INTERNATIONAL LESSON NO. XI. JUNE 10, 1906

Peter's Great Confession.—Matt. 16: 13-28. Commentary.—I. Different opinions concerning Jesus (vs. 13, 14). 13. Caesarea Philippi—It seems that Jesus did not enter this city, but taught in its vicinity. It was populous and prosperous region, and the people were not so much under the influence of the scribes and Pharisees as they were farther south.—Hurlbut. Whom do men say—Christ did not ask this question (1) for information (2) because he desired the applause of men, or (3) because he intended to form his course according to the reply, but (4) because "he desired to ground his disciples in the deepest faith." Son of man—This was a title he frequently applied to himself, but it was never applied to him by the apostles. It expressed his human, visible side.

Some day, etc.—People held different opinions concerning Christ. Some said John the Baptist had returned to life. Some thought that he was Elias, the Greek form for Elijah, who was to be the forerunner of the Messiah; others believed him to be Jeremiah in accordance with the tradition that Jeremiah was to come and reveal the place where the sacred vessels were concealed; and other said he was one of the prophets, that is, one of the old prophets risen again (Luke ix. 10).

II. The great confession (vs. 15-17). 15. Whom say ye—Notice the pronoun "ye," plural; Jesus speaks to all his disciples. 16. Peter answered—He answered as spokesman for all, as he did in many other cases. Thou art the Christ—The expected Messiah, the "anointed one," Messiah is the Hebrew and Christ is the Greek for "anointed." Jesus was the one who was anointed by the Father as prophet, priest and king. Son of the living God—"God is here styled the living God, because he is the author of all life and existence; hence, self-existent, eternal." Peter certainly implies the residence in Jesus of the divine nature in a sense in which it could be in none else; his confession is the sum and substance of Christian theology.—Morrison. Blessed be God—Peter and the apostles were blessed because they had broken away from Jewish prejudices and had really accepted Jesus as the Christ. Bar-jona—The son of Jonah. Bar means son. Flesh and blood—No human being hath revealed it unto thee. Such knowledge does not originate in the human mind, but my Father—God only reveals Himself.

III. The Sure Foundation (v. 18). Thou art Peter—Petros, the Greek word for stone or a piece of rock. Jesus gave him his name when he first met him (John 1: 42). Upon this rock—in the Greek, this petra, or rock in mass. This verse has elicited much discussion. Regarding it, there are four principal views, all of them supported by good authorities. 1. That Peter was the rock on which Christ was to build his church. 2. That Peter and all true believers are the rock. 3. That the confession Peter had just made was the rock. 4. That Christ had reference to himself when he said "upon this rock." There is little doubt that the true view is the last one stated. Christ is the foundation of his church. He is the tried stone, the precious corner stone, the "sure foundation" (Isa. xxviii. 16). See I. Cor. iii. 11. Upon this rock, there is a little doubt as to what Peter called out.—Morrison. The gates of hell—"The kingdom of Satan."—Lange. The gates are the entrance into Hades (R. V.), the realm of death; but Hades—"the underworld" (Lange), or death, shall stand forever.

IV. Divine authority given (vs. 19, 20). 19. I will give . . . keys—Keys are a symbol of power and authority. "The apostles had knowledge and authority which no one after them would or can rightly claim."—Schaff. Peter and the other apostles were to be the representatives of Christ's church on earth, and they were given power and authority to organize and establish the church. Peter actually unlocked the kingdom of heaven to the Jews on the day of Pentecost when three thousand were converted, and a little later to the Gentiles (Acts x. 34-35). They also received the key to the interpretation of the Old Testament Scriptures. And through the testimony of the apostles, their work, and the Scriptures they wrote, all that have become Christians have come into the kingdom. "Shall I bind on earth, shall I loose on earth, or shall I loose on heaven?"—Morrison. Bound in heaven—In their organization of the church they were to be so guided by the Holy Spirit, that they should never be allowed to receive the authority, sanction and approbation of God.

20. Tell no man—Galilean enthusiasm might now endeavor to make him king if this announcement were made openly. V. Christ foretells his death (vs. 21-23) 21. Behold Jesus to show—Heretofore he had spoken obscurely, but now for the first time he speaks plainly of his coming sufferings and death. "The disciples were most strong enough in their conviction that Jesus was the Messiah to have their errors concerning his nature and kingdom corrected. They must be taught that His kingdom was spiritual and not earthly." Of the elders, etc.—The Sanhedrin.—Carr. This detailed enumeration proved that there was a general conspiracy.

22. Peter took him—Aside: apart from the rest. To rebuke him—The idea of a suffering Messiah was abhorrent to Peter and to all the apostles. 23. Said unto Peter—Christ perceived that he was but boldly uttering what the others felt. Get thee behind me, Satan—Satan means adversary. Jesus did not call his apostle a devil, but he saw in this suggestion a repetition of the old temptation by which he was offered the glory of the kingdoms of the world without His coming to the cross. The words of the tempter are in Peter's mouth, and Christ uses the very words which he had used to the devil in the wilderness, Thou mindest not (R. V.).

Thou dost not understand or discern the things of God; thou art wholly taken up with the thought that My kingdom is of this world.—Clarke.

VI. Conditions of discipleship (vs. 24-28). 24. Will come after me—Will follow my directions and be my disciple. Deny himself—Christ shows the apostles the nature of His kingdom. They must "abstain from all indulgences which stand in the way of duty." Take up his cross—Whosoever would follow Christ must be ready to endure affliction and even death for His sake. 25. Whosoever will save, etc.—Whosoever succeeds in obtaining the life of worldly comfort and pleasure, by avoiding the life of self-denial and at the expense of righteousness, shall lose even the earthly rewards he seeks and also the eternal life of spiritual joy and blessedness. But whosoever renounces those things in this life which charm the worldling, and from the worldling's standpoint loses his life, shall save it spiritually and eternally. For my sake—The loss of life for Christ's sake brings the promised blessing.

26. What . . . profited—The question implies that there is no profit. The whole world—Even though it were possible for a man to gain all the wealth, honor and happiness the world had to give, and then lose his soul, his loss would be infinitely greater than any earthly pleasure he might have had. "Lose it, cast away." His own soul—The Greek word for soul has the double meaning, "life" and "soul." The soul is the man himself. The only thing we really and absolutely possess is our "soul." In exchange—the price the worldling pays for carnal delights is the soul. 27. For—Reasons are now given why the soul is of such priceless value. Shall come—From heaven, at the end of the world, at the judgment day. 28. There be some, etc.—This verse is parallel with Matt. x. 23; both are fulfilled at Christ's resurrection. The coming of the kingdom of God with power (Mark ix. 1) was the consequent miraculous establishment of Christianity on earth. "This verse is referred to (1) the transfiguration, (2) the day of Pentecost, (3) the fall of Jerusalem. The last best fulfills the conditions of interpretation—a judicial coming, a signal and visible event, and one that would happen in the lifetime of some who were present."—Cam. Bib.

DUMB BEASTS LASHED.

WOMEN IN GAY DRESSES AND DASH AND GLITTER.

Rev. Mr. Philpott's Description of the Races at the Woodbine—All is Vanity Under the Sun—Christian Workers' Conference is Continued.

Toronto despatch: "Twenty thousand people at the races, and this the boast of Christian Toronto! While, perhaps, ten thousand were at Church yesterday, the God we have in Jesus Christ is something better to satisfy us than to see poor dumb creatures lashed around a ring to give pleasure to the spectators, or to see women in gay dresses, and all the dash and glitter—which is all vanity under the sun!"

In these words Pastor P. W. Philpott of Hamilton made an application of the discourse of Mr. R. V. Miller last night at the Christian Workers' Convention.

Mr. Miller's subject was taken from the book of Ecclesiastes: "The vanity of things under the sun."

In the morning a conference was held, prayer being the theme. Pastor Wm. Pocock introduced the subject, and was followed by Pastors Philpott, Stenmark and Salmon, all emphasizing the need of prayer, and much prayer, in connection with the work of God.

INJURIOUS DRUGS.

WILL PREPARE BILL FOR REGULATION OF PATENT MEDICINES.

Ottawa, Ont., May 29.—(Special)—At the sub-committee on injuries medicines this morning, the Deputy Minister of Inland Revenue said the present law provided only for the analysis of staple drugs and foods and not for patent preparations. An analysis of patent medicines would be of little use, unless the department had the formula of the preparation, otherwise they could not tell whether it was adulterated or not. The committee decided to have a bill for the regulation of patent medicines drafted by Chief Analyst McFarlane. His aim will be to protect the public from improper preparations. This bill will be submitted to the committee and the proprietary medicine people will be given an opportunity to express their views upon it.

ATTACKED BANK.

FIGHT BETWEEN CLERKS AND SOME RUSSIAN ANARCHISTS.

Warsaw, May 25.—A brief, but bloody, battle took place here at 12.30 this afternoon at the Industrial Savings Bank, which was attacked by a band of Anarchists. The latter, with revolvers in their hands, ordered the clerks and customers present to hold up their hands. The chief clerk drew a revolver and fired at the intruders. This was a signal for a brisk fusillade, during which two of the customers were killed and two other customers, five clerks and one of the Anarchists were wounded. The Anarchists then escaped, carrying off their wounded.

OUR MILITIA.

LORD AYLMER SAYS IT IS SLOWLY IMPROVING.

A Montreal Que., special despatch: Lord Aylmer, who inspected the troops here yesterday, stated in an interview last evening that the Canadian militia was gradually attaining a higher standard of efficiency. The improvement was slow, but it was steady. As compared with four or five years ago the improvement was very marked. Lord Aylmer expressed the opinion that a return to the old system of one direct governing head would conduce to great efficiency of the militia.

THREE PERSONS CURED OF LEPROSY.

New York, May 28.—According to a despatch to the Times from New Orleans two women and a boy, who for years past have been suffering with leprosy, have been discharged as cured from the State Leprosy Home at Indian Camp, Iberville Parish, La. The announcement was made by Mrs. Lessor Myers and Ralph Hopkins, physicians in attendance at the State home. The patients who have requested that their names be kept private are 39, 25, and 13 years old, respectively.

They are now said to have entirely recovered although they have been victims of the disease for years.

According to the statement of the doctors there is not the least doubt that they are permanently and positively cured. The home from which they are discharged has at the present time nearly 50 patients, eight of whom have been helped by the treatment which they have received there. They, too, are in a fair way for recovery.

FLASH OF LIGHTNING.

CRASH OF THUNDER GETS A WOMAN \$2,500 IN CASH.

Chicago, May 28.—While a suit for \$25,000 damages, brought by Mrs. Lucy Mattingly, negro, against the city, was being heard in Judge Barnes' court yesterday, a loud clap of thunder resulted in a compromise between the attorneys for \$2,500. Mrs. Mattingly alleged that she fell on a defective sidewalk, and as a result she has been a nervous wreck ever since.

When the flash of lightning, followed by a violent clap of thunder came, Mrs. Mattingly fell to the floor in hysterics, and the proceedings were interrupted until she could be calmed. Lawyers, jury and spectators ran to her assistance, and it required the efforts of several jurors to restrain her.

ANARCHIST WEDDING.

EMMA GOLDMAN MARRIES ALEXANDER BERKMAN.

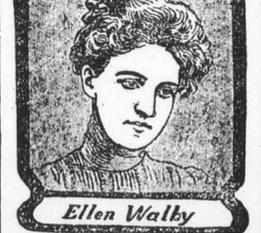

Detroit, Mich., despatch: Emma Goldman, America's most famous woman anarchist, is married and the groom is Alexander Berkman, the noted red who has just been released from the Allegheny (Pa.) penitentiary, after serving a term of fourteen years for his attempt to assassinate Henry C. Frick, the steel millionaire, during the Homestead strike. As the idea of a marriage by forms of law is repugnant to all anarchists, these two notable living leaders of the brotherhood called no judge or minister to read a service, but were united according to the peculiar tenets of their belief, at the home of Carl Noid, anarchist and their friend, who himself served five years in prison for complicity in the plot to assassinate Frick. They left Detroit for Chicago.

CANADIAN WOMEN FIND RELIEF.

The Case of Ellen Walby is One of Thousands Cured Made by Lydia E. Pinkham's Vegetable Compound.

How many women realize that it is not the plan of nature that women should suffer so severely?

Thousands of Canadian Women, however, have found relief from all monthly suffering by taking Lydia E. Pinkham's Vegetable Compound, as it is the most thorough female regulator known to medical science. It cures the condition which causes so much discomfort and robs these periods of their terrors. Ellen Walby, of Wellington Hotel, Ottawa, Ont., writes: "Your Vegetable Compound was recommended to me to take for the intense suffering which I endured every month and with which I had been a sufferer for many years getting no relief from the many prescriptions which were prescribed, until, finally becoming discouraged with doctors and their medicines I determined to try Lydia E. Pinkham's Vegetable Compound. I began to feel better within a short time I began to read and in an incredible short time the flow was regular, natural and without pain. This seems so good to be true and I am indeed a grateful and happy woman."

Women who are troubled with painful or irregular periods, backache, bloating, (or flatulency), displacement of organs, inflammation or ulceration, that "bearing-down" feeling, dizziness, faintness, indigestion, nervous prostration or the blues, should take immediate action to ward off serious consequences, and be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound, and then write to Mrs. Pinkham, Lynn, Mass., for further free advice. She is daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising women free of charge. Thousands have been cured by so doing.

APRON PATTERN FREE.

This is the best apron pattern ever used in stamping out the disease, saying: "From 1894, a regular treatment has been pursued, consisting of ichtyol, chloride of potash, strychnine, salicylate of soda and chaulmoogra oil, arsenic. Since the summer of 1902 systematic treatment has been followed out in all cases with the results above referred to."

The grain market continues very quiet. Wheat firm, 100 bushels of fall selling at \$4 to \$5 per bushel. Oats firm, with sales of 200 bushels at 41 1/2 to 42 1/2 c.

British Cattle Markets. London Cable.—Cattle are quoted at 10 1/2 to 11 c per lb; refrigerator beef, 8 1/2 to 9 c per lb; sheep, dressed, 10 to 11 c per lb; lambs, 10 c, dressed weight.

Manitoba Wheat. The following are the closing prices of wheat options at the Winnipeg market today: May, 81c; July, 82c; 5-8c sellers.

Loading Wheat Markets. May, July, Sept. 90 1/2, 88 1/2, 86 1/2.

Toronto Live Stock. Receipts of live stock since Tuesday as reported by the railways, were 75 cars, 1,040 cattle, 1,125 hogs, 375 sheep and 404 calves.

The quality of fat cattle was fair. Trade was fair on Thursday, considering it was a holiday.

Prices for cattle were about the same as on Tuesday.

Prices in all the different classes of live stock were unchanged from those given on Tuesday.

McDonald & Maybessold: 6 exporters, 1,230 lbs. each, at \$4.90 per cwt; 10 exporters, 1,300 lbs. each, at \$4.85; 9 exporters, 1,150 lbs. each, at \$4.75; 10 exporters, 1,100 lbs. each, at \$4.75.

E. Puddy bought for Puddy Bros. Abattoir Company, 75 calves at \$5.75 to \$6 per cwt; 50 American yearling lambs; 20 sheep at \$5.75 per cwt.

W. H. Dean bought 2 loads exporters, 1,200 lbs. each, at \$4.75 per cwt.

R. J. Collins bought 1 load butchers', 1,000 to 1,100 lbs. each, at \$3.75 to \$4 per cwt; 1 load choice butchers', 1,070 lbs. each, at \$4.45 per cwt.

Bradstreet's Trade.

Montreal—General trade conditions here continue to show a healthy tone, and the outlook for the future is encouraging in all directions.

The dry goods trade, however, say retailers are still carrying pretty heavy stocks of last season's goods.

Cottons are showing an advance of about 5 per cent, and cotton blanket quotations are temporarily withdrawn.

Groceries are moving well. Sugars are firm. There is well-sustained activity in all lines of hardware, and wholesalers are making large shipments.

Prices are generally firm. Western trade continues heavy. Collections from all points are generally fair to good.

Toronto—Despite the fact that retailers are carrying some unsold lines from last season, all the wholesale houses report a bright trade outlook, with a fair volume of business moving at the present time.

Woolen goods are advancing, as also are cottons and linens. From all parts of the country come heavy demands for hardware lines.

The trade in groceries is good for this season of the year. Sugar is quiet. Canned goods are a strong feature, with tomatoes scarce and advancing.

Dried fruits are fair to good. Payments to all lines are fair to good. Those from the Northwest continue to show improvement.

Country trade is rather more active. Money continues exposure to the tropical sun had darkened his skin.

The Woodstock man claims that his step-father has a sister living in this city who betrays unmistakable evidences of being a negress.

The Canadian has reported his story to the police here and will endeavor to enlist the aid in his search. The man appears to be very much wrought up and threatens to bring down Canadian justice on the man who deceived his mother.

Trade Doubled.

Bradstreet's: It is a fact that the total foreign trade of Canada doubled in the ten years, 1895 to 1905.

In the first year mentioned the imports were \$106,252,511 in value, and the exports \$113,638,803; total \$219,891,314.

In the fiscal year 1905 imports were \$261,012,000, exports \$203,316,000; total \$464,328,000.

At the rapidly increasing rate of commerce and industry and the steadily growing population, it is reasonable to expect another doubling for the ten years following 1905.

THE CZAR AND THE PEOPLE.

Report That Premier Goremykin Has Resigned.

Fatal Fight Between Radicals and Black Hundreds.

St. Petersburg, May 28.—Premier Goremykin went to Peterhof this morning to secure the Emperor's final approval of the general statement of the Government's policy which the Cabinet has prepared in answer to the address of the Lower House of Parliament in reply to the speech from the throne.

The plan, advocated by the majority of the constitutional democrats is that if the Premier's speech is found to be unsatisfactory a vote of lack of confidence in the Ministry will be passed, thus forcing upon the Government the issue of supplanting the Cabinet with one more in harmony with the party and the Lower House.

In spite of the moderate counsels of the leaders, the constitutional democrats are being pressed on by the denunciations of the radical element towards an open rupture.

During a meeting of black hundreds on Archangel Square, St. Petersburg, last night under the Presidency of Barbara Mikeldievna, workmen began a demonstration by singing the "Marseillaise." A collision followed and resulted in fifty revolver shots being fired by the black hundreds.

One man was killed, three were seriously wounded and dozens sustained broken heads.

St. Petersburg, May 28, 3 p.m.—It was rumored in the lobbies of parliament this afternoon that Premier Goremykin had resigned and had been succeeded by M. Shipoff, of Moscow.

TRIED TO ESCAPE.

CONVICT HURT IN AN ATTEMPT TO FLEE FROM PENITENTIARY.

A Kingston, Ont., special despatch: A convict cut his cell bars, fixed up a dummy, and got out during the night, but this morning he was caught. It is said that he fell and so injured himself that he could make no further advance.

The prison authorities refuse to give any details. The matter, it was announced, had been reported to the Department of Justice, and that nothing would be given the press until to-morrow.

It is learned that the convict got out of his cell in the main building, got through a window open to admit air and in dropping down fell into a chimney in course of construction. He could not get out. He was slightly hurt. The convict's name and place he was sent to prison from cannot be obtained. The Inspector of Prisons will be here to-day to make an inquiry.

SHOT WOMAN.

THEN JOHN KINDROVICS SHOT AND KILLED HIMSELF.

New York, May 28.—Because she had been compelled to leave him and had shown him a photograph of her new lover, John Kindrovics, a Hungarian to-day shot and wounded Cecilia McGarry, a handsome woman, in their apartment at West 4th street. When the police broke into his apartment Kindrovics killed himself by a shot in the brain.

Kindrovics was a waiter in the Hotel Metropolitan. Miss McGarry will recover.

DODD'S KIDNEY PILLS.

CURES ALL KIDNEY DISEASES.

BRITISH PATENT. DIABETIC DISEASE.

THE PUBLIC MAY BE ASSURED THAT THIS IS THE ONLY GENUINE DODD'S KIDNEY PILLS.

Hamilton.—All lines of trade show a good volume of business. The hardware trade is particularly active.

Country business is opening up well, and collections are improving. Local industries continue active.

London.—There has been a rather better tone of trade here during the past week. Groceries and hardware are in good demand, and the outlook for the dry goods business favors a good trade for the summer and fall.

When the Hair Falls

Then it's time to act! No time to study, to read, to experiment! You want to save your hair, and save it quickly, too! So make up your mind this very minute that if your hair ever comes out you will use Ayer's Hair Vigor. It makes the scalp healthy. The hair stays in. It cannot do anything else. It's nature's way.

On Wednesday, May 23rd, Mr.
Arthur Hayes, a prosperous young
farmer of this neighborhood, and Miss
Lulu Langdon were united in marriage
by the Rev. S. Sellery at the home of
the bride's parents, Mr. and Mrs.
Hiram Langdon of Brockville. Mr.
and Mrs. Hayes on their return from
a short honeymoon trip to Watertown,
N.Y., were tendered a reception at
home of the groom's parents, Mr. and
Mrs. Eri Hayes. At eight o'clock
between seventy-five and eighty guests
from Brockville, Athens, Addison, and
other places assembled to spend the
evening. Supper was served in the
early part of the evening, followed by
the authorities have acted generously
enough, and have enabled them to re-
tire with a pension. I know of a young
girl, however, who, the moment her
eyesight became affected—perhaps very
likely was due to overwork—was dis-
charged. She had only left a short
time when she recovered completely,
but they have never taken her back."

GLEN MORRIS

Death of Helen M. Rowsome
A very sad accident occurred here
on Friday evening, when the little
daughter of W. Rowsome was so
quickly and unexpectedly called home
to the fairer land. [See local column].
Little Helen Marjorie was a bright,
beautiful child, one year and eight
months old, and was a favorite with
all who knew her.

Rest the young feet now forever.
The dear little hands are so still;
Pulseless the heart now, that never
Sorrow can quicken or thrill.
Years will glide over her gently,
Fading the shadow-lan' deep,
While out mid the daisies and clover
Dear Helen is lying asleep.
Hushed the sweet voice now forever,
This earth she will brighten no more,
Wide swung the portals of heaven
When she reached the beautiful shore.
Closed the young heart from all trouble,
Her beautiful eyes ne'er will weep,
Mid summer's fair blossoms and sun-
shine,
Sweet Helen is lying, asleep.

The funeral service was conducted
on Sunday afternoon by Rev. Hughes,
Athens, who preached an impressive
sermon at the family residence here,
after which the body was conveyed to
the Elbe burying ground. The funeral
was largely attended by sympathizing
friends and relatives, many of whom
contributed beautiful floral offerings.
The grief-stricken parents have the
heartfelt sympathy of all in this their

great sorrow, but may it comfort their
sad hearts to know their little one is
now, forever,
Safe in the arms of Jesus,
Safe on his gentle breast,
There by his love o'er shaded
Sweetly her soul shall rest.

Mr. and Mrs. Wallace Brown and
Miss K. McVeigh, Glen Elbe were
guests at Mr. Albert Wilcox's recently.

Miss Minnie Burns is visiting her
sister Mrs. Ed. Foster for a few days.

Mrs. M. J. Wilcox has arrived home
from uncle Sam's domains and is re-
newing acquaintances in the land of
her birth. There is no place like
home.

Mr. C. B. Howard has purchased a
handsome new carriage.

A MAN'S MAN FOR A THAT.

Is there for honesty poverty,
That hangs his head and a' that?
The coward slave, we pass him by;
We dare be poor for a' that!
For a' that and a' that,
Our tithes obscure a' that;
The rank is but the guinea's stamp;
The man's the gowd for a' that!

What though on hamely fare we dine,
Wear hodden grey and a' that;
Ste, fools their silks and knaves their
wine;
A man's a man for a' that!
For a' that and a' that,
Their tinsel show and a' that;
The honest man, they'll sae poor
Is king o' men for a' that!

Ye see yon birkie, ca'd a' lord,
Wha struts and stears and a' that;
Though hundreds worship at his word,
He's but a' coof for a' that;
For a' that and a' that,
His riband, star and a' that;
The man o' independent mind,
He looks and laughs for a' that!

A king can mak a belted knight,
A marquis, duke and a' that;
But an honest man's aboon his might;
Gude faith, he mauna fa' that!
For a' that and a' that,
Their dignities and a' that;
The pith o' sense and pride o' worth
Are higher rank than a' that.

Then let us pray that come it may—
As come it will for a' that—
That sense and worth o'er a' the earth
May bear the gree and a' that,
For a' that and a' that,
It's comin' yet for a' that;
That man to man the world o'er
Shall brothers be for a' that!

GIRL CLERKS COLLAPSE.

High Pressure Causes Breakdown in
the London Postoffice.

An alarming outbreak of neuritis,
amounting almost to an epidemic, has
occurred among the women clerks in
the telegraph department of the Gen-
eral Postoffice.

The outbreak is due to the large re-
ductions in the staff which have re-
cently taken place, and to the fact that
the existing staff of women clerks is
terribly overworked.

Miss Mabel Hope, head of the women's
branch of the Postal Telegraph
Clerks' Association, who herself works
in the telegraph department of the
General Postoffice, declares that a large
number of young women were now ab-
sent from work owing to nervous break-
down.

"Ever since the introduction of what
is known as the inter-communication
switch," she said, "the girls have had
to work at greater pressure, and cases
of nervous breakdown have become
much more numerous than was former-
ly the case.

"The department especially affected is
the Metropolitan Gallery. I used to
work there myself, and I found that the
strain was almost unbearable.

"The girls themselves—perhaps are
partly to blame, for, while the men
clerks will not do more than a certain
amount of work, the women are much
more industrious, and work at high
pressure the whole time.

"The nervous complaints from which
so many are suffering principally af-
fects the arms, causing paralysis of the
muscles.

"In the case of some of the older wo-
men who have broken down in this way,
the authorities have acted generously
enough, and have enabled them to re-
tire with a pension. I know of a young
girl, however, who, the moment her
eyesight became affected—perhaps very
likely was due to overwork—was dis-
charged. She had only left a short
time when she recovered completely,
but they have never taken her back."

Willing To Do the Same.
Among the many stories that Andrew
Carnegie delights to tell of the canny
Scot is one in which Lord Derby and
a collier figure.

It appears that while the latter one
day was wandering on certain land be-
longing to Derby, the collier chanced to
meet the owner face to face. His lord-
ship enquired if the collier knew on
whose estate he was trespassing.

"Well, I've got no land of my own,
and I'm like to walk on somebody's."
"Where did that git it fro?" asked the
collier.

"I got it from my ancestors," replied
the collier good naturedly.

"An' wheer did they git it fro?"
queried the trespasser.

"Why," continued Derby, humoring
the collier, "they got it from their an-
cestors."

"An' wheer did they git it fro?"
"They fought for it."

"Whereupon the collier put up his
finger, and sear-ing up to the earl, ex-
claimed—"Well, I'll fight thee for it."

The Deadly Cobra.
Most deadly of all snakes is the cobra,
or cobra de capello. It inhabits India
and Ceylon, Burma, the Andamans,
southern China, Indo-China and the
Malay peninsula and archipelago. To
the west it ranges to Afghanistan,
northeast Persia and south Turkestan
as far as the east coast of the Caspian
Sea. Cobras are most active at night.

They feed on small animals, birds' eggs,
frogs, fish and insects. They attack
hen-roosts and swallow the eggs whole.
They drink a great deal of water, al-
though they can live for weeks, even
months, in captivity without touching
food or water. As a rule, they are not
aggressive, and unless interfered with
or irritated they crawl along the ground
with neck undilated, looking like some
harmless snake.

Men's Suits from \$8 to \$14

We call "United" brand, because a number of S.-R. agents have "united" (joined together) and are buying cloths direct from the old country mills, thereby saving from 25 to 50 per cent on the cloth. They then get Semi-Ready Co. to make up these cloths into suits. The finished article is a "United" Suit—prices from \$8.00 to \$14.00.

And, sir, if you purchase one of our "United suits, you are wearing clothes that cost you from \$3.00 to \$5.00 less than you would have paid for them any where else.

We don't ask you to believe this

but we ask you to find out for yourself whether it is true or not. If it is not true, **we are liars,** and you may call us such, if you find us to be such.

Every one of our United suits are made from old country Bannockburn tweeds (twisted wool), and not an inch of shoddy or cotton in a mile of the cloth.

We want to convince you

Are you ready? Are you?

United suits for men from \$8.00 to \$14.00.
Semi-Ready suits \$15.00 to \$30.00.
Youths and boys (United) \$2.50 to \$15.00

We pay one way to Brockville if \$10.00 or goods are bought.

ATHENS' AIR-SHIP CREW

As few days are more worthy of note than Victoria Day, I must now tell how some of our loyal young Athenian ladies and gents held in honor this memorable day.

About eight o'clock the crowd assembled and all started with shouts and laughter, driven by a jovial young liverman.

The air-ship next, for some reason or other, fell to the ground, alighting at Lyndhurst, and the boys being alarmed procured some fresh air and a little smoke, and away all went again.

Between six and seven, nearly all the crowd came together again, had lunch, and prepared to set sail for Athens, but lo! behold! two or three had strayed away again.

We were then ready to set sail, and as we had always heard that the longest way around was the safest way home, we concluded to prove the saying, and away we went for a spin around Mars.

Life's gentle gastronomic charms are long, no doubt, will rudely stop. No more for food we'll seek the farms; We'll buy it at a chemist's shop.

Athens. Hurrah for old Athens! she'll fight to a finish every time.

A crowd of tired people then departed to their several homes to receive a small share of that balmy sleep, and although very weary, hoped that we might all meet again and spend another as happy a day.

NOTES OF THE TRIP We thought the least George could do was to bring a little hunk of cheese. If he had of said "why" he might have got the bell.

There was one in the crowd who could see more than anyone else. The Cughan's were very sanctimonious—some of them carried a cross.

Music Halls of 40 Years Ago

In the palmy days of music halls there was a certain suggestion of scenery, scarcely a platform. The music hall forty years ago was a much simpler, homelier place. Space was not wasted on a carpet at tables and drink at your ease from pewter pots, as fashion then demanded. It was a great honor to drink with the "chairman," the president of the assembly, an honor to which only a regular guest could aspire. The performers did not rush in for a "turn" at a flicker of a number dial, but were announced with solemn anxiety by the autocratic chairman, after he had rapped for silence with his mallet. It was more of a friendly smoking room concert than a show, says the London Daily Mail. Our music hall is becoming overcivilized, and loses its grip. At the old Canterbury the performers all used to line up on the platform and sing a rattling opening chorus, while the audience applauded with whistles and sticks and hoots with unrestrained ardor. It was the same sort of thing as the Christy minstrels, and the comic man used to take the side, just as the "corner man."

WORK OF CIRCUS WOMEN.

Their Lives Made Comfortable Outside the Glitter of the Ring. Back in that section of the Coliseum where the Ringling circus performers have their dressing rooms a group of three women were seated the other day. Two of them were waiting and the third was industriously darning a varied assortment of hosiery. A party of ladies and gentlemen on a tour of the circus quarters passed the trio. "Those poor wardrobe women," remarked one of the ladies as she glanced at them, "have all the drudgery of this life, haven't they? I can understand the fascination of the glitter and tinsel of the arena, but I pity the unfortunate creatures who do these commonplace things in the obscure regions of the place."

HAD SKIN DISEASE FOR TWENTY YEARS.

MINISTER'S WIFE HELPED HER GET ZAM-BUK. A COMPLETE CURE WAS EFFECTED BY THIS HERBAL BALM. The far-reaching results of a simple injury, and the amazing benefits to be derived from applications of Zam-Buk, are both illustrated by the story told to a pressman by Mrs. J. Burnett, of 2 Lockwood Court, Burton street, Leeds. "One day, twenty years ago," said Mrs. Burnett, "I was minding a neighbor's child who became rather naughty, and when I took him up to correct him, he kicked me on the leg. I was so severely bruised that I had to see a doctor. Not only did the skin not heal, but there was some deep-seated injury and the torture of recent years has been incredible. I rubbed in all sorts of ointments, lotions, salves, etc., as you can tell from the fact that I had at one time as many as thirty-two empty bottles or boxes of one kind or another ointment in the house. I was almost willing to try anything to get my leg better, but it would never have got better at all but for the wonderful effect of Zam-Buk."

SOME HOLSTEIN TESTS.

Sixteen additional official tests are reported by G. W. Clemons, Secretary of the Holstein-Friesian Association of Canada. All these tests were made under the supervision of Prof. Dean, Ontario Agricultural College, and their correctness is vouched for by him. SUNLIGHT SOAP

Wash cloths and linoleums with warm water and Sunlight Soap, rinse clean and wipe dry. The colors will be preserved and the surface unharmed. Common soaps fade the colors and injure the surface. Sunlight Soap cleans, freshens and preserves cloths and linoleums. Sunlight Soap washes clothes white without injury to the most delicate fabrics, or to the hands, for it contains nothing that can injure either clothes or hands. Sunlight Soap is better than other soaps, but is best when used in the Sunlight way (follow directions). Equally good with hard or soft water.

Butter in Morocco. Moors prepare butter in an original way. Fresh butter they despise and use only for cooking. It must be old if it is to be liked. After it has lain in a hole in the ground for some years and has got a certain appearance it becomes a delicacy. To make butter a goat's skin is turned outside in. It is filled with milk, bound tight and tied to a tree. There is a beaten backward and forward till the butter is made. That is why one cannot get butter in Morocco without hairs all through it. The butter is then laid on pieces of wood and the maker proceeds to sell it.

Navigation of the Rhine. Consul Brittain, of Kehl, reports on the improvement of the Rhine. He says: "Some years ago the government spent a large sum of money in building extensive stone docks at Strassburg, but on account of the Rhine not being navigable more than eight months in the year the hopes of the place becoming an extensive shipping point were not realized. It is proposed now to deepen the channel of the river so as to permit of navigation the entire year, the city of Strassburg contributing \$238,000 as its share of the expenses."

HOW IT SPREADS The first package of Dr. Leonard's Hem-Roid (the infallible Pile cure) that was put out went to a small town in Nebraska. It cured a case of Piles that was considered hopeless. The news spread, and the demand prompted Dr. J. S. Leonard, of Lincoln, Neb., the discoverer, to prepare it for general use. Now it is being sent to all parts of the world. It will cure any case of Piles. \$1.00, with absolute guarantee. All Dealers, or the Wilson-Flye Co. Limited, Niagara Falls, Ont.

Before the Train Left. The lady of the good intentions sat in the union depot awaiting the departure of the train for Elmore, scheduled to leave at 5.01 p. m. She was sitting beside her sister and two children, and of nervous temperament, was observed to be restlessly moving about in her chair. "Norwalk division east," yelled the station master as he strode across the big marble floor. "Good-by, good-by," smiled the lady of good intentions to her sister, as she grasped the two children and stepped toward the gate. There was one loving embrace and a kiss. "Don't forget to wind the clock tonight," she admonished. "All right," rejoined her sister. "Norwalk division east," came in stentorian tones from the man in the blue suit with big brass buttons on his coat. "Say, Mary, remember the cat. Feed her," again the traveller said. "All right, sister, I won't forget." "Norwalk division east," came in stentorian tones from the man in the blue suit with big brass buttons on his coat. "Say, Mary, remember the cat. He was a Married Man. London Tit-Bits tells of a Scottish singer named Wilson, who was being trained for professional work, sang a love song with exquisite quality of voice, but with insufficient passion and expression. His teacher told him he must put more feeling into it and sing as if he were really in love. "Eh, man," he replied, "hoo can I do that and me a married man?"

The Ruling Passion. (Puck.) Old Stoxanbon—Are you sure that you can no longer control the thing? His Chanfour—Yes, sir, I'm afraid it will get away from me very soon. Old Stoxanbon—Then, for heaven's sake, run into something cheap!

In the Parcel Post.

The United States has not yet adopted the parcel post, and while it deprives the citizens of many conveniences the refusal of Uncle Sam to act as a mail express saves his servants a lot of trouble in figuring out the prohibitions in various countries. In Holland, for instance, potatoes are not received in the parcel post, and in order to gain admission for other tubers it is necessary to have the plants examined and a certificate made out that the roots are not affected by the phyloxera pest. In Belgium saccharine may not be mailed except to a chemist, and then not in lots exceeding four ounces. North Borneo will not receive tobacco or opium by post, and Bulgaria will take no clothing, nor boots, vegetables, flowers, leaves, roots or bulbs, arms, ammunition, advertisements, candles, fishing nets, or molasses. Russi abhors varnish, church effects, playing cards and wooden pipe stems, while Denmark will not receive ammanes, and Egypt will not permit saunages to be mailed. Germany refuses anything of American origin, and has some clauses directed against Japan, while air guns, wax matches, rosaries, relics and jewelry are the miscellaneous lot barred by Spain. In the United Kingdom the post office will carry almost anything.

Minard's Liniment used by Physicians. Island Shipping Into the Sea. The little Island of Ustica, which is situated off the Sicilian coast about 40 miles north of Palermo, threatens to disappear as a result of the violent shocks of earthquake which were experienced last week. There is no danger of a sudden explosion, as the island does not contain an active volcano, but Ustica stands on the very edge of the great marine depression, nearly two and a half miles deep, which lies between Italy and Sicily. The shock of the depression are sending waves across the earthquake zone, and the island will eventually sink into the sea.

Sifting Alien Arrivals. It is encouraging to note that 1,000 immigrants charged with violation of the contract labor laws were deported from New York last week. The record-breaking rush of alien through Ellis Island this spring has furnished just cause for apprehension. With thousands arriving daily, the possibilities of thorough inspection become so remote as to offer little hope in that direction, hence the surprise not that such a number of foreigners should attempt illegal entry into the country, but that they should be detected.—Detroit Free Press.

Use for Walls of Seoul. The wall which runs around Seoul serves no useful purpose whatever; in fact, by restricting traffic between the city and suburbs to a few narrow gates, it is a great nuisance. There are enough stones in the wall to reconstruct the greater part of the drainage in the city, and with a little leveling the banks upon which the wall is built would make admirable building sites, and the money obtained from them would go a long way toward the cost of city improvements.—Corean Daily News.

SHOT HIMSELF ON WIFE'S GRAVE; AFRAID OF SECOND CHILDHOOD

Left Most Pathetic Letter to the Public and Instructions to Coroner.

Prominent Young Convict Shot to Death While Making a Dash for Liberty.

Fashionably Dressed Young Woman Found on the Street With a Scalp Wound.

Troy, N. Y., May 28.—Andrew L. Smart, of Freeport, L. I., shot himself through the heart while kneeling over his wife's grave in Oakwood cemetery here yesterday. He was 70 years old. In a note to friends he said he feared he had outgrown his usefulness, and would rather die than enter the period of second childhood. The death of his wife and son some years ago are thought to have preyed on his mind. Mr. Smart was visiting his brother in this city, where at one time he was a leading paper manufacturer, and wealthy. He went to the cemetery before daybreak, and his body was found by the workmen. In his pocket was found a pathetic letter to the public and instructions to the coroner, H. R. Smith, President of the Freeport Bank, came to Troy last night to take charge of the body.

Shot Trying to Escape.
Greenboro, N. C., May 29.—Brent A. Morey, known as John B. McMillan, 23 years old, who was convicted in this city for forgery and sentenced to two years imprisonment on the county roads, was shot to death near here yesterday while making a sensational dash for liberty. Morey, with four other convicts, got away from the guards, who opened fire on them, killing Jesse Thomas, a negro, instantly, and mortally wounding Morey. The latter was taken to the hospital, where he died several hours later. Before his death he admitted that his right name was not McMillan, under which he had been known, but Brent A. Morey, the son of a prominent man of Lexington, Ky.

Morey came to Greensboro last September, and by his promising appearance and engaging manners was admitted to membership in the clubs and freely mingled with the best people in society. He was a welcome guest at many of the homes of the first families of North Carolina. Society received a shock when he was arrested, charged with having forged the name of the Cape Fear Mill Co., by whom he was employed. He pleaded guilty in court, and had only been a convict for three months.

Mysterious Case.
New York, May 28.—Considerable mystery surrounds the finding of a fashionably dressed and refined appearing young woman unconscious at 98th street and Broadway, late last night. Removed

to a hospital, she was found to have received a painful scalp wound, and the ambulance physician said there was evidence of chloral poisoning. In brief lucid intervals she said she had been robbed of jewelry and \$47 in cash. She was unable to make plain her identity, but the police gathered that either she or a relative was connected with one of Henry W. Savage's companies. Early to-day her condition was said to be precarious.

Another Soldier Killed.
Sayre, Pa., May 25.—The mangled corpse of a soldier belonging to the 12th U. S. Infantry, which passed over the Lehigh Valley Railroad last night, en route from Oakland, Cal., to Governor's Island, New York, was found by a train crew to-day at Oak's Corners, near here. It is thought that the soldier fell from the train and was not missed by his comrades. The whole regiment was on a special train of six cars and was returning from a two years' trip in the Philippines.

RESIGNED PULPIT.
Pastor, Seeing Woman in Bath, Quits Charge.

Cleveland, Ohio, May 29.—Because he happened to look through a window and see a pretty woman taking her bath, the Rev. T. Boyd Gay, pastor of a Presbyterian Church at Utica, Ohio, must seek another pulpit. The minister knew at the time that the bathers had observed him. She told about the incident, and members of the church brought the matter up, whereupon he resigned. The presbytery exonerated him, but he will seek another church.

NOGI DEFENDS STOSSEL.
Declares Russian General Could Not Have Done More Than He Did.

London, May 28.—A despatch to the Telegraph from Tokio says that in an interview with Gen. Nogi, in reference to the report that Gen. Stossel had been sentenced to death by a court-martial for surrendering Port Arthur, the general declared that he doubted if the report was true, but he was convinced that the latter had acted with soldierly alacrity. Gen. Nogi warmly defended Gen. Stossel against the attacks that have been made upon his conduct at Port

Arthur. He emphatically declared that he could not have done more in defence of the place. He underwent unimaginable trials and hardships. It is true that there were enough provisions and ammunition to have lasted beyond the time of surrender, but Gen. Stossel lacked the whole-hearted, loyal co-operation of his officers and men. There were occasions when both refused to obey orders.

NEW LAKE FORMED.

TWENTY MILES SOUTH OF SWIFT CURRENT.

Story That a Band of Indians Were Alarmed by a Terrific Convulsion of Nature on the Night of the San Francisco Earthquake.

Medicine Hat, May 28.—Corp. Bottley, R. N. W. M. P., who has been out on patrol duty for several weeks, turned up at Swift Current the other day with a strange story, smacking of the improbable, but backed up by such facts that put disbelief out of the question. It seems from the story that on the first night of the San Francisco earthquake a band of Indians was encamped at a point near Pelletier's Lake, or Eagle Quill Lake, as it is more generally known, and that during the night members of the band were all awakened by a violent shock, which might or might not have been associated with the earthquake in some way.

But that there had been a terrific convulsion of nature of some sort there could be no doubt, as in the morning it was found that an artesian well had broken out in the bottom of the coulee near by, and was throwing water fully thirty feet in the air. The coulee was rapidly filled, as was the adjoining depression, and a fair-sized lake now exists where there was no water before. The new lake is twenty miles south of Swift Current.

ARTIST MURDERED.

Believed to Have Interrupted Bank Robbers at Work.

London, May 28.—Archibald Wakley, an artist and a regular exhibitor at the Royal Academy, was found murdered in his room at Bayswater to-day. The front of his skull was battered in, but the weapon used was not found. There is no clue to the perpetrators of the crime. The police theory is that the murderers entered the premises with the object of gaining the basement and thence digging an entrance into the vaults of the bank, situated next door, when they were intercepted by Wakley. Another bank in London was robbed in a similar manner last week, the burglars getting off safely.

THE ROYAL WEDDING.

APPROACHING MARRIAGE OF KING ALFONSO AND ENA.

Princess Leaves London—King Alfonso Departs for the Border—Car in Which Princess Ena Will Be Received Was Strewn With White Roses, Lilies and Chrysanthemums.

A Madrid cable: This city is fast assuming an aspect of feverish expectancy as the day for the royal nuptials approaches. King Alfonso's departure for the frontier to-day to meet his bride was the first event of the elaborate official programme. The Puerto del Sol and other centres presented a scene of intense animation to-night with crowds of provincials in picturesque costumes. Throughout the day the streets were filled with arriving troops, sailors and marines, with bands and banners coming to greet the royal couple. Among the arrivals were 1,000 sailors from warships at Cartagena, who were accepted an enthusiastic reception as they swung through the main thoroughfares, which shows that the Spaniards still glory in their navy.

King Drove to Station.

The King this morning drove to the railroad station in an open coach seated beside the Queen mother and surrounded by a retinue of court chamberlains. His Majesty wore the blue uniform of a field marshal with a broad red sash and white military cap topped by waving plume. He smiled amiably as he saluted his enthusiastic subjects. The royal train was sumptuously appointed. The car in which Princess Ena will be received was strewn with white roses, lilies and chrysanthemums. A large number of Ministers and a glittering array of military officers accompanied the royal party to the frontier. The train was lined with soldiers and the crowds of country folk gathered at the stations and gave ovations to the King. The Spaniards seem to have entered into the spirit of their King's love affairs.

Prior to his departure King Alfonso inspected the arrangements at the Church of San Geronimo and expressed himself as highly pleased. The interior is richly decorated with tapestries embroidered with gold and carpeted with crimson velvet, edged with gold. Twenty-five hundred electric lights have been installed amid the forest of candelabra in order to give a dazzling brightness to the appointments. The King has changed the programme so that the signing of the wedding contract will occur in the church monastery instead of at the Prado Palace.

Choir of Two Hundred Artists.

The official programme issued to-day gives the details of the reception of the Princess. The Grand Dukes and envoys, May 29. Cardinal Sancho, Archbishop of Toledo, has been officially designated to perform the marriage. The choir will consist of 200 artists. The street decorations are being completed. A superb arch designed by a leading scenic artist spans the avenue leading to the royal palace, and scores of tribunes are going up in the streets, which are lined by Venetian masts topped with flags and bunting, making the avenues long vistas of bright colors.

HARANGUED CROWD.

LONDON WOMAN SUFFRAGIST REFUSES TO PAY TAXES.

She Calls Asquith an Assassin—Advices Hearers to Go Out and Break His Windows—Educating Cabinet Ministers.

London, May 28.—Mrs. Dora Montefiore, one of the leading women suffragists, under whose lead many women have pledged themselves not to pay their taxes, on the ground that taxation without representation is tyranny, harangued a great crowd of women suffragists from the second storey of her house near London this morning. She denounced Chancellor of the Exchequer Asquith as an assassin, because he stood in the way of the advance of the women's movement, and Chief Secretary for Ireland, Bryce and Capt. John Sinclair, Secretary for Scotland, were also roundly abused. Mrs. Montefiore informed her hearers that the women who were refusing to pay taxes were taking this course in order to advance the education of the Cabinet Ministers and warned the latter of the determination of those who were conducting the campaign to obtain their indispensable rights. She asserted that the Cabinet Ministers who opposed the movement were marked men, and suggested that her hearers break the windows of Mr. Asquith's house, adding that she would do so herself were it not for the fact that she was engaged in defending her residence against tax collectors and others.

The house of Mrs. Montefiore, which is situated near the Thames, not far from Hammersmith, is barricaded and surrounded by tax collectors and bailiffs, who hope to starve her out or effect an entrance. Friends of Mrs. Montefiore are supplying her with food.

NO FEATHERS IN HATS.

New York State Department Will Strictly Enforce Law.

Albany, N. Y., May 28.—Commissioner Whipple, of the State Forest, Fish and Game Department, to-day served notice, through the press, to the milliners of the State, and who, while the law prohibiting the possession or sale of the bodies or feathers of wild birds, whether taken in this State or elsewhere.

The penalty for each violation of the law is a \$50 fine, and an additional \$25 for each bird or part thereof sold, offered for sale, or possessed.

KAISER MAY BE SUBMERGED.
Interest in Submarines May Induce Him to Take Plunge.

Berlin, May 28.—Emperor William, in the course of the past week, will carefully inspect the submarine boats of the Lake model that are now at Kiel. So great is his interest in submarines that it would not be surprising if he made a descent in one of them. There was a time when the German Admiralty regarded submarines as useless toys, but it later on changed its opinion, and persuaded the Reichstag to appropriate 5,000,000 marks for the construction of submarines.

The Emperor is much interested in motor boats for naval purposes, and recently sent Marine Constructor Veith to Monaco to attend the motor boat exhibition there. In the autumn boats of this type will be introduced in the German navy.

FAITHFUL DOG SAVED CHILD.

Girl Had Wandered Three Days in New Brunswick.

St. John, N. B., May 28.—Little ten-year-old Mamie Gallivan, who has been missing from her home at Drury Cove since Monday last, returned to-day, with an astounding story of hardship. For the past three days and nights she had been wandering in the woods, with no food, except some berries and water from brook. Search was unavailing until to-day, when her dog found her and guided her to a clearing, where she collapsed. He stayed with her and, finally, by barking, attracted the attention of the child's brother, who was among the searchers. The girl is in a very exhausted and emaciated condition, and threatened with pneumonia.

TORONTO WOMAN SUES.

Asks Divorce From Husband and Damages From Co-Respondent.

New York, May 28.—Mrs. Minnie M. Howitt came from her home in Toronto to-day to prosecute an action for absolute divorce against her husband, Robert J. Howitt, formerly a livery stable keeper here, who recently sold out and disappeared, and to push her suit for \$25,000 for alienation of her husband's affections against a left correspondent, her whilom intimate friend, Mary Bell Griffin, a wealthy owner of a Fifty-ninth street hair dressing parlor. Mrs. Howitt had many incriminating letters. Her three children reside with her parents in Canada. Decision was reserved.

SPRING BILIOUSNESS

Is very prevalent just now.

Mr. G. Wilson and his son Bernard.

"The doctor said the poor little chap would suffer from these attacks until he was grown up, when he might have a chance to fight free of the ailment. His little face was as yellow as a girl's, and the whites of his eyes were the color of marigolds. My wife and I were in despair about the boy, and were at our wit's end what to do to make him better. But I read about Biliousness and I bought a box and ordered both Bernard and myself. They suited us both. As soon as I began to take Bilious my appetite improved, and I could sleep comfortably at night. I have never had a bilious attack since. As for little Bernard—just look at him, pointing to a sturdy little chap who had just come in, aglow with health and high spirits. He was never able to go out of the house before, but he was out long before breakfast this morning. He ate well and sleeps well. He got his natural color back, and it is as hearty as any child could be. We wouldn't be without Bilious in the house if they cost their weight in gold. We rely on them as our family history such as this is more eloquent than reams of argument and assertion in favor of the excellence of Bilious as a specific for biliousness, liver disorders, and as a perfect and positive cure for all digestive ailments and their manifold consequences. Bilious also cures headache, constipation, piles, female ailments, skin eruptions, sick headache, bad taste in the mouth, foul breath, dizziness, fainting, buzzing noises in the head, feelings of uncomfortable fullness even after a light meal, wind pains, anemia, debility, etc. They act as a general tonic, and by improving the tone of the whole system enable it to throw off colds, chills, rheumatism, etc. They improve the general circulation, and are a boon to pale-faced girls and weak women. For all purposes to which a household remedy is put, Bilious will be found of excellent service.

Bilious are obtainable from all druggists and stores at 50 cents per box, or direct from the Bileon Co., Colborne St., Toronto, upon receipt of price. 6 boxes for \$2.50.

—Mr. Albert Patterson, of the firm of Lewis & Patterson, Brockville, visited at the home of his mother last week.

—Property in Winchester this year has been assessed at its full value and there is much speculation as to how it will be treated when the time for equalization arrives.

—In the absence of the pastor at conference, Rev. John H. Miller will preach in the Methodist church in the morning and evening of Sunday next and at Glen Elbe in the afternoon.

—The General Assembly of the Presbyterian church will meet at London on June 6th. Mr. J. P. Fox will attend as a commissioner from the Brockville Presbytery.

—In Brockville, on May 23rd, by Rev. Mr. Dobbs, the marriage took place of Miss Sarah Jane, only daughter of Mr. E. C. Bulford, and Mr. Tod Dowden of Plum Hollow. Both bride and groom are well known in this vicinity and they have the best wishes of all for a happy and prosperous life.

—A lecture and graphophone concert will be held in the Methodist church, Frankville, on Wednesday, 6th of June. The speaker will be the pastor, Rev. Wm. Rilance, subject, "Two months in Europe." The graphophone will be managed by Mr. Medcalf of Portland. Admission, 10c at the door.

—Mr. Spence of the Dominion Alliance announces that in municipalities where a three fifths majority for local option could not likely be carried, a vote will probably be taken for higher licenses—so high as to be prohibitive. The new license act places no limit on the sum that may be asked for a license providing the electors endorse the increase. A simple majority carries when a vote is taken under this section of the act.

—The Baptists and Methodists united in a service held in Methodist church on Sunday evening at which Rev. W. W. Giles of Summit, N.J. was the preacher. A large audience from village and country assembled, and the speaker's plain, practical discourse was listened to with close attention. He was assisted by Rev. L. M. Weeks and Rev. S. J. Hughes. A fine choral service was rendered, and the congregational singing was most hearty. At the close of the service, Miss Weeks sang very sweetly a solo with refrain.

—It will pay to protect the potato crop. The gain by spraying made by 38 New York state farmers last year was 60 3/5 bushels per acre. The Bordeaux mixture it made by mixing 4 lbs. bluestone, 4 lbs. lime (fresh) in 40 gallons of water. Commence spraying when the plants are 3 to 4 inches high, and repeat every two weeks throughout the season. This spraying when thoroughly done prevents rot, induces great growth to tubers, and checks the blight. In the later spraying one pound of Paris green per acre can be mixed with the Bordeaux to kill the beetles.

No arrests have been made as yet in connection with the robbery of Wm. Jackson, of Kemptville, who was held up a few days ago and robbed of \$313.

There is an agitation in the united counties of Dundas, Stormont and Glengarry for a separation of the counties.

The home of Mr. and Mrs. H. S. Davison, of Elgin, was the scene of a very pretty wedding on Wednesday, May 16th, when their only daughter, Belle, was united in marriage to Mr. Fred J. Stanton. About sixty of the friends were present to witness the ceremony which was performed by Rev. E. Ward Crane, Methodist minister.

The Kemptville Telegram says that at Saturday's session of the Brockville Cheese Board the price is almost invariably higher than at Kemptville on the previous day. When Brockville Board met on Thursday the members used to make the same complaint respecting prices on other boards.

There will be no divine service in the Anglican church, Athens, on Sunday, owing to the reopening of St. Paul's, Delta. The hours for services there, are 11.00 a.m. and 7.00 p.m. The old church has put on a new and wonderfully improved appearance, both from within and without, after having gone through the hands of the carpenter, the plasterer and the glazier.

A number of veterans who have certificates entitling them to land grants have written to the Ontario lands, forests and mines department expressing a desire to sell their certificates for \$50, under the provision added to the veterans' land grant act of last session. They are being notified that the department is preparing a proper form for the purpose named, which applicant must fill in and send to the department so that the transaction can be carried out in a proper manner and the papers relating to it kept on file.

Record: Mr. and Mrs. D. P. Hamilton are leaving Smith's Falls and will go to Saskatoon to engage in farming. Mr. Hamilton with his son-in-law, Mr. Bruce Douglass, late of Peterboro, will leave for there tomorrow. Mrs. Hamilton will visit for a few weeks in Athens and other points and Mrs. Douglass will visit in Peterboro and in their husbands in the west. Mr. and Mrs. Hamilton have been residents of Smith's Falls for a great many years and in their going the town loses good citizens. They are prominent members of the Methodist church, and will be particularly missed from that congregation.

Mr. P. P. Slack has been very ill since Friday last. On that day he was taken ill while driving his delivery wagon on the Addison route and returned home in a semi-conscious condition. To-day he is still so ill as to cause his friends grave anxiety.

On Tuesday evening the village council sat as a Court of Revision. The chief business was considering a bunch of appeals put in by Mr. John Mulyens against all the property on both sides of Main street, between Victoria and Elgin, on the ground that the valuation was too low. The parties interested were heard in the matter, and the court adjourned until next Monday evening.

On Friday last, Mr. and Mrs. W. Rowson, who reside on the Malvin Wiltsie farm, suffered the loss by death of their little daughter, a bright, active child of two years of age. Mrs. Rowson had placed a tub on top of an inverted candy pail and had partly filled it with hot water, when the little girl gripped her hands on the side of the tub and upset it, drenching herself with the scalding water. Medical aid was hastily summoned, but the child lived only a short time. Much sympathy is expressed for Mr. and Mrs. Rowson in their sudden and sore bereavement.

A NOTE TO BEEKEEPERS

It will no doubt be a surprise to the readers of the Canadian Bee Journal to know how great a firm are the publishers of that excellent help to Canadian Beekeepers. The Journal never had as acceptable an editor as is Mr. Craig.

Mr. T. Berney, a well known gentleman of marked executive ability, a resident of Athens, noticed that the management of the highly popular, useful and well known Brockville Fair, last season, had added to their extensive buildings a pavilion for the exhibit of cheese, butter and honey. Mr. Berney promptly offered as a special prize a fancy show-hive, made by the above firm. Those interested in the local apiaries thank him.

I lately enquired about the firm and was surprised. He said that the Goold, Shapley and Muir Co., Brantford, 17 years ago, began business on small scale building fanning mills and other small

wooden goods, with about 30 hands. Since that, they have added all kinds of wind mills, a variety of pumps, gasoline engines, etc., which require extensive buildings and 400 men to supply the demand in these lines.

In the year 1903, they brought their name before all the people of Europe by defeating all the best make of mills at Park Royal, London, England, with their celebrated Imperial Mill, designed and made by them at their factories, Brantford. By the look of the plates, I infer their factories are as extensive and they employ as many men in Bay City, Mich.

They make thousands of beehives, the same in dimensions as made for years at the factory of W. G. Parish, Athens, known as the Hough-Lang strath Hive.

Mr. Berney has for years had charge of firm's interests in Eastern Ontario and Quebec and his success entitles him to the firm's full respect and confidence. The firm had a triumphant exhibit of wind mills in South Africa. They produce 15 lines of goods, and, without an exception, retain over the world an unswerving reputation.
