

WAYS TO FOREST FIRES

On fires, live coals or ashes on its right of way outside road limits, extinguished immediately.

wards are provided by the regulation consisting of plunging strips, the use of debris, etc., this to be for the chief fire inspector of the board. By railway shall provide and maintain force of fire rangers on night from April 1 to Nov. 7, the methods and this to be under the supervision of chief fire inspector of the board. Section and other employees of the railway company are required to take message report and extinguish fires on or the right of way of the railroad. Penalties will be levied for those by their locomotives if the regulations have been disregarded.

PROFITABLE FOXES

0,000 Cleared by a Single Breeder in P. E. Island.

(Standard of Empire, London.) The "Standard of Empire" of March 1911 was made to the growth of farming industry in Nova Scotia. A young province of Prince Edward Island has also taken up the black and silver-grey foxes on a scale, and big profits are being made.

Not only farmers, but doctors, lawyers, and other business men are taking up this novel industry. Two pairs of foxes sold recently realized \$4100 and \$385 respectively, and the price for an animal is from \$1200 to \$1800.

Major Schurman, of Windsor, who spent the winter in Prince Edward Island, the climate of that province is particularly suited to the black fox, as the fur of the animal raised on the island is more valuable than those of any other part of the world.

Successes in this connection have been great, and many of the farmers and I heard of a number of cases where the foxes had been sold for money to enter upon the industry.

Attending the construction of a baby safe ranch is about \$616, as necessary to protect the animals from disease and even observation. In cases where the animals have been kept they have been known to kill several of the animals from the same ranch. One I am acquainted with cleared during the past few years \$100,000 from the raising of black foxes.

In addition to the facts with reference to the industry are given in a letter which has been received from Mrs. Louisa M. Gidley, of Charlottetown, Prince Edward Island. This lady writes, "The reality almost every inhabitant of this island is in some way interested in the fact that the construction of the first place in the London market from Prince Edward Island. The fact of this spot is agreed to be the best in the world for the profitable raising of foxes in this province number many than one hundred. The exact number is difficult to determine, but the value is now springing up each week. The sale on the London market sell for \$100. The average pelts bring from \$200 to \$250."

GE SHIPMENT RECEIVED

The Prime Co., Ltd., South Wharf, just received a shipment of 7,500 of molasses meal from England, probably the largest shipment of feed ever received by any house in the maritime provinces. Since bounty and distributors of this product, the Prime company have had a time in keeping enough in stock to demand as it has been selling in all parts of the eastern province and the sales are increasing daily.

NONE "JUST AS GOOD"

There is no "just as good" in the market. Molassine Meal has no competitor. If your dealer hasn't it get him to send to

L. C. PRIME CO., LIMITED ST. JOHN, N. B.

WATCH ROBBLIN, SAY THE ORANGEMEN

Grand Lodge Dubious About Schools

Fear Joker in the Recent Legislation Passed in Manitoba

Double Assessment to Be Levied Provincial Lodge to Increase the Revenue of the Sovereign Body—Election of Officers Today.

Special to The Telegraph. Fredericton, N. B., May 30.—The correspondence committee, in presenting its report to the Grand Orange Lodge of British America this afternoon, dwelt particularly upon the school situation in Manitoba.

It advised that the acts of the Roblin government in that province be watched closely in that regard, as it was suspected that its school legislation was not all it seemed to be upon the surface.

This advice is following out the suggestion made in the address of the grand master to the effect that the fact that both parties to the school question in Manitoba had been pleased by the legislation in question, was rather suspicious.

It is said that prominent officials of the Orange order have carefully examined the school legislation of the Roblin government, but nevertheless they are of the opinion that the Manitoba situation should be carefully watched.

During the afternoon session, a delegation from the Grand Lodge of the Orange Benevolent Association waited on the Grand Orange Lodge and extended greetings. Mr. Gidley replied.

An address to the Duke of Connaught was also passed.

The session tonight continued until about midnight, after which the bye-laws of the Grand Orange Lodge were read and discussed. The greater part of the discussion was on matters of routine.

The most important business was the resolution to double the revenue of the Grand Lodge by a double assessment on provincial lodges.

Considerable business yet remains to be transacted and the session will run into Friday, when the election of officers will be held.

MILITIA CAMP TO BE "DRY" THIS YEAR

Hon. Sam Hughes Determined to Enforce Regulations Barring Liquor.

Ottawa, May 30.—That the regulations concerning the consumption of liquor by men in camps will be rigidly enforced this year, was the emphatic statement of Hon. Col. Sam Hughes, minister of militia, when asked if there were any new regulations this year governing the consumption of liquor in the training camps.

"Regulations are the curse of the world today," was the minister's statement. "They are nothing unless they are enforced, and the existing orders concerning liquor will be strictly adhered to this year."

The sale of liquor of any kind is prohibited in camps, and it is said that during this season's camp a strict watch will be kept for any "private supplies" being brought into the lines. Canteens were abolished last year, and although it is stated that drunkenness in many of the camps adjacent to cities increased, they will not be permitted this year.

THE MARRIAGE REFERENCE CASE

Arguments Before Supreme Court Expected to End Today

QUEBEC AGAINST IT

Eminent Counsel Argue That Federal Law Would Infringe on Provincial Rights—Hon. Mr. Nesbitt Contends Many Quebec People Are Disqualified from Legal Wedlock Under the Present Law.

Canadian Press. Ottawa, May 31.—Contrary to expectation, the hearing in the Supreme Court on the reference of the Lancaster marriage bill questions submitted by the government did not conclude today, although the court set an additional hour in an endeavor to complete the hearing. All parties represented have now been heard.

Hon. Wallace Nesbitt, K. C., late this afternoon made his reply and only Eugene Lafleur, K. C., for the promoters, and E. L. Newcombe, K. C., deputy minister of justice, for the attorney general of Canada, remain to be heard. It is now confidently expected that the hearing will conclude tomorrow morning.

Today's hearing was of a decidedly interesting nature, in that the attitude of the two great provinces of the dominion was revealed. Quebec from the assertions of the attorney is unalterably opposed to any change in existing conditions, while on the other hand the province of Ontario was, if anything, favorably disposed towards the enactment of the Lancaster marriage bill.

The deputy attorney general of Ontario contended himself with reading a clear and concise statement of the feeling of the provincial government, while the representatives of Quebec went into the history of the question historically and at great length.

Nesbitt's Able Plea.

Hon. Wallace Nesbitt, at whose request the court sat until nearly 3 o'clock, presented his reply to the points raised by the opponents of the bill and took up the objections raised by Mr. Helmutz in particular.

"I am, of course, assuming," began Mr. Nesbitt, "throughout what I have already said and what I have now to say, an affirmative answer to Question two, and I am dealing with Questions one and three upon that basis."

"The first essential to a right conclusion as to the power of the dominion parliament to pass the bill referred to is a careful examination and a right understanding of the terms of the bill itself. The bill presupposes three things.

"First—It presupposes a provincial official appointed and authorized by the province to solemnize marriage, no matter for the moment what marriage, but some marriage—in other words it presupposes some machinery established by the province for the solemnization of marriage in the province. The power of the province to establish such machinery is in no way questioned or impaired by the bill.

"Second—It presupposes also that the parties seeking the protection of its provisions have had their marriage solemnized before the provincial official. That is, they have availed themselves of the machinery provided for the purpose."

HORRIBLE SUICIDE OF JOGGINS WOMAN

Mrs. John Belton Saturated Her Clothing With Oil and Set Them on Fire—Was Burned to a Crisp.

Special to The Telegraph. Amherst, May 30.—A horrible case of suicide has just been reported from the Joggins Mines, about twenty miles from Amherst.

Mrs. John Belton attempted to take her own life a few weeks ago by swallowing a dose of carbolic acid. Since that time she has been carefully watched, as it was realized that she was suffering from an attack of temporary insanity.

A few days ago she eluded the vigilance of her friends, saturated her garments with kerosene oil and then set fire to her clothing, rushing out of the house in a seething mass of flames. She was virtually burnt to a crisp before anything could be done to save her. Her husband, Dr. J. D. Munro held an inquest and the jury returned a verdict in accordance with the facts stated above.

CAPITALISTIC COMBINE TO DEVELOP CANADA

Financial Giants in the Company

American and Canadian Magnates Ready to Put Up the Money for Enterprises That Will Prove Remunerative—Foster to Talk Fast Line Among Other Matters During His Visit to England.

Special to The Telegraph. Ottawa, May 30.—One of the strongest and most unique aggregations of capital ever gotten together on this continent is represented in the Dominion Mining & Development Company, which has just been federally incorporated with an initial capital of \$2,500,000.

Practically all the leading capitalistic groups, both in Canada and the United States, are represented, including the Standard Oil, Rock Island, U. S. Steel and Diamond Match groups in the States, and the Mackenzie-Mann interests, Sir Edmund Osier, Sir Byron E. Walker and Sir Edward Clouston in Canada.

The new company will investigate all commercial propositions placed before it, looking to the development of mining or other commercial propositions in Canada and will have ample capital to go ahead with any enterprise effecting mineral or industrial development in any part of Canada.

Foster's Mission.

Hon. George E. Foster, Canada's representative on the Imperial Trade Commission, created by resolution of the Imperial Conference of last year, leaves tomorrow for England, where he will meet the other members of the commission next month.

The minister of trade and commerce will deal with the larger aspects of promoting inter-imperial trade through the improvement of steamship, cable and telegraph services between the various parts of the empire, through the creation of a more adequate and comprehensive mutual exchange of information as to opportunities and facilities for profitable trade exchange, and through a general coordination and consolidation, as far as possible, of mutual trade interests.

The commission has, of course, prey advisory and investigating functions and its recommendations or suggestions will not be binding on any of the overseas dominions, or on the motherland. It will be in effect a sort of clearing house for information or inter-imperial trade matters. Its work will probably last for two or three years and will involve special investigations at a later date by the commission of trade conditions and opportunities in all the various portions of the empire.

The meeting in London this year will be in the nature of a parliamentary survey for organization purposes.

In addition to his mission as member of the commission, Hon. Mr. Foster will take occasion of the opportunity to ahead up in London several questions of special importance to Canada. He will endeavor to advance the scheme for a fast Atlantic service between Canada and the motherland to be subsidized by both governments. This scheme, launched five years ago by Hon. Clifford Sifton, has practically remained in abeyance ever since.

Mr. Foster will also discuss with the Australian representative on the commission the long standing proposals for a reciprocal trade agreement between Canada and Australia. Informal pour parlers have passed between the dominion and the commonwealth governments since the Borden ministry assumed power, but as yet Australia has, as in the past, given no very tangible encouragement to the scheme.

To Improve Trade Service.

Another subject to be discussed with the British government is the proposal for a closer cooperation and exchange of services in trade matters between the British consular corps and the Canadian trade commissioners. Mr. Foster believes that as the promotion of British and Canadian trade interests are in the main mutually beneficial, the representatives of both Great Britain and of the dominion in foreign countries could and should cooperate, thus avoiding unnecessary appointments of officials by both governments to cover the same fields and greatly extending the trade information service of the dominion.

Still another question to be taken up in London this summer is that of the proposed uniform imperial naturalization law. Premier Borden and Mr. Foster will both consult the imperial authorities as to suggested changes in the draft bill submitted last fall to each of the overseas governments.

It is possible that Hon. C. J. Doherty, who has been making a special study of the question, may also go to England with Premier Borden and Mr. Hasen next month to take up this question in London. Mr. Doherty also contemplates an investigating tour in Europe of penal institutions with a view to inaugurating some reforms in the penitentiaries of Canada.

J. G. Desbarats, deputy minister of naval affairs, who is now in England in connection with the International Wireless Telegraphy conference, will remain there to assist in the conference of the Canadian ministers with the admiralty. Admiral Kingsmill will also go to London for the conference with the admiralty.

TORIES ADMIT THERE IS NO MONEY FOR GRAND FALLS SECTION

In replying to The Telegraph's charge that the bonds floated in London for the Valley Railway do not provide money for more than 160 miles of road and therefore that there is no money to build from River de Chute to Grand Falls, the Standard yesterday said: "It is not essential to the construction of the railway to float all the bonds at one time * * * All that has been done is to float the bonds necessary to proceed with the construction of the road already under contract."

The Frederickton Gleaner, another government paper says that "the bonds issued are for sections of the road now under contract," and that other bonds will be offered for the money required to go on and complete the work.

The Standard says the trust deed "provides for the ULTIMATE issue of bonds for the whole work," and that "when the remainder of the railway has been placed under contract the bonds necessary for its construction will be floated."

In other words, it is true that there is no financial provision yet for building the railroad farther than River de Chute, which is about forty miles short of Grand Falls.

This is startling news for the people of the river country. They know that unless the road is carried all the way to Grand Falls the provision for intercolonial lease and operation lapses, and there will be no through connection and no competitive rates.

The admission made by the Standard and the Gleaner fully explain the significance of the action of the Conservatives in voting down at Ottawa the Liberal motion that a certain amount of the bridge money be set aside specifically for a bridge at Andover, and for the Conservative action in the New Brunswick legislature in voting down the Liberal motion that construction on all sections of the road be carried on simultaneously.

The Montreal Star's London cable, telling that the amount of bonds floated amounted only to \$4,244,165 has exposed the local government's bad faith. The bond issue makes no provision for the Grand Falls section. All there is for that section is a promise "ultimately" to issue other bonds—sometime.

GEN. BOOTH WILL BE BLIND FOR LIFE

London, May 30.—That General William Booth, the head of the Salvation Army, who recently underwent an operation for the removal of a cataract from his left eye, will henceforth be totally blind, is the opinion reached by the doctors after a consultation this afternoon.

An official bulletin issued by the surgeons says: "It is now evident that there is little hope of the preservation of General Booth's sight."

The veteran's disappointment is all the deeper because the doctors at first were so positive as to the success of the operation. General Booth's spirits, however, are fair, well maintained, and the general condition of his health is good.

He is eighty-three years of age.

AIRSHIP STRIKES GRANDSTAND KILLING A MAN

A Child Will Die and Fifteen Others Injured as Result of Mishap at Seattle.

Seattle, Wash., May 30.—J. Clifford Turpin, the aviator, dashed into the grand stand at The Meadows in his first effort at flight today, killing one man and injuring fifteen other persons. One of the injured, a child, is dying.

CANOE UPSETS; THREE YOUNG PEOPLE DROWNED

St. Johnsbury, Vt., May 30.—Three young people of prominence here, Miss Hattie Ellis, Miss Helen Smythe and her brother, Herbert W. Smythe, were drowned in the Passumpsic river today when a canoe in which they were attempting to navigate the rapids overturned.

BRUTAL MURDER OF HALIFAX MAN

VENTS' SPLEEN ON AUDITOR GENERAL

Hon. Dr. Landry Attacks Government Official at Tory Meeting

VENIOT WORRIES THEM

Calls in Vain on Minister of Agriculture to Explain Flemming's Immigration Policy—The Doctor Promises Paved Roads if Returned to Power.

Special to The Telegraph. Richibucto, N. B., May 30.—At a meeting at St. Ignace last night, Colonel Sheridan, in the presence of the minister of agriculture, bitterly denounced the auditor-general, styling him an unfair and prejudiced officer.

In reply, P. J. Veniot showed the reason for the colonel's attack, in the fact that the government tried to saddle the hiding of the details of the public works expenditures under the mask of "Various Persons" on the auditor-general.

Mr. Veniot twisted him for not explaining Premier Fleming's immigration policy but could not induce him to touch it. Dr. Landry admitted the old government gave more money to the roads, but said: "Return us to power and we will guarantee good roads and pave them with stone if necessary."

The doctor says that the battle is hopeless and is making all kinds of extravagant promises. The word from the southern portion of Kent is very encouraging. Again Dr. Landry refused to fix the date for his Richibucto meeting with Mr. Veniot.

AMHERST HONORS WATHANIEL CURRY

Leading Citizens Attend Board of Trade Banquet to Its Captain of Industry.

Special to The Telegraph. Amherst, N. S., May 30.—The manufacturers, merchants, business and professional men of Amherst joined heartily together tonight in tendering a complimentary dinner to Nathaniel Curry, president of the Canada Car & Foundry Co., and president of the Manufacturers' Association of Canada.

For thirty-three years Mr. Curry has been regarded as Amherst's first citizen, and has contributed much to the development and advancement of the town. It was felt by the board of trade that Mr. Curry should be given some tangible expression of the general esteem and appreciation in which he is held by the citizens of the town with whose progress he has been so vitally interested.

Nearly 100 of the leading representative citizens gathered about the well-laden table of the spacious dining room of the Terrace hotel at 10 o'clock tonight to pay a tribute to him when all Amherst's lights to honor C. S. Sutherland, president of the Amherst Board of Trade, and manager of the Amherst Boot & Shoe Factory, were the guests of the evening, and Rev. Dr. D. A. Steele; to his left were E. N. Rhodes, M. P., and Mayor J. N. Fage. The dining room was beautifully decorated with flags and bunting and the table decorations were roses and carnations.

A large portrait of Mr. Curry adorned the wall immediately in the rear of the table of honor, and the menu cards had as a frontispiece a well finished photograph of Mr. Curry. The bill of fare reflected the highest credit upon the Terrace hotel management. The Hillcoat orchestra was present during the evening and rendered a special programme of music, and the Canada car quartette brightened the evening's programme with several vocal numbers.

After full justice had been done to the bill of fare, the chairman proposed the toast to the King, which was responded to in the usual manner. Mr. Sutherland then paid a high tribute to the work of Mr. Curry in the upbuilding of Amherst and of Canada in general. He alluded to the fact that Mr. Curry, starting as a manufacturer on a small scale in Amherst, was now the president or associated as director with thirty-two of the leading industries of Canada, and he followed his remarks by reading an address on behalf of the Amherst board of Trade expressing appreciation of Mr. Curry's work in Amherst and conveying to him and Mrs. Curry the best wishes of the citizens of Amherst.

Mr. Curry, on rising to reply, was given an enthusiastic greeting and made an entertaining address, dealing with the growth of the industry of which he is the head, and predicting a further extension of the local branch of the car works and the growth of the industry of which he is the head.

Other addresses were given by E. N. Rhodes, M. P.; Mayor Fage, Rev. Dr. D. A. Steele, Harvey Pipe, C. A. Lusby and others. The banquet in all respects was one of the most successful ever held in this town.

Thos. S. Donaldson Shot Dead

Stranger Also Fired a Bullet Into Employee of Victim

Suspect Arrested at Windsor

N. S., Said to Answer Description of the Murderer—Gave His Name as Stanley and Residence New Glasgow.

Special to The Telegraph. Halifax, May 30.—Thomas S. Donaldson, one of the best known men in Halifax, was murdered in his shop on the Bedford road at 2 o'clock this afternoon, and at 8 o'clock tonight a man, who is believed to be the murderer, was arrested in Windsor, forty miles from this city.

The murder is one of the most shocking in the annals of crime at Halifax. Donaldson keeps a roadside shop, four miles out from the city. There is a back room to this shop, in which is a bed. Donaldson was reclining on this bed and in the shop in front was an employe, whose name is Edward Cody.

A young man came along, looked into the shop, and as it was raining, Cody asked him in the forenoon, and who had said him some biscuits, for he had visited the place about 8 o'clock this morning.

"I don't know," was the reply, and Cody proceeded to enter the room. "About you move," said the visitor, and with that he whipped out two pistols, one in each hand. Cody did move and the stranger fired, putting a bullet into Cody's arm. Then Donaldson rose from the bed and a shot was sent into his right breast. He fell and rose again and a second shot was put into his left lung, and he soon died.

The suspected murderer was arrested tonight in Windsor on a description given by Cody.

In the inquest it was found that Donaldson's till had been emptied of its contents. The police got busy and wired a description to him from New Glasgow. This name is believed to be fictitious. The prisoner will be brought to Halifax tomorrow morning. Cody will recover.

FOREST FIRES CAUSE HAVOC IN NEWFOUNDLAND

Three Villages Reported Wiped Out and 1,000 Square Miles Timber Land Swept

Montreal, May 30.—A despatch to the Star from St. John's (Nfld.) says that 1,000 square miles of timber land in the interior have been ravaged by forest fires and three small villages destroyed rendering hundreds homeless. Further details, says the cable, are not available, owing to the interruption to telegraph service caused by the flames.

WAITERS' STRIKE CRIPPLES BIG NEW YORK HOTELS

The Plaza Rushing a Staff of Negro Help from Virginia

New York, May 30.—Anticipating trouble in the management of the Hotel Plaza this afternoon discharged more than forty waiters who were members of the International Hotel Workers' Union, and announced that negro waiters to take their places were being rushed here from Virginia. The Waldorf, the Breun, the Rectors, the Belmont, the Knickerbocker, Churchills and the Holland House are still crippled by the strike.

Semi-Weekly Telegraph and The News

ST. JOHN, N. B., JUNE 1, 1912.

MR. FLEMING'S MANIFESTO

Premier Fleming has fixed June 20 as the date of the provincial elections, and has issued a manifesto intended to enlist the sympathy of the electors to whose judgment he is now compelled to submit the fate of his administration.

With the possible exception of the speech made by Mr. Fleming at the recent banquet given in his honor here, his manifesto is about the driest and most futile political appeal within the memory of the average New Brunswicker.

Mr. Fleming, finding himself in an awkward situation after some years of blundering and extravagance, has recourse now to some hundreds of words of sheer fiction, in the course of which he pretends to present to the electors a synopsis of what he and his colleagues have done for New Brunswick.

He does profess to be proud of his expenditure on ordinary bridges. But if he really were in earnest about this he would have provided the public with details concerning hundreds of payments which have now concealed under the head of "various persons."

It is not strange that Mr. Fleming does not boast of this performance in his manifesto. He does profess to be proud of his expenditure on ordinary bridges. But if he really were in earnest about this he would have provided the public with details concerning hundreds of payments which have now concealed under the head of "various persons."

He does profess to be proud of his expenditure on ordinary bridges. But if he really were in earnest about this he would have provided the public with details concerning hundreds of payments which have now concealed under the head of "various persons."

He does profess to be proud of his expenditure on ordinary bridges. But if he really were in earnest about this he would have provided the public with details concerning hundreds of payments which have now concealed under the head of "various persons."

causes leading to Conservative success in 1908.

Mr. Hasen and Mr. Fleming at that time made the fatal mistake of retaining the patronage in connection with the highways. For a long time they did not proclaim their new highway legislation, and when they did proclaim it, it was seen that the province had to face a partisan administration of the roads.

Mr. Fleming speaks of the work done by his government for agriculture. This means, presumably, the increased expenditure for official salaries and the half-baked "ready-made farm" scheme whereby the government proposes to borrow money to pay for 100 mediocre farms.

There is a distinctly dishonest assertion in the Premier's reference to the Valley railway. He says that Mr. Tweeddale's amendment, if adopted, would have killed the whole enterprise.

Mr. Fleming's amendment, if adopted, would have guaranteed the construction of the road throughout its whole length, and would have meant that construction on all sections would have proceeded at the same time.

Mr. Fleming's proposal was very much more in the interest of the province than the plan followed by the government.

NOTE AND COMMENT

Hon. Mr. Maxwell leaves the firing line for the bomb-proof. A straw showing which way the Honorable Robert thinks the wind is blowing.

St. John County Liberal convention will be held Friday evening in Keith's assembly room. It will be easy to choose a ticket that is bound to win.

Two interesting interviews on the political situation in New Brunswick, appear in The Telegraph's news columns this morning.

Mr. Copp leads a winning ticket in Westmorland. The fine convention of yesterday proves that the party in that constituency is in good fighting trim, and that it will win as usual.

Alberta Liberals carried all the by-elections. The great victory in Quebec is likely to be followed by another Liberal sweep in Saskatchewan. New Brunswick should get in line.

This province in the last Federal contest elected eight Liberals and five Conservatives. This suggests that the Liberals can do to the present Tory local government if they set about it earnestly.

The writer who is "sweeping the country" for The Standard has been generous enough to predict a sweep in Restigouche. When the votes are counted on June 20 it will be found that the sweeping in Restigouche was done by the Liberals.

Mr. Fleming should find time during the next few days to explain how he proposes to build 221 miles of railway with a bond guarantee which covers only 169 miles. The people of the river valley who do not want C. P. R. control and C. P. R. rates will have a bone to pick with Mr. Fleming right away.

Mr. Jones of Kings county will be asked to explain to his constituents during the present campaign what he knows about the activities of Mr. J. P. McAuley, who figures so frequently in the auditor-general's report. The voters of Kings county can see as far into a millstone, as those of any other district.

Mr. Fleming's promised constructive policies have come to nothing. Free entry into the United States market for the natural products of New Brunswick would have done more for the farmers in the last year than all of the money spent by the local government on agriculture and immigration during its four years of power.

There is every prospect that a very strong Liberal ticket will be named in Queens county. Senator King and other good judges of that constituency are convinced that the Liberals will have little difficulty in defeating Messrs. Slipp and Woods in the forthcoming elections. It is time.

Those who are old enough to recall the political conditions in St. John during the last quarter of a century will be much interested in looking over the list of gentlemen who were aspirants for places on the St. John Tory ticket at last night's convention, together with the selections made. The Conservative party here has evidently fallen upon evil days.

The local government is said to have consented to the candidacy of Col. A. J. Armstrong and Mr. Daniel Mullin, and perhaps that of Mr. C. B. Lockhart, the dredging partner of Mr. Hayes. If the convention ratifies the selection of this combination to run with Mr. John E. Wilson he may wonder whether the game is worth the candle.

The Conservatives had just finished announcing the nomination of a victorious ticket in Carleton county when it became necessary to publish the fact that Mr. Fred C. Squires had decided to retire from the race. Mr. Squires is evidently a sprinter, good only for a short distance. His place has been filled hurriedly by the selection of Mr. G. L. E. White of Carletonville. Mr. White's fame is not likely to extend much beyond this first announcement.

The present local government has plenty of revenue to give New Brunswick good roads; but the roads, as a general thing, have not been improved. The reason for this failure is found almost wholly in the government's course in breaking its pledges to give the people control of the highways. In retaining the patronage Mr. Fleming and his friends brought about a system of petty partisanship and patronage in connection with the roads and bridges which has resulted in waste and inefficiency in every county.

Here are the elections; yet the Valley railroad is not even located throughout its length, the bridge at the Falls is still being surveyed, and the scheme for ready-made farms is put off until another year. Also, the roads are as bad as ever, and the Premier's promised plans for boozing

INTERESTING POULTRY

CARE OF POULTRY If poultry were properly cared for it would give better returns than any farm product. It costs about \$1.40 to keep one hen. Plymouth Rock White Wyandottes are the best purpose fowls. It is not advisable for a farmer to invest in an incubator.

FOOD VALUE OF EGGS Popular belief to the contrary, no difference in the nutritive quality of eggs with dark shells and those with light shells. The flavor is affected by the food the hen is fed on. For best results, feed a mixture of 2 parts of corn and 1 part of wheat.

PRODUCING THE LAYING Outfit for the incubator. The chicks first come out in the last hatch is twenty-four hours before a brooder with a temperature of 90 degrees. The brooder should be covered with a thin layer of straw and water two hours before feeding a dry grain which contains 10 per cent. chick grit and 5 per cent. granulated charcoal.

HOW TREES SHOULD BE PLANTED In the Maritime Province in the Spring—First-lected—Don't Plant. The soil should receive first attention. If young trees are planted in a condition to grow strong and vigorous growth, the first few years of their lives, hard will never be as healthy.

THE WOMAN'S OWN PAGE. She learns to pare potatoes. And how to sweep a room. And how to can tomatoes. And how to put a broom.

TRANSGRESSION. I meant to do my work today. But a brown bird sang in the apple tree. And a butterfly flitted across the field. And all the leaves were calling me.

SHERR HUMBING. Premier Fleming cannot humbug the people with smooth phrases. The veracity of his statements may be judged by one striking example. He said last night that the government's pledges to put all public works up to tender had been kept, but that it was not possible to call for tenders

INTERESTING AGRICULTURAL FEATURES FOR OUR COUNTRY READERS

POULTRY

CARE OF POULTRY

If poultry were properly cared for, they would give better returns than any other farm product. It costs about \$1.45 a year to keep one hen Plymouth Rock and White Wyandottes are the best general purpose fowls. It is not advisable for a farmer to invest in an incubator, unless one of the family is prepared to give it the attention.

ed corn, one part wheat, three parts ground oats in bulk with fine meal sifted through a No. 10 sieve. When they are fed in a litter to keep them busy.

A leading authority upon this disease says that medical treatment has not been successful, and it is doubtful if it could be profitably undertaken. He recommends hygiene and preventive measures.

pen, without a hen, and a hen isn't at all needed, for one can cover the coop with carpet or sacks, to ensure warmth.

from, in dairying—no selling the whole milk but selling butter only.

In dairying the soil fertility is important. It is much less than in any other kind of farming.

The good sound, pure-bred stallion is a public nuisance. The following unsoundnesses should be carefully avoided:

GENERAL

BUSINESS OF FARMING

Getting Maximum Returns from Every Operation on the Farm.

A great deal has been said in a jocular way about the razor-back hog and his sun-splinting abilities, but it is a very encouraging and profitable business.

Well kept accounts would enable us to determine the most satisfactory method of obtaining more milk and cream.

The great advantage over present methods of dairying is that it does not involve the danger of breaking their thermometers.

OCCUPATIONS

"Dock Walloper,"

Walrus Whiskers.

thirteenth census is taken when the compiler has to classify each individual.

FOOD VALUE OF EGGS

Popular belief to the contrary, there is no difference in the nutritive qualities of eggs with dark shells and those with light.

SUGGESTIONS ABOUT DUCKS

Ducks are less difficult to raise than either chickens or turkeys. They grow faster, and when properly cared for are free from disease.

GOSLINGS

Newly hatched goslings are as tender as turkeys, and must be treated accordingly. If the hen is at all quiet, leave them in the nest until they are entirely dry.

BLACK HEAD OF TURKEYS

Black head is said to be an infectious malady, which is spread through filth of some kind. Usually this is by means of contaminated water or feed.

PRODUCING THE LAYING HEN

When the chicks first come out of the shell, I leave them in the incubator till the last hatched chick is four days old.

HOW TREES SHOULD BE PLANTED IN THE ORCHARD

In the Maritime Provinces planting should always be done in the Spring—first-class trees should always be selected—Don't plant too closely.

THE BETTER FARMING SPECIAL

Full Particulars as to Dates and Route of the Instruction Train.

The Canadian Pacific and Intercolonial railways have this year assisted the agricultural departments in bringing western methods to agricultural instruction.

CLASS AND EXERCISES OF ACADIA SEMINARY

Wolfville, N. S., May 27.—In glorious sunshine Wolfville looked its best this morning when the class day exercises of Acadia Seminary attracted a large number of people to College Hall.

Professor Barton, professor of animal husbandry at Macdonald College, will have charge of the cattle demonstrations and lectures.

Professor Blair will give special attention to the problems of potato growing. The poultry branch will be fitted with all appliances for cow testing and milk testing.

Excursion rates will be in force from nearby stations to the places where the train stops. Full list of what can be seen on the trip will be found on another page of this paper.

HAY IS \$30 A TON IN BOSTON

Boston, May 28.—(Special)—For the first time in years, hay is being shipped here by water from St. John. The schooner Henry H. Chambliss with 2,280 bales is expected here today from up the St. John river.

EXCITEMENT.

BERT LIBERALS VERY CONFIDENT

Copp and Carnwath Nominated Leader of the Opposition Takes Time to Consider

Convention Yesterday Largely Attended and Very Enthusiastic—Gloucester Liberals Select Their Four Standard Bearer and Promise to Elect Them by Big Majorities.

Riverside, Albert Co., May 28.—At a largely attended and enthusiastic Liberal convention this afternoon A. B. Copp, leader of the provincial opposition, and William J. Carnwath, merchant, of Riverside, were unanimously nominated to contest the county in the opposition interests at the coming provincial elections.

Every parish in the county was represented at the convention, which lasted the busy time of year, was one of the best, both from the standpoint of attendance and enthusiasm held in Albert county in years. The speeches showed that the party is in the fighting trim and a victory is assured.

The convention was called to order at 3 o'clock with Hon. A. B. Copp presiding. While waiting for the opposition leader, who came by automobile from Moncton, short speeches were given by Hon. Mr. McClellan, Alexander Rogers and Hon. C. J. Ounan.

On motion Hon. Mr. Ounan, a nominating committee was selected as follows: Hillsboro—Edward Steeves, C. B. Livingston.

Mr. Cyr does not want to run with Mr. Coverdale and Mr. Cormier does not want to run with Mr. Cyr.

Harvey—H. H. Tingley and I. Miller. Alma—William Butland and M. Carline. Edinboro—Benjamin Colquhoun and W. J. McKenzie.

TORIES DIVIDED IN CARLETON CO.

Squires' Forced Retirement Makes His Friends Very Wrathful

THE "HIDDEN HAND"

C. P. R. Gets the Sleepers Contracted For by the Valley Road—Liberal Convention at Hartland Friday—Madawaska Conservatives at Log-headers.

Woodstock, N. B., May 28.—F. C. Squires' forced withdrawal from the government ticket has made chaos in the Tory ranks. His friends, backed by Premier Fleming, are urging him to stick. It is rumored today that Leverett White will not accept the place on the ticket. This and other faction fights are making the Tory cause hopeless.

Fleming's suspected connection with the C. P. R. is being emphasized by developments that tend to show a hidden hand is playing the game. All sleepers contracted for by the Valley Railway Company have been turned over to the big corporation and nearly all delivered.

One fare return ticket will be issued on Friday to those attending the big opposition convention at Hartland. The train going north will leave Woodstock at 10.30, affording an opportunity to attend the meeting in the evening at which A. B. Copp and the opposition candidates will speak.

Tory Dissensions in Madawaska. Edmundton, N. B., May 28.—(Special)—There is a breach among the Tories in Madawaska.

Mr. Cyr does not want to run with Mr. Coverdale and Mr. Cormier does not want to run with Mr. Cyr.

There is much talk among straight Conservatives to throw overboard both supporters of Fleming and join the Liberals.

BOND ISSUE COMES GRAND FALLS SECTION

New Evidence That the Valley Road is Not to Go to Grand Falls

No Financial Arrangement for Upper Portion of the Railway—Financed Only as Far as River de Chute Where It Would Cross American Border and Join Gould's Maine Road—Residents of the Upper River Valley Exercised Over Indication That Flemming is Playing C. P. R.'s Game.

Woodstock, May 28.—The people of the upper section of the St. John valley are becoming greatly exercised over the increasing evidence of the intention of the Gould company and the Flemming government not to build the Valley Road further north than River de Chute, and so omit the Grand Falls section.

Some days ago the Montreal Star published a cablegram from London stating that the Bank of Montreal was offering on the market the first mortgage four per cent. debentures of the St. John & Quebec Railway Company, guaranteed as to principal and interest by the government of New Brunswick, to the amount of \$873,285 sterling. This is the equivalent in Canadian currency of \$4,244,165.

Dividing this sum by \$25,000, which is the guaranteed bond issue per mile, it gives 169 miles, which is about the distance from Rothesay up to the Intercolonial, to a point on the United States' boundary at or near River de Chute.

But the distance from Rothesay to Grand Falls is about 209 miles, or forty miles more than is provided for by the issue of bonds made through the Bank of Montreal.

In other words the bond issue does not provide for building the road beyond River de Chute or some other point short of Andover. No provision is made for building on to Grand Falls. That would mean C. P. R. control ultimately, and no competitive rate for the valley farmers.

What further evidence is needed of the duplicity of the Flemming government? It confirms in the strongest possible manner the charge which the opposition have made, that the Flemming government is simply pretending before the election that the road is to be built to Grand Falls, intending, after the election, to yield to the demands of Mr. Gould and his Canadian Pacific allies that the line shall stop at River de Chute or some point on the American boundary in that vicinity so as to make connection with Mr. Gould's electric railway in Maine in which the Canadian Pacific is also interested. What a gross fraud the local government is attempting to perpetrate against the people of New Brunswick.

Fredericton, May 28.—The Grand Black Chapter of British Americans listed to an address by Sir Mackenzie Bowell this afternoon. Mr. Bowell was introduced by M. W. Sir Knight Parkhill and was greeted by the acting grand master on behalf of the members of the grand chapter, who gave him a most cordial welcome.

FOOD SUPPLIES MUST BE MOVED AT LONDON DOCKS

Government Determined That There Will Be No Hunger Famine

London, May 28.—Ben Tillett and Harry Goaling, representing the transport workers' strike committee, in the course of an interview with Reginald McKenna, home secretary, today, offered to co-operate with the home office in facilitating the transport of necessary food supplies for London.

Just how far the strike leaders are prepared to go has not been divulged, but it is evident they realize that the government is determined the metropolis shall not be forced to capitulate through hunger.

The government has invited both parties to send representatives to a conference of the board of trade which will be held May 31, with the object of arranging a settlement of the strike. This is the result of Sir Edward Clarke's report on the strike inquiry, in which he states that the trouble is mainly due to failure to carry out the clause in the agreement between the masters and the men providing that differences be referred to the board of trade for decision.

Meanwhile the government is showing determination to deal firmly with the situation. The home secretary issued a statement tonight denying the allegations in the strikers' manifesto that the authorities were employing police and soldiers in the interests of the employers, and declaring that no military, but only police, had been called out to preserve order, which the government insists upon maintaining. The statement continues:

The strikers' union adopted a resolution tonight calling upon the executive of the transport workers' federation to declare a national strike.

Fredericton, May 28.—The Grand Black Chapter of British Americans listed to an address by Sir Mackenzie Bowell this afternoon. Mr. Bowell was introduced by M. W. Sir Knight Parkhill and was greeted by the acting grand master on behalf of the members of the grand chapter, who gave him a most cordial welcome.

Sir Knight Parkhill and was greeted by the acting grand master on behalf of the members of the grand chapter, who gave him a most cordial welcome.

QUEBEC MARRIAGE LAWS UNDER FIRE

LIBERAL SWEEP IN ALBERTA

Government Wins Five Bye-Elections—Conservative Efforts to Make a Showing Failed.

Edmonton, Alb., May 28.—Early returns today from the five provincial bye-elections, four of which were for new cabinet ministers in the Sifton government, and the fifth to fill the vacancy caused by the resignation of the member in Cardston, show a complete sweep for the Liberals.

The present indications are that the five seats are retained by the supporters of the Sifton administration, though the result in Claresholm, where the provincial treasurer, Malcolm McKenzie, is running, will be very close.

Attorney-General C. W. Cross was selected for Edmonton over A. F. Ewing, after the most spectacular fight in the political history of this province. There is still some doubt as to the actual majority. Liberals say 600 and Conservatives 485.

Conservatives say that there were many irregularities and that the election will be protested. There were a number of fights at polling booths, and a great deal of bitter feeling was shown during the day. In Sturgeon, the minister of education, Mr. Boyle, had an early majority of 330, with twenty-two out of forty-seven polls heard from.

Returns are slow in coming in from Sedgewick, but twenty polls out of 119 gave Hon. Chas. Stewart a majority of 140.

These polls are nearly all along the railway line. It will be a day or two before all are in, as some are considerable distance from a telephone.

Edmonton, May 28.—What is considered to be the crucial point in the argument of the learned counsel opposing the right of the dominion parliament to enact the Lancaster marriage bill was reached in the supreme court this afternoon when P. B. Mignault, K. C., of Montreal, asserted that the general public misunderstood many legal lights seemingly deliberately misconstrued the marriage law of the Province of Quebec.

Are Misunderstood Says Counsel

Church Does Not Outlaw Children of Parents Under Ban

Judges Put Many Pointed Questions to Lawyer for the Province Who Contends That Parliament Cannot Interfere with Church's Law

Ottawa, May 28.—What is considered to be the crucial point in the argument of the learned counsel opposing the right of the dominion parliament to enact the Lancaster marriage bill was reached in the supreme court this afternoon when P. B. Mignault, K. C., of Montreal, asserted that the general public misunderstood many legal lights seemingly deliberately misconstrued the marriage law of the Province of Quebec.

In referring to the fact that under the law in Quebec a marriage is null and no marriage at all, even though the parties contracting lived together a number of years, unless they being Roman Catholics, of the same sex, it was solemnized by a priest, "The children are always protected," exclaimed Mr. Mignault with earnestness. "This point is absolutely misconceived and misconstrued by people who are responsible for the agitation. They have no right to misconstrue the law in this way and impute that the children are thrown on the world as bastards. It is not the law of the province of Quebec and never was."

By far the most interesting discussion took place this afternoon that has ensued since the hearing started. Mr. Mignault, K. C., of Montreal, who is counsel for the agitation, first asked the court to place the case before it as a question of the law in Quebec, which is a recognized authority. All the justices of the court joined in the unanimous decision that took place at times, Justices Dillington and Duff being particularly anxious to go into the matter deeply and surely. Mr. Mignault is expected to complete his argument tomorrow when he will be followed by Mr. H. H. Halliday, K. C., of Toronto, who will take up the matter from another aspect and reply to Hon. Wallace Nesbitt, K. C., who opened the case for the promoters of the bill. Then the two Quebec counsel, K. C. Smith, K. C., and Alma Geoffrion, K. C., are expected to present the case from the side of their province, and later Hon. Mr. Nesbitt and Mr. Lafleur will have an opportunity to be heard. It is thought the case will consume the whole week.

Quebec Marriage Law. Mr. Mignault took up the phase of opposition to marriage in connection with the Quebec laws. "Marriage may be prevented by means of the opposition of the father, mother, tutor or other person, one of the parties," he said. "In this event, there must be some officer, priest or minister who by legislation is charged with the solemnization. The city of Quebec has Roman Catholic parishes in that city and about three times as many of other denominations. The law requires that to stay a marriage, no charge of a church must be made. That is set forth in the act that the articles of marriage must say there is no opposition. This shows the status of the parties. My contention is that there must be some one party with special qualifications to solemnize marriage."

Justice Dillington—"In the case of a priest must it be a priest in charge of a church?" Mr. Mignault—"It must be the parish priest."

Justice Dillington—"Suppose a man does not belong to any parish?" Mr. Mignault—"That is impossible in the Roman Catholic church. Once a Roman Catholic, always a Roman Catholic in the eyes of the church."

Justice Dillington—"But if he has no place of residence?" Mr. Mignault—"Then he is a vagabond."

Mr. Mignault went on to explain that in the Roman Catholic church a man within a certain radius of residence was held to be a member of the parish in which he had been baptized.

Justice Dillington—"Supposing a man of no church and a woman of no church were married and lived together for some years, what would be their status under the Quebec laws?"

Mr. Mignault—"The marriage would be null. I should say there never had been a marriage."

Justice Dillington—"Then the children would be illegitimate?"

Mr. Mignault—"That under our laws in Quebec, Article 63 clearly says that if the marriage is contracted in good faith in this way, but through ignorance of the parties as to the law, the children are protected. The children are always protected. This point is absolutely misconceived and misconstrued by people who are responsible for the agitation. They have no right to misconstrue the law in this way and impute that the children are thrown on the world as bastards. It is not the law of the province of Quebec and never was."

Justice Dillington—"Can he (meaning the husband) marry again?"

Mr. Mignault—"As there is no marriage he is free to do so."

Justice Dillington—"That you contend here that government has no power to declare the status thus brought about?"

Mr. Mignault—"The solemnization is left to the provinces, and the dominion cannot interfere in a putative marriage such as you refer to."

ORANGE BLACK CHAPTER COMPLETES ITS BUSINESS

Officers Elected and Other Matters Discussed—Sir Mackenzie Bowell Addressed the Meeting, Telling the Brethren to Stand Fast to Their Principles and be Proud of Being "Canucks"

Fredericton, May 28.—The Grand Black Chapter of British Americans listed to an address by Sir Mackenzie Bowell this afternoon. Mr. Bowell was introduced by M. W. Sir Knight Parkhill and was greeted by the acting grand master on behalf of the members of the grand chapter, who gave him a most cordial welcome.

Sir Mackenzie, in acknowledging the reception, spoke of the time over sixty years ago when he became an active member of the Orange Association and said that when he was invited by Lieut.-Col. J. H. Scott to pay a visit to this section of the Grand Lodge he made up his mind at once to accept, whatever the consequences.

He referred to his incumbency of the highest office which was in the power of the Orange association to confer on any one of its members, and said it was one of the proudest positions he ever held.

There was also addressed by Frank Somers, a venerable member of the chapter, and by Most Worshipful Rev. Canon Wm. Walsh. The latter expressed his appreciation of the address of Sir Mackenzie Bowell.

Several changes were made in the constitution on recommendation of the committee.

WATTERSON SCORES ROOSEVELT AGAIN

Says Nothing Will Stop Him from Running for President, Unless He is Taken to a Lunatic Asylum.

New York, May 28.—A dispatch from Louisville, Ky., says that the caption "An invocation to civil war," Colonel Henry Watterson says in the Courier Journal this morning.

The result in Ohio makes it certain that the voters of the United States will next November at the polls. It will matter not whether he appears under the emblem of a regular party nominee or as an independent, appealing to all parties. Unless he breaks down under the strain and is taken to a lunatic asylum he will be a candidate for president.

There can be in his name and person, but one issue: life tenure in the executive office and a civil life imperial in everything except its nomenclature.

Thus our system of representative government, having achieved its purpose of independent existence and survived the several ordeals of foreign invasion and internal conflict, must face the final and yet greater period of mad ambition, unbridled cupidity and corrupting millions playing upon the restless, the unknowing and thinking, the purchasable, the brutal, and the silly.

It is proposed to considerably increase the facilities for practical investigation of the waters and problems which arise in connection with them. The United States section has attached to it a highly competent staff of hydraulic and civil engineers and it is probable that the Canadian commission will adopt a similar policy and secure permanently the services of a number of technical experts to report on the whole waterways system in Canada with particular reference to the navigation and methods of making it of as much utility to Canada as the United States section is to that country were it not for the fact that the Canadian commission will have the advantage of the United States section.

H. A. POWELL, K. C., RETURNS FROM CONFERENCE IN OTTAWA—METHOD OF PROCEDURE ARRANGED.

Conference in Ottawa—Method of Procedure Arranged.

H. A. Powell, K. C., returned home this morning from Ottawa, where he attended a conference which the members of the Canadian section of the International Waterways Commission had with Hon. R. Borden regarding the work of the commission. It is understood that a particular case was under discussion but that the matter of having the commission give its attention to problems which arise in connection with the Canadian waterways and the proposed extension of the mapping out of a general policy for the commission and methods of making it of as much utility to Canada as the United States section is to that country were it not for the fact that the Canadian commission will have the advantage of the United States section.

It is proposed to considerably increase the facilities for practical investigation of the waters and problems which arise in connection with them. The United States section has attached to it a highly competent staff of hydraulic and civil engineers and it is probable that the Canadian commission will adopt a similar policy and secure permanently the services of a number of technical experts to report on the whole waterways system in Canada with particular reference to the navigation and methods of making it of as much utility to Canada as the United States section is to that country were it not for the fact that the Canadian commission will have the advantage of the United States section.

There is little before the commission at present. The only thing maturing is the application of the Ontario and Minnesota Power Company for a power development scheme on the Rainy river.

Mr. Powell left again Thursday evening for Halifax to attend Lady Tupper's funeral.

In West Sackville yesterday Sanford Barnes died. He was a son of the late William Barnes of Wood Point, and is survived by one daughter, Mrs. Wm. Atkinson, of Sackville; four sons, Seward and Clarence, of West Sackville; Harold, of St. John, and Hazen, of Boston; one brother, William E. Barnes, of West Sackville; two sisters, Mrs. James Bent, of San Francisco, and Mrs. Michael Grace, of Moncton. Mr. Barnes' wife died about four years ago.

SHIP REPAIR PLANT AND THE LAND REQUIRED

Norton Griffiths Co., Ltd., Asks Mayor About It—To Employ Large Number of Men—Courtenay Bay Work to be Rushed.

A letter to Mayor Frink from the Norton Griffiths Co., Ltd., received yesterday, serves as a reminder that the big ship-repairing company is to establish and operate extensive machine shops for the repairing of ships and machinery at Courtenay Bay, employing some hundreds of men.

The letter states that the company has opened negotiations with the dominion government for the transfer of a large tract of land at the head of the bay north of the Municipal Home property for use in establishing the ship-repairing plant and asking the city for its consent to the granting of the land required. The matter has not yet been decided, but it is hardly likely that any objections will be taken to the company acquiring the land.

G. F. Palmer, chief agent for the company here, confirmed the news that the company wished the land for the purpose of building the plant and said that about 100 acres would be required stretching from the site of the drydock in the cove just north of the Municipal Home property towards the head of the bay.

Mr. Palmer said that the work at Courtenay Bay was proceeding very favorably. Hugh Doherty, of the firm of Macdonald & Doherty, which has the largest sub-contract, arrived in the city yesterday to consult with the company's staff here.

MRS WOODRUFF GRANTED A DIVORCE

The Court Exonerates Miss Atkinson, the Shediak Nurse, and Dr. Souther Who Were Blamed by Woodruff.

Boston, Mass., May 28.—(Special)—Judge King, in the Norfolk Superior Court, today granted a divorce to Mrs. Mildred Woodruff, wife of Lewis S. Woodruff, a State street broker. The case has been one of the most sensational of its kind in the Norfolk court and lasted a week. It was tried together with a libel brought by Woodruff against his wife. The libel was dismissed last week.

The decision as to the disposition of the children is still pending. The court exonerated Dr. Robert Souther, Miss Margaret Atkinson, of Shediak, and others whom Woodruff blamed for his troubles.

ST. MARTINS LODGE ORGANIZED

St. Martins, May 27.—Thomas Francis, deputy grand master of the Independent Order of Odd Fellows of Acadia District, Manchester Unit with four members of the Hampton (N. B.) lodge organized a lodge here called The Loyal Saint Martins I. O. F. F. M. U. on Friday evening, May 24. The meeting was held in the McDonough's Hall and there were 103 charter members. The following were elected for the ensuing term: William J. Morrow, noble grand; Harry W. Callahan, right hand supporter of noble grand; M. R. K. Bruce, Charleston, left hand supporter of noble grand; Wendell B. Bentley, vice noble grand; Roland H. Graves, right hand supporter of vice-grand; Roy Bell, left hand supporter of vice-grand; Rev. George W. Tilley, grand secretary; Fred M. Cochran, permanent treasurer; Frank E. Bradshaw, recording secretary; Thomas H. Bradshaw, warden; Rev. William Strolling, chaplain; Whitfield A. McIntyre and Glen Morrison, conductors; William E. Cochran, and James Dunlap, guards; Allister F. Bentley, M. P. P., trustee.

The lodge will meet the first Tuesday in each month. With the large number of charter members, and with the enthusiasm displayed by each one of the banner lodges of the district.

LIBERALS TICKET IN GLOUCESTER

Carleton, N. B., May 28.—(Special)—Sixty-four delegates from every parish in Gloucester county met here today at the call of the Liberal party to select the opposition candidates. The convention was presided over by O. Turgeon, M. P. Theseophile Leges, ex-Warden of the county, acted as secretary.

MONCTON YOUTH MISSING FROM HOME SINCE SUNDAY

Moncton, N. B., May 28.—(Special)—Joseph Main, aged nineteen, son of Nelson Main, High street, has been missing from his home since last Sunday night and his parents are greatly worried over his unaccountable disappearance. No reason for the young man's strange disappearance can be given by the parents who have reported the matter to the police. The missing had worked steadily and gave his earnings to his mother and his absence is a complete mystery.

HUMOR FROM LONDON OPINION

Barber—Well, this is the first time I've ever had a tip beforehand.

Constipation Vanishes Forever

CA. TERS LITTLE LIVER PILLS... Stop all diarrhoea, stop all indigestion, improve the complexion—brighten the eyes. Small Pills, Small Doses, Small Price. Genuine number Signature.

Holy Water Killed Him

Quebec, May 28.—It has leaked out that F. X. Ennos, seventy-two years old who died suddenly last Saturday on the St. Pierre market, succumbed to indigestion caused by drinking too much holy water from a tank that had just been filled in St. Sauveur's church on the eve of Pentecost.

HER YEARNING

Little Marjorie Louise leaned on her grandman's knee and gazed into space with a particularly soulful expression. "Oh, grandmother," she burst out, suddenly. "I just long to grow up and be a big lady and have corns!"—Harpers' Bazar.

Dr. Morse's Indian Root Pills

are made according to a formula in use nearly a century ago among the Indians, and learned from them by Dr. Morse. Though repeated attempts have been made, but by physicians and chemists, it has been found impossible to improve the formula of the pills. Dr. Morse's Indian Root Pills are a household remedy throughout the world for Constipation and all Kidney and Liver troubles. They act promptly and effectively, and Cleanse the System.

Valedictory Address. We are met tonight to utter with ceremony a number of young men women into the work of the world, years ago the old university, like the man making machine that it is, the new material and today its parts moulding process is done. What is the right to ask—is that part, and great significance underlies the work of each nation? Place, in his outline, perfect state is decreed, that there be men of business, who should through all the practical affairs of men, of war, whose virtues courage, and philosophers, who be their wisdom should rule the state. Today that conception has been changed. Universities all over our each year giving forth to the world its quota of students, not to be sent apart to make laws and rule the world from their superior thrones, but to be men of business, who should through all the practical affairs of men, of war, whose virtues courage, and philosophers, who be their wisdom should rule the state. The day has long since passed when scholar secluded himself from the world, and in shaded cloisters pore over the history and mathematics, or the doctrine of the enticite due, just for the sake of perfecting his own mental acuity, or satisfying his own intellectual curiosity. Everything a man learns in college

Valley Address

We are met tonight to usher with due ceremony a number of young men and women into the work of the world. Four years ago the old university, like the great man making machine that it is, received the raw material and today its part in the moulding process is done. What we have the right to ask—is that part, and what great significance underlies the work of the colleges in their influence on the life of our nation? Plato, in his outline of a perfect state, decreed that there should be men of business, who should carry through all the practical affairs of the nation, men of war, whose virtue was courage and philosophy, who because of their wisdom should rule the state.

List of Graduates

- B. A. Buckley, Louis Albert, Halifax (N. S.); Carter, John Turner, River Philip Centre (N. S.); Chappell, Constance Spencer, Tokio, Japan; Chappell, Mary Haru, Tokio, Japan; Fraser, Frank Wice, St. Stephen (N. B.); Fuller, Annie Alice, Yarmouth (N. S.); Fuller, Charles Knowles, Yarmouth (N. S.); Guy, Norman Milligan, Twillingate, Newfoundland; Hann, Solomon, Musgrave Harbor, Newfoundland; Hayes, James Bertram, Halifax (N. S.); Hughes, Helen Alberta, Charlottetown (P. E. I.); Irving, William Henry, Moncton (N. B.); Kilburn, Desse Evelyn, Kilburn, Victoria County (N. B.); Lucas, Mary Duncan Lawrence, Sackville (N. B.); Murray, Wilfred Laurier, North Sydney (N. S.); Oulton, Alice Elizabeth, Moncton (N.B.); Smith, Walter Truman, Middleton (N. S.); Smith, Frank Morton, St. John (N. B.); Southgate, Louis Murray, Springfield, Annapolis County (N. S.); Tuttle, Martha Jessie, Dartmouth (N.S.); West, Frank Wesley, Cole's Island (N. B.); Windsor, Warren Joseph, Bathurst (N. B.); Wren, Freda Rudolf, St. Andrews (N. B.); M. A. (In Course). Colpitts, Gustavus Adolphus, (B. A. '06), Colpitts (N. B.); Graham, Edwin Ernest (B. A. '06), Centreville (N. S.). LL. D. Rev. George J. Bond (B. A. '74) (Halifax (N. S.)); B. D. Gustavus Adolphus Colpitts, Colpitts (N. B.); D. D. Fenwick, Rev. Mark, St. John's, Newfoundland; Harrison, Rev. William, Charlottetown (P. E. I.)

must be used directly or indirectly tomorrow. What we expect from our professors is then to show us the connection of the details and problems, which we examine in the classroom, with other subjects on the curriculum, and with the greater problems of the outside world. Geography must be connected with health and race development; ethics with the solution of definite moral problems; astronomy with navigation, or they become as empty names. Thank God we live in a practical age. Mourn not the time when the student stood aloofly apart from the rush of affairs and the busy markets of the world. Rejoice that the time has come when he forsakes his low ideal of self-development and seeks not in vain for world development. The young people of every age are apt to look upon the time which they are entering as the most important and perplexing in the world's history. Certainly the youth of the present age have had impressed upon them from every side the great problems awaiting for them to solve, that armies in great causes are halting for reinforcement from them. When we consider the immediate future of Canada, our favored homeland, the land about which soul-inspiring speeches are so often made, we cannot help but feel the need for men who know, and men who care. Canada must have men whose minds are trained to see through charlatanism and mistaken policy, and who care enough about her to lend a hand in making things right. Midway between the sturdy conservatism of old England and the some times excessive radicalism of the United States, we have every chance to start well in nation building. Our politicians have for the most part been men of sound judgment and unswerving principles. Now the testing time has come. The world has begun to take notice of Canada, and when the world begins to take notice let statesmen and people beware. The wealth of her forests and her hidden treasures of her minerals are drawing men from all lands to enjoy her freedom and exploit her riches. As soon as this begins the problem of conserving these natural resources faces our statesmen. The situation in some sections of the land has already become very acute. Men take up farms on the prairies, and the land until it is "run out" and then leave for another section. They rob, they rape, they burn, they plunder, they destroy our farming lands near as fast as they can be protected. Our forests, our mines, our game and fisheries must be guarded by stringent laws from the encroachment of grasping men. With this influx of population there arises also perplexing questions of the relation between capital and labor. In many cases the laborer is stronger than the employer, unions in many others the labor union holds the hand of the capitalist. The government must stand between them in disputes and see that justice is done. These and other grave questions are facing the Canadian people. Even more serious difficulties are before us when we consider not only as citizens of Canada, but as we should also as citizens of the world—difficulties which stagger us in the complexity of their relations and the vast importance attached to their outcome. The question of the readjustment of the races made necessary by the growing smallness of the world is a problem which is before us...

Go to your work and be strong, halting are ways that are not ways. Balking the end of half-way for an instant does no harm. Stand to your work and be wise—certain of your own strength and of your own power. Who are neither nor God's, but men in a world of men.

The President's Report

The year just closing while in no respects uneventful has had some features of special interest. The total registered attendance, including special students, has numbered 233, a slight decrease on the attendance of the year. The work of the year, particularly during the second term, has been characterized by regular attendance of the students upon their classes and by faithful attention to the tasks assigned. Under the watchful care of kind Providence the year has been practically exempt from serious illness.

Prize List—Arts

Alumni scholarship, life membership in the society—W. H. Irving, Moncton (N. B.); Harry A. Sheffield, mathematical scholarship, 200—Louis Carter, River Philip (N. B.); Twenty-five dollar senior oration prize—N. M. Guy, Twillingate (N.B.); honorable mention, Louis A. Bulkie, Halifax (N. B.); Fred Tyler scholarships of 200 each, highest standing in freshman class, in arts—(1)—Harold Colpitts, Moncton (N. B.); (2) Mary Allison, Sussex (N. B.); (3) 200, essay prize, sophomore and junior essays, 212—Awarded between H. T. Gormall, Orland Atkinson, Sussex (N. B.); Margaret Horn Strind memorial prize, 200 in advanced English—Jean Whitman, Petit River (N. B.); Twenty-five dollars given by R. B. Bennett, New Glasgow, for sophomore mathematics—G. D. Allan, Dalnookie, St. (N. B.); Sophomore English prize, 200 of Temple's edition Shakespeare, Betsy Young, Sydney (N. B.); Medal in logic and psychology offered by the Faculty of Arts—Louis A. Buckley, Halifax (N. B.); 200, in Latin—William Dawson, Sussex (N. B.); (3) 100, Calculus—Mary Colpitts, Point de la Croix (N. B.); The oldest Colony Club have given individual pins to members of this year's inter-collegiate debating team, viz.: Messrs. Charles H. Paisley Bursary (240) for highest standing in science obtained by year, Thomas Starr, Manchester (Eng.); Rebecca A. Starr, Bursary (200), for highest average standing in sciences of the second year, Sydney J. Boyce; Hilbert O. Lawrence Bursary (200), for highest average standing in studies of the first year, Arthur F. Baker.

RAY'S PAINTS

THE BEST PAINT

is none too good for your house—it is always the most satisfactory and economical. RAY'S PAINTS are painted in perfection. Every can sold is sold with 99 years experience behind it. RAY'S PAINTS are made to cover a larger surface—to withstand the action of the hottest sun and most severe frost and to retain their bright lustre and good appearance throughout the life of the house. Ask your dealer in your town. A. RAMSAY & SON COMPANY, MONTREAL.

FRESH FISH PRICES ARE VERY HIGH

Salmon is Almost Prohibitive and Supply is Scarce. Wednesday, May 29. The feature of the fresh fish market at the present time is the supply of gaspareaux, drift boats doing unusually well. On the other hand, the abud fish, so far this season, has been poor, and unless it brightens up soon, there is no danger of a promise for an abundant supply. After this week Lorneville fishermen will be going after salmon.

FRESH FISH PRICES ARE VERY HIGH

Salmon is Almost Prohibitive and Supply is Scarce. Wednesday, May 29. The feature of the fresh fish market at the present time is the supply of gaspareaux, drift boats doing unusually well. On the other hand, the abud fish, so far this season, has been poor, and unless it brightens up soon, there is no danger of a promise for an abundant supply. After this week Lorneville fishermen will be going after salmon.

MT. ALLISON LADIES' COLLEGE GRADUATES AND PRIZE WINNERS

Closing Exercises Monday Attended by a Large Number—Principal Campbell's Report of Year's Work Presented—Attractive Programme Carried out, and the Music Was of a High Order.

Sackville, May 27.—The anniversary exercises of Mount Allison Ladies' College were held in Fawcett Hall tonight and proved to be very successful. The spacious hall was filled by an appreciative audience and the programme was of unusual excellence. The devotional exercises were conducted by Dr. A. D. Morton, of the Nova Scotia Conference after which the following programme was carried out:

- Anniversary Exercises.**
Part song—Blow Soft Winds, C. Vincent
Choral class and orchestra.
(Arranged for orchestra by Miss Ayer.)
Piano solo—Ballade in A flat—Chopin
Mabel Dixon
- Air—Le Parais d'Amor (Piano).**
Laura Wilson
- Violin solo—Adagio Rinaldo from Concerto in G Minor—Brahms**
Lennie Lushy
- Oratory—Bach's Scene from Romeo and Juliet—Shakespeare**
Mabel Dixon
- Overture—William Tell—Rossini**
Conservatory Orchestra,
Conductor, Miss Ayer.
- Vocal duet—La cenerentola (Don Giovanni)—Mozart**
Rita Chisholm and Earl Spence
- Reports, conferring of diplomas, etc.**
Cantata—Garden of Flowers—L. Denza
Choral Class and Orchestra.
Soloists—Misses Crosby, Douglas, Wilson and Clarke. Pianist—Prof. J. N. Brunton.
Conductor—Prof. Robert Pickard.
God Save the King.

Graduating Essays.
The Consolidation of Rural Schools—Vivian Annis.
The Maple Sugar Industry—Annie Blenkhorn.
Three Canadian Poets—The Sons of Three Sisters—Margaret Burgess.
Hobbies—Mary Lockhart.
Have We a Canadian Literature?—Jennie Burpee.
The Rivers of New Brunswick—Lena Huntley.
The Mount Allison Commemorative Exercises—Edith Hinton.
The Charm of the Annapolis Valley—Susie Margeson.
Life in a Railway Construction Camp—Alice Patterson.
Charlotte Bronte—Amy Patterson.
Tribute prize—Sisias Marner—Nan Gase.

Alumnae prize essay—The Development of Artificial Lighting—Miss Alice Patterson.
The music was lovely, perhaps the best heard at Mount Allison. The closing number, the cantata "Garden of Flowers" rendered by a chorus of one hundred voices, assisted by an orchestra of thirty instruments was charming and surpassed anything hitherto attempted at Mount Allison.

The Graduates.
Graduates in Mistress of Liberal Arts.
Edith Lantton Hinton, Sackville (N. B.); Mary Humphrey Lockhart, Moncton (N. B.)

Graduates in Household Science.
Two year Normal Course—Annie Elizabeth Read Blenkhorn, Nappan (N. S.); Lena Laura Huntley, Upper New Horston (N. B.)
One year Normal Course—Vivian Annis, Nictaux (N. S.); Margaret Florence Burgess, New Brunswick (N. B.); Jennie Muriel Burpee, Nashvaukas (N. B.); Susie Margeson, Berwick (N. S.); Amy Ann Patterson, Central Harstead (N. B.); Mary Alice Patterson, Salisbury (N. B.)

Graduates in Music.
Violin—Post Graduate, Honors Diploma.
Lennie Mott Lushy, Amherst (N. S.)
Organ—Teachers' and Soloists' Diploma.
New Course.
Jean Elder Allison, Sussex (N. B.)
Piano—Teachers' Diploma.
Mildred Meredith Walker, Fredericton (N. B.)
New Course.

Certificates.
The following received certificates: Miss Rita Chisholm completed the course prescribed for students in vocal culture; Miss Mabel Swan MacNeil has completed a household science course given by Misses Blenkhorn and Spence; Miss Marie MacNeil completed a household science course; Miss Marie MacNeil completed a household science course; Miss Marie MacNeil completed a household science course.

Principal's Report.
Rev. Dr. G. M. Campbell, the principal, in submitting his report, said in part: "The Ladies' College finished tonight the 58th year of its history, a good year in the number, age and quality of its pupils; in their average academic standing; in school spirit and appreciation of high standards of living, of working and of manners. The attendance has been good, the total enrollment was 406. The register of the household science department, the household science 113; the art gallery 94, making a total of 406. Of these students 205 were in residence and 201 day students."

Prizes and Scholarships.
Highest Average Prizes.
Prizes were awarded to the three students making the highest average in their studies for the year. These prizes were open for competition to those who take three or more subjects, as well as essay work, on the collegiate course. Marks for department are averaged in the general result.

Prizes and Scholarships.
The first prize is the Birks gold medal. This medal is offered for annual competition by Henry Birks & Sons of Montreal. Winner: Miss Jean Howard, Sackville (N. B.)
The second and third prizes, of \$15 and \$10 respectively, are known as the S. W. W. Pickup prizes. The sum of \$25 having been placed at the disposal of the faculty by S. W. W. Pickup, M. P., Granville Ferry (N. S.). Winners: Miss Mabel Cook, Fogo (N.B.); Miss Helen Clark, St. George (N. B.)

Students Concert.
PART I.
Piano Solo—Caprice Espagnol, Mozowski

To Be Made Dominion Immigration Agent in This Province.

THEN OF COURSE SHE SMILED.
The young wife, refused a new hat, bitterly complaining that she had a lot to put up with.

TO PUT THE LAW ON FORCE
Thursday, May 30.
Thomas Dean, R. H. Cash, James Williams, of the firm of F. E. Williams & Co., and Thomas Foley, of Main street, are being reported by W. Dunham, clerk of the market, for forestalling in the market Tuesday. The case will come up for hearing in the police court tomorrow morning.

OUR SNOBS.
Her Ladyship—Isn't that my gardener's daughter, Gies?
Gies—Yes, yer ladyship; quite a mistake, touching my way to 'er. Why, she's as poor as I be—Punch.

ROADS ARE IN BAD CONDITION

Have Not Been Worse in Past Ten Years in Some Places

WILL HELP FARMER
Mr. Copp's Policy is One of Practical Value—Mr. Slipp Discouraged—Got the Wrong Picture—The Sackville Convention—Mr. Flemming Turned Down.

GOT THE WRONG PICTURE.
Fredericton Mail—The local back organ publishes a snapshot of Premier Fleming holding the spade at the so-called ceremony at Woodstock last week. A snapshot of Mr. Harry Mead in the act of shaking his fist at the Premier is also shown. It is a very interesting exhibit.

MR. SLIPP DISCOURAGED.
Fredericton Mail—R. Slipp, M. P., has returned from Queens county, where he has been feeling the pulse of the electorate and incidentally making a few remarks. It is said that he found the people very much against him, and realizes that there is little hope of his securing reelection.

THE BAD ROADS.
At the Sackville convention, speaking of the condition of the highways, Mr. Killam said that he was sure the roads in Sackville parish had never been in so good a condition during the past ten years. Mr. Killam said that if his party were successful, he would insist on the roads being looked after, or he would withdraw his support.

MR. FLEMING TURNED DOWN.
Fredericton Mail—The Liberals have secured first blood in Carleton, Premier Fleming's own county. Mr. Fred C. Squires, a young law student, nominated last week, has been chosen for the seat of half of them, said Mr. Fleming of Centreville. Mr. White was offered the nomination at the regular convention but declined it. Now he has been chosen to represent the county in the legislature.

WILL HELP THE FARMER.
At the Sackville convention, Mr. Copp spoke of agriculture, and Premier Fleming pointing out that farmers in the province should have assistance from the government as well as new taxes. The time has arrived when these proposals should be taken into the interests of the farmers. If his party were successful, he promised that the best possible would be done in the interest of the farmer.

THE SACKVILLE CONVENTION.
(Moncton Transcript.)
The attendance was large, many farmers coming to the meeting, notwithstanding the fact that this is an extremely busy time of the year for them, and especially on a fine day this spring after so much unfavorable weather for farming. The fishermen, too, are busy at this time, notwithstanding the large number of the conduct of the present administration at Fredericton. Soon after two o'clock it was apparent that Rixon's hall, chosen for the convention was too small for the convention, making adjustment to a larger building necessary.

TORIES TO RUN OLD TICKET IN CHARLOTTE.
St. Stephen, N. B., May 27.—(Special.)—Delegates from all parts of the county supported here this afternoon at 2:30 o'clock to select four candidates to contest the county at the coming election. Hon. G. W. Gagnon was appointed chairman, and the organization of the delegates proceeded to ballot. The result was that the four old representatives were again chosen. They are Hon. George J. Clark, Hon. G. W. Gagnon, Hon. G. H. Grimmer, of this town; Dr. Taylor, St. George; Scott D. Guptill, Grand Manan.

A WINDSOR LADY'S APPEAL.
To All Women: I will send free with full instructions, my home treatment which positively cures Leucorrhoea, Chloritis, Displacements, Falling of the Womb, Painful or Irregular Periods, Uterine and Ovarian Tumors or Growths, also Hot Flashes, Nervousness, Headaches, Pains in the Head, Back or Bowels, Kidney and Bladder troubles, where caused by weakness peculiar to our sex. You can continue treatment at home at a cost of only 12 cents a week. My book, "Woman's Own Medical Adviser," also sent free on request. Write today. Address: Mrs. M. Summers, Box H, 70, Windsor, Ont.

ONLY 10 CENTS.
To quickly introduce our valuable medicine, we have filled 1000 bottles of our famous "SHILLY" medicine, and are giving them away for nothing. Send for yours today. Address: SHILLY MEDICINE CO., London, Ont.

AN OVERSIGHT.
"And I didn't see the lights to the book," he wailed—Harper's Bazar.

WANTED
FIRST or second class teacher wanted to teach of school after vacation. Apply to Percy Elliott, secretary of the Education Board, Victoria, N. B. 5511-6-19

WANTED—General girl. Mrs. Brook Rothney. 5322-6

WANTED—Cook, dining room girl, also general girl. Mrs. J. H. Roberts, Fairvale P. O., Rothney, N. B. 5150-6-5-w

WANTED—A woman for cooking and general housework in private family. Apply to Mrs. Manning, 100 Union street, Gagetown, N. B. 4638-6-1-w

WANTED—Second or third class female teacher. Send application to Isaac I. Brown, Lake Stream, N. B. 4684-6-1-w

WANTED—Two women and girls to work in their clothing factory at plant in Sackville. No experience required, weekly wages paid, and uniforms furnished. Apply to Mr. J. H. Munro, 80 Union street, St. John, N. B. 627-1-w

WANTED—A competent maid to act as general assistant with light housework. Apply to Mrs. Manning, 100 Union street, Coburg street. 12-3-1-w

AGENTS WANTED

PILOT SHIPS
Cited as Alone Promising Adequate Means of Safety for Liners.

(New York Tribune.)
To the Editor of The Tribune:
Sir: "The Savannah News" of today, the latest report before me of the terrible loss in the loss of the Titanic, is not read; it is too painful. It is a wholesome mind turns for some means of greater safety for "those who go down in ships." The need for international agreements upon some rule or rules self-evident, but what these rules should be is not so easy, and any suggestion, which ever it may be and from whatever source should be gratefully received.

The wireless telegraph, and in its application for notice of danger and in an adequate means for safety. To be found in the loss of the Titanic, and if the ship itself should meet with disaster, to break of telegraphic communication would be an indication to the following ship, to turn back, to come to its immediate relief. This would resolve itself into a question of insurance, and the pilot ship would be an underwriter's measure of responsibility. To this, in a certain sense, may be prescribed the custom of our writers in fire patrol wagons to save property and diminish their risk.
I do not feel that the same or any other idea, has occurred to any mind, and therefore the suggestion stands on its own merits.
JOSEPH T. TOMKINS,
Thomasville (Ga.), April 18, 1912.

FRICITION OVER ST. JOHN TICKET

Conservatives in Session Until Near Midnight Before Choice is Made

THOSE SELECTED

W. F. Hatheway Ignored in Many Ways and It is Rumored That He May Head an Independent Ticket—Many Ballots Taken—Potts and Mullin Turned Down for Tilley and Granman.

Wednesday, May 29. In a convention which lasted until midnight before the final choice was made after a bitter fight between many opposing factions, the government party nominated as their ticket for the city last evening the following: John E. Wilson, C. B. Lockhart, Philip Granman and L. P. D. Tilley. The county candidates chosen were Recorder Baxter and Thomas B. Carson, warden of the county.

The announcement of the choice of the convention will not be received with much enthusiasm by the rank and file of the party. After the balloting last night many of the delegates expressed the opinion that it was by no means a strong ticket but that it was the best that could be done under the circumstances.

Messrs. Wilson and Lockhart were chosen on the first ballot, while Mr. Granman's election was not secured until the third and Mr. Tilley won a place only after the sixth ballot had been taken, the delegates dividing almost equally between Mr. Tilley and ex-Ald. F. L. Potts. The friends of the latter were feeling very sore and many were heard to say they would not vote the full ticket.

Col. A. J. Armstrong had also been promised the support of a powerful wing of the party but he went down to defeat on the fifth ballot, only securing eleven votes. Several of the colonel's friends left the hall and did not vote on the last ballot.

The choice of Mr. Lockhart, dredging partner of Mr. Mayes who was defeated for re-election as an alderman after serving several terms at the council board and was also served by the party in the selection of candidates for the election in 1908, will be no strength to the ticket.

The split in the Catholic element as shown by the strong vote polled by Mr. Mullin on the first ballot will also be a weakness, and Mr. Tilley's nomination, which came almost as a surprise after his showing on the early ballots, will not be received very seriously. Mr. Wilson's re-nomination as the only survivor of the winning ticket of 1908 was expected, but Mr. Wilson's embroglio with the temperance people will lose him many votes.

With the announcement of a strong Liberal ticket it is generally expected that the city will return four opposition members.

Hon. R. Maxwell presided at the convention with J. E. Cowan, secretary. Resolutions expressing sympathy with the Flemming government, regret at the retirement of Hon. R. Maxwell, the illness of Dr. McInerney and governing the interests of the city were adopted, but no resolution was passed on the retirement of W. F. Hatheway and that gentleman's friends, with R. G. Murray as spokesman, came to the rescue with a laudatory motion.

Those Who Wanted It.

It was decided to have the candidates chosen by ballot and the names of 150 delegates or substitutes were read. M. W. Doherty, J. G. Harrison, F. C. Macneil, Florence McCarthy and T. H. Somerville were chosen scrutineers.

John E. Wilson, nominated by R. B. Emerson; Philip Granman, nominated by Dr. Thomas Walker; F. L. Potts, nominated by J. Herbert Crockett; J. C. Inches, nominated by D. Magee, of the north end; Daniel Mullin, nominated by Florence McCarthy; F. H. Elliott, nominated by R. B. Emerson; strong; L. P. D. Tilley, nominated by Dr. James Manning; Col. A. J. Armstrong, nominated by S. P. Gerow; C. B. Lockhart, nominated by W. J. Brown; H. H. Pickett, nominated by R. MacPherson; C. F. Inches, nominated by A. E. Prince; R. G. Murray, nominated by R. Cochrane.

Mr. C. Macneil declined to allow his name to be placed in nomination and Messrs. Pickett and Murray were allowed to withdraw by vote of the convention. George H. Maxwell was nominated as a labor candidate but declined very abruptly.

"I have no objection to being the candidate of the labor party," he said, "but this is no labor party." (Cries of "hear, hear, right you are, etc.")

Dr. Magee and Florence McCarthy were also nominated from the floor of the house but no notice was taken of these nominations.

It was agreed by resolution that a candidate should secure a majority of the vote cast to secure nomination, the low man to be dropped after the second ballot. The first ballot resulted as follows: Wilson, 133; Lockhart, 86; Granman, 72; Tilley, 53; Potts, 51; Armstrong, 50; Harrison, 37; Mullin, 25; Elliott, 34; Chesley, 18; Inches, 7. Total cast, 156; necessary to elect, 78.

Messrs. Wilson and Lockhart were then declared nominated.

The second ballot brought no choice, the result being as follows: Granman, 68; Potts, 45; Tilley, 42; Armstrong, 40; Elliott, 28; Mullin, 25; Harrison, 24; Chesley, 15; Inches, 0. Total cast, 154; necessary to elect, 78.

On the third ballot Mr. Granman secured just barely enough votes to secure nomination. Mr. Chesley and Mr. Inches were dropped and ex-Ald. Elliott retiring in a graceful fashion. The result was: Granman, 78; Potts, 65; Armstrong, 46; Tilley, 45; Harrison, 23; Mullin, 21. Total cast, 151; necessary to elect, 78.

Mr. Mullin was dropped from the fourth ballot but still there was no choice, the result being: Potts, 74; Tilley, 70; Armstrong, 11. Total 155; necessary to elect, 78.

The canvassers were busy among the delegates and the feeling broke out into cheers and counter-attacks for the two men remaining as the ballots were being taken. On the sixth ballot out of 150

votes cast, Mr. Tilley received 76 and Mr. Potts, 74. Mr. Tilley was declared the fourth man on the ticket.

Says Roads Are Bad.

The county nomination proceedings were very much as scheduled. W. J. Dean presided and G. Earle Logan acted as secretary. Warden Carson was nominated by Edward Boyle, seconded by Andrew Moore. Recorder Baxter was nominated by A. H. Clark and seconded by T. E. Bryant. The nominations were then ratified and speeches made by J. P. Mosher and the candidates. A reporter was in the room long enough to hear Mr. Mosher say that the roads in St. Martins parish were very bad and that he thought the highways in the rest of the province were all right.

The speeches at the city convention were of very poor order, being said without any announcement of the result of the balloting and very little attention was given the speakers. Messrs. Wilson, Lockhart and Baxter spoke briefly without saying anything of moment while Warden Carson and Major Fred H. Hart supplied the comedy. Warden Carson, as the candidate for the county, confided to the audience that he had not been beyond Fairville and knew very little of the lower end of the county. Major Hart who was called upon for a song but made a speech instead launched out into federal issues, and made many statements of great interest to the Liberals to which Premier Fleming is looking for support. "Keep the Conservative flag flying," he said, "and think of the good work done on September 21, 1911, and of another day in '78 when the same good work was done." Dr. Thomas Walker was also called upon. Mr. Granman was not present and Mr. Tilley did not risk a speech with the supporters of Mr. Potts ready to howl him down.

There were many calls for Mr. Hatheway but these the chairman steadily refused and the late member was also denied the privilege of being registered as a delegate and voting, although he asked that this county be extended to him. There were rumors that Mr. Potts and Mr. Hatheway may head an independent ticket.

It was nearly midnight when the result of the sixth ballot was announced and the crowd dispersed without a cheer.

DOUBLE STEAMSHIP SERVICE ACROSS BAY

Prince Rupert and Yarmouth Put on Route as Experiment.

A double steamship service between St. John and Digby was inaugurated yesterday when the steamship Yarmouth left this port at noon with passengers who had arrived in the city on the Atlantic express from Montreal. The service is regarded as experimental and for this reason it has not been advertised in advance, but railway and steamship men look forward to it as being permanent.

Under the new arrangement the Prince Rupert will continue to leave as at present, from St. John in the morning and from Digby in the afternoon on the arrival of the express from Halifax. The Yarmouth will leave St. John each day on the arrival of the C. P. R. express from Montreal and will leave Digby on the return trip the next morning.

As the C. P. R. has not yet taken over the D. A. R. the two services are being run independently, but under an arrangement which provides an excellent arrangement for passengers, the two companies will connect with the Yarmouth's trip so that passengers for Halifax will get right through. This will land them in Halifax at least an hour earlier than they would be if it is not known yet whether or not there will be a night train from Halifax to connect with her morning sailing from Digby.

CONTRACTS AWARDED FOR SUPPLIES AT CAMP SUSSEX

Contracts have been awarded for the supply of the troops at Camp Sussex. The successful tenderers are: G. B. Fenwick, Sussex, beef and mutton; J. A. McArthur, Sussex, groceries, hardware, hay, straw and oats; and Sussex Mercantile Co., bread. These necessaries will be furnished to the Army Service Corps, commanded by Major A. E. Masie, during the sixteen days of the camp, with the exception of the bread which will be made by the bakers attached to this body as soon as the ovens are placed in proper position, probably a few days after the camp opening.

An idea of the magnitude of the supply contracts may be had when it is considered that the daily issue of bread alone aggregates 4,000 pounds and that the issue of daily, while the other articles in the contract are in large quantities. The members of the Army Service Corps will be better able to handle the particularly large body under canvas this year owing to the fact that the recent school of instruction conducted here provided twenty non-commissioned officers and men. The A. S. Corps from this city has always occupied a prominent position among the service bodies throughout Canada, and with the increase in strength of qualified men, their progress this year should be more satisfactory than ever. They will enter camp two days before the regular opening.

A new departure this year will be the commencement of the 2nd Regiment of this city for five days from June 28 to July 2. Arrangements are now being made to have a large representation of the local regiment. It is probable that Colonel Humphrey, D. O. C. No. 6 M. V. will command this year's camp though orders to this effect have not yet been issued.

LIBERAL DELEGATES

A meeting of the Liberal delegates of Queens county is to be held at Gagetown on Tuesday evening, June 3, at 8 p. m. The St. John's Liberal delegates are to meet in convention at Keith's assembly rooms Friday evening at 8 o'clock.

The Young men's Liberal Club of St. John is to meet at Keith's assembly rooms this evening to elect officers and to elect delegates to the nominating convention.

THEIR REQUESTS NOT GRANTED

Government Turns Down the Wishes of the Temperance People

LATER NOT SATISFIED

Pledged Themselves to Support the Candidates Who Favor Prohibition—Deny Insinuation in Letter from Local Members—Discussed Matter at Largely Attended Meeting Tuesday Evening.

Wednesday, May 29. There was a largely attended meeting of the Temperance Federation in Christadelphian hall last evening, when the political situation was discussed, and it was decided that the members should take an active part in the coming election and support the candidates who would pledge themselves to support prohibition. Rev. H. R. Boyer presided. A committee, consisting of the following, was selected to wait on the local candidates, regardless of party, and endeavor to get them to pledge their support for prohibition legislation: J. Willard Smith, Rev. H. R. Boyer, J. M. Riley, C. F. McTavish, H. Cother, S. B. Bustin and F. S. Purdy. By a standing vote all present pledged themselves to support the candidates who would declare themselves for prohibition and work aggressively for their election. Committees were selected to carry on the campaign and the following are the chairmen: Public meeting committee, C. F. McTavish; publicity committee, E. W. Stockford; finance committee, J. N. Thomas.

General dissatisfaction was expressed with the contents of a letter received from the local members of the legislature. The letter was felt to be practically meaningless and the Temperance Federation with nominating members for the liquor license commission who had not carried out the duties of their office at all satisfactorily, and the members of the federation who understood that they had made only one nomination in recent years.

It was decided to have a special meeting at an early date at the call of the chairman.

The executive of the New Brunswick Temperance Federation is called to meet Friday afternoon to discuss the political situation in reference to prohibition. Dr. Horace C. Wetmore, dentist, has been appointed chairman of the liquor license commissioners to succeed J. B. Rev. W. R. Robinson was selected by the Temperance Federation for this position but the local representatives did not feel that such an appointment should be made.

LOCAL NEWS

The many friends of Capt. Thomas Clarke will be glad to learn that he is recovering from his recent severe illness and is now able to be about the house.

Schooner Jost, Captain Pettis, which arrived yesterday from Apalachicola, Florida, with a cargo of hard pine for J. A. Litcher reports the drowning of Mate McGrath at the latter port. It seems that he had left the Jost in a small boat one evening to visit the schooner Lavinia, lying close by. He did not return to the Jost and the crew were found floating next morning it is presumed the small boat, which was filled with rafting-chain, sank. The dead man was 37 years of age, and a native of Port Greville.

Well preserved at ninety-one, Sir Charles Tupper was seen by friends at the depot Tuesday evening as he returned to Montreal with his three sons, after attending the funeral of Lady Tupper at Halifax. The party was traveling in a private car of the Canadian government railway and was accompanied from Halifax to St. John by D. Pottinger, of the I. C. R. managing board. Sir Charles Hibbert Tupper, of Victoria, J. Stewart Tupper, of Winnipeg, and William Tupper of Montreal accompanied their distinguished father. Sir Charles was standing the journey well and is quite vigorous in health, although suffering from a slight cold.

The city commissioners are engaged in an investigation of the finances of the water department for the last couple of years. In 1910, with a revenue of \$180,538, the department showed a surplus of \$20,000. Last year with an increase of about \$4,000 in the revenue, the surplus dwindled to \$12,000. The commissioners are anxious to learn what there was in the cost of operation to justify this difference of \$16,000, and to learn whether the shrinkage of profits is likely to continue this year. The accounts of the department will be gone into carefully and an effort made to learn the exact reasons for the lessened prosperity of the department.

Dr. W. S. Carter, chief superintendent of education, was in the city yesterday en route home to Fredericton, after visiting the Kingston Consolidated school. Mr. Carter announced that Lieut. Governor Wood had informed him that he would continue the medals given to the student in each county making the highest marks for high school entrance. These medals were first offered by Lieut. Governor McClellan and have been continued by his successors. Mr. Carter said that a school holiday on Monday, June 3, the king's birthday, had already been announced.

Hon. Robert Maxwell, it is announced, has resigned as member of the provincial executive and will not be a candidate in the government interests in the coming election. It is said that John E. Wilson, M. P. F., may be a member of the cabinet without portfolio some time before election day. Mr. Maxwell, says report, is to receive a very substantial reward for his past political services and in recognition of his decision to spare the party the additional chances of defeat by again appearing on the ticket. It is said that he has his choice of waiting for a something like twice as much salary as he is now receiving, or accepting a position as inspector of concrete work on the Courtenay Bay contract for the dominion government at something like twice as much salary as he is now receiving, or accepting a position as inspector of concrete work on the Courtenay Bay contract for the dominion government at something like twice as much salary as he is now receiving, or accepting a position as inspector of concrete work on the Courtenay Bay contract for the dominion government at something like twice as much salary as he is now receiving.

Bedrooms that are little used need airing often; they must not be kept closed and darkened awaiting the occasional guest.

OBITUARY

Wm. F. Donnelly.

Tuesday, May 28. The death of William F. Donnelly occurred yesterday morning at his residence, 17 St. Andrews street. He was forty years of age and was formerly of Newfoundland. He is survived by his wife and three children; also one brother, James Donnelly, of this city.

Truman Williston.

Chatham, May 27.—The death of Truman Williston, son of James Williston, of Bay St. Vincent, occurred this morning in the Hotel Dieu. He was about twenty years of age and fell a victim to Bright's disease. He had been ill for some time and entered the hospital about a week ago. The body was taken today to his late home for interment.

Henry Nase.

Tuesday, May 28. Henry Nase, an old and highly respected resident of Nepesin Station, died there at 3 o'clock yesterday afternoon. He was a native of St. John. He was born seventy-five years ago. He was up yesterday and able to go for a walk about the grounds, but was suddenly stricken and died soon after. He leaves his wife and four daughters. The latter are—Mrs. W. J. McKenzie, of Portland (Me.); Miss Bertha, of Great Falls (Mon.); and the Misses Mabel and Estel. He is survived by a widely known man and there are many who will regret to hear of his death.

Michael Morris.

Wednesday, May 29. The death of Michael Morris occurred yesterday morning at his home in Pond street, after a brief illness. He was a native of St. John. He is survived by three daughters and three sons. The daughters are Mrs. P. J. Cox and Mrs. T. J. Dugan of this city, and Miss Mary at home, while Harry and William of this city, and Joseph of Boston are the sons. The funeral is to be tomorrow at 2:30 p. m. from his late home.

Leslie Mann.

Havelock, May 27.—Leslie Mann, twenty-one years of age, eldest son of Solomon Mann, of Mannhurst, died Friday of typhoid fever. His funeral took place in Kinnear Settlement on Sunday afternoon. Rev. Milton Addison, gave a very impressive discourse and was listened to by a large audience. Mr. Mann was held in high esteem by all who knew him. His father and mother are both stricken with the same disease, but are said to be out of danger.

Fanny Maud Scott.

Thursday, May 30. Friends and acquaintances of Dr. and Mrs. T. Scott, formerly of this province, were gathered yesterday for the death of their second daughter, Fanny Maud, which occurred at Port au Port, Newfoundland, on May 9. Dr. Scott formerly lived at Kingston (N. B.), and afterwards at Montreal, subsequently removing to Newfoundland. Miss Scott, who was a bright and talented girl, broke down over overwork while in New Brunswick. She had been herself to Newfoundland in the hope that a change of climate would be beneficial. Mrs. Scott, who is broken in health, is going to St. John's, N. B., where another daughter, Mrs. S. S. Spence, lives. Dr. Scott has retired his home at Port au Port and intends traveling in Newfoundland this summer.

Miss Blanche McEwan.

Chatham, N. B., May 29.—Miss Blanche McEwan, daughter of Mr. and Mrs. James McEwan of Duke street, died yesterday at the early age of twenty-two, after an illness of some months. Her father, Mr. James McEwan, is a well-known merchant and a member of the St. John's church. She was a devoted daughter and a member of the church. Her funeral will be held tomorrow afternoon.

Left Valise in Depot; Found It Gone.

A young man who arrived in the city yesterday evening, when someone carried off his valise containing some valuable marine instruments, including a quadrant valued at \$34 and compass worth \$28. The stranger arrived at the city yesterday afternoon and entered the gentlemen's waiting room in the Union Depot and placed his telescope valise, containing the instruments, on the floor. He went away with the intention of returning for it later. He came back last night and was surprised to find the valise missing. He searched everywhere, but could not find it. He did, however, find in the trunk a note which said that the valise had been stolen, but that in some way, it became exchanged for the one at the station, and carried off by mistake. Anyway he may have to wait till the property is returned before he can leave the city.

The Marriage Reference Case.

(Continued from page 1.) The solemnization machinery established by the province. "Third—And lastly for more abundant caution, it presupposes that all other relevant provincial requirements with one exception, to be mentioned in a moment, have been complied with. Unless the requirements of these three suppositions have been complied with the benefits of the bill cannot be obtained. "In short, the language of the bill is confined strictly to the object which it is designed to effect, and neither touches nor impairs anything but the difficulty which it is intended to remedy. "So that the situation is if he is right in his contention, that many of the inhabitants of Quebec have capacity, and capacity and impediment to confer upon such persons the capacity which my friend Mr. Mignault by his answer to the difficulty admits that they now lack, and to remove the impediment to their marriage which by his contention is imposed upon them." About the hardest man in the world to control is the man who is too easily led.—Detroit Free Press.

WEDDINGS
Foster-Frink.
A wedding of much interest was solemnized in St. John's (Stone) church Tuesday afternoon when William D. Foster, of the insurance firm of Machum & Foster, and one of the most popular of the promising young business men of the city, was united in marriage to Miss Myra H. Frink, daughter of Aronius (S.), a well-known merchant, and his wife, Mrs. Myra H. Frink. The ceremony and only relatives and immediate friends were present. There was a handsome display of flowers in the church in honor of the occasion. The bride was attired in a becoming traveling costume and was unattended. Harold Ellis acted as groomsmen. After the ceremony a dainty wedding luncheon was served at the home of the bride, and Mr. and Mrs. Foster left on the evening train on a honeymoon trip to New York and other cities. On their return they will reside for the summer at Duck Cove. Heartly congratulations were showered on the young people by a host of warm friends.

Benjamin Myers
Paradise (N. S.); Jean Best, Stanley (N. S.).

Thursday, May 30. A very interesting wedding, one somewhat out of the ordinary, took place in the Queen square Methodist church at 8:30 o'clock yesterday morning, the contracting parties being Miss Margaret Hatfield Baker, of Aronius (S.), and Francis Bournon Lovitt, of Yarmouth (N. S.). The bride and groom are both very young, the former being one of last year's Mount Allison graduating class, and the groom being only about nineteen years of age. The groom arrived in the city Tuesday with a letter of introduction to Rev. W. F. Gaetz, of the Queen square church, asking him to assist in securing him a marriage license. The wedding was fixed to take place some time during yesterday afternoon.

Thursday, May 30. The wedding of Mrs. Jessie Livingston Manson, of this city, daughter of Walter H. Livingston, of Millidge avenue, to John E. Theall, a former resident of St. John and now located in Parris, California, was solemnized Tuesday in San Bernardino, California. Mrs. Manson left St. John on Thursday last, accompanied by her sister, Miss Pauline W. Livingston, and, after a very pleasant journey across the continent, arrived in San Bernardino. There they were met by Mr. Theall, who had traveled part way to meet them. The ceremony was performed Tuesday evening and the party then left for Parris, where Mr. Theall has his home. Miss Livingston will remain in California for some time as the guest of her sister.

Law-Pudding.
Thursday, May 30. A very quiet wedding took place last evening at the home of the officiating clergyman, Rev. B. H. Nobles, when Henry Law and Bessie Pudding, both of Queenstown, Queens county, were united in marriage. The bride was dressed in a handsome traveling suit, and was unattended, as was also the groom. The happy pair
