## Distressing Auto Accident

On Saturday morning last news was telephoned to Wolfville from Gaspereau that an auto accident had taken place and that a man had been found dead under the overturned car. A few minutes later word came that the unfortunate man was Mr. Fred H. Christie, who had gone a little earlier to bring a relative to the train. It appears that on reaching the residence of Mr. Arch. Westcott Mr. Christie had turned into the driveway where there is considerable grade, and backed out in order to head the car homeward. In turning on the narrow roadway he did not allow himself sufficient room and the wheels falling over the bank caused the car to roll over the bluff, making three complete turns before landing on the soft earth thirty feet below.

No one witnessed the accident which occurred exactly opposite and only a few feet from Mr. Westcott's house. A man passing shortly after saw the smashed car at the bottom of the bank and seeing no sign of anybody near it went to the next house and reported. In company with the occupant he returned to the spot where they were joined by Mr. Westcott and on further investigation found the body of the unfortunate man lying under the car, life being extinct. One leg and one arm were fractured and there was a slight cut on the side of the face.

The coroner, Dr. Bars, held an inquest at 11 o'clock, the verdict being in accordance with the facts, after which the body was brought to Woodman & Co's undertaking rooms and prepared for burial.

The deceased was in his 48th year and was the oldest son of Mr. and Mrs. Joseph Christie, of this town. He is survived by a widow and three daughters. The sorrowing relatives have the profound sympathy of the community generally in their sad bereavement.

The funeral took place on Tuesday afternoon and was one of the largest seen in Wolfville for a long time. Rev. G. W. Miller, pastor of the Presbyterian church conducted the service at the house, being assisted by Rev. Mr. Layton, of Kentville. Appropriate music was furnished by a quartette composed of Messrs. A. J. Mason, Theo. Smallhouse, Fred Rand and Carl Angus, and Mr. Mason also furnished a solo. Mr. H. P. Davidson presided at the piano.

The pall-bearers were Messrs. J. D. Harris, T. S. Sanford, Aubrey Dakin, Percy Anderson, James Martin and Leonard Thorpe. Beautiful floral tributes adorned the casket.

The deceased was a member of Orpheus Lodge, I.O.O.F., and the service at the grave was conducted by the members, who marched in the procession to the cemetery. The beautiful ceremony was conducted by Mr. J. W. Williams, acting Noble Grand, and Rev. G. W. Miller, Chaplain.

## WOLFVILLE AMATEUR ATHLETIC ASSOCIATION

### Citizens Asked to Give a Helping Hand

To the Citizens of Wolfville:  
During the past two years there has been a marked interest awakened in athletic affairs in our town, which is most encouraging. The Wolfville Amateur Athletic Association is now recognized as one of our most important institutions providing as it does healthful recreation for the men and boys of our town. Last summer a strong canvas was made for membership with the result that a very large proportion of our citizens paid the annual fee and enrolled themselves as members, giving most valuable assistance to the organization. This year, so far no very active steps have been taken in this direction and in consequence of this and unusual expenses the funds of the Association are running low. At a meeting held on Monday evening the undersigned was appointed to look after the matter of bringing to the attention of citizens the Association's needs along this line. I am sure that our people who have been so generous in the past will gladly give their continued support to the Association, and loyally stand by the important work which it has in hand. Every citizen is invited to become a member of the Association, and we are confident that the small membership fee of two dollars will not deter any person from doing so. The best time of year for out-door sports is just beginning, and it is the hope of the W. A. A. to be represented in every department. We have plenty of good material which only requires encouragement. In hockey Wolfville has long excelled and in the coming winter it is hoped that our reputation for excellence in this fine vigorous game may be fully sustained.

A thorough canvas for members and interest will be made during the next few days and we bespeak the kindly assistance of citizens generally. Yours for Clean Sports,  
A. J. MASON.

HON. F. B. McCURDY

## Wolfville Honored

By a Visit from Hon. F. B. McCurdy

Wolfville had a brief visit on Wednesday from Hon. F. B. McCurdy, Minister of Public Works, who came to examine into the matter of harbor improvement at this port. The Minister and party arrived at Kentville from Digby on Wednesday morning and was met by Messrs. J. E. Kinsman and B. O. Davidson and motored to Wolfville in the former's car. Here a consultation was had with Mr. Dodwell, the government engineer, and the proposition of spending a sufficient amount to straighten the entrance to the harbor was considered. Hon. Mr. McCurdy visited the water-front and after careful enquiry was favorably impressed with the proposed work which he thinks may be undertaken at once if favorable arrangements can be made.

During Mr. McCurdy's visit he took the opportunity of calling upon a number of friends and was driven around town by Mr. Kinsman. He was accompanied by his son, Donald, and the visitors expressed themselves as much impressed with what they saw of Wolfville, and hope to have the pleasure of another visit in the near future.

Those who met the Minister of Public Works were greatly charmed by his affable manner. He is a Nova Scotian of whom our province may well be proud.

## AVONPORT NEWS.

Mr. Fred E. Cox and sister, Miss Effie Cox, of Middleton, spent the week end guests of their brother, A. B. Cox.

Mrs. Bert Trefry and little daughter Helen returned on Wednesday from Margareville, where they spent a week with Mrs. Avery Baker.

Miss Alice Starratt is the guest of her grandparents, Mr. and Mrs. Jas. Starratt. Mrs. John Hardy returned to Wolfville on Monday after spending two weeks with her brother, Mr. L. E. Shaw.

Mrs. Roy Smith, of Annapolis, is the guest of her parents, Dr. and Mrs. B. C. Borden at "Crancroft."

Mr. and Mrs. Burgoine and little son, of U. S. A., are spending a few weeks with Mrs. Burgoine's brother, W. O. Parker. Miss Minnie Forsythe, of Roxbury, Mass., is enjoying a short vacation with her grandmother, Mrs. F. G. Borden.

Miss Mary Duff arrived from Boston on Tuesday of this week to spend a few months with her mother, Mrs. Jas. Duff.

What might have been a fatal accident occurred on Thursday morning of last week at the railway crossing near Avonport Station when a Buick car driven by Mr. Rupert Mapplebeck, of Boston, was struck and damaged by the west bound express from Halifax. The car was proceeding east at a good rate of speed and attempted to cross the railway ahead of the train with the result as above stated. One rear wheel was badly broken and the body and frame damaged. No blame is attached to the railway or employees as the train sounded the usual signals when approaching the crossings and station.

## GASPEREAU NOTES

Mr. and Mrs. Woodbury Davison, of Mass., are visiting Mr. and Mrs. W. S. Eagles.

Mr. King, of Truro, spent Sunday with Rev. R. W. Bennett.

Miss Hazel Dodge is spending a week with her friend Miss Estella Miner.

Mr. William Campbell, of Cape Breton, spent a few days with his friend Mr. Ray Coldwell.

Mrs. Margaret Reid has returned to her home at Grand Pre after spending a few weeks with relatives and friends.

Miss Ida Mitchell, of Wolfville, has returned home from the West.

Mrs. Clifford Coldwell is visiting her parents at Brighton, Digby Co.

There was no meeting of the School Board on Monday evening owing to several members being either out of town or otherwise engaged.

## Summer School for S.S. Workers

The school of Methods for Sunday School workers opened Thursday evening, July 28th, at Acadia Seminary, with an enrollment of over sixty—about double of last year.

In the evening Rev. W. A. Ross took the chair, leading in a short devotional service. Dr. MacDonald, pastor of the United Baptist church, gave the address of welcome in behalf of Dr. Cutten, who was not able to be present, and of the town. The chairman then presented members of the 1921 faculty, who responded in a fitting and witty manner.

The instructors are as follows:—Rev. W. A. Ross, Moncton, General Secretary Maritime Religious Educational Council; Dr. H. T. DeWolfe, Principal Acadia Ladies Seminary; Rev. H. S. B. Strothard, Sackville, Maritime Field Secretary Board Religious Education, Methodist Church of Canada; Rev. F. M. Milligan, Halifax, Maritime Field Secretary, Presbyterian Church in Canada; Rev. Waldie C. Macdonald, South Devon, N. B., General Secretary B. R. E. Maritime United Baptist Church; M. A. M. Gregg, St. John, Boys' Work Secretary, Maritime R. E. C.; Mrs. W. A. Ross, Moncton, and Miss Grace Wood, of Toronto, Ont., Girls' Work Secretary, Montreal, Y.W.C.A.

The real work of the school began on Friday morning, and with each succeeding day the interest has grown. While the class periods furnish exceptional value in knowledge and inspiration, the recreation hours give the relaxation and exercise necessary to an ideal vacation. This latter part of the programme is filled with volley ball, tennis, basket ball, and other games, with an occasional hike or a refreshing swim.

Through it all the happy social atmosphere—the meeting of old friends and the making of new ones, will be the common aim of preparing for the highest in Christian service—made it a delightful gathering.

## CANNING NOTES

George W. Parker, one of our best citizens, passed away at his home on Wednesday afternoon after a long illness. For nearly fifty years he had benefited the town as boy and man. A cheerful and alert business man, a cheerful and humorous neighbour who gave freely of his time for every public work, his place will be difficult to fill. About every organization of the town claimed him for its secretary and received unstinted effort and worthy service. A prominent Free Mason, Forester and Son of Temperance, his loyalty and zeal has been highly appreciated and will not be easily duplicated. He was an earnest supporter of the Presbyterian church. He leaves a wife, formerly Blanche Newcombe, daughter of the late G. P. Newcombe, Esq.; sons Robie, a Bank Manager in Newfoundland, Whitney, a business man of Wolfville, Lewis, holding an office position in Mass., and one daughter, Miss Ethel at home; beside an aged father and mother, a brother, the Rev. L. W. Parker, in Colchester; two brothers and a sister in the United States and one brother Harry at home. Funeral from his late residence on Sunday next.

John Fisher and wife, of Port Maitland, Yarmouth county, are visiting at Jas. W. Newcombe's.

Ashley Loomer, wife and little son, Woodrow, are visiting with Mrs. N. W. Eaton.

Miss Ruby Eaton and her friends, Isabel Meek, Josephine Harris, Ella Blenus, Alice Northup, Jean Miller, Muriel Loomer and Miss Holland are occupying the Eaton Cottage at Berwick Camp, Mrs. Clark Ross acting as chaperone.

N. W. Eaton, G.W.P., returned on Thursday morning from Baddeck where a very successful quarterly session of Grand Division closed after two days session, on Wednesday.

## FRUIT SEASON OPENS IN VALLEY

(From Berwick Register)

The first shipment of 1921 apples from Berwick—and we believe we might be safe in saying the Annapolis Valley—was made on August 1st, when six barrels of Astrachans went out from Berwick over the D. A. R. to Halifax, the growers and consignors being Messrs. L. L. Coldwell of Somerset and B. B. Spicer, Welsford.

Another shipment of Crimson Beauties from Mr. D. B. Fuller's orchard, went out from Berwick yesterday.

We believe this constitutes a record for early apples in Nova Scotia, as last year the first apples to be shipped from Berwick station were sent out on August 12th.

The number of autos registered in Nova Scotia total 13,371. There were 921 more registered the first seven months of 1921 than during all of 1920. In addition to the foregoing figures 105 cycles without side cars and 32 cycles with side cars have been registered.

## New Pastor Warmly Welcomed

Congregation of Methodist Church

The reception given at the Wolfville Methodist church last Friday evening in honor of the new pastor, Rev. Douglas Hemmeon, was largely attended and a most successful and enjoyable function. The church was fortunate in having to Rev. Dr. B. C. Borden, the honor president of Mt. Allison University, who proved an ideal chairman.

After a few appropriate introductory remarks Dr. Borden called upon Mr. Jean Tamplin, who on behalf of the quarterly Board gave a graceful welcome to the new pastor and his family. Mr. E. Johnson, on behalf of the Wolfville church and Councillor George L. Bishop, the church at Greenwich, also gave a warm welcome to Rev. Mr. Hemmeon. Mrs. Be. Chute, who represented Acadia University, of which institution Rev. Mr. Hemmeon is an honored graduate, and Rev. Dr. DeWolfe, principal of Acadia Seminary, gave a warm welcome. Rev. F. P. Dixon, who was unavoidably absent, sent a genial note of greeting on behalf of himself and church, and Rev. G. W. Miller and Rev. Dr. MacDonald also rendered felicitous greetings to the new pastor. The reception took the form of a community welcome and brief addresses were given by Mayor Fitch and representatives of the Civic Club, Board of Trade, Scouts and Children's Aid Society. All these Rev. Mr. Hemmeon replied in a brief but decidedly interesting address which he convinced his hearers that Wolfville is exceedingly fortunate in having him come among us.

The pleasure of the evening's program was greatly added to by the rendition of vocal solos by Mrs. J. W. Smith and Mrs. W. Bartheaux. Dainty refreshments were served by the ladies of the congregation and a most enjoyable social hour was spent.

The Wolfville Methodist church is to be congratulated on securing the services of such a man as Rev. Mr. Hemmeon, who filled some of the most important positions in the Conference with marked success, and Wolfville people generally rejoice in his return to his home town, as expected and fortunate for Wolfville.

## MONUMENT CAMPAIGN

To our Fellow Citizens of Wolfville:  
The Campaign for the Monument is in full swing and receipts are increasing rapidly.

At an enthusiastic meeting of the G.W.V.A. Wednesday night a collection was taken among the members present and over \$200 subscribed. This should convince the most skeptical that the Veterans are backing the project, as we promised, to the limit of their means.

We are going to get \$2600 and we are going to make the alterations in the Monument if it lie within human power to do so. If not then contributors will be refunded their contribution in full.

We much prefer voluntary contributions and a large number have come in but we have decided that a canvass of the Town would result in a great saving of time and might possibly be more convenient for contributors. This canvass is now in progress. Kindly have your contribution ready when our canvassers call.

Today we are publishing a list of contributors to date. At the conclusion of the Campaign the names of everyone canvassed together with the amount of his or her subscription will have been published. This will be a public acknowledgement of our gratitude to our supporters.

Again thanking those who have contributed for their support and trusting that each and every citizen will aid us to bring the campaign to a successful conclusion in the very near future.

Yours very sincerely,  
R. B. BLAUVELD,  
For G.W.V.A. Memorial Monument Committee

## SAFETY FIRST

The town of Bridgetown is making arrangements to properly regulate automobile traffic on its streets. The "silent policeman" has been adopted and notice given that violation of law will be properly dealt with. In these times when motor-vehicles are so numerous it is necessary that the strictest precautions should be taken to avoid accidents. While most drivers are careful there are a great many who are reckless and regardless of the rules of the road. Public safety demands that these should be restrained and a very careful oversight of the traffic kept. THE ACADIAN again sounds a note of warning to the authorities of our town.

The Wolfville cricket team went to Bridgetown yesterday for a league game, which resulted in a win for Bridgetown by the score of 87 to 59. Full particulars will be given in next issue.

## County Cricket

Kings County Loses to Annapolis County

One of the best cricket games of the season was played at Bridgetown last Saturday between teams representing Annapolis and Kings counties. The previous match at Kentville resulted in a tie of 95 runs each and in the replay on Saturday both teams were at full strength. The match resulted in a win for Annapolis county by the score of 71 to 55.

Kings County batted first and scored 55 runs, Saunders, of Wolfville, securing 14 and Vereker, of Kentville, 12 not out. Annapolis County started strongly and a long partnership by H. MacKenzie and C. Ollerhead put them in a winning position, the latter playing a fine inning of 28. W. Donat and R. Whiteway both reached double figures.

Both elevens were entertained at luncheon by the Bridgetown Club at the Riverside Inn and tea was served on the grounds by the ladies.

The scoring was as follows:

Kings County	
Miller, b. Ollerhead	3
Bentham, b. Ollerhead	0
Walker, b. Donat	0
Holland, l.b.w., b. Donat	5
Murphy, b. Donat	2

## A SAD EVENT

Mr. and Mrs. W. D. Withrow have been anticipating for some weeks back the visit of dear friends of the latter from the home land. These friends, Mr. and Mrs. MacDonald, and the latter's mother, Mrs. John MacDonald, of Inverness, Scotland, arrived on the Cameronian at Halifax on Sunday of last week. They were met at Halifax by Mr. and Mrs. Withrow, who accompanied them to Wolfville, where the visitors planned to rest for some time before making an extended tour of Canada and the United States. Many pleasant trips were planned but shortly after arriving here the elder lady was taken suddenly and seriously ill and in spite of the best possible care passed away on Tuesday morning of this week. Mr. and Mrs. MacDonald left on Wednesday afternoon with the remains for home. Mr. and Mrs. Withrow accompanied their guests on their sad journey as far as Montreal where they will take ship.

Sincere sympathy is felt for both Mr. and Mrs. Withrow and their guests in the great sorrow that has come to them in a strange land.

A slight error occurred in a recent issue of THE ACADIAN when we said that young Harper, of Port Williams, was sentenced to a term in the Industrial School. The boy was handed over by the court to the Children's Aid Society, and was placed by them in the Industrial School where he will be given an opportunity of starting life over again.

## Town Council

Held Regular Monthly Meeting Wednesday Night

At the regular monthly meeting of the Council on Wednesday evening Mayor Fitch and Councillors Shaw, Wheaton, Nowlan and Cox were present.

There were no written reports presented. The chairman of the Water Committee reported verbally an expenditure of \$226.25 during the month, the chairman of the Sewer Committee \$696.82 and the Poor Committee \$12.00. A considerable amount of this was on capital account.

The Finance Committee presented a statement showing the debit balance at the bank to be \$9194.87 at the end of July. Considerable money which properly belongs to capital had been used out of current account pending the sale of debentures.

The following accounts were read and ordered paid:

Burton Croft	\$ 12.00
Wm. Stairs, Sons and Morrow	161.61
Standard Clay	404.37
N. S. Hospital	255.05
F. R. Leslie	27.07
H. E. Calkin	1.55
T. M. Sims & Co.	36.50
C. H. Wright	9.72
D. A. R.	30.00
Reg. of Deeds	4.73
Halifax Herald	10.00
Com. of Municipal Funds	47.07

A bill of C. H. Wright amounting to \$205.97 for the construction of a concrete bridge on the upper end of University avenue was held over in the absence of the Chairman of the Streets Committee.

Mayor Fitch and Couns. Shaw, Cox, Nowlan, Sutherland and Wheaton were appointed delegates to the meeting of the Union of N. S. Municipalities which is to be held in Halifax at the end of August.

Arrangements were made for the sale of the remaining 6 per cent. town debentures at 98.

Miss Abbott, Deputy Town Clerk, was granted a vacation of two weeks.

**RESULT OF PROHIBITION.**

Speaking of prohibition, Lord Leverhulme says: One of the results of prohibition is that the U. S. A. is now saving \$2,000,000,000 a year through prohibition. England owes the U. S. about \$10,000,000,000, and if we were to save on our drink bill at the rate the U. S. are doing we should pay off our debt in five years. Now the lender of money is saving millions, and we are spending it. This policy is the reverse of what it should be. The position in England is very much like that of a young man, having a mortgage on his home, who should cut down all unnecessary waste and concentrate upon production without waste. While I should prefer alcohol should be obtainable, and that through strength of will rather than by strength of law, it should not be consumed, I believe the policy of going dry

in the U. S. means that in the world's race the U. S. has thrown away a heavy weight and we who are already behind in the race, are adding to our weight."

**NEXT FIVE YEARS VITAL**

Let the temperance forces keep their hands upon their swords for five years and the danger will be past. The country will have had such an object-lesson as to the value of a saloonless regime that no one short of a fool would think of going back to the old program. Happier homes, better food and more of it, fewer divorces, sturdier children, decrease in the number of insane, imbecile and diseased, less crime, fewer mortgages, smaller number of murders, larger number of bank deposits, greater general prosperity—these are some of the legitimate results to come from the new national policy.

With the prohibition of brandy during the war the arrests for drunkenness in Denmark decreased by four-fifths; for violence, one-half; for sexual offences, one-third; delirium tremens, by fifteen-sixteenths. Hospitals reported fewer cases. Workhouses, the Salvation Army, Missions for the homeless, Slum Missions of every kind reported a diminished number of "guests" while those who came were orderly and better clothed.

Before the war, a dry Europe was a dream, a distant possibility; now it is a probability likely to be realized in a few years. This change is the great miracle of our age.

Lovers of the out-of-doors will be pleased to know that a specially interesting number of **ROD and GUN IN CANADA** is just out. The August issue contains a particularly appealing article entitled, "Mississauga—Canada's Best Canoe Trip" by Douglas Hains. This is a story that everyone will enjoy. The stories by F. V. Williams, Bonnycastle Dale and Harry M. Moore, well-known contributors, will be received with undoubted favor. The thrilling experiences outlined in the several articles following will be of great interest and value to the amateur sportsman. The sportsmen's departments, fishing, guns, conservation and kennel contain many important points that the typical sportsman will appreciate. **ROD and GUN IN CANADA** is published monthly at Woodstock, Ontario, by W. **GREENWICH NEWS**

The residents in this place who knew Mr. Christie, of Wolfville, were shocked on Saturday to learn of him being suddenly killed in an automobile accident. His work as painter, paper-hanger, etc., was well known by many householders in this place. He was a skilled workman.

Much sympathy is extended to Mrs. Harry Neary, who recently received the sorrowful news of the very serious illness, as well as very sudden illness, followed by death, of two of the little children of her brother, Mr. Gammow, Medford, N. S.

An addition to the family of Mr. and Mrs. William Pudsey arrived one day recently, namely, a little baby son. We understand Mr. Pudsey is not so well again, friends hope for an improvement soon.

Mrs. Burpee Bishop entertained a number of young people with a few "not so young", one evening recently, in honour of the many visitors then in the place. A pleasant evening was enjoyed, dainty refreshments being served.

Mr. Stanley Crockett, who has been a helper for a year at Port Williams station, left a couple of weeks ago for his home at Centrelea, Annapolis Co., to assist with haying, etc.

Many of our residents continue to enjoy the Band Concerts in the open, at Kentville, on Tuesday evenings.

Miss Edith Read, of Aylesford, was a guest for a few days recently at the home of Mr. and Mrs. T. J. Borden.

Mr. and Mrs. Arthur Leslie after a pleasant two weeks visit here, left for their home in Dartmouth last Wednesday, paying a short visit en route to Mrs. Leslie's father, Mr. C. C. Brown, Hantsport, a former well known resident of this place for many years.

Mrs. Fred E. Forsythe, spent the day last Wednesday in Hantsport, a guest of Mr. and Mrs. C. C. Brown.

Mr. Cochrane, of Boston, visited a few days recently at the home of his

uncle, Mr. George Fraser. A sister of Mr. Fraser, Mrs. Eaton, of Brockton, Mass., has also been visiting at his home.

Dr. Clark, accompanied by her sister, Miss Clark, missionaries home on furlough from India, were the guests last week of Miss Lillian Bishop, who is a returned missionary, and her friend Miss French, of Boston, who is making her a visit, we understand is also a returned missionary.

Mr. and Mrs. George Fraser, spent a few days last week in Halifax, visiting a sister of the former.

Mr. Ormond Forsythe, of Port Hawkesbury, has been visiting his brother, Mr. A. K. Forsythe.

A great many of our residents in this community received invitations to the reception last Friday evening, in the vestry of the Methodist church, Wolfville in honor of the new Pastor, Rev. Douglas Hemmeon and family. A good number from here accepted, thus having the opportunity of becoming acquainted with the pastor and his family. A pleasant evening was enjoyed. The number in the choir of the church here has been very acceptably added to the last two Sundays making much better music. The residents extend a cordial welcome to the new Pastor.

**GAIN A LOAF at Every Baking**

**COMBINED** with its great nutrition and enticing eating qualities, **FIVE ROSES** is the acknowledged flour for economical baking.

It actually saves flour and the money that that flour costs. This on account of its bigger yield due in turn to its glutinous strength and water-absorbing capacity.

Exactly how much it will save you depends upon how much baking you do, and upon how much bread you make at one baking. Read what thrifty housewives write us, in the margin. It points the way to patriotic economy.

You know how much **FIVE ROSES** flour you can bake in a year. By saving a loaf at every baking, figure out for yourself how you can reduce your own High Cost of Living.

**STEAM IS USED IN NEW \$1000 CAR**

**American Manufacturers to Market Unique Motor Car of Simple Design**

Rumours current at the New York and Chicago shows that an important enterprise in steam motors is soon to be launched have been definitely confirmed by an Indianapolis, Ind., capitalist and representative of large steam interests.

He announced that he will manufacture and market a five passenger six cylinder steam touring car of 110 inch wheel base, with electric lighting and starting, to retail at about \$1000 in the States.

On the same chassis he will also build a commercial speed wagon for all light delivery purposes.

The boiler is of the combination fire-and-water-tube type, so arranged that it will go under a hood of any shape.

The insulated steam line leads directly to the rear axle with divided flow to each half of the axle, the direct application of the steam to the wheels absolutely eliminating the gearing differential.

The rear axle is the engine, or the engine is the rear axle, whichever way you choose to consider it.

Engine, axle and differential function all in one, the engine in its housing being just about the size of the ordinary rear axle gear case. The housing of each half of the axle carries three fixed cylinders set at 120 degrees apart, or one third the circle. These cylinders are exactly like those of the automobile engine, with poppet valves, pistons and connecting rods.

The bore is 2 3-4 inches, stroke 3 inches. Three connecting rods in each half are pivoted to a crank pin integral with the drive shaft of each wheel. At a speed of forty miles an hour the engine is running at the very low speed of 500 revolutions per minute.

It will be observed that an overlapping stroke is obtained. Before one cylinder is entirely off pressure another has begun to take hold and the third is completing its exhaust.

In tests the cars are doing 20 to 40 miles on one gallon of kerosene.

With the steam and water cycle, one filling of the water tank runs the cars from 300 to 500 miles.

The exhaust steam is taken by the return pipe to the condenser, which is located in front of the boiler in the position of the ordinary radiator.

The initial heating for starting is electrical, controlled by a switch on the cowl board.

The vital point of difference between the steam car and the other is its store of reserve energy.

In the new car the great energy stored in the boiler is always instantaneously available. It is built up in advance, is on tap for any emergency. It does not have to wait on combustion. It is a constant flow of power—free from the vibrations.

The flywheel is its only point of storage and power can be stored there only by speeding up—after the need of extra power is on the car.

The car, completely equipped, weighs less than 1800 pounds.

**AUTOMOBILE IS BECOMING USEFUL HEALTH PRODUCER**

Because motoring acts as either a physical or mental stimulant or both, the automobile has become looked upon as either a health creator or a health restorer.

There are two big benefits from owning a car—mind-diversion while riding with somebody else driving, or physical driving. In addition to getting plenty of air, the riding motion and changing scenes accelerate the pulse and respiration, steady the nerves, create quick mental response and develop alertness and "pep."

Of course this is in addition to the motor car's main purpose, that of a business utility. In fact, automobile manufacturers have prediction that 40% of the cars will in the future be sold for health purposes, while the other 60% will be purchased and used for business utility.

**CLEAN GROUND AFTER PICNIC MR. MOTORIST**

**Don't Leave Place Cluttered up With Empty Boxes and Debris**

One great advantage in being the owner of an automobile lies in the fact that one may, with very little trouble and at the expense of a few hours, have a picnic, quite frequently, during the summer months. Not a few motorists forget that they have a duty to the community after the picnic is over and before they return to town.

The great fault found with motorists who picnic along the side of the road and in public and semi-public parks, is that they fail to clean up the debris after they have had their fun.

"Park your car anywhere you wish, but clean up your litter afterward."

This advice ought to be posted, according to thoughtful motorists, at many points along the country roads, and especially at the hundreds of pleasant little vantage points where family motoring parties are in the habit of stopping for lunch. A cool and inviting bit of shade, a spring by the roadside, or a slightly spot overlooking a sheet of water these are the places sought in summer by the touring parties, and when the ideal bit of ground has been reached, out come the food hampers and the sandwiches, and all too frequently the scraps of wax paper and the ice cream boxes and the other essentials that mother has been thoughtful enough to put in are left lying about, to be scattered by the wind or trampled into the ground. One of the pleasantest things about the motor picnic is to find the lurching places scrupulously clean, and one of the most disappointing is to find it untidy. Could every party make it a point to clean up after the picnic, and so have things in tidy shape for the next. To do this, says a writer in Country Life, would remove what is called "one of the motorists' gravest disregards for his fellow men."

We are going, says the writer, nowhere in particular, just touring along until we come to an inviting spot where we will have luncheon. An ideal spot for a picnic. So we park the car, unload the baskets and open the boxes or baskets and tins of potted ham or tongue. Seating ourselves on newspapers spread on the ground for that purpose, we regale ourselves.

Ontario to day has exactly 599 newspapers and periodicals of all classes, whereas five years ago there were 745. War conditions and the abnormal costs of production have led to the suspension of 146 papers in Ontario alone.

**NEWSPAPER ADVERTISING IS FAVORED BY THE PUBLIC**

T. M. Humble, a well-known writer of Toronto, in an address before the retail merchants in convention in that city recently, said in part:

"Every reader of a newspaper is a prospective purchaser and customer. Newspaper advertising costs less per actual thousand people reached than any other form of publicity, not counting the prestige of one's name appearing in a reputable paper every week. And," he continued, "there never was a time in merchandising when newspaper advertising was more necessary or potent in its power to get business."

Newspapers are the safest, cheapest and best means of reaching the greatest number of people. This fact has been recognized by the large merchants in the cities for many years, but it has only recently come to the country merchant that what was good for the city man ought to be good for his business, and as a result of the experiments that have followed the idea, the rural merchant has come, in most instances, to understand that money spent in judicious newspaper advertising is one of his best investments.

**HADN'T THE PRICE**

Returning home from the dentist's where he had gone to have a loose tooth drawn, little Raymond reported as follows: "The doctor told me 'fore he began that if I cried or screamed it would cost me a dollar, but if I was a good boy it would only be fifty cents."

"Did you scream?" his mother asked. "How could I?" answered Raymond. "You only gave me fifty cents."—Continued.

Property is the fruit of labor; property is desirable; is a positive good in the world. That some should be rich shows that others may become rich, and hence is just encouragement to industry and enterprise. ## Editorial Notes

Some of the newspapers which are evidently prepared to endorse the doings of the provincial government through thick and thin are endeavoring to befend what is known as the "Amusement Tax", and their defence is certainly most amusing. This particular brand of amusement may not be included under the provisions of the "Act"—although most taxing to the intelligence of readers of such journals. To the unbiased mind it would appear that the community directly interested ought to be as well qualified to judge of the quality of amusement required or safe as the officials at Halifax, and that any income obtained for the privilege of carrying on a show or entertainment should properly belong to the community paying the bills and furnishing the accommodation and protection.

The attitude of certain classes in Canada toward the idea of conscription may not be regarded as very important now that "peace on earth" once more prevails. If war should again rear its horrid head, however, the silliness of the claim that conscription should only be enforced when the people generally have pronounced themselves in favor would be very apparent. When the country is engaged in a struggle for existence every possible resource should be available to those who are for the time responsible for a successful issue. It is surprising that those who claim to be intelligent should hold otherwise.

THE ACADIAN commends to its Wolfville readers the letter of Mr. A. J. Mason, which appears in another column, and bespeaks for the W.A.A.A. the hearty support of citizens generally. The importance of the place of athletics in the life of a community is better recognized today than ever before. Outdoor life and healthy recreation is a great aid to physical, mental and moral conditions, and the community benefited thereby. Citizens should get together in this matter and each do "his bit" to promote the interest of good, clean sport in Wolfville.

The people of Berwick and Western Kings are to be congratulated upon the progress they are making in the hospital enterprise they have in hand. On July 20th, the corner-stone of the "Western Kings Memorial Hospital" was laid with due ceremony by Judge Webster, of Kentville, returned soldiers forming a guard

of honor. An excellent location has been selected for the hospital on the north-west corner of the Camp Grounds and the work of construction will proceed as rapidly as possible. Wolfville had the chance of being first in the endeavor to keep green the memory of its fallen heroes and permanently recognizing the good work done by all our brave boys in the Great World War through this means, but fell down on the job. THE ACADIAN which was the first to suggest the undertaking here, heartily congratulates the people of Western Kings on their enterprise and wishes for them abundant success in the good work they are so enthusiastically carrying on.

The fact that so many persons charged with capital offences in Canada during the past year have escaped conviction is undoubtedly due in large measure to the public disapproval of the death sentence. The public mind revolts at legalized murder and apparently prefers that the guilty should go free rather than be a party to such an outrage.

## N. S. TENNIS TOURNAMENT

## BOY SCOUT NOTES

Next Wednesday afternoon it is expected that the Tuxis Boys of Bridgetown will play the Wolfville Tuxis Boys for the championship of the Valley Tuxis League.

Bridgetown has defeated Digby in two games and Middleton has dropped out as they find it impossible to place in the field a strong enough team of all Tuxis Boys.

All Boy Scouts and Tuxis Scouts who wish to attend camp must hand in their names at the Club Room this evening. They will leave for camp at nine o'clock a.m. on Monday, the 15th.

All luggage and supplies will be sent out by truck and it is hoped that the good friends of the boys will, as in former years, furnish transportation for them. All who are willing to do so please send in their names as soon as possible to Mr. Edson Graham, as the Scoutmaster will be away during next week.

## OUR SEWER

To the Editor of THE ACADIAN.

Dear Sir:—I know of no other way than through the medium of your valuable paper to catch the ear of the powers that be, who have closed their eyes and held their breath when they came in touch with our open sewer, in this beautiful town, that has a reputation of being the joy of all the earth.

Should we not as Citizens guard with jealous care our sanitary conditions. Within one hundred yards of the new Gymnasium, two hundred yards from Main street, we have the plague spot of our town. When visited the other night we beheld a sight that is a standing disgrace to any town. The millions of organisms breeding in that Vile Cesspool, the poisonous stink we experienced in making our examinations, is a menace and public nuisance.

Mr. I. B. Wallace, of Hantsport, has been appointed a delegate to the Northern Aluminum Wear-Ever Convention at Moncton, commencing tomorrow. Mr. Wallace is down for two addresses. Mr. and Mrs. Wallace are motoring to Moncton.

At a meeting of the Town Building Committee held on Wednesday evening it was ordered that the work of placing the brick veneer on the new garage of the Acadia Automobile Agency be completed at once. Permits were granted to Rev. E. S. Mason for constructing a dwelling-house on Highland Place and to Mr. A. C. Johnson for an addition to his stable on Gaspereau avenue.

Bridgetown Monitor.—Rev. and Mrs. Clyde Robbins and two children and Mr. Robbins' mother, Mrs. James Robbins, arrived here via Monday's express from Yarmouth. Mr. Robbins is the new pastor of the Bridgetown Baptist church. He is not only one of the best preachers in the Province, but is a very public-spirited citizen who will be always found ready to assist any cause which is for the good of the community in which he resides. We heartily welcome Mr. and Mrs. Robbins and family to our town and trust that their stay here will prove a pleasant one. He preaches his first regular sermon in Bridgetown next Sunday morning.

The pulpit of St. Andrew's church was occupied last Sunday morning by Rev. F. M. Milligan, of Halifax, Maritime Field Secretary of the Presbyterian church in Canada, who delivered a most interesting and timely address on child training. The speaker forcibly demonstrated the need of more and better religious instruction being given the young people of our country, and presented truths that must have made a lasting impression on his hearers. A delightful vocal solo was rendered by Miss Doris Chambers.—At the evening service the speaker was Rev. P. A. Walker, of Amherst, who gave a helpful sermon which was greatly enjoyed by the congregation.

Prof. Judson B. Coit, aged seventy-two, senior member of the faculty of the College of Liberal Arts, Boston University, died, Tuesday, July 26th, in Melrose, Mass., after a long illness. He had been connected with B. U. since 1882 and was retired as professor emeritus at the close of the present year. Professor Coit had been professor of Mathematics and astronomy from 1902 to 1915, when he confined his work to astronomy. He was also dean of the Graduate School for a time. He was well known in the world of astronomy and contributed to a number of astronomical publications. He is survived by one son, Dr. Wilbur Coit, professor of mathematics at Acadia University.

Wolfville is to have a real tented show on Monday next. The performance will be held on Mr. E. C. Johnson's lot, west of the campus. See the announcement in another place in this paper.

**WINDSOR WINS CHAMPIONSHIP**

The two protests against the Kentville baseball team, one from Windsor and one from Berwick, were given a hearing at Bridgetown on Thursday of last week. The executive of the league, after examining the evidence, sustained both protests and ordered the games to be re-played on neutral grounds.

Kentville met Berwick on Monday at Middleton is a closely contested game which resulted in a win for Kentville, the score being 5 to 1. Kentville made all their score in the fourth innings.

The final game of the series was played at Berwick on Wednesday when the Windsor team defeated Kentville by the score of 16 to 6. This game gives the championship of the eastern section of the Valley League to Windsor, who went through the series without a defeat. The standing of the teams at the finish is as follows:

	Won	Lost
Windsor	6	0
Kentville	4	2
Berwick	2	4
Wolfville	0	6

Windsor will meet Middleton, champions of the western section, on Monday in a contest to decide the championship of the Valley League.

**BOARD OF HEALTH**

There was a short meeting of the Board of Health at the close of the Council Meeting on Wednesday evening, at which Dr. G. E. DeWitt, Health Officer, reported on the sanitary conditions of the town. A number of cases were referred to where immediate action is necessary and the Board by resolution instructed the Health Officer to see that the regulations of the Health Act are complied with in every particular.

**TO A THIEF**

On a certain night last week a friend of mine called at my residence, no one being at home at the time, and took from my flower garden fifteen geranium plants, in bloom. Kind neighbors saw the act and know the thief. I do not care to take legal proceedings, but should this be repeated the friend will have a chance for a few years at our public institution at Dorchester, picking oakum.

### Wolfville in 1838

The following letter which appeared in the Halifax Herald at the time of the celebration of the Jubilee of Acadia University in the year 1888 will, we feel sure be of much interest to readers of THE ACADIAN:

**Wolfville Fifty Years ago**  
To the Editor of the Herald:

Sir,—In a recent number of the MORNING HERALD, I saw an interesting article upon the "Acadia College Jubilee," comprising what purports to be a true list of the houses which comprised Wolfville fifty years ago. I find that this list is slightly inaccurate. Will you allow me to furnish my list? For I remember every building in Wolfville, to be seen in the spring of 1838, as vividly as if I had passed them in review and counted them no longer ago than yesterday.

Commencing at "Willow Valley" or "John Johnston's brook"—which, I believe, exists as a brook no longer—and on the left hand side of the highway, the first house, on the brow of the hill, and some distance back from the road, was occupied by a man known as "Scotch Stevens," who had some deaf and dumb children.

Next, also well back from the road, George Johnson's. Then in order,

William Johnson's, M.P.P., and Percy M. Benjamin's life-long political antagonist.

The house of "Mrs. Judge" DeWolf, close by Elisha DeWolfe's shop and the post office.

William DeWolfe's.  
A low brick-walled, gambrel-roofed farm house, occupied by a man named Trainholme.

A little old house on the academy ground and opposite the academy gate, occupied by "Mrs. Joe" DeWolfe.

Another low, old house close by the eastern boundary of the academy grounds, occupied by Luie Franklin, an Irish shoemaker.

Jonathan Graham, inn keeper.  
Two small old houses, some distance eastward off the burying ground, which adjoined each other; the most western occupied by—

Wallace and an old gentleman named James (?) Graham, a brother, as I always understood, of the above named Jonathan Graham, and from which James, as I have also understood, the academy—now the college—grounds (50 acres) had been purchased. The most eastern of these two old houses was then occupied by Lewis P. Godfrey.

Thomas Andrew Strange DeWolfe's shop, T. A. S. DeWolfe's house.

Robert DeWolfe's house, afterwards enlarged, and eventually converted into an inn. Crossing Mud Bridge, the next house, still on the left hand side of the street, was that of Rev. Theodore Harding, Baptist minister.

Daniel DeWolfe's, afterwards owned and occupied by Dr. Lewis Johnstone.

A carpenter's shop, close under church hill.

The Anglican church, Woodman's.

Wickwire's, I forget which of these two came first.

A grimy looking old house, used as a grog shop. I never knew the occupant's name.

John Scott's.

Returning to the valley of Johnson's brook and taking the right hand side of the street, the first house—an old two-storey building—was F. Elderkin's.

Next, a white, one-storey house, whose occupant I forget, but think the name was Forsyth.

Mrs. Barss's—mother of John W. Barss. Elisha DeWolfe—then quite a new house.

The academy.  
Close upon the street and about midway of the width of the academy—now—college—lot, was "the old yaller house."

Here was originated the "Horton academy", eventually developed into Acadia College. When I first knew it, it was a somewhat nasty tenement house. Next proceeding east.

The Baptist church, at the junction of Gaspereau road.

A house—I think vacant, in 1838, but afterwards occupied by Lewis P. Godfrey, E. Fowler—a two-storey house, bearing the sign "Temperance Inn."

Stephen B. DeWolfe—house and shop.  
A small house, owned, I think, by Stephen DeWolfe and occupied by one McIntosh.

At the west end of Mud Bridge—Woodworth's house and carpenter's shop.  
At the east end of ditto, Israel DeWolfe's house and blacksmith's shop.

Two-storey house of Charles Randall's, occupied by Mrs. Best as a young lady's seminary.

Charles Randall—cottage.  
Dr. Edward S. Brown—drug shop and surgery.

House and carpenter's or carriage-maker's shop, of the brothers Armstrong; the house and garden sold to, and taken possession of by Thomas Soley, when in the academy, in the spring of 1838. The shop afterwards converted into a dwelling of James Armstrong.

On slope of church hill, a house occupied by "Aunt Abby" DeWolfe.

Andrew Dwight DeWolfe.  
Rev. W. Clarke—Church of England.  
Scott's general assortment shop, at the corner of Gaspereau and Lower Horton roads, and opposite his residence.

This, I believe, comprised what is called Wolfville; and such is what it was in 1838. I myself became a pupil of the academy.

about the 1st of February, 1838; and I believe I was about the youngest boy there at the time, Acadia College—at first called Queen's College—was organized late in the autumn of the same year.

Of all my fellow students, who were in the academy previous to the founding of the college in 1838, I can recollect of but three, besides myself, who are now living. These are Sir Charles Tupper, who left the institution before the college was founded, and never returned; Lewis Johnstone, M.D., of the Albion Mines, Pictou, who graduated in it; and Charles Martyn Nutting, of Halifax. There may be others, but if so, I cannot recollect them.

Again,—of those who were, in after years, my fellow students in college after I had matriculated, I can recall the names of but three who are still living. Indeed, I am not quite sure that they are all alive.

These facts lead to sad reflections. I am sorry that I had not known sooner of these intended jubilee arrangements. I would, in that case, have strained a point to make a visit to Wolfville on such an interesting occasion. Still the pleasure would have had an alloy of pain.

Yours,  
P. S. HAMILTON.  
Yarmouth, August 27th, 1888.

### CALIFORNIA FRUIT INFERIOR TO CANADIAN

Says Trade Commissioner.

Canadian canned fruits have in general a better flavor than Californian, though the appearance of the latter, no doubt due to climatic reasons and methods of packing, is superior, it is stated in a bulletin of the Department of Trade and Commerce by Major Gordon B. Johnston, Canada's trade commissioner in Glasgow. He says further that Canadian packers pay too little attention to the important matter of grading, both in size and quality. For this reason alone, he asserts, a large amount of business which might be Canadian is allowed to go to California.

### THE MODERN MARY

Mary had a little calf that she found was a scrub.  
She sold it, bought a pure-bred one, and joined the Girl's Calf Club.  
To-day her other pure-bred calves sport ribbons from the show,  
And little Mary may be seen in her own big auto.

—Thos. McGillicuddy.

When a man says that a college education isn't worth anything he is calling attention to the fact that he has become great without one.

# The Monthly Cheque That Never Fails

## How the Money was Lost

"You see I had only a few thousand dollars left after the estate was settled—"

and my brother borrowed some to help him along; of course that went and then—"

I simply had to help father with his business, he was so worried—"

and I thought it best to invest something in real estate at once. Well, that failed—"

and, really, if it were not for the monthly income cheque from the Canada Life I don't know how I should be getting along now."

It is all so simple and effective!

Just a few dollars set aside regularly, and the Canada Life will guarantee to your home a continuous monthly income.

While you will probably live to draw the proceeds of the policy yourself, what a relief to know that no matter what may happen, the monthly cheque that never fails, issued regularly by the Canada Life, will come to your home.

Your present Life Insurance will no doubt "clear the mortgage," pay off the obligations of your estate, and leave something for your family, but

## Consider This:

In addition to a "lump sum" of money, you should provide a definite income that cannot fail.

A weekly or monthly income is the natural thing for most people.

A woman can keep a family together on even a small income, provided it is regular.

Financial problems should not be thrust upon a woman who is not used to business deals.

The hands of unscrupulous men are always outstretched for money held by the unwary.

## The Monthly Income Plan

You will be surprised to learn what a reasonable proposition can be made to you; how only a few dollars saved and set aside from your regular earnings can be multiplied into a substantial income for your Beneficiary.

**NEW FEATURES FOR THE EXHIBITION**

Something new and novel in lighting effects is being planned this year for the St. John Exhibition, which opens its doors on September 3, and which promises to be the biggest fair in history.

A ship's mast is to be erected in the centre of the grounds, with yards complete, and will be completely lighted, thus making the open spaces, during the evening, light as day. Another change of importance is the removal of the poultry department from underneath the grand stand, to a space in the Agricultural Hall. The space underneath the grand stand is to be a part of the Mid-Way, thus relieving the congestion on the road in the rear, and giving more space for mid-way attractions.

Announcements of importance regarding the amusements booked for the fair are now made. The exhibition has secured some of the most famous acts in the museum world, and those who attend the exhibition are sure of a rare treat.

P. C. Bonnette, the King of Parachute jumpers, will give daily exhibitions in front of the grand stand, rising to a height of nearly a mile in the balloon and making several successful drops from parachutes. Mr. Bonnette has an experience of many years in this particular act, and has had several narrow escapes from death.

Also coming for open air performance is the famous baboon family. These educated simians will convince many sceptics of the truth of the Darwinian theory, and they wind up their last performance with the famous barber shop scene.

Also there is a trick bicycle act, and a high wire act, both of comic nature, and the Malia-Barte Troupe, the slap stick team with the successful record of three years run at the New York hypodrome.

Manager Porter reports the live stock filling up, with several inquiries from Ontario and Quebec exhibitors, who have never before shown in St. John.

Further interest is being taken in the announcement that an exhibit of fisheries will be made by the Canadian Government, being most complete of the kind. Some years ago there was an exhibit of this kind, and crowds were always thick about the tanks where the live fish were displaying themselves. This is also a feature of the National Exhibition held at Toronto every year.

Plans are being completed for the N. B. Kennel Club show in connection with the Exhibition. Announcement has already been made that a special effort will be put forth to bring some of the best Nova Scotia dogs to the show. It will be of interest to Nova Scotia owners to know that a special trophy in the form of a handsome silver cup will be offered for the best dog owned in the Province of Nova Scotia.

As the work proceeds and plans mature, the fact is becoming evident that the St. John Exhibition will establish a new record this year in illustrating the agricultural, live-stock, industrial possibilities and natural resources of the Maritime Provinces.

**VALUE OF FORESTS**

Canada is one of the greatest forest countries of the world. Much of our Canadian soil is unsuited for farming but is capable of growing magnificent timber. Our forests provide work which maintains half a million people. They give work, too, for our sailors and railway men and furnish business for our merchants and bankers. All citizens can assist in taking care of our forests and, particularly in protecting them against fire.

Those Having Sick Animals SHOULD USE

Good for all throat and chest diseases, Distemper, Garget, Sprains, Bruises, Colic, Mange, Spavins, Running Sores, etc. etc. Should always be in the stable—SOLD EVERYWHERE.

**EVERY CITIZEN SHOULD HELP IN THE WORK**

Are you proud of your town? Do you think it is a fine place in which to live and do business? Do you feel a sense of satisfaction when sightseers from other towns and cities drive past your own home and notice your yard with its shrubbery and flowers and lawn, that makes a fitting setting for your attractive, well-kept home? Well, you know that one swallow does not make a summer, one single clean and attractive home will not impress visitors, except to show the hideous contrast of its surrounding neighborhood. It is the whole neighborhood and the whole town which furnish visitors their impressions and estimates of the conditions of the business and property values and prospects of your town. The cleaner you keep you premises the more interested you should be in seeing that the whole town is kept clean to match your own standards. That is not only a proper civic pride, but it is your right to expect cleanliness and orderliness all around you for the protection of both your health and your property. Every citizen in Wolfville should lend his assistance and co-operation in a cleaner and better Wolfville.

**ELEPHANTS' CARRY BLUE BIRD**

One of the noticeable features of the big Sells-Floto Circus Parade at most points in the Maritime Provinces recently was the herd of fine elephants carrying on the back of the biggest a banner advertising Blue Bird Tea.

The appropriateness of this, in view of the native home of the elephant and the tea, so struck Herman Joseph the noted clown that in many places he made a feature of introducing remarks about Blue Bird Tea into his lines, sking his audience if they tasted the tea which "Brings Happiness."

Is there a remedy for this needless destruction of timber and other natural resources such as we are witnessing almost every day? Yes, and a very simple one. It may all be summed up in the pertinent phrase, "Help Protect The Forests—Be Careful With Fire." This done, seventy-five per cent. of our forestry problems will be solved.

"Accepting a position" has gone out of fashion, and "hunting a job" has come in.

**EXTENSION OF CANADA'S SEED TRADE**

During the year 1920 Canada's export seed trade made a considerable advance, owing in no small degree to the efforts of the Dominion Department of Agriculture and the Department of Trade and Commerce. The Canadian Trade Commissioners supplied lists of prospective customers abroad for Canadian seed. These were communicated with and their requirements placed before Canadian exporters. In this way an increased export of seeds was brought about to the United States, Great Britain, France and Newfoundland. To Ireland alone approximately 100,000 bushels of fibre flax seed, worth about \$1,000,000, was exported. In British Columbia, field root and garden vegetable seeds, amounting to 150,000 pounds, were marketed through the United Seed Growers, Limited, Peniticon, B. C. Some 75,000 pounds of mangel, swede turnip, and field carrot seed, grown by the Experimental Farms, were sold at current wholesale prices to farmers' organizations and individual farmers. It was deemed advisable to confine the marketing of this seed to Canada, so that farmers might have the exclusive advantage of using this high quality seed. Circulars detailing the available seed potato supplies in Prince Edward Island, Nova Scotia, New Brunswick and Quebec proved an important factor in relieving the shortage in Ontario. Demonstrations conducted on 117 farms in Ontario and Quebec with mangel and swede turnip seed resulted in showing the superiority of home grown seed over foreign. Seed laboratories are now maintained by the Dominion Department of Agriculture at Ottawa, Winnipeg, and Calgary, and at those points some 28,000 tests were carried out. Samples of wheat, oats, barley, timothy, and clover were tested for vitality and, at Calgary, investigation was made into the effect of frost on germination.

**REPORTS ON APPLE CROP**

AUGUSTA, July 23.—Drought has hit the apple crop in Maine, causing in some sections a noticeable thinning. Frank H. Dudley of Auburn, State horticulturist states from his observations. In some places the Ben Davis and MacIntosh Red were affected only enough to cause a good thinning and in some sections the MacIntosh Red and Ben Davis only dropped enough to give the best crop results.

"The color of the fruit for the season is extra fine and where the trees have been cared for, there seems to be a good prospect for the best fruit Maine has ever raised," says Mr. Dudley. One of the experiments of general interest that Mr. Dudley is making is to show how the dusting method will control the apple maggot or railroad worm, as it is claimed in other States where it has been tried, that it will do. The dust applied at this time will not only control the apple maggot, but will take care of the late broods of codling moths, apple scab, sooty blotch and curculio.

People who think the newspapers print poor stuff should see what they don't print.

**CANADIANS MAY ENTER U. S. WITHOUT PASSPORTS**

WASHINGTON, July 31.—An executive order promulgated today provides that citizens of Canada, Newfoundland, Bermuda, Bahama Islands, St. Pierre and Miquilon, may enter the United States from those countries without presenting passports, identity cards, permits or other similar documents. The order also discontinued the issue of border permit cards to alien either for departure from the United States or for entry therein through Canadian border ports.

**Personal Paragraphs**

Mr. H. E. Calkin returned on Monday from a trip to Montreal.

Mrs. W. A. Chipman left yesterday to spend some time in Digby.

Miss Kathleen DeWitt returned home last Friday from Deep Brook.

Miss Grace Farquhar, of Weymouth, is visiting her friend, Miss Ruby Elderkin.

Capt. and Mrs. John Pratt and family are having an outing at Evangeline Beach.

Mrs. Thomas Roach, of Halifax, is visiting at the home of her son, Dr. J. T. Roach.

Mrs. W. O. Taylor and Mrs. E. R. Redden are attending the Camp Meeting at Berwick.

Mrs. L. D. Bond, of Bangor, Me., is visiting at the home of her niece, Mrs. H. B. Bowly, Starr street.

Miss Bars and Miss Fitch went to Halifax on Wednesday and will visit with friends in that city.

Miss Gladys Vaughn arrived on Tuesday from New Hampshire and will make a brief visit to her home here.

Miss Lillian Taylor returned home on Monday from Parrsboro where she has been spending a short vacation.

Rev. E. M. A. Bleakney is supplying the pulpit of the Windsor Baptist church the first two Sundays in August.

Mr. Lordy, of the firm of N. H. Phinney, Ltd., left Saturday on a vacation trip to Halifax and South Shore points.

Mrs. Cecil Pickhard, of Boston, Mass., arrived home on Monday to attend the funeral of her father, the late Fred H. Christie.

Misses Beryl and Margaret Hayden, of Jordan Falls, Shelburne county, were visitors last week at the home of Mr. and Mrs. W. E. Fielding.

Dr. and Mrs. J. T. Roach left on Wednesday for a three weeks motor trip to Andover, N. B., during which time Dr. Roach's office will be closed.

Dr. and Mrs. W. H. Thompson are spending a few weeks up the St. John River, where the former is promoting the interests of Acadia University.

Rev. Dr. MacDonald, pastor of the Baptist church, left on Tuesday morning to spend a month of well-earned holidays at his old home in Cape Breton.

Miss Grace Meighen, who has been visiting at the home of Mr. and Mrs. P. W. Davidson, returned to her home in Hoboken, N. J., on Saturday last.

Mr. and Mrs. Cunningham and the Misses Anderson, of Annapolis, were over Sunday visitors at the home of Mr. and Mrs. George Anderson, Westwood avenue.

Mrs. Kennedy Ranson, of Louisburg, C. B., arrived in Wolfville on Monday morning, being called home by the sudden death of her brother, the late F. H. Christie.

Mr and Mrs. Ernest Johnson, Miss Hilda Johnson and their guests, Mr. and Mrs. Harold Fleming, of Halifax, returned Sunday from a motor trip to Chester and Yarmouth.

Capt. John Pratt returned on Saturday from a ten days visit to New York and Boston. Capt. Pratt reports that he never experienced such hot weather as during this trip and hopes never to do so again.

Miss Winnie Kinsman, of Sheffield Mills, who had been visiting in Truro, returned home this week. On the way she was the guest at the home of her uncle, Mr. J. E. Kinsman, Westwood avenue.

Miss Bessie Hatfield, nurse at Acadia Seminary, who has been on a trip to British Columbia with her sister, Miss Hatfield, of Halifax, has returned to Nova Scotia. Both ladies arrived in Wolfville on Wednesday afternoon.

Mr. Ralph Creighton, Manager of the Royal Bank, is enjoying a two weeks vacation which he is spending with his family in a motor trip on the South Shore. During his absence his place is filled by Mr. F. L. Crockett, of Halifax.

Mr. W. M. Manning motored from Amherst on Friday and spent the week end at the home of Dr. and Mrs. G. E. DeWitt. Mr. and Mrs. Manning, accompanied by Miss Marguerite DeWitt, left Tuesday on a motor trip to Halifax and Chester.

Mrs. H. D. Johnson returned on Saturday last from a visit to her old home at River Hebert. During Mrs. Johnson's visit the death of her mother took place very unexpectedly, and her many friends in this vicinity sympathize with her deeply in her bereavement.

Miss Hilda Kinsman, who has been visiting friends in Sackville, N. B., returned home on Wednesday. Miss Kinsman has been appointed to a good position as instructor of violin at London, Kentucky. She is a clever graduate of Acadia Seminary and a daughter of Mr. and Mrs. J. E. Kinsman, Westwood avenue.

Miss Emily Godard Taylor, of Philadelphia, who with her sister has been spending the summer at the Colonial Arms, is at present the guest of Miss Rosamond Archibald. Miss Taylor has made important contributions to juvenile literature and we may expect something from her pen some day that shall embody the beautiful qualities of our own province.
