PEACE OF EUROPE HINGES ON WORDS OF SIR EDWARD GREY

Expectation is That Message of Foreign Secretary Will Be Amicable One—Public Opinion Now Inclines to View That Britain's Course in Morocco Was Justified.

SIR EDWARD GREY Who is a storm centre in British politics, because of his bringing Britain to the verge of war with Germany. His address to-day is awaited by the whole world.

ENGLAND READY TO AID FRANCE

LONDON, Nov. 26.—It is many years since such world-wide interest centred in the speech of a British foreign minister as upon Sir Edward Grey's utterance to-morrow. Every seat in the house of commons was secured days ago, and many distinguished strangers will be present to hear the speech, upon which the peace of Europe is believed to hinge.

Magrath, Casgrain, Powell New Waterways Commission

Imperial Government Falls in Line With Recommendation of Dominion Cabinet—Engineer of Repute and Two Lawyers Make Up Canadian Section.

OTTAWA, Nov. 26.—(Special.)—Special announcement is made of the appointment of a new Canadian section of the International Waterways Commission. As foreshadowed recently, the new commissioners are Messrs. C. A. Magrath, ex-M.P. for Medicine Hat; T. Chase Casgrain, K.C. of Montreal, and H. A. Powell, ex-M.P. of St. John, N.B. These gentlemen replace Sir Geo. Gibbons of London, Alme Geoffrey, K.C. of Montreal, and A. P. Barnhill of St. John, N.B.

The positions are filled by the imperial government on the recommendation of the Canadian Government and approval of the removal of the former members along with the commissioners for the new ones was received on Saturday.

A Strong Trio. Mr. Magrath's appointment is regarded as a peculiarly proper one, as there is probably no man in Canada who has made such a close study of the international waterways question. His speeches on the subject in the last house were always followed with the keenest attention. He is an engineer of repute, and brings many years of practical experience to the position. Mr. Casgrain is one of the most brilliant lawyers at the Quebec bar, and Mr. Powell is a prominent lawyer and publisher of New Brunswick. He was a member one session for Westmount, and this year was defeated by only 62 votes by Hon. William Pugsley in St. John City. The commission will likely be called together very soon to meet with the United States section, as there are a number of big questions waiting solution.

Important List For City Council

Many Matters Vitrally Interesting Come Up To-day for Decision.

To-day's session of the city council will be held from 10 a.m. until 1.30. The change from 3 o'clock is due to the coming of the Duke of Connaught.

Among the matters that will be considered are: The arrangements for the coming municipal elections, the estimates of the land damage in connection with the construction of the Bloor-st viaduct, the charges of slowness against contractors on the addition to the Isolation Hospital, the request from North Toronto for a supply of water from the City of Toronto, the purchase of the Macleannan estate on King-st. for park purposes, the annexation of Moore Park, the final passing of the by-law to send the annexation of North Toronto to the poll, and the motion to create a public utilities board to manage the hydro-electric, the waterworks and the city's car lines.

TORONTO'S BIG STICK

Nothing ever availed to improve the service of the electric light companies like the competition of publicly owned electric lighting plants. In Toronto, in Hamilton, in Ottawa, in every city where the entrance of hydro-electric power was arranged for by the people a better service at half the rates immediately followed. In Toronto the Electric Light Company has never been so obliged, has never given such good service, has never been so anxious to get the public good will and custom as since it cut its rates in two on the advent of hydro-electric power.

Competition in the street railway traffic is going to have exactly the same effect upon the Street Railway Company. The factor that will count most in providing seats for stragglers, in putting on more cars for the chilled and weary passengers that stand on street corners as the cars dash past with no room, in securing thru transit for those who now have to make one or two transfers when they are "crushed in," and in getting a better service all over the city, is Controller Hocken's tubes, as reported on by Engineer Coulson. The Street Railway Co. is using all its influence in the city hall, upon the aldermen, with no more care for the interests of the public and the city as a whole than for private sectional aims, to defeat the tube proposals. Already the friends of the tube in connection with the civic survey lines is the city's one strong argument when the franchise expires in 1921. Of course the company objects to the city possessing such an argument, or having the power to compete with the company for the years previous to the expiry of the franchise. Already the friends of the company are trying to show that tubes are unnecessary. If they were not necessary there never would have been any demand for them.

The company does not wish to increase its rolling stock or its trackage. It is very well satisfied with its present investment and the returns on it. It does not care for the public. But the public cares for its own comfort and convenience and the only way to secure these is by the construction of a competing tube service, with surface feeders. Once the plan is adopted and long before it is in operation the company will be turning hand aprons to oblige the people.

People who think a Yonge street tube will not oblige other parts of the city must not forget that a beginning has to be made somewhere. And they must not forget that the competition will benefit, not only Yonge street, but every part of the street railway system. Every electric light subscriber in the city is getting light at half rates, whether the hydro-electric is on his street or not. The tube on Yonge street means better service on Dundas street, better service to the beaches, better service to Sunnyside. And by the time the Yonge street tube is built and in operation the plans for an east and west tube will be in hand. But the street car service in the meantime will be better than it ever was on account of the competition of the new city lines.

Peace Societies a Failure

BOSTON, Nov. 25.—Peace societies were ridiculed as useless and the pawning of nations by their rulers was considered to be the only means of terminating international warfare by David Starr Jordan, president of the Harvard University, in an address before the Twentieth Century Club late to-day. On the same program were Booker T. Washington, the negro educator, and Dr. J. A. Macdonald, editor of The Toronto Globe, who predicted an era of reciprocity between not only the United States and Canada, but between this country, New Zealand and Australia.

BISHOPS AT WAR OVER MEANING OF NE TEMERE

Anglican Bishop of Montreal Points Out Inconsistencies in Manifesto Issued by Archbishop Bruchesi—Enforcement of Decree Brand-ed as Worse Than Divorce.

MONTREAL, Nov. 26.—The following reply to the recent pronouncements of the Roman Catholic Archbishop of Montreal, on the question of mixed marriages and the Ne Temere decree has been made by the Lord Bishop of Montreal:

"His Grace, the Roman Archbishop of Montreal has made some remarkable statements concerning the Ne Temere decree and the marriage question. It is not a matter of wonder that we, non-Romans, should misunderstand him—as he complains we do—when we have such conflicting statements put forth.

"Let us examine some of his statements. His grace says: 'It (the Ne Temere) has been in force since Easter, 1908, and that in every country in the world.'

"May I draw his attention to the fact that it is not now and never has been in force in Germany? The 'Provida' decree prevails in the German Empire and it says: 'We will, nevertheless, and expressly declare, define, and decree as valid mixed marriages already contracted without the Tridentine form in any province or place whatsoever of the German Empire.' So that Germany is certainly exempt from its operations.

New in Canada. "His grace further says: 'This is no new thing in the world, since it was dealt with at the Council of Trent in 1563.'

"It was a new enactment then and its enforcement is a new thing in Canada now. We did not object to it as long as it was lying dormant in the pages of history; nor did we trouble ourselves when the decree was promulgated in Canada, so long as it did not come into active operation. Great Britain and the United States do not trouble themselves about the decree, because they know that the civil law amply protects them. When, however, the ecclesiastical courts sustain a marriage and our civil court annuls its decision, and when its other features are being rigorously enforced, it then becomes a practical matter which deeply concerns every citizen of the Dominion.

"Again, his grace says 'Particularly it (the Ne Temere) is no new thing in the Province of Quebec, where the decree 'tametsi' of the Council of Trent has been in force since the first days of the colony.' And according to this latter decree, as according to the Ne Temere, any marriage to be valid must be celebrated before the cure."

Clandestine Marriages Legal

"This is extraordinary in view of the statement made in his grace's pastoral in 1901, in which he says: 'By virtue of the constitutions of the sovereign Pontiffs there are countries and the Province of Quebec is of the number, where, in spite of the promulgation of the Council of Trent, we are to consider as valid, marriages celebrated clandestinely between two parties, one being a Catholic and a baptized non-Catholic. The marriage of a Catholic and a baptized Protestant, or vice versa, celebrated before a Protestant minister, being gravely illicit and calling down the censure of the church, is, however, a marriage contracted in a valid manner, even in the eyes of the church herself. Once solemnized this marriage cannot be broken by any earthly power.'

A LEADING ATTRACTION

At the Princess Theatre to-night William Hawtrey, the noted English comedian, will begin a week's engagement in the funniest of all farce comedies, "Dear Old Billy," that scored a big hit in Chicago, where it was on the boards for four months.

"The Banners on the Outer Wall"

His Royal Highness arrives to-day and will undoubtedly receive a welcome which will be worth recording as something of special note in the history of Toronto. The merchants are doing their part towards brightening up the streets with bunting, crests and colors. "We all are doing the best we can," said Mr. Dinesen, president of the Dinesen Company, "but the weather is bad and no doubt our decorations will be a sorry looking outfit by Monday noon. However, what we lack in outward display the public—all of us—will make up in the enthusiasm of welcome."

HAMILTON HAPPENINGS

CARS LIKE ICEBERGS BOARD OF TRADE KICKS

Workmen Less Valuable Time in Getting Thawed—East Hamilton Campaign.

HAMILTON, Nov. 26.—(Special)—Last of fire in the Hamilton Street railway's morning cars, in which thousands of working men of the city are forced to ride snivelingly to work each cold morning, is one of the grievances which will be taken up at a conference Tuesday between representatives of the board of trade and the street railway company.

It is said that this has caused the loss of thousands of dollars in the manufacturing industries of the city, and employers are anxious that conditions should be remedied at once. A committee has been formed to bring attention to the street railway officials at the conference in the street car service on Wentworth-street, which is said to be wretched, and which has been a source of complaint from residents in the section of the city served by this line for a long time. All previous efforts to secure improvement in the service have failed.

A Dark Plot. In a desperate effort to arouse the waning enthusiasm of the Conservatives in East Hamilton, the Spectator yesterday announced in a front page "scoop" story that it had discovered a "backdoor" alliance to overthrow the Conservative government. Prepared by Studholme's Supporters and the Liberals, it is alleged by the Spectator to be that "The Grigs have agreed not to place a man in the field to oppose Allan Studholme, provided the Studholme supporters do not place Mr. Halford in the field in West Hamilton, to split the chances of the Grig candidate there."

County Land Values. The high value of acreage in Wentworth County townships adjoining and in close proximity to the City of Hamilton, is indicated in the award made Saturday by Judge Snider in the townships assessment equalization appeal instituted by Reeve Gust of Ancaster and others. In his award Judge Snider places the value of 1800 acres in Barton Township, which bounds the city on three sides at \$200 an acre. Other land in the same township the Judge finds is worth from \$150 to \$250 an acre, and the average value he places at \$200 an acre. The award against which the appeal was launched was \$90 an acre.

Up Go Assessments. In every township in the county, except Beverly, Judge Snider found that the assessments made by the county council last June were too low, and in the award his assessments of the various townships are increased per acre as follows: Ancaster, from \$70 to \$75; Barton, \$90 to \$200; Beverly, \$25, no increase; Blinbrook, \$40 to \$50; E. Flamboro, \$55 to \$67; W. Flamboro, \$50 to \$60; Glanville, \$0 to \$9; Saltfleet, the fruit acreage at \$100 an acre. The increased valuations of Judge Snider's award the \$67,533.48 required to run the county affairs for the present year will be raised on a 3-16 mills rate, instead of on a 4 mills rate as levied by the county council in June of this year.

Hotel Hanrahan, corner Barton and Catharine-streets, Hamilton, conveniently situated and easily reached from all parts of the city. Erected in 1906. Modern and strictly first-class American plan. Rates \$1.50 to \$2.00 per day. Thos. Hanrahan, proprietor. Phone 146.

Public Amusements Theatres This Week

AT THE PRINCESS.

"Dear Old Billy." It is many years since American theatregoers have been treated to one of those droll and wholesomely funny farces that English authors excel in writing and the English actors seem to excel in, so that presentation of William Hawtrey and his company of distinguished London players in "Dear Old Billy," which comes to the Princess for the week beginning to-night, will be welcomed by those who go to the theatre for laughing purposes.

AT THE ROYAL ALEXANDRA.

"Pinafore." When the special train of the star cast, "H.M.S. Pinafore" Company rolled into the Union Station at 4.30 o'clock yesterday afternoon, the magnitude and importance of the performance to be given all this week at the Royal Alexandra Theatre became at once apparent. The equipment required two sixty-foot baggage cars to transport; a parlor car and two large coaches accommodated the big company.

AT THE GRAND.

"Rock of Ages." The offering at the Grand this week is "Rock of Ages." This is Edward E. Rose's latest play, and it is announced as a companion play for "The Rysary." Included in the cast is Miss Jessie Arnold, who created the dual roles of Vera Wilton and Alice Marsh in "The Rosary," but who has never been seen at the Grand. In private life Miss Arnold is the wife of Edw. E. Rose, who is responsible for both plays. "Rock of Ages" deals very strongly with a topic of modern day.

AT THE STAR.

"The Tiger Lilies." One of the very best of all the musical comedy attractions is the new farce, "The Tiger Lilies," with Edw. E. Kennedy, "everybody's" favorite, which will open a week's engagement at the Star this afternoon. The organization contains everything new and bright, and is delightfully different from any other attraction. Matt Kennedy heads the company, and if ever there was a true son of Erin in the theatrical profession, it is he. His ability as a laugh provoker is too well known to need further mention here.

DUKE AND DUCHESS OF CONNAUGHT AT THE GARDEN THEATRE IN FILM.

That Their R. H. Duke and Duchess of Connaught will receive a royal welcome in Toronto goes without saying, receptions galore, both public and private, having been arranged for the entertainment of the distinguished guests. Those fortunate in receiving invitations to the many functions are comparatively few, and the limitation of Toronto is considered, and well knowing the disappointment of hundreds, Manager Brick has arranged to present this film on Tuesday and Wednesday afternoons and evenings. The arrival of and receptions to Their R. H. the Duke and Duchess of Connaught at Montreal and Quebec.

This masterpiece of animated photography is the official print, and was executed by the Gaumont Co., whose photographic artists were given advantageous positions during the festivities that the most perfect results would accrue, as a copy will be stored away and preserved for future generations to look upon. This time feature is presented independent of the regular program.

Gifts to the Muskoka Free Hospital. A bequest of \$300 has come to the Muskoka Free Hospital for Consumptives from the executors of the late Mr. C. E. Balnes, who was for some time a patient at the Muskoka Cottage Sanitarium, the "par" institution of the Muskoka Sanitarium Association, and who, during his stay in Muskoka, had every opportunity of observing the work being done, both by the "par" and "free" institutions. Mr. Balnes remembered the work for the needy in a bequest of \$300 to the free hospital.

MUSIC NOTES

The subscription lists for the Mendelssohn Choir concerts are now open at Massey Hall and the leading music stores, and will close on Dec. 19. In view of the short time available for subscriptions it is important that intending subscribers should see that their names are recorded. A brochure containing full information can be obtained from any of the above named stores, or from members of the chorus. The concerts take place on the evenings of Dec. 5, 6, 7 and 8, with an orchestral matinee on Tuesday afternoon of Feb. 10 by the Theodore Thomas Orchestra, under Mr. Frederick Stock. This in itself would be a notable event but it is made doubly so by the announcement that Mr. Josef Lheytens, the great Russian piano virtuoso, will be the soloist on this occasion, and will play the Chopin and Liszt concertos in commemoration of the centenary of the composer's birth.

For Dr. Torrington's coming performance of the "Messiah" and "Elijah," J. P. Tilley will act as chorus secretary, a position he filled so satisfactorily for ten years before making up the similar position with the orchestra under his management. Dr. Torrington should have a larger and more effective festival chorus than ever before, as during Mr. Tilley's former occupancy of the position he was a great favorite with the singers.

ONTARIO LADIES' COLLEGE.

The annual meeting of shareholders and directors of the Ontario Ladies' College, which was held at the college board room, and was largely attended. The reports from the executive committee, the faculty committee, and from Dr. Hare, principal, clearly indicated that the year was the most successful in the history of the college in attendance, income and educational results. The greatest enthusiasm prevailed throughout the meeting, and reached its culmination when Dr. Hare outlined what he termed the "thirty-year plan" for the college, which was met with approval and approval. At present time every room in the college is occupied, and four are on the waiting list. Immediately after the Christmas holidays, when some vacancies will occur.

It was unanimously decided that when the gymnasium, reading room and hospital, which are the process of erection, are completed, steps will be taken to extend Ryerson Hall to the north, to provide additional accommodation for boarders. The following were elected officers of the board: Hon. Senator Cox, hon. president; Rev. Dr. Graham, and Rev. J. J. Reddick, hon. vice-presidents; Mr. C. R. Hamilton, president; Mr. L. T. Scott, first vice-president; Mr. J. J. Reddick, secretary-treasurer; Mr. John Rice, secretary-treasurer.

Bargains in Player-Pianos.

The reader who will act quickly can secure from the old firm of Heintzman & Co., Limited, 193-197 Yonge-street, Toronto, a good player-piano, at a price which is a real bargain. It is a short time—and can be bought on easy terms of payment.

Diamonds and Confidence

When a firm can establish itself in the hearts of the Canadian people within a short period of five years, it is a remarkable volume of business in diamonds, and it is a fact that we enjoyed the past year, and can see its trend in leaps and bounds year by year. The firm and its diamonds depend on. Stop and consider what this fact means. It is evidence enough for the most skeptical that our values must be expected to rise. The oldest established house? If we retained diamonds at ordinary prices it would take us 20 years to build up what we now enjoy, and this encourages us to offer even greater values.

Our diamonds are not selected by a watchmaker or jeweler who consults himself an expert because he carries a handful of stones and sells one occasionally, and handles them as a side line on consignment, or on long-term notes, but by a practical diamond expert, who has been a cutter himself.

We deal in precious stones; exclusively.

See our \$25, \$50 and \$100 solitaires, weighing almost 1/2 and 3/4, respectively; blue white and best possible cutting, shape and brilliancy.

These are as good value as any diamonds in Canada.

YALE AND HARVARD PLAY NO SCORE GAME

CAMBRIDGE, Mass., Nov. 24.—Yale and Harvard played their 32nd annual football game on Soldiers' Field this afternoon before a crowd of almost 40,000 spectators. Honors were about even in the first half, neither side scoring. In the first period each team was within seven yards of the other's goal line. Yale failed in a goal from the field, because of a poor pass. Harvard tried to make a touch-down close under Yale's goal by a forward pass, but the ball went to Yale on their five-yard line. In the second quarter a 35-yard run for Philbin was the feature. The play, however, in this period, was almost entirely between the 40-yard line. Half time score, Yale 0, Harvard 0.

WIN THREE IN PRINTERS' LEAGUE

Walter Williams High With 566—Other Games Played in the Different Leagues. In the Printers' League at the Toronto Bowling Club Saturday night the Central Printing Co. never had a look-in with The World in any of the three games. Walter Williams' "barnyard" variety not only romping home with each, but incidentally rolled up second highest total for the season, getting a 238 count, or only three pins down on Toronto Typographers, who are still high with the exception of Bizzard Wilson in the first and Moose Richardson in the third. The World did some good bowling. Squab Beer amping high angle with a 228 count in the first game, while Turkey Mills was only one pin down on the above in his third game, when he counted 230. Monk Moore and Charley Wilson also did well in the middle encounter, when they struck in counts of 198 and 199 respectively. Walter Williams was high for the night with 566. Billy Beer was a good second with 544, while the Blues was the best for Caravalls with 484.

Public Utility League

In the Public Utility League at the Toronto Bowling Club Saturday night the Canadian Northern Ry. like the A. T. Reid Co. the Business Men's also got up their backs and put over a two-game win which was their first of the season. Hydro-Electric No. 2, their victims, only grabbing the lead, but by far the biggest total of the night, counting 81 pins. Clarke for Canadian Northern, was high for the night with 85, while Bob Carey for the juice distributors put the only other over the 50 mark with 65, with his 206 count in the last game, being high angle.

Business Men's League

It was a great night for the A. T. Reid Co. team in the Business Men's League at the Toronto Bowling Club Saturday night when Pete's colts left the main class by amassing their first win of the season and incidentally won the old game from their opponents, Maple Co. It was tough going in the first spasm for Pete and his hopefuls, which game was won by 11 pins, while Bob Carey and Pierpont Morgan neatly split the beans with counts of 123 and 132 respectively. Trevor Temple, the dark horse, however, pulled the means out of the fire with a 178 count, which was his 204 collection in the middle game, which was high for Wednesday. Also the means of bringing home the bacon for his team the second time, Maple & Co., however, pulled themselves together in the second encounter and won in a gallop. Pete Reid was high roller for the night with 88. Trevor Temple scored with 83, while Archie McCausland and Charley Maybes were next in line with 60 and 60 respectively. The scores were as follows:

Varsity Wins, Score 14-7

Note and Comment

The performance of the Argonauts on Saturday was the best of their career in the history of the game. They held the star and fleet-footed Varsity team, now three times champions, to a narrow margin of seven points and forced the play most of the time. The students won by 14 to 7, crossing the scullers' line twice, Capt. Maynard converting both tries, the first from a most difficult angle.

Argonaut supporters will point out how the touch-downs were made on account of mistakes of their defence. The first in the second quarter was due to a brace of errors. First Lawson in an attempt to shake off the tackles, lost the ball, when he should have been satisfied with a down, and the very next kick Mallett made his only mistake of the day, knocking the ball into touch. Then Varsity bucked over near the southeast corner.

In the third session, with the play well down at Varsity's end, Maynard punned like Willie Keeler used to hit where there wasn't anyone. The ball rolled like a three-base hit, with both sides in the scramble for the bounding sphere. Binkley was first on the job and secured, but the forwards shot it out of his arm, and went over for another try.

Binkley's field goal in the final session was Argos' best score, in fact they never looked serious in the matter of a touch-down.

Now interview any Varsity supporter and he will tell you how Maynard's galloping was running under wraps. True, they were behind in the first quarter, 1 to 6, but at half time it was 6 to 1 in their favor. Next you saw how quickly the rab-rah boys pulled out a try when the scullers pulled up to 6 to 3 and at three-quarter time it was 13 to 3. All the college team had to do was to hit the final quarter, which they did and the best of the Big Four scullers could do was to add four, the Binkley's were dropped by barely the width of the goal post.

The men on both sides and all connected with the handling of the teams are to be heartily congratulated for the spirit of sportsmanship displayed. There was no scrapping and not a man ruled out once for a trip. The opposing players almost vied with each other to avoid inflicting injury. Still the tackling was by no means gentle.

Conditions could have hardly been better so late in the season. The ground was frozen, but the field was rolled and a coating of loam spread on the whole. The whistle blew. This injury was avoided and there was necessary for only one substitution when Alex. Sinclair retired in the fourth quarter to be replaced by George Wright took his place. There was only a gentle west wind blowing across the field, and the game was evenly divided as possible between the two ends, ten at the south and eleven at the north.

Argonauts outkicked Varsity by a good margin and they had the better of the four catches. The students pulled off four or five magnificent end runs and about three good ones thru the centre of the broken field. Their speedy wings were down in a flock like hawks and always made fatal the scullers' mistakes.

It was not Lawson's day. The field was too hard for the big fellow to get started and he never got a good run during the day. Besides his former team mates watched him too closely. He caught clearly and was down in four or more blue legs lined up ready to pounce upon him before he got started.

As advised here on Saturday there was no need of paying the speculators a price. One section of the new bleachers yawned in its vacancy, giving rise to a number of tickets left in the hands of the grabbers. As a matter of fact the speculation was the result of over-enthusiasm of those who fancied they might not be able to see the game than anything else.

It was amusing the efforts made by the kebboners brokers after the game began and many the grand stand ticket was picked up at half the face value and it is in record where boys were able to buy \$1.00 seats for 25c before half time.

As for any ticket scandal there was none. It is always possible, regardless of the size of the crowd, to make a good cure more than their share and there was no exception this time. Up at Varsity they will show the books while Argonauts will also tell you what became of their allotment. As a dozen notices had it "all went to Varsity," and everyone who went also saw. There was not only standing for everyone, but seating accommodation to spare.

It was Phil McKenzie's only game of the season. He also refereed a year ago in Hamilton and his manner of handling these games indicates that he should be reserved for the final. His work with that of Umpire Robbins, was faultless.

Intermediate and Junior Final Canadian Games

As a result of the intermediate and junior semi-final Rugby games in Montreal on Saturday, the Canadian Rugby Union have decided on the following dates for the remaining games:

In the intermediate series, Rough Riders of Hamilton (winners of Intermediate Provincial) will play R. M. C. in Kingston on Saturday, Dec. 2. In the junior series, Petrolia (O.R.F.U. champions) will play winners of Junior Interprovincial in Hamilton on Saturday, Dec. 2. The winners of this match will have the final game for the Canadian championship played on their own grounds with the R. M. C. Juniors the following Saturday, Dec. 9.

Varsity Win Another Canadian Championship

Argonauts Put Up a Great Battle on a Slippery Field Before 15,000 People.

By W. J. Stee.
Varsity won another Canadian championship when they downed Argos Saturday by 14 to 7 before 15,000 people, with ample accommodation for many more. The game undoubtedly brought together the two greatest Rugby teams playing their different styles of play.

Varsity have thrashed the season's played offensive football, and it is doubtful if any team but themselves could have scored 14 points on Argos Saturday, who always adopt the defensive game.

The Argonaut back defence performed magnificently, well, and it is regrettable that two instances in which runtimes were made, they had such disastrous results. Lawson lost the ball when he knocked into such five yards out from which point by books Varsity made a try.

Binkley directed his play well all times, and it was decidedly unfortunate that he lost the ball so close to his line that enabled Knight to go over. While these two instances undoubtedly had a decided bearing on the ultimate result of the game, it cannot help but be conceded that the better team in the game were the winners.

The slippery going materially affected the Varsity running and passing game, as it was seen on so many occasions a runner would slip when attempting a pass.

It was thought by some that Alfian Ramsay might be nervous, but far from that he played one of the most useful games of either team and besides was considerably hampered by a nasty cut over his eye, which had to be patched up a couple of times.

A word must be said here complimentary to Dr. Arthur Wright, who took hold of a team of new players, and at one time during the year, he only had one regular of previous season playing. To win a Canadian Rugby championship with a seasoned team is honor enough, but to educate a team of youngsters to a powerful organized club like Argos, was truly a wonderful feat.

Every man who played to-day will be back to school, next year and what a great team they will be at the end of next season! Pete Campbell will undoubtedly be the full back.

Players of both teams were carried off the field at the conclusion of the game, and one instance worth mentioning was the fact that the Hamilton captain, Alfian Ramsay, carried Pete Campbell on his shoulders off the field.

The field undoubtedly had a disastrous effect on Lawson, who failed to shine as had been expected by many people. Another thing that must be remembered when playing with Varsity, is that it was given a much better opportunity to do by their style of play.

Sinclair and Hazzard, the Varsity out backs, were deadly tacklers, and this applies to Murray and Moore, the Argos out backs. The latter played his best game of the year. Smith and O'Connor were also effective throughout.

Visitors attended the game from all parts of Canada, and the consensus of opinion was that the better team won.

As far as fumbling is concerned, the Argonaut backs handled the ball much better than did the Varsity boys, but they did not get a share of the luck, Varsity didn't get a share of the luck, Varsity didn't get a share of the luck.

Bill Grant (manager of Argos): The better team won. I am well satisfied with the way our boys played, and they did well. Both teams were a little lucky, but Varsity's swift wings were what beat us.

Walter Harris (of the Argo Club, secretary of the Argo Club): We were licked, but we will be right back at them next fall for our revenge.

Smritie Lawson (of the Big Train, Varsity's punting half-back): I certainly feel gloomy because we lost, but the better team won. I couldn't get going at all on the slippery ground, and they nailed me in my tracks.

John L. Counsell, K.C., of Hamilton (old Varsity captain and half-back, and all-round star): Great game, fine play all round; two grand teams. I enjoyed the game.

Captain Isbister (of Hamilton Tigers): It was a good game. Fumbles were fatal. Argos didn't do nearly as much fumbling, but Varsity's swift wings were always there to make them count.

Bob Harris (Hamilton Herald): Pete Campbell is a wonderful runner. If the points ran true like him we could almost out the mutuels out of business.

Billy Marshall (old Tiger forward): The better team won. Varsity have thrashed us.

Dr. Wright
I was pleased to see the boys win. They deserved it.

H. C. Griffith (father of Alfian Ramsay): It was a great game and well worth witnessing. The slippery condition of the field undoubtedly bothered both teams, but at that I think Varsity had the better of the game and deserved to win.

Alex. Snively (a former Varsity and Argo player): I think Varsity were the better team, but I would have liked to have seen the game played where the footing was much surer.

Dr. Barton (physical director of Varsity): We had a little luck in the scores, but had enough margin all round to earn the game. It was no walkover.

Dr. John McCollum (ex-captain of Varsity): A good game. Varsity had a shrewd better all the day.

Percy Quinn (Toronto Lacrosse and Toronto Hockey Clubs): It was a rattling good game. Too bad it wasn't on a dry field. I suppose Varsity would have trebled the score.

Joe Wright (vice-president of the Big Four and president of the Argo Club): The boys were lucky with their two tries. I think we had more than half of the play, but we didn't get our share of the luck. Varsity didn't get a share of the luck, Varsity didn't get a share of the luck.

Walter Harris (of the Argo Club, secretary of the Argo Club): We were licked, but we will be right back at them next fall for our revenge.

Smritie Lawson (of the Big Train, Varsity's punting half-back): I certainly feel gloomy because we lost, but the better team won. I couldn't get going at all on the slippery ground, and they nailed me in my tracks.

John L. Counsell, K.C., of Hamilton (old Varsity captain and half-back, and all-round star): Great game, fine play all round; two grand teams. I enjoyed the game.

Billy Marshall (old Tiger forward): The better team won. Varsity have thrashed us.

Jack Maynard
Expert Opinion After the Game

Captain Jack Maynard: Am delighted that we won. Every player did his best, and no person could want more. Argos had a very strong game and are an excellent crowd of fellows to play against.

Little Chance For Canadian League Team
Representatives of the different teams in the Canadian Baseball League met in Toronto on Saturday and Frank Shaughnessy, formerly manager of the Roncesvalles of the Virginia League, who is endeavoring to place a team in the Canadian League, was delegated to interview President McCaffery of the Toronto Club regarding putting a team in Toronto in their league. McCaffery did not think it would be good policy to do so for three reasons. In the first place, in his opinion, the other clubs in the Eastern League would not take kindly to such an arrangement. In the second place he was opposed to it because it would interfere with amateur baseball, which he thought should be assisted, not hampered. And the third and final reason was that as the Canadian League had been so successful in their first year the admittance of a Toronto team might hinder rather than assist during the coming year.

COMBINATION PLAY PROVED SUCCESSFUL

Varsity Win Came From Machine-like Manner in Which They Worked.

By J. P. Haverson.
Varsity are once more Canadian Rugby champions. They won the title Saturday by a consistent display of legitimate and for the most part unornamental football.

The score was 14 to 7, but Varsity is not twice as good a team as the Argonauts. They are seven points better, but the fact that Argos' virtue is as a defence aggregation is the reason for the small figures. There is no other team in the country which could have held Varsity, playing as they did, to 14 points. There are teams which might have scored more than seven points against them, but while they were doing it Varsity would have beaten them just the same.

Varsity owes her victory to her whole team, for it was a beautifully balanced machine that beat the Argos. When it comes to individuals or groups of individuals it was the safe backing of Ramsay by Maynard which made up for the advantage of the Argos halves, who never missed. It was their ability to start quickly or to stop and think which allowed Maynard, Ramsay and Greene to outdistance the great Lawson as ground gainers. Greene was good after he was nervous, which showed at the opening of the game. He was the best kicking of the Varsity halves, but the combined abilities of each of his mates made either of them a more valuable man.

Maynard's wonder, his nerve, his hold of anything until he is needed. He can be seen hovering about the wings, looking for his fellow backs and backing up all possible fumbles. An analysis of the play shows that he seldom secured the ball, save from the fumble of another or as unit in a combination play, but whenever he took the ball it went a good way towards the other fellow's goal. It went as far as he could carry it and there was usually a kick at the end of the run. No one can tell Maynard could do it if he were not a combination player, as he always does, for that of Varsity.

For the Argos, Mallett was again the king-pin. He was the best kick on the field and his tackling did much to stem the Varsity advance. His fellow backs, inside kicks was a valuable asset. Binkley did splendid service also, being but a made behind Mallett in kicking. He made several attempts, as drops from the field and put one across. One of the failures looked like an error in tactics.

Lawson was there, but, as has been the case through the season, his hands were more valuable than his feet. This is what seems to be the matter with him. He knows that his strength lies in his punting. He cannot start quickly and he is so eager to get away that he cannot wait to pick a rock for a start. He is just head down and crank the engine and it won't work against expert tackling. There was little to choose between the lines. If there was another thing it was with the Argos as a stonewall and with Varsity's attacking outfit. Gale did the best punting of the day with Murphy and Vigne as close seconds. Vigne punned more than Murphy, but he had many more chances given him than did Gale or Murphy, and Murphy went out looking for the Irish-American punting and ball securing.

Fud Kent must not be forgotten in the punting ranks. Murray and Moore were of course the best punners in the game for the Argos, as were Hazzard and Sinclair, who were at the ends for Varsity. At quarter time the Argos had a big advantage and the pity is that the brains and hands were not in the game for Argos, who could have let O'Connor run out on the line. O'Connor's punting was accurate, but he lacked the running power to carry the ball into the field. Taylor is a great line punner, but he makes little headway thru the Argo giants, but he had some other tricks to show in the matter of punting.

It was the best game that either team has played in this season and the fact that the team is a great football machine.

J. G. Merrick Again President Of A.A.U. of C.

President J. G. Merrick of the Amateur Athletic Union of Canada, was re-elected on Saturday night to continue the direction of the organization, which now has achieved a development and permanent establishment that prove the general agreement of a national governing body. The annual meeting was held at the King Edward Hotel on Saturday afternoon at the foot of the field at the Canadian Rugby Union, in Toronto.

The following were present: B. C. A.A.U.—Hon. W. A. Buchanan, M.P., Leithridge; Saskatchewan A.A.A.—C. A. Matthews (proxy); Manitoba A.A.A.—J. D. Pratt, Winnipeg; Ontario A.A.A.—Francis Nelson, Toronto; Frank Hyde, Woodstock; Tom Robertson, F. R. Sinks, M. Macdonald, Thomas Brownlee, W. J. Trivet, T. P. Douglas, Toronto.

Quebec—Dr. T. J. Tees, Wm. Stewart, Percival Nelson, J. Davidson, Montreal. Maritime A.A.A.—D. H. Johnson, Charlottetown, P.E.I. Intercollegiate A.A.A.—Prof. A. T. DeLacy, C. H. O. Wright, G. G. Kilpatrick, J. M. Wood.

Royal Athletic League—A. T. Ross, Toronto. Canadian Police A.A.A.—Deputy Chief Stark, Toronto. Canadian Wheelmen's Association—Robert Falconer, G. L. McKay, Toronto. Treasurer—Controller J. J. Ward and Secretary N. H. Crow were also present. Some of the interesting points touched on by the governing body in their report were: "It is a matter of gratification to be able to report that each succeeding year shows a steady increase in membership and authority of the Amateur Athletic Union of Canada. What was considered advisable to give to the provincial organizations wider supervision over their sectional affairs, it was feared by some that without the direct control of the central body many abuses would creep into the sectional administration. These fears

EATON'S LIMITED TORONTO - CANADA

EACH CLUB RECEIVES \$5000.

Information was received to the effect that over 15,000 paid to see the Rugby game at Varsity Stadium. Exact figures will not be available for a couple of days, but the following estimate covering the whole of the game really will show what a profitable undertaking a final game really is.

Estimated crowd	15,000
Gate receipts	\$12,000
Expenses	2,000
Balance	5,000
Each club receiving	500

The treasurer was in line with the forward movement Controller Ward presented a financial statement which showed a balance of \$2239.90 as the union's resources. The report of the secretary, reviewing the whole field of A.A.U. work, of the standing committees, the festival of employment, and the provincial sections were all of a most encouraging nature, bearing the same story of satisfactory progress, with no intention of being content to stand still.

The application from British Columbia for the championships for 1912, was referred to the registration committee, and that for the procuring from the Ontario Union the removal of the disqualification of the Vancouver lacrosse team to the registration committee. In the meantime the disqualification still holds.

The application was supported by Mr. Stevens to the documents in the case reached him. He assured the meeting that it was not the desire of the club to counter to amateur sport.

On motion of Mr. Pratt of Winnipeg the formal change of the names of the provincial sections was passed, and each will henceforth be known as the Provincial Branch of the Amateur Athletic Union of Canada. The relationships are unchanged.

To ensure the impartial and responsible awarding of Dominion and provincial championships, it seems necessary that the awarding of such trophies should rest with the governing body in a particular province, or with the jurisdiction of the union which whose jurisdiction the tests are held.

W. D. ANNIS OPPOSES A. McCOWAN IN EAST YORK

T. H. Lennox Choice of North York Conservatives—County News From a Wide Area.

W. D. Annis, reeve of Scarborough Township, was on Saturday afternoon, induced to accept the nomination for East York in the Liberal interest at a meeting of the executive held in East Toronto.

Mr. Annis is well known to be averse to entering the lists and it was only due to strong pressure that he acceded to the wishes of the executive. He will enter at once upon a vigorous campaign and will be assisted by J. W. Curry, M. C., and other well known city lawyers.

Reeve W. D. Annis has resided all his life in Scarborough Township, has been associated in municipal life for half a dozen years in the last two or three as reeve of the township, is a successful farmer, the now retired from active life, is a comparatively young man, has a clear record, is personally popular in his native township and for a Liberal will make a good run in the historic old riding.

Apathetic Dealings in All Stock Markets---C.P.R. up in N.Y.

IN THE STOCK MARKET

Financial London on the Outlook--Current Comment on the Wall Street Situation.

The Following Summary of Financial Conditions is Cabled by the Special Representative of The New York Evening Post.

World Office. Saturday Evening, Nov. 25. The Toronto Stock Exchange was in a decidedly dull frame of mind in the week-end session to-day, trading being of a purely perfunctory character, and prices changing very little.

Traders and outside speculators were even more concerned with the possibility of a change in the market, and consequently gave themselves over largely to a discussion of the chances of the market.

Not one of the usually active issues came in for any show of trading, such scattered transactions as were put through being more often than not for broken lots of stock.

In the South American traction issues the day's dealings were limited to one lot of 50 shares of Sao Paulo and two small blocks of Rio. The former transaction was made in at 12, this showing a fraction gain from yesterday. Rio sold at 11 1/2 and closed bid at the latter figure.

A new evolution in the general list and outside of a few small lots of the Burt, Duluth Superior and some of the specialties, the interest shown was practically tantamount to nothing at all.

No definite prospects. The market was apathetic in the extreme at the close, and there was nothing in sentiment to indicate any prospective change in this regard.

Money rates continue firm here, call loans at 5 1/2 per cent, being the general rule, with some special instances of funds advancing to 6 per cent, rate reporting. There is no likelihood of any immediate change in this respect.

ON WALL STREET. Erickson, Perkins & Co. (J. G. Beatty) wired: All things considered, stocks behaved very well to-day. They opened down, but in the middle of the session they started. St. Paul, Great Northern and a few which are influenced by the rate decrease announced yesterday ended weak. We doubt, however, if most of the sellers of these stocks know just what the reduction in rates means in dollars and cents.

It means less than \$200,000 a year increase for all of the affected roads, or less than one per cent of the net earnings, estimated by the commission at \$20,000,000. We hear a lot of talk to-day about the continued energies of the Stanley committee, but this became a good deal of a farce. We would ignore it for the present. U. S. Steel and Union Pacific were very steady, all things considered, as the bears have become cautious, they sold a little.

Next Wednesday. There was no selling pressure in either. To-day a bank statement was less poor than expected, because of the heavy deposit and loan reduction. Surplus fell off only \$1,400,000 in the 'actual' position as of last night.

Chas. Head & Co. to J. E. Osborne: The reactionary tendency of the market continued this morning and in general stocks declined fractionally in the interim, but the market was very narrow owing to the many absentees attending the several football games. After the early selling was over the market recovered slightly and displayed but little activity.

The leading market operator is reported to have sold stocks for the past few days and to be bullish in his feelings, but he may turn ticky to the other side on any evidence of scarcity of stocks. The short interest continues large and stocks loan freely at small concessions in interest. Closing prices were somewhat irregular, but changes were largely confined to fractions, the northwestern group of railroads being the greatest sufferers.

The bank statement, showing loans decreased \$12,501,000, with a loss in cash of \$6,344,000 and a reserve loss of less than \$1,500,000, was better than anticipated.

Municipal Securities. The Dominion Securities Corporation has recently purchased for \$2,000,000 City of Victoria 4 per cent. securities of the following description: \$1,600,000 fifty-year registered stock, \$200,000 twenty-five year debentures, \$200,000 ten-year local improvement debentures.

The City of Victoria has an assessed valuation (on land only) of \$45,000,000. Its gross debt, including the bonds and the amount of the \$1,000,000 which a large portion is invested in revenue producing utilities. The net debt is \$33,000,000. Against this there is at the credit of the sinking fund \$35,000,000.

Listed in London. LONDON, Nov. 25.--Application has been made to the London Stock Exchange to list \$1,000,000 Ames-Holden-McCreedy, Limited, 6 per cent. bonds, Montreal Water & Power, \$200,000 4 1/2 per cent. North Saskatchewan Land, \$400,000 6's.

Politics vs. Business. NEW YORK, Nov. 25.--Important financial interests are making supreme efforts to crystallize opposition to the Sherman Anti-Trust Law, and it is said the greatest battle ever fought between politicians and business will be waged in the halls of congress this winter and during the presidential campaign.

Meeting of Directors. A meeting of the directors of the Martin Porcupine Mines (Limited) was held Saturday afternoon for the purpose of organization. The following officers were elected: President, A. J. Young; vice-president, D. K. Martin; secretary, D. P. Hammond.

AN APATHETIC MARKET. Wall street was in a decidedly apathetic mood on Saturday. The market moved along in a perfunctory manner throughout the short session and values at the close were almost exactly on a par with the previous levels. The Yale-Harvard championship game proved more of an interesting topic than the market itself. The prospects favor a continuation of the saw motion, which has been in evidence during the last few weeks.

MONTREAL STOCK MARKET. Narrow Price Changes The Rule--Trading Exceedingly Dull. MONTREAL, Nov. 25.--Trading on the local stock market this morning was in extremely light volume, and price changes as a rule were narrow, the general tone of the market was somewhat easier. The only distinctive feature was some selling of Dominion Canners, under which the price broke to 6 1/2, as compared with 6 3/4 at the close Friday. It recovered fractionally to 6 3/4, with 6 1/2 bid and 6 3/4 asked at the close.

Montreal Power showed strength, advancing to 32, as compared with 31 at the close Friday, and at the close 18 1/2 was asked. Steel Corporation was quiet and sold fractionally lower, at 5 3/4, with that figure bid and 5 7/8 asked at the close. The Census issues were somewhat higher at 8 1/2, recovering to 8 3/4. Canadian Pacific sold fractionally higher at 32, and Stock at 12 1/2. Richmond was steady at 12. Tooke Bros. common was firm at 40, and the preferred was stronger, advancing to 38, as compared with 36 1/2 at the close Friday.

THE BANK STATEMENT. NEW YORK, Nov. 25.--The statement of clearing house banks for the week shows that the banks hold \$3,375,850 reserve in excess of legal requirements. This is a decrease of \$3,705,250 in the proportionate cash reserve as compared with last week.

Daily average: Loans, dec. \$5,863,000; specie, dec. \$7,167,000; legal tender, dec. \$961,000; net deposits, dec. \$175,000; circulation, inc. \$45,000; excess lawful reserve, \$9,375,850, dec. \$3,705,250.

Actual condition: Loans, dec. \$13,510,000; specie, dec. \$3,044,000; legal tender, dec. \$400,000; net deposits, dec. \$1,363,000; circulation, inc. \$214,000; excess lawful reserve, \$8,972,300; dec. \$1,450,550.

Summary of state banks and trust companies in Greater New York not reporting to the New York clearing house: Loans, inc. \$5,117,400; specie, inc. \$56,400; legal tenders, inc. \$116,300; total deposits, inc. \$4,796,000.

LONDON STOCK MARKET. LONDON, Nov. 25.--Money and discount rates were a shade easier to-day. Traders on the stock exchange were chiefly occupied with preparations for Monday's carry over and only a small amount of business was done. Home rails and foreign securities were easy, and copper shares reacted on profit-taking. Affairs were steady.

American securities opened steady at irregular price changes. Later in the market advanced under the leadership of Canadian Pacific and United States Steel. The closing was steady with prices ranging from unchanged to 1 1/2 higher than yesterday's New York closing.

MEETING OF DIRECTORS. A meeting of the directors of the Martin Porcupine Mines (Limited) was held Saturday afternoon for the purpose of organization. The following officers were elected: President, A. J. Young; vice-president, D. K. Martin; secretary, D. P. Hammond.

WINTER TOURIST EXCURSIONS. When leaving on a winter tour, whether it be to the Sunny South or a journey embracing a number of delightful watering places on the continent, the best safeguard against traveling troubles is a ticket Toronto to Toronto without bothersome exchanges to be made or anything to be done except travel in comfort. This kind of ticket may be obtained at the Canadian Pacific offices at special reduced winter tourist rates, carrying special stopover privileges and variation of routing. If you are interested, call in at the C.P.R. City Ticket Office, 18 Egan Street, phone Main 6880 for information, suggested trips, literature, etc., or write to M. G. THE TREND OF EARNINGS. Gross earnings of all United States railroads reporting to Dun's Agency so far this week of November aggregate \$124,665, or almost exactly the same as the same roads during the corresponding period a year ago, there being an increase of only \$300. The exhibit is hardly as favorable as in the two preceding months, each of which reports a gain of 2 per cent. over the total earnings for the corresponding two weeks Oct. 29-30. In the following table are given the earnings of all United States roads reporting to date for the first two weeks of November.

They're in Again --- Those Exclusive English Coats

A second consignment of the famous "Kenneth Durward" Ulsters has just arrived. The former collection went out in a couple of days, and we've had hundreds of enquiries for them since.

The demand for them has grown according as their character and individuality have become known.

One has to see the coats in order to appreciate what that means.

They include Chesters, Raglans, Balmoran, guards' coats and ulsters, in a variety of Scotch and North of England wools, typical and unmistakable.

There's a swagger effect about them that it is impossible to imitate. Look at the satin-lined, double-breasted Aintree effect, at 35.00

As well as the "Balmoran" opera coat, made from special English tweed, satin lined, leather buttons, slash pockets, at 25.00

These typically English Great-coats, made of the best old country tweeds and other cloths, are for sale at this store only. Come to the men's store to-morrow and slip some of them on. You'll fall in love with your reflection in the mirror.
