

## CHATHAM HAS BIGGEST FIRE IN LONG TIME

### Four Houses, Two Barns, Several Sheds and Other Out-buildings Destroyed.

### FEARED FOR TOWN AT ONE TIME

### Origin of Serious Outbreak is Mystery—Lumber Yards in Great Danger.

Special to The Standard  
Chatham, N. B., June 23.—The most mysterious fire Chatham has experienced for some years occurred early this morning and resulted in the destruction of four houses in Aberdeen street, two large barns, several sheds and outbuildings with the greater part of their contents, besides doing considerable damage to other buildings in the vicinity. It started in a barn belonging to James Foley and by the time the alarm was given had spread to several nearby buildings which were soon a mass of flames. When the fire department and citizens arrived the fire had made great headway and fanned by a strong westerly wind threatened to wipe out the entire eastern section of the town.

### Numerous Outbreaks

Sparks and burning embers were carried a considerable distance and it required the services of a very large bucket brigade to put out the numerous fires caused by these falling on the roofs which owing to the long period of dry weather ignited very readily. On the opposite side of the street and also at some distance to the east a large quantity of lumber of various kinds belonging to the J. R. Snowball Co. was piled and had the fire succeeded in reaching this nothing could have saved the eastern portion of the town while the lumber loss would have been enormous.

### Brigade did Well

The efficiency of the Chatham Fire Department under Chief W. A. Skidd was never better demonstrated, when after an hour's strenuous effort it was able to prevent the fire from spreading. A large number of firefighters of the "Homes in the Path" of the fire, fearing that the fire could not be stopped before reaching their premises, removed all their household effects. At five o'clock it was under control and the greater part of the large quantity of lumber which had witnessed the spectacular blaze returned to their homes.

### Out at Noon

It was nearly noon before the fire was finally extinguished. The buildings destroyed included the residence of James Foley, David Smith and Mrs. Cawford, a large three-story tenement owned by the Snowball Company and known as the Brunswick House, two large barns, sheds and outbuildings, in addition to the loss of his building Mr. Foley lost a valuable horse, several small nets and rigging stored in the barn. The origin of the fire is unknown.

## REVOLT AGAINST LLOYD GEORGE A GREAT FAILURE

### Gov't Never in Danger in Discussion That Began in the Commons.

### PREMIER PREDICTS TRADE REVIVAL

### Position Occupied by Hon. Dr. Addison, Storm Centre, to be Discontinued.

London, June 23.—Proceeding in the House of Commons tonight afforded a test of the reality of the so-called coalition revolt against Premier Lloyd George. On vote on cabinet office occasion was taken to discuss Dr. Christopher Addison's position as minister without portfolio whose £5,000 salary is supposed to be one of the main grounds of protest by Memorialsists against the Premier. Dr. Addison, however, while defending the appointment of Dr. Addison, announced that it would be discontinued. The Premier said that from signs obtaining and information received he expected there shortly would be a substantial trade boom.

## Nationalize Industry

London, June 23.—A cable to the Times reports that the Australian Labor Congress has voted almost unanimously to make socialization of industry, including exchange as well as the productive and distributive processes, the objective of the Labor party of the Commonwealth.

## GOTTOWORKERS TO GO BACK TO JOBS

### Two Hundred Thousand Employees Accept Wage Settlement Plan Offered by Employers.

Manchester, England, June 23.—The wage settlement plan offered by the employers in the cotton industry has been accepted in full by branches of the spinning trade, the wage reduction involved affecting some 200,000 workers. The last asset necessary was that of the operative cotton spinners, and it was announced today they had unanimously decided to accept the settlement.

## GOMPERS FLAYS HEARST POLICY BEFORE A. F. OF L.

### "Traitor to America, to Cause of Freedom, Enemy of Labor and of Ireland."

### VETERAN LEADER IN MERCILESS SPIRIT

### Delegates Cheer Gompers Loudly as He Defends His Irish Policy.

Denver, June 23.—William Randolph Hearst was denounced on the floor of the convention of the American Federation of Labor today by President Samuel Gompers as a "traitor to the cause of America, to the cause of freedom, an enemy of labor and of Ireland." The statement together with many other denunciatory remarks regarding Hearst made by President Gompers in reply to a question from the floor as to his stand on the Irish question, was cheered and applauded by the delegates.

### Why the Attack

The veteran labor leader declared that Hearst had attacked him because he had declined to be nominated to the chairmanship of the presidency of the United States, and because he had tried to "see to it that Mexico shall go undisturbed and not be over-run by the United States forces."

Defining his stand on the Irish question, President Gompers declared that he had carried out every declaration of the Federation, extending sympathy and aid to the "Irish Republic." "The only real charge against me is, and I plead guilty to it, that I have not freed Ireland," he said.

## U. S. Population

Washington, June 23.—The racial composition of the United States in 1920, shows the country to contain 91,622,431 white persons, 10,468,013 negroes, 242,959 Indians, 111,925 Japanese, 61,886 Chinese and 9,485 others. The Japanese race exceeded by far the rate of growth in the last ten years of all other races.

## QUEBEC VILLAGE BURNED

Quebec, June 23.—Lying in the path of the forest fire which broke out this afternoon, the village of Ville Ray, Lotbiniere county, was razed to the ground, while the people had to take refuge in the village of Lotbiniere. There were no serious casualties, but the property loss, which includes the complete destruction of all the houses in the village, as well as the C. N. R. station and serious damage to about seven miles of roadbed, will be very heavy.

## ABITIBI DIVIDEND PASSED

Montreal, June 23.—In view of the strike which caused the closing down of the plant of the Abitibi Paper and Pulp Company, Limited, for a period of four weeks and in view of the desirability of conserving cash during the usual general business conditions prevailing at the present time in all industries, the directors of the company at their meeting this afternoon, decided not to pay any dividend on the common stock for the three months ending June 30th.

## AIDS THE FARMERS

London, June 23.—The British Government has agreed to compound its liabilities to farmers under the Agriculture Act, by the payment of three pounds sterling per acre in respect to the oat crop and four pounds per acre in respect to the wheat crop.

## SEIZE LIQUOR WORTH \$45,000 NEAR OTTAWA

### Entire Lot Will Come Into Possession of Quebec Government Without Cost.

### INTENDED FOR A WHOLESALE HOUSE

### Over 1,800 Cases of Good Stock in the Lot That Officers Capture.

Montreal, June 23.—As a result of a seizure operated early today, liquor to the value of \$45,000 has come into the possession of the Quebec Liquor Commission at practically no cost. The seizure was made under "the alcoholic liquor possession and transportation act," passed last session as the supplementary measure to the Quebec liquor law.

The liquor was seized after coming from Ottawa over the bridge into Hull in motor trucks. They were allowed to pass but their destination was ascertained and subsequently the liquor was seized, some of it being found on the premises recently rented for the purpose of establishing a retail depot for the city of Hull, while cases were found in yards throughout the city.

### 1,800 Cases Caught.

Altogether about 1,800 cases were seized. The liquor will be brought to Montreal, analyzed by the commission's experts and placed on sale in the usual way by the retail stores here.

## MINERS WHO ARE WORKING INTIMIDATED

### No Actual Violence Yet But Fear is Keeping Many of the Pits Idle.

### GENERAL STRIKE IS DISCOURAGED

### Clyde Shipyard Workers Have Accepted a Cut in Their Wages.

London, June 23.—In all the British coal fields where miners have returned to work they are being subject to intimidation by the strikers. So far there has not been much actual violence, but the fear of it is preventing the re-opening of many pits in Scotland and elsewhere. The miners working in the few collieries which have resumed operations. The miners' leaders will assemble in London tomorrow to prepare for the conference of representatives of unions threatened with wage reductions, which has been called for Saturday. At this conference the miners will press for a general strike, involving five million additional men, but it is generally believed their plans will prove abortive.

### General Strike Discouraged.

Some reports say that their general strike proposal met with a discouraging reception at the labor party conference at Brighton the other day, and it is generally thought that if the other unions take action it will be designed to save the face of the miners' leaders and make their surrender easier and not to extend the strike.

Much recrimination has developed within the miners' federation itself. A leading member of the important Nottinghamshire branch of the federation publicly declared last night that all the suffering which the strike had imposed could be laid at the door of an element among the Welsh miners who were out to wreck the capitalist system.

This wrecking element he said had first adopted the "canopy" policy, and now wanted to dip into the Midland miners' tin. They should produce coal, not try to exploit others, he said.

### Funds All Exhausted.

The same speaker gave an example of the financial result of the strike, saying that the Nottinghamshire miners had not only exhausted their funds in a single blast furnace is operating in a district where usually 300 are always working.

The Clyde shipyard workers have accepted a reduction in wages of six shillings nine pence per week.

### 86 AT MONCTON.

Moncton, June 23.—Official figures give temperature here today at 96 degrees, five degrees higher than yesterday. A severe electrical storm of short duration in the evening gave temporary relief.

### THREE THOUSAND CASES IN SHIPMENT

### Liquor May be Returned to Hull But Only After It Has Been Inspected.

Ottawa, June 23.—As a result of the midnight removal of thousands of bottles of booze from this city to Hull, which is across the provincial border in Quebec, three men, Joseph Barnaby and Ernest Henley of Hull, and Richard Devlin, of Ottawa, were remanded on a charge of kidnapping today. It is alleged that the men left to guard the booze was locked in an upstairs room while the liquor valued at \$160,000 was taken away in huge motor trucks.

### Sent to Montreal.

The entire liquor stock of the Ontario Export Company which was moved from the warehouse in Ottawa and placed in hands of officers of the Quebec liquor commission in Hull, was transported to Montreal in freight cars this afternoon. There are 3,000 cases in the shipment.

The liquor may come back to Hull, but not until each package has been examined by inspectors and chemists in the employ of the commission. The whiskey was in Hull not more than 24 hours when instructions were received to forward the recently purchased stock to Montreal.

## Killed When Rifle Was Discharged

### Youth Missing Since Monday Found Lying Beside Barbed Wire Fence.

Halifax, June 23.—Beside a barbed wire fence behind Joe Miller's home, about a mile and a half from his home, John Henniger, nineteen years old, a son of John Henniger of Maple Grove, Hants County, was found this morning with a bullet through his heart. His 38.55 rifle with a discharged cartridge in the chamber was lying under his head. Medical examiner O. Phillips of Maitland held an autopsy and declared that death had been accidental. It is supposed that the rifle went off as he was attempting to climb through the fence. Young Henniger had been missing since Tuesday afternoon when he took his horse to pasture.

## ROBBERERS MAKE NEW ATTEMPT TO GET CASH

### Gang Fled When They Saw Two Cars of Armed Men Appear on Scene.

### MAN HUNT STARTED BUT THIEVES ESCAPE

### Hiding Spot Discovered Where Vision of the Road Bankers Used Was Excellent.

Bolton, Ont., June 23.—A second attempt to hold up officials of the Imperial Bank of this village on their way with a money parcel to a branch of the bank at Palgrave was made today, according to the bank officials themselves. Profiting by the experience gained on Tuesday last, when five bandits made a desperate effort to waylay a motor car conveying money from Bolton to Palgrave, manager Warbrick, of the Bolton branch of the Imperial Bank, went forth today with formidable armament, and with reinforcements from Palgrave.

### Ready for Attack.

Two motor cars left Bolton with manager Warbrick and three assistants, the party being armed with rifles, shot guns and revolvers. They were preceded by a car from Palgrave with four armed men who acted in the capacity of an advance guard.

Information had been given that traps and bandits were still hanging about Cedar Mills, the scene of the exchange of shots with bandits last Tuesday, and the three cars were driven straight for that place.

### Gang Fled Away.

Two men emerged from the bush at the roadside presumably with the intention of robbing the teller of the bank in the motor car on their way to the bank at Palgrave, but when they saw the superior force in the road they beat a hasty retreat into the woods.

A man hunt began, with manager Warbrick in command, but no captures were made. In a clump of cedars was discovered the hiding place of the bandits. From this vantage point they could obtain a good view of the road without being seen themselves. There was evidence that they had intended to use the cedars quite recently.

## LIGHTNING HIT LIKE 4.9 SHELL ON OLD "DUGOUT"

### Halifax Priest Who Figured in Church Smash, Recalls War Experiences.

### BOLT TORE HOLE IN CHURCH TOWER

### Daughter of Late Lord Roberts Will Spend Summer in Canada.

Halifax, N. S., June 23.—The Cunard liner Caronia steamed into port here tonight after a six-day voyage from Liverpool via Quebec town. The steamer was delayed for a few hours each day during the latter part of the voyage by heavy fog. Two hundred and fifty-four passengers landed here and 716 remained aboard to sail for New York tomorrow morning. Among the passengers were the Countess Roberts, daughter of the late Earl Roberts, who is on her way to Grand Motia, Que., to spend a summer holiday; and Robert Armlage, a recent Oxford graduate who is bound to Labrador to serve with Dr. W. T. Grenfell.

### Just Like the War

"The sensation was exactly similar to that one experienced when a 4.9 shell made a direct hit on one's 'dugout,'" said Rev. Father O'Sullivan, describing his feelings when a bolt of lightning struck the spire of St. Thomas Aquinas' Roman Catholic church at the corner of Jubilee Road and Oxford street here this afternoon. Father O'Sullivan was attending a Bible class in the basement of the church when the lightning struck the front of the wooden tower just below the cap of copper sheathing, smashed a gaping hole in the roof and coming at the base of the tower in the direction of the auditorium made a considerable gash along the gable. The damage will be easily repaired.

### ESPERANTO IN SAME POSITION.

Halifax, N. S., June 23.—A message received this morning from acting superintendent A. Stagle, of Sebie Island, by C. H. Harvey, agent marine and fisheries, Halifax, reads:—"Esperanto in same position."

### CHICAGO POLICEMEN SHOT

Chicago, June 23.—Two policemen were shot and seriously injured early today when they attempted to question three negroes, one of whom was killed a short time later by other police officers. A second negro, said to have participated in the shooting, was captured later.

## INCOME TAX WILL BE ABOUT \$100,000,000

### First Instalment Brought Into Dominion Treasury Over \$35,000,000, But Others Will Be Less.

Ottawa, June 23.—Close to \$100,000,000 is the estimated revenue this year from income taxation, the second instalment of which is due a week from today. The response to the first instalment was general and brought in \$35,000,000. The second will not be as heavy, as a proportion, varying from ten to twenty per cent, in different cities, paid the full tax at the start.

## LAST STAGE OF FIGHT AGAINST THE SINN FEIN

### Crown Forces Endeavor to Save Irish from Criminal Republican Element.

### ULSTER HOUSE READS ROYAL SPEECH

### Urges Ulster to Form Wise Government to be Example for Rest of Island.

Belfast, June 23.—In line with his expressed desire to meet Eamonn De Valera in the council of All Ireland, provided for under the Home Rule Act, Sir James Craig, the Ulster Premier, was nominated to the council by the Ulster House of Commons prior to the adjournment of the parliament today until September 20. The Home Rule Act provides for a council comprising representatives of each section of the country, to be chosen by the parliaments of North and South Ireland.

Two other nominees of the Commons are members of the Ulster Cabinet, Sir Dawson Bates, the Home Secretary, and U. M. Andrews, the Minister of Labor. Others named are J. M. Barbour and Wm. Cooke.

## Senate Actions

The Senate, before adjournment, nominated air members, including a peer and a laborer, to the council of All-Ireland to be established under the Home Rule bill. At the initial business session of both Houses this morning, the King's speech to the legislature was read. It was distinct from the message received yesterday and emphasized the provision for the creation of All-Ireland Council with the hope that it might lead to the establishment of peace throughout the country. The speech mentioned as subjects of legislation the remodeling of the educational system, amendments of the licensing law and the improvement of agriculture and trade development.

### Last Stage of Fight

Belfast, June 23.—Sir Hamar Greenwood, Chief Secretary for Ireland, addressing a mixed gathering of Crown forces in the Newtonards training camp today, said the final phase of the struggle in Ireland was being entered upon. The Crown forces, Sir Hamar declared, had no quarrel with the Irish people, but instead wanted to rescue them from the criminal minority in Ireland which held life cheaply and was opposed to civilization. The chief secretary exhorted his hearers to stick to their duty in the "murder campaign" to the end, and to maintain discipline, regardless of provocation.

## Attack Premier Hughes

London, June 23.—The Times' correspondent at Adelaide says a sensation has been caused there by the acting premier of South Australia, Hon. A. H. Peake, advising the mining companies and their employees to agree upon a wage below the rate fixed by the courts as a living wage. Such advice is illegal and a pretty controversy has been started. The political effects of which may well be of first importance.

## V. C. Air Hero Killed In Crash

### Brought Down 60 Planes and 28 Balloons in the Fighting in France.

London, June 23.—Flight Lieutenant Proctor, one of the most famous of British air fighters, who won the Victoria Cross in the war, bringing down sixty enemy airplanes and twenty-eight balloons, was killed last evening when his plane crashed while he was practising over Salisbury Plains. When at an altitude of three thousand feet, he started a loop, but the machine went into a nose dive. Lieut. Proctor's death was instantaneous.

## LUMBER FROM CANADA HELPS STATES' TRADE

### Representative Young Pleads With Members Not to Block Its Entrance.

### NO DANGER TO AMERICAN DEALERS

### Claims Demands for Free Lumber is Strong and Wide-spread.

Washington, June 23.—The battle over the question of whether lumber shall be admitted free from Canada to the United States or a duty shall be imposed was begun on the floor of the House today. Representative Young, Republican of North Dakota, in a speech strongly objected to a duty. Mr. Young is a member of the ways and means committee which is framing the bill.

Mr. Young presented detailed figures to show that the lumber costs are practically the same in Canada and the United States. He declared the demand for free lumber in this country was strong and general.

### May Endanger Trade

Mr. Young urged Congress not to endanger "our splendid trade with Canada" by the foolish policy of a tariff on lumber. He said:

"Mr. Speaker, we shall be very short sighted, indeed, if we overlook our splendid export trade to Canada. We sell more manufactured stuff to Canada than to any other foreign country. It must be an injurious factor in securing Canadian business for the Canadians to find it necessary to pay in settlement for American goods \$100 million more than we are doing for a year or so past.

### Sees More Trouble

"It goes without saying that the reduction of our imports from Canada acts as a factor to increase the disparity in the money exchange rates between the two countries. We ought to take into account that shutting out \$50,000,000 worth of lumber from Canada will be still further aggravating the money exchange situation and making it still more difficult for our manufacturers to export their products to Canada. ### ST. JOHN VALLEY SWEEP BY GREAT ELECTRIC STORM

Ham Near Woodstock is Destroyed and Crops Washed Out in Some Places.

### COTTON HEAD IS AT FREDERICTON

A. O. Dawson, Vice-President, to Have Talk With Marysville Cotton Mill Employees

Special to The Standard  
 Fredericton, N. B., June 23—Lieut. Col. S. S. C. R., in the Maritime provinces left here today, for St. John to meet Major Flexman, of Ottawa, Director of Administration of the D. S. C. R., who is starting what is expected to be an important inspection trip in the Maritime provinces. While Colonel Watson declined to discuss the situation beyond saying that he had received no instructions that any changes were anticipated, it is said that the D. S. C. R. hospital and offices here are likely to soon be closed. Much, it was said, would depend upon Major Flexman's present visit and report upon return to Ottawa.

### Confers With Manager

A. O. Dawson, vice-president and general manager of Canadian Cottons, Limited, arrived here this afternoon from Montreal and is at the Queen Hotel, where he has been in conference with J. Dolphin, manager of the company's plant at Marysville. It is understood that during his visit Mr. Dawson will discuss with the employees of the Marysville Mill the question of collective bargaining, the Marysville branch of the International Textile Workers' Union having demanded recognition of their union by the management. Later on Mr. Dawson will go on a fishing trip.

### Steel Magnate Fishing

Robert Hobson, of Hamilton, Ont., president of Steel of Canada Ltd., is coming to New Brunswick for a fishing trip on the Miramichi. James S. Neill, of this city, will meet Mr. Hobson, who is one of the foremost men in Canadian industry and they will spend two weeks whipping the waters of the Miramichi after which Mr. Hobson will visit Fredericton for a fishing trip on the St. John River Valley this morning and shortly before noon gave every indication of reaching the height of its fury when it hit Fredericton, but suddenly the storm appeared to split and spent its fury in other directions.

### Barn is Burned

At least one building between here and Woodstock was struck by the lightning, a barn a short distance below Woodstock being struck by lightning and destroyed by the fire which followed when the storm was sweeping over that section of the valley district. Along the entire St. John Valley from Woodstock to a point a few miles northwest of Fredericton there was an exceptionally heavy rainfall and telephone wires are down in some sections as a result.

Along the Nashwaak Valley, where much of the severity of the storm expended itself, there was such a terrific downpour of rain that the crops in some places are said to have been practically washed out of the fields while the lightning was also severe, a large tree at Taymouth being struck by one of the flashes. There was, however, no further damage in that district so far as could be learned by the New Brunswick Telephone Company's operators.

### St. John Man Heads Tourist Assn. Again

### Interesting Case In Kings County Court

Existence of An Old Road and Location of Grants Figure Largely.

Special to The Standard  
 Hampton, N. B., June 23—A case which is causing considerable interest here has been before the Circuit Court here today. It is known as the "Salt Springs Road" and is likely to continue for several days yet. The case is an action for trespass and involves the existence of non-existence of an old road known as the "Salt Springs Road," which it is claimed crosses the plaintiff's land and also the boundaries of a number of sub-divisions of certain lots and the location of certain grants.

### Stolen Automobile Is Soon Recovered

Moncton Police Make Three Arrests in Case and Find Auto Beside the Road.

Special to The Standard  
 Moncton, N. B., June 23—The theft of a Chevrolet automobile, the property of Mr. Geo. Baleser, of this city, carried out in broad daylight, came to a climax at an early hour yesterday morning when Geo. Campbell, Edward Abraham and Rolland Steeves were landed in the local cells charged with the offence. The capture was effected at Cook's Brook by Chief of Police Hutchinson, Inspector John Collins and Officer Welch.

### Awaited the Thieves

Chief Hutchinson and Inspector Collins motored to the vicinity and after concealing their own car, began investigations. Circumstances led them to believe that the culprits would endeavor to return to the city. They accordingly placed themselves in strategic positions and awaited developments. Their wait was a long one, but at last, shortly after dusk, their patience was rewarded when the Stoves came along the road on foot, and headed for the city. Steeves ran straight into the arms of Inspector Collins.

A short distance behind Steeves were Campbell and Abraham, who took to their heels. They were pursued by the Chief and Officer Welch, and when the latter threatened to shoot, the former stopped and surrendered. The stolen car had been abandoned when it had run out of gasoline and oil.

Superior First Diplomas:—Erma R. Fash, B. A., Fredericton; Edith R. Hart, B. A., and Hazel A. Hart, B. A., Landis, Sask.; Gerda Holman, B. A., St. John; Nellie Landrigan, B. A., Shediac, N. B.; Marion T. Miles, B. A.,

### NO DECISION REACHED.

Halifax, N. S., June 23—No definite decision was reached at today's conference of representatives of the Provincial Government, N. S. Tramways and Power Company and the City of Halifax, which was held for the purpose of discussing the distribution of electric energy available through the operations of the Nova Scotia Power Commission. Instead a second conference was arranged at which the power commission will be invited to submit a statement showing the exact amount of power to be delivered and the cost.

### RESIGNATION ACCEPTED.

Chatham, June 23—The Miramichi Presbytery has accepted the resignation of the Rev. Dr. E. B. Wylie of St. Andrew's Church here, who has accepted a call to Los Angeles, Cal. The pulpit will be declared vacant on August 14th.

### Inspecting New Brunswick Camps

General Macdonnell and His Staff Visiting Establishments—This Province Leading.

Fredericton, N. B., June 23—Brigadier-General A. H. Macdonnell, C.M.G., general officer commanding No. 1 Military District, arrived here this afternoon from St. John in a motor trip of inspection of the militia camps in New Brunswick.

Accompanying General Macdonnell are Lieut.-Col. A. H. H. Fowal, A.A., and Q.M.G., and Lieut.-Col. Sparling, general staff officer, and they left immediately for Woodstock, after remaining here for lunch, expecting to return to Fredericton for an inspection of the camp here, remaining over Sunday in this city.

From Fredericton they will proceed to Sussex, and thence to Newcastle for an inspection of the camp for the North Shore district.

New Brunswick, according to the reports which we are receiving, is further ahead in the re-organization and training of its military units after the war than any province in Canada," said General Macdonnell this afternoon.

### Officers All Veterans

"Between 4,000 and 5,000 of the military will be in training, and in 1922 we expect to have that number doubled. The officers have all had overseas experience and there is a sufficient sprinkling of the men with overseas service to provide the units with experienced non-commissioned officers of the very best type, and the young men from 19 to 22 years of age make up the large majority of those in training, so that we have just the kind of young men undergoing training that we will have to depend upon if another call should ever come. The most gratifying reports have been received from the various camps, and personally I am much encouraged with the progress that is being made in the resumption of our military training in New Brunswick."

### Number in Training

Approximate figures of the number of military being trained in New Brunswick this year are: Cavalry, 350; Infantry, 1,250; field artillery, 255; heavy artillery, 205; machine gunners, 350; engineers, 100; signallers, 100; cadets, 900; officers training corps (U. N. B. and Mount Allison), 145; and also details of the army service corps and army medical corps.

### NEW RECTOR FOR DEVON

Fredericton, N. B., June 23—Rev. W. J. Branch, who has had many years' experience as a missionary in India, has been appointed rector of St. Mary's parish, Devon, to succeed Rev. G. W. Fisher, who has gone to Saskatchewan. The appointment was made by His Lordship Bishop Richardson, who met Rev. Mr. Branch while in London last summer. He and his wife will arrive here about July 25.

### Presentation of Masonic Jewels

Several Past Grand High Priests of Botsford Royal Arch Chapter.

Special to The Standard.  
 Moncton, June 23—Presentation of handsome solid gold Past Grand High Priest Jewels marked the regular meeting of Botsford Royal Arch Chapter last night. Masons were present from Dorchester, Shediac, Hillsboro, Albert and Salisbury. Officiating at the presentation were Deputy Grand High Priest George E. Day and Charles Robinson, Captain of the Host of St. John. After the regular business of the lodge, Deputy Grand High Priest George E. Day, Grand High Priest Jewels to D. W. Kyle, Grand High Priest, O. B. Dobson, Thomas R. Campbell, Salisbury, F. P. Forbes, George B. Willett and George Arlman. A banquet was held at the close of the Chapter in honor of the visiting Grand Officers.

### DUMP POTATOES ON FIELDS.

Houlton, June 23—Farmers in Southern Aroostook county have dumped approximately 45,000 barrels of potatoes in their fields, where they will be plowed into serve as fertilizer. Producers were caught with a large surplus as a result of a falling market, which reduced the price from \$3 a barrel early in the season to 40 cents a barrel today.

#### BORING OPERATIONS.

Boring operations to strike bed rock for the foundations of the proposed new C.N.R. station will be completed this week. Bruce Noddin of Moncton, formerly of this city, who is in charge of the work, said that they have bored twenty holes, four of which were sunk eighty feet and the remaining number varying from thirty to forty. In some instances, he said, they encountered iron and in others logs and piling. The latter were in perfect condition judging from the material brought to the surface by the machines. At the southwestern side they had to go through about thirty feet of mud before striking gravel, which was four feet above the rock. Mr. Noddin said that the bed rock was limestone and as hard as iron.

#### Weddings

**Chambers-Hubley.**  
A quiet wedding was solemnized at the Baptist parsonage, Sussex, N. B., by the Rev. D. J. MacPherson, on June 22nd, the contracting parties being William Herbert Chambers of Upper Gosham, Albert Co., N. B., and Miss Viola Marguerite Hubley, daughter of Mr. and Mrs. Benjamin Hubley of the same place. The bride was becomingly dressed in a large traveling suit and carried a bouquet of carnations. The groom, who is a prosperous farmer, is a veteran of the great war and was wounded at Vimy Ridge. The groom's present to the bride was a pendant set with amethyst and pearl. After the wedding ceremony they left on the afternoon train for Moncton and other points on their wedding tour.

#### Boushay-Joseph

An interesting marriage ceremony was performed in the parlor of the Central Baptist Church yesterday afternoon when the Rev. F. H. Bone united in marriage Abraham Joseph, a native of Syria and Margaret Boushay, of Erin St. After a short honeymoon Mr. and Mrs. Joseph will take up residence at Brussels Street.

#### Kershaw-Spragg

A quiet wedding ceremony was performed in the Central Baptist Church Parsonage 139 Princess Street, yesterday afternoon by the Rev. F. H. Bone, when Otty Chester Spragg of Springfield, Kings County, was united in marriage to Ella McDonald Kershaw, of McDonald's Point, Queens County. After spending a short honeymoon in the city they will take up residence in Springfield.

##### John Calnan.

The death of John Calnan, a well-known resident of Fairville occurred at his home, 5 Ready street, yesterday morning about 7 o'clock. Mr. Calnan had lived most of his life in this country, coming out from Ireland when a boy. For twenty-eight years he was in the employ of the Ready Breweries, Limited, retiring about six years ago. Besides his wife he is survived by three sons, Dennis of New York and John and Joseph of Fairville, and five daughters, Mrs. John Hughes and Mrs. Michael Caples of this city; Mrs. Daniel Sexton and Mrs. Margaret Maloney of Fairville and Miss Agnes at home. The funeral will be held on Friday morning.

##### Mrs. E. V. Barnett.

After a long illness Mrs. Edwin V. Barnett, 38 St. Andrews street, died yesterday morning at her home. She was formerly Miss Arter of Fredericton Junction and had made many friends here. Besides her husband she leaves to mourn one daughter, Helen at home, and her father, William Arter of Fredericton Junction. Service was held at her late residence this evening and the body will be taken to Fredericton Junction, today for interment.

##### Mrs. Mary Henneberry.

The death of Mrs. Mary Henneberry, wife of Andrew Henneberry, occurred yesterday morning from pneumonia. She was a woman of fine character and beloved by all who knew her. Besides her husband she leaves two daughters, Mrs. John McMillin of Moncton and Miss Alice at home; John T. Sheehan of this city is a nephew. The funeral will be held on Friday morning from her late residence, 29 Carleton street.

##### James West.

Hillsboro, N. B., June 23.—Word has been received here of the death of Mr. James West, which occurred at Lynn, Mass., on Tuesday morning, June 21st. Deceased was formerly of Hillsboro and the news of his death has been learned with much regret by his friends here. He was 35 years of age, and leaves to mourn his loss a wife and three small children. Mr. Edgar West, father of deceased, is residing at Moncton, and two sisters, Mrs. Everett Taylor of Moncton, and Mrs. Bruce Steeves, Hillsboro, also survive. Mr. West and Mr. Taylor are attending the funeral held at Lynn, Mass.

##### Richard Williams.

Chatham, June 23.—The death of Richard Williams of Chatham Head, occurred at his residence on Tuesday, after a lingering illness. He was in his 78th year and had spent all his life on the Miramichi. ### Embargo Lifting

London, June 23.—Lord Morris, of Newfoundland, appeared before the cattle embargo commission today and advocated the raising of the embargo as an aid to empire development and an advantage to the empire. Newfoundland, he said, imported seven-eighths of her cattle from Canada for dairy and food purposes. There is

no danger in importing Canadian stock. The chairman of the central five stock committee upheld the embargo. Messrs. Baillie and Booth, of Aberdeen, declared that importation of cattle from Canada would involve the depopulation of the Highland glens. Importation had formerly almost paralyzed the cattle trade and the country would be glad of any excuse to prevent it.

# CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

#### What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. ## Women Want To Enter The Senate

### Federated Women's Institutes Adopt Resolution Favoring Their Appointment.

Edmonton, Alta., June 23.—During Wednesday's session of the convention of Federated Women's Institutes, Mrs. Nellie McCune, of Edmonton, emphasized, among other things, the desirability of altering the form of naturalization, and making of it a ceremony which would appeal to the sentiment of the "new Canadian" and make them feel that they are entering upon a proud heritage. "Politics is a gentle spirit and requires gentle cultivation," she said.

Among the numerous resolutions passed by the convention was one urging upon the governor-in-council the desirability of appointing women to the Senate of Canada; that the Home-Steading Act be made the same for women as for men, will also be urged upon the government. Every effort to promote and continue the harmonious relationship among the English-speaking races of the world should be encouraged, was the recommendation contained in another resolution passed.

## AS A WOMAN THINKETH

By HELEN ROWLAND (Copyright, 1920, by The Wheeler Syndicate, Inc.) New Wedding-Vows for Old

Also, for those glowing promises we make at the altar! They are such big, vague, indefinite things. We might keep every one of them to the letter, and yet make ourselves a blot upon the sunshine of another person's life. For instance, you might love, honor, and cherish a man—and still he might be justified in asking: Will you promise not to clean your jewelry with my tooth-brush? Not to have your hair in my military brushes or to use them for grooming the Pookinese? Not to open your rice-powder cans with my razors? Not to call me "Dearie" and assume that dreadfully "proprietary" air in the presence of pretty girls? Not to ask me where an golfer, when I am coming back, why I want to go, and what I am going to DO—every time I glance at the front door? Not to quote your mother to me! Not to remind me, every time I forget to shave, of all the nice men you "might have married." Not to frighten off all my bachelor friends, by trying to marry them off to all your girl friends? Not to wash my pipe with soap, "clean" my desk, hang my trousers upside down when the pockets are full, or threaten to take persic acid, every time I forget to kiss you good-bye, after breakfast? Not to "pass over" me, start a clinical lecture every time I sneeze, back me into evening clothes, or make me wear my rubbers, carry an umbrella, and wash the dog? Not to forget that I lived safely and unharmed for thirty years, without a guardian? Not to ask a man might love, honor, and cherish a woman—and still she might be justified in asking: Will you promise not to treat me like a book-agent, a highwayman, or a "confidence worker," every time I ask you for some new clothes? Not to leave your shoes in the middle of the floor and then accuse me of trying to murder you, when you fall over them in the dark? Not to use my four-dollar beauty-cream to oil a squeaking door-hinge, my thirty-button gloves to polish your meerschaum with, my putty as an ash-receiver, and the potted fern as a repository for linted cigars? Not to ask "Where did you PUT it?" every time you mislay your hat, hide your own golf-clubs, or bury your dress under the clean linen? Not to tell me, every time I displease you, that I'm "JUST like my MOTHER!" Not to act as though I had wished the rain on you every time the weather spoils your Sunday game of golf? Not to drop sarcasm on my new hat every season, and then, when I take it out NEXT year, remark, "Now, THAT'S the kind of a hat I like you in! THAT'S a sane and sensible head-piece!"—just because your eyes have become accustomed to it? Not to act like an entry martyr, when the breakfast is two minutes late, or the eggs are a minute over-done? Not to say "You got that from your Mother!" every time I express an intelligent opinion concerning you? Not to think, because you gave me credit for being economical, that I don't need ANY cash? ("I'll take the cash, and let the credit go!") Not to expect me to be the keeper of your conscience, the guardian of your direction, the valet to your vanity and your passport to heaven? Not to forget, that I got along creditably for over twenty years without your "judgment"? Not to forget that I married you in order to get a fatterer, not a critic—a jellier, not a jaller—a lover, not an overseer? Oh, for a few vital, poignant, concrete "supplemental wedding-vows!" Like these!

## Hand-Made Waists Greatly In Evidence

Blouses Are Tucked and Beaded in Interesting Designs—Black and White Favored.

There is an army of models designed to please the shopper who is seeking blouses for sports wear, general wear with suits or wash skirts and others for more formal occasions. Georgette, crepe de chine, canton crepe, pussy willow and broadcloth are among the silk fabrics featured, while in the cotton numbers, voile batiste, organdie, linen and dimity are stressed. Hand-made waists are greatly in evidence both in domestic and imported models. Although the majority of waists of this sort favor tuck-in styles, several blouses are developed in slip-over style, the lower edge reaching over the hips. They are treated with fragile hand embroideries and real lace, the former appearing on the sleeves and bodice sections proper, while the lace forms cuffs and collars and dainty bands. Flirt, valencienne and Irish are the laces most favored in this regard. V-Shaped Necks. V-shaped necks, together with those affecting a round contour vie with the bateau shape, while sleeves are for the greater part elbow and three-quarter length. Slender self-belts encircle the waistline sliding through embroidered loops at the sides. The hand-mades in tuck-in style show a great fondness for hand-work in soft lacy patterns. Bead embroideries are conspicuous trimming the blouses of more formal appeal. These are developed in geometric and crepe de chine, with a strong tendency shown for white models. Although high colors are noted it is to white that most attention is paid. Black and white combinations are much to the fore, the black making its appearance in beads of various sorts and sizes. Interesting Designs. Tailored waists for wear with sweaters.

## How To Rid the Arms of Objectionable Hairs

(Aids to Beauty)

A simplified method is here given for the quick removal of hairy or fuzzy growths and rarely is more than one treatment required: Mix a stiff paste with some powdered delonate and water, apply to hairy surface and after 2 or 3 minutes rub off, wash the skin and every hair has vanished. This simple treatment cannot cause injury, but it should be exercised to get real delonate.

## RELIEF OVER SAFE RETURN OF ROYALTY

British Newspapers Express Appreciation of Action in Making Trip.

## GOVERNMENT SCORED FOR IRISH POLICY

Say Action in Sending More Troops Will Delay Hopes of Settlement.

London, June 23.—Relief over the safe return of King George and Queen Mary from Belfast was expressed by this morning's newspapers which also voiced appreciation of their courage in making the trip to the Irish city to open the Ulster Parliament.

Editorials warmly approved the king's address, especially his plea for "force and logic" and his plea for making for the land they love a new era of peace, contentment and good will.

The Daily News, however, strongly criticized the Government which framed the speech for "simultaneously making a mockery and reproach to the Irish people" by his decision to send more troops to the South of Ireland.

The Daily Telegraph contending that in south and west Ireland the Irish already have secured more than their constitutional leaders are asked, declared concessions would not long be withheld from a southern parliament which gave its hand in true friendship.

## THE LUCIOUS BERRY.

Strawberry Charlotte. Look over your basket of berries separating the most perfect from the rest. You will need three cups of these perfect berries for each person served. Crush the others and sweeten them to taste. Now arrange a layer of lady-fingers in a dessert dish and pour the crushed strawberries over them. Over this pour a boiled custard, and on top of this pile freshly whipped cream that has been sweetened to taste with powdered sugar. Place the perfect berries on top of the whipped cream.

Sweet Strawberry Short-cake. Three eggs, one cup of sugar, two of flour, one tablespoonful of butter, a teaspoon heaped of baking powder. Beat butter and sugar together and add the eggs well beaten. Stir in flour and baking powder well sifted together. Bake in deep tin plates. This cream should be covered with a meringue made with the whites of an egg and a teaspoonful of powdered sugar.

Strawberry Cream. Rub a pint of hulled strawberries through a sieve and add a half-pint of powdered sugar. Soak half a pack of gelatine in a very little cold water and add to the strawberry mixture with the juice of half a lemon. When cool, but not set, add a cup of cream that has been whipped. Turn the whole into a dessert bowl and chill.

Strawberry Pudding. Beat together one half cup of sugar and the juice of half a lemon, with the yolk of two eggs. Stir a half a cup of flour with a level teaspoon of baking powder. Mix thoroughly and add the stiffly beaten whites of the two eggs. Bake a little over half an hour in a buttered pudding mould and serve with crushed strawberries, sweetened and covered with whipped cream.

Ice Cream. A change from ordinary strawberry ice-cream, is vanilla ice-cream to which whole strawberries (which should be very sweet and should then be rolled in sugar) are added when the cream is half frozen. It should then be frozen stiff, with the dasher in this process crushes the berries partly—and then packed. The berries used for this sort of ice-cream should be very ripe.

The Morning Post, which professed to see the beginning of a new epoch in the relations between Great Britain and Ireland in yesterday's ceremony, said the King's hopes for a future united and peaceful Ireland could never be fulfilled until that country is delivered from the murderous conspirators who hold it in thrall.

## Bill Sharon Kicked His Stable Door

Archie Alcorn of Blackville Receives Word That Trotter Out of Circuit This Year.

Blackville, N. B., June 23.—Archie Alcorn, of Blackville, N. B., who sold Bill Sharon, \$114, to Thomas K. Murphy, of Foughepsan, N. Y., for \$28,000 Canadian funds, is said to have received a letter a few days ago from the Grand Circuit wizard, in which Mr. Murphy said that the big chestnut Fredericton-bred trotter had kicked his stall door while being driven into the stable after a workout, and he stated, it was unlikely that he would be able to race him at all this year.

New York 6; Boston 1  
Boston, June 23.—Babe Ruth made his 25th home run of the season in the fifth inning today with Peckinpah on first base. The ball landed two-thirds of the way up the right field bleachers and is believed to have been the longest drive he ever made. To those stands, Collins held the Red Sox to five hits and New York won the final game of series 6 to 1.

## St. John Cricket Club Victorious

Defeated R.M.S.P. Chaudiere Team on Barrack Green by Score of 83 to 70.

The St. John Cricket Club played a return match with R. M. S. P. Chaudiere team on Barrack Green yesterday afternoon and won by a score of 83 to 70.  
St. John won in for their second inning and scored 78, but at this stage the game was called and the score went to even innings.  
In the first innings for St. John C. L. Mofford batted for 26, not out, while Harry Young batted eleven. For the Chaudiere team DuBois batted 23 and Scott 13.

In St. John's second innings C. L. Mofford was 13 not out, and Ingleton 10. King 12, not out, and Ingleton 10. The game proved one of the most interesting of the season and was fully enjoyed by all. Refreshments were served by the locals.

Another match will be played by the two teams tomorrow afternoon.

**British Open Golf Championship**  
Chicago Golfer Led Field at End of First Day's Medal Play at St. Andrews.

St. Andrews, June 23.—Jack Hutchison, the Chicago golfer, at the end of the first day's medal play in the British open golf championship here today led the field with a total of 147. He made the first round of 18 holes in 72 and the second round in 75.

Jim Barnes of the Patham Club, New York, was close on Hutchison's heels. He turned in a card of 74 for the first round and another 74 for the second round, with a total of 148. So, also, was Edward Ray, the Oxford professional who holds the United States championship, for he tied with a 148. Ray was slightly out of luck in the first round requiring 76 for the 18 holes. But in the second round he played superbly, making a 72—the same figure that won for Hutchison the admiration of the gallery in the morning.

**Jack Dempsey 2 To 1 Favorite In England**  
Jack Dempsey, world's heavyweight champion, has been made a two to one favorite in England over Georges Carpentier, the Frenchman, in their scheduled 12-round bout at Jersey City, July 2. The above information was contained in the following cablegram received Saturday by W. H. (Bat) Masterson from Georges McDonald, the London promoter and fight manager: "A lot of sports on Olympia. Two to one on Dempsey here."  
From time to time reports have been coming over that in England, as in France, Carpentier had been as highly thought of as Dempsey and that they were backing their judgment on the outcome by placing even money that the European champion would win. The McDonald cable throws a different aspect on the situation.

## JACK DEMPSEY HAS BIRTHDAY; CARPENTIER TRIMS PARTNERS

Champion Will be Twenty-Six Years Old Today—Thousands at Fifty Cents Each Watch Him Punch Bag—Georges Gives Last Public Exhibition.

Atlantic City, June 23.—After plans had been made today to have Jack Dempsey lay off, and announcement was made that the public would not be admitted to the camp, the heavyweight champion was compelled to get into his gymnasium clothes this afternoon to satisfy a crowd of about one thousand persons who were anxious to pay fifty cents to see Dempsey while the punching bag for thirty minutes.

"Looks like you'll have to work a bit after all," said Jack Kearns, manager of the champion, when he saw the crowd camped about the entrance to the big flying fields. Dempsey was routed off his front porch to display his bag punching ability in the enclosed hanger back of the camp.

Dempsey exhibited his famous shift and other blows on the inflated bag for four three minute rounds, and then hopped into the ring for a two round session with the sixty pound felt-stuffed bag suspended from rafters in the centre of the ring. He pounded the swinging target for six minutes with astonishing power, sending it flying back six or seven feet with wicked straight lefts and rights. Before Dempsey began the workout Landry, cgt Hayes, bid Jones 0 196 pounds, but he must have sweated off about two pounds this afternoon as big drops of perspiration splashed off his forehead and shoulders every time he drove his gloves up and down the heavy bag. He wound up by taking some bending exercises and other calisthenics. The workout was vigorous and satisfactory to the big crowd.

Manager Kearns announced tonight that Kid Norfolk, the negro light heavyweight and other sparring partners expected in camp to assist Dempsey into a fighting edge would not be needed. Dempsey has progressed so rapidly in training, Kearns said, that he will begin to taper off next week instead of continuing hard work with the gloves. Tomorrow Dempsey will celebrate his twenty-sixth birthday with a complete rest. He will box Saturday and Sunday, and then only exhibit with the gloves on Tuesday and Wednesday. Just enough exercise to loosen up his muscles will be taken on Thursday.

## Nashwaak Indians Defeated Sims' Team

One-Sided Game of Baseball Ended in Score of Twenty to Four.

The Nashwaak Indians defeated the Simms' aggregate 20 to 4 last evening in the Industrial League fixture on Nashwaak Park diamond. As the Nashwaak Indians had very one-sided, Corvec, of the Indians, holding his opponents to six hits, while the Nashwaak boys slugged Allen for seven hits. The Simms' team was handicapped, however, by the fact that several of their regular men were not on deck for the game. Simms got their four runs in the third inning, while the Indians spread theirs through the whole game. The box score and summary follows:

**BETS ALL ON DEMPSEY**  
Salemton, Sask., June 23.—George Riley, of Biggar, Sask., a dead game fistic man, today wagered his 160 acre farm in the famous Rosetown wheat growing belt, against \$1,000 that Jack Dempsey would win the fight at Jersey City. He also offered to bet his valuable farming property against \$500 that the battle would not go 12 rounds. And, on top of that, he stakes a fine driving horse, road cart and harness against \$200 that Dempsey retains the title.

**CHALLENGE**  
The Young Marathons wish to challenge the Fort Howe Roses to a game of baseball to be played on the Fort Howe diamond Monday evening at 7:30 o'clock.

## Y. M. C. I. Defeated The Y. M. H. A. Team

Snappy Eight-Inning Game Played on East End Grounds—Score Two to One.

In what was described by many of the large crowd of spectators as "the best game of the season" the Y. M. C. I. gloriously retrieved themselves by defeating the Y. M. H. A. by a score of 2 to 1 in a snappy eight-inning game played on the East End diamond last evening.

The game was a pitcher's battle, Stirling for the Y. M. C. I. and Wright for the Y. M. H. A., proving themselves mounds artists of considerable ability. The Hebrews gave their man good support playing errorless ball. The Y. M. C. I. had four errors chalked up against them, but their superior wielding of the hickory enabled them to clinch the winning run.

Both Stirling and Wright are included in the Commercial's probable string of pitchers, and Stirling with 14 strike-outs, and Wright with 6, showed they were right there with the smoke article. The brand of ball throughout the entire game was quite up to that of the Senior teams.

## Hopped Trotters Are Now In Sight

Garrison's Success With Admiral Harris a Starter—How it Worked Out.

Walter Garrison's success in putting hoppers on Admiral Harris to win the Horse Dealers' Sweepstakes may lead other trainers to try out the straps this season on some of their best trotting trotters, according to reports from Philadelphia. The Admiral was an utter failure with his legs free last year. He trotted six losing races in succession, with just one winning, beat to his credit in 2:27. With his legs tied together at Belmont Driving Park he won his race in 2:12 1/2 the next time he started.

Though hoppers are used almost exclusively on pacers, Admiral Harris is not the only trotter that has worn them. Only last season the California horse, Surety, 2:09 1/4, made his record so rugged, and Cavalier Gale, another Pacific coast trotter, became a consistent winner, earning a record of 2:08 1/4, when the hoppers were put on him in 1918 to keep him from breaking. In the previous year's racing he had not won a heat. Hingen, 2:06 1/4, the grand sire of Admiral Harris, was trained in hoppers when two years old, and his last son, Bergen, 2:05 1/4, the sire of Admiral Harris, always needed them or something else to keep him on his stride.

**JUNIOR BASEBALL**  
In an interesting game of baseball played on the Union street diamond last evening the Young Terriers defeated the Raiders by a score of 7 to 3.  
The batteries for the winners were Coughlan, Flynn and Johnson, for the losers Lewis Brothers and O'Dell. The Young Terriers wish to challenge the Union Alley Lionhearts to a game to be played on the Union street diamond Friday at 7 p. m.  
The North End Shamrocks defeated the North End Nationals in a game of baseball played last evening by a score of 10 to 9. The batteries for the game were a home run by Brookins, a running catch by Johnson and two double plays the last saving the game. Batteries for the winners, Cohan, Brookins and Doyle; for the losers, Armstrong and Carroll.

The Young Marathons defeated the Fort Howe Thistles on the Fort Howe diamond last evening by a score of 10 to 9. The batteries for the winners were Peckham and Morris; for the losers, Turner and Steele.

The Young Marathons wish to challenge the Fort Howe Roses to a series of five games. Batteries for winners, Peckham and Morris; for the losers, Turner and Steele.

Continued Liquidation Results in Many New Lows for Good Securities.

## MONEY MARKET IS STILL FEATURELESS

Aggregate Values of Sales for the Day Were \$12,375,000 in Mixed Trading.

New York, June 23.—The stock exchange today proved indifferent to an announcement of a reduced discount rate by the Bank of England. Reactionary forces again dominated and many new low records were established. Foremost among these were United States Steel, Crucible Steel, Republic Iron, several junior metals and their subsidiaries, American International, Virginia Carolina Chemical common and preferred, Industrial Alcohol and Sears-Roebuck.

Domestic developments, including additional dividend commissions and curtailment of production in basic industries, encouraged the shorts to increase their commitments throughout the list. Extreme recessions in steel equipments, motors, oils and affiliated specialties ran from 1 to 3 points. In the more obscure stocks and among rails losses of 1 to 3 points were partly retrieved on the short covering of the final hour. United States Steel made up all but a fraction of its decline, but Mexican Petroleum, the strongest of the leaders, forfeited the greater part of its 3 point gain. Sales amounted to \$25,000 shares. The money market was featureless, all call loans being made at five per cent. with no change in time rates. International remittances evinced further reactionary tendencies. Dutch, Italian, Danish and Greek bills were mostly unsettled at losses of 15 to 25 points. In the bond market most changes were lower. The Liberty group was irregular but speculative rails and industrials showed nominal declines. Mixed gains and losses were made by International issues. Total sales, par value, aggregated \$12,375,000.

Sugar was quoted at a reduction of fifty cents per cwt. in this week's market, yellow at \$8.95 and standard at \$8.45. Molasses at from 60 to 62 cts. per gallon is six cents cheaper. All other lines of wholesale groceries are firm. Eggs rallied in the city market. Fresh eggs were quoted at an advance of from five to ten cents per dozen, and case eggs at an advance of seven cents. Forty cents is the price asked for the strictly fresh eggs and thirty-five for cases. Potatoes are bringing \$1.75 per barrel. There was no change in the price of butter quotations. Potatoes are bringing \$1.75 per barrel. The advancing of the season is having its effect in cheapening the green groceries. New carrots made their appearance at 15 cents per bunch; large cultivated strawberries were sold for 25 cents a box. In wholesale fruits lemons at from \$10 to \$11 per crate are a dollar cheaper than last week. The advance crop of plums are selling at from \$3.00 to \$4.50 per crate, the new peaches at \$3.50. There was no change in hay and feed, oils, hides, or fish.

## Wheat Market

Winnipeg, Man., June 23.—With the trade all nervously following weather conditions and crop reports, the local wheat market was quiet but firm to day. A wave of buying in the first hour sent July wheat up to 1.05 1/2. A decline was then recorded followed by a recovery which sent prices above opening figures. October reached a high of 1.35 on the advance. The close was 2 1/2 to 1 1/2 higher. Cash wheat is still scarce, and although the demand is not broad, the difficulty of filling it is keeping premiums up. There is little or no change in the coarse grains, with business valued very small and all offerings light. Close: Wheat, July 1.74 3/4; October 1.33 3/4. July, 46 1/4; October 44 1/4. Cash prices: Wheat, No. 1 northern, 1.90 1/4; No. 2 northern, 1.87 3/4; No. 3 northern, 1.84 3/4; No. 4, 1.70 3/4. Oats, No. 2 c.w., 44 1/2; 3 c.w., 44 1/2; extra 1 feed, 44; No. 1 feed, 44 1/2.

## STOCKS CRASH AT MONTREAL

Papers Most Active But Suffer the Largest Losses in Continued Liquidation.

Montreal, June 23.—Price declines today on the local stock market were among the sharpest and the most practical, the whole list moving to lower levels with many of the losses substantial. The paper issues which furnished the largest turnovers were the heaviest losers, Spanish River common sold down 5 1/4 points net to a new low of 66 3/4 and the preferred dropped 4 1/2 points to 66 also a new low. Laurentide was down 2 1/2 points to 77, but Abitibi under good support only lost a fraction. Brompton was fractionally lower at 25 1/2. Howard Smith common and Waynagmack were unchanged, but Howard Smith preferred lost a full point at 70. Riorion furnished the only gain in the group moving up 1 1/2 points at one time to 11 and closing at 10 1/4.

## Drastic Collapses

Every group had its representative among stocks to show drastic declines, Penman's losing five points at 96; Ontario Steel 4 points at a new low at 40; Detroit Railway three points at a new low of 67; and Winnipeg Railway five points at 35; Merchants Bank 7 1/2; Abasco 3 at 50. In the steels, Dominion lost only a small fraction at 23 3/4; B. E. Steel continued pegged at 9, but the preferred lost five points to 20. Steel of Canada was down 2 3/4 to 45. The utilities were relatively strong with fractional losses mostly, though Toronto Railway lost a point at 72. Elsewhere in the list the only gains were scored by Steamship preferred at a fraction at 45 1/4 and Bell Telephone up a fraction at 102. Bonds were less active and were irregular in price. Total sales, listed, 7,994; bonds \$215, 150.

## Buys British Goods

London, June 23.—Premier Hughes, of Australia, in a speech here last evening said that in 1920 the Dominions purchased £180,000,000 worth of British goods. On a per capita basis an Australian as a customer was worth to Britain £218. American purchases from Britain in 1920 amounted to only fourteen shillings per capita.

The paper issues which furnished the largest turnovers were the heaviest losers, Spanish River common sold down 5 1/4 points net to a new low of 66 3/4 and the preferred dropped 4 1/2 points to 66 also a new low. ## IRISH QUESTION BRITAIN'S ALONE MEIGHEN WRITES

Tells Self-Determination League He Cannot Bring Issue Before Conference.

## CITES ILLUSTRATION FROM 1882 CASE

Non-intervention in Imperial Questions is Principle of Safe Government.

The following letter has passed before the Prime Minister and the National Executive of the Self-Determination League:

Ottawa, June 4, 1921. Dear Sir:—I have considered your letter of June 2nd requesting in behalf of the Self-Determination for Ireland League that during the coming conference in London, I should make representations to the Government of the United Kingdom concerning the existing situation in Ireland. It has always been the position of Canadian governments that any interference from other parts of the Empire in what are regarded as Canadian domestic affairs is both inadvisable and unconstitutional; and there is no doubt that the Canadian people regard this as a cardinal principle. Among what they regard as Canadian domestic affairs there is equally no doubt that they include the relations between the constituent parts of the Dominion. Any step from outside, whether by way of tendering advice or otherwise, which could be in any way regarded as an expression of opinion on an intervention concerning our own case are the domestic affairs of that country. If the Canadian Government should countenance your suggestions they would, therefore, be interfering in a matter which the Government of the United Kingdom are exclusively responsible and which are taking action of a sort which all Canadians if a similar step were taken toward them in a corresponding case, would resent and rightly resent.

## An Illustration

As an illustration of the principle that may be recalled that in 1882 the Canadian Government transmitted to the Government of the United Kingdom a resolution of the House of Commons concerning the Irish question. The reply made by the Government of the United Kingdom to the Constitution of this country has received the advice of the Parliament of Canada on all matters relating to the Dominion, and the administration of the affairs of the Dominion with respect to the question referred to in the address, Her Majesty, will in accordance with the Constitution of this country have regard to the advice of the Imperial Parliament and Ministers, to whom all matters relating to the affairs of the United Kingdom exclusively appertain.

## Raw Sugars

New York, June 23.—There was no change in the raw sugar market this morning with centrifugal quoted at four cents. There were sales of 57,400 bags of Porto Rican and Philippine Raw sugar futures were quiet pending developments in the spot market. Prices at midday were unchanged to three points net lower. In refined the demand is said to be a little better, although buyers are still inclined to be cautious and operations are limited to nearby requirements only. Prices were unchanged at \$5.50 for fine granulated. Refined futures were nominal.

## Western Crop Good

Winnipeg, June 23.—Another week of perfect growing weather has prevailed over practically all of the three western provinces, states the weekly crop report of the grain trade news issued today. The splendid crop conditions which have prevailed since the middle of May have continued and the warm humid atmosphere with abundance of rain at most points had induced rapid and rank growth. Frolichsation, the report states, has been particularly heavy at many points in both Manitoba and Saskatchewan, but Alberta, although some fairly good local showers have fallen, has not shared so well. CITES ILLUSTRATION FROM 1882 CASE

Non-Intervention in Imperial Questions is Principle of Safe Government.

The following letter has passed between the Prime Minister and the National Executive of the Self-Determination League—

Ottawa, June 4, 1921. Dear Sir:—I have considered your letter of June 2nd requesting in behalf of the Self-Determination for Ireland League that during the coming conference in London I should make representations to the Government of the United Kingdom concerning the existing situation in Ireland.

It has always been the position of Canadian Governments that any interference with other parts of the Empire in what are regarded as Canadian domestic affairs is both improper and unconstitutional, and there is no doubt that the Canadian people regard this as a cardinal principle. Among what they regard as Canadian domestic affairs there is equally no doubt that they include the relations between the constituent parts of the Dominion. Any step from outside, whether by way of tendering advice or otherwise, which could be in any way regarded as an expression of opinion or an intervention concerning such relations would, therefore, be strongly resented by Canadians.

Must Not Interfere. This being so it is incumbent upon Canadian Governments to refrain from any intervention in the domestic affairs of other parts of the Empire. The representations you ask me to make are concerned with the relations between the constituent parts of the United Kingdom, and these are the relations which I am bound to regard as the domestic affairs of that country. If the Canadian Government should connive at suggestions that they would, therefore, be interfering in a matter which the Government of the United Kingdom are exclusively responsible and would be taking action of a sort which all Canadians if a single step were taken toward them in a corresponding case, would resent and rightly resent.

AN ILLUSTRATION

As an illustration of the principle it may be recalled that in 1882 the Canadian Government transmitted to the Government of the United Kingdom a resolution of the House of Commons concerning the Irish question. The reply made by the Government of the United Kingdom to this communication was as follows: "The Majesty will always gladly receive the advice of the Parliament of Canada on all matters relating to the Dominion, and the administration of its affairs; but with respect to the Irish question referred to in the address, Her Majesty will in accordance with the Constitution of this country have regard to the advice of the Imperial Parliament and Ministers, to whom all matters relating to the affairs of the United Kingdom exclusively appertain."

COSSIP AROUND THE MARKETS

Following the decline on the Montreal Stock market yesterday of the Spanish issues by 1-4 and 1-2 points to new low levels for the common and preferred, George H. Mead, president of the company, was asked for a statement on the affairs of the enterprise. He said: "Notwithstanding the present strike, the financial position of the Spanish River Pulp and Paper Mills, Limited, justifies the continuance of the payment of the present dividends on the preferred and common shares of the company and at the directors' meeting to be held in Toronto next week I shall recommend the payment of the usual dividends."

TALKING CLOCK

Little clocks and big clocks, slow clocks and fast clocks, grandfathers and otherwise, take a back seat before the twentieth century timepiece invention, just hot from the operating room. This clock "speaks for itself." Neither dial nor hands appear; the works are contained in a neat oblong box measuring 16 inches in height by 10 in width and 9 inches deep. A handle appears at the side for winding purposes. A voice record is carried on a band of film, this band being very similar to the standard motion-picture film. A phonograph reproducer is used to translate the latent sound record into actual sounds. Precisely on the stroke of each quarter of an hour, the voice announces the correct time in deep, bell-like tones. A hidden button, on being pressed, will cause the hidden voice to repeat the time; while another button quenches its ardor very effectively.

RIOT IN WARSAW

Warsaw, June 23.—Three Poles were killed and 21 wounded during anti-German demonstrations at Bromberg, a town near Posen, yesterday. Seven policemen were injured during the disorder. The troubles arose out of feeling on the part of the Poles that their countrymen who have remained at work in German factories were being ill-treated by Germans. Mayor Maciszak, who was accused of pro-Germanism, was dragged from his office and roughly handled by Polish laborers until he was rescued by the police.

Shipping Men Put Up Vigorous Kick Object Strongly to Closing Wireless Stations—Light-house Board Meets Today.

Montreal, June 23.—As a result of strong protests by local shipping interests against the closing of seven wireless stations at the entrance to the Gulf of St. Lawrence, ordered by the Department of Naval Service on the ground that they were no longer necessary owing to the increased efficiency of modern wireless apparatus, the Hon. C. C. Balfour has referred the matter to the Light-house Board of Canada for its consideration, and a session of the board will be held on Friday morning at 10 o'clock in the council chamber of the Board of Trade to hear the representations of those concerned.

Stations Closed. The stations dispensed with are those at Port Amour, Point Kene, Heath Point, Cape Ray, Pictou, Partridge Island and Three Rivers, which have been closed permanently with the exception of the one at Point Amour, which is being retained until the close of the season. It is stated that the order to close the stations was given without any notification being issued to the interests concerned, and the fact was only discovered through reports received from inward bound vessels that the stations were not in operation.

Pernicious. They say Blank is very clever. Close? Why he wouldn't even spend a vacation.

THE WEATHER

Toronto, June 23.—Local thunderstorms are reported from the lower St. Lawrence Valley and the Maritime Provinces, but weather has been generally fair and from warm to very warm throughout the Dominion.

AROUND THE CITY

STREET CARS OUT AVENUE. Beginning this morning the street cars will run out this end of Douglas avenue as far as St. Matthew's Church, the paving of the track section having been completed that far.

APPLIED FOR BOARD. Local 372, Seawomen, following advice that their employers propose to cut their wages \$1 a day, have applied to Ottawa for a board of conciliation.

PLACING THE CURB. The city began yesterday the work of placing the curb on Duke street between Germain and Charlotte streets.

SOME SALMON. A salmon weighing thirty-two pounds is one of the attractions in the window of a Mill street fish market.

RETURNING FROM PETAWAWA. The 6th Siege Battery of St. John passed through Montreal last night on its way back to the city, after a period of training at Petawawa.

A STILL ALARM. A still alarm was sent in about four o'clock yesterday morning for a slight fire in an ash barrel in the Customs House. The chemical responded and no damage was caused.

ST. JOHN BOY WON HONORS. Otley Blair Evans, B.A., son of Percy B. Evans, was among the eight students who obtained honors at McGill College in the aggregate of their studies in the third year medicine.

ST. JOHN GIRLS WIN. At the Nova Scotia Normal School closing in Truro today superior diplomas were awarded to Gerda Holman and Marion T. Miles, St. John. A second rank diploma was awarded Ruby M. Brown of St. John.

CIVIC EMPLOYEES' LOCAL. The regular monthly meeting of the Civic Employees Local 16076 was held last evening in the Trades and Labor hall. There was a large attendance of members. Considerable routine business was transacted and six new members were initiated.

READY TO START. Material is now available for a start on the installation of hydrants in Beaconfield, Commissioner Jones advised yesterday morning, and he said that the parish authorities could get their men at work excavating for four or five hydrants. As soon as those installations are made, other equipment will be on hand.

FOUND THE HIDE. Inspectors Journey and Henderson visited a place on Main street yesterday afternoon and in a cleverly concealed hide found four bottles of the "O. B. Joyful." The hide was built in a window casing. The looseness at the top attracted the attention of the inspectors after a little manipulation it was pulled out, revealing the bottles.

DOUGLAS AVENUE CROSSING. Now that the steel is being put on the new C. P. R. bridge, the matter of the request of the city in regard to the removal of the grade crossing at the end of Douglas avenue will be reopened with the board of railway commissioners, so Mayor Schofield said yesterday morning. It is hoped to get the matter settled in time to connect with the end of the new pavement in Douglas avenue before it is completed.

PROVINCE ISSUING BONDS. The Province of New Brunswick has asked for tenders for an issue of bonds totalling \$1,500,000. Bids will be received at Fredericton up to Friday, June 24, for alternatives of fifteen years in Canada or ten years, both bearing six per cent. The bonds were authorized at the last session of Legislature and are for works including permanent roads and the Valley Railway.

ARRESTED IN NEW YORK. The chief of police received a wire from the New York police department yesterday stating that James, or Harry Dunham, a former inmate of the Boys' Industrial Home here, had been arrested in New York on the charge of larceny, alleged to have been committed in Montreal. Dunham, who is about seventeen years of age, will be taken to Montreal to face the charge.

Will Not Renew The German Street Main

Routine Business Dealt With at City Council Meeting Yesterday.

The City Council yesterday decided not to renew the water main in German street at the present time and several other matters were referred back for further consideration by the committee of the whole.

An application from the Marine Fisheries for a renewal of the lease of the land on which the fish hatchery is located was referred to Commissioner Jones to bring in a report along with his report on their application for additional ground.

Commissioner Bullock was given authority to pool the accounts of the ferry department to meet the payment of an extra \$23.57 assessed by the Compensation Board.

Commissioner Jones brought up the matter of renewal of the water main in German street and after some discussion it was decided not to proceed with this work at present.

Commissioner Thornton called attention to a house which was being erected on Rockland road and asked what about the water and sewerage, which he understood was to be carried on the surface of the rock.

On motion of Commissioner Thornton, Chief Blake was given a week's holiday to attend the meeting of the fire chiefs in Parraboro.

Commissioner Jones was given authority to go ahead with the building of a concrete stairway leading from Murray street to Main street, at a cost of \$504. This was laid over for further information.

Commissioner Jones was given authority to make some repairs to a pump at Millidgeville. Commissioner Frink suggested the city lay about 400 feet of pipe each year until the services had been extended to Millidgeville.

An application from the New Brunswick Power Co. to install an electric switch at the head of King street, was referred to the road engineer for a report.

Graduates From Montreal General

Several N. B. and N. S. Young Ladies Among Successful Ones Awarded Diplomas.

A recent issue of the Montreal Star contains an article on the graduation of nurses from the training school of the Montreal General Hospital, at which the graduates were awarded diplomas, marking the completion of their courses. It was shown during the course of proceedings that in the last thirty-one years this school has sent out seven hundred and nine graduate nurses, including the present class, and representing a very valuable service to the community.

Lancaster Military Hospital Inspected

Board of Officers Present—Rumored That One of Two Hospitals Will be Closed.

The Lancaster Military Hospital was inspected yesterday afternoon by a board of officers, consisting of Major Fitzman, of Ottawa, director of administration of the D. S. C. M.; Dr. McQuade, of Ottawa, medical inspector; W. H. George, of Ottawa, chief engineer; Colonel John S. Westmore, of Halifax, unit director for the Maritime Provinces; Col. MacKay, of Fredericton, K. Unit, medical director for New Brunswick; Col. Hobson, of Halifax, chief engineer for the Maritime Provinces, and Major G. B. Peat.

The board will proceed to Fredericton this morning to inspect the D. S. C. R. Hospital there. At present there are thirty-eight cases being treated in the Lancaster Hospital, where all the severe surgical cases in the province are sent. At Fredericton there are twenty-seven cases. The cases treated at Fredericton are nervous cases. Hydro-Therapy, Electro-Therapy and massage treatment is given there.

While it has been rumored that one of the two hospitals will be closed, nothing is definitely known as to which of the two it will be. The present inspection will doubtless form the basis on which the decision regarding the two will be founded.

MONEY TIGHT BUT COURAGE AT PREMIUM

A traveller returning from Carleton county reports the rains of the last week have done a tremendous amount of good to the crops. Hay fields have brightened up, grain has taken on new life, and all crops give evidence of producing a good yield.

"Money is tight," he says, "but courage is at a premium in Carleton." Notwithstanding the losses of the past year, the potato-growers have planted more than an average acreage. They are using more fertilizer, believing that liberal assistance of that kind will make the soil yield a larger crop.

Second Conviction Longshoremens To Resume Work Today

Hyman Taxar Had Liquor in Possession—Langbein Case Further Adjourned.

A fine of \$200 for having liquor in his possession was struck against Hyman Taxar in the police court yesterday. It was the defendant's second conviction under the act in six months. The magistrate warned him that a third conviction within the year would be followed by a twelve months' term in jail. J. A. Barry appeared for Taxar.

A case against Harry W. Wetmore, charged with selling liquor without a license, and another against Lewis Christie, for having liquor in his possession, was postponed to Saturday morning at 10.30 for judgment.

A case in which Edward Manning was charged with assaulting John East was settled out of court. According to the evidence, the assault followed an argument over a house in which East was residing. Manning agreed to leave the defendant alone in the future and to pay the doctor's bill occasioned by his attack. A fine of \$20 was struck against him and allowed to stand.

The request of J. A. Barry for the defense, the case against G. C. Langbein further postponed. Arrangements will be made to raise the \$1,100 shortage in the Longshoremens' Association.

Boy Scouts' Assn. Provincial Council

Quarterly Meeting of Executive Committee—300 Boys Expected at Provincial Camp

The quarterly meeting of the Executive Committee of the New Brunswick Provincial Council of the Boy Scouts Association was held last evening. Much business of routine nature was transacted. The matter of the Provincial Camp which is to be held at Grand Lake the first two weeks of August was taken up. It is expected that three hundred boys will be in camp. Applications are coming in very rapidly from outside points such as Moncton, Fredericton, Sussex and Devon but very few from St. John District. It seems likely if the local Scouts are not registering as well as might be expected considering the number of Scouts in the city. Strenuous efforts will be made during the next two weeks to push the Provincial Camp membership in town and have St. John make a good showing. The officers present at the meeting were: A. C. Skelton, chairman; John D. Tophill, C. H. Peters, A. M. Belding, J. L. Short, W. V. B. Riddell, V. C. Timberley.

Has Been Offered A Professorship

Rev. M. F. McCutcheon Offered Position in Brandon Theological College.

The Rev. M. F. McCutcheon, S.T.D., formerly pastor of the Brussels street Baptist church in St. John, but now of the First Baptist church, Montreal, has been offered a professorship in Brandon Theological College. Mr. McCutcheon is a keen student of economic problems and has been much in demand in Montreal as a speaker on such subjects. His seven years in the First Church here have been exceedingly successful. Although he has not given a decided answer yet to the college authorities, it is understood that he will accept the position and begin his work in the west at the opening of the academic year in October.

It is expected he will preach in St. John one Sunday some time in July.

Explains Ship Losses

Washburn bureau officials came forward tonight with the theory that some of the dozen or more ships reported to have disappeared mysteriously in the north Atlantic may have fallen victim to the series of unusually severe storms which are known to have swept those areas in the first weeks of February, 1921.

AGREE TO U. S. DELAY

London, June 23.—Lord Curzon, the foreign secretary announced in a speech in the House of Lords today that if as he expected, the League of Nations, decides to postpone its discussion of mandates in deference to the wishes of the United States and suggested entering into communication with the Washington government concerning them, the British government willingly would agree.

CANADA'S BIRTH RATE

Ottawa, June 23.—Canada's birth rate for 1920 was 27.47 per 1,000, as against a death rate of 13.21 per 1,000. The marriage rate during the same period was 8.94 per 1,000. These figures were announced by the Dominion Bureau of Statistics today.

CALLED TO P. E. I. CHURCH

Chatham, June 23.—Rev. George P. Tattler of Tabusintac and Burt Church has taken a hearty and unanimous call from the congregation of Bloomfield and O'Leary, in the Presbytery of Prince Edward Island. The call will be considered at the regular meeting of the Presbytery of Miramichi to be held in St. Andrew's Church, Campbellton, N. B., June 23.

Was De Valera Caught?

London, June 23.—A dispatch to the Press Association from Dublin says there is good reason for stating that Edmund De Valera was arrested Wednesday night at Blackrock, County Dublin, but that he was liberated today without a charge having been preferred against him.

Longshoremens To Resume Work Today

Question in Dispute to be Left With Arbitration Board for Settlement.

The differences between members of the International Longshoremens' Association and Wm. Thomson & Co. agents for the R. M. S. P. Chaudiere, had not been adjusted yesterday in time for the men to take up their work of discharging the cargo.

A conference was held yesterday afternoon between D. W. Ledingham, representing Wm. Thomson & Co., and Messrs. J. J. Donovan, President of the local union; Joseph Monteith, secretary; J. McKinnon, business representative, and J. E. Tighe, appearing for the men. Various phases of the agreement were discussed, each fact to the dispute, whether fifteen or twelve men be employed in a working gang, setting forth their interpretation of the meaning of the working agreement. Following the conference there was a meeting of the men, at which it was voted to resume their duties on the Chaudiere on the same status and conditions when they quit on Tuesday evening.

Left to Arbitration. The question in dispute, by agreement of parties, will be left to an arbitration board for settlement. The disputed question being purely a local one, the union agrees that the board shall be composed of local men. It will probably be organized today or tomorrow and be in readiness to enter upon its duties the first of next week.

Stubbom Blaze On Moore Street

Surplus Stock of N. W. Brennan & Sons Destroyed—Fire of Incendiary Origin.

The firemen responded to an alarm from box 154 at six o'clock last night which brought them to a shed on Moore street. The shed was used by N. W. Brennan & Sons for the storage of their surplus stock of caskets and boxes. The stock occupied the upper floor of the shed, while in the basement was a lot of excelsior.

Dense Smoke. The firemen found a lively blaze in progress when they reached the shed and three lines of hose were quickly laid. Because of the nature of the material in the shed there was dense smoke as well as plenty of flames and the fire stifled resisted the efforts of the firemen.

It was necessary to dig out with hooks the boxes, caskets, some burning, and others charred, before the firemen could get the blaze under control. The burned and charred boxes and caskets, tumbled about the street, did not prevent an inviting scene to the crowd that gathered.

Work of Boys. It was the opinion of officials, based on information received, that the fire was of incendiary origin. It was reported that four lads were seen running from the scene, and that a few minutes before the blaze shot from the windows.

The loss on the stock and shed is placed at \$2,500.

Cesar Barranco Given A Welcome

Consul General for Cuba Delighted on Revisiting St. John.

Cesar Barranco, consul-general for Cuba, of Toronto, who was stationed in St. John some few years ago as Cuban consul for this port, arrived in the city yesterday to re-assume his duties.

He was met by his friend, Walter D. Nulty, of Portland, Oregon, Mr. Barranco motored in his Franklin car all the way from Toronto here, by way of Buffalo, Providence, Boston, Bangor, Houlton and Woodstock. He expressed himself as delighted at revisiting St. John once more and finding it as hospitable as ever.

Conditions in Cuba. Speaking of conditions in Cuba, Mr. Barranco said they had been very bad, owing to the heavy slump in sugar, so much so that a moratorium was declared by the former president, Moncal. When this expired the banks, which had suspended payment, were able to resume business on a firmer basis. The present president, Dr. Alfredo Zayas, in his message to congress, recommended greater economy in the government, and in a short time it is hoped that conditions in Cuba will have returned to normal.
