RACE OF ARMAMENTS OUTLOOK IS BRIGHTER

Prof. De Lury Said British Subjects Have Duty to Do in Crisis.

The University Polity Club is not an anachronism at the present time, according to Archdeacon Cody and Prof. Alfred T. DeLury in the address at the first meeting of that organization in the Central Y.M.C.A. last evening...

The question of Empire, declared Archdeacon Cody, was whether there was such a thing as international law...

"The continued life of the British Empire is at stake," exclaimed the archdeacon. "If we go under today, we go under forever."

FRENCH CAVALRY NOT DESTROYED

VERDUN NOT PRESSED

Investment of Fortress Not Yet Really Attempted by Enemy.

Canadian Press Despatch. PARIS, Oct. 14.—An official announcement this afternoon said: "While it is not our custom to reply to the inaccuracies of the German press, it seems to us proper to denounce the false news published in certain German newspapers concerning the supposed destruction of two divisions of French cavalry. This information is absolutely erroneous. The truth is that certain forces of French cavalry, with supports, had been engaged for several days along the front at La Bassée, Estaires and Bailleul. The German cavalry succeeded in making a very slight advance between the canal of La Bassée and the Lys, but they were obliged to draw back in the territory north of the Lys."

Losses About Equal. "The losses sustained by the German cavalry are assuredly as perceptible as our own. One of the German divisions suffered particularly, because it was pursued during one entire day by our aviators, who did not cease to throw bombs down upon the troops."

"Another case is the fact that the Germans announce that they are undertaking the investment of Verdun. In this instance, also, to learn the truth, it is sufficient to refer to the situation as set forth in several different occasions, in the French official communications."

"The German attack on Verdun, up to the present time, in hurrying themselves against the fortified position of Verdun. They have, however, made two false attempts to envelop a considerable distance, and have been forced which are operating around Verdun. One of these efforts was characterized by the attempt to go thru the Argonne forest between Marville and Varennes. It will be recalled that this movement failed, with very important losses. We did not even announce at the time that two German battalions had been annihilated in this engagement."

"The other German failure, on the part of the Germans, was their attempt to make a greater numerical strength in the direction of crossing the Meuse in the town of St. Mihiel. If the Germans succeed in reaching this river on the front between Malsay and Chauvignot, all their efforts to advance further to the north will be frustrated. These German forces found themselves caught on the flank by detachments of our troops, which advanced from the south to the north thru the southern section of the Meuse and thru the southern section of the Woëvre district."

Austrians Always Flee Before Determined Charges of Infantry.

Canadian Press Despatch. LONDON, Oct. 14, 2.30 p.m.—The official information bureau today issued the first report of Bernard Farnes, professor of Russian history and literature at the University of Liverpool, who was appointed by the British Government to accompany the Russian armies in the field. The report follows:

"I approached Russian headquarters as the bugle sounded every evening prayers. The atmosphere here is one of complete simplicity and homeliness. Our small party includes several distinguished journalists from the more important Russian papers, as well as several eminent French, American and Japanese press representatives."

"We found the grand ducal train on the sidetrack. It was spacious and comfortable, but the apartments were simple. We were received by the grand duke in the general staff, one of the youngest lieutenant-generals of the Russian army. He spoke very simply of military conditions, of the common task and of his belief in the full cooperation between the public and the press."

Campaign of Silence. "The grand duke then entered. His light step, bright eye and imposing stature were not swayed up by his easy cavalry uniform."

"Speaking to the newspapermen the grand duke said he regretted that he would not be able to show them all he would like. Absolute silence regarding military secrets dealing with the plan of campaign was an essential part of the duty. The grand duke then told his lieutenants that they were to be sent to the front."

"We were then invited to join the general staff for dinner in their restaurant. A notice forbade smoking in the restaurant under a fine of three pounds for the wounded. There were heard several wounded warriors by members of the party. There was no alcohol on the table, in accordance with the temperance edict of the grand duke and the chief of the general staff."

"The facilities given us are all that can be granted at the present state of operations. Today, Oct. 12, I visited several weeks in the rear of the Russian frontiers. I was particularly struck by the temperance edict of the grand duke and the chief of the general staff."

"The facilities given us are all that can be granted at the present state of operations. Today, Oct. 12, I visited several weeks in the rear of the Russian frontiers. I was particularly struck by the temperance edict of the grand duke and the chief of the general staff."

"These prisoners evidently felt nothing antagonistic. They struck me as simple men, who had suffered through civic duty under either the grudge or any distinctive national feeling."

"I spoke with several Russians who had been badly wounded in their first days of fighting, especially at Krusnoyarsk. They were all very brave and they were all very patriotic."

"All agreed that the Austrians never could put up resistance to the Russian bayoneting. This was particularly noticeable in the fighting. As one sturdy fellow put it: 'They don't charge us; we charge them and they clear out.'"

"I was most of all impressed by a frail lad of 20 years, who looked like a mere boy. He was not wounded and he had been back simply because he was worn out by campaigning. He said to me: 'They are not on my side; I ought to be where they all are.'"

"One feels as if a great wave was rolling forward, driving these men on. I am sure that most of these young fellows have been receiving attention behind the advancing armies. There was one instance of a heroic officer from the front."

GUN DANGEROUSLY PLACED.

"Accidental death" was the verdict brought in last night by Coroner Dr. Brand of West Toronto, after a jury had concluded the inquest touching the death of W. Cox, who was shot while in a boat hunting along with a man named Leadbetter. It was found that the gun had been placed in a dangerous position. No blame was attached to Leadbetter.

CHINAMAN INJURED.

Tong Sing, 525 West Bloor street, fell from a moving street car, crossed the College street last night and received a broken thigh. It is also feared that he has a fractured skull. He was taken to the General Hospital in the police ambulance.

Poverty Here is Frightful,
Wrote Girl From Cologne
in Early September.

THOSE LYING ENGLISH"

Educated German Can See No
Just Reason for Britain's
Participation.

Constance M. Ramsey, 13 South
ave, has received a letter from Ger-
many, which, if its views represent the
ing of the German educated middle-
class, is one more proof that the present
is being waged against the German
as a whole, kaiser and sub-
jects alike. The letter is from a girl
school friend living near Cologne, and
in the German tongue. It was
written on September 7th, the day the
was reported to be leading the
back on Nancy. The writer alter-
tively detests and despises the Eng-
lish, who, she says, fly even faster
in the French before the German
advance.
It is significant that this German
referred to the poverty of her
as "frightful," in a letter written
weeks ago. Poverty does not de-
ease in the course of a war such as
many is waging.
A translation of the letter follows:
At last I have a chance of writing
you. I have met an American lady
who is leaving for the States this
day who will post this letter for me.
You will have read in the papers
all that has happened here, but
so, you cannot have an idea of
reality. Nobody here had thought
for two months ago and the ex-
pected the first few days was more
in you can imagine. I wish you
could have seen the enthusiasm of our
sisters when they left for the front.
Those Lying English!
I haven't the least idea what is the
ing of the Canadians, but in any
case I am sure you never hear the
truth from those lying English. This
Mr. Grey knows how to lie like
chief! Of course England wanted the
war. You will no doubt read of the
that things the Germans are doing,
but you mustn't believe half of it. The
English are saying that the Russians
in Berlin and that the kaiser is
ad!
It is too awful the way we are sur-
rounded by enemies. That the French
ing we have always known, but it
the English who are unfaithful. They
we always pretended to be our
ends, and now they declare war
against us with absolutely no just rea-
son. You cannot imagine how we de-
test the English.
Germans Crazy With Joy.
It will certainly interest you to
know where our armies are now, for I
quite sure you have not been told
the truth. First, we have taken Liege
six days after mobilization), then
Amur, then Brussels; just now they
are fighting at Nancy, where the kaiser
is. Everyone is quite crazy with
joy, as so far we have had nothing
but victories; if only there weren't so
many dead and wounded. The Rus-
sians are much stronger than the
French, but they must also be beaten.
It is too amusing to hear the stories
of the wounded. They say that the
English are very brave from a distance,
but as the Germans advance they run
fast as they can. As for the Eng-
lish, they fly even faster than the
French at the sight of our soldiers.
What a Chance!
"Are you also sending men to held
England? What an occasion it would
be for you in Canada to revolt against
English and become an empire of
your own; but I suppose you would
never dare."
"The poverty here is something
frightful, all the factories have closed
down. I am working in the hospital
from 7 a.m. till 8 p.m.; it is frightful-
ly tiring, but I am thankful to have
something to do."

Tow Serdan, a Russian, has not been
to get to his native country to fight.
He is evidently determined to do what
he can for you in Canada to revolt against

MONTREAL, Oct. 14.—On motion of

cused of sending orders to the United
States for material which may be pro-

the business world. This stress, the
mayor said, could be relieved to a very
great extent by the imperial authorities
giving Canadian companies a chance to
supply the present requirements of the

an overlapping and a great waste of

Allowed.

Canadian Press Despatch.
ROME, via Paris, Oct. 14.—(9.55 p.m.)—
Despatches received here by way of the
frontier from Sarajevo, Bosnia, say that
the town is virtually in a state of siege
owing to the circumstances surrounding
the trial of Gavrilo Princip, the assassin
of Archduke Francis Ferdinand and his
wife, and Princip's twenty-one accom-
plices. The men are being tried on a
charge of high treason in connection
with the assassination.
Terror reigns everywhere in Sarajevo,
it is said. The police have taken extra-
ordinary precautions and the whole gar-
rison is being kept in readiness for any
emergency. According to the laws the
trial is open to the public, but in reality
the space reserved for the public is be-
ing entirely occupied by police agents in
civilian clothes. Telegraphic reports of
the trial are prohibited, except those of
the official agency.

**PORTUGAL WILL
MOBILIZE ARMY**

Declaration of War Against
Germany Believed to Be
Imminent.

TURKEY IS ON BRINK

Recently Purchased Warships
Likely to Precipitate
the Trouble.

Canadian Press Despatch.
LONDON, Oct. 14.—There was every
indication today that Turkey and Por-
tugal would be drawn into the war.
Portugal has not declared war on Ger-
many, as was reported earlier in the
day, but a partial mobilization of her
forces will be ordered tomorrow, and
martial law has been declared in
Portuguese Congo.
Portugal has an alliance with Great
Britain, but this is purely a defensive
one and was negotiated for the protec-
tion of Portugal and not with the
idea that Portugal should ever be called
upon to come to the assistance of
Great Britain. However, the sym-
pathy of that country is known to be
with the allies, and she has had some
small difficulties with the Germans in
Africa. A short time ago a German
officer, suspecting that the Portuguese
were instigating unrest among the
German natives of East Africa, crossed
into Portuguese Nyassaland and killed
a Portuguese sergeant and four na-
tives.
The former German cruisers, Goeben
and Breslau, which sought refuge in
Turkish waters when driven out of the
Mediterranean by the British and
French warships may be responsible
for the involvement of Turkey. Altho
these ships were ostensibly sold to
Turkey, they are still officered and
manned by Germans and have been
cruising off the Roumanian and Bul-
garian coasts of the Black Sea, where
the Russian Black Sea fleet has been
for some days, and should the Russian
warships sight the Goeben and Breslau
an engagement would be probable.

against E. E. A. DuVernet of Toronto.
A similar action was also entered by
the company against Mark Bredin for

L. H. Walton is suing Elmer C.
Phipps, John Blackhall, Frank Rowe,

terial, work and wages in the con-
struction of five pairs of residences
on Kingsmount Park road. The total
contract price was \$23,788.50.
The Medical Art Publishing Com-
pany of New York entered an action
against the J. F. Harris Company of
Toronto to recover \$3706, alleged due
for 366 sets of "The Stereoscopic Skin
Clinic."
To recover possession of 21 Amroth

issued a writ against Alfred Woods.
The Consolidated Fencing and Sup-
ply Company are defendants in an
action brought by Neelys Limited
to recover \$6,804.02, alleged to be
due for money paid by them at de-
fendants' request.

Ryckman v. Foster; Saakatchewan v.

In the second division appellate
court the following cases are down
for hearing:
Wentworth v. Hamilton; Re Mes-

Turner v. East; Harper v. Deeks;
Prier v. Prier.
Czar's Sister a Nurse.

ped with drugs, Roentgen apparatus
and operating rooms, the sister of
Emperor Nicholas, Grand Duchess
Olga Alexandrovna, who for two years
went thru the full preparation, is
working as a Sister of Mercy under
all ordinary discipline.
"Starting at the outbreak of the war,
she was in time for the tremendous
pressure of the great Austrian battles
when a hospital had to be provided for
300 patients instead of the expected
200.
"All the arrangements in the hospi-
tals, based on fourteen years' ex-
perience of the Russian county hospi-
tal work, were carried out under the
most difficult conditions and bore the
impression of missionary devotion.
"Here, for instance, all the medicine
chests were made for frequent trans-
port. The table also is the traveling
chest and so on.
"Portable Biscuits.
"The same aspect also was notice-
able in an army bread which I fre-
quently tasted. The rye bread is tried
to a portable biscuit. It allows the
soldier to carry a much larger supply
than if it were ordinary bread, as the
difference between them in weight and
space is great. It facilitates therefore
the food supply on the march, where
where any other supply becomes too
difficult."

"I Believe This War Was Inevitable," Says Prof. Wrong.

CANADIAN CLUB

Germany Has Added Nothing to Political Education of Mankind.

An exceedingly interesting historical address was given yesterday before the members of the Canadian Club by Professor G. M. Wrong of Toronto University.

Germany Organizes. The daily life of the German people was touched upon. "It is with profound anguish that England finds herself at war with Germany," said Professor Wrong.

Upper Class Rules. The speaker referred to the agitation in England of years ago. France had also learned the lesson. "My point is," he said, "that the political education of a people involves an upheaval of German institutions, but there is the rule of the upper classes."

Facing Great Crisis. By way of comment, Professor Wrong said "We are facing a great crisis. Some of us may go. Why should it have come? Let me urge that there be no vain regrets. It is a magnificent opportunity that humanity should stand together. War has come. I believe it was inevitable. Let us feel that this war is going to raise our humanity to a higher level than it was before."

NORTHERN W.C.T.U. HELD FIRST MEETING OF SEASON. Dominion Superintendent of Moral Education Read a Paper. The various unions are opening up with splendid meetings, full of enthusiasm and prayer for progress in the work.

People Are Unusually Friendly to Advertised Goods These Days

ADVERTISED goods of standard quality have stood out against the raise in prices that came with the war.

They have kept faith with the public and won a measure of esteem greater than ever before.

The retailers who join in the continent-wide Newspaper Window Display Week, beginning next Monday, are putting their stores in the limelight of public approval.

During next week retailers are asked to make window displays of the national products advertised in this and other good newspapers.

It means linking the push of the store with the pull of the newspaper, and it means gaining the good will of the public.

The advertising department of this paper will gladly furnish further information.

Women's Art Association Began Season's Work Yesterday

Same Officers Elected.

Another year of activities commenced for the Women's Art Association yesterday afternoon.

Mrs. Alfred Cameron's report from the building committee showed that negotiations previous to the announcing of the war for securing a new home had been dropped for the present.

The home industry department has thrived and there are now 100 workers depending on the W.A.A. for exhibition, etc.

Mrs. Digauna, who was appointed delegate to the affiliated societies, W.A.A.C., read a paper.

The treasurer's report showed an enormous field of work, and showed an excellent financial standing, which will, it is hoped, be greatly increased by the Women's Art Association, W. A. A. bazaar, to be held on Nov. 19, in aid of the Toronto relief work.

After a gratifying list of new members had been proposed and the executive committee of 26 representatives for members elected, the work was carried on.

The officers for 1914-15 remain the same as those of 1913-14, by unanimous vote.

Five Cents a Week is Playing at Religion Synod Moderator Says

Money Means More to Average Church Member Than His Life Means to a Volunteer—Synod Will Work for Increased Religious Instruction in Public Schools.

Fighting speeches were made by Rev. Dr. Buchanan, moderator, and a number of other members of the Presbyterian Synod at St. James' Square Church yesterday. Dr. Buchanan left the chair at the afternoon session to present the report of the committee on systematic giving. There were, he declared, too many "unconverted church members." While they only contributed five cents a week a member for the schemes of the church, they were merely "playing at religion." He believed that it took more courage for the average church member to risk his money than it did for a volunteer to give his life at the front. The unconverted church member could not be interested in foreign missions. He allowed his money to come between him and his own soul's salvation.

The synod adopted a recommendation from the committee asking the general assembly to inaugurate a great evangelistic campaign with the definite purpose of leading the unconverted church members into definite relationship to Christ.

The synod accepted the general assembly's budget allocation of \$450,000 as "the sum the people should give."

Wants More Religion. Rev. Dr. John Nell described the present regulations for religious instruction in the public and high schools of Ontario as very inadequate. He stated that to ensure accuracy he had visited the parliament buildings yesterday morning. He found that a change had been made in regard to the regulations respecting religious instruction since 1911. The regulations were misunderstood by many ministers and laymen because they did not recognize that the privilege of giving religious instruction in the schools was only available after the close of the regular school day.

They Stole the Barrel While Doctors Fought Each Other. Meds held forth yesterday afternoon when the members of the first and second years of the college indulged in a strictly orthodox and properly supervised "barrel" fight.

World's Series Bit Brings J. Evers' Earnings up to \$40,000

BANQUET AND COIN TO BOSTON BRAVES

Nearly Three Thousand Dollars to Each Player — Big Money for J. Evers.

BOSTON, Oct. 14.—The Braves, world's baseball champions as a result of the sensational series with the Philadelphia Athletics, which closed here yesterday, were given a banquet and reception tonight by Mayor Curley. Praise for their achievement was sounded by various speakers, and modest acknowledgment was made by Manager George T. Stallings and several of the players. After the banquet many of the Braves left immediately for their home cities. They were each given cheques today for \$7708.86 by a representative of the National Commission as their share in the world series receipts. To most of them this meant about \$5000 for their season's work. Captain Johnny Evers found the season a big one financially, his income the past six months having been more than \$40,000, including a bonus of \$25,000 for his signature to a contract, \$10,000 in salary, a \$3000 bonus for finishing in first place, and his world's series receipts. The winter will be spent quietly by most of the men. Several vaudeville agents were at Fenway Park today endeavoring to sign up some of the stars, but it is understood that none was successful.

POOR SHOWING OF GUNBOAT SMITH

Biggest Surprise of the Fighting Line — New York Pug Gossip.

NEW YORK, Oct. 14.—The biggest surprise in the fighting line the past week was the poor showing made by Gunboat Smith in his ten-round battle with Battling Levinsky at the Manhattan Sporting Club last Friday night. Smith appeared unable to use his right hand, and many lovers of the sport who saw the contest were under the impression that the Californian had injured his arm. Such was not the case. The whole trouble was that Smith tried to be clever and used his left hand in trying to jab the skillful Levinsky. Smith forgot he had a right, and kept dancing around trying to outshine his opponent. Levinsky was slow for Smith and made him look like a novice when it came down to fancy work. Smith, however, hurt Levinsky whenever he landed his right swing, and the "batter" was forced to resort to every trick of the game to save himself in the last round. With this one exception Levinsky had the advantage over Smith.

Packy McFarland announces he will return to the ring in the near future. He insists he is still a lightweight and will box in that class from now on. It is hard to believe, however, he has any intention of returning to the ring unless a chance to gain the lightweight title might tempt him. He has a considerable fortune, and married a wealthy girl in Illinois. Still he has an old grudge to settle with Welsh, and declares he will meet the English lightweight champion under the same conditions that governed the Ritchie-Welsh fight, in London.

Jimmy Coffroth of California has at last clinched a match between George Chip and Jimmy Clabby. The men will meet for 20 rounds on October 20th in San Francisco. They have agreed to weigh in at 135 pounds at 3 o'clock on the day of the contest. It is expected the bout will draw close to \$15,000, as the fight fans of California have been anxious to see these men battle.

Dan McKettrick, manager of Young Ahearn, the Brooklyn heavyweight, who has just returned from abroad, is anxious to match his protégé with "Gunboat" Smith. McKettrick says Ahearn can beat the Californian and is willing to back him up to \$5000. On paper this match looks like easy picking for Smith, but Ahearn's manager believes "Gunboat" is on the toebag and will take a gambler's chance on Ahearn winning.

Jimmy Johnson, the new manager of the Garden Athletic Club in Madison Square Garden, says he will resign the big club with a first-class card. The contestants will be Freddie Welsh, the lightweight champion of the world, and Leach Cross, the New York lightweight. This battle should be a hummer from start to finish. Cross and Welsh boxed 20 rounds in California not so very long ago, and altho the Britisher got the decision, Cross kept him busy all the time. That Cross thinks he is a better man than Welsh is shown by the fact that the fighting should be willing to box Welsh again in a bout of shorter duration. The new Yorker has a habit of not giving a boxer a second chance unless he is sure he can outpoint him. In this fight, however, in opinion, Leach Cross is making a mistake, because Welsh is too clever for him and will score points in each round to such an extent that Cross will have to knock out the Englishman in order to win.

Jas Willard, the cowboy heavyweight, and Levinsky have signed for a six-round bout in Philadelphia. The battle will take place within three weeks. Levinsky has never failed to bring home the bacon when competing with opponents in that class. In this bout, however, he will be taking a big chance, as Willard has a long reach and a punch that is very dangerous.

RUDOLPH AND GOWDY CHASED BY M'GRAW

Went From Giant Rookies at Marlin Four Years Ago Back to Minors.

About the middle of February, 1910, six would-be Giants, plucked out of the bushes the previous summer, were shipped south to the Marlin training quarters in care of an extremely youthful scribe, who, for modesty's sweet sake, shall here be nameless. Four of the six scarcely survived the conditioning slogs at the Texas camp, and pass right out of the story. Of the other two, one was a slight, rather short young man, whose chief interests in life were a stud poker game which he played intermittently all the way from New York to New Orleans, and from which he extracted much pleasure and more profit; and the application of various hair tonics, from which he gained considerable exercise and a deep and abiding conviction that some men are born to be bald. The other was a long-faced, long-limbed young towhead, who looked as tho he really might have sacrificed a little length for the sake of a little beam without losing anything in symmetry. He had been captured in Dallas while posing as a first baseman, but, given a trial

at the Polo Grounds along in September, had succeeded only in convincing McGraw that while a phenomenal throwing arm and a keen batting eye might make a catcher of him, an astounding leaveness of foot would forever bar him from the rank of the major league first basemen. So McGraw bought a catcher's mitt for this very young and very gawky Hank Gowdy and sent him along to Marlin with the first batch of rookies with instructions to work out with one Dick Rudolph, the bald young man aforementioned, until he felt equal to catching some regular pitchers, and they were soon with the minors. That was four years ago. Last Friday and day before yesterday the same Hank Gowdy and the same Dick Rudolph were the twin heroes of a ball game which served an additional proof that anything is indeed liable to happen in baseball. In the spring of 1910 they were bushers together, going south for their first major league trials. Tuesday they were world's series heroes together. The extent of the Braves' triumph is hard to appreciate unless one happens to recall that Stallings' crew is the only ball club that has forced Connie Mack to switch pitchers in the middle of a world's series game since the 1 match with the Giants. Jack Coombs was taken out of a game at the Polo Grounds in 1911, but only because a batted ball, striking him in the groin, had crippled him beyond immediate repair, and also the only ball team to beat another four straight games in a modern world's series.

TO MATCH F. LANSDOWNE BEFORE A BUFFALO CLUB. The following letter was addressed to the sporting editor, Buffalo Express: Please state in your sporting column that I would like to match Fred Lansdowne before one of the Buffalo clubs with some of the featherweights around here at 120 or 125 pounds ring-side. Lansdowne is of Toronto, Ont., and winner of four tournaments and champion featherweight of Canada. He has a nice record and has good clippers, which tell of his class and punch. Very truly yours, Frank Blakely, No. 67 Broadway, Buffalo.

INTERFACULTY GAMES TOMORROW.

Varsity interfaculty games will be staged at Varsity oval Friday afternoon. For the past several weeks the students have been working out on the Varsity cinders, and are now down to racing form. Buckle and Campbell, two of the best point-getters the blue and white ever had, are not available this year, but some new men will be uncovered tomorrow. The intercollegiate games will be held in Montreal Saturday week.

Two hundred thousand persons out of work in Canada, easily 150,000 in this city.

If the men and women of this country would buy 'Made-in-Canada' goods exclusively for a half year, the country would be \$200,000,000 richer, and all workmen would be back at work!

This is the psychological moment for us to consider broad patriotism within the empire.

Will the day-to-day buyer open wide the closed factory doors?

PRESBYTERIANS ARE HERE ON SATURDAY

Varsity's First Home Game With Queen's—Rugby News and Gossip.

Coach Hugh Gall and Captain Charlie Gage are drilling the Varsity squad in earnest style for the first home game against Queen's on Saturday. Queen's have undoubted strength this fall, and the battle at Varsity Saturday will decide which team of the two will be contented with McGill for intercollegiate honors. The game at Montreal, as usual, was played on a water-soaked field, and the light fast Varsity team were unable to show at their best. On a good, fast field the Varsity coach and captain have the utmost faith that Varsity will prove a strong aggregation, capable of meeting any team in the Intercollegiate.

George Chip and Jimmy Clabby will fight in San Francisco the night of Oct. 30 to determine the middleweight championship of the world, according to Chip's manager, who said today the boxers had come to terms. They will weigh in at 158 pounds at six o'clock. The contest will be for twenty rounds.

Balmie Beach O.R.F.U. team will practice tonight at Scarborough Beach at 5. It is necessary that every player be on hand tonight, as Balmie must beat Parkdale on Saturday to have a chance for the district. Brophy and Davis of the half line, who have been out of the game on account of injuries, will be in shape for Saturday's game. Balmie Beach have four home games now and have a good chance for the district honors if they can win all their home games. Supper will be served at the club house after practice this evening.

Balmie Beach Juniors are leading in the Junior City League and will take some beating for the city honors. They play High Park on Saturday afternoon.

Broadview Y. play Balmie Beach in a senior City League game on Saturday afternoon. All Balmie Beach players are required to be out to practice on Friday night at Scarborough Beach.

West End Y. Rugby team practise tonight at seven o'clock in the gym.

Latest bulletin on Ross Craig: Nothing new. Still in Dundas coaching the Valley Town lads. Neither the Rowing club nor Tigers have received his consent to turn out.

Jim Kennedy and Silver Quilty forgot that they were classmates and handed one another stiff punishment in the McGill-St. Patrick game. Sentiment doesn't cut much ice when the score gets close.

Bert McKay and half a dozen of the Hamilton Rowing Club footballers will leave on Saturday night after the game in Ottawa for Harvard, where they will exhibit the Canadian game.

Hamilton Herald: The Tiger clubhouse resembled a hospital yesterday, and Trainer Sim Vaughan had a busy time. Every member of the Tiger squad, with the exception of Ireland and Myer, was undergoing treatment for bruises received in the Argo and Queen's tussles, and this process will have to be gone thru a few times more before they are in any shape for the coming game with the Carletons.

Sam Manson and "Tou" Leckie are the most seriously injured of the squad. It being decidedly doubtful whether the latter will get into Saturday's game. Manson, too, is limping around, and he will be under a great handicap with a torn knee, a sore ankle and a badly bruised heel. If it was not for the fact that Leckie will be out of the game, Manson would not start.

HARNESSES RACES AGAIN POSTPONED AT LEXINGTON

LEXINGTON, Ky., Oct. 14.—Rain caused a postponement of the trotting meeting of the Kentucky Horse Breeders' Association again today. It was expected that yesterday's program and the races on the card for today would be finished, but they must go over till Thursday. The champion stallion stake, valued at about \$8000, for three-year-olds trotters, was considered the principal event. Some of the star colts were entered in this event, including Toddler and Peter Volo. Other stakes on the double card are the Ashland and Kentucky. The former to which trotters in the 2:10 class were eligible, had a high class field entered. The Kentucky was for three-year-olds and was worth \$2000.

If the weather permits, it was announced today, the meeting will continue all day, and probably all day Friday.

OUTSIDER WINS CESAREWITCH.

NEWMARKET, England, Oct. 14.—Trotbrouder, an outsider in the betting, today won the Cesarewitch Stakes, a handicap for three-year-olds and up, run at the second October meeting at Newmarket. Green Falcon was second and Arda third. Twenty-one horses started. The race was run over the Cesarewitch course, a distance of two miles and a quarter.

DEPRESSION LIFTS WALL STREET

Diminution of Offerings—Better Demand for City and State Issues.

NEW YORK, Oct. 14.—Wall street today recovered in a measure from the depression caused by the recent news from abroad. The committee which supervises the sales of unlisted bonds and stocks reported a diminution of offerings and a better demand for the new city notes and state issues.

A semblance of former activity in the district was imparted by the re-opening of the curb market for the new city notes and state issues. On the other hand, prices in the unorganized market, which trades in listed stocks, manifested a sagging tendency.

Foreign exchange took on a more definite basis in consequence of the formal organization of the 100,000,000 gold pool. Rates for cables and sight drafts were fractionally higher, but the supply of bills on London was small, today's market for the gold pool having depicted the market temporarily, at least.

More Gold For Ottawa. Further small shipments of gold for Ottawa were announced and the movement to that point is expected to assume larger proportions within the next few days, by which time the gold pool probably will have received the 25 per cent subscription asked for. Large exports now under way are also likely to exercise a favorable influence on foreign exchange.

Sales of copper at a shade under recent low record prices were made and consumption of the metal now is estimated at about 60 per cent of normal. Incidentally this condition served to call attention to the meeting tomorrow of the Amalgamated Copper directors.

Unliveness continues to be the chief feature of the steel trade, with the drift towards a lower scale of operations and weakening of prices. Continued liquidation of the railroads by new material and enforced retrenchment in other quarters are among the most adverse factors.

Almost the only development in the local money market was the new low figure of 10 per cent for mercantile paper. Until today only the highest class of these documents was accepted at that figure, but with continued ease and increased supply of cash banks are buying more freely.

There was virtually no market for time loans, due almost entirely to the lack of borrowers.

OVERSEAS DEMAND IN WHEAT BETTER

Higher Prices Offered for Export on Montreal Market—Trade Light.

Canadian Press Despatch. MONTREAL, Oct. 14.—There was a fairly good demand from overseas buyers for Manitoba spring wheat at an advance in price of 30 to 40 per cent, but owing to the further rise of 1 1/2 to 1 3/4 per bushel in the Winnipeg market, exporters claimed that the bid were all out of line.

In sympathy with another advance in prices for oats in Winnipeg of 3/4 to 1 1/2 per bushel the local market was much stronger today and prices were marked up 10 to 15c, but the demand for both local and country buyers continues quiet and the volume of business passing is small. Ontario and Quebec No. 2 white are selling at 50c and No. 3 at 52c ex store. There was no improvement in the demand for flour, and the market is quiet with a firm undercurrent.

The demand for millfeed is steady. A fair amount of business is passing in better and cheap at firm prices. Eggs were fairly active. Dressed hogs declined 25c.

LATEST REPORTS ON THE APPLE OUTLOOK

Canadian Press Despatch. OTTAWA, Oct. 14.—The following reports have been received by the fruit branch, department of agriculture, by telegram and cable today: London, England—Gravensteins and Ribston, Nos. 1 and 2, selling at 9s to 12s; Blenheim 11s to 14s; No. 3 average 8s. Poor demand and bulk will probably make lower prices.

Resins—Trade brisk with good supply. Nine cars of British Columbia apples selling at \$1.25 to \$1.50 per box. Two cars from Ontario selling at 54c per barrel for No. 1. Four cars grapes sold at 23c per basket at 54c.

The demand for millfeed is steady. A fair amount of business is passing in better and cheap at firm prices. Eggs were fairly active. Dressed hogs declined 25c.

CANADA FIRST BUY AT HOME

Money that is made in Canada should be kept in Canada. Canada is in too much need of every available dollar to build up manufacturing cities and towns in other countries.

There are good reasons why the rule cannot be strictly adhered to. One is climatic conditions. Certain fruits, for instance, cannot be grown in Canada for the reason that the climatic conditions will not allow.

The point is that Canada has an opportunity now of advancing the interest in Canadian-made goods. Further, it is a time when both the manufacturer and the consumer can get closer together.

Mr. Purchaser, your money that you spend for articles of every-day use is required to pay wages in Canada. Mr. Manufacturer, if you want to compete for Canadian trade you will have to build your factory in Canada.

Why? Simply this: The Canadian buyer has already commenced to figure out that when he buys an article that was made elsewhere, the entire sum, less a profit for selling, goes to another place in which he has no interest.

On the other hand, he is figuring that if he insists on the Canadian-made goods the whole sum which he pays stays at home. Perhaps it helps pay his neighbor's salary.

An impression is gained of the amount of money that goes from Canada annually by reviewing a list of imports during the last fiscal year:

SOME FURNITURE HALF PRICE—SOME LESS THAN HALF.

Our furniture buyer last week found several of the largest manufacturers ready to accept very low cash prices for what they had made up in order to put in new lots to keep their hands busy.

The war policy of this store is to help make business as usual for these factories by passing on their product to you at a minimum of expense.

Tomorrow you may make selection from the contributions of
