home industry—we ask you to see
the quality of goods we manufacture
and get our quotations. Goods man-
ufactured by us are considered High
Grade in the leading cities of Canada.
Foreign woods imported direct from
the south.

MAIL ORDERS

We solicit out of Town orders, which receive
our personal attention. The length of time tak-
ing in fill orders is covered very largely by how
busy we are in the department of our factory in
which the particular goods are made. While
we have exceptional facilities for promptly
turning out goods, it is important to place or-
ders for goods in advance. Orders are filled
by us in the rotation in which they are received,
and customers can always depend on our doing
everything for reason to give prompt despatch.

OUR OFFICE IS CONNECTED WITH THE N. B. TELEPHONE BY TWO SEP-
ARATE LINES INSURING PROMPT ATTENDANCE.

MEETING OF TOWN COUNCIL TUESDAY

Vote to be Taken on Local
Option—Fire Committee Get
A Little More

O'LEARY STREET

A meeting of the town council
was held on Tuesday evening. His
Worship Mayor Andrew presiding.
There were present: Councillors
Pinault, Lunam, Alexander, Miller,
Sansom, White and Ellsworth.

The minutes of the previous meet-
ing read and confirmed.

A communication from the Audit-
or General in charge for certifying
of bonds was referred to Finance
Committee.

Letter from Jas. Adams tendering
his resignation as a policeman, was
laid on the table.

Communication from Silas A.

Perry of St. John and one from Wm.

Savoy making application for po-
sition as policeman, were referred to
Police and License Committee.

Communication from Mr. George

Sansom requesting permit for steam

laundry who referred to Fire Pro-
tection Committee and building
inspector to report back to council.

Communication from Mr. D.

Champonx requesting council to
appoint a representative to attend
meeting in New Carlisle on 19th in
connection with railway and other
matters. Councillor Pinault was
appointed to attend the meeting.

Reports from the various commit-
tees recommending payment of
accounts were received and adopt-
ed.

Councillor Pinault brought up the
matter of O'Leary street widening.
He informed the council that the
price wanted by Mr. Ellsworth for
twelve feet was \$2000, and that a
ten day option had been secured
through a third party.

Twelve feet was not enough but
Councillor Ellsworth was not will-
ing to sell fifteen feet, nor anxious
to sell twelve feet and the
price was the lowest figure he would
take.

After discussion a committee of
Councillors Alexander, White and
Pinault were appointed to go
further into the matter and report.

Councillor Alexander read his
report of the county council pro-
ceedings in January.

Town Solicitor McKenzie gave
his written opinion on the legality
of the liquor license petition present-
ed at last meeting.

It was moved by Councillor
Pinault, seconded by Councillor
White, and carried, that arrange-
ments be made for taking a vote on
the license question at the same
time as a poll is held for the election
of Mayor and councillors.

The fire department requirements
laid on table from last meeting were
then taken up. After much discus-
sion on these the committee were
authorized to purchase a fire alarm
bell and badges for the firemen.

Several annual reports were pre-
sented to council and were ordered
to be printed in the town book.

The recommendation of the Police
and License committee adopted at
last meeting relative to Chief Hughes
salary was on motion reconsidered.

On further consideration and
discussion it was moved and carried
that the chief's salary be increased
to \$1000 per year without resigning
the liquor license inspectorship.
Increase to date from April 1st, 1913.

The matter of the I.C.R. people
not complying with the by-laws of
the town, raised some interesting
points, especially the blocking of
crossings, which is an old offense of
the I.C.R. It was arranged that
the Town Clerk call the attention of
the authorities to the matters com-
plained of.

A report from the Police and
License Committee recommending
the appointment of Silas A. Perry
as policeman, salary \$50 per month,
was received and adopted.

Council adjourned.

**CANNOT SEND A
NATIONAL TEAM**

The council of the National Rifle
Association announced that it was
reluctantly compelled, owing to
lack of funds, to decline the Ameri-
can invitation to send a team to
participate in Ohio in September.

SCHOOL GIRL HAS SERIOUS ACCIDENT

Horse Running Through
School Grounds Knocks
Child Down Breaking Leg

On Wednesday forenoon a rather
serious accident occurred at the
school grounds whereby Ethel San-
som, aged 13 had her left leg broken
and her hip and head bruised.

Two teams driven by Mr. Jas.
Hachey were taking a short cut by
driving through the school grounds,
where the children were playing at
recess time, and the leading horse
being unattended took fright at
something and booted, knocking the
girl down and inflicting the injuries.
Mr. Hachey was in the rear team,
and the leading horse was upon the
girl before she could get out of the
road. The injured girl was immedi-
ately taken to her home and medi-
cal aid summoned. She is now mak-
ing satisfactory progress.

Some comment has been passed
on the street as to the fact of teams
crossing the school grounds, and
other private property, and some
notice should be taken of this.

According to law, such persons
are committing trespass, and notice
of driving regulations should now
be made public.

VICTORIAS STILL UNCONQUERED

Campbellton Hockey Team
Still Continues to Sweep
All Before Them

Campbellton hockey team by con-
sistent play have shown that they
merit the highest position, and are
on a plane with the best amateur
teams in the provinces.

Last Friday they defeated a
strong team from Laval University
Quebec, by 4 to 1, a goodly crowd
viewing the match.

On Wednesday evening the strong
going Marysville seven were enter-
tained here, and went down to de-
feat just as the others.

The game was strenuously fought
out on soft ice, and it was 21-2
minutes before Matthews made the
first tally, the bell ringing before
the team got back to centre ice.

After the interval Wade for
Marysville, got through and notched
their first point, and five minutes
later, Fraser after a clever rug, and
shot scored number two for the Vics.

The game was slowing down the
conditions of the ice affecting the
players, but the much needed tiltup
was given when Wade scored the
second goal for the visitors which
many claimed was not in the net.

Delaney scored the third goal for
the Vics, five minutes before the
end, the final score reading 3-2.

The game was comparatively
clean, although the penalty timers
got some work to do, two Vics and
three Marysville players warning
the bench for odd moments for min-
or fouls.

WRECK ON I. C. R. AT NEWCASTLE

Newcastle, N. B., March 10.—A
wreck on the main line of the I.C.R.
near Derby Junction blocked traffic
for about eight hours and delayed
the Maritime this morning. A car
on McKenzie's special, which passed
here about one o'clock, left the
rails at the "Y," just outside the
Newcastle yard, but kept its position
in the train along the sleepers and
across the northwest bridge till it
reached the switch at the Junction.
Here it rolled off the track and six
cars were piled up, but no one was
hurt. A wrecking crew was at once
sent from here, and the track cleared
by 10 o'clock.

NEW POLICY FOR THE CROWN LANDS

All Licenses to be Renewable
Yearly for Long Term Periods
—Re-survey Provided for

SEPARATE LEASES

(Special to Graphic)

Fredericton, March 13.—In the
Legislature this afternoon Premier
Flemming will introduce a bill en-
titled, "An Act respecting the crown
timber lands of the province."

The bill provides a new policy for
the administration of the crown
timber lands in New Brunswick, and
is one which carries out the promises
given by the Premier to the differ-
ent delegations who have waited up-
on the government.

In the bill there are a number of
distinct innovations. The interests
of the large limit holders are reason-
ably protected, while at the same
time the so-called small operators
are to be given a reasonable
opportunity for successfully carry-
ing on the operations of their mills.
The principal provisions of the
bill are:

Provision for the encouragement
of the establishment of pulp and
paper industries in the province so
that New Brunswick may have the
benefit of having its raw products
manufactured within its borders.

Two classes of licenses will be
issued on and after August 1st next,
viz:

(a) The pulp and paper license.
(b) The saw mill license.

The pulp and paper license, renew-
able from year to year for a period
of thirty years, may be extended
for a further period of twenty years
subject to the payment of a bonus
for a thirty years privilege and at
the expiration of that time of an-
other bonus for the next twenty
years.

The saw mill licenses are renew-
able from year to year for twenty
years, and may be extended for a fur-
ther period of ten years, with bon-
uses payable for the privilege of each
period the same as with the pulp
and paper license.

Present license holders must notify
the Surveyor General by June 15th
next that they will come under the
new licenses on August 1st 1914, or
continue under the existing licenses.

The bonuses to be paid per square
mile under the new leases shall be
payable as follows: Pulp and paper
licenses one-third each on August 1,
1913, August 1, 1923, and August 1,
1933; saw mill licenses, one-half
each on August 1, 1913 and August
1, 1923.

The power to determine the stump-
age rates and make regulations gov-
erning the crown lands is affirmed
in the lieutenant governor-in-coun-
cil.

As a provision for the encourage-
ment of conservation of the forests,
operators who will set aside certain

LADIES HOCKEY AT RINK TO-NIGHT.

The University Girls Will Be
Royally Treated—Dance
in Masonic Hall.

For the Ladies Hockey match
tonight in the skating rink, the
ladies club have spared no pains to
make it a success.

Tickets have been largely sold,
the ladies pushing the sale with
great energy and a good gathering
is expected to-night.

After the game, an impromptu
dance will be held in the Masonic
Hall for which a limited number of
invitations have been issued, the
chaperons being, Mrs. West, Mrs.
A. E. G. McKenzie and Mrs. Lun-
am.

Coffee and refreshments will be
served by the ladies.

The following is the line up of
the teams:—

U.N.B.	Campbellton
Alma Gale	Goal
Beatrice Carlton	Point
Ina McKnight	Cover
Ethel Anderson	Right Wing
Gertrude Lockary	Left Wing
Hazel Lingley	Centre
Freda Russell	Rover
Spare for U.N.B.	Ruth Fish

WEDDING ANNIVER-

SARY CONNAUGHTS

Ottawa, Ont. March 13.—His
Royal Highness the Governor
General of Canada and the Duchess
of Connaught today entered upon
their thirty fifth year of married life.
Their wedding took place in St.
George's Chapel, Windsor, March
13, 1879. The Duke was then
twenty nine years of age and the
bride was nineteen. The Duchess-
before her marriage was Princess
Louise of Prussia, daughter of
Prince Frederick Charles, one of the
most illustrious commanders of the
Prussian army.

lands for a period of twelve years
before the expiration of their leases
and not cut off them but allow
them to reproduce, are to have the
privilege of cutting these lands for
ten years after the expiration of the
lease without payment of a bonus
and by paying only a stumpage
and mileage fee.

A survey, examination, and
classification of the crown lands of
the province is to be completed by
August 1st, 1917, one year before
the present leases expire.

Provision is made that in the
event of the survey, examination
and classification of the crown lands
showing that the present license
holders have a fair lease on territory
producing more lumber than is
necessary for their needs, a portion
of these lands not exceeding twenty
five per cent can be taken out of
the existing lease and leased to mill
owners upon the application to the
lieutenant governor-in-council.

LONG SESSION WAS BROUGHT TO END

Scenes in the House of Commons at Midnight Saturday.

Ottawa, March 9.—Parliament's long week session came to an end at midnight Saturday when the Speaker left the chair. The midnight adjournment was witnessed by a great throng of sightseers who filled all the galleries and looked down with eager interest at the scene on the floor of the green chamber. Mr. F. B. Carvell was the last of the speakers. He was holding the fort when midnight approached, and Hon. Premier Borden moved the adjournment.

"I presume we will continue this discussion on Monday," observed Sir Wilfrid, with a smile.

"As soon as the government orders are reached we shall proceed with this Bill," replied the Premier. "I declare this House adjourned till Monday at 8 o'clock," declared Speaker Sproule.

Both sides of the House began to cheer. The Liberals sang "God Save the King," and the Conservatives also took up the strain. Thereupon the Liberals sang "O Canada," and the Conservatives attempted to drown them with "The Red, White and Blue," and followed it with "Good Night, Ladies," and "Rule Britannia."

COUNTY COURT CASE ADJOURNED

In the county court, St. John the case of the S. Haywood Company vs. David A. Stewart came up but was adjourned until the 26th inst. This is an action brought to recover \$230 for 150 barrels of cement. The defence is that the goods were delivered F. O. B. St. John instead of F. O. B. Campbellton. The amount in dispute is about \$40. G. Earle Logan, for the defendant, in asking for a postponement Monday morning, read an affidavit setting out that the defendant, who is a necessary witness to the case, is a member of the legislative assembly. H. H. Pickett appeared for the plaintiff.

CHATHAM ACCEPTS
Chatham, N.B., March 4.—I noticed in your paper of March fourth a statement of Campbellton's willingness to play the Chatham, hockey team on neutral ice. I hereby accept the challenge and we will play Campbellton in Fredericton any day next week. Sandy Staples or Geo. Trites to referee. (Signed) E. W. WATLING, Captain.

FOR PEACE RIVER
Winnipeg, March 5.—Father Giroux, a Jesuit missionary, is here from Duluth, with sixty-two of 1,500 settlers he is bringing to the Peace River country. They left after for Athabasca Landing, where they will go by sleighs to Gravel, 300 miles further north. The party is made up of French Canadians from Maine, New Hampshire, Rhode Island and Massachusetts.

AGRICULTURAL SOCIETY
The residents of Campbellton and vicinity have sent the proper requisition to Fredericton for the forming of an agricultural society. This society hopes to stimulate interest in farming in all its branches. The membership will be open to all. W. D. Dundas, Esq., has the matter in hand.

SCHOOL BOOKS.

We now have in stock the full line **Government School Books** And many others in use in the public schools. Sent to any address upon receipt of price and postage. All School Supplies Wholesale and Retail. **STANDARD BOOK STORE McDonald Building.**

BOY OF FOUR KILLS HIS LITTLE SISTER

Used Revolver Owned by His Father Who is a Policeman.

New York, March 12.—Henry Correll, four years old, shot and killed his sister, Helen, twenty months old, in their home, at 204 East 124th street, using a revolver owned by his father, Herman, a policeman attached to the Delancey street station.

When Correll returned home at 8 o'clock, he placed his revolver in a bureau and went to bed. His wife soon afterwards went shopping, leaving the children playing on the floor. Correll was awakened by a shot. Running into the dining room he found his daughter lying on the floor and his son running about excitedly. On the floor was the revolver. The bullet had entered the left eye and passed through the neck.

The policeman carried Helen into an adjoining apartment, occupied by Mrs. Mary Eckhart. The child was dead when Dr. Sayle of Harlem Hospital arrived.

Mrs. Correll returned a few minutes after the fatal shot had been fired. She became hysterical.

Chamberlain's Cough Remedy has won its great reputation and extensive sale its remarkable cures of coughs, colds and croup. It can be depended upon. Try it. Sold by all dealers.

CHARLOTTETOWN CATHEDRAL BURNED

St. Dunstan's Roman Catholic Cathedral, Charlottetown, one of the finest in the Maritime Provinces, worth three quarters of a million dollars, was totally destroyed by fire Saturday morning. There was a high wind blowing, and nothing was saved. The Bishop's Palace adjoining caught, but was saved. The fire started at the furnace at 12.35 a. m., and at 2.30 it was still burning. The Cathedral was built by the late Bishop McDonald. The interior was only finished a few years ago. It was the architectural pride of the City and Province. The vault contains bodies of the late Bishop and several clergymen. The building was of freestone, and a slate roof, with spires 170 feet high.

OBITUARY

It is with sincere regret that we announce the death of Mr. Thomas McLellan, which took place at his home in Caplin River on March 5th. Heart trouble and complications were the cause of his death. Deceased, who was 68 years of age, was the son of the late Wm. McLellan of Girvan, Ayrshire, Scotland, and for 38 years conducted a general store.

Deceased was a friend to all and the community has suffered a severe loss by his death. His was the hand that was ever outstretched, and willing to help those requiring assistance. His ear was ever open to the cry of poverty or distress, and although he lived so much in the hearts and minds of his fellowmen, it was not until his death that they felt what a space he had filled. In the language of Goldsmith we may truly say, "a man he was to all, a country dear."

He leaves to mourn his loss a widow, daughters, Mrs. H. M. Dimock, Mrs. G. M. Giller of New Richmond; Mrs. Thomas Ellsworth of Campbellton; Wanda, of Worcester, Mass.; Effie and Ethel at home, and two sons, Ephraim and Herbert, besides five brothers and one sister.

The service was largely attended in spite of the inclement weather and was conducted by Rev. W. B. MacCallum at the home and concluded at St. Andrew's church, New Richmond, in the presence of a large assembly who gathered to pay their last tribute to his memory.

The pall bearers were William, George and Robert MacLellan, H. M. Dimock, Gordon Giller and Thomas Ellsworth.

Much praise is due Rev. Mr. MacCallum for the impressive service and our heartfelt sympathy is extended to the sorrowing widow and bereaved family.

Not now, but in the coming years, It may be in a better land, We'll read the meaning of our tears, And then sometime we'll understand.

"NA-DRU-CO" DYSPEPSIA TABLETS

Proved of Great Value to Me

There is only one explanation for the numbers of enthusiastic letters that we receive praising Na-Dru-Co Dyspepsia Tablets, and that is that these tablets certainly do cure any kind of stomach trouble. Here is a typical letter from Miss Eliza Armstrong, Canoe, N.S.: "It is with pleasure I write to inform you that your Na-Dru-Co Dyspepsia Tablets have proved of great value to me. I tried remedy after remedy but without any lasting good. Having heard of your tablets curing such cases as mine I decided to give them a fair trial. They proved satisfactory in my case." The remarkable success of Na-Dru-Co Dyspepsia Tablets is such a success as can only come to an honest remedy, compounded according to an exceptionally good formula, from pure ingredients, by expert chemists. If you are troubled with your stomach just ask your Druggist about Na-Dru-Co Dyspepsia Tablets, compounded by the National Drug and Chemical Co. of Canada, Limited, and sold throughout the Dominion at 50c a box.

Twin Boys as Housebreakers
John Hackett and James Hackett, twins, aged thirteen sons of a miner, of Lumphinans, Scotland, were sent to Parkhead Reformatory School for five years for housebreaking. There were seven charges against the lads.

Nelson Relics Sold
Nelson relics, consisting of a Worcester porcelain tea-cup, coffee-cup and saucer, and other pieces, part of a service presented to the admiral by the nation, were sold at auction for \$725, and an old English cut-glass runner with Nelson's initial brought \$125.

Oldest Sunday School Teacher
Mr. Rowland Williams, Pontfard, Dojelly, 92 years old, is said to be the oldest Sunday school teacher in Wales, having been a teacher at the Salem C.M. School for the last sixty years. His one peculiarity is that he hates wearing an overcoat.

Dual Samaritan
A farmer injured on the roadside near Tanderagee Castle, Ireland, was lying unconscious when the Duke of Manchester, His Grace, after administering first aid, hurried into Belfast to seek medical assistance. Later the farmer died, and the Samaritan was found wearing a dual identity.

Made Notes on Palm of his Hand
How a man used the palm of his hand as a notebook at Greenwich Police Court giving evidence against a man who was fined \$50 for betting. The constable stated that the accused, having received a coin from a man, wrote something on the palm of his left hand. After his arrest the names of three horses were found written on his palm.

New London Catholic Hospital
Cardinal Bourne was entrusted by a lady, who desired her identity be remain a secret during her lifetime with the erection of a new Catholic hospital in London. A site was secured at Dollis Hill and the hospital will cost approximately \$75,000. By desire of the foundress, French-speaking nuns will be given preference as patients.

A Dangerous Weapon
A striking exhibition of the qualities of a rifle which had already caused the death of a boy was inadvertently given at an inquest at Lea Hall, Lincolnshire. The coroner asked Mr. Mackintosh, the owner of the rifle, to give a demonstration of its working, after receiving an assurance that the weapon was unloaded.

Hospital on Roman Cemetery Site
How a Chester hospital was built on the site of a Roman cemetery was related at a lecture at Chester by Dr. J. Elliott and Professor R. Newstead. Among the relics of the Roman occupation that were discovered in the excavations for an extension of the hospital Professor Newstead found in a layer of charcoal an iron spear-head, encrusted with rust, in which was embedded a piece of Uppurware of the Roman period.

From March to Farm
The land in Kent County, Ont., near the lighthouse on Lake St. Clair, which has been considered nothing but a worthless marsh was purchased by a Toledo syndicate that will conduct farming operations on a modern and large scale. The land is being reclaimed for agricultural purposes and it is expected to turn out to be the most productive in the district.

Seat for Boats
A wire frame, partly covered with canvas, the invention of a New Brunswick man, forms a back rest for a boat seat, which can be snapped into place in an instant.

Cheap Heating
Several churches in Switzerland are heated by electricity, obtained from nearby waterfalls.

Two Plucky Fests
Two gallant acts in one day brought an appropriate acknowledgment at a Woolwich court, when the coroner presented William Youngman, an excavator, with the certificate and bronze medal of the Royal Humane Society.

A boy was drowning in the river and a man who went to his rescue also got into difficulties. Youngman jumped into the water with all his clothes on and rescued both.

An user later Youngman was passing the same spot, and hearing that two boys had just gone under, he again plunged into the water. After diving repeatedly he had to relinquish his efforts.

On nine previous occasions he was instrumental in saving lives.

FACTORY GROWTH IN EASTERN CANADA

Remarkable Increase in Manufactures in the Past Ten Years as Shown by the Census

The census of the manufactures of Canada, 1911, reflects the very substantial industrial development of Quebec and the Maritime Provinces during the past decade. Here is the story in brief, showing the percentage of increase since 1901:

NOVA SCOTIA	
Establishments	26 per cent
Capital	139 "
Employes	22 "
Salaries and wages	100 "
Value of products	130 "

NEW BRUNSWICK	
Establishments	26 per cent
Capital	74 "
Employes	12 "
Salaries and wages	45 "
Value of products	70 "

PRINCE EDWARD ISLAND	
Establishments	32 per cent
Capital	8 "
Employes	11 "
Salaries and wages	19 "
Value of products	34 "

QUEBEC	
Establishments	36 per cent
Capital	130 "
Employes	44 "
Salaries and wages	91 "
Value of products	121 "

The comparative figures of the manufactures in the four provinces in 1900 and 1910 were as follows:

	1900	1910
Establishments	1,188	1,480
Capital	\$34,586,426	\$79,696,341
Employes	23,284	28,795
Salaries and wages	5,613,671	10,628,955
Value of products	23,592,512	58,706,184

NEW BRUNSWICK	
Establishments	919
Capital	\$20,741,170
Employes	22,168
Salaries and wages	5,748,990
Value of products	20,972,470

PRINCE EDWARD ISLAND	
Establishments	334
Capital	\$2,051,766
Employes	3,604
Salaries and wages	445,998
Value of products	156,287,994

QUEBEC

Why should any other cereal be called "just as good" as

Kellogg's

CORN FLAKES

Because Kellogg's is known to be the best and most nutritious cereal on the market—
Because the sale of Kellogg's Corn Flakes is enormous as trade returns will show—
Because another large modern factory, the best and most sanitary in Canada had to be built to take care of our constantly increasing trade—
Because the imitator, knowing these facts and having few selling arguments for his own product thinks to create a market for it by comparing it to Kellogg's:
But—the flavor and the sustaining qualities of Kellogg's Corn Flakes cannot be counterfeited. Sold in big packages at 10c. Look for the signature.

NEW SCALE WILLIAMS PLAYER PIANO

New Scale Williams 88 Note Player Piano plays all music, exactly as written. With this masterpiece of piano-playing construction in your home, you are not confined to certain classes of harmony, but have the world's literature of music at your pleasure.

The New Scale Williams Player Piano is really two instruments in one. By a simple adjustment, it can be changed to be played as any ordinary piano, and by the same attachment reversed, can be changed back to the player.

Everything is so simple that even a child may play the most difficult pieces without understanding the technique of music.

There is one feature about the New Scale Williams Player Piano which no other instrument in the world does, or can, possess.

This is the full, rich, mellow, ringing, singing tone of the New Scale Williams Piano.

But, above all, with the New Scale Williams Player Piano, you get the New Scale Williams Piano. This is an ideal combination—a musical, architectural and mechanical triumph.

Perhaps you have not had the opportunity to become an expert judge of music. Our illustrated Booklets will tell you a lot of things you should know about the piano you buy. Write for free copies—and our easy plan of partial payments.

LADY SCOTT HAS HUSBAND'S JOURNAL

London, March 10.—Lady Scott has cabled from New Zealand to Reginald Smith, that her husband's journal is in her possession, "excellent and complete."

The whole journal will be published by Smith Elder Co. The Strand magazine will print two, or perhaps three preliminary articles.

LADY HOCKISTS

The U.N.B. Ladies' Hockey team are coming to Campbellton. Friday March 14th, to play against the Campbellton Marathons. The Campbellton young ladies, although this is their first winter at the sport, are improving with every practise and we can promise you a most exciting game. The team is being chaperoned by Mrs. West, daughter of Professor Bailey of the U.N.B. Miss Freda Russel is Captain of the U.N.B. team while Miss Francis Fish is Captain of the Campbellton ladies' team. The following is the line up of the Marathons:

Goal	Etta Mowat
Point	Muriel Mowat
Cover	Constance Murry
Centre	Francis Fish
Rover	Glady Kean
Left Wing	Mary Graham
Right Wing	Mona McLennan
Referee	Frank Champoux. Penalt
	ty Judge: Estelle MacKenzie, Business Manager T. Ross.

CONNAUGHTS TO LEAVE OTTAWA

Ottawa, March 10.—The Duke and Duchess of Connaught will leave Ottawa in the middle of this week. After spending two or three days in Montreal, they will sail on March 17 from Halifax for England. The duke is expected to return to Canada at an early date, but it is expected that the duchess will return to Ottawa again.

Their departure, owing to the illness of the duchess, will be of a quiet nature and marked by no ceremony.

THE CANADIAN MAGAZINE for March, contains an article by G. L. B. Mackenzie, in which the writer refutes the statement made by Mr. Henri Bourassa that the French-Canadians were loyal to Britain in 1775. "But when we come to examine the evidence bearing on the attitude of the Canadians at this crisis we find that it points overwhelmingly to the conclusion that the great majority of the Canadians were disloyal to the English Crown and that Canada remained in the Empire not, as Mr. Bourassa would have us believe, through the loyalty of the Canadians but on account of the military vigour and ability of the defenders of Quebec and the mismanagement of their cause by the Americans."

And to bear out his conclusions he quotes from the records of Chief Justice Hey, Sir Guy Carleton, M. B. deau, a notary of Three Rivers, General Montgomery and others.

Moncton may ask for legislation to provide for compulsory attendance at school of boys and girls between the ages of six and fourteen. St. John, Fredericton, Newcastle and Chatham now enjoy such legislation.

SCHOOL REPORTS

The Graphic has in stock a printed school reports suitable for monthly examination. These reports are used in all up-to-date schools and keep the parents in touch with the school work of their children. Sample sent to any teacher on receipt of a post card.

"ROUGH ON RATS" MAN IS DEAD

Trenton, N. J., March 10.—E. S. Welles, who made a fortune out of the preparation known as "Rough on Rats," of which he was the originator, died at his home in Glenmoore, N. J., on Sunday. He was born in Morgantown, W. Va., seventy two years ago.

A TALE OF WOE

Can't Carry Jugs, Dimes Have Taken Wings, Needs Another Mule and Things

The woes of the overburdened mail carrier since the parcel post law went into effect are faithfully depicted in a letter received today by Representative Thomas W. Hardwick who is informed by his constituent that Congress has placed the rural mail carrier in "a devil of a fix" and that immediate relief is sought.

The letter, which Mr. Hardwick regards as a gem in its line is from F. T. Deacon, of Irwinton, Ga., and reads, in part, as follows:

"I seat myself with pen in hand to write you a few lines to let you know that you have played the devil with me. I am the m. il from Mc Intyre to Irwinton, and I took the contract to carry the mail three times a day, distance three and one-half miles, for \$819 a year. At that time the express company was doing a pretty good business and I got 10 cents and a drink for every jug."

"You fixed the laws so I couldn't carry the jug, and now you have fixed up a thing calling the possum post and the express company does not handle any more small packages, nor do I handle any more dimes. When I made this contract I could carry the mail in a road cart and a Texas pony and haul the express on the side; now the express has shrunk and this post business has swelled so I have to get a mule and waggon."

"Now, when I made this trade to carry the mail I didn't know anything about the darn foolishness of sending live stock and farming implements through the mail. I thought that this was just campaign talk and had no idea that Congress would be fool enough to pass any such law. I ain't a man to quit his job, and I never get my bondsmen in trouble, but I tell you this thing is getting serious, and I want some help."

"You have just about ruined the express company and you have worse than ruined me. The express company has made enough to quit, but I not making a good square living at first, and now I am working for nothing and feeding myself. I wouldn't mind working three more years for nothing, but the feed is about out."

"Can't you make some arrangements about this thing? You know they should not add the express business to my mail contract. If you know of any relief, study it up and write me. I know that Uncle Sam doesn't want one of his hard-working citizens to do the express companies' business for nothing. I am willing to do the work if you will get me a pair of mules."

"See the man who handles the money up there and ask him if he will not raise my wages or cut Mc Intyre and Irwinton off from the post business."

Many sufferers from rheumatism have been surprised and delighted with the prompt relief afforded by applying Chamberlain's Liniment. Not one case of rheumatism in ten requires any internal treatment whatever. This liniment is for sale by all dealers.

TO BE EXTRADITED

Halifax, N. S., March 5.—Judge Wallace today made an order for extradition of Jack Wren, a young American on the charge of murdering John Hamilton, railroad construction foreman at Hindsdale, N. H.

DALHOUSIE, N. B.

A concrete milk-house makes milk worth more

PEOPLE are willing to pay more for milk that comes from a clean, sanitary dairy. In nearly every city such dairies charge from 50 per cent. to 100 per cent. more than others—and even then they can't supply the demand for pure, high-grade milk. You will get more value out of your cows if you properly cool and store the milk. Such milk is not only more wholesome—and therefore can be sold for a better price—it is also slower to sour than milk handled by ordinary methods. Ask for the free book,

"What The Farmer Can Do With Concrete"

It will tell you how to build a concrete milk-house, and also describes scores of other uses for concrete around the home and on the farm. It is not a catalogue. Its 160 handsomely illustrated pages are devoted entirely to the subject—in which every progressive farmer is interested.

YOU do not place yourself under the slightest obligation in asking for the book. We do not even ask that you agree to use cement. Just sign the coupon attached to this advertisement, or send your name and address by letter or post card, and the book will be mailed to you at once. Address:

Publicity Manager
CANADA CEMENT COMPANY LIMITED
512 Herald Building, Montreal

When you buy cement, remember that the Farmers of Canada have found that "Canada" cement is best for the kind on every bag and barrel.

For Dyspepsia

If you suffer Stomach Trouble, and you try our remedy, it won't cost you a cent if it fails.

To prove to you that indigestion and dyspepsia can be thoroughly relieved and that Rosall Dyspepsia Tablets will do it, we will furnish the medicine absolutely free if it fails to give you satisfaction. The remarkable success of Rosall Dyspepsia Tablets is due to the high degree of scientific skill used in devising their formula as well as to the care exercised in their manufacture, whereby the well-known properties of Bismuth-Subnitrate and Pepsin have been properly combined with Camminative and other agents. Bismuth-Subnitrate and Pepsin are constantly employed and recognized by the entire medical profession as invaluable in the treatment of indigestion and dyspepsia. Their proper combination makes a remedy invaluable for stomach relief. We are so certain that there is nothing so good for stomach ills as Rosall Dyspepsia Tablets that we urge you to try them at our risk. These sizes, 25 cents, 50 cents, and \$1.00. You can buy Rosall Dyspepsia Tablets in this community only at our store:

THOS. WRAN,
Campbellton, New Brunswick
The Rosall Store
There is a Rosall Store in nearly every town and city in the United States, Canada and Great Britain. There is a different Rosall Store for nearly every ordinary human ill—each especially designed for the particular ill for which it is recommended. The Rosall Store is America's Greatest Drug Store.

TWO POLICEWOMEN DETAILED IN OTTAWA

Ottawa, March 10.—Two police women, Mrs. J. J. Cheney and Miss Florence Campbell, were sworn in by Chief Ross this afternoon and detailed for duty on the local police force. The appointments were made by the Police Commissioners at the request of the local Council of Women. The appointees have been energetic workers for the Women's Hostel and Travellers' Aid Society here, meeting all trains and looking after women and girls around the railway stations. Their police duties will consist of similar work.

A FIREMAN'S PERIL

How Zam-Buk Delivered Him.

At 215 Fraser Ave., Edmo., n. Alta., lives W. P. Mahy, a former member of the local fire brigade, who has wonderful cause to be thankful for the curative powers of Zam-Buk. He says: "A serious skin disease broke out on my face, and spread until I was in a terrible state. The spots and little ulcers were frightfully irritating, and yet when scratched or rubbed they bled and smarted. Shaving caused me agony, and sometimes I had to go two weeks without a shave. I tried home-made remedies, herb salves, and various other preparations, but the sores got no better. When Zam-Buk was mentioned I had little faith that it would be able to do me any good. My case seemed such an obstinate one. I gave it a fair trial, however, and the first box made such a wonderful change for the better that it gave me encouragement to continue. I did so, and to cut a long story short, Zam-Buk, in the end, quite cured me. My face is now clear of all traces of the terrible disease, which troubled me for so long."

Thousands of sufferers from eczema, blood poison, ulcers, chronic sores, piles, ringworm, cold sores, cuts, burns and skin injuries, have been relieved and cured, as was Mr. Mahy, by Zam-Buk. As a balm for all skin injuries and diseases it is without equal. All druggists and stores at 50c box, or post free from Zam-Buk Co., Toronto, for price. Refuse harmful substitutes.

CURLERS WIN OUT AT DALHOUSIE

Four rinks of Curlers paid a visit to Dalhousie on Wednesday, of last week, two rinks playing in the afternoon and two in the evening. Campbellton won out by 10 shots. Scores:

CHEAP FARES FOR EASTER HOLIDAYS

For the Easter holidays the usual holiday excursion rates will prevail on the Intercolonial Railway between all stations on the line and to points on connecting lines. Round trip tickets at one way fare will be issued March 20th to 24th good for return March 26th. 14c.

POULTRY METHODS

Below we give the record of a pair of nine White Orpingtons belonging to Mr. Frank Smith, a New Brunswick farmer, who conscientiously endeavored to produce the best result possible from a small flock. The record established does not furnish anything specially remarkable, but the account is interesting, if for no other reason than that which pullet was named, and the owner has been able to give the time each commenced to lay and the number of eggs laid up to a certain time. Mr. Smith states that at the time these birds started laying it was from 20 to 25 degrees below zero. In January he received 97 eggs from the five oldest. Following is the interesting record:

	At 1 yr. old.	At 1 yr. & 1 wk.
Queen	65	89
Edina	109	139
Diana	71	89
Mamie	61	80
Juliette	60	82
	At 1 yr. & 3 wks.	
Red Wing	55	57
Beauty	123	132
Annabel	105	119
Bunch	40	52
Total	689	839

The development of industrial centres in the East makes this branch of farming of prime importance in the East. The factory worker and his family must be fed and the poultry farmer is assured good prices for his products in our rapidly developing manufacturing centres.

BASIS OF BUSINESS

President Taft Says It is a Protective Tariff

One of the most striking features of the recent United States Presidential campaign is the tenacity with which the three candidates have adhered to the principle of moderate protection as the basis of the country's policy. In speaking on the tariff question last year President Taft said: "The business of the country rests on a protective-tariff basis. The public keenly realize that a disturbance of business by a change in the tariff and a threat of injury to the industries of the country ought to be avoided, and that nothing could help so much to minimize the fear of destructive changes as the known existence of a reliable source of information for legislative action. The deep interest in the matter of an impartial ascertainment of facts before any new revision was evidenced by an effort to pass a tariff-commission bill in the short session of the Sixty-first Congress, in which many of both parties united."

In his reference to the Wilson tariff of 1894 which gave manufacturers free wool but provided for duties on woollen manufactures the President said: "It is the only experience we have had for a generation of a radical revision of this schedule, and, without exaggerating its importance, one decided to a moderate protection policy may well hesitate before giving approval without full information to legislation which makes a more radical reduction in the protection actually afforded to manufacturers of wool than did the Wilson Act."

The above maxim is one that should seriously be considered by each and every Canadian citizen, for it is one of great moment and importance to the condition and welfare of our country seeks to attain. The result of purchasing abroad goods and materials which can be supplied at home is strikingly displayed by government statistics, which form sufficient evidence to prove that Canada is not in the position it should command through its trade and commerce. To purchase beyond the country's means will in time cause results of a noticeable character and this is being done at present at a rate unsatisfactory to Canadian industry. Money expended in this way must cause a reaction sooner or later, and the credit of the country must naturally be impaired as in the case of any individual who spends beyond his means. Expenditure must be concentrated and made in the country in which it is earned, before the effect of original earnings will accumulate. In purchasing goods abroad, Canadian raw material and labor must naturally become less desirable. Attached to such a condition of affairs are unsatisfactory labor conditions, poorer grades of material and other accumulated effects. It is clearly the duty of patriotic citizens of Canada to build up a country where money can be secured at any time it is desired, but with expenditure being kept outside, no security can be given and conditions must deteriorate.

"BUY CANADIAN-MADE GOODS"

The bar room is a source of evil, and its victims who annually cling to the path of downfallen humanity is enough to cause any man of sound mind and heart to shudder. Let us ask men who in the past were addicted to drink what they will say, and ninety-nine out of every hundred assume that liquor is a curse; it beats out all the noble powers of the heart, paralyzes its sensibilities to human woe, severs the sacred ties that bind man to man, to woman, to family, to community, to moral, to religion, to social order and country. Let each and every one endeavor to help and speak in favor of those who are striving to quell the tide of destruction which inevitable threatens (under the banner of the so-called today pessimistic leader) to engulf the youth, the true prime feature of manhood in the abyss of immorality and intemperance and the one and only means is to prevent the sale of alcoholic drink. To do this we must not appeal to those who are fond of drink and are in authority, but to those who are even ready to join the fight since its motto is "The betterment of our country in general and our people in particular."

PETER A. FORAN

LETTERS TO THE EDITOR

AN INSIDE VIEW OF DALHOUSIE SPORTS

Re, that game of hockey that took place at Dalhousie, in which a Dalhousie team played the Campbellton Bakers on Saturday, March 8th, 1913.

On Friday morning last the captain of the Campbellton Bakers telephoned one of the directors of our rink, asking if he knew if they could get a friendly game of hockey on for Saturday evening with some Dalhousie team. He was directed to one of the town boys who belonged to the Dalhousie hockey club, and takes great interest in good manly sport. He promised to do the best he could, and this he did without fear and favor and although our boys suffered defeat they took it like gentlemen, they treated the Campbellton boys after the game the best they could under the circumstances, although they were greatly disappointed by some members of the club who promised to help entertain the visiting team after the supper had been served, but who did the disappointing act.

This young man who tried to get a team together to play the Campbellton boys is now being hauled over the coals for taking affairs in his own hands (Those that are doing all the talking let them be known as quitters).

Although the Dalhousie boys had to get town boys who didn't belong to hockey club it wasn't their fault. Now they are being roasted by this certain bunch of quitters. These quitters belong to the club, yet when asked at the first meeting how chances would be for outside games, said they wouldn't play, (as they were afraid of being hurt). Some yellow streak they have, Eh? These are the young men "Now that the game is over" who are kicking about not being asked to play in the said game. This bunch is the crowd that used to come to hockey practice once every two weeks or so when it was cold to hang around street corners.

Then some of these would wend there way over to the rink to practice. When these toughs put in their appearance, they would try and see how many they could dump over the boards, then after practice one would hear them blowing about the dirt they pulled off, although they usually get the worst of it. These are also the bunch that were crying "Make it tough" to the Dalhousie team and whooped with joy when one of the Campbellton players, "Mowatt", was struck accidentally with the puck some class to this bunch of soreheads?

Is it any wonder Dalhousie cannot go in for good, clean, manly sport? If some of our men of influence would take more interest in hockey, baseball, etc. there would be less crime around our town among the juniors. Why don't our prominent citizens try and give the boys a hand in getting a baseball field for the spring, it would certainly keep most of our boys away from the street corners, shacks where booze is being sold, etc. Enough said. Thanking you Mr. Editor for the valuable space I have taken up in your paper.

Sincerely yours,
ONE THAT KNOWS THEM ALL

Dalhousie, N. B., March 11th, 1913

Grand Casapedia, March 9th, 1913.

To the Editor of the GRAPHIC

Dear Sir:

A few days ago in one of your recent issues I was somewhat astonished to read what certain people tell us regarding liquor; at first one is inclined to censure their opinion, when they speak in favor of licenses to sell alcoholic drink, since drunkenness (regarded as a curse today and at all times) can be traced invariably to the bar-room with its glittering attraction which inevitably leads to intemperance and further more every species of offense on the black catalogue of crime may be traced to the so-called bar-rooms as the entering wedge to its perpetration.

The bar room is a source of evil, and its victims who annually cling to the path of downfallen humanity is enough to cause any man of sound mind and heart to shudder.

Let us ask men who in the past were addicted to drink what they will say, and ninety-nine out of every hundred assume that liquor is a curse; it beats out all the noble powers of the heart, paralyzes its sensibilities to human woe, severs the sacred ties that bind man to man, to woman, to family, to community, to moral, to religion, to social order and country.

Let each and every one endeavor to help and speak in favor of those who are striving to quell the tide of destruction which inevitable threatens (under the banner of the so-called today pessimistic leader) to engulf the youth, the true prime feature of manhood in the abyss of immorality and intemperance and the one and only means is to prevent the sale of alcoholic drink.

To do this we must not appeal to those who are fond of drink and are in authority, but to those who are even ready to join the fight since its motto is "The betterment of our country in general and our people in particular."

CROWN LANDS

The St. John Globe in an able editorial on the above subject says:

An influential delegation of lumbermen a few days ago requested the Provincial Government to make an early statement of its future policy with reference to the Crown Lands, and at the same time strongly urged that some system of perpetual leases would be best. The men who made this request were representatives of the larger operators. The Premier, in answering them, gave assurance that before the present session of the Legislature is prorogued there will be made announcement of the Government's intentions. To-day a deputation of what is called the smaller operators are representing their views to the Government. They protest against a long term or perpetual lease policy and urge that it will be better to inaugurate a system of short term leases. Between these totally divergent views the Government has to decide and it is not an easy task. The men who ask for a long term or perpetual lease, hold out the hope that with the assurances of a permanent supply of raw material, which their policy will give, it will be possible to induce capitalists to establish in the province immense pulp and paper mills and so bring about the employment of much labor. They also suggest that with practical ownership of the forests the lumbermen will protect and conserve them, and so the province will benefit in two ways. The smaller operators reply that in the first place it is wrong to create a practical monopoly by placing in the hands of a favored few the valuable timber areas owned by the province, giving them a privilege which, as the years go by, will become increasingly valuable and which can be bartered for enormous profit. They further contend that the aggregate capital invested in the lumber industry in New Brunswick by the class of men they represent exceeds by a very considerable extent that of the larger operators and so from the standpoint of material advantage the weight of argument is on their side and they ask that the Government so frame its policy that their present status will be protected and that it will be possible for them to secure an adequate log supply in the succeeding years. Five years yet remain before existing leases, which were of twenty-five year's duration, will expire, and while the delegation that asked for long leases, made a strong point of an early announcement of Government policy, because of the necessity of arranging financial matters with the banks, it does not appear that any interest will really suffer it a longer time is taken to study the whole situation than the few days now remaining before the close of the session of the Legislature. Possibly the Government is in possession of the information necessary reach a decision.

That anything in the nature of a monopoly must be avoided, all will agree, and whether the decision is for long leases or short leases, it would seem to be wise to impose some restrictions as to extent of any holdings. Possibly it will be possible to work out a plan whereby no lessee will get more than enough land to reasonably supply, in its annual growth, the demands of his mill, and so make the land do as much as is possible for all who want timber. The argument that under perpetual leases there will be better protection than if the limits are sold for short terms only, does not appear to be very forceful one, for after all the real measure protection will be the Government regulations with reference to the size of the log to be cut and the manner of clearing up after the choppers. These and other regulations for fire protection, etc., can be as rigorous or as easy as the Government chooses, and enforcement or non-enforcement will depend not on the lumbermen, but on the Government officers. It will be just as easy to demand observance of these laws from short term as from long term owners and perhaps a little easier, for the Government is almost sure to take a keener interest in the management of a property it not only collects stumpage from, but also expects to sell every few years than it will in a property in which it has only a stumpage interest. Whatever the decision with reference to the Crown Lands, it should be along lines that will prevent a monopoly that will ensure the fullest measure of conservation and the widest possible use of the annual timber growth for the lumbermen of New Brunswick, whether they be big operators or small operators.

tions, etc., can be as rigorous or as easy as the Government chooses, and enforcement or non-enforcement will depend not on the lumbermen, but on the Government officers. It will be just as easy to demand observance of these laws from short term as from long term owners and perhaps a little easier, for the Government is almost sure to take a keener interest in the management of a property it not only collects stumpage from, but also expects to sell every few years than it will in a property in which it has only a stumpage interest. Whatever the decision with reference to the Crown Lands, it should be along lines that will prevent a monopoly that will ensure the fullest measure of conservation and the widest possible use of the annual timber growth for the lumbermen of New Brunswick, whether they be big operators or small operators.

THE INTERCOLONIAL

The Ottawa Free Press expresses the view that the frequent statements made in the press about the sale or lease of the Intercolonial Railway, and which are promptly denied, are put forth with a special purpose, which is to get the people of Canada familiar with the idea of selling or leasing the government road. The Free Press points out that great pressure was brought upon the Liberal government to get it to assent to the lease of the Intercolonial, but that it steadily refused. Apparently the interests that would like to secure the government road believe that they have more to hope for with Mr. Borden at the head of the government than they had when Sir Wilfrid Laurier was premier. Hence, since the Borden government has been in power, the rumors of the sale or lease have appeared more frequently.

In the following paragraph the Free Press sums up the situation: "The Intercolonial Railway is intimately associated with confederation, and with the subsequent growth and unity of Canada. To sell or lease it would be worse than a crime; it would be a national blunder of first magnitude. The crop of rumors as to the possibility of this step have not been issued idly; some of the shrewdest observers in Canada are patiently noting every comment, in order to advance a 'rush' proposition at the most favorable moment. In the meantime they were waiting, as they can well afford to wait, for that moment to arrive."

LIPTON AGAIN FOR THE AMERICA CUP

Challenge is Likely to be Accepted—Size of Boats Considered.

New York, March 11.—The challenge made by the Royal Ulster Yacht Club on behalf of Sir Thomas Lipton for a race next season for the America cup, will be formally discussed to-night by the members of the New York Yacht Club. Although it could not be promised today that a decision as to the acceptance or rejection would be reached tonight, it seemed certain that the terms of the challenge will at least become public after this meeting.

The report that a yacht to be seventy-five feet on the water line is the proposal of the challenging club, if this proves to be the proposal, will be the feature on which the principal discussion will hinge. It was said in yachting circles today that members of the New York Yacht Club were generally opposed to the seventy-five foot boat. Sir Thomas is privileged to bring a seventy-five foot yacht as a challenger, but the club can insist on defending the cup with a ninety footer. If these two yachts race with the usual time allowance, the ninety footer would have to concede much time to the smaller yacht, and the allowance would be close to twenty-six seconds a mile or, on a thirty mile course, about thirteen minutes.

Yachtsmen generally think that a vessel like the Reliance in average weather, could allow a seventy-five footer that amount of time and win, but it would not be a very interesting contest, and would rather belittle the contest for such an important trophy as the America's cup.

Those yachtsmen who favor racing with a seventy-five footer, think that it would be for the improvement of the sport and that several yachts would be built.

ANOTHER TRIBUTE TO LATE MAYOR

The following is a copy of a resolution passed by the municipal council of the township of Mann, at their general session held at Cross Point on Monday, March 3rd, 1913.

Be it resolved, That this council desires to place on record the sincere feeling it has for the town of Campbellton in the loss it has sustained through death of its chief executive, F. M. Murray.

Resolved, That it extends to his wife and family its deep sympathy in this the hour of their bereavement.

And further resolved, That a copy of this resolution be sent to the Town Council of the town of Campbellton, one to the family of the deceased, and a copy to the Campbellton Graphic.

J. ANNINGSOON

FISHING LEASES BRING BIG FIGURES

Max M. Mowatt Bids in One For W. A. Black

Fredericton, March 12.—At the Crown Land office at noon to-day three salmon fishing leases in the Upsalquitch river were sold at public auction, leases are to run for ten years each and will expire on March 31st, 1923, and give exclusive right to fish with the rod only. The first lease was from the mouth of the Upsalquitch river to the mouth of Polands brook. The upset price was \$600, and it was finally bid in by Mr. Max Mowatt of Campbellton for Mr. W. A. Black at \$800. The second lease was from the mouth of Boland's brook up stream three miles, including Caribou pool. Mr. H. F. Puddington, Rothesay, bid this in for Mr. James F. Roberts. John, at \$200, the upset price being \$150. The liveliest bidding took place for the third lease on three miles above the mouth of Boland's brook to the Forks, including the first ten miles of the Northwest and Southwest branches, but excluding their tributaries. This was finally bid in by Mr. D. King Hazen, St. John, acting for Mr. Ambrose Morrell, 43 Exchange Place, New York. The sum paid was \$2,010, the upset price being \$1,600.

PROVINCIAL APPOINTMENTS

The Royal Gazette this week has the following appointments: Northumberland Co.—John McPeake O'Brien, to be Justice of Peace and a Commissioner for taking affidavits to be read in the Supreme Court. Restigouche Co.—Hugh Archibald, of Shannonvale, to be Liquor License Inspector in place of John Craig, removed from office for cause. Jas. F. LaPointe, to be a Justice of the Peace.

TO FILL UP

How often do editors receive articles for publication from people "just to fill up" your paper as they express it. When these items contain live news the editor has to plot and scheme to procure space for even live news items. Last week the Graphic was forced to hold over more than five columns of news matter already set in type, from lack of space. This crowding was due to a rush for advertising space late in the week. This week extra pages are being printed to relieve the pressure on our news columns.

WILL GIVE \$500 TO SICK READERS OF GRAPHIC.

Famous Scientist Who Originated the Now Wonderful "Home Treatment" Offers \$1.00 Package Free to Sick and Ailing.

In order that every reader of the Graphic, who may not have heard of this wonderful "Home Treatment" may have an opportunity to test this celebrated medicine, the now famous scientist, Dr. James W. Kidd, offers to give absolutely free a full size \$1.00 package to five hundred readers of this paper, to prove the wonderful claims which have been made for it. In making this offer the scientist said: "I know that there are many people who have been suffering for years with some chronic disease and many of them have spent large sums of money seeking a cure. I know that these people hesitate about investing money in medicine because they have despaired of ever getting well. Thousands have told me that story and many thousands of the same people have told me afterwards that my treatment had cured them after doctors and everything else had failed. I want to prove to a limited number—no matter what the disease, no matter how long they may have suffered, no matter how blue and discouraged—that my treatment really and actually does accomplish the wonderful results that have been reported."

Coupon CB---245 For Free Dollar Treatment.

Dr. James W. Kidd, Toronto, Canada.

NEW RICHMOND

The death of Mrs. William Kerr, one of our oldest residents, occurred at her home on Monday Feb 17th, after a long illness. Deceased was of years of age and was highly respected by all who knew her. She leaves to mourn her loss a large family. The funeral took place on Wednesday in the Presbyterian church of which she was a member. The service was conducted by Rev. W. B. MacCallum.

Interment which took place at the Presbyterian church yard was attended by a large circle of relatives and friends.

We are pleased to see that Mr. J. Robertson is out again after being confined to his residence from injuries which he received some time ago while out driving.

Mr. James Henderson has gone to Ont. where we understand he has taken a contract in bridge work.

We are glad to learn that the S. S. Canada will be placed on the Campbellton and Gaspe route this summer as in former years.

Montgomery and Son's have shipped several car loads of lumber during the winter. They have also completed their lumbering operations and have installed a new engine and boiler in their mill and other machinery which will no doubt add greatly to their season's cut.

NEW RICHMOND STATION

We regret to record the death of Mrs. N. Boissonneault of New Richmond who died February 28th, at the age of 84. The funeral which was largely attended was held on the 28th inst. Rev. Fr. Fortin, conducting the service. The pall-bearers were, Messrs. Geo. and F. Boissonneault, Nip. Normandeau and Jacob Allard.

Mrs. Patrick McGovern who at one time resided in New Richmond passed away to her rest last week at Dalhousie. She will be much missed by her friends in New Richmond.

Mr. Jos. Belanger was in New Richmond for a few days attending the funeral of Mrs. N. Boissonneault.

A large number of men are employed hauling lumber and loading cars for the Montgomery & Sons Co.

Mr. J. Cool of Grand Cascadepaid New Richmond a flying visit last week.

Mr. N. LeBlanc has purchased a valuable horse from N. Cyr of Black Cape.

Large quantities of ice are being hauled from the Bonaventure Little River and being stored for summer use.

It was rumored that the New Richmond hockey team intended challenging the Campbellton champions, but so far this has not materialized.

BLACK CAPE

Some very interesting races took place at the Black Cape rink on Saturday night, but owing to the cold night and the bad condition of the roads, the crowd was not so large as we expected. However a good time was spent by all present. The following are the prize winners:—Potato race, Jos. Cyr; Snow-

shoe race, Arthur Cyr; Barrel race, Jos. Cyr; Ladies' Couple race, Maude and Bella Johnston; Gents' race, Earl Campbell; Ladies and Gents Couple race, Janet Burton and Earl Campbell; Boys' race, Jos. Cyr.

Mr. Alfred McWhirter left on Thursday for Campbellton.

We regret to record the death of Mr. Thomas McLellan, which occurred at his home in Caplin River on Wednesday, after a lingering illness. The funeral took place on Friday afternoon and was largely attended. Much sympathy is felt for the bereaved family.

BONAVENTURE

On February 22nd passed quietly away, Mr. Ange Poirier, at the age of 89.

Owing to the snow storm of the 2nd inst., the hockey match that was to be played at Duval's rink, Little Bonaventure, had to be delayed till the 9th.

The many friends of M. M. Peter Bourdages and D. N. Cadoret regret to hear that their health has not been good of late, and wish them a speedy recovery.

LITTLE RIVER EAST

News is not very plentiful just now and business has been very dull the last weeks.

Some of our lumbermen are back from the lumber camps. Amongst them are Simon and Max. LeLievre Jr. who are back from the Ottawa districts.

Isidore Couture is just back from Anticosti Island and reports wages very good over there and lots of work.

Very few commercial men passed through here lately. Last week Ganimice representing the well-known firm at Ganone's passed through on his way up Gaspe.

Mr. S. N. Scott passed here on Monday on his way up from Gaspe. He is well-known on the Gaspe Coast.

Sylvan Lancup general merchant was up to Grand River on Monday on a business trip.

A Victor-Victrola gramophone sounds very well on a calm night and wakens up these dead-like souls we have around. Thank you mister Hawthorn.

It is runoured another election before many years.

Mr. Napoleon LeLievre one of our local fishhuyers is preparing for the season by building two new boats. Mr. LeLievre bought last year for the first attempt and succeeded very well.

We are having very quick mail service. Trains only run every two days from New Carlisle. It is rumoured a flag station will be installed here before long.

Mr. Ollivier Couture, P. Master, St. Isidore was in town on business last week.

Fubulus Kerr from Caplin River passed through here on Friday on his way to Gaspe.

We've "Shown" Ontario Let Us "Show" You

A series of striking stereopticon views—photos of concrete roads already built—shown on a screen as part of our Good Roads Exhibit, was one of the most talked about features of this recent Good Roads and Motor Show in Toronto. Visitors from all parts of Central Canada were in the crowds that viewed our Exhibit. These same slides, as well as the complete Good Roads Exhibit, will be a prominent feature of the

St. John Roads and Motor Show

St. John, March 29th to April 5th, in Queen's Rink

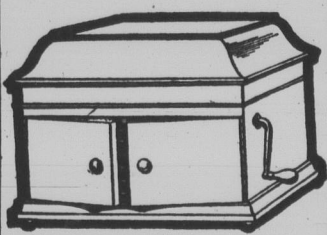

You can't afford to miss this exhibit and it would be worth your while to come to the Show for this alone. A more interesting exhibition of modern road-building methods, was never gathered together.

The booth is in charge of road experts, who will be glad to give you complete information and to explain every detail of road models. These models show the details of construction, from beginning to end of the road-making process.

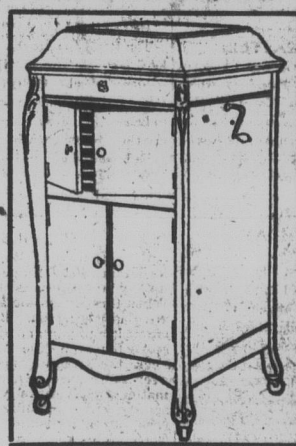

If you have a "road problem" at home, take it to them—they are there to answer questions and will help you to a correct solution without the slightest cost or obligation.

If you cannot visit the show, write us for complete information and literature on good roads. It will show you how and why Concrete is solving the world's road problem.

RELIGIOUS CENSUS IN THE DOMINION

Ottawa, March 10.—The census department has issued its bulletin on religions as enumerated in the census of 1911.

The Anglicans increased in ten years by 53,05 per cent; Roman Catholics, 26,06; Methodists, 17,87; Presbyterians, 32,39; Baptists, 20,33; and Salvation Army, 82,71.

The totals of the principal denominations are as follows.—

Anglicans	1,043,017
Baptists	382,666
Congregationalists	34,054
Jews	229,696
Methodists	1,079,892
Presbyterians	1,115,824
Catholics	2,833,041
Unitarians	3,324
Salvation Army	18,834
Doukhobours	19,493
Evangelicals	10,595

In the ten years the Catholic population increased by 603,44; Anglicans, 361,524; Lutherans, 137,840; Methodists, 163,006; Presbyterians, 272,882.

You can say goodbye to constipation with a clear conscience if you use Chamberlain's Tablets. Many have been permanently cured by their use. For sale by all dealers.

W.C.T.U. COLUMN

This department is conducted by the local Union, and is under the charge of an Editor appointed by them. This Editor assumes the responsibility for the statements and articles which appear in this column.

The Standard of St. John, gives the corrected figures for the recent election in Ontario. In order to change the conditions in any municipality in Ontario, 60% of the vote must lie one way.

Only one municipality, that of Acton, secured the necessary majority to revert from prohibition to license. Twenty-six reached the needful percentage for doing away with license; thirty-seven gave a majority on the same side, but not one sufficiently large. The remaining thirteen voted for the retention of license.

Of the four hundred municipalities under prohibition, only twenty-two had contests. As before stated, only one reverted to license. The net result is four hundred and twenty-five now under prohibition, and fifty-one still under license. It is to be remembered that thirty-seven of these rolled up a majority against license although they could not touch the 60 per cent mark.

We are coming dry under a law which requires three fifths of the total vote cast to make a change from license to prohibition, back to license.

PUSH FACTORY LIFE

Western Boards of Trade Want Industrial Activity Stimulated.

The people of Western Canada, particularly those in towns and cities are alive to the necessity of developing activity in manufacturing in the West. This subject was one of the chief topics of discussion at the convention in Moosejaw of the Associated Boards of Trade of Western Canada. A resolution was adopted calling upon the Governments of Manitoba, Saskatchewan and Alberta to emphasize technical education as a means of stimulating industrial activity on the plains. The resolution expressed the desire of the West to work up its own raw materials into manufactures for the local outside markets, thus conserving for the prairie most of the profits and by-products which now go to waste. The resolution recited the fact that nine-tenths of the youths of Western Canada wish to go into industrial careers. If these are to be kept at home and not lost to the United States, the establishment of manufacturing industries beyond the Great Lakes must continue to be fostered by moderate protection. In supporting the resolution, Mr. J. C. Chaplin, of Moosejaw, declared that no country could become great without manufactures. "The cities," he said, "are crying for industries, and the whole (Western) country is in need of industries."

RHEUMATISM KEPT HIM IN BED

Suffered Tortures Until "Fruit-a-lives" Cured Him

McMILLAN'S CORNER, ONT.

Start, 30th, 1910
"Your remedy, 'Fruit-a-lives' is a perfect panacea for Rheumatism. For years, I suffered distressing pain from Sciatica or Sciatic Rheumatism, being laid up several times a year for days at a time. I went to different doctors who told me there was no use doing anything—it would pass away. They gave me mustard plasters and other remedies that did no good. Plasters took no effect on me—except to blister me and make raw spots. I took many advertised remedies without benefit, but fortunately, about two years ago, I got 'Fruit-a-lives' and they cured me. Since then, I take 'Fruit-a-lives' occasionally and keep free of pain. I am satisfied 'Fruit-a-lives' cured me of Rheumatism and they will cure anyone who takes them as directed. If this letter would be of value to you, publish it." JOHN B. McDONALD.
Indeed, this letter is of value to us and to the thousands of sufferers from Rheumatism, Sciatica, Lumbago and Neuralgia. It points the way to a certain cure. 50c a box, 6 for \$2.50 trial size, 25c. At dealers or from Fruit-a-lives Limited, Ottawa.

BAD FAILURE IN QUEBEC CITY

H. M. Price & Co., Lumber Merchants, Went Into Liquidation

Quebec, March 7.—Much surprise and a good deal of sympathy has been caused in local commercial circles by the failure of H. M. Price & Co., lumber merchants of this city, with liabilities to the extent of \$400,000. A few days ago the Eastern Townships Lumber Company made a demand that the firm should go into liquidation, and in accordance with this demand the company to day consented to abandon their property for the benefit of their creditors.

SUFFRAGETTES REAPING SAD CROP

The people in England have at last turned against the suffragettes, and are giving them some of their own medicine. Crowds are assembling whenever a meeting is called, and the speakers are howled down, and only escape violence because the police are on hand to protect the militants. There can only be one end to this warfare—the defeat of the sisters of destruction. For the strongest and ablest women are no match for an angry man when it comes to rough and tumble. The suffragettes are reaping the crop they sowed.

BIRD FLEW FROM ENGLAND TO NATAL

London, March 10.—Results of great interest to bird lovers are being obtained from the "ringing" of birds which is being carried on a large scale in England. Some 32,000 of these rings have been affixed, and the bird wearers are being recaptured in places far remote from the spot where they were "ringed."

At a farmhouse on the Kooodeyand Farm, some eighteen miles from Utrecht, in Natal, was captured on December 23 a swallow bearing on its leg a metal label with the words "Whiterby, High Holborn, London," and the number B 830. The ring was sent to England, and has been identified by Mr. Whiterby as one which on May 6, 1911, was placed on an adult swallow at Rosehill, Cheadle, Staffordshire, by J. R. K. Masefield. The bird, which thus made a journey of some 6,000 miles, was one of a pair which nested in Mr. Masefield's porch, and the other bird was ringed at the same time. Mr. Masefield at the same time ringed two other birds, and one of these returned to nest in his porch in the following summer.

MOUNT ALLISON UNIVERSITY

The first graduating class of Mount Allison University obtained their degrees in 1863. It is the intention to hold in May of this year a re-union of all graduates who have passed through the university since that time, to commemorate the fiftieth graduation. Students representing practically every year are to be found scattered through Canada and it is anticipated that the proposed re-union will be one of very great interest. There is the hope, too, that at this meeting the University authorities will be in a position to announce that they have secured sufficient additional endowment to justify those extensions of the work which have been in contemplation for years. These extensions will include the establishment of a chair in Biology so that Mount Allison students may be able to place themselves on a par with those of other colleges upon entering McGill medical courses. There will, it is hoped, be some announcement of the establishment of additional chairs in Philosophy and Arts, and assistance to the present over-worked staff of instructors. These changes will however, mean a lot of money and the quarter million which it is hoped to raise in the coming forward movement will not be any too much for all that is contemplated. Yet in view of the very great importance of Mount Allison to the Maritime Provinces and to Canada as a whole, it is not anticipated that there will be any serious difficulty in securing the necessary endowment. The total enrollment in the University, Ladies College, and Academy this year is something over seven hundred, of which number three hundred and thirty are students in the University. This is in very marked contrast to the first graduating class which numbered only two.

Yet the financial growth of the institution has not kept pace with the development along other lines. It is true that the Ladies College with its able faculty in the Conservatory of Music, and its splendidly equipped Art School, has been able to carry on its work with a fair financial success, but in the University different conditions have had to be met, and in spite of the most careful system of management, the revenues of the institution have not been sufficient to meet the ever-increasing cost of operation. Mount Allison while a denominational college, has never applied denominational tests, either in the case of the professoriate or the student. And make the claims upon denominations, as an important factor in the educational life of Canada. Mount Allison means too much to the business and intellectual life of Canada to be allowed by her old students to drop behind in the race.

Campbellton Real Estate!

The following is a partial list of bargains and I recommend them as Investments:

One good nine room house on Sugar Loaf Street, with freehold lot 69x140 feet, good garden on property, price \$1700.00.

SAVED FROM AN OPERATION

How Mrs. Reed of Peoria, Ill., Escaped The Surgeon's Knife.

Peoria, Ill.—"I wish to let every one know what Lydia E. Pinkham's Vegetable Compound has done for me. For twenty years I suffered. The doctor said I had a tumor and the only remedy was the surgeon's knife. My mother bought me Lydia E. Pinkham's Vegetable Compound, and today I am a well and healthy woman. For months I suffered from inflammation, and your Sensitive Wash relieved me. I am glad to tell anyone what your medicines have done for me. You can use my testimonial in any way you wish, and I will be glad to answer letters."—Mrs. CHRISTINA REED, 106 Mound St., Peoria, Ill.

Mrs. Lynch Also Avoided Operation.

Jessup, Pa.—"After the birth of my fourth child, I had severe organic inflammation. I would have such terrible pains that it did not seem as though I could stand it. This kept up for three long months, until two doctors decided that an operation was needed. "Then one of my friends recommended Lydia E. Pinkham's Vegetable Compound, and after taking it for two months I was a well woman."—Mrs. JOSEPH A. LYNCH, Jessup, Pa.

Women who suffer from Female Ills should try Lydia E. Pinkham's Vegetable Compound, one of the best and most successful remedies the world has ever known, before submitting to a surgical operation.

CUT THIS OUT

General Instructions
Every individual should make himself or herself acquainted with the location of the nearest fire alarm box to his residence or place of business so that in case of fire valuable time may be saved.
Be sure there is a fire before sending in an alarm.
Do not send in an alarm for a fire seen at a distance.
If you discover fire in your vicinity, go to the nearest box, break the glass, pull the hook down slowly "ONCE" to bottom of slot; then let go.
Only pull the hook down ONCE.
Always give the alarm from the box nearest the fire.
Remain at the box until the apparatus arrives to assist them of location of fire.

- Location of Boxes
- 12 Cor. King and Queen St.
 - 13 Cor. McMillan and Prince William St.
 - 21 Cor. Cedar and Water St.
 - 23 Shives Mill off Water Street.
 - 24 Cor. Aberdeen and Andrew St.

LETTERS TO THE EDITOR

To the Editor of the GRAPHIC

Dear Sir,
Seeing that Mr. Blois has noticed my letter not answered it and still continues to make false statements and to criticise the temperance movement in New Carlisle, I wish to add the following:

In commencing my remarks I may say that though Mr. Blois has called me many I cannot return the compliment as my conscience will allow me to do so. He does not seem to know the meaning of "truth" and "attitude," the defeated candidates might lend him a dictionary if he would care to look up the meaning of these two words. Any conscientious man should be serious in talking to a rum seller or his friends and it would seem that the said candidate spoken of by Mr. Blois as head of a temperance meeting in New Carlisle must have talked serious by to the keepers when their friend admits it was a grand meeting.

Mr. Blois states the successful candidates are not the kind of men that hang round bar rooms. I wish to inform your readers that ever man of New Carlisle Council except one frequents the bar room more or less and that exception is not Mr. Blois.

The writer goes on to say "I wish only to criticise a man's public and not private life." The distinction here drawn would look as if he were one of those who live in glass houses and are therefore afraid to throw stones. I am sure your readers will agree with me that a man's public life depends largely on his private life, and I would ask Mr. Blois if to his knowledge gambling money or whiskey ever helped any one to solve a municipal problem. The writer accuses me of voting twice against the will of the people, it is another of his master's statements. In your issue of Feb. 14th, Mr. Blois states "The only two voting against it (the prohibition by-laws) being J. W. Hall now mayor and myself" let me inform your readers that according to the minutes of New Carlisle Council neither Mr. Blois nor Mr. Hall voted against the by-law.

And as far as the advice of Messrs Kelly and Maguire being strongly against granting said shop license, let me again inform your readers that it is false as can be proved by that well known lawyer John Hall Kelly, who personally appeared before the council and whose advice is filed in the archives of the said Council.

It would seem that Mr. Blois is pretty well acquainted with the drinking or the selling of liquor when he is able to equalize New Carlisle with the other municipalities in Bonaventure County. He goes on to say that there is no more rowdiness in New Carlisle than the surrounding county.

Mr. Blois and his confederates as councillors are largely responsible, not only for the rowdiness of New Carlisle caused by whiskey, but for that in the other municipalities in the county as New Carlisle is the only municipality in Bonaventure County issuing licenses for 1913.

Mr. Blois asks if the temperance movement is a spite movement. It is not. The movement's name is not spite it is the contrary, it is charity. It is trying to check the old, the middle aged and the young man, the married men and their families from going to present and eternal ruin, through rum and its dependencies. Surely Mr. Blois will tolerate such a movement.

Thanking you Mr. Editor for your past favours.

I am yours sincerely,

JOHN C. GILKER.

New Carlisle, March 3rd, 1913.

To the Editor of the GRAPHIC

Dear Sir,

As I know, quite well that Mr. Gilker is able by himself to answer Mr. Blois's letter of last week, published in your valuable paper, I do not by any means, want to enter into the discussion between the two, but as I am one of the workers on

the Temperance movement, now on, I believe it is my duty, to answer Mr. Blois's statements as well as his two questions published last week.

In answer to his first statement which reads as follows "I, The people of New Carlisle do not drink any more intoxicating liquor per head of population than any of the other Municipalities on the coast, in which there are today, no liquor licenses." I must say in return I agree with Mr. Blois on this point, but he will probably have to admit with me that the most of the liquor drunk in the other Municipalities in the county, comes from New Carlisle, which is responsible for nearly all the drunkenness existing in the neighboring Municipalities, as well established by Revd. M. Mac Callum's letter of last week. If Mr. Blois has any doubt on this matter, he will certainly be convinced of the truth of this statement, by a simple visit to the RR. Station here nearly every morning, where he will see for himself, sometimes as many as 20 or 30 cases, of gin, brandy or other liquors shipped to different places from here to Matapedia.

Replying to the second statement, which reads as follows "There is no more rowdiness in this Municipality than in any other Municipality." This again may be true, for the same reason as mentioned in reply to the first statement, but Mr. Blois will probably admit, that the place where there is more rowdiness, is the place where there is more whiskey drunk, and that will seldom if ever see, fights, curses, oaths, in a temperance lodge, but on the contrary you will often see and hear these beauties, in or around a bar room. Moreover, if it would be possible to confine the sale of intoxicating liquors solely, to New Carlisle, Mr. Blois, would certainly admit that the other Municipalities greatly benefit by it, and then we would all be in a position to see where rowdiness exists, and what is the cause of it.

Now with reference to M. Blois questions, I must say in answer to question No. 1 which reads as follows "Has the cutting out of licenses in any of the neighboring towns, lessened the consumption of intoxicating liquors or the rowdiness of that town "YES", and many times yes, and one who has known the Campbellton, Dalhousie, Ste Flavie or Rimouski, of five years ago, and compare then with these towns of today; will agree with me. How many drunken men can be seen in these towns to-day, compared to the number, to be seen staggering along the streets when licenses existed, and how many of the respectable citizens of these towns, of today, would vote to get the licenses back, should they be asked for again. Replying to question No. 2 which reads as follows "Is this prohibition movement in New Carlisle carried on solely for the welfare, of people of New Carlisle, or does the spirit of revenge, or the spite lend their aid, to the movement?" As I am known by both sides, to be one of the workers and organizers, and that I am in a position to answer this question, as well as anyone, I will say, it is not simply for the welfare of New Carlisle, but for the welfare of the county in general, we are working, and please bear in mind, we are not a selfish crowd, thinking only for ourselves, and we know quite well, that if we succeed as we hope to, to banish the bars from the community, not only New Carlisle, but the whole county will benefit by it, and many of our young men, both of New Carlisle and elsewhere in the county, will be saved, from temporal and eternal ruin. But as far as a question of spite and revenge, is concerned, I squarely deny any such intentions, and I am nearly positive, that all the other temperance workers, will say the same, and in working in stamp out the bar, I do what I consider should be done by any Christian man, father of many boys, growing up in age and who places their temporal and eternal welfare, as well as their future establishment, honor and reputation, before and above the success of a

friend rum seller, and the mean question of a dollar or so of special tax saved by letting the bar live, well knowing that the dollar or so of special tax, which we would be called, to pay to make an amount equivalent to the \$200.00 paid to-day by the rum shops, would be greatly compensated, by the satisfaction of having sober, temperate young men for the future population of the Municipality, compared to what might be the contrary, should licenses remain. Now in taking this stand I do not by any means intend to depreciate or attack Mr. Blois, whom I have the honor to say, I consider as a friend and I hope we can be of different opinions, on this question of temperance and licenses without being enemies for all that I consider and respect M. Blois personally, although we have quite different views on this question and hope we can discuss in a gentlemanly way, this question of temperance, either in the columns of the Graphic or elsewhere, without insulting or making any personal attacks whatever, that would be of the nature to hurt the feelings of one another; for my part I will be happy to discuss this matter through the columns of the Graphic, thoroughly and will make it a point of business only, barring absolutely anything personal or injurious whatever but in closing, I would like to put one question to Mr. Blois or anyone else interested in the licenses, and I hope they will answer.

1st. For what reason do you consider that licenses, should be maintained in New Carlisle? Is it for good, or welfare of the community, is it for the question of revenue, or is it to prevent the drunkards from getting liquor illicitly.

Thanking you Mr. Editor for your courtesy, I beg to remain Sir,

Yours very truly

J. F. MARCOTTE

You judge a man not by what he promises to do, but by what he has done. That it is the only true test. Chamberlain's Cough Remedy, judged by this standard has no superior. People everywhere speak of it in the highest terms of praise. For sale by all dealers.

COLONIST EXCURSIONS

Cheap fares (second class) to Pacific coast points are offered by the Intercolonial Railway from March 15th to April 15th. The rate is especially low to British Columbia to Seattle and Portland Ore., and to Californian cities. This is a special inducement to those desiring to take advantage of the very comfortable colonist accommodation on the through trains. March 15-5.

EXTRA.

Just arrived a full line of Sherwin-Williams Paints, Varnishes, Stains and Enamels in all shades.

Look around your home. The surface of most everything there is finished in some way with Paint, Varnish, Stain or Enamel. You need to know the right kind of finish and the right specialty for your purpose. Sherwin-Williams make a specialty for every purpose—the best to be found. We have in stock a complete line of S-W products, and will be glad to talk "brightening up" with you, whether it's a house you are thinking of finishing, or a table or a chair.

Also The Sherwin-Williams Paint will give you a better job and at less cost than any other paint you can use, either ready mixed or hand made.

S. W. P. colors are clear and bright and they retain their original shade for the longest time.

Call for color cards.

THE YEARLY STATEMENT OF HOSPITAL

Twenty-second Annual Report of the Hotel Dieu St. Joseph, Campbellton, N.B.

As in past years we are pleased to offer our annual report. The statistics show that the year has been a busy one, and we take this opportunity to express our sincere acknowledgements to the skilled physicians who attend the hospital.

The general satisfaction given to the patients coming to the Hotel Dieu for treatment is partly due to the careful attention received from them, and we duly note and appreciate their devotedness.

It is also the aim of the religious hospitaliers to do all in their power to alleviate by assiduous care and kindness the moral and physical sufferings of the sick; and endeavor in this way to make easier for them the absence of a kind parent or friend.

We hope our humble efforts shall continue to merit the appreciation of the afflicted and their friends to whose welfare our lives are devoted.

Physicians attending the Hotel Dieu are: H. Lunan, M. D., L. G. Pinault, M. D., D. Murray, M. D., A. Martin, M. D., J. Price, M. D.

GENERAL REGULATIONS

1. Visitors are admitted to the hospital from 2 p.m. till 4 p.m. and from 7 p.m. till 8 p.m. on week days and on Sundays.

2. Except for good reasons visitors are not admitted during the forenoon on Sundays and week days.

3. Visitors are admitted to see the Sisters from 2 p.m. till 4 p.m. on week days and from 2 p.m. till 3 p.m. on Sundays.

4. Patients may be admitted to the wards or private rooms of the following conditions:

Private patients, one dollar and a half per day.

Wards, five dollars per week.

5. Operations, medicine, stimulants, ice, fruit, etc. are charged extra.

6. Patients cannot be admitted to the hospital except with a written

permit or otherwise from one of the physicians of the Hotel Dieu.

7. Patients are received at all hours.

8. In cases of danger of death visitors are allowed to prolong their stay, with permission of the Sister in charge.

9. The visits of clergymen to patients are not restricted to the above named hours.

Number of patients received from January 1st to December 31st, 1912

Men 119 No. cases cured 205

Women 95 " improved 13

Children 25 " unimproved 13

CUT THIS OUT

General Instructions

Every individual should make himself or herself acquainted with the location of the nearest Fire Alarm Box to their residence or place of business so that in case of fire valuable time may be saved.

Be sure there is a fire before sending in an alarm. Do not send in an alarm for a fire seen at a distance.

If you discover fire in your vicinity, go to the nearest box, break the glass, pull the hook down slowly ONCE, to bottom of slot; then let go.

Only pull the hook down ONCE.

Always give the alarm from the box nearest the fire.

Remain at the box until the apparatus arrives to notify them of location of fire.

Location of Boxes

Dr. de Vries's Female Pills

A reliable French regulator never fails. These pills are exceedingly powerful in regulating the operative action of the female system. All cheap imitations. Beware of cheap imitations.

A very enjoyable party was held on Thursday evening at the home of Mrs. Charles Powell and a very dainty lunch was served.

It is proposed to have the annual horse races here before the end of March. Already preparations are being made.

Mrs. Leonard of Carleton, P. Q., was a visitor in town on Tuesday.

Mrs. Alex. LaBilios of Migusha, P. Q., was in town on Wednesday.

Ex-councillor John C. McLean of River Charles was a guest at his sister Mrs. L. D. Jones on Tuesday.

Wm. Mawhinney, councillor for Colborne was in town on Wednesday.

Messrs A. C. Belle Isle and Jos. Pichette of Campbellton drove to town on Wednesday and were guests at the Alain House.

Ernest Allard, of Robitaille, P. Q., was in town this week a guest at the Queen.

John A. Potts has sold his residence to the Dalhousie Lumber Co. It is to be occupied by Duncan McLean, millwright for the company.

John Harquail of Campbellton and two of his boys were the guests of Mr. and Mrs. James Harquail on Sunday.

A petition has been filed here with the town clerk praying that a vote be taken in April to decide for or against the granting of liquor licenses.

Mrs. Joseph Ed. Mercier, mother of our citizen, Mr. Geo. E. Mercier, became suddenly ill on Wednesday evening of acute indigestion. She is in her 84th year and has always enjoyed perfect health. Doctor Ferguson and Dargow were hurriedly called and today she is somewhat better.

Mr. James Reid, M.P. of Charlott who came home to attend the funeral of his sister Mrs. McPherson returned to his parliamentary duties on Monday evening.

WHAT A GLORIOUS TONE!

When famous pianists and great singers come to Canada, their first consideration is the choice of a piano. When they hear the New Scale Williams, their natural conclusion is "What a glorious tone!"

As a consequence, the leading artists of the old and new world use the New Scale Williams on their Canadian tours.

The favorite of musicians is the New Scale Williams. In every part of the Dominion, the New Scale Williams piano is held in highest esteem.

See the New Scale Williams piano in the window of the White Drug Co.
