TEN PAGES—ONE CENT

Gained Only On The French Right

Elsewhere German Drive Last Night Failed—French in Wonderful Counter Attack Recovered Ground in Centre—Australians Advance British Line

Paris, June 11.—The German drive between Mont Didier and Noyon continued unrelentingly last night, says today's official report. On their left the French offered effective resistance. They recaptured the village of Mery.

The principal German effort was directed against the centre. Attacking with heavy forces, the enemy drove back the French as far as the region of the Arond River, but by a brilliant counter-attack the French hurled back the enemy all along this front and re-established their line south of Bellef, at St. Maurice, south of Marquiesle and at Vandeleucourt.

On their right the French engaged in violent combats with large forces concentrated by the enemy, who was able to gain ground. The French withdrew their line to the west and south of Ribe court.

BRITISH GAIN HALF MILE London, June 11.—The British last night carried out an operation in the region east of Amiens by which their line south of Morlaucourt was advanced a half mile on a front of a mile and a half. The war office announced so today. Two hundred and thirty-three prisoners were taken.

The text of the statement follows: "Last night another minor operation was undertaken with complete success by Australians in the region of Marloncourt. The line south of the village has been advanced to the depth of nearly a half mile on a front of more than a mile and a half, and 233 prisoners, twenty-one machine guns and a trench mortar were captured by us."

Successful raids, in which we captured several prisoners, and two machine guns and inflicted numerous casualties upon the enemy, were carried out by us during the night northwest of M. Orlancourt, south of the Scarpe and east of Nieupe Forest. The enemy raided one of our posts in Auehuy Wood. One man is missing. The hostile artillery has been active during the night with gas shells to the west of Lens."

U. S. WANTS NO GAIN FROM WAR

Address By Wilson to Mexican Newspaper Men

IDEALISTIC OBJECTS SOLELY

Glad of Opportunity to Make Attitude of Washington to Mexican Affairs Thoroughly Understood—As to World Peace

Havana, June 11.—(By the Associated Press)—President Wilson in an address to the Mexican newspaper editors in Washington on last Friday expressed sincere friendship for Mexico. His address, which is printed in the morning newspapers here today, follows in part: "I have never received a group of men who were more welcome than you because it has been one of my distresses during my presidency that the Mexican people did not understand the attitude of the United States toward Mexico. I think I can assure you that the attitude is one of sincere friendship."

"The policy of my nation toward Mexico was in every point based on the principle that the internal settlement of the affairs of Mexico was none of our business; that we had no right to interfere or dictate to Mexico in any particular with regard to her own affairs. When we sent troops into Mexico our sincere desire was nothing else than to assist you to get rid of a man who was making the settlement of your affairs for the time being impossible. We had no desire to use our troops for any other purpose and I was in hopes that by assisting in that way and thereupon immediately withdrawing I might give you a trail of assistance which would have given your government through President Carranza."

"At the present time it distresses me to learn that certain influences, which I assume to be German in their origin, are trying to make the assumption throughout Mexico as to the purpose of the United States, to give an absolutely untrue and distorted account of what has happened."

"We are the champions of those nations which have not had the military advantage which would enable them to compete with the strongest nations in the world. I look forward with confidence to the time, which I hope will come, when we can give substantial evidence that we do not want anything out of this war, but that we would not accept anything out of it; that it is absolutely a case of disinterested action. And if you will watch the attitude of our people you will see that nothing is being done for our own sake, but that this war so far as we are concerned is for idealistic objects."

"Therefore everyone of us owes it as a patriotic duty to his own country to plant the seeds of trust and of confidence instead of the seeds of suspicion and a variety of interest."

"BAD FOR THE BULL"

British Liner Gets One of the U-Boats

An Atlantic Port, June 11.—A German submarine was attacked and apparently sunk by a British steamship, a wreck ago Sunday morning off a British port, according to passengers on the vessel, which arrived here today. A United States officer who saw the single shot fired at the U-boat, which was only 150 yards away, expressed the opinion that a clean hit was made.

Two destroyers which accompanied the British liner closed in after this one-sided combat and dropped depth bombs at the spot where the submarine had disappeared.

The British vessel was met some distance from this port by a scout seaplane, which escorted her here. The liner carried 176 passengers. She is a vessel which several times has been subjected to unsuccessful torpedo attacks, and once was shelled by a U-boat.

ROBBED POOR BOX, WAS CAUGHT AFTER EXCITING CHASE

Priests Took Up Pursuit of La Rose, Citizens Joined—Shot From Gun Brought Him Down

Montreal, June 11.—Caught after an exciting chase of more than three miles, a thief who had robbed a poor box at St. Jude's church, West St. John, last evening, the congregation unanimously extended an invitation to Rev. J. H. A. Holmes, M.A., of Hammond river, to succeed Rev. G. F. Scovill, M.A., who has accepted a church in Guelph, Ont., and will leave for his new field of labor about June 24. Rev. Mr. Holmes is to decide in a few days whether or not he will accept.

King Ferdinand's letter to Alexander Margdom, Roumanian premier, thanking him for the conclusion of peace marked the final step in the king's surrender to the dogmas of Emperor Charles that kings must stick together.

WILSON'S CALL TO LABOR FEDERATION

Washington, June 11.—President Wilson today telegraphed to the American Federation of Labor and the American Alliance for Labor and Democracy, in convention at St. Paul, Minn., urging renewed efforts of labor in support of the war programme.

"The war can be lost in America as well as on the fields of France, and it is considered an unjustified interruption of the essential labor of the country may make it impossible to win it," said the president's telegram.

AGAINST SOLDIERS IN TRAINING HAVING LIQUOR

Toronto, June 11.—Jurymen at the inquest into the death of Cadet Lloyd H. Carter of the Royal Flying Force, called upon Coroner Young to have the imperial army authorities in London requested to enforce stringent measures against soldiers in training in Canada being allowed to have liquor. Cadet Carter was killed in a mid-air collision between two machines near Leslie on March 10.

WORK NOW TO PREVENT SHORTAGE OF POWER ON RAILWAYS IN WINTER

Washington, June 11.—To guard against repetitions of conditions of last winter, when shortage of motive power was largely responsible for traffic congestion, locomotive repairs are being pushed by the railroad administration. Approximately 4,800 locomotives are passing through the repair shops each week, or 700 more than the average a year ago.

BULGARIA IN THE ALLIANCE

London, June 11.—German newspapers report the entry of Bulgaria and Turkey into the German-Austrian alliance as an accomplished fact. The Frankfurter Zeitung says the treaty with Bulgaria includes financial and commercial provisions under which Bulgaria is liable to supply all German requirements of coal and copper from Serbian mines lying within territory occupied by the Bulgarian army, and also to construct a canal leading from Danubian Narrows at the gates to the Bulgarian frontier.

As compensation Bulgaria has been promised the valley of the Morava and a common frontier with Austria-Hungary.

HERE FROM ST. PAUL

James Rankin, chief clerk of the Imperial Oil Company, who came to St. John several months ago, yesterday welcomed the arrival of his wife, his daughter, Lucille, and his son, Walter James, who have arrived from St. Paul, Minn., after a pleasant journey, marked by stops at Chicago and Montreal. They are now at the Clifton house, and in a few days will take up their residence at 72 Queen street.

To Sign It Next Week

Honorable Mr. Carvell Speaks of Courtenay Bay Contract

WORK THEN IMMEDIATELY

Recent Vote of Half Million Covers Cost of Dredging and Breakwater Extension By His Department—Minister in City for Few Hours Today

"The negotiations for the construction of the dry dock and the establishment of a shipbuilding plant at East St. John have been closed and the contract will be executed next week. Work will be begun immediately thereafter." This statement was made this morning by Hon. Frank B. Carvell, minister of public works, who was in the city for a few hours.

Hon. Mr. Carvell explained that the recent vote of \$500,000 was for the purpose of covering the cost of the work to be done by his department in Courtenay Bay in the form of dredging and extending the breakwater. The construction of the dry dock would be carried on by the St. John Dry Dock & Shipbuilding Company, Limited, which would undertake the harbor improvements, but the dry dock would be constructed under the subsidy arrangement made in 1910. The shipbuilding also would be their own project but he understood the minister of marine and fisheries was prepared to give them a contract for the construction of steel steamers.

He understood that it was the intention of the company to lay their first keel this year and that by the time they would require steel plates for the vessels they hope that the supply available would be adequate. The minister was not in a position to say anything about the progress of the negotiations of the shipbuilding contract, which Thomas Nagle of this city is promoting as that did not come within the scope of his department.

Referring to the appropriation which had been made for the Courtenay Bay harbor development, Hon. Mr. Carvell said that he was sorry that they could not have voted three times as much, as the contractors would like to do that much work this year but there would be time to complete the undertaking before the ships were built and the channel was needed for that purpose.

PEOPLE NOT YET FULLY AROUSED

In reply to a question about the Negroes for the extension of the Negro breakwater to Partridge Island, Mr. Carvell said: "There will be no new work. I wish the people of the dominion could understand the real financial situation of the harbor, but they do not. Individually, most of the people are prosperous and they do not realize that the government is not in the same position. I do not know where the money is to come from. We can't stop the war, but we may have to borrow at least \$500,000,000 this fall and if we don't get the money we simply will have to close down on some of the things we are spending money on now."

"Won't the next Victory Loan supply the amount required?"

"It will if it is advertised sufficiently and pushed hard enough. The people of Canada can supply the money if they realize the need, but they do not realize it now. It must be explained to them in a way they cannot misunderstand."

Mr. Carvell said he had not heard anything about plans for extending the grain conveyors to the new wharves, Nos. 14, 15 and 16, in West St. John, nor about any developments by the government railways system at Reed's Point.

Leaving St. John at noon today, Hon. Mr. Carvell will be joined in Amherst by Hon. J. D. Reid, and together they will proceed to Halifax, where Mr. Carvell will inspect the graving dock which is to be enlarged and other works in progress there. From Halifax the ministers will go to Sydney, where they will see what can be done to stimulate the production of steel and coal. From Sydney they will return to Ottawa. Owing to the absence of the premier and other ministers who are in London for the imperial conference, Mr. Carvell will be kept busy at the capital, and does not expect to be able to visit New Brunswick again before July.

REPLACED IN POSTS AS RAILWAY CHIEFS

Washington, June 11.—Howard Elliott of the New Haven and P. D. Underwood of the Erie, are among the presidents removed today as chief operating officials of their roads by appointment of federal managers to operate lines for the railroad administration. Both will remain presidents of their respective companies, however, and their salaries will be paid out of corporate funds, rather than from operating receipts according to the government.

Death of Composer. Milan, June 11.—Senator Arrigo Berto, musical composer and poet, died suddenly yesterday. His most noted work was the opera Mefistofele.

CHARLES' LETTER SETTLED IT

Wrote That This Was Time "For Kings to Stick Together" Against Rise of Democracy

London, May 31.—(Correspondence of the Associated Press)—A private and secret letter written to King Ferdinand of Roumania by Emperor Charles of Austria-Hungary in the latter part of February marked the turning point in Roumanian's participation in the world war and was one of the decisive factors in the long series of intrigues which eventually broke the spirit of the Roumanian king. Under this outside pressure King Ferdinand changed from an ardent supporter of the war against Germany into a lukewarm and vacillating opportunist and finally into a distinct peace advocate.

"This is a time when kings must stick together." This is the most striking sentence of Emperor Charles. The letter has never been published and its existence up to this time has been known to only a few persons outside the highest court circles in Roumania. A summary of its contents was communicated to the American minister and to the Associated Press correspondent in Jassy by a high official, who is one of the most steadfast friends of the Allies at the Roumanian court.

In intimate tones the Austrian emperor directed the attention of King Ferdinand to the great danger for all monarchical institutions from the wave of socialism which was sweeping across Europe. He drew a heartfelt picture of the danger to Austria from the spread of Bolshevism across the Russian border and declared the Roumanian dynasty was in equal danger from the same source.

King Ferdinand's letter to Alexander Margdom, Roumanian premier, thanking him for the conclusion of peace marked the final step in the king's surrender to the dogmas of Emperor Charles that kings must stick together.

Alban Leo Breen, here referred to, is a son of Mr. and Mrs. Timothy Breen. He is in an hospital at Liverpool, England, with gunshot wound in the hip.

BRITISH SEAMEN WILL MAKE GERMANS PAY

London, May 31.—(Correspondence of the Associated Press)—The British seamen's boycott of Germany, which it was agreed last year should last at least a month for every new crime committed by enemy U-boats, has now reached a year and is being extended to a second year. Havelock Wilson, leader of the British seamen, in a speech at Albert Hall, said that the 250,000 men in the shipping industry were determined not to tolerate any German on a British ship and were agreed unanimously that they would not take a ship to any German port so long as the boycott lasted.

WEATHER REPORT

Issued by Authority of the Department of Marine and Fisheries, R. F. Stupart, director of meteorological service

Synopsis—A disturbance which was over Northern Saskatchewan yesterday morning has moved eastward to Lake Superior with increasing intensity. Local showers have occurred in the maritime provinces and in Northern Ontario. Elsewhere the weather has been fair. It was very warm yesterday in the western provinces.

Lower-Lakes and Georgian Bay—Strong southwest winds with scattered showers tonight. Wednesday, north-west winds, fair and moderately warm. Lower St. Lawrence—Fair today, strong southwest winds with showers tonight. Wednesday, strong westerly winds, clearing again.

Gulf and North Shore—Moderate winds, fair today. Wednesday, strong southwest winds with showers. Showers.

Maritime—Light winds, generally fair; Wednesday, fresh to strong southwest winds with showers.

Superior—Strong winds and moderate gales from west and northwest, local showers; Wednesday, fresh to strong northwest winds, fair.

All West—Fair today and on Wednesday, not so warm.

New England—Probably showers tonight and on Wednesday; warmer; fresh southeast to south winds, increasing.

BONAR LAW HAS NO NEWS TO GIVE OF IRISH POLICY

London, June 11.—(Via Reuter's Ottawa Agency)—In the House of Commons B. S. Samuel asked "When can Mr. Bonar Law inform the house on the government's Irish policy?"

Bonar Law—"I am sorry, but I cannot name any time or make any statements." Mr. Law said the government was considering the question of the position of women in respect to elections to the commons.

The council of the Colonial Institute, London, is strongly against any of the former German possessions overseas being restored to Germany.

The German forces, although extremely strong, have not subjugated the defenders as in the case of the two former efforts.

The armies are fighting it out foot by foot and it cannot be claimed up to this writing that the enemy has gained any definite advantage.

Hard Ground for Enemy. With the French Army in France, June 11.—(Morning, by the Associated Press)—The difficulties confronting the enemy are very great in the nature of the country he has now entered in his new drive. The terrain comprises sharp hills, deep valleys and thick woods.

Where his most pronounced progress has been made, in the centre of the battlefield, the ground forms a sort of hollow through which runs the main road from Senlis to Reims and the Compiègne-Reims railway.

Indications show that some of the enemy divisions which started the attack are already being replaced by fresh

Chief Flynn's wonderful story of German plots and spies in America will be opened at the Gem on next Saturday afternoon with King Baggott and Marguerite Sawyer in the leading roles.

GENUINE GOOD ENTERTAINMENT AT OPERA HOUSE

For a genuine good entertainment—the kind that makes everybody say "that's a real good show" with all the programs of the Opera House would be hard to come. Five splendid features, including Roberts and Fulton, in exciting moving comedy, Ruth Ray and Pagano, two attractive girls with personality, in a classy instrumental comedy, "The Mack and Co." in an Irish playlet in which comedy and pathos are deftly intermingled, well played up roles in good singing and dancing; the Edah Debridge Trio—one of the best vocal features ever heard on the local stage; and Dennis Bros. in daring feats on the revolving ladder. In addition to the vaudeville, the program includes the fifth chapter of the Vitagraph serial drama, "Vengeance and the Woman," a stirring story of the great out-of-door with wonderful scenic effects and thrilling situations. Two performances in the evening at 7:30 and 9:—every afternoon at 2:30.

LAST TIMES AT GEM TONIGHT

"The Bargain" with Carlyle Blackwell and other big people of the movies, last times tonight at 7:15 and 8:45 at the Gem. A virile, gripping, throbbing story wonderfully well told. Also "The Lamb," a stirring comedy. All new tomorrow, vaudeville and pictures.

Arthur Henderson Says:

It is a shame to cheat a man by selling him a shoddy cloth. Since the German shoddy was removed from the market, the stores that specialized on Mens Suits at Low Prices find it hard to do business. Quality talk is beyond the ken of the man who tries to see how cheap he can make and how much he can steal from the inside workmanship necessary to make a good coat. Henderson clothes may cost a little more, but they give that lasting service which every man wants.

HENDERSON 104 King Street

PORK AND BEANS Belmont Brand, Extra Quality, 15c and 25c GILBERT GROCERY

"TIZ" FOR SORE, TIRED FEET—Ah! "Tiz" is Grand for Aching, Swollen, Tender, Calloused Feet or Corns. Ah! What relief. No more tired feet, no more burning feet, no more swollen, aching, tender, weary feet. No more soreness in corns, callouses, bunions. No matter what ails your feet or what under the sun you've tried without getting relief, just use "Tiz." "Tiz" is the only remedy that draws out the poisonous conditions which puff up the feet. "Tiz" cures your foot trouble so you'll never limp or draw up your face in pain. Your shoes won't seem tight and your feet will never, never burn or get sore and swollen. Think of it, no more foot misery, no more agony from corns, callouses or bunions. Get a 25-cent box at any drug store or department store and get instant relief. Wear smaller shoes. Just one "Tiz." Get a whole year's foot comfort for only 50 cents. Think of it.

MERCHANTS BANK SHOWS DEPOSITS INCREASED BY 21 PER CT. DURING YEAR

Total Assets Now Exceed \$140,000,000—Wonderful Progress Since the Beginning of the War—Current Loans and Discounts in Canada Increased During Year by Thirteen and a Half Million Dollars.

The annual meeting of the Merchants Bank of Canada on the 11th of June, was the occasion for the presentation of a very satisfactory report, exhibiting a growth of business little short of phenomenal. The non-interest deposits of the bank advanced, during the year ending April 30 about seven and three-quarter million dollars, the interest-bearing deposits eleven million dollars, and the note circulation nearly three millions. Only one class of public liabilities, that of banks and correspondents outside of Canada, showed a decrease. The rate of expansion of the deposit accounts was well over twenty-one per cent for the year.

As a result of these enlarged indications of the public's confidence and saving power, the total assets of the Merchants Bank have risen to the splendid total of \$140,987,244, an increase for the year of almost twenty million dollars, or 16.14 per cent. In the 1914 statement the total assets were only \$88,200,741 so that the Merchants has added almost fifty-eight million dollars to its business in four years, and this without the addition of a dollar of new capital or of Reserve Fund. This immense increase in the volume of business transacted, without any increase in the shareholders' investment, is not for the present accompanied by any corresponding growth in profits, but it holds out very attractive prospects for the time when conditions shall begin to return to normal.

One of the most interesting features of the report is the exhibit of expansion in the item of current loans and discounts in Canada. This expansion, which amounted to about thirteen and a half million dollars, and brought the item up to a total of \$76,194,016, was explained in the address at the annual meeting as being chiefly due to the increased valuation of the commodities upon which such loans are based.

The growth in liquid assets, while not quite proportional to that of public liabilities, was sufficient to maintain them at the very sound ratio of 46.7 per cent. These liquid assets now total \$77,697,481 against public liabilities of \$166,262,671, some thirty-four millions of them in the form of cash, bank balances and call loans, while Dominion and Provincial securities account for \$5,482,464. Canadian municipal and non-Canadian public securities (including advances to the British government) \$14,889,065, and railway and other securities \$4,900,204. Thus the Merchants Bank is performing

ing notable services for the carrying on of the war, both by its support of current Canadian trade and industry and by its aid to the Canadian and British treasuries.

Profits for the year were \$1,286,080 being at the rate of 17.96 per cent on the \$7,190,000 of capital stock. The real investment of the shareholders, however, includes not only the paid-up stock but also the Reserve Fund, of equal amount, so that the actual rate of earnings is less than 9.9 per cent. Nor does the whole of this amount accrue to the equity of the shareholders, since an appropriation of \$400,000 was made for contingent account and taxes and pension fund took another \$120,000. The net result of the year was the addition of \$18,681 to the profit balance after the payment of the usual 10 per cent dividend. The assets have been most rigidly scrutinized, and the present position of the Bank is such as to reflect the highest credit on the work of General Manager D. C. Macarow and the board of directors.

UNFIT FOR SERVICE TO FARM AT \$5.10 A DAY.

Calgary, June 11—James McNair, a young man of draft age, but physically unfit for service at the front, presented himself to Registrar Carson and offered his services at \$1.10 a day for the duration of the war to release or take the place of some farmer who is able to go. His offer was accepted and he was placed under the military authorities. His duties will be to cultivate a farm in the Cardston district whose owner has been drafted for overseas duty.

Army Calls More Railway Builders

Prepares to Increase American Force of This Class of Men in France To 50,000

Washington, June 11—The war department announces that the organization of five new regiments and nineteen battalions of railway engineers, to be used in addition to the regiments already working in France, is being completed by the staff of the director-general of military railways, Samuel M. Felton. The work has been done in conjunction with the engineer corps. When the new forces are put on duty, there will be 90,000 Americans engaged in railroad construction and operation in France.

A total of \$180,000,000 has been spent on railway materials alone, not including supplies provided and used by the engineer corps proper. Director-General Felton, describing the growth in personnel and the increase in the size of the task confronting his staff, beginning with the organization of the first railway regiment, said that early in 1917 the chief engineers decided to organize a railway operating regiment. Mr. Felton, who had acted as his railway adviser in 1918, was asked to take charge of the work. Six railroads having headquarters in Chicago were called on to recruit one company each, the roads being the Atchafalaya, Topoka & Santa Fe; Chicago & Great Western; Chicago & Northwestern; Illinois Central; Chicago, Rock Island & Pacific; and the Chicago, Milwaukee & St. Paul.

CONSERVE SUPPLIES OF SEED WHEAT.

Stratford, June 11—A memorial to be forwarded to both the dominion and provincial governments was passed by the county council, requesting that supplies of seed wheat be conserved and distributed as to insure good supply of seed wheat for fall sowing for the season of 1919; also that the maximum selling price of such be \$2.50 a bushel.

CANADIAN GOVERNMENT RAILWAYS

Railway from Moffat Station, N. B. SEALED TENDERS, addressed to the undersigned, and marked on the outside "Tender for construction of Railway from Moffat Station, N. B.," will be received up to and including twelve o'clock noon, Friday, June 21, 1918, for the construction of about 27 miles of railway from a point on the Main Line of the Intercolonial Railway at Moffat Station to Campbellton, N. B.

Plans, specifications and blank form of contract may be seen at the office of the Chief Engineer of the Department of Railways and Canals, Ottawa, Ont., at the office of the Chief Engineer, Canadian Government Railways, Moncton, N. B., and at the office of the Resident Engineer, Campbellton, N. B.

All the conditions of the specifications and contract forms must be complied with.

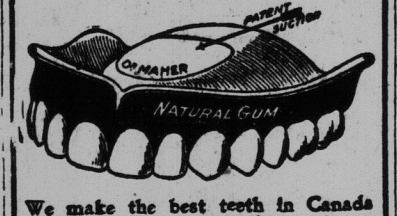

Tenders must be put in on the blank form of tender, which may be obtained from any of the offices at which plans are on exhibition.

Each tender must be accompanied by an accepted bank cheque payable to the Honourable the Minister of Railways and Canals for an amount of \$4,000.

The lowest or any tender not necessarily accepted.

By Order,
J. W. PUGSLEY,
Secretary,
Department of Railways and Canals,
Ottawa, June 7, 1918.

30 YEARS FOR DISLOYALTY.

Soldier Convicted of Sedition—Socialist Gets 20-Year Term.

Boston, June 11—Phillip H. Grossman, a private at Fort Banks, was sentenced to thirty years' imprisonment at Fort Jay, having been found guilty by court martial of making disloyal remarks and encouraging disloyalty among soldiers.

Army officials said Grossman posed as a conscientious objector.

Oklahoma City, Okla., June 11—Orville C. Rothfeld, Socialist candidate for congress against James V. McClintic, seventh congressional district, was found guilty in the federal court here on indictments, charging conspiracy to obstruct the selective service law, and sentenced to twenty years in the federal prison at Leavenworth, Kansas.

KING GEORGE TO JOIN IN JULY 4 CELEBRATION.

London, June 11—King George has promised to attend a Fourth of July baseball game between the United States army and navy teams at Chelsea. It will be the first occasion on which a King of England has helped to celebrate the Fourth of July.

CARD FOR MALES

1. Name in full (surname last)?

2. Age? Date of Birth? Country of Birth?

3. Place? Speak English (E) or French (F)?

4. British subject? By birth? By naturalization? If naturalized, when and where?

5. Single (S), Married (M), Widower (W), or divorced (D)?

6. Present occupation (if any)?

7. How many children under 16 years?

8. What is your regular occupation? Length of experience in (a) (b) (c)

9. If an employee, state employer's name. Nature of business.

10. Do your circumstances permit you to serve in the present military or naval service, or in the merchant marine service? (a) Yes, in what service? (b) No, why not? (c) If you are not a British subject, to what country do you owe allegiance?

11. (a) Were you brought up on a farm? How long? (b) Have you worked on a farm? How long? (c) Are you retired farmer? (d) Can you handle horses? Drive tractors? Use farm machinery? (e) Are you willing to do farm work? Where? During what periods?

I affirm that I have verified the above answers and that they are true.

Signature of Registrant

Procedure of Registration

On June 22nd every person residing in Canada, male or female, British or alien, of sixteen years or over, must attend one of the registration booths located in his or her district, and there observe the procedure explained below.

Where to Register
Every person required to register has the privilege of registering at any of the public places provided for that purpose. The location of all such places will be specified in proclamations posted conspicuously.

How to Register
The procedure of registration is simple. The questions upon the registration card can be answered very easily, but they must be answered truthfully and fully.

The card shown in the illustration is a facsimile of the registration card for males. An advertisement showing the card for females appears in another paper.

Study the questions carefully so that you will be able to answer them promptly when registering. If you have any special qualification, or feel that your services would be more beneficial to the country in some other line of work, say so.

While all are compelled to register on Registration Day, it is not contemplated by the Government to force the sick, feeble and aged to turn out. If such persons will notify the Registrar prior to June 22nd of their inability to attend at a place of registration, an effort will be made to register them at home, provided the request is reasonable and justified.

Remember the Day—June 22nd—Remember the Hours—7 a.m. to 10 p.m. Register early and get your Certificate for your own protection.

Issued by authority of
Canada Registration Board

British and European—Frederick A. Smyth, 20 Lodge Hill, LONDON, E. C., England. The Audit Bureau of Circulations audits the circulation of The Evening Times.

THE DRIVE IS CHECKED.

Gen. Foch cannot afford to let the Germans advance much further in the present drive, or Paris will be endangered. We are told that the object of the enemy is to reduce the salient that lies between the gains made in the March and May drives; but that reduction would open an easier road to Paris. One of today's cables says: "An enemy success would involve the retirement of the French forces defending the line between the Aisne and the Marne, threaten both flanks with envelopment, and open to the Germans the main roads to Paris from Compiègne, Villers Cotterets and Chateau Thierry." This explains the fury of the German attacks, and the vigor of the French defence. Foch had his reserves ready at hand in this affair, with the result that such gains as the enemy has made were accompanied by very heavy losses in men. It is declared that there has been no heavier fighting in the whole war, which means that the French are in sufficient force to inflict enormous damage before they give ground before the advancing foe. Their artillery and machine guns have taken heavy toll. One despatch says: "The Germans, attacking on a ground where the Entente Allies were ready to receive the shock, have found themselves thrown into a slaughter-house whence most of them never will make an exit." In the face of all this, however, the Germans have pressed their advance at one point to a depth of five or six miles. The Allied flanks are holding well, but fresh German divisions are being thrown into the struggle, and it is yet too soon to say what the outcome will be. The Allies are apparently confident that the enemy will be stopped as in his former drives, and that his slight further gains of territory will not at all compensate for his very heavy losses.

BUT ST. JOHN SLEEPS ON

As an illustration of what one city in Canada does for the children is summed up, we quote the following from a Toronto paper: "The seven summer city playgrounds Parks Department, which opened about May 20 and close the last week in September, are now in full swing. The attendance has been very large at all of them, with Elizabeth leading in having the largest attendance, 789 for any one day. The best day for each of the others is—Leslie Grove, 697; St. Andrew's, 689; Carlton Park, 646; O'Neill, 522; Earlscourt, 475; Oaker, 278. The men supervisors are completing the organizing for the hard ball leagues, which play on Saturday afternoons, and are also organizing the soft ball leagues, the iron quait leagues, the rubber quait leagues, the athletics and the point competition for the summer. The lady supervisors are busy organizing for the girls' tennis leagues, tennis leagues, volleyball leagues, athletics and point competition for the summer." A citizen called up the Times today to point out that boys who are really good boys in his section of the city, are getting into trouble because they have no playgrounds, and in finding an outlet for their youthful vigor and desire for play are sometimes coming into conflict with the civic laws and regulations. What else can be expected? How long will the people sleep on and give no sign of a desire to save their boys?

The following is the creed of the Social Service Committee of the Presbyterian Church of Canada. It stands "For the purity of the home; for the right of the child to be well born, well developed, well reared, well educated; for the single standard of both sexes in morals and in economic opportunity; for mothers' pensions; for the application of Christian principles to industrial relations; for a living wage, an eight-hour day wherever practicable on Sunday; for conciliation and arbitration in industrial disputes; for the abatement and ultimate abolition of poverty; for insurance against accidents, sickness, unemployment, and old age; for the conservation of natural resources and public utilities for the people's benefit; for the adequate care of dependents, defectives, and delinquents." At all the great church conventions this year emphasis is placed upon the relation of the church to the great social and industrial problems of the time. It is a very healthy and encouraging sign.

Toronto Globe: The Y. M. C. A. men at the front who serve free coffee and "fags" to the soldiers going into and coming out of action will not take kindly to the suggestion that they are not doing their bit. They risk their lives very cheerfully to make the lot of the fighting man easier. Without the social and recreation work of the Chaplain Service and the Y. M. C. A., the morale of the Canadian troops would assuredly not be what it is.

The Maine legislature appropriated \$25,000 to be used for mother's aid in this state this year. Every claim of aid is of course investigated in the most careful manner.

Food Controller Thomson says:

"Although the world wheat crop situation at the present time is more promising than a year ago, still considerable time will elapse before the crops are harvested, and even if the greatest expectations are realized, the fact remains that the world reserves of wheat are exhausted. The greatest care will have to be taken to re-establish these reserves here and abroad. It is highly improbable that the bread grain crops of the world will be large enough to more than re-establish the proper reserves, and it will be absolutely necessary to continue conservation and substitution, at least until the 1919 crop situation is known. Canada is daily increasing the manufacture of substitutes for wheat, and consumers are urged to request to make use of these substitutes to the limit of their ability."

Both last night's and today's cables

lay emphasis upon the very heavy losses inflicted on the Germans, and upon the fact that in spite of their throwing fresh divisions into the fight without regard for losses the enemy has not succeeded in breaking the line or gaining substantial success. The French are magnificent in defence and counter-attack, and have not done any more effective fighting since the war began. On portions of the front held by British and Americans the Allies have the best of the fighting, and have materially improved their position.

A statement prepared by the Department of Militia and Defence classifies the 864,700 men of the C. E. F. who went overseas up to March 31, 1918, according to country of birth, as follows: Canada, of British descent, 147,505; Canada, of French descent, 16,296; England, 121,571; Scotland, 37,486; Ireland, 15,887; Wales, 3,274; Other British possessions, 3,548; United States, 15,000; Other countries, 10,081. Total, 364,700.

The bombing of British hospitals

by the Germans has been even more murderous than had been announced. Today's reports told of nearly a thousand casualties. Among the victims were nurses and other women, and men already suffering from severe wounds. There is a coarse savagery about this kind of warfare which could only be tolerated by the nation whose soldiers have ravished women, maimed and murdered children, wrecked the homes and destroyed the churches in their path.

Those who doubted whether ships would ever be built on the proposed site below the reversing falls have been most agreeably disappointed. The Marine Construction Company of Canada is launching its first vessel this afternoon, a four-man motor launch, and a substantial proof of the fact that St. John has not forgotten the art of building wooden ships. The company, and especially its energetic and resourceful manager, deserves hearty congratulations.

At a child-welfare meeting at a Baptist convention in Ontario last week, Dr. W. A. Riddell spoke of the need of state organization for social welfare. He said the state should exercise greater control over the lives of individuals as well as over communities. Housing conditions should be improved and attended to by the state, and better playing facilities should be provided.

An exhibition of war garden products in October will further stimulate public interest in a work that is also a healthy and profitable pastime. In what better way can people spend a portion of their leisure time in spring and summer than in cultivating a plot of ground and supplying their tables with the fruits of their own labor?

There is a very strong feeling in the United States that the Allies must intervene in Russia and create again, as President Taft says, "an eastern front." It is a very difficult problem, but with the United States in such deadly earnest much may be done that may perhaps at this moment seem hopeless.

LIGHTER VEIN

A Female Atlas. "Is it true that Bill's wife supports him?" "Well, she holds him up every Saturday night."

Proving It. "They say that marriage prolongs life. Do you believe it?" "Sure! I know several ministers who would have starved to death if it hadn't been for the wedding fees."

Heard at the Club. My wife is mad because I smoked up her curtains. Heavens! You must have been hard up for something to smoke."

Watch Your Shot. Bill—I see a bullet-thrown weapon has been made in the shape of a watch. Called on to surrender your watch you may use it to shoot the thief.

And He Knew More. It was a company food training. The captain saw a young soldier trying to cook his breakfast with a badly made fire, and showed him how to make a quick-cooking fire, saying: "Look at the time you are wasting! When I was on the coast I often had to hunt my breakfast. I used to go about two miles in the jungle, shoot my food, skin it, pluck it, then cook and eat it, and return to the camp under the half hour." Then he wisely asked, "Of course you have heard of 'Yes, sir,' replied the young soldier, 'and also Ananias and Baron Munchausen.'"

The Sting. "Chancellor Herding's Reichstag speech in answer to President Wilson began well enough, but it had a nasty sting to its tail," said a congressman. The speaker was a congressman. He went on: "It reminds me of a chap who said to the girl who had just rejected him: 'I shall never marry now—never—never!'" The girl blushed and bridled. "Foolish boy, why not?" she murmured. "If you," he snarled, "won't have me, who will?"

An instructor in one of the colored schools in Mobile asked her pupils one day who Mrs. Wood was. A little girl held up her hand. "Do you Arthur, know who Nero was?" "Yessum, he's the one we sing about in our Sunday school."

THE AMERICANS

DOWNING THE ADVERSARIES

Official French Report Gives Them High Praise—Review of Last Week's Operations

Paris, June 11.—The French government last night issued the following statement respecting the American troops: "With strong will and irresistible activity, the American troops continue absolutely to dominate their adversaries. They oppose. Detailed operations which are frequent northwest of Chateau Thierry have importance which, thanks to the liaison existing between the two armies, is of the highest degree and the results of which have already been felt."

Another official statement gives a summary of the operations last week northwest of Chateau Thierry. "The operations on June 6 in advancing our line," the statement says, "gave us a view of the enemy which permitted us to exploit the situation. Also in the evening the American troops, pushing forward toward Basieres and Torcy and continuing to clean up Belleau Wood from local operations, advanced their line for more than a mile. "Finally toward 6 o'clock in the evening some of our troops penetrated into Basieres."

"The American infantry showed itself very skilful in maneuvering. The courage of the officers and men bordered on tenacity. One lieutenant, hindered in his advance by a machine gun, threw back the enemy's machine gunners where it was established and, having killed its crew, returned with the gun over his shoulder."

"Operating in liaison with the Americans, our troops the next day widened considerably their zone of operations. While the division on the right progressed northward, both this effort and the maneuver of our troops were met with stubborn resistance, which they broke down completely. "The German soldiers, irreparable losses. One of the companies opposed to which we were sent, was broken up yesterday only after having fought thirty-seven, five of whom belonged to our army and five to the regimental reserves."

U-BOATS STILL THERE MONDAY

Steamer Captain Reports Seeing Fight Between One and an American Transport

Washington, June 11.—Germany's submarine raiders which some sixteen days ago made their first appearance in American waters since the declaration of war, apparently still are ranging off the Atlantic coast. It is reported that a U-boat was sighted last night in the area of the official list of eighteen craft sent to the bottom.

The master of a Brazilian steamer arriving yesterday at an American port said he had sighted a submarine that morning seventy-five miles off the New Jersey coast and had seen an American transport open fire on the U-boat, but at the department it was said that no confirmation of this encounter had been received.

Observers here were not inclined to believe the reports of the survivors of the Pinar del Rio that the vessel which they saw near the submarine was "mother ships." They believe rather that it probably was a freight steamer which the raiders had overhauled and looted. It is believed that the vessel is still in the hands of the raiders and is being used for replenishing stores at leisure before sinking the craft.

Assuming that the raiders destroyed the schooner Edna, immediately after they arrived off the coast, officials estimate that the raiders have been at sea for about thirty-five days, and believe that they can remain but some weeks longer by replenishing their stores and supplies from vessels which they sink.

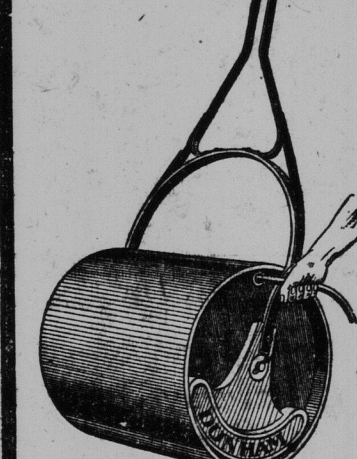

FAMOUS LONDON HOTEL.

The Old Adelphi Taken Over By the Government.

The old Adelphi, once Osborne's—It is referred to in the famous "Pickwick Papers"—is the latest of the hotels to be taken over by the British government for war purposes. It is in the Strand on the south side, its 150 years give it quite an appearance of staid age. It was in the Strand street. It was built by the Brothers Adam, as were many of the hotels still standing in the Strand. It was more offices, they still boast of Adam ceilings and mantelpieces, beautiful in their misty old age. It was in the Adelphi Hotel that Old Wangle invited everybody to dinner after Mrs. Nathaniel Winkle's encounter with her father-in-law.

It was also at the Adelphi dinner table that Mr. Pickwick announced the dissolution of the Pickwick Club—Christian Science Monitor. The United States National Security League is undertaking a crusade against all forms of Teutonism.

"Water-Weight" Roller

"Food will win the war," Mr. Hoover declared. Then grow more of it—issued by the Canada Food Board.

"Water-Weight" Roller

This Lawn Roller can be made as heavy or as light as desired by simply putting in the right amount of water or sand. The advantage of this is obvious, for you are not handling any extra weight, and for storing away it can be emptied entirely.

No.	Diam.	Wt. Empty	Wt. Filled With Water	Price
HW2	14in.	120lbs	260lbs	\$14.00
HW4	18in.	185lbs	360lbs	16.50
HW6	24in.	185lbs	560lbs	21.00

RECENT DEATHS

William Buckley.

The death of William Buckley, aged fifty years, son of the late James and Mrs. Buckley of this city, occurred on Friday, June 7, at Halifax, where he has been engaged as a lithographer for several years. He is survived by his wife, four sons—Carl, James, Edward and Maurice, and two daughters—Miss Bessie Lawrence, one brother, Frederick and one sister, Mrs. Harquail, all of this city. The interment was made in Halifax on Monday.

Mrs. Bessie Peck.

Mrs. Bessie J. Peck, whose death occurred in Calgary on the 20th of May, was a daughter of the late Oliver Pittfield of this city. Mr. Pittfield was very prominent in the city in the days of wooden ship construction, and built some of the finest vessels here. Mrs. Peck was twice married. Her first husband was George A. Day of the public works department, being at the time of his death resident engineer in Chatham. He was the oldest son of the late George W. Day, who was well known in all business circles in his time. Mrs. Peck leaves two daughters—Miss Bessie, graduate nurse of Boston, Miss Gladys of this city, and one son, George S. Day of the Aviation Corps in Toronto.

Mrs. Edward A. Linton.

Many will learn with deep regret that Mrs. Edward A. Linton passed away last night after a long illness. She was thirty-three years of age. A member of Victoria street Baptist church, she always took an active interest in its affairs. Besides her husband and one daughter, she leaves her father, George Earle, of this city.

Mrs. Margaret Robertson.

Mrs. Margaret Robertson died at an early hour this morning at the home of her daughter, Mrs. William G. Stratton, 28 Exmouth street, at the age of seventy-two years. She was the widow of William Robertson. She leaves one sister, Martha, McFie, in Ireland; one brother, Alexander McFie, of Quispamsis, and one daughter.

The death of Harry W. Wilson occurred at his home, Sunny Brae, on Thursday last. He was sixty-four years of age, and is survived by his wife and five children; also one grandchild, living at home. The children are Mrs. James

MORNING NEWS OVER THE WIVES

Of the 200 German prisoners taken in the first days of June, more than one-fourth belonged to the 1918 class, and the fourth of 1920 have made their appearance on the field.

A proposal that an American military force be sent to Russia in conjunction with the Allies, including Japan and China, to aid the Russian people in expelling the German military power, was made yesterday in a resolution by Senator Ring of Utah.

The man put ashore on the west coast of Ireland from an German submarine some time ago, and who is now in the Tower of London, was Lance-Corporal J. Dowling, an Irishman, who had been taken prisoner. He has been indicted to a court martial.

As a result of the Germans bombing the hospitals in France, the casualties numbered 891. Miss Mona Davis, Miss Georgia Lyons, John Lyons and Max Simpson, all of Carleton, Me., were drowned on Sunday afternoon, while canoeing in the Aroostook river.

The business centre of Carleton has been destroyed by a fire and a loss estimated at about half a million dollars sustained. The principal loss was sustained by Milton, Holland and Bishop, whose three storey wooden block contained their grocery store, meat market, the Odd Fellows Hall and offices, the Carleton Clothing Company, and O. T. Pierson and Company, clothiers.

The county of Westmorland, which has been a Scott Act county since the quietest days of the Canada Temperance Act, today passes under the provincial prohibition act. Rev. W. D. Wilson, chief inspector, arrived in Moncton yesterday to organize the county for the enforcement of the act.

RECENT WEDDINGS

Stockton-Coates. At the home of Mr. and Mrs. Edward Murr, Cornhill, on Wednesday, June 5, Mrs. Murr's sister, Miss Nellie M. Coates, was united in marriage to Pte. Walter Stockton.

The wedding of Miss Eva C. McLean, daughter of A. C. McLean, to Fred J. Heckbert, both of Chatham, was solemnized at the bride's residence yesterday by Rev. J. J. Pinkerton.

SPRAY FOR THE ONION MAGGOT
As onions constitute a valuable winter crop particular care should be taken this year to protect them from the onion maggot. Before they lay their eggs the adult flies may be destroyed by feeding upon the following poisoned bait spray: Sodium arsenite—one-quarter ounce; cheap molasses—one pint; boiling water—one gallon. The sodium arsenite is first dissolved in boiling water and the molasses is then added. When the mixture has cooled it may be applied from an ordinary watering can with a small rose. The idea is to deposit the poisoned solution on the growing crop in the form of coarse drops. The first application should be made when the plants are about three or four inches high and four or five further applications should be made about a week apart. Bright, calm days should be chosen for this work, if possible.

HID IN BEDROOM FOR 2 YEARS.
Brothers Arrested in England as Military Slackers.

London, May 26.—(Correspondence of the Associated Press)—In an effort to avoid military service, Arthur and William Webb, brothers, spent every day of the last two years in a bedroom at their home. This fact became known recently at Enfield, a suburb of London, when the two were arrested by the military authorities, charged with being deserters. The brothers used the bedroom as a hiding place during the day, going out for exercise only at night.

In Any Company—Any Time

Coca-Cola is the drink to serve. A pleasant surprise to those who drink it for the first time—known heartily welcome to those who know its deliciousness. Its pure, pleasing, thirst-quenching coolness renews enjoyment in a sufficient and wholesome manner.

Presbyterians Gained Ground

Increase in Membership and Contributions During Year in Canada—Duke Visits Assembly

London, Ont., June 10.—"It is the price of blood, and by blood is the world redeemed." So Principal Gendler of Knox College, who launched the forward movement, at tonight's session of the Presbyterian general assembly characterized the wealth that is being made out of manna, and urged the only use to which it could be put as the evangelization of the world. It was a matter of life or death to us that the world be made Christian, he said. We had learned from Germany that no nation could be safe until all nations were followers of Jesus Christ.

Captain the Rev. Dr. Pidgeon said work should be opened up to utilize, after the war, the experience of chaplains and Young Men's Christian Association workers. Certain of the needs of the returned men would take a return man to meet.

John A. Paterson, K. C., of Toronto, in presenting the report of the board deplored the fact that giving were only \$2.53 a head last year. The budget asked for next year is \$2,300,000. Rev. Dr. Somerville presented the report of the committee on statistics and finances. During the year the congregations had raised for all purposes, \$6,012,781, an increase of \$285,719 over the preceding year, being a rate of \$11.35 per family. For stipends \$1,850,101 had been raised, an increase of \$37,778, and for missions, education, and benevolence, \$1,512,292, an increase of \$32,545. The number of communicants of the roll on December 31, 1917, was 941,403, a gain of 4,851; of elders, 11,186, an increase of 88; and of managers 14,627, a decrease of 1,288.

Avoid Harsh Pills!

Doctors Condemn Them

Most Pills unfortunately are harsh and drastic; they cause inflammation and great discomfort. Rather like nature is the way a pill should act, mildly but effectively. Science has established nothing more effective than the family pill than the old reliable pills of Dr. Hamilton's which for forty years have had a premier place in America. Dr. Hamilton's Pills are very mild and can be effectively used by the aged, by children, and indeed by men and women of all ages. No stomach or bowel medicine is more reliable. No remedy for indigestion, headache or biliousness is so effective, so mild, so certain to quickly cure as a 25c. box of Dr. Hamilton's Pills.

TELLS DYSPEPTICS WHAT TO EAT

Avoid Indigestion, Sour Acid Stomach, Heartburn, Gas on Stomach, Etc.

Indigestion and practically all forms of stomach trouble, say medical authorities, are due nine times out of ten to an excess of hydrochloric acid in the stomach. Chronic "acid stomach" is exceedingly dangerous and sufferers should be either one of two things. Either they eat on a limited and often disagreeable diet, avoiding foods that disagree with them, that irritate the stomach; and lead to excess acid secretion or they eat as they please in reason and make it a practice to counteract the effect of the harmful acid and prevent the formation of gas, sourness or premature fermentation by the use of a little Bismarck Magnesia at their meals. There is probably no better, safer or more reliable stomach antacid than Bismarck Magnesia and it is widely used for this purpose. It has no direct action on the stomach and is not a digestant. But a teaspoonful of the powder or a couple of five grain tablets taken in a little water with the food will neutralize the excess acidity which may be present and prevent its further formation. This removes the whole cause of the trouble and the meal digests naturally and healthily without need of peppin pills or artificial digestants. Get a few ounces of Bismarck Magnesia from any reliable druggist. Ask for either powder or tablets. It never comes as a liquid, milk or citrate and in the Bismarck form is not a laxative. Try this plan and see what you want at your next meal and see if this isn't the best advice you ever had on "what to eat."

Zam-Buk PILES Zam-Buk ends the pain, and stops bleeding. Try it! All doctors, 50c. box.

did not live up to their promise of "suitable maintenance" in view of the increased cost of living. The assembly was honored by the Duke of Devonshire with a visit at the afternoon session when a loyal address was presented and replied to. After the duke had retired, the assembly agreed to the list of standing committees for the years 1919, 1920 and 1921.

The committee on travelling expenses on commissioners to the assembly was discontinued, it being merged into the office of treasurer. Quite a breeze was stirred up at this session by an attack by Rev. Dr. S. B. Nelson, of Hamilton, on the amount spent on church music, which he characterized as "a crying evil and a scandalous waste."

Be Careful What You Wash Your Hair With

Don't use prepared shampoos or anything else that contains too much alkali, for this is very injurious, as it dries the scalp and makes the hair brittle. The best thing to use is just plain mulsified coconut oil, for this is pure and entirely greaseless. It's very cheap, and costs anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months. Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

These Bad Results follow a hazy Ever-Constitution; Disordered Stomach; Headache; Biliousness, and other evil, painful, dangerous things.

This Good Old Remedy comes to the rescue.

Take two or three pills at bedtime—once. After that, one each night, two now and then, if necessary.

CARTER'S LITTLE LIVER PILLS Genuine Bears Brand Bismarck

Colorless faces often show the absence of iron in the blood. Carter's Iron Pills will help this condition.

Lady Teachers Want \$200 More

Special Meeting of Board on Monday to Deal With Petition—Question of Medical Inspector Up Also

The delegation of about sixty female teachers from the city schools, representing 170 teachers, which presented a petition for an increase in salary to the school board meeting held last night was received with courtesy by the board but was not given any definite answer to its petition. The presentation of the petition was done in a very dignified manner and was a remarkable event in the annals of the school board.

Applications for positions on the teaching staff were received from Misses Jean McPeck, Margaret C. Newton, Marjorie W. Thompson, Isabel St. John Bliss. Resignations were received from J. Wilfred Falk, who is leaving to take up the study of law, and Misses Barbara Dobson, Kathleen Fitzpatrick, Isabella G. Foster. A letter was received from Miss Marion G. Smith, who had resigned her position from ill health, asking for the additional grant of \$25.

A letter from Sheriff Wilson was read in which he requested the use of the school buildings for the purpose of registering the citizens on the appointed registration day. The request was granted, the chairman of the board and the building committee and the superintendent of schools being made a committee to see that the buildings were left in proper order, and a letter was read from Miss Lillian D. Carson, asking for leave of absence for one year to take a further course of study. Leave of absence was granted. A letter of thanks for sympathy expressed was received from the relatives of Sister Thelma. Miss Russell's letter of thanks for flowers sent to her father was read.

A letter from Sheriff Wilson was read in which he requested the use of the school buildings for the purpose of registering the citizens on the appointed registration day. The request was granted, the chairman of the board and the building committee and the superintendent of schools being made a committee to see that the buildings were left in proper order, and a letter was read from Miss Lillian D. Carson, asking for leave of absence for one year to take a further course of study. Leave of absence was granted. A letter of thanks for sympathy expressed was received from the relatives of Sister Thelma. Miss Russell's letter of thanks for flowers sent to her father was read.

New Stations For Ministers

Several Methodist Churches in This District Have Made Arrangements—Committee Meets

Sackville, N. B., June 10.—Groups of the earliest delegates to the Methodist conference are appearing in town this morning with the arrival of the principal trains from east and west. As the laymen are not due until Wednesday morning's session the arrivals today are ministers, and for the most part these are the members of the stationing committee which holds its first meeting tomorrow morning in the college hall.

That the business of this committee does not present as many items as it used to present in years gone by is, of course, well known. The tendency of churches to suit themselves and to arrange with a minister before the conference meets has proved a growing tendency. As a result a large proportion of the work of stationing is practically done before the committee meets, their work with respect to the circuits being a review of the former invitation and acceptances, which are laid on the committee's table by its secretary. The men in the conference territory who have completed the assigned term of four years on their circuits are and will automatically more are: Rev. George Ayers, Bedouque (P. E. I.); Rev. James Crisp, Sunny Brae (N. B.); Rev. Percy A. Fitzpatrick, Moncton; Rev. John B. Gough, Jacksonville; Rev. Harry Harrison, Gagetown; Rev. Hammond Johnson, St. John; Rev. William Lawson, Buctouche; Rev. L. J. Leard, Salisbury; Rev. Edmund Ramsay, Springfield; Rev. J. Edward Shanklin, Kingston; Rev. H. S.

RHEUMATISM A MYSTERY

Some diseases give immunity from another attack, but rheumatism works just the other way. With every attack of rheumatism invites another; worse than that, it reduces the body's power so that each attack is worse than the one before.

If any disease needs curing early it is rheumatism, but there is scarcely any disease that physicians find more difficult to treat successfully. When a medicine does cure rheumatism therefore it is worthy of special notice. Medical authorities agree that the blood becomes thin with alarming rapidity as rheumatism develops. Maintaining the quality of the blood is therefore a reasonable way of preventing and combating rheumatism. That it works out in fact is shown by the beneficial effects which follow the treatment of rheumatism, acute, muscular and articular, with that great blood tonic, Dr. Williams' Pink Pills.

Thousands of people who have taken Dr. Williams' Pink Pills for their rheumatism have been cured it is a fact beyond dispute. That rheumatism does not return so long as the blood is kept rich and red is equally true. If therefore, you are suffering from rheumatism in any form you should lose no time in giving Dr. Williams' Pink Pills a fair trial.

A New, Harmless Way to Banish Hairy Growths

(Beauty Topics)

By following this suggestion any woman can, in the privacy of her own home, remove every trace of hair or fuzz from her face. With powdered dextrose and water mix enough paste to cover the not wanted hairs; apply and in five or six minutes rub off and wash the skin. This method is unfeeling, harmless and quick in results, but care should be employed to get the genuine dextrose.

A SLUGGISH LIVER CAUSES LOTS OF TROUBLE

When the liver becomes sluggish it is an indication that the bowels are not working properly, and if they do not move, regularly many complications are liable to set in. Constipation, sick headache, bilious headache, jaundice, heartburn, water brash, catarrh of the stomach, etc., all come from a sluggish liver.

Milburn's Lax-Liver Pills are a specific for all diseases or disorders arising from a slow, sluggish, lazy or torpid liver, and they have been universally used throughout Canada for over 20 years with the greatest success.

Milburn's Lax-Liver Pills are 25c a trial at all dealers, or mailed direct on receipt of price by The T. Milburn Co. Limited, Toronto, Ont.

TODAY Procrastination is the thief of health. Keep yourself well by the timely use and help of BEECHAM'S PILLS

BEECHAM'S PILLS Largest Sale of Any Medicine in the World. Sold everywhere, in boxes, 25c.

Let Nature Clear Your Blood. With pure, rich blood—a healthy stomach—and an active liver—you may laugh at disease, and you may have all three by taking Dr. Wilson's HERBINE BITTERS.

This splendid blood medicine—made of old fashioned herbs—gives the system a regular "spring house-cleaning"—regulates liver and bowels—cleanses the blood of all poisonous matter—tones up the nerves—and gives strength, vigor and a feeling of good cheer to the whole system.

N. Somers, going to Bedouque (P. E. I.) So far as can be discovered at present, no other changes are contemplated in St. John and environs. The removing minister of Wesley Memorial church, Moncton, has advised the church at Tryon (P. E. I.), that he would become its pastor after the rising of conference if the conference approved, but that it is still an open question.

This Doctor Recommends Nujol to his Patients

What remedy do you use as a precaution against occasional or chronic constipation? A distinguished southern physician gives his professional answer to this urgent question in the following letter:

NUJOL LABORATORIES, STANDARD OIL CO. (New Jersey), BAYONNE, N. J. Dear Sir:— I beg to say Nujol is a wonderful product. I have quite a number of patients now using it, and all are pleased with it. You very kindly sent, at my suggestion, samples to several of my patients. So far as I know they are all now consumers of Nujol. One in particular had chronic appendicitis; now apparently relieved.

ABSOLUTELY HARMLESS

2000 Canadian physicians have asked for samples of Nujol, and are now convinced of its merit. Manufactured by STANDARD OIL CO. (NEW JERSEY) BAYONNE, NEW JERSEY. Canadian Selling Agents: CHARLES GYDE & SON, P.O. Box 875, Montreal.

Nujol for constipation

WIDE VARIETY IN THE IMPERIAL PROGRAMME

Douglas Fairbanks in Rip-Roaring Tale—War Films and Comedy—Talented Violinist

From the sun-beaten desert of Arizona to the snow-tipped mountains at Truckee (Cal.), is the contrast in the scenery offered by Douglas Fairbanks in his new picture, "Headin' South," a rip-roaring tale of Mexican raiders, which is the attraction at the Imperial. The snow scenes are particularly effective after the watcher is shown a broad sweep of the Mexican border, the hot, arid desert lands of the adjoining republic. Those who like scenery will be more than satisfied with the natural settings that make "Headin' South" an educational fiction. Considerable expense must have been attached to transporting over two hundred cowboys and Mexicans to various localities shown in the film but the results attained seem to have more than justified it. With Fairbanks in his story of two borders (Mexican and Canadian) appear prominently Catherine McDonald, a recent discovery in films, and Frank Campeau. As the mysterious rider of the desert, Fairbanks personifies thrilling romance, and rescues the girl in his usual acrobatic manner. It is a most satisfying presentation.

Aside from this athletic feature of Doug Fairbanks' the Imperial purveyed its usual splendid bill of miscellaneous pictures. Father's History of the War (No. 4) showed France, the heroic and chivalrous victim of Hun invasion. The Divers put on another of their lightning domestic comedies, Mutt and Jeff

INTESTINAL PARALYSIS

"Fruit-a-lives" Quickly Relieved This Chronic Trouble

580 Casgrah Street, Montreal. "In my opinion, no other medicine is so curative for Constipation and Indigestion as 'Fruit-a-lives'." "I was a sufferer from these complaints for five years, and my sedentary occupation, music, brought about a kind of Intestinal Paralysis, with nasty headaches, belching gas, drowsiness after eating, and pain in the back. I was induced to try 'Fruit-a-lives' and now for six months I have been entirely well." A. ROSENBERG. 50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

were as funny as ever and a special scenic feature of more than ordinary interest to St. John people was Trinidad, where so many local people escape the rigors of our winter. Madeline Vette played a budget of violin selections that were artistic and extremely tuneful. She is a talented player and with nice costumes and tasteful selections scored a distinct hit. The Japanese garden stage effect continues to create wonderment and delight. On Wednesday Alice Brady comes to the King square house again in "Her Silent Sacrifice" a film adaptation of the well-known play "The Red Mouse."

MUTT AND JEFF—YES, THOSE PATENT LIFE-SAVING VESTS ARE O.K. IF THEY DON'T TAKE UP A NAIL By "BUD" FISHER

Comic strip featuring characters discussing life-saving vests. Dialogue includes: "LISTEN BUDD, DON'T YOU KNOW WE'VE BEEN IN THE VITAL SUB-ZONE FOR WHO DAYS AND THE RULES ARE THAT YOU HAVE TO WEAR YOUR LIFE PRESERVER AT ALL TIMES, EVEN AT MEAT'S, WHIMBLES, YOUR LIFE PRESERVER?" "OH, I KNOW ALL ABOUT THE RULES. I'VE GOT ONE OF THESE PNEUMATIC LIFE-SAVING VESTS ON. GEE, MUTT, YOU LOOK FUNNY WITH THAT BUNCH OF CORK AROUND YOUR NECK!" "HOW DOES YOUR PNEUMATIC VEST WORK?" "I JUST BLOW IT UP (PUFF) LIKE THIS (PUFF) UNTIL THE PNEUMATIC TUBE IS FULL (PUFF) A CLASSY LITTLE LIFE PRESERVER, EH? (PUFF)" "NOT A BAD IDEA!" "I SHOULD SAY NOT! I SET ME BACK THIRTY FIVE DOLLARS, BUT WHAT'S THIRTY FIVE DOLLARS WHEN IT COMES TO A CASE OF LIFE AND DEATH. THESE PNEUMATIC VESTS ARE WORN BY THE BEST PEOPLE. I WOULDN'T WEAR THAT JUNK YOU'VE GOT ON!" "COME ON, LET'S WALK AROUND TO THE LIFE-BOAT!" "YEAH, IT'S A GREAT THING!" "YAAAS! A VERY FINE IDEA!" "WHAT TH-?"

THE GIANTS WON.
The Blue Rock Giants defeated the Victors last evening, 14 to 3. The game was quite interesting despite the considered score. Beattie and McLeod formed the battery for the winners.

A CHALLENGE
The Blue Rock Giants wish to challenge the Barristers to the city to a game of baseball on Queen square diamond. Please answer through this paper. J. White, manager.

WITHDRAWN AT \$16,750.
The four story brick building recently damaged by fire, on freehold lot at the corner of Union and Mill streets, offered for sale at auction by T. T. Lantala, was withdrawn at \$16,750.

FREE ON PAROLE.
Three boys who were arrested recently on a charge of stealing an automobile from Mrs. Lawlor in Richmond street were brought into the police court this morning and pleaded guilty. They asked to be tried by Magistrate Ritchie and after being warned as to their future conduct they were allowed to go on parole.

VISITING SACKVILLE
Captain and Mrs. Davis, of New York, are guests of the latter's brother, Rev. H. E. Thomson, Methodist minister, Sackville. Captain Davis was formerly in the employ of the Standard Oil Company, and was afterwards employed by the United States government in taking transports to France. He has just returned after a trip to the latter place.

POLICE COURT.
Private George Abbott and Private James Whalley, arrested recently on suspicion of stealing a pay box and telephone from George Cameron's drug store in Charlotte street, were again in the police court this morning. After some evidence had been taken the case was set aside until tomorrow morning. L. P. D. Tilley appeared on behalf of the defendants and G. H. V. Belyea for the N. B. Telephone Company.

TO BROTHER SOLDIERS
Joseph Long, who is a member of the Royal Air Force, arrived in the city yesterday on a furlough. Last evening his friends assembled at the home of Miss and there made him and his brother, Percy, who is attached to the 9th Siege Battery, recipients of watch parties. A most enjoyable evening was spent dancing and playing games and refreshments were served.

TO SUSSEX FOR SUMMER.
Mr. and Mrs. F. D. Brogan and family of West End, left this morning by automobile for Sussex, where they will spend the summer. Mr. Brogan, associated with Ernest Mullin, home from the war after three years with the Army Service Corps, has opened a bright and attractive and inviting restaurant and canteen close to Camp Sussex, and it promises to be a popular call in place for the ladies in khaki. Mr. Brogan has had years of experience in the business, and has built up a reputation for doing things that are well done.

BURIED TODAY
The funeral of David McCarthy, who died in Moncton and whose body was brought here for burial, took place this afternoon from the residence of his sister, Mrs. Ellen Grealy, Mill street, to Holy Trinity church where burial services were conducted by Very Rev. J. J. Walsh, V.G. Interment was made in the new Catholic cemetery.

The funeral of Mrs. John Kindred took place this afternoon from her late residence, Rodney street. Services were conducted by Rev. J. H. Jenner, and interment was made in Greenwood.

**FIRST LAUNCHING
HERE SINCE 1890**

The Dornfontein, Four-master,
Takes to the Water

FINE ST. JOHN-BUILT VESSEL

Presentation to Mr. Saker Marks
Appreciation of His Work at
Strait Shore Yards—New
Schooner a Fine One

Amid the cheers of hundreds of spectators and the blowing of whistles the 600 ton schooner Dornfontein slid from the ways at the shipyard of the Marine Construction Company, Strait Shore, this afternoon to gracefully plunged into the water below the reversing falls. The launching was the first to take place in St. John for many years and was unique from the fact that it is the first ever launched sideways here.

As she started sliding moving Mrs. D. H. Saker christened the new vessel. Mayor Hayes, city commissioners and many other prominent citizens were present to witness the launching and all heartily congratulated Mr. Saker on the successful undertaking.

The schooner was named after an historic suburb in Johannesburg, South Africa. She is 186 feet over all, beam forty feet and a moulded depth of fourteen feet six inches. Construction on the schooner commenced in last October. On the 27th of that month the frame was started and on Christmas eve it was completed.

The frame of the schooner is of spruce, the floors of hard wood and the ceilings, outside planking, keelson and sister keelsons of Douglas fir. She was designed by J. Murray Watts, a naval architect of Philadelphia, who is endeavoring to procure some fast sailing models from the Pacific coast for the company. The work of construction was supervised by D. H. Saker, the president and manager of the company, and the success achieved is compensation for the period of work and worry necessarily attached to such an undertaking.

The vessel is not fitted with an auxiliary engine, but if the owners at any time desire to install one they will find everything in readiness to receive it. She has a Hyde patented steering gear and has beautiful finished cabins and quarters for the crew. All are finished in blue and they are spacious and commodious for the officers and men.

The Dornfontein was towed to James S. Gray's blocks where four large masts will be stepped. She will then be taken back to the shipyard where she will be rigged, and at the same time loaded for a southern port.

A pleasing incident prior to the launching of the vessel was the presentation of an address and remembrance to Mr. Saker by A. H. Wetmore on behalf of the members of the St. John Board of Trade. Accompanying him were Harold G. Schofield, chairman of the shipbuilding and harbor committee, Secretary B. E. Armstrong and several members of the council.

The address was as follows:
D. H. Saker, Esq., President of the Marine Construction Company of Canada, Ltd., St. John, N. B.:
Sir,—As commemorative of the launching of the first wooden sailing ship at the port of St. John since the year 1890 and as a mark of appreciation of the courage and enterprise you have shown in establishing a wooden sailing plant here under difficult conditions, the St. John Board of Trade beg you to accept the accompanying small gift.

The board would congratulate you upon the success achieved in the construction of this splendid ship and hope that she may have a long and successful career and that the fullest measure of financial reward may be yours both in this and all other future undertakings here.

Presented on behalf of the board,
A. H. WETMORE, President,
R. E. ARMSTRONG, Secretary.

The gift was a beautiful silver cigar case bearing the following inscription: "Presented by the Board of Trade of St. John, N. B., to D. H. Saker on the occasion of launching ship Dornfontein, June, 1918."

LETTER OF THANKS

FROM REV. E. B. HOOPER

Chaplain Writes of His Work
Among Wounded in Acknowledging Receipt of Carleton Contribution

Miss Alice K. McGerigle, of St. George's Red Cross Circle, West St. John, has received the following letter from Major (Rev.) E. B. Hooper, a Dorchester House, Clifton Road, Buxton, Derbyshire, England, May 22, 1918:

Dear Miss McGerigle:
Some three days ago I received your very kind letter, enclosing £2, 10s. from St. George's Red Cross Circle, St. John (West). I have been overwhelmed with joy with which you have responded on the same day. I am very deeply grateful for this gift and beg you to assure you that it is most gratefully received. Let me explain just what I mean. Those who will benefit by the gift are Canadian lads, who have fought so nobly for us, our country and empire, and have suffered so grievously. I have now 1,400 of them, and in two years in this hospital 14,000 have passed through and have all been more or less benefitted by my "Wounded Soldiers' Fund," which provides smokes for all who need them, any special thing any man may need, to eat, to read, to play with, to write with, while I am even now resuming the delightful and beneficial drives through the lovely country for the helpless ones, minus both legs or one leg, or otherwise so maimed that they cannot move about. Fancy twenty-two men with but eighteen legs driving through the country singing and bright as boys; and you will see the kind of men who enjoy this particular form of pleasure provided by my wonderful God-prospered fund.

Please make all members realize just what they have contributed to in sending me this generous gift. I publish each week what I receive and from whom, that the lads may know to whom they are indebted for the good things which I, as a most willing administrator, provide.

I am in love with my lads, with my work; will you, all of you, add to your gift, the even greater one of praying that I may be spared to continue my ministry to the wounded for as long as the war may last, and that I may be enabled to be a comfort to all and bring many sons to God.

Yours very faithfully and fraternally,
(Sgd.) E. BERTRAM HOOPER,
C.F. Major
Chaplain Granville Canadian Special Hospital.

Danish Diplomat Dead.
London, June 11.—Frank Ernest Billie, Danish diplomat, died in London yesterday, aged 84.

IS CONVALESCENT

Mrs. John McCann of 66 Mill street, has received a letter from Gr. Samuel Ganson, who went overseas in 1915 with the C. M. R., and who was wounded last fall. He has been in various hospitals since then and now is in the Princess Patricia Red Cross Hospital in Sussex, England. He is now convalescent and is making rapid progress toward recovery. He acknowledges receiving in May a parcel sent for Christmas, which was delayed by the Halifax disaster. There are several other St. John men in the same hospital and the St. John newspapers he receives are eagerly read.
