Weather Notes.

The Atlantic coast disturbance is moving in a northerly direction off the coast of Virginia. The weather has been mostly fair here, but quite cold in the provinces and the Eastern States. The weather continued mild in the East.

always up and would suspect something when they were down. I wonder where he was between the time I passed last night and the time when I arrived this morning."

Mr. Orchard called Mayor E. S. Little on the telephone, and the latter promised to come to the office and see the work done by the intruders.

storekeepers were summoned to appear in various courts in the city, and fifty others were placed under arrest as a result of an investigation relative to short weights, conducted by the civil governor Barcelona today. The governor personally visited hundreds of stores and saw weights and measures tested.

GENERAL NEVILLE DECORATED.
 General Neville has been awarded the Grand Cross of the Legion of Honor.

Sydney, N. S., Jan. 11.—Passengers who arrived in North Sydney late last night from Port Au Basque on the steamer Sagona told of having experienced one of the worst snowstorms in the recent history of Newfoundland. For days the railway line through the interior of the country had been piled high with huge drifts of snow.

Building Trades Council, on charges of extortion and attempted extortion. The two were charged with the use of evidence given before the joint executive committee in its investigation of the alleged extortion of money from shippers by the labor leaders. The committee testified that the labor leaders solicited large sums of money on the basis of call makers. He also is alleged to have charged the shippers with the laborers of his organization for the

COMMUNITY THEATRE THEME OF ADDRESS

Roy Mitchell, Toronto, Will Address London Drama League.

Mr. Roy Mitchell, the director of dramatic activities in the University of Toronto, is to give a lecture, illustrated with lantern slides, on "The Community Theatre" Thursday evening at the Normal School. He comes under the auspices of the London Drama League, which is promoting a movement for a community theatre in this city. Mr. Mitchell is a former Londoner who has distinguished himself in dramatic work and in authorship, particularly as a leader of community plays and pageants. It is hoped he will be received by a large audience, and that a number of prominent citizens will be present to follow the lecture with a discussion on prospects, ways and means for a community theatre.

G. A. U. V. MOVES FOR NEW AMALGAMATION

Local Branch Would Unite All Soldiers Non-Politically.

By an unanimous vote, Secretary George Rustin of the local post of the G. A. U. V., was given power to write the Dominion executive of the association requesting that it communicate with all other branches asking their co-operation in bringing about an amalgamation of all soldiers in a non-political association. This resolution was passed at a meeting of the G. A. U. V. last evening.

F. B. Lavender, former secretary of the association, tendered his resignation as a representative of the Central Veterans' Council, but after a lengthy discussion, and a standing vote, Mr. Lavender was asked to retain his office. He made a definite announcement that he would.

The meetings will be held on the first and third Monday of every month and the second of fourth Mondays will be set aside for the entertainment and official initiation of members.

Comrade Hardy was given authority to make any plans he saw fit for a social evening for children at present confined to the Byron Sanatorium. It is expected that an entertainment will be given the kiddies some time next week.

Comrade Barnard, Berry and Ransley volunteered to visit any sick members of the association.

CHRONIC CATARRH

Follows Repeated Colds When Blood Is Impure.

Your body suffering from a cold does not properly attend to digestion and elimination. As a result your blood becomes impure, it inflames the mucous membrane and brings about that condition in which chronic catarrh occurs and on which it depends.

Purify your blood, make it clean, by taking Hood's Sarsaparilla, and if your bowels are not healthfully active, take Hood's Pills. These medicines have relieved and prevented thousands of cases of chronic catarrh. Economy is one of the strong points of Hood's Sarsaparilla—100 doses in a bottle. Why not get it today?

MUCH CONSTRUCTION IS PLANNED BY CITY

No. 1 Committee Meets Tonight.

STORM SEWERS
As Well As Many Pavements To Be Laid During 1921.

While several important problems will be considered by No. 2 committee of the city council at its first meeting tonight, the task of planning the 1921 work will not be commenced until next month. Large amounts of work are still under way, and it is not expected that these will be cleared up for a couple of weeks yet.

City Engineer Brazier is expected to return from England at the end of the month, and will begin immediately to draw up plans for the year's local improvement work.

The clause asking authority to spend \$175,000 on storm sewers which was placed in the London bill by last year's council, will have to receive the endorsement of the present committee. It will come before the private bills committee of the Legislature as soon as the next session begins. If the approval of the Legislature is given, it will open a large construction program here. Not only will the storm sewers be laid, but also the paving of streets and the improvement of the water supply.

Previous councils have withheld these, as it would have been necessary to tear up the pavements to lay the sewers at a later date. Chairman C. G. Moorehead of the present committee predicts that they will have one of the busiest years in the history of the city.

Gravel roads will receive more attention this year than in the past. Petitions for many of these have been before the council for many years, and no action has been taken on them. If something is not done soon the people will be disgraced by the condition of the roads.

Excessive charges for sewers and road milling will be other matters investigated.

J. R. Hastings of Grimsby, chief inspector of Western Ontario, will address the fruit growers and all interested in fruit farming at the department of agriculture on Thursday afternoon. Mr. Hastings recently sold his seven-acre fruit farm for \$25,000.

THESE DESPERADOES NOT WITHOUT HEARTS

Allow Citizen to Keep His Three Jangling Dimes.

Hold-up men operating in London are not quite heartless, according to a letter in a local paper. The letter was written by a man who was held up on Wellington street two nights ago. A stranger stopped him and asked him for his money. While he was fumbling in his pockets for the match, someone approached him from behind and ordered him to hold up his hands. He replied, "I've just got three dimes; you're welcome to that."

The hold-up man inquired if he was out of work. He replied he was, whereupon they let him keep his three dimes, and also \$40 which he had in his vest pocket, but did not tell them about.

ASKED TO ADDRESS
CHATHAM C. OF C. ON
PUBLIC PLAYGROUNDS

E. V. Buchanan Unable to Accept Invitation, But Will Send Substitute.

General Manager E. V. Buchanan of the public utilities commission has been invited to address the Chatham Chamber of Commerce on Thursday on the subject of municipal playgrounds.

The invitation states that the progress and success of the municipal playgrounds in London has been watched with interest and in the hope of getting additional data with regard to such playgrounds with a view to the promoting of such open-air play spaces in Chatham, the Chamber of Commerce asked that Mr. Buchanan address the members on the matter.

Owing to the fact that the first regular meeting of the P. U. C. as constituted for 1921 has been called for Thursday, it is not likely that Mr. Buchanan will go to Chatham, but will arrange for someone fully advised on the question to take his place.

To Cure a Cold in One Day.
Take Grove's LAXATIVE BROMO QUININE tablets. The genuine bears the signature of E. W. Grove. 30c.

TO MEET WEDNESDAY
Anglican Clerical Committee to Arrange for Spiritual Campaign in Church and Home.

The committee appointed by the Anglican Clerical Association last Monday to deal with the matter of launching a spiritual campaign in the Anglican churches and homes of the city, will meet on Wednesday to arrange a program for this campaign.

It is proposed by some of the members of the committee appointed to hold special meetings in the churches each week, and for these to culminate in a two weeks' mission in Lent. The matter of the latter being the church being asked to co-operate in conducting these services will be brought up at tomorrow's gathering. The members of the committee are Rev. G. B. Sage, Rev. A. G. Clarke, Rev. H. B. Ashby and Rev. J. Huxley.

MIDDLESEX HOLSTEIN BREEDERS REORGANIZE

At the annual meeting of the Middlesex Holstein Breeders' Club, held in the Ontario Government agricultural office Saturday, H. Holtby was re-elected president; W. J. Ellis, vice-president; Mr. Cochrane, second vice-president, and John McMillan was re-elected secretary-treasurer.

The date of the annual sale was provisionally fixed, to be held at the fair grounds on March 23. There was a good turnout of members at the meeting, and great confidence prevailed as to the future of the Holstein breed.

GREAT CALL CAMPAIGN
Special Salvation Army Services Will Continue for a Week.

The Salvation Army of London has launched a "Great Call" campaign to continue for a week. Special prayer meetings are being held in No. 1 Citadel, and every evening a song service is held prior to the regular meeting.

In connection with these meetings, Sergeant-Major Levitt of Forest, and Brother Ferris of Sarnia, are in the city, and will conduct meetings for the next seven days at the South London Citadel, corner Edward street and Richmond avenue.

BICYCLE STOLEN.
Last night passed with no further hold-up or burglaries reported to the police. A bicycle was reported stolen early in the evening. It was taken from a side veranda of a Waterloo street residence near Wolfe street. The owner, hearing a noise, went outside to investigate, and saw the bicycle being taken away from the sidewalk. The wheel, the darning thread to open a gate and pass almost around the house.

AGED MAN BURNS TO DEATH.
Toronto, Jan. 11.—Living alone in a cottage at 15 Power street, Alfred Simms, aged 75, was burned to death when a coal oil lamp exploded at 3:30 this morning. The firemen found Simms dead on the floor at the front door. The door was open and Simms had apparently tried to reach the street.

P. U. C. ORGANIZE UNABLE TO FILE FOR YEAR'S WORK PHONE DEMANDS

First Regular Meeting To Be Held Thursday.

PLAYGROUND EXTENSION
Will Be Thoroughly Discussed by Commissioners.

Thursday afternoon will witness the first regular meeting of the 1921 public utilities commission. The business will be mainly that of organization and the outlining of plans for the year.

A matter that will be given considerable attention will be the suggestion of Commissioner W. McFarland that the appointment of the various committees be done away with, and that the commission be a committee of the whole in regard to all phases of the work coming under the direction of the public utilities. It is already the work of the various committees, being mainly of an advisory nature.

Action in regard to the extension of the municipal playgrounds will probably be discussed and in view of the recommendation made in the mayor's inaugural address that the council provide \$20,000 for this purpose, a definite line of action will be taken.

The construction of roads in Springbank and the building of a permanent road on the Pipe Line road will likely be given attention, but in view of the fact that neither of these projects, brought forward in December as methods of raising money for the unemployed of the city, were referred to in the mayor's address, it is uncertain what will be done, if any, will be taken by the commissioners.

CHURCH COUNCIL TO SUPERSEDE VESTRY

St. James' Anglican Church Decides On New Congregational Board.

A largely attended and enthusiastic congregational and vestry meeting of St. James' Anglican Church was held in the Sunday school room on Monday evening. The church council was presented at this meeting instead of as formerly, at Easter when the church year closes. The yearly reports from the church several hundred dollars were presented at this meeting instead of as formerly, at Easter when the church year closes. The yearly reports from the church several hundred dollars were presented at this meeting instead of as formerly, at Easter when the church year closes.

The various organizations of the church gave excellent reports, particularly the Men's Club, which has saved the church several hundred dollars during the past year. The painting, repairing of the church and laying of cement sidewalks at the rectory and other improvements, were all done by members of the Men's Club, who worked at the church after the usual day's work. Even the basement was cleaned and repainted by the members of the club.

It was decided by the congregation to replace the select vestry by a "church council," which will comprise one member from all the organizations of the church. A meeting at which members of this council will be appointed will be held in two weeks' time. Votes of thanks were tendered to all the organizations, including the choir, the organist, the rectory, W. L. Armitage, Mrs. Armitage, the church warden, Mr. Dawson, and the rectory warden, Mr. Hodgins. Mr. Hodgins was reappointed rectory warden and William H. White was appointed people's warden.

**INAUGURAL MEETINGS
OF CITY COUNCILS**

Orchestra Plays "Go Feather Your Nest" For Hamilton Mayor.

Absence of Valuable Goods in Windows

Jewelers in Toronto have for some time removed the most valuable goods from their windows at night. This caution compels the removal of diamonds at sale prices from the windows at Johnston's Jewelry, 417 Richmond, three doors north of Dundas.

**ST. MARY'S COUNCILLORS
NAME MEMBERS OF
VARIOUS COMMITTEES**

St. Mary's, Jan. 10.—The inaugurations of the 1921 town council was held this forenoon, Mayor N. L. Brandon presiding. After the council was duly sworn in, the following were the standing committees for the current year, the first named in each committee being chairman: Board of works—William Mark, fire and police—Robt. McKay, Peter Munnoch, Chas. Fitzsimmons, printing and assessment—W. J. Williams, Chas. Fitzsimmons, L. G. Constance, with Fm. Dale as clerk, and Fm. Dale added for court of revision only. Cemetery—Chas. Fitzsimmons, L. G. Constance, Reel, Munnoch, and W. J. Williams. Finance, industries and railways—J. G. Constance, Wm. Dale, Peter Munnoch. The following were re-appointed: Town clerk, Jas. White; town treasurer, Miss M. E. Long; chief constable, Constable Reel; night constable, Arch. Moir, for one month; town assessor, W. J. Williams; and John McMillan as poundkeepers were re-appointed.

**BIG MILK FACTORY
SOLD AT BELMONT**

Mellins Pay \$50,000 For Canadian Milk Products Plant.

ST. Thomas, Jan. 10.—The Canadian Milk Products plant at Belmont has been taken over by an American firm, the Mellins Food Company, the purchase price being \$50,000.

The factory, in the neighborhood of the company's plants at Glenora, Hamilton, and Niagara, which were closed down last week, are put to so much inconvenience and loss by having their milk trucks to the factory at Belmont that some of them will recall their contracts, and those in the neighborhood of the company's plants at Glenora, Hamilton, and Niagara, which were closed down last week, are put to so much inconvenience and loss by having their milk trucks to the factory at Belmont that some of them will recall their contracts, and those in the neighborhood of the company's plants at Glenora, Hamilton, and Niagara, which were closed down last week, are put to so much inconvenience and loss by having their milk trucks to the factory at Belmont that some of them will recall their contracts, and those in the neighborhood of the company's plants at Glenora, Hamilton, and Niagara, which were closed down last week, are put to so much inconvenience and loss by having their milk trucks to the telt that it should first pay the money to institutions actually at work. The welfare committee expects these subscriptions to be paid up ultimately, but is slightly cramped for funds at the present time. What makes matters worse, the children's hospital committee is pressing for funds and is holding a meeting with its men's advisor

board tomorrow afternoon at Crony Hall to decide whether it is advisable for the hospital to put its budget into the general welfare campaign next year.

will be the outcome of this request is, of course, unknown as yet. It is said that the welfare committee received permission from patriotic headquarters at Toronto to make their request to the R. D. Cross Society.

Ald. Harley's suggestion re \$30,000 from the Red Cross Society for the Children's Hospital, stated that he thought the suggestion to be very unfeasible.

He did say that the Chamber of Commerce had at one time secured a small sum of money from this society, for relief purposes in the city, but that it had been very difficult to get, and that he was surprised that they had received it at all.

**PRISONER'S SMILE
PROVED INFECTIOUS
IN COUNTY COURT**

William C. Oldridge was convicted in the county court this morning of stealing a quantity of whiskey from the Grand Trunk, but Judge Talbot Macbeth postponed sentence until Friday.

morning. The postponement, it was indicated, is to give time for a fuller investigation into the circumstances of the case before disposition is made of the prisoner.

Special Constables Hughes stated that

Constable William Middaugh stated that when Mrs. Oldridge visited her husband in his cell, the latter made the remark: "I'm the guilty man, but I

Oldridge said that this was a "downright lie."

When Oldridge was in the witness box he smiled when Judge Mache asked him a question. It appeared he had an infectious smile, for the judge

Crown Attorney J. B. McKillop wanted to know the reason for the smile.

"I smile because I know I'm all right," said Oldridge, "and it's a smile which will not come off."

AN UNJUST TAX.

It has been frequently pointed out that those living on salaries, and on fixed incomes from dividends, suffered most during the war from the high cost of living and increased taxation. Mr. Lloyd Harris, in his address before the Canadian Club, pointed out that governments should leave business alone as much as possible. Canada possessed immense opportunities, and these should be left to private individuals to develop. He pointed to the injustice of taxes imposed, that in some cases might reach 75 or 80 per cent, and possibly in some cases 100 per cent.

In 1919 the Dominion Government passed an act compelling all companies to pay a tax of 10 per cent of their net earnings. This hit loan and trust companies a very hard blow, and one extremely unjust to their shareholders, who are nearly all living on fixed incomes, and a large percentage of whom are widows. The shareholders of loan and trust companies are to all intents and purposes similar to savings bank depositors. The possible earnings in any of these companies is very limited, and they are the soundest, safest and best means of investment for safety and a sure and moderate return.

At the last annual meeting of the Huron & Erie, London's largest loan company, the president, Mr. T. G. Meredith, K. C., made the following appropriate reference to this oppressive and unjust tax:

"So far as taxation in the future is concerned, we cannot, unfortunately, look forward to relief; we are, indeed, facing this year a further impost in the shape of an increased federal income tax. Once more it is my duty to point out the inequitable nature of this tax, and to voice the protest of our shareholders against it. As an amendment to the Dominion act, passed at the earlier session of 1919, all incorporated companies are called upon to pay a tax of ten per cent of their net earnings. Upon the basis of the profits of 1919, this meant that this year we must hand over to the Dominion Government about \$50,000, or nearly four times the tax paid last year.

"It may be thought this method of taxation is but another means of collecting the amount needed—and sorely needed—at the moment. It goes, however, far beyond that sane and businesslike procedure, and for this reason: A shareholder, subject to more than the normal income tax, is only entitled, by virtue of the payment of the ten per cent of their net earnings, to a rebate on his own assessment of the normal tax of four per cent; it is clear, therefore, he is being taxed twice on the profits derived from the income investment. "We are all aware of the heavy national debt imposed upon us by the war, and the imperative necessity of raising, by taxation, sufficient to meet our obligations. Little objection could, therefore, be urged against such an impost, were it not for the fact that it is discriminated against holders of stock, as compared with investors in bonds, mortgages, lands or other forms of security. Nay, more, it infringes—if not legal or constitutional law—the equitable and moral rule against double taxation.

"The record of contributions by the Huron and Erie to Red Cross and other war funds, and of its subscriptions of over ten millions to the various Canadian war loans, is evidence—if such be required—of our faith in and support of the national effort. We would, however, be recreant to our trust if we failed to call attention to and protest against what we believe to be a great injustice."

The tax imposed is one of the last that should be resorted to. It hits where it can least afford to be paid. It hits twice in the same place. In England, where taxation is heavier than in Canada, such taxes are deducted from the dividend paid to each individual shareholder. The injustice is then more apparent. It is like the income tax at one time in force, which compelled a widow, whose total income was a little over \$300 to pay a tax. There was no exemption that applied to her. This has since been remedied. If the 10 per cent imposed were taken out of the individual dividends many such cases would occur.

Parliament is about to meet. It should shelve at the earliest possible date this tax, which is oppressive and altogether unfair and refund to the companies any sums paid while the law was in force.

LENIN AND THE SOCIALISTS.

Throughout Europe a tremendous upheaval is taking place in the ranks of the socialists. In France the organization has been split by the going over to Lenin's communism of a majority of the members, this section of the party accepting unconditionally the conditions laid down by the Russian Bolsheviks.

In Germany also there has been great changes. At the Halle conference in October by an overwhelming majority it was decided to follow the lead of the German extremist leaders who are in accord with Lenin. In Italy, Belgium and Spain the split between the extremists and the moderates of the socialists is about complete.

All this, of course, is a definite step of Lenin and his infamous gang towards bringing about the world revolution. The split in the various socialist organizations of Europe has

been engineered in order that Lenin may know just who are and who are not his friends. The object of the Red leader is to build up an army of Reds the world over who will carry out the program of the Third International Conference at Moscow. Lenin is slowly but surely lining up the extremists of the socialists against the moderates in every country. Before long he will have a powerful compact body pledged and trained to wreck all other political systems. That he will succeed in forcing anarchy and revolution on the world generally is not possible, but it is certain that he can do an immense amount of mischief. From now on propagandists of Russian Bolshevism should be more closely watched than ever and swiftly and ruthlessly subdued.

AN ELECTION DAY IN FLORIDA.

The fifteenth amendment to the United States constitution, passed shortly after the Civil War, reads as follows:

"The right of the citizens of the United States to vote shall not be denied or abridged by the United States or any state on account of race, color or previous condition of servitude."

Just how far this amendment has been made a dead-letter in parts of the South is shown in an article in the New Republic, dealing with the events in connection with the last presidential election in certain parts of Florida. The intimidation of negroes began with the registration, when they were warned that they would get into trouble if they sought to exercise their franchise. The Ku Klux Klan, of infamous reconstruction days, having been revived in the South, was brought into play, and on the Saturday night before the election it held parades of robed figures, clad in the white hoods and gowns, with flaming red crosses, that were used half a century ago to frighten the then newly-freed slaves. The surprising part of the performance was that the negroes refused to be frightened by the bogies of the Klan, and from the sidewalks laughed derisively at the trophy.

Trouble came, however, as might be expected. News dispatches of November 4 told of a collision between whites and blacks in Orange County, Florida, in which six colored men were killed, six by lynching, and two white men also met death. The news dispatches completely underestimated the loss of life, so the New Republic claims. In the colored settlement the mob burned down twenty houses, two churches, a school and a lodge hall.

"Colored men, women and children trapped in the burning houses fought desperately against insurmountable odds. Negroes attempting to flee were either shot down or forced back into the flames. The number killed will never be known."

The investigator for the New Republic speaks of the moral effect of this criminal business on the adult white population, and of the even more deplorable effect upon the white children who witnessed it. When asked about the rioting, an 11-year-old white girl, intelligent and alert, told exultingly of "the fun we had when some niggers were burned up." It is charged that among those who were burned in the rioting at Ocoee were a black mother and her two-week-old babe. A wealthy colored physician at Quincy was surrounded by a mob, members of which spat on his face, and dared him upon pain of death to wipe it off, because he had advised colored citizens to qualify, register and vote. In Live Oak two colored businessmen were beaten into unconsciousness, and ordered to leave homes, property and families. One has left, the other is paralyzed for life, as a result of the beating he received. And so the story runs.

At Jacksonville on election day each polling booth was provided with four entrances—one each for white men, white women, colored men and colored women. No handicap was placed in the way of the white voters, but the negroes were voted as slowly as possible, and every kind of delay took place. Thousands of colored voters stood in line all day, while their women served coffee and sandwiches. At the end of the day there were over 4,000 who had not been allowed to vote. The names, addresses and registration certificates of all these were taken during the day, and their affidavits have been secured for future use.

Whatever other result may come from this, one thing certain is that the enmity between the races in the South is being tremendously increased. The negro has been attaining a race consciousness of late years, which was strengthened by the part that the colored man played in the war. The old bogey of the Ku Klux Klan, resurrected by the turbulent element in the South, is even endeavoring to get a foothold in the North, but the negro who faced German guns is not likely to be stopped by this sort of intimidation. Sooner or later he will strike back.

EDITORIAL NOTES.

Although the criminals of Detroit have been playing hide-and-go-seek with the police, a great number of them didn't get "home free."

If New Yorkers who want blue laws on Sunday haven't completed their list of "must nots" we would like to suggest that "new hats must not be introduced to the open-air public at the Sunday morning service, and that all wearers of hats purchased within two weeks previous to the service must not enter the church after the service has commenced."

NEW YORK NEW YEAR'S EVE.

[Philadelphia Ledger.]
There is no use blinking the fact that the prohibition law was reduced to an utter farce, and that intoxicants were obtainable by practically all who wanted them. And this fact violates those who are charged with the responsibility for the enforcement of the law as either deliberately dishonest in their pretense of performing their duty or as hopelessly blind and incompetent.

WOULD DO GOOD BOTH WAYS.

[Edmonton Journal.]
Herbert Hoover made a grand round-up of the New York wealthy and sold them beef stew at \$2,000 a plate. The affair totaled something more than \$2,000,000, which will go to help feed the hungry children in Europe. If Mr. Hoover could make the thing stick as a permanent institution he could bring a good many millions of Europe's little ones through the winter. Incidentally, he might bring some of the New York grandees through the winter too, by saving them dyspepsia.

Letters to the Editor

REGARDING THE HOUSING COMMISSION'S TROUBLES.

To the Editor of The London Advertiser:
In regards to George Woods's house, 325 Salisbury, spoken of in your paper of recent date, it is only fair to the housing commission to let the public know something of the circumstances in connection therewith.

In the first place, a suitable site for the erection of a house is only a fair thing for the commission to expect. In this case, it was a lot purchased for little or nothing, and which was used all last winter as a garbage dump (much to the disgust of all in the immediate neighborhood), bringing it to its present state of elevation.

The house in question has been twice built, at no extra cost to its owner. The building was up, ready for bricking, and was leveled to the ground in that notable storm, November 29, 1919. Just here it might be well to remind the public that the contractor was not at all blameless, as the inspector reported the building brace against anything but a cyclone.

This house was completed at the original contract price, \$2,600, while at that time the contractor was getting \$4,200 for the same building from others. The delay was caused by the aforesaid storm, and liability to get material—no fault of contractor. In this connection let me say the owner didn't even say "I'm sorry for the loss."

Time and space will not permit me to go into close detail with Mr. Woods's complaints, but will touch on a few of his so-called troubles. Have called at the house on four different occasions to try to find out personally, if possible, what was ailed, but failed to get an entrance, each occasion, on account of both him and his wife working out during the day. The \$500 spoken of would only be assisting a little in the loss sustained on the unreasonable site of his dwelling.

Am quite well aware the contract called for No. 2 Milton brick, as the house stood for weeks ready for the brick, that couldn't be got at any price. Was at last able to get the present brick (with the consent of the commission), by paying more money for the same.

The shingles are laid 4 inches to the weather in place of 4½ inches, as the contract calls for, and anyone knowing anything about building knows sheeting is much better not laid strictly tight.

In regard to window sash being small, glass broken, etc., I might say everything was left in a proper condition. The commission is surely not expected to replace glass broken after the owner takes possession.

As far as keys are concerned, the owner had the keys long before he should have had. The subcontractor was not to be responsible for the loss of the keys being left and put here and there. However, if Mr. Woods has lost his keys, although I have been a very heavy loser in connection with his house, will try and scrape up a quarter to buy him some more. Thanking you for your valuable space,
ROBERT J. KELLY.

29 Beattie avenue.

From Here and There

HENRY VIII'S STYLE.

[Edmonton Journal.]
An agitator for the elimination of the word "obey" from the marriage service offers what she thinks ought to be a clinching argument. It was put there, she tells us, by Henry VIII, which was quite in keeping with his ideas about women.

Whether it should remain or not, it has to be admitted that Henry was in a much better position to enforce the promise than the man of the modern world, told the parson never to mind, as he would groom who, when the bride hesitated over the word, told the parson never to mind, as he would make her obey anyway, had the spirit of the much-married monarch.

WINTER TRIPS.

[Ottawa Journal.]
"A Toronto man who had made arrangements to take his family and spend a couple of months in California this winter has reconsidered the matter. He has written his correspondents in California to say that owing to the insurance rate of exchange and the disposition of congress to erect further barriers against imports from Canada, he feels that Canadian tourists ought to feel themselves barred out of that country too. So he cancelled his arrangements and will either go to Bermuda, or, later on, to Europe."—Toronto Star.

"Some Canadian money goes home," is the caption placed by the Star on the above remarks. The item, however, does not show that any Canadian money will stay home. Bermuda or Europe is to get it. Well—that is better at present than having it go to the Torontonians, and to everybody else, that some place in Canada have an excellent climate in our winter months, for instance, Victoria, B. C. Those who know Victoria say that from January to March the climate is equal to anything California can give. Any Canadian who is in the habit of going to California or Florida in the winter should give Victoria a trial.

TALKING SHOP.

[Springfield Republican.]
There are so many kinds of shops nowadays that it is necessary to define one's terms. There is 'no open shop, the open union shop, the open non-union shop, the closed shop, the closed union shop, the closed non-union shop, the wide-open shop, the shut-tight shop, the half-and-half shop, and pretty soon there won't be any shop at all.

SLEEP FOR LITTLE FOLKS.

[Calgary Albertan.]
School children need a great deal of sleep. That is when they grow and when their brains develop. Permitting a child to remain up late at night has been condemned as a custom that is bound to reflect on it disadvantageously.

Among commonly accepted rules of medical authorities is the fact that a child of 4 should have twelve hours sleep from 7 to 11, between eleven and twelve; from 8 to 11, from ten to eleven hours; and from 12 to 14, from nine to ten hours. They point out that tired children are slow to learn, fall to make proper school progress, and frequently filter to the bottom of the classes. Children who seek their beds late after being disturbed by dreams, and so do not get the complete rest to which they are entitled. And incidentally the doctors ally suggest to mothers that they might get a little more rest themselves if the children are safe asleep early in the evening.

Frequently the paleness of the child is really due to lack of enough sleep, and the remedy completely and certainly in the hands of its parents. The formula for bright children is summed up in this: Plenty of sleep, much fresh air, wholesome food, all tempered with a moderate amount of outdoor exercise.

There was a day when in winter, to say nothing of summer, windows in sleeping rooms were closed at night. That is the way it got to be. The only kind of air at night is "night air." And there you are. Physicians nowadays advise young and old to sleep with the windows wide open. The plan gives the lungs some involuntary outdoor exercise that is bound to aid in recreating the body tissues, used up during the day.

ANGELS IN DISGUISE.

[Ottawa Citizen.]
Things are looking up. A newspaperman has been appointed governor of British Columbia, and the president-elect of the United States is also conversant with the make-up of a daily sheet. The moral is to be kind and gentle with reporters, for some day they may be in a position to exercise executive clemency in your case.

WHAT DO YOU KNOW ABOUT CANADA?

ANSWERS TO YESTERDAY'S QUESTIONS.

1—Canada has 1,338 Baptist churches.
2—Chief Justice Sewell was head of the Lower Canada courts and was impeached by the assembly. He went to England to explain his action in 1814, and suggested as a remedy for the existing grievances in Canada a scheme for a federal union of the colonies in British North America.

3—Fort Bouille stood on the present site of Toronto. It was built in 1749.

4—The importation of slaves into Upper Canada was prohibited in 1793.

5—St. Hyacinthe is in Quebec, on the Yamaska River, and is the seat of the government experimental farm.

6—Lord Durham originated the idea of an intercolonial railway in Canada. It was not built until after Confederation.

7—The "Tories" was a nickname given to the Conservative party in Canada.

8—The Quebec conference on confederation met in the Parliament House at Quebec.

9—Fourteen per cent of Western Canada is arable land is occupied.

10—Nova Scotia harbors on the Bay of Fundy are Annapolis and Digby.

TODAY'S QUESTIONS.

1—Where is Moose Factory?

2—Who was Dr. Wilfred Nelson?

3—What city is situated on the Ottawa River?

4—Where did the first United Empire Loyalists settle in Quebec?

INVESTIGATE LUMBER INDUSTRY.
Washington, D. C., Jan. 10.—An extensive investigation into the activities of United States lumber manufacturers through their national and regional associations is being made by the department of justice, with the assistance of the federal trade commission. This is disclosed in a report sent today to Congress by the commission in connection with the inquiry being conducted by the Senate committee on housing and reconstruction. The report, the commission says, is designed to show the activities of the manufacturers, but it contains no conclusions, merely stating the plan on which the lumbermen are organized, and dealing with their activity in regard to legislation affecting their interests.

PAGE OF INTEREST TO WOMEN

IN SOCIETY

Miss Janet Wilson has returned home after spending the holidays in Toronto.

Mrs. Guy Toller of Ottawa will be the guest of her father, Mr. A. H. Beddome, Hayman Court, for a week or so.

Mrs. F. E. Blackford is leaving for her home in Toronto after spending the holiday with her parents, Mr. and Mrs. Hubert Ashplant.

Miss Chaloufour of Toronto University, who spoke before the Alliance Francaise on Saturday night, was the guest of Mr. and Mrs. C. R. Somerville while in the city.

Mrs. Sherwood Skinner, formerly Miss Pearl Edge of this city, has been a guest with Mr. and Mrs. Fred Harper, and will spend a few days with Mr. and Mrs. E. B. Smith, Tullyville, South London, before she leaves the city.

At the close of Saturday night's meeting of the Alliance Francaise at the Institute of Musical Art, Mr. and Mrs. A. D. Jordan entertained at a small supper party for the executives and Miss Kathleen Cronyn and Miss Mary Manley, who had taken part in the evening's program. The guest of honor was Miss Chaloufour of Toronto University.

A delightful little farewell party was given by the pupils of Oakhurst School on Friday morning last, when they bid goodbye to Miss Barbara Hensley of Montreal, who has been a much-loved little schoolmate during the last three or four months, while visiting her grandmother, Mrs. Jeffrey Hale. A presentation of a handsome book was made to her by Miss Lorraine Abbott, who voiced the regret of the whole school at her departure.

The big studio on the lower floor at the Institute of Musical Art was the scene of a delightful little party on Saturday afternoon, when Miss Margaret Jordan entertained a very large group of her young friends, in order that they might meet three of her girl schoolmates at King's Hill, Crompton, Quebec, Miss Dorothy Zimmerman and Miss Marjorie Phin of Hamilton and Miss Frances Barrett of Paris, who are visiting Miss Anne Macbeth at the home of Judge Talbot Macbeth. Spring flowers decked the table at which Mrs. Richard Cronyn officiated.

The home of Mrs. E. H. Young, Oxford street, was the scene of a very happy gathering yesterday afternoon, when the students of the Western University Faculty Club, from a lace-covered table, prettily centred with flowers, guests served themselves, the

hostess thus introducing them to something new in afternoon teas—a self-serve 5 o'clock.

The next meeting of the Faculty Club will take the form of an evening party, to be held at the home of Dr. and Mrs. Sherwood Fox, to which the professors and lecturers themselves are to be invited.

Mrs. Dorland and Mrs. Bullard, who have but lately become connected with the Western University.

On Friday evening last the students of the Normal School enjoyed the first of a series of monthly suppers to be managed by a group of the students.

Friday's event was in the hands of the "Leaves Group," under the able leadership of Miss Carrie Martin. The supper room, with its daintily-set tables, its green and white decorations—the colors of the group—was a charming sight. The waiters with their pretty green aprons, served a delicious supper, which had been prepared by the girls of the group.

Mr. and Mrs. Landon of the public library of London, who has first-hand knowledge of this subject, described, amongst other scenes, the opening of Parliament with a vividness which delighted his hearers.

WILLS—LITTLEJOHNS.
A pretty wedding took place in Hamilton, Ontario, on Saturday, January 9, when Laura M., daughter of Mr. and Mrs. E. Littlejohns, 141 Wharncliffe road west, became the bride of Mr. Percy Wills of London. The happy couple will reside in Hamilton on their return from their honeymoon.

MARTIN—CHALLONER.
A quiet wedding was solemnized at the home of Mrs. H. Chaloufour, 8 Hazel street, on Saturday, January 9, when Miss Margaret Martin, daughter of Mr. and Mrs. Alexander Martin, younger son of Mr. Martin, 141 Wharncliffe road west, became the bride of Mr. Percy Wills of London. The happy couple will reside in Hamilton on their return from their honeymoon.

HOME ECONOMICS
MRS. ELIZABETH KENT, MACDONALD COLLEGE.

A certain amount, therefore, of animal protein is surely desirable. We need to get about half of our protein supply from meat, eggs and milk, but to get it all from these sources is extravagant, when peas, beans, and wheat can give it us more cheaply.

Milk and eggs are needed in the diet for other reasons than their protein content, but we eat lean meat practically only just for its protein. Probably a daily portion of lean meat is a fair amount for the average person. The rest of his protein he should get from milk, eggs, wheat and the vegetables. As a people we eat too much meat, but meat-eating people seem to be on the whole, the most evenly developed, and our aims should be, not to give up meat, but to eat enough and not too much of it. (Copyright, 1920, The Metropolitan Newspaper Service.)

Club News

Next Saturday evening the first class of a training course for "teen age girls" leaders will be held at the Y. W. C. A., King street, under the co-operative council for "teen age girls" work. The whole course has been outlined to cover five consecutive Saturday evenings, and registration is being made with Miss Helen D'Aurion, the girls' work secretary, at the Y. W. C. A. At the first of these classes Mrs. W. R. McIntosh will give the talk, the subject being general problems in connection with the work among "teen age girls." At subsequent meetings the physical, intellectual and service development of the girls will be discussed. Discussion groups in connection with these classes will be led by Miss Louise Gahan and Miss Doris Liddell.

ALLIANCE FRANCAISE HEARS TALK ON THE TYPICAL FRENCH GIRL

Miss Manley and Miss Cronyn Win Honors in French Play.

An address in French by Miss Chaloufour of Toronto University was the principal feature of a most interesting meeting of the Alliance Francaise, held at the Institute of Musical Art on Saturday evening. She spoke on the development of the character of the French girl as it is shown in French literature through the different periods, beginning with the eighteenth century. Her address was easily followed, so clearly was it given.

Another very attractive feature of the program was the presentation of a short French play, "Miss Peacock," by Miss Mary Manley and Miss Kathleen Cronyn. The work here was so excellently done that the club hopes to have it repeated at a future meeting. The characters represented were an eccentric English woman traveling through France (which role was played by Miss Mary Manley) and her French maid (Miss Kathleen Cronyn), who found great difficulty in understanding the strange mixture of French and English of her mistress. Dr. Shanks of Western University occupied the chair in the absence of the president, Mr. Ibbotson Leonard.

The next meeting of the club will be held jointly with the Western University Extension Department on January 21, the speaker being Prof. Charles Upson Clark of Yale University, and his subject "In Troubadour Land," illustrated with lantern slides.

Advertiser Patterns

Owing to the pattern manufacturers raising the price of patterns to us, all patterns advertised from this date will be 15 CENTS EACH.

Western Ontario Women's Activities

EMBRO W. I.
The Women's Institute meeting, which was held recently at the home of Mrs. R. M. Ross, was attended by twenty-five members. The vice-president, Mrs. Wm. Davis, presided. At this meeting it was decided to hold a progressive euchre and dance in the town hall on Friday night, Jan. 21. A half hour or so was spent in the social hour, and a very nice lunch was served. The meeting is to be held at the home of Mrs. E. M. McIntosh in February.

CAMLACHIE PRAYER DAY.
A union prayer meeting at which the four church societies of Camlachie were present, namely, Guild, Methodist, Ladies' Aid, Aberarder and Knox Women's Missionary Societies, was held in Knox Church last Friday, the official day of prayer set aside for women of Canada. Papers were given by Mrs. (Rev.) Ball and Miss Lillian Joynt of Camlachie, and Miss Janet McKinnon of Aberarder, and prayers were led by Mrs. Allan, Mrs. Toose, Mrs. Cochrane, Mrs. Lowrie, Mrs. Douglas and Mrs. D. T. Wellington.

KINTORE W. I.
At the December meeting of the W. I. there was an exceptionally large turnout of members. The roll call was responded to by the naming of good potter dishes. A splendid paper on "What is Most Worth While, Making a Living or Living a Life," was read by Mrs. W. H. McGee, and piano solos were rendered by Mrs. F. Thompson. Miss Jessie McMillan. Communications were presented from the Institute for the Blind and from the House of Sick Children. The former asking the privilege of sending goods made by blind men and women to be sold at the Institute, and the latter asking help

water over him. The magic water did the trick. Nibbles' toes started to move and he was in another minute he was all thawed out.

"What fun we will have with him!" laughed March and April. Nibbles stood up and looked at him. "He's our pup now, and he's the only pup in Jack Frost's country."

"Poor Nibbles, he did not know whether to be happy or sad at such a place!"

THE MARRIAGE OF ANNE

BY MAY CHRISTIE
(Copyright, 1920, by the McClure Newspaper Syndicate.)

CIV.—A Look at the Trousseau.
Margery shrugged her shoulders, closing her eyes with weary gestures, as though the burden of life were too heavy.

"It's so hard to choose," she murmured. "Sometimes I decide that I can't take a particular man—and then so many new admirers come along—and it does seem horrid to the others, doesn't it?"

"To whom?" "I'm sure I don't understand you. This is the first time I've heard of your being in love with a man."

"You'd stayed in this hotel for any length of time, you would," came the languid answer. "I've had shoals of men."

"Shoals? Sounds as though you'd had some fishing!" quoth the pert, smiling, smiling her brilliant smile. "Haven't met any of 'em yet, have I?"

"An angry flush mounted the other girl's cheeks, though she did not trouble to open her eyes."

"It's possible you have."

"Not Mr. Courtney? And I took such possession of him all this evening? Oh, I'm awfully sorry, dear, I hadn't an idea he was one of your 'specials.' How naughty of me!"

"Please don't say that. I'm not saying a word about Mr. Courtney's attentions towards myself. Nor of Fred Delaney's."

"Fred Delaney's?" echoed Julie, feigning intense surprise. She gave me a comical look over the top of the recumbent lady on the couch. "Are you another of his victims? Oh, please don't say so. Everywhere I go I meet 'em. 'Shoals' of 'em, in fact. He's a real deceiver, if you like. Flirts with me, and then—"

"And then?" "And then I manage to keep him in his place remarkably well. I'm a tough nut, you know."

"I couldn't find one word to say. Fred Delaney was a topic of conversation I was afraid to broach. The less said the better, might be my motto."

"Please don't say that. I'm not saying a word about Mr. Courtney's attentions towards myself. Nor of Fred Delaney's."

Yes, there are both, also a Mary, Christie and Will. The father is still in bed, and the last news my husband heard was that they have been given until January 15 to pay their rent, or get out, then if they cannot pay. Some people have no heart, have they, dear readers? Thanking you all again for your help, I remain, FIDELITY FACT.

Another parcel was sent since you wrote this letter, and perhaps some of the things you asked for will be in it.

A Churning Hint.
Dear Miss Grey—I have been a reader of your Page for a long time, and have received a great many benefits from it. I saw in it one day that someone had the story, "Revelations of a Wife." I would like to get it, and would pay postage and lend other books if wanted. Here is a hint to those who have difficulty in churning in the cold weather: Keep the cream in a warm place and have it thick before churning and there will be no trouble with it frothing, etc.

Anchor, use lots of love and reward the child when she does make an effort to tell the truth; it will help. I want to adopt a small boy myself when I can find a nice one under three years.

I am enclosing under plaster for Sick Children's Hospital.

I wonder has anyone got any clothes to spare for a little girl 8 years old?

There is a child in this district badly in need. If so send to Miss Grey for my address. CRANBERRY.

Ans.—Thank you, Cranberry, for "plaster." I am sure some Dixie could supply a few clothes for the little girl.

A Request.
Dear Miss Grey—I have been a reader of your Page for a long time and, like many others, am coming for help. I am sending a mite for the hospital fund.

Can you or any of your readers supply me with two dolls, "Duncan Camp," "bell and Jennie Bell" and "Mollie Bond." SOUTH WIND.

Ans.—Your request for dolls is referred to readers. Thank you for hospital mite, South Wind.

There is a child in this district badly in need. If so send to Miss Grey for my address. CRANBERRY.

No Trouble to Keep Skin Free From Hairs

(The Modern Beauty.)
There is no need for any woman to countenance superfluous hairs, because with a paste made by mixing some powdered talcum with water it is easy to get rid of them. The paste is applied for 2 to 3 minutes, then rubbed off and the skin washed. This treatment will rid the skin of hair without leaving a blemish, but care should be taken to see that you get real delatone. Mix fresh as wanted.—Adv.

CRACK GARRISON BASKETBALL CREW IN NEW MILITARY LEAGUE

Circuit Gets Going Tomorrow Night With Two Games—Fast Talent Lined Up.

London will have a crack exhibition basketball crew in a picked garrison team from the new military league, which gets going tomorrow night at the armories with a double bill. Machine Gunners vs. First Hussars and Western University, O. T. C. vs. 1st W. O. R. put on the opening fireworks, and basketball should be bigger at the armories than it has ever been before in the city. At first glance, there seemed little material for a league, but registered with the circuit now are some of the best basketballers the city has ever produced, and the pick of the league should put a hump on the rest of the senior teams in O. T. C.

Lieut. Col. Eric Reid, O.C., of the 1st W. O. R. team, will pilot the regimental entry and will play himself. Major Mac Brook has a good outfit in the O. T. C., with plenty of stars to call on if the less experienced members of his unit, which he intends developing first, fall to keep the league balance. First Hussars, managed by Capt. Rupert Crouch, have some good basketballers in their unit, among whom is H. Gillies, one of the best forwards in the city. The Machine Gunners should present one of the strongest line-ups in the league, with Bill Duffield, Ernie Heard and Art Gillies as a nucleus. The whole team is likely to make the choicest of the garrison team a mighty hard proposition.

The Y. and S. and Signaller are the remaining teams of the league, and have some good material lined up for the second night's play, next week. Throughout the season the primary object of the league, that of developing new basketball players from the younger members of the units, will be overlooked. At every opportunity they will be given a chance to jump into the game, and in such company they will learn more in one season than they could in several otherwise.

The original intention of the league was to enter a team in the senior O. T. C. The Y. also has an entry, whether the field will be left to them and the garrison team, is a question that had not been definitely settled last night. Exhibition games with the best of both Canada and the States might prove a big attraction if this course is decided.

THE MCKAY CUP

The Eddie McKay Memorial Trophy, donated last year to the Public School Hockey League by Mr. William McKay, and won by Riverview School, will again be the goal of twenty or more public school teams this year. Riverview again are promised a busy season keeping possession of the silverware.

Off the Boards

At least one intermediate hockey fan is not discouraged by the weatherman's queer kinks. G. W. Scott of St. John's, who has been playing in the intermediates wanted some good practice there was a good pond out his way, with a real surface, not crowded.

Lee Walden has been called away on a business trip and will not be able to coach the Alerts when they strike ice. Walden has been tireless in his work for the team and has greatly missed. However, most of this year's players have experienced a lot of intermediate hockey and another coach will probably be appointed before Friday night's game.

In both N. H. L. games Saturday goals were disallowed for "inside home" work—that is players of the scoring side were in or out of the nets when goals were scored by players behind them. In Montreal, New York, the referee around because his side lost the illegal goal, but that didn't do him any good. At the arena where the Tiger captain, Goldie Rodgers, protested in a gentlemanly way against a goal taken from his team, but the decision was not altered either. There are too many "inside home" players in these teams, and not hockey even under pro rules, because a player cannot be skated on side.

Ottawa, Jan. 10.—A special dispatch from Montreal to the Journal reads: "President Calder, of the National Hockey League; George Kennedy, owner of the Canadiens, and T. P. Gorman, secretary of the league, were in a stormy session in a local hotel here on Saturday night, over the case of Sprague. The Ottawa secretary informed the president of Calder's refusal to go to Toronto and asked that the defence man be allowed to return to his club. George Kennedy, who was present, would not hear of it, and threatened to take his team out of the league. Both the Hamilton and Toronto clubs would back him to the limit and stated unless Ottawa would drop the case altogether they will find themselves out of the league altogether.

Montreal, Jan. 10.—Writing in the Herald, E. W. Ferguson says of the Ottawa case: "It is a hockey machine not a machine when one cog is missing, one cylinder is hitting out of its turn, and somebody has tossed a peck of sand into the gear-box."

POSTPONES DEPARTURE. New York, Jan. 11.—William A. Johnston of San Francisco, member of the United States Davis Cup tennis team, has been forced to postpone his departure for home from New Zealand because of the shipping strike and will remain with the team to compete in the exhibition matches in Melbourne, Australia. Word to this effect was contained in a cable message received from San Hardy, manager of the team, by the United States Lawn Tennis Association.

RUSHING DOUBLE TRACKING. GALT, Jan. 10.—With their franchise on Water street expiring on February 2, the Grand River Railway is rushing the work on their new double track entrance into the city and over two-thirds of the new line is now completed, with overhead wiring up and ready for operation.

Tonight's Bill in Sport

Ontario Association, Senior—Hamilton Tigers at Varsity. Intermediate—Queens at Belleville. Juniors at Newmarket. Fort Colborne at Niagara Falls. Goderich at Exeter. New Hamburg at Stratford. Warton at Markdale. Huntsville at Gravenhurst. Junior—Oshawa at Port Hope. Bowmanville at Whitby. Woodstock at Tillamook. St. Marys at Seaford. Stratford Midlets at Waterloo. Kenford at Alliston.

"Y" Decides To Enter Senior O. B. A. Team

Hamilton Only Other Entry in Series.

The meeting of basketballers at the Y. last night decided to enter a team in the O. B. A. senior division, after discussing the situation thoroughly. Hamilton is the only city entering a team this year, which will mean a double schedule will have to be played if Hamilton is successful.

The Y. will muster a good team this year, and senior O. B. A. appeals very strongly to many players who were not in any way inspired by the intermediate brand. Last night that, if possible, the armories would be secured for the games.

Crickets and Thistles Win

Second Game of Girls' League Fast.

Crickets of the L. C. I. and Thistles were winners last night in the Girls' City Basketball League at the East End Community Hall. Ponds ran up the Crickets' score, 11 to 3, against the Crescents. King Street Presbyterian won 23 to 10 count from the Thistles. The line-ups:

Crickets: M. Casselman, R. F. ... C. Belz, F. Westland, ... D. Gracey, H. Hardie, ... H. Ross, M. Hayden, ... G. ... F. Talbot, Thistles: R. Curran, ... F. Rhyn, L. Milne, ... R. F. ... H. Lindsay, W. Hazelgrove, ... M. Rynd, H. Thomas, ... E. G. ... C. W. Wilson.

MINORS START AFTER GAMBLERS

Appoint Board of Control For Post-Season Games.

CHICAGO, Jan. 10.—The National Association of Minor Leagues met today adopted several amendments to its constitution, including one designed to stamp out gambling and game-throwing, and another creating a board of control to supervise post-season inter-league games.

The meeting was a continuation of the one held some time ago in Kansas City, but the work of revising the constitution was not finished today, and will be the first business when the club owners and league presidents reconvene tomorrow for another session.

No action was taken concerning the proposal to join with the major leagues in signing a new national agreement, that matter being left until the minor league drafting committee meets with the majors' committee tomorrow.

The president of the association was given the responsibility of seeing that the minor leagues were kept free from the influence of gambling. An amendment to the constitution which would have directed the league to take any steps advisable to investigate gambling.

A "little world's series" between the minor leagues after the regular season has been proposed by the association as chairman.

The association also authorized its president to negotiate with heads of industrial and independent leagues with a view of entering signed agreements with them which would protect the organized clubs in the ownership of players.

MANAGER KAP SAYS ARENA NOT SO SENIORS

KITCHENER, Jan. 10.—Manager Kaplansky of the seniors, who is interested in the project, stated today that it is up to Kitchener to stand behind the arena proposition, or there will be no more senior hockey. He intimated the team is tired of playing hockey under disadvantages which culminated in a game on half cement and half ice at the rink here, last night.

BASEBALL'S GOVERNMENT AGREED UPON

Formal Action Will Come At Today's Meeting.

CHICAGO, Jan. 10.—Committees chosen by the two major baseball leagues to draw up a new national agreement today officially voted their approval of the agreement formulated by New York recently, which provided for reorganization of the game, with federal judge E. M. Landis as baseball commissioner. The action of the committee put at rest rumors that the American League was not satisfied with the agreement, and that, consequently, a new fight might break out between major organizations. The agreement will be formally acted upon by the two leagues tomorrow, but this action is looked upon by baseball men as a mere formality, the National League having already signed the agreement and President B. B. Johnson of the American League having officially announced that the agreement met with the approval of the club-owners in his circuit.

CANADIAN CURLERS DEFEATED.

London, Jan. 11.—(Canadian Associated Press)—In their first match with the curlers of Lanarkshire, the Canadian curlers were admittedly under the disadvantage of starting play so soon after a long journey. It was no surprise when the Canadians were defeated 98 to 57. After the first hour the Scots of Lanark held a 2-0 lead, which they steadily increased. The Canadian scores were: Payne 5, Johnson 15, Douglas 10, Waddell 7, Airth 5. Sample 12. Total 57.

CALIFORNIA HOUSE AGAINST JAP PAOT

SACRAMENTO, Cal., Jan. 10.—The Assembly of the California Legislature adopted today, by unanimous vote, a resolution opposing the proposed treaty made with Japan granting citizenship to Japanese or nullifying the provisions of the new anti-alien land law.

SARNIA POULTRY SHOW.

SARNIA, Jan. 10.—The seventh annual show under the auspices of the Sarnia Poultry and Pigeon Association which opens in the market building Tuesday and continues for three days, promises to be the best in the history of the association, if the number of entries is a criterion. Entries have been received from nearly all the cities and towns in Western Canada, and many of the exhibitors will have large displays.

WETZEL'S LATEST PITCHING FIND HUSKING CORN WHEN CORNERED DOWN ON FARM BY BUSY BUZZ

London M.-O. Pilot Landed in Town Yesterday—Will Stay For Several Weeks—Tigers Sought New Southpaw.

Buzz Wetzel arrived in town yesterday looking fit and with his arm just a bit sore from signing on players, but still out of bandages. The London manager seems to have enjoyed the first part of his winter's rest, even if the morning maul has been a bit heavy at times. He will stay in the city a couple of weeks before returning to Columbus, Ohio.

Just before leaving for the north he succeeded in landing Lerton Pinto, southpaw hurler, whose services were sought by several clubs. Wetzel went to Chillicothe, O., thinking Pinto resided there, but found that it required a jaunt of twelve miles into the country to his father's farm. He found the father and son husking corn in a field, and after a talk at the up. Pinto went south with the Columbus A. club last spring, and there was anxious to get him again this spring, but the London manager bent Tinker to him. Pinto is only 21, and is a 196-pound 6-footer. The Detroit club also had lined out for Pinto.

Has Another. In addition to Pinto, Wetzel has signed up another southpaw by the name of Ray Handley, of Detroit, and added two more young infielders in Chick Wise and Merrill Babb. Both these lads reside near the London training camp at Delaware, O. The athletic directorate at Wesleyan University will welcome the London Tecumseh back for spring training next April.

Wetzel already has made arrangements to stage exhibition games at Zanesville, O., on April 23 and 24, and has a tentative schedule fixed with clubs in the Central League. In the event that the Mint League season opens in Michigan next May he will probably arrange to stage a few exhibition games with the Columbus Park before the season opens.

In all, 36 players have been lined up for the team, and it is quite certain that the number will be cut down considerably before training commences, as several clubs have already asked for the services of players Wetzel will not have report at Delaware.

PUBLIC SCHOOL LEAGUE ORGANIZED AND READY FOR COMING OF ICE

Three Groups With Separate School Group Comprise the League—Hermitage Club As Board of Appeal.

At a meeting of representatives from the public and separate schools of the city held in the board room, public utilities building, it was decided to organize a public school hockey league to commence the playing of games as soon as ice is available, on the various open rinks of the city.

Mr. R. G. Fowler of Riverview school was elected president, and it was decided to have a secretary appointed in each of the three groups in order to better look after the interests of the league. Those appointed are as follows:

South Group—Play on Thames Park rink, Mr. Edwards, secretary, include Riverview, Empress, Simcoe, Victoria and Wexford.

East Group—Play on Victoria Park rink, Mr. Galpin, secretary, include Alexandria, Lord Roberts, Ryerson, St. George's, Belmont, St. Michael's.

West Group—Play on Queen's Park rink, Mr. Welch, secretary, include Chesley, Lorne, Boyle, Aberdeen, Recanman Jacobs said in Montreal, in order to play golf it was necessary to seek membership in a high-class club, on which point he had no complaint to make. But these courses were out of the reach of the masses of the people, and if Montreal possessed a municipal golf course, Alderman Jacobs claimed that with a fee of 25 cents per round it would yield a profit.

IN THE MATTER OF THE ESTATE

OF GEORGE CAMPBELL MONTEITH, late of the Township of Delaware, in the County of Middlesex, Farmer, deceased.

Notice is hereby given that all persons having claims against the above named deceased are required to send their claims to U. A. Buchner, 426 Talbot street, on or before the 1st day of February, A.D., 1921.

And further take notice that after the 1st day of February, 1921, the executors of the will of the said deceased will proceed to distribute the estate among the parties entitled thereto, having regard only to those claims which have been filed.

Dated at London, Ont., this 24th day of December, A.D., 1920.

U. A. BUCHNER, Solicitor for Executors. D. 25, J. A. 11.

NO RECOUNT TO BE HELD IN BIDDULPH

LUCAN, Jan. 10.—A rumor has been in circulation during the past week that there would be a recount of the ballots of the last Biddulph Township election for the reevehip, but an announcement today is that there will not be any. The council met today for the first time this year.

Dr. Housack, who was stricken suddenly last week with a stroke, is slightly improved.

There is no change in the condition of Mrs. John Stewardson who has been seriously ill during the past two months.

The High School Literary Society will give an oratorical contest in the Opera House some time next week. C. E. Zurbidge, local jeweler, is donating the prizes.

The annual Holy Trinity Church Sunday school concert will be held next Friday evening in the Opera House.

Farmers of this district report that their fall wheat is in excellent condition.

JAMES WELCH DIES.

GALT, Jan. 10.—James Welch of 49 McNaughton street, a well-known retired farmer, is dead, after an illness of five weeks. He was in his 80th year, and was born in North Dumfries, but had farmed in Waterloo Township, near Owen Sound, and in the West, coming back here twelve years ago. He was a devoted family man, and was survived by four sons and two daughters.

STOP THAT TICKLING FEAR RESULTS IN THE THROAT OF TARIFF BILL

By Using Dr. Wood's Norway Pine Syrup.

That tickling in the throat sensation is most distressing and causes a nasty, irritating, dry cough that not only keeps you in misery day long, but also prevents you enjoying a good night's rest.

Dr. Wood's Norway Pine Syrup, which is composed of the most soothing and healing expectorant herbs and barks combined with the lung-healing virtues of the world-famous Norway pine tree, will give almost instant relief in all cases of this nature.

Mr. E. A. Price, Port Carling, Ont., writes: "For about a month last fall, I had a bad cold and cough and a tickling in my throat. I coughed nearly all the time. I tried different remedies and cough syrups, but could get no relief. A friend advised me to use Dr. Wood's Norway Pine Syrup, and before I had used two bottles, my cough was all gone, and gone for good. I have not coughed since."

Dr. Wood's Norway Pine Syrup is put up in a yellow wrapper; three pine trees on the wrapper; price 35c and 70c per bottle. It is sold by all druggists and dealers. Manufactured only by The T. Milburn Company, Limited, Toronto, Ont.

NORTHCLIFFE BEHIND BOOM FOR BURNHAM, IS OTTAWA OPINION

Canadian Belief That Newspaper Magnate Is Source.

[Special to The Advertiser.] OTTAWA, Jan. 10.—That the boom of Lord Burnham for governor-general of Canada has emanated solely from the busy brain of Lord Northcliffe is the general opinion at Ottawa. From what can be ascertained, the suggestion has no official authorization, and is backed by no considerable body of public opinion in the Dominion. Nor it may be said, would the chances of Lord Burnham's securing the appointment be improved (providing he were considered) by the fact that Lord Northcliffe is endeavoring to influence the situation. Canada will undoubtedly be consulted in the matter.

The present governor-general, the Duke of Devonshire, came to Canada in November of 1916. His term does not expire until November, 1921, and he is sufficiently a lover of Canada to remain until his term is up. That he is affectionate is reciprocated as well known, for no governor-general has ever represented the crown with less affection than has his excellency. This he holds, was merely an intelligence is a man of democratic spirit, fond of Canadian institutions, diplomatic in his dealings and of a cordial manner. There are those who believe Canada might do worse than extend his term of office for a couple of years until normal times return and Canada's new status is more clearly defined.

Several names, however, are mentioned for his successor, among them being those of Lord Eyring, of Winnipeg, who commanded the Canadian troops for a time; the Earl of Athlone, formerly Prince Alexander of Teck, the Duke of Argyll, and others. The latter, it is believed, would be a popular appointment, and it is probably the turn of a Scotman for the position.

Will Visit Rathbone. The district deputy grand chancellor, Knights of Pythias, will visit Rathbone Lodge, No. 12, tomorrow evening and install the officers.

Miss Cecile Shearing, 17 Erie street, is another heir of the Big Baker estate. Miss Shearing's grandmother was Miss Moyer of Hamilton.

Mrs. John Butler, Wellington street, has been appointed secretary pro tem of the mothers' allowance board.

ST. THOMAS, Jan. 10.—A call came to the police tonight from Mrs. Daniel Graham, 12 Elizabeth street, to search the neighborhood for a young man found peeping in her windows. On the arrival of the constable no sign of the visitor or visitors were found. The men at the fire hall saw a couple of young men running from that direction to Centre and down Centre street, but they were lost in the dark.

PEEPERS SOUGHT IN VAIN BY POLICE

Pair of Young Men Made Getaway in the Darkness.

ST. THOMAS, Jan. 10.—A call came to the police tonight from Mrs. Daniel Graham, 12 Elizabeth street, to search the neighborhood for a young man found peeping in her windows. On the arrival of the constable no sign of the visitor or visitors were found. The men at the fire hall saw a couple of young men running from that direction to Centre and down Centre street, but they were lost in the dark.

Will Visit Rathbone. The district deputy grand chancellor, Knights of Pythias, will visit Rathbone Lodge, No. 12, tomorrow evening and install the officers.

Miss Cecile Shearing, 17 Erie street, is another heir of the Big Baker estate. Miss Shearing's grandmother was Miss Moyer of Hamilton.

Mrs. John Butler, Wellington street, has been appointed secretary pro tem of the mothers' allowance board.

OIL HEATER CAUSES BLAZE AT PAISLEY

PAISLEY, Jan. 10.—What might have been a serious fire happened here, when a coal-oil heater exploded in Dr. Morton's dental rooms, over P. B. More's drug store. There was no one in the office at the time. The doctor was at his supper. Mr. Shoemaker saw the blaze in his store across the street, and with his son Alan, made a hasty entrance, seized the blazing stove and threw it out of the window. The action Alan received painful burns on hands and face, but was the means of averting a big fire.

A four weeks' course in agriculture opened here last week with eight students. Campbell Lamont, B. Sc. agricultural representative for the district, is in charge, with his assistant David A. Andrews; and in conjunction there is a course in household science attended by 33 students, with Miss Edith Hopkins as instructor. Special lectures will be given by experts on agriculture throughout the term.

The death occurred at the family residence yesterday afternoon of Arthur Murcar, aged 15, youngest son of Mr. Wm. Murcar, after an illness of about ten days with inflammatory rheumatism, followed by pneumonia. The funeral takes place on Tuesday afternoon, conducted by Rev. H. D. McCuaig, interment will be made in Starkvale Cemetery.

Five new members were recently elected to the board of session of Knox Church, and were ordained as elders at yesterday morning's service by the pastor, Rev. E. D. McCuaig. They are Frank A. Gibson, William T. Hopper, John A. Sogel, Thomas McBeath, and Alexander Thornburn.

RED CLOVER YIELD FAIRLY SATISFACTORY

CLANDEBOYE, Jan. 10.—The threshing of red clover was well under way at 3 p.m. Jan. 10. The yield of seed of good quality was fairly satisfactory. The acreage was much smaller last year than usual, owing to the high price asked for seed.

The supply of eggs is increasing, owing largely to the mild weather, and prices are correspondingly lower, having dropped from 75c to 80c to 65c during the past week. The roads are in fine condition again for motorists, but farmers would rather see some snow protecting fall wheat fields.

The epidemic of grippe seems to be abating, and schools report a full attendance.

EARL FAULDS HELD FOR NON-SUPPORT

Was Allowed Out On Suspended Sentence On Former Charge.

ST. THOMAS, Jan. 10.—Charged with non-support of his wife and family, Earl Faulds, St. Thomas, lately of Bayham, was locked up again today, and will have a hearing on Wednesday. Faulds was convicted on a similar charge in March last, and was allowed to go on suspended sentence.

Judge Ermatinger reserved his decision at the close of the hearing today of the action of Walter Williamson, who sued to recover \$500 alleged to be due for the delivery of ice at Johnson's butcher shop, Port Stanley, during 1919. The defendant, Johnson, put in a counter claim for an amount said to be owing him for drawing ice from Harding's pond to Williamson's ice house during the season of 1919 and 1920.

Will Arrest O. T. A. Peppers. Chief Armstrong has given the description of the young men who are alleged to be peeping through windows in the city in order to find evidence in a conviction under the Ontario temperance act. The more aggressive and brazen of the two is said to be tall and lanky, while his companion keeps in the background as a support against a surprise.

The chief has ordered the arrest of the pair for trespass if found on private property.

DUART FARMERS' CLUB HAD PROSPEROUS YEAR

Turnover Was Almost \$93,000—New Officers Elected.

DUART, Jan. 10.—The annual meeting of the Duart Farmers' Club shows the club to be in a splendid condition. The roll shows a membership of 130, and the turnover in business for 1920 upward of \$93,000. The club aims to make 1921 a still more prosperous year, as they will have their own elevator and will handle their own grain, feed, seeds, etc., in the near future. The officers elected for the year are: president, Angus Thomson; vice-president, J. B. McKillop; secretary-treasurer, A. E. Sinclair; board, F. W. Dushaw, J. B. Peets, E. Guyitt and C. M. McDougall. The club is unloading another carload of chestnut coal at Muirkirk, which is expected to last for this season, the price is \$20.00 per ton.

The "old times" are preparing for an old-time dance, which is to be held in the hall on Friday night. The old music and the old dances which were in vogue 30 years ago, constitute the program.

The Duart Dramatic Club is being organized and shaped up for the coming season. A good play will shortly be staged. The old club gave plays, not only in Duart, but in all the neighboring villages and towns, and as amateurs were unexcelled.

Duart has received as their share of captured German trophies two machine guns. The guns are at the Muirkirk station, and will soon be on exhibition in the village. They are in excellent condition, and when mounted will make a good display. A committee has been appointed to receive them and see that they are properly housed and taken care of. Rev. L. Ernest Gosling secured the trophies for the village.

Paving Company Sues For \$7,043

Claims That the City Is Responsible For Postponement of Improvements.

ST. THOMAS, Jan. 10.—The Standard Paving Company of Ottawa, through Cameron, Grant & Cameron, solicitors, has put in a claim against the city for \$7,043, alleged to be yet due for the paving of St. Catherine street. The company av
