a fair skin, buoyant spirits, vital strength and bodily health will be established.

CONSUMPTION. which is Serofula of the Lungs, is arrested and cured by this remedy, if taken in the earlier stages of the disease. From its marvelous power over this terribly fatal disease, when first offering this now world-famed remedy to the public, Dr. Pierce thought seriously of calling it his "CONSUMPTION CURR," but abandoned that name as too restrictive for a medicine which, from its wonderful combination of tonic, or strengthening, alterntive, or blood-cleansing, anti-bilious, pectoral, and nutritive properties, is unequated, not only as a remedy for Consumption, but for all Chronic Diseases of the

Liver, Blood, and Lungs. For Weak Lungs, Spitting of Blood, Shortness of Breath, Chronic Nasal Catarrh, Bronchitis, Aathma, Severe Coughs, and kindred affections, it is an officient remedy.

ORIGINAL" WOOD COOK

First-Class in Design;

First-Class in Workmanship; First-Class in Operation.

THE ORIGINAL is the ONLY FIRST-CLASS WOOD COOK that has an individuality of its own, distinguishing it from the every day construction offered in First-Class Stoves.

The ORIGINAL fulfils every pledge that is made for it, and stands to-day unequalled as a marvel of beauty and practical utility.

Modern ideas and new improvements, make it the most economical and convenient stove ever placed on the market. It has the largest High Oven, largest top, largest reservoir, largest fire box and flues. Its value is apparent at sight, and builds its own reputation.

The lower oven door drops and forms a substantial flush oven shelf, while the upper one tentials the heat that is wasted from every swinging oven door Cook Stove.

I also keep the NOVEL STANDARD, the latest and most modern COAL COOK in the market. The points of construction are similar to the Original Cook, and a sister stove for burning coal.
