SATURDAY MORNING FEBRUARY 7 1920

40TH YEAR—ISSUE NO. 14,332

TWO CENTS

Overwhelming Blizzard Works Havoc With Traffic in New York Government Starts to Collect Money Owed Here by Enemy Firms

CANADA TO COLLECT ITS ENEMY DEBTS VIA CLEARING HOUSE

Ten Million Dollars in Claims—Germany Being Notified.

DAMAGE TOTAL GROWS

Ottawa, Ont., Feb. 6.—(By Canadian Press.)—Acting under the provisions of article 296 of the treaty of peace, the government has decided upon the establishment of a clearing house for the collection of debts from enemy nationals, and Germany will be notified of the step taken.

Article 296 of the treaty, which covers the liquidation of debts payable by a national of one of the contracting powers to a national of an opposing power, says: "There shall be settled through the intervention of clearing offices to be established by each of the contracting parties within three months of the notification referred to in paragraph E."

Paragraph E of article 296 provides: "The provisions of this article shall not apply as between Germany on the one hand and any one of the allied and associated powers, their colonies or protectorates, or any one of the British Dominions, or India, on the other hand, unless within a period of one month from the deposit of the ratification of the present treaty by the power in question, or of the ratification on behalf of such dominion or India, notice to that effect is given to Germany by the government of such allied or associated power or of such dominion or of India, as the case may be."

Canada's Claims.
It is expected that some ten million dollars in claims will be filed through the Canadian clearing office. Cash assets and trade debts and balances owing by Canadians to German nationals will be included in the clearing according to figures at present available, while Germany owes to Canadians some \$75,000, excluding three items, one of which, it is said, may be fictitious, and another which is owed by a subsidiary company and may not be included among the debts owed by Germany with dividends on stocks, etc., it is expected that the total sum to be handled will reach the ten million dollar mark.

Under the reparations clauses of the treaty, which are separate from the clause dealing with the collection of debts, it is expected that there will be claims from Canadians totaling some ten or twelve million dollars. At present the total claims made in the neighborhood of thirty-five million, but the state department officials feel that when the reparations commission is set up the claims presented the figures will be materially reduced.

For Torpedoed Ships.
The reparations claims include ships and their cargoes, which were torpedoed and lost; loss of life and property and damage to Canadian properties and lands by Germany. One claim, for the loss of a life, is \$75,000. There are also many claims for property lost or damaged, and it is expected that the total amount claimed is being swelled by new demands for damages for one loss or another.

TOO TALKATIVE

Man Arrested for Drunkenness Waxing
Linguistic About Jewelry Robbery—Overheard by Detective.

Getting arrested last night on a charge of being drunk, resulted in Joseph Guigue, aged 65, of 165 Simcoe street, having the serious charge of shopbreaking preferred against him. Guigue had been out celebrating and was picked up by a policeman on Queen street helplessly drunk. When he began to sober up he started to talk in the cells and while Detective Turt was in the corridor talking to a prisoner, Guigue is alleged to have intimated he had robbed a jewelry store early yesterday morning on Queen street. Questioned further by the detective, the prisoner is alleged to have admitted breaking into Morris Rubin's jewelry store at 175 West Queen street, and stealing a quantity of watches and other articles.

GAINSBORO COUPLE FREED OF CHARGES

St. Catharines, Feb. 6.—John Giles and wife, arrested in Toronto on Tuesday on a charge of abandoning their eight children, the youngest 14 months old, in Gainsboro township, were allowed to go when the mother agreed to go home and look after the family. The defence was that they had had the fire and the crops were a complete loss. They had gone to Toronto to earn money to pay off some of the debts. They had together been earning \$50 per week in Toronto.

MANY ARE APPLYING FOR FLYERS' LICENSE

Ottawa, Feb. 6.—Numerous applications for private pilots' certificates are being received by the air board, but so far only ten have been issued. The board has announced that all former members of the Royal Air Force are entitled to private pilots' certificates, provided they were physically fit when leaving the force. It is advisable for them to submit their applications as soon as possible. A number of applications for airdromes have also been received.

PLENTY OF MONEY, BUT WHERE IS IT?

New York Financier Says American Bankers Are Unable to Find It.

London, Feb. 6.—"The United States is not interested in the extension of additional European credits, nor attracted by the foreign security market, simply because American funds are not available for that purpose," said Irving T. Bush of New York, in discussing the exchange situation at a luncheon today, at which Sir Auckland Geddes, minister of national service and reconstruction, presided.

Mr. Bush declared that too much was being said about the exchange situation, and that the tendency was to give the impression that there was something mysteriously wrong in the relations that make further investments abroad. "The fact is," Mr. Bush continued, "America is going to suffer in the long run from the situation which is temporarily adverse to England. The United States trade should be reconcentrated to the necessity of dropping out of the export market, with the exception of trading in copper and some few raw materials which she alone can furnish the world. The result inevitably will be that the country's own industries, and the country's own shelve will be replenishted.

WILSON REFUSES TO CHANGE STAND

Will Accept No Reservations Which Alter Meaning of Peace Treaty.

Washington, Feb. 6.—Senator Hitchcock, leader of the administration forces in the senate, announced tonight that President Wilson is standing by his declaration that he will not accept any reservations placed upon the peace treaty that "change its meaning."

It is expected that a message from the president outlining his position will be placed before the Democratic senators at their conference tomorrow. This probability contains the germ of a bolt by the eighteen Democratic senators which sought a compromise with the Republicans regardless of the president's attitude.

At the conference the 18 will ask their colleagues to accept the modifications in the Lodge reservations agreed upon at the bi-partisan conferences. Failing this, it is said the 18 will go so far as to vote for ratification of the treaty with the Lodge reservations.

Senator Simmons, North Carolina, who has followed the president's lead through the senate fight over the treaty, declared that he will not accept any modification of the Lodge reservations substantially along the lines agreed upon in the bi-partisan conferences. If we cannot secure modification of the Lodge reservations we will accept them if we have to in order to get the treaty ratified. Senator Hitchcock declared that there is no possibility of securing enough Democratic votes to ratify the treaty until the Lodge reservations are substantially modified.

FOREIGN EXCHANGE CONFUSES MARKET BY PUZZLING MOVES

Sterling Rises Ten Points and Then Drops Back Again to \$3.29.

ABNORMAL INFLUENCES

New York, Feb. 6.—Today was another day of utter confusion on the international money market, the wisest financial pages refraining from an effort to explain the bewildering moves of foreign exchange. At one time during the day sterling exchange had risen ten cents over yesterday's closing \$3.40s and then had dropped abruptly to \$3.29. At the same time the London price for gold dropped from yesterday's 127 shillings four pence per ounce to 123 shillings six pence.

The foreign exchange market moved in a confused manner from the opening, fluctuations in rates being caused by a small volume of actual business. The transactions, in fact, were scattered and generally in small amounts. Experienced observers say that no such movement as occurred today in sterling exchange could have resulted from normal influences. They declared it as a practical certainty that, in addition to the confusing rumors and obscure influences which surround the market, speculation on an extensive scale had been brought to a head late today at the age of 89. A broken hip, caused by a fall, was the immediate cause of his death.

WILL EXACT ALL GERMANY OWES

French Premier Says She Has Flagrantly Failed to Execute Coal Delivery.

Paris, Feb. 6.—The chamber of deputies voted tonight the cabinet of M. Millerand declared a policy of regard to its foreign policy. The vote was 518 to 68. Premier Millerand asserted that the government was determined to execute vigorously and change the peace treaty and serve notice on Germany that "all that she owes we will exact."

The premier said he considered that the Germans had flagrantly failed to execute the delivery of coal, which was most important to France, while burning more coal than that the French to warm themselves.

M. Millerand regretted that the United States had not yet ratified the treaty, but remarked that the reparations commission was functioning, and "we have no inquietude concerning the final decision of the United States."

Premier Millerand declared that France did not intend to pursue a policy of conquest in Syria and did not intend to menace the populations independence, but desired to establish a good administration in the country and see that justice was done.

I.S.C.P. Man to Run In East Wellington

Word has been received from the Independent Soldier Citizens' Party that they will run a candidate, a private soldier, name not disclosed, to contest East Wellington riding with Hon. W. E. Roney. This will make the second I.S.C.P. candidate in the field, with E. J. Stephenson, originator of the party, contesting Halton with premier Drury.

Premier Drury continues to make nightly speeches thru Halton County taking nothing for granted, or more probably, fulfilling all his speaking engagements.

NO WORD OF LONG FLIGHT.

Ottawa, Ont., Feb. 6.—The air board has received no official intimation with regard to a Vancouver, B.C., Alaska, airplane flight, announcement of which was made recently thru United States sources.

HOME OF GENERALS WILL SURRENDER, SAYS VON BUELOW

Commanders Hold Evasion of Extradition Clause Compatible With German Honor.

SIR JAMES GRANT DIES AT OTTAWA

Ottawa, Feb. 6.—(By Canadian Press.)—Sir James Grant, one of the most distinguished physicians in America, who died in Ottawa yesterday, aged 89.

Noted Physician and Sole Survivor of Canada's First Parliament.

Ottawa, Feb. 6.—(By Canadian Press.)—Sir James Grant, one of the most distinguished physicians in the American continent and sole survivor of the first parliament of Canada, died here late today at the age of 89. A broken hip, caused by a fall, was the immediate cause of his death.

Sir James practised medicine in Ottawa since 1854 and was famous for his writings on tuberculosis and "how to live a hundred years." He belonged to every representative medical association in Canada and England and was an honorary member of the American Academy of Medicine. He was elected vice-president of the department of surgery at the International Medical Congress in Philadelphia in 1916 and was an honorary vice-president of the International Association of Surgeons, which met in Washington in 1917.

LABOR FEDERATION TO ENTER POLITICS

First Comprehensive Campaign is Now Being Prepared in Washington.

Washington, Feb. 6.—The American Federation of Labor is getting into politics on a wholesale scale, and will begin an active campaign in the coming congressional election in the United States.

The first comprehensive political campaign undertaken by United States labor to control congress and elect friendly national and state officials is now being prepared here. The fight will be independent of present political parties.

Details of the scheme have been worked out by a committee made up of the executive council of the A. F. of L. and department presidents of that organization in session in Washington for several days. Samuel Gompers, president of the Federation, promises a statement tomorrow. The plan was actually originated at the general labor conference held here December 13.

Representatives in congress who are believed to be unfriendly to organized labor, will be vigorously opposed for re-election and new candidates hostile to the interests of labor will also be opposed. The Federation will call to its aid all crafts affiliated with the central body and every congressional district will be canvassed. An army of organizers and workers will be placed in the field. The Federation claims a membership of more than four million. The campaign will embrace state as well as federal affairs. Efforts will be made in the various states to secure the election of governors, judges and legislatures friendly to organized labor.

NEW YORK BATTLES IN DIRE STRAITS AGAINST BLIZZARD

Cars, Trucks and Autos Stalled—Girls Help Men to Shovel Snow—Death and Injury Result From Falling Copings.

FAIL TO RESCUE SHIP'S PASSENGERS

Many Efforts Have Been Made to Rescue Wrecked Liner St. Anne.

New York, Feb. 6.—New York, still stormbound tonight, heard with gloom the weather bureau's prediction that the snowfall would continue another 12 hours. The mighty army of commuters starting homeward tonight faced a blizzard from the northwest, heaping up almost impassable snowdrifts.

Transit lines, except the subway, were demoralized and every subway train was mobbed at the rush hour. At the stations the crowds overflowed into the streets. Long lines of surface cars are stalled in all parts of the city, as well as innumerable trucks, drays, motor buses, automobiles and taxicabs.

Mayor Hylan has issued a proclamation calling upon all persons engaged in the transportation business, except in the delivery of foodstuffs, coal and milk, to cease work until Tuesday and turn their trucks and men over to the city to meet the storm emergency. Lack of men has caused the street cleaning department to throw up its hands. Dozens of snow shovelers tempted only 3,000 men, where 14,000 are needed. A call for volunteers led to many girl students in Barnard College offering their services. They shoveled manfully.

WILL DECIDE WHAT TO DO

Allied Premiers at Meeting Next Week Will Talk Up Extradition.

Paris, Feb. 6.—The allied premiers at their meeting in London next week are expected to examine minutely the question of the extradition of the Germans accused of war crimes and the consequences of German resistance to the allied demands.

ECONOMIC COUNCIL HOLDS FIRST MEETING

Paris, Feb. 6.—The supreme economic council, which is to consider the exchange question and the general European situation and also hear reports on proposed trading with the Russian co-operative societies and consider the problem concerning raw materials and other commodities, met this afternoon and organized. M. Isaac, French minister of commerce, was elected president. The council also considered revivifying and tonnage problems in connection with reports handed in by various commissions.

ADOPT DAYLIGHT SAVING.

Paris, Feb. 6.—The senate today adopted a bill for daylight saving, which will become operative February 19 at midnight.

NEW YORK BATTLES IN DIRE STRAITS AGAINST BLIZZARD

Cars, Trucks and Autos Stalled—Girls Help Men to Shovel Snow—Death and Injury Result From Falling Copings.

FAIL TO RESCUE SHIP'S PASSENGERS

Many Efforts Have Been Made to Rescue Wrecked Liner St. Anne.

New York, Feb. 6.—Baffled by a blinding snowstorm and lowering waves, all attempts of rescuing vessels to reach the old Dominion liner princess Anne, aground off Rockaway Point, with 104 persons aboard, had failed tonight. More than a dozen going tugs, a coastguard cutter and a police boat, which put out to the aid of the stranded vessel were unable to get within hailing distance and shortly after dark temporarily abandoned their efforts.

On the shore the coastguard made a desperate effort to get a lifeboat out to the steamship, but the heavy breakers made it impossible to launch the boat. Twenty men are standing by on shore throughout the night. A wrecking steamer is being rushed from Norfolk, and will arrive in the morning. If the vessel is endangered by heavy seas tomorrow rescue of the passengers by breeches buoy is planned. A naval dirigible may be used to take the life aboard.

The Anne is about half a mile off shore. Never has been seen she was listing to starboard, and gradually swinging towards the beach. The lights and wireless apparatus are out of commission. Capt. Say is reported suffering from a broken knee-cap and the passengers are enduring severe cold and exposure.

A coastguard steamer, which started out to the rescue today found the water too shallow and had to return. Tugs met with the same difficulty. Officials of the line said tonight that attempts to rescue the passengers had been given up until morning.

ADDITIONAL NAMES FOR EXTRADITION

Boston, Mass., Feb. 6.—New England tonight had hardly started to recover from the blizzard that paralyzed the greater part of this section yesterday. Rain followed the snow, falling thruout the night, and by 2 o'clock, after having taken 14 hours from Albany.

Officials of the Fall River Line to Boston announced tonight that they had made up their minds to continue the passenger service until weather and ice conditions changed.

The Georgia, a steamer of a line plying between New York and Providence, was held up at New York. The Light There are a few passengers aboard.

Those Wanted by Allies Include Four German Admirals.

NEW YORK BATTLES IN DIRE STRAITS AGAINST BLIZZARD

Cars, Trucks and Autos Stalled—Girls Help Men to Shovel Snow—Death and Injury Result From Falling Copings.

FAIL TO RESCUE SHIP'S PASSENGERS

Many Efforts Have Been Made to Rescue Wrecked Liner St. Anne.

New York, Feb. 6.—New York, still stormbound tonight, heard with gloom the weather bureau's prediction that the snowfall would continue another 12 hours. The mighty army of commuters starting homeward tonight faced a blizzard from the northwest, heaping up almost impassable snowdrifts.

Transit lines, except the subway, were demoralized and every subway train was mobbed at the rush hour. At the stations the crowds overflowed into the streets. Long lines of surface cars are stalled in all parts of the city, as well as innumerable trucks, drays, motor buses, automobiles and taxicabs.

Mayor Hylan has issued a proclamation calling upon all persons engaged in the transportation business, except in the delivery of foodstuffs, coal and milk, to cease work until Tuesday and turn their trucks and men over to the city to meet the storm emergency. Lack of men has caused the street cleaning department to throw up its hands. Dozens of snow shovelers tempted only 3,000 men, where 14,000 are needed. A call for volunteers led to many girl students in Barnard College offering their services. They shoveled manfully.

The health department is alarmed at the prospect. Walking with dry feet is impossible, and garbage removal has been interrupted. Householders have been asked to help by clearing walks. There is danger of a food shortage.

Milk trains arrived irregularly and deliveries 75 hours late. Housewives have been asked to conserve perishable foods.

Relief from the threatened fuel shortage was promised by an order directing the diversion of coal for the city's public utilities, but the storm has caused almost complete suspension of operations at Erie, the great tidewater coal depot. Gas and electric light companies are urging strict economy.

Dozens of persons were injured today by falling copings, awnings and cornices, carried down by the weight of snow upon them. Lieutenant Colonel Frederick H. B. Smith, killed at Governor's Island, was killed by the falling of a glass canopy.

Conditions in the harbor and nearby waters were grim. Improving and lowering waves, all attempts of rescuing vessels to reach the old Dominion liner princess Anne, aground off Rockaway Point, with 104 persons aboard, had failed tonight. More than a dozen going tugs, a coastguard cutter and a police boat, which put out to the aid of the stranded vessel were unable to get within hailing distance and shortly after dark temporarily abandoned their efforts.

On the shore the coastguard made a desperate effort to get a lifeboat out to the steamship, but the heavy breakers made it impossible to launch the boat. Twenty men are standing by on shore throughout the night. A wrecking steamer is being rushed from Norfolk, and will arrive in the morning. If the vessel is endangered by heavy seas tomorrow rescue of the passengers by breeches buoy is planned. A naval dirigible may be used to take the life aboard.

BIGGS ADDRESSES BOARDS OF TRADE

Government "Ear to the Ground"—Plan for Urban-Rural Co-operation.

ELECT JOHN BRIDGE

London, Ont., Feb. 6.—An important step toward practical co-operation of urban and rural communities in Western Ontario was an outstanding feature of the second annual meeting of the Western Ontario United Boards of Trade, which closed this afternoon with a meeting in the auditorium at which Hon. F. C. Biggs, provincial minister of public works and highways, delivered an address on the Ontario government's road policy.

At 12.30 o'clock a luncheon was given in the Masonic Temple by the London chamber of commerce to about 300 members of the Western Ontario Boards of Trade and the farmers' clubs and other representatives, who had responded to the invitation to hear Hon. Mr. Biggs. John Bridge, who presided, announced that the United Boards of Trade at their session this morning unanimously decided to invite the farmers' clubs and organizations of every kind in the counties to represent in Western Ontario, to join with us in a united effort to solve these common problems which have been discussed. I am giving you this information now, that you may have time to consider it, and we may get some action as our later meeting.

Following the addresses delivered at the auditorium later in the afternoon, the large audience responded cordially to the idea.

Point to Problems.
The most pressing of the problems which are considered to affect towns and country alike are referred to in a resolution submitted by Lieut.-Col. Walter James Brown of London, and seconded by Mr. George Stanley of Lucan, at this meeting, and unanimously adopted, as follows:

"Resolved that the United Boards of Trade and Farmers' Clubs of Western Ontario, in convention assembled, do hereby call the attention of the provincial government to the seriousness of the present labor shortage in Ontario, and the necessity for taking immediate steps to procure additional immigration, and the need for so modifying our school system that rural education may be emphasized and made accessible to boys and girls who desire to remain in the country; proper instruction and supervision for immigrants settling on farms of Ontario.

Speech of Biggs.
"We want an evenly balanced system of roads in the province of Ontario which will serve everybody and which will provide comfortable traveling for the people for twelve months in the year," declared Hon. F. C. Biggs, minister of public works, addressing one of the largest public men ever held in London at the Young Men's Christian Association.

When we went to the Dominion government with our road policy we came with the assurance that Ontario would get her share of the \$40,000,000 set aside for road development. The government wants this scheme to serve every county and town that comes under the good roads plan, and going to take over 1,600 miles of private roads to be built, that we want you to get the idea, however, that we are going to build 1,600 miles of concrete road or construct a permanent network of the county or township roads.

"Where a provincial road is designated," continued the speaker, "it is running between two large centres of population, and designated so as to serve the greatest number of people. They will be situated, too, where the counties can refer feeders to them."

Reference to Hydro.
In reference to the Hydro, the speaker pointed out that the rural populations are patiently awaiting development of the country districts so that they, too, may share in the pleasures and profits accruing from Hydro. He declared that the present government would do everything in its power to develop Hydro power for the rural population of Ontario.

Conclusion.
In conclusion, the speaker stated that the government at Queen's Park had its ear to the ground, and that they hoped to set up a standard never raised before. He pointed to the short time the government had been in power, and thought that already they had made a good start. He declared the government to be the servants of the people.

Fifteen Bottles Seized.
Fifteen bottles of whiskey were seized last night by Plainclothesmen John and Chester. Philip Rosenberg and John Brett Sullivan were arrested, charged with having the liquor in their possession.

BIG EATERS GET KIDNEY TROUBLE

Take Salts at First Sign of Bladder Irritation or Backache.

The American men and women must guard constantly against kidney trouble, because we eat too much and our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they taken from over-work, become sluggish in their eliminative tissues and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache, dizzy nervous spells, acid stomach or you have rheumatism when the weather is bad get from your pharmacist about four ounces of Jad Salts, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot irritate; makes a delightful effervescent fruit-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

YORK COUNTY AND SUBURBS COUNCIL CONSIDER NEW COURT HOUSE

York Councilors Divided on Question of Memorial Scheme.

A recommendation from the war memorial committee, that the question of deciding on the erection of a memorial to the men who fell in the war be deferred until the June session raised a debate in the county council yesterday afternoon. Reeve Whitmore of Vaughan said that as the authority of municipalities to make grants for patriotic purposes terminated with the end of 1919, he could see no reason for continuing the life of the committee. Chairman William Keith of the committee said they were ready to report, but a committee of the Great War Veterans had made a request that their views should be heard, and had suggested leaving the matter over until June. The committee had agreed to this. Reeve Whitmore replied that no member of council should take it upon himself to hang up matters of this kind. He thought the war veterans should have been told to make their request to council.

Warden Gardhouse expressed the opinion that as the members of council were plainly divided on the question of making a grant for a war memorial, the question should be decided at this session, and he suggested postponing the discussion until this morning. This suggestion was adopted.

The three school inspectors of the county, Messrs. Campbell, Mulloy and Jordan, each presented lengthy reports on the school work of the year, and strongly urged a number of reforms, chiefly, the banishment of the section board system and adoption of the township board system, as the quickest way of securing consolidated schools. They thought the consolidated school idea would solve the rural school problem. Inspector Jordan also advocated making agriculture a permanent department of the curriculum.

On motion of Reeve Keith, the reports were referred to the education committee, with authority to ask for such legislation as they deemed to be in the interest of the county.

The committee on bylaws and legislation reported that a communication had been received from the attorney-general and from Judge Costworth, calling attention to the lack of adequate court house accommodation. This matter was referred to the warden and the council of the county, to be taken up with the city.

When the last agreement was made between the county and the city, back in 1885, there was a proposal to erect a \$400,000 court house on the site of the present city hall, and of this sum the county was to pay \$84,000. The city would have the land to provide room for municipal offices also, but the county was not asked to increase its proportion, and \$84,000 only was paid. It is understood that the city is anxious to use a great deal of the space now given over to court rooms in the hall, and an outcome of the present negotiations may be a revival of the 25-year-old plan to provide a building in the city for the exclusive use of the courts.

Council decided to make a grant of \$500 out of the county highway fund, to be expended on Leaside road by Toronto, under the supervision of the Toronto and York Highways Commission.

UNEXPECTED SUCCESS
Great success was attained in the Methodist national campaign at Stouffville yesterday, \$2915 being collected, the objective was only \$2880. Twenty-two each gave \$100. It is hoped to obtain \$8500, as much as possible, to remain to be canvassed.

VICTIM OF PNEUMONIA.
Mrs. Stuart of Sellers' avenue, Earls Court, has died from an attack of double pneumonia following the flu. She had been ill for several days and leaves her husband and four little children. This is the third death on this avenue this week.

EARLSCOURT NAVY LEAGUE.
In connection with the Toronto Navy League a public meeting will be held on Sunday evening at the Royal George Theatre, at the corner of Dufferin and St. Clair, for the purpose of organizing a branch of the league for this district. The meeting will take place at 8.30 p.m., after church hours will be addressed by Lieut.-Col. Williams, Rev. Chaplain Sam. Boal and probably Commodore Aemilius Jarvis.

FANCIERS HEAR EXPERT.
Earls Court Progressive Poultry Association held their regular meeting and show last night at 1270 St. Clair avenue. Hon. President Alex. MacGregor, K. C. in the chair, presided over an excellent show of birds, and R. B. Fox, government judge, gave an interesting talk on points. H. M. Blight also spoke on the Larches, and exhibited fine specimens, some of which had won prizes. Judges Bennett and Summers judged the heavy and light breeds respectively. There was a large addition to the membership. Arrangements have been made to hold a concert in the Belmont Hall later on in the month. F. Goldworthy is president of this association.

DANFORTH MEN ORGANIZE
In view of the fact that Danforth avenue is becoming one of the big thoroughfares and commercial districts of the city, a representative number of its business men have organized themselves. This new organization was formed last night at a meeting held at 936 Logan avenue, and the name decided upon was the Danforth Business Men's Association, with the slogan, "Boost Business in This Locality."

PROVINCE CHAPTER OPENS BREEZILY

Newly-Formed I.O.D.E. Body Sees Sparring Over Jane Adams.

By Special Correspondent.
Hamilton, Feb. 6.—A spirit of enthusiasm and a large representation of delegates from many parts of the province marked the formation of the provincial chapter of the Daughters of the Empire at Hamilton yesterday, at which some \$75 were present, a great number of whom were officers and members prominent throughout Ontario.

Mrs. H. S. Griffin, regent of the Municipal Chapter, welcomed the guests, and expressed appreciation for Hamilton being selected as the place of meeting. Tribute was paid by many speakers to the memory of Mrs. P. D. Crerar, who had wished for just such a consummation as was witnessed—the formation of the provincial. In calling the meeting to order Mrs. J. A. Stewart, national organizing secretary, spoke of the noble qualities of Mrs. Crerar and said it was fitting that Hamilton had been chosen. The interest of Mrs. John A. Bruce in the work of the order was also pointed out by the speaker, who invited Mrs. Bruce as head of the order in Canada to take the chair.

Accused of Pacifism.
Mrs. Beatty referred to Miss Adams as a pacifist and said Mrs. Kantell, president of the Daughters of Canada, was her lieutenant here. Mrs. Beatty further made reference to an alleged statement of a Daughter of Canada that "the war was not tied to the apron strings of Britain."

Advocates More Pay.
Kingston, Feb. 6.—Hon. R. H. Grant, minister of education in the Drury cabinet, was one of the speakers at the unveiling today of a tablet to be erected in Inverary Public School, to the memory of five ex-pupils who were killed in action. He dealt with some of the educational problems of the province. Referring to the consolidation of rural schools, he stated that since November 100 applications had been received for consolidation schools. He also made reference to the scarcity of teachers. The shortage, he placed at two thousand in the province, and attributed it largely to the poor salaries paid.

Two Remedies.
The remedy he said, was increased interest in rural schools and higher salaries. He said that there was a large number of qualified teachers who were not following their profession because of these. Principal Bruce Traynor, Queen's University, also spoke, deploring the situation in which the five young men lost their lives.

Officers Elected.
Election of officers resulted as follows: Mrs. Wm. Hendrie, Mrs. Gordon Henderson, Mrs. S. O. Greening, Mrs. Burkholder, Mrs. Southam, Mrs. Van der Meer, Mrs. Mulock, St. Catharines; Mrs. J. E. Smith, London; Mrs. Gordon, Kingston; Mrs. Duncan, Brantford; Mrs. Kingsmill, Ottawa; Mrs. E. J. Stewart, Perth; Mrs. J. A. Stewart, Perth, standard bearer; Mrs. Mulock, St. Catharines, secretary; Mrs. Malcolmson, St. Catharines, organizing secretary.

ARM SEVERED BY TRAIN.
Harry Barnum, aged 25, of 113 John street, had his left arm severed and his left leg badly injured last night, when he was struck by a C.P.R. engine at the Bloor and Lansdowne crossing. Barnum was employed by the railway, and the police did not ascertain how the man was injured. He was removed in private ambulance to the Western Hospital.

Prof. O. D. Skelton D'sproves Profit-Fixing by Commerce Board
Montreal, Feb. 6.—Professor O. D. Skelton, of Queen's University, Kingston, spoke today before the Canadian Club here on "The Economic Situation in Canada," and made a strong plea for the conservation of individualism in the national life. He did not approve of the board of commerce having the power to fix prices and expose some fallacies as to supposed profiteering.

Fireman of Wrecked G.T.R. Train Has Both Legs Fractured
Galt, Ont., Feb. 6.—(Special.)—Fireman George Fink, of Palmerston, who after being a prisoner for nearly four hours under his engine when G.T.R. northbound passenger train was derailed near Hespeler last night is now in local hospital having been brought here this morning. He is suffering from fractures of both legs and scalps to both arms. His condition is as good as could be expected.

Prepare Armories in Galt As Emergency Flu Hospital
Galt, Ont., Feb. 6.—(Special.)—A committee from the board of health today commenced work at the armories for convert them building into an emergency hospital to receive flu patients as a result of reports that the disease was increasing in the city. The building will be ready by Monday for use by necessary number of school teachers are laid up with disease.

WILL NOT ATTEND MEETING.
Objecting to A. W. Roebuck as chairman at Masses Hall on Sunday, owing to his alleged anti-conspicuous attitude, and for reasons stated to the secretary at the round table conference on Sunday Army and Navy Veterans in Canada will not be represented at the gratuity meeting.

ASQUITH PUTS LIMIT ON GERMAN INDEMNITY

London, Feb. 6.—In a speech at Paisley tonight former Premier Asquith, who is contesting the seat in parliament for that district, said: "Speaking with a full sense of my responsibility, I am disposed to believe, after making proper allowances for what is needed to start Germany's industrial life again, that 2,000,000,000 pounds is the outside indemnity obtainable from Germany. If I were the chancellor of the exchequer I would write off anything beyond this as a bad and doubtful asset."

Appoint Dr. C. C. Alexander To Inspect Brantford Schools

Brantford, Feb. 6.—(Special.)—Dr. C. C. Alexander has been appointed medical inspector of the schools of the city at an initial salary of \$1500 per year. The appointment is an innovation following on the recommendation of the local health authorities and various other organizations.

Mystery Surrounds Death Of Silas Millard, Brantford

Brantford, Feb. 6.—(Special.)—Mystery surrounds the death of Silas Millard and the coroner's jury will Van der Meer Tuesday next when an enquiry will be held. The motorman on the car which struck Millard stated that the deceased was lying across the track and he could not stop in time. The slash in the neck was considered by medical men as hardly possible from the wheel of a radial car.

How to Convert Your Ford Into a Cozy, Closed Car

You want the comforts of a Limousine when driving against bitter-cold winter blizzards.

USTUS Limousette FOR FORDS

converts either a Ford Touring Car or Roadster into a machine that shuts out biting winter winds, and enables you to ride in comfort.

So perfectly was it designed and so accurately is it built that all parts fit snugly.

The practicability of this utility is evidenced by the fact that it can easily and instantly be converted into a closed or open car.

Just a light touch operates the roller windows.

Northern Electric Company LIMITED

Montreal, Toronto, Regina, Edmonton, Calgary, Vancouver, Halifax, Ottawa, Winnipeg.

Provides closed car comfort in bad weather. Is combined with standard Ford body and top without alterations. Eliminates inconveniences of awkward side curtains. Instantly converted into open or closed car. Gives clear vision from front or sides.

For the Day of Love and Valentines

When romantic messages flit back and forth from lover and his lass, gifts a little more lasting than the Valentine card—quaint and pretty though that is—may be despatched as a token of Cupid's day.

Books, for instance:

Heart Stories, Jean Blewett, 25c.

For Friendship's Sake, Emerson and others, 35c.

Friendship and Love, Emerson.

Love, Henry Van-Dyke, 35c.

Friendship, Thoreau.

Shakespeare's Sonnets.

Sonnets from the Portuguese.

Songs of Men, Robert Frothingham, \$1.25.

Riley Love Lyrics, 75c.

—Main Floor, James & Albert Sts.

Store Opens at 8.30 a.m.—Closes at 5 p.m.
Closing Saturdays at 1 p.m.
No Noon Delivery Saturdays

The paying of drivers at the door for C.O.D. parcels, the search for correct change, or a mislaid purse, are inconveniences of the past. A person with a Deposit Account is not restricted to any one way of shopping—that is, if you're in the store, you simply choose your purchases. Instruct the sales clerk to charge them to your "D.A." If you're in the country, and wish to shop by mail, simply write and say, "Charge to my 'D.A.'"

If you wish to shop by phone or telegraph, the procedure is the same.

In order to take out an account you make a deposit at the "D.A." office (either by mail or in person). There your signature is recorded and a number is given you.

An account draws good interest, but must be in funds at all times.

For further particulars regarding the "D.A." apply Deposit Account Office, Fourth Floor.

"MADE-IN-CANADA" Demonstration Now Taking Place in the Store

The Weaving of Dried Reed Furniture and Weaving of Rush Chair Seats

Perhaps you did not even know that the making of reed furniture has become an established Canadian industry, but when you see a bundle of reed and bent wood frame growing into a chair under your very eyes—and you may view this in Albert Street window of the Furniture Building—you'll realize that it is an industry that is really worth while. Treating the "Stakes" just like the warp in a loom, in and out the chair makers weave the reed—but herein lies the art—the ends are so carefully fastened, the finish is so good that the reed covering soon makes a chair that is not merely comfortable, but that will stand much hard wear. The finished chairs in several designs can be seen in the Furniture Department. Close by you may see a returned soldier weaving rush seats. And here again, the infinite pains with which he twists and knots the rushes will impress you with the strength of the finished article, while the care with which he selects the various tints—for in green and dried rushes there are tints—will show you what art is employed in a craft of this nature.

T. EATON CO. LIMITED

DINNICK PAID ACCOUNTS IN FULL

Liquidator for Standard Reliance Gives Witness Clean Bill.

That W. S. Dinnick's records showed in the payments of the Trust and Guarantee Company thus out of the moneys charged in the Standard Loan Company's account to the Grand Valley, those moneys had been paid for, was the clean bill given by Official Liquidator G. T. Clarkson to W. S. Dinnick at the conclusion of yesterday morning's session of the Standard Reliance inquiry at Osgoode Hall.

The difficulty was that his personal accounts and those of the company were merged, said Mr. Clarkson. "You could not separate them. Mr. Dinnick has spent several weeks with me going over the books, and as far as we can see the moneys shown in the books have been accounted for."

The investigation into the Grand Valley Securities was resumed at the point at which it left off on December 23. Mr. Dinnick assenting to Geo. H. Kilmer's query that the total advances and investments in the securities of the Standard Loan at the end of 1911 were \$583,117.58 and investments \$31,992.54.

W. Lawr, who stated on Wednesday on behalf of the Royal Bank, that the bank had received the cheque for \$10,000 bonus on the loan of \$160,000 made to the British Land Company, yesterday withdrew his statement and apologized to W. S. Dinnick and to the court for his mistake. The cheque originally made out in the name of the Royal Bank and later made payable to the legal firm of Johnston, McKay, Dodds and Grant, had been finally received by the bank.

Mixed Personal Account. The feature of yesterday's proceedings was Mr. Kilmer's persistent questioning of Mr. Dinnick as to why he mixed his personal account with trust moneys.

EXPLAINS HOW TO LISTEN TO MUSIC

Conductor of Mendelssohn Choir Addresses Members of Electric Club.

H. A. Fricker, conductor of the Mendelssohn Choir, was the speaker at the Electric Club yesterday. "How to Listen to Music" was his subject. Music was first recognized as an art by the ancient Greeks. Its beauty, its education appealed to them. They only applied themselves to melody, airs on the lyre, and for singing. A page of music today will suggest the question, how long it took to arrive at the present stage? Roughly, it took 1000 years. It took 500 years to evolve the scale. Lines to make emphasis were placed over the words, and from these were evolved the sixteenth, the eighth, the semibreve, crotchet and quaver were invented, and in the churches the organ was introduced. Mr. Fricker had seen pictures of organs where the organist struck the notes with his flat, the notes being so large. At first, the accompaniments were in octaves, fourths and fifths only. Mr. Fricker gave an example of how this sounded. By playing the National Anthem. After this passing notes were introduced, and they could still be heard in some choirs—(laughter)—the art being quite ancient. (More laughter.)

Italy was the home of counterpoint, the tenor carrying the melody, the word being derived from teneo, "I hold." They tired of this counterpoint, and introduced secular melody, and Palestrina, who died in 1594, wrote concerted music. Oratorio and opera followed about the sixteenth and seventeenth century. Orchestral music followed, Italy being the home of opera. Germany was the last to take up music, but had gone the farthest, as could be seen by comparing Wagner's operas with modern Italian compositions—orchestration took its place, with the use of the opera, and became independent in Bach's time, and from there to Haydn, Mozart and Beethoven the advance was systematic.

In Bach's time the harpsichord was tuned in the old uneven scale. This was the reason Handel never went beyond four or five sharps. The assimilation of a flat and G sharp was accomplished in Bach's time, and he wrote his preludes and fugues to popularize this. This invention revolutionized music and opened the way to entirely new developments. Orchestral music being thus established in the time of Bach.

Love of Beauty. A change occurred in Beethoven, the mere love of beauty in music giving place to program music, depicting aspects of nature and moods in human thought. Quoting Stewart Macpherson, real and earnest attention in a spirit of alertness was required in listening to music. True understanding was required. What was the nature of the composition, and for what instrument? What were its date and its chief themes or melodies? Could one follow the composer's plan, or appreciate the harmonies with which he follows and supports his melody? In a song, a cantata or oratorio, one must know the words to appreciate the music. The composer usually fastens on some thought (he did not refer to jazz or ragtime, he said, amid laughter), and endeavored to illustrate the thought.

The strings were the backbone of an orchestra, then the wood wind, the brass, and what was humorously called the kitchen furniture department, drums, triangles, cymbals and even sand-paper. The chief melodies or themes of the composition should be noted. Haydn's works usually had two subjects, the second a contrast with the first. These were introduced in the first movement, and they were developed in the second movement. In the third he brings the themes in again. Mr. Fricker described the method in Mendelssohn's overture, and concluded by declaring that music should have a practical bearing. Dickens had recognized the power and influence of music in many passages. Scrooge thought he might have been better had he heard more in his youth. Darwin confessed to the loss he felt in not having kept up his taste for poetry and music. His brain had become mechanical and atrophied for want of exercise in this department. Music should be heard once a week at least, and unless good music was heard regularly it could not be enjoyed.

APPEAL FAILS

Judge Coatsworth Confirms Seven Days' Sentence for Drunkenness in Spite of War Service.

H. J. Farrington, a returned soldier, who served three years and seven months in France, appealed before Judge Coatsworth in the sessions yesterday against his conviction and sentence of seven days at the jail farm by a police magistrate on a charge of having been drunk in charge of an auto. Appellant claimed that he was not drunk at the time, but Judge Coatsworth held that the evidence proved that he was and despite the plea of Fletcher Kerr, counsel for Farrington, that appellant was a patient in Spadina Hospital and had such lengthy service to his credit, his honor confirmed the sentence of the magistrate. His honor said that he had every sympathy with returned men, but there was not a redeeming feature in the case.

RAPID MARRIAGE FALSE ONE.

David Griegson, who, within 24 hours of his arrival in Toronto from New Brunswick a week ago, got drunk, married and was assaulted for marrying his assailant's housekeeper, was sentenced yesterday to 60 days at the jail farm. While in the hands of the police it was learned that Griegson already had a wife when he went thru the marriage form with the Toronto woman.

STOP CATARRH! OPEN NOSTRILS AND HEAD

Says Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

Ah! how good it feels. Your nostrils are open, your head is clear, no more hawking, snuffing, blowing; no more headache, dryness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight.

An Appeal to all Telephone Users

The "FLU" has caused a serious shortage in our operating force.

At the same time the volume of telephone calls has greatly increased.

Will you please keep this in mind, and use your telephone only when absolutely necessary?

You will thus be helping to keep the service equal to the urgent needs of the community in the present emergency.

The Bell Telephone Company of Canada

Provincial Loan Association On List of Contributors

By the decision given out by the second divisional court yesterday morning the shareholders of the Provincial Building and Loan Association, upon its amalgamation with the Dominion Permanent Loan in 1920, must go on the list of contributors in the liquidation of the latter company for sums totaling \$30,000.

The shareholders received fully paid up shares in the Dominion Permanent so far as their holdings in the Provincial was divisible into \$100 shares, and for any balance over the even hundred they were given shares partially paid up to the extent of the remainder. It was held by Mr. Cameron that the holders of these partially paid up shares must pay the balance owing on them. J. W. Blain, K.C., appeared for the liquidator and I. P. Hellmuth, K.C., for the shareholders.

ULSTER DELEGATES COMING TUESDAY

Comprehensive Program is Mapped Out for Opponents of Sinn Fein.

Full arrangements were made for the reception and entertainment of the Ulster delegation which is touring the United States and Canada in the endeavor to combat Sinn Fein propaganda, and to make known the real aims and objects of Sinn Fein.

The delegation will arrive in Toronto from Minneapolis on Tuesday evening, and will be received by the citizens' committee at the union station. From there they will be taken to the King Edward Hotel, where accommodation has been provided for them, and on Wednesday they will be entertained by the ministers of Toronto at lunch at the Central Y.M.C.A.

Mass Meetings. In the evening mass meetings, at which they will lecture, will be held in Massey Hall, Victoria Hall and Cooke's Church. The meetings are open to the public.

The members of the delegation are: Hon. Wm. Coote, M.P.; Rev. A. Wylie Blue, D.D., and Rev. Wm. Corkey, representing the Presbyterian Church of Ireland; Rev. Louis Crooks, representing the Episcopal Church of Ireland; Rev. Frederick Hart, M.A., Rev. C. Wesley Maguire and Rev. Edward Hazelton, representing the Irish Methodist Church.

CITY HALL NOTES

The impression seems to exist at the city hall that the recommendation of the Toronto Housing Commission to suspend building operations temporarily, will be adopted.

When the city council gather together in solemn convocation next Monday for the usual fortnightly meeting, motions and several bylaws will either become civic legislation or die an ignominious death.

The troublesome case of appointing a city architect to fill the shoes vacated by the retirement of W. W. Pearce, will come up for the final verdict.

Also there is a proposal to be brought forward, that a roadway 34 feet in width be laid thru the hall grounds.

Permission to convert No. 410 Sherbourne street into an apartment house, and the establishment of a private hospital at 455 Wilketley street, will also be sought.

The property committee has recommended that the location be sanctioned of G. E. Jordan to erect semi-detached houses on the east side of Mount Pleasant street.

Recreation parks and athletic centres, which have been debated upon to such great lengths at committee meetings and board of control sessions, will also receive a hearing.

WILLS AND BEQUESTS. Lewis Matthey Richards, a barrister, of 16 Shoupe Gardens, London, England, left an estate valued at \$274,929, of which \$3,142 is in Ontario in Cook-shut Plow Company shares.

Another British will filed in Toronto is that of the late G. E. Glasgow, who left an estate valued at \$30,055 to his wife and four children. He had \$150 in the Brazilian Traction Light and Power Company.

Application for administration of the estate of their mother, Charlotte Bentley Snel, who died on August 19 last, leaving an estate of \$9,500, has been made by Ivy Robin Bentley, of Port Perry, and Sarah, Ethel Bentley, the beneficiaries under this application are the deceased's husband, Thomas James Snel, of Alberta, one son and five daughters. An administration of the same estate is also filed by the Union Trust Company on behalf of the husband.

CHARGED WITH THEFT. Steve Byer, no home, was arrested last night by Detective Tuft on a warrant charging him with theft of \$138 from Annie Bulewith, 156 Beverly street.

FEBRUARY CLEARANCES MURRAY-KAY COMPANY LIMITED

SATURDAY MORNING, FEB. 7.

Saskatchewan Solons Debate the Banking System.

The legislature of Saskatchewan has been debating the banking question, and upon the recommendation of the attorney-general will petition parliament to have the B. N. A. Act so amended as to give the provinces concurrent jurisdiction with the Dominion government over the subject of banks and banking.

The chartered banks were not catering to the needs of the agricultural community, and the only remedy was the provision of machinery which would permit of the establishment of small local banks owned and operated by local people who knew local conditions and local needs.

The unit bank in the western States often has a capital of only \$25,000, while under the Bank Act a chartered bank in Canada must have a subscribed capital of at least \$500,000, with \$250,000 actually paid up in cash.

In the meantime the Saskatchewan legislature suggest that a bank be incorporated under the bank act with a capital of \$500,000 or more, and that the larger part of the stock be subscribed for by the provincial government.

This would make a provincial bank in so far as the provincial government would be in control, but it would still be a chartered bank subject to all the limitations and restrictions of the bank act. It could not lend money on mortgages, turn itself into a land bank, or anything of that kind. It would have to be carried on as a commercial institution doing mainly a commercial business, lending money on short-time, self-liquidating paper rather than upon long-time paper, however well secured.

The suggestion that the unit bank might serve a useful purpose in western Canada was broached at Calgary three years ago by W. F. Maclean, M.P. for South York, and received commendation at the time from many prominent western people. The suggestion, however, was accompanied with a proposal to reform and re-draft our banking and currency system so as to establish a state bank of issue, and rediscuss in which the chartered banks would be member banks, and to provide for a national currency.

This would make possible legislation under which the small local unit bank could be established. Such a bank with all the stockholders an officials residents of the same district might take chances which the manager of a branch bank could not afford to take. It would, moreover, be vitally interested in keeping the local industries going.

Hydro Methods Extending.

There is no limit to the possibilities of the Hydro-Electric method. It is marvelously adaptable, and its first stipulation, to give service at cost, endears it to the public while its business methods secure stability and economy.

A Sound Foundation First.

Sir Bertram Windle's address on university methods was notable for one observation which showed that he favored Tennyson's view that "he is the true cosmopolite who loves his native country best." He highly approved the exchange of students and professors across the Atlantic, but he thought no student should have that experience until he had taken his first degree. Otherwise, he thought, he was likely to become disoriented.

There must be a point of view, a foundation to build on, a framework of character to bear the accretions of experience, or the wanderer is apt to disengage into a diffident, who has no convictions, who arrives nowhere.

"THAT MAN O'CONNOR LEAVES THE DOOR OPEN"

who is unable to estimate standards, who dissipates his energies without constructive results.

By Right Divine.

If Prussia consents to carry out the "bargain" the ex-kaiser has made with his former subjects as a composition in lieu of the property he formerly owned, we may safely regard the Prussian people as the most gullible fools on earth.

An uneventful conference on the problem of Toronto street car overcrowding was staged yesterday in the office of Attorney-General Roney, Mayor Church, Reginald Geary, J. N. Fairly and Roland Harris participated as the protagonists of the people's rights to more and better accommodation, whilst R. J. Fleming, D. L. McCarthy, Fred Hubbard and J. W. McCullough were the champions of the underdog, the down-trodden company.

The attorney-general, who has a fondness for racing idioms, remarked in the middle of the performance that it was only a preliminary canter, so that it was only a preliminary canter, so that it was only a preliminary canter.

Now that the war is over and a little breathing space allowed in the struggle for existence, the arts of peace are making some effort to regain their former standing. The musical world is becoming more active, and the notable performances of the Elgar Chorus in Hamilton, one of which is to be repeated in Toronto tonight, will quicken the pulses of all discriminating amateurs.

Some time ago, the National Chorus gave a charming concert, and the Eaton Chorus this week has shown what is possible in securing really artistic results from comparatively untrained sources, and later on in the month we are to have the three-day festival of the Mendelssohn Choir.

All this is vocal music, and it is only in the Russian Symphony and the Philadelphia Symphony Orchestra, that we are this year to be favored with orchestral entertainment.

Mr. H. A. Fricker has been organizing a group of business men of the advantages of hearing some good music every week, and its effect on the brain, sensitizing and developing it. The occasions have been so rare for some years in which a musical taste could be gratified, that the present occasions are likely to create much interest.

BUILD THE TUBES.

Editor World: Your editorial re tubes in a recent issue was most opportune. Recently perused your suggestion for P.A.V.L. cars with satisfaction. Suggestions like the foregoing, where brains are used, are a decided relief to contemplate.

Our sleepy body of city fathers are rejoicing in the proposed purchase of the T. R. Co. Not one inch can they see beyond their noses. Guess it's up to you, Mr. Editor, to wake them up.

Why not push with all your energy a scheme to raise the necessary money to build those tubes right away, north, south, east and west?

Build those tubes, and then purchase a fleet of up-to-date motor omnibuses and, hey, presto! a noiseless, dustless, clutterless city. Shall we all sleep?

Yours for progress, E. Hatten.

QUESTION OF CARS STILL IN ABEYANCE

Hours of Discussion End in Little Accomplished for Public.

How Would You Punish the Kaiser?

Some time ago The Literary Digest prepared and forwarded to the Justices of the State Supreme Courts, to District, County, and Circuit Judges, and to the heads of the legal departments of American universities, a brief questionnaire. If William Hohezzollern is found guilty, the "Digest" asked, both of conspicuous responsibility for the war and of authorizing military violations of international law, what penalty should be imposed upon him? Three hundred and twenty-eight replies have been received, covering every section of the country and representing a wide diversity of opinion.

One of the most comprehensive and interesting articles in THE LITERARY DIGEST this week, February 7th, gives a summary of these replies, which, coming as they do from such an admittedly authoritative section of the public, may be justly claimed to represent America's best judgment.

This exclusive news-feature is illustrated by a full-page cartoon, in colors, by Cesare, representing the Kaiser at the bar of justice; and other half-tone illustrations showing him in exile; also humorous cartoons.

Other striking news-articles in this number of the "Digest" are:

- Molders of Bread and Molders of Ideals
Facts Ascertained from an Intensive Study of Statistics Showing Comparative Wages of School Teachers and Various Day Laborers
Alien and Sedition Bills of 1920
Socialism on Trial at Albany
Selling the Irish Bonds
The Kansas Strike Cure
Returning Our Soldier Dead
English Land Going Back to Farmers
Ex-Praeher Tells of a City Under "Soviet" Rule
American Brains and Business Invade London
France's New Boulevardier President

MOONLIGHT AND MONEY

BY MARION RUBINCAM.

MOONLIGHT. CHAPTER 108.

Harry, standing in the bedroom, measuring a space for what seemed to him a totally unnecessary closet, wondered why Mrs. Shattsbury did not bring up these prospective tenants. He started into the hall to go downstairs.

Louise, having wiped her eyes and powdered her nose to make herself presentable, turned to go on and meet her supposed customers. And they met in the hall at the top of the stairs, the whir of two motors vanishing down the road into the village reached them faintly. In a flash they understood.

"Harry!" Louise cried, "So it was you he meant?" "My dear, my dear," was all the man could say for the moment. He came close to her and put his arms around her, and Louise hid her face against his shoulder. All he could see of her was a bit of her neck between her coat collar and her little velvet hat. So he kissed that, then gently raised her face and he could kiss her cheek—and finally her mouth.

Then Louise drew herself away from him with wet eyes. He looked so handsome, she thought, so frank and boyish! Yet there was a new strength to his face that she had never seen. "You look older, Harry," she said, finally. "I feel hundreds of years older," he answered, kissing her again. "It's been ages since I've seen you, Louise dear—but Louise had hidden her face in his shoulder again. After a few minutes they went downstairs and sat on the couch before the fireplace.

"Will you come to me now? Harry asked, his eyes full of anxiety as he watched her. "Of course," answered Louise simply, as the she had never intended to do anything else. "I saw you once at walking once, with an older man, gray-haired—I was furiously jealous," Harry said. "I saw you once at an art exhibit with Mrs. Shattsbury, and I was jealous too," Louise confessed in her turn.

"But you mustn't be," Harry said, anxious to clear up everything. "I couldn't even ask you to come back to me now, except that she helped me get a contract that practically establishes me in business, I won't have so much money, but I'll have enough so we needn't ever worry."

"It doesn't matter, and I'll make some money too," Louise said. "We can work together—Harry, won't that be fun? I'll be more than a mere wife to a housekeeper; I'll be a business companion; too."

"You'll be my sweetheart," said Harry, and ended the conversation by taking her again in his arms. "But I shan't have any silly feelings about Mrs. Shattsbury," Louise said presently. "She helped bring us together. Besides, Murray talked to me about her coming out and made me see a lot of things differently."

"That's funny, she talked about him too," said Harry. "I shouldn't be surprised—"

"Nor I," exclaimed Louise, with the feminine match-making instinct aroused at once. "You know, Harry, they were made for each other. They would be awfully happy married."

Harry grinned a bit. "Never mind about them," he answered. "Tell me all about yourself, I got little scraps of information about you that only made me hungry. You look so well—Louise, I always knew you were pretty, but I never realized how stunningly beautiful you are." He took her hands and held them.

"That's because I'm happy," Louise laughed. "Do you love me?" Harry asked, somewhat unnecessarily, under the circumstances.

"So much," Louise said and came over closer to him. "And I love you, too," he whispered, his face close to hers. "And we will be happy, sweetheart."

"Yes, I know we will," said Louise, with great contentment in her voice. "We have so much more sense about things now than we did have. We thought life was all roses and moonlight, now we know that there's a practical element called money that has to be considered a little. I don't mean that we won't be happy if we are never rich," she said, afraid he would not understand. "I mean simply that if we have enough for all the necessities, we won't spend all our time worrying—it will be all moonlight and roses from now on, won't it?"

And Harry nodded his head as he kissed her. FINIS.

NEW UNION STATION READY JULY FIRST No Viaduct to Be Built Owing to High Cost of Labor.

At last we have something authoritative in regard to the opening up of the new Union railway station. The depot will be ready for business by July 1, but, according to President Beatty of the C. P. R., who was in Toronto yesterday, it will be the late autumn before it is in use by the railways.

In referring to extensions and construction on the C.P.R. generally during the coming season the president said that if the railway could obtain a good supply of labor this year would be a record one in construction. The company, he said, were applying for charters to open branch lines in Saskatchewan, as there is a lot of territory out there without adequate railway facilities.

THE WEATHER. Meteorological Office, Toronto, Feb. 6.—(8 p.m.)—The disturbance which was off the coast of Connecticut last night now covers the Bay of Fundy, attended by snow and rain in the Maritime Provinces and snow in eastern Quebec, together with strong winds and gales.

ANOTHER STIRRING BATTLE AT ARENA

Forbes Nearly Beat Dents—Strong Finish to Get Verdict.

GOOD COMBINATION

Aura Lee seniors have followed the juniors into darkness, but the Red and White band went down with colors flying. The Avenue road team battled the Dents for forty-eight minutes last night like majors, and Vernie Forbes had the tooth-pulling forwards sick and dazed with his marvelous stopping. The little goalie had the Dents coming out of his hand for over two periods. Dents came from behind and won 5 to 3 after most desperate mulling.

It was heart-breaking stuff for Dents. They were undoubtedly the best team, but Forbes refused to let them get the goals for two and part of the third period. Time after time the Dents worked in only to have the Aura Lee net-keeper come out to take the shot. While Forbes was pulling this stuff the Red and White forwards checked like mad. They started the postering right from the break, followed in the man, and it was only clever combination that eluded them.

Hand it to Dents. They never stopped until they were plugged and then drew away. Another sparkling bit was that Dents showed more combination than they have attempted in two years. It was paying stuff, for the goals were bound to come. There is only one Forbes in the league and the great Dents will be more than repaid for the passing game.

Denton Meeking was pressed into service again, and his smooth work inside made the tying goal possible, and the one that put Dents in front he grabbed by a nice play. He turned in his best article. Stephenson was easily the best man on the ice. He worked from bell to bell, pushed aside the checkers and kept trying until the goal came. Smylie was horse work and fitted in smoothly into the passing. The Dental defence was steady, and both Box and Sheldon were strong at the stick. Stewart played his usual good game in the net.

McKenzie and Rutherford were best up front for Aura Lee. McKenzie's checking was of the kind that breaks hearts. He stuck to his man like glue, buzzed in front of him like a hornet and always had his stick underneath poking at the puck. Rutherford chased the fastest of the Dents and never let up for a minute. Lount showed improvement, and Hogarth was a tower of strength.

Aura Lee were stage struck at the start. Forbes was the only one who got three. In two the Dents in two and three, but never a goal could they get. Forbes bounced off the goal and the Dents showed right at the start that they had decided to give the combination a chance. It came a little hard, but worked smoother as the game progressed. Aura Lee put down the checking barrage and it plainly worried Dents. The Red and White were poor here in the attack. They went up, but had little system. Still Forbes refused to be beaten and Dents had their work for nothing.

Only one goal was tallied and Aura Lee got it. Hogarth and Halliwell went behind in a mix-up. The puck was hit into the air and Hogarth took it and at it, the rubber landing down behind Stewart. It was a funny goal.

Aura Lee had not into the stride in the second. They decided it was not a hopeless task, and they tore into the mighty Dents with a will. They checked like madmen, took a hand at the offensive, and then they had Forbes at the other end to taken the Dents.

It looked bad for the tooth-peddler when Rutherford grabbed a goal eight minutes before the second opened. McKenzie carried the puck down and slipped over when Rutherford was uncovered. Into the net it went, and this meant Dents had to score three to win.

The battle went merrily on. Dents showed good combination and it was eight minutes more before they got their first. Stephenson and Sheldon worked it back and forth until the latter found the spot in front and beat Forbes. Previous to this, Forbes stopped six hot ones in a minute. The period ended with Dents one down.

Aura Lee tired in the third. They kept the checking going, and it took twelve minutes before Dents tied it up. Meeking was sent on, and right off the bat he raced into the corner, passed out, and Stephenson netted the rubber. A minute later Meeking put Dents in front, and it was all over. McKenzie was resting for a penalty when all this happened. Meeking carried it up, got into a jam, and shoved the puck into the net from scrambling.

Smylie grabbed the next from a face-off at the Aura Lee end, and Stephenson added Dents' fifth by every count alone. Just before the finish Mulroy took a pass from Rutherford, and beat Stewart to make the final 5 to 3. The team:

Dents (5):—Aura Lee (3)—Stewart—Goal—Gardner—Forbes

Aura Lee (6):—Hogarth (3)—Meeking—Rutherford—Stephenson—Sheldon—Mulroy—Goal—Stewart

LONDON BEAT TILSONBURG.

Ingersoll, Ont., Feb. 6.—The sudden death game between London and Tilsonburg 1. Goals by periods: First, 0-0; second, 1-1; third, 1-0. Line-up: London—Goal, Smith; defence, May; right defence, Quennville; centre, Pring; sub, McKay and Conroy. Tilsonburg—Goal, Barkey; left defence, Snell; right defence, M. P. Leland; centre, Russell; left wing, Conroy; right wing, Walker; subs, Barrett, P. Follard.

Referee—Kinder, Preston.

LINDSAY WIN AT BELLEVILLE.

Belleville, Ont., Feb. 6.—Belleville junior team and Lindsay's junior team section 2 of group 1. At Lindsay on Tuesday the team of that town defeated Belleville by a score of 5 to 1. It was expected that the Belleville team would, on their own ice, wipe out the lead, but the unexpected occurred and Lindsay won the game by a score of 5 to 1. In the first period the score was 2 to 0 in Lindsay's favor. Second period Lindsay scored two and Belleville like number. Third period Belleville 2, Lindsay 1. Lou Marsh was the referee. The line-up:

Belleville—Goal, Hutin; defence, Beach, Canning; centre, Tilson; right wing, Coon; left wing, Holway; subs, Swayne, W. Holway.

Lindsay—Goal, McLory; defence, Green, Garnett; centre, Belt; right wing, Chambers; left wing, Stoddart; subs, Sutton, Mills.

ST. MIKES PUT OVER AN EASY VICTORY

St. Michaels had no trouble in defeating St. Andrew's College in their prep college junior game yesterday afternoon. The Irishmen were always best and won 9 to 1.

Cameron, in St. Andrew's net, was a busy boy all afternoon and was hardly up to his usual good form. He was given very little protection, with St. Mike's going in at will.

St. Michaels showed good combination, and their defence was well checked. It stood 4 to 0 at the end of the first period, 7 to 0 at the second rest, and the final, 9 to 1. The teams:

St. Michaels (9): Goal, Loranger; defence, Milne and Munroe; centre, Lynch; right, Millen; left, Rice; subs, McComber and McCorney.

St. Andrew's (1): Goal, Cameron; defence, Syc and Sturitt; centre, M. Leod; right, Boyd; left, McPherson; subs, Findlay and Carrick.

Referee: Bobby Hewison.

GALT GOLFERS BEAT TORONTO.

Two rinks of Galt golfers visited Toronto Club yesterday and played their annual match with the champions of that club, the visitors winning by 10 shots.

Galt—Toronto
 J. S. Turnbull, 37; Geo. S. Lyon, 31; W. H. McKendrick, R. Southam, 110

Total.....33 Total.....23

Three rinks from the Aberdeens will play a friendly game tonight at the Toronto Club, while next week play will begin in the inter-club competition for the Howard Trophy.

KITCHENER TONIGHT.

With the above match finished, there's nothing left but the District Cup finals, which are called for Tuesday, and after that look out for the friendlies, a stray challenge game with the spring, and the good old summertime.

STILL QUEEN CITY AND THE GRANITES

Ice Soft, and City Single Rink Curling Final is Postponed Till Monday.

It is still Granite or Queen City for the single rink championship of Toronto. They appeared last night on the Granite ice at the appointed time with the competitive softness agreed to a postponement till next Monday. The following is a complete record of the city curling championships.

Walker Gold Vase, 1896-1906—Caledonians won five times with the late A. B. Nichols, Col. T. Keagles, J. Rennie and R. Rennie, skip. Vase now the property of Brigadier-General Rennie. Granites won three.

First Canada Life Trophy, 1906-1917—Granites won five times. Queen City, three; Aberdeens, two; Lakewoods, one; Parkdale, one; as follows:

1906—Granite: C. O. Knowles, A. B. Nichols, John Rennie, Theodor, sk. 1913—Aberdeen: C. A. Baylock, W. Philip, sk. 1914—Aberdeen: H. P. Rogers, A. D. Simon, F. Baylock, sk. 1915—Toronto: C. T. Stark, H. P. Palmer, A. D. Dailly, J. C. Scott, sk. 1916—Aberdeen: J. George, W. Mathews, W. A. O'Connor, sk. 1917—Granite: C. O. Knowles, A. B. Nichols, J. Rennie, sk. 1918—Lakewood: J. Whitall, W. Scott, sk. 1919—Toronto: Dr. Wylie, Dr. Peaker, H. H. Chisholm, sk. Trophy now property of Granite Club.

Second Canada Life Trophy, duplicated in 1918, to become the property of club winning again most in ten years.

1918—Lakewood: H. Spence, C. Stark, H. White, F. Warren, sk. 1919—Granites, or Queen City: P. J. Hayes, sk. 1920—Granites, or Queen City: C. O. Knowles, J. J. McKnight, A. E. Dalton, W. Philip, sk.

WOODSTOCK WON TWO.

Woodstock, Feb. 6.—The St. Thomas and local Collegiate battled here tonight in senior and junior Western Ontario Intercollegiate Hockey League fixtures. The Junior game was an even up affair, with not much to choose between the two sides. The result was 1 to 0 in favor of the locals. The senior affair was a fairly good exhibition. Woodstock won by score of 4 to 1. Hillard scored three goals. The line-up:

Senior.—St. Thomas: Goal, Lumley; left defence, Wright; right defence, Poole; centre, Watson; left wing, Spacken; right wing, Murray; sub, Spacken.

Woodstock: Goal, McMullen; left defence, Maedel; right defence, Pettit; centre, Watson; left wing, Miller; right wing, Hillard; sub, Laid.

Junior.—St. Thomas: Goal, Cash; defence, Cook, Love; centre, Chantler; left wing, Wright; right wing, Shaughter.

Woodstock: Goal, Holdsworth; defence, Sutherland, Wilkins; centre, Kelly; left wing, Harford; right wing, Delons.

STRATFORD GIRLS WIN AT BASKET BALL.

Woodstock, Feb. 6.—The Stratford Collegiate girls defeated the locals here tonight by 14 to 4 in a Whyte Trophy basket ball game. Half-time score was 6 to 2. The line-up: Stratford—Centre, Evelyn Johnston; forwards, Audrey Hughson, Martha Wilhelm; defence, Valerie Todd, Vera Lattimer; subs, Lella Blakston, Muriel Keelo.

Woodstock—Centre, Grace Hill; forward, Winnifred Weir, Jean Thornton; defence, Jean Murray, Winnie Harris; subs, Kay Williams, Wilda Sutherland, Winnifred Flack.

Referee—V. I. Pierce, Woodstock; Mr. Bell, Stratford.

GALT BEAT PRESTON.

Preston, Feb. 6.—In a senior O. H. L. game here Galt defeated Preston 5 to 0. First period, 4 to 0; second, 1 to 0; final, 5 to 0. The line-up: Preston—Goal, Johnston; defence, Bowman, Anderson; centre, Livers; wings, Williams, Okraka.

Galt—Goal, Wilkinson; defence, Watt, Himes; centre, McCulloch; wings, George, Oliver.

Referee—Miller, St. Catharines.

CONNIE IS HOPEFUL.

Philadelphia, Feb. 6.—Connie Mack, manager of the Philadelphia Athletics, in commenting upon a statement made by him in an address last night, "that the Athletics were going to start the season in the hope of an excellent outlook and expects a successful season."

HOCKEY GOSSIP

The management of the Varsity hockey team of Toronto came in for criticism at a meeting last night of the McGill A.A.A., when a resolution was passed setting forth that the Athletic Association disapproved of the action of the manager of the Toronto Hockey Club in declining to accept the officials selected for the intercollegiate hockey game here last Saturday night, as the secretary of the intercollegiate hockey union had previously appointed them.

Definite charges of professionalism are launched against the Montreal City Hockey League by Secretary-Treasurer Hart of the Montreal Hockey League yesterday, who states that he and President Callahan were taking the matter up at once with the Eastern Canadian Amateur Hockey Association in connection with the matter of players jumping from one league to the other.

President George Mcweeney of the league states that if there have been any infraction of the rules by players or clubs of the City League and proper charges to that effect are made to the proper officials they will be given a thorough investigation.

The Brockville have now a commanding lead in the race for the championship of the St. Lawrence section of the Eastern Canada Hockey Association with three wins and one loss and three more games to play. Perth, their nearest opponents, were disposed of by 8 to 1.

In the hardest fought contest in the Winnipeg League this season the Vics outed a 3 to 2 victory over the Monarchs at Winnipeg last night and jumped to the top of the league.

Fort William tied with Port Arthur Veterans for leadership of the Thunder Bay Hockey League last evening by defeating them, 10 to 8. The two have one more game to play at Fort William, and the winner of that will go to Winnipeg to play the Saskatchewan champions in the Allan Cup elimination games.

WESTERN CITY CHAMPIONSHIP.

What promises to be a red-hot contest is scheduled for Monday night at Ravin Rink, when St. Francis take on Diamonds. The Saints must win to tie up the honors for the Harold Firstbrook trophy. Both are fast teams and as they will be at full strength, should St. Francis win, another game will be played at Ravin, the date to be announced later. The game is called for 8.30 sharp.

FOOTBALL RIVALS WILL AIR THEIR TROUBLES TODAY.

The troubles and disputes of Messrs. C. Jones and Jack Russell from far-off B.C. will be heard today starting at 2.30 at the King Edward Hotel by the D.F.A. Council, consisting of Fred Campbell of Montreal and Tom Guthrie, J.D. Spencer and Steve Collins of Toronto. They will also advise Mr. Jones about bringing out old county teams.

NEED FOR NURSES BECOMES ACUTE

Flu Epidemic Seriously Cripples Civic Departments—Smallpox Dying Out.

The mortality list due to the influenza epidemic is steadily increasing every day, according to Dr. Hastings, M.O.H. This is the case generally, although yesterday only 15 deaths were reported, compared with 25 for the previous day. This brings the total for the five days of the month to 41. Eleven of yesterday's deaths were between the ages of 20 and 40.

The need for nurses has become extremely acute, and Dr. Hastings has despatched the following letter to all the city churches: "I regret to say that the number registering at the Red Cross office, Room 319, city hall, for volunteer service, falls far short of meeting the demands. It is imperative that we have more volunteers available at the earliest possible moment. I am therefore requesting the various clergy to pass on this from their pulpits on Sunday, asking all willing to volunteer for service to do so."

Local hospitals are working under a serious handicap, as a result of so many nurses falling victims to the epidemic. Although no deaths among them have been recorded to date, it has been decided to suspend all nurses' classes next week, in order to give those on duty as much rest as possible.

Toronto's civic departments are being hit rather severely by illness. George Powell, assistant city engineer; James Milne, of the waterworks, and Mr. Simpson, assistant assessment commissioner, are all home ill.

Works Department Suffers. With 1,233 employees on the civic payroll, 249 are away on sick leave. The works department suffers heavily, 104 of its staff being laid up. The street cleaning department with 80 men off, the parks department with 28, and the department of health with 20 off, are also handicapped greatly.

Although the smallpox scourge shows signs of dying out, there is no immediate sign of the quarantine regulations being rescinded. In response to an appeal from Mayor Church to the Quebec authorities, asking them to abolish the vaccination requirement of visitors from Toronto to that province, Sir Lomer Gouin, premier of Quebec, wired yesterday as follows: "The superior board of health of Quebec is keeping in constant touch with the provincial board of health of Ontario respecting the smallpox epidemic, and will be willing and ready to rescind the quarantine regulations whenever the latter gives notice that the situation in Ontario warrants doing so."

Pneumonia jackets, light foods and other aid in fighting the epidemics can be procured from the G.W.V.A. branch at the Belmont Theatre, 1219 St. Clair avenue. The Toronto branch of the Canadian Red Cross has opened an emergency workroom at St. James' Parish House, corner Church and Adelaide streets, open from 10 a.m. to 4.30 p.m. Material will be supplied for making pneumonia jackets, masks, etc. Help is urgently needed.

ALGONQUIN PARK.

Ideal weather conditions now prevail in Algonquin Park, the temperature being around zero, making it very enjoyable for the many winter attractions available, such as snow-shoeing, tobogganing, ski-ing, etc.

ment: Appeal allowed as conceded by plaintiff's counsel to the extent of reducing the damages to \$10,000. No costs of appeal to either party.

J. HOLCOMBE DEAD.

Sault Ste. Marie, Feb. 6.—John Holcombe, one of the prominent lumbermen of Algoma, died suddenly at his home, Little Rapids, Thursday, yesterday. Deceased was 55 years of age. He leaves a widow and three sons.

Clements (just returned from two years in China); I can't go to the dance, Bill; I haven't any decent shoes. Bill: Man, man! You talk as if we still danced with our feet!

Four Good Reasons for a National Forward Movement

"For God so loved the world, that He gave His only begotten Son, that whosoever believeth on Him should not perish but have everlasting life."

DESPITE the four years' fury of War, and the year of uncertainty just ended, the people of Canada have prospered. Yet, spiritual glories revealed to us in the great Conflict are being clouded by drifts of class-hostility, mutual suspicion and cynical materialism.

The world is troubled. Old conceptions are giving place to new. Yet, the Kingdom of God remains, firmly grounded on the great principle of love. It has the one remedy for a world diseased—"Believe on the Lord Jesus Christ and thou shalt be saved."

Five Christian Communions—Anglican, Baptist, Congregational, Methodist and Presbyterian—call their various constituencies and the whole nation to a livelier and more sacrificial Christianity. They are making a great financial appeal. It is fitting that the public should know the reasons.

The Decline of the Dollar The sharp rise in prices the world over has affected injuriously the position of every man working for a fixed salary. Missionaries are in this category. Stipends that were ample in 1900, and nearly adequate in 1912, are utterly insufficient in 1920. There has been no general increase in these stipends. There cannot be, until the Canadian people scale-up their giving to balance the decline in purchasing-power of the Canadian dollar.

International exchange has been unstable. Money for export has been subject to heavy discounts. In view also of the increased cost of materials and of labor, any new building programme abroad has been out of the question. But the need for new buildings is imperative. Some missionaries are living in clay-floored huts.

New Standards are Necessary The Anglican Synods, the Baptist Conventions, the Congregational Union, the Methodist Conferences, and the Presbyterian General Assembly, have set new standards for the salaries of Clergymen actively engaged in Canada. But, for the Missionaries, and for the Superannuated Ministers, no increases have been possible.

One of the aims of the Forward Movement is to show the fine-spirited, generous, Christian people of Canada that the old standards of giving for Missions must be revised. It is impossible to maintain existing stations, even on a pre-War basis, without more men and much more revenue.

The Call from Abroad Coincident with this financial difficulty, new and glorious opportunities for the extension of Christian teaching have appeared. In India, literally millions of "outcasts" are pleading for Missionary preachers and doctors. In China, a new National spirit has been born. Missionary teachers are urgently required to help formulate the National system of education. Hospitals, Missionary nurses, doctors and dentists, are heartily welcomed by the people. From Japan, Africa and the Islands of the Sea, comes the same story.

The Home Responsibility Here in Canada, the work of evangelizing Indians and Eskimos must now be undertaken wholly by the Canadian Church. The rapid growth of our cities, the expansion of the West, the great immigration of the last twenty years, and the depopulation of rural areas, make a four-fold problem which can be solved only by radical readjustments of policy and greatly increased resources of men and money.

The Pressure on the Colleges Finally, the decline of the dollar has created difficulties in financing the Colleges and Universities established and maintained for the training of the Clergy. Last year, one College which had been able before the War barely to subsist, faced an additional charge for coal alone of \$1600. All other expenditures have risen in like proportion. Christianity has been the mother of Higher Education. A thoroughly trained Ministry is the great need of the times.

The men of faith, filled with the Holy Ghost, who proclaim the Gospel story by the frozen Copernice, beneath the cone of Fujiyama, along the banks of the Yangtse and the Ganges are the product of our Canadian Colleges. There the Mission first appeared to them. The Church must stand behind these institutions.

The Unity of Faith and Prayer These are the facts. Faced with such conditions, the Church leaders, at first, were appalled. They went to their knees, first in separate denominational groups, then in company. Putting aside for the time being differences of religious temperament, considering only their common belief in the Everlasting Father, the Almighty Son, and the everpresent Holy Ghost, they prayed together. Then they arose, thrilled with a glimpse of the wonderful Missionary opportunity, to appeal together to the whole body of Christians in Canada.

The Greatest of All Gifts You are a believer in the Lord Jesus Christ, and in the Gospel He proclaimed. Your country has become great through Christianity. The hope and love of the Gospel have warmed your heart and illumined your life. Next week you will be asked by the representatives of your Church to show practical proof of your convictions. Be prepared—not to give a trifle out of your abundance, but to taste the full sweetness of Sacrifice.

Underwear and Whitewear

A Made-in-Canada Sale Hundreds of Women Are Utilizing

It is truly a great sale. Toronto women are enthusiastic about its bigness and take advantage of the rare opportunity it presents.

Moreover, it is not a rummage sale, but a specially low-priced gathering of quality garments, expertly made and finished to the last detail in the best Canadian factories. Note the offerings for today, the fourth day, and shop early for best choice.

Knitted Underwear, Half-Price

A remarkable special coming just at the beginning of the season. You will be wise to select a full supply.

In the lot are vests, drawers and combinations, made of fine ribbed cotton, cotton lisle and lisle thread.

Vests have pretty lace yokes, tubular edgings and beading. Regularly 35c to \$1.75. Today, 18c to 88c.

Drawers are wide umbrella or tight-knee styles. Regularly 95c to \$1.75. Today, 48c to 88c.

Combinations have tight or wide knee. Regularly \$1.25 to \$5.75. Today, 63c to \$2.88.

Not all sizes in any one line, but sizes 34 to 44 in the lot, also a few extra large sizes.

Women's Nightgowns at \$1.98

Of extra fine white cotton, in slip-over style, trimmed with lace, Swiss embroidery and ribbons. Today, only 1.98

Better-Grade Underskirts, \$1.98

Of soft white cotton, with deep flounce of Swiss embroidery and cotton underlay. Popular lengths. Today 1.98

Drawers, 98c

Wide umbrella style, in white cotton, with frill of Swiss embroidery. Some lace trimmed. Today .98

Band Aprons, 39c

Made of serviceable check gingham, with handy pocket. Exceptional value today at .39

Glorious Spring Silks

Predicting a Great Fashion Year, Are Arriving Daily

So marvelous that no description could do them justice, they show that where silks are concerned at least, fashion is launching on one of the most elaborate seasons known in years.

A Splendid Array

Quite irresistible are the novelty printed silks in their presentation of the newest mode, while plain weaves gleam in a wealth of coloration unsurpassed. To list a few typical of the splendid array now ready for your inspection in our silk department:

Chiffon Taffetas

Also Soft Duchesse Mousseline, Shot Duchesse, Satins de Chine and Pussy Willow Satins. A range of colors indescribable in loveliness. Yard, \$2.50 to \$4.50.

Georgette and Crepe de Chine

Plain and fancy printed patterns in all the newest colors, including navy blue, brown, French blue, taupe, gray, etc. Also great assortment of pastel shades. Georgettes, \$2.50 to \$10.00 yard.

Crepe's de Chine, \$2.24 to \$5.00 yard.

Beautiful Foulards

Soft satin finish. Three fetching designs on grounds of black, navy, Jap blue, brown, taupe, green, etc. Yard, \$3.50 to \$6.50.

Charmeuse Satin

Crepe Meteor and Satin Charmante, for street or evening frocks; also heavier weights for suits. Yard, \$6.50 to \$8.50.

President Wilson Read It

When the American president was for weeks confined to his bed recently, he is said to have greatly enjoyed "The Middle Temple Murder," by J. S. Fletcher. It was one of those detective stories which stand your individual hairs on end and send you leaping wildly to your feet when a taxi honks suddenly in the street. The "Talleyrand Maxim" is written with the same free English style and the same compelling touch. You will enjoy watching young Linford Pratt "turning his mulberry leaf into satin." Price 1.75

Do You Know Morley?

Born in England, nursed in America, a manuscript critic, a newspaper paragrapher, a purveyor of rich Gilbertian humor, and a man who loves the good things of this life. Things to eat, to drink, to smoke, to read, to hear and to talk about. What a companion for a night in front of the fireside. And he brings a troupe of merry spirits with him: Don Marquis, the satirist; Hilaire Belloc and other breezy individualists. You will want his book, "The Haunted Bookshop." It will be a great friend. Price 1.75

Six Books In One

And each one of them so good as to draw highest praise from literary critics in Great Britain and America. "The Strong Hours," from the pen of Maud Diver, an English authoress, follows a series of novels which placed the author's name in English letters. The Old Country, Canada and active service form the settings for characters figuring in a powerful romance. Price 2.00

One Who Came Back

Of course you have read of Jimmie Dale and his wonderful adventures, and doubtless thrilled in doing so. Frank L. Packard also wrote "The Miracle Man," which achieved great popularity. Now you are introduced to Dave Henderson, who goes to prison, gets into bad books, but is dragged up in the usual manner by the love of an unusual woman.

From Now On

Is a lively tale, filled with fleeing men, policemen, situations and an interesting romance. Price 1.75

Georgette Blouses

\$6.95

A group of blouses fashioned to the taste of the most fastidious, from soft, velvety georgette. One hundred strikingly original designs, each beautifully hand-embroidered. Adorned with delicate laces, and boasting an individuality that will enable you to choose easily.

The range of color is perfect, including white, ivory, melon, mais, flesh, rose, coral, French blue, navy, black, black and white, and numerous combination color effects. Sizes 34 to 44 in the lot. No phone orders. Present values \$10.50 to \$17.50. Today 6.95

Jolly Fine Suits, What?

Smart Styles for Young Blood, More Conservative for Elders

Any young man who desires a nice suiting fashioned into very smart garb will be pleased with this special suit we are offering. It is cut well and will hang well.

For the Older Man there is a gray English tweed, combining wear and appearance. New models at low prices.

For Young Men, a rich gray, fine-finished tweed, narrow light gray stripe effect; single-breasted, form-fitting model, slanting flaps, and outside ticket pocket. Sizes 34 to 40 37.50

For the Youth, a very smart brown tweed mixture, in the single-breasted belter model, novelty back, with the new yoke and pleat effect. 2 top crescent pockets and 2 patch pockets, medium height vest, trousers finished with 5 pockets, tunnel loops, self belt and buckle and cuff bottoms. Sizes 33 to 36 22.50

For Men, an imported English fine-finished medium gray pick-in-pick worsted, in the single-breasted, 3-button, soft roll, semi-fitted sacque model. A suit to appeal to the conservative dresser. Sizes 36 to 44 35.00
