## Maple City Greets Our Minister of Education

### HON. DR. PYNE VISITS SCHOOLS

Various Institutions Greet Minister of Education With Ceremonies

Exquisite Function at "The Pines"—Minister Speaks Briefly at Each School

The visit of Ontario's Minister of Education, Hon. Dr. Pyne, to the Maple City educational institutions yesterday afternoon was a memorable and delightful one. The weather was ideal and the attendance at every school testified to the great interest taken in the event.

The visiting party, who travelled

in automobiles, was composed of the Minister, the members of the Public School Board, Chairman J. E. Stephens, of the Separate School Board, Chairman Richards, of the C. C. I. Board, S. Stephenson, Dr. J. L. Bray,

time was spent in the kindergarten room, where under the direction of Miss Lily Green the little folks sang charmingly and went through some of their pretty games. Then the whole school assembled in the hall and sang their morning hymn of greeting, after which the Minister addressed them.

"You have a wonderful school," he declared, "and I congratulate your Principal and the capable young ladies who assist him. I can only say now that I am delighted to be present and thank you most sincerely for your very cordial welcome."

#### SEPARATE SCHOOL.

From the Central school the party travelled to the Separate school, where the Minister was welcomed by Rev. Father James and Sister M. Gertrude, the lady Principal. Here he visited each room and in every one was greeted by an individual and exceedingly happy greeting by the pupils. Hon. Dr. Pyne, P. H. Bowyer, M. P. P., and H. S. Clements, M. P., were seated with Father James in the centre of a horse-shoe of the pupils, where, after a splendid chorus, Master Joe Downey read the Minister an address of welcome.

In response Hon. Dr. Pyne thanked teachers and scholars for the delightful welcome and said he would treasure very happy recollections of his visit to St. Joseph's school.

#### AT THE C. C. I.

The Collegiate Institute was the next institution visited. With Principal Twohey and Chairman W. G. Richards Hon. Dr. Pyne visited each room, where he was received by the pupils standing. As in the other schools the Minister was introduced to all the staff and chatted with them most interestedly concerning their work.

At McKeough school Hon. Dr. Pyne was received by the Principal, Miss Esther Abram, and escorted to the assembly hall, where the pupils were gathered en masse and sang magnificently "Rule Britannia."

Master Jack Edmondson then read an appropriate address of welcome to the Minister, while Miss Gladys Slagge presented him with a charming memento made by the scholars.

In reply Hon. Dr. Pyne expressed his great pleasure at visiting the school and greeting such a sea of happy young faces. He urged them to follow the example of their good teachers and have high ideals.

A chorus of boys sang the Holy City in splendid style, Master Stuart McKeough taking the solo part.

### THE GREAT CENTRAL SCHOOL FAIR WAS MOST AUSPICIOUSLY OPENED

Minister of Education Presses Mystic Button and Delivers Magnificent Address—Planet Junior Awards Duly Made—Other School Medalists—Something About the Great Educational Exhibit

The spacious upper hall of the Central School presented an animated appearance on the occasion of the opening of the School Fair by the Hon. Dr. Pyne, Minister of Education of the Province of Ontario. Long before the formal opening of the proceedings, a steady stream of visitors passed to and fro through the various class rooms inspecting the neatly arranged exhibits, illustrative of every department of school work.

Shortly after eight o'clock, Chairman Morley conducted the Minister to the platform and the program began. Among those on the platform during the evening were, Ex-Mayor McKeough, Inspectors Park and Colles, Dr. J. L. Bray, S. Stephenson, P. H. Bowyer, M. P. P., and A. B. McCoig, M. P. P.

Chairman Morley, on behalf of the Board and the staff, extended a very hearty welcome to the parents and citizens generally. In a short and appropriate address, he spoke of the incentive which such gatherings were to the teachers, and to the pride he felt in Chatham and Chatham's schools. In closing, Mr. Morley introduced to the audience the guest of the evening, the Hon. Dr. Pyne, who in a very happy speech declared the Fair open.

The Minister, in his opening remarks, paid a tribute to the hospitality of Chatham, as shown in the hearty reception accorded him, not only in his official capacity on the present occasion, but also formerly in his private capacity when, as a guest of his friend, Dr. J. L. Bray, he had visited the city. On that occasion, said Dr. Pyne, the worthy doctor had saved his life, by recommending that he should leave lest the effects of extended hospitality should become too marked. The Minister grew reminiscent, too, in speaking of his visit as one of a visiting team in a series of cricket matches arranged by the local club.

following. As he raced along a field a rabbit jumped in his way. "Get out of my way," said he; "let some one run that can!"

The Minister declared he would now make way for the rest of the speakers of the evening. In closing, Dr. Pyne again thanked the people for their cordial reception, and, touching the imaginary button, declared the Fair open.

At the conclusion of his speech the following address was presented to Dr. and Mrs. Pyne, by Miss Laura Allen and Blake McCoig, while a beautiful bouquet was presented by little Miss Jessie Green, both being suitably acknowledged:—

To Hon. R. A. Pyne, M. D., LL. D., Minister of Education:

Honorable and Dear Sir: The thousand pupils and the teachers of the Central School extend, to you and to Mrs. Pyne, a most hearty welcome to their school and its Fair, and wish to express to you their gratitude for your kindness in leaving your many duties to spend an evening for their special pleasure.

From your observations in the different exhibits, we hope you may discern an attempt to accomplish the scope of work prescribed in the new course of study. We also hope that our efforts will meet with some measure of your approval.

The Public School Board have provided for us a comfortable and beautiful school house. Some additions and improvements are now under way which will make it among the largest and finest in our fair Province. We regret that these improvements are not quite completed, so that your presence might mark their opening to the public as was expected.

We trust that this visit will prove pleasant for Mrs. Pyne and yourself, and we assure you that it will be cherished by us as a happy memory. Signed on behalf of the school.

J. W. FLEWES, Principal.

I. M. HILLMAN, Vice-Principal.

LILY GREEN, Kindergarten Director.

E. TACKABERRY, Staff Secretary.

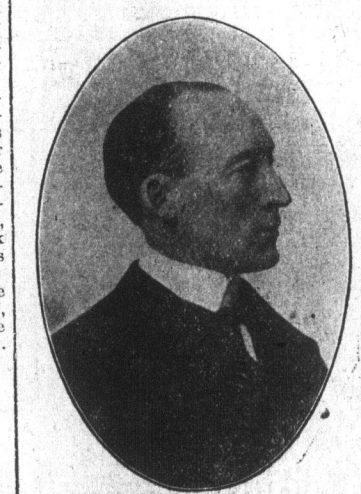

The male quartette, composed of Messrs. Angus, Smith, Smith and Wilson, gave a delightful rendering of Tennyson's "Sweet and Low," which was enthusiastically received. The quartette then favored the audience with a comic selection, "Make a Press Over Me," which was much enjoyed.

### BANQUET TO THE MINISTER

Splendid Toast List and Menu Provided—Some Spirited Addresses Delivered

The banquet tendered by the Chatham Medical Society to Hon. Dr. Pyne at Hotel Santa last evening was a most fitting close to a very busy day for the Hon. Minister of Education. It was a grand climax to the large number of enthusiastic receptions tendered him in the Maple City and will no doubt live in the memory of the honorable gentleman.

### MINISTER'S HOLIDAY

The Minister of Education, Hon. Dr. Pyne, with the kind consent of Chairman Richards, of the C. C. I. Board, Chairman Morley, of the Public School Board, and Chairman Stephens, of the Separate School Board, has declared Friday next a holiday for all city schools, to commemorate his very pleasant visit with them.

Mr. Morley happily suggests that the Minister's holiday be known as "Pyne Day".

The Minister selected Friday by reason of the fact that county pupils who go home for Thanksgiving will be enabled to take the holiday at greater convenience.

Fred. Stone, Dr. Thornton, Principal W. J. Twohey, Matthew Wilson, K. C., Dr. Charteris and others.

#### CENTRAL SCHOOL.

A start was made after luncheon at two o'clock, the Central school being first visited. Here a short

#### AT THE PINES.

At the Ursuline Academy a most elegant and elaborate ovation awaited the Minister and party. After a short reception held in the parlors the guests were escorted to the music room, where the following excellent program was rendered by the pupils of the Academy:

1st piano, Miss G. Carnovsky

2nd piano, Miss E. Hall.

Salutatory, Miss Edith Peck.

Vocal solo, Miss Gavin.

Value de concert, Winiaski

Miss Anna L. Carson, A. T. C. M.

October Leaves, Minims.

Value, "Sanela"

Violins, Misses A. Crotty, L. Ma-

ther and E. Watts.

Harp, Miss K. Collins.

Piano, Miss K. Joll.

After the Solutatory, which was

gotten up most elaborately and ex-

cellently read by Miss Peck, both

Hon. Dr. Pyne and Mrs. Pyne were

presented with gifts from the pupils.

The presentation to the Minister was

made by two little girls, Matilda

THE CENTRAL SCHOOL AND ITS THOUSAND

The names of Wells, Bell, Bray, Atkinson and Horstead, occurred to his mind as among those who sent him fielding in the vicinity of the Detroit River.

In talking of his visit to the schools during the day, the Minister referred to his experiences on the Public and High School Boards of the City of Toronto. By comparison, said he, the schools of Chatham suffered none with the schools of that city. He was pleased to note everywhere beautiful buildings and decoration. The same difficulties that the High School Board in Toronto were experiencing, confronted the local Board—lack of sufficient accommodation to meet the requirements of the masses who were clamoring for higher education. He was pleased to note, too, by the reports that the schools of Kent stood in the front rank among the schools of the Province.

In speaking of the policy of the Government, the Minister referred to the legislation of last session in connection with the Provincial University, and promised that the same and even fuller attention would be devoted to the other branches of the service. Soon after my accession to office, said he, I received within two weeks about five thousand letters advising me what should be done to improve the existing system, ample proof that, although our system is a good one there are chances for betterment.

Your schools in Chatham, he said,

are about as perfect as they can be made under present conditions. The future of the schools of the Province depend, not so much on text books as in the vital forces—the forces of mind and heart—exerted by

LAURENCE THORNTON

the teacher. Any improvement that could be made, looking towards the more perfect freedom of the teacher and the abolition of endless minutiae in regulations would be welcomed by the Province. The Minister was not disposed to be destructive in his criticism, but in his own way touched out will tend to make the wheels of our educational machinery run more smoothly and more effectively.

An important reference was made by Dr. Pyne to the proposal of the department to endow a Chair of Forestry in the University of Toronto, along the lines followed in Germany and other continental countries, with a view to the conservation of our vast forest resources. The Minister spoke of the splendid outlook in New Ontario, of its boundless possibilities—a heritage unequalled on this earth.

Speaking more particularly to the pupils of the schools, the Hon. Doctor very fittingly referred to the centenary of Lord Nelson, and drew from his well-known maxim advice to guide the youth of the present day. Remembering that maxim, said he, you will some day look back, too, upon a bright and glorious past.

The Doctor closed, as he began, in a humorous vein, relating the story of the colored man in the melon patch. Just as the colored man had lifted a particularly choice melon a crack of the gun was heard. The negro fled, with his pursuer closely

### PLANET JUNIOR AWARDS

The awards in the THE PLANET'S Junior Essay Competition, which formed so prominent a part of the Minister of Education's visit were duly made last evening by Hon. Dr. Pyne, P. H. Bowyer, M. P. P., and Ex-Mayor W. E. McKeough, who kindly presided for this function.

A special souvenir illustrated number of THE PLANET JUNIOR is being issued containing the addresses of these gentlemen and the prize essays. A full account of the presentation of THE PLANET'S awards is rendered for this issue.

The presentation of the Central School medals was then made by Messrs. A. B. McCoig, M. P. P., and P. H. Bowyer, M. P. P.

The A. H. VonGuten medal, for highest standing at H. S. Entrance Exam., to Laurence Thornton; the Dr. Cornell medal, for highest standing in Seventh Grade, to Percy Scott, and the Mrs. W. A. Hadley medal, for highest standing in Sixth Grade, to Kate Millward, were presented by A. B. McCoig.

He was more than pleased to have the honor of presenting these medals and thereby taking part in the big Central School Fair. He was very much pleased with the Minister's address. He felt there would be more in it than mere words and that the Public School of Chatham would be much benefited by his legislation. He was sure Hon. Dr. Pyne would keep the schools going forward. He congratulated Mr. Flewes and his able staff of assistants on their excellent fair. He would like to see it made a county affair to allow the pupils from the rural districts to participate in it.

He remembered attending the old Central School under W. H. G. Colles, when such men as Arthur Stringer and Mr. Shadd were in attendance. These men had now made their mark in the world, as have other old pupils. The rural district of Kent has also contributed their great men, among whom is Ed. Oliver, now

## "THE LITTLE DUCHESS."

The comedy situations in "The Little Duchess," which comes to the Grand on Saturday night with Elsie Janis in the stellar part, leaves nothing to be desired. To begin with, Harry B. Smith, author of "Robin Hood," "The Fortune Teller," and other musical successes, has conceived a plot that is inherently funny, and even in less capable hands, would not fail to arouse the most slumberous risibilities. Added to this is character-drawing of the wittiest description, ludicrous complications and brilliant dialogue. If, as the rhetoricians say, comedy and laughter are the results of surprise, "The Little Duchess" may be taken as a perfect example of humorous writing. Situation follows situation in rapid succession. At no moment does the fun lag. Miss Janis is herself a comedienne of wonderful attainments, and has as a foil, three or four Merry Andrews whose names are writ high in the scroll of stage comedy.

Seats go on sale to-day.

## "HER FIRST FALSE STEP."

Many new and novel features have been introduced in the melo-drama, "Her First False Step," which will be seen at the Grand on Monday, Oct. 30th. The play is one that appeals to the masses and is well worth seeing. Joseph Le Brandt, the author, who has contributed so many successful plays to the stage during the past few years, has spared no effort to make this the greatest of all of his plays. In gathering together the many characters of the play, Mr. Le Brandt has introduced many amusing scenes, and not allowed the time to be neglected. The rural quartette, a novel creation of his own, affords not only much amusement, but renders many selections worthy to please all lovers of good music, receiving many compliments from the press and public wherever "Her First False Step" has been presented.

## THAMESVILLE

Oct. 24.—Mrs. Geo. Beamer, who has been visiting her sister, Mrs. Buller, in town, returned to her home in Detroit on Saturday. She was accompanied by Etta Buller, who will remain until Thanksgiving. She will then come to her sister's, Mrs. Rheingarten's, in Chatham, where her mother and Charles will meet her and have Thanksgiving dinner.

Mrs. Henry Buchanan, of Zone, is visiting friends in town.  
Mrs. D. McFarlane leaves in the morning for Toronto, where she will spend Thanksgiving with her daughter, Mrs. Will De Pencier. She will also visit her daughter, Mrs. McCrimmon, of Whitby.

The Oddfellows Lodge had a rehearsal last night, preparing for their contest at Alvinston, Thanksgiving night.

Alexander Cameron, who has had charge of the Presbyterian church at Florence, leaves to-day for Kingston, where he will take his final year in theology at Queen's University.

Messrs. Shepherd and Menhennick, from Bothwell, were Thamesville visitors yesterday.  
Miss Margaret McPherson spent yesterday at her home here.  
Both Dr. and Mrs. Cook, from Ridgeway, rendered fine solos at the anniversary services in the Methodist church on Sunday last.

Yesterday the commercial travellers seemed to take the town by storm. A large number met here and all seemed unusually busy.

## Vegetarian Peers.

Vegetarianism is becoming very popular in society circles. Lady Windsor and Lady Gwendolen Herbert are both rigid vegetarians, but they do not condemn their guests to the same diet, meat and game figuring largely in the menu at their dinner parties.

Lord and Lady de Meyer eat nothing but nuts and vegetables at their dinner parties, and Lady Essex imputes the recovery of her health to her strict vegetarian diet. Lord Charles Beresford and Lord Bicken are also converts to vegetarianism. In many of the great houses, too, fruit luncheons have been a popular feature during the past season, home produce being extensively supplemented by colonial and foreign fruits.

Thought He Would Have to Stop Work But the Great Canadian Kidney Remedy Made Him Strong and active.

Antigonish, N. S., Oct. 23.—(Special).—Mr. H. M. Spears, a well-known farmer living near here, is shouting the praises of Dodd's Kidney Pills. "When I came to Nova Scotia about six years ago," says Mr. Spears, "I was so troubled with Backache I began to think I could not attend to business. However, I got a box of Dodd's Kidney Pills and was able to attend to work."

"I had not taken enough to root the Kidney Disease out entirely, however, and the following winter I was troubled with pains in my back and limbs. Then I got more of Dodd's Kidney Pills and after using three boxes all my pains and lameness left me."

"I can't say too much in favor of Dodd's Kidney Pills. They put me in a way to attend to business after two doctors had failed. I was a cheesemaker for years, but now I am a farmer with a good strong back."

Lame back is the first symptom of Kidney Cure. Cure it with Dodd's Kidney Pills and you will never have Bright's Disease.

### Good Casters

ON  
**Ives' Brass Beds**

The caster on a metal or brass bed is important. An imperfect caster is liable to injure carpets or rugs while on polished floors it always leaves marks. Ives' Brass Beds have a double wheel ball bearing caster. The double wheel divides the weight and its wide face does not mark the floor, while it turns so easily to the motion of the bed that it never injures carpets.

It is attention to important small things that makes Ives' beds the finest in America.

Ask to see an Ives Brass Bed and examine it closely.

**THE H. R. IVES CO., LIMITED, MONTREAL.**

**A Bird in the Hand.**  
It is impossible to trace the earliest use of the proverb "A bird in the hand is worth two in the bush," which in various forms of expression is common to many countries.

In middle English we find phrases which have the same purport. Thus in Hille's "Commonplace Book" (1530) we find, "A byrde yn honde ys better than three in the wode," and in Rhod's "Babes' Book," also of early date, "A byrd in hand \* \* \* is worth ten flye at large."

No doubt our modern version springs from these old saws, and it is possible that they may have originated in the quaint remembrance of one Will Somers, a jester in the court of Henry VIII., to whom Lord Surrey, in gratitude for many a good turn, had given a kingfisher from his aviary. When Surrey sought to recover it, promising to replace it another day, the jester is said to have declined, saying, "I prefer one bird in the hand to two in the bush."

**The Seven Sleepers of Ephesus.**  
The seven sleepers of Ephesus were Constantine, Dionysius, John, Maximilian, Malchus, Marcellian and Serapion, seven young men, converts to Christianity, who during the persecution of Christians under the Emperor Decius, A. D. 250, refused to bow before an idol set up by the emperor at Ephesus. The story goes that they fled to a cave in Mount Cellon and that Decius, in his rage, ordered all caves in that mountain to be sealed up. Nothing was heard of them for 230 years, when they were discovered by some workmen who were digging foundations. Awakening from their long sleep, they offered coins of such antiquity that the attention of the authorities was attracted. They did not long survive and their bodies were taken for burial in a large stone coffin to St. Victor's church, Marseilles.

### A GREAT FAVORITE

The new style double-breasted sack is proving a great favorite with correct dressers. It has extra length, plenty of breadth, wide collar and lapels, and a nine-inch vent in the back, vest cut trifle lower, trousers loose over hips.

It makes up an aristocratic suit in a fancy mixture, or a big plaid, as well as in a plain black or other solid color.

Our ready-made pants are all sewn with strong linen thread from \$1.75 a pair up.

### ARCHAEOLOGICAL FIND

STONE WAR GOD IDOL DISCOVERED IN COLORADO CANYON.

It is supposed to have been left by an Unknown Race, Apparently Neither Indian, Aztec Nor Cliff Dweller, and Consequently It Attracts Great Interest—For Smithsonian Institution.

An idol of stone—a war god of some hitherto unknown race, apparently neither Indian, Aztec nor Cliff Dweller has been sent on its way from Salt Lake City within the past month, to the Smithsonian Institution at Washington. In its discovery W. L. Bachtell, who has been sending archaeological specimens to Dr. George F. Merrill of the U. S. museum, has got trace of a lost people.

He took the relic from a cavern high on a cliffside where the Buckskin Mountains lift their summits nearly 10,000 feet above the desert. The desert at the Colorado Canyon's northern rim. He brought it to Salt Lake

**WAR GOD FOUND IN COLORADO.**  
City, and thence it went on to Washington. There archaeologists can find rich opportunity for study in its details.

Features of Caucasian cast, about its throat carved chain links, and on its breast an amulet symbolical of the rising sun, the image shows handiwork of some old light worshipers. But men who have studied the potteries and the painted rocks of the Cliff Dwellers say some other race than they bowed before it when the first shining rays found their way over the mountain tops into the cave's rift. The story of its discovery sounds curiously like some of the weird chapters in Rider Haggard's stories of "The Mountains of the Moon."

Bachtell himself is no ordinary man, even among the prospectors of the Arizona strip. A Maryland boy, he found his way to the West. And among the spurs of the Rocky Mountains, where they stretch away out from the main range into the silent reaches of the thirsty desert, he has for many years spent a strange, solitary existence, wandering through dry gorges and climbing precipitous in search of remnants of prehistoric peoples.

Bachtell spent three months in these mountains. He found some arrow heads and many mineral specimens. He was more anxious for these latter at the time than for anything else, and he overlooked no opportunity to talk with prospectors.

To find minerals where life itself is a fight requires a peculiar ability which few even among the prospectors of Utah and Arizona possess. And so these men, when they told anything of interest, he listened. From one of them Bachtell learned of the stone god.

The man had found it while looking for copper. And the story of his discovery sounds uncanny. He was following up some copper float—that is to say, he had run on a bit of mineralized rock which he knew must have been detached from a ledge. He went back in the direction in which he knew the ledge must lie. It might be miles or rods away. As he went he ran across other float, and some of this showed richly. He crossed a steep ridge, descended a deep gorge, toiled upward toward the crest of the range, where its backbone lies sharp and jagged at an altitude of between 9,000 and 10,000 feet.

And so he had reached the little break where he had made up his mind the outcropping must show. He settled himself on a shelf of rock and picked into the rotten formation with his hammer. A small rift suddenly yawned into an open cave mouth, as the fragments fell away before him.

He widened the aperture. Before him opened a cavern. Eventually he crawled into the place. He lit a candle and saw a great chamber in the living rock. And in the room he knew signs of life that had been when the mountains were young.

All these things were of stone. Cooking utensils, bowls and pestles where they had pounded their grain, and odd-shaped basins, littered the floor. In the middle, right opposite the cave door, was the image of the war god.

This "mark of quality" has been the standard of excellence in rubber footwear for over half a century.

THE best range thermometer ever invented will not produce satisfactory baking from a poor oven. A fluctuating oven heat means guess-work baking.

The Imperial Oxford oven has a steady, even heat. You don't require to touch the fire or move a damper. Baking with an Imperial Oxford is an exact science. Just place the article in the oven and time it—the oven does the rest. It is the Diffusive Flue of the

## WOMEN'S NEGLECT SUFFERING THE SURE PENALTY

Health Thus Lost is Restored by Lydia E. Pinkham's Vegetable Compound.

How many women do you know who are perfectly well and strong? We hear every day the same story over and over again. "I do not feel well; I am so tired all the time!"

Miss Clara Beaubien

More than likely you speak the same words yourself, and do not doubt you feel far from well. The cause may be easily traced to some derangement of the female organs, which manifests itself in depression of spirits, reluctance to go anywhere or do anything, backache, bearing-down pains, flatulency, nervousness, sleeplessness, leucorrhoea.

These symptoms are but warnings that there is danger ahead, and unless needed a life of suffering or a serious operation is the inevitable result.

The never-failing remedy for all these symptoms is Lydia E. Pinkham's Vegetable Compound.

Miss Clara Beaubien, of Beauport, Quebec, writes:

"For several years I have suffered with a female weakness which proved a serious drain on my vitality, sapping my strength and causing severe headaches, bearing-down pains and a general worn-out feeling, until I really had no desire to live. I tried many medicines, but did not get permanent relief until I took Lydia E. Pinkham's Vegetable Compound. In two months I was much better and stronger, and in four months I was well; no more disagreeable discharge, no more pain. So I have every reason to praise the Vegetable Compound, and I consider it without equal for the ills of women."

If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write to Mrs. Pinkham, Lynn, Mass., for special advice—it is free and always helpful.

**A Bird That Likes Pretty Things.**

The primal parent bower bird was born with a vain streak. This remarkable bird decks its home nest with all sorts of ornaments, feathers, bits of wood, etc., and when it is in captivity any objects which its keeper may throw in the cage are utilized for ornaments—pieces of cloth, glass and other rubbish.

**SOME SEASONABLE ADVICE.**

It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by all druggists.

**Fourpence a Grab.**

London possesses a curiosity in the Southwark creek market, which is said to have been held regularly for over 300 years. It is little known except in the neighborhood where it is held—viz., near Blackfriars bridge. Originally the eels sold were caught off Blackfriars bridge, but now they come mostly from Holland and Scotland. They are not sold by weight, as is usual, but by the handful, the price being "fourpence the grab."

**COULD NOT BE BETTER.**

The uniform success of Chamberlain's Colic, Cholera and Diarrhoea Remedy has won for it a wide reputation and many people throughout the country will agree with Mr. Chas. W. Mattison, of Milford, Va., who says: "It works like magic, and is the best preparation I know of. I couldn't be any better." He had a serious attack of dysentery and was advised to try a bottle of this remedy, which he did, with the result that immediate relief was obtained. For sale by all druggists.

**Friendship of Books.**

The first time I read an excellent book it is to me just as if I had gained a new friend; when I read over a book I have perused before it resembles the meeting with an old one.

In Greenland the candlestick is used as a lamp. It is about six inches long and burns for fifteen minutes.

## PUDDYS PAI E LIOTT \$800.

Curstome Broker Offered Assistance If There Was Money Enough At the End of It.

Toronto, Oct. 24.—In the civic bribery investigation—yesterday morning Mr. George Puddy, who had recovered from the attack of illness which prevented him attending on Saturday admitted having paid George B. Elliott \$440, which, with the amount his brother Henry had paid, made a total of \$808 that Elliott received for his services. Elliott, he said, was engaged as an expert lobbyist, because he and his brothers had not time to give to the matter, and the Northwest Ratepayers' Association were detouring a lot of time, and he believed spending money in a lobby to defeat them. He expressed the opinion that Elliott was worth the money paid him, and admitted that he did not inquire what disposition Elliott had made of the money.

In a searching examination by the Judge Mr. Puddy stuck to his contention that he paid Elliott out of his own pocket, and that it was not with money belonging to the firm the payments were made.

Mr. Alan McNab, solicitor of the Puddy Bros., told of an offer made by one Hoke, Puke or Croke, a curstome broker, to assist the Puddys in their fight if there was money enough at the end of it. The offer was rejected and the person who made it ordered out of the office.

**Hogue on the Stand.**

In the afternoon Hugh Hogue, the man whose missive to the Northwest Ratepayers' Association was responsible for the upspringing of the charges, is a man of medium height with a round smooth shaven face, whose expression was one of mingled shrewdness and a good nature that his spectacles and white hair made almost to appear to border on benignity. It was the face of the typical Yankee business manipulator, and so was the manner of speech Hogue seemed quite at home and told his long story, interrupted only now and again by a question from Mr. Drayton, with an easy glibness. He was not playing the role of the witness, but that of the easy raconteur. What was his story was that which in plith and substance appeared in the affidavit sworn by Hogue, but a wealth of detail was added in the recital.

This morning his cross-examination will begin.

**What Hogue Swore To.**

That Elliott said:

If the Puddy matter went through he (Elliott) would get \$1,200.

Ramsden got \$40, but could be got when in council for \$40 or \$50.

Ald. Lynd wanted \$300, but only got \$100, being told he "had a man to take his place for \$100."

Some of the alderman "wobbled at the terms and were afraid to vote."

## COLLIDED IN OPEN WATER.

Ocean Liners Badly Damaged Thirty Miles From Quebec.

Quebec, Oct. 24.—The ocean steamers Euphemia of the Hamburg Packet Co., with a general cargo from Montreal, collided with the Norwegian ship, the Dominion Coal Co., bound up the river at 1 o'clock yesterday morning, and both ships are considerably damaged.

The accident occurred off St. Antoine where the two vessels were passing each other. The Euphemia was in the lead, and the Dominion Coal Co. was in the lead, and both vessels were showing their green lights when they saw and signalled each other, and immediately the Euphemia had her helm put hard a port, when her red light showed and the Tordenskjold kept on her course and later she showed her red light, when the Euphemia ran into her bow and struck her forward starboard amidships.

After a hasty examination the Euphemia continued on to Quebec, followed by the Tordenskjold, which came about for the purpose. The former, with her stern carried away, and a large hole stove in her bow just above the water line. The Tordenskjold, with her starboard side forward stove in, and her No. 1 compartment full of water, anchored in the stream.

**Reserved For the Legislature.**

Toronto, Oct. 24.—To the reporter's question yesterday: "What's new about the Temiskaming loan?" Premier Whitney replied:

"I have no desire to make any further explanations on this question. When a Minister makes a statement in relation to a matter in regard to which he must be in possession of the facts, and is told his statement is not true, it is time for the Minister to clear himself up. But when all the facts will come out and the public may be interested in comparing the facts with many assertions made lately."

**Will Pay Bank's Shortage.**

Pittsburg, Oct. 24.—Fred Gwynner, president of the defunct Enterprise National Bank, when asked what the shortage of the enterprise would amount to, said: "It will be very large, much larger, in fact, than we first supposed. From what I know it will reach \$1,500,000. The directors have determined, however, that, no matter how great the shortage, it will be paid, and the bank reopen for business. We hope before a month elapses it will be in operation again."

**Novelist Meredith Injured.**

London, Oct. 24.—George Meredith, the novelist, while leaving his residence at Boxhill, Surrey, for a walk, yesterday, slipped, fell, and broke a bone in his left leg. The accident is causing concern to his friends, owing to his advanced age. The doctors say it will be a long time before he can walk again.

**Welsh Coal For Canada.**

London, Oct. 24.—(C. A. P.) Welsh coal exports, the Canadian Association Press understands, are discussing establishing a regular trade in anthracite coal between Wales and Canada. A number of firms are taking a very active interest in the matter.

**Mr. Borden In Toronto.**

Toronto, Oct. 24.—R. L. Borden, M.P., is in the city. He had a conference with prominent Conservatives of Toronto and district at the Albany Club. The discussion was on the pending bye-elections.

## ONLY A SUGGESTION

But It Has Proven of Interest and Value to Thousands.

Common sense would suggest that if one wishes to become fleshy and plump it can only result from the food we eat and digest and that food should be albuminous or flesh-forming food, like eggs, beefsteak, and cereals; in other words the kinds of food that make flesh are the foods which form the greater part of our daily bills of fare.

But the trouble is that while we eat enough and generally too much, the stomach, from abuse and overwork, does not properly digest, and assimilate it, which is the reason so many people remain thin and under weight; the digestive organs do not completely digest the flesh-forming food; eggs and similar whole-some food.

There are thousands of such who are really confirmed dyspeptics, although they may have no particular pain or inconvenience from their stomachs.

If such persons would lay their prejudices aside and make a regular practice of taking, after each meal one or two of Stuart's Dyspepsia Tablets the food would be quickly and thoroughly digested, because these tablets contain the natural peptones and diastase which every weak stomach lacks, and by supplying this want the stomach is soon enabled to reach its natural tone and vigor.

Stuart's Dyspepsia Tablets digest every kind of flesh-forming food, meat, eggs, bread and potatoes, and this is the reason they so quickly build up, strengthen and invigorate thin, dyspeptic men, women and children.

Invalids and children, even the most delicate, use them with marked benefit as they contain no strong, irritating drugs, no cathartics nor any harmful ingredients.

Stuart's Dyspepsia Tablets are the most successful and most widely known of any remedy for stomach troubles because they are the most reasonable and scientific of modern medicines.

Stuart's Dyspepsia Tablets are sold by every druggist in the United States and Canada as well as Great Britain, at 50 cents for complete treatment.

Nothing further is required to cure any stomach trouble or to make thin, nervous, dyspeptic people strong, plump and well.

**Australia Loses Population.**

London, Oct. 24.—(C. A. P.)—Giving the emigration figures for 1903-1904, during which Canada gained 26,000 souls, whilst Australia lost 6,000. The Times in an editorial says the contrast cannot be more distinctly seen than in the patriotic Australians. The Times sees that serious efforts are being made by Australia to remedy this.

**A Curious Ring.**

No one needs to be told that there is iron in the blood, but it has remained for a French chemist, M. Barruel, head of the chemical laboratories of Paris, to make commercial use of the fact. He has used to practice medicine and was accustomed to bleed his patients in the old fashioned way. He extracted the iron from the blood drawn from human arms and kept it in the form of minute globules, or pearls. At last he was able to make an iron ring, which he wears on one of his fingers.

**ARE GOOD LOOKS VALUABLE?**

If nature had her way every complexion would be clear and delightful. But many allow their blood to become weak—hence pimples, sallow skin, dark circles under the eyes. To have a beautiful complexion use Ferrozone regularly. It brings a rich, ruddy glow to the cheeks, nourishes the blood, and thereby destroys humors and pimples. For beauty, health and good spirits use Ferrozone. Your appearance will improve a hundred fold. Fifty cents buys a box of fifty chocolate-coated Ferrozone Tablets. Don't put off—get Ferrozone to-day.

The self-made man has a profound contempt for pedigrees.

## Humor and Philosophy

By DUNCAN M. SMITH

### IN THE SILENCE

Quiet is the parlor.  
Not a murmur ripples;  
Silence over all;  
Not a little urchin  
In the yard at play.  
Don't you know the reason?  
School began today.

Through the long vacation  
Riot reigned supreme;  
Not a chance to slumber,  
Not a chance to dream.  
Children all a-scramble  
Up and down the street;  
Pavements echoed, echoed  
To their busy feet.

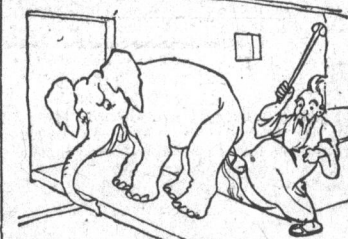

Wagon loads of playthings  
Scattered all about  
Just where owners left them  
When a merry shout  
From a happy comrade  
Called them all away  
To an expedition  
Or a grand foray.

Peace once more has fallen  
On our darkened house;  
Not a thing to bother;  
Quiet as a mouse.  
Seems as if the family  
Had all gone away.  
Don't you know the reason?  
School began today.

**Wanted to Travel First Class.**

Noah was busy checking off the animals as the boys were driving them slowly up the gangway into the ark.

Most of the smaller animals had been gathered in and placed in their proper stalls when along came the elephant with ponderous stride. He walked willfully up the plank until he came to the opening, where he paused, thrusting in

his proboscis but refusing to go a step farther, nor would shouting or twisting his tail move him.

"Perhaps he is waiting to have his trunk checked," suggested Mrs. Noah. "We'll see," said Noah, checking it as an experiment and handing the elephant a brass tag. Sure enough, that was the trouble. The intelligent beast seized the token and passed rapidly on to the place that had been prepared for him.

### It All Depends.

The postman is most welcome when a letter full of sweetness. Then you bless his coat of blue; You give to him a greeting bright And say he is a gladsome sight.

But if another matter is  
When things don't go that way;  
When he from out that bag of his  
Hands this to you: "Please pass."  
He is a man you'd like to shun  
When he comes forward with a dun.

### Penalty of Greatness.

"I presume a man who has won fame has many demands on his time."

"Worse than that, he is expected to pay his bills."

### Subject For Argument.

"The mosquitoes are so bad out our way this year."

"Have you tried reading tracts to them?"

### Trade Secret.

I cannot understand this kink. Though earnestly I try it— How people sell for less than cost And still make money by it.

### Stuck Up.

"Does your horse shy at automobiles?"

"Not much. He has too much pride. He ignores them."

### PERT PARAGRAPHS.

A man is not really rich until he begins to lie to the assessor.

Some people are always wanting what they get, thus accumulating lasting material for a good disposition.

He is a mean man who will talk in his sleep to such an extent that his wife gets insomnia.

A well trained memory is one that doesn't remember when you don't want it to do so.

A person who is willing to take things as he can catch them is apt to have to catch them.

A pretty girl has the right to expect to be well taken care of, or else what's the use of being pretty?

There may be people who look handsome when they are downright mad, but who ever saw them?

Some men would like to be president of an insurance company and take their chances on being right.

There are people who lie so beautifully that truth seems dreadfully out of style.

## It Is So Easy to Cure Yourself of CONSTIPATION

Fruit-atives will do it—surely and quickly. We say so—as do people you may know who have been cured of biliousness, headaches and constipation. Here is the experience of one who tried these wonderful Fruit Liver Tablets:

"Fruit-atives are perfect for constipated persons. They are easy and mild in action and leave no unpleasant after-effects. I have recommended them to my friends."

### Fine Cut Facts.

Skeletons are now being sold in Russia for \$1.15. Before the outbreak of the war in the East they were worth at least \$7.

Among female Moors birthday celebrations are unknown. A Moorish woman considers it a point of honor to be absolutely ignorant of her age.

The yield of cider in 1904 was the largest ever-known in France. It was \$24,595,000 gallons, which is double the average product for the last ten years.

### FIVE YEARS' DYSPEPSIA CURED.

"No one knows what I suffered from stomach trouble and dyspepsia," writes Mr. A. B. Agnew, of Bridgewater. "For the last five years I have been unable to digest and assimilate food. I had no color, my strength ran down and I felt miserable and nervous all the time. I always had a heavy feeling after meals and was much troubled with a dizziness and specks before my eyes. Dr. Hamilton's Pills were just what I needed. They have cured every symptom of my old trouble. My health is now all that can be desired."

By all means use Dr. Hamilton's Pills; 25c. per box at all dealers.

### Buckwheat For Hogs.

Buckwheat (the grain) is a very excellent feed for hogs, almost as good as wheat, but rather costly food for that use; the south, it is a splendid feed for chickens. If you keep bees you can afford to grow buckwheat for the sake of the honey that the flowers supply and let the pigs and chickens eat the grain.—Atlanta Constitution.

### Local News

Services at Holy Trinity Church tomorrow morning at 10.30.

The infant son of Mr. and Mrs. Thomas Llewellyn, aged three months, ten days, passed away this morning.

The Chatham football team leave tomorrow to play a western team at Jeannette's Creek. They are taking a strong team and intend to win.

20 new New York Jackets just received at Urban Store. Read about Urban Store sale. Store open evenings.

The wedding took place this morning in St. Joseph's Church, of Miss Minnie Meloche, of Charing Cross, and Walter Dillon, of Raleigh. The event was a very elaborate one.

A Treacherous Wind hits you in the back and the next morning you have lumbago. Rub well and often with Perry Davis' Painkiller, and you will be astonished to find out how quickly all soreness is banished.

Sept. Pyeat and Trainmaster Gilhoul, of the Pere Marquette, will be at the Garner at ten o'clock on Friday to consult with the business men on proposed changes in the time table.

An important meeting of the Industrial Committee and the Board of Trade will be held tomorrow morning at ten o'clock, in the City Clerk's office, Harrison Hall, to discuss the matter of an important industry coming to Chatham.

A joint meeting of the Industrial committee and Board of Trade will be held in the City Clerk's office tomorrow morning at ten o'clock to receive a proposition from a manufacturing concern who are desirous of locating in the city. A full attendance is requested.

In conversing with a Planet reporter this morning Alex. VonGuntzen got off a good one. He said the two worst habits a man can fall into is sending away from town for goods, and kissing the hired girl. Both habits are demoralizing to home prosperity and happiness. No doubt he feels that since he has gotten into his handsome new store it will no longer be necessary for anyone to send away for goods—which is, no doubt, correct.

### TO SELL GLEBE LANDS

The Rector and Wardens, upon the authority of Christ Church Vestry, have petitioned the Trustees of the Church of England Glebe asking them to apply for an Act of Parliament empowering them to sell the Glebe Lands. The reason for this action is that the local improvement taxes are likely to be so heavy as to almost consume the land rents, while the pavements are of practically no value to such of the tenants who cannot afford horses or autos. Moreover, the maintenance of a block of leased property when there is no fund out of which to build fine houses naturally retards the growth of the city in the locality. The Trustees have unanimously resolved to comply with the wish of Christ Church and sell the property and pay over the capital and income less the expenses to the Synod of Huron for distribution unless the Synod or Holy Trinity Church object. No doubt this fine property will be placed on the market soon after the next session of the Legislature shall have closed.

The usual opportunity will be given hunters during the present month to go after big game in the northern part of Ontario and we are advised by Mr. W. E. Rispin, City Passenger and Ticket Agent, Grand Trunk Railway, that he will sell, commencing October 10th, to all points, Mattawa to Fort Athabasca inclusive, and to all other points commencing October 26th, return tickets at single fare, good to return until December 9th.

### WAS WRONG

Chairman Morley Says no Edict Was Ever Passed Against Barefooted Children

"Judge Bell was entirely mistaken in his comments upon an alleged ruling by the School Board as against barefooted children," said Chairman Morley in an interview with The Planet. "The Board never made any such edict and am sorry the Judge did not look into the matter before speaking. I have called up both Principals and they distinctly state that no child has ever been excluded through coming to school barefooted. I trust the Judge will accord us justice in this matter."

### TOGO THE IDOL OF JAPAN

Public Feeling Toward Him Next in Warmth to Emperor.

The Air at Tokio Rent With Cheers at the Reception of the Officers and Men of the Combined Fleet—Admiral's Carriage Covered With Flowers—The Enthusiasm of the People Unbounded.

Tokio, Oct. 25.—Tokio's reception yesterday to officers and men from the combined fleet was a most notable affair. The day was extremely fine and the public enthusiasm was unparalleled. The procession moved from the Shimbashi Railway station at Ueno Park, along the crowded streets. The air was rent with cheers. Admiral Togo's carriage was profusely decorated with flowers, and the public feeling toward him was next only in warmth to that shown the Emperor.

### Rupture Specialist Coming

J. Y. Egan, the long established and reliable Rupture Specialist, of Toronto, will again visit Chatham at Hotel Garner, Saturday and Sunday, all day and evening, two days only, October 28th and 29th. This gentleman has devoted the past 40 years of his life to the study and treatment of Rupture. He is to-day at the head of the oldest and largest Rupture Institute in Canada, and the only exclusive Rupture Institute in the Dominion that owns and occupies its own building. It is an advantage to know you are dealing with a man who is thoroughly responsible. See large "ad."

### Poultry Wanted!

Dry picked Geese, Ducks and Chickens. Highest prices paid, Saturday, Oct. 28th, at the Market. Starve all birds for 24 hours before killing. Kill by bleeding in the neck or mouth. Pluck the body clean while warm. Do not scald nor use water. Thin or deformed birds will not be bought. Bring your fresh eggs along.

E. McKERRICHER.

### Shoe Correctness

Proper style in footwear is one of the crucial tests of good taste.

It is not, however, a matter of cost, necessarily, except that it demands skill in the designing and making. All the smartness and style of seven or eight dollar footwear can be duplicated in shoes at three dollars.

They are reproduced with absolute fidelity in our three dollar shoes for women.

And more than that—for good long wear they are bargains at the price.
