40TH YEAR—ISSUE NO. 14,355

TWO CENTS

Cabinet Anxiously Awaits Word As To Borden's Future Action U.S. Railways Go Back To Owners Under Important Restrictions

IRRECONCILABLES THREATEN TO WRECK REPUBLICAN PLANS

Say If Any Modification of Article Ten of Pact They Will Take Action.

MAY START FILIBUSTER

Washington, Feb. 29.—Republican senators irrevocably opposed to the peace treaty took vigorous measures again today to block any modification of the article 10 reservation which was adopted last November and which has since proved the greatest barrier to all compromise negotiations.

An entirely new turn in the treaty fight will be manifest in the senate tomorrow as the result of President Wilson's statement to a Democratic senator that he would pigeonhole the treaty if the Lodge reservation on article 10 should be adopted.

The "irreconcilables" are being told that they will be perfectly safe, because the president will pigeonhole the treaty anyway, but that if ratification by the senate can be forced in the position of killing the treaty because he could not have his own way.

Senate Ultimatum Feeling that the Republican leaders, unable to obtain enough votes to ratify the treaty with the reservation unchanged, might consent to some modification, the irreconcilables served notice thru Senator Borah, Republican of Idaho, that unless the provision were kept as it stands they would reserve liberty of action when consideration of the treaty is resumed tomorrow.

The new ultimatum was presented directly to the party leader, Senator Lodge of Massachusetts, who is expected to confer with his colleagues on the subject tomorrow. The votes of the irreconcilables have been counted on to insure a majority for the Republican reservation program, as was the case in November, and the move today is expected to receive very serious consideration.

Just what the irreconcilables might do was not revealed. It was suggested, however, that the group might easily debate the treaty at such length that action could be postponed until the national political convention.

That result, would preclude any possibility of ratification until the issue had been fought out in the campaign.

When the senate takes up the treaty again tomorrow it will have before it the reservation relating to settlement of domestic questions under the league of nations. By unanimous agreement, as this provision is to be taken at 2 p.m. and will be adopted in the same form as at the last session of congress.

Secretary Lane Expresses View Of Official Washington Ability

Says It Contains Statesmen Who Are Politicians and Politicians Who Are Not Statesmen, and Is Poorly Organized.

Washington, Feb. 29.—Official Washington, "a combination of political caucus, drawing-room and civil service bureaus," containing "statesmen who are politicians and politicians who are not statesmen," is poorly organized for its task, which "fewer men of larger capacity would do better."

Such is an epitome of the views of Franklin K. Lane, retiring secretary of the interior, expressed in a characteristic parting report to the president on the occasion of leaving public life today after more than 20 years' service—the last seven in the cabinet.

COURSE OF FEDERAL SESSION HANGS ON RESULT OF MEETING OF COLLEAGUES WITH BORDEN

Reid and Calder to Interview Premier in City of Washington—Latter May Announce Retirement—Much Speculation About a Successor.

Ottawa, Feb. 29.—(Special.)—The future of the parliamentary session largely hinges upon the word that Hon. J. D. Reid and Hon. J. A. Calder bring back from New York. These two ministers are meeting Sir Robert Borden before his arrival from England.

It is hoped that the prime minister will agree to withhold his resignation until he is able to resume his seat in the house before the close of the session. There is little doubt but that the Unionist caucus to be called in the near future will request the prime minister to continue in office and pledge his support to the government.

There is, however, the possibility that Sir Robert may insist on his resignation and in that event the caucus will have to choose a successor.

Possible Successors. A majority of the cabinet are said to favor Sir Thomas White, while a large number of the Unionist members of parliament are favorable to the ambitions of Hon. Arthur Meighen, Hon. N. W. Howell and Sir Henry Drayton.

What Canadian Press Says. Ottawa, Feb. 29.—(By Canadian Press.) The departure of Hon. J. A. Calder, minister of immigration and colonization, for Washington, and the knowledge that Hon. J. D. Reid, minister of railways, was to be in the city to meet Sir Robert Borden on his arrival from England, have raised anew the gossip as to the continuance of Unionist government and the leadership.

Members are fairly free in discussion of the leadership and the name of Sir Robert will not again don the mantle of leadership, but that he is only the nominal head of the party at present. It is intimated that if a choice is made of a house leader by caucus, the man chosen will be the one likely to succeed Sir Robert whenever his resignation does take effect.

Free in Discussion. Members of parliament who are outside of the Unionist party, are charging the prime minister with indecision, and also with having acted as he did in order to stave off a bad situation. Some of them claim that Sir Robert has not been doing his man to succeed him, but that his choice did not fit in with the ideas of certain other members in the cabinet.

Premier Nitti and Jago-Slav Envoy Reopen Adriatic Negotiations

London, Feb. 29.—The proposal for reopening the Adriatic discussions, which the British and French premiers advanced in their latest note to President Wilson, was translated into action today.

Premier Nitti of Italy and Anton Trumbitch, Jugo-Slav foreign minister, held a conference in London this morning, which was described as a resumption of the "conversations" Premier Nitti began with Mr. Trumbitch in Paris some time ago.

RAILWAY STRIKE ON FRENCH ROADS IS ONLY PARTIAL

Directors of Various Systems Report to Premier Situation Is Rather Favorable.

PROVISIONING ASSURED

Paris, Feb. 29.—Premier Millerand this morning contacted the heads of the ministries affected by the railway strike and the directors of the companies, who submitted reports of conditions on their lines.

The director of the northern line said that, contrary to press reports, freight service on his road was not delayed, and goods sent to the markets were arriving regularly.

The Orleans system, according to its director, ran eleven trains between Paris and Bordeaux yesterday, and Hon. J. A. Calder, formerly the minister of Saskatchewan Liberals, who is now conferring with him in New York.

Other contenders for the premiership, it is now stated, are narrowed down chiefly to Hon. Arthur Meighen, minister of the interior, and Sir Henry Drayton, minister of finance, but there is also Hon. N. W. Howell, president of the privy council, to be considered.

In the case of Mr. Meighen, it is felt that, while he is the logical man for the post, he has too many men against him for past alleged offences of omission and commission.

Should an election be precipitated by the defeat of the government on any one of the questions coming before the commons, the situation would be even more serious.

AUSTRALIA AWAITS PACT RATIFICATION

Mandate for Administration of Former German Colonies Has Been Delayed.

Melbourne, Feb. 29.—Sir Ronald C. Munro-Ferguson, the governor-general, in opening the commonwealth parliament Thursday, said that an early decision by the United States to share the responsibility of the league of nations was earnestly to be hoped for.

The proceedings were enlivened by an open declaration of war from the representatives of the county organization being in the room.

President McAninch of Lincoln County, L. P., declared that he saw no objection to the county farmers' organization being in the room.

William Scull, the nominee, was chosen on the third ballot by a majority of 25 over Harry McAvoy of St. Catharines, a former barber and real estate agent, who has recently gone into farming.

Some stir appears to have been caused among the Italian delegation by a report from Washington that President Wilson would not accept the Anglo-French proposal for new negotiations.

FRENCH RETREATING IN ASIA MINOR?

London, Feb. 29.—An Exchange Telegraph despatch from Cairo announces that Turks and Arabs have occupied Alexandretta, in southeastern Asia Minor. This, it is believed, may indicate that French forces in this region are steadily retreating before enemy concentrations on the Aintab-Marash line.

WORK OF COMMONS COMMENCES TODAY; START LONG DEBATE

Ottawa Discussing Outcome of Session—Racing Legislation is Anticipated.

TALK OF ELECTION

Ottawa, Feb. 29.—(By Canadian Press.)—The real work of the commons will begin tomorrow with the moving of the address in reply to the speech from the throne, when the house opens tomorrow afternoon at 3 o'clock.

Just what may transpire in the session once it is really under way is a matter about which there is at present much conjecture.

There is talk of some questions that are likely to be asked of the government, but the average member appears to feel that the government will weather the session.

It is anticipated that as the session progresses it will bring on some warm debate. The opposition members are already filing a list of questions which are likely to be asked of the government.

Two Important Bills. The franchise act is being awaited eagerly by the mercantile marine and naval plans. On the former, it is expected that the bill will be introduced in the commons before parliament this session.

LABOR IN LINCOLN OPEN WAR ON U.F.O.

Farmers Choose Wm. Scull as Federal Nominee, But I.L.P. Protest.

St. Catharines, Feb. 29.—A largely-attended convention of United Farmers here yesterday chose William Scull as their candidate for Lincoln, which also includes St. Catharines.

The proceedings were enlivened by an open declaration of war from the representatives of the county organization being in the room.

William Scull, the nominee, was chosen on the third ballot by a majority of 25 over Harry McAvoy of St. Catharines, a former barber and real estate agent, who has recently gone into farming.

Some stir appears to have been caused among the Italian delegation by a report from Washington that President Wilson would not accept the Anglo-French proposal for new negotiations.

The Italian delegates are inquiring whether there is any truth in this report, and whether they may regard it as official.

GOVERNMENT CONTROL ENDED; U.S. RAILWAYS RETURN TODAY TO OPERATION BY COMPANIES

What Act Provides

The railroad act, which goes into effect today, provides for competitive private operation of the roads, under control of the Interstate Commerce Commission, with a guaranteed net income in each rate-making group equivalent to 5 1/2 per cent. on the value of the roads in the group.

The railroad act, which goes into effect today, provides for competitive private operation of the roads, under control of the Interstate Commerce Commission, with a guaranteed net income in each rate-making group equivalent to 5 1/2 per cent. on the value of the roads in the group.

The railroad act, which goes into effect today, provides for competitive private operation of the roads, under control of the Interstate Commerce Commission, with a guaranteed net income in each rate-making group equivalent to 5 1/2 per cent. on the value of the roads in the group.

CHECK OVERSEAS STOCK LIQUIDATION

Sir Henry Drayton Expects Settlement of Situation Within a Day.

Montreal, Feb. 29.—(By Canadian Press.)—Interviewed on Saturday by a representative of The Montreal Gazette, in connection with the effort being made to settle the pending liquidation of Canadian stocks, Sir Henry Drayton, Canadian minister of finance, said that these Canadian securities, owing to the fact that the market was so depressed, were being dumped on the Canadian market.

Mr. Hines will continue in his present capacity until about May 1. He still faces the settlement of thousands of contracts and grievances.

Resumo Days of Competition. With the lines again under private control, there will be almost immediately a resumption of "competition." Corporation heads have been preparing for this for several months.

The roads go back to private control under largely new conditions. The railroad bill, signed last night by the president, gives the system certain new powers, but as chief executive officer of the interstate commerce commission, both in power and personnel.

BORDEN EN ROUTE.

Calmaria, N. S., Feb. 29.—The Cunard Carfaxia, on which Sir Robert Borden is a passenger, sailed for New York at 8 o'clock on Saturday afternoon.

Enforcement of Its Laws Next Duty of Parliament

Ottawa, Feb. 29.—(Special.)—Passing laws, but leaving their enforcement to the discretion of the provincial governments, has long been the vital weakness of our Dominion parliamentary legislation. It is apparent in the breakdown of the recent legislation designed to restrict profits and reduce the cost of living.

Judge Robson, who later resigned as chairman of the board, was keenly disappointed that the other members of the board were not a few days ago Commissioners O'Connor and Murdoch were going to bring Sir William Price to Ottawa.

The present government has simply followed in the footsteps of previous governments in not undertaking to enforce the laws passed by parliament, but the breakdown of the board of commerce and the fair prices act has created a demand for some change in policy.

Wilson Signs Railroad Bill

Restoring Private Ownership Under Largely New Conditions—Corporations No Longer Masters of Bond Issues or Permitted to Resist Labor Demands.

Washington, Feb. 29.—President Wilson signed the railroad bill last night, on the eve of the return of the roads to their owners and to private operation.

In a proclamation issued at the time, the president vested in Walker D. Hines, director-general of railroads, practically all the powers conferred on the executive by the bill. He will continue to exercise such duties of the office as carry on after the relinquishment of the roads at midnight tonight.

The White House also made public the text of a letter written by Mr. Wilson to the representatives of the railroad brotherhoods, who have asked him to name a commission composed equally of employers and employees' delegates to consider wage demands.

The rail systems of the United States, operated as one great public utility since Dec. 28, 1917, were again divided among their 230 respective corporate owners when the government released control at midnight.

While all arrangements for formal restoration of the roads to their owners were completed Saturday, instructions were sent out today to operating representatives of railroads, informing them that they would report to "the proper officials of the corporations" which resume control at 12.01 a.m. Monday.

Mr. Hines will continue in his present capacity until about May 1. He still faces the settlement of thousands of contracts and grievances.

Resumo Days of Competition. With the lines again under private control, there will be almost immediately a resumption of "competition." Corporation heads have been preparing for this for several months.

The roads go back to private control under largely new conditions. The railroad bill, signed last night by the president, gives the system certain new powers, but as chief executive officer of the interstate commerce commission, both in power and personnel.

REID-BROWN FOUNDRY SUFFERS BIG BLAZE

Fire, believed to have started from hot cinders falling on a roof of the Reid & Brown Iron Foundry, 61 Esplanade street, at 5.59 Sunday morning, raged in the building for more than one hour, with a loss of \$20,000.

Will Come Up in Parliament. Beyond doubt, the mess in which the board of commerce finds itself, and the general fiasco which has attended the effort to restrict profits and reduce the cost of living will come before parliament at an early day.

Manitoba First to Have An Assessment Commission. Winnipeg, Feb. 29.—Manitoba will be the first province in Canada to have an assessment commission. In conformity with recommendations made by the assessment and taxation commission, the provincial government has placed at \$10,000 and \$10,000 to contents. The loss is covered by insurance.

International Commission To Meet in Buffalo Today. Ottawa, Feb. 29.—(Special.)—The first session of the international joint commission on the St. Lawrence navigation and power proposals, convened in Buffalo tomorrow, when interested parties will present arguments for and against the proposals.

NIGHT-WATCHMAN IS FOUND SLAIN

Is Mystery to Police—Battered Body Found Near Valley Inn Mill.

Hamilton, Ont., Feb. 29.—Hamilton's latest murder mystery seems no nearer solution today than it did yesterday. The inquest to be held by Chief Coroner Dr. Reenie tomorrow night at Central Police Station is expected to reveal the exact nature of the injuries which caused the death of the murdered man, when the report of the post-mortem examination is submitted.

Detectives Sayer and Bleakley have energetically searched for a clue for the murderer, but nothing definite has been found. There were finger prints on the hands of the man found near the body, but the original prints were obliterated by the handling of the implement by several people who visited the scene of the tragedy.

The body of the victim, George Williams, nightwatchman for the Concrete Pipe & Products, Limited, was found at 7:45 a.m. Saturday by another employee of the firm. Williams was found in a field, and in turn calling Chief Coroner Reenie.

Scene of the Tragedy. The body lay just inside the door of the plant, face upwards. It was covered with blood and hair-frozen, evidently having been there for some hours. Two yards to the left lay his broken lantern, his key, an open jack-knife, a pipe, a small plug of tobacco and a tin of tobacco. By the side of the large wooden barrel, running along the base of a partition, were an old red quilt, a cushion and a pair of slippers. Williams, it is explained, lived in a small room above the office, located about fifty yards from the plant in which the products were turned out. At night it was his duty to fire the boiler in the plant, and he was accustomed to take his quilt and cushion over to the boiler in order to rest between the periods of firing. It was evident that he was on his way to the boiler when he met his death.

Advance Robbery as Motive. It was just inside the door of the plant in which it was lying disclosed a thick deposit of his blood, which had been also covered with blood. Another large smear was on a barrel which stood by the boiler. The police have been unable to discover any motive other than robbery, as the watchman was of a singularly quiet and inoffensive disposition. It is supposed that he was first struck as he was standing by or sitting on the beam. His dropped to his knees, as the murderer delivered his final blow with the pick.

There were no signs of the pockets being rifled. The finding of the articles strewn at the doorway lends color to the theory that Williams was sitting down to talk to the unknown stranger at the doorway.

Had Been Paid. Williams had been given his semi-monthly cheque for \$40 on Wednesday last, it being drawn at the Imperial Bank. It appears that he cashed his cheque. The money has not been found.

The Concrete Pipe and Products, Limited, was established in Hamilton last summer, the proprietors being J. L. Weller, the well-known St. Catharines engineer and his son, W. H. Weller. The plant is located just opposite the "Y" junction on the other side of the road. Besides the nightwatchman, two employees live on the plant, named Tom Martin and M. Tufford, and the first named discovered the body yesterday morning. The plant had been closed down for two days owing to a shortage of coal, but it was necessary to keep the boilers going in order to steam the cement blocks.

Williams had been an employee of the Weller family in St. Catharines for fourteen or fifteen years. He was an Englishman, 57 years of age. When Mr. Weller moved here last October a position was found for him as night watchman at the plant.

Previous Incident. One night shortly after taking over his new duties, Williams was accosted by two or three young men, who kept him talking while some more of their number went through the office and got away with a trunk, which was found rifled a short distance away. They did not attack him. However, the night watchman became extremely cautious after this adventure and never afterwards took his money around with him, he informed his employer. He was accustomed to hide it in all manner of places. On one occasion he mentioned putting it under a barrel, where it was found in his body.

ANNOUNCE RISE IN SUGAR PRICES

Action by Wholesalers—Boost by Retailers Soon Follows.

Wholesale grocers announce that the price of sugar has been advanced to meet the increases charged by the refiners. The price to the retailers was advanced Saturday to \$16.71 in Toronto and \$16.50 per cwt. in Montreal, and it is predicted that retailers will be putting the price to the public up to 19 or 20 cents a pound very shortly.

Hugh Blain, president of the Canadian Wholesale Grocers' Association, made the following statement: "There is no doubt whatever but that the orders issued by the board of commerce have kept down the price of sugar to the consumer, and it is equally clear that there must now be an advance in the price in the near future. The difference in exchange alone on raw sugar at the present figure is from 1-1/2 cents to 2 cents per pound.

"Sugar is one of the articles we must largely import, and the buyer must pay the rate of exchange." New Quotations. The wholesale quotations for the retail trade on Canadian refined sugar, Toronto delivery, 100-lb. bags, are now as follows: Atlantic granulated \$16.71 Atlantic No. 1 yellow 16.51 Atlantic No. 2 yellow 16.21 Atlantic No. 3 yellow 15.71 Redpath granulated 16.71 Redpath No. 1 yellow 16.51 Redpath No. 2 yellow 16.21 Redpath No. 3 yellow 15.71 Redpath No. 4 yellow 14.91 St. Lawrence granulated 16.71 St. Lawrence No. 1 yellow 16.51 St. Lawrence No. 2 yellow 16.21 St. Lawrence No. 3 yellow 15.71 Acadia granulated 16.71 Acadia No. 1 yellow 16.51 Acadia No. 2 yellow 16.21 Acadia No. 3 yellow 15.71

20 Cents a Pound. Brantford, Ont., Feb. 29.—(Special.)—The taking off of restrictions on the price of sugar resulted in speedy increases here. On Friday the wholesalers advanced their rates two dollars a bag.

The list, with a covering note of considerable length, has been drawn up and will be submitted to the supreme council. It is expected it will be forwarded to Berlin within the week. The British selected the names of seven accused mostly for submarine atrocities; France selected 12, Belgium 15, and Italy, Poland and Rumania four each.

NEW NAME AT EACH HOTEL. George Robinson of Hamilton was arrested in the Walker House West of Toronto on a warrant charging him with fraud. Robinson is alleged to have registered at three down town hotels under aliases of Steele, Tippe and Baird. At the King Edward Hotel Robinson is said to have obtained a card and lodging to the extent of \$20, then left. The charges preferred against him by the Walker House and Caris-Rite amount to \$35.

Brantford, Ont., Feb. 29.—(Special.)—The taking off of restrictions on the price of sugar resulted in speedy increases here. On Friday the wholesalers advanced their rates two dollars a bag.

SOVIET TO DEMAND GENERAL'S RETURN

Will Ask Japan for Surrender of Former Governor of Vladivostok District.

Vladivostok, Feb. 29.—Demand will be made upon Japan for the return of General Rozanoff, former governor-general of the maritime province, to face trial on charges of alleged crimes committed when he was executive of the province of which Vladivostok is the capital, according to an announcement by the official news agency of the revolutionary, Zemstvo government here.

The announcement follows: "The provisional government will present to M. Matsudaira, Japanese diplomatic representative on the international mission in Vladivostok, a memorandum regarding the return of General Rozanoff, believed to have been taken to Japan on a Japanese transport, also for the return of the steamers Orei and Yakut.

"The former steamer is the property of the Russian Volunteer Fleet Association, and the Yakut is needed for navigation along the Siberian coast. There is property of the government aboard these vessels.

"General Rozanoff will be charged with criminal action; therefore this demand cannot be cancelled.

"The government has also notified the Russian ambassador at Tokio to examine persons who escaped from Vladivostok, with a view of determining from Japan the delivery of those guilty of crimes."

HOW BELFAST VIEWS IT. Belfast, Feb. 29.—Reserved comment is made on the Irish home bill by the Belfast Unionist press. The Northern Whig hails the bill's recognition of the distinction between the Ulster and the remainder of Ireland as a considerable step forward, and says it is one likely to influence any future legislative attempts in Ireland. The Irish News condemns the measure as not having a "single redeeming feature."

SPRINKLERS DELUGE FACTORY. Fire broke out in the fourth story of the George Hees window blind factory, corner Bedford and Bayview roads, Sunday night with a loss of \$1000. When the fire started the sprinklers were released, flooding the floor, and entailing a damage of \$1000. The loss by fire was but \$5.

BIG ACREAGE AT SUNNYSIDE HAS BEEN SOLD

Over Three Thousand Feet of Frontage Brings Good Price.

The Toronto General Trusts Corporation, acting for the executors of the McDonnell estate, has sold to Douglas Panton all the vacant land in the Goodblatt subdivision, lying between the Sunnyside orphanage and Indian road and between the G. T. R. tracks and Garden avenue. The transfer involves over 8000 feet frontage and the sale price was about \$100,000. This property was subdivided some years ago and after about 50 lots had been sold and houses erected on them the property fell into the hands of the mortgagee. The sale was made as a result of the foreclosure proceedings.

Plans are being prepared for the remodeling of the Hoberlin building at the southeast corner of Yonge and Richmond. Into an office building with an entrance on Richmond street. Mr. A. M. Hoberlin has secured under long lease, three and a half floors of the new building now being erected by Messrs. Volles and Rotenberg at 365-378 West Adelaide street, for factory space and his store will remain as at present on Yonge street. The new Adelaide street building will be known as the Hoberlin building. This building will front 120 feet on Adelaide and go back 145 feet to a lane. It is understood the Allen theatre interests will occupy the upper floors of this building.

Hoberlin Ltd. also hold under lease two floors of the Bowles Lunch building adjoining their Yonge street premises and these floors will also be converted into offices. Tenants on the ground floor will not be disturbed. The property is leasehold, the land belonging to the Leslie estates. It fronts 75 feet on Yonge and goes back on Richmond 145 feet.

The Masco Company, manufacturers and dealers in motors and other electric appliances, has purchased, for \$50,000, the three-story and basement building at 73 East Richmond street. This building suits the Masco building on Queen street. The purchasing firm will occupy most of the space as the lease expires. Mr. George Holmes, of Owen Sound, was the winning bidder at 38-42 Jarvis street for \$12,000 and will immediately erect on this site a modern four-story warehouse and factory building. The vendor was W. A. Sweeney.

W. J. McMurtry, of the Gold Medal Furniture Company, has sold the three-story brick building at 38-42 Jarvis street to the Canadian Inspection and Factory building. The building has a depth of 48 feet and a depth of 80 feet. The brokers were City Properties, Ltd.

The Guild Motor Lamp Co. has purchased, thru City Properties, Ltd., the building at 105-107 Jarvis street for \$12,000 and will immediately erect on this site a modern four-story warehouse and factory building. The vendor was W. A. Sweeney.

Mr. A. Plenty has bought for \$8,000 the building at 912 West Bloor street.

Building permits, totaling \$1,377,345 in value, have been issued by the city architect so far this month and there is every prospect that a new record for February will be attained. The present February record is about \$1,500,000.

The Evening Telegram is applying for a permit to erect an \$85,000 printing building and warehouse on Dupont street.

Mr. A. Plenty has bought for \$8,000 the building at 912 West Bloor street.

DEPARTMENT STORE AN OBJECT LESSON

J. E. Dobbs Takes T. Eaton's as Example for State Socialism.

That the T. Eaton store was a foremost example of social ideas, expressed within a competitive system and subject to its demands, was a statement made by J. E. Dobbs during the course of an address on "The Socialism of the T. Eaton Store," delivered before a capacity audience at the People's Forum, St. George's Hall, last night.

The speaker traced the growth of the store from its inception and compared this vast enterprise to that of the larger enterprises of the world. It was pointed out by Dobbs that the Eaton store had its first inception on December 8, 1869, and was 24 by 40 feet in size last night.

TWO INJURED IN MOTOR ACCIDENTS

Drivers Both Held Responsible—One Not Found Yet.

Two men were injured in motor car accidents Sunday, and the drivers of the automobiles are held responsible by the police for the accidents.

Close Behind Car. Nichols investigated the accident, and according to the police, the motor car was westbound on Dundas street.

ST. PAUL'S CONTRIBUTORS NEARLY ONE THOUSAND

Ven. Archdeacon Cody announced in St. Paul's church yesterday morning that the contributions to the congregation for the forward movement amounted to \$7,643.

Before 1914, approximately, every two years the University of Toronto presented the award to a graduate of the 1827 Exhibition Scholarship.

Students of the following departments: dentistry, bacteriology, biology, chemistry, physics, engineering (mechanical), engineering (civil), engineering (mining), forestry, geology, mineralogy, pathology, physics, psychology.

FRASER VALLEY OIL

D. B. Dowling Tells Toronto Audience of Work Proceeding in B.C. Field.

In addressing the Royal Canadian Institute in the physics building, University of Toronto, on Saturday night, Mr. D. B. Dowling, who is in charge of the geological survey, Great Plains division, gave a general outline of the situation, and extent of North American oil fields, dwelling particularly on those in Canada.

In his introduction, Mr. Dowling discussed the periods during which the oil was formed, and the nature of the rock in which it is contained. Roughly, the greater part of North American oil supply is contained in the triangle, having as its sides the Rocky mountains, the Appalachian Highland and the Laurentian plateau.

Oil Seeps in Gaspe. The district starting with the Gaspé district and proceeding west by provinces, the speaker gave a resume of Canadian oil fields and possible oil producing areas. In the Gaspé peninsula, the presence of oil seeps has induced the spending of large amounts in prospecting.

West of the Broken area a narrow basin is found 'embayed' in the St. Lawrence valley between the 'archaean' area and the northward continuation of the Appalachian mountains of the United States. In this basin sediments of the lower oil formations are found, but as the area was isolated probably as early as the Carboniferous time, through a period of elevation, and is of comparatively small size, large accumulations of oil are not expected in it.

Oil in Ontario. The basin lying to the west of the St. Lawrence basin extends westward to the Rocky Mountains, and the sediments have suffered only slight wrings so that the accumulation of oil formed very large pools. This basin has been for a long time the great oil field of the U.S.A. In Canada the outer rim is found in Ontario, where a steady production has been maintained for a long period. This has steadily declined, and many of the pools have suffered only slight wrings so that the accumulation of oil formed very large pools.

Colleges and Their Future Discovery. The men's League of Canada secured Prof. J. A. G. Reay to give lectures in the public hall of the University at 8 o'clock on 'Celestial Visitation and Meteorology' March 5. The lectures will be given in the future 'Discovery'.

Did you get your house wired for electric light before the increase for wiring? While the increase was small, it promises to be double in a short time, and electricians are being ordered in advance at present prices. The Electric Wiring & Fixture Co. specializes in wiring occupied houses, connecting all wires without breaking the plaster or making any decorations. The office and fixture showrooms are located one door east of Spadina avenue, on the south side of the street, in the building formerly occupied by the Electric Light Fixtures all this week.

BOTANICAL GARDEN PROJECT FAVORED

Even Mayor is Enthusiastic, Altho Pathetic Over Taxpayer's Burden.

If Toronto is to become for Canada the New Botanical Gardens are for the Dominion, Toronto must spend co-operation between the city, the provincial government and the university, for an educational park in which steadily gardeners can be trained. Saturday a luncheon of parties interested was held at Hart House, followed by a conference for which thirty speakers were promised, before the business of deciding how to go about getting money out of the city and provincial administrations.

Mr. Edmund Walker was in the chair and the speaker supporting the plan included Lieutenant-governor Clarke, St. William Meredith, Mayor Church, Ald. Beamish, chairman of the city parks committee, Parks Supt. Chambers. All were in favor of the project, but the city representatives threw in many 'ifs' about money. The mayor taxpayer has to be 'stuffed'. But the botanic garden should be supported all the same, said the mayor, and Ald. Beamish and the parks commissioner talked in the same strain.

CANADIANIZATION PROVES UNPOPULAR

J. T. M. Anderson Meets Violent Opposition at Open Forum.

There was considerable, and in some cases, violent opposition to the principles of Canadianization or assimilation as laid down by J. T. M. Anderson, director of education among new Canadians for Saskatchewan, at the Open Forum this afternoon. The speaker emphasized the fact that, in his opinion, the public have been blind to the dangers of unrestricted immigration. The old and middle-aged immigrants, he said, were often illiterate and useless, and if they were allowed to rear and educate their children in their own ways, they would not develop into good and useful citizens of Canada.

Continuing Dr. Anderson appealed to the public to support the attempt to distribute English-speaking teachers among the foreign settlers of north-western Canada. He went on to show that at present compulsory education in English is in force in many of the settlements, and he wanted to extend the work throughout the whole of Canada. Not in Sympathy. His remarks were illustrated by some interesting views depicting the various social and educational activities of the department he represented. After the excellent violin solo by Master Nathan Green, the meeting was thrown open for discussion. Many voices were raised in opposition to the compulsory English education as un-British, oppressive and a form of persecution. Mr. Williams objected forcibly. Mr. Williamson was indignant, and Mr. Manes was logical while a dark complexioned gentleman was vehement and made his voice quite audible in all parts of the hall.

ORDINARY MAN QUITE CHRISTIAN

So Says Arthur Kell, Who Deplores Present-Day Complexity.

"Perhaps the church today is dominated too much by its middle-aged or old men," said Rev. Dr. Bland last night at Broadway Tabernacle, offering congratulations to Edward Parkhouse, Arthur Kell, spokesman for the Bible class, who gave delightful addresses upon various opportunities offered to those with a punica coupled with inspiration. "I am strongly convinced that our general conferences and other church bodies would be much improved by the admixture of younger blood. I tell you what they will tell you. Do your bit and come into the church. You get good company there, and there it is found rather questionable people." Arthur Kell's address was original and interesting as was also that given by Mr. Backhouse. Mr. Kell, who is a student at Victoria College, stated his firm conviction that the ordinary man, "the man who dines in the Chinese restaurant," has his full share of belief in God, and that the virtues advertised by the church, but has gained a wrong impression of Christianity, due, perhaps, to misrepresentation by its ministers.

On Fat of the Land. The speaker pointed to the case of a ship's captain, fully resplendent in blue and gold, living on the best of the land and in the best cabin. "Can that man teach Christ's humility?" asked Mr. Kell, who bespoke grand work in the church for those young men willing to reconstruct the church and return it to its simplicity of the middle ages.

The young men were speaking on behalf of the Bible classes if the Bibles and Toronto railway employees until every other means of effecting a satisfactory settlement has been tried. So spoke Edward Sparrow, president of the local branch of the Electric Street Railway Employees' Union, which voted last week to strike. Three dissenting votes, and placed the setting of the date and hour for the strike in the hands of a committee, of which Sparrow is the head.

SEARCH BY POLICE REVEALS JEWELED Charge of Drunkenness Added to By One of Theft.

Alexander Sweeney, 290 Sherbourne street, was arrested Saturday night charged with being drunk and when taken to East Dundas street station he was searched and was found to have stolen jewelry in his possession. Detective Waterhouse made inquiries and found that the articles, consisting of three rings and necklaces, had been stolen Saturday from the home of Mrs. Brown, 199 Carlton street. Sweeney was then charged with theft.

Norman Neil, 282 East King street, was arrested by Detectives Waterhouse and Thompson, charged with theft of a quantity of silverware from the King Edward Hotel. Neil was held here in an endeavor to bring about a settlement of the wage question.

WAR BADGES READY Class "A," "B" and "C" war service badges are available for issue at M. D. No. 2 headquarters, 149 College street, Toronto. All ex-members of the C. E. F. who have not yet received their badges should apply at once. Discharge certificate must be forwarded in order that the issue may be stamped thereon.

MURRAY-KAY COMPANY LIMITED logo and address: 15 to 31 KING ST. E.

Ladies and Lorgnettes. Many women needlessly strain their eyesight by refusing the aid of glasses. Thinking that to wear them in public will detract from their appearance. They cling fondly to it foolishly to this delusion, and frequently suffer in consequence. This is where the lorgnette will be a boon, for worn on a narrow ribbon around the neck, it is easily available when needed and inconspicuous when not.

Boys' Two-Bloomer Suits. We need not explain to mothers the value of an extra pair of trousers with the boys' suit—she will immediately realize that an extra pair of bloomers makes one suit as useful as two, especially when made of material as good as these. Fine navy chevrot that will give long wear. In two models—the plain sack with belt all around, and the Norfolk, with box pleats front and back. Well made, warmly lined, in sizes 25 to 34. For today an opportunity that every mother should take advantage of, as any one of these two-bloomer suits is worth a great deal more than \$21.50.

NEWS OF LABOR

NIAGARA RADIAL MEN DELAY STRIKE ACTION. St. Catharines Despatch Says Workers Ready to Keep on Negotiating.

FEDERAL DENIAL OF BOARD. St. Catharines, Ont., Feb. 29.—There will be no strike of the Niagara, St. Catharines and Toronto railway employees until every other means of effecting a satisfactory settlement has been tried.

SEARCH BY POLICE REVEALS JEWELED Charge of Drunkenness Added to By One of Theft.

WAR BADGES READY Class "A," "B" and "C" war service badges are available for issue at M. D. No. 2 headquarters, 149 College street, Toronto.

Industrial Life Committee of Social Service to Meet Government Tomorrow. The Industrial life committee of the Social Service Council of Ontario has been giving careful study to the question of minimum wages for women and girls for several weeks past.

MURRAY-KAY COMPANY LIMITED logo and address: 15 to 31 KING ST. E.

Opening March With Exceptionally Good Values. Consider Now, Your Floor Coverings. Never before has our stock of floor coverings been so complete. Canadian, Oriental, Scotch and English carpets in a great variety of colors and in a complete range of sizes. Carpets of greater beauty than you hoped for, at a price less than you expect to pay.

Boys' Two-Bloomer Suits. We need not explain to mothers the value of an extra pair of trousers with the boys' suit—she will immediately realize that an extra pair of bloomers makes one suit as useful as two, especially when made of material as good as these. Fine navy chevrot that will give long wear. In two models—the plain sack with belt all around, and the Norfolk, with box pleats front and back. Well made, warmly lined, in sizes 25 to 34. For today an opportunity that every mother should take advantage of, as any one of these two-bloomer suits is worth a great deal more than \$21.50.

Ever so becoming and sensible, too, is the romper for the small girl as well. Another one quite as attractive is of chambray, in Pink, Copen, or Yellow, with pleating on collar and cuffs and turned-back cuffs and bands made in "Charlie Chaplin" style. In sizes 2 to 4 years. \$6.75. Priced at \$9.00.

ROMPERS For The Kiddies. Rompers all the way from those for the tiny lad just big enough to graduate into rompers up to the really big boy of four years are found in the Infants' Shop. A number of styles in stripes and checks and plain materials with tiny frills, bands of embroidery and smocking to soften the workmanlike air they might otherwise have.

WOLSEY All-Wool Underwear. A Special Offering of "Wolsey" All-Wool Underwear. Every suit has the well-known trade mark that shows it to be of pure wool and unshrinkable. For Monday these are priced at an unexpectedly low figure—a price which, in the face of wool market conditions, will appeal to the shopping wisdom of every man.

The Toronto World

FOUNDED 1820. A morning newspaper published every day in the year by The World Newspaper Company of Toronto, Limited.

MONDAY MORNING, MARCH 1

Lion or Lamb? When the twenty-ninth of February went out the signs were that March would come in neither as lamb nor lion, but as a hoary old sinner of the name of Jack Frost.

Six above freezing at midday on the veranda, and fourteen below freezing on the north porch, are interesting meteorological divergencies, but they promise too little of the approaching summer of our content.

Still, the most vexatious winter, like the longest worm, must turn some time. March hopes, if cherished long enough, won't die of despair—they may at least linger into April.

Whistler was persuaded by a friend to a piano and cello recital in Steinway Hall. Half way thru the program the friend whispered to Whistler: "These two people have been playing together for twelve years."

The Alarm Clock. Most people cannot decide whether the profiteer goes about like a roaring lion or a devouring locust. Governments are puzzled to know what to do with him.

Recently a London firm was fined five hundred dollars and costs for charging three cents too much for a half-pound tin of mustard. The newspapers contain many reports of similar cases, which shows that the policeman is regarded as the natural enemy of measures against the high cost of living.

A citizen caused a furniture house to be prosecuted for charging too much for an alarm clock. The defence was that the clock did not come within the section of the profiteering act which protected "household requisites" from the extortioner.

Good Roads Mean Good Upkeep. This week the Ontario minister of public works is expected to designate the sixteen hundred miles of roads that will this year come into the federal-provincial financing of eighty per cent of the cost of provincial roads.

Take the question of winter service, for instance. Who can say that it ought to cost, in a normal winter, to keep main roads in good travelable condition—at least in the neighborhood of Toronto, where wheels can only be dispensed with for short periods of most winters?

Woodman, spare that tree. Touch not a single bough. In youth it sheltered me. And I'll protest it now.

drifts and packing down snowfalls may be devised, with motor power as the means of maintaining easy communications. In Quebec cities, where sleighing continues usually from the end of November, the snow is plowed off the sidewalks and rolled solid in the roads.

If there is to be such a system of provincial roads as the rapid expansion of motor traffic to and from farms will demand, there must be permanent maintenance forces, in their own fashion doing for the public roads what section men do for the railways.

The first thing to do, of course, is to get your roads. But the question of efficient upkeep, which is the only economical upkeep, is of cardinal importance, and the department of the government which provides it will deserve the thanks of a grateful public.

Mingling the Blood of Labor. A short cable tells of a conflict between colored and white labor at the Johannesburg gold mines, in which several blacks were killed and some whites wounded. The trouble is attributed to the deliberate stirring up of racial strife by "international Socialists," but no details are given of the proximate causes of disturbance.

The position of the negro in South Africa is not pleasant. It is always a menace to the future contentment of a vast and sparsely populated territory. There is no difference between the British and Boer attitudes towards their poor relation in the dusky skin.

The white man's burden, with black men bringing gold quartz out of the earth for him, is a continual vexation. That it is now splashed with the mingling blood of white and black labor is an ominous sign of the times. Till reliable evidence about socialist provocation comes, that story may as well be forgotten.

IN PRUNING TIME

Woodman, spare that tree. Touch not a single bough. In youth it sheltered me. And I'll protest it now.

AMENDMENTS TO CONSTITUTION ARE PLANNED

One Gives Extra-Territorial Effect to Laws; Other Deals With Judges' Dismissal. By Ottawa Correspondent. Ottawa, Feb. 28.—The announcement that the government intends to propose two constitutional amendments at the coming session has led to a general discussion of the desirability of Canada obtaining authority or asserting the right to amend her own constitution.

The first amendment proposed by the government is designed to give extra territorial effect to the legislation of the Canadian parliament, and thus assert an equality of power in such matters with the parliament of the United Kingdom.

The second amendment deals with the removal of judges. Before these amendments can become effective, an address must be carried through both houses of the Dominion parliament, praying for legislation by the imperial parliament, and some time may elapse before the necessary legislation in London can be put thru.

To Assert Sovereignty. The present government is anxious to assert something like sovereignty for Canada at a nation and is, therefore, strongly inclined to take steps which will permit Canadians to amend their own constitution. Opposition to such a course would come from Quebec and perhaps from the maritime provinces. It is argued that the B.N.A. act merely gives expression to a contract or agreement made between the various provinces constituting the confederation, and, therefore, should not be changed without the consent of all the members of the confederation.

May Amend B. N. A. Act. It is quite possible, however, that the B. N. A. act may be amended in the near future so as to permit of amendments being made without appealing to the British parliament. One suggestion is that the Dominion parliament should have authority to propose amendments which would become effective when ratified by the legislatures of all the provinces.

SCHOOL SURVEY AS OUTLINED BY FOUNDATION

Plan Proposed for Inquiry Into Ontario Public School System. From a reliable source, The World receives the following synopsis of the survey proposed by the Massey Foundation into the public school system of Ontario: 1. There has been no survey of education for 50 years.

2. Ryerson was a centralist, and it is doubtful if the centralized system which he established is any longer justified by modern exigency. 3. The question is raised whether extended in the manner of French and German systems by centralizing complete control of the schools in a bureau of education, or whether the school section ought not to be abolished and such control as is vested in the people be exercised by township or county boards.

4. The promoters condemn the school section unit and desire to abolish it. 5. Much vague incompressible language is used about humanizing schools and bringing the teachers under a closer moral and spiritual discipline to be continued through their lives.

6. Complaint is made that there is not enough teaching about birds and soils and trees and plants and insects to arouse in the infant mind constancy of life on farms. 7. The rigidity of the curricula is challenged. 8. Examination tests are challenged. 9. It is proposed to greatly increase the expenditure upon public schools, and to impose the most of it on the central government. There are suggestions of community houses and of teachers' houses, involving probably an expenditure of one hundred millions.

10. It is suggested that playgrounds in town and country should be greatly improved, especially in the country where the fields, woods and streams are available. 11. It is suggested that education should continue after the close of the school year; that is, the state should go on educating young men and women far into life. 12. It is said that schools have not been used as they ought to have been used to Canadianize the unassimilated elements of our population, and Canadianism is used in the sense of Anglicizing, and Anglicizing means to unify French and English and to make one language.

THE GIRL WHO SMILED THRU

By MARION RUBINCAM

A CAT'S CLAWS. Synopsis of Proceeding Chapters. Alice Fairbanks is called "The Happy Lady" by the children of the little town of Farmington because of her bright smile and sunny disposition. She seems to rise superior to circumstances—her father's death, her mother's invalidism, the struggle to make an insufficient income keep them comfortably. And when she meets and becomes engaged to him, her cup of happiness seems overflowing.

CHAPTER 19. Several days passed after Lois' arrival and the little family on Dexter street settled down into its new routine. Alice as usual arose about 7 in the morning, and she and her mother breakfasted at the table at the kitchen window, while the wind blew gently in. Laden with all the pertumens of June.

As usual, she went thru her routine of work, often thinking how curious it was that so small a place should require so many hours of effort. The morning was gone by the time breakfast was cleared away, her mother dressed and established comfortably on the porch, the house clean again, and the dinner ready.

For Lois never protested strongly enough to be convincing. At noon she would be at the table in the draped silk negligee Alice admired so. The two women had tea for lunch, but Lois liked coffee, "since it's my breakfast," she explained. And she liked eggs and hot rolls, so Alice baked crisp little rolls and buns especially for her, and cooked her a breakfast while she made a heavier meal for herself and her mother.

"She likes it and it's not much to do," Alice told her mother, when Mrs. Fairbanks protested at the extra work. "But she goes upstairs to dress while you do the dishes. She could help you a little," Mrs. Fairbanks said.

"Well, perhaps, but it would be a shame to trail that pretty gown in the kitchen, and she's not used to work, you know." Alice laughed cheerfully as she stirred the dish mop in the soap water.

Lois did no work. Her dressing took a remarkably long time, but as Alice said, the results justified it. Her golden hair was waved and piled high on her small head, her nails were given a daily manicure, her dresses were perfectly adjusted. Her sheer black silk stockings revealed her slim little ankles, and her dull black pumps were high-heeled and buckled, and every article of clothing seemed to go perfectly with every other.

The neighbors were fascinated by this little blond doll in its simple, but amazingly good looking black dresses. Mrs. Riley called almost daily; Mrs. Myer, always in house dress and apron, would come and sit in her favorite perch on the porch step, and look adoringly at Lois. And Lois, laying aside the love stories she was always reading, would talk by the hour to her—of New York, of the life there, of theatre, dances, clothes. She would give them advice on making new dresses and predict the coming styles.

"It must be dull for you here, where there is no life," Mrs. Myer ventured. "You must have had awful good times in New York." "Yes, we did, but you see, my dear mother was alive then, and we always went out together. Her friends were mine, and all mine were hers." Lois pulled down her little pink mouth, and looked the picture of despair.

Fighting the "Flu"

NURSES—Nurses—where can we get nurses? WHERE can one get any kind of help during this epidemic of sickness? THE answer is difficult, but forty young lasses from a Training Home—the entire Cadet class in fact—volunteered their services in the past week to assist in nursing sickness from the "Flu."

EXAMPLE is a great teacher. Christ ministered to the suffering. It was a privilege for these young Salvationists to follow His example. 308 Service Posts in this Territory. Use them!

DUBLIN DENOUNCES THE IRISH BILL. Freeman's Journal Characterizes It As a "Thievish Measure." Dublin, Feb. 29.—The Freeman's Journal refers to the new Irish bill as a "proposal for the plunder and partition of Ireland," and characterizes it as a "thievish measure."

Wallaceburg Man Says Austrian Ran Away With Bride of Month. Chatham, Ont., Feb. 28.—(Special)—Stanley W. Weir, an Austrian, is being detained by the local police on a complaint of Pete Poloski of Wallaceburg, who alleged that he ran away with his bride of a month. Poloski alleged that they were registered at a local hotel as man and wife under assumed names, and that the Austrian, before leaving Wallaceburg, bought his wife a pair of shoes and a new dress. The Austrian admitted to the police he had also purchased a railway ticket to Toronto for the woman. The man and wife returned home together, while the Austrian will remain in jail for a few days.

Wabash Cars, Laden With Sugar, Delay G.T.R. Trains in Chatham. Chatham, Ont., Feb. 28.—(Special)—Traffic on the Grand Trunk Railway was tied up for some time today as a result of four Wabash freight cars jumping the track near Lacroix street at noon today. The cars contained about one hundred and forty tons of raw sugar for the local refinery.

Older Girls' Conference of Brantford S. S. School. Brantford, Ont., Feb. 28.—(Special)—Four hundred young women from the Sunday schools of Brantford attended the older girls' conference here on Saturday and Sunday. Miss Lillian Bouting of Hamilton gave the principal address on Saturday. Teachers' training was the keynote of the conference. The directorate of the Y. W. C. A. arranged the Sunday sessions, which were in Brant Avenue Methodist Church and the speakers were Mrs. Prof. Brown of Toronto, and Mrs. Fenton McIntyre of Brant county. Miss Evelyn Kept was elected president for the coming year.

FALLS TO DEATH. Port Colborne, Ont., Feb. 29.—Frank Rae was killed instantly Saturday afternoon when he fell a distance of eighty feet while at work on the reconstruction of the government elevator here.

BUY HAVANA'S OLDEST PAPER. Havana, Feb. 29.—The Havana Post, the oldest English language newspaper in Cuba, has been purchased by Charles A. Stoneham, principal owner of the New York Giants and Mason Peters of New York.

Advertisement for O'Keefe's DRY GINGER ALE. Includes an illustration of a woman playing cards and a bottle of the beverage. Text: 'What's Trumps? O'Keefe's! A closely-contested game with the rubber yet to be played—an interlude. The hostess, realizing how a little diversion is necessary, thoughtfully plays her Trump Card—by serving O'Keefe's. O'Keefe's DRY GINGER ALE is a delightfully refreshing beverage that makes friends everywhere. Its sparkling, bubbling brilliancy is Nature's own gift—pure water, scientifically aerated. The richness of its flavor—the nip—the pleasant, is imparted by the careful addition of pure sugar and the finest ginger blended to produce a beverage of exceptional merit. Serve O'Keefe's next time—it adapts itself to all weathers. Your grocer or dealer can supply it in case lots—order a couple. O'Keefe's, Toronto PHONE MAIN 4202 O'Keefe's Beverages are also procurable at Restaurants, Hotels, Cafes, etc.

Prince of Wales Orange Young Britons Lodge, No. 332, was recently organized in Marshall's Hall. The officers for the ensuing year are: Nelson A. Boylen, W.M.; W. Mason, D.M.; H. Brittan, chaplain; H. L. Wilson, recording secretary; R. McGraw, financial secretary; W. Husted, treasurer, and A. Hutchinson, D. of C. York county officers, with Past County Master A. Bickerstaffe presiding, conducted the opening meeting and installed the officers.

Danforth Park Ratepayers Elect Year's Officers

The following officers were elected at the annual meeting of the Danforth Park Ratepayers' Association, recently held in Gledhill Mission, Gledhill avenue: A. Groh, president; W. C. Curtis, honorary president; E. Evered, vice-president; F. Moore, secretary; Dennis McCarthy, treasurer; W. Studholme, financial secretary; delegates Association, D. McCarthy, W. Oxley, J. Wheeler and T. Thomas.

MORRISON HOUSE SOLD

The old Morrison House Hotel, a well-known landmark on Danforth avenue in the Oakridge district, formerly the property of Tom Ellert, has changed hands, and will be reopened as a high-class restaurant and dance hall. The new proprietor, Madame Wurn, it is stated, intends to spend \$10,000 in structural alterations. The new premises will be opened at Easter, it is expected.

PORT CREDIT STARCH WORKS.

The new five-story brick and cement addition to the Port Credit Starch Company's works, now at present under construction, is well advanced and should be completed within the next two months. The large addition will find accommodation for a large number of additional employees.

OAKVILLE NEEDS HOUSES.

The demand for houses in the Oakville district at the present time is far in excess of the available supply, according to the statement of the mayor of Oakville, who points out that there are large numbers of citizens moving into the locality. More residences are being rushed to completion on the Toronto-Hamilton highway in this section.

EARLS COURT G.W.V.A. DANCE.

The Earls Court G.W.V.A. gave a dance at Belmont Hall on Saturday night, the veterans band furnishing the music. Comrade Jim Stockley, chairman of the entertainment committee, was in charge.

"FLU" POSTPONED MEETING

Owing to the flu epidemic, the regular monthly meeting of the Rivendale Ratepayers' Association tomorrow, Tuesday, evening, has been postponed to a later date.

DR. SALEM BLAND PREACHES.

Rev. Dr. Salem Bland of Broadway Methodist Church, gave a sermon to the Men's Own Brotherhood on Sunday next.

Home-Coming Veterans Were Bribed, Says Haig London, Feb. 28.—Lord Haig, presiding today at a grand council meeting of Comrades of the Great War, said that when men came home they were divided into various organizations because they were bribed away by certain promises from this and that political party. He therefore said to them to have nothing to do with any political party. He also said: "If we put our case rightly we shall have all the right-thinking people of the empire behind us."

LONG SHOT LANDS THE FEATURE RACE

And Tailor Maid Incidentally Scores One of the New Records.

New Orleans, Feb. 28.—A handicap at a mile and seventy yards, for three-year-olds and upwards, and the Cor...

The track was lightning fast, and three new track records were made during the afternoon. The first mark to go by the board came in the running of the juvenile event, Petite clipping one and three-fifths seconds from the old mark.

The second record went to George Starr, which scored in the Corseton Purse. In this the time was reduced two-fifths of a second.

The big surprise, and the real form upset, occurred in the handicap, fifth on the card. Tailor Maid, in at light weight and overtook by the mile, scored over Bullet Proof, the favorite.

In winning, Tailor Maid also set a new track mark, running the mile and seventy yards in 1:43.5. Tailor Maid opened at 10 to 1 and closed at 15 to 1. Wilda was outside the Atkinson fully and scored a half-length victory. Matinee Idol was third. Bullet Proof tired at the end.

General Glenn nearly fell at the start, and received a bad ride from Richard.

FIRST RACE—Purse \$600, for two-year-olds, 4 furlongs: 1. Tenie, 106 (Rodriguez), 5 to 1, 2 to 1, even.

SECOND RACE—Purse \$600, for 3-year-olds and up, 3 1/2 furlongs: 1. Bobby Allen, 107 (Murphy), 5 to 1, 2 to 1, even.

THIRD RACE—Purse \$600, for four years and up, 6 furlongs: 1. Poultney, 111 (Lyke), 3 to 2, 3 to 1, 4 to 5.

FOURTH RACE—Purse \$600, for three years and up, 5 furlongs: 1. George Starr, 116 (Willis), 4 to 1, 6 to 5, 1 to 3.

FIFTH RACE—Purse \$600, for 3-year-olds and up, mile and seventy yards: 1. Tailor Maid, 96 (Wida), 15 to 1, 6 to 1, 3 to 1.

SIXTH RACE—Purse \$600, for three-year-olds and up, one mile and 70 yards: 1. Simpleton, 104 (Wida), 8 to 1, 3 to 1, 5 to 2.

SUNDAY AT HAVANA Havana, Feb. 29.—The races today resulted as follows: FIRST RACE—Purse \$800, for 3-year-olds and upwards, claiming, 6 furlongs: 1. Applejack, 114 (Murray), 5 to 1, 2 to 1, even.

SECOND RACE—Purse \$600, for 3-year-olds and up, claiming, 5 1/2 furlongs: 1. Phodden, 111 (Keders), 8 to 5, 7 to 5, 1 to 3.

THIRD RACE—Purse \$600, for 4-year-olds and up, claiming, 1 1/8 miles: 1. Duke of Shelby, 113 (White), 10 to 1, 4 to 1, 2 to 1.

FOURTH RACE—Purse \$600, for 3-year-olds and up, claiming, 1 1/4 miles: 1. Duke of Shelby, 113 (White), 10 to 1, 4 to 1, 2 to 1.

FIFTH RACE—Purse \$600, for 3-year-olds and up, claiming, 1 1/4 miles: 1. Duke of Shelby, 113 (White), 10 to 1, 4 to 1, 2 to 1.

SECOND RACE—Five and a half furlongs, for 4-year-olds and up, claiming, purse \$600: 1. Bunice, 103 (Barnes), 5 to 2, even, 1 to 1.

DUNLOP CORD TIRES

The Super-Test

- BEFORE you are asked to buy or try Dunlop Cord Tires, they must undergo a test such as you would never give them. Tires just like your garagemen and dealers now sell are put on our own test cars, and away speed the drivers. —A Test that is kept up day and night. —A Test that takes in some of the worst roads in the country and the generality of bumps, bad turns, and all the sudden stops that go with them. —A Test that specifies the number of miles which must be made by the drivers each day and night.

The results of this crucial test, naturally, have an important bearing on our manufacturing policy. Tested-in-Advance Service aptly applies to Dunlop Cord Tires—"Traction," "Ribbed." Can you ask for a greater guarantee than the story the road tells—a story which in the case of Dunlop Cord Tires proves that our manufacturing methods are not only Right but Dead Right?

Applications to Parliament. NOTICE is hereby given that James Lewis Price of the City of Toronto, in the County of York and Province of Ontario, soldier, will apply to the parliament of Canada at the next session thereof.

COBALT SHIPMENTS. Four cars of ore, containing 309,593 pounds, or about 141 tons, from an equal number of mines, constitute the shipments from the Cobalt camp last week.

PROPERTIES AT MATACHEWAN ARE SHOWING UP SPLENDIDLY

Matachewan Gold Has Had More Extensive Development, But Lake Matachewan Gives as Much Promise as Big Neighbor at Same Stage. In the minds of those who have not visited the new Matachewan gold area, there may be some confusion as to the existence of the Lake Matachewan Gold Mine and the Matachewan Gold Mine as separate properties.

The two diabase dykes are also common to both properties. Porphyry and diabase make the big gold mines of the world, but it is rare, indeed, that both combine in auriferous deposition to the same extent as is the case on these properties. The sketch herewith illustrates the conditions for the accumulation of the precious metal.

The sketch herewith reproduced from the exhaustive report of Dr. H. C. Cooke, of the geological survey branch of the department of mines, Ottawa, shows the exact positions and the geological conditions in respect of both parties. It will be seen that one is on the north and the other on the south side of the same eruption of porphyry or quartz syenite.

Mining men will recall the fact that the township of Cross Gold deposit in the township of Munro, the richest ever seen in Ontario, is due to the combined effect of a fault and diabase flow. The potent influence of these mineralizing agents cannot be gainsaid, for the Cross is the only mine in that particular township which shows phenomenal values.

It is obvious, however, that the mineralization resulting from the season was on sale at 10c per dozen. Poultry.—Only a limited quantity of poultry was on sale. Dressed chickens sold at 40c to 45c per lb; heavy, 4 1/2 lbs; dressed fowl was a good trade at 40c to 45c per lb.

Butter, creamery, fresh. Butter, lb squares, \$0.50 to \$0.65. Butter, choice dairy, lb, 60c to 62c. Butter, medium, lb, 58c to 60c.

OTTAWA CUSTOMS RECEIPTS. Ottawa, Feb. 25.—An increase of \$19,962,896 in the customs receipts for the eleven months of the fiscal year ending today is shown by the statement issued today from the customs department.

Table with columns: Commodity, Price, Market. Includes: Corn, Wheat, Oats, Beans, Potatoes, Apples, etc.

Table with columns: Commodity, Price, Market. Includes: Butter, Eggs, Honey, Lard, etc.

Close Unsettled in Corn Market. Anticipated Improvements in Traffic Conditions Favor the Bears. Chicago, Feb. 28.—Anticipation of possible improvement in traffic conditions after railroads are returned to private ownership gave considerable advantage today to bears in the corn market.

Wholesale Fruits and Vegetables. Cauliflower.—California cauliflower has advanced from 40c to 50c per crate at shipping points.

HERRICK'S FINE F...

It is notable that mines at Porcupine, Ontario, and the mines at Tisdale, Saskatchewan, are showing up splendidly.

At Kirland Lake, Ontario, where the discovery of gold is in the form of small veins, and in some cases in the form of small veins and in some cases in the form of small veins.

Shining Tree At Westport, Ontario, the main body of the ore is in the form of a massive, crystalline, carbonaceous, but not dangerous, rock.

Consolidated, where the heavily spaced veins are in one great body in the aggregate they are very much less dense.

C. P. R. IN Montreal, Feb. 28.—Railway earnings for January, \$13,514,000, an increase of \$1,240,000 over the corresponding month of last year.

DIVIDEND NOTICE Canadian General Electric Co., Limited. Notice is hereby given that a Quarterly Dividend of 20c per cent. for the three months ending the thirty-first day of February, 1920, is payable on the Common Stock of the Company.

Announcing the Formal Opening of

Simpson's

Spring Fashions

Today, March First

Presenting the Authentic Spring Creations in

Millinery Dresses Suits
Coats and Blouses

for Women, Misses and Juniors

You are personally invited to attend the displays,
 today and following days

The **SIMPSON** Company
 Robert Limited

TO SPEAK of the spring mode is to speak of infinite, indescribable variety. Never before has the word "clothes" covered so great a field—never has femininity been promised such a choice of styles, materials, colorings and trimmings with which to follow the mode.

For instance, in line and drapery of coat, suit or frock, one sees the Egyptian, Moroccan, Greek, Algerian, Turkish and Spanish influences, as well as charming adaptations of the modes of Louis XV. and XVI., with here and there an English Eton or Redingote.

Fabrics borrowed from the Louis and Directoire periods rejoice in taffetas, satins and rare brocades, combining ancient and modern in the wonderful printed materials from which whole frocks or parts of frocks are fashioned.

Trimmings have garnered design and coloring from the Balkans, Russia, Japan and China, and are so eccentric as to make the models they adorn fascinating beyond words.

Above all, color—vibrant, radiant, vividly expressing the gaiety and joyousness of the new season—plays the major role—touching to greater beauty the loveliness of each new frock, suit or coat fabric.

Whatever the new style tendencies, you will find them charmingly reflected in today's Spring Opening Displays of Women's and Misses' Suits, Coats and Dresses.

To sense the mode in millinery one must "follow the gleam" of shining braids and streamers, glittering toils (black oilcloth), circled ribbons, silks and leathers, or glittering ornament. Every hat which "heads" the long lists of wonderful spring apparel is destined to shine, whether it be a tiny turban swathed in gleaming glycerined feathers or the broadest of Torsador satlors topped with oilcloth and dashed with a circé bow. As to styles—well, seeing is believing in the wonder of them, for they were never so bewitching.
